

Daladier Is Given Vote Of Approval

Deputies in Favor Of Premier Ruling Country 6 Months

PARIS, April 13 (AP).—The senate today voted 288 to one to give Premier Daladier's national defense cabinet powers to govern France by decree until July 1.

Senate approval completed parliamentary action on the measure clothing the premier with unusual power to cope with the republic's acute financial and labor problems.

PARIS, April 13 (AP).—The chamber of deputies by a vote of 508 to 12 today approved Premier Edouard Daladier's request for power to govern France by cabinet decree for three months.

The bill was presented to parliament yesterday as an emergency measure to enable the new government to cope with troublesome financial and labor problems and was approved shortly after midnight.

The vote was the second huge majority the chamber had given Daladier in 24 hours. The premier declined, however, to make it a question of confidence.

The bill now goes to the senate. Last night the chamber gave the premier a 576 to 5 vote of confidence, while the senate greeted his outline of policy with almost unanimous applause.

The measure gives the government authority "until the close of the present session of parliament and not later than July 31" to deal with national defense, finances and rebuilding of the national economy by decree.

Such government decrees must be ratified, however, by parliament sometime before Dec. 31.

With 140,000 workers out on a strike, the premier told parliament the destiny of France was at stake and insisted that in the face of rearm Europe's war dangers, every one of France's internal weaknesses undermined the nation's defenses.

The first reaction from Daladier's declaration was the announcement by Jacques Duclos, secretary of the French communist party, that strikers in the nationalized aviation factories—numbering about 20,000—were ready to return to work.

British-Italian Pact Believed to Have Been Written

LONDON, April 13 (AP).—Italy virtually has sealed in advance a British-Italian friendship pact which diplomats said last night "might avert an otherwise inevitable major war within two years."

Premier Mussolini did this by promising a welcome to British War Minister Leslie Hore-Belisha, who is to arrive in Rome April 22 to round out the new alignment.

Great Britain's cabinet was expected to give final approval tomorrow to the pact designed to alter radically the course of world diplomacy and reduce European tension. The agreement is to be signed Saturday.

When Hore-Belisha reaches Rome it will be the first time in nearly three years that a British cabinet minister had visited Italy.

Mussolini's promise of a welcome came as a quick response to Britain's pledge yesterday to work through the league of nations for recognition of Italy's two-year-old conquest of Ethiopia.

Reliable sources said it was essential for Britain to seal British-Italian cooperation to Mussolini before Reichfuhrer Hitler visits Rome in May.

Hore-Belisha will be able to stress the advantages of an Italian-British understanding. He is the one British cabinet member who rivals Mussolini himself in dynamic energy.

Diplomatic observers said the meeting of Mussolini and Hitler which is to follow may decide Europe's fate.

A French-Italian pact supplementing the one between Britain and Italy would be easily attainable. The resulting three-way understanding among Britain, Italy and France would be the only hope of averting a war which Hitler would be ready for in two years.

Institute Poloists Beat Californians

New Mexico Military Institute's fast polo team won two straight games from the team from University of Southern California Monday and Tuesday. Frank Cowden and family attended the games, seeing James Franklin Cowden hold down the number four position on the Institute team.

The boys from Roswell will play two games against a Midland team April 24 and 25. Jay Floyd, captain of the local aggregation, said he doubted the ability of the Midland team to beat the collegiates, due to their splendid team work and regular practice.

Although not bringing their top ponies here for the two games, which are practice engagements for the NMMI boys, they will be well mounted and will have the benefit of recent engagements in which they defeated the Californians and also the University of Arizona.

Air Base for War Games Established Here; Troops Build Their own 'Town'

Officers and enlisted men of the 22nd observation squadron, located at Brooks field in San Antonio, attached to the first cavalry division, have, in a couple of days' time, built a regular "town" at the airport.

In the group are 13 officers, 90 enlisted men and ten observation planes. Flights will be made each day and night until about May 15 over the "war games" territory near Toyahvale in Reeves county. The war games are being carried on by the cavalry division and an estimated 25,000 soldiers now are stationed in the mountainous country. Midland is serving as a base for aerial work, with an advance flying field being located near Toyahvale.

The air force officers here are going through operations just as they would if actual warfare existed in the area where the troops are entrenched. Day and night they fly over "enemy" territory, mapping troop emplacements and topography of the country. They are not accompanied by fighting planes as they would be in war existing; otherwise their duties are the same.

A new enterprise will be attempted tomorrow when the planes land food for a small group of men and horses "behind the lines" from the air.

A pilot and photographer are aboard the planes each time they leave the field to fly over the war games area. Ground men consist of mechanics, radio operators and others.

In their camp here, the enlisted men do not have to leave camp even to get a shave. They have their own barber, radio equipment and all other necessities for their stay. They send into town each day for fresh meats and groceries but most of their canned foods were brought along from their base in San Antonio.

Major W. B. McCoy, in charge of the troops here, said that visitors to the camp would be welcomed and that all would be shown through the camp if they desired it.

Other officers here besides Major McCoy are Lieutenants Donald Yates, J. C. Gordon, C. B. Stewart, E. S. Holmes, R. H. Martin, G. R. Carr, R. P. Carr, N. C. Spencer, D. L. French, C. L. Hosmer, S. A. Zidalias, and Col. A. W. Smith, medical officer.

Major W. B. McCoy, in charge of the troops here, said that visitors to the camp would be welcomed and that all would be shown through the camp if they desired it.

Other officers here besides Major McCoy are Lieutenants Donald Yates, J. C. Gordon, C. B. Stewart, E. S. Holmes, R. H. Martin, G. R. Carr, R. P. Carr, N. C. Spencer, D. L. French, C. L. Hosmer, S. A. Zidalias, and Col. A. W. Smith, medical officer.

Yoakum Wildcat West of Denver Pool Cores Oil Saturated Lime

Recovery of oil saturated lime cores from Shell Petroleum Corporation No. 1 Mrs. Dora Roberts, closely watched wildcat four and a half miles west of the Denver pool in southern Yoakum was of great importance among today's oil happenings. It was cored from 4,850-67, with recovery of 17 feet of hard, dense, gray dolomitic lime, with thin streaks of anhydrite and shale. Cores had very slight porosity but were 100 per cent saturated.

After coring, the well was given a 16-minute drillstem test from 4,702 to 4,850, showing rise of five feet of drilling mud, no oil, gas nor water. First saturation, as shown by the cores, is said to correlate with top of pay in Texas No. 1 Walker, small discovery producer a mile and a half to the east and three-eighths of a mile to the south. No. 1 Roberts is located 2,310 feet from the south and east lines of section 733, block D, J. H. Gibson survey. All markers, including solid lime, topped at 4,410, datum of minus 716, have been logged high, indicating structure.

