

Bodies of Flood Victims Sought Today

95 KNOWN DEAD OR MISSING, REPORTED

LOS ANGELES, March 4 (AP).—Grim search through the debris for bodies of flood victims began today in storm-ravaged Southern California where 95 were known dead or missing.

Officials said it would be several days before the exact number of casualties could be determined or the damage known. Damage in Los Angeles alone was estimated at \$10,000,000.

Pecan Shellers Won't Talk at Conference Over Labor Disputes

AUSTIN, March 4 (AP).—Indications of possible arbitration differences between striking pecan shellers and plant owners in San Antonio followed a conference today between Governor Allred, San Antonio officials and operators. All parties were tight-lipped.

Asked if arbitration was discussed, the governor replied, "Possibly."

Chamberlain Starts Negotiations With Germany and Italy

LONDON, March 4 (AP).—Prime Minister Neville Chamberlain, trying to keep peace in a Europe arming for war, sought Thursday to make a double-barreled deal with Fuehrer Adolf Hitler of Germany and Premier Benito Mussolini of Italy.

Chamberlain's policy of dickered with dictators took its new exploratory turn when Sir Neville Henderson, British Ambassador to Berlin, saw Hitler and Joachim von Ribbentrop, the new German foreign minister.

Terse official announcements in both London and Berlin said only that the conversation concerned "subjects of interest to both countries."

But it was considered certain that Henderson and Hitler covered, among other things, the vital question of German demands for colonies and German aims toward Austria and Czechoslovakia whose Nazi populations are agitating for union with the third Reich.

Despite the official reticence, diplomatic quarters were agreed on two points:

"1. Chamberlain was trying to revive the Locarno treaty which his late half-brother, Sir Austin, built and Hitler destroyed by reoccupying the Rhineland March 7, 1936.

"2. Von Ribbentrop was likely to start the official conversations soon when he returns to say goodbye to his former staff as retiring ambassador to London."

Star Route for Air Mail Connection Is Committee Goal

A determined effort to secure a star route for airmail from Midland or some point west of Midland to Big Spring is being undertaken by the Midland chamber of commerce through its civic committee of which Fred Middleton is chairman. The proposed star route would speed up air mail service by approximately 24 hours, according to Chairman Middleton, and would be of great benefit to oil companies and merchants of Midland, many requests for the new service having been registered.

Data showing the need of the proposed service is being worked up and will be presented to postal authorities within the near future. Postmaster Allen Tolbert, a member of the civic committee of the chamber of commerce, is highly enthusiastic over the proposed outlet for airmail and is of the opinion that the service may be granted when the dire need of the service is presented to the proper authorities.

Should the new service be granted, airmail would be picked up here by automobile about three o'clock in the afternoon and would arrive in Big Spring in time to make connection with the east-bound plane leaving there about 4:30 p. m. On the return trip the star-route carrier would bring airmail arriving in Big Spring on the west-bound plane at 6:05 p. m. on to Midland the same evening, whereas under the present arrangement, airmail lays over in Big Spring until the next morning.

Chairman Middleton, Postmaster Tolbert and Bill Collins plan on visiting chambers of commerce and postmasters in Odessa, Monahan and Pecos the first of next week to solicit their support in the movement.

Plans for the movement call for originating the proposed star route in Pecos.

Levine Ordered Have Ready \$30,000

NEW ROCHELLE, N. Y., March 4 (AP).—Murray Levine, father of kidnapped Peter Levine, said today that the "last note" he received demanded that he have \$30,000 money ready.

Clever; These Chinese!

Lacking the Japanese air strength, the Chinese defenders make up the difference by their proverbial cleverness. After repeated efforts, Nippon's troops finally captured Pengpu airdrome, in Anhwei province, China. But instead of valuable booty of war, they found "airplanes" like the one shown in the photo, built of reeds and matting. The Chinese soldiers had constructed a number of these decoys to draw aerial bombardment from the airport proper.

President Re-Affirms the Administration Objectives

WASHINGTON, March 4 (AP).—President Roosevelt reaffirmed today the objectives of his administration, emphasizing especially the need for increasing purchasing power.

Discussing at the press conference the five years of his administration, which ended today, the president authorized one direct quotation: "The old ship of state is still on its same course."

He declared hope for wage and hour legislation this session but said it might not be possible to achieve before adjournment. He said the administration is not relenting in the fight to end special privilege and said there is a tendency on the part of many to confuse policies and objectives with methods.

Newspaper Chain Owner Dies Aboard Private Yacht

SAN FRANCISCO, March 4 (AP).—Robert P. Scripps, 42, principal stockholder of the Scripps-Howard national newspaper chain, died aboard a yacht off Lower California, it was learned here today.

Coast Guard headquarters was informed that the body was transferred last Wednesday to the liner Pennsylvania, due at Los Angeles Saturday.

Scripps was the son of E. W. Scripps founder of the chain. He leaves a widow and six children.

Understanding Will Protect Relations Japan, America

TOKYO, March 4 (AP).—Japanese Foreign Minister Hirota, urging world naval reduction by abolishing all large warships, told the parliamentary budget committee today he was "sorry for America" if the United States were building Pacific coast defenses in fear of Japan.

He said there will be no trouble between Japan and America "as long as we fully understand each other."

Collectors Seek Will Rogers Stamp

A movement has been started by the stamp clubs of America, asking the Post Office Department to issue a special Will Rogers Commemorative stamp, November 4, 1938, the date of his birth, in connection with the dedication of the Will Rogers Memorial, according to information received by the local chamber of commerce from the Claremore, Oklahoma, chamber of commerce.

Sponsors of the movement want a million letters written by friends of Will Rogers, sent to President Roosevelt, James A. Farley, United States Senators and Representatives in Washington, requesting that the issue be approved. Stamp collectors and others are urged to request the issuance of the special stamp. If the issue is approved, the country as a whole will be showing its appreciation and doing honor to that great "Ambassador of Good Will" throughout the world.

HERE FROM CISCO.
H. H. Monk and S. P. Crofts of Cisco were here today on a business trip.

Solons Quit Probe After Fuss Starts

Hill and Holbrook Walk Out on Other 2 Comm. Members

AUSTIN, March 4 (AP).—A senate committee investigation of Attorney General William McCraw and Land Commissioner William H. McDonald "blew up" Thursday, possibly until after the close of the impending political campaigns.

The abrupt termination of the inquiry came when Senators T. J. Holbrook of Galveston, head of the committee, and Joe L. Hill of Henderson angrily marched from the hearing room, thereby breaking a quorum.

They were incensed by the committee deadlock on Hill's motion to issue new subpoenas for bank accounts of McCraw, his former law partner, Tom C. Clark, and the old Dallas law firm of McCraw and Clark.

Senators Albert Stone of Brenham and Wilbourne B. Collier of Eastland voted against the motion. The fifth committee member, R. A. Weisner of Seagraves, was absent but had said he believed the investigators should quit until after the democratic primaries this summer.

Holbrook stated later that at this time he could see no reason for the inquisitors continuing their activities. He could call another meeting if he should conclude it was advisable.

Legal Question.
Hill explained he was asking for new subpoenas for the individual and partnership accounts of McCraw and Clark because validity of previous ones had been questioned on grounds they were not authorized by specific vote of the committee.

The group held an executive session on Hill's motion but took no action. Some time later when Stout was nearing the end of long questioning of McDonald, Hill renewed the motion in open session.

After the vote disclosed a deadlock, Hill moved that the committee recess subject to the call of the chairman. When that likewise failed on a 2-2 vote, he and Holbrook walked out. Stone and Collier remained a few minutes, then Collier announced the meeting was recessed subject to call.

Treasury Accused Of "Refusing" to Comply With Law

WASHINGTON, March 4 (AP).—The comptroller general's office, storm center of the senate debate over the government reorganization bill, reported to congress today that the treasury has "refused" to comply with the law regarding outstanding federal checks.

The law requires that the treasury deposit in the trust fund account the amount of outstanding checks not presented for payment within a full fiscal year after the year in which they were issued.

Confessed Slayer Of Patrolman Is Taken in Oklahoma

SHERMAN, March 4 (AP).—J. W. Rickman, 20-year-old admitted slayer of Marion Taylor, McKinney motorcycle patrolman, was transferred to the Hunt county jail at Greenville last night for safekeeping, a few hours after he was captured near Durant, Okla.

Sheriff Frank Wolfe of Greenville said he probably would be kept there "until the feeling dies down at McKinney."

He was charged with murder at McKinney and will go on trial probably in April or May, H. H. Neilson, Collin county attorney, said yesterday.

It was a swift denouement to a manhunt over two states which began shortly after Taylor fell under a burst of gunfire from a taxicab he had hailed as it passed through McKinney Wednesday night.

More than 300 officers and private citizens, aided by bloodhounds, took up the hunt and yesterday afternoon Rickman was nabbed as he hitch-hiked along the road to Fort Sill, Okla., where a brother lives.

Neilson said Rickman made a statement admitting he was the man who fired six bullets into Taylor's body when the policeman approached the taxicab which Rickman had commandeered several hours before in Dallas.

