

Midland—the fastest growing city in Texas.

VOLUME X (AP) MEANS ASSOCIATED PRESS

German Star

Though the pretty young woman above is "Kitty Janzen" to European and American movie fans who have seen her in German-made pictures, and is the wife of Richard Eichberg, of Berlin, a film director, she is a daughter of the U. S. A. Born in America. She met and married her husband while she was on a business tour to her mother in Hamburg. Since then she has appeared in many German pictures. Here on a three month's visit to her native land, the actress and her husband arrived in New York in time to see an American presentation of her latest film.

Fort Worth Good Will Delegation Here Tuesday

West Texas welcome will be extended to 100 Fort Worth business executives when they arrive here by special train at 3:15 o'clock Tuesday afternoon, remaining for an hour. Chamber of commerce officials Saturday requested all business men to leave their stores or offices, meet the train and join the Fort Worth group in a business meeting at the Crystal ball room of Hotel Scharbauer.

Being chiefly a get-together meeting in which Fort Worth leaders want to meet personally the people of Midland, the usual fanfare of music, parades and entertainment will be dispensed with. However, five Midland boys, already popular with Fort Worth people because of their recent roping contest at the Stock Show, will be at the train mounted on their equally popular roping ponies, as official escort to the group in their walk from the station to Hotel Scharbauer. In the party will be Clarence Scharbauer, Jr., Marion Flynt, Jr., Roy Parks Jr., Buster Cole and Bill Wyche Jr.

At request of the Fort Worth delegation, no cars will be needed to transport the 100 men to the hotel, as they desire the short walk to "stretch their legs" after the train ride here. The bands from Midland high school, offered for the meeting, will not be used due to the fact that there will be no formal parade.

H. F. Fox, district manager of the Southwestern Bell Telephone Co. and formerly a resident of Fort Worth, is chairman of the committee to greet the visitors. He expressed Saturday a desire for all business men and interested citizens here to be on hand at arrival of the train, attending the brief meeting at the hotel.

Mayor M. C. Ulmer Saturday said, "Midland is always glad to welcome representatives of Fort Worth interests on their annual good-will trips, and this year we are looking forward with much pleasure and anticipation to the visit to be paid Midland by business executives themselves as well as by other Ft. Worth representatives."

"The business interests of Fort Worth and Midland have been closely allied both directly and indirectly over a long period of years and we deeply appreciate the part Fort Worth has played in the development of West Texas. A warm welcome will be awaiting the Ft. Worth group."

Marion Flynt, chamber of commerce president, said, "A real West Texas welcome will be extended the group of Fort Worth business men upon their arrival here Tuesday and we are laying plans to make their brief stay here a most pleasant one. We shall attempt to repay at least in part some of the many courtesies and acts of kindness always shown Midland delegations on trips to Ft. Worth. We feel that Fort Worth and Midland have much in common and we will do all in our power to make the Midland trip both pleasant and profitable. We are sure that our business men will be on hand to welcome the Fort Worth group."

Voting Machines in College.

NEW YORK (UP)—Hunter College girls are soon to get some first-hand experience in the use of voting machines. This semester members of the lower junior and senior classes will elect officers by machine.

Britain and Italy Sign Peace Pact

Pacification of Europe for Three Years Is Assured

ROME, April 16 (AP)—Three years of an estrangement which threatened to precipitate a world war will end today when representatives of Great Britain and fascist Italy initial a treaty of friendship which many diplomats hail as the first step toward a genuine pacification of Europe.

Count Galeazzo Ciano, Italian foreign minister, and the Earl of Perth, British ambassador, were ready in behalf of their governments to initial the 24 page pact at the Chigi palace at 6:30 p. m. (12:30 p. m. CST).

Arrangements were made to publish it through the world at once. It is set forth in about 7,000 words.

Questions concerning all phases of British-Italian relations in the Mediterranean, in Spain, in Africa and in the near east were included in a treaty and its annexes, it was understood.

Next week, Leslie Hore-Belisha, British war secretary, is to deliver to Premier Benito Mussolini a personal message of friendship from Prime Minister Neville Chamberlain.

Formal signing of the treaty is not to take place until Great Britain has recognized the conquest of Ethiopia and Italy had withdrawn her "volunteers" from the Spanish civil war.

Italy stuck to her "Rome-Berlin axis" of cooperation with Germany. Britain stuck to her close alliance with France. Nevertheless the treaty was regarded as a most important contribution to peace in that area from restoring British-Italian relations to a friendly plane, it connects the fascist-Nazi axis with the democratic axis between Britain and France.

Italians were looking forward already to the prospect of negotiating with the French similar to those with the British.

Great Progress in Boy Scout Work Is Shown in Report

The Boy Scout movement is going steadily forward in the Midland district of the Buffalo Trail Council, two new Boy Scout troops and a Cub Pack being in the process of organization at this time, according to a statement made this morning by C. W. Brenneman, district chairman, who said that additional interest in scouting is being manifested daily over the entire district.

One troop is being organized at Goldsmith, West Texas' newest town, under the leadership of J. J. Moore, while organization of a troop at Prairie Lee has practically been completed. The Prairie Lee troop being organized under the leadership of E. A. Livingston. Both troops are expected to develop into exceptionally strong units.

Under the supervision of J. R. (Bob) Norris, Midland, council chairman of Cubing, a Cub Pack is being organized in Odessa, the Midland Cub Pack at this time being the only one in the district. The Odessa Cub Pack will fill a long felt need, according to Chairman Brenneman. The Cub movement is for boys between nine and twelve years of age, a large membership being anticipated in Odessa.

Descendant of Noted Travis Family Here

Mrs. Wilda Harris Stewart, who recently accepted a position in the Ladies' Salon here, has a special interest in Texas history as pertains to Col. William Travis, defender of the Alamo. She is a descendant of the Travis family of which the Texan hero was a famous member.

Mrs. Stewart, who is also a D. A. R., played several character parts in Hamilton's "Cavalcade" at the Centennial celebration in 1936. Active in club work, a singer and book-reviewer, Mrs. Stewart has also had a varied business career, working in leading shops in larger Texas cities, as well as engaging in other types of business pursuits. She was reared in Shreveport, La.

Magnetic Storm Is Recorded Saturday

By Associated Press. One of the most severe magnetic storms of the twentieth century swept North America today, disrupting communications systems in many sections for several hours. The display was viewed by Dr. Julius Olsen of Hardin-Simmons university, Abilene, who said the storm was due to sun spot activity.

Fifty Years Given In Slaying Verdict

JASPER, April 16 (AP)—H. Y. P. Broussard was found guilty and his punishment set at fifty years in the penitentiary by a jury here today for slaying his nephew and share trapper, Eldene Richard, in February of last year.

The Kid Asks an Accounting

Head of a household now, Jackie Coogan, who won fame as 'The Kid' in a Chaplin movie, looks to the problem of supporting a family. He has used his mother and stepfather, Mr. and Mrs. Arthur Bernstein, lower photos, for the \$4,000,000 which he earned as a child and which he contends they are illegally withholding from him. Said the mother: "I am hurt." Said Bernstein: "The young man is suffering from hallucinations." Jackie and his recent bride, Betty Grable of the film, are shown in a homey scene in the top photo.

Each upper floor will have ten modern offices, many of which already are leased by oil companies and individuals seeking locations or more office space at Midland. The ground floor will be occupied by store buildings, also the lobby leading to elevators, the bank lobby and to the Everybody's store building.

In the basement will be the bank's money vaults and safety deposit vaults, customers' lounge and departments to place it on a par with any banking institution in the state in this department.

H. C. Wheeler 1 F. E. Gardner Promises New Andrews Pool

BY FRANK GARDNER. Promising a new producing area two and a half miles west of the Means pool in north central Andrews, H. C. Wheeler No. 1 F. E. Gardner last night was drilling at 4,500 feet in line, showing between one and two ballers of free oil hourly. The well found good increases in oil and gas from 4,523-40 and had another possible gain in pay at present depth. Operators were drilling ahead in anticipation of another increase at around 4,620 feet. The Wheeler prospect, located 660 feet out of the southwest corner of section 15, block A-35, public school land, has run high structurally to Mid-Continent No. 1 Fisher, dry hole two and a quarter miles west by northwest. The Mid-Continent well, drilled before the days of acidizing, found good showing of oil before hitting sulphur water.

Walter J. Donnelly No. 1 University, five miles west of No. 1 Gardner, is drilling below 4,230 feet in anhydrite and lime. It topped brown lime at 4,005 feet, datum of minus 892, which is 28 feet higher than Mid-Continent No. 1 Fisher, two and a half miles to the east and slightly to the north.

West of the Fuhrman pool in Andrews, Seaboard No. 1 Thornberry drilled from 7-inch casing and was drilling ahead at 4,280 in lime. Three miles south by southwest, H. S. Forgeron No. 1 Lockhart, & Brown was scheduled to have resumed drilling below 2,850 in salt, anhydrite and red rock.

Gaines Area Test. In the Kirk area, south central Gaines, Landreth Production Corporation No. 1 Paul W. Dalmon, test a mile and a half west by north-west of Landreth. No. 1 Kirk, small discovery pumper, is drilling at 4,151 feet in lime and anhydrite. It topped brown lime at 4,050, about flat with No. 1 Kirk, and thereby showed marked thickening of section below the Yates. No. 1 Dalmont was 105 feet higher than No. 1 Kirk on the Yates sand marker, which it topped at 2,890. It is located in section 24, block A-21, public school land.

Finley & Cherry No. 1 Dalmont, three miles to the northwest, in section 6, block A-21, had drilled to 3,855 feet in anhydrite. It is a semi-wildcat in the Wasson area, Blackstock Oil Company No. 1, A. L. Wasson, is drilling at 3,652 feet in anhydrite and red-rock, trying to blow out again. It had previously blown out at 3,130 and 3,450.

Also in the Wasson area, M. B. K. Drilling Company had reached 4,540 feet in line. A. G. Carter No. 2 McCarty Moore drilled soft lime pay section from 4,827 to 5,001, the total depth, and is running tubing to test.

Shore Petroleum Corporation No. 1 Shor Roberts, southern York-Kum wildcat four miles and a half west of the Denver field, cored hard, dense, tight, dolomitic lime, with streaks of anhydrite and asphaltic material, from 4,911-15, which showed no porosity or saturation

Contract to Be Let Tues. On Building

Construction of Bank Structure to Start Immediately

Contract for the new eight story office building to be erected by the First National Bank will be let Tuesday morning at 10 o'clock, with a record number of building firms bidding, it was announced yesterday. Originally set for Monday, the letting was moved to Tuesday in a recent conference between Architect Wyatt C. Hedrick of Ft. Worth and officials of the bank here, in order to allow more time for contractors who had just received copies of the plans and specifications.

More than twenty general contractors were known to be ready to bid on the project. With them here will be more than 100 sub-contractors, material men, freight line representatives, bond, compensation and kindred lines of business interested in projects of this magnitude.

Air-conditioned throughout, the new structure will be one of the most modern office buildings in Texas, according to the architect. It will be located at the western end of the lots on which the First National Bank and the Everybody's store building are located, being 52 by 75 feet in size. The bank building will be completed remodeled on the exterior to harmonize with the eight story structure.

Each upper floor will have ten modern offices, many of which already are leased by oil companies and individuals seeking locations or more office space at Midland. The ground floor will be occupied by store buildings, also the lobby leading to elevators, the bank lobby and to the Everybody's store building.

In the basement will be the bank's money vaults and safety deposit vaults, customers' lounge and departments to place it on a par with any banking institution in the state in this department.

Although the building activity at Midland has continued unabated for the past two years, construction of the new office building is expected by business leaders to stimulate

rapid construction to a marked degree. As the creator of office room will bring to the city a substantial increase in population, thereby increasing the need for homes. Shortage of desirable living quarters has never been overcome, the influx of population has been as rapid as the tremendous building program of recent months.

Strong praise for the far-sighted optimism of the bank's officers in erecting the badly needed office structure has been heard from business and civic leaders here, as there has been a scarcity of office space in the twelve story Petroleum Building and the six story John B. Thomas Building for several months.

Letting of the contract for the bank's new office building is expected to mark the turning point to the most active years of growth in the history of Midland.

Industrial Stocks Show Steady Gain

NEW YORK, April 16 (AP)—Strong buying swept stocks and government bonds into another advance today. Leading industrial shares gained three dollars or more, buyers bidding the highest prices for that group recorded in the April recovery movement.

Easter Egg Hunt for Kiddies Gets Underway at 1:30 Today

Easter eggs of varicolored hues will be the objects of an intense search to be held here this afternoon, the occasion being the staging of the annual Lions Club Easter egg hunt for the children of Midland and vicinity. Lions club officials anticipating an attendance of several hundred youngsters from over the section.

A cordial invitation has been extended to children 10 years old and younger to take part in the hunt, every child attending being assured of finding some eggs. Parents are urged to send or bring their youngsters to the annual hunt which will be held at the extreme west end of Texas street near the intersections of Highways 151 and 158, northeast of the El Campo tourist camp.

Promptly at 1:30 o'clock, George Phillipus, club secretary and generalissimo of the hunt, will yell "Go" and the search will be under way. One hundred dozen hen eggs and 100 pounds of candy eggs will be hidden over the grounds late Sunday morning, children being requested not to come to the site of the hunt before one o'clock. The eggs are to be hidden by a group of club members assisted by a number of Boy Scouts from the two Midland troops. Approximately 3,500 eggs will be awaiting finding by the time the hunt is scheduled to get underway.

The grounds have been divided into three sections for children of different ages, thereby preventing the older children from crowding the younger ones. One section will be for children between the ages of ten and seven; another for those

Congress Studying Recovery Measures of the President

Did Mr. Schwab Hear Correctly?

Charles H. Schwab, chairman of the board of the Bethlehem Steel Corporation, pokes at his ear as if he doubted what he heard in the above picture of a lively few minutes at the annual stockholders' meeting at Wilmington, Del. The steel master's shock came from Lewis Gilbert, left, minority stockholder, who suggested that Mr. Schwab serve without pay during the recession. The chairman recovered his aplomb, answered Gilbert and other hecklers in no uncertain terms and peace finally reigned.