Shell No. 1 F. W. Hensley, new producer spreading the Denver field three-quarters of a mile northwest, swabbed and flowed 146 barrels of oil in 23 hours after unloading hole. Average fluid cut was three per cent basic sediment and two-tenths of one per cent acid water. The well is flowing by heads and requires only intermittent swabbing. Location is 2,200 feet from the north and east lines of section 767, block

D. J. H. Gibson survey. Crockett Strike Testing. Choate & Hogan No. 1 University, northwest Crockett pool operation, is on pumping test today, producing at a daily rate of approximately 100 barrels. It was acidized yesterday morning with 1,000 gallons from 1,455-75. Acid apparently increased gas, but operators were uncertain as to whether oil had been increased. Previously, the well had been shot with 50 quarts of nitro from 1,470 to 1,538, where it had been plugged back to shut off sulphur water encountered in drilling to 1,627. Cement was then drilled out to 1,575, and two-inch tubing was set 10 feet off bottom. The No. 1 University is located 1,650 feet from the south, 2,342 feet from the west, line of section 17, block 14, University survey.

Magnolia No. 1-A McKee, northern Pecos deep test, was cored from 5,462-82, recovering 18 feet of lime and shale, which showed nothing. Core-hole is now being reamed at 5,464.

Sinclair-Prairie et al. No. 1 Paul Moss, showing for a new pool opener in Ector, is drilling unchanged at 4,094 feet in lime. It balled 14 barrels of oil during the past 24 hours. Only showing has been from 3,890-98.

Andrews Wildcat Shows. Slight show of oil and gas was logged from 4,377-88 by H. C. Wheeler No. 1 F. E. Gardner, wildcat two and a half miles west of the Means pool in Andrews. This morning, it was drilling at 4,390.

Lucas Takes Lead in Race For Senator

Downstate Votes Puts Adherent of Governor in Lead

CHICAGO, April 13 (AP).—An avalanche of downstate returns today sent congressman Scott Lucas, adherent of Governor Horner, into the lead for the democratic United States senatorial nomination.

Lucas forged ahead after whitening down a lead of 70,000 votes piled up earlier by United District Attorney Michael Igoe of Chicago.

An incomplete count gave Lucas 668,021 votes and Igoe 646,499.

In the other major contests of the factional fight for supremacy in the state's democratic party the governor's aspirants swing into the van.

Of a total estimated vote of 999,456 in Chicago, the republican total was figured at only approximately 165,000. This would mean the democratic vote ratio was about six to one.

Although republican chieftains had urged the party faithful to vote in the G. O. P. primary as a show of strength, it was indicated that many switched to the democratic side temporarily to take a hand in the battle between the Kelly-Nash and Horner groups.

The total vote in Illinois was expected to approach 2,000,000 against 2,134,203 in the 1934 primary and 2,674,713 in the 1936 primary.

One death and minor violence were reported to a near record outpouring of votes for an off-year election.

Babe Perry negro, was slain in a political argument with another negro in Chicago. A free-for-all fight in which several women participated developed in a south side polling place over a vote challenge. Several precinct workers were assaulted.

EL PASO, April 13 (AP).—Sheriff Chris Fox said today he was investigating a report Mrs. Weston Frome and her daughter, Nancy, may have met their slayers in a Juarez cabaret two nights before they left El Paso.

An employe of one of Juarez' largest night clubs told the sheriff the Frome women became acquainted with two men while having dinner there on the night of March 28.

The employe identified the women from pictures.

Midland Scouts to Enter Region Meet in Sweetwater Sat.

The first-aid team of Midland Boy Scouts troop No. 54, co-champion with Sweetwater of the Buffalo Trail Council, is undergoing strenuous practice sessions each day this week in preparation for the Sectional First Aid Meet to be held at the high school gymnasium in Sweetwater Saturday afternoon, according to Scoutmaster Buster Howard, who said today that he is of the opinion that the Midland team has an excellent chance of annexing first place honors at Sweetwater.

The Midland team, composed of Billy Kimbrough, captain, Kenneth Williams, Bobby Stallworth, Joe Barber and Joe Conkling, won the right to participate in the sectional meet by winning first places in the district meet at Odessa and the Council meet in Big Spring.

Teams from five West Texas Boy Scout Councils will participate in the Sweetwater meet Saturday, each council entering two teams. The Buffalo, Trail, Concho Valley, Brownwood, South Plains and Chisolin Trail councils will be represented. Local Scout leaders who have seen the Troop No. 54 team in action say that the Midland boys will be among the favorites at Sweetwater. Red Cross first-aid methods are used mainly by the Midland team.

The two winning teams at the Sweetwater meet will gain the privilege of participating in the Region 9 first aid meet in Dallas on April 23. Region 9 embraces Texas, Oklahoma and New Mexico.

Weak points encountered in last week's council meet in Big Spring are being emphasized in practice sessions of the Midland team this week, particular emphasis being placed on diagnosis of accidents, various kinds of unconsciousness and application of new style traction splints. The practice sessions are being held under the direction of Scoutmaster Howard.

Rabbit Drive to Be Held Tomorrow

One of the last rabbit drives scheduled in the county this year will be held tomorrow at the Charley Wise farm in the east part of the county.

Sponsors of the drive said a barbecue chicken and steak dinner will be held at noon and invited the public to attend. Hunters desiring to reach the Wise farm are advised to turn south on the Garden City road at Stanton and go five miles south.

Insistence on Retention of the Undistributed Profits Tax Made

Austrians Imbued with Nazi "Party" Spirit

After taking over Austria, German Nazis lost no time in getting at their next task—that of building up good will among the civilian population. Shown above is a scene in the principal square in Graz where long tables were set up and served by young Storm Troopers, scores of Austrian newly received meals "on the house."

Fleeing Gas Clouds in California Battle

Stumbling blindly, choking rioters at the strike-bound plant of the California-Hawaiian sugar refinery, Crockett, Calif., fled a barrage of tear gas locked by authorities, as strikingly pictured above, to end a bitter battle in which more than 50 were injured, several seriously. The riot grew out of a jurisdictional dispute between rival A. F. of L. and C. I. O. unions. The plant closed when the C. I. O. started picketing in protest against dismissal of three men. The plant had been working under an A. F. of L. contract and an agreement with C. I. O. warehousemen.

Greene, Martin Named Officials Of School Board

J. L. Greene, independent oil operator, was elected president and J. R. Martin, banker, was named secretary of the board of trustees of Midland Independent School District No. 1, in an organization meeting held late Tuesday.

L. C. Link, newly elected board member, was sworn in, succeeding Foy Proctor whose term expired. W. A. Yeager, re-elected to the board in the recent election, was continued as a member.

Both Greene and Martin have served on the board for the past year. Besides the two officers, Link and Yeager, other members are Chas. D. Vertrees, Roy Parks and C. M. Goldsmith.

Minister Principal Speaker at Luncheon

Rev. James T. McKissick, Christian church revivalist, and former resident of Midland, was the principal speaker at the regular weekly luncheon of the Midland Lions club today noon, "The Spirit That Wins" being the subject of his most interesting address. The speaker complimented Midland on its rapid growth and predicted a great future for the city and section. He urged his listeners to carry on in their respective fields of endeavor despite discouragements that may arise.

