## U. S. "Fuehrer"

Fritz Kuhn, sub-leader of the Nazi German-American Bund, told a New York state committee investigating Nazi activities, that both the Republican and Democratic parties are "dominated by Jews." Photo shows him on the witness stand. Although German-born himself, he declared, "The Jews we do not consider Americans," and defended the Bund practice of teaching the Nazi salute rather than the American salute on the ground that "it is the coming salute for the whole United States."

## Steps Taken to Have City Named Site of Veterans' Hospital

Initial steps were taken here today toward making application for location at Midland of one of the two new veterans' hospital projects announced yesterday at Washington.

R. C. (Red) Langston, Midland oil lease broker, proposed to Clarence Schaubauer, also to the chamber of commerce and the American Legion post that application be made from here. Telegrams were sent immediately by Schaubauer and by officers of the chamber of commerce to Congressman R. E. Thomson, asking support of Midland.

J. F. Friberg, legion commander, wired General Hines, asking consideration of Midland and for information as to making formal application.

Citizens and organizations here were invited to "take a hand" in enlisting all possible interest in making Midland the location for one of the institutions.

The Public Works administration announced presidential approval Saturday of 22 veterans' hospital projects with total allotments of \$13,268,200.

The hospitals, located in 19 states will have a total capacity of 5,599 beds. Veterans administration officials said work probably would be under way by Aug. 15.

The projects included: Waco, \$266,000; at a Texas location yet to be determined, \$1,435,000.

## Trio Returns from Trip to New Mexico

City Engineer A. M. East, Butler Hurley and Chamber of Commerce Manager Bill Collins returned last night from Hot Springs, N. M., where they attended a meeting of the Southwestern conference of mayors and chamber of commerce representatives on Friday and Saturday, Midland being selected as the next convention city.

East appeared on the program Saturday morning, making an address on "WPA Work in Midland." Collins, a vice president of the organization, responded to the address of welcome Friday afternoon.

Mayor M. A. Harlan, El Paso, told the Midland delegation that Mayor Fiorello La Guardia of New York had said definitely that he would attend the next meeting of the conference, which will be held in September.

## "On to Pecos" Taken As Slogan for Group To Attend Big Rodeo

"On to Pecos" is the slogan adopted by the arrangements committee of the Midland rodeo to the rodeo celebration in Pecos on next Monday, July 4, as members of the committee this morning started "bearing down" in an effort to line up the largest motorcycle ever to represent the city of Midland. It is hoped that at least 60 cars will join in the procession which will leave here Monday morning at nine a. m. arriving in Pecos at 11:30.

## Air Victory Claims Made By Japanese

### 36 Chinese Ships Declared Downed In Battle Sunday

SHANGHAI, June 27 (AP)—Chinese and Japanese warplanes clashed Sunday, high over Nanchang, Generalissimo Chiang Kai-Shek's largest air base, but the outcome was in dispute.

A Japanese communique reported between 33 and 36 Chinese planes were destroyed and admitted loss of three Japanese craft.

The Japanese said the attack was started by three groups of army planes which engaged a Chinese squadron. Between 12 and 15 of the Chinese planes plummeted to the ground in this phase of the battle, the Japanese communique said, while three of the attacking planes were lost.

Japanese naval planes took up the battle at noon, engaging 20 Chinese planes in "dogfights." Six defending craft were shot down, the Japanese said, while a second contingent of naval planes brought down 13 more.

The Japanese said their airmen then carried out a bombardment of the airdrome in which two grounded Chinese planes were destroyed.

The only available Chinese report declared there were no Chinese losses and that two of the attacking craft were destroyed.

Nanchang is the capital of Kiangsi province, within 150 miles of where the Chinese-Japanese struggle for mastery of the Yangtze river has centered.

The offensive had reached within 200 miles by river from Hankow with Japanese gunboats forming the spearhead of forces under orders to blast a path through Chinese shore batteries and cross river booms.

Japanese planes bombed Chinese positions on both banks of the Yangtze between recently fallen Nanking and Matowchen. The airmen reported inflicting "heavy damage."

Northern Kiangsu province was bombed, particularly around Fowling, about 350 miles north northwest of Shanghai, to prevent reorganization of defeated Chinese forces near the eastern terminus of the Lunghai railway.

## Search for Young McCormick Again Proves Fruitless

ALBUQUERQUE, June 27 (AP)—Hampered by rains, more than 100 men continued to search today for Medill McCormick, wealthy young mountain climber who has been missing since Wednesday.

ALBUQUERQUE, N. M., June 27 (AP)—Another fruitless day of search for Medill McCormick, 21, publishing family scion, was concluded Sunday night as the rocky heights of Sandia Peak for the third successive day mocked efforts of scores of searchers to learn his fate.

Nearly 350 men, including some of the finest mountain climbing talent in the Rockies, were baffled by the boy's whereabouts.

The search was spurred briefly late in the day by a report that what appeared to be McCormick's body had been sighted on the high face of the peak. It appeared another of many such false alarms, as a search party was seen through powerful glasses to have reached the spot in question and go on down the peak.

McCormick's climbing companion on an expedition up the peak which started last Wednesday, Richard Whitmer of Albuquerque was found dead beneath the peak's rocky face, killed in a fall.

As another day ended, Mrs. Ruth Hanna McCormick Simms, the mother, was near the breaking point. The report was made by Chief E. J. House of the New Mexico state police, and Lieutenant William Ehrert, looking through a high-powered solar telescope.

The spot was approximately 700 feet above the rocks where the battered body of Richard Whitmer, young McCormick's companion, was found late Friday high in the mountains.

The report was relayed to the base camp by field radio on the mountain side, which was swept by intermittent rainstorms late in the day, making climbing hazardous.

The turquoise New Mexico sky, from which a burning sun had shone earlier, was clouded by thunderheads which augured more rain and real peril to veteran mountain climbers if the showers continued.

The 200 or more searchers were augmented by moccasined-shod Sandia Indians and a detachment of 115 CCC enrollees from camps at Santa Fe, Rio Puerco, Montano and Moriarty.

It was the third day's intensive activity since an alarm went out for McCormick and 20-year-old Richard Whitmer, Princeton student who began an ill-fated climbing expedition last Wednesday.

## At Oh, So-Extremely Long Last

It finally happened, folks: they've cast Scarlett O'Hara and Rhett Butler. Those two children of the southland—Norma Shearer, above (of Montreal, Quebec), and Clark Gable, right (of Cadiz, O.)—will play the leads in the movie version of "Gone With the Wind." What's more, David Selznick proclaims that he will have the cameras grinding on the spectacle by Christmastime. Miss Shearer won the much coveted part of the Georgia harriidan after Selznick had spent nearly \$300,000 testing various aspirants for the role. Margaret Mitchell who wrote the book, said she thought Shearer and Gable would make a "grand team."

