

## High Steppin'

Dare-devil acrobats? No, just a pair of swing music addicts who thought a regulation dance floor was much too tame and decided to strut their stuff on a narrow plank 19 stories above a Chicago business street. They are Betty and Ben Fox of Oak Park, Ill., and they performed a giddy "Big Apple" for the benefit of open-mouthed Easter paraders below.

## Three Prisoners to Die Tonight in the Electric Chair

AUSTIN, April 21 (P).—Preparations went forward in the state penitentiary death house at Huntsville today for the fifth triple electrocution in Texas history.

The State Pardon Board unanimously decided against clemency for Johnnie Banks, Brazoria county negro and one of three convicted murderers scheduled to die in the electric chair early Friday.

The board previously had unanimously denied pleas for the lives of John W. Vaughan, convicted of slaying A. A. Edwards, San Antonio motorcycle officer, Jan. 16, 1937, and Selanes Canedo, found guilty of murder of Joseph W. Daly of San Antonio Nov. 26, 1936.

Banks was sentenced to death for murder of Jewel Smith, 13-year-old negro girl, in Brazoria county, Aug. 16, 1936.

Texas substituted electrocution for hanging early in 1924. Five persons paid the extreme penalty the first night the chair was used. On four occasions since, there have been triple electrocutions.

## Declaimers, Band Members Appear in Program at School

Appearing before an appreciative audience at the high school auditorium Wednesday evening, Midland students who will represent the school in future contests presented a program of band music, declaimers, and a one-act play.

The band played three selections to be used in the West Texas band contest. They were "Builders of Youth" overture (O'Neill), "His Honor" march (Fillmore), and "Fraternity" overture (Clarke). The last named is a class A selection, which is played in the schools of New York and Chicago.

Second part of the program consisted of declaimers by five declaimers who will go to the regional meet. A sixth declaimer, Jane Hill, first place winner of junior girls' declamation in high school, was unable to be present because of illness.

Frances Ellen Link, first place winner, junior girl of grammar school presented "Living" by Guest; Allen Wemple, first place winner junior boy of grammar school, "The Man Who Was Good to a Boy" by Guest; Jack Sapington, third place winner, junior boy, high school, "Song of the Pioneers" by Gaddis; Joyce Beauchamp, first place winner, senior girl of high school "A Nation's Soul," anonymous; and Donald Griffin, first place winner, senior boy, high school, "Date Kernels" by La Vander.

The one-act play, "The Crimson Coconut" by Beith which was first place winner in the district tournament, kept the audience in laughter. See (DECLAIMERS) Page 8

## Utilities in Spend-Lend Proposals

### President Anxious To Get Recovery Program Underway

WASHINGTON, April 21 (P).—The Roosevelt administration included loans to public utilities in the new spend-and-lead program Wednesday.

It was not known immediately just which companies would receive loans. However, the disclosure that loans were in the offing created unusual interest because of the long and bitter controversy between the Roosevelt administration and a number of concerns in the utility field.

A White House conference discussed a plan for advances to the power companies by the Reconstruction Finance Corporation to enable them to catch up on many millions of dollars worth of job-spreading construction work left undone during the depression years.

President Roosevelt, endeavoring to get the recovery program started quickly, approved five slum clearance projects involving federal expenditure of \$40,728,825.

The Senate committee on the cause and extent of unemployment reported the state and federal governments had spent \$19,300,000,000 for recovery and relief since 1933.

\$14,200,000,000 of that sum coming from the federal government. It said fully 12,000,000 were out of work and asserted conditions were too uncertain for planning a long-range relief program at this time.

Harry Hopkins, administrator of work relief, urging the House appropriations committee to endorse those portions of the President's \$4,500,000,000 spending and lending program which have yet to be enacted, said the \$1,250,000,000 relief item would enable WPA to keep 2,800,000 persons on the rolls until Feb. 1. This would be 200,000 more than at present.

Officials of the Treasury and Federal Reserve Board met and discussed the question of how rapidly \$1,400,000,000 of potential bank credit resulting from last week's devaluation of gold should be made available for lending to the banks.

