WAR IN EUROPE IS "POSTPONED"

New Deal Wins One of Four Elections Held Tuesday

Triumph Is Incomplete, However

O'Connor Loses Demo Vote But Named by GOP

By Associated Press.

Defeat of Representative John J. O'Connor for the democratic renomination in New York gave President Roosevelt today his only victory in his personal campaign against four democratic legislators, in Tuesday's elections. The president's triumph was not complete, however, because O'Connor will be on the November ballot, having won the republican nomination over Allen Dulles.

The complete vote gave James M. Curley, New Dealer, 8,352 and O'Connor 7,799 votes. O'Connor attributed his defeat in the election to "dishonesty" and hinted that he would seek a recount. Other results from Tuesday's elections follow.

Massachusetts: Former Governor James Curley defeated Governor Charles Hurley in the democratic gubernatorial contest.

New Jersey: Former Senator Warren Barbour won the republican senatorial nomination.

Wisconsin: Governor Philip LaFollette won the renomination for a fourth term.

FOUR STATES HOLD ELECTIONS TUESDAY.

Rep. John J. O'Connor, (D-NY) blacklisted for renomination by President Roosevelt in his campaign against "conservative Democrats" trailed James H. Fay, the New Deal candidate by less than a hundred votes early today in returns from the Democratic primary election.

Returns from other of yesterday's primaries showed:

W. Warren Barbour swamping two opponents for the Republican senatorial nomination in New Jersey.

Former Governor James M. Curley running well ahead of Governor Charles F. Hurley for the Democratic gubernatorial nomination in Massachusetts.

Leverett Stinson easily victorious in a contest for the Republican gubernatorial nomination in the same state.

Governor Philip F. LaFollette far in the lead for the Progressive gubernatorial nomination in Wisconsin, and Robert K. Henry, coalition candidate leading for the Republican gubernatorial nomination. A close race between Lieut. Gov. Herman L. Ekern and Rep. Thomas A. Amlie for the Wisconsin Progressive nomination to the Senate.

All over New York, and in Massachusetts, New Jersey and Wisconsin, party members voted on who should represent them in the November elections.

There were 100 contests in the whole of New York State, involving 43 House seats and other offices. Massachusetts voted on a list of 1,766 candidates in a record-breaking primary. The Bay State's governor, Charles F. Hurley, was opposed for renomination by Lieutenant-Governor Francis E. Kelly, former Governor James M. Curley and former U. S. Representative Richard M. Russell.

Eight members of that state's 15-member House delegation were assured of re-nomination. They include Joseph W. Martin, Jr., who is in line for the Republican leadership in the House.

Finance Sub-Group Tenders Services To O'Daniel

AUSTIN, Sept. 21 (AP).—A sub-group of the senate finance committee today voted to tender its services to Governor-nominate W. Lee O'Daniel in a joint effort to promote economy and efficiency in government.

The group adopted a motion authorizing its chairman, Senator John Redditt of Lufkin, to notify O'Daniel the committee desired to meet him to coordinate common aims.

Brother of Midland Man Is Found Dead

MATADOR, Sept. 21 (AP).—Jim Ferguson, 30, was found shot to death Tuesday at the home of his parents, Mr. and Mrs. J. F. Ferguson, near Roaring Springs.

Survivors include six brothers, Onas of Midland, Robert of Wichita Falls, Frank, John, Tom and Angus of Roaring Springs, and a sister, Miss Bess Ferguson of Roaring Springs.

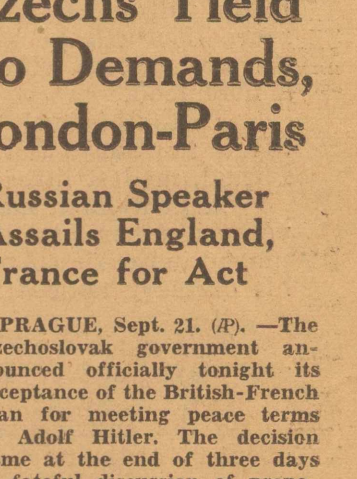

Herman L. Ekern

Thomas R. Amlie

Ryan Duffy

John J. O'Connor

Election officials of four states were completing today the count on Tuesday's balloting, the outcome of which apparently has gone both ways in President Roosevelt's New Deal majority ambitions. In Wisconsin, a close race for the Progressive senatorial nomination appeared between Lieut. Governor Herman L. Ekern and Rep.