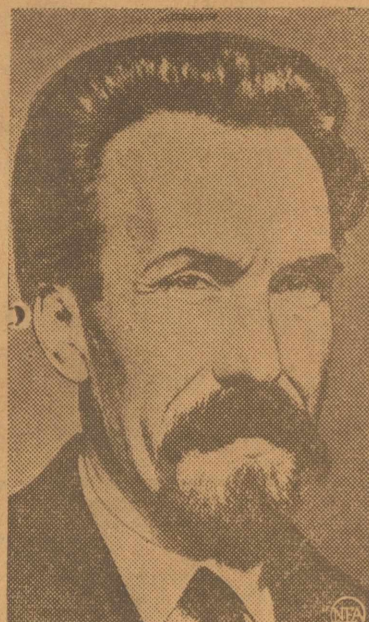

Rickman also admitted robbing and beating Hubert Dodd, a filling station attendant south of Greenville, and stealing an auto at Wolfe City Tuesday night.

Rickman, unarmed, was nabbed a short distance west of Durant. He had tossed his pistol into a puddle of water alongside the road, Neilson said Rickman told the officers.

High Soviet Leaders On Trial

Henry Yagoda

Alexei Rykov

Gregory F. Grinko

Nikolai Bukharin

Among 21 former leaders of the Soviet Union facing melodramatic charges of treasonably planning since 1918, the overthrow of the Communist regime, the four men shown above are outstanding. Alexei Rykov, Commissar of Communications, was once member of the first Council of People's Commissars. He, with Nikolai Zuharin, former official newspaper editor, ex-chief of the Political Bureau and colleague of Lenin, is accused of ambition to head a new government following planned assassination of Lenin, Stalin and Sverdlov, first Soviet President. Henry Yagoda, one-time head of the dreaded OGPU who sent many before death tribunals, later became Commissar for Posts, Telegraph and Radio. Gregory F. Grinko is former Commissar of Finance.

Staking Location Today For Southwestern Gains Wildcat

By FRANK GARDNER.

Location is being staked today for an interesting wildcat in southwestern Gaines county, the Eastland Oil Company No. 1 P. C. Dunbar. It will be drilled 330 feet out of the northwest corner of the southwest quarter of section 24, block A-12, public school land, to go to a depth of 5,000 feet unless production or sulphur water in the big line is encountered at a lesser depth. The test is about seven miles southeast of the Hobbs field of Lea county, N. M., and is only a mile from the New Mexico line. It is approximately three miles north of the old Louisiana No. 1 Ralph, a dry hole at 4,732 feet; five miles northwest of Elyvins & Sloan No. 1 Barber, a dry hole at 4,779; and about the same distance west by northwest of the Landreth No. 1 Alley, a failure at 4,801 feet.

The test is on a farmout of approximately 1,500 acres from Stanwood to Bill Hangan. Hangan sold spreads to Skelly, Cities Service, Tide Water and Eastland. Eastland will use its own tools to drill the well.

In northwestern Gaines, a mile and a half east of the south limits of the Wasson pool, Shell No. 1 Robertson had shown nothing as it drilled to 5,011 feet in brown lime. T. P. 5 Bennett Rates 1,480.

Potential of 1,480 barrels per day was assigned to T. P. No. 5 Bennett, in the Bennett pool of southeast Yoakum, after it flowed 365 barrels the last six hours of a 12-hour test. It made 442 barrels the first six. Flow was gauged through 7-inch casing after the well had been shot with 750 quarts from 5,065 to 5,277, the total depth.

Shell No. 1-C Baumgart, mile and

a half east extension of Yoakum's Denver field, is unloading hole after treatment with 5,000 gallons. It flowed 220 barrels in 23 hours on test through 2-inch tubing taken before acidizing. The well has been shot with 600 quarts from 4,810 to bottom at 5,018. Shell No. 1-D Baumgart, one-half mile to the northeast, is drilling below 3,250 in anhydrite and gypsum.

Magnolia No. 1 Webb, near Plains in Yoakum, is drilling at 1,500 in red rock.

Honolulu No. 1-51 Slaughter, southwest Hockley field well, was showing an odor of oil in samples while drilling lime at 4,850.

Jordan Spread East.
Extending the Jordan pool of southern Ector a half-mile east, Atlantic No. 1-B Utex (University of Texas) has been completed for flow of 309 barrels in six hours after shot with 640 quarts from 3,390 to 3,600, the total depth. It flowed 30 barrels the last hour of the six. The well is 900 feet from the north, 330 feet from the west line of the southwest quarter of section 6, block 35, University survey.

Rushwood No. 1-B Connell, west side outpost to the Penn pool of Ector, has been abandoned after production declined to zero. Originally, it was completed for initial rating of 472 barrels a day after shot with 400 quarts at 3,658. After production quit, it was unsuccessfully re-shot with 420 quarts.

Honolulu and Black Bros. No. 1-C Elliott F. Cowden, test on the southwest edge of Ector's Harper pool, is drilling below 4,217 in lime, carrying 4,000 feet of oil in the hole. It has been swabbing an average of 60 barrels daily.

GO TO SEAGRAVES.

Fred Wemple went to Seagraves today, accompanying Earl Harrison of Chicago on a business trip.

HERE FROM LOVINGTON.

Mr. and Mrs. Dick Lee were here yesterday from Lovington.

ATTENDED ROTARY.

Lester S. Grant and Mr. and Mrs. E. A. Crites were here yesterday from Crane. Messrs. Grant and Crites attended the Rotary luncheon.

BACK FROM DEL RIO.

Mrs. H. E. Lewellen and son, Rick, returned late Thursday from a visit with her daughter at Del Rio.

LATEST TYPE SHIP.

The latest army fighting plane has a liquid-cooled motor, enclosed cockpit, steerable tail wheel, air flaps, and landing gear retractable into the wings. The ship has a speed above 300 miles an hour, and is powered with a single engine.

CRANIUM CRACKERS

DURING a cross-country air race, Gerald Wilson, pilot of the Golden Arrow, was forced to the ground because of motor trouble. Wilson selected the most favorable appearing plot of ground below him and landed there.

Wilson's plane came down on pasture land owned by Harry Jones, but before it stopped it ran a short distance through the wheat field owned by George Brown. Both Jones and Brown sued Wilson for trespass.

IS WILSON LIABLE TO EITHER OF THEM?

Behind the Scenes in Washington

Editor's Note: The opinions expressed in this article are those of Mr. Dutcher, NEA-Reporter-Telegram Washington correspondent, and are not to be construed as expressing the editorial policy of The Reporter-Telegram.

WASHINGTON, March 5. — The RFC now has \$1,500,000,000 to lend, but would-be borrowers may have to cross a picket line to get it. Representatives of members of a tunnelers' union on strike at the San Jacinto Tunnel in California promise to picket Chairman Jesse Jones if he doesn't heed their plea that he bring pressure to make the Metropolitan Water District of Southern California recognize collective bargaining principles.

The district has received \$150,000,000 in funds for the Colorado river Adueduct and has spent about \$50,000 for "deputy sheriffs and guns, tear gas and other materials with which to equip these union-breaking guards," according to 14 California congressmen who have asked Jones whether this is government money which is being used to further anti-labor policies such as the administration opposes.

About 1200 tunnelers went on strike six months ago after union leaders had been fired. Subsequent shootings and gasings have caused many casualties. Senator Robert F. Wagner of New York, motivated largely by the tactics of the Metropolitan Water District's board of directors, has introduced a bill which would require all recipients of federal loans, grants or contracts to obey the National Labor Relations Act.

"Madman With a Mission." CODE cables to the State Department reveal that Chancellor

Schuschnig of Austria returned to Vienna in a state of nervous collapse after his session with Hitler in which the Fuehrer forced him to agree to Nazi domination of his country.

"The Austrian chancellor, in one private conversation, is reported to have referred to Hitler as 'a madman—a madman with a mission.'"

South Criticizes Filibuster. CURIOUSLY enough, most of the really bitter criticism of southern senators participating in the anti-lynching bill filibuster has come from the South. Northern senators and newspapers have been relatively mild in comment.

"The southern senators are making such spectacles of themselves that the disgust over their antics is in some measure tempered by amusement," reported the Richmond Times-Dispatch.

"Other measures are being ditched while certain southern senators conduct themselves like asses braying at the moon," said the Montgomery (Ala.) Advertiser.

"The Senate filibuster against the anti-lynching bill is still in progress, with Senator Bilbo and others making jackasses out of themselves," commented the Athenian of Athens, Tenn.

