### Utility 'Czar'

Hardly clothed by his tattered, grimy clothing, black-bearded Sam Velich, 51, above, arrested as a vagrant in New Orleans, astonished police by producing \$16,500 in cash and utilities bonds valued at \$6,000. A Yugoslavian emigrant, Velich told of amassing and losing several fortunes, and finally being reduced to his last \$6,000.

### "Hitch-Hiker"

Sgt. L. B. LOEWINSTEIN

### 'Pro' Hitch Hiker, Ex-Service Man Is 'Laying Over' Here

Sgt. L. B. Loewinstein, ex-service man and professional hitch-hiker who since 1922 has visited ten different countries and crossed the United States ten times, is spending a few days in Midland, stopping at the Liano Hotel, and will attend the meeting of Woods W. Lynch post here this week. Meanwhile he is visiting legionaires and securing signatures of which he has several scrap books, with names of ex-service men from all over the world. Having attended every national convention since the inauguration of the legion, Sgt. Loewinstein said he attended the 1937 convention and spoke of a national road hook-up in a newspaper interview of his experiences. Taking the "thumb route," he has kept constantly on the move for the past fifteen years. He carries with him a first aid kit and knows how to use it, having served in the medical corps attached to the First Division, 18th Infantry, in France. He said that in going from Los Angeles to New York and thence back to Midland, he has used his first aid kit fifteen times in cases of automobile accidents on the See (HITCH-HIKER), Page 8

## Capture of Soochow Is Made By Japs

### 15 Soldiers Given Credit for Taking City From Chinese

SHANGHAI, Nov. 20 (AP).—A Japanese army spokesman declared today fifteen Japanese soldiers under a second lieutenant captured Soochow, keystone of China's "Hindenburg line," without firing a shot. The spokesman declared that the fall of Soochow, 50 miles west of Shanghai, was "one of the most amazing captures of an important city in all the annals of war." According to this account there was no real Chinese resistance at Soochow, considered the gate to Nanking, the Chinese capital, from which the government formally withdrew today. The main Japanese force, expecting to be confronted by at least one Chinese division, was amazed to meet only small apparently dazed groups of Chinese soldiers, with loaded rifles and fixed bayonets, looting about Soochow as the Japanese marched in. None of these even questioned the presence of Japanese troops, the spokesman said. He continued: "Our men went directly to a big pagoda overlooking the city, where they hoisted the Japanese flag. Seeing this Chinese troops fled." Three gaps in the Chinese defense system permitted Japan's legions to surge toward Nanking, some 125 miles northwest of Soochow. While Soochow fell both ends of the "Hindenburg" line also had been turned by the Japanese today, the 100th day of hostilities on the Shanghai front. Kashing, 25 miles southeast of Soochow, was in Japanese hands. A third Japanese column had skirted Changshu, 25 miles to the north.

### Benefit Dance to Be Staged By Legion Thanksgiving

Officers of Woods W. Lynch post, American Legion, have announced another dance for Thanksgiving night at Heidelberg Inn. Music will be furnished by Babe Lowry and her Musical Sweethearts and the public is invited to dine and dance at a nominal price. Encouraged by the good attendance and substantial profit from the dance staged on Armistice night, legion officials said they decided on the Thanksgiving attraction. "When there is a little money in the bank, it isn't hard to accomplish something," one said, telling how an ex-service man was financed to a veterans' hospital to receive badly needed attention.

### Narcotics Ring Is Broken Up By Feds; 15 Persons Charged

WASHINGTON, Nov. 20 (AP).—Secretary of Treasury Morgenthau said today that treasury agents in synchronized raids across the country had a \$750,000 a year narcotic distributing ring. He said that preliminary reports showed 15 importers and large scale dealers in illicit, most of them operating through a Chinese tong, had been seized.

### Union Services to Be Held By Local Churches Wednesday

Following a traditional practice, churches of the town will hold a union Thanksgiving service at the Baptist church Wednesday evening at 7:30 o'clock. Rev. W. J. Coleman of the First Presbyterian church will preach on "Thanksgiving Meditations." Music by a union choir will be in charge of Chase Murph, choir director of the Baptist church. The union service is rotated from church to church yearly as is the preaching of the sermon by various pastors of the town. Further details of the program will appear in this paper later in the week.

### Three Near Death In Stove Explosion

TYLER, Nov. 20 (AP).—Doctors held little hope for the recovery of Mr. and Mrs. Bud Hubbard and their daughter Velma, 13, of Arp, who were burned today when a gasoline stove exploded. Roy, three, another child, was given an even chance to live. Doctors said the boy was not suffering from burns, but may have inhaled fumes.

### SLIGHTLY HURT IN WRECK

Mrs. M. D. Long suffered minor bruises and shock as the extent of injuries suffered in an accident yesterday afternoon, and two of her grandchildren, children of Glenn Long, were also somewhat bruised up when the car in which the three were riding collided with another on West Wall street. The occupant of the other car escaped uninjured.

### In London's Saddest Wedding

Tragedy piled on top of tragedy for these smiling youngsters—Prince Ludwig von Hesse of Germany and Miss Margaret Campbell Geddes, daughter of Sir Auckland Geddes of Britain, pictured above as they became engaged in May. The first wedding date, Oct. 23, was postponed when the bridegroom's father, Grand Duke Ernst Ludwig, died. The second ceremony—called London's saddest wedding—was not postponed, although the day before five members of the prince's immediate family were killed—his elder brother, Grand Duke George; his sister-in-law, the grand duchess; his mother, Dowager Grand Duchess Eleonore, and his two nephews, Ludwig now becomes grand duke of the ancient German family.

### 5,852 Bales Cotton Reported Ginned in County This Year

The Midland county cotton harvest appeared to be nearing a close Saturday as local gins reported a total of 5,852 bales had been ginned during this season. The crop in the county has already exceeded the forecasts of some persons who declared that not more than 5,000 bales would be ginned in the county this year. Although it is generally conceded that at least three fourths of the crop has been ginned, some of the more optimistic believe that a total of 7,000, possibly 7,500 bales will be gathered here this year. Ginnings during the latter two days of the week were slowed up some because of the cold weather but on a whole were as heavy as had been expected. The Farmers Cooperative gin continues to hold a lead over the other two in total bales ginned with a total of 2,210 bales, but they are being pressed by the Williams-Miller gin with 2,047 bales. The Midland Cooperative has ginned a total of 1,585 bales.

### Roosevelt Receives Company Saturday

WASHINGTON, Nov. 20 (AP).—President Roosevelt, ahead most of this week by a dental infection, felt well enough today to set aside two hours to discuss plans for next year's governmental expenditures with Daniel Bell, acting director of the budget. A presidential secretary said that the president was almost certain to go to Warm Springs, Ga., for Thanksgiving.

## Pecos Ordovician Prospect Is Shut Down Indefinitely

BY FRANK GARDNER. West Texas' "hottest" well, the Magnolia No. 1-A McKee on the Imperial area Ordovician structure in northern Pecos county, yesterday was suddenly ordered shut down indefinitely, a scant 24 hours after operations had been resumed. Reason for the shut-down was not revealed. Another core had been taken from 4,914-28, but amount of formation recovered and contents were not divulged. Drill pipe has been pulled and stacked in the derrick. High top of Simpson, middle Ordovician, encountered by the "Mag" well at 4,775, 2,300 feet below sea level, has established the presence of an Ordovician structure underlying that part of Pecos county and has thrown the area open to an intensive leasing and royalty play. Magnolia, Tex.-Mex Petroleum Corporation et al, Sinclair-Prairie, Phillips, Humble and Toi-Vez Oil Corporation of Abilene are among the largest holders of acreage in the area. One-half of the land along the Pecos River is "mineral classified," the State or Texas owning half the royalty under alternate sections. For that reason chiefly, trading in royalty has been somewhat limited, but substantial bonuses are said to have been paid for what little was available. Diversity of ownership of the numerous checkerboarded tracts into which the Imperial area is split up assures a drilling campaign if the Magnolia deep test "hits." The No. 1-A McKee is located 2,310 feet from the south, 430 feet from the west line of section 24, block 9, H. & G. N. survey. Figures almost astronomical in size are needed to express the ex-

## 1 Dead, 57 Injured In Train Wreck

### Doctors Declare Several Others Expected to Die

BLUEFIELD, W. Va., Nov. 20 (AP).—The Norfolk and Western's passenger train, No. 24, was wrecked about six miles west of here today and first reports were that 57 persons were injured. An unidentified negro was killed. First reports were that the baggage car and three passenger coaches overturned but that the engine stayed on the tracks. These reports did not specify whether the cars were Pullmans or day coaches. All available ambulances in Bluefield were rushed to the scene at the crossing of the Bluestone river, and the first to return brought injured persons but no bodies. It was impossible to determine immediately how many were suffering serious injuries. Two of the coaches were reported in the shallow water of the Bluestone river. Temperatures were far below freezing and a light snow covered the ground.

WASHINGTON, Nov. 20 (U.P).—A message from the manager of the Postal Telegraph office at Bluefield, W. Va., to his office here, today estimated heavy loss of life in the wreck of a Norfolk and Western passenger train there today. The estimate could not be confirmed. The message said: "About 10 cars derailed near telegraph office. Engine and express not derailed. Estimated now 75 dead. They are pulling bodies on sacks in the snow." "Just talked to my father who was on the train." "He had to crawl out of a window to get out. It will be late this afternoon before they know how many are dead. Cars are piled up on each other so they can't get them all out. He said there were more dead than alive." "My father's name is R. F. Wilkins of Bluefield."

### Leaders Abandon Hope Committee To Release Bill

WASHINGTON, Nov. 20 (AP).—House leaders disclosed today they had virtually abandoned hope the rules committee will voluntarily permit a house vote on the administration's wage and hour bill at the special session of congress. Democratic leaders set Tuesday as the "zero hour." If rules committee opposition is not withdrawn then, they will concentrate on getting a petition signed to force the committee to release it.

### Chinese Announce Capital Removal

NANKING, Nov. 20 (AP).—The Chinese government formally announced removal of the nation's capital today to Chungking, in the Szechwan province. Government officials reiterated determination to resist Japanese to the last man. Full evacuation of the capital is not expected for another week.

## Sit-Down Strikers Evacuate Goodyear Plant at Akron

### National Guardsmen Called Out

War isn't alone in spreading grief among the people of the world, but the scenes of tragedy are remarkably similar. Mother love and silent grief mingle in the expression of the Syrian woman who clutches the body of her child, just given up by the disastrous floods that took the lives of 350 persons and wiped out whole villages near Damascus.

### 1200 Strikers at Houston Continue Picketing Plant

HOUSTON, Nov. 20 (AP).—One of the biggest strikes in Houston's labor history was proceeding today at Deer Park refinery. The plant was closed behind a picket of International oil workers while 1200 workers wait to see whether the company will negotiate a new contract. No attempt will be made to operate the refinery until the strike is settled, Supt. J. L. Miller said.

### "Buck Fever" Not For Her; 1 Bullet Downs First Deer

The Thrill of bagging a four-point buck the first time she ever shot at one came to Mrs. O. Ford, Denison; who is visiting friends in Midland, last week while on a deer hunt in the Davis mountains. A party composed of Mr. and Mrs. Ford, Mr. and Mrs. H. H. Nicholson, Mr. and Mrs. R. O. Stewart, and B. B. Ward, all of Midland, encamped about 75 miles south of Marathon and brought back three deer as the result of two days hunting. Both Mr. and Mrs. Ford got a deer, as well as Mr. Stewart. Other members of the party—maybe because of envy—told it of Mrs. Ford that when she got her deer that she became so excited she fired a previously agreed upon distress signal, along with a few others, to let all and sundry know what had happened. She was alone at the time she bagged the deer and it was the first time that she had ever shot at one. However, "buck fever" didn't get her until after she had shot it, as she managed to kill it with one shot from an estimated distance of 200 yards.

