Trade With Italy Being Given Study

Cabinet Drafting Terms for Line-Up With Mussolini

LONDON, Feb. 24 (P).—Prime Minister Chamberlain's program for bargaining with Fascist powers for peace in Europe today was reported advanced by German acceptance of British plans for withdrawal of foreign volunteers from the Spanish war.

Doctor Ernst Woermann, German charge d'affaires, visited the Earl of Plymouth, British under secretary for foreign affairs, and informed sources said he had agreed to British "volunteer" proposals.

LONDON, Feb. 24 (P). — Prime Minister Neville Chamberlain and his Eden-less cabinet Wednesday got down to drafting the terms for negotiations with Italy.

They were thoroughly aware of a growing peril to the coalition government if they failed to match Premier Mussolini's famous ability as a bargainer.

Chamberlain's new "talk with dictators" policy and the resulting resignation of Anthony Eden as foreign secretary brought from the labor party and trades union council a challenge the government submit the issue to an immediate general election.

The government now has more than double the strength of the opposition in the house of commons.

As Chamberlain and his colleagues worked on instructions for Lord Perth, English ambassador to Italy, for the Anglo-Italian talks in Rome, political circles forecast an early approach to Germany on the lines of the bid for an understanding with Italy.

Diplomatic quarters restrained optimism over possible success of Britain's new departure with Mussolini as they pointed out each side has a long list of objectives which, in themselves and in the order in which they were placed, offered obstacles.

Britain's main conditions as listed by competent quarters are:

1. Withdrawal of Italian forces from Spain and the Balearic islands.
2. Reduction of Italy's forces in Libya, North Africa.
3. Cessation of Italy's anti-British propaganda in the near east.
4. Some agreement on naval armament in the Mediterranean.
5. Italian recognition of British commercial interests in Spain.
6. Possibly an Italian understanding to establish Emperor Haile Selassie of Ethiopia, who fled his country when the Italians conquered it in 1936-38, as a puppet emperor over at least a part of his former domain.

Supreme Court May Settle Title Over Coastal Land Fuss

WASHINGTON, Feb. 24 (P).—A justice department attorney suggested Wednesday that the supreme court be asked to determine ownership of submerged coastal lands.

The suggestion was made by Frank Chambers before the house judiciary committee in hearings on a senate approved bill which would give the federal government title to the land.

Introduced by Senator Nye (R-ND), the measure is designed to secure valuable oil reserves for national defense. It has the backing of the navy but is opposed by several states.

Texas and a representative of the American association of port authorities voiced opposition. A letter from Secretary Swanson supporting the bill was read.

Capt. H. A. Stewart, director of the naval petroleum reserves, told the committee the government particularly needed the reserves along the California coast because there was little or no coal available there in the event of an emergency.

Governor James V. Alfred of Texas declared his state reserved its public domains when it entered the union and expressly reserved submerged coastal lands for a distance of three marine leagues (about 10 miles) out from shore under that domain.

With Attorney General Gaston L. Portiere of Louisiana, Alfred cited a number of court decisions tending to show the government has always recognized the right of the states to the submerged lands off their shores.

Legion Support to Measure Is Offered

Urging support and cooperation in the passage of the Universal Service Bill and the President's National Defense Program, the local Woods V. Lynch Post No. 19 of the American Legion, yesterday dispatched telegrams to Senators Morris Sheppard and Tom Connolly and Representative R. E. Thomason, resolutions passed by the membership at a recent meeting having been mailed the legislators last week.

Duce's Position Strengthened - - -

His power in European affairs now greatly strengthened, Italy's Premier Mussolini is shown here, in a picture newly received in America, as he proudly reviewed his own Musketeers on the fifteenth anniversary of their founding. Moves for a rapprochement of Great Britain and Italy, following the breakdown of British governmental opposition to Fascism, greatly improves Il Duce's position on Europe's diplomatic chessboard.

As Eden Quits Diplomatic Scene

Crowds lined Downing Street and cheered Anthony Eden, arch-foe of Nazi Germany, as he emerged from No. 10 after handing his resignation as Foreign Minister to Prime Minister Neville Chamberlain, with whom he broke over handling of the German-Italian crisis. In the photo above, radiated from London, Eden is seen raising his hat in acknowledgement of the crowd's applause.

Cotton Research 'Lab' Asked for Texas by Comm.

DALLAS, Feb. 24 (P).—A determined move to obtain for Texas the cotton research laboratory provided in the new farm bill was launched today at the state cotton committee meeting attended by 400 persons, Burris Jackson, Hillsboro, presided.

Described by some as the largest affair of its kind ever given by the church here, Methodist all-church night was held at the annex Wednesday evening with a large attendance.

"Food, fun, fellowship" was the slogan for the evening which featured a triple attraction of a supper, program, and games period.

"It was well-attended from children to the oldest persons in the church," Rev. W. C. Hinds, pastor, declared.