"Nerts" From Charlotte. "THE burden of his (Senator Ellender's) argument seems to be that the passage of the anti-lynching bill will at once bring on wholesale legalized miscegenation in Dix-

THIS MAN WANTS TO DIE—

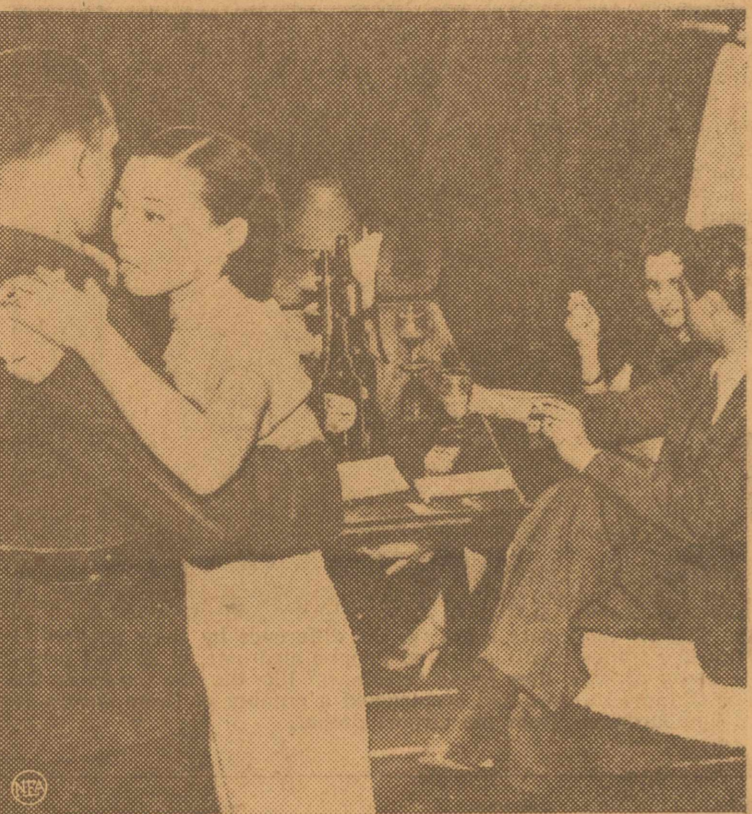

But Medical Ethics Holds He Must Wait for Death

Earl D. Darling, Liverpool, N. Y., has endured 50 agonizing heart attacks. His condition is believed incurable. He thinks physicians should terminate the hopeless prospect he faces at 59.

What Do You Think?

Night Life Returns to Shanghai

With most of the Japanese military having departed in search of new areas to conquer, Shanghai's famed night life is again in full swing and scenes such as the above are common. Bar keepers and taxi dancers report business even better than before the coming of the Japanese, thanks to the presence of many foreign marines, sailors and soldiers with wages to spend. This photo was taken after comparative quiet was restored to the war-torn city.

le—to which we are moved immediately to retort "Nerts!" protested the Charlotte (N. C.) News.

By no means all southern criticisms of the filibuster signified approval of the bill. Northern Republicans insisted to the last on dooming the bill. Minority Leader Charles L. McNary, voting against a cloture motion which would have forced a vote with the assertion that he was supporting "free speech," was revealed to have voted for cloture on nine previous occasions.

Sober Statesmen. RADIO stations often receive complaints from listeners who allege that this or that statesman speaking from Washington was "obviously drunk." But it isn't true. Some of the big shots are just naturally mush-mouthed or nervous.

Officials of broadcasting chains admit quite a few senators and other officials take a snort or two of preliminary fortification to combat radio jitters, but recall none who arrived at the station snozzled since the death of a certain celebrated senator whose name need not be mentioned.

700 Concrete Tanks Built by Mertztonite

MERTZTON, Texas (AP). — Albert Ledenham of Mertzton, resident of this section 20 years, would be world champion concrete tank builder if class rating went with the job. He has built them east to Waco, west to New Mexico, south to Uvalde and north to Midland. In all he constructed 700.

Ledenham came to this section from Waco. Ranchmen then had little faith in concrete tanks as it was generally believed they would crack and crumble. At the same time their wooden tanks often leaked and the staves would rust out and the sides give way.

Finally J. D. Sugg, then operating a 400-section ranch, gave Ledenham his chance. Ledenham used his own money to build the tank on the Sugg ranch and let it stand for six months before collecting payment. The tank is still in use. Tank sizes vary but the standard is 40 feet in diameter and eight feet high. During the summer Ledenham keeps ten men employed in tank building and three trucks busy hauling material.

Banana Fiber Is to Be Exploited Soon

WESLACO, Texas (AP). — Banana fiber may become a commercial asset if a chance discovery of J. L. Heid, chemist in charge of the federal citrus by-products laboratory here, can be turned to industrial use.

Heid idly broke a banana stalk recently. In pulling the pieces apart he noticed the sap stretched out in long strings. After exposure to the air the strings of sap toughened and became much stronger. By further experimenting Heid discovered the sap showed the toughening charac-

STORIES IN STAMPS

Stamp of Victory

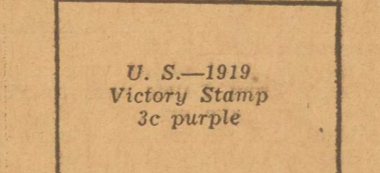

TWENTY years ago, Nov. 11, 1918, plenipotentiaries of the Allied Powers assembled in a railway car in the French woods to terminate the World War. That was the Armistice which stilled the great guns.

Almost immediately negotiations were begun leading to the formal peace treaty of Versailles. The treaty was signed on the afternoon of Saturday, June 28, the next year, on the fifth anniversary of the assassination of Archduke Francis Ferdinand, it was Ferdinand's assassination by a young Serb at Sarajevo which had precipitated the war.

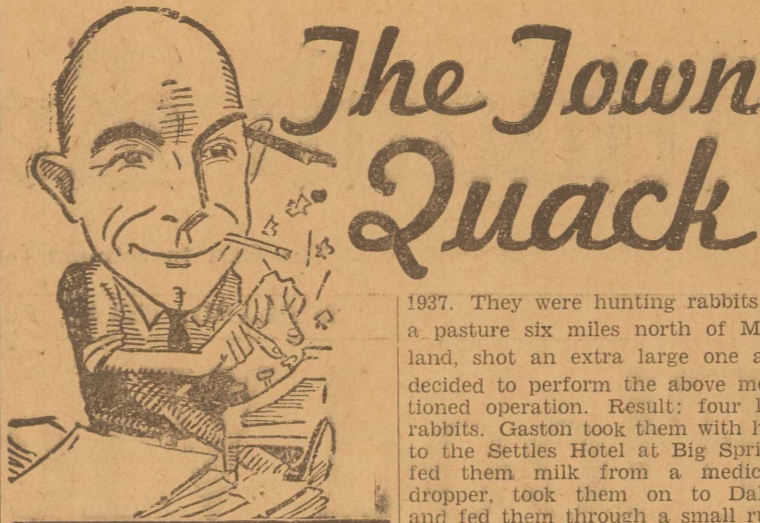

The treaty scene was the famous Hall of Mirrors in the palace of Versailles. The signing was a simple and businesslike affair. At 3 o'clock the representatives of the Allied Powers were in their seats, the session was opened. The two German plenipotentiaries were then admitted in silence, without recognition or rising. They signed the historic document first, followed by President Wilson for the United States, since the French name (Etats-Unis d'Amerique) came first alphabetically. The German delegates were dismissed by a side door when the signing was complete.

But in America, the winning of the war had been marked officially even earlier. A special victory stamp was issued on March 3, 1919. It bore the figure of Liberty helmeted. Back of the figure appeared the American flag, draped on the left and right by the British, Belgian, Italian and French flags.

(Copyright, 1938, NEA Service, Inc.)

teristic only when the banana tree is blooming and when its fruit is in the early stages of development.

An Associated Press dispatch in Wednesday's Dallas News told of a Caesarean born jack rabbit up at Denver which is living on a bottle. The rabbit was delivered six minutes after its mother was shot to death. The curator of the Colorado Museum pronounced it as probably the first rabbit ever to have had benefit of Caesarean birth.

But along comes a letter from Tom O. Gaston, Firestone factory representative of the Dallas district, who says he and Marshall Crawford, Midland Firestone manager, pulled a job of that sort March 10.

Two Sphinx Moths Owned by Student

DALLAS (AP).—Forty per cent of the known world supply of Sphinx moths is owned by Avery Freeman, graduate student of biology at Southern Methodist university but feeding them is no burden.

Freeman possesses two of the five known to exist, two others are in the British museum and the fifth is in the United States National museum.

The S. M. U. student captured his specimens near Little Rock, Ark., and they were identified by J. F. G. Clarke of the United States National museum at Washington. Little is known of the food habits and the ecological distribution of this species as few of them have ever been seen.

Strings of a modern piano are under a tension of from 60 to 180 pounds per string. The total tension exerts an inward pull of a half ton on the frame of the piano.

that might be interpreted as a cartoon. I should think you only difficulty would be in trying to choose from the many adjectives that flock to your mind.

Can it be that you are not appreciative of the delightful climate which this region affords? To be sure I have the advantage of being able to regard the charms of your vicinity objectively since I am not a resident, but only a sojourner for a season. But I should think that even a pioneer would not be unaware of the rare climate with which you are blessed. (Let us hope the past weeks are not an exception.)

If you could but find time for a lengthy walk some day, preferably just after a spring shower, I am quite sure you could return to your desk bubbling with phrases that would put a Californian to shame, and cause vacationists to defer that long planned trip to Bermuda to investigate the charms of Midland. If you haven't tried this, do. You will find yourself tripping and lolling in a way that would make even John Barrymore ambitious. You will discover virtues of your section which you didn't know existed, and be moved to exclaim like the old

woman of Mother Goose fame. "Lawd a mercy on us, can this be West Texas?"

Now, Mr. Quack, this is only one of many suggestions for your inspiration. If you were a woman, I should suggest the age-old but infallible remedy of a new spring hat, but unfortunately you are denied the lift of spirit that only the wearer of a new spring bonnet can know. So I'll have to leave you with the one tip and if it proves helpful, perhaps I can come to your rescue with others. Sympathetically, SUZY. (A hint to the wise.)

