Dr. Score's Address to Mark Close of School Year

Dr. J. N. R. SCORE

Taking as his subject "Is There a Place for Young People in This Modern World?", Dr. J. N. R. Score, pastor of the First Methodist church of Fort Worth, will address the graduates of Midland school at 8 o'clock this evening, at the high school auditorium, marking the final program of a series of school closing exercises.

Dr. Score arrived at 8:43 o'clock this morning, made a brief talk to high school students at assembly, addressed the Rotary club luncheon at noon and will return to Fort Worth on tonight's train. Recognized as one of the outstanding pastors of his denomination, Dr. Score has been termed "the best speaker in Fort Worth." He is in great demand as an inspirational speaker by young and old, over a great territory. He is world traveler, holds high theological degrees, is active in Fort Worth's civic affairs and in the "Dad's Club" there. He is a golfer, fisherman and all-around sportsman and possesses an exceptional personality.

In a brief talk at high school this morning, he said he would carry out a vow he made 25 years ago, not to "give advice" to the graduates. A devotional and musical program will precede the address by Dr. Score, full details being given elsewhere in this issue of the paper.

Boy Ropers From Midland to Show At Crane Rodeo

Midland's famed quintet of boy calf ropers, who staged one of the outstanding attractions of the Fort Worth Exposition two months ago, will appear in the arena at Crane Friday and Saturday, in a rodeo put on by Jack Young and Oscar Granger. It has been announced here, Clarence Scharbauer Jr., Buster Cole, Roy Parks Jr., Billy Wyche Jr. and Marion Flint Jr. have their ponies ready and will be ready to ride from the chute to rope the Crane rodeo's Brahma calves afternoon and night for the two days. Cole was winner at Fort Worth. Rodeo events, in which cowboys from a wide area will compete, include calf roping, wild cow milking, steer wrestling and bronc riding. Featured events will be Dub Phillips and his scaffold-walking mule, Dick Phillips and his high school horse. A \$90 saddle will be given for the best average in calf roping.

Another Convict Escapes Prison Farm Early Today

HUNTSVILLE, May 26 (AP).—Prison officials today announced Refugio Rubio, 24, serving ten years from Willacy and Hidalgo counties for burglary, had escaped the Blue Rider prison farm. Officials also said they had found no trace of five convicts who escaped Eastham farm yesterday.

100 Bombers Rain Death on Alicante in All-Day Raids

ALICANTE, Spain, May 26 (AP).—Six insurgent bombing planes swooped down upon Alicante Wednesday in a ferocious bombardment which killed at least 250 persons and wounded more than a thousand.

Failing Engines Blamed in Crash

CLEVELAND, Ohio, May 26 (AP).—Two engines, which unaccountably failed eight miles from port, were blamed Wednesday night for the plunge of a luxurious United Air Lines plane into a suburban gully and the fiery death of ten persons.

James Brandon, veteran pilot, was making a left turn apparently trying to lift the falling craft over a clump of trees into a small field as the ship struck Tuesday night, airline officials said. Seven passengers, a copilot and the stewardess died with him in the fire that followed. Coronor Samuel R. Gerber said all the victims apparently died from fire rather than from the crash. As Department of Commerce investigators sought causes for the plunge air-line officials completed a preliminary inquiry and blamed failing engines. The plane was bound from Newark to Chicago. W. A. Patterson, president, said evidence indicated quite conclusively that neither of the two engines was in operation at the moment of impact.

Poet's Son Held as Plane Runs Wild

Capt. Ugo V. D'Annunzio, 49-year-old aviator son of the late Italian poet, Gabriele D'Annunzio, is pictured in center foreground above, as he was arrested at the Severson Airport, Farmingdale, L. I., after his grounded plane got away from him, wrecked an automobile and seriously injured the woman occupant. The Italian World War ace, held in \$500 bail for third-degree assault, will face a Department of Commerce inspector's charge that he had no license to operate an airplane.

Newest Gainses Strike Shut in for Storage

By FRANK GARDNER. Gaines county's newest strike, J. L. Frick and Osage Drilling Company No. 1 Atlantic Refining Company-T. S. Riley, was shut in for storage this morning after flowing an estimated 150 to 200 barrels of oil into pits in 24 hours. Oil was 30.8 gravity, slightly lower than that in the Seminole pool four miles to the southeast, to which the No. 1 Riley appears to be an extension. Gas volume was estimated at between one-quarter and one-half million cubic feet daily.

Two 500-barrel storage tanks are being erected today, and a potential gangue will probably be taken tomorrow. Operators say that they will not re-acidize the well. It has had only one acid treatment—with 1,500 gallons—which materially bettered natural production. Total depth is 5,098 feet in lime, and pay was topped at 5,068.