"Life is a great game," he said, "and let's play it to the very last." He lauded the spirit of fellowship and friendship as exemplified in Lionism, urging those present to lend a helping hand when needed. His talk was interspersed with See (SPEAKER) Page Six

All Children Will Get Chance in Egg Hunt Here Sunday

So that the younger children will not be crowded by the older ones in the annual Lions club Easter egg hunt to be held here Sunday afternoon, the grounds will be divided into three sections for children of different ages, according to an announcement made this morning by Lester Short, chairman of the hiding committee.

One section will be for children between the ages of 10 and seven; another for those between the ages of three and seven and another for those three years old and younger. Children above ten years of age will be barred from participation.

The grounds will be patrolled by Lions club members and Boy Scouts and all children 10 years old and younger are cordially invited and urged to attend the hunt which will get underway at 1:30 o'clock Sunday afternoon at the extreme west end of Texas street near the intersections of Highways No. 1 and No. 158.

One hundred dozen eggs and 100 pounds of candy eggs will be used in the hunt, according to Ellis Conner and George Philippus of the egg committee.

Wheat Allotments For Year Released

WASHINGTON, April 13 (AP).—The agricultural administration announced state wheat acreage allotments today under the 1938 farm program.

The national allotment is 62,500,000 acres. The allotment for Texas is 4,148,210 acres.

FDR Renews His Claims Of the Act

Committees Work on Compromise Task Bill in 2 Houses

WASHINGTON, April 13 (AP).—President Roosevelt repeated today the administration's insistence on retention of the principle of the undistributed profits tax.

The President wrote the chairman of the senate finance and house ways and means committees and the letter was delivered at the capitol while senate and house conferees were meeting for the first time to work out a compromise on the tax revision bill.

A presidential conference with cabinet members and administration spenders led to widespread belief last night that President Roosevelt would outline his future course in many fields, including foreign affairs, to Congress and the nation Thursday.

Mr. Roosevelt summoned five cabinet members and the chiefs of his major spending agencies to the White House to discuss a special message to Congress and a radio address. The message is scheduled definitely for Thursday, the radio talk tentatively for Thursday night.

From a high administration official came word that the President would discuss a wide range of subjects, including international aspects. A recommendation that \$1,250,000,000 be appropriated for WPA's relief project is likely, and the President is expected generally to disclose his decision on additional expenditures to "prime the business pump."

There was some speculation that the Chief Executive might reply to critics who have urged him to reassure business by announcing a moratorium on "reform" legislation. The possibility that he might discuss the sidetracked wage-hour and government reorganization bills also was discussed by newsmen.

Those called to the conference included: Secretary of State Hull, Secretary of Interior Ickes, who directed the huge public works program with which the administration sought to "prime the pump" of business in the early days of the New Deal.

Secretary of Agriculture Wallace, Postmaster-General Farley, Secretary of Treasury Morgenthau, who said yesterday that the business situation required some government aid.

Harry Hopkins, the work relief administrator, who has been the Roosevelt administration's biggest spender in the past.

Jesse Jones, chairman of the Reconstruction Finance Corporation, which Congress recently authorized to make \$1,500,000,000 of long-term industrial and public works loans.

James Roosevelt, the President's son and secretary, and Stephen Early, his press secretary.

American Indicted In Bombing Death Of Juarez Mayor

CHIHUAHUA CITY, Chih., Mex., April 13 (AP).—Lee Blohm, American consul, said last night an American, William M. Fink, vice-president of Maguarich Mining Company, had been indicted for participation in the bomb-assassination of Mayor Jose Borunda of Juarez.

The indictment was obtained by Lomell Juareg, attorney general of Chihuahua.

Fink was consigned to the first penal court for trial and was taken to the state penitentiary.

The indictment charged that Fink employed Eren Escobar to make a bomb to Borunda April 1. The major and Domingo Barraza, 94 municipal employe, were killed when the package was opened in the Juarez City Hall.

Escobar had been indicted in connection with the bombing. Officers said he admitted sending the bomb and asserted he did so at the behest of others.

Blohm did not explain what authorities considered the motive of the bomb plot.

Fink has been interested in mines in this district for more than 30 years.

No Program at High School Tonight

Scheduled for tonight at the high school auditorium, the one-act play and declamations by Midland Interscholastic League representatives have been postponed. Supt. W. W. Lacey has announced.

Because of the revival meeting now in progress and the programs Friday and Saturday nights, officials decided it would be better not to present the scheduled program tonight.

FROM BALLINGER. The Hollingsworth of Ballinger is here for a few days' visit with his mother, Mrs. Lura Hollingsworth.

Behind the Scenes in Washington

Editor's Note: The opinions expressed in this article are those of Mr. Dutcher, NEA-Reporter-Telegram Washington correspondent, and are not to be construed as expressing the editorial policy of The Reporter-Telegram.

WASHINGTON, April 13. — The big news is that the Roosevelt administration has decided to try to "spend" the country out of the depression.

The decision finally was reached by the President and WPA Administrator Harry Hopkins at Warm Springs. Further developments are rapidly unfolding.

Half a dozen plans for pumping money into the economic system, backed and press-agented by as many groups, are being pushed around in the air. There are plans for pure spending and plans for pure lending, schemes for lending in such a way that only part of the money will come back and schemes for lending so that none of it will come back.

Pump \$3,000,000,000. ALTHOUGH mechanics of the pump-priming scheme to be recommended to Congress are not worked out, it is certain that Mr. Roosevelt will call for at least \$3,000,000,000 of funds for WPA and public works.

It is not unlikely that the old PWA, whose machinery has been kept oiled for a program such as is now imminent, will be merged with WPA and that the whole works-recovery program will be co-ordinated and planned. In order to get a fast start, the merged organization would begin at once on projects of both agencies which have been proposed and studied but have not been acted on.

Waiting for the Easter Rabbit in Washington

because of lack of funds. Prominence of Harry Hopkins in the Roosevelt councils and in administration of the spending program makes it certain that comprehensive if not favorable consideration will be given to a large scale housing program, under government direction and financed by government funds. Hopkins always has wanted to build houses with WPA labor.

Housing Planned on Program. VARIOUS ideas as to housing as a part of the new spending program are as far up in the air as anything else, but a significant amount of attention is being devoted to possibilities of large-scale erection of pre-fabricated homes.

that mass production of cheap pre-fabricated homes represents the only way to build cheap individual houses. They say several production units are ready to start off in a big way and that WPA labor could be used to lay out sites, streets, cellars and water mains as well as to put the houses together.

According to the pre-fabrication experts, it's largely a question of getting the public used to this type of house and if someone will just get a lot of them up there will be stimulus for a huge new industry. But this is only one idea among many and opposition from building trade unions, building materials interests and other groups is likely to kill it. Early indications are that pump-priming proposals of whatever type will be closely scrutinized in Congress and perhaps subjected to considerable alteration.

The proposal to turn the public works program over to Hopkins, assuming that Roosevelt decides he wants to do that, is one which conceivably may cause an uproar on Capitol Hill.