### Cattle and Sheep Free of Scabies

Continued absence of scabies infection was reported for October by the Livestock Sanitary Commission, after 36 herds, with a total of 29,135 head of cattle and sheep, had been inspected by Sam Preston, supervisor for the Midland district. Although presence of scabies has never been found in the Midland area, the regular inspections are carried on by the commission at a cost of approximately \$175 per month in a statewide effort to protect the livestock from imported infection.

### Flew to Fort Worth For Saturday Game

Five Midland men saw the TCU-Rice game at Ft. Worth Saturday without losing much time from the home town. W. T. Doherty, E. B. Dozier, J. D. Dillard and Sid Iverson flew with "Little George" McEntire, leaving Midland about 10:30 a. m. and returning soon after the game.

### State Rests Case Against Minister

PITTSFIELD, Ill., Nov. 20 (AP).—The state rested its murder case against Rev. C. E. Doherty, E. B. Dozier, J. D. Dillard and Sid Iverson on Friday and swore to a confession that he killed his "dear friend" Mrs. Dennis Kelly last July 13. Newton took the stand, beginning with a long, calm recital of family history.

### Meeting of Scout Executives to Be Held Here Tuesday

The regular bi-monthly meeting of the executive committee of the Buffalo Trail Council, Boy Scouts of America, will be held in the private dining room of Hotel Scharbauer here Tuesday evening at 7:30 o'clock, John P. Howe, Midland district chairman, announced Friday. District scouters and the entire council staff have been invited to attend the dinner meeting over which Charles E. Paxton of Sweetwater, council president, will preside. Plans for the annual council meeting, the Campers Reunion during the Christmas holidays, and for district meetings and training schools in all districts of the council will be perfected at the Tuesday night meeting here. One of the most important items on the program will be the consideration of the Scout Executives' Retirement Plan, definite action on this matter having been requested by the National Executive Board. Scheduled field service will be another angle to be discussed at the meeting at which the entire council staff, Al Stiles, Scout executive, Darold Wilson and Ed McCurtain, field executives; and Miss Edna Sanger, office secretary, will be present. District chairmen in attendance will report as to district activities and plans for the coming months. Special reports will also be made on the Cub Leaders' Training Course held recently in San Antonio. All Scouters of the Midland District are urged by Chairman Howe to attend the meeting, a large attendance from over the entire council being anticipated.

### Lion and Rotarian Groups to Meet Jointly Wednesday

Rotarians and Lions of Midland will meet in annual joint session Wednesday, with program appropriate for the Thanksgiving holiday, it has been announced by officers of the two civic organizations. Meeting at the Methodist educational building, just north of the Fitz theatre, the luncheon is expected to be attended by 100 members of the clubs and their guests. The joint luncheon, on the day before Thanksgiving, has been a custom since organization of the Lions club.

### Dismissals Lead In Hospital Report

Dismissals led in reports from a Midland hospital Saturday. Earl Pace was dismissed Saturday after medical treatment. Chas. Berryhill was dismissed after treatment for serious burns. Mrs. John Thomas, who recently underwent major surgery, was also dismissed Saturday, much improved. Timothy Cornwall, small son of Mr. and Mrs. John Cornwall, who underwent a tonsillectomy Friday morning, returned to his home Saturday, in condition satisfactory. Mrs. Jimmie Nazarene of Monahans was admitted to the hospital Friday for treatment of a heart ailment. John D., five-year-old son of Mrs. Margaret Jensen, is reported much improved after an eye infection following injuries received several days ago in a fall from a ladder.

### Company Officers Declare Shops to Open Again Today

AKRON, O. Nov. 20 (U.P).—Sit-down strikers evacuated both plants of the Goodyear Tire and Rubber company today as national guardsmen in 20 cities prepared for a possible march on Akron. Company officials announced they would open plant gates "as usual" tomorrow for work.

John House, president of the Goodyear local, United Rubber Workers, said that union officials had urged the sit-down to abandon the plants. The U. R. W. unofficial sponsor of the sit-down, is a committee for industrial organization affiliate.

Sit-down strikers in plant number 1 began walking out shortly after the management, announced that plant gates would be open as usual at midnight tomorrow for fourth shift workers. Workers of plant 2 followed later.

The sit-downs began Thursday at midnight in protest against lay-offs of 1,600 workers. Company officials said that business recessions necessitated them. Unionists said that they realized cuts might be necessary, but objected to their suddenness.

After a few hundred remaining sit-downers of the 4,000 who occupied the plants yesterday had evacuated, officers of the union local worked hastily on a program to be presented thousands of union members at a mass meeting Sunday in Akron's national guard armory.

Mayor Lee D. Schroy, recently re-elected over a C. I. O. — sponsored opponent, had promised that "every man who wants to work may work." He said: "It is the business of the city to preserve peace and maintain order."

All production had been halted by the sit-down and nearly 12,000 men made idle. No relaxation of "stand-by" orders to national guardsmen was evident after the men evacuated today. Orders to commanders of two regiments had been sent by adjutant Gen. Emil F. Marx in Columbus, asking that units be in readiness if asked to march here.

### Ex-Missionary to Africa to Speak In Church Here

Mrs. B. L. Lockett, for many years a missionary in Africa, will fill the pulpit at the Baptist church Sunday evening. Subject of her address will be "Thrilling Experiences in the Dark Continent." Since the death of her husband while on furlough in America several years ago, Mrs. Lockett has been lecturing and writing. Mrs. Lockett's experiences will be of special interest to Midland citizens as the hospital her husband established in Nigeria is now in charge of Dr. Glenn Walker, only missionary to go out from the Baptist church here.

### 'Four Faces East' in Shanghai's Carnage of Modern Warfare

Agony, despair, fear and resignation are written deeply into the expressions and attitude of these four victims of the Shanghai warfare as the inexorable Japanese military machine moves onward crushing soldier and civilian alike. At left, above, a Chinese soldier wracked with pain from a wound, awaits an ambulance to take him to an already over-crowded hospital. The young Chinese woman, struck by a shell fragment, accepts her injury with Oriental stoicism. The elderly woman, with her bundle of earthly possessions, throws her hand out in an unconscious gesture of fear against the horrors which have filled her life in the past few months, as she and her younger companion await entry into the comparative safety of the International Settlement.

### Artists And Model

A trio of stars! Jack Benny, Ida Lupino, and Richard Arlen, whose amatory adventures and misadventures furnish a large part of the hilarious comedy in Paramount's "ong-studded, girl-filled "Artists and Models," which opens today at the Yucca. Gail Patrick also has an important role in the picture!

### Patterson Sparks Baylor Bears To Win Over Loyola

BEAUMONT, Nov. 20.—It was the powerful punting of "bullet" Bill Patterson and wonderful team work on the part of the Baylor Bears that turned back an ambitious pack of Loyola Lions from Los Angeles this afternoon here to the grizzly tune of 27 to 13.

### Tatoos in 34 Languages Will Identify Oregonian

MARSHFIELD, Ore. (U.P.)—Claiming to be the only man in the world who "cannot be lost," T. D. Rockwell, of Portland, carries him name tattooed in 34 languages on his legs.

### Sentence Is Suspended On 64th Appearance

NEW LONDON, Conn. (U.P.)—Presented for the 64th time in the police court, charged with intoxication, Robert Odgers was ques-

### Boy Welcomes Carrot, Spinach Enforced Diet

PHILADELPHIA (U.P.)—Medical men said it was unusual and experienced mothers accepted it as a phenomenon when 12-year-old Morton Mandell said he preferred string beans, carrots and spinach to ice cream, cake and candy.

### South Dakota Aids Beavers In Dam Work

BELLE FOURCHE, S. D. (U.P.)—Harry Henderson, trapper-warden for the South Dakota state game and fish department, has taken a cue from the federal government and has started rehabilitation projects for the state's beavers.

### Ethiopian Nobility Faces Poverty in Jerusalem

JERUSALEM (U.P.)—Beset by dire poverty, most of the Ethiopians of noble birth who sought asylum here in May, 1936, with Emperor Haile Selassie are planning to follow him to England.

### Woman Won't Go Armed as City Marshal

CROWLEY, La. (U.P.)—No "gun-toting" in the picturesque traditional manner of the old-time peace officer is needed by Mrs. Beulah Siger, city marshal, to keep order in Crowley.

### Strange Mice Captured on Panama Peak

PHILADELPHIA (U.P.)—Dr. Robert K. Enders of Swarthmore College, has reported to the Academy of Natural Sciences here discovery of new species of animals believed of more importance to science than findings on Shiva Temple in the Grand Canyon.

### Floods Reduce Output of Fur in Yukon Area

SEWARD, Alaska (U.P.)—Upland game and fur-bearing animals inhabiting the Yukon River country suffered setbacks by recent floods that will require years to adjust, Frank Dufresne, executive officer of the Alaska Game Commission and regional director of the Biological Survey, said.

### Military Fortification Planned for Tripoli

BEIRUT, Lebanon (U.P.)—The construction of an important commercial port for Tripoli and the building of military fortifications to protect it against naval and air raids were announced by the Lebanese prime minister in an interview.

### His 'Iron Rule' Over Palestine

Termed "Man of Iron" for his activity in quelling anti-British demonstrations in Calcutta, India, grim Sir Charles Tegart, shown above with the ever-present British umbrella, has been ordered to Palestine to advise on measures against Arab terrorists. He had several narrow escapes from assassination as he waged a vigorous campaign against Indian extremists in 1930.

### Antique Plate Develops Into Growing Crockery

COLLINS CENTER, N. Y. (U.P.)—The rare phenomenon of "growing crockery" is displayed in an antique plate owned by Mrs. E. C. Mugridge, of Collins Center.

### Career Woman Called Merely Jobholder Now

JENKINTOWN, Pa. (U.P.)—The day of the career woman is past, and she has been replaced by the woman jobholder, according to Mrs. Chase Going Woodhouse, director of the Institute of Women's Professional Relations.

### Don't Ignore Newspapers, Educator Tells Students

TERRE HAUTE, Ind. (U.P.)—A theme for tomorrow morning's class in English literature or a knotty problem in calculus is no reason why students should neglect the daily newspapers and current periodicals, Ralph Tiley, president of Indiana State Teachers College, told students.

### IS TRANSFERRED.

John Alban, with the Phillips Petroleum Corporation, left with his family this morning for Bartlesville, Okla., their former home, where he has been transferred by his company.

### GIBBS IS VISITOR.

Judge Chas. Gibbs of San Angelo, former Midland attorney, was here Saturday looking after business matters and visiting friends.

### HE GOT THE DEER.

J. W. Graybeal, Petroleum engineer for the Humble company here, returned Friday night from the Chisos Mountains, bringing home the bacon—er—venison. He brought back a large, blacktail buck, with nine points. The Humble official was the only man in his party to get a deer.

### Tanks Shipped as Boats.

ALBANY, N. Y. (U.P.)—Sixteen steel tanks, the largest weighing 460,000 pounds and extending 25 feet longer than a railroad flat car, have been floated from Jersey City, N. J., to Whiting, Ind., via the Barge Canal. The tanks served as their own barges and were towed by tugs.

### Police Courtesy Wins Benevolent Fund Gift

FORT WORTH, Tex. (U.P.)—The kindness of a Fort Worth policeman to a visiting oil man enriched the Police Benevolent Association \$200 recently.

### Sister of Jimmy Cagney Star in College Drama

NEW YORK (U.P.)—Jimmy Cagney's 18-year-old sister Jeanne is a star in the Hunter College Varsity production of "Another Language," which will be presented at the Heckscher Foundation.

### HOW TO KEEP FROM GROWING OLD

"Always drive fast out of alleys. Always race with locomotives to crossings. Engineers like it; it breaks the monotony of their jobs."

"Always pass the car ahead on curves or turns. Don't use your horn, it may unnerv the other fellow and cause him to turn out too far."

"Demand half the road—the middle half. Insist on your rights."

"Always speed; it shows people you are a man of pep even though an amateur driver."

"Drive confidently, just as though there were not eighteen million other cars in service."

"Always lock your brakes when skidding. It makes the job more artistic."