The high schools boys' quartette presented three vocal numbers and an encore, under the direction of Mrs. De Lo Douglas.

Mrs. Douglas also presented a solo.

Mayor M. C. Umer, chairman of the board of stewards, spoke briefly, saying that "Prospects are bright for erection of an educational building."

Mr. Hines also was a speaker, leaving his "Thought for the Evening."

"It's a good thing to think about. But a better thing to do. To work with the construction gang. And not with the wrecking crew." Old and young visitors took part in the games period, with young people instructing their elders in the fun.

Supper, brought by those attending, was served under direction of the women's missionary society.

A number of friends of the church as well as members were present.

Legal 'Lottery' to Be Used by WTCC in Allotting Space

ABILENE, Feb. 24 (Special). — Although most lotteries are illegal, the West Texas chamber of commerce is planning a lottery which it expects to conduct without interference from the law.

The arrangement is to assign space for panels advertising a hundred-odd towns affiliated with the WTCC. Panels will be installed in the resources exhibit now being placed in the regional chamber's quarters.

Drawing for panel space will be held March 19, when members of the West Texas chamber of commerce managers' association hold their annual convention in Big Spring.

D. A. Banderen, manager of the WTCC, outlined the lottery system. He said a map of available panel spots will be shown with spaces designated by number.

Numbers will be drawn from a hat — likely a typical ten-gallon headpiece, instead of the ornate lottery wheel used for many such drawings.

Manager Banderen said the panel space lottery will be held every year if the managers of various chambers of commerce agree to the plan.

Two SLP's, led by Hamilton, arrived at Sloan field from Barksdale field, La., at 12:25 today and departed shortly for El Paso.

An SLP from Barksdale field, flown by Pilot Short, arrived and was to depart early in the afternoon for Tusson.

Major Pursley arrived at noon from El Paso and was scheduled to depart at 2 o'clock for San Antonio, today after an overnight stay.

Col. Harris departed for Tucson. He came from Barksdale field and was flying a Lockheed.

Reform in Pension Administration in Oklahoma Promised

WASHINGTON, Feb. 24 (P). — Oklahoma social security officials promised drastic reform in administration of the state's old age pension plan today.

Testifying before the social security board John Eddleman, chairman of the state welfare commission and Henry Denton, state welfare director, said pension checks had gone to dead men and that \$685,000 had been paid out irregularly.

Rotarians Hear Securities Commissioner On Steps Taken to Curb Stock Racketeers

Fake securities dealers and racketeers in stocks and bonds are finding Texas a hard place in which to do business, since establishment two years ago of the State Securities Commission, D. Leon Harp, head of the commission, showed in a talk to the Rotary club today.

He described the nation wide war against crime, saying that crime has been costing the American people \$16,000,000,000 annually. He told of the effective laws against kidnaping, with the first 72 kidnappers solved and the violators punished after passage of the Lindbergh law.

Mr. Harp then told of the racket which had arisen in the securities field, due to the fact that America is an investing nation. It had become a field for gamblers. Besides the great amount of American fake stocks floated, foreign securities were dumped on the investing public, with the loss in foreign issues alone amounting to six billions of dollars. He gave as an example a Peruvian bond issue handled by a New York bank in which \$100,000,000 in bonds turned out to be worth only fourteen cents on the dollar.

Some states passed protective laws as far back as 1911, others in 1920, but Texas was among the last to take steps to curb illicit dealing in securities. For that reason, the state had become a mecca for crooks until, in 1935, the legislature

Former Midland Man Victim of Pneumonia

News was received here today of the death of J. S. Schow, formerly of Midland, in Fort Worth last Friday of pneumonia. Funeral services were held Sunday in Chickasha, Okla.

Schow lived here several years and for a part of the time was manager of the Barrow Furniture company, leaving here approximately three years ago.

Father of Midland Man Stroke Victim

News of the death of his father, D. M. Jordan, 64, in Tulsa, Okla., was received here by J. W. Jordan, Sinclair Oil company employe. Death was caused by a heart attack.

Mr. Jordan left soon after being notified of his father's death and will travel with the body to Olean, New York, where funeral services are scheduled to be held in the morning at nine o'clock.

"Double Cross" By Britain to U. S. Alleged

WASHINGTON, Feb. 24 (P). — Representative Koplemann, democrat, Connecticut, said today that England had "double crossed" the United States by going along with dictators.

Testifying against a proposed \$1,050,000,000 naval expansion program before the house naval committee, Koplemann said that Prime Minister Chamberlain's action in looking toward an agreement with Italy made it impossible for the United States to depend on Britain.

General Pershing Reported Waging Losing Fight Today

TUCSON, Feb. 24 (P). — Physicians attending General John J. Pershing said today the general was losing ground. A bulletin said the general was "definitely weaker and somewhat apathetic."