And then Suzy did the expected thing and added a P. S., as follows: Rhetoricians condemn the use of high-sounding phrases and flowery speeches in general, but I never could resist embellishing my compositions with fancy phrases. How would people ever guess I knew them if I didn't use them? Besides, they are excellent as space fillers for those who need them. (A hint to the wise.)

If she only hadn't taken that last crack!

Third Annual Style Show of Episcopal Auxiliary Declared Success

Large Crowd Views Models of Latest Fashions Displayed by Seven Firms in Crystal Ballroom and on Mezzanine

Hailed as a financial success by officers of the auxiliary, the third annual style show of the Episcopal auxiliary was presented in the Hotel Scharbauer Thursday evening, before a crowd of several hundred persons.

Mrs. E. H. Ellison made the introductory remarks and presented J. T. Smith, who announced the models in the evening's style parade. Wallace Wimberly presented as the opening number for the evening a piano solo, "Polichinello" by Rachmaninoff.

Presentation of the models was made in seven separate shows, each of the Midland firms participating staging its own group of fashion displays.

Models were announced as they entered the Crystal ballroom, promenade, its length, and then traversed the mezzanine where chairs were placed for accommodation of spectators unable to find seats in the ballroom.

Music for the first shows was presented by Miss Geraldine Dabney and for the concluding shows by Miss Frances Gillett at the piano.

Displays of the various firms in the order in which they were given, with names of models and styles exhibited follows:

Everybody's: Julianan Cowden modeling slacks; Mrs. Adelle Abell, a sports outfit; Mrs. Thomas Lee Speed, sports outfit; Mrs. Jack Graves, dressy sports outfit; Miss Margaret Miles, suit; Mrs. Dick Cowden, suit; Mrs. Lee Hays, tailored dress; Mrs. M. F. Turner, afternoon frock; Miss Ellen Pearson, afternoon frock; Mrs. R. W. Myer, evening dress; Barbara Jean Harper, evening dress.

Gwen's Shop: Miss Beverly Chambers, slacks; Mrs. Robert Muldrow, morning dress; Mrs. Watson LaFore, linen suit; Mrs. Geo. McEntire, suit; Miss Hovey Jenkins, suit; Mrs. Jas. Fitz Gerald, street dress; Miss Leta Legg, afternoon dress; Mrs. W. B. Harkrider, afternoon dress; Mrs. Dalas Dale, dinner dress; Mrs. Barron Kidd, slacks; Mrs. E. H. Ellison, evening dress; Miss Beverly Chambers, evening dress.

Accompanied by Mrs. W. J. Coleman at the piano, Mrs. Tom Sealy presented a violin number, "My Serenata", by Branga, at the close of the second showing.

Ladies' Salon; Kathryn Jane Tanner, tennis slacks; Miss Bea Neill, slacks; Jeanne Davis, 3-piece slacks; Mrs. Cary P. Butcher, two-piece linen dress; Mrs. Don Sivalls, hand-blocked linen dress; Mrs. F. Gardner, costume suit; Miss Bea Neill, 3-piece suit; Mrs. Edward Culbertson, dressy sports suit; Mrs. A. E. Cather, sports dress; Miss Allene Kaderli, afternoon dress; Mrs. Cary P. Butcher, cape suit; Fredda Fae Turner, sports suit; Jeanne Davis, evening dress; Mrs. Frank

Gardner, evening dress; Mrs. Edward Culbertson, evening gown; Miss Allene Kaderli, Fredda Fae Turner, evening dress.

Popular Store: Miss Charlotte Parrott, two-piece dress; Miss Jeannette Hays, street dress; Mrs. H. C. Hannaford, suit; Mrs. Helen Marfield, afternoon dress; Mrs. Rogers, slacks suit; Mrs. Edith Shatnit, evening gown.

A piano solo, "The Fire Dance" by a Mexican composer, was presented by Miss Frances Gillett following the fourth showing.

J. C. Smith Company: Eddy Gene Cole and Helen Droppelman, modeling slacks; Mrs. J. H. Hammonds, dress and coat; Miss Ila Mae Coleman, three-piece cape suit; Miss Mary Kendall, 2-piece dressy suit; Miss Mydine Hagler, three-piece suit; Mrs. Juanita Dorsey, street dress; Mrs. J. B. Kelly, dress and coat; Granada Saye, evening dress; Miss Gladys Pinson, evening gown; Miss Norene Kirby, evening gown; Miss Ila Mae Coleman, evening gown; Helen Droppelman, print dress and coat; Eddy Gene Cole, bolero dress.

Addison Wadley Company: Mrs. Alf Reese, three-piece slacks suit; Mrs. Ira Pratt, Donjenu bolero dress; Mrs. Bernard T. Westermann, bolero spectator sports frock; Miss Margaret Miles, silk linen sports dress; Mrs. Thomas Lee Speed, all-occasion frock; Miss Leta Legg, afternoon dress; Mrs. Charles Stewart, afternoon dress; Jessa Lynn Tuttle, party frock for evening wear; Miss Hovey Jenkins, evening dress.

Wilson's: Mrs. Norman Woody, linen dress; Miss Lavonia Boone, sports suit; Miss Frances Mahoney, afternoon cape dress; Mrs. Howard Walters, afternoon dress; Mrs. Richard Gile, evening gown.

The announcer expressed on behalf of the Episcopal auxiliary, thanks to the audience which received all models well, thanks to the firms cooperating, and to the models appearing for their services.

Corsages were of models from the Midland Floral company.

Mrs. John P. Butler, president of the Episcopal auxiliary, today expressed thanks to the following firms and individuals who assisted in the show and to any others aiding, whose names are not included: Mr. Smith for his services as announcer, the musicians, Hotel Scharbauer, Midland Floral company, station KRLH, A. and L. Housing, Country club, Phillips Electric, Newman Ellis, Barrow's, The Reporter-Telegram, Junior high art class, merchants cooperating, Piggly Wiggly, coffee shop, and Hotel pharmacy.

Needlecraft Club Meets Thursday

Mrs. Alvin Johnson was hostess to the Needlecraft club in its weekly meeting Thursday at her home, 103 South L street.

Member devoted the afternoon to various needle work projects.

At the close of the sewing hour, a refreshment course was served to: Mmes. Robert Cox, Ross Jeffers, Tyson Seary, Buddy Tanner, Weldon Worden, A. W. Wyatt, and the hostess.

Rose Bushes Donated Reach Total of 436

Additional donations of rose bushes to be used in beautifying the city parks had been received, bringing the total of bushes donated to 436. Miss Marguerite Hester has announced.

Citizens who have donated bushes but have not sent in their money are requested to do so at once, Miss Hester said, in order that the plants may be ordered immediately.

Contributions will be received either by Miss Hester at the county library or by Miss Elma Graves at the post office.

Recent donations have been made by Mrs. Wilson Bryant, Mrs. Tom Sealy Jr., Mrs. E. H. Ellison, Mrs. T. Potter, and the Modern Study club.

Backs II Duce in Peace Move

Given major credit in London for bringing Italy and Great Britain near a truce was Lady Ivy Chamberlain, above, sister-in-law of the British prime minister and widow of the late Sir Austen Chamberlain. Lady Chamberlain, a close friend of Mussolini, was believed responsible for the recent exchange of letters between Il Duce and Prime Minister Neville Chamberlain.

MIND Your MANNERS

1. How should a woman introduce her daughter-in-law to another woman?
2. How might a woman introduce her husband's unmarried sister?
3. How might a woman introduce her mother-in-law to another woman?
4. Should one introduce a person as "my friend"?
5. Which of the two introductions, "Mr. Jones, meet Mr. Smith" or "Mr. Jones, I'd like you to meet Mr. Smith" is correct?

What would you do if—
You are a woman introducing your father-in-law—
(a) "This is Mr. James?"
(b) "This is my father-in-law?"
(c) "This is Burt's father?"

Surcease from Worrying Behind Profitable Work

MINNEAPOLIS (UP).—Mrs. Jesperson lost her job during the last depression, and so she put her idle hands to work pounding, punching and polishing pewter into trinkets.

She did it principally to keep herself from worrying, she said, but now her business has grown until orders from a Fifth Avenue art shop in New York keep her busy all of the time.

On one side of her laundry in the basement, Mrs. Jesperson set up a little workshop. She started out with knowledge of pewter work gained at vocational school, two nails and a mallet—plus a lot of energy.

Iowa Youth Collects 150,000 Bottle Caps

CHARLES CITY, Ia. (UP).—Fourteen-year-old Billy Smith's collection of 150,000 bottle caps is so large that his parents, Mr. and Mrs. C. C. Smith, have had to turn over their double garage to him.

Billy has at least 1,000 varieties of caps in his unusual collection, classified in some 1,500 boxes.

Bottle caps from virtually every state in the union are included in the collection. There also are specimens from Mexico, Canada, Bermuda and Ireland.

Since his father is a Rotarian, Billy wrote Rotary President J. A. Cunningham of Cork, Ireland, asking for additions to his collection.

Cunningham responded with an assortment of caps and clippings of stories which he had given two London newspapers about Billy's hobby.

Friendly Builders Class Has Social At McKee Home

Friendly builders class of the Methodist church held its regular social meeting at the home of Mrs. A. F. McKee, 603 North D street, Thursday afternoon, with Mrs. Roy McKee and Mrs. T. D. Mize as co-hostesses.