Slayer of Parents Manages to Escape From Prison Sat.

AUSTIN, April 16 (AP)—Superintendent C. H. Standifler said today that Howard Pierson, 23, slayer of his parents, Judge and Mrs. William Pierson, in 1935, escaped from the state insane hospital here today.

The youth was last seen at 8:30 p. m. Friday. When his escape was discovered, only Pierson's shoes were missing, leading to the belief that he had hidden his clothes nearby and planned his escape. Superintendent Standifler said officers were working on two clues, indicating that Pierson might have traveled toward Dallas. Standifler expressed the opinion that Pierson effected his escape with the key to the dormitory door.

On the night of April 24, 1935, Pierson shot his parents after luring them to a lonely spot ten miles from Austin on pretext of showing them an Indian relic.

Prominent Merchant Of East Texas Dies

BRENHAM, April 16 (AP)—H. P. Hohlt, 78, head of a department store here and former bank president, died today after a long illness.

Financial Drive for Boy Scouts to Start After Mon. Meeting

Representatives from the Rotary club, Lions club and chamber of commerce will meet with local Boy Scout leaders at the Boy Scout headquarters on West Illinois street Monday evening at 7:30 o'clock for the purpose of mapping out plans for the staging of the annual Boy Scout financial drive in Midland.

Guy W. Brenneman, Midland district chairman, announced Saturday. A finance campaign chairman will be named at the meeting and other details relative to the campaign will be arranged. Chairman Brenneman will preside. Al Sillies and Darold Wilson, officer executives, are expected to be in attendance.

Fred Middleton, Rotary president, Ed M. Whitaker, Lions president, and Marion Flynt, chamber of commerce president, have announced the following committees to represent their respective organizations at the meeting: Rotary, John Thomas, Ben Black, Barney Great-house, Bob Hamilton, J. E. Hill, Fred Fromhold, Luther Tidwell, Roy McKee, Raymond Uppham and W. C. Maxwell; Lions, Thomas Inman, Jack Kelly, P. A. Nelson, R. C. Conkling, Lester Short, W. G. Epley, S. M. Vaughan, Luther Glover, I. J. Prager and Bob Scruggs; chamber of commerce, George Abell, H. S. Collings, Herbert King, C. A. McClintic, Dr. W. L. Sutton, L. T. Boynton, Percy Bridgewater, W. F. Hill, Gordon Holcomb.

Refreshments will be served following the business session. A full attendance of the above named committee and all other interested in Scouting is urged by Chairman Brenneman.

Every child 10 years old and younger is expected to be on hand to take part in the hunt this afternoon.

Quick Action Is Sought in Both Houses

Hearings Will Be Resumed in Senate Next Wednesday

WASHINGTON, April 16 (AP)—Congressional leaders, eager for quick action, considered today drafting an "omnibus bill" to carry through congress President Roosevelt's main relief and public works recommendation for spending to end the recession.

Chairman Taylor (D-Colo.) of the house appropriations committee, indicated this procedure might be followed when he announced hearings would start Wednesday. He said Works Progress Administrator Harry L. Hopkins would be the first witness.

The largest item in the bill will be the proposed \$1,250,000,000 for relief for the first seven months of the fiscal year beginning July 1. What other items will be included was under study. It was expected, however, to contain an allotment of \$450,000,000 for public works grants to cities and states and whatever additional appropriations and authorizations may be necessary to provide for works loans.

Members said it was virtually certain the housing authority would need additional powers to carry out the proposed new \$300,000,000 slum clearance program.

Administration agencies and congress acted yesterday to hasten other phases of the program.

The federal reserve board cut by about one-eighth the reserve funds formerly required of banks, thus increasing the total of money they have available for lending by about \$750,000,000.

Previously the treasury released gold credit amounting to \$1,392,000,000. Thus the combined federal reserve and treasury actions expanded the nation's credit by \$2,142,000,000.

The securities commission, in line with recommendations by Roosevelt's recovery message, simplified registration procedure to make it easier, faster and cheaper for small business firms to issue stocks and bonds.

The Reconstruction Finance Corporation already has begun its new program of lending to both large and small enterprises unable to get bank credit out of its \$1,500,000,000 of available resources.

County School Fair Top Prize Is Won by Pleasant Valley

School work of Midland county schools was viewed by hundreds Saturday, at the school fair held in the Methodist educational building on North Main street. High praise was expressed by judges for the individual work and for group exhibitions entered by Pleasant Valley, McClintic, Warfield, Cotton Flat and Stokes schools.

Pleasant Valley school won the lion's share of first places and was awarded top prize for two teacher classes. Second place went to Warfield school and third to Cotton Flat. Stokes school was the remaining entry in the two teacher class. McClintic, only one entered in the one teacher class, was awarded first place for that division.

Judges included Mrs. R. L. Clark, chairman, Mrs. W. L. Miller and Mrs. Don Stoeker. Judging was based on primary, intermediate and high school exhibits in posters, clay modeling, note books, soap carving, baskets, maps, painting, wood work and needle work, also in units by individual students in each school.

First place in units was won by Warfield, with a German unit. Pleasant Valley's first place included primary needle work, clay modeling, painting, posters, wood work, note books, and maps; intermediate needlework, soap carving, note books, woodwork, baskets, posters and maps; high school note books.

Warfield won first in primary baskets and soap carving; high school baskets and posters. Cotton Flat won first in high school paintings.

Prizes awarded included a first aid kit from the City Drug Store, to Pleasant Valley, for first place in two teacher schools; a picture from Wisconsin Hardware Co., to Warfield for second place; a mirror from an individual, name withheld, to Cotton Flat, third; a picture from Barrow's to McClintic for first in the one teacher school class.

DR. BYBEE TO SPEAK.

Dr. Hal P. Bybee, head of the university geological department, lands, will address a luncheon meeting of the Midland Geological Society in the Crystal ballroom of Hotel Scharbauer Monday at noon. He will discuss "Possible Nature of Some Reservoirs in the Permian Basin."

Wreck Weather Coming

Summer approaches, the pulse of nature quickens, life begins, and shortly the country's motorists will start slowing up one another's pulses and ending their lives. Traffic cops know that good weather breeds bad accidents. The safest time to take a spin is at the height of a rainstorm or the tag end of a good thick blizzard. Most people are more than ordinarily cautious then. When the sun comes out and the roads dry off, everybody does a little relaxing, lets it out, and turns his car into a kind of traveling nut house.

The season, therefore, is ripe for taking stock . . . of your own assets and liabilities as a driver, the ones that appear to be those of the average driver you encounter, and those of your car as something to entrust your life to.

How long it will take to make the nation's highways as safe as its sidewalks nobody cares to guess, but the problems of traffic have never commanded such concerted, countrywide study as they are now receiving. National organizations, community groups, city, county, state, and federal officials are going after satisfactory solutions from every conceivable angle.

Highway improvement is one idea. The chairman of Connecticut's Highway Safety Commission has recently expressed a hope, as have others, for compulsory car inspection prior to any transfer of ownership of a second-hand automobile. The imposition of driving tests and other examinations on license applicants is growing.

A Chicago traffic court judge has gone to the extent of having traffic law violators examined by psychiatrists, and induced to take treatments whose purpose is the correction of the "personality twists" responsible for their abnormal behavior at the wheel.

The greatest movement, and the most effective one, is the safety education campaign among children and adults. Figures on traffic deaths and injuries in cities all over the country show startling reductions where such campaigns have been pursued.

If present efforts in the direction of highway safety are kept up with continued interest, a traffic death in the future will really be news.

Chin Music

Two barbers in Twin Falls, Idaho, have figured out that the average man grows about 7604 feet of hair a year. If the whole country's crop were laid end to end, they say, it would reach around the world 1728 times.

Something, certainly, ought to be done about this. With the world in the state it's now in, you can't just let a thing like this go.

If nobody gets any good ideas, the sheared and razored hair henceforth can be stored away in the halls of Congress during the summer recess until a good use is found for it, but here are some suggestions that might help out:

If the country just can't get along without the customary quota of stuffed shirts, why not flood the market with shirts stuffed with the barber shop output and drive the other kind of stuffing out of business?

Put a few of the unemployed to work weaving the hair into a net to keep the French cabinet together.

These days there ought to be a big market among Europe's political leaders for an assortment of hair shirts, if there are any consciences left.

The field of possibilities staggers the imagination. The chances are that right now the Germans, apparently the world's ersatz champions, are making their old beards into barbed wire.

After all, what's the point of gathering statistics if something worthwhile isn't worked out with them?

Clever Compact.

A powder compact with a clever little arrangement which allows just enough powder for one application to dust the puff as it is removed from the case would seem to solve the problem of renewing make-up tidily. It's inexpensive and a really handsome accessory, too.

Gay Challis Accessories.

One of the smart Fifth Avenue shops is showing a tricky new way to brighten up dark dresses—bright colored challis boleros with turban and cummerbund to match. These come in lovely bright blues, reds and greens with a small floral print.

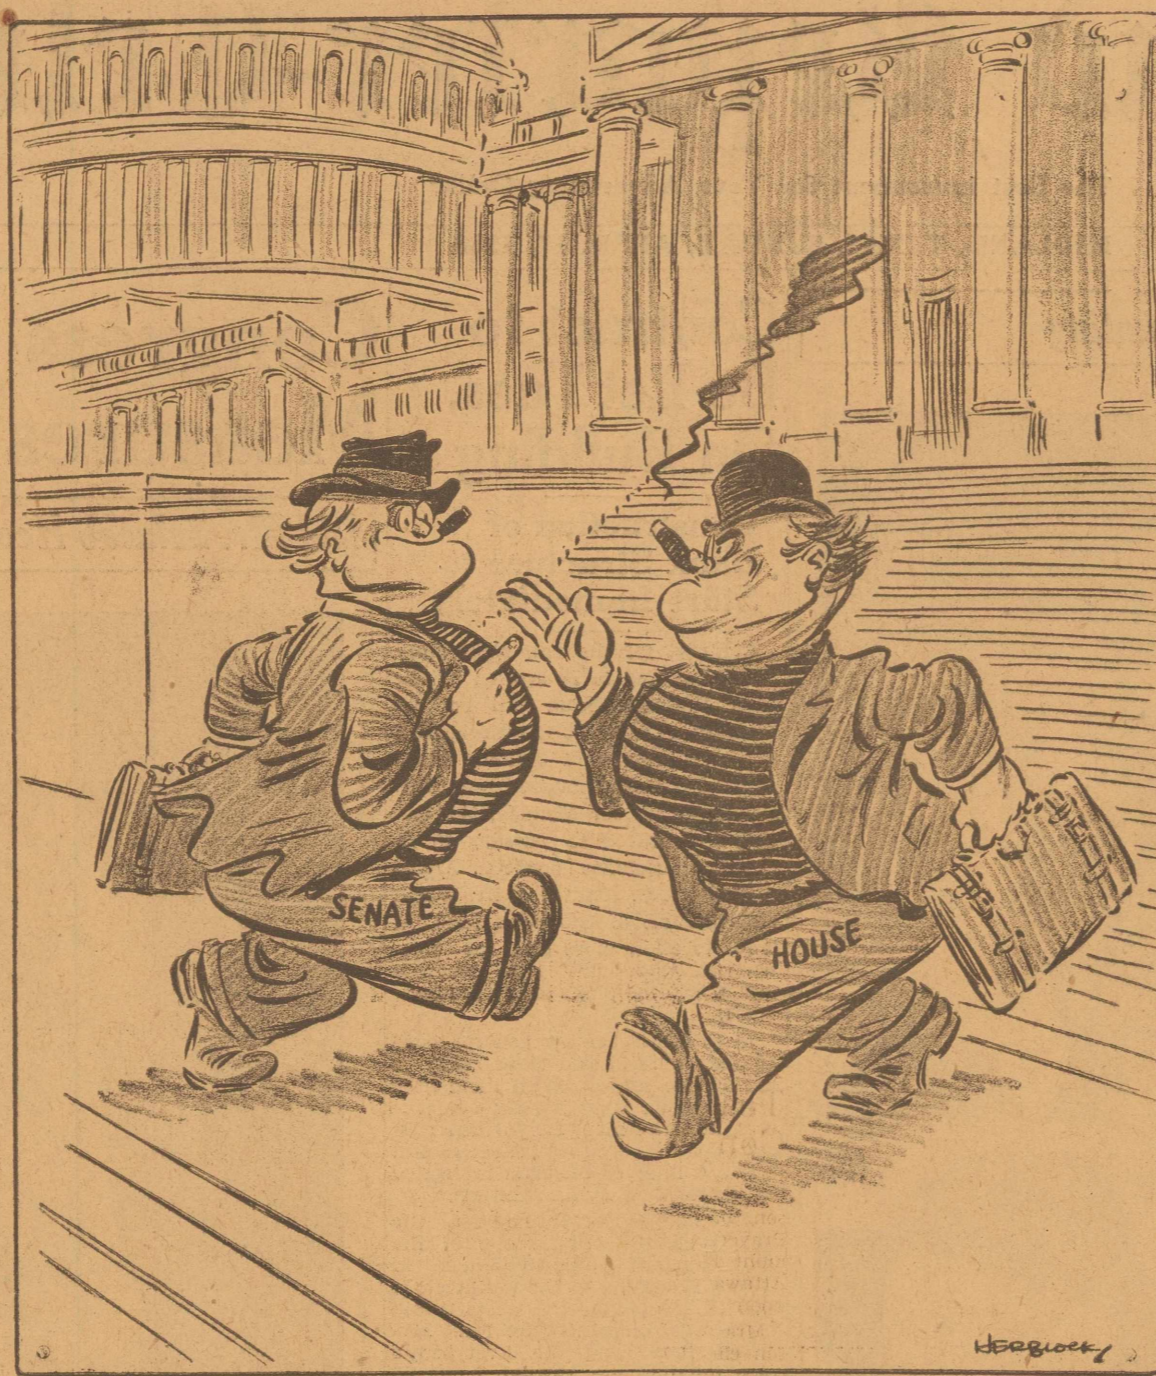

SIDE GLANCES

By George Clark

"Oh, hello, Jack, dear. No, I'm not doing a thing—just sitting here alone, thinking of you."

