

City Paving Project Is Given Approval

Old Foes Fly to Honor Comrades

Flying high over the bloody fields of Gettysburg, where 75 years ago their comrades-in-arms clashed in the greatest battle of the Civil War, the two onetime enemies pictured above united to honor their slain companions. Union Private William H. Jackson, 95, at left, and Confederate Major Robert E. Wilson, 92, shown at right, flew in an airliner from Washington to drop wreaths of poppies over the Gettysburg battlefield.

Storms Leave Five Dead in Texas, Okla.

Property Damage In Two States Is Declared Heavy

By Associated Press.
Tornado winds, lightning and hail, raking widely separated portions of Texas and Oklahoma, Saturday left five persons dead and heavy crop and property damage.
Two men were killed and another injured seriously when lightning ignited and exploded an oil tank at Boling, near the gulf coast.
Tornadoes centered their fury in the Wichita Falls area where at least ten persons were injured, one seriously. Many derricks in the KMA field were blown down.
A windstorm struck Sweetwater, ripping the doors off the municipal airplane hangar, partly wrecking seven planes. Store windows were blown out and power lines downed.
Little property or crop damage was reported elsewhere in the area, although high winds accompanied the heavy rains at most points.
A tornadoic gust swooped down near the Abilene municipal airport, wrecking a sheet-iron metal garage at an apartment house across the highway from the landing field and disrupting power and communication service.
According to Dutch Schlegle, American Airlines station manager and a resident of the apartment, said the wind lifted the garage from over an automobile, carried it upward and settled it on a telephone pole. The force of the wind and weight of the garage broke the pole, he said. The car was not damaged.

Film Stars See Actor's Son Wed

Radiantly happy after being married in the presence of many movie luminaries, Rodion Rathbone, 22-year-old son of film star Basil Rathbone, is pictured above with his youthful bride, Caroline Fisher. Mary Pickford, Buddy Rogers, Dolores Del Rio, Jeanette MacDonald and Myrna Loy were among guests at the wedding, held at the Rathbone home. The bride also acts in pictures, under the name of Caroline Blake.

'Humorist of Southwest' Will Be Speaker Here

Midland, Odessa Rotarians Will Hear R. Jackson

"Prof" Robert E. Jackson, who will be the principal speaker at Ladies Night of the Rotary clubs of Odessa and Midland June 10, is known throughout this part of the state as the "Humorist of the Southwest." He has chosen "The Importance of Living" as his subject. He is called one of the most entertaining speakers in the state.
Born on a farm in Hood County, "Prof" received his early education in Texas, took his B. S. degree at George Peabody College for Teachers, and his master's degree at Chicago, Columbia and New York universities. For the past eighteen years he has been professor in the Department of Government at Texas State College for Women.
A prominent member of the Rotary club of Denton, "Prof" Jackson is also a member of the chamber of commerce and of the Masonic Lodge.
The affair here Friday night is the annual party held by the Midland and Odessa Rotarians honoring their wives. All will meet at Cloverdale at 7:30 and an old-time West Texas barbecue will be served.
Members of the arrangements committee of the local chapter of Rotary announced yesterday all plans had been completed to take care of a record breaking crowd.

R. E. JACKSON

Officials are Assured of Aid by WPA

Construction to Be Started Within Next Two Weeks

City officials have received approval of a city-wide paving project from the Works Progress Administration and actual construction is to begin within the next 15 days. This work consists of building curb and gutter, grading, laying a base course of stabilized asphalt, stabilized soil, and pre-mix asphaltic concrete wearing surface.
The city has recently purchased additional equipment and is now prepared to carry on an extensive paving program without unusual delays, and has assurance from the WPA of sufficient labor to work a minimum of 20 working days each month. The work is being planned so that any street or section of streets will not be closed to traffic any longer than is actually necessary to put down the paving, and in this way, residents on the streets that are under construction will not suffer any unusual inconveniences.
This project is set up to employ approximately 140 men to be paid by the WPA over a period of 12 months at a cost to the WPA of approximately \$50,000. Balance of the cost will be paid by property owners owning property abutting on the streets to be paved, and by the city.
Approval for Missouri street paving was the first received and property owners on this street who have not already done so are urged to get at the city hall to make arrangements for their part of the paving so that all unnecessary delays will be avoided. Plans are to pave this street 40 feet wide from curb to curb with a cost to the property owner, not to exceed \$2 per linear foot for their property abutting on the street.
Other streets to be paved will be selected by the city council when petitions signed by the property owners on the street, have been turned in to the city secretary.
This paving program was adopted after thorough study of programs being carried on in other West Texas cities, and in this way Midland has been able to profit by experiences of other cities, and give the people high type paving at the lowest possible cost.

To Direct Music

Rev. W. M. Culwell, shown above, pastor of the Cedar Hill Methodist church at Dallas, will direct music and conduct young people's work during the Methodist revival meeting which will open here Sunday, June 12. Bishop H. A. Boaz will do the preaching for the two weeks' revival.

Farmers, Bandits Clash in Mexico, 80 Reported Dead

MEXICO CITY, June 4. (P).—Dispatches today reported 80 men were killed yesterday in a clash between farmers and a robber gang in the vicinity of Guanajuato state.
The slain included three farmers. Other dispatches said the bodies of several men, believed to be bandits were found hanging from telegraph poles in the vicinity of Tehuacan, Puebla state. The executions were believed to have been performed by rival bandits.

Technical Papers to Be Presented at the AAPG Meet Chosen

A tentative list of technical papers to be presented at the mid-year convention of the American Association of Petroleum Geologists in El Paso Sept. 7-Oct. 2, under the sponsorship of the West Texas Geological Society, was announced yesterday by James FitzGerald, Jr., chairman of the publicity committee.
The list follows:
"Stratigraphy of the Upper and Middle Permian of the Permian Basin"—Frank E. Lewis, consulting geologist, Midland.
"Principles of Salt Deposition"—E. Russell Lloyd, consulting geologist, Midland.
"Upper Paleozoic of the Chinati Mountains"—John Skinner, Humble Oil & Refining Company, Midland.
"The Black Shales of the Midland Basin"—Taylor Cole, University Lands, Midland.
"Subsurface Correlations of West Texas and New Mexico, With Series of Cross-Sections"—W. C. Fritz, E. Hazen Woods, Robert I. Dickey, James FitzGerald, Jr., Page.
"Geology of the Franklin Mountains"—Dr. L. A. Nelson, head of the geological department Texas School of Mines, El Paso.
"Monument Field, Lea County, New Mexico"—W. D. Anderson and James R. Day, Amerada Petroleum Corporation, Midland.
"Geology of Mexico—Three Provinces"—Dr. Clendenning, chief geologist of the American Smelter and Refining Company, El Paso.
It is hoped that papers on (a) the KMA field, and (b) North Central Texas will be presented by M. G. Cheyney, of Wichita Falls.

Cedar Hill Pastor To Direct Music At Revival Here

Rev. W. M. Culwell, pastor of the Methodist church at Cedar Hill, Dallas, will direct music and children's and young people's work during the Methodist revival meeting which will open here Sunday, June 12. Bishop H. A. Boaz will do the preaching for the two weeks' revival.

2 Inmates Escape Stephenville Jail

STEPHENVILLE, June 4. (P).—Two inmates of the Erath county jail last night locked Jailer Ross Wright in a cell and escaped. One was held for cattle theft and the other was suspected of burglary.

Pursuit Flight Is Here Saturday

Approximately 25 pursuit planes, in a flight led by Pilot Bundy, landed at Sloan field Saturday from El Paso. They departed Saturday afternoon for Abilene.
Pilot Lovelace departed from Sloan field Saturday for Biggs field, El Paso, after an overnight stay. He had come from Hensley field at Dallas, Friday.
Flying an A-17, Pilot Averill arrived at the airport Saturday from Barksdale field, La., and departed for Biggs field.

Father of Kidnaped Boy Is Resigned to Finding Him Dead

PRINCETON, Fla., June 4. (P).—Weary, grief-ridden James Bailey Cash, Sr., said today he was resigned to the death of his only child but convinced the kidnap-slayers would be caught.
Cash, his shoulder bent by fatigue and his eyes bloodshot from sleepless nights, appeared briefly on the porch of his home to express to reporters his thanks to the 2,000 persons who hunted fruitlessly for the blond five-year-old boy snatched from his bedroom last Saturday.
The stricken father said Mrs. Cash still was under a physician's care but was "some better." Like himself, she has abandoned hope for her blue-eyed son's life.
The fate of five-year-old Jimmy Cash remained a mystery today as an army of volunteers abandoned the search for his kidnapers.
With the baffling case entering routine phases of investigation, most of the 2,000 persons who tramped in vain over 120 square miles of territory bordering the everglades returned to their homes.
"Things of curious idlers about the home of two-headed 'Skeegie' dwindled and life here slipped back slowly into its normal pace.
The fleet of boats which cruised along the coast and through canals dispersed. Divers who sought clues at the bottom of creeks and water-filled quarries turned to other tasks.
But the squad of federal agents led by J. Edgar Hoover worked diligently on every lead, mindful of the fact almost a week had passed since the cash boy was stolen from his bed last Saturday night.

Walter Woodul Is Visitor Friday

Lieutenant Governor Walter Woodul, candidate for attorney general, visited Midland Friday afternoon en route to San Angelo.
He conferred with supporters, visited county officials at the courthouse, and shook hands with merchants, townspeople and ranchmen in so far as a somewhat hurried schedule permitted.
The genial Houstonian, who led the entire Democratic ticket in the runoff primary four years ago, sweeping county after county in West Texas, arrived in Midland from Big Spring.
For the past week he has been on

Walter Woodul

Chinese Junks Aid In Guerrilla Warfare

SHANGHAI, June 4. (P).—Six large Chinese junks armored with steel plate today attacked a Japanese patrol vessel off the south China coast in what a Japanese naval spokesman called "extension of guerrilla activities to the sea."
The attack, which took place off Kwanghoi, southeast of Canton, was repulsed with the aid of naval aircraft, the spokesman said, three of the junks being set afire and sent to the bottom of the sea and another being disabled. The other two escaped.
"This amounts to extension of guerrilla activities to the sea," he declared. "We are prepared to cope with it."
Meanwhile, Japanese advances from the Lunghai front reported further success in the Japanese drive on Kaifeng from Chengchow, the capture of which would set the stage for a direct advance along the Peiping-Hankow railway to Hankow, China's provisional capital.
These reports said a Japanese flying column had captured Tung-su, 30 miles south of Kaifeng and 40 miles east of the Peiping-Hankow line.
Heavy fighting continued between the Lunghai railway and the Yellow river northwest of Lanfeng, where Lieut.-Gen. Kenji Dolhara, Japan's "Lawrence of Manchuria," was trapped.

