## Foil Kidnapers

Suffering from exposure and hunger, but otherwise unharmed, 55-year-old Mrs. Norma Meeks of Marysville, Calif., is shown in top photo recovering from a two-day ordeal during which she was held for ransom by two kidnapers. Mrs. Meeks, wife of W. R. Meeks, lower photo, a rancher, was found wandering near Marysville after being released without payment of the \$15,000 ransom demanded by her abductors.

## Doug Corrigan Is Welcomed in Big Spring at Noon

By Staff Correspondent.  
BIG SPRING, Sept. 8. (AP) — Douglas "Wrong Way" Corrigan, Irish aviator who started for California and wound up in Ireland, landed here today amidst the cheering of several hundred West Texans shortly after noon.

The youthful, slight flier was placed in an open car and taken to the Settles Hotel where he was guest of honor at luncheon given by the Kiwanis club. Just to make everything seem "natural" to Corrigan, the car was towed backwards from the airport to the hotel.

An estimated 300 persons attended the luncheon and heard Corrigan make a short talk, telling of his flight to Ireland and his varied hops over the country since that time. He was introduced by Representative-Elect Dorsey Hardeman of San Angelo.

The flier was given a miniature plane made entirely of flowers, but he declared he would give the plane to some hospital since he couldn't very well fly two planes at once.

Visiting Here.  
Mr. and Mrs. Jno. Perrin are visiting with Mr. and Mrs. Art Ponder here. Perrin was depot agent here in 1900.

## Record North Basin Well Flows 6,174 Barrels on 24-Hour Test

By FRANK GARDNER.  
Twenty-four hour Railroad Commission gauge of Humble Oil & Refining Company No. 49 J. S. Means, quarter-mile east extension to the Means pool in northern Andrews, completed shortly before noon today, gave it daily potential of 6,174 barrels. It is the largest West Texas well north of Ector county, exceeding by 744 barrels the rating of its northwest offset, No. 47 Means, hitherto record producer.

## Near Twelve Million Bales Is Forecast

### Estimate Texas Crop in Excess of 3 Millions

WASHINGTON, Sept. 8. (AP) — The Agriculture Department estimated this year's cotton crop today at 11,825,000 bales. The estimate closely followed an announcement cotton and tobacco farmers will be given an opportunity soon to vote on continuing for another year the crop control programs approved last spring by current yields.

The question will probably be voted upon in September. Little doubt exists that cotton and tobacco supplies will be excessive. The referendum is regarded as an important test of farm legislation as it will be the first opportunity farmers trying to control crops will have had to express themselves.

Two-thirds of the growers of each crop must approve the programs to make them effective.

Twenty-four of the 28 AAA control proposals were approved the past year, it was announced.

The census bureau reported 1,331,000 bales had been ginned prior to September 1, with 26,449,000 acres reported for harvest.

In Texas, 9,700,000 acres remain to be harvested, 63 per cent of normal, with an average of 158 pounds per acre predicted. The forecast for Texas this year is 3,200,000 bales.

Oklahoma has reported less average insect damage than Texas.

## High Praise for Rodeo Given Today in Molly's Column

Molly O'Daniel, author of her own daily column in the Dallas News, "Molly O's Pen Pals," told today of her visit to Midland Rodeo, which is reprinted herewith with apologies to The News:

Yippe—i'm a cowgirl! Yes sircie—I've been to the big rodeo in Midland. And was it fun—well, let me tell you. We left on the train about 10:30 Sunday night and had regular fun until time for all good little boys and girls to go to bed.

And there were girls, for Texas Rose and I were traveling together again—it made me remember so vividly the days of the good old campaign. We filled a whole Pullman with just us and it was more fun playing with the air-conditioning.

We got to Midland about 8:45 Monday morning, where we were met at the train by all the officials and the high school band. There was lots of excitement riding down the streets to the hotel. Then when we got there we found the band playing just as loud in the lobby, and to land behold—there in the middle of the beautiful lobby of this fine hotel was a huge stack of Hibilly flour.

Gets Third Breakfast.  
After the third breakfast of the day, several of the men, or rather cowboys decided that I needed to be dressed for the occasion.

Well, I trucked on down the street, into a store, and I came out dressed sort of like this. Now, you can draw upon your imagination to see what I would look like. Starting off with brown cowboy boots there were brown riding trousers, brown See ("MOLLY") Page 8

## Losing No Time

As British Cabinet members conferred over the tense European situation, Jan Masaryk, Czech Minister to London, rushed to the British Foreign Office, as pictured above.

## Midland Hunters to Wilds of Canada

Two Midland sportsmen will leave Saturday on a forty day hunting trip into the wilds of Canada, seeking bear, moose, mountain sheep and goats.

George W. Glass and O. B. Holt will leave here by train to El Paso, taking a regular airline plane from there to Spokane, Wash., going from there by train to Invermere, British Columbia. They will go horseback and with pack trail on a two or three day ride to reach the big game country where they expect to spend at least thirty days hunting. Guides will meet them at Invermere. Guns and bedding were shipped several days ago to Spokane.

On the return trip, the Midland men will fly from Spokane, Wash., to Big Spring, expecting to arrive here soon after October 15.

## 17 Lose Lives When Train Hits Truck

PERPIGNAN, France, Sept. 8. (AP) — At least 17 were known dead today after a fire burned wooden coaches of a train on the outskirts of Perpignan, Spain, last night after a collision with a gasoline truck. The truck exploded.

Many of the victims died while fighting to escape flames which quickly engulfed the derailed passenger cars.

## Die Cast in California as \$30 Every Thursday Opponents Rally Around Republican Nominee

Already the opposition to Sheridan Downey and the \$30 Every Thursday plan is rallying around Philip Bancroft, republican senatorial nominee who opposes Downey in the November election. This is the last of three articles on the turbulent political situation in California.

By PAUL HARRISON, NEA Service Staff Correspondent.  
SAN FRANCISCO, Sept. 8. — The sharp line between the outspoken conservatism of Philip Bancroft and the "30 Every Thursday" panacea of Sheridan Downey, so far out-dealing the New Deal that President Roosevelt himself condemned it, guarantees a ding-dong battle in the California elections Nov. 8.

Add to the complete personal contrast in the two men and their platforms the fact that Downey's "30 Pensions" will be on the same ballot, and you have the ingredients of a political fracas comparable to that in which Upton Sinclair was nosed out for the governorship in 1934.

There was no timidity about Bancroft's campaign. On platforms and before microphones, with audiences certainly comprising large numbers of union workers and people on relief and oldsters eager for promises of Utopian security, he lashed out at the Wagner Labor Relations Act, union radicalism, relief administration, the "legalized embezzlement" of Social Security funds, and pension schemes. WPA Administrator Harry Hopkins and Secretary of Labor Frances Perkins have been special targets.

His homely phrases and mannerisms and old clothes never have let anybody forget that Phil Bancroft is a practical farmer.