Chautemps' Offer To Step Down Is Refused Today

PARIS, Feb. 24 (P). — French political parties today rejected a proposal of Premier Chautemps that his regime be replaced by a national union government to cope with the nation's serious internal and external problems.

Chautemps offered to step down in favor of the national union government.

Doctor Townsend Will Appeal Case To Supreme Court

WASHINGTON, Feb. 24 (P). — Doctor Francis Townsend, who came back to the capital to serve a 30-day sentence for contempt of a congressional committee, announced today he would appeal to the supreme court instead of going to jail. He had previously said he would serve the sentence.

Emergency Relief Measure Passed In Upper House

WASHINGTON, Feb. 24 (P). — The senate passed the \$250,000,000 emergency relief appropriations measure Wednesday, sending it back to the house for action on amendments.

The senate vote on final passage was 67 to 1. Senator Bailey (D-NC) cast the only negative vote.

As it passed the senate the bill contained a clause, not adopted by the house which would free the \$250,000,000 fund from monthly appropriations restrictions placed on relief expenditures by present law.

Senator Schwelienbach (D-Wash) who was author of the amendment, said its effect would be to permit the WPA to increase relief expenditures from the new fund as needs arose.

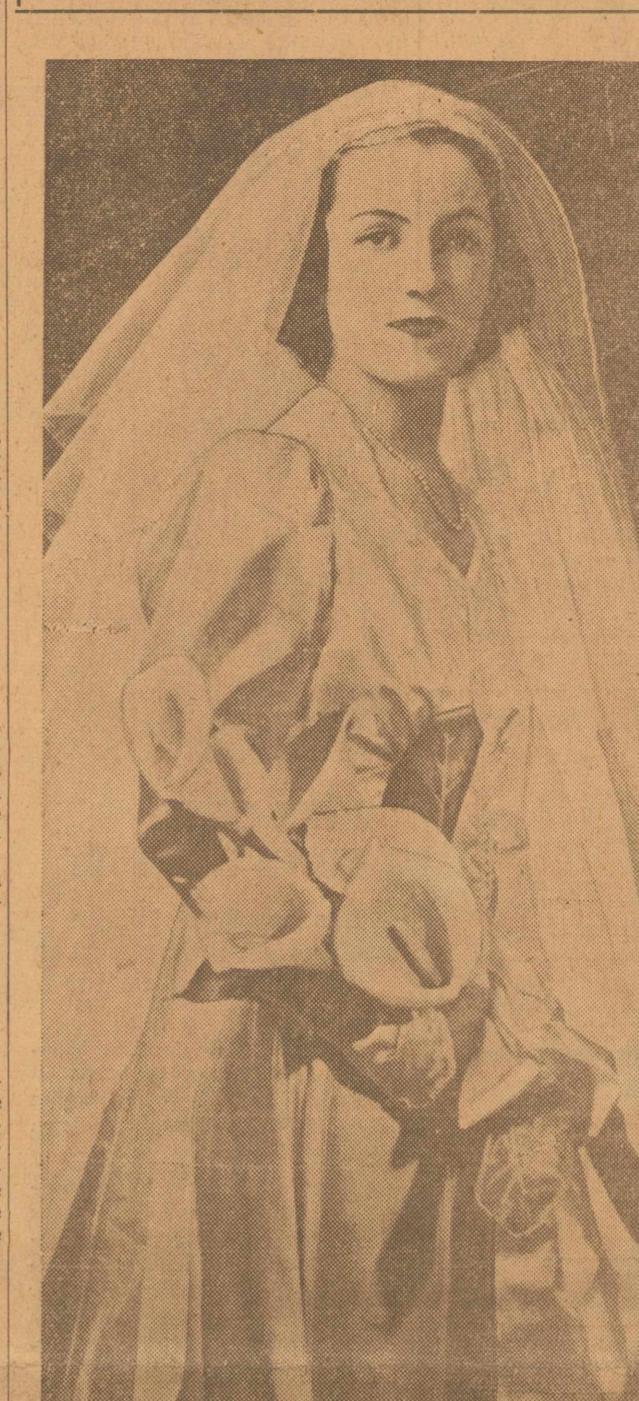

The senate previously beat off an amendment by Senator Bone (D-Wash) to raise the appropriation to \$400,000,000, defeating also an amendment by Senator Hale (R-Me) to cut it to \$200,000,000.

The senate version of the measure would provide for expenditure of the \$250,000,000 under general terms of the present \$1,500,000,000 relief law. By its provisions, citizens are given preference and only aliens who have applied for citizenship papers may share in the relief.

Aubrey Williams, acting Works Progress administrator, said an appropriation of the \$250,000,000 would permit the WPA to put an additional 500,000 on its relief rolls to meet the demands caused by an increase in unemployment.

Country on Alert for Bombings

Planes Turn Back After Destination Learned by Japs

TOKYO, Feb. 24 (P). — All aviation and naval units in southwestern Japan were alert against Chinese air raids tonight after a large area of Japanese homeland had been warned against possible attack.