Native Discovers City Has Become A 'Melting Pot'

By OLA DUBLIN HAYNES.
Midland has become a melting pot.
If you're native in Midland county, as 243 of the 3592 poll tax payers are, you can probably remember when you and your cousins and in-laws practically made up the citizenship. At least you knew the genealogy (if any) of every person you met between Jax Cowden Motor company on the north and John Andrews' meat market on the south. Of course, I refer to the north and south ends of Main street. What other street was there?
But the old home town has gone 1938 and cosmopolitan. Perhaps I'm unduly proud of my acquaintance with that five syllable word. Count 'em if you doubt me.
Browsing through the list for this year, I soon began to wonder if Oklahoma was going to annex Texas and was sending her immigrants ahead to aid from the inside. That wouldn't seem a bit worse to me than drawing and quartering her into four states, as different factions fondly hope to do. By actual count Oklahoma had 144 sons and daughters who paid polls in this county.
If you're "imported" and lonely you can likely find enough compatriots to talk about the trees and streams of home to rid you of that old nostalgic feeling.
From Alabama there were 46; Arizona 2; Arkansas 100; California 15; Colorado 18; Connecticut 2; Florida 6; Georgia 28; Idaho 1; Illinois 44; Indiana 22; Iowa 19; Kansas 61; Kentucky 27; Louisiana 40; Massachusetts 4; Michigan 10; Minnesota 4; Mississippi 55; Missouri 68; Montana 7; Nebraska 16; New Jersey 6; New Mexico 19; New York 13; North Carolina 2; Ohio 21; Oklahoma 144; Pennsylvania 27; Rhode Island 1; South Carolina 6; South Dakota 5; Tennessee 49; Utah 1; Vermont 1; Virginia 4; Washington 7; West Virginia 9; Wisconsin 10; Wyoming 1.
The District of Columbia is represented by one son.
Fifteen foreign countries have increased our population, as follows: Australia 1; Canada 7; Czechoslovakia 1; Denmark 1; England 1; France 1; Germany 4; Greece 4; Mexico 12; Norway 1; Panama 1; Porto Rico 1; Russia 2; Scotland 1; Sweden 1.
Texans who pay poll taxes here still meet one another on Midland streets more often than they meet persons from another place since there are only 918 of the latter and 2,674 of the former.
Delaware, Maine, Maryland, Nevada, New Hampshire, North Dakota, and Oregon have sent us no voters. Can they have heard of our sandstorms, McCamey's ratnesnake derby, or the Town Quack's penchant for mentioning a certain long-eared quadruped known to many by the name of "John Duglin"?

Forgeron Wildcat In Andrews Shows Gas, Oil While Bailing

By FRANK GARDNER.

A wildcat in south central Andrews, H. S. Forgeron, 1 Lockhart & Brown, held the spotlight at the week's close as it showed a little gas and some oil while bailing down drilling fluid. First bailing test had been delayed yesterday when bailer stopped on bridge at 4,317 feet. Drilling was run, and hole was cleared to bottom at 4,483, following which bailing was resumed. At last reports, fluid had been lowered 2,500 feet.
After hole has been bailed dry, operators plan to wash it with acid to clean the walls. Shooting and acidizing at present depth is then scheduled. Lime section from 4,400 to 4,483 had shown intervals of porosity and oil saturation. Location of the Forgeron prospect is 660 feet east of the northeast corner of section 20, block A-41, public school land, five miles west of the south end of the Fuhrman pool.
A third drillstem test, from 4,270 to 4,320, in Atlantic Refining Company No. 1 Texas Company-University survey, southwestern Andrews, netted 15 feet of drilling fluid, which was shut off water. The last time bailer was run, there was between 1,000 and 1,200 feet of water in the hole, reported by some to be sulphur water and by others to be salt water. Five-inch casing cemented at 8,004 has been gun-perforated with 156 shots between 7,666 and 7,760. Before perforating, hole was loaded with oil. Some of this oil was kicked out after casing had been perforated, but this was thought due probably to displacement by water. The No. 1 Cowden is in section 14, block A-55, public school land.
Choate & Hogan No. 1-H University, farthest southeast producer and first flowing well in the north-west Crockett pool on University of Texas lands, flowed 62.79 barrels of 31.5-gravity oil on 24-hour potential test, through open 2-inch tubing, with packer set at 1,050. Gas-oil ratio was estimated at 3-000-1. Operators are now experimenting with various sized chokes in an effort to lower the gas-oil ratio. The No. 1-H University was shot with 160 quarts from 1,373 to 1,425, total depth.
Sinclair-Prairie No. 1 Paul Moss, Ector discovery two miles south of the west side of the Harper pool in Ector, pumped 17 1/2 barrels of oil in eight hours, then pumped off. It has been completed for that gauge.
Southwest of the Addis pool in Ector, the county's only wildcat, Lou Stogner No. 1 P. G. Hendrick, is drilling anhydrite below 3,610 feet.
J. E. FitzPatrick No. 1 Dyer, western Ward Delaware test, had drilled to 5,067 feet in gray sandy lime. It will be shut down when Delaware black lime, expected at around 5,090, is topped.

A new location and a completion were reported yesterday for the active Vacuum pool of Lea county, N. M. Magnolia No. 9 State-Bridges was staked on the east edge of the pool, in the center of the southeast of the southwest of section 13-178-34.
Initial production of 146 barrels in 16 hours, flowing through a 2 5/8-inch choke on 2-inch tubing was gauged by Amerada No. 2-V. Log tests showed 71,000 cubic feet a day. Total depth is 4,671 feet in lime.
Phillips No. 6 Santa Fe, two miles northeast of the southeast portion of the Vacuum pool, started coring again at 4,503 feet in lime and had reached 4,521. Four miles north-west of the pool, Repolo No. 1 State, Lease No. 197, is drilling at 4,915 feet in lime, with 18 barrels of oil swabbed out during the past day.
Leon Peters, Midland operator, has completed one of the largest producers in the Penrose sand pool of Lea, his No. 1 Laura J. Mays. The well topped pay sand at 3,537, drilled to total depth of 3,655, and flowed 250 barrels a day naturally through casing. Pay section was then shot with 280 quarts, and the well flowed 706 barrels in 24 hours after shot.
Peters No. 1 T. O. Mays, a half-mile to the south, is drilling at 3,040 feet in lime.
In southeast Lea, four miles east of the Skelly sand pool, Ted Weiner et al No. 1 Parcell is drilling below 3,920 feet in lime. It was believed that the solid lime had been topped at that point. The well, which has commanded interest by running high structurally, is in section 5-238-38E.
Magnolia Webb Cleaning Out.
When tubing was pulled to clean out, Magnolia No. 1 J. D. Webb, central Yoakum wildcat, had 1,326 feet of fluid in the hole, probably all new oil. It is bottomed at 5,380, plugged back from 5,639.
Helmerich & Payne, Inc. and Conoco No. 1 Ohio-Lloyd Dowell, a mile and a half west of the Denver field in southern Yoakum, cleaned out with rotary to 4,870 and is now preparing to cement two strings of tools in the hole. Farther east, Shell No. 2 Dowden is drilling at 2-226 in anhydrite and red rock. Drilling called top of anhydrite at 2,135. Shell No. 1 Lowe is drilling at 2,554 in salt and anhydrite.
Humble No. 1 Wooten, Denver well which blew out at 4,974 with 8,500,000 cubic feet of gas daily, drilled ahead to 5,034, completion depth, and is now circulating.
Shell No. 2 Mrs. Dora Roberts, quarter-mile north, offset to the Roberts pool opener in Yoakum, is drilling at 3,007 in anhydrite and red rock.
Devonian Oil Company No. 1-C-8 Duggan, wildcat two miles south of the Duggan pool in southeast Cochran, is drilling at 4,925 feet in lime. Coring will be started at 4,850.
In northwest Terry, Larry E. Hults No. 1 Gulf-P. J. Ross is drilling lime below 4,850 feet.
It was reported that Geo. Etz et al No. 1 Enoch, southern Bailey wildcat, may be deepened in search of production in the Gorieta sand. It is now bottomed at 4,306 feet in lime, with 2,500 feet of sulphur water in the hole encountered from 4,295 to total depth.

Spending-Lending Measure Passed; FR Gets Free Reins

WASHINGTON, June 4. (P).—The senate voted six to one for a \$372,000,000 spending-lending program last midnight and handed the Roosevelt administration the pursestrings.
The 70 senators who remained for the finish of the two-weeks' battle over the bill divided 60 to 10 for the measure. Seven republicans and three democrats lined up against it.
Before the final vote, opponents of the program were completely routed. They lost every attempt to write restriction into the bill, as passed, it would give President Roosevelt an entirely free hand in the disposition of the huge appropriation.
Twice the senate turned down proposals to forbid political activities by employing in emergency agencies. Opponent of the amendments contended this would deny such employees freedom of speech and opinion.
These amendments brought the closest contest. One was rejected by one vote and the other by two.
By substantial margins, administration leaders defeated proposals to earmark more than \$500,000,000 of PWA funds for specific purposes. President Roosevelt asking "flexibility" in the relief program, had indicated opposition to earmarking.
The chamber also turned a cold shoulder to a republican proposal to hand over relief administration to the states and an effort by Senator Byrd (D-Va) to wipe out the \$265,000,000 appropriation for the PWA.
Upon passage of the bill, Barkley told his weary listeners that congress probably would adjourn next week-end after sending the relief measure and a pending wage-hour bill to the White House.
The spending-lending program now goes to a joint senate-house conference committee for the adjustment of differences.
The senate bill totaled almost \$600,000,000 more than the house measure. The senate increased by \$175,000,000 the house allotment for the PWA, but provided that the sum should run the agency until next March 1. The house had voted \$125,000,000 for work-relief to last until February 1.

INSURGENTS GAIN

HENDAYE, France, June 4. (P).—Spanish insurgents continued to drive toward Valencia today, advancing in the Castellon province. Elsewhere, insurgents were virtually halted by government militiamen.

Building Bright Spot in the Present Business Recession Roger Babson Says

By ROGER W. BABSON (Copyright, 1938, Publishers Financial Bureau). NEW YORK CITY, June 4.—New York is still terribly blue. Friends here point out that business is now at the lowest level for any June since 1932. Moreover, with that exception it is the worst since 1921, particularly for the motors and rails. I, however, point out to my friends that this is a coincidence and applies only to the months of June. Taking the first six months of 1938 as a whole we find them materially better than 1932, 1933, or 1934. In fact, if business had gradually risen from March, 1933, up to its present level, we all would be happy. It was the boom in 1936-37 and the rapid drop of the past six months which have discouraged everyone. Prospects for the return of good times have long centered on the mammoth building industry. Building swings up and down in cycles just as does business. But both cycles do not always coincide. For instance, home building hits its all-time top in 1926 and declined steadily from then until 1934. In 1926, however, business was only beginning its long climb to the 1929 New Era peak. Now the tide of both is running in. The synchronizing of the building and business cycles for the first time in many years may give us a prosperity peak never seen before in America! FHA Mortgages Big Aid. The immediate business outlook is brightened by the fact that home building has been able to buck the

The Town Quack

visiting a training camp back in 1917. She saw a recruit going around the parade ground with a sharp-pointed stick spearing cigarette butts and paper. Stopping him, she asked: "Doesn't that sort of work fatigue you a great deal?" "Oh, no," replied the soldier. "I was born to it. My father used to harpoon whales."

Some jokes that I found in an old American Legion magazine are being used exclusively to fill up this column today. Here they are: Sherwood Mangipane, of New Orleans, describes the cross examination of a character witness. "Do you mean to imply the defendant is a thief?" the lawyer asked. "Nossuh, I don't say he's a thief. But I do say when I was a chicken an' I saw him hangin' around, I'd suttinly roost pow'ful high."

For collectors of slips in the press, C. A. Shepherd, of Carmel Post, Del Monte, California, quotes a startling bit of information which recently appeared in a San Francisco paper. "In Siberia she met and married the American Army of Occupation, to whom she bore two children."

On board a train a man had been watching a woman who was trying to get a fretful baby to sleep. The infant persisted in squirming about and crying. Finally the man went over to the woman and said: "Madam, you will please pardon the suggestion, but I believe what the baby wants is board instead of lodging."