During a short business session, report was presented on 49 visits made and several trays and bouquets of flowers taken to the sick.

Mrs. E. V. Guffey led the devotional and offered prayer. The social hour was spent in conversation.

Refreshments were served to: Mmes. C. E. Nolan, D. E. Holster, H. C. Cloninger, P. P. Barber, G. A. Lamb, J. Fred Barber, J. L. Barber, Everett Klebold, Stacy Allen, Luther Tidwell, J. H. Smith, N. G. Oates, W. F. Prothro, Guffey, A. W. Lester, E. J. Voliva, J. H. Rhoden, and the hostesses.

\$50,000 loan borrowed three years ago.

The trust was formed by the workers to purchase the closed Corbin Shoe company plant.

Home Art Club Presents Program, "Flower Gardening"

Reflecting the natural trend of women's taste during these early spring days, Home Art club presented a program on "Flower Gardening" at its meeting with Mrs. John B. Mills, 912 W. Kentucky, Thursday afternoon.

Mrs. John Drummond, club president, spoke on "Snapdragons."

Mrs. M. D. Cox discussed the "Rose Garden."

Concluding the talks, Mrs. Iris N. Bounds told of the new zinnia under the title, "A Cinderella Flower Emerges."

Miss Pauline McMurray read "The Planter's Charm" as a special number.

Needlework occupied the remainder of the afternoon.

A party plate was served at the tea hour to: Guests, Mrs. W. E. Hogsett and Miss McMurray; members, Mmes. Guy Greneman, Max Engle, H. L. Albrecht, Drummond, B. C. Girdley, Cox, N. W. Bigham, Bounds, Lester Short, Julia Filson, B. W. Reecer, and the hostess.

Green and Gold Favored in 1928 Club Bridge Party

Employing a St. Patrick's Day theme in green and gold, Mrs. John B. Thomas was hostess to the 1928 club and a group of guests at her home in the Thomas building Thursday afternoon.

Gladioluses were party flowers. Green and gold tallies were used in the bridge games in which prize packages in the two colors were presented as awards to Mrs. C. M. Goldsmith for high score among club members, to Mrs. Johnson Phillips for second high, and to Mrs. John Dublin for high guest.

Playing guests were: Mmes. Chas. Brown, Elliott H. Barron, R. C. Conkling, Dublin, J. M. Devereux, Allan Hargrave, and Frank Williamson.

A party plate in green and gold was served at the conclusion of play to guests and the following club members: Mmes. J. M. Caldwell, Frank Cowden, Jas. Fitz Gerald, Goldsmith, Roy Parks, Phillips, Clarence Scharbauer, William Simpson, M. C. Ulmer, and the hostess.

Mrs. Irwin Hostess To Bridge-Luncheon For Twelve-ite Club

Baskets of yellow ranunculus brought spring brightness to entertaining rooms when Mrs. Wallace Irwin complimented the Twelve-ite club with a bridge luncheon at her home, 215 W. Tennessee, Thursday afternoon, at one o'clock.

Following the luncheon service, three tables of bridge were played.

Guests taking part were Mrs. Don Davis and Mrs. A. Knickerbocker. Club members present were: Mmes. J. D. Dillard, R. I. Dickey, Hall Edwards, W. B. Harkrider, Sidney Iversen, W. P. Knight, Harry Prickett, Dudley Wood, Frank Fulk, and the hostess.

Spaghetti Supper Will Be Saturday

Members of the Woman's Golf Association and their husbands will be entertained with a spaghetti supper at the Country Club Saturday evening at 7 o'clock.

Following supper will be dancing and games. Club members are invited to attend.

Tickets for the affair at 50 cents a plate, may be purchased from any member of the Women's Golf Association or at the door.