'Hya, Butch!' 'Hya, Spike!'

Washington Tries to Outlaw Human Nature In Opinion of Financial Writer on Visit To Nation's Capital; Offers Some Remedies

Editor's Note: The following article is one of a series of weekly features written by Roger W. Babson, economist and business conditions writer, for The Reporter-Telegram and other daily newspapers. It is not published as editorial views of The Reporter-Telegram.

BY ROGER W. BABSON
(Copyright—1938—Publishers Financial Bureau.)

WASHINGTON, D. C., April 16.—Here I am at the Nation's Capital. This is what I find—Twenty billion dollars have been spent on pump-priming since 1933. Now, after five years, unemployment is almost as bad, business is not much better, and losses in some industries are greater. It should be obvious that something is wrong with the pump. The fault is that we have been trying to change human nature overnight. It is time we went to work and corrected this situation. The issue is far bigger than party politics. The future of America is at stake!

The easiest thing in the world, of course, is to sit back in the gallery and "kibitz." During the past few years there has been an endless barrage of destructive New Deal criticism by businessmen without constructive suggestions. "Let business alone" is a favorite slogan in ten times as good. "Do something for business" is the cry when things are slow.

One of the biggest faults of the New Deal has not been in writing "reform" legislation, but rather in going too far with such legislation. What we need today is to take a thorough inventory of recent laws, chop out the bad parts, and keep the good. Throw away the acts aimed at changing human nature, and keep those designed to strengthen human beings.

Instincts Cannot Be Legislated. There has been too much loose thinking in connection with the "ill-housed, ill-clad, and ill-fed." These unfortunate people never will be properly taken care of until we get down to fundamentals. Human nature cannot be outlawed or out-moded by the waving of a wand. The world is still ruled by the instincts to own and to protect private property.

Moreover, the system of doing business for "profit and loss" is inbred. It has been developing through thousands of years. It can never be changed overnight. Hence, I feel strongly that the President should not now attempt another surgical operation, but follow the best physicians by letting nature make the cure. He should start now by preaching some basic economic truths.

Let me be criticized as another "kibitzer" let me tell you what I would do right now "if I were President." I think the following moves would cure the basic troubles which are allowing the people to starve in this great land of plenty: Stop "Price Freezing".

(1) I would assure the nation a free market for labor and commodities. All attempts to "freeze" the price of either market lead directly to more unemployment. This applies to labor unions, farm organizations, and business corporations. All forms of monopolies add to joblessness. Hence, price-fixing of all kinds should be stamped out as harmful to the nation as a whole. Politicians talk about "over-production." It is true that an individual industry may get out of line by producing too many goods at one time. There, however, can be no over-production in all industries. I would teach the people that only as more is produced, is there more to divide. The standard of living can be raised only through boosting

total production; never by curtailing it.

(2) I would endeavor to have the Securities and Exchange Acts and the Federal Tax Legislation amended so as to encourage—rather than to discourage—new enterprises. Congress should differentiate between speculation in new risks and speculation in outstanding securities. More income may be needed by the Treasury after eliminating restrictive business taxes. If so put a special tax on Trust Funds.

Money in Trust Funds is "dead" money. It is invested only in old industries. It never takes a risk. As Trust Funds grow, unemployment likewise grows. The sharp drop in stock prices, and the drying up of new capital issues, caused by unwise legislation, is responsible for much of our unemployment.

Self-Reliance Only Real Security. (3) I would preach continuously the importance of self-dependence. Our various governments are engaged in all kinds of propaganda. Most of such efforts result in more joblessness. They are fitting men and women to seek positions in crowded occupations. Women have entered industry to stay; but if so, men must do house-work and bring up children.

It is dangerous to interfere with the balance of nature. We cannot let people starve; but we can put a social and family blot upon the acceptance of relief. Civilization has depended upon such a stigma for centuries. Its sudden removal has been a primary cause of unemployment.

(4) I would kick "politics" out of the White House. Leaders of both great political parties agree that this would do much to aid employment. They, however, add that it would be suicidal for either the Democrats or

the Republicans independently to risk cutting out "politics". This means that the sensible people of both parties should temporarily unite in this emergency.

Let us follow England's example by having a coalition government. Probably the most practical way of accomplishing this would be for the Republicans to nominate a sensible Democrat in 1940. There are today in our United States Senate many good possibilities for such a candidate.

The New Deal has done many worth-while things. In many ways it has made a better nation. But its attempts to change human nature have resulted in unnecessary unemployment. Let us continue the good legislation, but amend the bad. This will restore the confidence of both labor and management. Then the pump will need no priming and real prosperity will return!

Scores 'Standpat' Policy of A. M. A.

HARVARD'S Prof. J. H. Means, speaking before the New York convention of the American College of Physicians, which he heads, attacked the American Medical Association as "political" and without policy except "stand-patism."

The Town Quack

Midland lawns continue to be invaded by dandelions. If you have never had any experience with them, take a tip from somebody who has fought them unsuccessfully for several years and don't let them get the upper hand. Once they get a foothold, you can't pull or dig them fast enough to keep them from spreading. If they don't spread from the seed, they will spread from the roots, because it's a rare thing you can pull one up and get all of the root.

Many Midland yards have been cut down, plowed up or filled with new dirt this year, principally because of dandelions which had taken the lawns. Up on the north plains, the complaint is even worse. In some places up that way, the prairie pastures are said to be covered with them. The Amarillo News-Globe believes they have come in from northern states, with the high winds and black dust storms. They are said to be tougher than the native Texas dandelions. That's the first I knew Texas had any native dandelions. But all I have to say is that if you don't get the upper hand of them when they first hit your yard, they will soon have the upper hand of your yard. Each morning you will find a nice little flock of bright yellow flowers which close up around the moon hour. Next day there will be more flowers, also some feathery looking heads which have about a million seeds each. These blow about your yard and your neighbor's yard, and soon the dandelions have taken your neighborhood. Before you get through, they cost you several hundred dollars worth of time, aggravation and yard work.

The sandstorms of the past week have been somewhat discouraging to both old timers and new comers. However, they are what we have instead of floods and other kinds of storms, and when you balance this country up, its year round climate is more favorable than that of the

average country. The people who stay through the sandstorms live to enjoy some of the most ideal weather in the United States. If you will think back over the winter, it was nice open weather, with just enough rain and snow to keep the ground in good shape and not enough freezing temperatures to keep you home unless you were ill, and the illness from colds, flu and pneumonia was lighter this year. Last fall was pretty weather most all the time. Last summer wasn't so hot but what people who didn't even take vacations spent a most pleasant summer here. Take it all around, the weather here is not so bad. The stayers who have put up with the seasonal sandstorms with a smile have made the most substantial, best satisfied citizens.

Here's some homey philosophy written by the late Col. Ed Howe, famed "Sage of Potato Hill," at Atchison, Kansas:

As a man grows leaner from age his wife grows fatter. . . . Don't abuse your friends and expect them to accept it as criticism. . . . When you have a headache, you usually know where you got it. . . . Even the wives of the best husbands in the world are eager for an opportunity to earn a little money for themselves. . . . We have noticed that statements to the effect that work is always better than idleness usually refer to men only. . . . Plenty of people can stand adversity, but only a few can stand prosperity. . . . If you want to make a man very angry, get someone to pray for him. . . . If a man hires a servant girl, he doesn't think his wife has anything to do. . . . If you will keep quiet yourself, you can profit by other people talking too much. . . . Abuse a man unjustly and you will make friends for him. . . . It is easy to invent a scheme but difficult to make it work. . . . Never take any one's word when you can get a contract.

Too Few British Men.

LONDON, (AP).—There is a great shortage of husbands in Great Britain. The Registrar-General's latest report shows that although record numbers of couples are getting married, there are 1,645,000 women in England and Wales who will go through life without mates because there are not enough men to go around.

Letters to Editor

Reporter-Telegram
Midland, Texas:
Your joining with us in making possible the establishment of the new National Foundation for Infantile Paralysis was of invaluable aid to the cause, and the effort which you devoted to this was a fine act of unselfish service.

As the close of the Lenten Season draws near, in which a great many people in a war-torn and fearful world have been attempting to re-dedicate their principles to the support of righteous living and humane personal relationships, one with the other, may I on behalf of the Committee and the new National Foundation thank you for your help and wish you and yours a very happy Easter.

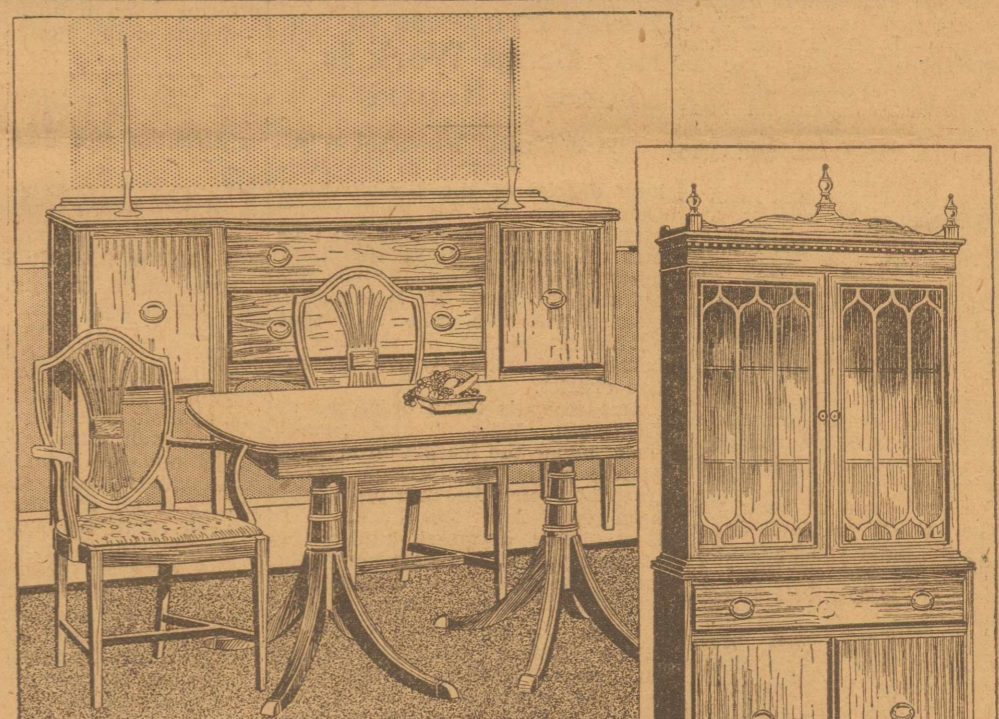

Very sincerely yours,
Keith Morgan,
Chairman Committee for the celebration of the President's Birthday.

Mozart made a concert tour at the age of 8. One audience ascribed the skill of his left hand to a ring that he wore, believing there was witchcraft in it. Mozart removed the ring and played more brilliantly than ever.

SOCIETY NEWS SECTION

Evening Ceremony Unites Miss Ida Elizabeth Cowden and Donald Oliver

Wedding at Baptist Church Draws Attention of Society; Couple to Sail On Honeymoon Cruise in Caribbean

Focusing attention of Midland society in the past weeks and inspiration for a series of gay parties preceding it was the marriage of Miss Ida Elizabeth Cowden, daughter of Mr. and Mrs. Elliott F. Cowden, and Donald Oliver, son of Mr. and Mrs. R. B. Oliver Jr. of Cape Girardeau, Missouri, which was solemnized at the First Baptist church, Saturday evening at 8 o'clock. Rev. W. J. Coleman, pastor of the First Presbyterian church, officiated at the single ring ceremony.

Two Officers Are Installed by Auxiliary Group

"The Ten Commandments" was the subject of study at the meeting of the Presbyterian Business Women's auxiliary at the church Friday evening. Mrs. W. J. Coleman was leader.

Sleeved for Evening

Long-sleeved dinner dresses are important in Paris right now. And this flattering one, in heavy white crepe with stripes of white crystal bugle beads, has a tulle bodice. It's shown with a matching Mandarin coat, the successful wrap of the coming season. Patou did the ensemble.

Mrs. Bryant Tells Seven Stories at Weekly Program

Seven stories by Mrs. W. Bryant, a story by Sallie Jean Secor and a song by Toya Chapple were included on the program of the Story Hour held in the children's library Saturday morning.

Music Comedy Leads

The top roles in the Jerome Kern-composed "Joy of Living," RKO-Radio's sparkling film musical, are assigned to Irene Dunne and Douglas Fairbanks, Jr. "Joy of Living" is now playing at the Ritz.

Mrs. Fickett Teaches Lesson Concerning Prayer

Mrs. W. L. Fickett taught a lesson on "Prayer and Answer to Prayer" at the meeting of the Belmont Bible class with Mrs. W. G. Attaway, 404 W. Ohio, Friday afternoon.

Lois Class Meets With Mrs. Hobbs

Varying the series of meetings at the church, Lois class of the Baptist church gathered for its weekly session at the home of teacher, Mrs. J. V. Hobbs, 101 E. Ohio, Thursday afternoon.

Mmes. Kimberlin, Mix Hostesses for Golf Luncheon

Mrs. Chas. Mix and Mrs. Kemper Kimberlin were hostesses for the weekly luncheon of the Women's Golf Association at the Country Club Friday.

Stitch and Chatter Club Meets at Home of Mrs. Feazell

Work on a Friendship quilt occupied the Stitch and Chatter club members who met with Mrs. V. L. Feazell as hostess, Friday afternoon.

Petroleum Beauty Shop

The club will meet Friday afternoon at 2 o'clock at the home of L. M. Hedges, 406 E. Tennessee.

EACH ARTFUL CURL . . .

In the Individualized Wave we create, for complementing your charms, one curl or detail, more or less, makes all the difference in effects! It is this perfect understanding of our art, that sets apart our Waving—provides Hair-dress distinction to women we serve!