The bald banker in a small town was in the habit of wearing his hat during business hours, for in summer the flies used his pate for a parade ground and in winter the cold air was uncomfortable as it swept the polished surface. Each week and Italian workman would come to the bank to get his paycheck cashed.

"Why don't you open an account with us?" the banker asked one day. "The Italian looked at the banker's hat, and then whispered confidentially: 'Me afraid, Mistah Boss, you alla time looka like you gonna maybe take da trip somewhere.'"

Comrade Harry Hall, of Washington, D. C., tells of a lady who was high, however. During the last 12 months industrial wage scales have been shaved down and commodity prices have had a spectacular break. Building costs, however, are off less than 10 per cent. Labor's refusal to mark down pay scales is the major reason why costs have not fallen. Heavy wage rates of the building trades today are first cousins to blackmail. Moreover, the construction industry has suffered an untold loss in the past decade from labor racketeering.

The government, by paying the "going wage" on vast construction projects, has helped to support detrimental labor practices. In the FHA, the PWA, and other projects, Washington had a wonderful opportunity to break-up these harmful union policies. There are 24 separate building unions. The terrazzo workers, the window washers, the metal polishers, the ornamental iron workers, all have their own unions. These 34 unions are constantly rowing with each other, going out on strike, boosting wage rates in the middle of the project, artificially limiting their membership, and in general playing havoc with the industry.

Labor Not Wholly to Blame. Labor, however, is not entirely to blame for high building costs. The wasteful and backward state of the whole industry is also a major obstacle. Failure to standardize building supplies, the terrific cost of distribution, the lack of large, efficient construction organizations—all these help to keep costs at sky-high levels. The industry is made up of myriads of small four- or five-house a-year contractors. For this reason no real progress toward low-cost, mass production has yet been made. In fact, the trend toward greater prefabrication of materials has actually been obstructed by labor. Hence, costs are relatively higher in the building industry than any other field today.

Pressure of idle capital, obsolescence and depreciation growth of population, however, still determine the trend of home construction. Basic factors such as these rule all business in the long run. Right now America is on a starvation basis, not only in building but in all fields. Not enough is being produced to answer the simple wants of food and clothing. The nation is running on her stored-up reserves! Supplies of goods in hands of raw material producers, manufacturers, wholesalers, retailers, and consumers are being used up. Consumption is way ahead of production. Meanwhile, the country is basically sound. Banks are in good shape. There is no danger of a financial collapse.

Another 1933 Ahead? Readers vividly remember what happened in 1933. Industry was shut down tight. Millions were out of work. Wheat was quoted at the lowest level in 350 years. Securities were selling for a song. Suddenly psychology changed overnight. There was a wild scramble for goods. Stocks skyrocketed. "Help Wanted" signs were hung up everywhere. The same thing can happen in 1938. Basic conditions are now even better than in 1933. Credit reserves are today five times the 1933 level and huge crops are in prospect. Just as "easy" money and short-term homes are already forcing a building pick-up, so shortages of goods will sooner or later bring about another 1933 stamped in other lines!

Softball League to Open Play Tuesday On 2 Diamonds Here

Formation of the Industrial Softball League here has been completed and play will start Tuesday on two diamonds. All games, at least those during the first two weeks, will be played in the day time. Night games may be played later in the season.

Starting Tuesday, the season will come to a close on August 28. Nine teams have filed their entry fee and the top four will meet in a Shaughnessy play-off at the end of the regular season.

Most of the players of the nine teams that have entered the league are office workers of the companies sponsoring the teams. It has not been definitely agreed whether or not to allow clubs to pick up players that are not affiliated with the companies.

The Amerada, Atlantic, Gulf, Humble, Phillips, Shell, Standard, Stanolind and Texas companies have paid their entrance fees and will start teams in the first games.

League games will be played each Tuesday, Wednesday and Friday afternoons, and all games are scheduled to start at 5:30. The softball diamond at the North Ward school and the one on South Main will be used daily.

The Payoff

Sports Editor, Reporter-Telegram Sir: Not having taken much hand in baseball for some time, I have hesitated in expressing a democratic right, about the Midland Cardinals. I hope in doing this I will not make a nuisance of myself to those who might be fortunate in being presented the fact in your column.

I do not represent myself to know baseball, but I am reliably informed that the manager of the local club has been given everything he has asked for. I would like to speak very commendably for the city council and its cooperative Mayor. I know they have done everything within their power to help this ball club. I do not know what the management of the Cards asked for. I do know it has been granted, that is which was possible for the city to do without being too hard on the air-condition places, of which we have to attend at times.

Now, don't you think it is about time the Cards get a winning ball club? The present ball club has been in operation more than a month, and it would not be out of line for the Paying Public (of which I am a regular donor) to demand a better team.

Cardinals and the Pioneers are unknown. Should the Cardinals have won they would be one game out of the cellar but if Clovis won the home team is slightly more than one game in the cellar.

ter ball club. Of course, if the manager is going to sink or swim with the present ball club (he won't swim because he can't) club, it will be hard for anybody or any number of bodies to do anything about it. I understand he has a three-year contract on the park. Can he make us like it? And How, and is he doing it?

I believe the manager of the local ball club knows he can't win with the present ball club in this league. If he does, there will be a place for him in the big show and a lot of merited honor in Ripley's column. The people, or fans, are going to be calling the manager a poor manager if something isn't changed. Fans will not regularly see balls booted and bad play without giving the manager H—.

And after all, we as fans (the suckers) do not have any say-so in anything but the right to crab about anything we wish. Why we can't have any say-so about what the ump's call 'em. (Think of that!) Is this ball club going to be a second Jersey City or a Mayor Hague.

I ask you if this is good baseball—this happened at the Midland ball park this year. Jake Suytar, with a sprained ankle, went to bat, the first man up in the inning, with no one out, and bunted the first pitch. Who gave him instructions to bunt. Was it Mr. Hague—Come and get me. Written in the hope and interest of better baseball in Midland.

David M. Ellis (Editor's note:—The sports editor has been "given the gate" as official scorer by the manager of the club and has no official relationship with the club. But he does agree with you and all the rest of the fans that something should be done about the team. What will be done, if anything, rests solely with the manager.)

To Command Scouting Force of U. S. Navy

REAR Admiral Adolphus Andrews has been named commander of the U. S. Navy's scouting force, assuming a vice admiral's rank. Andrews served as chief of the Bureau of Navigation for three years prior to appointment to his new post.

Andrews He is 59.

World Tour on \$100 Planned. LONDON (U.P.)—Miss Mollie Toombs, 21, who owns a cycle shop at Middlesex, is planning to tour the world on \$100. She hopes to work her passage to America, to visit South American republics, and to ride a horse over the Rockies.

City Industrial League Schedule

Table with columns for dates (June 7-24) and team abbreviations (S, N, B, etc.) representing the league schedule.

The Standings

Table showing league standings for various teams including Cleveland, New York, Washington, Boston, Detroit, Philadelphia, Chicago, St. Louis, and National League.

Numbers above indicate company teams as follows: 1. Amerada 2. Atlantic 3. Gulf 4. Humble 5. Phillips 6. Shell 7. Standard 8. Stanolind 9. Texas

Teams will play on the South Main diamond when marked "S." Teams will play on the North Ward school diamond when marked "N."

Managers, or captains, of the respective clubs should contact their scheduled opponents on the day of play, to ascertain their ability to be on the field and discuss available umpires.

Players should be on hand by 5:15 p. m. Games will officially start at 5:30 p. m. Failure to have a batter up at that time will constitute a forfeit on the part of the delinquent.

Memory Speaker Forgets. SPRINGFIELD, Mass. (U.P.)—Dr. Victor Short addressed the Kiwanis club on development of memory. As he left the hall, two police officers—who had listened carefully to the lecture—arrested Short for non-appearance last November on a speeding charge in nearby Palmer.

Early American canal packets had travel tickets which included meals and sleeping bunk at 5 cents per mile. The opportunist, by boarding the boat at dinner-time and riding one mile, then getting off, got his dinner for a nickel.

THE DALLES, Ore. (U.P.)—J. C. Syme, electrician, deaf in his right ear to the extent that he could not hear a watch tick, slipped and fell headfirst on two planks 25 feet below him. Two weeks later, he discovered he had regained his hearing.

Feminine Fancies

"Don't Buy Complexion, Eat It, Chemists Say" reads a recent headline. That's exactly what we'd like to do. But when we eat all the things we want—chocolate candy by the pound, sweets galore, and cold drinks—the resulting complexion is nothing like the school girl one lauded by the copy writers.

Latest idea in ensembling for the girl who likes things to suit is that of matching the red lacquer on finger nails to the red stripes in her vari-colored washable summer gloves.

Striking no end. Nevertheless, we choose to ensemble clothes with clothes not finger nails.

Always attractive, the thin oiled silk curtains for showers and bathroom windows grow more interesting as new designs are created. The surprisingly popular Mexican motif is featured on one shower curtain in translucent shade. Against this rather neutral background the greens, bright blues, yellows and browns of cactus, burros, peons, and pottery are brilliantly effective.

Another curtain is in soft green and don't chalk-white, strange, huge fishes poised as if in their native element.

And the "duckiest" of all is the red window curtain, gay enough to brighten any early morning grouch, which boasts white ducks for decoration. A cheerful spot of color to light up the morning's bath, shave, or tooth-brushing.

There are strange things done by science in these days—which is why we are not too much astonished at the suggestion that even-

tually automobile drivers may be swallowing capsules of medicine (instead of emptying hip flasks) before starting on night drives.

Experiments conducted with capsules filled with carotene-in-oil seem to indicate that the medicine when taken, improves vision in the dark, reduces eye strain and fatigue.

Anything for safer driving, we applaud. Heretofore we had thought that safety lay in persuading drivers to refrain from taking something rather than in encouraging them to do so. But just so the result desired is attained—saving of human life and injury—it matters little whether it is attained by constant preaching or by advocating the carrying of a handful of capsules to be taken judiciously. The end justifies the means. More power to the capsule!

The master of the house (the apparent master, we mean) will appreciate the newest wash cloths. They come in large sizes, big enough for a man to get a good hold on and swish about without having them skid out of his hand. They come in the same material and colors as the accompanying bath towels, a not too heavy material woven in shell design. The colors are pleasing, too. Gold, pastel greens and blues, and pinks.

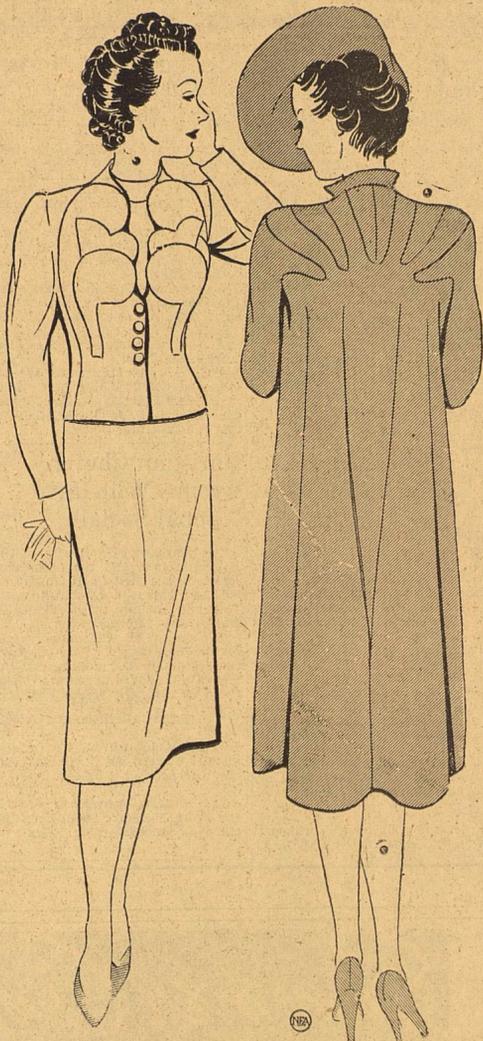

These colors, by the way, should make the task of identifying towels for the different individuals of the family easy. Let each be a "one-color" individual, with one having pink towels and cloths, one green, one gold, and so on.