"Always pass cars on hills. It shows you have more power; and you can turn out if you meet a car at the top."

"In sloppy weather drive close to pedestrians. Dry cleaners appreciate it."

"Never look around when you back up. There is never anything behind you."

"Of course you, the reader, never do any of the above things. You are a gentleman and act accordingly—but do you look the part?"

And try dry cleaning your own clothes in gasoline near a fire or when there is plenty of static in the air, which will often cause a spark and set fire to the gasoline, and burn you and your house to a crisp.

LARGEST & BEST ASSORTED STOCK OF FURNITURE IN WEST TEXAS

# BARROW

TRADE IN YOUR OLD FURNITURE

WE HAVE REASONABLE TERMS

# Thanks

### BARROW

Appreciates and wants to express T-H-A-N-K-S for the support and patronage of the good people of Midland and surrounding territory who have enabled him to build up and maintain a furniture store that is a credit not only to Midland but to West Texas.

It is a store that is recognized and complimented by salesmen and others who travel in Texas and adjacent states as one of the most modern stores and with the finest stock of merchandise to be found in cities much larger than Midland.

The outstanding lines of THE FURNITURE WORLD, such as Karpen, Kroehler, Pullman, Simmons, Bigelow and many others are shown.

Full credit is due to the loyal people of this territory who spend their money at home, recognizing that the home merchant is the man who helps build their town with a heavy investment, a sizeable payroll, support of local institutions and a service that takes care of their needs, accommodations and adjustments.

We shall endeavor to so conduct our business as to warrant your continued support.

### WE THANK YOU!

Dr. Rea has been making professional visits throughout the United States for many years, and applies his efforts in the interest of those diseases that he is best qualified to treat. So if ailing and getting no better see him at this time.

Consultation free, services and medicines at reasonable cost to those acceptable cases where treatment is desired.

Dr. W. D. Rea, Medical Laboratory, Minneapolis, Minnesota. Since 1898. (Adv.)

Not a Whale—Just a Sunfish

"Rarest of all sea fish," this 500-pound sunfish is displayed by proud fishermen, above, who caught the unusual specimen in a mullet net off the North Carolina coast. The ocean cousin of the little fresh water species so familiar to amateur anglers, was 73 inches long and 83 inches from fin tip to fin tip. Only two other similar catches have been recorded.

Early Arrival of Ducks Winter Sign?

LUBBOCK, Texas. (AP) — Residents of the south plains are speculating whether the early arrival of ducks is a harbinger of a hard winter. Substantial flocks have been seen rising from ponds between Matador in Motley county and Floydada in Floyd county.

Homer Steen, publisher of the Floydada Hesperian, who has observed many seasons from the center of Floyd county's capital, said it was not unusual for ducks to come early and stay late. They often raise flocks in a mid winter, he said, and with plenty of water in lakes it was his opinion a large number of birds probably would feed on the plains this winter.

Large grain yields and much grass attracts ducks, Steen said and there should be enough to feed a good many this winter.

"Come Again," Says Clerk; Patron Does, as Bandit

PHILADELPHIA (AP) — "Thank you, come again," said a clerk in Leopold Helfand's drug store as a customer paid for a cup of coffee. "Sure," the customer replied.

Two hours later the customer returned with a revolver. He took \$175 from the cash register, a carton of cigarettes and the clerk's wallet.

meeting.

Regular play of the Women's Golf Association of the Country Club will be held at 10 o'clock Friday morning.

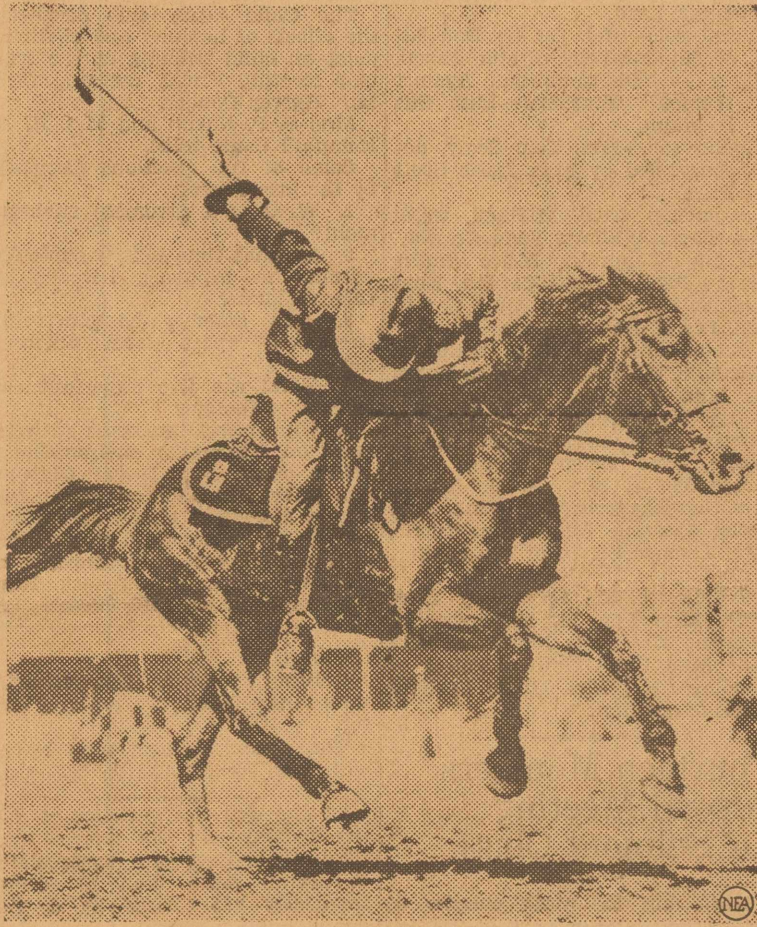

Belmont Bible class will meet with Mrs. Pickett, 905 W. Missouri, Friday afternoon at 3:30 o'clock.

Saturday.

The Story Hour will be held in the children's library Saturday morning from 10 to 11 o'clock.

The Midland County Museum, in the courthouse, will be open from 2:30 o'clock until 5 o'clock Saturday afternoon. The public is invited.

Try This on Your Piano

Guaranteed to take the kinks out of your back, this simple little exercise is known as tent-peeing—Australian style. Sergt.-Maj. Wilson, riding at break-neck speed in the Royal Agricultural Show at Melbourne, is pictured swinging low over the side of his thundering mount, the peg impaled on the point of his saber.

Tuesday afternoon at 2:30 o'clock.

Evangelical class of the Baptist church will have a party in the church basement at 7:30 o'clock Tuesday evening. Husbands of class members will be guests.

Delphian chapter will meet in the private dining room of the Hotel Scharbauer, Tuesday morning at 9:30 o'clock.

Lad, 13, Facing Slaying Trial

Weeping as he was arraigned on charges of manslaughter, Donald Lewandowski, 13, is shown above as he heard the judge order him to be held for trial in regular court in the death of 11-year-old Lorraine Ezeppa. The girl died of a fractured skull after Donald had struck her with a cardboard tube, police said.

held open. A toad will suffocate if its mouth

Old-Time Campaigner Loses on Both Tickets

PHILADELPHIA (AP) — The old-time campaigner—speeches, pretzels and beer—is a method advocated by Bayard L. Buckley who ran on the Republican and Democratic tickets for a common pleas judgeship.

Buckley's campaign expense account, submitted to the county board of elections, included: Half barrel of beer, \$8; pretzels, 90 cents; box of cigars, \$4.75; platter luncheons, \$7.25.

Buckley lost the nomination.

New Yukon Development For Gold Investigated

VANCOUVER. (AP) — Gold mining interests in South Africa plan to spend \$5,000,000 in preliminary development in the Yukon, according to Dr. August Wiegenselt, consulting engineer for the Consolidated Mines of South Africa, who recently returned to Vancouver from the North.

Dr. Wiegenselt inspected the area from the air and believes that despite the inaccessibility of the region and severe climatic conditions that high gold prices will offset the huge expense involved.

Hawaiian Stamp Popular

HONOLULU. (AP) — Following adventures that have included shipwreck, rescue and double identity, the statue of Hawaii's King Kamehameha I has landed on a 3-cent U. S. stamp—a commemorative issue, that, according to philatelists, promises to be one of the outstanding United States issues from the collector's viewpoint.

# Club Holds Annual Silver Tea

## Fifty Attend Affair Given By Business, Professional Women

With an attendance of 50, the Business and Professional Women's club sponsored its second annual silver tea in the assembly room of the court house Saturday afternoon from 3 until 5 o'clock. Net donations of approximately \$35 were received during the afternoon, profits to go toward supplying needy children with medical aid.

Floor baskets of yellow chrysanthemums and greenery emphasized an autumn air in room decorations, with the same flowers in deeper shades used on the piano.

Guests were greeted by Miss Elma Graves, general chairman of arrangements for the tea. Mrs. Frances Stallworth, club president, was in charge of the guest register.

The side table bore a bowl of fruit, flanked by burning yellow tapers.

The tea table was appointed with a lace cover laid over yellow. A mound of autumn flowers formed the centerpiece, backed by a row of four lighted yellow tapers.

Presiding at the tea and coffee services during the afternoon were Mrs. Iva M. Noyes, Miss Fannie Bess Taylor, Miss Norene Kirby, Miss Maria Spencer.

Miss Betty Wilson was in charge of service.

Miss Laura Jesse was in charge of the donation table. Mrs. Lee Cornelius, Miss Lydia C. Watson, and Wallace Wimberly were at the piano during the tea hour. Miss Watson introduced Betty Jo Joplin and Jacqueline Campbell, violin students, who presented special selections.

Registering during the afternoon were: Miss Marguerite Bivens, Mrs. Juanita Potter, Mrs. W. H. Street, Mrs. C. A. Jones, Miss Laura Jesse, Miss Elma F. Graves, Miss Clara Jesse, Mrs. W. B. Chapman, Mrs. F. R. Schenck, Miss Hoyo Jenkins, Mrs. W. I. Pratt, Miss Ruth Pratt, Mrs. J. A. Haley, Mrs. L. F. Joplin, Betty Jo Joplin, Mrs. J. E. Pickering, Mrs. G. McMillan, Mrs. Delbert Leggett, Miss Maria Spencer.

Mrs. Frances Stallworth, Mrs. Andrew Fasken, Mrs. W. G. Whitehouse, Miss Drue Lord, Mrs. W. A. Black, Mrs. Percy Mims, Mrs. T. Paul Barron, Mrs. W. L. Miller, Mrs. F. H. Schouten, Jacqueline Camp-

## What Matter Sniffles, With Beauty Like This?

Winter may mean nothing but colds, coal bills and frozen auto radiators to some folks, but sports enthusiasts are treated to gloriously beautiful scenes like the one shown above when Old Man Winter lays his icy hand on the hills and valleys of Yosemite National Park. Sunlight from a cloud-flecked sky filters down on white-tinseled fir trees to create a framework of lengthening shadows for the skiers. Note the herringbone pattern made by the out-flung skis in the laborious upward climb which must precede every thrilling glide back down to the valley.

## Will Rogers Film Showing at Ritz

When Will Rogers, as a small-town druggist, retired, sets out to play so he can go back to work, lighting-paced action, comical capers and bright young romance amid the carnival excitement of the New Orleans Mardi Gras is the hilarious rule in "Handy Andy." Twentieth Century-Fox picture coming by demand to the Ritz theatre, where it opens today.

There's a method, however, in the erstwhile laconic comedian's venture into broad humor. The more he enters into the spirit of the New Orleans Mardi Gras, which is the background for some of the more hilarious sequences, the more chance there is for Robert Taylor's romancing. Consequently Will doffs for a few exuberantly funny moments his quiet demeanor to insure happiness for his daughter, played by Mary Carlisle.

Directed by David Butler and based on a play by Lewis Beach, the story opens when the easy-going pharmacist is nagged out of the work that is such fun to him by his social-aspiring wife, Peggy Wood. He finally quits, to become a pest around the house and a scare-crow on the golf course, where his attempts to learn the game rival his most hilarious moments.