Twelve enemy bombers, escorted by pursuit craft, were reported roaring over the China sea to carry the war to Japan and formal air raid warnings were issued but the enemy failed to appear.

Naval officers believed the bombers returned to China after it became apparent their mission had been learned.

Kyushu island, southernmost of the main Japanese isle, is 750 miles north of the island of Formosa which Chinese warplanes raided yesterday, inflicting numerous casualties.

That raid was the first air attack suffered by Japan in the empire's history.

Air raid warnings were sounded throughout north Kyushu, and also in Yamaguchi province, across the straits from Kyushu.

Nagasaki, Kyushu's principal port with a population of 211,000, was warned of the approaching planes.

The reports said the 12 bombers accompanied by pursuit planes were sighted flying eastward at a high altitude.

It was understood the planes winging their way toward Japan came from Hangchow, Japanese-held city, 110 miles south of Shanghai.

Raiders would have to cross about 500 miles of Yellow sea to reach Japan from China.

The Formosa government general reported eight persons were killed and 29 injured in attacks on Taihoku, capital near the southern tip of the island, and Shichiku city, on the western coast.

Formosa lies approximately 120 miles east of the southeastern coast of China. It was ceded to Japan by China in 1895 as a result of the Chinese-Japanese war of 1894-95.

Fulton Remains Tense as River Reaches New Peak

FULTON, Ark., Feb. 24 (P). — This southwest Arkansas town remained tense today as Red river swirled by at the record, breaking stage of 96 feet.

The safety of the town depends on an eight-foot sandbag barrier atop the weakened levee. At some points, the river is five miles wide.

Fifty miles down stream the river broke the levee opposite Garland City and inundated 100,000 acres of farm land. This is expected to relieve the situation somewhat at Fulton.

Evacuation of the town's 593 residents began in earnest when army engineers announced they would not guarantee to hold the levee after dark.

Sunday Shutdown To Be Continued

AUSTIN, Feb. 24 (P). — The Railroad Commission today ordered four additional Sunday closings of Texas oil fields, the step being taken to balance supply and demand.

CRANIUM CRACKERS

May 7, 1932—Jerry Hughes marries Helen Gladstone.

June 2, 1932—Jerry and Frank Stevens form a partnership in a filling station in Chicago.

July 6, 1932—Jerry draws his will, leaving his estate to his wife, Frank, a bachelor, draws his will at the same time and bequeathes his share of the filling station to Jerry.

July 7, 1937—Jerry leaves the filling station at noon on a fishing trip as Frank comes to work. Frank is killed in a holdup at the station at 3 p. m. At 8:45 p. m. Jerry returns home and finds police officers waiting to question him. He tells them he has fished all afternoon and must have been en route home when Frank was slain. After hearing Jerry's alibi, police take him to the filling station for further questioning. There they learn from Jerry that:

He profits by Frank's death.

The killer rified the cash box of \$71, the day's receipts.

He quarreled with Frank the day before the murder.

Police then booked him as Frank's killer.

Wildcat Eight Miles West of Vacuum Pool Showing For Well

BY FRANK GARDNER.

Southeast New Mexico developments today were featured by promise of production in a wildcat eight miles west and a mile south of the Vacuum pool, in Lea county. The discovery is the Texas Company No. 1 Corbin permit, located in the center of the northwest of the southeast of section 10-18s-33e. It filled 500 feet with oil in 23 hours while drilling sand and lime from 4,270 to 4,303 and is now drilling ahead below the latter depth. Slight show of oil and gas had been logged from 4,268-70.

In eastern Lea, Conoco No. 1-A-31 Marsh, center of the northeast of the southeast of section 31-20s-39e, is bailing one barrel of sulphur water and one gallon of oil every two hours. It is bottomed at 4,346 feet, in lime. The test is two and one-half miles due north of J. W. "Jim" Brown No. 1 C. M. Parcell, small discovery producer.

J. P. Cusack, Inc. No. 1 Turner, southeast outpost to the Hobbs pool, is shut down for repairs at 1,340 feet in red rock.

In southeastern Lea, Getty No. 1 Riggin is drilling lime and shale below 3,150, with slight show of gas logged at 3,085. Harry Leonard No. 1 Ginsberg is drilling at 2,930 in anhydrite and lime.

Andrews Well Swabs Oil.

Rogers & Rogers (Olney S. Black) No. 1 O. B. Holt, southern Andrews strike, began swabbing after being shut in for 38 hours, and has swabbed 270 barrels of fluid, 75 per cent oil and the balance salt water, in 26 hours. Fluid level was 2,000 feet from bottom at start of swabbing test, and had been lowered to 500 feet from bottom at the end. During the 38-hour shut in period, the well built up 290 pounds casing pressure. It had 980 pounds bottom hole pressure. Bottomed at 4,541, corrected by steel line measurement from 4,538, the well cored sand pay in the last 12 feet. Mr. Wesley Rogers, partner in the firm of Rogers & Rogers, stated here last night that he intends to shoot the well with nitro. It is located in the northwest corner of section D, block 43, public school land.