LADIES! Are you becoming to your husband or sweetheart? If not, you had better be coming to us. THE IDEAL BEAUTY SHOP. Permanents \$1.95, \$2.50, \$3.50, \$5.00 and \$7.50. Shampoo, Set and Dry 35c. Oil Shampoo, Set and Dry 50c. Set and Dry 25c. Manicure (The Revlon Way) 35c. Clairor and Luxoil Dyes \$2.50. Lash and Brow Dye and Arch 50c.

We, The Women

BY RUTH MILLETT. Being liked by everyone is usually a luxury. And one that many a real person can't afford. It takes a lot of time, thought, and effort to make people like you. And if you don't approve of the person whose liking you want, a lot of hypocrisy.

LUCKY HORSE

LUCKY HORSE. The man who is voted the most popular man in his class at college is seldom heard of again. It is so easy for him to persuade himself that he can trade on the liking of other people, without having to do anything very real or important himself.

When we greet you with friendship in our hearts... Announcing the daily arrival of mid-summer hats, dresses and accessories. Evening dresses in silks, nets, cottons and chiffons. One Group of Dresses Up to \$24.75 Now \$10.95. One Group of Hats Up to \$7.95 Now \$3.95. Ladies Sal'on "Everything Exclusive for Mi Lady"

Which Will You Have... OVER THE KNEE or UNDER THE KNEE Stockings in Your BELLE-SHARMEER Leg Size? Personally, we'd take both. They're so young, so springlike, and oh, so comfortable. And since they're Belle-Sharmeers they fit like your skin. The new Over-the-Knees, like your favorite Belle-Sharmeers Knee-Lengths, are accurately sized for you in width as well as length and foot size... refuse to slip down, curl or wrinkle. Ask for your leg size... Brev for small, Modite for mediums, Duchs for tall. All here exclusively. WILSON DRY GOODS CO. Midland, Texas

Stitch and Chatter club will meet Friday afternoon at 2 o'clock at the home of Mrs. L. M. Hedges, 406 E. Tennessee.

Smartness Begins at Home

Nice enough to wear downtown or to a neighbor's for a cup of tea, the inexpensive, washable dress, left, of a rayon that looks like sheer wool, is an ideal house frock, too. It comes in a variety of colors, ranging from navy and black to summery pastels. Notice the row of buttons down the front and the soft, feminine neckline. The printed house coat, right, of fine mercerized cotton poplin, is the ideal costume for dining alone with the family. It has a wide, swirling skirt, slide fastener down the front, flattering shirred sleeves. Wear it in town house or summer cottage.

Mr. and Mrs. Bill Collyns have as their guests his mother, Mrs. A. E. Collyns of San Angelo, and his sister, Mrs. J. H. Phillips of Houston.

Mr. and Mrs. W. H. Spaulding Jr. and son, Barron, of Clovis are spending the day here visiting relatives.

Mr. and Mrs. C. C. Duffy are expected to return during the week-end from El Paso where they have spent several days.

Mrs. L. M. Pemberton, her daughter Doris Lynn and son Bernael, and Elma Jean Noble spent Saturday in Abilene.

Miss Helen Kirk is home from school in Abilene, spending the Easter holidays as guest of her sister, Mrs. Glenn Black.

Miss Willette Duncan is spending the week-end with relatives in Pecos.

Mr. and Mrs. J. L. Taylor have as their guest for the Easter holidays their daughter, Miss Jane Taylor, a student in SMU at Dallas. She plans to remain here until Monday night.

Clyde Thomas of Big Spring was a visitor in Midland Friday.

Rev. G. H. Bryant visited here Friday. He is Methodist pastor at Andrews.

Among the University of Texas students who are spending the Easter holidays with their parents here are: Misses Jane Marie and Velma Johnson, Mr. and Mrs. Ralph Lamar, C. A. Goldsmith, Robert Tanner, Rimmel Cowan, Robert Payne, Jesse Rhoden, B. C. Girdley.

Miss Joyce Holiman is spending the week-end with relatives at Sonora and other towns south.

Mrs. Pearl Parrott is ill at her home on S. Pecos street, though reported somewhat improved Saturday.

Mrs. Fred Robinson, society editor, and Johnny Smith, scribe and mechanical superintendent of the

PERSONALS

By MARIAN YOUNG
NEA Service Staff Correspondent.

NEW YORK.—Smart, well-designed dresses and housecoats, priced to suit modest budgets, are as interesting to the homemaker as the latest news on Easter suits.

She wants a suit, of course, and at least one dressy ensemble for teas and bridge parties, but Mrs. Average Woman is just as anxious to find really lovely, washable frocks for day in and day out wear. She insists that they be not only washable but easy to wash and iron; that they make her feel trimly groomed, but not all dressed up; that they be one hundred per cent insurance against embarrassment when she has to answer the doorbell in the middle of the morning's cleaning.

This year, there are low-priced dresses to meet every single one of these requirements.

Easy on Figure and Pocket.
Consider, for example, a charming frock of spun rayon with a wool-like surface, cut on princess lines with a row of buttons marching down the front. The square neckline is quite low, making for cool comfort when you're in the kitchen and providing a nice space on which to show off colorful beads when you want to dress up a bit. This costs less than seven dollars. In navy, black or dark brown, it's ideal for street wear. In white and any of the flower colors—carnation pink, marigold yellow, hyacinth blue, and so on—it can march to the country club for lunch, to the golf course or to a neighbor's for tea.

For Home—and Beach, Too.
Other excellent bargains in

Easter Party Entertains Group At Boynton Home

Complimenting her daughter, Marilyn, Mrs. L. T. Boynton entertained a group of boys and girls with an Easter party at her home, 406 N. Lorraine, Friday afternoon from 4 o'clock until 5:30.

Easter egg hunts were the high point of the afternoon's fun, colored hen eggs being hunted in the yard, while candy eggs were hidden inside the house.

Children present were: Marilyn Boynton, Bernael Pemberton, Gordon Asbury, Paul Young, Dorothy Barron, Dorothy Turner, Patsy Ann Pattenon, Enid Wheeler, Julia Beth Galbraith, Betty Jean Meriwether, Sut Meriwether, Mary Rebecca Bird, Betty Bobb, Jessica Turpin, Evelyn Wemple, Lucille Wemple, Jean McMillan, Jane McMillan.

Jacqueline Crawley assisted the

Tom Sawyer LONGIES

The ideal wardrobe for any woman is the one that includes an adequate supply of the kind of clothes most suited to her locale and mode of living. Planning ahead, refusing to buy anything once the wardrobe is complete, and never buying a "one-occasion" outfit are ideas for the budget-minded to remember. The spectacular, striped dinner dress may be very appealing, but if a dinner dress has to last for several seasons, a simple black sheath to which a new jacket can be added reasonably often is the best bet.

Easter Glorified

We are happy to welcome you to our Modern Flower Shop to see our gorgeous array of Easter Blossoms. Wear Corsages and Button hole flowers for the Easter Parade. Flowers will lend that needed extra touch of smartness to your ensemble.

Flowers in every home at Easter is an ideal to be striven for. Rooms made fragrant and bright with Nature's choicest gift, the dinner table colorful with a tasteful arrangement. If you are a dinner guest, compliment your hostess with a Blooming Plant or Flowers. We offer the choicest cut

Flowers and potted Easter Lilies, Hydrangeas and many other beautiful Blooming Plants at reasonable prices.

Three Hostesses For Benefit Bridge Coffee

Mrs. R. E. Kimsey, Geo. Kidd, John P. Butler will be hostesses to a benefit bridge coffee at the Country Club Wednesday morning from 9 o'clock until 11, in the interests of the building fund of their church.

Mrs. C. H. Green, originally one of the hostess-group, will not be present as she is moving to Dallas.

Any foursome can reserve a table for 50 cents per person, Mrs. Butler, spokesman for the party, said Saturday or for two dollars a table. The foursomes may play any game desired.

Those wishing to attend but not planning a foursome should communicate with the hostesses in order to find partners, it was announced.

Three prizes will be presented by drawing.

All reservations should be made not later than Tuesday night by arrangement with any of the three hostesses named.

The public is invited to attend.

Epworth League Program Announced

The following program to be presented at the meeting of the Senior Epworth League this evening at the Methodist annex has been announced by Mrs. Ray Gwyn, leader:

Instrumental prelude, Violin, Miss Lois Guffey, piano, Miss Clela Dee Tate.

Announcement of topic, "Is Jesus Standard Attainable?"

Hymn—"Love Divine, All Love Excelling."

Announcements.

Introductory statement—Leader.

Lord's Prayer repeated in unison.

Scripture reading—Matt. 5:43-48 and Eph. 1:4-16—Alvon Patterson.

Hymn—"More Love to Thee, O Christ!"

Talk—"Is Jesus' Standard Attainable?"—Miss Ruth Tidmore.

Offertory—Misses Guffey and Tate.

Talk—"Follow the Glean"—Miss Freddie Lou Barber.

Special—Miss Joyce Beauchamp.

Benediction.

Following the program, the group will discuss a play and a comedy to be presented soon.

Members are urged to be present.

BAPTIZING TODAY.

Macedonia Baptist church (colored) will conduct a baptizing service at Brooks' tank north of the cemetery this afternoon at 2:30 o'clock. J. W. Hudson is pastor. The white friends of the church are invited to attend.

The use of radio in modern flying is in no sense a guarantee of safety. Safety is the function of the plane and the pilot. Radio simply helps them.

Smart, eh? It's Steel Wallpaper

Here's something new to try on your bathroom this spring. It's steel wallpaper, which seems to work very well for the young lady on the ladder. So light and thin that it can be cut with hand scissors, the new wallpaper was introduced for the first time at the Western Metal Congress in Los Angeles. Designers said it will soon be produced in a variety of ingrained colors and designs, recommended for bathrooms and kitchens.

EASTER MUSIC IN THE CHURCHES

Golgotha An Easter Poem

Caesar of mighty Rome, whose legions tramp
The dusty roads from Gaul to Galilee,
From eastern cities to the farthest camp
Of lonely sentries by the northern sea;
What do you do, upon this barren slope,
With sullen, stupid hatred at your side?
For all your power, do you dare to hope
That what you have here can be—crucified?

"And when they were come unto a place called Golgotha, that is to say, a place of the skull . . . And they crucified him . . . —St. Matthew, 27:33, 35.

Portrayed in what is believed the world's largest painting, one of Christianity's most tragic moments—Jesus, in patient, suppliant mien, heeding neither the loud lament of the women nor the taunts of the high priests, while the crosses were being erected upon which He and the guarded thieves behind Him were to die—is on exhibition in Chicago. Titled "Golgotha," the 195x44-foot masterpiece of Jan Styka, recently was resurrected from a South Side storage house in which it had reposed since it last was shown in 1911. Painted in Rome and Palestine over a period of several years at an estimated cost of more than \$100,000, "Golgotha" was brought to Chicago in 1893 for the Columbian Fair. Proceeds from exhibition of the huge painting, owned by Frank Masterson, Chicago, will go to charity.

By Bruce Catton

You are betrayed. For all you have and prize—
Death, which you rule by; fear, which is your aid—
Are from this moment helpless. In the skies
The hosts of all mankind march unafraid,
Singing, triumphant, freed eternally
From loneliness, defeat and barren loss—
Because your blindness stood on Calvary
And raised eternal life upon a cross!

Religious and Musical Services Mark Easter Observance Today

SUNRISE SERVICE AT HIGH SCHOOL OPENS A FULL DAY OF PROGRAMS

Heralding a day marked by special religious services in a number of Midland churches was the union sunrise Easter service held in the high school auditorium this morning at 7 o'clock.

Rev. W. J. Coleman, pastor of the First Presbyterian church and president of the Midland Ministerial association, presided at the service which is traditionally sponsored by churches of the town. The high school choir, junior high school choir, and other singers of the town presented religious selections under direction of Supt. W. W. Lackey.

Rev. J. T. McKissick, former pastor of the First Christian church who is now holding a revival meeting here, offered the invocation.

Rev. W. C. Hinds, pastor of the First Methodist church, read the Easter scripture selection, Luke 24:1-15.

Choosing as his subject, "The Power of the Resurrection," Rev. J. E. Pickering, pastor of the First Christian church, preached the Easter sermon which was the climax of the program.

Following the union service, churches of the town will hold their regular Sunday programs, with special Easter sermons and music featuring a number of them. At the Methodist, Baptist, and Presbyterian churches, Easter cantatas will be presented this evening.

At the Presbyterian church, Rev. W. J. Coleman will bring a special Easter message at the 11 o'clock hour on the subject, "Resurrection Now." As a benediction the choir will sing the "Three-Fold Amen."

At 7:30 o'clock this evening, during the People's Hour, the vested choir, under direction of Miss Jesse Scott Price with Mrs. W. J. Coleman at the organ, will present a cantata for Easter-tide entitled "The Risen Lord."

The cantata will consist of the following numbers:
Introduction.
Chorus: This is the day which the Lord hath made.