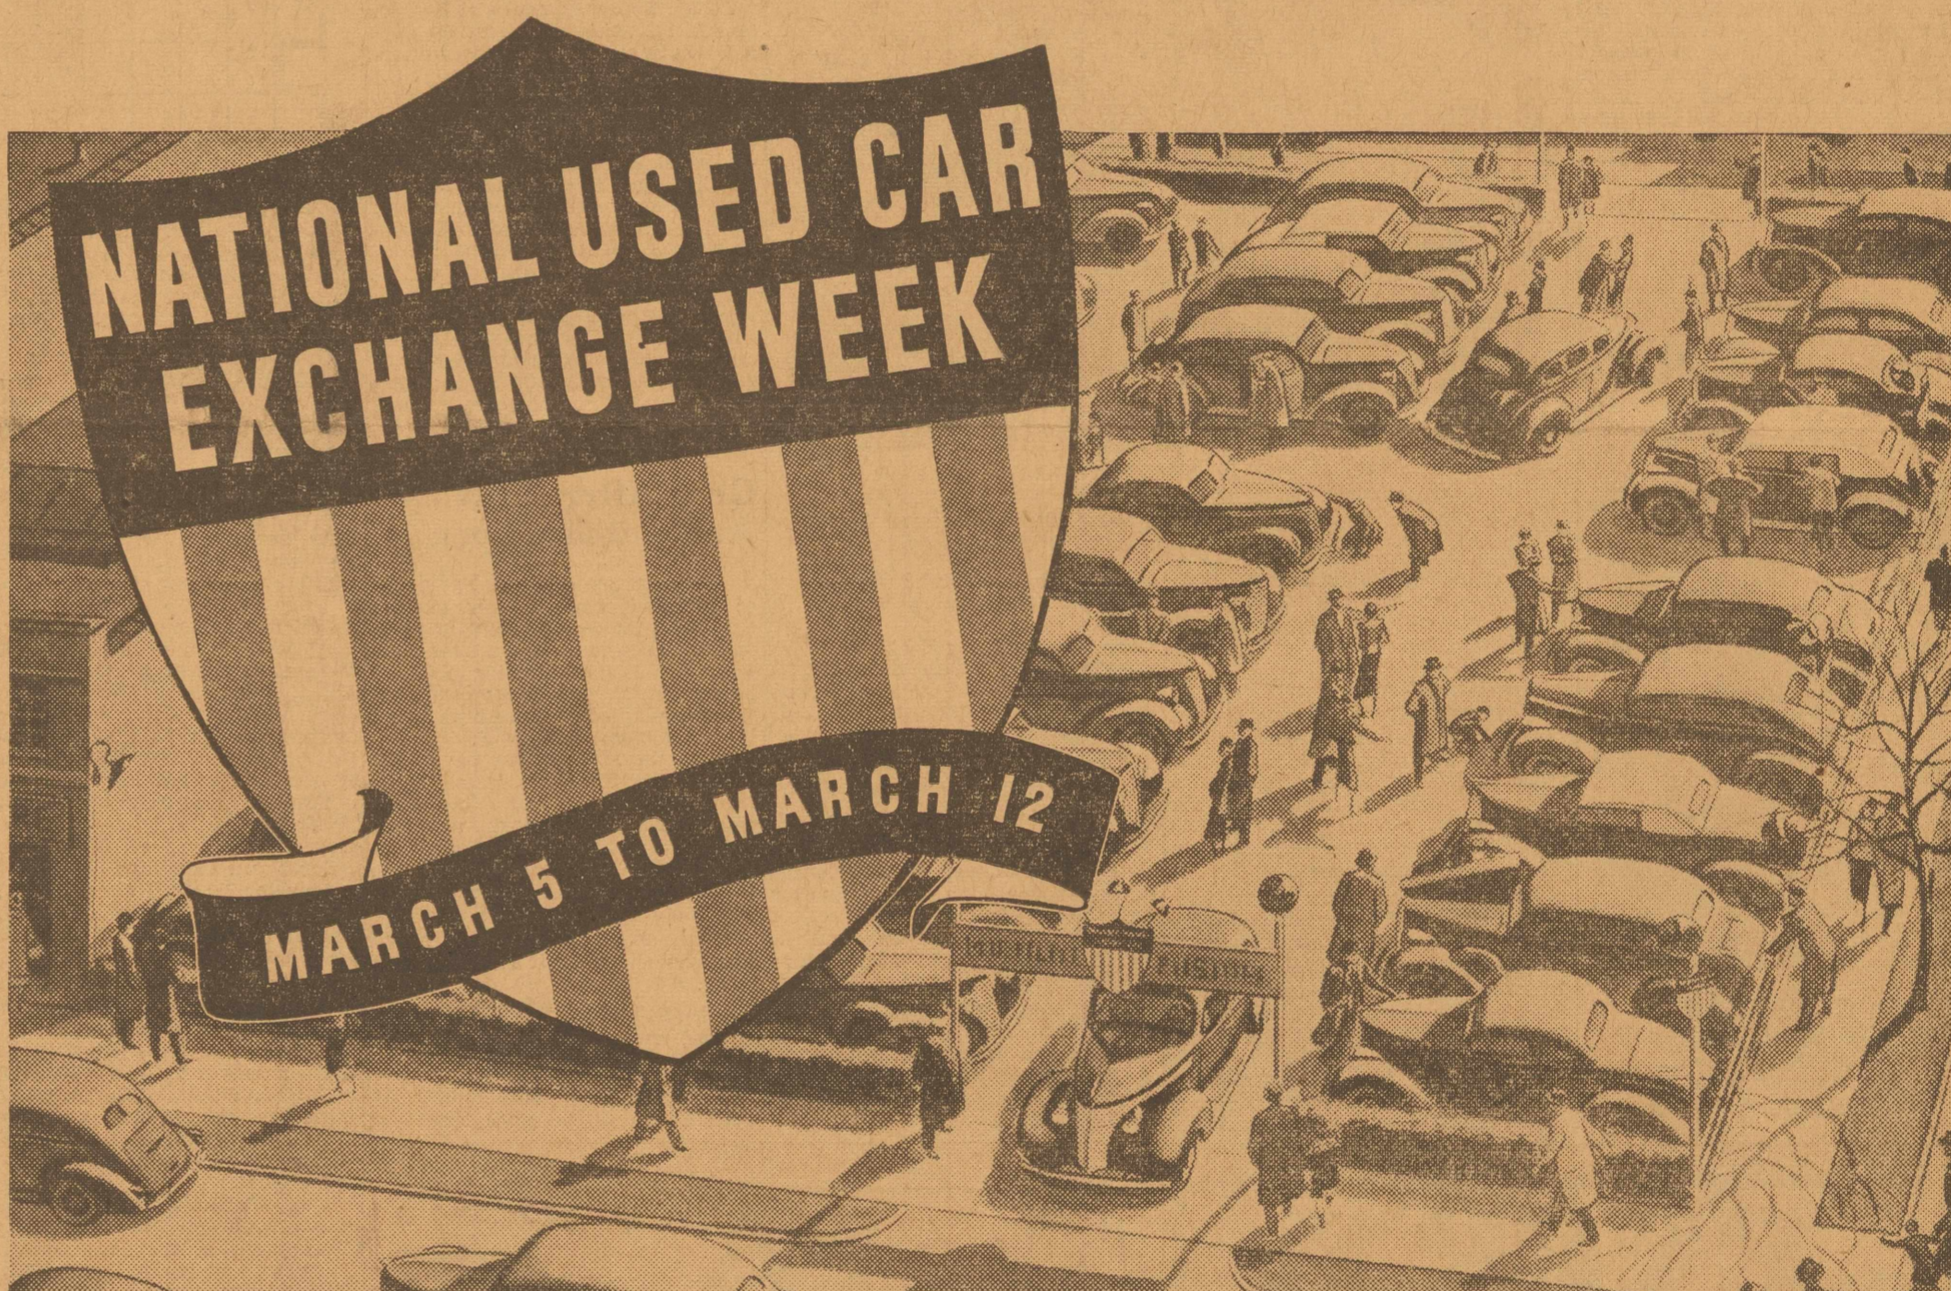

Identification Jewelry

You can't get lost these days if you wear one of the new gold link bracelets with a huge gold disc on which your name and address is inscribed in your own handwriting dangling from the bracelet.

USE SANITARY BLOCS!

Amazingly new, scientific, powerful sanitary device. Needed in every home. Toilet bowls kept clean and sanitary. Kills repulsive odors. Quick death to moths. Contains Paradichlorobenzene which is approved in Good Housekeeping and U. S. Dept. of Agriculture as moth killer. Now available for few cents through Methodist W. M. S. Phone 1174-W or 1022-J.

THIS SATURDAY—OR ANY DAY NEXT WEEK—GO TO ANY DEALER DISPLAYING THIS SIGN

BRING IN YOUR OLD CAR DRIVE OUT A BETTER CAR EASY TERMS

This Saturday morning begins a nationwide event which this country has never seen before. Thousands of used cars—many of them modern cars with the advanced features the industry has developed in the last few years—go on sale at prices far below those of several months ago. Never has there been a national, co-operative movement like this to make better, more modern transportation available to so many people!

This National Used Car Exchange Week comes at just the right time for used car buyers. The season—the prices and the values are all in your favor. This

is the week to bring in your old car and drive out a better car.

A great many 1937, '36 and '35 cars are included in this nation-wide sale. Cars have improved greatly in the last few years. If yours is older, you'll find it a real thrill to drive a car with modern style—bigger, roomier body—luggage space—safety brakes—bigger tires—smoother, more powerful engine—better gas mileage. Many of the dealers are offering their best cars with the finest kind of guarantees. If you are driving

an old, unreliable car—one that nags you with repair bills and threatens your safety every time you take it out—this is your great chance to own a safer, more modern car.

Your present car may cover the down-payment, and you can pay the balance on easy terms. If you have no car to trade you can still take advantage of the low down-payments and easy terms during this sale. Go early!—before the best bargains are snapped up. Don't let National Used Car Exchange Week pass without seizing your great opportunity to DRIVE A BETTER CAR!

POMPOON PICKED TO BEAT SEABISCUIT IN \$100,000 RACE

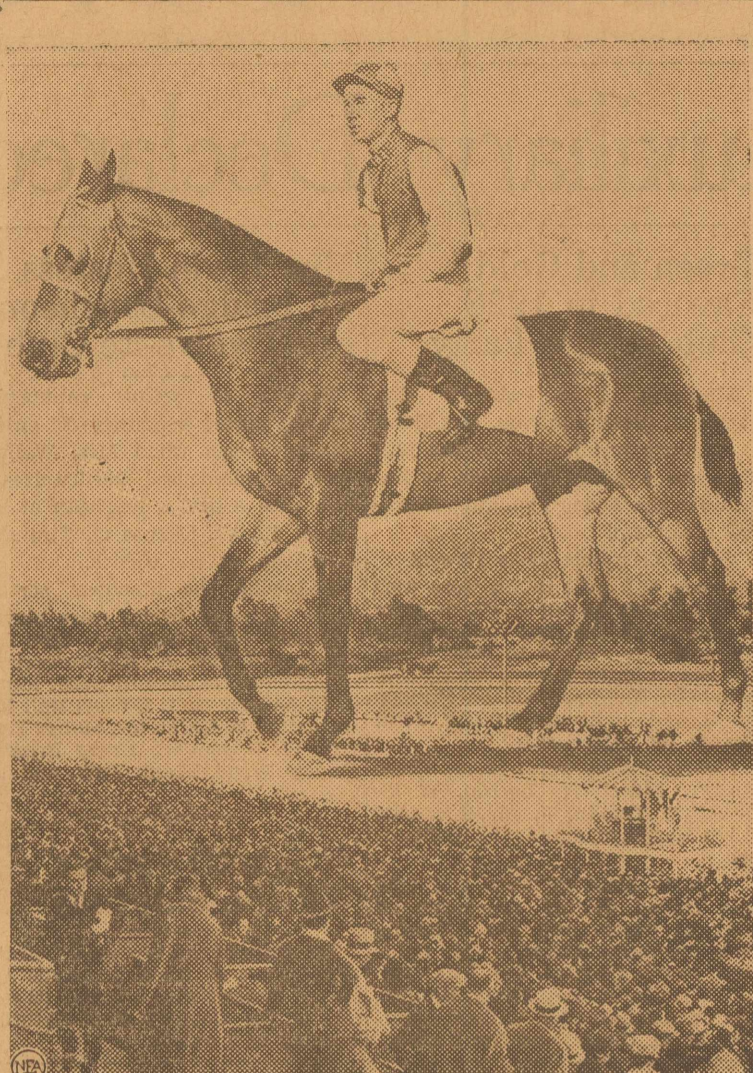

BY MAX RIDDLE.
NEA Service Turf Writer.

SANTA ANITA Race Track, Arcadia, Calif., March 2. — Pompoon should win the \$100,000 added Santa Anita Handicap, March 5.

Seabiscuit, one of the grandest horses in many years is apt to find the jinx that robbed him of last year's victory still on his withers. Scenshifter should take third money.

Seabiscuit and Pompoon would rate mightily close in my book, with the nod going to the former, provided the two were at even weights. But Seabiscuit has 130 pounds up, while Pompoon has 10 pounds less to carry.

You can't take it away from Seabiscuit as a race horse. He has car-

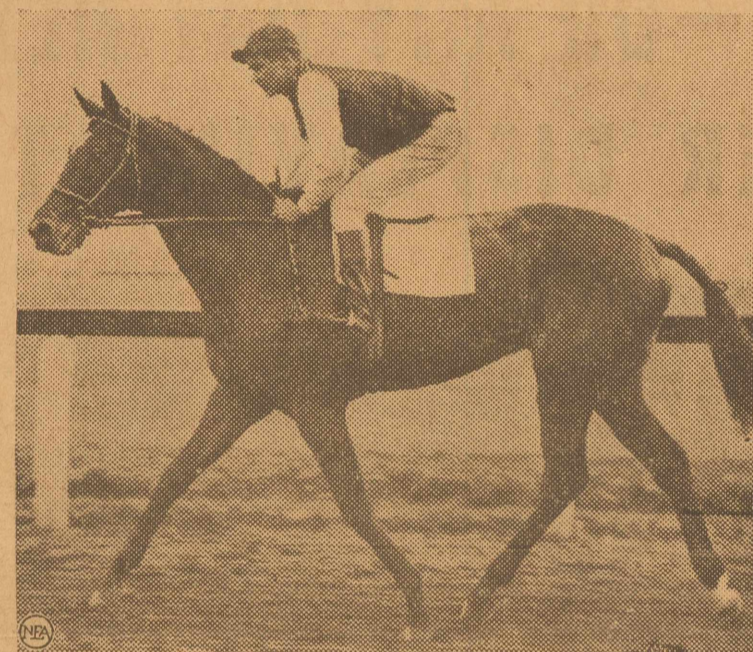

Seabiscuit and a crowd and track view of gorgeous Santa Anita.