## France and Britain Warn Japanese Stay Off Hainan Island

LONDON, June 27 (AP)—Britain and France have warned Japan to stay off Hainan Island, just off the South China coast, it was reported today. The two will act in support each other in case "complications" arise, the government informed the house of commons today.

Japanese planes were reported today to have bombed Hainan.

## Traffic Deaths in The State Decline

AUSTIN, June 27.—Texas traffic deaths continued a downward march in the month of May when 127 fatal casualties were recorded by state police. This followed an all-time low in April of 94 deaths and was a decrease of 41 compared with May, 1937.

Records for May also revealed a decline of nearly 1,000 injured persons since April. Still, 1,045 persons suffered hurts in traffic collisions last month.

Of interest to state safety experts, who study conditions surrounding collisions, was the comparatively small number of pedestrian deaths—36. This indicated, they pointed out, that drivers are proceeding more slowly and pedestrians are more careful when crossing at intersections. Also, persons walking along streets and highways proceed to avoid oncoming traffic and not with their backs to vehicles. Educational programs have proved the value of this practice to pedestrians.

The hour at dusk—seven to eight p. m.—continued as "death hour," according to state recorders who said nine met death in May during that period.

State police officials believe the lower death rate is due to aroused public opinion, a more enforcement by local officers and increased highway vigilance by state police.

An additional 100 highway patrolmen were added to the force in June and are expected to provide for increased driving safety.

Another warning was issued by the safety officials to vacation drivers and tourists not familiar with Texas highways and traffic regulations. The officials urged motorists to stay within speed limits, eat lightly and get plenty of sleep before making long drives.

## Legion Called "Fascist" By College Group

NEW YORK, June 27 (AP)—The American Legion was denounced as "fascist and unpatriotic" today in a survey of the veterans' organization published by the Teachers' College of Columbia university.

The release was made as approximately 15,000 educators gathered for the annual convention of the National Education association. It called on school officials to quit "pandering" to the legion.

## "COLLEGES HOTBEDS OF COMMUNISM"—DOHERTY.

WOBURN, Mass., June 27 (AP)—Replying to a survey of the Teachers' College of Columbia university, Daniel J. Doherty, national commander of the American Legion, today asserted "it is well known many institutions of higher learning are hotbeds of communism."

## Swedish Prince and Princess Welcomed To Country by FDR

WILMINGTON, Del., June 27 (AP)—President Franklin D. Roosevelt, standing under a rain-drenched canopy, today welcomed in "true friendship" the prince and princess of Sweden.

From them, the chief executive accepted a monument raised by Swedish people on the spot where the first of their countrymen landed in the new world.

The President also paid tribute to the Finnish.

Crown Prince Gustave Adolph, Crown Princess Louise Alexandra and Prince Bertil of Sweden, heading a distinguished delegation from Sweden and Finland, arrived on the liner Kingsholm to meet the president.

Their trip to dedicate the shaft of black granite topped with a replica of one of the settler's ships, the Kalmar Nyckel, returned the visit to Sweden last December by a group headed by Governor Earle of Pennsylvania.

## Government Forces Halt Rebel Drive On Valencia Today

BARCELONA, June 27 (AP)—As the insurgent drive on Valencia was checked today, attackers turned into defenders. The Spanish government received urgent notice of the formation of a neutral commission to investigate aerial bombardments of unfortified cities.

The notice served to quiet threats of reprisal air raids from the Spanish government.

## District Attorney To Handle Charges Against Governor

HARRISBURG, Pa., June 27 (AP)—Judge Paul N. Schaefer refused today to permit Attorney General Guy K. Bard to supersede the district attorney in the proposed grand jury investigation of charges of political graft and corruption aimed at Gov. George H. Earle and 13 persons connected with his administration.

## Body of Drowned Man Found Today

CLARENDON, June 27 (AP)—The body of Bert Freeman, who drowned with his wife and small son in a creek near here June 15, was found today a mile below the site where the family was swept away by flood waters.

The body of Mrs. Freeman was found several days ago but a search is being continued for the body of the child.

## Strike Causes Famous Ringling Bros. Circus to Return to Winter Quarters

SCRANTON, Pa., June 27 (AP)—A thunderstorm delayed the "home trip" of the Ringling Brothers, Barnum and Bailey Circus last night but it was still scheduled for a storehouse because of a labor dispute.

An executive of the circus scoffed at reports the big show, that had completed only about a third of its summer schedule before it was closed by a strike Wednesday night, would be sold piecemeal.

John Ringling North, director of the circus, and Ralph Whitehead, chief of the American Federation of Actors, have agreed over the conditions of ending the big show's tour but neither has retreated from his stand on wages. North insisted on a 25 per cent cut. The union refused.

## University Lands Lease Sale Puts \$283,703.50 in Coffers

Dr. Hal P. Bybee and Berte R. Haigh, University Lands geologists, returned from Austin during the week-end well pleased with results of the public auction of oil and gas leases on University Lands held Friday. Bonus payments ranged as low as \$77 for a quarter section tract to as high as \$24,000, the latter price being paid by P. G. Northrup for 165.2 acres, being the southwest quarter of section 30, block 40, Andrews county. Four tracts in that vicinity brought bonus payments of more than \$20,000, Northrup being the purchaser.

John I. Moore of Midland purchased the largest number of tracts, his top price being \$12,246.50 for 2,449.3 acres in Reagan county, being sections 12.13, 18 and the east half and the southwest quarter of section 19, block 48. Moore bought leases in Reagan, Reagan-Crockett and Crockett counties.

Total receipts for the sale were \$283,703.50 for 133 tracts in Crane, Andrews, Reagan, Reagan-Crockett and Crockett counties. Several tracts, catalogued for the sale, were passed and the lease board rejected four bids. Col. Waters, renowned Oklahoma auctioneer, conducted the sale.

Purchasers included the Atlantic Refining Co., Tidewater Associated Oil Co., The Texas Company, Gulf Oil Corporation, Magnolia Petroleum Company, Phillips Petroleum Company, Cities Service Oil Company, P. G. Northrup, Humble Oil and Refining Company, C. E. Hyde, John I. Moore, Russell B. James, D. L. Jobe.

## New Wage Scale for WPA Workers Listed

WASHINGTON, June 27 (AP)—The Works Progress administration ordered Sunday pay increases averaging about five dollars a month for all WPA workers in 13 states, mainly in the south.