Said Carlton D. Babcock, the campaign manager: "I just can't get him out of that old end and those \$20 suits and scuffed shoes.

## Election Results In Precinct 2 Are Contested in Suit

A suit contesting the validity of five votes cast for J. C. Brooks as commissioner of precinct two in the run-off election has been filed with county democratic executive chairman R. W. Hamilton by B. M. Graham, incumbent, who was defeated by three votes.

Votes of the five persons were protested on the grounds they were not bona fide residents of precinct two, it was announced.

Hamilton has announced that the contest will be acted upon September 15 by members of the county democratic executive committee. The committee is composed of Hamilton, Mike Connor, John P. Butler, J. M. King, Dick Midkiff and Carl Smith.

Precinct two has long been a "hot box" of political dissension in the county commissioner's races. Only a few years ago, two candidates tied for the office in the run-off race, tied again in a special election and flipped a coin to decide the winner.

Graham has also had his share of troubles in the elections. One year he was defeated as the democratic candidate and came back to win out as an independent; another year he was on the short end of balloting when run-off votes were counted but contested several votes and had them thrown out, thereby making him the winner.

SHIFLETT RETURNS.  
High School Principal D. D. Shiflett has returned to Midland from Abilene where he spent the summer.

## Geologist Leaps to Death After Wife Falls From Window

MATOON, Ill. Sept. 8. (AP) — M. E. Lake, San Antonio geologist, was killed today when he leaped from the third floor of a hotel despite the pleas of a taxicab driver.

The leap followed by a few minutes the fall of his pretty wife, 20, who suffered a broken back. She was reported to be in a critical condition.

Both fell from the same window.

## Schenck Denies He 'Bought Off' Union

CHICAGO, Sept. 8. (AP) — Joseph Schenck, president of the association of motion picture producers, denounced as "ridiculous" today a charge placed before the NRLB that he paid a union official \$100,000 to "sell out" 12,000 workers.

## Glass Bulls Sold To Mexico Ranchers

Delivery will be made by George W. Glass November 1 of 45 head of bull calves to ranchmen of Chihuahua, Mexico. M. Marquez and P. Terrazo, on a recent visit to Midland bought from Glass the young bulls for their Gallego Chihuahua Ranch. The 45 were selected from a lot of 52 Glass had for sale this season.

## UNDERGOES OPERATION.

J. H. Elder underwent a major operation in an El Paso hospital yesterday. His condition was declared to be satisfactory today.

## PATTERSON BETTER.

Telegrams from Rochester, Miss., to family members here today reported Tom H. Patterson, Midland merchant still improving today after a major operation Monday at Mayo Bros. Hopes for his steady recovery were high today.

## RETURN HOME.

Mr. and Mrs. R. E. Gile have returned from a visit with his parents in San Francisco.

## Sudetens Refuse to Talk Peace

### Poster Talks Behind President's Back

The President says Lewis—but the poster behind his back says Tydings. This significant picture was made as Mr. Roosevelt in-acted an opposition stronghold at Denton, Md., to urge nomination of Representative David Lewis over Senator Millard Tydings. Representative Lewis is seated third from left behind the President.

## New School Students to Meet Principals Friday Morning

All pupils new to the Midland school system are requested to meet the principals in the various buildings Friday, Sept. 9, in order that more time may be given to their classification. Pupils coming from accredited schools will be admitted without examination.

Pupils will be assigned to districts and buildings as follows, and should report to these buildings both on Friday and on Monday:

SENIOR HIGH SCHOOL: All pupils in the 8th, 9th, 10th, and 11th grades.  
JOHN M. COWDEN JUNIOR HIGH SCHOOL: All pupils in the low and high seventh grades, the low and high sixth grades, and the high fourth grades, from all parts of the school district; and all pupils in the low fourth grade living south of the Texas and Pacific railroad.

## Bonds Offered by The Government to Cover Spending Act

WASHINGTON, Sept. 8. (AP) — Secretary of the Treasury Morgenthau offered \$133,460,900 worth of bonds and notes for sale to investors Wednesday. This was the first major step to finance the huge spending program voted by the last congress.

The offer included \$700,000,000 of "new money" to finance part of the estimated \$4,000,000,000 deficit to be incurred this fiscal year because of enlarged relief, public works and national defense spending.

An additional \$433,460,900 worth of securities will be sold to refinance an equal sum of Treasury notes maturing December 15.

The financing will end the federal debt to a record of about \$38,300,000,000 on September 15, the issue date of the new securities. Although the debt is headed for another peak of more than \$40,000,000,000 in the next year, next week it already will be \$22,000,000,000 larger than the postwar low of December 31, 1930, and \$12,000,000,000 more than the war-time peak set August 31, 1929.

Morgenthau specifically denied that the size of the borrowing operation was influenced by the possibility of a European war which might upset money markets. However, observers noted that the borrowing, plus September 15 quarterly income tax collections, would increase the Treasury cash working balance to about \$2,500,000,000. This is five times as big as is customary in normal times, and big enough to last the Treasury for many months if an emergency made further borrowing difficult or unusually expensive in the next few months.

## Rotary Club Officially Pays Tribute to Rodeo Committee for Benefits Brought to Midland Through Publicity, Entertainment

Official recognition of the Midland Rodeo, just closed, was taken by the Midland Rotary club today, with members of the rodeo committee as honor guests at the weekly luncheon.

A formal resolution, attractively inked by Hilton Kaderli, with photostatic copies made for members of the committee, was passed, as follows:

"Whereas the Midland Fair, Inc., during September 3, 4 and 5, 1938, staged a most successful rodeo attracting record-breaking attendance from all the great southwest; and

"Whereas the event was one of the most outstanding occasions in Midland's history; and

"Whereas by virtue of the type of entertainment, the spectacular attractions, the effective publicity and general efficient planning and handling of the affair, much pleasure, good-will and publicity inured to Midland; and

"Be it resolved that the Rotary club of Midland, Texas, U. S. A., hereby express thanks and appreciation to the officials of Midland See (ROTARY CLUB) Page 8

## Hitler Said Willing to Negotiate

### German Patience Growing Short as Fuss Not Settled

LONDON, Sept. 8. (AP) — The British cabinet was summoned today to meet Monday, a few hours before Hitler is expected to make his speech climaxing the Nurnberg Nazi congress.

It is believed the speech will tell how far Hitler will go as "protector" to the Sudetens.

Monday's cabinet session was believed to have been called to determine Britain's action should Hitler herald aggressive action.

By Associated Press  
Sudeten German officials declared today there was no prospect of renewed negotiations with the Czechoslovakian government until the whipping of a Sudeten legislator had been adjusted satisfactorily.

However, Chancellor Hitler was said to have ordered resumption of negotiations for fear the remainder of the world would not believe he was attempting all possible measures to avert war. There was evidence German patience with Czechoslovak and British peacemakers was growing short.

