## France, Russia Offer Aid to Czechs

### PREPARED TO FIGHT TO SAVE COUNTRY

NEW WAR THREAT APPEARS. BERLIN, March 16 (AP).—A German army source said today that Reichsfuehrer Hitler had returned hurriedly to Berlin because he had received word Poland had presented an ultimatum to Lithuania expiring late today. Details of the ultimatum were not known but it was believed to have been based on a frontier clash March 11 for which Poland was demanding satisfaction. PARIS, March 16 (AP).—France and Russia agreed today both would fight to defend Czechoslovakia if she were attacked. Jacob Suritz, ambassador to France, called on Foreign Minister Paul Boncour and delivered assurances Russia would fight for the defenses of her Czech ally. Boncour replied to assurances with a promise that France, too, would fight in the same cause.

### Duce Says Germany Never to Penetrate Frontiers of Italy

ROME, March 16 (AP).—Premier Benito Mussolini today promised his people that expansion of Germany would never penetrate Italian frontiers, but at the same time pronounced benediction of Adolf Hitler's absorption of Austria. "Our frontiers are sacred," Mussolini told the chamber of deputies, "we will not discuss them; we will defend them." The speech was Mussolini's reply to doubts of his own people over expansion of Germany. Mussolini said it would have been "an historical and political absurdity" for Austria, a German state, to have remained independent and anti-German.

### Hamilton Is Named New President of The Country Club

Attorney R. W. Hamilton was elected president and Addison Wadley (retiring president) was elected vice president at the annual meeting of officers at the Country Club last night. Directors named were Paul Oles, Don Sivals, Ralph Barron, J. Wray Campbell, A. E. Horst, D. H. Roetger, Jno. P. Thomas, M. D. Johnson. A committee investigating the possibility of selling additional stock in the club in order to raise approximately \$20,000 for expansion and improvements was asked to continue work, and the same members, with the exception of Hamilton were renamed. Wadley replaced Hamilton on the committee. Others are W. T. Doherty, Wadley, J. E. Hill, Chas. Klapproth, R. H. Henderson, R. M. Barron.

### Bank Cashier and Wife Escape After Being Kidnaped

DAVIS, Okla., March 16 (AP).—Cashier D. F. Pendley and his wife escaped with the aid of a farmer late Tuesday about eight miles west of here from two gunmen who earlier kidnaped them after robbing the bank of Paoli of an undetermined amount of cash. The sheriff forces of Garvin and Murray counties and a squad of highway patrolmen aided by bloodhounds from the boys training school at Pauls Valley took up the trail of the gunmen in the rugged Arbuckle Mountain area south of Woodland school.

### Wreck Victim's Body Shipped to California City

The body of Garrett Edward McAdams, 30, who died in a local hospital Monday night of injuries sustained in an automobile wreck here March 6, was shipped last night to Los Angeles, Calif., by a Midland funeral home. Two other persons, Mr. and Mrs. Edd Glover, Colorado, were killed in the accident, Mr. Glover almost instantly and his wife died a few hours later. McAdams suffered compound fractures of both legs and internal injuries. Since the accident, he had remained in a hospital, never regaining consciousness. Two other persons, Miss Lottie Glover and Francis Palmer, a companion of McAdams, were injured in the wreck but both are recovering. McAdams and Palmer were members of a nationally known orchestra and were enroute to Los Angeles to fill an engagement.

### Plans Completed For Rabbit Drive

Sponsors of the rabbit drive to be held in the Stokes vicinity Friday announced today that all arrangements had been completed to make it the best of the season. It will be the third in the past two weeks and the men putting it on anticipate a heavy toll in rabbits during the day. The drive will start from Stokes school house at eight o'clock Friday morning and a big free barbecue will be served at noon two miles south, one east and another mile south of the school house. Trucks will leave the Farmers' Co-Operative sign here at 7 o'clock Friday morning and hunters not having transportation to the site of the drive are invited to ride the trucks. To reach Stokes school, and remain on pavement most of the way, hunters may go east to Blocker's store, 15 miles east on highway 80, turning south there.

### Master of All He Surveys

Adolf Hitler... the swastika... the Nazi salute... these now are symbols of the new political order which dominates "gay Vienna."

### "Protecting" Schuschnigg

In this NEA photo, radioed from Vienna, a Nazi under-officer is seen posting an armed guard at Belvedere Palace, home of deposed Chancellor Schuschnigg, where he is under confinement for "his own protection." The palace was surrounded by Storm Troopers.

### Chamberlain Asked To Assist Blum in Gaining Armistice

PARIS, March 16 (AP).—Premier Leon Blum today dispatched an urgent appeal to British Prime Minister Chamberlain to join him in immediate attempts to bring about a Spanish armistice. Blum also requested Britain to take concerted action with France to ward off a danger he declared a great number of Italian and German troops in the Spanish insurgent ranks constituted for French and British communications in the Mediterranean.

### Whitney Enters Plea of Guilty To New Charge

NEW YORK, March 16 (AP).—Richard Whitney today pleaded guilty to a second indictment charging grand larceny for the theft of securities worth \$109,384 from the New York Yacht club, of which he was treasurer. The former president of the New York Stock Exchange remained at liberty under \$35,000 bail.

### Third Deep Flush Producer In Crane Flows 209 In Two Hours

BY FRANK GARDNER. Natural flow of 209 barrels through casing in two hours was gauged this morning by Gulf Oil Corporation No. 7 W. N. Waddell et al, third flush producer from the Ordovician zone in the Sandhills pool of western Crane. Gas volume the first hour tested 2,300,000 cubic feet daily, and the second hour it was 2,800,000 feet. The well is bottomed at 6,012 feet in Ellenburger dolomite, lower Ordovician, topped at 6,001 feet. It began flowing at that point, indicating that best production was found at or near the Simpson-Ellenburger contact. Simpson, middle Ordovician, was topped at 5,822 by the well. It is a south offset to the company's No. 5 Waddell, record 3,179-barrel deep producer. Location of the No. 7 Waddell is 665 feet from the south, 1,990 feet from the east line of section 4, block B-27, public school land. Twelve miles to the south, in northern Pecos, Magnolia No. 1-A J. H. McKee is drilling at 5,425 feet in Simpson shale and shells. It has 4,000 feet of oil in the hole, probably

### 16 Persons Known Dead In Tornadoes

### Seven States Hit As Storms Swirl Over the Country

By Associated Press. With 18 bodies recovered, authorities of eight Mississippi valley states directed searchers today for possible additional victims of windstorms of tornadoic proportions that hit portions of Alabama, Tennessee, Arkansas, Mississippi, Missouri, Illinois, and Iowa yesterday, leaving 1,000 persons homeless. The greatest damage was caused at Belleville, Ill., where the twister killed at least eight persons and injured scores and wrecked \$1,000,000 property damage. Six persons were killed in Missouri, three in Alabama and one in Georgia.