The WPA estimated 500,000 in the lowest wage brackets would benefit.

Making the announcement, Administrator Harry L. Hopkins said: "The new minimum wage rates created for these half-million workers receiving the lowest monthly security wages, while still inadequate in my judgment, give these people something nearer to an income which will assure a minimum standard of living."

The increase was ordered at the direction of President Roosevelt, the announcement said.

The states include Louisiana and Texas.

Hopkins said the new scale meant that no WPA worker would receive less than a dollar a day in any region.

Comparative monthly wage scales announced for the various states include:

Louisiana and Texas—Old scale, \$21 to \$35 for unskilled to \$42 to \$75 for professional and technical workers; new scale, \$26 to \$40 for unskilled, no change in other schedules.

The announcement said the schedule for any county would be based on the 1930 population of the largest municipality in the county in accordance with the wage scales for cities.

## Planting of Crops Starts In the Country

### Precipitation in Midland Amounts To 3.02 Inches

Midland county farmers, many of whom had been unable to plant crops of any kind this year, today were rushing to work after one of the heaviest rains in months fell here.

Although it is considered too late to plant cotton safely, the feed crop this year is expected to be of record size as many farmers will turn their

County Agent S. A. Debnam today declared it would not be necessary for farmers to plant cotton to draw their cotton benefits. They will receive benefits on their allotted acreage since it is considered too late to be sure of making a crop.

cotton acreage to feed various kinds. Many of them declared there was ample time to raise plenty of feed if rains are received at propitious times.

District Judge Charles Klapproth this morning excused all farmers from jury service this week in order for them to start work at planting.

Reports indicate that the precipitation was general all over the county, ranging from one to five inches. Inside the city limits, rainfall over the week-end totaled 3.02 inches, according to reports by John Crowley, federal weatherman.

The southeast part of the county, which had received rain early last week, was again benefited by heavy showers Saturday night.

In Midland, streets were full of water between midnight and daylight yesterday morning and in many places the waters broke over the curbs. Water crept over the curb and almost to the front door of Hotel Schaubauer after midnight yesterday. In Mexican town and in Moody addition, some damage was reported as waters invaded a few houses in low spots.

A total of 2.45 inches of rain fell in the city between 11:30 Saturday night and 7 o'clock yesterday morning and a total of .16 of an inch fell during the morning. Previously 41 of an inch had fallen.

One of the heaviest rains reported was southwest of Midland at the Parks ranch and at Foy Proctor's "Jones place." To the northwest, over a part of the C ranch and Aycock range, heavy rains Friday night and Saturday were caught, with several newly built tanks under the range conservation program being filled.

Ranchman Sunday, eager to look over their ranges after the rainfall of the night before, encountered muddy roads, several of them having their automobiles "stuck" or bogged down.

In all directions from Midland, over the farms and ranch territory, rain was reported, the lightest fall being one inch at the Leonard Proctor ranch in Reagan county. The Sam Preston ranch, closer to Midland, received almost two inches, with the fall getting heavier all the way to town.

Numerous farms, where planting had been completed on the showers falling Tuesday ago, had crops up to a good stand by the rains Friday and Saturday nights.

Heavy rains were reported in the Lovington and Andrews areas, also all along the road from El Paso to Midland.

Balmorhea was open to traffic only from El Paso. Traffic on the Pecos road was stalled at Saldraw, 10 miles south of Pecos.

A large bridge across the main canal of the Reeves county irrigation district at Toyahvale was snapped in two by the waters Sunday morning, blocking travel along the Balmorhea-Fort Davis road.

TRAFFIC CRIPPLED IN BALMORHEA AREA. Balmorhea, June 27 (AP)—Rail and highway traffic was still crippled here today after four days of heavy rains. Sandia creek, ordinarily dry, is now a mile wide.

## WPA Project Here Declared Eligible

David K. Niles, Assistant Administrator of the Works Progress Administration, Washington, D. C., announced, under date of June 27, 1938, the following project has been designated as eligible by the President:

A project numbered State 20367, for which is allotted the sum of \$11,256 to provide employment for needy persons in Midland county in the maintenance and operation of sewing rooms. The project employs mostly women. The project is sponsored by the Commissioners' Court of Midland county.

## Behind the Scenes in Washington

Editor's Note: The opinions expressed in this article are those of Mr. Dutcher, NEA-Reporter-Telegram Washington correspondent, and are not to be construed as expressing the editorial policy of The Reporter-Telegram.

WASHINGTON, June 27.—Senator Augustine Lonergan of Connecticut is tentatively slated for political slaughter by Mr. Roosevelt and his New Dealers.

Tentatively only, however, because the President is anxious not to stick his neck out in his effort to obtain nominations of progressive Democrats except in situations where he thinks he has a fair chance to win.

In Connecticut, nominees are named by party state conventions rather than by direct primary vote and thus far the New Deal strategists have been unable to convince themselves that they can find a liberal Democrat who can beat Lonergan.

If there is to be a New Deal candidate it probably will be Congressman Herman P. Koppelman of Hartford, a member of the House progressive bloc.

Lonergan is in solid with the Democratic state machine despite the fact that he opposed the Roosevelt Supreme Court plan and voted against the administration reorganization bill.

But the New Deal "elimination committee" is betting on the hope that the recent Waterbury graft indictments will sufficiently demoralize the state machine to enable them to push through their own candidate.

YES, CUMMINGS IS STILL GOING TO QUIT. Certain Washington correspondents have developed bad cases of writing cramp by simply reiterating the prediction that Attorney General Homer S. Cummings was about to resign and this writer is not altogether free of the symptoms himself.

### "Don'ts" Cited for Motorists on Fourth

AUSTIN.—It would be a glorious Fourth of July if no accidents occurred to mar the joy of celebrating our one hundred and sixty-second anniversary of independence, declared Dr. Geo. W. Cox, state health officer.

It is not alone the wounds received from explosives that increase our death toll. Injuries from automobile accidents, splinters, nails, and other penetrating wounds in which dirt may be carried into the skin, heighten the hazard of tetanus, or lockjaw as the disease is commonly called.

Tetanus is fatal in a large proportion of cases. Fortunately we have tetanus antitoxin as a means of preventing the disease. Antitoxin must be administered promptly following the accident.

A few don'ts for the Fourth of July celebration would not be amiss.

1. Don't be careless in the handling of explosives.
2. Don't look into firecrackers which have failed to explode.
3. Don't drive recklessly and at excess speeds.
4. Don't overdo in swimming, especially in water of unknown depth.
5. Last and most important: Don't fail to get prompt medical attention if a wound is suffered.