An easy way to avoid that plaint of little brother or big sister, "Mother! somebody's used my towel!"

Fire Stops Game.

CLEVELAND (UP).—Samuel Caprette's house caught fire, causing \$1,500 damages, while he and his son were in the basement playing table tennis.

Trousseau of Grand Duchess Kira

One of the loveliest ensembles in the former Grand Duchess Kira's trousseau is this Schiaparelli model which includes a simple dress and a rather elaborate jacket—both in a wool and silk mixture material. Notice the intricately applied motifs of self-fabric on the front of the jacket. Fine lightweight black wool is used to fashion the afternoon coat chosen by the bride of Prince Louis Ferdinand. The black yoke treatment emphasizes the fullness of the loosely cut back while the front is contrastingly straight and simple and finished with two tailored pockets. Schiaparelli created it.

BY ROSETTE HARGROVE,

NEA Service Staff Correspondent.

PARIS. — Recession or no recession, there's going to be a bride in our midst who has a trousseau that is a trousseau—the kind you read about in old-fashioned romances but seldom see.

Because the trousseau which Schiaparelli designed for the former Grand Duchess Kira, only daughter of Grand Duke Cyril, successor to the throne of the Czars, contains dozens of ensembles for a variety of occasions. Her husband, Prince Louis Ferdinand, is the son of the former Crown Prince and the grandson of the ex-Kaiser.

The royal couple expect to take a six-month wedding trip around the world with New York the first stop.

For the wedding, the Grand Duchess wore her grandmother's wedding robe of heavy silver brocade, with a veil of old lace over a diadem.

A Real Antique.
This handsome dress—a museum piece—worn by the Grand Duchess Marie, only daughter of Czar Alexander II, when she married the Duke of Edinburgh, later the Duke of Coburg, son of Queen Victoria, has been at Coburg for 80 years. No alterations were required.

Among the 11 models signed Schiaparelli which the trousseau for the royal honeymoon will include are several specially designed for her. There are two magnificent court dresses, one a stately gown in gold lame and the other in embroidered silver lame. The latter was worn at a reception on the eve of the Russian ceremony at Potsdam.

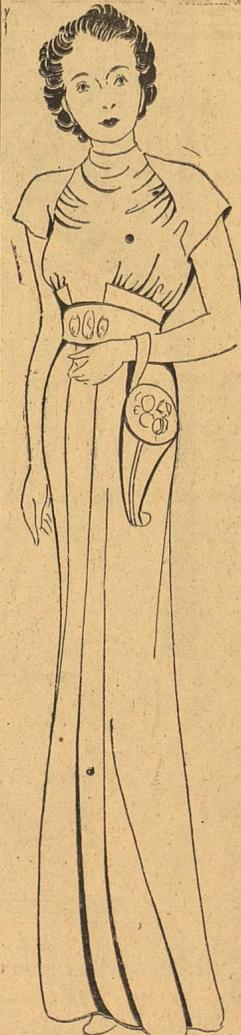

Day dress include several navy blue ensembles for afternoon wear, a youthful ensemble in carbon blue wool lined with blue silk with a white stripe, which also makes the simple sports dress, and an amusing print, light blue crabs on a dark blue tussah ground. Among the evening gowns, besides the formal gold and silver lame numbers, are two very simple high-necked dinner dresses, one in white cloque, as well as a very gay floral printed silk.

A third special model is of dark blue mousseline with a silver stripe, made with a wide skirt with fullness massed at the back and a low décolletage. There is also a little Chinese jacket in blue lame for evening wear.

For traveling, Princess Kira will probably wear a two-piece costume in heavy brown silk with flecked stripes of red, blue and pale yellow, over which goes a straight topcoat of warm beige tweed, lined with the same material as the costume.

For Liquid Vitamins.

You can now have your fruit or vegetable juice by merely throwing your carrots or oranges into an electric juicer. Pulp, rind, and all come out of this tall, glass container—a smooth, creamy liquid. This new invention is about the size of a percolator, runs on either AC or DC current, reduces fruit or vegetables to juice, yet gives you all the benefits they contain when eaten whole.

This simple, little dinner dress in white crepe is among the many gowns in the trousseau which the former Duchess Kira may bring to America. The ribbon belt shows a motif of embroidery, repeated on the interesting evening bag.

The only place in the United States where the American flag is flown officially both day and night is over the National Capitol in Washington.

Personals

Dr. and Mrs. L. A. Absber of Portland, Tenn., have returned to that city after a business visit in Midland. They plan to return here in August when Dr. Absber will be a partner in the new clinic being erected.

Miss Jane Taylor, student in S. M. U. at Dallas, is here to spend the summer with her parents, Mr. and Mrs. J. L. Taylor.

Miss Evelyn Phillips has returned from Austin to spend the summer here with her parents, Mr. and Mrs. Geo. Phillips.

Mrs. Roy Minear and small daughter Peggy of Fort Stockton were visitors to Midland Friday and Saturday.

Mr. and Mrs. Ira Pratt will leave Sunday for Dallas and Galveston on a vacation trip.

Mrs. Pearl Locklar plans to leave Monday for Amarillo where she will visit her sister, Mrs. T. G. Royal and family.

Mr. and Mrs. A. W. Cherry left Saturday for Camp Waldemar near Kerrville, taking their daughter, Jo Ann to be enrolled for a term at the camp.

Dr. and Mrs. A. P. Shirey left Saturday for Carlsbad, N. M., where he will attend the New Mexico State Dental convention in session through Wednesday of this week.

Dr. and Mrs. Jas. H. Chapple and small daughter, Toya, returned Saturday morning from Dallas where he underwent an operation. He was reported doing well.

Miss Elizabeth Pratt is spending the week-end in San Angelo with relatives.

Mrs. Alma Thomas left Saturday for Camp Waldemar near Kerrville. Later she will go to New York to study for part of the summer.

Mrs. Jas. H. Goodman has gone

Midland Teachers, Girls to Be at Camp Waldemar

HUNT, Texas, June 4 (Special).—Vacation begins in earnest for several Midland girls who are enrolling Sunday as campers at Camp Waldemar for girls near Kerrville. They left this week-end for a six weeks vacation at the summer resort. The girls include Nell Ruth Bedford, Jo Ann Cherry and Mary Martha Sivals.

Waldemar is noted throughout this section as the Texas horseback camp, and Midland campers have always excelled in this phase of camp life. A capable staff of instructors will be able this summer to give the best of training to riding classes. Mrs. Tommy Espey Williams of Del Rio and formerly of Ft. Davis will be on the staff, together with Mrs. Jane Reid Tait of Houston and Johnny Reagan, trick-roping artist from London, England.

Among the other counselors at the camp will be Miss Ruth Anderson of Midland. Miss Anderson will have charge of a group of the youngest campers known as "dolls."

Mrs. Alma Thomas will be another Midland teacher on the camp staff and later in the summer, Miss Mary Wilson will form a third in the group from here.

A new German bomber is capable of 302 miles an hour. It is a single seated powered with a 685-horsepower engine. The plane is capable of a 28,000-foot altitude.

to Lubbock to visit her mother and other relatives for a week.

Mr. and Mrs. Don Sivals went to Camp Waldemar near Kerrville, Saturday, taking their small daughter, Mary Martha, to enter the camp.

H. B. Dunagan Jr., of Austin, is visiting his father and other relatives here.

Joan Frances and Charles Tom, children of Mr. and Mrs. Alford Tom of Martin county, are in from the ranch spending the week-end with their aunt, Mrs. Carl Covington.

Mrs. Freeman Ward is here from Indiana, visiting her daughter, Mrs. John M. Hills.

Approximately 4,750,000 cases of 222,888 pounds, or the equivalent of grapefruit juice and other grape-fruit products were canned in the Rio Grande valley in the 1937-38 FLOWER plant sale; plants reduced season. The fruit used weighed 411- 1/3 to 1/2. Midland Nursery.

8 Cylinder Quality

ALL THE WAY THROUGH!

The De Luxe Ford Sedan

ONE important measure of a modern motor car is the number of its cylinders. Two cylinders were enough in the early days. Later on, most people were satisfied with four cylinders. But today, America's best cars have 8 cylinders or more. 8 or more cylinders mean a smoother flow of power, and more alert performance. They usually mean more money too. Only Ford has been able to build a fine 8-cylinder car at a low price — with low operating costs.

The extra value of its 8-cylinder

engine is reflected all through the Ford V-8. In riding comfort and driving ease. In handy instruments and handsome interiors. In gentle, positive brakes that win warm praise from owners. In clean, honest design from radiator to rear deck. In dozens of other details that you discover as you live with the car.

You'll like the Ford V-8—whether you choose the De Luxe for its added bigness and beauty—or the Standard "60" for its greater gasoline mileage. Both are priced low. And both are built on the same chassis—with 8-cylinder quality all the way through!

SOCIETY NEWS SECTION

Miss Marcella Strawn Is Complimented With Miscellaneous Shower on Friday

Honoring Miss Marcella Strawn, bride-elect of Elton Hinz, the Belmont Bible class entertained with a miscellaneous shower at the home of Mrs. R. Chanslor, 110 South D street, Friday afternoon at four o'clock. Six were hostesses for the affair, including Mmes. C. O. Fredregill, A. B. Stuckey, G. D. Taylor, C. E. Nolan, D. E. Holster, R. L. Mitchell.

As Miss Strawn entered the room where the guests were gathered, she found placed before her a box labeled "Just Married" and a series of packages representing "stepping stones of life" which led to a "bed of rocks". The "stepping stones"

when unwrapped, proved to be gifts and inclosed with each was a verse. The "rocks" likewise proved to be gift packages which were opened by the honoree and inspected by those present.

A pink and white theme was followed in the party plate served. Brick ice cream was in pink and white-topped individual cakes bore the initials of the betrothed couple, "M. S. and E. H.", in pink. Favors were wee dolls dressed as brides.

Present were: The honoree, Mmes. W. J. Stewart Jr., Rosa A. Rains, W. L. Fickett, Paul Smith, W. G. Attaway, B. L. Crites, H. R. Braezeale, C. E. Strawn, and the hostesses.

Junior Choir Honors Engaged Couple at Picnic Friday

Members of the junior choir of the Methodist church entertained with a picnic at Cloverdale Friday evening in courtesy to Miss Freddie Lou Barber and Clyde Pate whose marriage was scheduled for this morning.

Serving of the picnic supper and playing of games marked the outing, high point of which was the presentation, during one of the games, of a gift from the choir to the engaged pair. This gift was a handsome brown and white candlewick bed spread.

Mrs. Ruth Ramsel, choir director, chaperoned the group.

Approximately 25 young people were present.

Beta Sigma Phi at Week-end Camp

Four members of the Midland chapter of Beta Sigma Phi are expected to return tonight from Christoval where they are attending the sorority week-end camp. The party includes Misses Ruth Pratt, Lou Annie Reeves, Mary V. Miller, and Elizabeth von Gonten.