### Independent Oil Operators Feared Kidnaped Today

HOUSTON, March 16 (AP).—Fear that Frank Osborn, 35, independent oil operator of Houston, and his nephew, Gerald Beall, 21, and his negro chauffeur were kidnaped in San Antonio yesterday was voiced here today. They were last seen by Osborn's mother as they drove off from in front of her San Antonio home yesterday. A search was started later after Mrs. Osborn became alarmed when they failed to return to their home.

### Stanford Professor To Give Address at Teachers' Meeting

Dr. J. Paul Leonard, associate professor of Education at Leland Stanford University, California, will address the teachers of the Trans-Pecos Division of the State Teachers Association in their fifth annual meeting at Sul Ross State Teachers College, Alpine, March 18 and 19. Dr. Leonard will speak on three subjects, "Planning Our Future" at the Friday morning session, "What Are Our Children Thinking About" at the Friday evening session, and "What Do We Mean by Freedom?" at the Saturday morning session. W. A. Stigler, curriculum director for the state department of education at Austin will be presented for two addresses at the general assembly; Friday morning he will speak of "The Modern School" and Friday evening his subject will be "Community Teaching." A third address on the Friday morning program will be on the subject of "New Standards of Accrediting," by A. M. Blackman, superintendent of schools at McCombs.

### County Track Meet, Literary Events to Be Held Here Friday

The annual county track meet of rural schools will be held here Friday with entrants from seven schools participating. M. W. Alcorn, principal of Stokes, director of the meet, announced today that entries had been received from Pleasant Valley, Stokes, Prairie Lee, Warfield, Cotton Flat, Stephenson and Valley View for the track and field events. The meet will start promptly at 9 a. m. on Lackey Field and all coaches have been instructed to have their charges ready to start at that time. L. W. Taylor, Midland high school coach, is to be referee at the meet; other officials have not yet been designated.

### Record Crowd at Faculty Play Is Foreseen Today

Approximately 600 tickets had been sold and arrangements were being made to accommodate at least 200 more persons tonight at the annual faculty play at the high school. The play "The Family Upstairs" will start at eight o'clock and will be held at the high school auditorium. Nine teachers, M. A. Armstrong, Merle Smith, Ina Mae Vaughn, L. M. Frels, Mary Wilson, R. M. Myer, Mrs. De Lo Douglas, W. H. Hill, and Miss Louise Latham, are members of the cast.

### University Club to Have "Hick Party"

Midland University club will sponsor a "hick party" in the Crystal ballroom of the Hotel Scharbauer Saturday evening, officers have announced. Costumes are requested. C. A. Rogers and his orchestra will play for dancing. The affair will be invitational.

### VISIT IN IRAAN.

Mr. and Mrs. Pearl Parrot and family visited his brother, Pete Parrot, at Iraan during the week-end. They were accompanied by Doyle Whitefield.

### VISITS FATHER.

Don, small son of D. B. Salyer, visited his father here over the week-end. He is from Abilene.

### Hitlerites Seize Chancellor

This historic picture, telephoned to London and radioed to New York, shows the Nazis marching into the Austrian Chancellery, chief government building in Vienna. Hardy more than boys, they bear rifles and boxes of ammunition in preparation for any eventuality.

### Chief Phares Addresses 150 at Safety Luncheon

Of all the hundreds of bolts and nuts which go to make up an automobile, the nut which holds the wheel is the most important, was the summary of an address by Chief L. G. Phares of the state highway patrol and safety department, at a joint luncheon of Lions, Rotary, civic and federated clubs today. He exhorted drivers of automobiles, in an effort to keep down accidents, to observe three things: (1) keep their minds on what they are doing, (2) follow the golden rule and (3) use common horse sense. The mental condition of an automobile driver usually has something to do with accidents, he said. Through being distracted by some bad news or other mental hazard, a driver usually forgets to keep his mind on his driving, thereby allowing himself to take risks and endanger lives. Many persons are hurt while hurrying to the bedside of sick, or injured family members, he said.

### Protection for All Railroad Workers

WASHINGTON, March 16 (AP).—President Roosevelt promised Tuesday the government would protect any rail workers who might lose their jobs through federally-dictated railroad consolidations. If men lose their jobs through government action, they should be compensated through annuity payments or lump sum compensation, he said. He made the statement to newspapermen after conferring with a committee of 14 advisors about methods of curing the financial and competitive ills of the railroads. No decision was reached on feasibility of compulsory consolidation or other proposals, however, and the committee will meet again Thursday.

### Execution of 18 Soviets Announced

MOSCOW, March 16 (AP).—The execution of 18 confessed conspirators against Soviet Russia was officially announced last night. A terse communique announced the death sentences, imposed at the end of Moscow's greatest treason trial March 13, had been carried out without disclosing the exact time or place. High on the list of those executed were Nikolai Bucharin, chronicler of the Red Revolution, and Alexis I. Rykoff, once premier of Russia. The president of the Supreme Soviet, Russia's highest nominal authority, denied clemency appeals of 17 of those doomed to the firing squad.

### Record Crowd at Faculty Play Is Foreseen Today

Approximately 600 tickets had been sold and arrangements were being made to accommodate at least 200 more persons tonight at the annual faculty play at the high school. The play "The Family Upstairs" will start at eight o'clock and will be held at the high school auditorium. Nine teachers, M. A. Armstrong, Merle Smith, Ina Mae Vaughn, L. M. Frels, Mary Wilson, R. M. Myer, Mrs. De Lo Douglas, W. H. Hill, and Miss Louise Latham, are members of the cast.

### University Club to Have "Hick Party"

Midland University club will sponsor a "hick party" in the Crystal ballroom of the Hotel Scharbauer Saturday evening, officers have announced. Costumes are requested. C. A. Rogers and his orchestra will play for dancing. The affair will be invitational.

### VISIT IN IRAAN.

Mr. and Mrs. Pearl Parrot and family visited his brother, Pete Parrot, at Iraan during the week-end. They were accompanied by Doyle Whitefield.

### VISITS FATHER.

Don, small son of D. B. Salyer, visited his father here over the week-end. He is from Abilene.

### TO STOCK SHOW.

S. O. Golladay and Alden Golladay went to Fort Worth Tuesday to attend the Fat Stock Show.

### IS CONVALESCING.

Mrs. Butler Hurley has returned from a Dallas hospital and is convalescing at her home here.

### FROM ANDREWS.

Mrs. Frank Price of Andrews is in town today. She is accompanied by her daughter.

### FROM MIAMI BEACH.

Mrs. R. D. Scruggs has returned from a month's visit with relatives at Miami Beach, Florida. She visited her parents, Mr. and Mrs. W. H. Allen, and her brother and wife. The latter couple are of the Steadman-Allen mural painters. Mrs. Scruggs returned early Monday, having been accompanied from Fort Worth by Mr. Scruggs who had been attending the Fat Stock Show.

### STAMFORD VISITOR.

Otto Berlin of Stamford was a business visitor in Midland Monday.

### TO OKLAHOMA.

Mrs. Geo. Kidd has gone to Oklahoma City to visit her father.