Currency Changes To Aid Detection Counterfeit Money

Important changes in printing of currency have been announced, letters to Midland banks from the treasury department announced. The differences are explained in the following bulletin from Forrest V. Sorrells, supervising agent, secret service division, New Orleans: "For your information a slight change has been made in the size of the check letter and face plate number on our currency notes. The check letter and face plate number have been somewhat changed, with a view to making them more easily distinguishable to the layman in his efforts to detect counterfeit notes. This change has been made at the request of the United States secret service. At the present writing only the \$1 Silver Certificates on which the check letter and face plate number has been changed to a larger size have gone out to the federal reserve banks. However, some time in the future notes of the other denominations will also have these changes on them.

"The enlargement of the back plate numbers on our currency will not appear on new notes for some time, as there is a large stock of backs already printed in advance. It is not deemed advisable to make published notice of this change at the present time, as it might have a tendency to confuse the ordinary handler of money. However, we do deem it advisable that all of the banks be notified regardless.

"The check letter appears on the

The Town Quack

in getting some pavement laid as soon as the city and the WPA work out the cost figures. With the city using their own equipment and the WPA providing the labor, Midland property owners are going to get a bargain which heretofore has not been available.

One of our office staff predicts precipitation. Another one, more technical, hopes it will precipitate moisture and not sand.

Three years ago a Midland man got pretty active in talking up a road connection to Lamesa. The other day someone hit him up for a donation on it. He said it always takes two or three years to get spontaneous popular response to a good idea.

A local man read our paper Monday and got mixed up on the readers about entertainment and about church services. He went to church to hear "Gambling with Souls" thinking he would have had to go to the show to see "Sin and Its Cure."

The new water tank to be erected soon by the city will be three times as large as the one we now have at the city hall property. It will be on a tower of similar height, however, 100 to 105 feet, depending on the elevation of the site where it will be located. The overflow pipe level of the two tanks will be the same. Counting what water is in the pipes and mains, we will have 2,000,000 gallons in storage at all times. When all the water users turn on their hydrants at the same time, each afternoon, the big new tank will keep up the pressure, whereas last summer it was hard to run enough water through the tank fast enough for those peak hours. Give them ninety days to get the new tank in use, and the more water the customers use the better the city officials will like it, because they are having to chunk off twenty grand to buy this tank, and somebody is going to have to pay for it.

If I lived on an unpaved street, I would begin now to contact the other residents, working up interest

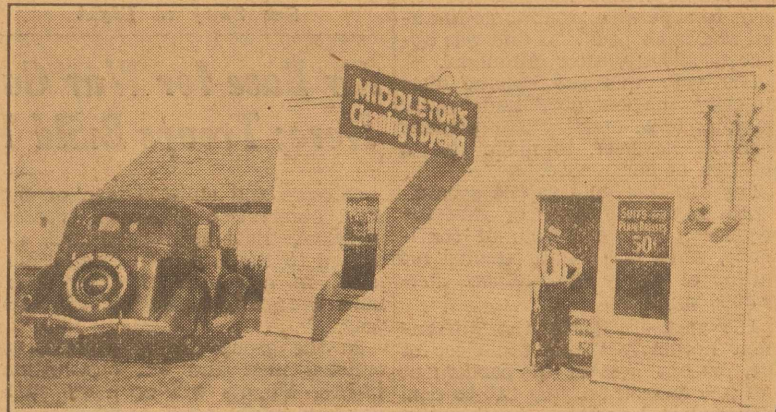

Texas U. Grads to Hear Harvard Prof.

AUSTIN—Graduating students at the University of Texas will be addressed at the June 6 commencement exercises by Howard Munford Jones, professor of English at Harvard University and a former faculty member of the Texas institution.

Mr. Jones received his bachelor of arts degree from the University of Wisconsin and his master of arts degree from the University of Chicago. From 1919 to 1927 he was on the staff of the departments of English and general literature at the University of Texas. He then went to the University of North Carolina for three years and later to the University of Michigan. He has been on the staff of Harvard University since 1936.

In addition to his teaching duties, Mr. Jones is well known as the author of several books of poems a number of plays, a biography of Moses Colt, Tyler, a translation of Heine's poem "The North Sea," and an edition of the poems of Edgar Allan Poe. His articles and books on the various periods of the drama have won him recognition as an authority in that field. While a member of the University of Texas staff Mr. Jones served as general director of the Curtain club, student dramatic organization.

International Affairs Studied At Club Program

Twentieth Century Study club met at the home of Mrs. Karl Ratliff, 908 W. Kentucky, Tuesday afternoon at 3 o'clock for a program continuing the study of international affairs.

Mrs. Ratliff discussed "Adolf Hitler—Why Does He Do It?"

Mrs. Stanley Morian spoke on "M-Day in America."

Mrs. W. B. Chapman's talk dealt with "Pearl Harbor."

A roundtable discussion followed the topics.

Present were one visitor, Mrs. Blunden, and the following club members: Mmes. Chapman, W. C. Fritz, Oliver Haag, Morian, Jerry Phillips, T. N. Roberts, W. L. Simmons, Tom Switzer, H. E. Voigt, and the hostess.

The club will meet next with Mrs. Jerry Phillips.

Mrs. Richardson Hostess to Party For Bridgettes

Mrs. E. D. Richardson was hostess to the Bridgette club for its bi-weekly afternoon bridge party at her home, 607 North D street, Tuesday.

Two tables of bridge were played with Mrs. Bill Van Huss holding high score at the close of the games, and Mrs. Kenneth S. Blackford holding second high.

A party plate was served at tea time to Mmes. Van Huss, Blackford, L. A. Tullios, A. E. Horst, S. O. Cooper, S. M. Warren, V. J. Neugebauer, and the hostess.

Midland Couple Is Married at Carlsbad Tuesday at Noon

Miss Edythe Norman of Midland, daughter of Mr. and Mrs. H. M. Norman of Fort Worth, and W. H. (Bill) Riggins, also of Midland, were married at Carlsbad, New Mexico, Tuesday at high noon, friends here have been informed. The ceremony was read by the Methodist minister at Carlsbad. The couple was attended by close friends.

The bride wore a costume of navy sheer with Parisian accessories and carried an arm bouquet of lilies.

After a wedding trip to Mexico, Mr. and Mrs. Riggins will be at home in Midland.

Mrs. Riggins attended Texas Women's College in Fort Worth and for the past two years has been employed at the Western Union office here.

Mr. Riggins, a graduate of Oregon State university, has lived in Midland about a year, being associated with the Emco Derrick and Equipment Company.

First Base In Style

A lovely example of the popular basic dress, that practical creation which is smart any hour of the day and is a wonderful background for jewelry or furs, is this beautifully cut spring frock. Of semi-sheer rayon crepe, it has a swinging skirt, sculptured bodice with skillful fagotting, short sleeves and a twisted girdle.

Four Appear on Program of Civic Music Club Meeting

Mrs. F. C. Cummings, 1002 W. Missouri, was hostess to the Civic Music club in its program meeting Tuesday evening.

The following numbers were presented following a business session.

Paper—"Contemporary Composers"—Mrs. B. W. Stevens.

Piano solo—"Polonaise Americain"—(Carpenter)—Miss Jessie Scott Price.