### 9400 Texans Working On Projects of NYA

AUSTIN.—At the end of this fiscal year, 9,400 young Texans were being employed part-time on National Youth administration work projects in Texas, J. C. Kellam, state Youth director, announced.

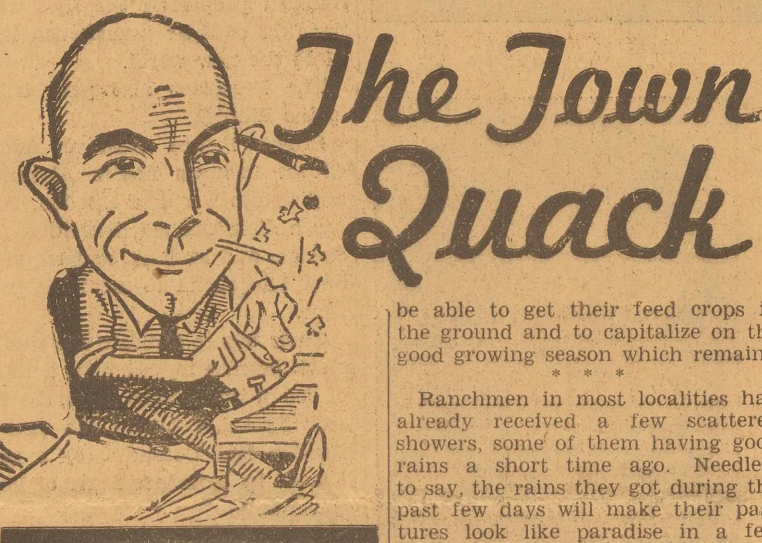

These young people, many of whom have never had a job before, are assigned to 250 work projects which are sponsored by city and county governments, by school district boards, and by other public agencies.

Construction work is underway on four community centers, which NYA youths are helping build for the use of their home towns.

On these and other projects over the state, the NYA is providing part-time work and job training for these boys and girls who haven't yet found their place in industry.

### Girl Swallows Pin In Etiquette Faux Pas

OAKLAND, Cal. (UP).—The latest rule of etiquette is that if a young man is merely going to take his girl friend for an auto ride, he should not present her with a corsage.

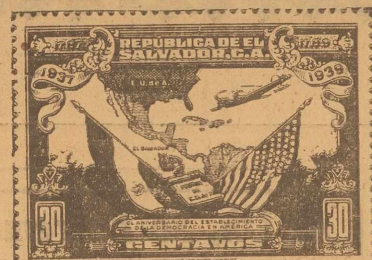

It's an old saying that this is the best county in the world—WHEN IT RAINS! Probably the expression should read like the oil and gas lease forms, "if and when," but the "when" always gets here sooner or later.

Home owners around town will have a little relief on the water bill, now that the lawns have been soaked with rain water.

## Feminine Fancies

There's only one thing better than a leisurely bath with a dash of cologne afterward to pep you up after a hard day's work. That is to have some one whose opinion you value say something wonderfully nice to you.

Rhapsodies have been written and spoken on the subject of such foods as baked ham and fried chicken and roast lamb. But one dish has been neglected that in our humble opinion deserves ecstatic praise as much as these. That is bacon—just plain, thin, crisply-cooked, crunchy bacon strips such as you can get any day for breakfast down at the corner drug store.

Ham and chicken are festive dishes—but like most festive things they pall with constant use. While bacon, well-cooked bacon we hasten to add, is something to give thanks for 365 days in the year. It is homely and plain, it remains forever good—daily appearance does not mar its breakfast table appeal.

Did you know that the Mexican prints—that is the prints with Mexican design—that you have been seeing in housecoats and dirndl dresses of late is now available in piece goods?

Brightly colored and being good comrades to the washboard and iron, these prints give quite an up-a-swimming party. After the swim, the group will go to Crier park for games and refreshments.

So far as clothes are concerned, our idea of heaven would be a place where we could have all the gorgeous dresses we wanted. And our idea of paradise, as a kind of half-way station between heaven and earth, so far as clothes are concerned, would be to have all the dresses we really needed—and be able to keep them in apple-pie order all the time.

We sometimes wonder if the women who write the beauty columns that would cast a girl beyond the pale if she wears a white collar even faintly soiled or shoes that are not shined to mirror quality or fails to brush her suit before putting it on the hanger—sometimes wonder if these writers ever were girls working on a slim salary with few facilities for keeping their clothes in perfect neatness. Little time to do it in, and few clothes to work on in the first place?

Well, such columns and such warnings as to the awful outcome of those who err from the path of fastidious neatness and cleanliness at least set a high goal for the readers which is bound to do some good—whether or not the goal is reached. We vote for the writers who keep right on ding-donging about neatness and order.

## Clever Clogs.

This is the season for unusual footwear—unusual and amazingly comfortable, too. Lighter than they look and fine for country vacation wear are the new thick-soled clogs. Look at them in an white or dark colored punctured pig, open-shanked and open-toed with a clever crisscross lattice with the instep. And if you are proud of your small feet, clogs will make them look even smaller.

## Group Dances at Country Club

Approximately 30 persons gathered at the Country club Saturday night for an informal evening of dancing, with E. B. Dozier as host.

Music was furnished by the club nickelodeon.

Visitors were present from Borger and Goldsmith, Mr. and Mrs. Frank Harrington being the guests from Borger.

## White Vivifies Summer Tan

For spectator and sports wear, all white costumes are smart and usually flattering to suntanned skin. Sharkskin is one of the season's favored fabrics. It is cool, launders beautifully and tailors smartly. An entire white sharkskin outfit might include neat slacks with tailored halter, three-piece suit with pleated shorts and separate skirt, a simple spectator shirtwaist frock with fly front and a three-piece suit with long fitted, short-sleeved coat.

## Mrs. Alf Reese Is Hostess to Bridge For Saturday Club

Quantities of Shasta daisies in the playing rooms lent a note of summer festivity to the afternoon bridge with which Mrs. Alf Reese entertained the Saturday club at her home, 712 W. Storey, Saturday.

Four tables of bridge occupied club members and a trio of guests during the afternoon. Circus girl tallies were used in the games and circus wrappings for the prizes.

Mrs. Donald M. Oliver held high score in play and Mrs. Wade Heath cut.

At the conclusion of the games, a fruit plate was served.

Playing guests were Miss Aldine Goss, Miss Evelyn Phillips and Mrs. Charles Edwards Jr. of Lampasas.

Members present were: Mmes. W. M. Blevins, Oliver, Heath, Baron Kidd, Johnny Starr, Frank Miller, Tom Sealy, John M. Speed Jr., Thomas Lee Speed, Louis Thomas, Hugh West, Jack Wilkinson, Miss Georgia Goss, Miss Lucile Thomas, and the hostess.