Robert Fehner, director of the Civilian Conservation Corps, said an additional \$50,000,000 appropriation, voted by Congress would enable the CCC to maintain 301 camps, previously ordered abandoned, throughout the next year.

Officials of the Treasury and Federal Reserve Board met and discussed the question of how rapidly \$1,400,000,000 of potential bank credit resulting from last week's devaluation of gold should be made available for lending to the banks.

## District Managers Of Ice Companies Will Convene Here

Between 75 and 100 ice company managers and employees from over this section of West Texas will convene here next Wednesday to attend a meeting of the western district of the Southern Ice Manufacturers' association, the session to get underway in the Crystal ballroom of Hotel Scharbauer at three o'clock in the afternoon, according to District Chairman Ben Cole of Big Spring who was here this week to arrange arrangements for the meeting.

The western district extends from Sweetwater to Pecos, ice dealers from Brownfield, Andrews, Lamesa, Stanton, Tahoka, Lubbock, Seagraves, Odessa, Big Spring, Slaton, Post, Roper, Sweetwater, Colorado, San Angelo, Big Lake, McCamey, Iraan, Sanderson, Fort Stockton, Monahans, Wink, Kermit, Snyder, Crane and other towns of this section being expected to attend the session.

Letters will tomorrow and Saturday go out from the Midland chamber of commerce to all ice dealers of this section urging them to attend the convocation. R. L. Miller, director of the chamber of commerce, and Luther Glover, manager of the Southern Ice and Utilities company here, have been appointed by President Marion Flynn to represent the chamber of commerce in making necessary arrangements.

Col. P. A. Weathered, Dallas, executive secretary and counsel of the Southwestern Ice Manufacturers' association, J. E. McGain, Pecos, district secretary, and O. T. Clark, Ft. Worth, past president of the Southwestern association, will head the list of dignitaries scheduled to attend the meeting.

Inasmuch as this is the first district meeting to be held in this important section, a record breaking attendance is expected.

Other officers elected today were Paul Hardwick, Lubbock, vice president, Dick McDuffie, Brownfield, secretary treasurer.

Midland was awarded the next convention.

## An Erect Pershing Faces Cameramen

Shown above in the first picture taken of film since his recent illness, Gen. John J. Pershing looks "every inch a soldier" after his miraculous recovery from a nearly fatal heart attack. On his way to attend the wedding of his son Warren in New York, the 77-year-old commander of the A. E. F. appeared his usual brisk self as, with the old military crispness in his voice, he warned photographers: "Make it snappy, fellows. It's the only one you'll get."

## Cores Showing Saturation Are Pulled From Andrews Wildcat

By FRANK GARDNER.

Interest was focused again today on Walter J. Donnelly No. 1 University, Prospect north of Shafter Lake in Andrews county, as it showed some saturation and porosity in core. After steel-line measurement had corrected 4,550 to 4,548, a core was taken from 5,548-55, and full recovery was obtained. Top one foot was barren, that from 4,549-54 showed fair porosity and oil staining, and the bottom foot, 4,954-55, was fully saturated and had better porosity. Operators resumed drilling, and at eight o'clock this morning had reached 4,596 feet in lime. They will drill until bit wears dull, then will pull out, later to run a drillstem test. Packer will be set on shoulder at 4,350.

Fastest drilling time was found from 4,548-61. Drilling time from 4,538-48 was 220 minutes; from 4,548-55, while coring, was very fast, from 4,555-65 was 73 minutes; 4,565-75 93 minutes; 4,575-85 104 minutes; and from 4,585-95, present depth, 145 minutes. The Donnelly wildcat is located 1,980 feet from the south and east lines of section 16, block 14, University survey, seven miles west of the Means pool.

All but 30 joints of 7-inch pipe had been run in H. C. Wheeler No. 1 P. E. Gardner, Andrews strike five miles east of the Donnelly well, when it was shut down last night. Operators are running only daylight. Pipe will be cemented with light job at 4,450 feet. At its present total depth of 4,631, the well has been bailing from one to two barrels of oil per hour, with some salt water from upper formation, which will be bailed off.