## At The Library

Texas Writers of Today, by Florence E. Barnes: A source book of contemporary writing in Texas. Biographical sketches or notes followed in most cases by selections from the writings of some 1180 Texas authors in all fields.

Thunder on the Gulf, by C. L. Douglas: The story of the Texas Navy.

What it Means to Grow Up, by Fritz Kunkel: "A guide in understanding the development of character." Deals with the mental, moral and spiritual problems of adolescents, from the standpoint of a psychologist. A simply written,

practical book, for the parent, teacher, or the young person himself.

The Romance of Textiles, by Eitel Lewis: Miss Lewis had done years of research on the subject, and has written "The Romance of Textiles" because there isn't any such book available. She has found that a great many people want to know about their textile history from the earliest days of Egypt down to the present. There are stories of the development of silk through thousands of year in China, and ancient

ales of the gorgeous textiles worn by kings and emperors. Miss Lewis compares Coptic weaving with that of Peru. She traces the power of the Moslem church as well as the Christian church in patterns and textures. She tells of patterns designed for fabrics for some of the finest Renaissance artists and leads you through the gay and tragic days of the great court life in Europe. The printed and painted cottons of India, the hand-loomed fabrics of the Colonies and included and just a suggestion of the lure of

## International Director Of Sorority Visits Here

Miss Lillian Hermann, International director of Beta Sigma Phi, was the guest of Beta Delta chapter of the sorority here Friday evening and Saturday morning. Miss Hermann, who comes from Kansas City where the International headquarters is located, is making an official tour, visiting a number of Texas chapters of the sorority.

She was guest of honor at a pre-Thanksgiving dinner given by the Midland chapter at the home of Mrs. Foy Proctor, 1301 W. Illinois, Friday evening at 7 o'clock.

Guests served themselves in buffet style from a dining table centered by a cluster of roses. Places at the madras-laid tables for four where they were seated for the meal were marked by corsages of autumn flowers.

No formal program was arranged for the evening by Miss Hermann answered question of sorority members on matters pertaining to the embroideries and laces and tapestries.

Imperial City, by Elmer Rice: A novel depicting present-day New York City, its varied inhabitants, and its problems. (Mr. Rice is the author of the Pulitzer Prize play, "Street Scene.")

Assignment in Utopia, by Eugene Lyons: Mr. Lyons set out for Moscow at the age of 30 to be chief correspondent in Russia for the United States. He was convinced a better world was in the making there. In this book he tells the story of his next six years, living and working close to the great Soviet events he was reporting for millions of American readers. In Russia he found a contrast between his ideals and the grim realities around him, and this clash between faith and fact evoked an intense

organization and those present took part in informal group entertainment.

Present were: Miss Hermann, Mrs. R. Steele Johnston, Misses Ruth Pratt, Maedelee Roberts, Willa Cate Duncan, Lucille McMullan, Marguerite Bivens, Mary V. Miller, Norene Kirby, Mmes. Tom Potter, Frances Stallworth, and the hostess.

Because Miss Hermann had never visited on a ranch she was taken to the Foy Proctor ranch Saturday morning for a sightseeing trip. At the ranch house the party of Miss Hermann, Miss Norene Kirby, and Miss Mary V. Miller were greeted by Mrs. Proctor and served coffee. Afterward a ride was taken through the ranch pastures where a roundup was in progress.

Another typical West Texas sight that the Kansas visitor had never seen before was a field of cotton.

Miss Hermann left Saturday for Pecos.

to revise his views on Bolshevism. Mr. Lyon affirms that his experience in Russia was "less a disillusionment than a reeducation."

Journalist's Wife, by Lillian T. Mower: A foreign correspondent's wife tells her side of twenty years inside Europe, keeping house, entertaining, pinch-hitting on assignments, raising her children.

Your Clothes and Personality, by Mildred Graves Ryan: A guide to the choice, design, construction, and care of correct, attractive clothes, and to the use of beauty aids and cosmetics. Well illustrated with photographs.

Mary, Queen of Scotland and the Isles, by Stefan Zweig: Biography. "Astir with the atmosphere of courts, the gestures of royalty, and the whisperings of court intrigue." (The New Yorker)

### Routed Chinese Form New Line

Driven from war-scarred Shanghai by a determined Japanese offensive, China's defending armies retreated west and south to entrench in new positions along the battle line shown above. Japanese were in full control of the Shanghai peninsula between the Yangtze and the Whangpoo rivers and advancing toward Nanking, as shown by arrows.

## Milwaukee Gives Jobless a Place To Go And Keeps Them Off Street

By NEA Service.

**MILWAUKEE.** — This city has a place for men who have no place to go.

Six years of operation of the Municipal Social Center have convinced city authorities that it has been well worth maintaining, not only for the thousands it has helped, but for its social effect on cutting down crime and in giving hopeless men new hope.

Unemployed men still roam the streets of many cities, sick at heart, sullen, resentful. Leaving their cheap flophouses in the morning, perhaps without decent clothes that would help them to land a job, they wander aimlessly or drift into the nearest barroom or pool hall with others in the same situation.

**MATERIALS, TOOLS.**

In Milwaukee, no man need do this. The city council took over an old four-story factory building, put it under supervision of the school board.

A newspaper and magazine reading room was installed. Card tables and three pool tables were set up. There is a piano which someone donated. Hot and cold showers and gym facilities are available. There are puzzles, checker and chess boards.

The third floor has a barber shop, tailor shop, woodworking shop and shoe-repair department. Men can mend their own clothes and shoes. Materials have been donated, boards, tools, old leather belting for shoe repairs. A man who is handy with tools can often make small objects to sell in the streets.

From 8 a. m. to 9 p. m. these facilities are open each day, under supervision of seven trained men. About 2000 use the center daily. The rules are simple: "No drinking, gambling or disturbances."  
**NO QUESTIONS ASKED.**

Everything is free. Though meals and lodging are not provided, it is precisely the blank spaces of "What shall I do?" and "Where shall I go?" that the Milwaukee institution fills.

There you can always read, or find a partner for a game of pinochle or rummy. A time limit is the only restriction on the pool tables. The piano carries the open invitation: "Can you play a piano? Give us a tune."

Boxing tournaments, basketball and volleyball games reveal their attraction by the scores posted on large blackboards. No one asks any questions about a man's past, present or future. The supervisors confine themselves to finding out what men like to do, and can do, and helping them to do it. There are English and citizenship classes in which all are welcome.

The center has become something of an employment office. People who wanted odd jobs done, and even manufacturers and business men, formed the habit of telephoning the center when they needed help.

**THOUSANDS EACH WEEK.**

When unemployed men first drift into the Municipal Social Center, they are apt to be suspicious. They sit at reading tables on the first floor, furtively watching the proceedings. They look for "the catch in it."

Soon they note that everyone is too busy doing something to pay much attention to them. Then they, too, join in some activity. There lies the secret of the Milwaukee center's success.

It gives 15,000 men a week something to do, something to occupy their minds and hands, something to prevent the mental deterioration that goes with idleness.

L. H. Kottbauer, municipal recreation department supervisor of the center, believes thousands of men have been given encouragement and a more healthy attitude that helped them to go out from the center and try to beat their way back to usefulness and independence.

### Petal Pulling Now Outmoded By Cupidoscope

**TOLEDO, O. (U.P.)** — The old, unscientific method of measuring affection by pulling petals off daisies has given way to the march of progress in the University of Toledo.

Two senior engineering students,

John Hawley and G. Edman Keefler, have developed a machine known as a "cupidoscope" that "calibrates in terms called 'amorocytes' the affection that the college girl has for her boy friend."

This gadget is composed principally of an old motor spark coil, a rheostat and a glass dial graduated as follows:  
 1—No hope, 2—Just Friends, 3—Puppy Love, 4—Overwhelming Urge to Kiss, 5—We Want to Be Alone.

### 6—See Preacher or Undertaker.

To operate the machine, a youth moves a lever, called the "male electrode," toward the top. His co-ed friend grasps a "female electrode" and also moves it upward until it makes contact with the spark coil, shocking her—electrically.

The farther she moves the lever the more electricity she gets. An indicator records her degree of affection on the dial.

The machine is housed in the physics laboratory and has attracted large numbers of curious students.

**License Erasure Easier Than Obtaining Divorce**  
**COQUILLE, Ore. (U.P.)** — A happy

### couple watched county clerk L. W. Oddy enter their names in the marriage license record book.

Several hours later they reappeared and asked to have the names removed. Ink eradicator was used in large quantities and the fee was refunded.

"This," said the man as they snartered out, "is easier than obtaining a divorce."

**Woman Gives Longevity Rule.**  
**NEW WATERFORD, O. (U.P.)** — Hanna Blackburn on her 100th birthday suggested "wholesome exercises, with plenty of fresh air" as the only explanation for her longevity.

### Arrest Follows Parade With 150-Year-Old Gun

**SYRACUSE, N. Y. (U.P.)** — Toting a 150-year old musket, believed to be a relic of Hudson Bay fur-trading days, resulted in the arrest of Samuel Rose, 31, of Syracuse.

Rose pleaded guilty to a charge of public intoxication and he received a suspended sentence.

He said he "borrowed" the gun from the home of Miss Joyce A. Merchant. She said the ancient firearm was used by her grandfather as a fur-trader in Quebec 150 years ago.

# STRICTLY Personal

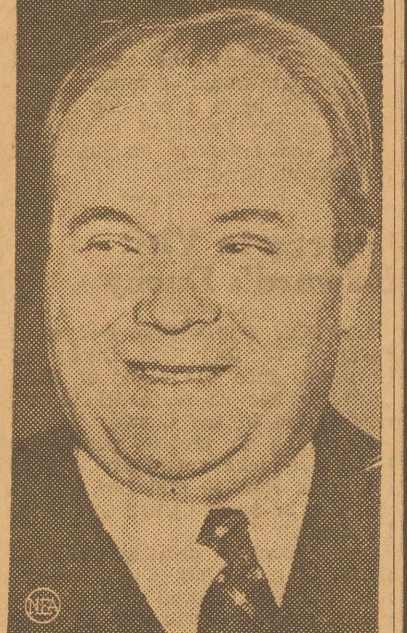

THE advertisements in this paper are published for you. They are as truly personal as if they had your name and address at the head of the text.

Great industrialists and local merchants alike use advertising as a means of telling you things you ought to know. They talk about their products . . . articles that will be your own property. It pays well to listen!

Hundreds of necessities, things you need, are described in these pages every day. While you sit and read the advertisements the whole parade of American industry passes before you . . . offering its wares . . . giving you a wealth of valuable information about everything from automobiles to razor blades.

Everybody has to buy some of the things advertised in this paper. Knowing about all of them will save you money.

### Wields Gavel at 9-Power Parley

Apparently confident of ultimate success of the meeting, smiling Paul Spaak, above, Belgium's acting foreign minister, presides at the Nine-Power Treaty conference in Brussels seeking to end the Sino-Japanese war. Spaak recently tried unsuccessfully to form a Belgian cabinet after Premier Paul Van Zeeland submitted his resignation.

### Watermelon Apes Pumpkin.

**ELK CITY, Okla. (U.P.)** — The motif of a vegetable grown by J. T. Armstrong on his farm and exhibited here caused no little discussion. Some said it was a pumpkin; others a watermelon. But those who tasted it cast melon votes.

Here's  
Something

**If Officials Don't Make Up Mind On  
Whether or Not McCamey Gridders Are  
Eligible Badgers Will Cop Pennant**

By BILL COLLYNS.

IRAAN Nov. 20 (Special).—The  
court-room ridden Badgers of Mc-  
Camey high school, with two of their  
alleged ineligible players back in the  
line-up by order of the district 8-B  
committee and playing one other  
man whose eligibility has not been  
finally decided upon, scored a couple  
of touchdowns on passes to de-  
feat the conference leading Iraan  
Braves 13 to 7 before a large crowd  
here this afternoon, but the final  
outcome of the district tilt is in  
doubt until the district committee  
holds its fourth meeting of the  
week. The Badgers might be in the  
lead and again they might be in  
the cellar, it all depends on the  
action of the district committee.  
McCamey had previously won over  
Ft. Stockton and Big Lake, but both  
games are temporarily forfeited.