Thomas R. Amlie; while Senator Ryan Duffy, blessed with presidential endorsement, was unopposed for the Democratic senatorial nomination. In New York's "party purge" election, Democratic Representative John J. O'Connor, whom the president had blacklisted, was trailing close behind James H. Fay, New Deal candi-

date. In New Jersey, former Senator Warren W. Barbour was swamping his two opponents and appeared to be in the clear for the Republican senatorial nomination. Massachusetts New Dealers were well ahead with their candidates for the democratic gubernatorial nomination, with former Governor James M. Curley leading Governor Charles F. Hurley.

Czechs Yield To Demands, London-Paris

Russian Speaker Assails England, France for Act

PRAGUE, Sept. 21 (AP).—The Czechoslovak government announced tonight its acceptance of the British-French plan for meeting peace terms of Adolf Hitler. The decision came at the end of three days of fateful discussion of proposals agreed upon by the British and French leaders in London as a price for maintaining peace in Europe. News of the capitulation came from Czechoslovakia's radio broadcast which were carried through loud speakers in crowded streets of Prague.

BUDAPEST, Sept. 21 (AP).—Hungarian Nazis and members of other political parties joined today in a demonstration demanding the return of Hungary territories given to Czechoslovakia at the end of the world war. An estimated quarter of a million Hungarians, taking part in the demonstration, swore they would not rest until the territorial revision was accomplished.

PRAGUE, Sept. 21 (AP).—The propaganda ministry disclosed informally tonight that Czechoslovakia had accepted the British-French plan for meeting Adolf Hitler's peace terms.

An official of the ministry said the government had yielded to pressure of London and Paris.

Crowds in the street were in an excited mood and authorities were worried about reaction of the Czechs to Hitler's demands that the republic faced the loss of considerable territory.

RUSSIAN SPOKESMAN FLAYS ENGLAND, FRANCE.

By Associated Press.

Maxim Litvinoff, Russian foreign commissar, assailed France and England today for the part they were playing in the European crisis, while reports in London said Czechoslovakia had decided to capitulate to Adolf Hitler's demands.

"We are given to understand by our legation that Prague has accepted the Anglo-French proposals," informed quarters in London said.

Addressing the League of Nations, Litvinoff accused Great Britain and France of aiding a "problematical war today in return for a certain and large-scale war tomorrow."

New troop movements were reported in Germany, and the phrase "Germany cannot wait longer and will not wait longer" appeared in German newspapers.

Group Not to Investigate Claims Of Election Spending

AUSTIN, Sept. 21 (AP).—The Senate's general investigating committee refused today to determine whether the electric power companies were spending money in an effort to influence the municipal power plant elections in Central Texas.

Chairman Holbrook of Galveston said the current investigation should not be diverted this time from its main purpose. He said the attorney general was inquiring into a money spending charge in connection with the July Colorado flood.

P-26 Ferry Flight Lands at Airport

Eight P-26's landed at Sloan field early this afternoon, coming from Hensley field, Dallas, on a ferry flight. Pilot Brown was leading.

Flown by Pilot Taylor, an O-47 arrived today from Biggs field, El Paso, en route to Oklahoma City.

An A-17-A, flown by Pilot Armstrong, came from Tucson, Arizona, en route to Barksdale field, La.

Pilot Merewether, flying a C-33, came from Barksdale field and was still on the field at press time.

Floods Threaten New England

New Alarm Arises From Storm Along Atlantic Seaboard

BOSTON, Sept. 21 (AP).—New England streams, swollen by a four day storm which caused eleven deaths, two train derailments and a number of injuries presented today a new flood menace to Massachusetts, Rhode Island, New Hampshire and Connecticut. Damage already had run into hundreds of thousands of dollars. Connecticut was confronted with the worst flood since 1936.

GALE WARNINGS ISSUED ALONG EASTERN COAST.

WASHINGTON, Sept. 21 (AP).—The weather bureau today ordered gale warnings hoisted along the Atlantic coast from the north Virginia capes to Sandy Hook, N. J. The bureau said the storm was 100 miles east of the Virginia capes and was moving rapidly northward.

New Faculty of Schools Feted by Lions Club Today

Following a custom of several years standing, new members of the faculty of the Midland public school system were the special guests of the Midland Lions club at the regular weekly club luncheon in the assembly room of the Midland county court house today noon, the new teachers being individually introduced by Dr. W. W. Lackey, superintendent of schools. Official welcome to the instructors was extended by Ed M. Whitaker, immediate past president of the club. Faculty members in attendance were Modine Hagler, Leta Legg, Ruth Robinson, A. L. Gilbreth, Tommie C. Smith, Mittie L. Allen, J. Kimbriel, Iva Butler, Laura Niebuhr, Georgia Moreland, Sudie Pearl Muirhead, Paye Hogue, R. C. Ferguson and Tommie French. Response to the address of welcome was made by Miss Hagler, A. L. Gilbreth, a past president of the Hubbard Lions club, also making a brief talk.