The Czechoslovak government sent high officials to the scene of yesterday's affair to complete an investigation.

Alarm over the crisis was apparently more intensified in London and Paris, the British "inner cabinet" assembling in London. British Laborites continued demands parliament be summoned as soon as possible.

France continued pouring men into the Maginot line, with high command being shifted to include frontier experts within the Maginot zone.

The whipping incident occurred in old Mehrisch-Ostau, with a population of 175,000, near the German and Polish frontiers. A Czech mounted policeman riding into a noisy crowd in front of the police prison swung his whip from side to side, the whip allegedly striking the shoulders of Sudeten Deputy Mal. Negotiations were immediately called off.

## FDR Moves to Build War Power System

HYDE PARK, N. Y., Sept. 8. (AP) — President Roosevelt Wednesday sought to give the nation an emergency power system for use in the event of war, appointing a six-man committee to "find and recommend to me definite ways and means" of meeting a possible electricity shortage.

In letters to members of the group, the President said reports from the war department and the federal power commission "have disclosed a shortage of power to meet the needs of the nation's industry in the event of war such as to constitute a serious threat to the national security."

The reports, he said, had given him "much concern."

Mr. Roosevelt appointed Louis Johnson, assistant secretary of war, to head the committee. Other members are Frederic A. Delano, of the national resources committee; Basil M. Nathan, of the Federal power commission; Harold L. Ickes, secretary of the interior and a member of the national power policy committee; Charles Edison, assistant secretary of the navy; and Chairman William O. Douglas of the securities commission.

## TO COLORADO RODEO.

Butler Hurley and Joe Robertson left this morning for Colorado City to attend opening day performances of the Colorado Frontier Roundup and Rodeo being held there today, Friday and Saturday.

Outspoken and aggressive, Philip Bancroft, rancher and lawyer, is expected to rally conservative opposition to Sheridan Downey in their race for the California senatorship. Bancroft is a son of the famous historian H. H. Bancroft.

## BEHIND THE SCENES IN WASHINGTON

WASHINGTON, Sept. 8. — If you don't like the way the monopoly investigation goes, blame the Yale Law School!

Assistant Attorney General Thurman Arnold, in charge of anti-trust cases and Department of Justice member of the Temporary National Economic Committee, is a professor on leave from the school.

Arnold has his own dean working for him this summer—Dean Charles E. Clark of Yale Law School, who helps with Arnold's regular work and in the monopoly inquiry. Although Arnold temporarily is Clark's boss, Clark will be boss again when Arnold returns to New Haven.

### WHY NOT MOVE THE CAMPUS?

WALTER HAMILTON, Yale professor of business, public and constitutional law, was recruited by Arnold to locate and outline trouble spots where the business system doesn't function. George Dession, professor of criminal law at Yale, will stage-manage the first monopoly hearings. Allan Hart, former faculty member, is handling the "group medicine" anti-trust case against the District Medical Society and the American Medical Association. Half a dozen young lawyers who were graduated from Yale also are working with Arnold and an unknown number of law school students are "dollar a year" men.

Also on leave from the law school is Chairman William O. Douglas of SEC, a monopoly committee member. SEC Commissioner Jerome Frank is a former lecturer at the school. A Douglas right-hand man is Abe Fortas, resigned from the faculty to handle administration of the holding company act. Roger Foster of SEC is another faculty member.

Arnold, Clark, Hamilton, Douglas and Frank all have been publicly mentioned as Supreme Court possibilities. But the leading candidate for the existing vacancy is still Prof. Felix Frankfurter of Harvard Law School — which has contributed more graduates to the New Deal, but not as many professors.

### BASHFUL ELMER.

NEWSPAPERWOMEN at Wage-Hour Administrator Elmer F. Andrews' first press conference are commenting on the Administrator's modesty. He blushed as he told of a discussion with David Dubinsky about "dresses—yes, cotton dresses."

### TAILS YOU WIN EARS YOU WIN.

LOVELL H. PARKER, 12 years chief of staff for the congressional joint committee on taxation, has resigned to become a private tax consultant. Most senators and repre-

sentatives claiming to know much about taxation owe their reputation to Parker. It was he who wrote Senator Pat Harrison's attack on President Roosevelt's criticism of the last-session tax measure.

Parker was born in Osterville, Mass., on Cape Cod. Discussing lack of co-ordination of state and federal tax policies, he sometimes relates a story his father told him many years ago.

Muskrats were pests in the nearby towns of Mashpee and Barnstable. A Mashpee town meeting voted a 25-cent bounty for every muskrat killed, the town treasurer to pay a quarter for every pair of muskrat ears presented. Men and boys made 50 cents a muskrat by delivering tails in Mashpee, ears in Barnstable.

Next year each group of town fathers decided to fix that. Mashpee voted to pay for ears. On the same day Barnstable voted to pay for tails.

After another year of 50-cent muskrats the towns co-ordinated and agreed on tails.

## Farm Boys and Girls Will Get NYA Jobs

AUSTIN. — Texas farm boys and girls, jobless between seasons, will be given a chance this winter to put their off-season time to profitable use, J. C. Kellam, State Director of the National Youth Administration, announced today.

During the next three or four months, 2,000 young people between 18 and 25 years of age, who live in rural areas, can be assigned to NYA work projects all over the State. The NYA is cooperating in this way with the general program to improve southern rural conditions, Kellam said.

"More than 11,000 young men and women already have been assigned to Texas NYA work projects this year and the 2,000 who can be added from rural sections will not replace those now at work. As in the case of the 11,000, the 2,000 will be given the opportunity to earn an average of \$12 to \$14 a month.

"One of the greatest problems faced by rural youth has been the intermittent opportunity for employment. There are jobs when crops are to be planted or harvested, when cotton is to be worked or picked. When these things are accomplished, there are dull seasons, with few, if any, opportunities. It is this slack the NYA is endeavoring to relieve. In short, it is attempting, so far as its funds will permit, to provide the opportunity for productive work and training over the whole

## Mr. Lewis Has His Own Labor Troubles

twelve months of the year, by filling in the normal, seasonal gaps."

Young men will be assigned to the projects best suited to their individual needs, Kellam said. Some will be employed in soil conservation work, others will help build community centers and home economics cottages. They will help improve rural schools and playgrounds. Others will be assigned to resident projects providing agricultural training at Texas Technological College, at Lubbock, Buchanan Dam on the Colorado River, and I. College at Kingsville, and the Luling Foundation Farm.

Young women will be assigned to such projects as assisting county home demonstration agents, working in public hospitals and cafeterias, and to part-time resident projects. "In all cases, training will be definitely emphasized. We want to assist these boys and girls to be better and more efficient farmers and farm homemakers," Kellam added.