Anderson and Meador were the  
two ineligible who were reinstated  
while Hook is the player whose eli-  
gibility is still in doubt.

The Badgers scored once in the  
first quarter and again in the sec-  
ond while holding the upper hand  
throughout the half, but the Braves  
came to life in the two final quar-  
ters, kept the Badgers deep in their  
own territory during the third pe-  
riod and finally put over a counter  
in the final chukker.

The first downs were 10 to two  
in favor of McCamey, and the  
Badgers had the superior ball club  
for the afternoon. Iraan attempted  
19 passes, completing only two and  
having four intercepted while Mc-  
Camey attempted 10, completed four  
and had two intercepted. The  
Badgers were penalized six times  
for a total of 70 yards while the  
Braves drew 15 yards on three pen-  
alties.

The game turned into a fair punt-  
ing duel, with Holcomb of Iraan  
holding an edge over Reynolds of  
McCamey. The teams punted eleven  
times each.

The penetrations were four and  
two favoring the Badgers.

McCamey's first counter came  
midway in the initial period when  
Reynolds passed 10 yards to Belcher  
who loped an additional eight yards  
to the goal line. Reynolds circled  
right end for the extra point.

Just before the second quarter  
ended, Reynolds again tossed a 22-  
yard pass to Davis who was over  
the goal line. Reynolds failed to  
convert.

When the last period was about  
half over, this boy Holcomb of  
Iraan took Reynolds' punt on the  
McCamey 40 and took out down  
in his dash which netted Iraan's  
only touchdown of the afternoon.

Patterson kicked goal.

Both teams made excellent goal  
line stands during the afternoon,  
the Braves holding the Badgers to  
four downs with but less than a  
yard to the goal line in the second  
period, while in the fourth chuk-  
ker, McCamey held the losers for  
downs with but inches to go.

Iraan supporters after the game  
were talking of getting credit for a  
win via the district courtroom re-  
gardless of the final score of the  
afternoon's encounter, while Mc-  
Camey fans were threatening to  
take the matter to the civil courts.  
The boys in district 8-B are having  
a lot of fun.

Bud Taylor, Midland coach, and  
Bill Holmes of the Humble organi-  
zation here, turned in fine exhibi-  
tions in officiating the game in  
which feeling was running high on  
both sides. L. M. Freels was also  
on hand to lend prestige to the af-  
fair.

ship 1 north, T. & P. survey.

Sunray No. 5 Foster, in the  
Foster pool northwest of Odessa in  
Ector, flowed 604.55 barrels a day  
after 3,000 gallons of acid at 4,171.  
It entered pay at 3,993.

Maxwell Wildcat in Water.

Two hundred feet of sulphur wa-  
ter appeared in Crandall, Osmond  
and Maxwell No. 1 J. C. Maxwell  
permit, wildcat in the Ranger Lake  
area of northern Lea county, N. M.,  
while it drilled from 5,273 to 5,277.  
Operators will drill ahead until suf-  
ficient water is found to complete  
contract, then will plug and aban-  
don. Location is the center of the  
southeast of the southeast of sec-  
tion 2-118-36E.

Texas Company No. 1-L State,  
extending Lea's Vacuum pool three  
miles farther south, had drilled to  
4,995 feet in lime. Pay increase from  
4,450-74 brought oil flow up to 33  
barrels hourly, it was reported. Op-  
erators are rumored planning to  
bottom the well at 4,500 and com-  
plete it naturally. It is in the cen-  
ter of the southwest of the north-  
east of section 1-118-34E.

Gasser Becomes Oiler.  
Originally completed as a 17,000-  
000-foot gasser, although surrounded  
by oil wells, Skelly Oil Company No.  
1-B Daugherty, in the Henderson  
pool of Winkler, gradually came in  
as an oiler while its gas was pro-  
duced for fuel for other operations  
in the area, and this week was given  
a Railroad Commission potential  
test. It established 24-hour rating  
of 972 barrels, based upon flow the  
second six hours of a 12-hour pe-  
riod, during which it did 242.90 bar-  
rels. As well as operators were able  
to determine, the oil zone was en-  
tered at 3,030 feet. Total depth is  
3,041.

In the Estes pool, Gulf No. 46  
Estes rated 220.72 barrels a day at  
2,600 feet. First pay sand was found  
at 2,478, and the well was shot with  
350 quarts, and later with 240.  
Magnolia No. 1-79 Sealey estate,  
Wildcat five miles west of the  
north end of the South Ward field,  
is drilling at 3,333 feet in anhydrite  
and sand.

Yokum Area Spread.  
Denver No. 1-A Whittenburg, one-

mile east extension to southwest  
Yokum's Denver area, is swab-  
bing after re-treating with 6,000  
gallons. It flowed an estimated 10  
barrels an hour into pits for 12  
hours while cleaning out after  
initial treatment, with 1,500 gallons.  
Total depth is 5,082 in lime.

Denver No. 2 Whittenburg, east  
offset to the No. 1 discovery, is  
drilling below 3,117 feet in anhydrite,  
salt and red rock. Anhydrite was  
topped at 2,190 feet.

Southeast of No. 1-A Whitten-  
burg, American Liberty No. 1 Thom-  
as is drilling lime at 4,547, while  
Shell No. 1 Baumgart is drilling  
lime at 4,758.

In the Bohago area, Standard of  
Texas No. 1 Sawyer has cleaned out  
to bottom after several weeks' work  
and is now swabbing out circulat-  
ing oil preliminary to testing. To-  
tal depth is 5,403 in lime, and it  
has been shot with 1,000 quarts.  
Skelly and Sun No. 1 Kiser, a  
mile southwest of the Bohago dis-  
covery, is drilling lime at 5,137,  
showing some oil stained samples,  
but no free oil.

In southeastern Yokum's Ben-  
nett pool, Honolulu No. 2 Bennett  
is drilling at 4,795 in lime, and Shell  
No. 1 Bennett is drilling at 1,130  
in red beds and hard streaks.  
P. N. Wiggins, Jr. et al No. 1  
Bartlett, western Yokum wildcat,  
had shown nothing as it drilled to  
5,100 feet in hard lime.

Devonian No. 1 Duggan, mile east  
by northeast extension to the Dug-  
gan pool in southeast Cochran,  
swabbed 10 barrels an hour through  
tubing after 1,500 gallons of acid  
at 5,044, and is preparing to re-  
treat, this time with 5,000 gallons.  
It swabbed four barrels per hour  
after 800-gallon acid job at 5,019,  
given primarily to increase gas, and  
found a pay increase from 5,035-39  
when deepened, oil rising 3,500 feet  
in the hole as drilling reached 5-  
040.

**Snake Charmer  
Convinced His  
Bite Is Deadly**

SYDNEY (U.P.)—George Aitken,  
58-year-old snake charmer, is con-  
vinced his bite would be so poi-  
sonous it would kill a man.

The only thing that has kept him  
from demonstrating the soundness  
of his conviction is that no volun-  
teers have come forward either in  
the interests of science or curiosity.  
During his 40 years as a snake  
charmer, Aitken has been bitten  
more than 200 times, he says, by  
venomous snakes of various kinds.  
Four of the bites were by tiger  
snakes, which are particularly poi-  
sonous.

Aitken insists he has outlived 26  
other snake charmers whom he has  
known and nearly all of whom  
have died from tiger snake bites.

It is his conviction that his body  
is now so filled with venom that  
his own bite would be fatal.

Recently he had one leg ampu-  
tated as the result of a swelling  
which the surgeons diagnosed as  
slow venom poisoning.

**George to Visit  
Edward's Duchy**

LONDON (U.P.)—King George is  
expected to tour the Duchy of  
Cornwall, once the apple of King  
Edward's eye as a model layout,  
now vested in the Crown.

According to present plans, the  
King will make a two-day visit to  
Cornwall, Nov. 30 and Dec. 1, and  
will not be accompanied by Queen  
Elizabeth.

The Duchy estates, totaling  
more than 120,000 acres, extend  
into Cornwall, Devon and Somers-  
et, and the king will visit all three  
counties. He will see the Home  
Farm, at Stoke Climland, from  
which the famous herds of Red  
Devon cattle once won prizes for  
Edward.

How George will get on with the  
Cornish folk is doubtful, for al-  
though Cornishmen boast of their  
loyalty to the King, they have re-  
cognized the present Duke of Win-  
dor as their "ruler" ever since his  
birth.

For Edward was born Duke of  
Cornwall, a title handed down  
from royal father to eldest son,  
while he did not become Prince of  
Wales until he was in his teens.

When he abdicated, the Duchy,  
one of the wealthiest districts,  
with its oyster beds and cattle in-  
dustry, in the kingdom, became  
vested in the king once George's  
eldest child is Princess Elizabeth  
and the title cannot be held by a  
girl.

To denote the change in owner-  
ship, there is a new heraldic de-

vice. The blue flag with the 15 gold  
"bezants" or balls, now is sur-  
mounted by a royal crown instead  
of a coronet.

after the walk — his first minus  
his mustache.

EAUMGARTENS HAVE SON.

Mr. and Mrs. M. A. Baumgarten  
of Nacogdoches are the parents of  
a son, weighing 8 1/2 pounds, born  
early Friday, friends here have been  
informed. Baumgarten, familiarly  
known as "Dutch", was formerly  
coach at Midland high school.

TO SULPHUR SPRINGS.

Mr. and Mrs. Butler Hurley left  
Saturday for a visit to Sulphur  
Springs.

BEN ALLEN HERE

Ben F. Allen, lumber and hard-  
ware dealer of Jal and Monument,  
stopped here Saturday morning en  
route to Abilene to spend the week  
end with his family.

uration but not enough porosity to  
produce. It is 330 feet from the  
north and 2,310 feet from the west  
line of section 3, block A, public  
school land.

Borsodi, Beatty and Bowles No. 1  
TXL, three - quarter mile west ex-  
tension to the Cummings area at the  
north end of the Goldsmith field,  
was flowing an estimated 10 barrels  
an hour into pits, with gas volume  
of around 5,000,000 cubic feet,  
while cleaning itself following two-  
stage acid job, first with 2,000,  
then with 4,000 gallons. It had gaus-  
ed 270 barrels in 24 hours after  
nitro shot. Total depth is 4,280  
in lime.

Location has been staked for an  
extension test one-half mile east of  
production in the North Cowden  
pool. It is the Texon Oil and Land  
Company No. 1 Midland National  
Bank. The well will be drilled 440  
feet from the west line and approxi-  
mately 2,400 feet from the south  
line of section 36, block 43, town-

ship 1 north, T. & P. survey.

LAIN, WOLFE STAND OUT ON ALL-SOUTHWEST GRID SELECTIONS

Three McCamey Players Ruled Out in District

By JIMMY MARTIN. McCAMEY, Nov. 20.—At a meeting of the executive committee of District 8-B, held in Fort Stockton Wednesday afternoon, three members of the 1937 McCamey Badger football team were declared ineligible and a rehearing on the eligibility of Red Polk, McCamey quarterback, denied.

A. M. Blackman, representing McCamey, presented the birth certificate of B. R. (Red) Polk, signed by the state registrar of Oklahoma and the attending physicians, and bearing the state seal of Oklahoma as proof of Polk's eligibility, but the committee refused to recognize the birth certificate as proof.

Blackman Not Seconded. Polk was declared ineligible by the district committee at a meeting held on Oct. 28 in Fort Stockton on the strength of a telegram from the county clerk at Pauls Valley, which stated that no birth of a son had been recorded born to the Polk family except the two presented, which would make Polk ineligible if the one dated Jan. 19, 1918, was that of the player being protested.

Assumed Name Charged. Harry Anderson was declared ineligible because the district committee voted that he was playing under an assumed name.