The musical part of the program was featured by two vocal numbers by Craig (Scotty) Hunter of San Angelo, Hunter playing his own piano accompaniment.

Lions L. M. Short, I. J. Prager, P. A. Nelson, Ellis Conner and Claude Crane were appointed as a committee in charge of the Midland Club program, the Lions club being the sponsoring organization.

O. L. Wood was named as the Lions club representative to the Midland Safety Council for the coming year, Wood replacing W. G. (Bill) Epley on the council.

It was announced that a ladies' night affair will be held at Cloverdale park next Tuesday evening at 7 o'clock, members of the winning side, and their ladies, in the recent attendance contest, to be the guests of members of the losing side, at the picnic-barbecue. The affair will supplant the regular luncheon next Wednesday.

Members present voted to hold the annual Lions club carnival during the month of October, a committee composed of W. M. Holmes, chairman, Paul McHargue, Bob Williams, George Phillipus and Claude Crane, being named by President Bill Collins to be in charge of arrangements. Pete Gates was named publicity chairman.

Guests, other than the school faculty members, were J. L. Alexander of Dallas and Delbert Downing of Midland.

The luncheon was served by the members of the South Side home demonstration club.

Yoakum Wildcat Hits Lime Top Favorably; Andrews Test Low

By FRANK GARDNER.

Topping of solid lime favorably by a test seeking mile farther east extension of the Denver pool in Yoakum today balanced a low anhydrite top reported for a wildcat in the Shafter Lake area of Andrews.

Honolulu Oil Corporation, Ltd. No. 1 R. M. Kendrick, 1,650 feet from the south and west lines of section 825, block D. J. H. Gibson survey, in Yoakum, topped solid lime at 4,512, datum of minus 945. It is said to compare favorably with Shell No. 1-D Baumgart, east side producer in the Denver pool, although it is slightly lower. Drilling had progressed to 4,560 in lime at last reports.

Shell No. 4 Mrs. Dora Roberts, short southwest extension to the Roberts area west of the Denver pool, flowed 326 barrels, two per cent basic sediment and water, on official 24-hour potential gauge. Bottomed at 5,164 feet in lime, it had been acidized with 10,000 gallons, in successive stages of 2,500, 2,500 and 5,000 gallons, respectively.

Magnolia No. 1 J. H. Lynn, new strike a mile and three-quarters northwest of Denver production, is acidizing today with 3,000 gallons. It had swabbed an estimated 100 barrels of oil in 24 hours following nitro shot with 110 quarts of 5.123-64, one foot off bottom. Location is 1,980 feet from the north, 660 from the east line of section 770, block D.

Andrews Wildcat Low.

Anhydrite was topped at 1,690 feet, datum of plus 1,475, by Texas No. 1-H State, Andrews wildcat south of Shafter Lake. On the first marker, it is 43 feet low to Gulf No. 1-G University, failure a mile and a half to the south, which topped anhydrite at 1,690 feet, datum of plus 1,518.

Railroad Commission gauge on Montecito No. 2 Emma Cowden, in the Emma pool of southern Andrews, showed it to have flowed 807.99 barrels in 24 hours through 3/4-inch choke on 2-inch tubing, with gas-oil ratio of 503-1. It was treated with 6,000 gallons in pay lime from 4,176 to 4,221, total depth.

Humble No. 50 J. S. Means, in the northeast part of the Means pool of Andrews, is flowing 195 barrels per hour, 78 per cent oil and 22 per cent water, together with 950,000 feet of gas daily, after initial acid treatment with 1,500 gallons. It is thought probable that the water present is acid residue. Before acidizing, the well flowed 70 barrels of pipe-line oil hourly, with 385,000 feet of gas daily.

Humble No. 1-G University, a mile southeast of Means production, is drilling at 2,020 feet in anhydrite.

Fuhrman No. 1 Ashton, test a mile west of the Fuhrman pool in Andrews, is reported to have flowed 103 barrels of fluid in 24 hours, 10 per cent oil and 90 per cent water. It is bottomed at 4,492 feet in lime and has been acidized.

Wasson Test Staked.