Scenshifter

ried 130 pounds and broken track records. But Pompoon would have been a champion last year but for the presence of War Admiral. And the question is: Can Seabiscuit give that sort of horse 10 pounds? Santa Anita is rife with rumors that Pompoon is laid up. These are the sort of stories that pre-

Pompoon

Only War Admiral kept Pompoon, above, from being the 3-year-old champion in 1937, and he isn't in the Santa Anita.

code every race. If he is lame, then of course, all bets are off and Seabiscuit, the 1937 handicap champion, should get the nod.

Scenshifter Dark Horse.

SCENSHIFTER is a sort of a dark horse in this race, albeit he will get a heavy play. Seabiscuit must spot him 18 pounds and this seems almost impossible, considering the fact that the horse trained by Earle Sande is not only in perfect shape but one of blazing speed.

However, you cannot overlook sheer class, and Pompoon and Seabiscuit have that to spare.

It will be interesting to note whether the pacemaking sprinters will be able to extend Pompoon and Seabiscuit enough to let Scenshifter come through.

One of the keen disappointments of the Santa Anita season has been the failure of the South American horses to live up to their early

form. Armo Brujo and Sabueso seem definitely out-classed.

Over The Top Long Shot.

ALTHOUGH Ligarotti has shown speed and courage, he doesn't appear up to matching the speed of the three top American horses.

There is one long, long shot in the field which may merit attention. He is Over The Top, a Man o' War which has been showing steady improvement. The longer distance of a mile and a quarter may help him. His best effort might bring him to fourth, with a chance to get into the betters' pay-off.

Still, this department has to stick to the class horses, and considering the weight and distance, we have to rate them in this order—Pompoon, Seabiscuit, and Scenshifter.

Track Prospects of Aggies Mediocre

COLLEGE STATION, Texas. — Mediocrity in the sprints and hurdles and only fair strength in the other events are the prospect facing Coach Dough Rollin's Texas Aggie track and field team as it prepares to open one of its fullest schedules of recent years. The Cadets will enter seven events in the annual Border Olympics at Laredo Friday night, March 4.

Thirteen lettermen are available for the Aggie team, but only seven have won points in a Southwestern Conference meet and none of them has been a first place winner in that competition.

Hoping to gain strength in the hurdles, Coach Rollin has switched Dick Todd, letterman from Crowell, from the sprints to the barriers. The return of A. C. Decker, of Grow, 1936 letterman who was not in school the past year, has made a valuable addition to the sprints corps. Decker placed second in the 1936 conference 440 after having won a number of first places in the sprints earlier in the year.

Brightest prospects among the newcomers to the varsity probably are Ralph Moser, of Stephenville, and John McLean of Brady. Moser, a transfer from John Tarleton Agricultural College, is a quarter-mile, McLean a sophomore, runs either the quarter-mile or half-mile. Both also are relay performers.

Dick Vitek, Granger, a sprinter, and Henry Dittman, Goose Creek, a quarter-miler, are co-captains. Other lettermen include the following: Curtis Maynard, Pearl, high jumper; Ken Mills, Groesbeck, broad jumper; Bruno Schroeder, Lockhart, shot putter and discus thrower; Marion Shields, Neches, and Toff Sikes, Leonard, pole vaulters; Claud Strother, Port Arthur, two miler; Harvey Storms, San Marcos, quarter miler; Roy Young, Port Arthur, shot putter; and Frank Clout, Rocksprings, who lettered in the javelin in 1935 and who was a squadman the past year.

The Aggies' schedule will be as follows:

Today, Border Olympics at Laredo, March 12, triangular meet at College Station with Sam Houston S. T. C. and Southwest Texas S. T. C.; March 19, Southwestern Exposition meet at Fort Worth; March 26, dual meet at Austin with University of Texas; April 2, Texas Relays at Austin; April 9, dual meet at College Station with Rice Institute; April 16, triangular meet at College Station with Abilene Christian and Howard Payne; April 30, Quadrangular meet at College Station with Southern Methodist, Texas Christian and Baylor; May 5, triangular meet at Houston with Rice and the University of Texas; May 13-14, Southwest Conference meet at Dallas.

Goes After Fish And Catches Loon

GALVESTON (AP).—M. P. Wilder of Houston wrote a new chapter into the voluminous record of freak angling when he snared a loon while fishing in 20 feet of water in Offatts bayou here in the presence of 75-spectator-filled automobiles that lined the nearby roadway.

From the first furious tug at the light tackle until the "catch" fluttered out of the water the fight was exciting. The loon, a diving waterbird, was hooked when it snapped up Wilder's live shrimp bait. Another hook pierced a webbed foot.

When about 30 feet from shore, the loon shook itself free and flew away.

County Commissioner Gus Butterow, reporting the story, said "it was one for the books. Twenty feet of water is pretty deep for even a loon to be inhabiting."

PUFF! PUFF!

Even umpires are subjected to the rigors of spring training. George Magerkurth, National League arbirer from Moline, Ill., is shown getting in some roadwork at Black Hawk State Park, in an effort to get his weight down to 200 pounds. He scaled 232 when this picture was taken.

Smith County Will Pay Up Debts Soon

TYLER (AP).—Officials expect Smith county to be free of debt before the East Texas oil field is depleted if the present rate of re-irement of bonded indebtedness is maintained, and the practice of paying cash for all purchases and refusing to issue warrants of any kind is continued. The commissioners court recently adopted this policy.

Smith is probably the only county affected by oil development which did not issue a large number of warrants and vote many bond issues during the boom. This county has been using the increase in taxes for paying off its indebtedness and, despite a reduction of 10 cents in the rate in 1937, paid \$127,695.21 on its indebtedness. This cut the total county debt to \$634,400.33, according to the annual report of County Auditor A. P. Prestwood.

Bond underwriters consider this county one of the strongest financially in the state. The tax rate has been cut 60 cents since 1919, although the county has paid more than \$100,000 in assisting the federal and state governments in remodeling and modernizing state highways.

Horse Dies of Heart Failure.

LORAIN, O. (UP).—Dolly, a big bay horse, served 15 years in the shafts of a dairy wagon, surviving uninjured a freight train collision which demolished the wagon she pulled. She died in the traces of heart failure.

Clarendon Rancher To Stock Bob Whites

CLARENDON (AP).—One hundred and seventy-five bob whites whistled a chorus when seven crates of the birds were unloaded here recently.

Sportsmen and bird dogs were attracted by their calls. The quail arrived in the season's worst blizzard and were delivered to Howell Smith, manager of the Chenault ranch for distribution over the Big Spread, a wild game preserve.

Smith said the birds would not be released until the deep snow melted.

the team, not only because we like the name better, but because we know he would use the box seat and Cotter wouldn't. Cotter will spend as much time in the dugout with the players as the umpires will let him.

From all reports, all Fincher Withers is going to be able to tell about the boys at Riverside he went to see whether or not they are good swimmers. Ten inches of rain in the California town should have made the ball park look just about like Lake Sweetwater. Withers is probably wondering where that famous California sun has gone to.

Call it a coincidence, or whatever you please: But the day before Withers left here he tried to find out the address of Ernie Potocar, fiery Midland catcher of last year. Withers said that if Ernie's arm had improved any he would certainly like to bring him back with him.

Yesterday, the following letter arrived:
Dear Jess:
Hello and Greetings.
Thought I'd drop you a line, asking about help and information regarding Midland having a baseball team this year.

Happened to run into Al Thomas (remember our chucker?) in Los Angeles a couple of days ago. He told me, they were going to have quite a league in West Texas this year. New clubs coming in, as Lubbock, Big Spring, and a new one from New Mexico. Also said, Hobbs was transferring their franchise over to Midland.

There's where I come in. I wonder if you could get in touch with the manager, considering my record of last year, and try getting me in.

Remember last year about the discussion over my arm. Well, I kind of fixed that. I undertook a physical exam at the hospital where my sister works. The exam showed bad tonsils which I had removed and a bad tooth. The doctor attributes this to the fact that my arm was sore, and not so good. I was told about my tonsils three years ago, but did not have enough sense to remove them. Considering the five month layoff I took after coming from Midland, and undergoing the operation I feel new confidence in myself, in being able to make a future in baseball. I intended to give baseball up, if my arm was not up to standard.

I worked out with the Angel Rookies here the past three weeks, with Paul Schiffner, Al Thomas. They all claim I've got a 50 per cent better arm than I had last year.

Sincerely,
Ernie Potocar.

Needless to say, Potocar's address was wired to Withers soon after the arrival of the letter.

Potocar was generally conceded to be the best catcher in the league last year but a poor throwing arm apparently had dimmed his chances of success at ever making the grade. He had everything else that was necessary to go to the top.

He had a good head on him, far better than is usually expected in a rookie. One time around the league and he knew the weaknesses of most of the batters and was a lot of help to leading pitchers. He was a dangerous hitter at the bat, particularly with men on the bases. His batting average at the time the club blew up was somewhere around .350 and many of his blows were for extra bases.