Others Erred, Too. After the McCamey players had been voted ineligible in a wholesale manner, G. A. Horton, secretary of the district committee and principal of the McCamey school, was recognized on the floor and proceeded to show discrepancies in the records of the other schools.

Tombstone Perplexed Anew By Grave Mystery

TOMBSTONE, ARIZ. (U.P.)—Old-timers in Tombstone have two more theories to discuss in their perennial search for solution of the mystery of the grave with the iron fence, regarded as one of the more important secrets held by Tombstone's famous Boot Hill cemetery.

Midland-Odessa, Wink And Pecos Games End Race

Conference Standings: Wink, Pecos, Odessa, Midland, Crane, Monahans, Stanton, Kermit. Season Standings: Wink, Pecos, Odessa, Midland, Crane, Monahans, Stanton, Kermit.

Midland 20, Monahans 0. Odessa 24, Kermit 0. Pecos 45, Stanton 6. Games This Week. Midland at Odessa. Wink at Pecos. Crane at Kermit.

Wildcats rested the past week and should be in perfect condition for their go with the Eagles. However the Eagles had nothing but a breeze in their go with Stanton and escaped with their team all ready for the final game.

The Eagle-Wildcat battle in Pecos undoubtedly the head-liner in the league this week because the championship is at stake, it is a game that is likely to rival it in thrills and action is the Midland-Odessa game in Odessa Thursday afternoon.

Midland has been the underdogs all season and will go into the game as such, but don't be too backwardly surprised if they come home with a victory.

'Horse Laugh' Given Cop; Nag Eats Hens

MATADOR, TEXAS. (P)—This may deserve no more than the horse laugh. Deputy sheriff Si Courtney noticed his chickens were disappearing.

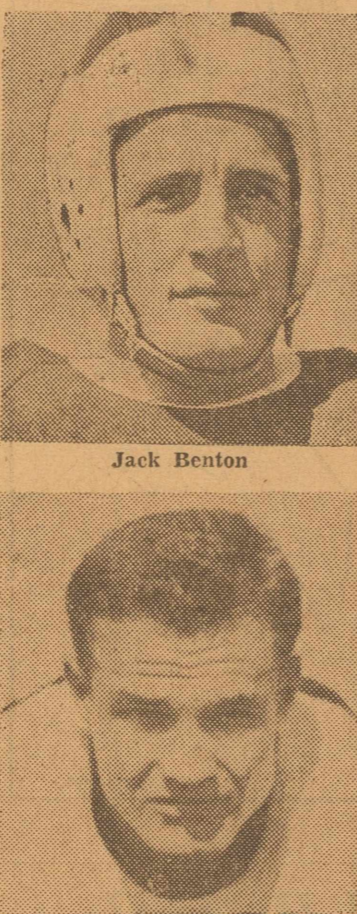

Official Asks Grade Of Cotton Be Raised

COLLEGE STATION, Texas. (P)—Report of poorly ginned cotton in the northwestern part of the state which threatens to lower the farmers' income by thousands of dollars, led E. E. Lichte, cotton ginning specialist of the Texas A&M College Extension Service, to appeal to county agricultural agents, ginners and farmers in that section in an effort to improve the grade of the cotton.

Outstanding Stars of the Razzle Dazzle Country

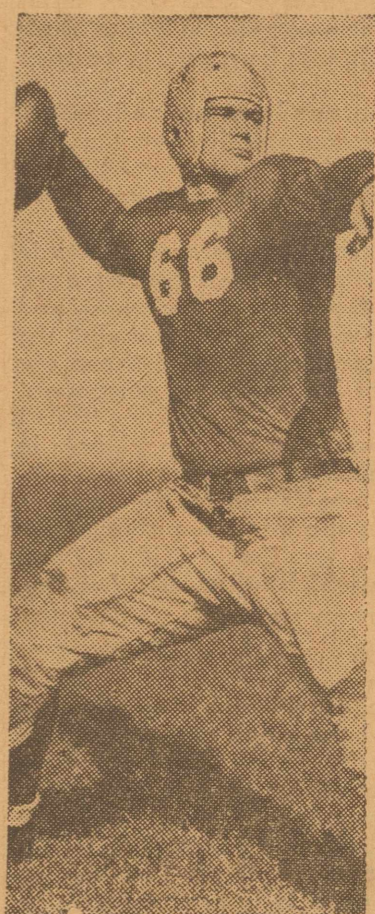

Davey O'Brien

Jack Benton

Hugh Wolfe

Ernest Lain

Here are stars who gleamed the brightest in southwest gridiron skies this year. Davey O'Brien, Texas Christian's pint-sized quarterback, was a nifty passer and able field general; Jim Benton, Arkansas end, was the best pass receiver in the district; Joe Routt, Texas A. & M. guard, made the team for the second year in a row; Hugh Wolfe, Texas halfback, and Ernest Lain, Rice fullback, were a claimed the best ball carriers in the southwest.

Bulldogs Hang 20-0 Defeat on The Lobos

HORNED FROGS UPSET RICE OWLS WITH 7-2 WIN; O'BRIEN STAR FOR WINNERS

FORT WORTH, Nov. 20.—The Texas Christian Horned Frogs knocked the lead of the Rice Owls down to one-half of a game this afternoon by capturing a well deserved 7-2 victory.

A kicking duel all the way with Taylor of T. C. U. and Cordill of Rice breaking about even. Twice in the first half the Frogs carried the ball inside the Rice 20 yard line but could not push across for a touchdown.

BILLIARD BRIDE

Jake Schaefer, takes a cue from his bride in practice for his week's challenge match with Willig Hoppe in New York in which the world 18.2 balkline billiard champion seeks to regain the 18.1 title he formerly held. Mrs. Schaefer is the former Elberta Van Senter of Chicago.

YEAR'S BEST GAME PLAYED AS SMALL CROWD LOOKS ON

The Midland Bulldogs resembled anything but a trice-defeated club Friday night as they plastered the Monahans Lobos 20-0.

Whether it was the cold weather that caused it or whether the Bulldogs just decided that the time had come for them to really show what they could do isn't known, but they looked far better than at any time this year during the game.

'Barking Spider' Is Said Nothing New

EDINBURG, Tex. (P)—Stanley Mulick, professor at Edinburg Junior College, who has had some experience in entomology, says he is sure the "barking" spider is nothing new.

Drink By Option to Come Up Again Soon

AUSTIN, Texas. (P)—In the next session of the Texas legislature a hard battle is expected for approval of liquor sale by the drink on a local option basis.

Armistice Credited With Saving a Leg

AMARILLO, Texas. (P)—Deputy constable O. H. High has two good legs because the world war ended at 11 o'clock instead of a few minutes later.

Autogyro Lands Like 'Chute'

BREMEN, Germany (U.P.)—A new autogyro which stands still in the air, starts and lands vertically, and is described as crash-proof, has been tried out by the Focke-Wulf Aircraft Company here, it is said.

Mail Marriage Fails

ELYRIA, O. (U.P.)—Annulment of the "matrimonial bureau" marriage of the Peter Vanderwerf was asked by Mrs. Vanderwerf, who said her husband had failed to live up to pre-nuptial promises made in the correspondence.

Compare Refining To Greek Mythology

NEW YORK. (P)—The industries committee of the American petroleum institute finds a parallel in the alchemy of gasoline refining with Greek myth about procrustes who made visitors to his home fit his single bed.

School Registrar Keeps All News of Graduates

PROVIDENCE, R. I. (U.P.)—Registrar Percival Norris has a file containing an account of every student who ever attended the Country Day School here.

Hunter Embarrassed But Gets Prize Deer

ASTORIA, Ore. (U.P.)—Hugo Seppa had his choice—either lose his trousers or a two-point buck deer.

POWER RUNNERS FINALLY ECLIPSE AERIAL ARTISTS

BY WELDON HART. Sports Editor, Austin Statesman. AUSTIN, Texas, Nov. 20.—Texas is a big state, and selecting all-star football teams from the southwest is a bigger job than stopping Hugh Wolfe and Ernie Lain when these powerhouses crank up and start stampeding.

A great blocker, too. His only handicaps are that he is not so fast as several other backs in this section, and he is inexperienced, being only a sophomore.

There are many, many other top-notch football players roaming the Southwest ranges, Dick Todd, possibly the best halfback in Texas A. & M. history, might be ranked on a par with Wolfe or Patterson.

Whether it was the cold weather that caused it or whether the Bulldogs just decided that the time had come for them to really show what they could do isn't known, but they looked far better than at any time this year during the game.

There are many, many other top-notch football players roaming the Southwest ranges, Dick Todd, possibly the best halfback in Texas A. & M. history, might be ranked on a par with Wolfe or Patterson.

standing ball carrier for the visitors but he owes most of the credit to his big brother Leroy, who was the best blocker that has appeared on the local field this year. Leroy Hary has done most of the ball carrying for the Lobos up to this year but during this one has been used almost

### THE STAFF.

Editor-in-chief, Mickey O'Neal.  
Associate editors, Louise Elkin and Mary Merle Howard.  
Sports editor, Gordon English.  
Feature editors, Jane Bounds, Cleo Tidwell, and Neva Rae Drake.  
Society editor, Wanda Ticknor.  
Reporters, Martha Flaherty, Johnnie Howe, Vera Webb, Claud Thompson, Dalton Cobb, George Watford, Maxine Hays.  
Faculty sponsor, Miss Ruth Carden.

### JEANNE DAVIS TO BE CROWNED QUEEN.

The crowning of Midland High School's annual queen, Jeanne Davis, will be presented in the high school auditorium, Tuesday evening, Nov. 23, at eight o'clock.  
This program, which is looked forward to each year as an outstanding feature of the year, will equal all previous performances in point of beauty of stage setting and costume, and elaborateness of program.  
The theme carried out this year will be "The Court of Hearts." The stage is to be decorated with red satin hearts and a background of silver. A huge lighted heart will accent the throne.  
The opening of the Court of Hearts will be by the heralds, Helen Armstrong and Jack Sappington. A vested choir will furnish the music for the entire program.  
The attendants to Her Highness will represent many of the world's greatest sweethearts.  
Virginia Ford, escorted by Frank Nixon, will be Anthony and Cleopatra.  
Jessa Lynn Tuttle and Marvin Park will represent Romeo and Juliet.  
Helen Droppelman, escorted by Gordon English, will portray Alessandro and Romona.  
Barbara Jean Harper, escorted by John Dublin Jr., will be Napoleon and Josephine.  
Mary Sue Cowden and Joe Norman will represent Rhett and Scarlett.  
Edna Earl Lineberry, escorted by Robert Filson, will be Edward and Wallis.  
His Majesty, the King, Jack of the house of Nobles, will crown Her Highness, the Queen, Jeanne of the House of Davis.  
The train bearers are: Duane Abell, Peggy Simmons, David Anguish, and Jerelen Jewell. The crown bearer is Sarah Lou Link. The court jester is Courtney Cowden.

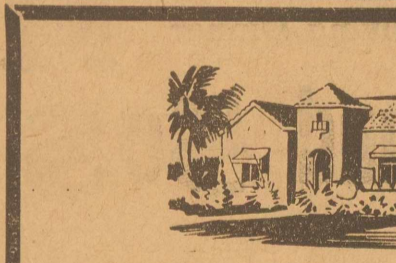

The following program will be presented to Her Highness:  
1. Song: "Get Me Call You Sweetheart," R. O. Brooks, Val Borum, Fred Gordon Middleton, Jack Walton.  
2. Egyptian dance.  
3. Solo: "Gone With the Wind," Fred Gordon Middleton.

## During Dancer's Jungle Courtship

It was an exciting courtship that led to the marriage of beautiful Rosezell Rowland, burlesque's "golden girl" from Columbus, O., to Jean Empain, Belgian multi-millionaire. The wooing started in a London night club and continued during a big-game hunt in the Belgian Congo. The baron and dancer are pictured with their quarry during the hunt.

won a 26-mile race because of his determination to win, and Dr. Garner said that everyone who tried hard enough would come out a winner in something.