Semi-wildcat location a mile north of the farthest west producer in the Wasson pool proper in northwestern Gaines was being staked by Harry J. Brown of Odessa as his No. 1 A. L. Wasson. It is 2,310 feet from the north, 1,650 feet from the west line of section 51, block AX, public school land. The test is on an 80-acre tract, the south half of the northwest quarter of section 51, farmed out to Brown by York &

Harper, Inc., of Midland, and Sloan & Zook Company, of Bradford, Pa. M. B. K. No. 2 Wasson, pool well also on farmout from York & Harper et al, flowed 1,504.83 barrels through 2-inch tubing on 24-hour test, with a 1,730-1 gas-oil ratio. Pay between 4,895 and 4,990, total depth, received treatment with 1,000, then 3,000 gallons.

At the south edge of the Wasson pool, Humble No. 2 T. S. Riley pumped 126 barrels, 15 per cent basic sediment and water, the first 18 hours of potential gauge. It is bottomed at 4,975 and has been acidized.

In southeastern Gaines, Devoni-an No. 1 King estate, a wildcat, had not yet topped anhydrite as it drilled to 2,480 feet in red beds.

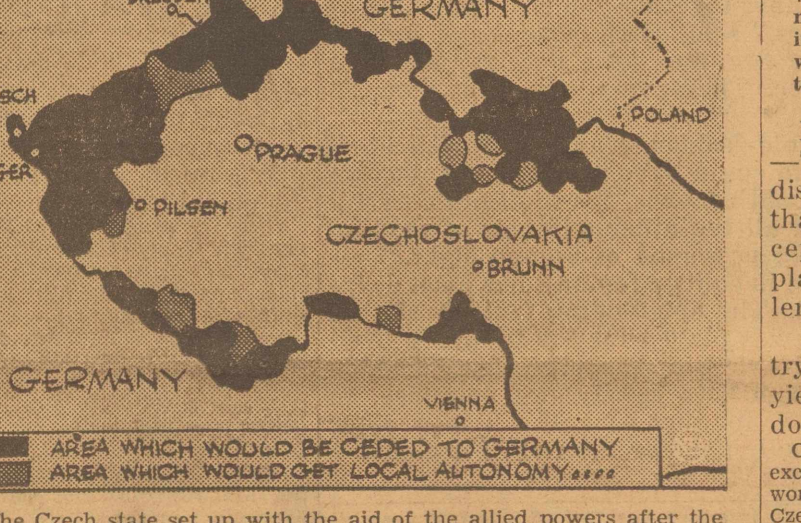

Wright Area Extended.

Texas No. 1 Dela Slaughter, indicating a mile and three-quarter northwest extension of the Wright area in eastern Cochran, swabbed 91 barrels of fluid, 30 per cent basic sediment and water, on 24-hour test through tubing. It has been shot and acidized, bottomed at 4,910, plugged back from 4,939.

Magnolia No. 1 D. S. Wright, a mile and a half north and slightly east of the Livermore discovery well in the Wright area, is drilling lime at 4,535 feet.

In southwestern Hockley, Texas No. 1-B Mallett, two miles west of the Slaughter pool, is drilling at 3,690 feet in shale and anhydrite shells. Snowden & McSweeney No. 1 Slaughter, half-mile east outpost to the south end of the pool, is drilling at 4,820 in lime.

Proposed Partition of Czech State

The Czech state set up with the aid of the allied powers after the World War will be partitioned by the consent of the same powers 20 years later, if proposals now being made in France and Britain are adopted. Regions voting more than 75 per cent Nazi in recent elections would be ceded to Germany; those voting between 50 and 75 per cent Nazi would be a measure of local autonomy. Other partly-German districts would remain Czech. Similar treatment of Polish and perhaps Hungarian and Slovak minorities might follow, thus completely partitioning Czechoslovakia, which rose from an old dream of a powerful Czech national state.

Unconditional Acceptance of Peace Plan by Czechs Demanded

By the Associated Press.

Britain and France served a virtual ultimatum on Czechoslovakia today to give a yes or no answer by tonight on the London plan to cede her Sudetenland to Germany.

Sources close to the French foreign ministry said the drastic step was accompanied by a warning that a negative reply from Prague would make it impossible for the two powers to guarantee the future existence of the republic.

It was learned the renewed pressure was exerted because Britain and France found "absolutely unacceptable" Czechoslovakia's answer to their proposals of 1925 in which she offered to settle the Sudeten dispute under her 1925 treaty of friendship and arbitration with Germany.