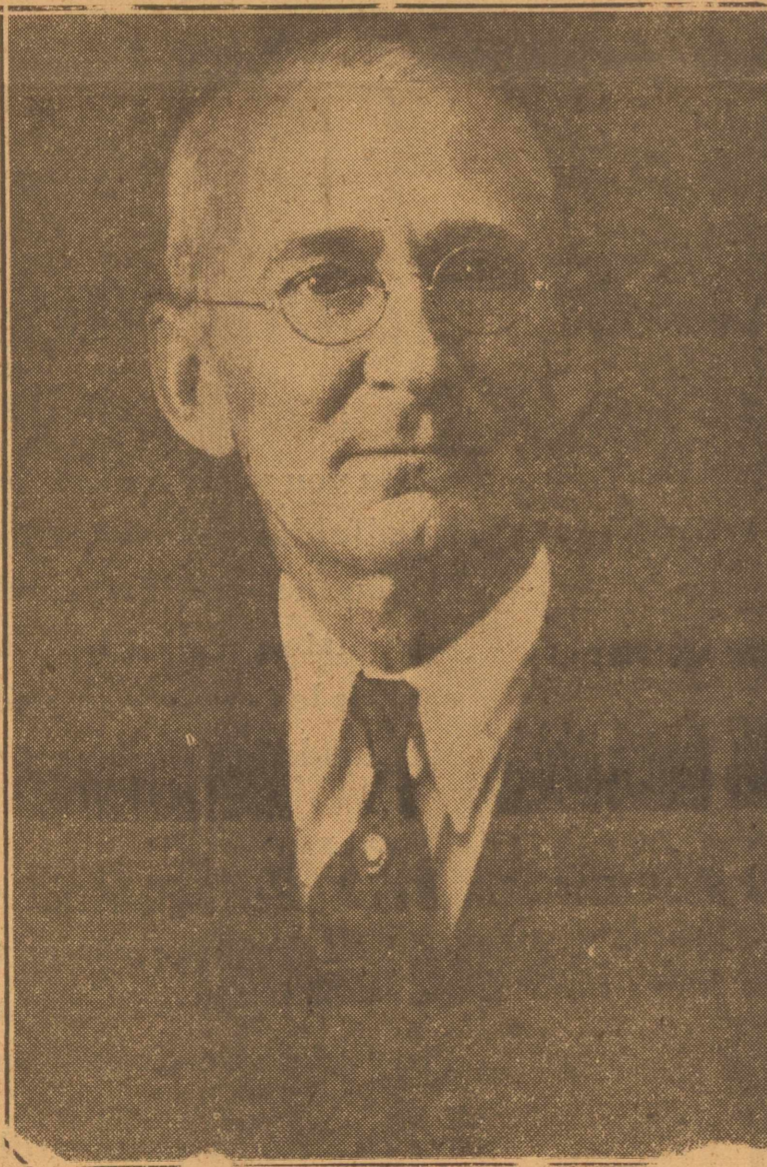

The Story
Chorus of Men: As it began to dawn.
Tri-o of Women: With loving hearts and laden hands.
Choral Recitative (Men): But when they came unto the sepulcher.
Chorus: The Lord is risen.

Choral Recitative (Men): Then went they out quickly and fled.
Chorus: Weeping for Him.
Alto solo: They have taken away my Lord.
Choral Recitative: And when they had thus said.
Chorus: O grave, where is thy victory?

Final.
Chorus: Unto Him who loves us.
First Methodist.
For his sermon at the morning worship hour, Rev. W. C. Hinds of the First Methodist church has chosen the Easter subject: "He Is Not Here, He Is Risen." Special music will be presented.

There will be no sermon at the evening worship hour. Instead at 7:45 o'clock the choir, directed by Mrs. De Lo Douglas, will present

Will Conduct Meeting Here

Rev. W. Bristow Gray, D. D., pastor of the Manhattan Presbyterian church of El Paso, will hold an eight-day inspirational meeting at the First Presbyterian church here, first service of which will be Monday morning at 10 o'clock. Services will be held each evening at 8 o'clock, Rev. W. J. Coleman, pastor, announced.

At the 8 o'clock evening service, Dr. McKissick will preach the closing sermon of the revival which has been in progress here for the past week.

Trinity Chapel.
Rev. P. Walter Henckell of Big Spring, minister in charge of Trinity Chapel, Episcopal church, will be here this morning to conduct an Easter communion service at 11 o'clock.

The regular Sunday school services will precede the communion. St. George's Church.
Closing a series of Holy Week services will be the Easter services today at St. George's Catholic church, conducted by Father John J. O'Connell O. M. I.

Holy Communion services were held at 7:30 o'clock this morning and Mass for Mexican people at 8 o'clock.

High mass for English speaking worshippers will be held at 10 o'clock.

Other churches of the town will present their scheduled services as found in the church announcement columns of this paper.

Revival Messages At First Christian Church Today

The revival services which have been conducted by Dr. James T. McKissick this week at the First Christian church will continue through today. As the crowds have been splendid in attendance throughout the week, a large attendance of people is expected at all the services today. The evangelist will bring the Easter revival message at 11:00 o'clock and at 8:00 o'clock will bring his closing message of the meeting.

Special Easter programs have been prepared in all the departments of the Bible School and the Endeavors. Marvin Park is the leader for the Senior group that meets at 7:00 o'clock and special Easter music and program will be rendered.

Special Easter music has been prepared by Mrs. M. A. Park, music director of the church, for the day. The public is cordially invited to attend these revival services and the special programs throughout the day.

Proclamation

TO ALL TO WHOM THESE PRESENTS SHALL COME:
"WHEREAS, the President of the United States has proclaimed the first day of May as Child Health Day in the nation; and

"WHEREAS, May Day has become an officially recognized part of the community and state health programs throughout the country; and
"WHEREAS, this observance has become an incentive for communities to organize permanent public health committees to study the needs of the community and to enter into year round campaigns for the betterment of the health and welfare of the children of our nation.

"NOW, HEREFOR, I, JAMES V. ALLRED, Governor of the State of Texas, do hereby proclaim May 1, as CHILD HEALTH DAY and urge all agencies, public and private, concerned with the health and welfare of children, on this day to cooperate in the plans of the Federal, State and local agencies in promoting the health and security of the mothers and the children of Texas to the end that health and happiness may be brought to the children of Blue Bonnet Land."

IN TESTIMONY WHEREOF, I have hereunto signed by name officially and caused the Seal of State to be impressed hereon at Austin, this 7th day of April, A. D. 1938.

JAMES V. ALLRED,
Governor of Texas

Personals

The Rev. J. William Arnett and family are spending the week-end here visiting relatives, from their home in Abilene. He has just returned from holding a revival meeting on the north plains.

Mr. and Mrs. Tom Nance have returned from a two weeks vacation trip to San Diego, Los Angeles and other west coast points.

Church Services

MEN'S CLASS
The Men's class meets every Sunday morning at 9:45 o'clock in the Crystal ballroom of the Hotel Scharbauer. It is a non-denominational class and every man who does not attend services elsewhere is cordially invited to attend.
The teachers are Marvin Ulmer and Judge Charles L. Klapproth. There is a singing service of fifteen minutes prior to the speaking.

NAOMI CLASS
The Naomi (inter-denominational) class for women will meet at 9:45 o'clock in the private dining room of the Hotel Scharbauer.
Mrs. J. Howard Hodge is the teacher.

FIRST BAPTIST CHURCH.
9:45 a. m. Sunday school. Claude O. Craze, superintendent.
11:00 a. m. Worship service. Rev. A. E. Riemann of Livingston will preach on "Christian Responsibility Growing out of the Resurrection."

6:15 p. m. Training union. Dick Denham, director.
8:00 p. m. The evening worship hour will be devoted to presentation of a special Easter cantata, "Victorious King" by Nolte, under direction of Chase Murph.

FIRST METHODIST CHURCH.
W. C. Hinds, Pastor.
9:45 a. m. Church school.
11:00 a. m. Morning worship. Sermon by the pastor on the theme, "He Is Not Here, He Is Risen."
Special musical numbers will be presented.

Epworth League Evening Services.
6:30 p. m. Intermediate department at the church.
6:30 p. m. Senior department at the annex.

7:45 p. m. There will be no preaching as the evening worship hour will be devoted to a special Easter cantata, directed by Mrs. De Lo Douglas.

FIRST CHRISTIAN CHURCH.
John E. Pickering, Pastor.
H. G. Bedford, Supt. of Bible School.
Mrs. M. A. Park, Director of Music

7:00 a. m. Union sunrise service at high school.
9:45 a. m. Bible school.
10:50 a. m. Holy Communion.
11:00 a. m. Revival service. Sermon by Dr. J. T. McKissick.
5:00 p. m. Junior Endeavor.
7:00 p. m. Intermediate and Senior Endeavors.

8:00 p. m. Closing revival service. Sermon by Dr. J. T. McKissick.
3:30 p. m. Monday. Rijnhart circle
8:00 p. m. Wednesday. Choir practice.

FIRST PRESBYTERIAN CHURCH
W. J. Coleman, Minister in Charge
J. L. Kendrick, Church School Supt.
9:45 a. m.—Church school.
Good departments and efficient teachers for every grade.
11:00 a. m. The worship theme for this Easter service will be "Resurrection Now." In this message the minister will show that there is triumph over death for which we do not have to wait until the graves are opened. The secret of rising from the dead,

while yet living, is governed by certain laws which will be revealed. No other knowledge is worthy to be compared with this. Appropriate seasonal hymns will be sung by the congregation led by the vested choir. The choir will also bring an anthem from the beautiful cantata for Easter-Tide, "The Risen King." An opportunity will be given at this service for parents to have their children christened.

7:30 p. m. People's Hour. "The Risen King," a Sacred Cantat for Easter-Tide by P. A. Schneckner will be given by the vested choir, under the direction of Miss Jesse Scott Price, with Mrs. W. J. Coleman at the organ. This cantata is truly beautiful and inspiring. Rev. W. Bristow Gray of El Paso will conduct an eight day post-Easter revival at the church, opening Monday, April 18.

ST. GEORGE'S CHURCH
John J. O'Connell O. M. I. Pastor.
7:30 a. m. Holy Communion.
8:00 a. m. Mass for Mexican people.
10:00 a. m. High mass (English speaking).

TRINITY CHAPEL
(Protestant Episcopal)
P. Walter Henckell, Minister in Charge.
Richard E. Gile, Lay Reader
9:45 a. m. Sunday school.
11:00 a. m. Easter Communion service conducted by Rev. P. Walter Henckell.

CHRISTIAN SCIENCE SERVICES.
"Doctrine of Atonement" is the subject of the Lesson-Sermon which will be read in all churches of Christ, Scientist, on Sunday, April 17.
The Golden Text is: "I and my Father are one" (John 10:30).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "But now in Christ Jesus ye who sometimes were far off are made nigh by the blood of Christ. . . For through him we both have access by one Spirit unto the father" (Ephesians 2:13, 18).

The Lesson-Sermon also includes the following passage from Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Atonement is the exemplification of man's unity with God, whereby man reflects divine Truth, Life and Love" (page 18).

GRACE LUTHERAN CHURCH
T. H. Graalmann, Pastor
Services are held every second and fourth Sunday at the Midland Episcopal Church at 2:00 p. m. You are cordially invited to attend.
Gowns which followed were in the spring flower design.
One guest was present, Mrs. Robert Dewey.
High cut prize was awarded at each of the two tables of bridge, these going to Mrs. E. D. Richardson and to Mrs. Frank Williamson. Mrs. Barney Greathouse received the prize for high score. Prizes were wrapped in white and tied with blue.

Members present were: Mmes.

Presbyterians Will Have Eight-Day Meeting Here

Reverend W. Bristow Gray, D. D., minister of the Manhattan Presbyterian church of El Paso, will be in Midland to conduct an eight day inspirational meeting at the First Presbyterian church, beginning on Monday.

The first service will be Monday morning at ten o'clock. At this service Dr. Gray will bring the initial message on the general theme to be used at the morning hour: "A Happy Church."

Present arrangements call for only three or four of these morning inspirational hours.

There will be worship each evening beginning at eight o'clock. Congregational singing will be led by the vested choir, under the direction of Miss Jesse Scott Price.

"Doctor Gray, who held a series of services in Midland about eighteen months ago, will be remembered as a most winsome man. Not a 'high-pressure' evangelist but an inspirational, instructive preacher whose messages reach both heart and mind of all types of persons."

Rev. W. J. Coleman, pastor, said, "As has been said of other great men: 'To know him is to love him and to love him is to become a better man.' His influence from the former meeting is still felt in Midland and he consented to return to us upon popular and unanimous request." The public is cordially invited to attend each service.

The drivers in the Indianapolis Speedway race will not be compelled to carry a mechanic this year. Neither will they be limited in the amount nor the kind of gasoline used. Last year they were compelled to use stock gasoline.

Great House, Richardson, Williamson, R. T. Mobley, L. L. Payne, W. H. Street, and the hostess.
Next meeting will be with Mrs. Street.

CHURCH OF CHRIST

7:45 Wednesday, Prayer Meeting.
7:30 Evening Service.

CARDINALS MEET HOLLYWOOD ALL-STARS HERE TODAY AT 3

FIRST GAME OF YEAR FOR HOME TEAM ASPIRANTS

Midland baseball fans will get their first look at most of the boys who will make up the Cardinal line-up today at 3 o'clock at City Park when the Red Birds tangle with the strong Hollywood baseball school club in the first of a two game series. They play again Monday. Admission is 25 cents.

Weather conditions have hampered the local club in getting into shape and manager Withers is expected to use practically all of the 31 men now in camp sometime during the game.

Although the skipper hadn't definitely decided on what pitcher would start the game today, he said that Benny Franklin, a right hander, Cliff Neighbors, also right handed, and Howard Parks, a left hander, would probably get the calls for three innings of service each. However, if either gets into trouble Withers can call on four other hurlers now in camp.

At present, only one first baseman and one second baseman are in camp and the two may get to play the full game. On first will be Doyle Chaffin, a left handed thrower and hitter, and on second will be little John Garner.

Work at shortstop will probably be divided among four aspirants for the job although (Buzz) Brown, who only arrived Friday, may be kept out of the game because of lack of practice. Two other boys, Troy Grews and George Zemek have shown a lot of form at the position, as has Jay Garner, twin brother of John.

Outfield patrols will consist of James Hart, Clarence Dedericks, Roland Fiedler, Jimmy Morris, Robert Sackett, Mike Sikie, Herbert Edmondson, Charles Ringer and Lil Riddle.

Three of the six catchers in camp will get into the game but Withers has not yet decided between Bates, Beers, Schiavo, Walcak, Orloff and Allen as the ones that will work.

A practice game was held yesterday afternoon and several of the boys showed a lot of hitting power. The hitters are several days ahead of the pitchers in condition and took full advantage. Clarence Dedericks, a local boy, has been one of the hardest hitters in the camp so far, polling out four homers in a practice session Friday.

Little information has seeped in about the west coast team, but they have indulged in several games in New Mexico recently with varying success. Eight members of the team will be dropped at Big Spring and will put in the year there.

Practical all the members of the Cardinal roster this morning will attend the Scharbauer Mens' Bible

Grayson Picks Cubs, Pirates and Giants in That Order in National

(Second of two articles on the major league races.)