Vocal solo—"Dawn" (Pearl Curran)—Mrs. De Lo Douglas.

Current events discussion—Thomas Inman.

Mrs. Lamar Lunt was elected to associate membership and Mr. and Mrs. Max Engle to patron membership in the club.

Next meeting will be held at the studio of Chase Murph, director of the Baptist church choir.

3:30 o'clock. The public is invited to attend.

Business Woman's Auxiliary of the Presbyterian church will meet at the church Friday evening at 8 o'clock, with Mrs. W. J. Coleman as leader.

Gamma Phi Betas Honored at Bridge Party Tuesday

Tallies in the sorority colors of mode and brown distinguished appointments for the two tables of bridge with which Mrs. A. H. Flaherty complimented the Gamma Phi Beta bridge club at her home, 1801 W. College, Tuesday afternoon at 2 o'clock.

High score in play went to Mrs. Sherrill White, second high to Mrs. J. B. Richards, and cut to Mrs. Freeman Egolf.

Guests were Mrs. Steve Stevenson and Mrs. Dan DelHomme.

At tea time, a refreshment course was served to the guests and the following members: Mmes. Egolf, Tom Parker, White, A. E. McKay, Richards, and the hostess.

Yellow and Green Favored Colors at Enigma Club Party

Choosing a color scheme of yellow and green for themes and prize wrappings, Mrs. Geo. Glass entertained for the Enigma club party, a quartet of guests with an afternoon bridge at her home, 911 W. Texas, Tuesday.

High score for club members in the three tables of bridge played went to Mrs. Harry Tolbert, high score for guests to Mrs. Russell Conkling and cut to Mrs. Clyde Cowden.

Playing guests were: Mmes. John B. Thomas, R. B. Oliver Jr. of Cape Girardeau, Missouri, Fred Turner, Russell Conkling.

At tea time a party plate with favors of tiny sweet pea corsages was served to guests and the following club members: Mmes. Harvey Conger, Ellis Cowden, Guy Cowden, Clyde Cowden, Foy Proctor, Clarence Scharbauer, Harry Tolbert, M. C. Ulmer, and the hostess.

Sponsor Talks To R. A. Group

Ray Blackburn, sponsor, made a 10-minute talk on R. A. work and members at the regular meeting of the R. A. organization in the basement of the Baptist church Monday evening.

James Kerr presented a 3-minute

Beta Sigma Phi Members Meet in Odessa Tuesday

Members of Beta Sigma Phi went to Odessa Tuesday evening for a program meeting at the home of Mrs. R. Steele Johnston, honorary director.

Mrs. L. C. Link, education director of the sorority, was in charge of the program on the general topic, "Literature."

Mrs. Link discussed "Drama", Miss Ruth Pratt, "Poetry" and Miss Norene Kirby "Prose", under which last topic essays, novels, short stories, and vignettes were considered.

Miss Kirby, chapter president, presided.

A refreshments plate was served, featuring the Easter theme in an ice cream course moulded in the shape of an Easter lily, individual cakes atop which were perched wee chicks, and Easter eggs.

Present were: Mrs. Link, Mrs. T. J. Potter, Misses Maedelee Roberts, Kirby, Pratt, Marguerite Bivens, Lucille McMullan, Willette Duncan, Mary V. Miller, and the hostess.

The sorority will have a tea Easter Sunday afternoon from 4 o'clock until 5 at the home of Mrs. Link.

talk on the same general subject.

Billy Howze, Robert Williams, and Glenn Murray sang a trio.

Songs were sung and the meeting closed with sentence prayers.

James Merrell was a new member.

Present were: Robert Williams, Billy Howze, Glenn Murray, Tom Tisdale, Ula Tisdale, James Kerr, James Merrell, and Mr. Blackburn.

The group will meet in the church basement Monday evening of next week.

Father O'Connell Speaks to Group Of Catholic Women

Father John J. O'Connell talked on "The Passion of Our Lord" at the meeting of St. Thomas Study club with Mrs. Ben Dansby Jr. hostess at the home of Mrs. Jas. Fitzgerald, 1901 W. Holloway, Tuesday afternoon.

Present were: Father O'Connell, Mmes. A. H. Riley, F. H. Schouten, Morehouse, Allen Tolbert, Earl Moran, Kidwell, Baker, Ben Dansby Sr., W. T. Walsh, J. W. Jordan, Sara Dorsey, J. H. Chapple, Fitzgerald, and the hostess.

The Study club will meet next Monday with Mrs. W. T. Walsh.

Evangelists Officers Present Reports

Reports from an officers and group captains were heard at the Evangelists class officers' meeting held with Mrs. H. S. Collins, 609 S. Colorado, Tuesday afternoon at 2 o'clock.

After the business meeting, the group members made a round of calls on members and prospective members of the class.

Attending the meeting were: Mmes. W. L. Sutton, Robert Cox, H. R. Brazeale, A. T. Donnelly, Jas. L. Daugherty, W. L. Nicol, R. Chanslor, Joe Manry Jr., T. E. Neely, O. J. Hubbard, and the hostess.

Another officers' meeting will be held with Mrs. Robert Cox, 1907 W. Texas, Tuesday afternoon of next week at 2 o'clock.

Women of the First Christian church will hold a prayer service at the church Friday afternoon at

On his way to a banquet

Nothing formal about this. A delightfully lazy evening... an interesting book... muffled music from the radio... hickory logs crackling in the fireplace... and then, "How about a peek into the refrigerator?... Ah! Spicy pickles... Um-m! Cold chicken... Um-m! Racy cheese, sandwich spread and delicious relish. And to top it all off magnificently—cold BUDWEISER! What a wife! She thinks of everything... never forgets to keep plenty of BUDWEISER in the refrigerator."

MAKE THIS TEST
DRINK Budweiser FOR FIVE DAYS. ON THE SIXTH DAY TRY TO DRINK A SWEET BEER. YOU WILL WANT Budweiser's FLAVOR THEREAFTER.

Order a carton for your home NO DEPOSIT REQUIRED

NOTE FOR HOUSEWIVES: Your neighborhood dealer can supply you with BUDWEISER... cans or bottles... as you wish.

25 ROOKIES REPORT FOR THE FIRST DAY OF SPRING TRAINING

SCORE MORE DUE TO REPORT IN NEXT FEW DAYS

Twenty-five would-be members of the Midland Cardinals braved wind and sand this morning to go through the first official workout of the spring training season.

For several it was the first workout of the year but some of the boys are already practically in shape, having put in a lot of practice before arriving here.

Eight more players arrived last night and this morning and fell right into the first practice. Manager Fincher Withers prescribed only light work this morning, not wanting the boys to take any chances of coming up with a sore arm. After running around the park for a couple of times they were put to throwing, but none was cutting loose.

Withers warned the boys to get in top condition as soon as possible but told them not to injure themselves doing so. As soon as possible, intra-squad games will be started, giving the manager a look at the boys under fire. The culling out work will not be started for a few days yet.

Approximately a score of boys haven't arrived yet but most of them have assured Withers they would be on hand within the next few days.