Chamberlain Postpones Meeting With Hitler Until Thursday

LONDON, Sept. 21 (AP).—Prime Minister Neville Chamberlain Tuesday night postponed until Thursday his scheduled meeting with Adolf Hitler at Godesberg as the apparent refusal of the Czech government to reach a conclusive decision on Sudeten partition stalled diplomatic maneuvers and revived the threat of a European explosion.

An official communique from the prime minister's residence said: "The prime minister and the German fuhrer have decided to resume their conversation, which was begun at Berchtesgaden, at Godesberg on Thursday, Sept. 22, at 3 p. m."

The prime minister earlier was reported to have decided to fly to Germany to see Hitler on Wednesday, regardless of whether the Praha government reached a conclusive decision on the Anglo-French plan for liquidating the Czech crisis.

The first reply of the Praha government to the Anglo-French proposal was delivered to the foreign office late Tuesday, and shortly afterward Chamberlain announced the date of his talks with Hitler.

Hitler Raises Ante Each Day Czechs Delay in Giving Answer

BERLIN, Sept. 21 (AP).—Every day of delay in solving the Sudeten German-Czechoslovak crisis raises Adolf Hitler's price of settlement, a foreign office spokesman declared Tuesday.

"Our fuhrer is constantly raising the ante," he said as the controlled German press raised a new clamor for the outright partition of Czechoslovakia rather than mere annexation of the Sudeten regions bordering Germany.

League Against Foreignism Plan Of Dies, to Combat Influences

WASHINGTON, Sept. 21 (AP).—Chairman Dies (D-Tex) of the house committee on un-American activities announced he would form a "League for Peace and Americanism" to combat subversive influences.

Declaring he had received "thousands of letters" endorsing the idea, Dies said he would apply for a charter for a non-partisan, non-dues paying organization to serve as an "antidote to foreignisms." He predicted 5,000 persons would enroll in it.

The league, he asserted, would fight nazism, fascism and communism; favor strict neutrality, adequate national defense, and stronger immigration and deportation laws, and defend the independence of congress, the judicial system and the executive department.

C-C Budget Drive Teams Enthusiastic, Ready for Contest

Opposing groups in the chamber of commerce budget drive, scheduled to start at end Friday, held enthusiastic meetings Tuesday night, resulting in the generation of intense rivalry and a strong tendency to put the chamber's treasury in condition to render highest service to Midland and its territory.

George T. Abell and John F. Butler, captains of the two groups, held separate meetings, Abell's squad reporting an attendance of ten and Butler's fourteen. Each side will have twenty workers when the drive is staged Friday.

Next meeting will be at a 7 o'clock breakfast Friday morning, in the Blue Room of the Hotel Scharbauer coffee shop, when Russell C. Conking, vice president of the chamber and head of its membership committee, will give final instructions to the two teams, partners will be paired and the forty men told to "go to it."

Teams are to report to the chamber of commerce at 4:30 o'clock that afternoon, turning in, if possible, complete reports on the names assigned them. Points will decide the winning team, announcement of the winner to be made at a 6:30 p. m. dinner of the forty men, the evening's closing party for the meal.

Points will be based on new members, listed and unlisted, increases in dues of present members and in collection of one month's dues in advance.

Fall Session of Safety Council Set for Tonight

Election of officers for the coming year and discussion of other important matters will feature the meeting of the Midland Safety Council at the chamber of commerce office in Hotel Scharbauer this evening at 7 o'clock, the meeting, the initial session of the fall season, having been called by Mrs. John W. Skinner, president. Other officers are W. G. Epley, vice-president, and Bill Collins, secretary-treasurer. The council, composed of representatives of the various civic organizations of the city, was organized on Nov. 17, 1937.

New representatives to the council have been named by various of the sponsoring organizations, both the retiring and newly appointed representatives being invited to attend tonight's meeting.

A paper dealing with the bicycle problem in Midland will be given by Mrs. Don Sivalls, and a report as to activities during the past year will be given by the secretary at this evening's meeting.

Shell Officials Visit This Area

Officials of the Shell Petroleum Corporation have been in Midland the early part of this week, making trips of inspection over the Permian Basin to their properties.

T. E. Swigart, vice president of the company, and D. B. Collins, production manager of the Texas Gulf division, were here, making the trips with officials of the Midland offices.

IN HOSPITAL

J. C. Marshall of Houston is in a Midland hospital for treatment.

It Wasn't Colossal, But It Was Fun

By BRUCE CATTON.

The nation's annual attack of stadium fever is about to break out. Within a few weeks the football season will be in full swing and the collegian's form of innocent recreation will be providing the fans with excitement, the newspapers with headlines, and divers persons with a livelihood.