## Baptist Pastor Is Honored at Lawn Reception Wednesday

Approximately one hundred and fifty members of the Baptist church and Sunday school attended the informal reception held on the church lawn Wednesday evening honoring the newly-arrived pastor, Rev. H. D. Bruce and Mrs. Bruce.

The reception was at 8:15 o'clock following the regular midweek prayer service at 7:30 o'clock.

Mrs. J. M. White presided as mistress of ceremonies and the informal program for the evening opened with a sing song led by Chase Murph, choir director. Particularly appropriate was the singing of songs of welcome, with words set to old and well-known tunes.

Mrs. White introduced the heads of the various departments of the church organization in original poems and each gave a welcoming talk. Included were: Claude O.

Crane, superintendent of the Sunday school; R. V. Hyatt of the board of deacons; Mrs. Eula Mahoney of the women's missionary union; R. L. Denham of the BTU.

Rev. and Mrs. Bruce each made response to the welcome. A Bible quiz was held by Mrs. White, the winning side being rewarded by being served first at the refreshment hour.

The punch table was covered with a cloth of lace over gold and center-

ed by a cluster of yellow pompon chrysanthemums. The punch bowls at either end of the table were presided over by Mrs. O. J. Hubbard and Mrs. W. L. Nicol.

You can reach some people with some mediums . . . you can reach everybody with newspapers.

To sell them . . . tell them in newspapers.

# The Town Quack

These modern youth are something to think about. A father, tired of having his kid talk back to him, said: "You are very contradictory, my son."

Those of you who haven't had enough rodeo may satisfy your hunger or thirst for western entertainment by running over to Colorado today, Friday and Saturday. Charles Starrett, the movie actor, is on hand as chief entertainer.

Checking further into the lack of serious accidents during the heavy traffic days of Midland Rodeo, City Traffic Officer Franklin Manning said yesterday that he knew of one collision at the fair grounds which probably cost the auto owners about \$10. It was just one of those

Such stunts as polo bending races, cutting horse contests, trotting horse races, gaited horse exhibitions and cowpony races would make it strong with public interest. A polo tournament in connection with the show would draw just that many more people.

## Honors Daughter On Birthday With Dinner Dance

Honoring her daughter, Jackie Beaver, on her seventeenth birthday anniversary, Mrs. Seth Ingham entertained with a Mexican dinner and dance at the Log Cabin Tuesday evening.

Dinner tables were laid with white linen and appointed with a multi-colored Mexican pottery service. Zinnias and purple asters harmonized with the pottery in floral arrangements.

Miss Beaver was the recipient of numerous gifts from friends.

Present were: The honoree, Barbara Jean Harper, Remmel Cowan, Freda Fae Turner, Joe Norman, Dorothy Sue Miles, Dell Johnson, Mary Sue Cowden, Bobbie Martin, Jessa Lynn Tuttle, Burton Estes Jr., Jeanne Davis, B. C. Girley, Jr., John Rettig, Robert Filson.

## Ham & Eggs - -

CONTINUED FROM PAGE ONE strikes is regarded as a menace by labor leaders. Baneroff, who has had long experience with farm organization, is expected to draw his strength from ranchers, farmers, and business elements.

### SINCLAIR DEFEAT IS RECALLED.

The race for the governorship accentuates the division between progressive and conservative (or lunacy and sanity, as it has already been called). The republican nominee, the incumbent Governor Merriam, has provided a conservative administration but scarcely a widely-popular one.

The democratic opponent se-

DAIRY PRODUCTS for HEALTH & HAPPINESS Dairyland Pasteurized

lected for him is Culbert Olson, who was a staunch EPIC leader and sort of campaign manager for Upton Sinclair in 1934. He did not declare for the \$30 Every Thursday plan, but he did not oppose it, and is generally considered more or less favorable to it.

ADMINISTRATION AGAIN ON SPOT. In addition to the \$30 Every Thursday amendment, another proposal will be on the ballot which would repeal the state sales tax and put the entire burden of taxation back on property. This has roused further apprehension among business people, and while no leading democratic candidate has definitely endorsed it, the mere presence of such a proposal is expected to lend strength to the Merriam-Baneroff ticket.

Signs are already apparent that a gigantic campaign to defeat the Downey-Olson combination is under way with the national administration again in the embarrassing position it held in 1934, with a set of state candidates whose program it cannot support, yet who control the state party machine and, more important, may control it in 1940. The End.

DWIN IS THE CHOICE OF 150,000 GROCERS FOR THEIR OWN USE. From coast to coast, grocers and other handlers of food have chosen DWIN for their own use. Surely, this is a guide for you in selecting the insect killer you buy. Give DWIN a trial, you will accept no other thereafter. DWIN kills flies, fleas, moths, bed bugs, mosquitoes, etc. in the home and many plant insects. It is pleasant to use—will not harm foods or furniture fabrics. At your grocer, drug, hardware or department store.

**HUBBERS WIN OUT IN 13TH; MAKE IT TWO OVER CLOVIS**

LUBBOCK, Sept. 8. (AP).—Three bunts following a single by manager Hack Miller in the thirteenth inning last night enabled the Lubbock Hubbers to score one run and win out over the Clovis Pioneers for the second time in a row by a 7-6 score. The win gave the Hubbers two victories to none for Clovis and left the home club needing two victories to win the West Texas-New Mexico League pennant this year.  
 Tom Fleming relieved Charley Egan in the first inning last night after four runs had been made by the Pioneers and held the Pioneers to four hits and two runs the remainder of the way. Jack Christie went the route for the losers, giving up 16 hits.  
 Manager Miller accounted for a Hubber run in the third with a home run.  
 The two clubs leave today for Clovis where the next three games, if that many are necessary, will be played. Should any additional games be necessary after the Clovis series, they will be played in Lubbock.

**Boy Flunks as Magician.**

OAKLAND, Calif. (AP).—When 4-year-old Bobby Chapman saw a magician put a bean in his ear only to have it pop out almost instantly from his mouth, he decided to become a magician himself. He went home and promptly put a bean in his ear, but it not only failed to pop out of his mouth but even to come out of his ear. A specialist was called.

**Angler Uses Telescope.**

MONROVIA, Calif. (UP).—Lee Gaines is successfully using a telescope for bass fishing. It enables him to locate in depths of 15 to 20 feet the feeding grounds of the fish and drop them the kind of bait they like. The system enabled him to catch in a few hours the law limit of 10 bass weighing a total of 23 1/2 pounds.