By HARRY GRAYSON Sports Editor, NEA Service.

The Chicago Cubs really ought to get around to winning the National League pennant this year. They permitted the New York Giants to back into the flag the past two falls, but should get there first this trip unless their many managers spend too much time making up their minds.

Pittsburgh, speedy and also well balanced, can finish second if Pie Traynor cracks down and takes a few more chances.

St. Louis Cardinals have the pitching and get-up-and-go, but gaps in the infield and behind the bat are likely to keep them from beating the Giants to third place.

This is our guess as to how the clubs will finish, with the final standings of 1937 on the right:

1938	1937
1—Chicago	1—New York
2—Pittsburgh	2—Chicago
3—New York	3—Pittsburgh
4—St. Louis	4—St. Louis
5—Brooklyn	5—Boston
6—Cincinnati	6—Brooklyn
7—Boston	7—Philadelphia
8—Philadelphia	8—Cincinnati

class and will be introduced to members of the class.

Following is a list of the players and the number that will appear on their uniform in today's battle:

Number	Player
2	Bates, Oscar.
3	Beers, Clarence S.
5	Schiavo, John.
6	Walcak, Francis J.
8	Orloff, Leo E.
9	Alan, Don.
13	Franklin, Benny.
15	Neighbors, Clifford.
17	Parks, Howard.
21	Jones, Clifton.
22	Lundeen, Norman E.
23	Wenski, Peter.
24	Bates, Thomas.
31	Chaffin, Doyle L.
47	Garner, John.
38	Burleson, Tommy.
39	Fischer, George.
41	Lampf, John E.
42	Crews, Troy.
43	Brown, Russell.
46	Zemek, George.
47	Garner, Jay.
48	Hart, James D.
49	Dedericks, Clarence.
50	Fiedler, Roland.
51	Morris, Jimmy.
52	Sackett, Robert.
53	Sikie, Mike.
54	Edmondson, Herbert.
26	Ringer, Charles W.
44	Riddle, W. L.

Who's Boss, Anyway?

One of the Cubs' principal drawbacks is divided authority. Charley Grimm is the manager, but Gabby Hartnett and Billy Herman aspire to the position, and Phillip K. Wrigley this brought in Tony Lazzeri as a sort of straw boss.

But the Bruins are the most solidly constructed outfit in the senior circuit, with five starting pitchers in Bill Lee, Larry French, Tarzan Parnellee, Tex Carleton, and Curt Davis, bright prospects in Clay Bryant and Clyde Shoun, and cagey relief workers in old Charley Root and Jack Russell.

The Cubs remained within halting distance for some weeks early last year, despite the fact that practically every member of the outfit was either injured or ill.

But it was Jimmy Collins' broken leg toward the tag end of the grind that hurt them more than anything else. Although he missed 39 games and hit only 274, the Ripper batted in 71 runs, or more than all the other Cubs except Frank Demaree, Gabby Hartnett and Augie Galan. Now young Phil Cavarretta is giving Collins a royal battle for his former job at first base.

Chicago has coking catching in Hartnett and Ken O'Dea, and a crack second base combination in

Billy Jurges and Herman.

If they have a weakness it is in the outfield. Galan fell down in his hitting last term, and Joe Marty was not too dependable as a fly-chaser or on the bases. It might pay Grimm to use Carl Reynolds, a great spring hitter, in the early going. He also has George Stainback, Jimmy Asbell, and Herman Triplett, who hit 356 for Memphis.

Traynor Bearing Down.

Pittsburgh has a potent punch distributed throughout its batting order, some of the more promising pitchers, and Al Todd. But Traynor is too timid. He waits too long for rallies. He also is excitable. It would pay the Pirates to employ the hit and run to a greater extent and to attempt to steal more bases.

Traynor firing several of his athletes for their parts in a celebration at Barstow, Calif., may be an indication that he is tired of the Buccaneers taking advantage of his good nature.

Johnny Rizzo hit 358 for Columbus. He supplies the outfit with needed right-handed batting strength.

Arky Vaughan again starts at shortstop, although he belongs in the outfield.

Percentage and age are against the Giants. Better clubs than Horace Stoneham's have been unable to cop three consecutive championships.

Carl Hubbell cannot go on forever, and as Bill Terry's Meal Ticket goes, so the Polo Grounds; Memphis Bill is depending on Hubbell, Hal Schumacher, Cliff Melton, and Harry Gumbert as his starters, and on Bill Lohrman to be the fifth man until Slick Castleman's back is well.

Scholarly Burgess Whitehead, who was supposed to be frail, has been in every game for two winning seasons, and when he returned to second base the other afternoon, following his appendectomy, he looked like a chap who had never been away.

Johnny McCarthy should improve at first base. Mel Ott doesn't belong on third base, but his presence there enables Terry to send a more formidable batting order to the rubber.

Wally Berger may be traded to the Reds for a right-handed pitcher.

Terry will continue to play 'em close to the vest, hoping the others make enough mistakes for the Giants to prevail.

Beware the Dark Horse.

The Cardinals are such dark horses that Frank Frisch doesn't know who will catch or play shortstop or third base. But the Red Birds have Dizzy Dean and Lon Warneke, Joe Medwick and Johnny Mize, and an unconquerable spirit.

Brooklyn is the most improved club in the second division, with an air-tight infield for a change. Burleigh Grimes is getting along better with his men.

Bill McKechnie will get the most out of a potentially great pitching staff, and has a good-looking and seasoned catcher in Willy Hershberger, who helped the Newark Bears to a 25½-game lead in the International League and to victory in the little world series.

Boston remains a defensive club. They'll have to put props under the Phillies to keep them from falling out of the league.

It will be another tight race, but in the National that is like predicting sunshine in St. Petersburg, football in October, and a revolution in Central America.

The British Aeronautical Research Committee proposes to erect experimental heating plants around the various airports in England in an effort to dispel fog.

A new type torpedo bomber plane for use on aircraft carriers is being tested by the United States Navy. As soon as the wheels touch the deck of the mother ship, the wings start to fold up. Engine power is used for the folding and unfolding of the wings.

United States Navy blimps are being painted a new color that closely resembles "robin's-egg blue." It is said that this color will match almost all color conditions of the sky.

New Pro

SHERM ELWORTHY

Sherm Elworthy, professional at the Monahans golf club since last November, has arrived here to assume the duties as professional of the Country Club course.

Elworthy, who ranked as one of the outstanding amateurs on the Pacific coast and in his home town of Seattle, Wash., was serving as a professional at Monahans for the first time. After taking charge of the Monahans course, he built up the membership from 30 members to 65, and also had many improvements made on the Monahans course.

Living quarters have been built for Elworthy adjacent to the club house at the local course and an assistant has been procured to aid him in his duties.

Wink Captures Distrist Track, Field Meet Here

The Wink Wildcats made a clean sweep of athletic events in district 31 when their track team won the district meet here Saturday in a far closer contest than had been anticipated. Wink rolled up a total of 45 1/2 points while Midland, second place club, registered 38 points.

Loss of the meet can rightfully be placed upon the sore foot of little Jay Francis, number one sprinter and broad jump man of the local club. Francis, counted upon in pre-meet forecasts to gain at least 15 points for the local school, came through with only seven. He had been counted upon as a "cinch" in the 100-yard dash, the 220-yard dash and the broad jump but he only managed to finish second in the first two events and fourth in the last. An over-size blister on his foot caused him to be slowed down just enough in the dashes for Rogers of Crane to pose him out.

The Wink team was overwhelming favorites before the meet ever began but ran into more trouble than had been expected. Don Ezzell, start quarter miler of the Wildcats, failed to set a new district record in the event, as has been expected, but he did come through with an easy victory. A recent illness was blamed for his failure to better his showing.

Incidentally, four new records were set and another tied in the meet. Rogers of Crane set new records in both the 100-yard dash and the 220-yard dashes. By running the 100 in 10.3 seconds he clipped one tenth of a second off the mark set by Montgomery of Midland in 1935, and in the 220 his time of 23.9 seconds was two tenths of a second faster than the time made of Trogen of McCamey in 1935. In the 220-yard low hurdles, Barnes negotiated the distance in 27.6 seconds, five-tenths of a second faster than Ham of Crane made in setting a record in 1935. In the discus throw, Rutherford of Wink threw the oval 124 feet and six inches, seven feet and nine inches better than the

mark made by Nelson of Big Lake in 1934. Don Ezzell tied the mark in the 440 by traveling the distance in 53.5 seconds, the same time as that established by Bennett of Big Lake in 1934.

One of the best races of the day, excluding the 100 and 220 yard dashes, was the mile, "Little Rocky" Ford, counted upon as possibly being able to finish third or fourth, just let about half the field walk away from him until they hit the last one-eighth and put on a scolding "kick" that left all opposition far behind. Ford's time of 5 minutes, 11 and eight-tenths seconds was nothing to write home about but he could have bettered it had anyone pushed him. As it was, he was far, far out in front at the finish.

Barnes of Midland was high point man of the entire meet, with a total of 18 3/4 points. The angular senior took first place in the pole vault, high jump and the 220 yard low hurdles, second in the broad jump and was a member of the second place Midland relay team.

Individual results: Pole Vault—Barnes, Midland; Callahan of Wink and Brandon of Crane tied for second; Whitney and Lindley of Big Lake tied for fourth. Height: 10 feet, 9 inches.

120-yard high hurdles—B. Ezzell, Wink; Jones, McCamey, Reeves and Hook, McCamey, tied for fourth. Time: 16.5 seconds.

100-yard dash—Rogers, Crane; Francis, Midland; Rogers, Garden City; Jobe, Seminole. Time: 10.3. (New Record).

Shot put—Moon, Seminole, Callahan, Wink; Rutherford, Wink; Reeves, McCamey. Distance: 44 feet, two inches.

440-yards — D. Ezzell, Wink; Lynch, Wink; Hook, McCamey; Hemperly, McCamey. Time: 53.5. (Tied Record).

High jump — Barnes, Midland; Pleming, Odessa; Francis, Midland; Lynch, Wink. Height: five feet, nine inches.

220 low hurdles — Barnes, Midland; Callahan, Wink; Brandon, Crane; E. Ezzell, Wink. Time: 27.6. (New Record).

Discus — Rutherford, Wink; Callahan, Wink; Parish, Big Lake; Adams, Midland. Distance: 124 feet, six inches. (New Record).

Javelin — Sparr, Wink; Davis, McCamey; Hogan, Odessa; Webb, Big Lake. Distance: 155 feet, 7 inches.

Broad jump — Whitney, Big Lake; Barnes, Midland; Webb, Big Lake; Francis, Midland. Distance: 20 feet 3/4 inches.

880-yards: Alexander, McCamey; Wilkerson, Big Lake; Hepl, Midland; Brown, Seagraves. Time: 2:13.9. (Watson of Kermit won race but was disqualified).

220-yards: Rogers, Crane; Francis, Midland; D. Ezzell, Wink; Powers, Kermit. Time: 23.9. (New Record).

Mile: Ford, Midland; Thorpe, Kermit; Taylor, Odessa; Boyd, Rankin. Time: 5:11.8.

Final compilation of points showed the following: Wink 45 1/2, Midland 38, McCamey 18, Crane 14 1/2, Big Lake 14, Odessa 7, Seminole 6, Kermit 4, Garden City 2, Seagraves 1, Rankin 1.

"Pin the Tail on the Donkey"

When you were young, you played that timeless game. Blindfolded, you weaved your way to the painted donkey on the wall, and tried to pin his paper tail in approximately the right position. You hit his nose, his ear, his leg—or you missed completely, and your blind stab landed on the empty wall.

Do you still "pin the tail on the donkey" when you go shopping? Do you make your purchases "blindfolded," leaving your choice to chance? That is literally the "unenlightened" method. It wastes your time, your energy, your patience—and your money.

Don't buy haphazardly. Know beforehand what to buy, and where to buy it, and how much to pay for it. Read the advertisements in this newspaper! Scan the shopping columns; compare prices, compare values—decide upon your bargain. Then go directly to the store which advertises it; make your purchase—and be content!

No more hit-and-miss buying when you follow the advertisements. They lift the blindfold; they make it easier to find the best values.

World Depends Upon Texas to Furnish Helium for Ships

AUSTIN, Texas. — When the hydrogen filled bags of the dirigible "Hindenburg" exploded at Lakehurst, N. J., last year with heavy loss of life, the attention of the world focused on Texas as the only savior for lighter-than-air transportation, according to an article by Raymond Holbrook, Amarillo newspaperman, in the April issue of Texas Parade.

"To that list of unique and exclusive industries of Texas add the production of helium—an elementary gas on which the world is largely dependent for safe lighter-than-air transportation, deep sea diving and which also holds promise as a valuable weapon against the diseases of mankind," writes Mr. Holbrook.

"At Friedrichshafen, Germany, today are two huge zeppelins, nearing completion to be used in trans-Atlantic passenger service. But these leviathans of the air will never leave their hangar until they receive helium gas from the United States Bureau of Mines plant near Amarillo on the Panhandle Plains of Texas.

For this one plant—costing nearly a million dollars and drawing its helium-bearing gas from a field that experts declare will supply the world for the next three generations—has a virtual monopoly on the helium production of the entire world.

Located at the edge of the Panhandle field, the greatest natural gas producing section of the nation, the Cliffside plant is above a formation whose gas contains a high percentage of helium—a non-explosive gas with a great lifting power that has become a 'must' gas with lighter-than-air aircraft.

"In addition to this demand in aviation, helium made possible the recent descent of Max E. Nohl, deep-sea diver, to a depth of 420 feet to establish a new record. Medicine, too, is looking to helium. This rare gas, once costing thousands of dollars a cubic foot but now produced so cheaply as to be available to even the smallest hospital, has been successfully used in treating asthma, tuberculosis, and in helping babies whose lungs fail to expand normally at birth. Likewise, industry has found a use for this Texas gas in cooling electrical machinery, and as a gas for radio tubes and electric signs.