Football is such a complicated and highly organized affair nowadays that it is hard to realize what an informal, modest little game it was in the beginning.

A gentleman named Homer Boughner died in Denver the other day at the age of 89; and because he played in the first American intercollegiate football game, his obituary notices recalled the game's circumstances.

This game was between Princeton and Rutgers. It was played at New Brunswick, N. J., on Nov. 6, 1869.

Some 25 young men from Princeton made the journey to do the actual playing. They were accompanied by about 50 of their fellow-students, who seem to have come along out of idle curiosity. An equal number of Rutgers players met them and took them to an open field, unmarked and unfenced. There the two teams—50 boys, all told—took off their hats and coats, rolled up their sleeves, and started the game.

The game seems to have been considerably more like soccer than like modern football. There were no touchdowns; only field goals counted, and apparently there were not many regulations about the number of men who could be on the field at one time. The little handful of spectators sat on the grass, sang a few songs, and clapped their hands heartily when the game ended with a 6 to 4 victory for Rutgers.

After the game was over, all hands—both players and spectators—had dinner together "on roast game birds from the Jersey marshes," sang some more songs, agreed that it had been lots of fun, and set a date for a return game a few weeks later. Then everybody went home.

It all sounds very old-fashioned and unsophisticated, and anyone present who could have foreseen the modern stadium, the corps of paid coaches, the high-pressure recruiting campaigns and all the other adjuncts of modern football must have been possessed of second sight.

But the real change in college football has been deeper than these externals. The outstanding fact about that pioneer game is that it was played for the fun of it. And today's game is played—well, to advertise the school, to pay off the stadium bonds, to satisfy the populace, to keep the coach's job, or for any of half a dozen other reasons; but not, decidedly not, for the fun of it alone.

Quite a contrast, isn't it? The premier of Japan has informed the Oxford Movement of his strong belief in moral rearmament. Gosh, he certainly had the Chinese fooled there for a while!

There's a man in Philadelphia who has built himself a miniature swing band out of wood. It doesn't play any music, and that makes it a genuine reproduction.

In New York at the moment is a European who has been pretty glum for the last few years over the fact that he's a man without a country. He's feeling just a touch better these days.

BEHIND THE SCENES IN WASHINGTON

WASHINGTON, Sept. 21.—The final score on current phases of Roosevelt's party "purge" will depend on what happens to Congressman John J. O'Connor in the New York primary, Sept. 20.

Wisconsin, New Jersey and Massachusetts also went to the polls that day.

Then the primaries will be over, although party conventions subsequently will name senatorial and gubernatorial candidates in New York and candidates for governor in Rhode Island and New Mexico. Here's the lineup:

O'CONNOR WOOES BOTH PARTIES.

NEW YORK: O'Connor, leader of the anti-reorganization bill fight, powerful Democratic chairman of the House rules committee and denounced by Roosevelt as a New Deal "traitor" seeks both Democratic and Republican nomination.

James H. Fay, organization Democrat sponsored by New Dealers and backed by Mayor La Guardia, opposes O'Connor in the Democratic primary and will get the American Labor Party nomination.

Although many Republicans back O'Connor, Allen W. Dulles, international lawyer, seeks G. O. P. nomination.

O'Connor issues: Communism, dictatorship and attacks on Roosevelt and New Deal. Fay's issue: O'Connor's "disloyalty". Dulles issue: New Deal sins, Tammany and his claim O'Connor and Fay will beat each other.

One possibility: O'Connor as a Democrat, Dulles as a Republican and Fay as the A. L. P.-New Deal candidate may fight it out in November.

Otherwise noteworthy: Fiery former Congressman Vito Marcantonio, progressive, will be nominated by Republicans and A. L. P. in the 30th district, with La Guardia support, to oppose Tammany Congressman J. J. Lanzetta in November.

Republicans convening Sept. 28-29 at Saratoga will probably nominate District Attorney Thomas E. Dewey for governor, although the Hines trial setback hurt Dewey's

"I says it's Spinach," says Lew (Streamline) Lehr

"For der last five years, all cars looked like Quintuplets," asserts Movietone News' Dribble-puss Comic

"Automobile makers is copy cats. Just fercause five years ago vun manufacturer 'pointed mit pride' to der design of his jalop-er-car—all der rest made dere's pointed also."

"Competition is der life of der party," some crackpot-er philosophouser said, und I second der ballot stuffing in favor. Who wants to sit down to ten courses of Spinach? You said it! Me needer. Der 'spice of life is—er—somepin,' but it ain't everything alike.