Ohio No. 2 Averitt, quarter-mile southwest extension to the Seminole pool of central Gaines, flowed 315 barrels of oil, cut three percent with basic sediment, on 24-hour test of natural flow through open 2 1/2-inch tubing. It logged best pay from 5,060-89, the total depth. Location is 1,980 feet from the north and east lines of section 228, block G, W. T. R. R. survey. Gas volume

MANN PROVES "SOFT PUNCH" FOR JOE LOUIS; IS COUNTED OUT IN THIRD

BY ALAN GOULD.

MADISON SQUARE GARDEN, NEW YORK, Feb. 24 (AP). — Joe Louis, looking like the old Brown Bomber himself, dropped out of the fight clouds last night with a detonation that rocked the rafters of the old battlement and flattened burlly Nathan Mann, New Haven (Conn.) challenger for the world heavyweight championship, in less than eight minutes.

Back to the pugilistic wars, after a lay off of six months, Louis rallied from a shaky start to cut Mann down and knock him out in the third round of a 15-round match before a near-capacity Garden crowd.

The end came in 1:46 of the third after Mann had taken a count of nine in the second round, been saved by the bell, and then battered to the floor three times in the abbreviated final chapter.

Mann, looking like he had been put through a meat chopper, took the final count in one corner of the ring, resting on one knee but other-

wise so punch-drunk that he didn't even appear to hear referee Arthur Donovan's final "ten."

The champion put an abrupt and convincing end to the match, with a high-explosive brand of punching power, after being surprised and actually hurt by his challenger's brisk early bid.

A hard right to the chin that shook Louis, in the second round, blinking and bewildered, appeared to touch off the fireworks. It was one of several robust blows with which Mann connected during the first round and a half, while Louis looked the champion to such an extent that his counter-blast quickly had the ambitious Connecticut entry on the floor.

Left jabs and hooks by Louis softened Mann for the lethal finishing touches, but he toppled for the first time from a hard right cross. He had sufficient possession of his faculties to realize it was a good time to take "nine," but he ran into an-

other blast of leather upon regaining his feet. Louis knocked Nathan to the ropes and buckled him with lefts to the body, ripe for the "kill" when the second-round bell sounded. Mann, bleeding from the mouth and nose, fought back courageously in the third, but the end was in sight. The challenger, by now so dazed he didn't know much about what was going on, took counts of only two and three seconds as the champion's two-fisted barrage flattened him. He weathered another half-minute of punishment before going down for the last time, from the impact of a terrific right to the jaw.

Mingled boos and cheers greeted the finish of a title bout that to all intents and purposes was strictly a "tune-up" for the forthcoming million-dollar return match between Champion Louis and his conqueror, Max Schmeling of Germany, in June.

A crowd of 19,490 spectators contributed to gross gate receipts of \$111,698.49 to see New York's first indoor bout for the world heavyweight crown since Jack Dempsey flattened Bill Drennan in the old Garden in 1920. Net \$95,314.35

Louis, scaling an even 200 pounds to his rival's 193 1/2, looked impressive to ringsiders in his second defense of the title he won last June from Jib Braddock. His timing and all-around display of punching power not only was reminiscent of the days when he was a meteoric contender but contrasted with his 15-round performance against British Tommy Farr, last August. Mann, knocked out for the first

Oil and gas business has been protected by the commission, Mr. Harp pointed out, through licensing of dealers in leases and royalties, protecting land owners and those engaged in above-board sale of oil properties, preventing the clouding of titles with illegal instruments.

He declared that politics do not enter into the commission's work, that the door is open at all times and no "fixers" are needed to gain admittance.

"The commission is run the way we think right," he said and invited the public to call on him at all times when the organization can be of service.

Mr. Harp was introduced by Fred Wemple who said the speaker had previously been state representative from Tom Green county, senator from Mexia, an assistant attorney

at one time in his career, gave several thousand partisans from his home state a chance to cheer in the first round and a half. Nathan won the first round, on points, and hurt Louis with left hooks as well as several well-timed rights to the head. The challenger continued his aggressive tactics early in the second round, fighting from a half-crouch that bothered Louis, but his attempt to "shoot the works" quickly came to grief.

Once Louis had discarded caution and went to work with both hands, the fight became a rout.

general and a practicing attorney in San Antonio.

Report was made by W. I. Pratt of a silver plaque bought by clubs of the district, under sponsorship of the Midland club, to be presented to the Fort Worth Rotary club in honor of its twenty-fifth anniversary, to be observed tomorrow. The plaque, which was exhibited today, will be taken to Fort Worth tomorrow by Fred Wemple and will be personally presented to the Fort Worth Rotarians by District Governor J. Edg McLaughlin.