They left at noon Saturday for the camp where a program of swimming, dancing, miniature golf, and other outing activities was scheduled for the two days.

Twenty-five Girls In Summer Projects In Home Economics

Twenty-five high school girls are continuing their work in home economics through the vacation months in the form of summer projects under direction of Miss Vada Crawley, home economics instructor of the high school.

In the initial meeting of the group, the girls organized a club which will have regular meetings every Friday.

The following officers were elected: President, Margaret Watford; Vice President, Beatrice Coker; Secretary, Delphya Wood; Reporter, Tennie Stewart.

For the first three weeks the girls carrying on the projects will have regular meetings on Mondays, Thursdays, and Fridays for the purpose of planning their work.

Some of the projects underway are: Improvement of home grounds, gardening, planning and serving meals, planning the foods budget, making the home more attractive, renovating bedrooms, and planning and making summer clothes.

Miss Crawley will return to Midland a week before school starts next September to check on the results of the work, for which one-half credit will be given.

Meetings of the club will consist of a combination of social and educational events. The first meeting will include a program and swimming party. The second will be a chuck wagon feed and the girls will spend the night on a ranch.

Bridge-Luncheon Is Courtesy to Escondida Club

Escondida club met for a bridge luncheon at the home of Mrs. Bill Colyns, 1000 W. Indiana, Friday afternoon at one o'clock.

Larkspur and roses were used for house flowers and flowered designs marked the tables for the three tables of bridge played.

After serving of a salad plate, guests occupied themselves with bridge and bingo.

High score in the bridge games went to Mrs. D. H. Griffith, club member and to Mrs. W. H. Street, for guest. Bingo prize, taking the place of cut, went to Mrs. J. W. Skinner.

Playing guests were: Mmes. Street, Skinner, Jack Hawkins, A. Van Kampen, L. C. Link, M. L. Weatherall.

Members present were: Mmes. Griffith, Peck Cunningham, S. S. Stinson, J. R. Norris, O. L. Wood, E. C. Hitchcock, and the hostess.

Child Study club concluded its meetings for the year with a program on "Play and Play Materials" at the home of Mrs. P. A. Nelson, 805 W. La., Friday morning at ten o'clock.

Mrs. H. A. Hemphill spoke on "The Dramatic Play and Its Effect on Personality."

The hostess read an article on the subject of "The Meaning and Educative Value of Play."

Members attending were: Mmes. C. P. Lancaster, R. W. Patterson, Hemphill, R. S. Anderson, and the hostess.

The club disbanded after the program to meet again in September.

Tapestry Club Meets at Home of Bertie May Richters

Tapestry sewing club composed of girls of Junior high and high school age met at the home of Bertie Mae Richters, 608 S. Mineola, Friday afternoon, with two visitors and two new members present in addition to the regular members.

The new members were Annie Lee Marth and Foy Lee Branch.

Visitors were Lynell Hasey and Esta Lee Cutbirth.

Various kinds of embroidery occupied the girls during the sewing hour and refreshments were served.

Present besides visitors and new members were the following club girls: Inez Whiteaker, Laverne Wright, Iva Lee Smith, Betty Lou Ward, Juanita Bryant, Juanita Boyett, Mildred Jones, Maudine Richters, and the hostess.

Next Friday the club will meet with Juanita Boyett, 405 E. Illinois.

Stitch and Chatter Members Meet with Mrs. Hedges

Seven members and two visitors were present for the meeting of the Stitch and Chatter club with Mrs. R. F. Hedges, 406 E. Tennessee, Friday afternoon.

A Hexagon quilt was quilted for the hostess.

Several recipes were repeated by those present.

Next Friday each member is requested to bring a first-aid suggestion, those failing to do so being fined two cents.

Visitors were Mrs. Lela Hedges and Mrs. Ben Biggs.

Refreshments were served to: Mmes. L. G. Boyett, L. M. Hedges, J. C. Bryant, W. P. Hedges, Ben Biggs, Jewel Hedges, Forest Reven, Lela Hedges, and the hostess.

Next meeting will be held at the home of Mrs. Jewel Hedges, 205 N. Fort Worth.

Canadian Artist Will Display Her Paintings Here

Mrs. Lauri E. Venning of Ontario, Canada, and Dallas will exhibit a number of oil paintings at the Shelton Paint Store and at the Hotel Scharbauer Monday and Tuesday of this week.

About 30 canvases are included in the group, among them both landscapes and still life studies.

Some of the paintings to be displayed are "Among the Mountains in Colorado," "Bluebonnets in Travlers and Bexar Counties," "Botanical Gardens" in Fort Worth, scenes around Dallas and other Texas as well as Canadian scenes.

This will be Mrs. Venning's annual exhibit here and the public is invited to attend the displays.

Mrs. Venning, who has studied in New York and London, England, also does special portrait painting and interior decorating in addition to her landscape and still life work.

Announcements

Presbyterian daily vacation church school will open at the church Monday at 8:45 o'clock. The school will be taught five days a week, from 8:45 to 10:45 o'clock in the mornings, for a term of two weeks. All children of the Presbyterian church and those not in Sunday school are especially urged to attend.

Christian church missionary society and Rijnhart circle will meet at the home of Mrs. S. P. Hall, 1004 W. Tenn., Monday afternoon at 3 o'clock. Mrs. B. W. Reecer, will be co-hostess.

All circles of the Methodist missionary society will meet in a business session at the church Monday afternoon at 3:30 o'clock.

All circles of the Baptist missionary union will meet at the church Monday afternoon at 3:30 o'clock for a business session.

Presbyterian auxiliary will hold a business meeting at the church Monday afternoon at 3:30 o'clock.

Wallace Wimberly will present a group, mostly older pupils, in the second of his programs closing his classes for the year at the Baptist church Monday evening at 8:15 o'clock.

Tuesday. Women's Bible class will meet at the Church of Christ Tuesday afternoon at 2 o'clock.

Midland county museum in the courthouse will be open Tuesday afternoon from 2:30 until 5 o'clock. The public is invited.

Wednesday. Wednesday Afternoon Sewing club will meet with Mrs. Lewis Patterson, Wednesday at 2:30 o'clock.

Midland county public health board will sponsor a program broadcast over station KRLH Wednesday morning at 11 o'clock. The public is invited to tune in.

Thursday. Needlecraft club will meet with Mrs. Wallace Ford, 1209 W. Indiana, Thursday afternoon at 2:30 o'clock.

Thursday Sewing club will meet with Mrs. Paul Smith, 900 W. Kentucky, Thursday afternoon at 4 o'clock.

Presbyterian Church School Opens Two Weeks Term Monday

The daily vacation church school of the Presbyterian church will hold its opening session at the church Monday morning at 8:45 o'clock.

Mrs. A. P. Shirey, general superintendent, has announced. A two-weeks term will be held.

Miss Lillian Richter, here from the Assembly training school in Richmond, Virginia, will supervise the school work.

There will be four departments in the school, Mrs. Shirey said. These will include the beginners, department for children four and five years old; primary department for children in the first, second, and third grades; junior department for those in fourth and fifth grades; and intermediate department for those in the sixth and seventh grades.

Mrs. W. H. Gilmore and Mrs. J. W. Drummond will be in charge of the beginners; Mrs. J. M. Devereux and Mrs. A. P. Shirey in charge of the primary pupils; Mrs. J. M. Caldwell and Mrs. W. G. Whitehouse in charge of juniors; and Mrs. Lem Peters and Mrs. W. L. Miller in charge of intermediates.

Mrs. Robert Clarke, former art teacher in the Midland schools, will be in charge of all creative art and handwork.

Playground work will be under supervision of Mrs. V. W. Siebert and Mrs. H. A. Sheldon.

Sessions will be held from 8:45 to 10:45 o'clock each Monday, Tuesday, Wednesday, Thursday, and Friday for two weeks, opening tomorrow and closing June 17.

All Presbyterian children and all children not in Sunday school are especially invited to attend.

Stitch and Chatter club will meet with Mrs. Jewel Hedges, 205 N. Ft.

McClurgs Are Hosts To Lucky Thirteen Club Evening Party

Four tables of 42 furnished recreation for the evening party with which Mr. and Mrs. J. A. McClurg, 403 North A street, entertained the Lucky Thirteen club Friday evening.

Flowers were used in the party rooms where tables were appointed for the eight couples of players, all club members.

Mrs. W. N. Cole won high score prize for women in the games, while high score for men went to L. F. Joplin.

A party plate was served at the refreshment hour.

Present were: Mmes. and Messrs. Ollie Jones, J. T. Walker, J. C. Hudson, Pearl Blair, W. N. Cole, Houston Sikes, L. F. Joplin, B. M. Hays, and the host and hostess.

The yearly social gathering of the Rijnhart circle and the missionary society of the First Christian church will be held at a combined social hour and program at the Sidney P. Hall home Monday afternoon at 3:00 o'clock. This will mark the last of the meetings for the Rijnhart circle until the fall months, and the largest attendance of the women of the church for the year is expected.

Worship, Friday afternoon at 2 o'clock.

Tapestry club will meet with Miss Juanita Boyett, 405 E. Illinois Friday afternoon at 2 o'clock.

The district convention of the Christian Endeavor will open its three day meeting here Friday.

Girls Entertained As Winners in Story Hour Contest

As winners in the attendance contest for the past four Saturdays girls present at the Story Hour in the children's library Saturday morning were entertained by the boys present.

Refreshments were served.

Mary Katherine Taylor and Tommy Lou Fox each told a story as special entertainment numbers.

Stories told by Mrs. Bryant, who was in charge of the hour, included: "The Legend of the Arbutus" by Carolyn S. Bailey; "Grandfather's Penny" by Carolyn S. Bailey; "The Monkeys and the Moon" by Julia Darrow Cowles; "Mother West Wind 'Why' Stories" by Thornton W. Burgess (continued); "How Sir Cedric Became a Knight" by Carolyn S. Bailey.

Present were: Joan Blair, Tommy Lou Fox, Jean Devereux, Betty Jo Greene, John Drummond, Don Drummond, George Woody, Bobby Jones, Tom Tisdale, Ula Tisdale, Eloise Pickering, Betty Ruth Pickering, Mary Katherine Taylor, Salie Jean Secor, Mazie Secor, Martha Ann Cleveland, Bill Secor.

Dorothy Sue Merriweather, Betty Jean Merriweather, Lois Jane Black, Susan Gail Black, Dorothy Fay Black, Frances Smith, Carl Smith, Evelyn Ware, Edwin Ware, Betty Jean Wilson, aida Dee Pigg, Billie LaJean Pigg, Mary Nell Casselman, Carol Casselman, Dianne Waldron, Jimmy FitzGerald, Harold Loskamp, Duane Fritz.

sponsors said.

At 3:00 o'clock a missionary program will be given by the society and at the close of the program, both groups will gather for a social hour. Mrs. B. W. Reecer is co-hostess with Mrs. S. P. Hall to the groups. Every woman of the church is urged to be present for the occasion.

Misses Carrie Alvis, Allene Long, and Leona Reynolds of Stanton were visitors to Midland Saturday.

SUMMER COOLERS

Here's our idea of the coolest and prettiest idea of the summer! Self-gartered stockings by Belle-Sharmeer... over-the-knee or under-the-knee as you prefer, but always in your own leg size. Not one wrinkle or twist to make you look hot and feel hotter. No rugging at a too-short shortie or tucking over an overly long one. And no fear of undue exposure. Ask for Belle for smalls, Modie for mediums, Duchess for tall.