### Woman Bosses 1,000 Men.

CLEVELAND, (U.P.) — A soft-spoken young woman was the "boss" of 1,000 men who placed \$10,000,000 worth of road building equipment in public hall for the American Road Builders association convention. Miss Louise Wynne, of Washington, formerly of North Carolina, said she was in love with her work and thought the gigantic steam shovels and derricks were "beautiful."

The expression "stone-broke" originated from the old custom of breaking a craftsman's stone when he failed to pay his debts.

## You Owe Your Child This

No mother can give her child the proper care and attention it deserves if she has a big family wash to worry about every week. It undermines her health and good nature and as a result, the baby suffers.

You can't afford to endanger the health of yourself or your child when our family wash service is priced so low. You cannot wash at home as cheaply.

## Behind the Scenes in Washington

Editor's Note: The opinions expressed in this article are those of Mr. Dutcher, NEA-Reporter-Telegram Washington correspondent, and are not to be construed as expressing the editorial policy of The Reporter-Telegram.

WASHINGTON, March 16. — The jolly old British, although badly scared by the situation in Europe, still keep grabbing off any territory that isn't nailed down, if only from sheer force of habit.

That, at least, was the feeling of American officials who decided that they ought to colonize the tiny Pacific islands of Canton and Enderbury, even though the British had beat them to it.

Although this "international incident" is far from serious it does represent the first American attempt in a long time to acquire a few square miles of new territory. There are about 20 speckish and valueless islands in the area, visited at one time or another by British or American vessels.

Two years ago the Division of Territories and Island Possessions Colonized Howland, Jarvis and Baker islands with four Hawaiians each and is building lighthouses on them.

But Department of Commerce officials, who chose those islands with no intention of mind, seemed to overlook the fact that they would be useful only for land planes and not for seaplanes, the only type used for oceanic flying.

Canton Island, on the other hand, has a long lagoon, only a safe hop of 1800 miles southwest of Honolulu. Enderbury seems to be an island of no importance.

The British occupy so many islands in this section of the Pacific that their occupation of Canton was somewhat annoying to the State Department, which understood negotiations were to precede any colonization.

"Move Over". Last June an American naval supply vessel carrying an American scientific party to view the eclipse anchored at Canton. Soon came a British cruiser from New Zealand carrying a British eclipse expedition and signaled her to move aside, claiming there was but one anchorage. The American commander refused, but offered to help find another anchorage.

Soon thereafter the British sent men to establish possession, allegedly in violation of agreement. Director Ernest H. Gruening of the territories and islands division recently was sent to look things over and made a report to Washington. Roosevelt decided to put Americans on the islands and bring negotiations to a head.

Official insistence that the islands have no military significance, peculiarly enough, seems to be true. They aren't large enough for important naval use, although they may prove to be convenient for commercial aviation.

Sonny Jim for Governor. The "draft Jimmy" movement in Massachusetts is being taken seriously in Washington, where James Roosevelt works as one of his father's secretaries. The President's son once said definitely that he wouldn't run for governor in the Bay State, but recently has failed to discourage efforts to get him into the race.

Some astute politicians are sure "Sonny Jim" could be elected if he got the Democratic nomination, which is now hotly sought by anti-New Deal Governor Charles

## The PAYOFF

By JESS RODGERS.

The fight isn't yet won, but some of the dark clouds are gradually disappearing.

The plan submitted by Luther Tidwell yesterday and adopted by Fincher Withers whereby Withers gets \$2500 in exchange for the gate receipts of the first three home games seems to have been what was needed to get the decks cleared for action.

The total of tickets sold almost reached the 1,000 mark yesterday, and the other 1500 should go today and tomorrow.

There is no sound reason why the plan should not be adopted. Merchants actually will be only investing their money and some of them are sure to get back more than they put out. Even if they don't get 100 per cent return on their money during the three days, the money given Withers will be reinvested here, most of it before the season opens.

For the doubtful, we give you an example:

Merchant X buys 100 tickets from Withers and pays him \$110 for them. He then sells the tickets for the same amount that he paid, thereby making him even with the board. Withers then comes in and purchases \$110 worth of stuff from Merchant X. And Merchant X makes his usual profit. Without the money for the tickets, Withers would not be making the purchases of materials, and the merchant thereby would lose his sale. It seems to us like the merchant stands to gain more than anyone else by subscribing to the tickets.

Withers is not going to march back into the stores and spend all the money as soon as it is given him, but will invest it before the season is over. And all merchants will benefit by it. The restaurants, filling stations and all others will get a portion of it. And the grocery man is going to benefit any time money is spent in a cafe. It is the same old economic wheel that has been going on since time immemorial, but it should prove to the business men of the city that it is to their interest to see that a club is placed here this year.

If and when the tickets are sold, lights will be installed at the park. We are not allowed to divulge the source of our information, but it was gained from an authoritative source and can be treated as the real "McCoy."

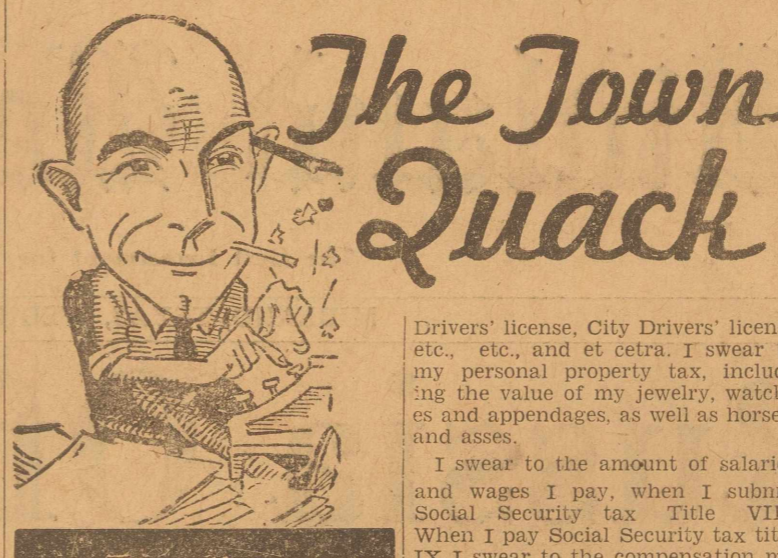

This 'n' that—The Lubbock club is already getting in shape—at the Longview camp of the White Sox. Clovis and Big Spring are rapidly getting ready to start spring training. . . . The next league meeting will probably be held in Big Spring, March 27. . . . Several are going to Sweetwater from here April 7 to see the Chicago White Sox and the Pittsburgh Pirates tangle. . . .

The two play in Abilene April 8-9. . . . A Midland youngster, Jack Doran, is showing up as quite a slugger with the Texas Aggies. . . . They don't make better baseball fans than Cotter Hielt and Roy McFee. . . . Addison Wadley "brought down the house" at the Country Club meeting last night. . . . After he had been nominated as vice president, he said "All in favor will"—grinned a bit sheepishly—and then inquired "are there any other nominations?"