Barney Grafe, real estate developer of Midland, was elected to membership in the Rotary club here today.

Visitors included Horace Sessions of Big Spring, investigator for the securities commission; Dr. John B. Thomas, Midland; Rotarians Phil N. Stewart of Shawnee, Okla., Elmo Wasson, Ira Thurman and Walter Morrison of Big Spring.

Cleanliness Said Important Feature Of Any City Today

Editor's Note: The following articles were written by school students as essays in the recent clean-up essay contests. Both were awarded first prizes in their respective schools.

Cleanliness is one of the most important factors that leads to happiness. It rivals prosperity and good will and is the principal pathway to health.

We need, as citizens of our city, to keep it as clean from rubbish and garbage as we possibly can. To do this, we must have the co-operation of every family and every member of that family. Every housewife should be very careful to wrap garbage from her kitchen in paper bags so that her garbage containers can be kept clean. All tin cans should be put into one basket or barrel and all other waste in another.

All low places in the yards of the homes should be filled with soil that would absorb moisture, so there would be no puddles of water to make nests for mosquitoes. In order to have our side walks clean, all papers and other waste should be carefully deposited in the cans along the walk.

A Cleaner and Healthier Midland is surely worth our time and effort, so let us begin immediately and strive for success in gaining our goal.

Mary Frances Barber, Junior High.

I think Midland is a very clean and pretty town and orderly too. To keep it clean and healthy, every little boy and girl should never throw trash or garbage on the lawn but always put it in cans in the back alley so it could be carried away. This would keep peoples yards clean, so no germs could collect.

Our school yard should be kept clean and we should stay off the grass, then the first grade would stay off, and the grass would get green and our front yard would grow pretty.

Roy Carpenter, High Third, South Ward.

Dallas Merchants Plan Good Will Trip to Mexico

DALLAS, Feb. 24. (Special). — Texas is adopting the Dallas Good Neighbors Tour to Mexico, March 5-16, as a state-wide spring vacation trip. General Manager Ben Critz of the Dallas Chamber of Commerce, sponsor of the tour, said today.

"Reservations for our second annual Good Neighbors Tour to Mexico have already been received from Waxahachie, Kaufman, Ft. Worth, Houston, Waco and Port Arthur," Mr. Critz said. "And a number of men and women from other cities over the state have indicated they are planning to make the trip."

The Good Neighbors Tour will leave Dallas on a deluxe special train at 7 o'clock Saturday night, March 5. The eleven-day trip will cover 3,500 miles by special train and in tourist automobiles. It will include sightseeing in Monterrey, Silao, Guanajuato, Guadalajara, Mexico City, Cuernavaca, Taxco, Xochimilco and other points of interest. Because of the chamber of commerce's sponsorship of the tour, the party will receive many attentions which individual tourists do not get. Among the special events will be a luncheon in Mexico City, which will be attended by Josephus Daniels, U. S. Ambassador to Mexico, and officials of chamber of commerce in Mexico.

One hundred and fifteen men and women, including nearly a score of people from other Texas cities, made the first Good Neighbors Tour to Mexico in March, 1937. The first tour was pronounced an unqualified success, and this year's trip is expected to attract about the same number of people. It is open to anyone who wishes to join the party. "Our Good Neighbors Tour is a gesture of friendship to Mexico, but it is primarily a delightful spring vacation and is handled as a pleasure trip," Mr. Critz said. The reservations lists will close early next week.

athletic budget and prorates the entire gate receipts to visiting teams. Whatever the crowd for the '38 Relays—Littlefield is holding out for 15,000—the "take" will go toward competing teams' traveling expenses, on a mileage-per-man basis. Only the Texas Relays turn over all gate receipts to visiting squads. And winning relay teams here get permanent trophies, while individual champions receive medals. Other relays are not doing this at present.

Littlefield further stresses that many of the country's greatest coaches and athletic officials have served as honorary Texas Relays referees. This year Manager John L. Griffith, ig Ten commissioner, will be referee for the second time. Entry blanks will be mailed March 6, but preliminary information already has gone to some 600 institutions.

E. C. "Mule" Frazier, former Baylor athlete, will be the Texas Relays starter for the 11th consecutive time.

Martin County Calf Tops El Paso Sale

Kenneth Holloway, thirteen year old Martin county 4-H club boy whose calf recently won first prize in the Stanton club show, also annexed first prize at the El Paso show and his calf yesterday topped the auction sale. The Safeway Stores paid \$320, or 36 cents per pound for the calf, dispatches today said. The calf weighed 890 pounds.

The Holloway calf, which attracted wide attention among Midland men who saw the Stanton show ten days ago, was raised by Ed Dickenson and was selected and fed under direction of County Agent Bond of Martin county.