## Swing Music Arouses Indignation Of Addie and Effie; Cherry Sisters

CEDAR RAPIDS, Ia. (U.P.)—Swing music—even the hottest kind—wins only a shrug of disdain from Effie and Addie, last of the Cherry Sisters troupe that packed 'em in on Broadway more than a quarter century ago.

"Why, it ain't even music," says the story of a girl betrayed by a Spanish cavalier, that won for Effie and Addie the appellation of the "Veg-etable Twins."

Given its premiere at Hammerstein's old Olympic theater in New York, "Worse Than Death" drew such a barrage of fresh and not so fresh produce, hats, cob pipes and anything throwable, that the Cherry Sisters afterward reportedly performed behind chicken wire netting.

This they deny, contending reports of the audience's reaction to their skit were "grossly exaggerated."

## Washing Gloves Safely.

Washable fabric gloves may be kept meticulously clean and still hold shape and color with careful laundering. Use only a mild soap thoroughly dissolved in warm water. Avoid rubbing soap directly on the gloves or rubbing gloves on a board. Try rather to soak the soil from the gloves by gently squeezing the soles through the fabric. If the soil is stubborn, brush the soiled spots gently with a flexible brush. Rinse thoroughly in tepid water, squeeze dry and stretch on glove form or stuff with tissue paper to preserve shape and prevent color running. Hang in shady, airy spot to dry.

# UNDER THE BIG TOP

THANKS FOR THE CAMEL, NOW MISS CONCELO, HOW ARE CHANCES FOR A STORY ON YOUR BIGGEST THRILL AS A STUNT AERIALIST?

OH, NO, LADIES FIRST, TONY, TELL HIM ABOUT YOUR FIRST TRIPLE SOMERSAULT IN THE AIR!

OH, ASK TERRELL ABOUT HIS LIONS!

WELL, YOU SEE, NO WOMAN TO MY KNOWLEDGE, HAD EVER EXECUTED A TRIPLE, MID-AIR SOMERSAULT. I'LL NEVER FORGET THE FIRST TIME I TRIED IT UNDER THE BIG TOP...

"...BUT AS I WHIRLED OFF INTO SPACE... ONCE... TWICE... FOR A SPLIT-SECOND I PRACTICALLY LOST CONSCIOUSNESS..."

"...BECAUSE THIS STUNT REQUIRES GREATLY INCREASED SPEED, I HAD TO DEPEND ALMOST ENTIRELY ON AUTOMATIC TIMING..."

"...THREE TIMES... AND... I MADE IT! MY TIMING WAS PERFECT, AND ANOTHER 'FINE PERFORMANCE' LEFT ME THRILLED AND SAFE!"

"WELL, THAT'S NOTHING TO TERRELL'S BIG MOMENTS. TELL HIM ABOUT THE TIME SPARKY OVER TOOK THEM, ALMOST FINISHED YOU!"

PHEN! I'LL STICK TO MY REPORTING

"I HAD ALMOST COMPLETED MY ACT WITH 25 LIONS, WHEN SPARKY AND ANOTHER MALE WENT FOR EACH OTHER..."

"TRYING TO BREAK IT UP I WAS KNOCKED DOWN AND SPARKY TURNED ON ME. HE LOOKED AS BIG AS AN ELEPHANT FROM WHERE I WAS SPRAWLED. THINGS LOOKED PRETTY BAD, BUT..."

"...BY FAST THINKING AND MOVING, I GOT THE UPPER HAND. BEFORE I LEFT THE CAGE, EVERY LION WAS BACK IN PLACE."

YOU'RE RIGHT, TERRELL, THERE'S A BIG DIFFERENCE BETWEEN CAMELS AND OTHER KINDS—IN MILDNESS, IN TASTE, IN THE FEELING OF CONTENTMENT THEY GIVE—IN SO MANY WAYS

WELL, WE ARGUE ABOUT WHOSE JOB IS THE HARDEST, BUT WE SURE AGREE THAT WE CAN'T RISK SHAKY NERVES

AND YOU CAN BET THAT'S A BIG REASON WHY WE BOTH SMOKE CAMELS. THEY NEVER BOTHER OUR NERVES!

YOU have to know tobacco to raise the fine grades planter Joe Brewer grows every crop. He says: "Last year my best lots went to Camel. I smoke Camels. Most planters I know do. They know the finer tobaccos that go into Camels."

Calvin Wiggins, experienced planter, specializing in raising quality tobaccos, says: "The best of my last crop was taken by Camel. They paid top prices. Most growers smoke Camels—we know they're made of costlier tobaccos."

"For a better cigarette, I always say smoke finer tobaccos," says Lee Mason, who grows the finer grades he speaks of—he's grown them for years. "I've seen the choicer tobaccos go to Camel many times. That's why I smoke Camels."

# CARD-BARON GAMES RAINED OUT; HOBBS CLUB HERE 3 DAYS

## INITIAL GAME OF SERIES TO START TONIGHT AT 8:30

After being rained out in what was to have been a double header in Big Spring yesterday, the Cardinals return home today for the first of a three-game series with the Hobbs Boosters. The game starts at 8:30.

As the Wink Spudders and the Lubbock Hubbers were also rained out yesterday, the Cardinals maintained their one-point hold on third place in the league standings. The Clovis Pioneers handed the Hobbs club a double defeat yesterday and increased their lead over the Cardinals to a game and a half.

The Cardinals did all right on their road trip as far as actual playing was concerned, but the weather man played havoc with their plans to gain on the league leaders. After splitting a pair with Wink they saw the third game washed out and after taking the first two games of the cellar Big Spring team the same thing happened, leaving them three games that will have to be made up on foreign fields.

The Cardinals, right now, are playing their best ball of the season. The pitchers are managing to go the entire route in nearly every game and new blood on the infield has improved one of the greatest weaknesses of the club earlier in the year. Double plays, a rarity for almost a month, are being turned in almost daily nowadays.

Following the three games here with Hobbs, the Cardinals will go to Lubbock for three games in as many days, returning here July 3 for one game with Big Spring and a doubleheader the next. They then depart for nine days.

If, however, the pronunciation is too much for you, the school says you had better see your dentist.

### Malaya Flying Corps Pays Its Own Way

SINGAPORE (U.P.)—The "air force" of Malaya's volunteer army claims to be the only unit in the defense forces of the British Empire whose members pay for their training out of their own pockets. Lieut.-Col. H. B. Saville, commandant, Federated Malay States Volunteer Forces, declares in his annual report that the unit known as X Flight, is 100 per cent efficient, "which is all the more creditable because members of this unit carry out their flying at their own expense, since no allowances of any sort are payable."