. . . Luther Tidwell was the first merchant to "bake his ante" on the number of tickets he would take. . . . For the skeptical, Fincher Withers has a book of references signed by about half the people of Fort Worth. . . . A lot of the signers are "big shots," too. . . . Get your new license tags this month, get your baseball ticket today.

More than 700,000 acres of United States public lands were added to the Navajo Indian reservation in Utah, to settle a 20-year controversy.

DRINK **JAX** "THE BEST BEER IN TOWN"

Dr. Tom Inman brings in this clipping from the Mid-Continent Jeweler, and if you have just completed the reports to which you have to swear around the first part of the year, you ought to be able to appreciate it.

I seldom use profanity, but I have a routine of swearing that has more regularity than a Sea Captain. In all times and seasons, I have my swearing to do, not colorful oaths that come in a fit of anger, or extemporaneous outbursts. In fact I can't even use my own words. I just follow the printed form and swear that the foregoing facts and figures are to the best of my knowledge correct. Every time I make out a tax report, or ship gold, I end up by swearing.

I do not swear because I have to pay the tax. I swear because I can't pay the tax unless I do swear; they won't take my money unless my oath is duly executed before an officer authorized to listen to such swearing. Notaries Public, Deputy Tax Collectors, and Assessors are always read to assist in the execution of tax returns.

When I make out my federal income tax, I swear that the information therein contained is true and accurate. Then I submit a copy of said federal tax along with my state income tax, and swear that it is a true copy. Then I swear that my state income tax, which is a repetition of the federal tax, is also absolutely true and correct.

If I ship a bit of gold to my mint, or assay office, I swear that it was legally acquired, and not illegally held.

I swear to the Franchise tax, Capital Stock tax, City license, State

## Interesting Old Papers, Letters Given Museum

Among recent acquisitions of the county museum in the courthouse are a number of old papers including tax receipts and correspondence dating back to the early days of Midland. The collection was presented to the museum by Alton Gaul.

One of the older papers is a tax receipt for 1905.

Another receipt for 1908 was from the city office with S. B. Carr (now deceased) as collector. His assistant was Miss Lenna Mae Francis who is now Mrs. Lawrence Shields.

Several receipts were signed by W. M. Beverly, sheriff and tax collector, who was lately peace officer at Jal, N. M.

One of the letters in the group is dated Feb. 13, 1909 and is to W. E. Elkin who was then cashier of the Midland National Bank. The letterhead advertised Ed S. Hughes Hardware company of Abilene and listed

Country Club hosiery; twisted creps and lace; 79¢ to \$1.50. Ritz Hat Shop. (Adv.)

among other articles handled, "Mitchell wagons and fine vehicles."

Ante-dating this by a few days is a letter dated Jan. 29, 1909, and signed by J. Wiley Taylor, ex-tax collector and now postmaster at Best, Texas. Taylor formerly served as postmaster here.

A third letter is one signed by A. L. Camp, real estate dealer, in 1908, and displays the slogan "20 years in West Texas," which sets the writer definitely among the real pioneers of the region.

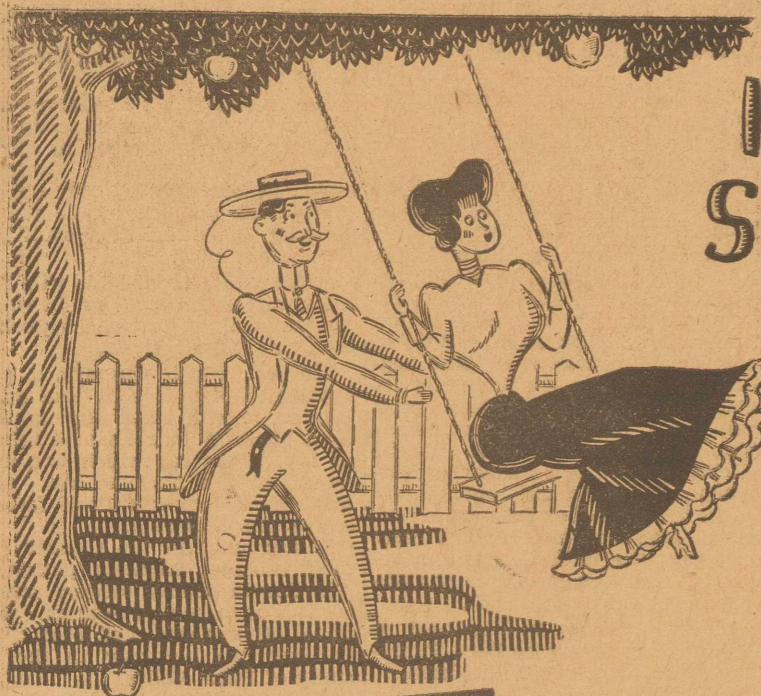

The letters and papers are but one of many interesting collections of West-Texasiana to be found in the museum, which is open to the public from 2:30 o'clock until 5 o'clock each Tuesday, Thursday and Saturday afternoon.

### Girl Plays in 3 Orchestras.

PAINESVILLE, O. (U.P.) — At the age of 16, Elizabeth Harrison of Painesville now plays a trumpet in the Cleveland Woman's Symphony orchestra. She took up trumpet playing at the age of 9. She also plays in the Harvey high school and the First Baptist church orchestra. She is a junior in high school.

## ONLY YOUR MILEAGE MERCHANT OIL-PLATES YOUR ENGINE

Does Spring begin on March 20th?...or on the 21st? "Begin it today!" pleads your engine. "Bleed out my Winter-poisoned oil. But this Spring help me with more than an oil-change. Change to Your Mileage Merchant! And that's changing to Conoco Germ Processed oil—the only way to change me into an OIL-PLATED engine."

You want this modern exclusive OIL-PLATING because especially in Summer your steady driving demands more than the plain old type of oil-film that slithers OFF the working parts like drops of

quicksilver. Exactly the opposite is achieved by the Germ Process—patented. It makes droplets of oil act like a billion tiny suction cups, powerfully attracted and OIL-PLATED to every working surface...Never draining down, never inviting friction, no matter how many thousands of starts and thousands of miles you make all Spring and Summer. And you'll notice Germ Processed oil sticking so close to "Full"—even in older cars—that you'll want to be sticking to Your Mileage Merchant, Continental Oil Company

## CONOCO GERM PROCESSED OIL

# WADLEY'S MARCH

## DEPENDABLE DOLLAR \$ DAYS

**Thursday, Friday, Saturday,  
March 17th, 18th & 19th**

**Mirrors! Mirrors! Mirrors! \$1.00**

An assortment of good looking mirrors in round, oval and other shapes; great big, good-looking mirrors that look like several times the price.

Take your choice of these outstanding values at, EACH **\$1.00**

**Aggies Continue Tune-Up Games in Two More Battles**

COLLEGE STATION, March 16.—Two losses recorded in their openers, Coach Marty Karow's Texas Aggies, defending Southwest Conference baseball champions, will continue their tune-up campaign Friday and Saturday, March 18-19, in games with the Beaumont Exporters at Beaumont.