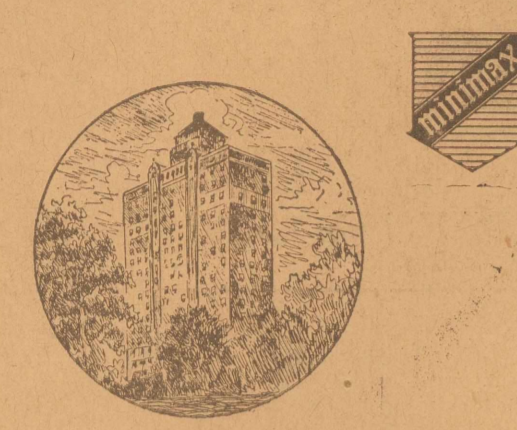

HELP KIDNEYS PASS 3 LBS. A DAY

Doctors say your kidneys contain 15 million of tiny tubes or filters which help to purify the blood and keep you healthy. Most people pass about 3 pints a day or about 3 pounds of waste. Frequent or scanty passages with smarting and burning shows there may be something wrong with your kidneys or bladder. An excess of acids or poisons in your blood, when due to functional kidney disorders, may be the cause of nagging headache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Junior Wednesday Club Has Annual Texas Day

Mrs. Barron Kidd, 911 North D. was hostess to the Junior Woman's Wednesday club in its annual Texas Day meeting Wednesday afternoon.

In the business session it was announced that the club will sponsor a dance to help the distressed

of Mertzton, following the recent cyclone there.

Miss Mary Maude Sparks made the report of the program committee and announced that next year's study will be a travelogue.

The president, Miss Lucile Thomas announced the safety luncheon to be held in March with L. G. Phares as special guest.

Mrs. Kidd made a report on the recent meeting of the City-County Federation.

The Texas Day theme was carried out with presentation of a paper on "Texas Petroleum" by Miss Ida Beth Cowden.

Mrs. E. I. Bailey was the only guest. Members attending were: Mmes.

Fine Arts Club Studies Work of Famous Women

Study of the work of women was continued in the meeting of the Fine Arts club with Mrs. W. Bryant, 601 North C street, Wednesday afternoon, with consideration of the careers of four outstanding women of today.

Mrs. Geo. Kidd presented a paper on Dorothy Thompson, famous reporter and columnist.

Mrs. Ed Dorr's paper dealt with Eleanor Roosevelt, precedent-breaking wife of the smiling president.

Mrs. Fred Wilcox read a paper prepared by Mrs. Elliott Barron on Nellie Tayloe Ross, the Texas-born woman who, as chief executive of Wyoming, was the first woman governor in the United States.

Fourth paper of the afternoon was presented by Mrs. Paul Barron on Frances Perkins, noted secretary of labor.

The club voted to donate \$10.00 to the fund for the permanent headquarters building for Federated clubs at Austin.

Present were: Mmes. T. Paul Barron, Chas. Brown, Harvey Conger, Alden Donnelly, Fred Fuhrman, A. N. Hendrickson, J. Howard Hodge, Roy Parks, Lem Peters, A. P. Shirley, Wilcox, W. H. Gilmore, Kidd, Dorr, and the hostess.

Maybe This Is Why You're Constipated

Perhaps the kind of food you eat doesn't give your bowels anything to work on. Meat, potatoes and bread don't form the kind of soft, bulky mass that will help move your bowels. If so, a dish of crisp, crunchy Kellogg's All-Bran for breakfast will give you just the kind of "bulk" your intestines may need to work properly. And in addition, it contains the intestinal tonic, vitamin B, which helps to tone them. If you want to get at the cause of your trouble, eat some Kellogg's All-Bran every day—as a cereal or baked in muffins. And drink plenty of water. All-Bran is made by Kellogg in Battle Creek. Sold by every grocer.

Nickel Payment Eases Long Troubled Mind

TORONTO, Ont. (U.P.) — Ten years after he had stolen a Toronto newspaper from a corner newsstand an unidentified man forwarded a 5-cent piece by mail to the Globe and Mail offices in payment. An enclosed letter said the writer "was mean enough to take a paper from the box without paying for it" and the thought of the petty theft had troubled him ever since.

As I walked out one morning for pleasure,
I spied a cow-puncher all riding alone,
His hat was thrown back and his spurs was a jingling,
And as he approached me he warbled this song:

Whoopee ti yi yo, git along little dogies,
It's your misfortune and none of my own,
Whoopee ti yi yo, git along little dogies,
For you know Wyoming will be your new home.

Your mother she was raised way down in Texas,
Where the lumpsome west and sand-huns grow,
How we'll fit you up on pickety-pear and challs,
Till you are ready for the trail to Idaho.

Whoopee ti yi yo, etc.