These reporting yesterday and today were Howard Parks, left-handed pitcher with Hobbs last year; Clifford "Cowboy" Jones a hurler from Kirkland; Leo Grieff, catcher who hails from Chicago; Tommy Burleson, a third baseman from Sinal experience; Robert Sackett, Pampa who has had some professional experience; Philadelphian; Herbert Edmondson, an outfielder from Quanah; Roland (Pinky) Fiedler, an outfielder from Granite City, Ill.; and Clarence Beers, utility man with Hobbs last year who is going to devote all his time to catching this season.

The boys to work through until four o'clock this afternoon before calling it quits. Hereafter, they will work out each day from ten in the morning until four in the afternoon. The public will be allowed to watch drills after Thursday.

In This Corner - - -

Joe Gordon, New York Yankees' prize rookie second baseman, started his athletic career as a star footballer, playing in the same backfield with All-America Bobby Grayson, at Portland, Ore., high school when discovered by Scout Bill Estick.

Rapidly Rising - - -

In his teens Joe played first violin in a symphony orchestra, before matriculating at the University of Oregon.

He plans to marry Miss Dorothy Crum, his college sweetheart, and hopes to finance the venture with world series money.

- - By Art Krenz

Nominated to fill Tony Lazzari's shoes, Gordon has been the most talked of rookie of the spring training season. He served his apprenticeship with Newark last year and Joe McCarthy thinks he's ready for the big time—in a big way.

Note Placed in Bale Of Cotton; Answer Comes from Abroad

SHERMAN (AP).—While ginning a bale of cotton at Whitewright, Grayson county, last Nov. 4, W. C. Musser placed a slip of paper in the bale bearing his name and address and suggesting the finder "please write."

Recently he received a letter from England with the slip enclosed. The letter was dated March 15 and signed R. B. Marsden of 17 Rock-life Court, Baccy-Lanes. The Englishman requested Musser to write.

Indian Relics Given National Museum

COLLEGE STATION (AP).—A number of representative Indian relics, chiefly from pre-historic ruins in Arizona, have been offered the National D. A. R. museum at Washington, D. C., by Mrs. G. S. Fraps, Texas chairman of the Daughters of the American Revolution museum committee. She is the wife of Dr. G. S. Fraps, state chemist and chief of the chemistry division of the Texas A&M college.

agricultural experiment station. The collection includes stone implements, fragments of cotton cloth and several pieces of pottery. The specimens were collected by Mrs. John Tanner, a niece of Dr. Fraps, and Dean Byron Cummings, both of the University of Arizona staff.

Radium Harder to Find Than Needle

DALLAS (AP).—George Payve Jr., Southern Methodist university physics laboratory assistant, thinks finding a needle in a haystack no longer is the world's maximum difficulty. His job is locating lost radium.

Recently two needles of the rare element, valued at \$750, were lost at a Dallas clinic. With the aid of a gold leaf electroscope, which discharges in the presence of radium, Peavey located the valuable articles in two hours.

FROM ECTOR COUNTY.

H. S. Foster and small daughter, Betty, of Ector county were admitted to a Midland hospital today for treatment. A son, Bobby Foster, had previously been admitted.

Basket Ball Coaches To Form Association

AUSTIN, Texas. — Advice has been received at the State Office of the University of Texas Inter-scholastic League from Pete Shands and Theron Pouts, North Texas State Teachers College, that it has been proposed to form a high school basketball coaches' association at that institution April 23, the date set for the regional meet of the League.

Roy Bedichek, chief of the University Bureau of Extracurricular Public School Activities, has given the proposal his unqualified endorsement. "The League has often received much needed help from the football coaches' association, and I am sure that an association of basketball coaches will serve to improve basketball ball as a school sport," Mr. Bedichek said. "Fifteen hundred schools this year participated in Inter-scholastic League basketball ball, about three times as many as participate in football. A coaches' association in this sport is badly needed."

'Roy' Club Formed By Legion Group

ARP, Tex. (AP).—Among the clubs organized each year for all sorts of purposes, perhaps one of the most exclusive in the country was formed here recently by a group of American Legion members.

"It is the 'Roy club.' Before the club will accept a member, he must have seen service in the World War and must have been honorably discharged. Furthermore, his first name must be 'Roy.'"

The Arp club has four members, Roy Morrison, Roy Bowmen, Roy Schwartzkopf and Roy Grogan. Their ages, respectively, are 41, 42, 43 and 44. They represent a private first class, a corporation and a sergeant. Members of the quartet served in the engineering corps, quarter-

LIKE THIS, BILL

Bill DeCorrevont, the Chicago lad who was hailed as the outstanding high school football player in the nation last year, spreads his activity to other fields these days. DeCorrevont, who will enter Northwestern next fall, is shown getting a few tips from Mel Smith, pro of the French Lick Springs, Ind., course, where Bill is an entry in the Midwest Amateur, April 1-3.

Headin' North

Hidalgo County Cotton Better

SILSBEE, Tex. (AP).—When polls closed April 5, Silsbee had an official family for the first time in 32 years. Percy W. Bailey was chosen mayor and David Read city secretary.

For the past three years citizens of the town have petitioned the Hardin county commissioners for permission to vote on incorporation. Enough opposition developed each time to defer action, but Read, who also is publisher of the weekly Silsbee Bee, startled citizens one day with the information Silsbee was incorporated in 1906, lived through one term under city officials and let the matter drop.

Incorporation, inactive 32 years, gradually was forgotten, but Read's discovery in the courthouse files in the form of an election call from the county commissioners.

The new administration promises enforcement of a county stock law to prohibit pigs running loose on the streets. Citizens complain pigs are stealing children's school lunches.

Officials also pledged themselves favorable to laying sidewalks, installation of garbage and sewer systems, and enforcement of the traffic signal that curbs motorists on the main thoroughfare.

master, medical corps and motor transportation. Bowen enlisted from St. Louis, Schwartzkopf from Columbus, Ohio, Grogan from Shawnee, Okla., and Morrison from Little Rock, Arkansas.

Morrison said they play rummy and dominoes at weekly club meetings. "And," he added, "Roy always wins."

Girl Cans Record Amount of Foods

TYLER (AP).—Cletis Clinton, 17-year-old girl of Minden, Rusk county, will get a college scholarship because she canned 2,358 containers of good for her family.

Cletis did other things, too, which altogether changed her family's home considerably. She has a new ventilated pantry containing, beside her canned goods, buckets of

syrup, sacks of peanuts, popcorn and potatoes big crocks of lard and cured meats, and jars of dried beans and peas.

The scholarship is the annual award of the Texas Home Demonstration association. It was announced by Miss Onah Jacks, state agent for girls with the Texas extension service at College Station.

Jones County Civil War Vet Reaches 89

STAMFORD (AP).—R. W. Ransone, Jones county's last remaining Civil War veteran, passed his 89th birthday here April 2. He was born in Calhoun, Ga., in 1849, and served in Smith's regiment, Howell's division of the sixth state militia. He engaged in one battle when southern forces met Sherman at Griswoldville. Captured with his father, the younger Ransone escaped from a Union prison and beat his father home by five weeks.