McKee Bailing

Having bailed down 4,900 feet, Magnolia No. 1-A McKee lost some hole early today and shortly before noon was bailing mud 4,550 feet from top. A scum of oil and froth of gas was showing up on mud, and some believed that gas pressure might have caused the column of fluid to rise. The well is bottomed at 6,165 feet in Ellenburger, lower Ordovician, formation, which it topped at 6,109. No shows of any consequence have yet been encountered in the Ellenburger.

South Andrews Wildcat

Ray R. Rhodes, J. D. Tompkins and No. 1 Emma Cowden, southern Andrews wildcat, this morning was drilling below 2,830 feet in any-dryite. Yates top, picked by some at 2,620, has also been called at lower points, ranging as deep as 2,730. However, the test is running well higher than Sinclair-Prarie No. 2, Emma Cowden, small pumper over a mile to the southwest.

Atlantic No. 1 Texaco-University

southwest Andrews test, is drilling below 3,850 feet in anhydrite and lime. Brown lime top had not been called. Humble No. 43 J. S. Means, in the Means pool of Andrews, pumped 720.26 barrels a day for completion at 4,520 feet. It topped pay at 4,500 feet and was acidized with 6,000 gallons. Helmerich & Payne, Inc. No. 1 Westheimer & Daube, western Cochran Wildcat had shown nothing as it drilled to 5,087 feet in lime.

Rebel Port Destroyed by Mexico Aces

Officials Charge American Fliers In Cedillo Planes

MEXICO CITY, May 26 (AP).—The government said today its planes had destroyed the Cedillista rebel airport a few hours after war minister Comancho had declared rebel planes, some of them flown by United States pilots, had bombed several towns occupied by federals. The government press bureau said the planes raided the rebel airport near Elruco yesterday.

Dispatches from San Luis Potosi said War Minister Avila Camacho announced three alleged Cedillista pilots arrested at Nuevo Laredo, Tamaulipas, on Monday would be court-martialed on charges of rebellion. The trio was picked up at the international bridge in Nuevo Laredo, and the government charged they were en route to the United States to fly back planes to Cedillo.

Production of Character that Endures Is Urged

"Men ought to be interested in the production of character that will endure," said Dr. J. N. R. Score, pastor of the First Methodist church of Fort Worth, summing up an address to the Midland Rotary group and a large number of visitors today. Contrasting the freedom enjoyed by American citizens with the censored, guarded and instructed manner of living of citizens of certain foreign countries, the speaker urged citizens not to lose sight of the things that make a stable civilization, emphasizing the home, the schools and the churches.

"There is no resource comparable to human character," he said, deploring that men, women, boys and girls, and the privileges of home life, are great assets. Schools and churches need men as they never needed them before, he pointed out, to produce human character that will save or lose the human race. Without character, business, family life, the home and friendships cannot exist.

"The only investments that are permanent are spiritual investments," he said, urging men to pay more attention to the home, the schools and the churches. Himself a Rotarian, Dr. Score declared that Rotary, or any other free institution cannot exist under dictatorships. He told of spending several weeks in certain foreign countries, of the censored press, of the ordered and instructed manner of living, of the lack of supervision by parents of their own children who are ruled by the youth organizations.

He warned against the invasion through propaganda of such policies and doctrines in America, even in Texas. Dr. Score, in Midland to deliver the literary address to high school graduates this evening, was introduced to the club by Fred Wemple. The visiting speaker had appeared on the Rotary conference program in charge of Wemple who was district governor in 1936-37.

Martin Agent to Help in Contest

Mrs. Elsie Gilkerson, Martin county home demonstration agent, will assist the 4-H club girls when they judge their own clothing exhibit to be held Saturday at the courthouse. The judging will begin at ten o'clock in the morning and announcements of winners in each division will be made after a basket lunch at the noon hour. The winners will receive various prizes contributed by local merchants. (The articles with names of contributors will be announced in Sunday's issue of The Reporter-Telegram.) Mr. and Mrs. Ray Gwyn and her sister, Miss Ferrol Picke, have returned from a trip in several states, making stops at Wheeler, Tex., Hinton, Okla., Braymer, Mo., Kansas City, Fayetteville, Ark., and Stephenville, Texas. Gwyn said they encountered copious rains at all points visited.

Big Guns In Battle Over Nazism

Rep. Samuel L. Dickstein, arch-foe of Nazis, is pictured at right, above, as he blasted "spies trying to undermine our government" at the national convention of the Non-Sectarian Anti-Nazi League in New York. In answer to his verbal machine-gunning, U. S. Nazis erected the tin can "Big Bertha," with its jeering placard, pictured at left. It was a feature of the opening of Camp Siegfried, Yaphank, L. I., where members of the German-American Bund gathered 7000 strong.