Rainbow showing of oil was found in sand from 4,355-65 in Seaboard No. 1 Thornberry, wildcat west of the Fuhman pool in Andrews. It was drilling at 4,370 in lime at last reports. Farther south, H. S. Forgeron No. 1 Lockhart & Brown is drilling at 3,560 in anhydrite and gyp.

Biggest Payton Well Looms. Largest well to date in the Payton pool of southeast Ward was in prospect as A. E. Lynch No. 1 Johnson, section 8, block 32, H. & T. C. survey, filled with oil and started flowing while drilling at 1,935 feet in sand. At latest reports it was drilling at 1,975, still in pay, and heading oil every 45 minutes.

Lynch No. 1 Henry Cordz, south offset to the British American (formerly Hoss & Downey) No. 1 Cordz, discovery well in the river area of northwest Pecos, is cleaning out preparatory to shooting pay from 2,110 to 2,190. It is in section 81, block 8, H. & G. N. survey.

With last two feet having cored soft, Magnolia No. 1-A McKee, closely watched Ordovician test in the Imperial area of northern Pecos, was coming out with core from 5,640-60 feet at 11 this morning. Results of last core were anticipated favorable, as the well is believed to be near the top of the Ellenburger, lower Ordovician. Its location is in section 24, block 9, H. & G. N. survey.

Water well is being drilled for a new wildcat in northeast Gaines, Riddle & Warr No. 1 Brown, 660 feet out of the northeast corner of section 26, block G, C. & M. R. E. survey.

In the Kirk area, central Gaines, Landreth No. 1 Dalmont is reported to have cemented 7-inch pipe on bottom at 4,555, while Finley & Cherry No. 1 Dalmont, three miles to the northwest, is drilling at 4,395 in lime and anhydrite.

Road is being built and cellar and pits are being dug for Honolulu No. 1-01, Carrie Slaughter, Dean, southeast Cochran wildcat, three miles northwest of the Duggan pool. It was staked 12,204 feet from the east and 440 feet from the north line of league 91, or 440 feet out of the northeast corner of lease, which is the east half of the west half of the league. Spudding date will be around May 1.

Sun No. 2 Lynn, in the Denver pool of Yoakum, flowed 451.36 barrels on 24-hour potential test. It was shot with 375 quarts, bottomed at 5,069. Pay was topped at 4,950. Shell No. 1 Roberts is coring at 5,006 in fully saturated, bleeding lime. Last cores have shown only slight porosity.

He will be escort for the Duchess of San Antonio and will be honored with her at various social events.

## Clint Lackey New Rotary President

### Delegates Named To Conference At Breckenridge

W. Clinton Lackey, district manager of the West Texas Gas Co., today was elected president of Midland Rotary club to take office for one year July 1. Fred J. Middleton, incumbent president, was named vice-president for next year; W. I. Pratt was re-elected secretary-treasurer; additional directors named were George T. Abell, Elliott H. Barron, S. A. Debnam and W. C. Maxwell. According to custom, the new officers are elected early in order that they might attend the district conference.

Lackey and Pratt were elected delegates to the conference to be held at Breckenridge May 8-10, with Middleton named alternate.

Marvin Park, high school student, gave his "My Home Town" speech which he will deliver at the West Texas chamber of commerce convention next week at Wichita Falls. He was introduced by Bill Collins, chamber of commerce manager.

George T. Abell made a brief talk on the finance campaign being conducted this week for the Boy Scouts, and called on Rotarians for continued cooperation in the movement.

Three pupils of Miss Georgia Goss, Misses Edna Schloesser, Helen Jordan and Frances Palmer, gave a tap dance number, the piano accompaniment being played by Miss Frances Gillette.

Visitors today included John G. Beckett and R. H. Robinson of San Angelo, Tom Barnes and Tom Luton of Fort Worth, Lt. Spencer, stationed temporarily at Sloan field, M. R. Hayes of Crane, Newnie Ellis and Bill Pratt, students of A. & M. college, home for a week's holiday.