"Helium became the sole hope for the future of lighter-than-air aircraft, last May when the dirigible Hindenburg exploded at Lakehurst, N. J., with the loss of half a hundred lives. Because of its greater lifting power and relative cheapness of production, coupled with the fact no commercial supply of helium was available in Germany, hydrogen had been used exclusively by the Zeppelin builders. But, hydrogen, because of its volatility, was responsible for many tragedies in lighter-than-air transportation.

"Following the Hindenburg disaster, Dr. Hugo Eckener, dean of dirigible engineers and pilots, declared that no German ship would ever again fly with hydrogen, and that helium would be used regardless of cost.

"The Senate military affairs committee recommended exportation of limited quantities of surplus helium to foreign nations for medicinal and commercial aviation purposes. Through this measure, recently passed, Germany has been granted a permit to export 17,900,000 cubic feet of gas for her two new airliners, the LZ-130, a 40 passenger companion ship to the ill-fated Hindenburg, which will be put into trans-Atlantic service early this

Stamp News

POSTMASTER General James A. Farley has announced the issuance of a new 6-cent airmail postage stamp in connection with the celebration of National Air Mail Week, May 15-21. The stamp will be placed on first-day sale at Dayton, Ohio, and St. Petersburg, Fla., May 14, and it will be placed on general sale the following day or as soon after as possible.

Dayton and St. Petersburg were selected as first-day cities because of their close association with early aviation history. Dates and places of first-day sale for the first four stamps of the new regular series have also been decided. They follow: The 1-cent Washington issue, Washington, D. C., April 25; 1½-cent Martha Washington issue, Washington, D. C., May 5; ½-cent Benjamin Franklin value, Philadelphia, May 19; and the 2-cent John Adams stamp, Washington, D. C., June 3.

The 1-cent George Washington stamp will be printed in green ink with a flat background and no border. It is arranged vertically and is being printed in sheets of 100 by rotary process. The likeness of Washington in profile is shown in the left center of the stamp, facing right. Stamp collectors desiring first-day cancellations on April 25 may send in excess of 10 addressed covers to the postmaster at Washington, D. C., with a cash or postal money order remittance to cover only the cost of the stamps requiring affixing. Each cover should bear a pencil endorsement in the upper right corner to show the number of stamps to be affixed. Collectors should submit orders for the one stamp ONLY, as first-day covers for each of the new regular series are to be handled separately.

To commemorate the inaugural airmail flights May 3 from White Horse to Juncau and from White Horse to Fairbanks, the Canadian postoffice will issue special cachets. Address Postmaster at White Horse, Yukon Territory. (Copyright, 1938, NEA Service, Inc.)

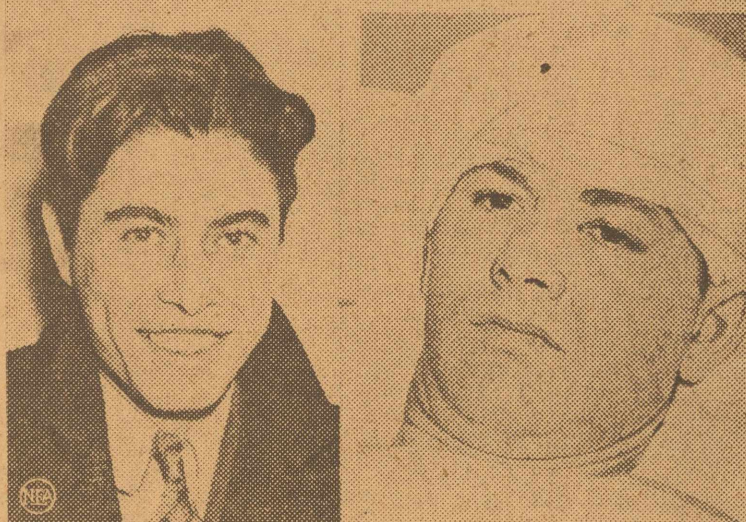

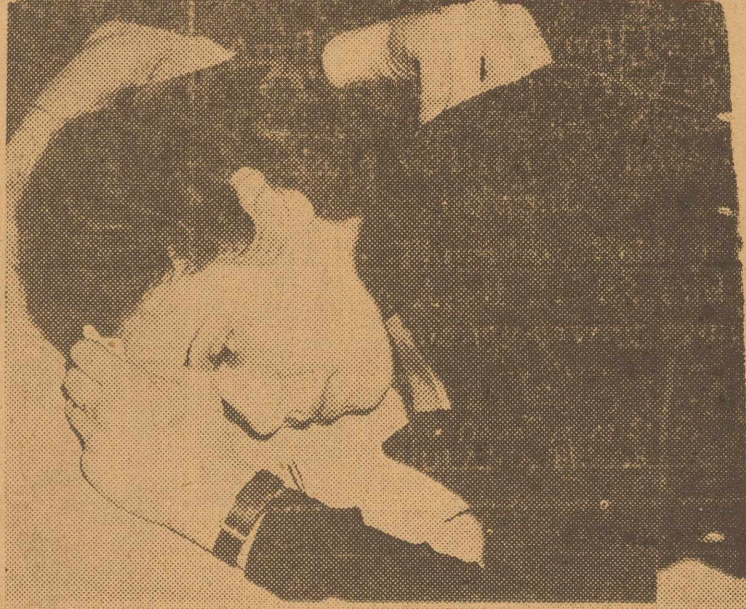

Old Skeleton Unearthed.
VANCOUVER, Wash. (U.P.) — A WPA worker disturbed the long sleep of an old Indian squaw when he unearthed a rotting cedar casket at Vancouver army barracks. The box contained a skeleton in good state of preservation. Medical officers who examined it commented particularly upon the excellent, still white, teeth.

Three-Way Mirror Compact.
A new fitted bag of calfskin, not too large but containing perfume, phial, powder compact and lipstick, has a three-way mirror so that every aspect of the renewed makeup is easily visible.

summer, and the LZ-131, the queen of all Zeppelins with a capacity of 80 passengers, which will be completed in 1939. Disturbed European conditions have caused a delay in shipment however.

"The new ships will not be able to carry as many passengers as hydrogen zepps of similar size because of the lower lifting power of helium, which is able to lift only 65 pounds for each thousand cubic feet of gas compared to 76 for hydrogen. The safety factor, engineers believe ever, will more than offset this disadvantage. Also while higher in initial cost, helium is more economical, requiring an annual replacement of only one and half times its volume, compared to five and ten times a year for hydrogen.

Silent Love Ends in Crime

Love led three Chicago deaf-mutes to a tragic end in a bizarre triangle that resulted in a murder attempt. Mrs. Sarah Wald, top, and Jack Glutzer, lower left, were sweethearts before her marriage to Louis Wald, lower right. Throughout her marriage, the two remained sweethearts, they told police. Seven years after her wedding, she asked Wald for a divorce. He refused. Determined that nothing should stand in the way of their love, Glutzer and Mrs. Wald made a murderous hammer attack on the husband, according to police. Physicians say the deaf-mute husband may not recover.

'Message to Garcia' Carrier Is Injured

TEXAS HIGH SCHOOL PRESS ASSOCIATION

Editor-in-chief, Mickey O'Neal. Associate editors, Louise Elkin, Mary Merle Howard. Sports editors, Gordon English, George Wafford. Feature editors, Jane Bounds, Neva Rae Drake, Cleo Tidwell. Society editor, Wanda Walker. Reporters, Martha Flaherty, Vera Webb, Johnnie Faye Howe, Claude Thompson, Dalton Cobb, Maxine Hays. Faculty Sponsor, Miss Ruth Carpen.

MISS SUE E. MANN VISITS SCHOOL.
Miss Sue E. Mann, Deputy State Superintendent from Alpine, spoke in assembly last Friday morning. The theme of Miss Mann's talk was the significance of Easter. She stated that Easter time was one of the three main holidays and that at this time of the year one should think about his progress and success and try to better it.

REV. MCKISSICK TALKS TO HIGH SCHOOL.
Wednesday, April 13, Rev. James McKissick, former president of the Randolph Junior College at Cisco and note clergyman, gave an address at the Midland high school auditorium. Choosing the word watch for his text he began by asking if anyone in the audience knew the meaning of the word "acroscopic." Getting no response he explained that "acroscopic" meant vertical. He proceeded thus:

"Take the word watch and place in a vertical position.
W-ords
A-ssociates
T-houghs
C-onversations
H-ears.
"Watch your words, for 'Words' flitly spoken are like apples of gold in a plover's nest."
"Watch your associate for, 'Do not be deceived; evil companions corrupt good."
"Watch your thoughts for thoughts make the man."
"Watch your conversation (means way of living), because your way of living is shaping your character."
"And last but not least, watch your heart because your heart is your character."
Among other things he also said were the following humorous verses:
When you go a courtin'
Do not stay too late,
Lest you hear her father
Saying, "bedtime, Kate."
There was a little gate;
It had a little latch,
This little gate
Led into a melon patch.
There was a big gun;
It had two triggers,
Two loud reports
And two dead niggers.
Rev. McKissick concluded his talk by suggesting the motto,

"Good, better, best,
Never let it rest,
Until good becomes better,
And better becomes best."
As a fitting one to be adopted by all.

"CATOICO" TO BE COMPLETED SOON.

According to Miss Vera Hefner, sponsor of the 1938 "Catoico," the "dummy" will be completed soon and sent to the Hill Printing and Stationery Company to be assembled and returned.
The football section was completed and sent to the printers about a week ago. The only thing that is holding up the remaining work of the "dummy" is the lack of a number of proofs which have not yet returned from the engravers at Port Worth.

Miss Vera Hefner; Mary Merle Howard, editor-in-chief; Jane Doran, associate editor; Ruth Jo Shirley, art editor; Nell Bounds, typist; Willa Mae Hale, typist; Vera Webb, typist; and Alice Lippold, typist, have worked constantly for the past few weeks to get every page in order to send off.
The senior play cast was selected the latter part of the week and had their pictures made. The winners of the Interscholastic League Meet will be photographed as soon as possible. These two groups will be the last pictures to get in the annual. The annuals will be returned completed shortly before the end of school.

LIVINGSTON MAN SPEAKS TO STUDENTS.

Rev. Riemann of Livingston, Texas, accompanied by Mr. Chase Murrph, choir director of the First Baptist church, spoke to the Midland high school students in Thursday morning assembly, April 14, on the subject "Is Life Worth Living?"

Rev. Riemann explained that first one should make right turns at every corner, then there would be no wrong turns for others to reprove. Second, each one should live productively. Do the things that will not be of value just to the maker. Then, in the third place, each one should live projectively. Do not do trite, unimportant things, but do the work that will be remembered and looked up to in the future.

SHORTHAND TEAM CHOSEN.

On Tuesday April 12, Miss Mary Watters, shorthand teacher, chose three short hand students to represent Midland in the shorthand contest at the district meet.
The students trying out for the shorthand team took three five-minute tests which were averaged together. Those who won were: Claude Thompson, Ruth Jo Shirley, and Virginia Ann Hilliard.
The tests taken were dictated at an 80 word a minute rate.

CAST OF SENIOR PLAY CHOSEN.

The cast for the senior play "The Nervous Wretch" was chosen by Miss Agatha Bruner, public speaking teacher of high school, Wednesday, April 13, 1938.

The following seniors were chosen: Ed Dorsey, Jack Walton, Woodrow Adams, David Wafford, Brooks Roberts, E. P. Lawson, R. O. Brooks, Martin Neil, Val Borum, Joe Norman, Frank Nixon, Courtney Cowden, Aldredge Eses, Harold Barnes, Robert Spikes, Virginia Ann Hilliard, and Helen Drollmann.

TENNIS TROPHIES RECEIVED.

Two tennis trophies which were won in the invitation tennis meet held here last week were presented in chapel Monday morning, April 11, by Mr. L. W. Taylor. Mr. Shifflett, principal, accepted the trophies in behalf of the Midland high school. The two gold trophies, which were won by the singles and doubles tennis teams, will be placed in the trophy case in the main hall. These are the first tennis trophies to have been presented to Midland high.

Joe Norman, who played singles, was presented a medal. The boys who played doubles, Frank Wade Arrington and Fred Gordon Middleton, were also presented medals.

MELBA SCHLOSSER SPEAKS AT HOME EC MEETING TUESDAY.

Tuesday afternoon, April 12, the members of the Home Economics club met in 202 for their regular meeting. After the reading of the minutes by Berdean Rains, Melba Schlosser spoke on "A Girl's Place in the Home." She emphasized that "Nothing great is ever done without enthusiasm"; therefore, as a good homemaker, a girl should be enthusiastic about the responsibility in the home. She should perform her home duties, such as—making beds, washing dishes, and sweeping the floors—cheerfully. So much more can be accomplished this way, and she will have so much more fun!

All girls should give love, help, and friendliness into the home. A few minutes each day devoted to anything that betters a girl in any way is like a few pennies regularly saved—it does mount up.
A girl should be fair in her demands on the family income. High school girls are old enough to feel some responsibility for the welfare of the family. She should be efficient in her own affairs. It is luxury to learn, but the luxury of learning is not to be compared with the luxury of teaching.
Courtesy is a thing to practice both in the home and school.
After Melba's talk, reports were given by the girls who attended the district meet at Colorado. Each one expressed her thanks to Miss Crawley and Miss Logan for furnishing

ways to Colorado for the club members.
The girls planned a picnic to be held at Cloverdale Thursday, April 21, after school. Each girl is to bring her own lunch.

PERSONALS.

A great number of former students visited school during the week. Among them were: E. C. Girle, Robert Tanner, Rimmel Cowan, Robert Payne, and J. B. Thomas of University of Texas. Clinon Buffington and Darleen Vance of Tech. Lucille Guffey of MacMurray accompanied by her roommate, Corinne Gray, Kenneth Dodson and Dorothy McKee.

Mr. Chase Murrph visited assembly Friday morning and entertained the student body with two favorite songs: "Bells of the Sea," and "Asleep in the Deep." He was accompanied by Miss Cornelius, pianist.

Miss Jo Hestand is spending the week-end at her home in Slaton.

IT WON'T BE LONG NOW.