Driver of Death Car Freed Under Bond at Barstow

PECOS, May 26.—Melvin Moore, 21, of O'Donnell, was released under \$1,500 bond after preliminary hearing at Barstow Wednesday on charges of driving while intoxicated and negligent homicide. The case will be investigated by the grand jury June 2.

Moore was charged in connection with an automobile collision five miles east of Barstow Monday night in which Novice Louise Everett, 23, and J. C. Jackson, 19, both of Madill, Okla., were killed and three other Oklahomans were injured.

Woman Treated After Cars Collide Here

Mrs. Betty Pingelton, Ada, Okla., was given emergency treatment in a local hospital this afternoon after the car in which she was riding, en route to Odessa, collided with one reported to have been driven by a negro woman in East Midland. A man riding with Mrs. Pingelton escaped uninjured. The injuries of the injured woman were not considered serious. None of the others involved was hurt.

British and French Offer Suggestions

Ministers Confer With President in Praha Late Today

PRAHA, Czechoslovakia, May 26 (AP).—The Czechoslovakian government today studied new French and British suggestions designed to terminate the crisis arising from demands of the Sudeten German minority and Adolf Hitler's "protectorate" over them. Ministers to Paris and London came here to confer with President Benes and Foreign Minister Krofta. It was understood both brought renewed assurances of Anglo-French support but with emphasis on the necessity of making concessions to the Sudeten.

In London, it was reported England had sounded out Germany and Czechoslovakia on a plan to send British observers to the troubled borders as a means of lessening the tension. In Berlin, Germany regarded the situation on her Czechoslovak frontier as having taken a turn for the worse because of repeated border violations by Czechoslovak military planes.

The feeling here was that Czechoslovakians were playing a dangerous game. Apologies, it was feared, would not remove causes of tension which, Berlin's Tegenblatt warned, might be brought to explosion point at any moment by the reckless act of some Czechoslovak soldier. Dr. Ernest Eisenlohr, German minister to Praha, protested to the Czechoslovak foreign minister, Kamil Krafta, and was assured efforts would be made to prevent recurrence of border violations.

A sixth incident in which Czechoslovak army planes flew over German territory within the past 24 hours was believed to have occurred after publication of a Deutsches Nachrichtenbuero (D. N. B.), official German news agency, report of five border violations. None of the Czechoslovak flights seems to have been of long duration, however, nor were there any reports of shots fired.

Appreciation for Local Motorcade Voiced by McCamey

Expressions of thanks and appreciation to Midland for sending a motorcade to the Rattlesnake Derby in McCamey last week were received by Bill Collyns, chamber of commerce manager, and all members of the motorcade in letters from C. G. Forester, secretary of McCamey chamber of commerce, and from Mayor G. W. Ramer and his wife.

Collyns presented Mrs. Ramer with a bouquet of flowers, the gift of Fred Fromhold, Midland florist. Following are the letters received by Midland citizens: "We want to express our appreciation for the very delightful experience of your visit to our annual Rattlesnake Derby and Birthday Celebration May 30-31. We hope you had a good time while in McCamey. We know that we enjoyed the pleasant association with every one of you."

"We need not tell that Midland made the best showing of any group of the many enthusiastic boosters from neighboring towns. We are confident that the contacts you made with our people will prove fruitful of better trades relations between Midland and McCamey, and we are willing to do everything possible to make it so."

"Our conviction is that you have the livest, most capable leaders in West Texas. The unselfish leadership and service of Bill Collyns did more toward bringing a crowd to our celebration than any other."

"When the date for your big show comes this fall, look for McCamey. We will be there. Meantime, come again to see us. Mayor George Ramer and Mrs. Ramer are still strutting over the flowers you gave them."

"C. G. Forester." "A beautiful sentiment expressed in a basket of beautiful flowers. That was Midland's expression to McCamey at our celebration. "To you and Midland from McCamey and ourselves we extend our gratitude and our thanks. The flowers have been much enjoyed by all, especially at the closing school exercises."

"If only the nations of Europe would emulate your fine spirit. Yes, may all the world adopt it, is our wish to you. "Mayor G. W. Ramer "Mrs. G. W. Ramer." BACK FROM MARLIN. Mr. and Mrs. B. H. Blakeney returned last night from a three weeks stay in Marlin and Fort Worth.

Getting in on "Pump Priming" Funds.