Visitors today included John G. Beckett and R. H. Robinson of San Angelo, Tom Barnes and Tom Luton of Fort Worth, Lt. Spencer, stationed temporarily at Sloan field, M. R. Hayes of Crane, Newnie Ellis and Bill Pratt, students of A. & M. college, home for a week's holiday.

## Total of \$1505 Is Raised in Finance Campaign of Scouts

A total of \$1505 had been raised at noon today by workers in the Boy Scout sustaining membership drive, George Abell, chairman of the finance committee, said. "Eight teams of busy Midland men are active in this campaign and are taking of their time to give every dollar prospect an opportunity of sharing in the finance program of the Boy Scouts so that we may assure the boys of Midland that scouting will continue to grow and thrive."

"The scout movement has made real progress. Additional funds will enable greater work and increased opportunities for the boys.

"We are certain that Midland citizens will respond. We appreciate the interest that has been demonstrated so far in the campaign and the cooperation of everyone in the attainment of the goal which has been set at \$2500."

Scouting in Midland is under the jurisdiction of the Buffalo Trail Council for the Boy Scouts of America. Two hundred twenty-five boys are active in the Midland district, which is headed by W. C. Brennan as district chairman.

The Midland scouts have as their headquarters the old north ward school. Considerable work is being done here in behalf of the boys. Darrel Wilkey, field executive, is assigned to the Midland district and uses the scout building as his headquarters also.

Plans for the extension of scouting to more boys are being made.

## Investigation of Frome Case Spurred by Finds

### Highway to Peace

Swept from their homes by the inexorable tidal wave of Gen. Franco's Rebel drive to the sea, little groups of the pitiable flotillas of war continue to drift over the jagged snow-covered peaks of the Pyrenees Mountains to find a harbor of safety across the French border. As seen in the photo above, where Catalonian non-combatant men, women and children are shown crossing a frigid mountain creek, they escape with little but their lives and what possessions can be carried.

## Several Entries Received In Womens' Golf Tourny

With an imposing list of prizes on hand and several entries already turned in, sponsors of the Women's Golf tournament here April 29-30-May 1 today expressed confidence the tourney to be held here would be one of the outstanding in West Texas this year.

Prizes have been offered to winners, runners-up and consolation winners in four flights, and additional prizes will be offered if more than four flights are necessary. Prizes will also go to the championship flight consolation runner-up, to the long driving contest winner and to the medalist.

The prize list follows: Medalist—fitted pigskin case. Championship flight—winner, rawhide hat-shoe box. Runner-up—golf bag. Consolation, Lady's Schaeffer pen and pencil set. Consolation runner-up, electric clock.

First flight—winner, airplane leather hat-shoe box. Runner-up—pair of British Walker golf shoes. Consolation—white leather purse.

Second flight—winner, silencer coffee maker. Runner-up—Ciro Reflection perfume. Consolation—silver ice tub.

Third flight—winner, bottle of perfume. Runner-up—white wicker flower stand. Consolation, silk house coat.

Fourth flight—winner, airplane leather overnight bag. Runner-up—linen purse. Consolation—box of hosiery.

Long driving contest winner—six Kro-Flite golf balls.

Persons and firms donating prizes are: Wadley's, Midland Hardware & Furniture Co., West Texas Office Supply, Texas Electric Service Company, Owen's Style Shop, Petroleum Pharmacy, Roettger Jewelry Co., Ladies' Salon, Modern Shop, J. C. Smith Co., J. C. Penney's, Hotel Pharmacy, Wilcox Hardware, Scharbauer Cafe.

Cash donations were received from the following: Hotel Scharbauer, Claude Duffy, Oriental Cleaners, Mrs. Barney Greathouse, West Texas Gas Company, W. B. Simpson, Cactus Cafe, First National Bank, Midland National Bank L. B. Hoss, O. C. Harper, C. V. Lyman, Marion Flynn, Bruce McKague, H. S. Forgeron, Hervey Huemlong, Bob Scruggs, Fred Wemple, Geo. Shelton.

## Suspect Is Held in Roby Jail Today

### Soldiers Discover Woman's Clothing Found Near Kent

EL PASO, April 21 (P).—Arrest of a new suspect and finding possible new clues revived hopes today of officers investigating the slaying of Mrs. Weston Frome and her daughter, Nancy.