Despite the 7-14 and 8-14 pastings they took from the 7-Ups of Austin and the Grand Prize Brewers of Houston, respectively, Karow was undiscouraged over the showing of his youngsters in their first games. "They need actual play more than anything else," he said.

His biggest current problem probably is to replace Bob Stone, of Holland, star sophomore third baseman who chipped a bone on a finger in practice last week. Stone probably will be out of action until after the conference season opens.

Tony Polanovich, Fort Worth, and Left-handed Harry Cohn, Dallas, probably will be the Aggies' starting pitchers against Beaumont. Polanovich, converted from a catcher, pitched fairly effectively while doing relief duty against the 7-Ups, and Cohn came back to hurl good ball against the Brewers after having been batted from the box the day before.

First Baseman Bob Williams, of El Paso, Shortstop Jimmy Nolen of Houston, and Catcher Jack Doran of Midland led Aggie hitting in the two games. Williams hit a homer and two doubles in six times up. Doran hit a double and two singles in five trips and Nolen connected for a homer, a double and two singles in nine times up. Williams is a letterman and Nolen and Doran are sophomores.

**Professor**

CONTINUED FROM PAGE ONE

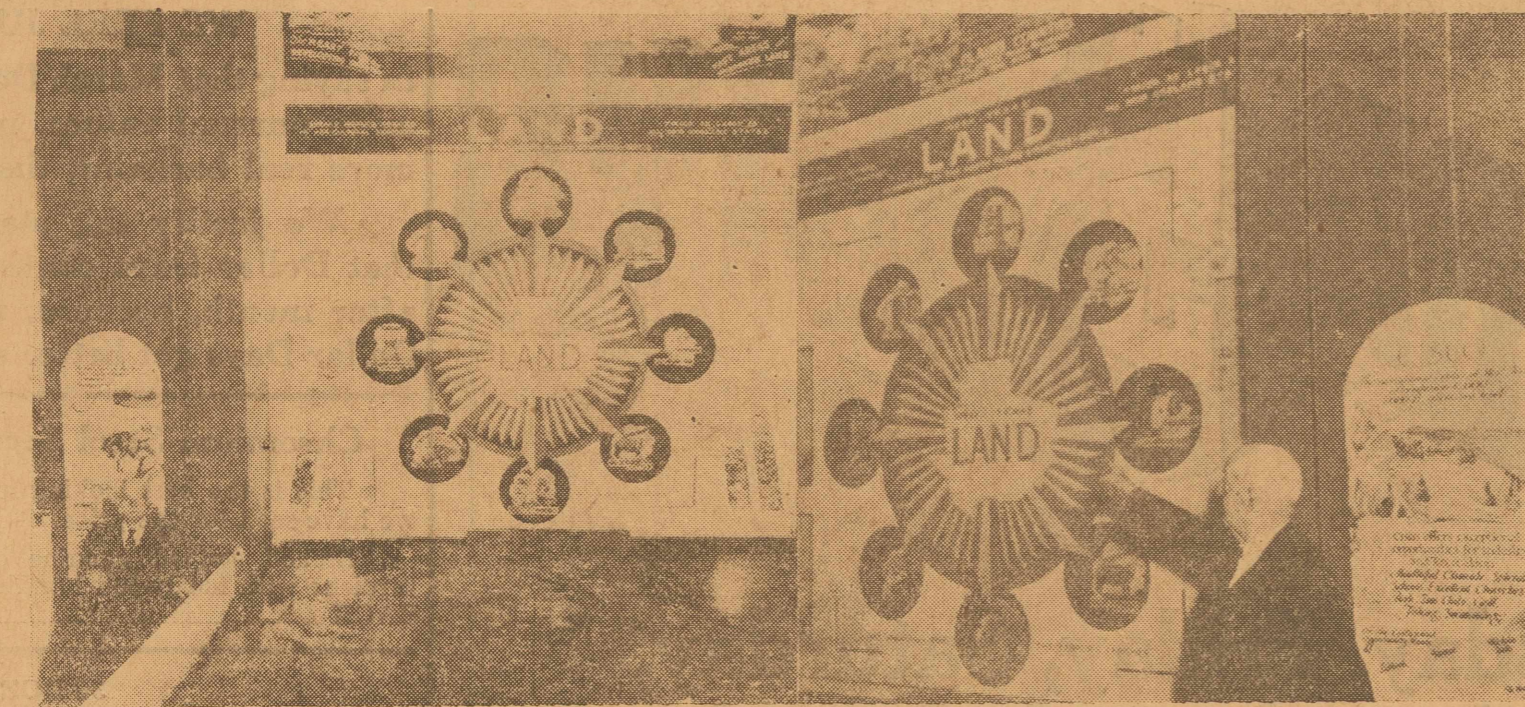

tendent at Iraan. The address of welcome will be delivered by Dr. H. W. Morelock, president of Sul Ross College.

A Pioneer Club old-fashioned dance at the college gym Friday night and a barbecue Friday at 6 o'clock will be the high lights in a long list of dinners, luncheons, and breakfasts planned for the entertainment of the teachers during their week-end at Alpine.

"Directing Young America" is the theme of this convention being held for the teachers from 25 western counties in an area making up almost one-fourth of the state; Brewster, Crockett, Culberson, Ector, Crane, Edwards, El Paso, Hudspeth, Jeff Davis, Kinney, Maverick, Medina, Midland, Pecos, Presidio, Reagan, Real, Reeves, Loving, Terrell, Upton, Uvalde, Val Verde, Ward and Winkler.

Attending this meeting and voting on official matters before the Texas State Teachers Association are certain delegates elected by local and county teacher organizations, representation being determined by the number of teachers in these organizations, all of this through a new district plan of organization just put into effect by the state association this year.

**Land Exhibit Space Prepared by West Texas Chamber of Commerce**

Comparative size of the land exhibit recently completed at the West Texas Chamber of Commerce headquarters building is shown by Col. R. L. Penick of Stamford. At right, Colonel Penick points with pride to the section which to him is the greatest spot in the world. A pioneer West Texas resident, he is a charter member and one of the founders of the West Texas Chamber of Commerce. At the annual WTCC convention of 1931, held in Lubbock, he was elected honorary vice president of the organization for life. He is the only person ever to be so honored. The Colonel has retired from public affairs now, but his 50 years' business experience in West Texas and his 20 years of activity and leadership in the West Texas Chamber of Commerce has developed for him a widespread esteem and acquaintance throughout all West Texas.

**Land Is Subject of First Display to Be Completed at WTCC Institute**

ABILENE, March 16 (Special)—Land, the greatest of all West Texas resources, is the subject of the first display to be completed at the West Texas Resources and Museum Institute in the West Texas Chamber of Commerce headquarters building here.

Standing 12 feet high and eight feet wide, the display includes vital statistics pertaining to West Texas land as well as facts concerning the varied products traceable directly to the soil. At its base is the huge relief map of the section which was constructed several years ago by the engineering department of West Technological college at Lubbock.

Drawn to accurate scale and showing full details of topography of the section as well as the 130 West Texas counties and 189 towns affiliated with the organization, the map is known in all parts of the United States.