Indifference of Midland citizens to the securing of government funds which are allotted for various relief and conservation measures will not profit the local taxpayers. When so many dollars are allotted, that many dollars will be spent. The towns, counties or individuals going after such funds the hardest will receive the major part of the expenditures and the taxpayers in general will be faced with paying back the cost.

Opportunity for WPA funds in street paving, sidewalk construction and other municipal projects should not be allowed to slip through the local fingers. Such allotments are being made rapidly over the state and the Texas total naturally will have a limit. Sooner or later the pump will be tied off.

Likewise, the projects being inaugurated in soil conservation work will benefit cattle and sheep ranges all over the west, and farms which are terraced will have lasting benefit. Such work is being done all over the country without cost to the land owner. Midland farmers and ranchmen should get their share, because they will be counted in when the paying back comes.

Our society editor predicts that the new home demonstration agent will get along, being red-headed. I'm inclined to believe she's correct. If you don't know our society editor, she's red-headed too.

A man well known here was looking for his brother the other day. Not finding him right away, and noticing that his car had left its parking space, he went about saying: "Calling all blondes, calling all blondes." He found him a few minutes later.

Don Adams, the six year old tourist whose trip to Denver to see his grandmother was halted at Plainview, never did admit that he didn't want to make the trip. He talked

like he would be ready to start again any time. People along the road gave him money, food and a good time.

There are still plenty of rabid baseball fans, but a writer in a nationally read magazine thinks we are kidding ourselves when we call it the Great American Game. He points out that out of the millions of people living in New York, championship baseball can't get an average of more than 17,000 spectators.

No doubt, football has been the Great American Sport for several years. But there has to be something played in warm weather, and I guess baseball is the best every day bet.

This is the day when I wish I were a school boy. I can't remember a happier day each year, when I was a kid, than the last day of school.

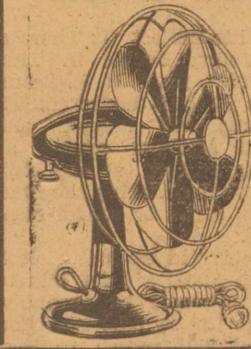

A house at Pasan, Ark., was built around a tree stump. The stump now serves as both table and kitchen cabinet, compartments having been hewn out of it.

Constipated? You Should Get at the Cause!

Lots of people think they can't be "regular" without frequent trips to the medicine chest. "I just dose up and get it over," they tell you. But doctors know they don't "get it over" at all—until they get at the cause of the trouble! Chances are it's simple to find the cause if you eat only what most people do—meat, bread, potatoes. It's likely you don't get enough "bulk." And "bulk" doesn't mean a lot of food. It's a kind of food that isn't consumed in the body, but leaves a soft "bulky" mass in the intestines and helps a bowel movement. If that fits you, your ticket is a crunchy breakfast cereal—Kellogg's All-Bran. It contains the "bulk" you need plus the great intestinal tonic, vitamin B. Eat All-Bran every day, drink plenty of water, and just watch the old world grow brighter! Made by Kellogg in Battle Creek.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief
Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. Most people pass about 3 pints a day or about 3 pounds of waste. Frequent or acrid passages with smarting and burning shows there may be something wrong with your kidneys or bladder. An excess of acids or poisons in your blood, when due to functional kidney disorders, may be the cause of nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Dr. and Mrs. Ryan Are Hosts at Dinner Party for Teachers

Entertaining for the faculty of North and South ward schools, Dr. and Mrs. W. E. Ryan were hosts to a dinner party at the home, 909 W. Storey, Wednesday afternoon.

Supt. W. W. Lackey was a special guest, as was Mrs. W. W. Stewart. Foursome tables were laid for the dinner which was served in buffet style. The service table was centered with a crystal bowl of pinkish-orchid wild flowers and appointed with crystal and china.

Guests spent the evening informally, inspecting the new and modern home of the Ryans, taking part in group conversations, and engaging in archery at the court in the yard.

Faculty members of the schools named are: North Ward, Mrs. Alma Thomas, Misses Brown White, Louise Rippey, Geraldine Dabney, Leta Legg, Hove Jenkins, Elaine Meaders, Ruth Anderson, Mary Wilson, Modine Hagler, Jean Farnham, Mrs. W. M. Conner; South Ward, Mrs. Iris N. Bounds, Misses Christine Golladay, Frances Gillett, Pauline McMurray, Nell Blackstock, Flo Marie Roberson, Mrs. Golden Donovan.

her home, 404 W. Ohio, Wednesday afternoon.

Playing guests were Mrs. J. B. Lacy, Mrs. D. W. Van Dyke, and Mrs. J. W. Pate.

High score prize in the afternoon's games went to Mrs. D. W. McCormick, second high to Mrs. R. L. Bailey, travel prize to Mrs. W. D. Dobson, and guest high to Mrs. Lacy.