If any of you have noticed the new gymnasium, you saw that work on it is coming along very nicely. There was a little hard luck at first, for in pouring some of the concrete forms, the work turned out to be crooked and had to be redone.
The incoming classes have a lot to look forward to, because this gym will perk up the basketball team. Now that we are too have a gym, the town people can come and back up the home team without having to go out of town to do it.
The gym is a big improvement to the school and everyone should be glad it is being built, for now Midland has not only a good school, a good football field, the best tennis courts in this part of the country, but also one of the best gyms ever to be built in West Texas.
Yes, everyone should be happy, for it won't be long now.

THE EASTER PARADE.

The one thing I like about Easter is the Easter parade. Easter officially brings in the spring season, that is for styles. You see the girls decked out in colorful new Easter dresses with beautiful Easter bonnets.
Of course, it really isn't a time for parades, nor is it really a parade, but it's as colorful and beautiful as any I've ever seen. All the different colors of the rainbow with a sprinkling of the black and white of boys' suits, are to be seen at church on Easter morning. One wonders where so many different styles and colors originated.
But it's not as much fun just watching the parade as to join in it. So if you really want to enjoy the Easter parade, put on your new bonnet and come along with me.

PERSONALITY PLUS.

This week, we selected Kitty Gene Ellis for our personality. Kitty's favorite colors are blue and yellow. Her hobbies are tennis, swimming, and falling! She says she could eat all the carrots in the whole country, but after all Kitty, somebody else has to eat once in a while. Kitty readily promises us all the spinach we can eat for she fairly hates the "stuff." The Midland High News has promises of having one of the best papers in the state next year for Kitty's ambition is to be a reporter. Kitty dislikes boys more than anything, but you can't fool us, Kitty, we know you. In her opinion, there are no boys in M. H.

Br'er Rabbit Claims Quints' Easter Attention

The Dionne quintuplets will be 4 years old May 28, and they're becoming quite young ladies—but they're still far from the age when they'll lose interest in that traditional favorite of childhood, the Easter Rabbit. Here are, left to right, Cecile, Emilda, Marie, Annette, and Yvonne examining a felt bunny, and wondering perhaps about all the candy eggs they hoped to find around their nursery this Easter morning.

S. that are really handsome. She doesn't know who is the most beautiful girl, Kitty uses Angelus lipstick, number 114. She is very much against very short skirts, and doesn't think girls should wear bright red fingernail polish. Her favorite subjects are typing, history, Spanish, geometry, and English. Surely she couldn't take any more than that. She enjoys being a pep-squad leader because she gets to sit on the front row, and also gets to fall down (or are we wrong?)!

EASTER EGG HUNT A LA WEST TEXAS.

Who said anything about hunting eggs? All you'll need to do is stand still and they'll hit you in the face! Perfect weather for Easter, don't you think? Just leave a note in the milk bottle for Mr. Easter Bunny and tell him to please anchor a few dozen, and for goodness sake paint them "sorta" sand colored. Or perhaps you'd rather hide some eggs Saturday night and get up before the wind does and take a ride toward Stanton. Then comes the thrill! About breakfast time your eggs will come flying over, and all you'll have to do is prop yourself against nothing smaller than a telephone pole and, if your sense of balance is o. k., your easter egg hunting will be "did."

QUESTION OF THE WEEK.

What article do you like most in the High School News? Why do you like this column?
Catherine Jane: "I like the Hit Parade because I think it's a cute idea, but sometimes it does get a little personal."
Fred Gordon: "I like the personal column because it has more information in it than any other column."
Neil Ruth: "I like your Hit Parade because it's something new and different from the columns that you always see in most high school papers."
Geraldine Griffith: "Of course I like the Hit Parade best, too, because it is such an original idea. I think there are other radio programs that could be made in cute personal columns."
Jane Doran: "I think 'It's the Truth' is pretty good. You can live and learn by reading it."

WHAT IF

- Gordon were French instead of English?
- Jane jumps instead of bounds?
- Dell were a two-timer instead of a "Truelove"?
- Wanda were a jumper instead of a Walker?
- Don were a bar-tender instead of a Bishop?
- Jane were a mountain instead of a Hill?
- J. C. were less instead of Moore-
- Harold was a house instead of Barnes?
- Mary were sand instead of Waters?
- Johnny were why instead of Howe?
- David were a gun instead of a Holster?
- Thomas were wrong instead of wright?
- Josephine were a butcher instead of a Barber?

YOUR HIT PARADE.

- By Dot and Dash.
- 1. "Deckings on Parade" — Easter morning.
- 2. "Riding on the Ferris Wheel" — Phylis Richman and Van.
- 3. "An Old Flame Never Dies" — Martin had been seen with Kitty lately.
- 4. "Never in a Million Years" — Could everyone in MHS pass exams.
- 5. "Under your Spell" — Maxine H. and Bob Rodrick.
- 6. "I'm always in the Mood for You" — Tommy to Betty.
- 7. "I've Hitched My Wagon to a Star" — Skippy wants a date with Noble.

Nick Barro Starts Building New Cafe

Nick Barro, owner of Barro's cafe on South Main street, yesterday announced he was starting construction of a new cafe located just south of the West Texas Gas company building. He expects to have the new place open for business early in May.
Barro will continue operation of the cafe on South Main, leaving Mr. Guss and wife in charge.

The increasing size of airplane motors has aided in the development of twin propellers, mounted tandem style eight inches apart and whirling in opposite directions. This method is said to reduce the size of the blade by half.

A hydraulic starter has recently been perfected that will fit on eighteen or more makes of small airplanes. The initial expense is small and maintenance expense is kept down by the standardization of the automotive parts.

Bill Hart and Bill Starr declare that Odessa "sharks" have taken all the girls away.

A man at the carnival said to Alice and Beth, "Hey, lady, bring your daughter in and see the show."

Can you imagine Joyce turning down a date with Harry Sindorf just to go to Odessa.

Gordon Geddes seems to like Betty Caffey also.
Have you seen Jack Nobles lately, he has a new girl.
I guess Dalton has found out he can get along without Edna Earl after all.

James Frank really gets worried when Willien stands him up on Saturday night. You know that old gag she uses, "Oh, I didn't think I had a date with you."

Ball Player at Murder Trial

Shown above in the first photograph taken since he was charged with murder, Vernon Spencer, former New York Giant outfielder, is shown at Sault Ste. Marie, Ont., between sessions of his trial on charges of slaying Miss Helen Grier, Pontiac, Mich., stenographer. The girl was shot to death while she and Spencer were at a hunting camp in the Canadian woods.

A new ship is the Wendt W-1 "Falconer." It is a cabin plane selling for less than \$3000. It uses a 90 horsepower engine and has a top speed of 145 miles an hour.

Bringing the World to Your Doorstep —

When you scanned the front page today, did it occur to you that this paper maintains a corps of veteran newspapermen throughout the world to gather the news you read? The sun never sets on these able reporters. Week in, week out, they are busy on a thousand fronts from Peoria to the Pyramids, from Tokyo to Timbuku. With the same seasoned skill they handle both big news and small. The strategic offices from which they work dot the map in every continent.

Anonymous or unknown to most newspaper readers, these correspondents make up the diversified, far flung staff of The Associated Press. Day and night, on land and sea, north, east, west and south, this vast organization collects the news of the world accurately, swiftly and completely. Because this paper is a member and working partner of The Associated Press, its readers have such a mighty news staff tirelessly at their service.

To Represent Midland at West Texas C-C Convention

M. C. Ulmer

Marion Flynt

Bill Collins

Marvin Park

Four Midland citizens will be official representatives at the West Texas Chamber of Commerce annual convention at Wichita Falls April 25, 26 and 27. They expect to leave here next Sunday. M. C. Ulmer is Midland director in the organization and has a part in all executive proceedings of the organization, as well as being local spokesman in matters brought before the convention for balloting. Marion Flynt, president of the Midland chamber, will attend in official capacity, as will Bill Collins, manager. The local chamber has entered the activities contest, presenting its program of work for 1938 and its record of accomplishments in 1937. Marvin Park, sixteen year old son of Mr. and Mrs. M. A. Park, will be Midland's speaker in the My-Home-Town contest for the second consecutive year.

Cadet Polo Players Expect Stiffest Games Of Season When They Invade Midland Field

ROSWELL, N. M., April 16.—With four polo victories over top flight teams in as many games this spring, the New Mexico Military Institute riders will seek to continue their winning streak at the expense of Texas and Oklahoma opponents.

Probably their stiffest engagement of the year will be at Midland, April 24-25, when they play against a picked team of outstanding southwestern players at Midland Fair field. Although not accustomed to playing as a unit, the Midland team will be composed of four well mounted and highly rated individual stars.

On April 30 and May 1, the cadets will entertain a strong Lubbock team, following which they will make their annual spring invasion of Oklahoma to play Oklahoma University and Oklahoma Military Academy.

The Institute team gained much prestige by making a clean sweep of the recent two game series with the University of Southern California, as the Trojans held a commanding lead in the Western Intercollegiate Polo Conference with victories on the "enemy" fields over both of the other conference members, Stanford University and Arizona University. Previous to the series with the Californians, the Cadets won two games from Arizona University.

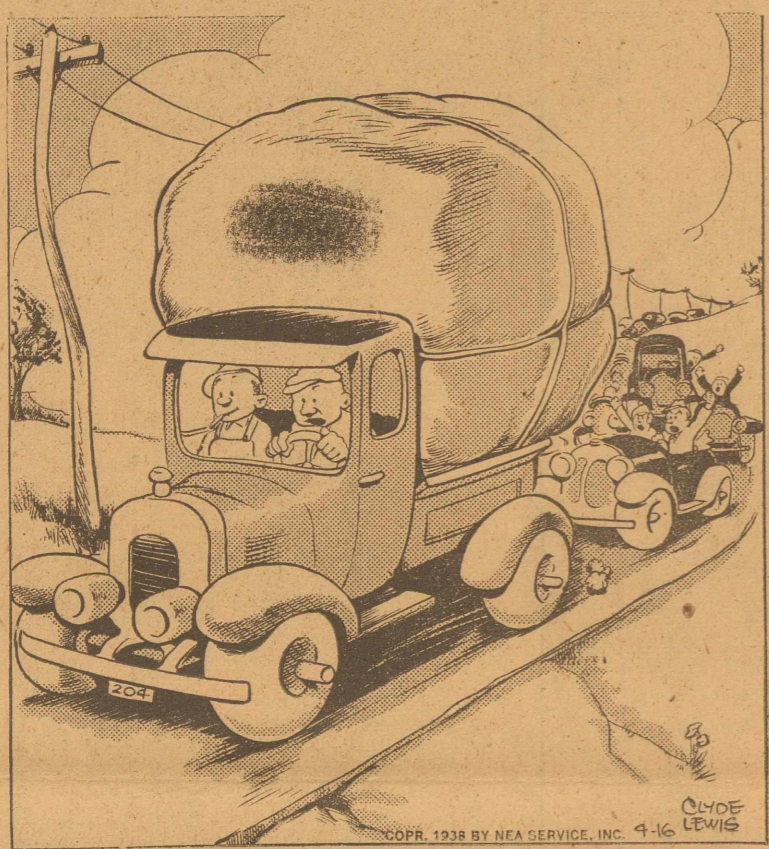

Expenditures of American Class 1 railroads for maintenance of equipment in 1935 totaled \$681,886,872.

Theatre Calendar

YUCCA. Now thru Tuesday—Fredric March, Francisca Gal and Alkin Tamiroff in "The Buccaneer." Wednesday and Thursday—Gloria Stuart and Michael Whalen in "Island in the Sky." KITCHEN PIT-FALLS AVOIDED BY MEAT COOKERY LESSON

Armed with a little knowledge about foods, the young bride can avoid many a disastrous pit-fall in her matrimonial venture, for it is a fact that well-balanced, well-prepared and nicely served meals can do wonders in keeping dispositions amiable, and in making the wheels of the household run. Since meat is so important in making meals enjoyable, a few words to simplify its selection and preparation are given by Inez S.

Willson, home economist. Methods of Cooking Meat. The methods of cooking meat are six in number: Roasting, broiling, braising, stewing and simmering in water. If the young bride has a thorough knowledge of these cooking methods and knows the cuts which are best cooked by each method, meat cookery will be easy. In general, the selection of a method of cooking for the particular cut depends largely upon the tenderness of the cut. Tender cuts of meat are cooked by dry heat as in roasting, while the less tender as in broiling, or panbroiling, while the less tender ones need long cooking in order to make them tender. This means that the latter should be cooked by braising, stewing or cooking in water. For roasting, thick chunky cuts or meat are chosen. For broiling or panbroiling, the steaks and chops are used. Large of small less-tender pieces of meat may be braised, with the larger pieces requiring longer cooking time than the smaller ones. For stews, the meat is cut into small pieces. Large less-tender meat cuts are simmered in water. Cuts for Each Cooking Method. Roasting: Beef ribs and tenderloin; pork loin, shoulder, and fresh ham; lamb leg and shoulder; veal leg and shoulder. Cured ham and shoulder are cooked by this method also, but it is called "baking." Broiling and panbroiling: Porterhouse, sirloin, club, and rib steaks; beef tenderloin; lamb rib, loin and shoulder; chops; cured ham and bacon slices; and ground meat. Braising: Beef rump, round, or chuck, cut thick for pot-roasts or thinner for Swiss steaks, flank steak and beef short ribs; pork chops and steaks; lamb breast and neck; veal chops and steaks. Stewing: Cuts from beef flank, shank, neck, plate and brisket, and shoulder; neck and breast of lamb and veal. Simmering in water: Beef plate, brisket, shank, short ribs and corned beef; lamb shoulder and leg; and cured ham and shoulder. Directions for Cooking. The directions for cooking by each method have been simplified greatly during the last few years. Roasting: Season the meat with salt and pepper. Place it fat side up on a rack in an open roasting pan. Do not add water. Do not cover. Put in a moderately slow oven (300-350 degrees F.) and roast until done. Allow 13 to 20 minutes per pound for rare beef, 22 to 25 minutes per pound for well-done beef. Fresh pork requires 30 to 35 minutes per pound for cooking; allow 25 to 30 minutes per pound for