Fisher county officers investigated the activities of a Royston, Texas, man arrested for the reported robbery of another Royston man. An automobile similar to one previously mentioned in the Frome investigation was used in the robbery.

Officers also examined a woman's shoe and other clothing found near Kent.

The Royston man, driving a black 1937 Plymouth coach, with white markings on the side, and bearing California license plates. A similar automobile was described by eyewitnesses who saw the suspected Frome murderers driving in the Van Horn vicinity March 30.

Investigation definitely established, said a reliable source, that the Royston man was registered in an El Paso hotel at the same time the Berkeley, Calif., women were there, and that he returned to his home at Royston two days after the murders were committed. The women were brutally beaten and slain March 30 near Van Horn, and their bodies found four days later, April 3.

Officers reportedly found on the suspect's person a .32 calibre pistol, the same type weapon as the one used in the Frome slayings. It was further reported that the gun was sent to Austin for study by ballistic experts who examined bullets found in the heads of the slain women.

## Negro Spirited to Unnamed Jail After Woman Is Assaulted

TEXARKANA, April 21 (P).—Frank Ellis, alias Tommie Wells, 25, negro, charged with criminal assault on a Texarkana white woman, was held in an unnamed jail today after a band of 50 white men sought to locate him last night.

The men formed a motorcade at a shooting range here and visited the county jails at Linden and Jefferson. They made no effort to force entry after they were told the prisoner was not held in either jail.

## Chinese Withstand Heavy Bombardment By Jap Artillery

SHANGHAI, April 21 (P).—China's defenders of Shantung Province stood fast under heavy pounding of Japanese heavy guns today, hoping to force their outnumbered attackers into hand-to-hand combat.

Japan's second central China offensive against the Chinese legions that thwarted the first opened with bombardment of the Linzi sector which continued without pause.

Chinese admitted their situation here was critical but denied Japanese assertions Lini itself had fallen.

Japanese attacking Lini were striving to relieve pressure on the Japanese garrison besieged at Yih-shen, 40 miles to the southwest. Their offensive also was pointed at Suchow, 90 miles to the southwest, main eastern Junction City on the Lunghai railroad which runs through the unconquered heart of Central China.

Japanese were attempting to wipe out the stain of their defeat at Taierchwang, where the earlier Shantung offensive was stalled.

Neutral observers sent word Chinese troop trains were leaving for the front from Chengchow, 300 miles west of the Lunghai, in a continuous stream, their movement screened from Japanese bombers by dense sandstorms.

Chinese admitted their troops had withdrawn from Hanchwang, Grand Canal city at the southwest tip of the triangular Shantung province front. Otherwise, lines in the battle area were virtually the same as yesterday.

## Three-Hostess Benefit Bridge Coffee a Success

Large attendance and pleasing financial returns were reported for the benefit bridge coffee at the Country Club Wednesday morning, for which Mrs. John Butler, Mrs. Geo. Kidd, and Mrs. R. E. Kinsey were hostesses in the interest of the building fund of their church.

Twenty tables were laid for games, each foursome being allowed to choose what it wished to play. Bridge hours were from 9 to 11 o'clock. Three door prizes were awarded, these going to Mmes. E. C. Hitchcock, Guy McMillan, O. C. Harper. Appreciation for the response shown by the public was expressed by Mrs. Butler as spokesman for the hostesses. Approximately 80 women were present.

## Cloverdale Picnic Entertains Variety Store Employees

Employees of Perry Brothers variety store and their husbands and friends were entertained with a weiner roast at Cloverdale Wednesday evening.

Weiners were cooked over a big fire in the barbecue pit and served along with picnic accompaniments as the chief feature of the outing. Conversation and informal fun-making completed the evening's program.