A refreshment course was served at tea time to: Meses. Bailey, A. D. Hale, Lacy, McCormick, W. D. Dobson, Joe Dobson, Van Dyke, Pate, and the hostess.

The club will meet next Wednesday afternoon with Mrs. Hale at 103 E. Ohio.

CHARLES FISHER DIES.
LIBERTY, May 26 (AP).—Charles Fisher, 63, landowner and philanthropist, died here today of a heart disease. He was an outstanding Methodist layman and also prominent in democratic political circles.

CHIEF NELSON IS PROBABLE HURLER FOR THE HOME CLUB

After being rained out in their final game with the Big Spring Barons yesterday afternoon, the Midland Cardinals return home for a game with the Howard county boys tonight and tomorrow night.

Manager Withers will probably start "Chief" Franklin, the Indian that shut out the Hobbs club here last Saturday night, on the mound tonight when the game is started at 8:30. The Cardinals have lost their last four games and it will be up to Franklin to stop the slide downward. Every other hurler on the list has been more or less promiscuously shelled since the team departed Saturday morning.

The Cardinals, just when they need to be in top shape, are in pretty sorry playing condition. Sutar is suffering a shoulder injury that has caused his batting average

to slip downward like a barometer when a storm is brewing. Ballinger is going through the motions with a sore arm and bad leg and several

Really Ate His Hat

COMMANDER TOMMY WOODROFFE, British sports commentator, said he would eat his hat if either team scored in a football game. One team scored, so he made good his promise—but with a hat made of confectioners' sugar.

A LOT OF FISH

Harry Sedgewick, Toronto, Canada, sportsman, went afishin' in the Panuco river, near Tampico, Mexico, and this is what he landed. A world record, no less. The huge tarpon mounted alongside the smiling angler weighed 247 pounds and measured 7 feet 5 1/2 inches, beating the old mark by approximately five pounds.

Symbolizing Plight of 12,000 in Flint

Evicted from their home by deputy sheriffs and moved by welfare officials temporarily to a school building, Mrs. Elzy Brown and her 10 children, ranging in age from 10 months to 14 years, symbolize graphically in this picture the desperate relief situation in Flint, Mich., in the heart of the auto industry. Relief authorities, facing increasing unemployment in the auto industry, believe 12,000 families should be moved from the area permanently since Flint business cannot longer absorb them. Surveys showed that wage earners of these 12,000 families have not resided in Flint long enough to acquire seniority to insure employment. General Motors Corporation meanwhile announced it hoped "to resume operations in Flint as rapidly as conditions warrant."

HO HUM!

It doesn't look as though Henry Armstrong would know it even if he did get a bite. The featherweight champ seems at peace with everything and everybody as he does a little fishin' at his Pompton Lakes, N. J., training camp. Henry probably won't be so peaceful when he climbs into the ring with Barney Ross May 26.

Beet Field Vigilantes Organize

With right arms held high, vigilantes of the Michigan beet fields are pictured above as they took a secret oath to serve in the "regiment of rough riders" who will drive "radical labor agitators" out of Lenawee county. Made up of 16 motorized companies of at least 25 men each, the regiment was formed in answer to threats of the Agricultural Workers' Union, an A. F. of L. affiliate, to call a strike in the beet fields. The sugar beet industry is the most important in the southern Michigan county.

Shares in Profits

M. WEIDER, neckwear worker . . . He's working for himself now after he and 150 other unemployed neckwear workers put up \$10 each, went into business for themselves, and will split the profits.

Gangster's 'Wife'