"Look yet! Mit cars all lookin' like each oder—suppose you tell your wife or girl friend to meet you on some corner where traffic is crowded. If you're late, she thinks some udder car is yours, steps in, und you don't find her fer days. Maybe never—if a good lookin' guy is drivin'."

"Nosir—me, I'm against repititio—er—identic—er, you too?"

"I'm gonna wait fer der new 1939 Buick before I choose my pick. I heered it's gonna give udder manufacturers something to zhoot at, no foolin'!"

"Some friend of eight relatives 'M keepin', helps to make Buicks und he says dere gonna knock all der udders fer a row of service stations fer looks. Dot's beautiful, fercause I'm cert'ny tired of steppin' into my car, drivin' ten miles und gettin' pinched fer stealin' a taxi cab. Any questions?"

TIP: KEEP IN TOUCH WITH YOUR BUICK DEALER

The Town Quack

Now and then a man will move into a town, get on the side of righteousness, take the stump against the devil and then leave for the next location with a trail of unpaid bills behind him.

And then, now and then, a man will move into a place, engage in questionable rackets, evade the law, take the rap, evade the law some more, be dragged into court, then leave town with all of his bills paid, all the while having contributed to every civic fund and aided the sick and the down-and-out without making the slightest boast of doing anything right.

Such is the way of the world, which is full of abnormalities and paradoxes.

As if he needed it, State Press in the Dallas News has been receiving a build-up in this column, intermittently, for some time. After all I have said about his versatility and verbosity, it now seems that even State Press runs into a shortage of material. The reason I think so, he descended yesterday to quote our neighbor on the east, Editor Jim Kelly of the Stanton Reporter.

Jim, who eliminates the use of a typewriter and composes his copy on the linotype, had opined as follows:

Practically impossible to fill this column this week; sitting at the keyboard of the linotype, no copy in sight, with a thousand and one things turning over in

my mind, none of them pertaining to a thing for this column—and the time drawing short for putting the paper to bed if we hope to get some 5,000 copies of the paper to our few hundred subscribers by Friday morning.

State Press, for want of better filler, dignified Jim's column by reprinting it, and then added his warning to Jim's over-use of his mental processes:

It was William Shakespeare, if memory is reliable, who warned against men who think too much. He preferred sleek, bald-headed men, men who slept at night, instead of lying wakeful and thinking about things.

The editor of the Stanton Reporter may be thinking too much. He is busy thinking, with a thousand things turning over in his mind, when he ought to be producing copy for his newspaper. A newspaper is not built by what the editor thinks but by what he does. It requires a bit of thinking of course, but concentrated, not wander-witted. The very fact that the Stanton brother was thinking of getting out 5,000 copies to send to a "few hundred subscribers" indicates that he was in a state of mental scatteration. State Press wishes he could impress upon editors and everybody else that streamlined thought is the bedrock of success. No man can add a cubic to his stature by taking thought, but by taking thought he can avoid pitfalls digged by his own thoughtlessness. This is a lecture to the unthinking and those who think too much. Too much thinking disturbs the balance, sways the equilibrium, knots the filament of the brain and tends to make the individual too dependent upon the weather.

Apparently O'Hara hopes to get enough Democratic votes to throw the election to the Republicans.

Boxing Tournament At Hobbs Scheduled

Golden Gloves championships of five states will be settled in a gala boxing tournament at Hobbs next Monday, Tuesday and Wednesday, with performances each evening at 8:15 o'clock in Walton auditorium, it has been announced here.

Sully Montgomery, is director and Jim Jefferies is referee. The tournament is sponsored by the "oil industry in New Mexico," according to the announcement.

Champion amateur boxers of New Mexico, Arizona, Colorado, Oklahoma and Texas have entered, with "furious fights" scheduled for all weights. Seat sale opened today at the Midwest Drug store, Hobbs, with general admission 75 cents, reserved seats 90 cents and ringsides \$1.25, all plus tax.

Muskeg Burns 3 Years.

LOON LAKE, Sask. (UP)—After being annoyed for three years by a smoke pall from continuously burning muskeg nearby, Loon Lake residents have asked the provincial government for aid. Officials are considering flooding the area. The smoke hinders traffic and increases lighting costs.

Frogs, Gents to Meet Saturday in Even-up Standing

FORT WORTH, Sept. 21.—Over the years, Texas Christian University and Centenary College are about as evenly matched as any two opponents could be.

Out of the nine games played the Frogs have won four, the Gentlemen have won four, and one was a scoreless tie.