## Buckeye Bugs See All-Ohio World Series in Violent Red Uprising

Paul Derringer

Bucky Walters

BY HARRY GRAYSON, Sports Editor, NEA Service.

Let New York talk of another nickel world series. Ohio has its own ideas about that.

Buckeye aren't the only things blossoming there, although it took the amazing no-hit, no-run feat of Johnny Vander Meer to let the cockeyed world know that there were pennant possibilities at both ends of the state.

If Cleveland is hot now that its Indians have again straightened themselves out in the tepee, Cincinnati is on fire.

The clubs would have something out of the ordinary to offer in a fall fashion show, too, with matches between the young fireball flingers, Bob Feller and Vander Meer, and Johnny Allen and Paul Derringer, and the war clubs of Earl Averil and Hal Trosky replying to the big guns of Ernie Lombardi and Frank McCormick.

There is considerable evidence that the Indians will not fold up this trip. . . unmistakable signs that

the Reds are not spring daisies. Warren Giles didn't give the Phillies at least \$25,000 and two players worth \$7500 each for Bucky Walters to keep the Reds out of eighth place. One report has it that the Philis collected as much as \$60,000 in that transaction.

REDS SHOOT FOR LONG END OF SWAG. Bill McKechnie didn't sacrifice Alex Kampouris to obtain his former employe, Wally Berger, and more hitting strength because he was satisfied with a combination that had lifted itself from the basement to within a mashie shot of the National League lead.

McKechnie expected Berger to start manufacturing home runs again. . . believes that his trouble in New York was that he was not played regularly.

The Reds are shooting for the long end of the swag. There is no mistake about that.

While the Dodgers treated Walters like a long lost cousin in his mad-dog effort in Cincinnati livery, most

everybody believes that the addition of the reformed third baseman is likely to keep the Reds in the running.

McKechnie is confident that Linus Frey gives him capable protection at second base, and the St. Louis lad hits a long ball.

Cincinnati's pitching scarcely can miss taking the outfit some distance. Backing up Vander Meer, Derringer and Walters are Peaches Davis, Gene Schott, Jim Weaver, and Whitey Moore. Leave it to the wily McKechnie to round out a Big-Four with one of that quartet.

GRISSOM'S ILLNESS IS HARD BLOW. And then there is Lefty Grissom, whose illness has been a vastly harder blow than it appears on the surface. By this time last season the tall Californian had established himself as one of baseball's premier south-paws. . . a strikeout artist from 'way back. If he were able to pitch today the way he did a year ago, Cincinnati easily would be listed as the club to reel.

Grissom caught a heavy cold during the last few days of the training season. It settled in his tonsils, which were removed May 1. He tried to pitch too soon after the operation, and that retarded his recovery. He hasn't regained his strength, but those who know him best declare that his condition is partially mental.

Lefty Lee is working out at home while the outfit is on its current trip. The club physician believes that he can be braced up within a week or so, but there is no telling when he'll be his normal self.

But Grissom or no Grissom, the Reds are going places. They had the money. They landed McKechnie. Vander Meer supplied the inspiration. They appear to have the required talent.

And they haven't much to beat. There is even more confidence in Cleveland.

So Ohioans are planning to shuttle between the banks of the Cuyahoga and the Rhineland come early October.

It's about time on both ends, and it would be a great thing for baseball.

## Paul Harrison in Hollywood

By PAUL HARRISON, NEA Service Staff Correspondent.

HOLLYWOOD.—The Motion Picture Producers' association would do well to hire Fay Bainter to go around giving interviews, or maybe lectures, on what she thinks of Hollywood.

She thinks it's swell. Lots of less distinguished movie and stage players who owe their success and fortunes to the screen are inclined to look down their noses at the flicker art, and like to tell jarring anecdotes about it. But Miss Bainter, who owes Hollywood nothing, finds it a colony of brilliant, efficient and friendly people. And she is not a 45-year-old Pol-

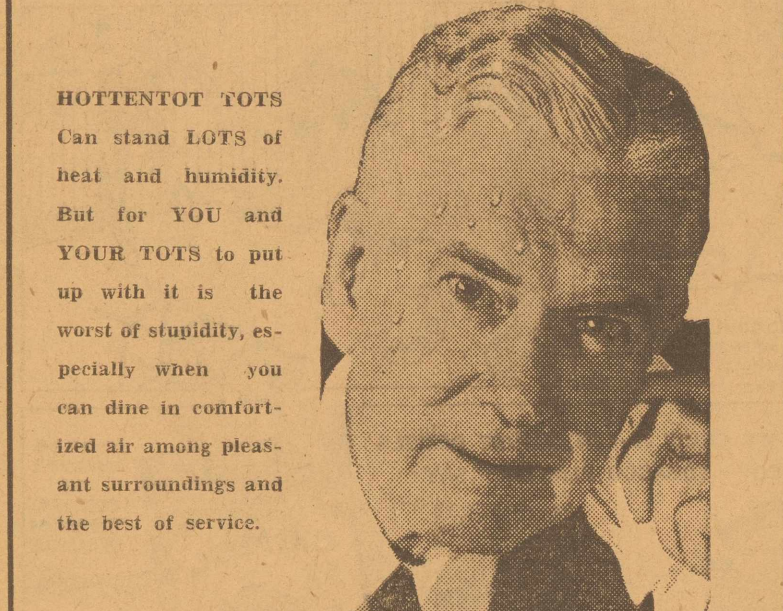

lyanna, either.

Of course, she admits, she has been awfully lucky.

"I've had only the best of direction and supervision, and good stories, and wonderful people to play with. Katharine Hepburn?—why, I think she's the angel of the world!"