**Squad of 40 Expected To Turn Out at Mines**

EL PASO, Sept. 8.—A squad of approximately forty players will answer Head Coach Mack Saxon's first practice call for his Texas Mines grid team Saturday.  
 Biggest news of the week was the decision of Mike Moras, giant full-back from Los Angeles Junior college, to enroll at Texas Mines this year. Saxon believes Moras will team with Quarterback Ken Heine to give the Miners a powerful running and passing attack.  
 Moras was one of the most sought-after gridlers in this section of the country. He weighs 200 pounds.  
 Saxon and Line Coach Harry Phillips will hold two practice sessions daily until the opening of school Sept. 14.  
 Fourteen lettermen will report Saturday. They are: Barry Pennington, center; John Krebs and Jimmy King, guards; Riley Mathe-son, Ed Alsup, and Guy Johnson, tackles; Kenneth Stice and Morris Raney, ends; Buddy Black, Tony Hernandez, Portirio Perez, Fred Barrett, Dick Balenti, and Ken Teismann, backs.  
 Augmenting this group and a large number of sophomores and squadmen will be Gordon Wilson, tackle, and Truman Barber and Allen Taylor, ends, all from Murray Junior college; and John Stansbury, tackle, transfer from North Carolina.

Everybody who reads . . . reads a newspaper every day.

**Your Child's Future**

THE biggest job you have ever had, parents,—that of caring for your children—is safeguarding their health so that their future happiness and success may be assured.  
 Nothing is more important to them than their eyes. No child is healthy without healthy eyes. No child can achieve success without good vision.  
 There's only one way to tell whether or not your children's vision is normal—have their eyes examined. Do it now before school begins.

## Programs by Watson Pupils Open Music Activities Here

Musical activities, practically at a standstill through midsummer, were revived Wednesday when the Watson school of music presented students in two invitational programs at the home of Mrs. John Perkins, 602 S. Main.

The morning program at 9:30 o'clock presented students of the school's summer classes in a studio recital. In the evening, Miss Lydia G. Watson, teacher of piano, presented three girls, Margaret Mims, Alberta Smith, and Elaine Hedrick in a program of old classical, romantic, and American music.

### Morning Program

More than sixty persons, including parents and specially-invited guests were present for the program of the summer classes in the morning.

Cut flowers in summer hues were placed at vantage points about the spacious livingroom of the Perkins home which was arranged as a concert hall.

Miss Dell Perkins announced the program. She also sang, as a special feature, two selections, one of which was a lullaby sung in Italian. Miss Perkins graduated in voice from an Oklahoma college last year.

The program in detail follows: March, selected—string ensemble. Piano, Daisy Chains (Bilbro)—Lois Black.

Piano, Ring Sweet Bells (Bilbro)—Toya Chapple.

Violin, Under the Double Eagle (Wagner)—Edward Clark.

Piano, I Love You (Kamerer)—Dora Janet Akire.

Trombone, How Can I Leave Thee (Anon.)—James Moor.

Piano, April Flowers (Williams)—

Geraldine Fuller. Violin, Hawaiian Song (Anon.)—Roxie Ruth Friday.

Piano, Fairy Land Music (Piaget)—Wilma Dee Vaughan.

Piano, The Rabbit Revels and Rumps Away (Williams)—John Harvard.

Mandolin and guitar, Glistening Stars (Foyden)—Evalina and Lavada Cruidup.

Saxophone, selected—Billie Ponder.

Violin, Valse Bluet (Drigo)—Charles Barron.

Piano, Butterflies Wink Their Primrose Wings (Goodrich)—Jean Walsh.

Violin, Cherries Are Ripe (Greenwald)—John Perkins, with Miss Dell Perkins at the piano.

Piano, Carmencita (Thompson)—Mary Mayfield.

Comet, March from "Toy Maker's Dream" (Golden)—Raymond Mann.

Piano, Sweep of the Wind (Koehler)—Dorothy Rose Otho.

Violin, Country Gardens, arr. (Vogt)—Edith Rae Collins.

Piano, In a Spanish Pueblo (Rodgers)—Clarissa Mann.

Violin, Fire Crackers (Greenwald)—Robert Lloyd.

Piano, A Night in May (Krentzlin)—Elaine Hedrick.

Violin, Black Hawk Waltz (Walsh)—Betty Kimbrough.

Piano, Charmante (Groton)—Margaret Mims.

Violin, At the County Fair (Martin)—Doyle De Armand with Dorothy Otho at the piano.

Piano, Hungary (Koelling)—Alberta Smith.

Violin, Souvenir (Drala)—Betty Jo Joplin.

Violin, Dream Waltz (Vogt)—E. J. Regsdale.

Soprano (a) Flocca la Neve Pascoli (Cimarti); (b) Four Ducks on a Pond (Needham)—Miss Dell Perkins.

Violin and piano, Fifth Air Vari (Dancla)—Dorothy Fae and Dorris Rae Lynch.

Piano trio, Radetzky March (Strauss)—Elaine Hedrick, Margaret Mims, Alberta Smith.

Two other students, Lois Dee and Eileen Elland, could not appear on the program because of illness of their mother. Lois was preparing a piano selection, "Gentle Night" by Williams, and Eileen was to have played "La Golondrina" by Serra-

dell, also a piano number.

### Young Pianists Praised

Subdued lights added to the colorful effect of floral arrangements in the living room of the Perkins home and the airy costumes of the trio of girls playing, when Miss Watson presented Margaret Mims, Alberta Smith, and Elaine Hedrick in a special piano recital Wednesday evening.

Though only eleven years old, all three of the girls have done excellent work in music, according to their teacher, and each won National Honors in the National Piano Playing Tournament last spring.

The three young musicians each wore a corsage presented by Mrs. Percy Mims and Miss Watson wore a corsage of gardenias, the gift of Mrs. O. F. Hedrick, Eleanor and Elaine Hedrick.

At the close of the program the girls were presented by Eleanor Hedrick, with arm bouquets.

"They played an artist's program in an artist's manner," Miss Watson said, in expressing her pleasure at the performance of the young pianists. "I consider it the most beautiful program I've ever had."

The entire group of selections, with the exception of the trio, was played from memory.

Assisting the girls was the string ensemble of the Watson school. An appreciative audience of parents and friends heard the program.

Eleanor Hedrick announced for the following numbers: Moonlight Beach Waltz (Zamecnik)—String ensemble.

Piano duet, March of the Candy Dolls, (Renton)—Alberta Smith, Margaret Mims.

A Night in May, (Krentzlin)—

Elaine Hedrick.

Galvotte in D. (Gosses)—Alberta Smith.

Trees, (Rasbach)—Margaret Mims. (a) Hunting Song, (Schuman); (b) Minuet in D Minor, (Bach); (c) The Wild Horseman, (Schuman)—Elaine Hedrick.

Dance Capriccioso, (Cadmus)—Alberta Smith.

Folk Songs, (Schuman)—Margaret Mims.

The Coming of Spring, (Bronwen)—Elaine Hedrick.

Sailor's Song, (Schuman)—Alberta Smith.

Charmante, (Groton)—Margaret Mims.

Hungary, (Koelling)—Alberta Smith.

Trio, Radetzky March, (Strauss)—Elaine Hedrick, Margaret Mims, Alberta Smith.