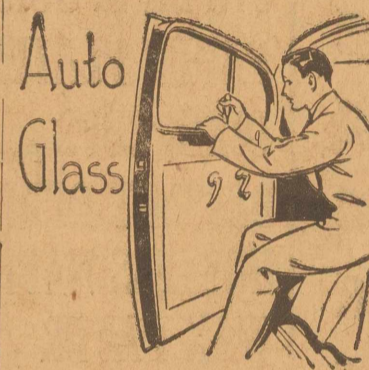

Present were: Mr. and Mrs. C. O. Fredregill and children, Ace Doran, Mr. and Mrs. Homer Summerall, Mr. and Mrs. Cecil Craft, Mrs. Theron Ruple, Misses Mabel Davis, Gra-Lee Smith, Letha Smith, Ruth Tidmore, Martha Tidmore, Fred-dye Lou Barber, Mr. and Mrs. Clint Dunagan, Clyde Pate, Alvin Patterson, Charles Patterson.

## Mrs. Crump Entertains for Midweek Club

Mrs. J. L. Crump was hostess to the Midweek club for an afternoon bridge in the governor's suite at Hotel Scharbauer Wednesday.

Mrs. John House scored high in the three tables of bridge which occupied the afternoon with prize for cut going to Mrs. M. C. Ulmer. Mrs. Elliott Cowden, club member, was present for tea, and Mrs. Taylor was a playing guest.

Other club members present, in addition to the hostess were: Mmes.

Our Christmas tree, as we know it today, came from Germany, being mentioned by German writers as early as 1605, but the actual origin is unknown.

## Fine Arts Club Wins Scrapbook Prize at Pecos

Fine Arts club of Midland won first prize for its scrap-book at the Eighth district convention of Federated clubs which closed a three-day meeting at Pecos Wednesday. Miss Lydie G. Watson, district vice president and chairman of American and Texas music, prepared the winning entry.

A varied program of business meetings, addresses, musical numbers, and entertainment features was provided for the convention which was attended by a number of women from Midland. Praises for the courtesies shown by Pecos people to the visitors were voiced by Miss Watson in reporting on the meetings.

Miss Watson, who appeared on the program as one of the presiding officers, also presented an address on "Trophies Along the Trail" at the au revoir luncheon Wednesday.

Mrs. Roy Parks sang a special number, accompanied by Mrs. Ellis Cowden.

Mrs. W. H. Morelock of Alpine was elected president and Mrs. Cummings of El Paso first vice president of the district.

## Plate File.

A rubber-covered rack, in which plates are stored in an upright position prevents chipped edges and saves storage space. And, since the rack is divided into graduated sections, plates of different sizes are easily selected. Capacity, about twelve plates in each section. A fabric cover, especially shaped to fit over the rack of filed dishes, will keep them clean and free from dust.

Club members entertained their husbands and children with a wener roast at Cloverdale Tuesday evening.

The group will meet Wednesday of next week with Mrs. J. W. Miller, 500 S. Mineola.

**Private Flying Is Discussed at Jr. Wednesday Club**

Private flying as a boon to Americans was discussed by Mrs. Alf Reese at the regular meeting of the Junior Woman's Wednesday club for which Miss Georgia Goss was hostess Wednesday afternoon. The speaker, whose husband formerly owned a private plane and who has herself had several hours in the air, told of taking lessons, discussed the types of planes to buy, and told of the constantly rising average of

privately-owned planes and private flyers.

Mrs. Reese made the interesting prediction that she believed in the future that flying a plane would be cheaper than running a car.

Members present were: Mmes. B. Black, W. M. Blevins, Ralph Geisler, W. M. Holmes, Frank Miller, Reese, Louis Thomas, Jack Wilkinson, Thomas Lee Speed, E. I. Bailey, Misses Margaret Miles, Lucile Thomas, and the hostess.

Warfield.

Pupils of Warfield school have begun work on a combined Mother's Day and health program to be presented May 6.

Miss Sue B. Mann, state supervisor of education for this section, visited the school Friday.

Miss Velma Cranfill of Loraine

**The Town Quack**

Yesterday I passed a car which had a bass horn and a lawn mower in it. If the owner uses the bass horn first, chances are he won't have the wind left to use the lawn mower.

A questionnaire mailed to the chamber of commerce wanted to know why Midland was nick-named the "windy city". What a funny question to ask a chamber of commerce. It's called that because of the chamber of commerce manager.

