### Germany Withdraws Opposition to Any Invasion by Poles

By Associated Press.

Armed conflict between Poland and Lithuania with the possibility of other nations becoming involved loomed ominously today as statesmen of Europe acted in haste to avoid war.

Poland last night sent Lithuania a note demanding settlement of their 17-year-old quarrel over terrtory. The quarrel was born after the World War. The ultimatum must be answered by nine p. m. Saturday. The Lithuania parliament

summoned to meet tomorrow to decide on an answer. In Paris, it was announced France and Russia had agreed to bring simultaneous pressure to bear on the two countries for a peaceful set-

tlement of their friction. A source close to the German chancellory said Germany's opposi-tion to the threat of Polish military action in Lithuania had been withdrawn in return for Polish acquiescence in possible German annexation of the free city of Canzig.

Previously, Germany had threatened to send troops into Lithuania if Poland attacked her.

# You Owe Your Child This

No mother can give her child the proper care and attention it deserves if she has a big family wash to worry about every week. It undermines her health and good nature and as a result, the baby suffers.

You can't afford to endanger the health of yourself or your child when our family wash service is priced so low. You cannot wash at home as cheaply.