## Mrs. Douglas Named Club President at Opening of Year

First of the study clubs to re-open regular work is the Play Readers group which held its initial meeting of the fall season at the home of Mrs. E. W. Anguish, 601 N. Big Spring, Wednesday afternoon.

Although the roster of officers for this year was completed last spring, the resignation of Mrs. Anguish as president and of Mrs. Elliott H. Barron as recording secretary and reporter made necessary the election yesterday of others to take their places.

Mrs. De Lo Douglas was named president of Mrs. W. L. Haseltine recording secretary and reporter. Other officers are: Vice-

president, Mrs. R. D. Scruggs; corresponding secretary, Mrs. W. T. Schneider; treasurer, Mrs. Fred Wilcox.

Mrs. Schneider read the play for the afternoon.

Three guests were present including Mrs. R. M. Jones, Mrs. Fielder, and Mrs. Walter F. Smith.

Members attending were: Mmes. Elliott H. Barron, Wade Heath, Fred Wilcox, De Lo Douglas, W. L. Haseltine, W. L. Miller, W. T. Schneider, Charles Klapproth, and the hostess.

Tibbett Singing Angler.

SYDNEY (UP).—Lawrence Tibbett passed most of his spare time between his concerts here in the launch Atlanta fishing for marlin and tiger shark. However, as he in-

sisted on singing lustily all the time he was fishing, he only bagged some mackerel, tallers and other small fry.

## VICKS VA-TRO-NOL

# The Unseen Hand..

SEND an expedition to Africa to film this glorious novel in its authentic locale!

Locate a little English boy to depict the heart-stirring story of a beloved Dickens character!

Search the world for the one man who knows better than all others how people lived in Elizabethan days — what they wore, what they ate, the manner of their dress and their talk!

Reconstruct an historic palace—re-create an historic battle — build a volcano! Erect a city and set it aflame! Loose a flood that will wash whole villages away!

It is *you* who order these things — and they are done. And whether you applaud with your hands or your heart at the conclusion of a motion picture, your approval echoes in the lives of unseen thousands who have collaborated in its making.

It is for your entertainment that an army of the world's greatest talents is ever on the march, forging ahead to open new vistas for your delight — adding brilliant new recruits from all the arts every day in the year.

Spare nothing, says Hollywood, to make the motion picture theatre the happy haven it is, the place to which millions may confidently come for freedom from boredom and care . . . for suspense that makes the pulse beat faster . . . for romance that warms the heart . . . for hearty laughter and eye-filling beauty.

The unseen hands applaud — and we who make motion pictures hear the echo. It guides us, inspires us, challenges us to fresh endeavors to make the movies better and better.

Now — on the eve of the Golden Jubilee of motion pictures — there is ready for you a remarkable array of new productions — the finest, we feel, that have ever been presented in a single season. On them we have lavished all our skill, all our experience, all our resources.

Here are pictures to charm and to thrill — pictures to amaze and amuse — pictures destined to weave their magic about the hearts and the minds of millions of people — to lighten their labor and brighten their lives, to lift them out of the drab, workaday world into a new world of wonder — timeless and boundless.

See them — give yourself up to their spell — relax and let them work their magic. They are a tonic for your mind and your heart — *they are good for what ails you.*

Watch for these new season's pictures at your favorite theatre:

SERIAL STORY PHOTO FINISH

CAST OF CHARACTERS LINDA GORDON — heroine. She gave up Manhattan to return to her Blue Grass.

BRUCE RADFORD — newspaperman. He would give up anything for Linda.

UNCLE SANDY — horseman. He would give up anything, too, for a good horse.

MONTE HILL — rich racing devotee. He also wanted Linda.

Yesterday: Through the old notes of Sandy Gordon, Linda learns what a thoroughbred Bruce Radford is.

CHAPTER IX LINDA was awakened next morning by a woman's strong voice calling: "You Norman! You triflin' stable-han! Come here an' clean the Miss's car."

Linda raised her head, grinned; that would be Sis' Callie Tompkins, the new cook with the powerful bad temper.

"Norman and me been gettin' along," he said tartly. Linda felt no such thing. You done feed an' rub him. You come on and clean this car, young Miss may want it today."

Linda was going to have use for it—sooner than she thought. Uncle Sandy met her in the dining room. Gumbled about hiring a cook.

"Norman and me been gettin' along," he said tartly. Linda felt no such thing. You done feed an' rub him. You come on and clean this car, young Miss may want it today."

Linda raised her head, grinned; that would be Sis' Callie Tompkins, the new cook with the powerful bad temper.

"Norman and me been gettin' along," he said tartly. Linda felt no such thing. You done feed an' rub him. You come on and clean this car, young Miss may want it today."

Linda raised her head, grinned; that would be Sis' Callie Tompkins, the new cook with the powerful bad temper.

"Of course, it's foolish," she said, "but it's the sort of yarn race-mad folk will read, Uncle Sandy. That is, if I deliver the goods."

She got up. "I'll make a hundred or two." "H-m-m! There was money in this writing business."

"Now, Uncle Sandy," she spoke in such forceful tones that his jaw dropped; this young 'un was talking to him like a millionaire owner!

LINDA stayed at a hotel in Lexington that night; the next morning by appointment—drove out to Mr. Samuel Riddle's Faraway Farms, a few miles north of Lexington.

The magic of her magazine's name got her special attention. Though the hundreds of daily sight-seers were arriving, she was given the exclusive services of Man o' War's gray-haired groom, the courtly Will Harbut.

Old Will went into his spiel: told of the stallion, now 21 years old, being bought from August Belmont for \$5,000 as an untried 2-year-old.

But first— Will insisted on showing two of Man o' War's great sons, Crusader and American Flag. He pointed to an empty stall: "That's jes' waitin' for War Admiral to come home and be with his pappy. An' here—with a sweep of his arm he pointed to a fourth stall in the immaculate stable."

"Man o' War hissed!" The Negro walked into the stall, closed the lower half of the door, said: "Come here, Red!"

Linda saw a flaming chestnut turn in the stall, approach the door. Will threw an arm around his neck. Said: "Listen, Miss, this here be Man o' War, the greatest horse in all de wide world."

"Does Man o' War ever talk, Will?" Linda asked seriously. "Talk? Why, Miss, he writes letters! Yes, ma'am. He done write a half dozen to his son, War Admiral. Ain't you, Red?"

"Member when they call off that Seabiscuit match race? 'Cause Seabiscuit had the rheumatiz or sumpin'? An' then they didn't let War Admiral run in the Suburban 'cause his trained think the track too sloppy—an' 'e body git mad? Then next Monday War Admiral, he start in the Queens County Handicap at Aqueduct?"

YES, Linda remembered. She had seen that race—sitting by Monte Hill's side. Monte was rooting for the Admiral that day.