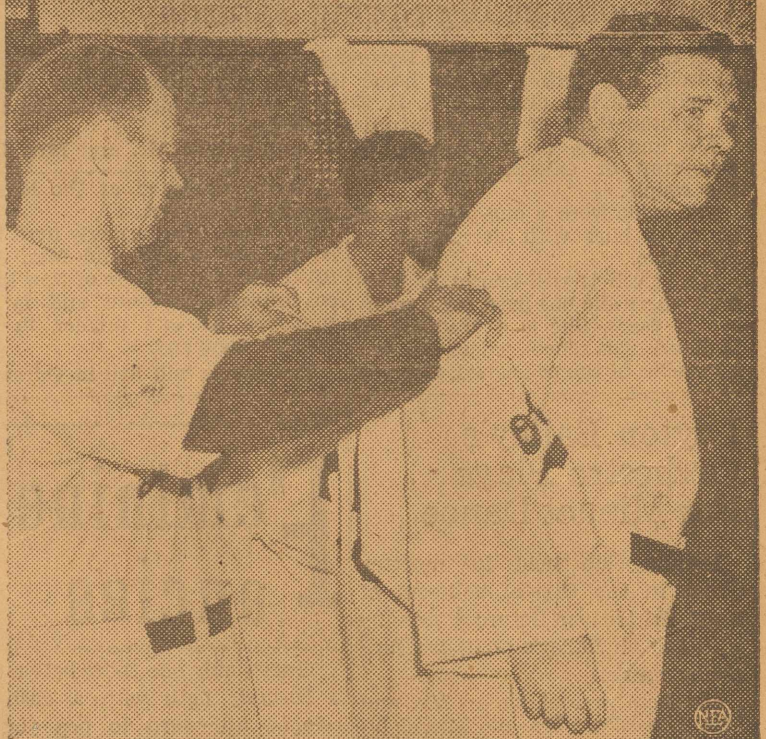

GIRLS IN BLUE DRESSES GOT UNDER HER SKIN. RKO brought Miss Bainter out here for "Quality Street," but despite its success she wated eight months in New York before another offer came. Then she appeared in "The Soldier and the Lady," "Make Way for Tomorrow," "Jezebel," now "White Ban-

### Luncheon Honors Two Visitors and Recent Bride

Naming as honorees her house guests, Mrs. W. M. Dillard and Mrs. B. M. Davis of Waco, and Mrs. A. M. East, a recent bride, Mrs. J. D. Dillard entertained with a luncheon at the Log Cabin Friday afternoon at one o'clock.

Roses, verbenas, and larkspur were used in the dining room.

Covers were laid for thirteen at the long table which bore a centerpiece of red verbenas and baby's breath, with clusters of roses at either end.

A two-course menu was served to: The three honorees, Mmes. Dudley Wood, Don Davis, Wallace Irwin, E. A. Culbertson, Paul Oles, I. E. Daniel, Lloyd Mackey, Frank Fulk, Frank Aldrich, and the hostess.

### Personals

Mr. and Mrs. Clyde Cowden, Mr. and Mrs. R. B. Cowden and their children have returned from a vacation and fishing trip at Corpus Christi and other coastal points.

Dick Lee, cattleman, and H. J. Burns, meat packing plant operator, of Lovington were business visitors here today. They reported good rains there over the week-end with the moisture still falling early today.

Smith Umberson and family were here today from Andrews. Umberson said the rainfall there for the week-end measured about five inches.

"Uncle John" Scharbauer arrived early today from Fort Worth to look over cattle ranges and watch construction of the First National bank's new office building for a few days.

Mrs. W. W. Waters, who has been visiting her daughter, Mrs. Chas. Oliver, for two months, returned last night to her home at DeQueen, Ark.

Mr. and Mrs. F. A. Scott of Hobbs, N. M., spent the week-end here visiting Mr. and Mrs. R. T. Mobley.

A. W. Hubbard of Colorado visited J. M. White during the week-end. He is a brother-in-law of the Midland man.

Mr. and Mrs. Woody Wilson returned Sunday from a vacation trip to Ruidoso, N. M.

Mrs. Paul Jackson returned Sunday night from a three-weeks trip to Oklahoma and the Panhandle. She visited her sister, Mrs. E. G. Carpenter, at Waynoka, Okla., and also visited a nephew in Amarillo.

Mr. and Mrs. Troy Eiland and family are visiting relatives in Arizona and New Mexico.

## Boss Seeks Missouri Okay

### Pendegast to Get His First State Test Since Vote Fraud Convictions

By JOHN SHEA  
NEA Service Staff Correspondent.

JEFFERSON CITY, Mo.—Boss Tom Pendegast, head of one of the nation's most potent political machines, soon will find out whether his power outside of Kansas City has been lessened as a result of the vote fraud convictions in his home balliwick.

Big Tom's opponents say the boss is slipping out in Missouri, and political figures all over the nation are watching the campaign for the Aug. 2 primaries in the hope of getting a slant on the future of political bossism in the United States. What happens to Pendegast may very well happen to their bosses—be it repudiation or endorsement.

Pendegast is making an issue of the contest for a state supreme court judgeship by supporting Circuit Judge James V. Billings of Kennett against Judge James M. Douglas of St. Louis, who was named to the court last year by Gov. Lloyd Stark.

There are two big reasons Pendegast wants to win this fight:

1. He wants to demonstrate to one and all that Missouri democracy is behind him, that the vote fraud revelations cost him no more prestige outside than in Kansas City, where he pulled through with a smashing victory in the municipal elections this spring.

2. Even more important to Pendegast is his desire to give Governor Stark a "spanking."

#### HAS'NT SHOWN GRATITUDE

Stark rode into office in 1936 on a wave of votes washed up by the Pendegast machine. Then last year he began firing Pendegast men. This of course made his sponsor very unhappy and Pendegast now admits that he is out to get Stark politically.

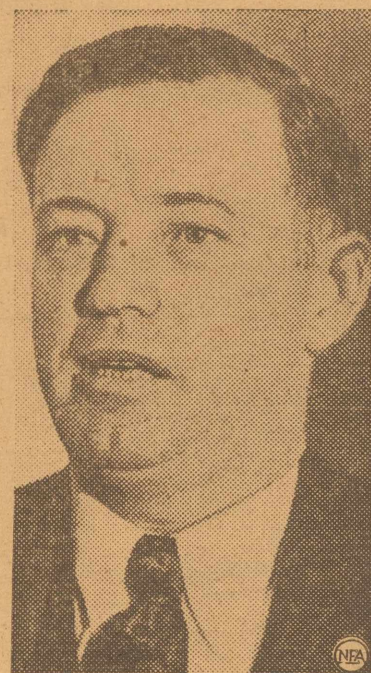

The word around the capitol here is that Pendegast would have backed almost any competent jurist from heavily democratic southeast Missouri. Apparently the boss has nothing against Douglas except that he is a Stark man.

Right now Billings seems to be out in front. He will run well in his home section and in north-east Missouri, where he grew up.

The Kansas City machine is certainly

is supporting Douglas, but isn't very loud about it. Douglas is the lone St. Louis representative on the court and the St. Louisans think he ought to stay.

Senator Bennett Clark's faction also is backing Douglas. Clark himself is running for re-election this year and doesn't want an open break with Pendegast, although he beat the machine in 1932.

Stark has assailed what he calls Pendegast's attempt to control the Missouri judiciary, and this argument carries weight in the rural areas.