It was exhibited at the Century of Progress at Chicago and at the Texas Centennial and Frontier Fiesta celebrations. D. A. Eandeen, manager of the WTCC, estimated that 5,000,000 people have seen the map.

Not so well known, perhaps, but even more outstanding, are the facts regarding West Texas land shown on the wall exhibit. "Last frontier of the farmer and rancher," West Texas includes 104,000,000 acres of land, an area more than twice as large as all of New England. Of this area, 20 million acres are being farmed, 40 million are suitable for farming but are still unbroken, and 44 million are devoted to ranch land.

Perhaps the most surprising facts to the persons who will see the exhibit are the comparison of crop value and yield per acre of West Texas land as compared with other states. West Texas crops were valued at \$270,000,000; California at \$154,000,000; and Missouri at \$247,000,000. For each acre in cultivation, West Texans raised crops valued at \$23; Californians \$20; and Missourians \$16.

Further information regarding the tremendous value of West Texas is shown in the eight circles which surround the sunburst center of the wall display. Highest ranking in value is the oil reserve. Twenty per cent of the nation's 20-year known reserve, valued at \$190,000,000.

West Texas raises 50 per cent of the nation's high quality wheat, a crop with a \$35,000,000 value. Twenty per cent of the nation's wool, worth \$40,000,000, and 85 per cent

of the nation's mohair, valued at \$10,000,000. For the livestock industry, West Texas is credited with raising 65 per cent of the cattle of Texas. Value of the animals is rated at \$80,000,000. Fifteen per cent of the nation's cotton brings \$120,000,000 to West Texas. The 25 per cent of the nation's grain sorghums raised in West Texas has a \$40,000,000 value. Neither should diversified products be overlooked for they are rated as being worth \$70,000,000.

The display is sponsored by the South Plains counties, district No. 2 of the West Texas Chamber of Commerce, comprising a territory 10 times larger than Delaware. The sponsors, with the slogan, "The Heart of the Developing Country," note a population increase of 1400 per cent since 1900.

West Texas Chamber of Commerce officials and visitors who have been in the building since the completion of the display are enthusiastic about the completed layout and the other exhibits now nearing completion.

The expectation that the institute will prove a state-wide drawing card, as well as a great attraction for tourists from other sections has hit a new high. Date for formally opening the display to the public has not been set, but it is expected to be within the next few weeks.

The land exhibit is the largest of the displays in the institute. It holds the center spot of the resource room and is the first thing to be noticed on entering the building.

Ranging on each side, are the dis-

**CONDITION OF TEXAS RANGES SAID BEST IN 6 YEARS; STOCK BENEFIT**

The condition of all Texas ranges on March 1, 1938, at 80 percent of normal is the highest reported March 1 condition since 1932, according to the monthly livestock and range report of the Bureau of Agricultural Economics, issued through the office of V. C. Childs, Agricultural Statistician. The 80 percent condition reported on March 1 is five points above the 10-year average March 1 condition and four points above the condition a year ago. Moisture conditions are now favorable over the entire state.

Snow and rains during February through the Panhandle area have furnished sufficient moisture to start spring grass and ranges are expected to improve rapidly during March. However, more moisture will be needed in this area to supply the subsoil moisture necessary to insure good summer grazing. Elsewhere in the state the outlook is very favorable for good summer ranges.

In most areas of Texas, cattle came through the winter in better than average flesh, and prospects are favorable for an early supply of grass-fed cattle. However, with the very favorable range prospects at present, the supply of cattle to go to northern pastures this spring may be curtailed materially. Local trading for restocking purposes are expected to be considerable greater than a year ago, but sales have not become active yet. The condition of cattle on March 1, 1938, is reported at 79 percent of normal, compared with 76 percent a month ago, 78 percent a year ago, and 77.1 percent the 10-year average condition on March 1.

Sheep are coming through the winter in very good condition; ewes are strong and lambing has started with a large crop in prospect. The lamb crop, generally, is somewhat later than last year but equally as large as last year's record crop. The supply of 1937 lambs to be marketed as grass-fat yearlings this spring is much below the number of 1936 lambs available last spring, and the number to be shipped this spring will be much below last year's record marketings.

Most of the western winter ranges were open during February except in parts of Montana and North Dakota. Supplemental feeding was not heavy except in the Great Plains areas that have short range feed. Old range and pasture feed is generally good and above average in

Washington, Oregon, Idaho, Utah and Nevada. Lower ranges in these states had little snow covering and have good soil moisture, with favorable prospects for spring feed. California has excellent feed prospects and much moisture. Recent rains have supplied needed moisture to make spring feed in Arizona. Old feed is short over much of eastern Montana and Dakotas, with considerable snow covering in parts of Montana and all of North Dakota. Considerable supplemental feeding has been necessary in northeastern Montana, western North Dakota, Western South Dakota ranges are open with fair feed. Moisture conditions are better than a year ago in eastern Montana and the Dakotas, but subsoil moisture is still deficient. Ranges are generally good in Wyoming and western Montana, with most of Wyoming winter ranges open with good feed. Range and pasture feeds are poor to fair over western Nebraska and western Kansas received limited moisture with a fairly good supply in eastern Kansas. Colorado ranges are good in the west and foothill sections but poor in the east and southeast. Moisture conditions are good in eastern Oklahoma and fair in western sections with favorable prospects for new feed. The spring feed outlook is favorable in Texas, with good moisture during February in the northern and Panhandle sections. New feed has a good start in the Early Texas grass sections. Moisture conditions for spring feed are better than a year ago in the western Great Plains area, but generally subsoil moisture is efficient. The condition of western ranges is 79 percent of normal, compared with 77 percent last month, 67 percent a year ago and the 10-year average of 76.7 percent.

ter in good condition, except in local areas that had short feed. Open, mild weather resulted in little shrink and light losses. Cattle are beginning to show gains in the southwest and California. Prospects are good for grass beef in the south Texas and California, with the Texas supply being early and California only comparatively early. With good feed prospects, the spring supply of cattle from the southwest for northern pastures might be curtailed if prices are not favorable. Stock cows have wintered well and calf crop prospects are good if spring weather and feed conditions are favorable. The condition of cattle and calves is 83 percent of normal, compared with 82 percent last month, 77 percent a year ago and the 10-year average of 81.9 percent.

Sheep have wintered in very good condition and ewe bands are in the best condition since 1931. Sheep conditions have been very favorable in the northern states, with good conditions on the northern winter sheep ranges. Texas sheep are in very good condition with good feed in the sheep sections. Texas has prospects of a good lambing percentage and has about 12 percent more ewes than a year ago. The 11 far western states have about two and one half percent less ewes than a year ago. Early lambing conditions

have been favorable in the northwest, in California and Arizona, and in Texas. The condition of sheep and lambs is 89 percent of normal, compared with 88 percent last month, 81 percent a year ago, and the 10-year average of 84.8 percent.

**High Cost of Living Jolted.**

NORTH BROOKFIELD, Mass. (U.P.)—Mrs. Theodore L. Benoit purchased a box of apples for 90 cents 10 years ago. Recently she received an envelope containing 40 cents and a note that said she had been overcharged but that the sender "had just got 'round to adjusting the matter."