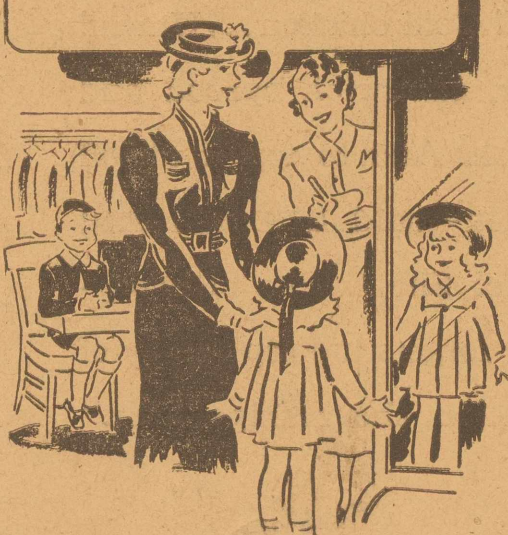

Ransone is a regular attendant at the annual meetings of Confederate veterans and hopes to attend this year the first joint reunion of the Blue and the Gray.

Neighborhood children always plan "Uncle Joe's" birthday party and sing and dance for him. He helped build the T. & P. railway between Fort Worth and El Paso, and has been stationary engineer, railroad engineer and gin employe at different points over Texas.

DO YOU REMEMBER

Everybody's doing it

A generation ago Mother and Father were "turkey-trotting" to the strains of this popular ditty... while Grandfather and Grandmother predicted that no good would come of that fast younger generation. But one thing they both agreed on was the superb quality of SOUTHERN SELECT, which, even so long ago was famous all through the South. Time has only mellowed the goodness of SOUTHERN SELECT and today—a third generation of Southerners are enjoying the brew whose reputation has lived through all these years. Yes—sir... once again "everybody's doing it"... calling for their old favorite...

TO THE LADIES:

As a compliment to the men of the house keep some SOUTHERN SELECT on ice for that "late evening" thirst or to serve with meals. P. S. Meals taste lots better served with SOUTHERN SELECT, too.

crowd. Finding congenial single women or other wives like herself is difficult in an urban population, so many choose comparative isolation. Withdrawing into a world of their own making, marking time until their husbands' return.

"There is a tolerant, all-around good-humored agreement by the wives that a traveling husband spends his leisure when away from home in a wholly conventional manner—and certainly the notion is universal that rumination on the subject would be obstructive and futile."

Most "part-time wives" interviewed said that at the outset of marriage rarely was the problem of being a traveling man's wife for life faced seriously. Most said the

Dredge Finishing Channel in Arroyo
 HARLINGEN (AP).—Completion of a 50-mile channel in the Arroyo Colorado from Harlingen to Brazos de Santiago Pass is expected within 60 days.

The dredge "Temple" is cutting the channel to a working depth of between six and seven feet. Average width of the channel will be 100 feet.

When the work is completed, cargoes of fruit, vegetables and merchandise can be barged down the Arroyo to the ports of Brownsville and Port Isabel for transfer to ocean-going ships.

Funds for operating the dredge, owned by the district, are derived from operation of a barge line, which carries fuel oil from Port Isabel to a deep oil test in southeastern Willacy county.

Twelve years ago the navigation district was formed with the idea of providing Harlingen and other upper valley cities with low-cost water transportation. The district takes in several acres in both Cam-

"Part-Time Wives" Social Phenomenon
 DALLAS (AP).—"Part-time wives," those modern urban women whose husbands are traveling men, are characterized as one of the social phenomena of the present industrial age in a survey by sociology students of Southern Methodist university.

In these homes the mothers have shouldered so much of the responsibilities and individual interests have become so set that the traveling husbands are in danger of finding themselves treated as visitors in their own homes, the survey showed.

When the men of the home do leave, there is a vague feeling of dissatisfaction and sadness tinged with a sense of guilty relief, the sociologists learned.

"For the married woman, urban society is socially a world of pairs—husband and wife friends," the survey reported. "For the traveling man's wife it is more a world of being, much of the time, a third or fifth person, 'the old woman in the

much humor.

Two vocal solos, "The Road to Mandalay" and "The Holy City," by Chase Murph, accompanied at the piano by Mrs. Clyde Barron, featured the musical part of the program. The delightful program was arranged by Lion S. M. Vaughan.

New Member.

Fincher E. Withers, president and manager of the Midland baseball club, was elected to membership in the club at today's meeting.

An announcement was made relative to the Easter egg hunt to be staged here Sunday afternoon. All club members being requested to be on hand at the grounds at the west end of Texas street by 1 o'clock Sunday afternoon.

Guests present included Col. A. W. Smith, San Antonio, and Harvey Sloan and Rev. and Mrs. John E. Pickering, Midland.

The luncheon was prepared and served by the women of the First Christian church.

Oil News-

CONTINUED FROM PAGE ONE

in solid lime, which was topped high structurally at 4,245.

Walter J. Donnelly No. 1 University, five miles to the west, is drilling below 3,909 in anhydrite.

Tubing is being re-run in Seaboard No. 1 Munger & Nix, small discovery five and one-half miles west of the Fuhrman pool of An-

draws. Three miles to the east, the company's No. 1 Thornberry is rigging up cable tools at 4,274 in lime.

A new location for the Wasson pool, northwest Gaines, is A. G. Carter No. 1 N. W. Willard, 440 feet from the south, 3,983 feet from the west line of section 38, block AX, public school land.

In the Kirk area of Gaines, Landreth No. 1 Dalmont is drilling at 3,750 in anhydrite. Re-check of samples showed Yates sand to have been topped at 2,890 instead of 2,910, as was originally reported. Three miles farther northwest, Finley & Cherry No. 1 Dalmont is drilling at 3,235 in anhydrite and broken lime. High gas in the Yates caused blowout at 3,030.

Southwest Gaines Well. Eastland Oil Company No. 1 Dunbar southwest Gaines prospect, drilled soft—at the rate of seven to eight minutes per foot—from 4,388 to 4,403, and samples showed oil saturation. Operators then took a core from 4,408-28, which was fully recovered. It showed intermittent saturation and some porosity. Drilling was resumed. The well may be drilled tested before much new hole is made.

In the Wasson area, northwest Gaines, M. B. K. No. 1 Wasson is drilling lime at 4,496. Crystalline lime was topped at 4,360, and first solid lime was entered about 30 feet higher.

In western Cochran Helmerich & Payne, Inc. No. 1 Westheimer & Daube cemented 12 1/4-inch pipe at 215, five feet off bottom, with 150 sacks and is standing. It is in labour 18, league 147, Stonewall county school land.

John L. Baldrige, independent operator, announced here this

morning that operations are being resumed on his No. 1 Alamo Lumber Company, northwest Lynn county wildcat. Crew is mixing mud today preparing to resume drilling with rotary. Thirty-five feet of new hole will be made below present depth, then 7-inch casing will be set at approximately 4,450, the bottom. Rotary will then be dismantled and cable tools installed. Claude M. Murray, of Tulsa, has cable tool contract.