### FOOTBALL TEAM HONORED WITH STEAK FEED.

The Midland High School Athletic Association honored the Midland football squad of '37 with a steak feed in the Blue Room of the Scharbauer Coffee Shop, Friday night, Nov. 12, at 6:30. The menu was as follows:  
Fruit cocktail, combination salad, steak, pie a la mode.  
Those present were: The squad, the managers, and Coaches Bud Taylor and Bob Myer.

### OCCUPATIONAL TRAINING.

The diversified occupations course in Midland High School is making satisfactory progress and steady growth. Last year, there were only 18 enrolled; this year, there are 24 in regular attendance which is a satisfactory record. Mr. Stark, coordinator, is high in his praise of the interest and cooperation that the business men are taking in this program.

### CHRISTMAS CANTATA.

The student body of Midland High School has commenced work on the cantata, "The Christmas Vision," during assembly every morning.  
Special stress has been placed on the songs, "The Voice of Prophecy," "Draw Night, Emmanuel," and "On to Bethlehem" for the boys and "O Thou, Bethlehem," and "Dream and Slumber," for the girls.  
During the absence of Frank Nixon, student pianist, Miss Merle Smith, sophomore teacher, has been aiding Mrs. De Lo Douglas by playing one piano.  
This cantata, along with the Christmas poem, Luke 2:8-14, will be presented on the Christmas program.

### DR. GARNER ADDRESSES STUDENT BODY.

Dr. R. M. Garner, former pastor of the Baptist church in Pecos and now connected with Baylor University, gave an address to the Midland High School student body on Tuesday morning, Nov. 16, in assembly.  
The subject on which Dr. Garner talked was a quotation from the Bible in which Paul said to Timothy, "Be strong in the grace that is in Christ Jesus." He rephrased the quotation by saying it meant, "Be a man."  
Dr. Garner said that the real test of a man is whether he can prove himself under strain. It is up to the person whether he will be a nonentity or register for society. If he is to register for society it is what is under the surface that counts. It takes real character, real thinking, and real work.  
Dr. Garner concluded his speech with a story in which a Greek lad

are on the football team come out there will be about fifty in all.

### RHYTHM NEWS.

The stunt for Friday night for the band is one that has never been done before. It is the letters spelling W. W. Lackey. The band marches on the field in files of three and halt and make a W. W. Lackey formation, first the Ws, then Lackey. The band dedicated this football half to Supt. Lackey, this being probably the last time the band will appear on the Lackey Field this season.  
The band members have become much more proficient in playing and marching this year. It is now preparing numbers for the first concert. The band aims to give several programs through the winter. Several solos, duets, trios and quartets are being prepared.  
The total number of band students is 120, including beginners.  
The high school band consists of sixty-six members.  
The concert band, selected from high school band, has forty members.  
The second band totals 25 students.

Incidentally, the type of school program recommended by Doctor Louis Shores, director of the library school of George Peabody College, Nashville, Tenn., has been used in this department for the last five years. Each student spends one hour and a half a day reading approved texts, bulletins and trade literature on his occupation and is supervised and instructed by Mr. Stark.  
Mr. Stark, when asked what he thought of the diversified occupation course, replied, "The leading educators in the vocational side of life, such as Doctor C. A. Prosser and Charles R. Allen, say there is a definite trend toward this type of program in all departments of the high schools and all sections of this country."

### JEANNE DAVIS "ANNUAL QUEEN" INTERVIEWED.

Jeanne Davis, a junior in Midland High School, was selected as annual Queen of the "Catoico" in a recent election. In an interview Jeanne acknowledged, "I have never been so thrilled, surprised, and happy before in my life. I think it is grand and, too, it is lots of fun."  
She also wished to say that she was deeply grateful to Julianan Cowden, Jack Nobles, Catherine Jane Tanner and Fredda Fae Turner, who all helped her win the race with their cooperation.  
The Midland High School students are proud of Jeanne for she is truly worthy of this honor bestowed upon her.

### REBECCA EPPS MOVES TO WACO.

Rebecca Epps, daughter of the Rev. Epps, pastor of the Methodist church, and a senior in high school, moved to Waco Thursday where she will attend school.  
She was a member of the pep squad, the choral club for two years and this year she was selected as snapshot editor of the annual staff.  
The students and the school regret losing her.

### BASKETBALL UNDERWAY.

Although football season has not ended yet, the boys have been coming out for basketball practice. E. P. Lawson, senior in high school, is coaching until after Thanksgiving; then Coach Taylor and Mr. Meyers will take it over the first Monday after Thanksgiving.  
The following have been coming out each afternoon for practice: Bobby Martin, Spencer Collins, Billy Joe Hall, Roger Sidwell, Jack Reid, Raymond Gee, Oren Stevens, Maurice Bratton, E. J. Ragsdale, Jack Kenny, and Bill Hart. This is a great improvement over last year's attendance. When all the boys that

### LOUDER LAUGHS.

Mr. Taylor to a garage man: "Do you carry spare parts?"  
Garage man: "Yes sir. Do you want a new steering wheel?"  
Mr. Taylor: "No I need everything else new—the steering wheel is all I have left."

David H.: "Teacher, will you help me with his problem?"  
Miss Smith: "I would only I don't think it would be right."

Judge: "What is this John Turner charged with?"  
Officer: "He is a candy fiend of the worst kind, sir."  
Judge: "Well he shouldn't be arrested because he has a mania for eating candy."  
Officer: "It isn't that sir—he takes the candy."

Jeanne Davis went into the saddler's shop and asked for one spur.  
"But why only one spur?" asked the puzzled clerk.  
Replied Jeanne innocently: "If I get one side of the horse to go, the other side will go with it."

Billy Noble: "Could you raise my salary next week, sir?"  
Boss: "Well, I've managed it for the past three months, so I guess I'll be able to next week."

Wafford walked into a drug-store, sat down on one of the high stools provided and let his gaze wander from sign to sign. Presently it rested on this one: "Water served to country hicks all day Saturday."  
He turned to glance at the calendar, got up and walked out quickly.

### BEHIND THE SCENES.

The public speaking classes, under the direction of Miss Agatha Bruner, have assisted in plans for the presentation of the coronation of the Queen of the Midland High School.  
Writers of the script are: Julianan Cowden, Catherine Jane Tanner, Fredda Fae Turner, Jean Lewis, Virginia Ann Hilliard, George Walker, Courtney Cowden, and Marvin Park.  
Those who assisted in designing and constructing the stage sets are: John Dublin Jr., Aldredge Estes, Billy Joe Hall, Margaret Watford, Lillian Arnett, Berdean Rains, Courtney Cowden, Delmad Yoakum, T. C. Clemens, George Walker, Robert Crane, Martin Nell, Doris Harris, Louise Elkin, Julianan Cowden, Jean Lewis, Catherine Jane Tanner, Fredda Fae Turner, Virginia Ann Hilliard.

### TATTLE TALE RAY.

Well, well, here I am again, back with the same old "stuff."  
Have any of you noticed how Robert Spikes has fallen for Mary

Jane Harper. I'm not sure but I think they were exchanging notes Wednesday upon the third floor.

Martha seems to be doing O. K. Woodie asked her for a date to the banquet.

Cleo and Howard (City Drug) Simpson are just good friends. Howard is "Crushie" about Joyce Beauchamp and he goes with another

girl. Figure that out if you can.

Dorothy Young is a cute little thing. Isn't she Bobby? Bobby took Dorothy riding or something, you know after the dance Friday night.

Johnnie Howe has been free from worry all week since "he" has gone deer hunting.

High School--

Continued from page three. Jack Hanks is "ga-ga" about Ruth Reeves. Or maybe it is Ruth crazy about Jack.

Louise and Gordon Geddes pass notes as bad as Junior High students.

Jane surely does want to go to Denton this week end. I think Gordon English wants to go, too.

CLOTHING STUDENTS MAKE COSTUMES.

Members of the first year clothing class, under the direction of Miss Mary Kemington, have been working on large cloth hearts to be used by members of the choir in the coronation. The girls who have taken part in this project are: Kathryn Collins, Louise Moyal, Doris Wozencraft, Rita Whitaker, and Eileen Turnbull.

ALL AMERICAN ELEVEN.

(Taken from the "Skiff" of T. C. U. with a few changes.)

The following eleven we believe would be invincible in any conference: Flash Gordon—Left end. Toar—Left tackle. King Guz—Left guard. Joe Palooka—Center. Alley Cop—Right Guard. Mickey Finn—Right tackle. Dynamite Dunn—Right end. Popeye—Quarterback. Brick Bradford—Halfback. Tarzan—Fullback. Lil' Abner Yokum—Halfback.

Picking up the Harper's Harp this month I find that "Girls are Like Newspapers," because: They have a many type face. They are worth looking over. Back numbers aren't in demand. They can make or break a man. They have much influence if they know anything. They tell it all. A little color helps their looks. Every guy should have one and leave his neighbor's alone. —The Campus Chat, Denton, Tex.

RARE COSTUME TO BE WORN IN CORONATION.

A beautiful beaded costume made by Indians over one hundred years ago has been loaned by Mr. J. D. Ward, of Wichita Falls, Texas, for use in the coronation next Tuesday night.

Mr. Ward, brother of Mrs. L. C. Lineberry of this city, has made a collection of Indian antiques and purchased the robe from Chief Gillcrease in Oklahoma. The costume is made of leather and is beaded in a lovely, colorful design.

PICTURES FOR ANNUAL PROGRESSING WELL.

For the past three weeks the photographer has taken pictures of the various classes in high school for organizations in the annual. With the aid of Miss Vera Hefner, sponsor of the annual staff, Mary Merle Howard, editor-in-chief, Helen Droppelman, and Martha Flaherty, class editors, the photographer had intended to finish all the pictures of the high school students Thursday, November 17, but she had unexpected complications with her camera.

The remaining pictures will be taken as soon as the weather and other conditions will permit. When the pictures are completed and mounted, they will be sent to the engravers in order to get as much discount as possible.

Couple, Wed 70 Years, Call No Doctor in 40

MANSFIELD, O. (U.P.)—Mr. and Mrs. John L. Lewis—no relation to the labor leader—are beginning their 71st year of married life with the boast, "No doctor has stepped inside our home for a professional visit in the past 40 years."

Church Services

CHRISTIAN SCIENCE SERVICES

"Soul and Body" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 21. The Golden Text is: "My soul, wait thou only upon God; for my expectation is from him." (Psalms 62:5).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "My flesh and my heart faileth; but God is the strength of my heart, and my portion for ever" (Psalms 73:26).

The Lesson-Sermon includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Rightly understood, instead of possessing a sentient material form, man has a sensationless body; and God, the Soul of man and of all existence, being perpetual in His own individuality, harmony, and immortality, imparts and perpetuates these qualities in man,—through Mind, not matter" (Page 280).

FIRST CHRISTIAN CHURCH

John E. Pickering, Pastor. H. G. Bedford, Supl. of Bible School. Mrs. M. A. Park, Director of Music. 9:45 a. m. Special Thanksgiving service by all departments of the Bible school. 10:50 a. m. Preparation for Lord's Supper. 11:00 a. m. Worship. Sermon by the pastor. Subject: "Thanksgivings Unto God." 5:00 p. m. Junior Endeavor. 6:00 p. m. Intermediate and senior Endeavors.

World Upswing In Trade Rises on U. S. Buying; Rise In Quantity Reported

WASHINGTON, Nov. 20. (U.P.)—The United States is leading the way in rapid recovery of world trade, according to a survey just completed by the Department of Agriculture.

The survey prepared by department economist R. B. Schwenger disclosed an "abrupt rise in the quantity of world trade during the first half of 1937."

An index prepared by department economists showed world trade during the second quarter of this year equal to that of 1929. The index for the last quarter of 1936 was at 87 per cent of 1929.

Raw Imports Important.

"A detailed analysis shows an important part of the increase has been due to United States imports of a wide variety of commodities, especially of such raw materials as rubber and wool," Schwenger said.

World trade had lagged far behind world industrial production since 1932, the economist said, due to the increase in trade barriers during the depression. He suggested these barriers must be relaxed or removed before complete recovery can take place.