**Village Has No Taxes.**

RIDGEWAY, Wis. (U.P.)—This village of 500 people is a taxpayer's paradise. Property owners have not been required to pay direct village taxes for the last three years. Gas, automobile, beverage, tavern and corporation taxes have provided enough income to maintain village services.

Under normal pressure steam expands about 1700 times its own volume.

## Shower Features St. Patrick's Bridge Party

A surprise shower for Mrs. L. E. West featured the meeting of Chez les Amis club and a group of guests for which Mrs. Sam Giesey and Mrs. Oscar Crowe were co-hostesses at the home of Mrs. Giesey, 810 S. Baird, Tuesday afternoon.

A St. Patrick's Day theme was followed in party accessories and was emphasized in the refreshment course with wee flags and with cakes decorated with shamrocks.

Bridge games occupied the afternoon with club prize going to Mrs. Payton Thurmon, second high club to Mrs. Bill Collins, and cut to Mrs. W. L. Miller. Guest prize went to Mrs. A. B. Cather.

When prizes were presented, shower gifts in a little cradle were presented to the honoree, who had not suspected this feature of the party. Chez les Amis members present were: Mmes. Collins, Harvey Fryar, Miller, Thurmon, West, Giesey. Guests were: Mmes. Minnie Shimek, Reid Hodgson, L. O. Sparks, Walt Moxey, Frank Fulk, Cather, J. G. McMillan, A. Van Kampen as the co-hostess, Mrs. Crowe. Mrs. J. H. McClure sent a gift.

## Beta Sigma Phi Studies Topic of "Life as an Art"

"Life as an Art" was the general topic for the program meeting of Beta Sigma Phi held with Miss Mary Y. Miller as hostess at her home, 1801 W. Holloway, Tuesday evening.

Mrs. Frances Stallworth discussed "Can Life Itself Be an Art?" Miss Miller read Mrs. L. C. Link's paper on "The Life of a Saint as a Work of Art."

"The Life of a Hero as a Work of Art" was the title of Miss Maedeleen Roberts' talk.

Miss Lucille McMullan presented the concluding topic on "The Life of a Philanthropist as a Work of Art."

A study of persons whom the club members considered masters of the art of living closed the program numbers.

A business session preceded the program, during which all members wrote notes to Mrs. R. Steele Johnston, honorary director, who is ill. The sorority will meet with Mrs. Frances Stallworth, 307 North D, Monday evening at 7:30 o'clock.

Present were: Miss Norene Kirby, Mrs. Stallworth, Miss McMullan, Miss Marguerite Bivens, Mrs. Foy Proctor, Miss Ruth Pratt, Miss Roberts, Miss Willette Duncan, and the hostess.

## Honored Here

GEORGE McQUEEN

## Fort Worth Oil Man Guest of Friends Of Former Days

Old timers got together recently and celebrated the birthday of George McQueen, Fort Worth oil operator, on a business visit to Midland. Gathered at Hotel Scharbauer to talk over old times were Mr. and Mrs. John W. House, Mr. and Mrs. W. T. Doherty, Mr. and Mrs. J. L. Taylor, Mr. and Mrs. P. H. Liberty, K. L. Sappington and Mr. McQueen. As a surprise to the honor guest, one of the Midland party members produced a picture of Mr. McQueen, taken several years ago, and shown above. The guests autographed the picture for him as a remembrance of the "get-together" at Midland.

## Mrs. Cowan Is Hostess to Party For Bridgettes

With a spring note suggested in accessories for the three tables of bridge, Mrs. R. R. Cowan was hostess to the Bridgette club and a trio of guests at her home, 606 S. Colorado, Tuesday afternoon at 2:30 o'clock.

Award for high score was presented to Mrs. S. M. Warren while second high went to Mrs. E. D. Richardson.

Guests were Mrs. J. L. Rush, Mrs. W. H. Street, and Mrs. W. B. Chapman.

Members attending were: Mmes. Warren, Richardson, A. E. Horst, S. O. Cooper, Bill Van Huss, L. A. Tullos, J. J. Kelly, V. J. Neugebauer, Jack Spry, and the hostess, Mrs. Neugebauer and Mrs. Spry are new members of the club.

## Violets and Iris Favored Blossoms At Edelweiss Party

Violets for table decorations and iris used in the entertaining rooms followed a seasonal motif in floral appointments for the bridge-luncheon with which Mrs. A. P. Shirey complimented the Edelweiss club at her home, 1301 W. Kentucky, Tuesday afternoon at one o'clock.

Luncheon was served in buffet style. Afterward three tables of bridge furnished diversion for the guests. Playing appointments were distinguished by tallies and score pads in silver and orchid, bearing the monogram of the hostess.

Mrs. Hal Peck received prize for high score and Mrs. J. M. Speed Sr. prize for second high.

Mrs. Lem Peters was the only guest. Club members present were: Mmes. Clyde Cowden, Ellis Cowden, John Dublin, Hall Edwards, J. R. Martin, Hayden Miles, Tom Nance, Peck, Foy Proctor, Harvey Sloan, Speed, and the hostess.

Lithuania has the lowest cost of living figure of any nation of the world. Its costs dropped 55 per cent as compared with 1929.

## Two-Part Program Is Heard at Meeting Of North Ward PTA

North Ward PTA presented a two-part program at its regular meeting at the school building Tuesday afternoon. First was a program of musical numbers designed to display the school's new Chickering grand piano. Second was the regular lesson program.

North Ward's rhythm band opened the musical division with two numbers.

Mrs. De Lo Douglas presented the high school girls' choral club in two selections, accompanied by F. Nixon at the piano.

Geraldine Griffith presented a piano solo.

Miss Jessie Scott Price also presented a special selection on the piano, "The Rosary."

"School Days Discourse" was the theme of the study program following the music.

Mrs. O. J. Hubbard was chief speaker, assisted by Mrs. W. L. Sutton and Supt. W. W. Lackey.

Mrs. Harry Price, president, was in charge of the business meeting during which a nominating committee was elected consisting of Mrs. H. C. Barnes, Mrs. J. M. Armstrong and Mrs. Tom C. Bobo.

Miss Hoye Jenkins' room received the award for attendance of mothers.

## Gamma Phi Betas Meet for Bridge With Mrs. Egolf

Mrs. Freeman Egolf entertained for the Gamma Phi Beta bridge club with a two-table party at her home, 211 S. Dallas, Tuesday afternoon.

Mrs. F. M. Stevenson was the club guest.

The hostess won high score in the afternoon's games, with second high going to Mrs. Tom Parker, and cut to Mrs. A. E. McKay.

A dessert plate was served at tea time with Mrs. Stevenson and the following club members: Mmes. A. H. Flaherty, McKay, Elliott, Powers, Parker, J. B. Richards, Sherrill White, and the hostess.