New WTCC Headquarters in Abilene To Be Formally Dedicated on June 15

ABILENE, June 4. — West Texas will have opportunity to learn more about West Texas in thirty minutes than they could in three months of intensive study and travel, the formal opening and dedication of the new headquarters and source and museum institute of the West Texas chamber of commerce in Abilene, Wednesday, June 15.

Feature of the afternoon program will be a half-hour radio tour of the vast West Texas territory over a seven-station hookup. The tour is mapped by D. A. Bandeen, WTCC manager, and Max Bentley, Abilene, chairman of the editorial board, will be master of ceremonies and announcer.

The broadcast will begin at 2:00 p. m. over radio stations WBAP, Fort Worth, KRBC, Abilene, KBST, Big Spring, KRLL, Midland, KFVQ, Lubbock, KGNC, Amarillo, and GKL, San Angelo.

Visitors and listeners will be taken to ten exhibits, each sponsored by a WTCC district to tell the

story of a major West Texas resource in the resource and museum mall. Each WTCC district director will explain briefly the exhibit of his district.

Dedication ceremonies, also to be broadcast, will follow the tour. Mayor W. W. Hair, Abilene, will make the welcome address and formally present the property to WTCC. Milburn McCarty, Eastland; Ray Nichols, Vernon; and Gene Howe, Amarillo, will make acceptance addresses. Governor James V. Allred, H. S. Hilburn, Plainview, WTCC president, and J. C. Hunter, president of Abilene chamber of commerce, will make dedicatory addresses.

Walter D. Cline of Wichita Falls, chairman of the WTCC resource board, will be the first speaker on the All-West Texas radio tour. District directors and the exhibit they will explain are: C. A. Studer, Canadian, wheat; James D. Hamlin, Farwell, land; J. J. Gallaher, Graham, oil; Amon G. Carter, Fort Worth, industrial; Tate May, Hamlin, cotton and feed; B. Reagan, Big Spring, cattle; H. Y. Overstreet, Texico, minerals; C. E. Cassebeer, Fort Stockton, climate; Dr. L. H. Webb, Kerrville, wool and mohair; and J. Thomas Davis, Stephenville, diversification. Other talks will be made by W. C. Holden of Texas Technological college, Lubbock on the WTCC museum, and Rev. W. P. Gerhart, Abilene, on the WTCC art display.

The WTCC building formerly was the Abilene federal building. The \$200,000 structure was turned over to the WTCC by the city of Abilene last November. Work to convert the building into WTCC headquarters has been completed and West Texas is being invited to see the results.

Farm and ranch leaders, A. & M. College Extension Service officials, county agents, vocational agriculture teachers, experiment station heads and soil conservation leaders have been invited to attend a meeting of the WTCC agricultural board at 9:00 a. m. as the opening feature of the day's program. The West Texas chamber of commerce soil and water utilization contest, which offers \$1,000 in prizes annually to West Texas counties, will be organized and launched.

Clifford B. Jones of Spur is chairman of the agricultural board. Other members of the board are Hugo Haterius, Lueders; J. O. Guleke, Amarillo; R. C. Hopping, Lubbock; R. E. Dickson, Spur; J. A. Crump,

A memorial selected hurriedly may prove short lived in the satisfaction afforded. May we show you the many suggestions our service department has available, or monuments we have so satisfactorily designed for others? No obligation entailed. We merely invite you to consider. We also landscape the lot and give you nice evergreens with each sale.

A secretaries' advisory board will be organized at a meeting of chamber of commerce secretaries and managers at 10:00 a. m. The session will be directed by Chester Harrison of Brownwood, President of the West Texas chamber of commerce managers' association. Purpose of the new board will be to assist Manager D. A. Bandeen in carrying out administrative work of the organization.

Plans for editing West Texas Today, monthly WTCC publication and for publicizing the resource and museum institute, will be discussed at a meeting of the editorial board, also to be held at 10:00 a. m. All newspaper men of West Texas are being invited to the session.

Members of the executive board and board of directors will meet at 11:00 a. m. to adopt organizational setup for the year and receive reports. The reports will be made by Hilburn, Nichols, Cline, Davis, and Malcolm Meek, Abilene, WTCC treasurer.

Luncheon will be served in the basement of the WTCC building at noon, with the Abilene chamber of commerce host. Open house will be held for visitors from 3 to 10 p. m.

Freight Rate Parity Proposed by Solons On Wage-Hour Bill

WASHINGTON, June 4. (AP). — Southern senators proposed today that the wage-hour bill include assurance of freight rates for their section as low as those enjoyed by northern shippers. If no provision is made for sectional pay standards.

Industrialists in the south long have contended that higher freight rates offset any advantage they held over eastern manufacturers by reason of lower wages.

The question of wage differentials is one of the major problems confronting the committee of senators and representatives trying to compromise differences in the wage-hour bills passed by the senate and house.

While southerners have demanded such differentials, Senators Ellenders (D-La) and Pepper (D-Fla) were said by other committee members to be agreeable to their elimination if a workable railroad rate clause could be written into the bill. Ellender and Pepper are the only southern senators on the committee.

Committee members said that such a clause might take the form of a simple provision that rates between two destinations be the same irrespective of the direction in which the traffic moved. Southerners said that at present, rates are higher, for instance, on freight shipped from some southern points to New York than they are on similar shipments from New York to the southern points.

Dates Announced for Lubbock County Fair

LUBBOCK, June 4.—With the election of Alex McDonald, head of the McDonald Packing company, to the office of president of the Panhandle South Plains Fair association at a directors' meeting held in Lubbock this week, announcement was made relative to the dates for the 25th annual Panhandle South Plains Fair. September 23 to October 1 were the dates set for the observance of a quarter of century of progress on the South Plains.

Other officers elected were: M. B. Hilburn and C. E. Hunt, vice presidents; Neil Wright, treasurer.

This year's exposition, according to officials, will house some of the finest agricultural, commercial and educational exhibits ever to be had in this section. A new industrial building, replacing the old structure, will be ready when the gates swing open this fall. It was announced. This new building will be constructed of tile with brick facing, concrete floors, removable partitions, and other attractive facilities. It will be almost double the size of the old structure, being approximately 140x75. In addition to this building, there is contemplated a shed or covering for the agricultural implement displays. Complete rearrangement of the fair grounds is also contemplated.

The entertainment program has not been completed, but association officials announced their intentions of securing the best possible entertainment.

J. Edgar Hoover's fingerprint clearing house at Washington, D. C., receives more than 4,500 fingerprints daily. When the files were started in 1924, 300 fingerprints were received every day.

SURPRISE: THERE IS NO TVA YARDSTICK

One of the things the TVA investigating committee may find out is that there isn't any rate yardstick in TVA, as is often supposed.

The yardstick appears in municipal power plants after TVA sells electricity to the municipality at the same rate it charges private power companies.

Although TVA produces electricity under conditions different from those of private companies, it sells the juice at from 6 to 7 mills a kilowatt hour. Private power companies often sell to municipalities at such a rate.

But the yardstick has entered the picture when TVA persuaded municipalities receiving TVA power to cut rates to consumers in order to increase sales and make more money.

"PEOPLE'S FRIEND" AND TRAVELER, TOO.

Senator Bob Reynolds, running for renomination in North Carolina, was billboarded throughout the state as "The People's Friend." That line was supposed to have gone out of political campaigns in the late nineties.

Few Washingtonians were surprised to find that Congressman Frank Hancock, his opponent, centered fire on the charge that Reynolds was a playboy and gadabout.

AUTO GLASS

REMOVE THAT THREAT!

Cracked and marred Auto Glass daily is causing accidents. Let us replace that "Danger" Glass with new, safe, clear-vision Auto Glass! Broken Glass, remember, is a double menace. Obscuring safe vision, it leads into accidents. And a moment later, it becomes a flying menace itself! Come in—avoid dangerous delay.

Behind the Scenes in Washington

Editor's Note: The opinions expressed in this article are those of Mr. Dutcher, NEA-Reporter-Telegram Washington correspondent, and are not to be construed as expressing the editorial policy of The Reporter-Telegram.

WASHINGTON.—The National Bituminous Coal Commission, enjoying a period of happy obscurity after mulling up its job about as badly as it could, is now proceeding with great care and good resolutions in the hope of redeeming itself.

The commission's job is to set minimum coal prices. It did set a schedule last year, but the courts began to decide the job had been sloppily done and the prices had to be canceled.

Now the commission hopes to have a new schedule of prices ready by September. That's a hope rather than a promise. But the new coal prices may be ready by mid-October, about the time the bituminous buying season begins. Last year the board missed the boat, decreeing no prices until December.

A clean, careful job is the commission's aim, partly because of the supreme court decision in the Kansas City stockyards case calling for fair procedure by government regulatory or rate-making agencies, supported by the persistent demand of Consumers' Counsel John Carson of the NBCC for public hearings and findings of fact before action. Carson didn't need supreme court help, however, as what he demanded was provided for in the bituminous coal act. The commission, in its unregenerate days, just figured it needn't heed the law.

Typical of the attack against Reynolds was a published blast which recalled that in his previous campaign the senator, a great traveler, had promised not to leave the boundaries of the United States except on official business.

"Since that time," it was charged, "he has been in England, France, Germany, Russia, Denmark, Spain, Italy, Africa, India, China, Japan, Mexico, Colombia, Brazil, Argentina, and probably other countries."

JUDICIAL PRESS-AGENCY.

The case of Erie Railroad vs. Tompkins has taken its place among the supreme court's historic decisions, reversing as it did the 96-year-old Swift vs. Tyson decision which permitted federal courts to ignore state court decisions.

In the Tompkins case the court voluntarily renounced much of its previously assumed right to make state law by judicial decision and made it far more difficult for corporations to defeat progressive state legislation by taking it to federal courts.

But Washington newspapermen generally didn't get the significance of the Tompkins decision at the time. A little press-agency by Justice Harlan Fiske Stone was responsible for a flood of belated publicity. Stone was seated at a dinner party next a prominent Washington woman who got talking about the court's AAA decision.

"Huh!" said Stone in effect, "that wasn't anywhere near as significant as that Tompkins case we decided the other day, to which no one paid any attention."

Soon afterward the woman phoned a couple of newspaper friends the tip. And that's the way big news sometimes gets around in Washington.

Paint Store Will Continue Operation

The paint store at the former Shelton Store location on South Main street will continue operation in Midland, according to J. M. Walters, factory representative with Johnnie Truss, Jr., as store manager, announcement of which was made Saturday.

The store will be remodeled completely, with work starting tomorrow.

TO CHANUTE FIELD.

John G. Reeves, radio wireless specialist at Sloan Field will leave Midland today or Monday by transport plane for a course of training in the Air Force Technical school at Chanute Field, Rantoul, Ill. He will take a course in engineering and is expected to report again to Midland in March of next year. He has been at the airport since 1937.

FLAPPER FANNY By Sylvia

"She tells you some pretty good things for a dime. But I know a place where they'll tell you bad luck, too, for a quarter."

WELL DONE, CAPTAIN

Francis Ouimet, non-playing captain of America's Walker Cup team, lines out a beauty at Proon, Scotland, as the playing members of the squad look on in approval. From left to right, with every eye on the ball, are Reynolds Smith, Ray Billows, Freddie Haas, Jr., Johnny Goodman, Chuck Kocsis, Charley Yates and Johnny Fischer, whose face is hidden by Ouimet.

Letter Written on Copper.
 ELYRIA, O. (U.P.) — A letter written on a sheet of copper has been received by George W. Savage, city sealer and food inspector. It was from Savage's son, Dell W. Savage, who was traveling in the west.