In recent months, due to partial relaxation of trade barriers, world trade has been increasing much more rapidly than world industrial production. If the rise continues, Schwenger said, the two indexes may be expected to be at the same level before the end of the year.

Armsment Spurs Trade.

Explaining the "complex causes" of increased world trade, Schwenger pointed to increased activity connected with rearmament in a number of important countries, the relaxation of trade barriers and the rise in export prices.

Less than half of the increased trade may be attributed to rearmament programs, he said. Japan, Germany, Italy and Great Britain, where rearmament requirements

Officers to Correct Errors of Drivers

AUSTIN (U.P.)—Experts of the Public Safety Department hope tests given first-time applicants for driver's licenses will correct errors of habitually poor drivers.

Capt. Fred Hickman, chief enforcement officer, said a major part of the examination for applicants will be actual operation of an automobile under the eye of trained examiners who will point out mistakes.

"Through habit many drivers commit such errors as passing cars on hills, not signaling for turns and driving too near the center of the road," he said.

"These peculiarities which mean the difference between safe and careless driving will be corrected during tests."

Rainy Days Not Gloomy.

PERSHING CREEK, Mont. (U.P.)—During the rainy season, Miss Mary Kennedy, Pershing Creek school instructor, has only one pupil, George Bokna. The other pupils are prevented from reaching the school because the rain turns the road into a quagmire.

The peacock worm builds tall tubes in the sand near sea shores, and as the tide rises, it protrudes its gill-plumes to feed.

### Not the True Me, Says Connie

Is this a "true portrait" of Constance Bennett, beautiful blond movie star? You can be an unofficial judge in Hollywood court action over the above painting. Artist Willy Pogany, who created it, is demanding Constance pay \$3500 for her soul, her spirit and her aura as done in oils. But practical Connie says maybe her soul is there, but she can't see her eyes, her mouth, or even her hands in Pogany's work. Connie has refused to accept the portrait.

### Easy, John, Easy!

There was very little mystery about John Montague's feelings when his club hit a crowding spectator on the sixth green at Fresh Meadow, Flushing, L. I. The match, in which Montague, paired with Sylva Annenberg, played against Babe Ruth and Babe Didrikson, ended when spectators grabbed the balls for souvenirs.

### TOUCHDOWN!

Ray King, Minnesota captain and star end, plunges over the final chalk mark in this remarkable goal-line picture, after taking a pass from Harold Van Every in the second quarter of the Gophers' 7-0 victory over Northwestern.

**Love's a Song—Kisses Are 'Strictly Business'**

Mergola and Pons

Galli-Curci and Behymer

Tucker and Cantor

Romantic melodists of opera and screen are the three ladies pictured above in osculatory poses, but it's "strictly business," not love, that is responsible for these kisses. Gaetano Mergola, San Francisco opera director, bestows a welcoming kiss on tiny Lily Pons as she arrives for an engagement. Amelia Galli-Curci, absent from the concert stage for several years following a throat operation, affectionately greets L. E. Behymer, her Pacific coast manager in Los Angeles, as she continues a "comeback" concert tour. A resounding "smack" followed the Sophie Tucker-Eddie Cantor amorous pose at right, as the "last of the red-hot mamas" wished Eddie good night after his party, commemorating 25 years as an entertainer.

**FIRST SPANISH FORT IN NEW WORLD**

To the invading Spaniards looking for a stronghold in the New World, Puerto Rico loomed all important when adventurer Ponce de Leon first sailed into its harbors in 1509. Earlier, in 1493, Columbus had discovered it.

It was Ponce de Leon, however, who seized upon its economic values. Finding a small amount of gold in one of the streams near San Juan he promptly named the isle "Rich Port" (Puerto Rico) and proceeded to set up fortifications.

Thus San Juan became the first Spanish fortification in the new world. Here, Ponce de Leon erected the sturdy and beautiful Casa Blanca which has stood to this day. And here, too, the explorer laid plans for his quest for the fountain of youth, a quest which was to bring his tragic death later.

San Juan he made a fortress within a fortress. Morry Castle, added later, strengthened the Spanish position. Impregnable, it withstood from time to time the onslaught of Sir Francis Drake, the Dutch and the English fleets.

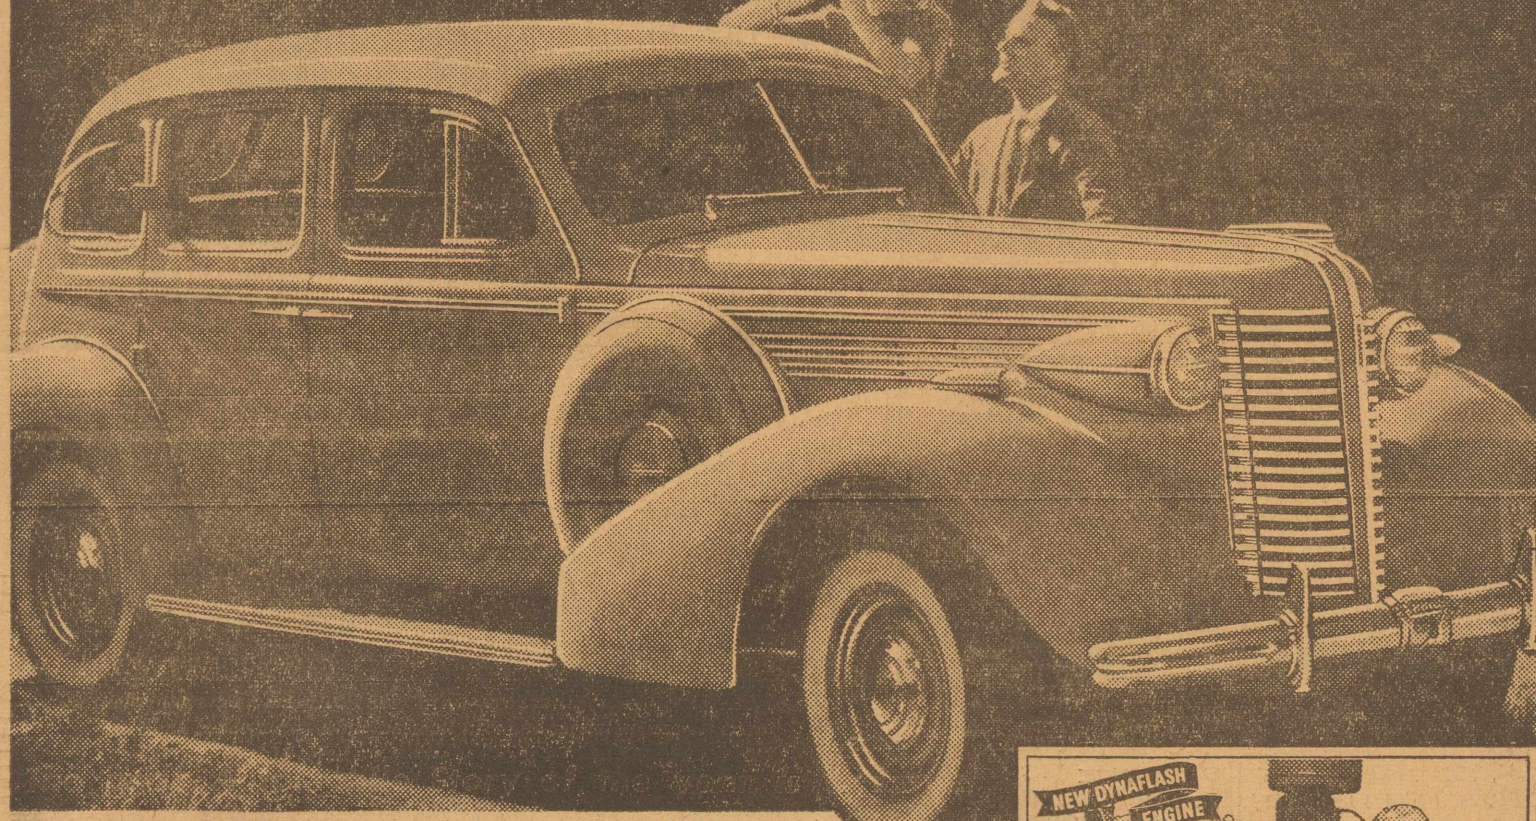

No fortifications, however, could stop the revolt which swept the island in the late 19th century. Puerto Ricans wanted a new freedom. And in 1898 the United States stepped in to proclaim that freedom. At the close of the Spanish-American war the island was formally ceded to us. The governor's palace at San Juan is shown on the new Puerto Rican territorial issue. (Copyright, 1937, NEA Service, Inc.)

**TAKE IT FROM ONE WHO WOULDN'T FOOL YOU!**

The model illustrated is the BUICK SPECIAL 4-door touring sedan—\$1047 delivered at Flint, Fenderwells, white sidewall tires and special accessories extra

The prize Automobile Story of the year is wrapped up in Buick—with its DYNAFASH ENGINE and TORQUE-FREE SPRINGING

THERE are several hundred thousands of people who'll tell you from personal experience that Buick isn't one to promise what it can't provide.

So when we're all excited about the DYNAFASH engine and its companion-in-greatness, BuiCoil TORQUE-FREE SPRINGING—we're not just gushing, we're stating facts you can prove out for yourself.

Step in—take charge—put this quick and quiet honey up against the kind of driving you know best—you'll sense instantly in its smoothness and lift that this car is really giving you more for your gasoline money!

Ask more of it than you've any honest right to ask of any car—and the fretless, gracious, joyous way it does things tells you better than we can that you've got something in that DYNAFASH engine!

And don't lavish all your praise on the power plant! Great as it is, there's something equally great doing mar-

velous things at the other end of the car!

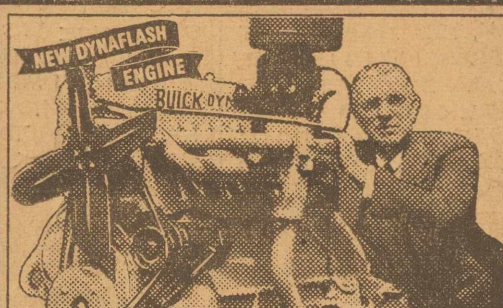

That poised, jarless, winging ride is one thing that BuiCoil TORQUE-FREE SPRINGING gives. Light-as-fluff handling—freedom from tail-wag—absence of wander—these also stem from those stout, easy-flexing, ever-soft springs of coiled steel.

You hold the road—even on sharp curves. You face fewer skid risks—even on ice-glazed streets. You find rear tires last longer, spring greasing is out, maintenance is far simpler.

All because BuiCoil Springing is here!

Fool you? We wouldn't even try! These are tangible things, let us demonstrate.

That, we figure, makes your car-buying vastly easier this year. For in fifteen minutes behind a Buick wheel, you'll know which car you've got to have!

**EVERY SPARK SETS OFF A CYCLONE!**

Rushing into the cylinder at speeds as high as 250 miles an hour, the fuel charge strikes the Turbulator built into the piston. Instantaneously it is converted into a tiny cyclone of terrific turbulence. The spark flashing into this cyclone, fires a faster, cleaner, more furious explosion which drives piston down with almost 10% stronger power-punch.

**A SAFETY CUSHION ON EACH WHEEL!**

Buick replaces the usual type spring with this special spring of stout coiled steel and big direct-acting Transport Type shock absorbers. Rigidly aligned by the torque tube, rear axle and wheels cannot twist or distort, cannot affect steering, greatly reducing danger from skids. No shockies, no grease points, no chatter, no premature rear tire wear.

**MATCH THESE VALUES!**

Complete with DYNAFASH engine and TORQUE-FREE SPRINGING, these models deliver at Flint, Mich. at these prices: Buick SPECIAL business coupe, \$945; Buick SPECIAL 4-door touring sedan, \$1047; CENTURY 4-door touring sedan, \$1297; ROADMASTER 4-door touring sedan, \$1645; LIMITED 8-passenger sedan, \$2350. All prices include standard accessories. Special accessories, local taxes if any and freight extra.
