Jap Losses In Battle Are Heavy

10,000 Said Slain In Drive, Soldiers Lose Much Territory

TOKYO, April 15 (AP).—Premier Kameyama was said today to be ready to resign because of a split among his ministers over mobilizing Japan's full military strength in an effort to achieve a quick and final victory in China.

SHANGHAI, April 15 (AP).—A Japanese army spokesman today refused to deny or confirm the conclusion of most neutral military experts here that the Japanese army suffered a major disaster in the recent Shantung province battle.

Experts said conservative estimates indicated Japanese forces suffered 50 per cent casualties in fighting in the past ten days in which they were thrown back 20 miles. They estimated of the 50,000 Japanese engaged in the battle between 7,000 and 10,000 were killed and 20,000 wounded.

Chinese losses were much larger since the Chinese won by smothering their foes by weight of superior numbers.

The Japanese are reported sending reinforcements to the war area.

Tahoka Officers Arrest 3 Accused Of Fraud by Checks

SAN ANGELO, April 15.—Sheriff E. E. Lowe and Deputy Sheriff Oscar Butt returned from Tahoka last night after identifying three men arrested by officers there as the group wanted here on charges of check fraud.

Butt said two of the men are Paul Tomlin and Precher Paland, who have been charged with cashing a number of fake checks last Friday at San Angelo stores. A third, person, not yet booked here, was also arrested; but a fourth, George Tomlin, charged with the first two, eluded the officers, Butt said.

Two wrist watches bought at Goren's store here were recovered. A Gladstone bag was located in Cisco, and another in Monahans, both of which presumably were purchased from Goren's.

Approximately \$200 in worthless checks were cashed in San Angelo, O. C. Fisher, district attorney, is holding seven most of which are drawn on the First National Bank of Midland. Five were written for \$22.86 and two for \$15.24. They were written similar to an employee's salary check with the social security number figured in, and each signed J. E. Dixon. The amounts were written with a check machine.

Butt declared the men would be held in Tahoka pending investigations of bad checks in other counties. The grand jury here will be asked to act on the charges.

Head Up; Whitney Heads for Prison

Refusing an offer of private transportation and "taking it" with chin up to the bitter end, Richard Whitney, once wealthy socialite broker, is pictured above as he walks erect, undismayed by flashing cameras, on his way to prison. He was handcuffed to two other prisoners—one, a petty extortionist (shown hiding behind a bundle), and the other a negro convicted of assault. Whitney, five-time president of the New York Stock Exchange, head of the nationally known brokerage house of Whitney & Co., was given a 5 to 10 year sentence in Sing Sing Prison at Ossining, N. Y., after confessing thefts of several hundred thousand dollars from customers' accounts.

Local Scout Troop Enters Regional Championship Sat.

Following daily practice sessions during the past week, a well polished first-aid team representing Midland Boy Scout troop No. 54 will leave in the morning for Sweetwater where tomorrow afternoon the team will compete in the Sectional First Aid Meet, 10 teams representing five West Texas Boy Scout Councils being entered in the meet. The Buffalo Trail Council will be represented by Midland and Sweetwater, co-winners of the council meet staged last week-end in Big Spring. The Midland team had won first place honors in the district meet at Odessa the week previous. Buster Howard is Scoutmaster of the local Boy Scout troop No. 54.

The Midland team, composed of Billy Kimbrough, captain, Kenneth

Williams, Bobby Stallworth, Joe Barber and Joe Conking, is considered a favorite to cop the meet.

The two winning teams at the sectional meet will gain the privilege of competing in the Region 9, Texas, Oklahoma and New Mexico meet in Dallas on April 23.

Weak points encountered in the council meet at Big Spring last Saturday have been stressed in practice sessions of the local team this week, each member of the team having exhibited considerable improvement in all phases of the first aid work yesterday afternoon.

Several local Boy Scout leaders are expected to accompany the team to Sweetwater.

"The Way of Eternal Life" Sermon Subject At Revival Tonight

Dr. James T. McKissick, who is conducting the revival at the First Christian church, has announced his sermon subject for tonight as "The Way of Life Made Plain as Day."

Before a large congregation last night the evangelist brought a message on "What It Means to Be a Christian." He called attention to many things that keep men and women from accepting Christ, and reasons why men and women go away from Christ. Declaring that these reasons never satisfy the inner soul of man and that man is always crying out for a higher life, the evangelist pointed to the only One who can satisfy that longing, Jesus Christ our Lord!

The Holy Communion was observed after the service. The revival services begin each night at 8:00 o'clock. The public is cordially invited to attend.

As President Called 'All Hands' To 'Man The Pumps' In Huge New 'Priming' Project

The federal government has set out to lick the recession—and here are the men who are tackling the tremendous job. At the extreme left is President Roosevelt in a characteristically vigorous pose. He has launched a spending drive to cost \$7,000,000,000 which he hopes will prime the pumps of recovery and inject new impetus into business. But the President cannot accomplish the gigantic and complicated task alone, and the first men he must turn to for

assistance are the "Big Four" in Congress—Vice President John Nance Garner, president of the Senate; Speaker William B. Bankhead of the House; Majority Leader Alben Barkley of the Senate, and Majority Leader Sam Rayburn of the House. After these aides have pushed the gigantic appropriations and authorizations through Congress—and they promised to do just that—money must be

raised to cover the grants. That's where Secretary of Treasury Henry Morgenthau and Budget Director Daniel Bell come into the picture. It is assumed they will borrow money on the government's credit to foot the bill. With the appropriations approved and money provided, the men shown at the right of the strip of pictures above will be the ones to spend the cash in such a way that it will aid business. Works Progress Administra-

tor Harry L. Hopkins, extreme right, will supervise spending of the \$1,250,000,000 contemplated for WPA relief. Others who helped the President plan the drive—and who may help spend part of the money—are Housing Administrator Nathan Straus; First Assistant Secretary of Interior Ebert K. Burlew; Secretary of Interior Harold Ickes, and Federal Housing Administrator Stewart McDonald.

"I'M GLAD THAT WE BOUGHT A NEW ELECTRIC REFRIGERATOR"

How cheap electricity and their electric refrigerators save them money has been learned by many Texas housewives. If Spring Is Here—Can Summer Be Far Away?

By ALICIA HART
NEA Service Staff Writer.
SUMMER is more fun for the woman who—
—Decides on a coiffure that won't keep her neck too warm for comfort and one which is so simple that she can tidy it up herself after a swim or a game of golf.
—Finds a really efficacious anti-perspirant that suits her type of skin, then uses it regularly.
—Buys washable white gloves rather than the kind which have to be sent to the cleaners and hence become a drain on her budget, not to mention her disposition.
—Appreciates that fact that an extra jacket or two can make a skimpy wardrobe seem larger and infinitely more interesting.
—Plans her own holiday well in advance, budgeting her allowance and choosing her summer clothes with it firmly in mind.
—Begins to think about details of the children's months at camp or at grandmother's right now instead of waiting until a week before they are to leave.
—Makes spring housecleaning days