Cat Club Organized.
 ELKIN, N. C. (U.P.) — The Surry County Cat Club is the newest addition to local organizations. The group was organized to provide homes for cats and kittens which are unclaimed.

South Africa Adopts Anthem.
 CAPE TOWN, (U.P.) — "God Save the King" has been pushed into second place in South Africa by the introduction of a special South African national anthem called "Die Stem van Suid Afrika" (The Voice of South Africa).

Cigarette Case Saves Life.
 CLEVELAND, (U.P.) — A metal cigarette case saved F. Kuletzki's life and money when a robber fired a revolver point-blank at Kuletzki's heart. The cigarette case, in his vest pocket, deflected the bullet and it lodged in his necktie.

Soda "Fountainers" Now.
 DAYTON, O. (U.P.) — Neatly uniformed youths behind Fountains here no longer can be referred to correctly as "soda jerkers". At a recent meeting of the Dayton Drug-gists' Association official action was taken to have the dispensers known as "fountainers."

"Three Comrades"

Robert Taylor, Margaret Sullivan, Robert Young and Franchot Tone come to the Yucca screen today in M-G-M's picturization of Erich Maria Remarque's soul-stirring novel, "Three Comrades."

Developments in Parks to Depend On the Visitors

AUSTIN, June 3. — Adults and children who use State Parks will have a voice in planning future development of these recreational areas, during a four months' study the National Park Service had under way today in the thirteen Texas State Parks where work is being done by the Civilian Conservation Corps.

programs in developing all parks. In addition, each visitor will be given a mimeographed circular upon which he will be asked, when leaving the park, to record his impressions of the area. This will include what type of facility he most enjoyed; suggestions for improvement or addition to existing facilities, and

STORIES IN STAMPS

How Washington Met His Bride

ONLY by the merest chance did George Washington meet the charming widow, Martha Custis, on a sunny afternoon in May, 1759, and thereby swiftly make the decision that was to change his entire life. The young colonel was on his way to Williamsburg, Va., to consult with the Council over preparations for the expedition against Fort Duquesne, in which he would command the Virginia troops. At a ferry over the Pamunkey river Washington met a Major Chamberlayne, who hospitably pressed him to tarry a day or so at his home. Washington demurred but finally stayed to dinner, met the wealthy young widow, Martha Custis.

new projects that might advantageously be developed. From these data the National Park Service, which is supervising CCC work in the parks, in cooperation with the State Parks Board, will be able to formulate future programs.

by the people who are going to use that area. Only from the people themselves can that information be acquired. We know, of course, about certain essential features, such as providing running water, roads, trails, picnic units, and in some cases, camping areas and swimming and boating facilities. The more detailed information that is essential to rounding out park development programs can best be had from the park users. The information to be acquired from this study will be valuable in long-time planning for the Texas State Parks.

Balmorhea, Daingerfield, Lockhart, Mackenzie, Cleburne, Tyler and Huntsville. Similar studies will be made in the Bachman-Whiterock Metropolitan Parks, Dallas; and the Tyrrell Metropolitan Park, in Beaumont.

"Dart Bomb" Invented By British Military Man

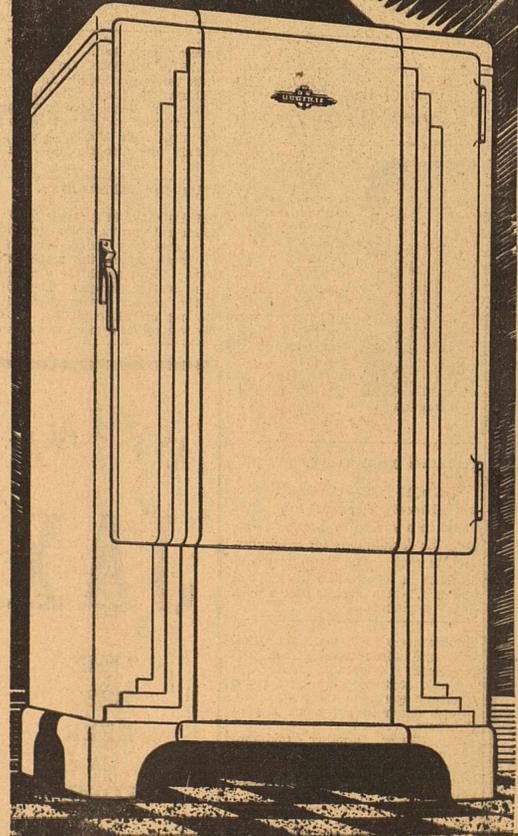

LONDON (U.P.) — With the millions of dart players of Great Britain in mind, Maurice Darling, former army officer, has invented something new in hand grenades—the dart bomb.

Darling says that he has submitted to the war office a tiny hand grenade in the form of a

FRIGIDAIRE WITH NEW SILENT METER-MISER

Special!

EASY TERMS

Come In! See All These Genuine Frigidaire Features You Get At This Bargain Price!

New Silent METER-MISER
 Uses so little current—You can hardly hear it run! Saves up to 25% MORE on electricity than even the current-saving Meter-Miser of 1937. Completely sealed. Automatically oiled and cooled. Comes with 5-Year Protection Plan backed by GENERAL MOTORS. Come in. See—hear—the PROOF that it's the simplest refrigerating mechanism ever built!

"Double-Easy" QUICKUBE TRAYS
 1. RELEASE CUBES INSTANTLY—SAVE 20% MORE ICE! Only one lever to lift and cubes are released—2 or a trayful! All-metal for faster freezing! No melting under faucet!

Light Bill 10 Years Old Paid for "Peace's Sake"

FINE BLUFF, Ark. (UP).—A \$13 debt "jumped" 10 years ago by a woman once employed as a maid in a local hotel has been paid here for "peace's" sake.

The Arkansas Power and Light company received a letter enclosing a \$10 money order for current the woman had "stolen" by attaching a jumper to her meter. The letter was mailed from New York.

The hotel at which she worked received \$3 in payment for towels she took while in its employ.

The money order to the power company was sent with a letter which was signed "Sacred Love-Joy." In the letter, headed "Peace," she wrote that she was sorry she took advantage of the company and she sent the money because "I can't feel free of condemnation unless I pay you and all others I know about."

Sonny Whitney Will Return to Race Track in 1941 With Colt of Destiny

BY HARRY GRAYSON, Sports Editor, NEA Service.

The most famous foal in all the history of racing will bring Cornelius Vanderbilt Whitney back to the Sport of Kings.

The colt is by Man O' War, out of Top Flight.

He was born on the Whitney farm near Lexington, Ky., on Derby Day.

Is there anything to this business they call destiny?

Sonny Whitney last fall sold the 14 horses he had in training. They brought \$100,000. The best of the lot were Dauber, The Chief, and Cravat.

Willie du Font purchased Dauber. That blunderer and stretch runner finished second to Stagehand in the \$50,000 Santa Anita Derby, second to Lawrin in the Kentucky Derby, and did not come into his own until he laughed at the field in the mud of The Preakness.

The latter effort alone was worth \$70,000, and Dauber will have to break a leg to miss capturing the mile-and-a-half Belmont Stakes.

Sonny Whitney suddenly contracted a terrific yen for polo.

It got so bad that he telephoned New York sports writers for telling, and honesty, now well he played the game.

BEST OF LOT, BUT NO DERBY WINNER. Sonny Whitney inherited little of Harry Payne Whitney's love for thoroughbreds.

He sought a different thrill.

But he had that farm, and continued to breed horses.

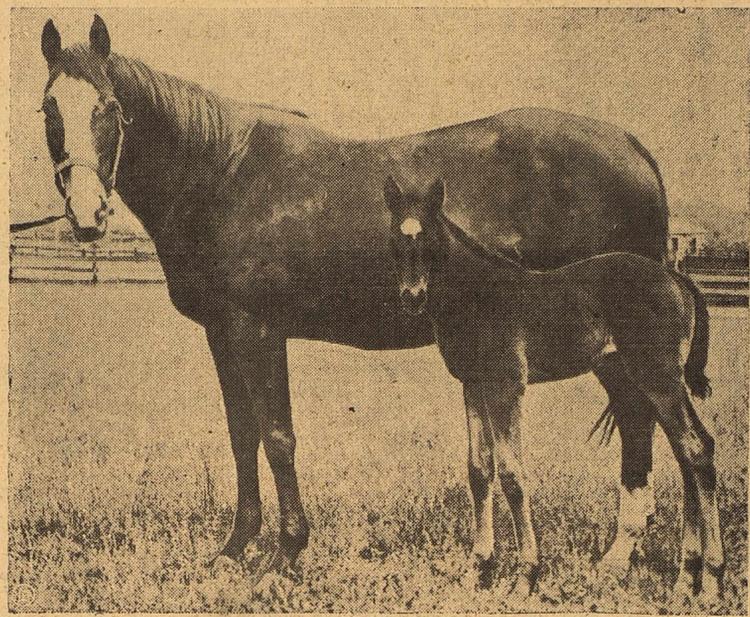

And now we have a son of Man O' War, out of Top Flight.

Top Flight won more money than any other member of her sex.

And she got it all in her 2-year-old year, when she ran them all bow-legged to grab \$219,000.

Top Flight was an overwhelming winter book favorite to cop the Kentucky Derby, but never got there. Fillies don't go so well in the spring.

You know all about Man O' War. Big Red was beaten only once, when he shouldn't have been beaten. He got \$249,000 when purses were what would be considered peanuts today, and was retired after he ran Sir Barton into the ground in a match race that ended his 3-year-

Top Flight and colt.

old year. Mand o' War was—and is—the greatest running horse of all time.

But to get back to Top Flight's foal and Sonny Whitney.

The New York World-Telegram is conducting a national contest to name the colt.

The newspaper received 5,000 suggestions in five days.

Of them, Whitney favors Flight Commander, although, a lot of other prefer Tom Man, Top Mast and just plain Junior.

Whitney is so stuck on Flight Commander that he will ask the Jockey Club to waive its registration rules because of the interest in naming Top Flight's baby.

NAME LIMITED BY JOCKEY CLUB RULES.

As it is, Flight Commander cannot be considered because it does not conform with the registration rules.

The registration regulations limit any equine title to 14 letters, including spaces and punctuation marks.

Among the better names suggested are Captain Courageous, Sustained Flight, and War for Man O' War. All of them are too long to be considered under the registration regulations.

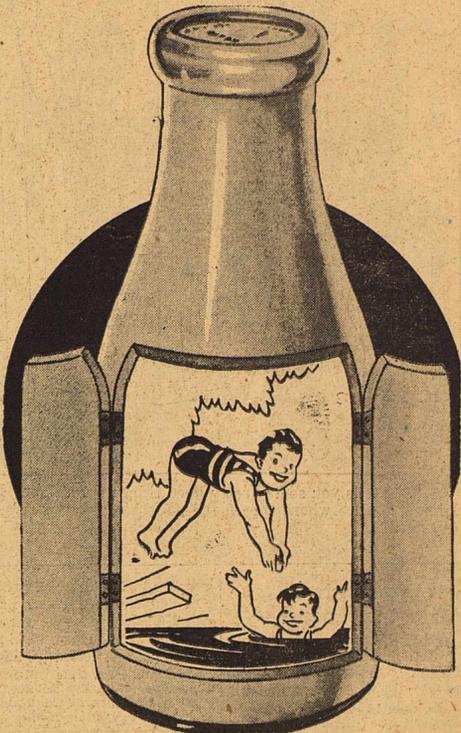

A horse cannot be named after any living person without that person's written permission. No name of a once-famous horse can be used without the sanction of the Jockey Club stewards.