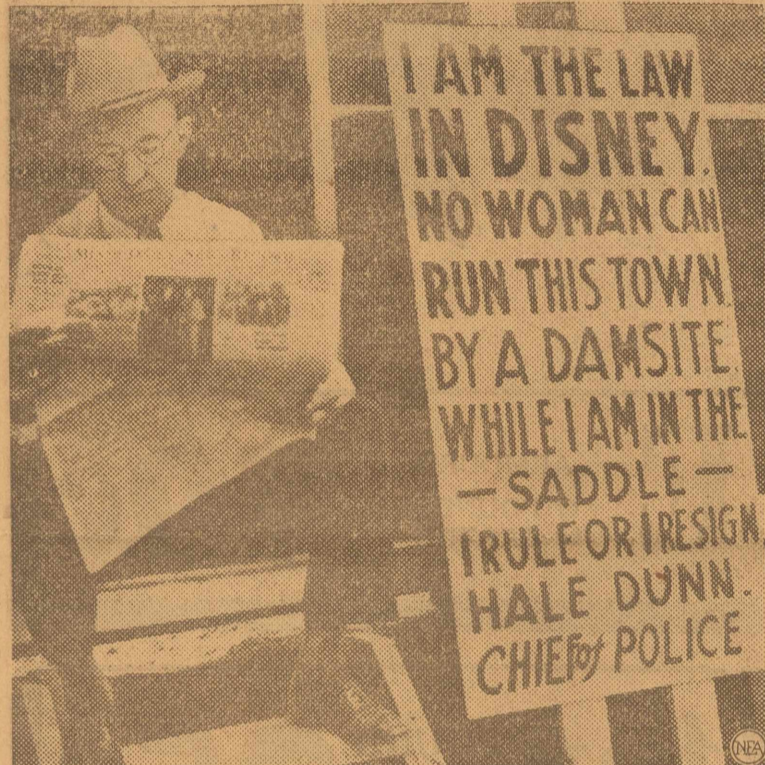

MRS. JEWELL GRAYSON, alias Grace Goldstein. . . She was arrested by G-men in Los Angeles with 32 other persons suspected of having been connected with the notorious Karpis-Barker gang; said she lived with Alvin Karpis as his wife until he was sent to prison for life.

Prober-in-Chief

SENATOR VIC DONAHEY of Ohio. . . He wears a quizzical expression while presiding at a meeting of the joint congressional committee which agreed to start almost immediately its investigation of the Tennessee Valley Authority.

Clamps the Lid on Diz zy Disney

Just when the Grand river dam boom town, Disney, Okla., was starting out under a 30-day "whoopie" government, Deputy Sheriff Hale Dunn jumped into the saddle and called, "Halt!" The officer, also chief of police, is shown above seated on his office steps beside the poster containing his ultimatum. Disney had attracted national publicity with its circus-like trial between "fancy free" and "blue law" administrations, but when Deputy Dunn cracked the ringmaster's whip, Miss Billy Baker, mayor of the rootin' tootin' era, handed back the gold key to the city. Dunn is the fellow who caught Ralph Roe, recently escaped Alcatraz convict, and has played a prominent part in manhunts for such southwestern desperadoes as "Machine Gun" Kelly, "Pretty Boy" Floyd, Clyde Barrow, and Raymond Hamilton. That's why Disney would rather settle down than allow him to resign.

Man Sees With Borrowed Eye

Blind since childhood, Richard L. Willis of Nashville, Tenn., now looks forward to the day when he will be able to see, after receiving a corneal transplant in his left eye in an operation at Memphis. Willis, 52, exclaimed, "My goodness, what a bright light!" when doctors flashed a light in front of his face two weeks after the operation. Doctors are hopeful that the sight of the one eye will be nearly normal. Willis is shown above with his nurse; the inset shows the donor of the cornea, Mrs. J. B. McGuffin, one of whose eyes was removed in order that doctors might check the growth of a tumor.

Wedding Bells Tempt Heiress

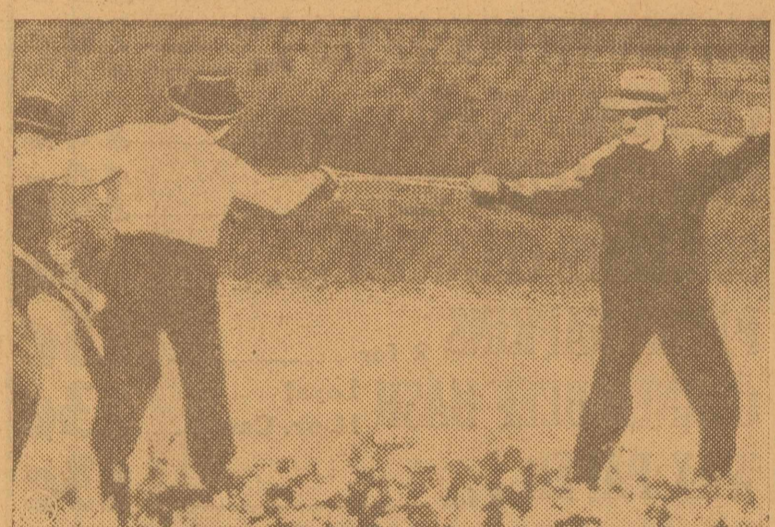

Contemplating marriage, though her engagement to Jimmy Johnson, Elizabeth, N. J., gentleman horseman, has not been officially announced, is Miss Frances Dodge, 22-year-old daughter of the late John F. Dodge. Her father and his brother, Horace, founded the Dodge Motor Company and built a fortune of which Frances inherited \$40,000,000. Miss Dodge, pictured above as she piloted a sulky in a society horse show, is the sister of Mrs. Isabelle Dodge Sloan, race horse owner.