"Poty" hit just about the longest home run we ever saw when he lined one far over the center field fence in Odessa one day. The

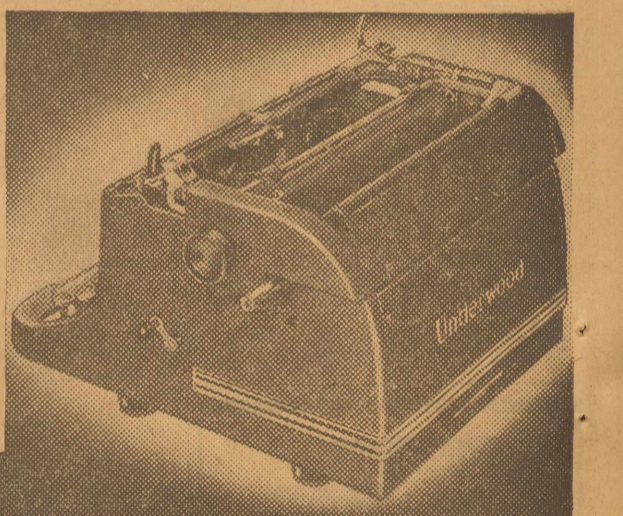

ball apparently never got higher than about 15 feet but cleared the fence 380 feet off and kept going for at least 50 feet before ever coming to the ground. He hit the ball just about as hard as he did the Midland pitcher who accused him of being saffron. The pitcher went home the next day with a busted collar and a royal purple eye.

Fastest elevators in tallest buildings travel about 10 miles an hour.

Because the modern planes travel at higher altitudes than they formerly did, beacon lights are becoming of secondary importance to pilots.

Today's Answers to CRANIUM CRACKERS

Problem on Page One Wilson is not liable to Jones because a person has the right and privilege of entering the property of another, without invitation, in order to save persons or property from injury. Wilson is required to reimburse Brown for any actual damage to Brown's wheat crop.

Cy Young, veteran baseball pitcher, spent 11 of his 22 years at the game as a pitcher in the American League and 11 years in the National League.

Church Services

MEN'S CLASS The Men's class meets every Sunday morning at 9:45 o'clock in the Crystal ballroom of the Hotel Scharbauer. It is a non-denominational class and every man who does not attend services elsewhere is cordially invited to attend.

Rules for "Bringing Up Baby" Here are the rules for "Bringing Up Baby" as suggested by the picture of that name playing at the Ritz Theatre Sunday and Monday:

- 1. Follow Baby's morning's milk with a twenty pound sirloin steak or its equivalent.
2. For Baby's outdoor airing carefully avoid all poultry shops. He has raided several.
3. Call in a lion tamer and zoo attendants to assist with Baby's monthly bath.
4. Cut down all trees adjoining Baby's bedroom lest he leap into the branches.
5. During teething period give Baby a knuckle bone of beef or an ivory billiard ball to gnaw.
6. Don't be frightened at spots on Baby's skin. These are common to his breed.
7. Visitors should be given timely warning to skidoo when Baby snarls or growls.
8. Never use soap on Baby's face. He's likely to eat it.
9. When giving Baby his cod liver oil have first aid handy, such as a gun, tear gas and animal trainer's noose.

10. Hurriedly open doors and windows when Baby starts to leap playfully about the home—or, call Frank Buck.

When you see "BRINGING UP BABY" you will see the gayest laugh picture of the day—with Katharine Hepburn and Cary Grant in brilliant mad-cap comedy performances!

REX Now Showing Give this buckaroo a gun and a guitar... and wild horses can't stop this wallowing cowboy when he looks for romance... JACK RANDALL in "STARS OVER ARIZONA" Also, Krazy Kat in "SAD LITTLE GUINEA PIG" and Chapt. 10 of "TIM TYLER'S LUCK"

FIRST PRESBYTERIAN CHURCH W. J. Coleman, Minister in Charge J. L. Kendrick, Church School Supt. 9:45 a. m.—Church school. Good departments and efficient teachers for every grade. 11:00 a. m. Divine worship. The minister will preach on the subject: "What Is Wrong with Religion?" 7:30 p. m. People's Hour. At this time, Rev. W. C. Hinds and the congregation of the Methodist church will be guests and Mr. Hinds will preach.

CHRISTIAN SCIENCE SERVICES "Man" is the subject of the Lesson Sermon which will be read in all Churches of Christ, Scientist, on Sunday March 6. "The Golden Text is: "As many as are led by the Spirit of God, they are the sons of God" (Romans 8:14).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For by grace are ye saved through faith; and that not of yourselves; it is the gift of God" (Ephesians 2:8).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The calm, strong currents of true spirituality, the manifestations of which are health, purity, and self-immolation, must deepen human experience, until the belief of material existence are seen to be a bald imposition, and sin, disease, and death give everlasting place to the scientific demonstration of divine Spirit and to God's spiritual, perfect man" (Page 99).

Thursday Sewing Club Meets With Mrs. Parrott Meeting at the home of Mrs. Pearl Parrott, 510 S. Fecos, Thursday afternoon, Thursday Sewing club members occupied the hours with making card table covers to be used at club parties. Nine of the covers were completed.

The club will have an evening party, to which husbands will be invited, at the home of Mrs. John King, Jr. next Thursday, with Mrs. Herbert King as cohostess.

Present for the meeting yesterday were two guests and the following club members: Mmes. W. G. Attaway, H. Braezelle, R. L. Byrd, B. L. Crites, C. O. Fredregill, Herbert King, C. A. Ponder, Joe Robertson, Paul Smith, W. J. Stewart, C. E. Strawn, and the hostess.

Choral Clinic to Be Held in Stanton STANTON, March 3 (Special).—The Stanton high school band is sponsoring a clinic to be held here Saturday, March 5. Coahoma, Gardena City, Loping, Forsan, and Ardmore City, the flower growing as luxuriantly here as the bluebonnet in South Texas," he said. "Great masses of it were found also in the pastures and along the fringes of the fields in many parts of the county."

Mrs. W. H. Myrick, of Lubbock, was the first to recognize its possibilities. She plucked some specimens and transplanted them in her garden. Several years afterward she sent some to New York florists. Seeds were sent and gardeners asked to experiment in growing them.

According to Dreer's garden book, the flower is now found in some European gardens. Dreer recommends it as a garden plant and also for cut flowers.

serve as a clearing house both for students seeking jobs and for employers seeking men. There are no charges for its services.

13 Not Unlucky Number for Him TYLER (P).—Motorcycle Patrolman W. E. Roberts wears badge No. 13. Feb. 13 at 1:13 p. m. he had completed 13 months, 13 days, 13 hours and 13 minutes of service with the police department. He has 13 buttons on his uniform coat, his motorcycle registers 13,000 miles, and his father's birthday is Feb. 13.

COLLEGE STATION (P).—Prospective Texas A. & M. college graduates seeking jobs now have a placement, or employment, bureau of their own. The bureau is being sponsored by the department of economics with R. L. Elkins, an instructor in the department, in charge.

A number of students who graduated early this month have been placed by the bureau. The bureau, Elkins said, would

participate in the day's events. Massed band playing, a grand parade and formation of a clinic band are some of the events to be held in connection with the bands. While the choral singing will be held at the Methodist church in the afternoon. The softball tournament shall begin in the morning.

General admission fee for the day's events will be 10 cents for school children and 25 cents for adults. Those participating shall be given a free ticket to events.

The Band Mother's Booster club is to serve lunch, drinks and candy at the school building, Mrs. Flora Morris, president of the club, announces.

This is the first program of this kind to be held in Stanton. The entire faculty, student body, and public, especially the 100 members of the Band Mother's Booster club are all working to make the day a great success.

The purpose of the clinic is to make achievements musically. The clinic is designed to help students as well as directors and to create a greater friendship between pupils and instructors.

Program. 9:30-10—Meeting of directors and school officials. 10-11—Parade. 11-12—Beginning of soft ball tournament. 12-1—Luncheon served by Band Mother's club. 1-2—Marching discussions and demonstrations. 2-3—Choral singing, Methodist church. 3-4—Short concert by each band. 4-5—Clinic band concert. 5-6—Massed band concert.

Tahoka Daisy Being Featured by Firms TAHOKA (P).—The Tahoka daisy, first found at Tahoka lake near here, is being featured by two large seed firms.

The daisy grows over the Plains generally but nowhere as profusely as in Lynn county. E. I. Hill, editor of the Lynn County News, says, "Last summer there were acres of purple and lavender blooms in Tahoka, the flower growing as luxuriantly here as the bluebonnet in South Texas," he said. "Great masses of it were found also in the pastures and along the fringes of the fields in many parts of the county."

Mrs. W. H. Myrick, of Lubbock, was the first to recognize its possibilities. She plucked some specimens and transplanted them in her garden. Several years afterward she sent some to New York florists. Seeds were sent and gardeners asked to experiment in growing them.

According to Dreer's garden book, the flower is now found in some European gardens. Dreer recommends it as a garden plant and also for cut flowers.

Church Furniture Made in Panhandle FLOYDADA (P).—The pews, pulpit and service table at the Fairview Methodist church here, recently installed as a gift of the late S. L. Rushing, is said to be the first high quality church furniture created in the Panhandle of Texas.

Rushing, a pioneer farmer, gave the site for the church and also contributed much toward its erection. Mrs. Rushing said the gift of the furniture was his last request. It was made of oak and birch by an Amarillo concern, and much of the carving was done by hand.

The 17 scheduled airlines operating in continental United States during November, 1937, carried 81,654 passengers, and flew 5,311,978 miles.