But at this stage Pendegast is confident and his men say the political godfather will give the wandering prodigal a chastisement at the ballot box—and with some satisfaction, too.

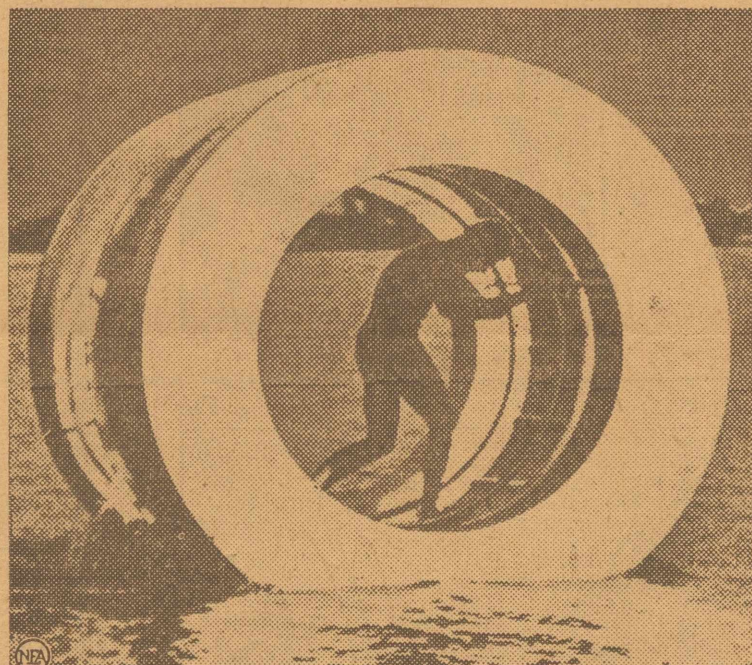

### Flying Twins

Here are two swell reasons why flying is popular in Louisiana. They are Julia and Winston Wendt, junior journalism students at L. S. U., who were commissioned as "Air Princesses" by Gov. Richard Leche. They are twins.

Mrs. B. M. Davis and son, Bill of Waco left Midland today after a visit with Mr. and Mrs. J. D. Dillard. Mrs. Dillard is the mother of Mrs. Davis the sister of the Midland man.

### Good Way to Get Dizzy

All you've got to do is keep your feet and dodge any other craft that might be in the vicinity. Then, maybe, you can operate the water wheel. Made of wood and light metal and accommodating anywhere from one to four persons, the contraption is the new sports thrill at German resorts.

Auto Fees Reach New High.  
WASHINGTON, (U.P.)—Motorists spent an all-time high of \$415,829,000 on registration and similar fees during 1937, the American Petroleum Institute reported. New York drivers paid \$52,901,000 to lead all other states.

### Tobacco Chewers Just Snap Fingers At the Tax Collector in Mississippi

JACKSON, Miss. (U.P.)—This is one place where a man can chew his tobacco, dip his snuff, drink his hard liquor any style he pleases—and not be beholden to the state tax collector.

When it comes to cigarettes, that's different. Gov. Hugh White, without political qualms, suggested to the legislature that it increase the state tax on cigarettes from 3 to 4 cents a pack.

One tobacco-chewing senator, three or four tobacco-chewing representatives and the remainder of the cigarette and pipe-smoking legislature enacted the measure.

But what they smoke in the law-making chambers here is beside the point when it comes to cross-roads politics. When trailing votes, the candidates leaves his coat at home along with his cigars and cigarettes, lets out his necktie and borrows a "chaw" here and there as a friendly gesture.

Off all the taxes suggested to make up for revenues that will be lost when a homestead exemption act is scheduled to pass, levies on chewing tobacco, snuff and liquor have not been mentioned.

These three "untouchables" are steeped in political tradition as the practice of kissing voters' children at speech-makings.

Why they haven't been taxed is a mystery of Mississippi politics, but not to some of the legislators.

They generally believe in this political axiom of 20 years ago, which may or may not apply now: "To tax chewing tobacco or snuff is political suicide."

As for liquor, it isn't sold in Mississippi under any state law. Drinking is confined by statute to light wines and beer. But that, likewise, is beside the point. More than 1,600 Federal licenses to sell liquor retail were issued last year in this state.

And the cigarette smoker pays taxes while the connoisseur of cut-plug and the snuff dipper pays nothing.

LOCKPORT, La. (U.P.)—The cowhands down here in the swamps lands ride the range—but they do it in pirogues.

A pony in the deep muck and stagnant water under the cypress trees and willows would be about as useless as a canoe in the desert. But a tough, long-legged strain of native cattle wades around after the lush undergrowth and thrives.

On the lower stretches of Bayou Lafourche, extending back a mile on either side, is a strip of higher land, suitable for farming. Back of that is a limitless waste, fit only for muskrats, alligators and swamp-land "ranching."

Sometimes heavy rains in this semi-tropical area transform the swamp into a vast lake with higher spots on which cattle sometimes stand for weeks.

Then the cowpunchers, who may be moss gatherers or trappers the

rest of the time, break out their hip boots, push the pirogues into the water and call their dogs for a roundup.

Pirogues are slim, tricky craft that slide over an inch of mud as well as they float in 10 feet of water. Their sharp prow nose between cypress knees or through long lanes in the brush without tipping.

The dogs of the swamps are a peculiar breed, too. They can trail cattle through miles of undergrowth and if an animal is alive, find it.

"Sometimes," Octave LeBlanc, one of the biggest ranchers in these parts, said, "we don't need the dogs. The vultures lead us to the dead ones."

But the cowboys locate doggies with the aid of vultures surprisingly few times, except in the hardest winter months.

superintendent of police, who was keeper of the New Jersey state prison when Hauptmann was a death house inmate, says he receives an average of three letters a week about the case—some of them asserting that the writer has seen the Lindbergh baby, others insisting that the mystery which baffled the nation has finally been solved. All such letters are filed with other data concerning the case.

Near the execution chamber where Hauptmann insisted until the end that he was innocent, is the tavern of Charles Schmidt. During the days preceding Hauptmann's execution, Schmidt's tavern was jammed with out-of-town people who wanted a glimpse of the somber prison wall and the heavy iron gates leading to the death house.

Although the large crowds has disappeared, the German tavern keeper still has memories of those exciting days while Hauptmann was being held in the death chamber. To this day, Schmidt argues that Hauptmann was not connected with the crime.

"That man was innocent," he says. "He did not harm that baby."

Once in a while a visitor wanders into the tavern to talk about the case—some argue, some just listen while Schmidt tells of it.

All of the visitors want to see the death house, Schmidt says, but their desires remain unfulfilled, as the low building is hidden by high prison walls.