Names are not acceptable if they smack of advertising. Once-used monikers are ruled out unless 15 years have elapsed since they were officially reported to the Jockey Club.

Colonel Lindbergh is suggested as the name of Top Flight's bright brat. This not only carries too many letters, under the present rules, but also would require the Colonel's permission. Incidentally, he had turned down 100 or more such requests.

It'll be Flight Commander, if Sonny Whitney has his way, and Flight Commander will bring back to the turf its most celebrated colors.

16 Lettermen Will Graduate at H-SU

ABILENE.—Commencement exercises at Hardin-Simmons University graduation time for sixteen varsity athletes at H-SU.

Best known Cowboy athlete to receive his sheepskin is Alton Terry, national champion javelin hurler, who carried the colors of the United States to the 1936 Olympics in Berlin, where he was the lone entry for Eldon Sam to place in that event.

Terry, a Brady boy, who completed degree requirements at mid-year, is now teaching at Richland Springs.

Clark Jarnagin, Graham, Cowboy center for three years, and H-SU freshman coach the past season, likewise finished his degree work at mid-year. Jarnagin is newly named as assistant varsity coach for next year, and will assist Coach F. Kimbrough, head grid mentor.

Burns McKinney, Wichita Falls, senior president, and Little All-American quarter, and Odie Crowell, Flomont, as co-captains of last year's undefeated Cowboys, head a roster of twelve graduating grid-ders.

These include Ed Cherry, Shamrock, and Mack Alexander, Etheridge, Tenn., signed with the Chicago Cardinals for next season, as is Crowell; Eldon Nahuron, Amarillo; Vestal Newberry, Childress; Frank Selfridge, Borger; Charles Radoslovich, Clayton, N. M.; R. T. Boutwell, Electra; Conway Frost, Priona; Leslie Clary, Paducah.

Departing basketballers include Vernon Payne, Levelland; Gordon Wood, Wylie, and Eldon Mahuron, from this past season's quintette, and Robert Glover, Eliasville, and Alton Terry, who rounded out their eligibility a year ago.

Alton Terry, Olympic trackster, is the lone graduating track and field letter-winner.

Two sport letter winners are El-

Land Trip 120 Miles, By Water 2,300 Miles

EAST LIVERPOOL, O. (UP).—The overland distance between East Liverpool and Conneaut, O., is 120 miles, but when two steel dump scoops now being manufactured here make the trip between the cities they will cover 2,300 miles each.

The carriers, 206 feet long, 40 feet wide and 14 feet deep, are being manufactured for two New York companies.

Tennessee Inaugurates State Flying Schools

NASHVILLE, Tenn. (UP).—State conducted flying schools at the five major airports in Tennessee are the first of their kind in the United States, according to Major Walter M. Williams, state aviation director.

The schools are open to all physically qualified citizens over 16 years, Williams said. Girls also are eligible for the schools, and more than a score asked admission.

Museum Gets Antique Quilt

BURLINGTON, Vt. (UP).—An antique bed quilt has been given to University of Vermont's Fleming Museum. The quilt, made at the outbreak of the Civil War, originally was owned by Mrs. Jane Huntington Henry, born in St. Albans on June 23, 1834.

Ritz Rukus at Ritz

They look hillbilly, they talk hillbilly, but don't let the whiskers fool you! It's the Ritz Brothers, as mountaineers with a Brooklyn accent (on a radio rampage in the corn likker country) in their new 20th Century-Fox comedy, "Kentucky Moonshine," now showing at the Ritz theatre.

Counsel for Harlan County Defendants

HAVING resigned as federal judge in order to "beat the New Deal," Charles I. Dawson is serving as counsel for the 69 defendants to be tried at London, Ky., for conspiracy against labor unionists in "bloody Harlan county."

Prehistoric Tooth Found.

LONDON, (UP).—A giant tooth of a prehistoric elephant has been found in a swamp by workmen digging the foundations for a building at Chiswick. The tooth measures 8 inches in length, is 5 inches high and 3 1/2-inch across, and weighs nearly 4 pounds.

Midwest Car and Bus Draw.

BRIDGEWATER, Mass. (UP).—When a "baby" automobile and a 30-passenger school bus tangled on South street, the result was a draw. Both machines were towed to a nearby garage. The driver of the midget car escaped with a shaking up although his automobile was rolled over in the crash.

Favors Shorts Ban.

PARRY SOUND, Ont. (UP).—Only thing that really shocks Mrs. William Newburn, who has celebrated her 102nd birthday here, is "the sight of young girls, parading the streets in shorts," she told friends who attended her birthday party.

Voters Get a Look at Reformed Philosopher Turned Politician

By WILLIS THORNTON
NEA Service Staff Correspondent.
CHICAGO.—The next congress may include an ignorant man and a philosopher.

You might not think that remarkable, but in this case it would be. Because the two would be one, in the person of T. V. Smith, candidate for congressman-at-large from Illinois. And that is the way Smith has described himself.

As to the philosopher, there is no doubt, for he is professor of philosophy at the University of Chicago and editor of the learned publication "Ethics: An International Journal of Social, Political and Legal Philosophy."

As to the ignorance, judge for yourself.

Thomas Vernor Smith has been known among his philosophy students at Chicago since 1927 as "T. V." In 1934 he heard "a call

more exacting than the clamor of criticism and more intoxicating than sweet voices of praise"—the call to public service. He ran for the state senate.

WON ON UNIQUE RADIO STYLE.

What is more, he was elected, for during the campaign he developed a radio style that won him the name of "The Eddie Guest of Politics." In most of his speeches he yielded to an impulse to "mutilate a beautiful poem" by quoting from memory.

Confessing an original abysmal ignorance of legislative matters, Professor Smith soon learned his way around among what he later learned to call "the most stalwart group of men that I have ever known."

Before his term was up he had earned two distinctions. First, a new nickname—"One-Bill Smith." That came to him because a nearly four years' legislative service he introduced only one bill. It is a provision for a legislative council which Smith believes will "wed scientific intelligence and political sagacity" by sifting out proposed legislation before the session and presenting a well-

Thomas Vernor Smith

other's throats won his regard. Their devotion and hard work impressed him. He likes politics.

"T. V.'s" chance of going to Washington after the fall elections is now regarded as excellent. In which case the capital would have its first chance to see a reformed philosopher turned politician—and proud of it—and who yet remains enough of a philosopher to say, "I fear nothing but ignorance, and of this I fear chiefly my own."

WTNM Averages

George Donaldson, Hobbs outfielder, lost 32 points that caused his average to drop to .534 during the week but he is still far ahead of the field. Outfielder Gagliardi of Clovis jumped his average up to .439 to take second place. Carr of Lubbock remained the home run leader with 12, and the RBI leader was McDonald, Clovis first baseman, with 43. The Lubbock team average dropped to .318, only one point ahead of Hobbs.

29 follows (Averages on Wink at Hobbs, May 27, and Midland at Hobbs, May 28-29, have not been received by the league statistician, will be included next week if received.)

Club Batting:

GOT CONFUSED WITH WOOLCOTT.

The other distinction was a radio campaign for Roosevelt in 1936 which put him in the front rank of radio spellbinders. Broadcasting as "Tom Smith of Texas," Smith's elier mannerisms and voice were so like those of Alexander Woolcott that many people believed Woolcott was "doubling in brass" in the political arena. They got each other's fan mail, and so much general confusion resulted that it became necessary to put them on the same program one night to prove that they were really distinct personalities.

Smith even carried his radio technique into his classroom work. He broadcast his philosophy lectures from his classroom over station WMAQ, and told his students that he didn't give a darn whether they came to class or lay in bed at home and listened, just so they listened. They listened, too. If he goes to congress this fall it has even been proposed that he could continue his philosophy lectures at Chicago by sending them back by special telephone hookup to the Chicago broadcasting station.

HAD NO CHANCE BUT HE WON.

In the Illinois congressional primaries this spring, Smith turned up as a candidate for congressman-at-large. As a professor, and a professor of philosophy at that, he wasn't given much chance, especially with the Kelly-Nash machine against him.

But for two weeks Smith toured the state by auto with a group of associated Horner-faction candidates, delivering six speeches a day in six towns. He got in some good hits with the League of Women Voters, and overshadowed Colonel Knox and Alfred Bingham on a joint town meeting program.

When the counting was over in the primary, Smith led all his associates, and despite running far behind in Chicago, he polled so big a downstate vote that he carried in with flying colors poised atop a mountain of 574,452 votes. And that is too many votes to have been cast exclusively by former students.

If Smith gave Illinois legislators and voters a new respect for philosophy, he acquired for himself a new respect for politics and politicians. Their function as compromisers between factions that might otherwise be at each

enies Politics n Kentucky WPA

Denying that WPA operates on a political basis in Kentucky, George H. Goodman, above, state administrator, declared charges made by Judge Brady M. Stewart in a letter to President Roosevelt "without foundation." Stewart campaign manager for Gov. A. B. Chandler, Senator Alben Barkley's opponent in the Kentucky Senate primary, contended that WPA money is being used to promote the Barkley candidacy.

Carmel Finally Decides It Requires Town Jail

CARMEL, Cal. (UP).—For years past this city's literary, artistic and musical colony has successfully resisted all attempts to have a town jail.

Now, with the city administration in the hands of the art colony, a jail is being demanded. Reason: So many empty beer cans were thrown on the colony's white sandy beach Easter by students and visitors generally that it has been decided proper policing and a jail are necessary if the town is to be kept clean.

Smithfield, London, is the largest and oldest meat market in England. It has an annual turnover of 500,000 tons, including eggs, meat, and poultry.

Nuggets Buy Subscription.

YREKA, Cal. (UP).—C. L. Barnum of Walker, Cal., has returned to early bartering methods. When he wanted his subscription to the Siskiyou News renewed, he mailed an envelope containing three small gold nuggets estimated to be worth \$3.25 and asked that they be applied to his subscription.

Thief's Conscience Glimmers.

PASADENA, Cal. (UP).—A local thief has solved the problem of how to be a thief and yet partly save his conscience. He stole a valuable camera from a student of the California School of Technology, pawned it for only a fraction of its value and then sent the pawn ticket to officials of the school.

Young Buckaroos Trained.

RENO, Nev. (UP).—Young buckaroos are thicker at Reno for the moment than divorce clients. More than 185 children are in training here entitled "Kid Buckaroos." They range from 4 to 13 and tests are still being taken of additional prospects.

Australia to Hunt Oil.

CANBERRA, (UP).—The government has purchased one of the most powerful boring plants ever exported from the United States for sinking deep wells to test the oil-bearing possibilities of several Australian fields.

Pictures Tire Art Collector.

LONDON, (UP).—Although he has handled millions of pounds worth of art, John Howard, Royal Academy collector, will not have a picture in his house. He says if art is your job, it is nice to get away from it for a few hours every day.

Grounds for Spanking.

VISALIA, Cal. (UP).—Chief of Police Harold Hicks proved himself a super G-man when a frightened citizen rushed in with a postal card demanding \$450 "or else." After an intensive study of the card he asked the man if by any chance he had a young son who read detective stories. He had.

Woman "Calls All Cars."

PIEDMONT, Cal. (UP).—The local police department has employed Mrs. Pearl Oamiano as police radio announcer. She is the third woman in the United States to be given the job of calling police cars and broadcasting police announcements.

At one time, the Libyan desert was a fertile region.