Starting Again

PAULETTE GODDARD, film actress . . . She's getting her hair fixed up pretty for a role in the new movie, "The Young in Heart," after breaking away from the management of Charlie Chaplin, who gave her her first movie job.

Frenchmen Hold 'Affaire d'Honneur'

Rushed rehearsals of a new French drama resulted in the bit of sword-play pictured in the above radiophoto from Paris. Dramatist Henri Bernstein, right, thought Edouard Bourdet, left, director of the Comedie Francaise, had treated his play "Judith" unfairly. So he challenged Bourdet to a duel and managed to wound him. Nursing a bandaged right arm, Bourdet complained that wet grounds robbed him of victory. He refused reconciliation and said he wanted a chance for revenge.

As Worst Snowstorm in 59 Years Buried Montana

Snow falling almost continuously for more than 80 hours within a 50-mile radius of Butte, Mont., blanketed the city and environs 18 inches to 3 feet in depth, as pictured above. Communications were crippled and early crops were damaged. Motorists who were able to move at all dug out cars piled high with snow. It was the worst spring storm in 59 years in Montana.

Cake and Candles Make Fourth Birthday Happy for the Quints

FOURTH BIRTHDAY
Five little girls with four big candles and one cake big enough for all—that's the Dionne quintuplets as they celebrate their fourth birthday at their home in Callander, Ont. Emilie, at the extreme left, has her finger poised to pull off a piece of that delicious white frosting. Marie and Annette, next in line, seem to be considering exactly the same idea, but Yvonne, second from the right, apparently hasn't waited for her sisters before getting a taste of the cake. Cecile, at right, is caught in the act. But, after all, what's the use of having a birthday party if you can't nibble on the cake?

500-Mile Race Field Is Faster by Five or Six Miles

BY HARRY GRAYSON, Sports Editor, NEA Service.

INDIANAPOLIS. — The fastest and smartest field in the famous event's history will get away in the 500-mile race over the burning bricks of the Indianapolis Motor Speedway, May 30.

Everything and everybody keep getting speedier and speedier, with the exception of baseball players and fighters. The wrestlers, too, have slowed down, but that is because showmanship has wiped out the ancient art of bending bones.

This is the 26th annual trip on the Indiana strip, and there is every assurance that last year's record average of 113.58 miles per hour will be broken. Wilbur Shaw set this mark in the toughest dog fight ever witnessed in a Decoration Day number. And he was only two seconds ahead of Ralph Hepburn and only 20 seconds in front of Ted Horn. The first four finishers of 1937 broke the previous track record of 109 miles per hour.

Thirty-three sleek racing cars of a new vintage, occasioned by international rules, will put on a show that has prospects of surpassing all others in speed and thrills.

The Watch Doesn't Lie

Qualifying times indicate that the field is faster by five or six miles than it was a year ago, and Shaw makes a bid to win in the same outfit that brought him victory last May. Shaw anticipates that he will have to average better than 116 miles an hour to get the checkered flag as against 113.58 in 1937.

The favorites: Wild Bill Cummings, the hometown boy who won in 1934. Shaw, another hometown boy who scored last trip.

Lou Meyer, veteran youngster, who is the only three-time winner at Indianapolis. He cashed in in 1928, '33, and '36, and is here again with a spanking new creation of his own.

Rex Mays, three-time Pacific coast champion and the first American to finish as well as third in the newer edition of the Vanderbilt Cup Race on Long Island. He wound up in third place last summer, but that's an entirely different dodge. Ted Horn, second finisher here in 1936 and third a year ago.

Like a Boot in the Pants

Two cars are entered which have motors in the rear. This is an innovation in American speed racing. A dozen jobs will use superchargers allowed under the new international formula. Riding mechanics go by the boards on this excursion. Most of the cars are single seaters. This is optional, but none will carry mechanics.

The gas restriction has been thrown to the winds. Drivers may use as much as they want and any type of fuel.

Tazio Nuvolari, the Italian European champion who entered, was unable to get his machine ready, but is en route here. He will be the official starter.

The ticket sale has been consistently ahead of last year. Indications are for a record crowd.

It's Churchill Downs for the Derby, Baltimore for the Preakness, and Indianapolis for the 500-mile race. What more do you want? And what do you mean, 'Recession'?