One thing I like about Midland is that along with being quite a modern little city, it still has some of the attributes of a country town. A Jersey cow calved right across the

O. Dixon, W. C. Moore, J. V. Ogle, E. L. Reagan, J. W. Miller, and the hostess.

street from our office yesterday, during the noon hour. One thing I couldn't figure out, however, was why the owner took the rope off of the cow, put it around the calf's neck and turned the cow loose.

If you are contributing to the Boy Scout fund, you are doing a good job. The finance campaign is under way this week.

Our weather forecast the other day called for rain and cooler weather. Some other section got the rain that day and we got the cooler weather.

Marion Sr. and Roy Sr. were able to be about on the streets today.

The bulletin we had yesterday from Odessa, saying Sheriff Reeder Webb had rushed to Penwell to look over some skeletons, turned out to be a false alarm. Reeder decided the bones had been there at least twenty years. And that, of course, was before he became sheriff. I'll wager that Porter Rankin and Hap Corrigan have dug up skeletons over that way which have been there even longer than twenty years.

**ARE YOU WEAK, NERVOUS?**

Dallas, Texas — Mrs. W. A. Cathey, 2105 Holmes St., says: "I was nervous, tired, weak, didn't sleep well, and had headaches and backache associated with functional disturbances. Dr. Pierce's Favorite Prescription gave me a fine appetite, relieved me of the backache and headache, and I felt much stronger." Buy it at any drug store. See how much calmer and stronger you feel after taking this tonic.

The Netherlands have a population of more than 7,500,000.

**AN \$800,000 ADDITION TO A \$2,500,000 PLANT**

**New Dubbs Unit**

To meet the ever-increasing demand for COSDEN HIGHER OCTANE GASOLINE, and to still further protect the uniformity and quality of its production, the Cosden Petroleum Corporation is now building an addition to its refinery which will practically double its additional output of Higher Octane Gasoline.

This addition includes the installation of an additional Universal Oil Product, Dubbs Cracking Unit, featuring four U. O. P. Upshot cracker furnaces along with the latest design of reaction chamber and fractionating column. The equipment is designed to operate at a high degree of pressure and temperature as is necessary to secure maximum yield of high quality gasoline from crude.

The above is a reproduction of the engineer's sketch of the new Universal Oil Product Dubbs Cracking Unit now under construction which will increase the COSDEN HIGHER OCTANE output by 175,000 gallons per day. The arrow on the photo at the left shows where the new unit is located.

This installation will increase the output of COSDEN HIGHER OCTANE GASOLINE to 350,000 gallons per day and will give the refinery sufficient capacity to completely process into gasoline and fuel oil 14,000 barrels of crude per day, and by manufacturing various grades of Diesel and furnace oils will have the flexibility of 17,000 barrels of crude oil per day.

**Our Creed**

GETTING all the business we can honestly.  
TREATING all the business we get fairly.  
REFUSING to mourn over the business we do not get, or gloating over the business we do get.  
REALIZING that business has its ups and downs.  
BRACING ourselves against mental depression on the "downs" or illogical soarings on the "ups."  
AVOIDING as best we can the road marked "radically radical" and that equally dangerous road marked "conservatively conservative."  
STICKING as best we can to that middle road marked "sane and sensible," with a firm and steadfast belief that if the majority of humans could be induced to travel in the last mentioned highway, there would be no more wars nor rumors of wars and that business depressions could not exist.

**Grand Prize Lager Beer**

TEXAS LARGEST SELLER

NOTED for its EXCELLENCE

**BEAUTY...**

MISSION SAN JOSE at San Antonio

**The Illustration**

San José is properly acclaimed one of the most inspiring and beautiful of ancient edifices, where the art of the Old World mingles with that of the New. It was founded in 1720, but not completed until 1731. Recent restoration gives a good idea of its original magnificence.

Beauty was interwoven with practicality in the building of San José, gem of all the Texas missions... Coffee, too, serves a double purpose. A delightful beverage in itself, it has a mildly stimulating quality that brings relief from fatigue. Admiration Coffee is roasted to just the right degree to preserve the essential oils that give this "lift," and its oven-freshness insures against staleness. Try Admiration today. You cannot buy a finer coffee.