## Painters Express Appreciation to Union Officials

Expressions of thanks to Harry Carroll, general organizer of southern states for the B. of P. D. & P. and A., and Leonard Carlton, chief deputy commissioner of the board of labor control, for their work in West Texas have been voted by members of the local painters' union, officials reported today.

The two men were guests of the union and Carroll was the principal speaker at banquet given by the union here last Thursday evening. All painters from the Midland and Odessa district, also the contractors, who could be contacted were invited.

Declarations by Carroll that general conditions in this district, especially in the building trades, were better than in any district in which he has been lately, were warmly praised by the painters.

Carroll was in this territory working on the state hospital project in Big Spring. Through his efforts and those of Carlton, the asylum buildings have been made a union project which will compel the contractors to hire 75 per cent local labor, which will be supplied by the locals of Midland and Big Spring.

The prevailing wage scale of this locality has been set at \$1.00 per hour, as it has been all over the state, excepting in the larger cities where it is higher. On the Big Spring project, 75 cents was listed for the painters. Carroll and Carlton succeeded in getting the prevailing wage scale established.

## Address

Continued from page one local program of which the meeting today was a part.

Patrolman Wilkins, radio technician of the state's force, was introduced by Mr. Wemple. Lonnie Koon, Midland city traffic patrolman, also was introduced.

Approximately 150 attended the meeting which was opened by Fred Middleton, president of the Rotary club.

Talks at Schools.

Urging high school students to take the lead in promoting safety on the highways and declaring that the ultimate success of the highway safety program depends largely on the cooperation of the younger generation, Chief L. G. Phares of the state highway patrol addressed the student body of the local high school at an assembly program this morning, his interesting and educational address being well received by the members of the student body.

Chief Phares urged his listeners to use common sense when driving an automobile. The younger generation is being trained in safe driving and has a great advantage over old timers who learned to drive in Model T's, he said.

Fred Wemple, member of Governor Allred's safety committee, was in charge of the program, introducing Chief Phares and other speakers.

Mrs. Phares, who termed herself as the mother of the state highway patrol, spoke briefly, admonishing the students to keep their records clean, and not to do anything they would not want their parents, teachers and friends to know about.

Brief talks were also made by Capt. W. W. Legge of the state highway patrol, and by Bill Collins, chamber of commerce manager.

Group reading and singing, male quartet numbers and pep yells marked the students' participation in the program.

## WEATHER OFFICER HERE.

Capt. L. W. Johnson, weather officer of the third weather region, landed at Sloan Field today on an inspection trip. He came from El Paso and went to Oklahoma City.

Major L. D. Crawford, in a Travelair, came from Abilene and will go on to El Paso.

## BIG SPRING VISITOR.

E. V. Spence, city manager of Big Spring, attended the safety council luncheon here today.

## Rural Schools

Prairie Lee.

County Judge E. H. Barron, G. W. Breneman, Darold Wilson, and H. H. Kendrick of Midland, along with several Boy Scouts from Midland met with Boy Scouts at Prairie Lee Friday night. They have been invited to return at future meetings.

Preparation for the Interscholastic League meet is about complete.

A number of friends visited the school last week among them Mrs. E. A. Livingston who observed the classes in their recitation periods.

Mrs. Lura Hollingsworth, county home demonstration agent taught her class of girls here Friday morning.

Friday afternoon the girls defeated the boys in playground ball with a score of 12 to 7. The community team then defeated the girls playground ball team by a score of 17 to nothing.

All the teachers attended the college classes Saturday morning at the Midland courthouse.

Sunday school, preaching, and BTU were well attended Sunday and Sunday night at Greenwood.

Final examinations were given Friday night to 15 students who took the BTU training course last week. The course was taught by Miss Ruth Cotton of Hardin-Simmons university at Abilene.

the home of Mrs. Herbert King.

Women's Golf Association will meet at the Country Club Friday morning at 10 o'clock. Preceding play, a driving contest will be held at 9:30 o'clock. Hostess for the luncheon will be Mrs. R. W. Hamilton and Mrs. Dozier.

Child Study club will meet with Mrs. Jas. Maxwell, 409 W. Dakota, Friday morning at 10 o'clock.

## Oil News--

Continued from page one

Hockey pool well and record producer for the extreme North Basin region, averaged flow of 48 barrels per hour for six hours through tubing and has been shut in for storage. It is botomed at 4,973, where it has been acidized with a total of 9,000 gallons.

Gulf No. 1 Gordon, one-mile southeast extension to the Slaughter pool, southwest Hockley, had drilled to 5,004 feet in lime, having logged broken increases to total depth. It had 1,950 feet of oil in the hole which could not be baled down. Gulf No. 1 Mallett, two miles southwest of production in the pool, is drilling at 4,975 in lime, with no shows logged.

In Yoakum, Gulf No. 1 Futch, a mile west of the Denver pool, is coring lime at 5,036 feet. Last two cores have been saturated but have shown very little porosity. Magnolia No. 1 Webb, southwest of Plains, is drilling at 4,370 in anhydrite and lime.

Lea County Duster.

Harry Leonard No. 1 Ginsberg, southeast Lea wildcat in section 29-25s-38e, has been abandoned at 3,735 feet in sandy lime. It encountered no shows in drilling to that depth.

Getty No. 1 Riggs. Lea test two miles southeast of the Jal sand pool, has plugged back to 3,346 from 3,358 in lime and shale and is now testing, with 2,000 feet of oil in the hole. Total depth of 3,358 was corrected from 3,372 by steel line. The well is in section 1-26s-37e.

In the area between the Vacuum and Monuments pools, Conoco No. 1-G-12 State is running casing, botomed at 1,845 in anhydrite. Shell No. 1-A State, botomed at 3,470 in lime, is running a 5/8-inch pipe, which will be cemented at 3,180.

Four miles northwest of the Vacuum pool, Repollo No. 1-197 State, a wildcat, is standing with 13-inch cemented at 260 with 200 sacks of cement. Total depth is 308 in red rock.

## STORIES IN STAMPS RICHEST MAN in the WORLD

PICTURESQUE, a character who might have stepped out of the Old Testament, the Nizam of Hyderabad conducts one of the strangest reigns of modern time; ruler of the richest man in the world.

From his sultry, showy place in the city of Hyderabad, capital of this south central Indian province, the Nizam wields his power over some 14,000,000 subjects. In a huge red and gold room he directs the routine business of his native state, reaches decisions quickly. He attends his official duties with utter lack of ceremony. He wears the simplest attire. On state occasions, however, he stages vast Oriental splendor.

Fabulously wealthy, the Nizam is said to be worth \$600,000,000. Yet he is virtually a prisoner in his own land. Ancient customs decree that he shall never leave Indian shores. Actually he never leaves the capital city, even during the torrid summers.

He owns six beautiful palaces, yet he prefers to dwell in the smallest. He has a fleet of 50 limousines, yet he often travels about in an old touring car of 1927 model. He collects the bulk of his fortune from his people, but he turns much of it back in works of public welfare, model villages, sanitariums and child health centers.

Lets. As a native state Hyderabad has its own stamp. One, showing the seal of the Nizam, is reproduced here at the left.