Lease Expires.

Lease having expired last midnight, Shell No. 1-A State (33-185-36) Lea county, N. M. wildcat between the Monument and Vacuum pools, is shut down for orders today at 5,289 in lime. Drilling test was tried from 5,125 to total depth, but failed when drillpipe leaked. Upper sections have shown nothing when drillstem tested.

Five miles to the northwest, Conoco No. 1-G-12 State is drilling at 4,760 in hard, gray, anhydrite lime. Conoco No. 1-1-16 State, three miles farther west, is drilling at 3,400 in anhydrite and lime.

Former Sheriff Of Terrell County Is Suicide Victim

SANDERSON, April 13 (AP).—Lee A. Cook, 47, former Terrell county sheriff, was found dead in the court house here today with a pistol wound in the head.

A verdict of death from a self-inflicted wound was returned by Justice of Peace Yates.

Cook, who became sheriff in 1930, resigned recently to engage in contracting.

Scottish Rite Masons to Observe Maunday Thursday

Maunday Thursday services have been announced by the Midland Scottish Rite club for Thursday evening at 7 o'clock, at the Masonic lodge building. All Scottish Rite Masons, regardless of place of membership, were urged by John W. House and Allen J. Watts, officials of the club, to attend.

Many Interested in Protecting Children

AUSTIN, Texas. — Several agencies of the State government in Texas are intensely interested in protecting school children from conditions which are known to be injurious to certain aspects of health, according to Dr. Geo. W. Cox, State Health Officer.

"The day of the school house built only as a cover for the children from the elements has passed. Today the importance of the actual physical arrangements in the progress of the child is adequately appreciated," he added.

"The Department of Education, a member of the May Day Committee, through its School Plant Division has assisted in more than 4000 school building projects since its inception in 1928. This division aids in securing proper ventilation and adequate heating devices for school buildings.

"The meaning of proper lighting to the preservation of sight is being realized; the eyes of the child need optimum conditions, for the eye may still be developing even after the child enters school. The Division of Industrial Hygiene of the State Department of Health has interested itself in securing light

meters and meters for measuring air currents, and is willing to aid in this service.

"It has been realized that no matter what protection is provided at home, the school water supply, food supplies, and sewage disposal systems must be adequate to continue safeguarding the health and safety.

"The May Day Committee offers assistance in all these activities and points with pride to the new modern schools which are monuments to progressive thinking in the Education Department and to the realization that development of minds is best in surroundings conducive to clean upright physical growth," Doctor Cox said.

Thompson Launches Campaign in Speech

WACO, April 13 (AP).—Red headed Ernest O. Thompson, one-time newsboy who won the army rank of colonel on the battlefields of France and now is a member of the Texas Railroad Commission, formally launched his campaign for the governorship of Texas here last night.

While cheers rolled from a great crowd, including delegations from other cities, Thompson pitched his campaign on a platform calling for efficient business-like administration of state affairs, and declaring additional taxes would not be needed.

Thompson was the first of the admitted big gun contenders to start firing from the stump in the battle to succeed Gov. James V. Allred.

Four O-43's Make Flights from Here

Flights by four of the pilots now stationed with the giant military planes at Sloan Field led airport landings today, according to a check-up early this afternoon. These flights, all by O-43's, were as follows: Holmes to Fort Bliss and return; Yates to Dryden; Spencer to Dryden; Hudgins to Fort Bliss.

Three fighter land planes, with Lieut. Mistle leading, came from Biggs, Field at El Paso and departed for Hensley Field at Dallas.

Wide Subject Range Offered at School

AUSTIN.—No insulation in the South has ever offered for summer patronage a wider range of subjects or a more comprehensive list of courses than the University of Texas has arranged for the 1938 summer session to begin June 1. It was stated by E. J. Mathews, registrar. These courses are intended to meet the needs in many fields of both graduate and undergraduate students, including recent standards required in education, both elementary and higher, and physical education by the state department of education.

"Teachers, in particular, are provided for, work being available for the bachelor's, master's and doctor of philosophy degrees, as well as teachers' certificates," Mr. Mathews said.

WITH HOME DEMONSTRATION CLUBS

"There wasn't a thing killed," said Mrs. W. W. Nelson to Mrs. Lura Hollingsworth, county home demonstration agent, who was making a visit to check up on "frame" gardens after a maximum of 78 degrees Wednesday to a minimum of

25 degrees the same night.

Mrs. Nelson has two "frame" gardens, each four feet by 18 feet and cheesecloth covered.

In the first garden, planted February 28, Mrs. Nelson has: 20 feet English peas (in bloom) 20 feet carrots 16 feet lettuce (large enough to eat) 16 feet endive 20 feet beans 8 feet eggplant (for transplanting) 8 feet rhubarb (for replanting).

In the second frame, planted on March 24, Mrs. Nelson has: 32 feet English peas 28 feet beans 16 feet tendergreen 12 feet radishes 100 onion slips.

Other "frame" gardens checked since the freeze, with growing vegetables, are those of: Mrs. Noble Blanton, Mrs. J. D. Bartlett, and Mrs. Lois Lewis, Mrs. G. C. Brunson, and Mrs. E. L. Mason, Mrs. W. J. Locklar.

There are some 15 others, Mrs. Hollingsworth said, that have not been checked up to date.

FOR HOLIDAYS.

Mr. and Mrs. Bill Smith are expected to arrive Thursday from Austin to spend the Easter holidays with her mother, Mrs. Ellis Cowden, here and with his parents in Odessa. Mr. and Mrs. Smith are students in the University of Texas.

Dry Laws Work in Madras.

MADRAS, India, (U.P.)—Crime has decreased and economic conditions have improved in Madras since the introduction of prohibition four months ago, it is declared. Officials state that only about 10 per cent of those who frequented bars have made any attempt to evade the law.

TO VISIT PARENTS

Mrs. Henry Meadows arrived this morning from Crowley, La., for a short visit with her parents, Dr. and Mrs. Jno. B. Thomas. Mrs. Meadows is the former Miss Read Thomas.

IS IMPROVING.

Chas. V. Romer, who returned to his home from a Midland hospital a few days ago, is reported improving.

CLUB TO MEET.

The 128 club will meet with Mrs. John House, 910 W. Kansas, Thursday afternoon at 2:30 o'clock.

ILL AT HOME.

Glenn Parrott, son of Mr. and Mrs. Pearl Parrott, is ill at his home with an infected throat.

FROM UNIVERSITY.

Henry Orson, son of Mr. and Mrs. Frank Orson, is expected to arrive today from the University of Texas to spend the Easter holidays with his parents.

Duke to Train Foresters.

DURHAM, N. C. (U.P.) — Duke University will open the third graduate school of forestry to be established in the United States next fall. Dr. Clarence F. Korstian, eminent forestry authority and co-author of two forestry texts, will be dean of the new graduate school.

The gunmen, in Tulsa, Okla., who gave their victim a receipt after robbing him certainly proved there's still honor among thieves.