**ADMIRATION COFFEE**

Flood Control Will Be Meeting Object
HOUSTON, (P). — Texas flood control and land surveying will be paramount at the annual spring meeting of the Texas section of the American Society of Civil Engineers here April 29-30.
Lieut. Col. F. S. Besson of Galveston, army engineer, is scheduled to address the 800 engineers on flood control. Other important topics to come before the convention are the Neches river bridge, the Galveston causeway and the huge memorial shaft at San Jacinto battleground.
President J. T. L. McNew, professor of the Texas Agricultural and Mechanical College, will address the engineers' opening day.
The engineers have planned trips to the Galveston causeway, now under construction, the Galveston port and to the San Jacinto shaft, eighteen miles below Houston on the ship channel.

Cavalry Review to Feature Balmorhea Rodeo April 30

BALMORHEA, April 21. — The

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

Madera Valley Rodeo to be held at Balmorhea April 30 and May 1 will be one of the greatest rodeo shows ever held in this part of Texas.

Two big roping events will be held on Saturday afternoon April 30, and on Sunday afternoon, May 1.

In connection with the rodeo events, the First Cavalry Division of the United States Army, now on maneuver duty near Balmorhea, will present a review and horse show.

The review will be given Saturday morning and the horse show Sunday morning. All of this part of the program will be free.

At the horse show, fancy mounts, drills, parades and jumping events will be displayed.

5th Cavalry from Fort Clark will play during every show. Two big dances will be given at a downtown open air pavilion, to be constructed in Balmorhea.

Headquarters of Loyalists Taken In Surprise Move

PERPIGNAN, France, April 21 (P).—Spanish insurgent army today captured the headquarters of the main road between Albaladea and Valencia.

At least 22 civilians were killed at Puigcerda, Pyrenees gateway from France into Catalonia.

HENDAYE, France. (At The Spanish Frontier) April 21 (P).—Generalissimo Francisco Franco's Galician troops in a surprise attack last night captured Albaladea, the government field headquarters for northern Catalonia Province.

Albaladea is only 26 miles north of Castellon de la Plana, the largest coastal city between Valencia and Tarragona.

Insurgent dispatches said two main columns moved south on parallel coastal and inland highways while the Galician troops captured the hamlet of Turig and then moved across the fields to Albaladea.

They fell on Albaladea from the northwest, finding only a small garrison which quickly surrendered or fled into the hills.

Characters were: Robert, waiter at Spaghellis, Fred Gordon Middleton; Nitro Gliserinski, an anarchist; Billy Noble; Madame Gliserinski, his wife; Freda Fae Turner; Mr. Jabstick, an Englishman; Jack Noble; Nancy Jabstick, his daughter; Helen Droppleman; Jack Fincher, of Scotland Yard; Frank Nixon.

Targets of the insurgent offensive were Puigcerda, on the French border in Catalonia, northeastern corner of Spain now severed from gov-

ernment Spain proper, and Castellon, Mediterranean seaport south of Catalonia.

Columns composed of mixed units of Italian and Spanish troops blasted their way toward Castellon, their immediate objective to cut the main road between Albaladea and Valencia. Their eventual goal was to take Castellon.

Against this southern insurgent army, General Jose Miaja, now military dictator of the major part of government Spain, rushed the finest units at his command, drawing them from Madrid, Toledo and southern fronts.

In the far north insurgent troops under General Solchaga, fresh from their easy conquest of the Aran valley, found that their next objective would be the hardest of the Aragon and Catalonian drives.

Government sources estimated 25,000 government militiamen assembled near Seo de Urgel to bar Solchaga's way to the vital mountain gate of Puigcerda 26 miles to the east and north.

SON TO SEARCY'S. Mr. and Mrs. T. N. Searcy, of Houston have announced the birth of a son. The Searcy's formerly lived here.

Spearmen in the sword-fishing industry are being replaced by the Norwegian harpoon gun.