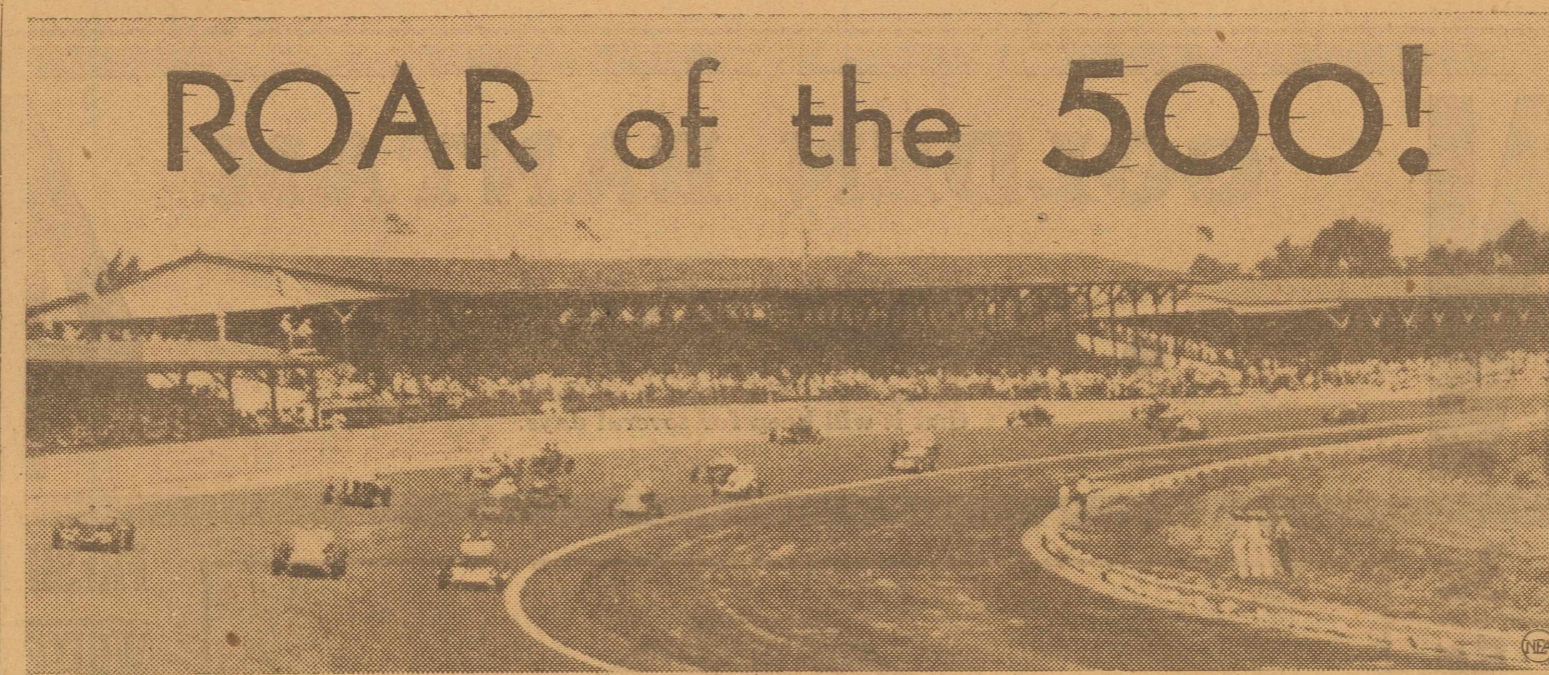

Interesting Data Given on Growth of Texas Schools

Every intelligent citizen is interested in the schools of his community, state, and nation. But how many have an adequate idea of the real statistics concerning these vital institutions?

Below is presented a "thumb-nail sketch" of the public school system of Texas during the school year of 1936-37.

How many of the facts are surprising to you and the man next door?

Tarpon Rodeo to Be Held August 24-28

HOLD ISABEL (P).—The fifth annual Rio Grande valley tarpon rodeo will be held Aug. 24-28, inclusive, and promoters expect a more intensive quest for big game fish, especially sailfish and marlin, than last year.

Many Texas anglers have indicated they would be present and big game fishermen from other states are expected. No sailfish have been caught in coast waters this season, mainly because of unfavorable weather. Pioneering for sailfish last year was done almost entirely by R. J. Montgomery of Rio Hondo, twice winner of the rodeo. He caught a blue marlin weighing 324 pounds, the only one known to have been taken on the Texas coast.

Visitor Lost in Big City of Klamath Falls, Ore.

KLAMATH FALLS, Ore. (U.P.)—Odd things happened when a person visits the "big city." A man came up to Klamath Falls from Keno to spend the night. The next day he appealed to the police to find the hotel where he had stopped, as both his false teeth and \$41 were missing.

Police were unable to find the hotel, but in the small hours of the following morning, the visitor informed the police he had found the hotel again, with his \$41 still tucked under the pillow and the false teeth in a glass by the bed.