"Member how the crowd hiss an' boo War Admiral—'cause he didn't run ag'in Shark in the Suburban? An' they all prayin' for Shark to win—"

the giant may be somewhat smaller than the one that will carry the Aggie colors in its campaign against the strong opposition in inter-sectional and conference frays. More than four and a half tons of brown are wrapped up in 46 line candidates who total 9,096 pounds. Reducing that mass down to a one-man figure the average weight in the forward wall is 196 pounds. The 18 backs total 1,656 tons, or an average of 184 pounds for the ball carriers. Out of the backfield tonnage comes the probable starting quartet of Todd, 168 pounds; Rogers, 175; Price, 190; and Thompson, 200 for an average of 183 pounds.

Norton would gladly trade a ton or more of his line beef for just another 383 pounds of All-America Routt and All-Conference Jones at guards. Stacked one on top of the other's head, the linesmen would tower 277 feet into the ozone, a height equivalent to a twenty-seven story office building. By simple use of a slide rule that figures down to a six foot average.

after initial 1,500-gallon treatment. It was re-treated with 3,500 gallons and is now unloading hole for test. Total depth is 5,063 feet in lime. Shell No. 4 Lowe is drilling lime at 4,641 feet.

West of the pool, Magnolia No. 1 J. H. Lynn had shown nothing as it drilled to 4,925 feet in hard gray lime. Shell No. 4 Mrs. Dora Roberts is drilling lime at 4,879 feet.

New location for the Bennett pool of Yoakum is T. P. No. 11 Bennett, 1,320 feet from the north and 440 from the east line of the northwest quarter of section 878, block D, J. H. Gibson survey. On the west side of the pool, Shell No. 3-A Bennett is drilling anhydrite and lime at 4,694.

Water In Delaware Test.

Five hundred feet of salt water encountered from 5,160-62 feet in sand today appeared to doom chance of J. T. FitzPatrick No. 1 Carr, western Ward Delaware test. It was drilled ahead at 5,180 feet in sand. Water did not appear to be increasing. The well had logged inconsequential showings of gas higher in the Delaware section, which it topped at 5,055, with sand top at 5-101.

Anthony et al (formerly Lagoki) No. 1 Shaw, Reeves Delaware test, is drilling below 1,340 feet in anhydrite and lime. Also in Reeves, Frankley & Rice No. 1 Tunstall is drilling at 2,095 feet in anhydrite and lime, carrying 1,200 feet of sulphur water. It had show of water at 1,943 and at 2,085.

New Pecus wildcat location is O. E. Schkade et al No. 1 Neville. It

is in section 72, block 194, G. C. & S. F. survey, 330 feet south and 330 feet west of the southeast corner of section 10, block 12, H. & G. N. survey, Greer No. 1 Price estate is drilling at 900 feet in salt and anhydrite. It had two bailers of sulphur water hourly from 630-33 which were shut off by pipe. J. N. Gregory No. 1 Humble-O'Neil is drilling at 1,160 in redbeds.

Culbertson & Irwin, Inc. No. 1 Nunn, northwestern Reagan community wildcat, had drilled to 2,760 feet in red shale.

studded belt, red satin shirt, yellow bandana and a ten-gallon hat.

Some outfit. I really had lots of fun walking all over town in this regalia—and when I say walking I mean walking. Daddy said that I might get thrown off a horse if I tried to ride in such a crowd. And I probably would have at that. Pat and Mike rode in the rodeo with Daddy and they really did look cute. Mike had on his boots and a red shirt and ten-gallon hat and Pat had his boots, a white shirt and ten-gallon hat.

Complimentary Speeches.

That night there was a banquet at the hotel which was just worlds of fun—and good food. Daddy just ate and ate after having eaten only about five meals that day. After we had finished the usual after-dinner speeches—but these were different. Everything was very informal and very complimentary. As usual, I think, Daddy made a humdrum of a speech. In fact, the only thing that was wrong with the entire day was the fact that I had to take off my new boots to go to dinner. After we had finished eating and speaking we left and went to the rodeo again. This time Daddy and the boys didn't ride—just played and sang and spoke.

"Big City, Here I Come." I've seen lots of rodeos but none quite like that one in Midland. The horses were so wild and so were all the cattle. The horses that they called tame would have been what I would have called a bronco. Another thing I'd never seen before was what they called team-tying. Two boys come out on horses following a steer—one ropes the head,

Interscholastic League to Abolish Eight-Semester Rule in 1940, Sub For It the 18-Year-Old Age Rule

AUSTIN, Tex., Sept. 8.—The Interscholastic League of the University of Texas will announce in the 1938-39 Constitution and rules several changes in eligibility rules, it was stated by R. J. Kidd, director of athletics of the League.

"Beginning with the 1940 season the League will abolish the eight-semester rule and the four-year participation rule and substitute an eighteen-year age rule," Kidd said. "In announcing this change the League has in mind two purposes. First, to permit the participation period to correspond with the age provision of the State Department of Education, and second, to equalize competition between the 11 and 12-year high schools," he continued.

"In 1937, when the Texas high schools adopted the eight-semester rule, practically all the high schools were 11-year systems. Prior to the adoption of the eight-semester rule a contestant was allowed ten semesters in high school before he became ineligible.

"Soon after the adoption of the eight-semester rule a 12-year high school in the state called upon the state office for an interpretation of the rule. The League officials ruled that in 11-year schools, a school shall start counting semesters in the eighth grade and in 12-year systems the school shall start counting semesters in the ninth grade. The 11-grade systems quite generally were of the opinion that the interpretation favored the 12-year systems and since the 12-year systems were on the increase in Texas, the issue had to be definitely settled. A referendum ballot stated as follows: A referendum ballot stated as follows: A referendum was mailed out to all participating schools:

"I vote in favor of incorporating in the football plan the following rule: 'In interpreting the 8-semester rule and the 4-year rule of Article VIII, semesters shall be counted from the eighth grade in both 11-grade and 12-grade systems, effective 1938'."

"I vote against incorporating in the football plan the following rule: 'In interpreting the 8-semester rule and the 4-year rule of Article VIII, semesters shall be counted from the eighth grade in both 11-grade and 12-grade systems.'"

"The schools by a vote of 284 to 181 decided to count semesters from the eighth grade in all school systems. This adoption will exclude the senior who made normal progress of a grade a year in the 12-grade systems from participating in football. One can readily see that bona fide high school students will be denied the privilege of participation on the high school football team. To eliminate this condition the League officials plan to abolish the eight-semester rule and the participation rule in 1940 and substitute the eighteen-year age limit.

"In 1935 the League adopted the eighteen-year age rule but in 1936 a referendum ballot was submitted to the schools and they voted in favor of returning to the nineteen-year rule. At the time of the adoption of the eighteen-year age limit the League did not contemplate abolishing the semester rule and the participation rule. In 1929 the Texas public school system lowered the entrance-age from seven years to six. The pupil population that entered at the age of 6 in 1929 will begin to graduate in 1940. By making normal progress these pupils in the 11-grade systems will graduate at 16, and in the 12-grade systems will finish at 17.