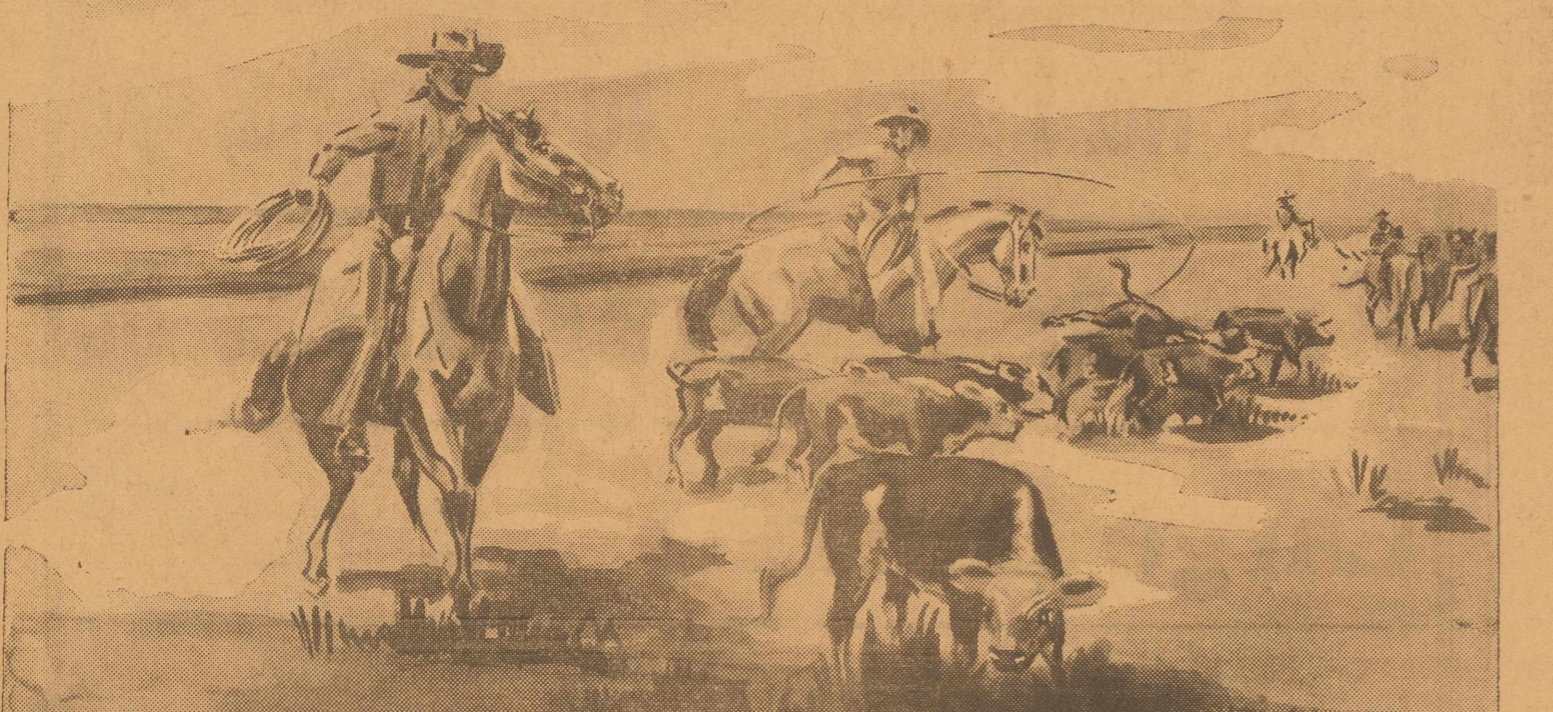

Early in the spring we round up the dogies,
Mark and brand and bob off their tails,
Round up our horses, load up the chuck-wagon,
Then throw the dogies upon the trail.

Whoopee ti yi yo, etc.

Three Movies to Be Made By Minnesota University

MINNEAPOLIS, (U.P.).—Three movie films will be made under the \$122,260 grant to the University of Minnesota by the general education board of the Rockefeller Foundation. Dr. Robert A. Kissack, head of the visual education service, has announced.

One of the films will show the activities of university hospital workers, another the social-civic life of Minnesota, and a third the effect of the machine age.

The university visual education service, famed among universities for work in employing motion pictures in education, will expand its activities with a three-year program financed by the grant.

Esquire—MARCH

FEATURED IN

With Mainline Stripes, Arrow ushers in an important trend in shirtings—the trend toward colored sateen stripes set far apart on white broadcloth. Sanforized. Mitoga Form-fit. \$2.75.

Arrow didn't call it quits after designing the shirts and ties for each other, but kept on and styled the Mainline Stripe Handkerchiefs to complete each ensemble. 50c.

Not every shirt is lucky enough to have a tie made purposely for it—but Arrow's Mainline Stripe Shirts are! Name of tie: Mainline Dots, \$1.50.

Absent in Arrow shorts are the seat and crotch seams that so often cause shorts to bind and act unpleasant. In Mainline Stripe Cloth, \$1. Under-shirts, 50c up.

Arrow Dale is endowed with a new kind of non-wilt collar that outwears previous types by many launderings. Mitoga Form-fit. Sanforized. \$2.50.