"Most of the coaches are of the opinion that their teams will be stronger by holding more 16 and 17-year-old boys in school than by retaining a few 18-year-old boys un-

der the old rules. To date there has been no expressed opposition to the proposed change, although it has been several times announced in the press.

"In my opinion such a change will strengthen football in Texas and at the same time equalize competition between the 11 and 12-year systems."

Shades of the 80's—Stagecoach Robbed By Two Highwaymen

SHOWLOW, Ariz., Sept. 8. (P).—Two highwaymen pulled socks over their heads for masks and brandished six-guns Wednesday to stage a payroll robbery in old West fashion. They obtained \$21,250 in silver and currency consigned to the McNary Lumber Mills, Inc., at McNary, and the Lee Mercantile Company, White River, sitting several mail pouches to obtain the loot.

The mail, being hauled by stage, also contained \$17,600 in payroll checks for the Fort Apache Indian Reservation, mailed from Albuquerque, N. M., Tuesday, but it had not been determined whether the checks were taken.

The 1929 model car in which the bandits fled was found five hours after the holdup, abandoned a short distance west of here.

Joe Ison, 22, driver of the stage, and his brother, Bob, 24, relief driver, were bound by the bandits and freed themselves within a few minutes and drove here to report the robbery, shortly after 9 a. m.

The holdup occurred at Bull Hollow, on State Highway 77, about 40 miles south of Holbrook. The Ison brothers said the bandits parked their car across the muddy, narrow highway, blocking their passage.

Rotary Club - - -

CONTINUED FROM PAGE ONE

Fair, Inc., to the rodeo committee in particular, and to the citizenship in general for the time, effort and money contributed by them to make the 1938 Midland Rodeo an unparalleled success and for the splendid spirit of cooperation manifest on every hand; and

"Be it further resolved that a copy of this resolution be forwarded to the Secretary of Rotary International, that another copy be spread upon the minutes of the Midland, Texas, Rotary Club and that each member of the rodeo committee be presented with a certified copy thereof.

"Signed this 8th day of September, 1938.

BOARD OF DIRECTORS MIDLAND ROTARY CLUB No. 2782 Clinton Lackey, President W. Ily Pratt, Secretary.

All members of the committee were present except Leonard Proctor. Mrs. Foy Proctor, who was chairman of the sponsors' committee, was present and sang a parody on "Gold Mine in the Sky", depicting the honor brought to Midland through the recent celebration. A photograph of the club and guests was taken, the rodeo committee appearing in the foreground.

John Thomas gave a talk on his recent trip to Washington, New York City, Flint, Mich., Dayton, Ohio, and to points in Canada. Other visitors besides the honor guests were R. Randerson of Abilene, Delbert Downing, recently moved here from Breckenridge; J. J. Willis of Odessa, the Rev. H. D. Bruce and Hilton Kaderli of Midland.

Foy Proctor, general chairman of the rodeo committee, voiced appreciation for the 100-per cent cooperation of the public, also praising his committee for their united work. Clarence Scharbauer, president of Midland Fair, Inc., praised the rodeo committee for the successful task and said it was a pleasure to work with them. Copies of the resolutions were presented by Clinton Lackey, club president, who spoke of the benefits to Midland through publicity and high class entertainment as result of the rodeo.

FEMININE FANCIES

By KATHLEEN EILAND

We never knew there could be so many details about any one job until we started the task of moving a household. No wonder they say that a woman's work is never done.

The Redheads are getting their fiery locks together and starting out to make their way in the world of organizations: A National Redheads club is being developed with headquarters in the Red Room (most appropriate) of the Kentucky Hotel in Louisville, Kentucky.

Say the sponsors: "Redheads want national recognition of facts: that Redheads do not have terrible tempers, that few Redheads are public charges, and that they will work together to improve their world position. Many famous men and women in all walks of life are Redheads."

Being by virtue of definitely red hair one of the sisterhood, though not a member of the organization, we perhaps have a right to express our opinion on the matter of the organization.

For a gorgeous, jolly funmaking idea, we think the theory of the Redhead club is all right. But such expressions as those given above in the quoted "facts" hint too strongly of the old-fashioned inferiority complex which used to make red-headed people feel that they were unfortunate in having the flaming

Big Drop in Pachyderm Common

Part of the elephant stock at the Prospect Park Zoo in New York took a big drop recently when Hilda, 3000-pounder from India, was butted into a 25-foot concrete moat by Bill, her 4500-pound cage mate. Hilda and her rambunctious boy friend Bill are on loan from Mrs. Christopher Schultz, British East African dealer.

hair instead of being as proud of it as of a handsome carriage or pretty teeth or a winning smile.

No sirree! We find it absolutely unnecessary to bolster up our self-respect or rather our ego by joining a group of Redheads. We're perfectly contented to go right on being redheaded to the end of our days—in fact, we're maybe just a wee bit proud of the fact—and we don't think it necessary to make any explanations because we are.

For the girl who is overly-slender, we advise the kind of outfit we noticed worn by such a one recently: A black crepe dress whose soft fullness was immensely flattering, and a peaked black hat to match. With a bit of white to touch it up, the costume is becoming, practical, and stylish.

Of course the high school and college set will be all-a-gog over these new "sig" shirts which exhibit the signatures of one's best friends or celebrities or something strung about lavishly and frivolously over the surface.

VISIT THOMASES. Mrs. J. H. Hurt of Big Spring, Mr. and Mrs. M. E. Shelton and Warren White of Shreveport, La., were guests of Dr. and Mrs. John B. Thomas yesterday.

ON VACATION TRIP. Mr. and Mrs. V. Hilty and daughter are leaving today on a two week vacation trip.

HOME FROM EAST. Mrs. W. B. Worden has returned from a trip to New York and Connecticut where she spent several weeks.

Sunburned Hair Needs Fixing Now

BY ALICIA HART, NEA Service Staff Writer.

HAIR that is dry and harsh and perhaps slightly bleached from over exposure to hot sunshine needs special attention right now. No woman who wants to have a smart coiffure this fall will make an appointment to get a new permanent until her hair is in excellent condition.

The popular saying is that a permanent wave is only as good as the operator who gives it. But it's well to remember that no operator can be expected to give as fine a wave to dull, lifeless locks as to glossy, healthy ones.

Begin by using your hairbrush regularly. Not just now and then or occasionally at the end of the week, when your fingerwave has about disappeared. But every single night. Brushing providing the strokes are up and away from the scalp, won't hurt a brand new fingerwave. That is, if it is a really fine one.

Also, have or give yourself a hot oil treatment once a week. Simply dip cotton pads in warm (almost hot) olive oil, part your hair in sections and rub the oil into scalp. Then massage scalp with fingertips. If possible, wrap a clean towel around your head

and leave the oil on all night. Next morning, shampoo in the usual manner.

If you want results . . . advertise in newspapers.