The Christians open their 1938 drive against the Gentlemen in Ft. Worth at 2:30 p. m. next Saturday.

The series started in Ft. Worth back in 1923, when Bo McMillan was at the helm for Centenary. He brought the Gentlemen to Cowtown and defeated the Christians 23 to 0. In 1926 Centenary made another trip to Fort Worth, for the second game between the two, and this time the Frogs won 26 to 14.

The last game in Fort Worth was in 1936, when T. C. U. won 26 to 0. Last year's brawl in Shreveport went to Centenary by a 10-9 count.

Table with 2 columns: Year, Score. 1923-T. C. U. 0 Centenary 23, 1926-T. C. U. 0 Centenary 14, 1927-T. C. U. 3 Centenary 7, 1928-T. C. U. 28 Centenary 9, 1933-T. C. U. 0 Centenary - 0, 1934-T. C. You can't tell him there's no fishin'

Let the Weather Man talk. Let the experts scoff. Youth goes fishing for the fun of it... in all kinds of weather... in all kinds of waters.

The man who has lost the spirit of youth is too busy with gloomy forecasts to gather bait, much less go fishing.

Men with the spirit of youth pioneered our America... men with vision and sturdy confidence. They found contentment in the thrill of action, knowing that success was never final and failure never fatal. It was courage that counted. Isn't opportunity in America today greater than it was in the days of our grateful forefathers? Good!

Civic Music Club "Encouraged Over Prospects for Year"

An inspirational meeting with good attendance marked definite opening of the year for the Civic Music club which gathered at the home of Mrs. B. W. Stevenson, 1109 W. Indiana, Tuesday evening. Program of study for the coming year was discussed and announcement made that the course of study will be "A World Cruise."

"We are encouraged over the prospects for the coming year," a spokesman for the group said today.

Among other activities of the club it is hoped to sponsor some artists' programs here this year.

Mrs. T. R. Parker, president, was in charge of the meeting. Several important committees were appointed.

Attending were: Mrs. Parker, M. A. Armstrong, Mrs. De Lo Douglas, Mrs. M. A. Park, Mrs. F. C. Cummings, Mrs. Holt Jowell, Mrs. John Casselman, Mrs. E. S. Hitchcock, Mrs. Chase Murph, Ned Watson, Rev. W. R. Mann, Miss Lydia G. Watson, Miss Frances Gillette, and the hostess.

The first regular meeting of the club will be held next Tuesday eve-

Unique Prizes, Tallies Appoint Edelweiss Party

Unique wood-and-leather prizes with playing accessories following the same motif lent a note of unusual interest to the bridge-luncheon with which Mrs. W. Bryant complimented the Edelweiss club at its opening party of the season at her home, 601 North C. Street Tuesday.

Vermilion Zinnias from the hostess' own flower beds struck a note of autumn color in house decorations.

The luncheon plate served at one o'clock suggested the brown and tan leather tones.

Tallies for the four tables of bridge were made of wooden blocks tied with leather with figures burned on and score pads of brown paper displaying burned figures also.

Prizes were wrapped in paper of the same hue and tied with leather thongs.

Mrs. Henry Wolcott held high score in play and was presented with a "Leave a Note" box made of wood on a wooden plaque and

ning at 7:30 o'clock at the Watson studio, 210 W. Ohio.

bearing a Mexican design burned into the material. This, as well as the other prizes, was made by W. F. McCormick, pioneer resident of Midland and father of the hostess.

Prize for second high score went to Mrs. Hal Peck and was a guest register bound in wood, laced with leather, and bearing the word "Guests" in burnt-work.

High score for guests was awarded to Mrs. Chas. Klapproth and proved to be an "Aunt Jenima" figure of wood to be used as holder for hot dish pad lifters.

Guests were Mrs. Fred Wilcox, Mrs. Hugh Corrigan, and Mrs. Chas. Klapproth.

Members present were: Mmes. Clyde Cowden, Ellis Cowden, John Dublin, J. R. Martin, Hayden Miles, Tom Nance, Roy Parks, Hal C. Peck, Foy Proctor, J. M. Speed, Sr., Mayne Stokes, A. P. Shroy, Henry Wolcott, and the hostess.

Mrs. Nance is president of the club for this year and Mrs. Bryant is secretary and treasurer.

Another No-Hit Pitcher. SACRAMENTO, Cal. (U.P.) — No-hit, no-run games are no novelty to Manuel Freitas, Sacramento softball pitcher. Freitas pitched two such games and another no-hit contest this season. He missed his third shutout when one run was scored on two walks and two errors in one inning.

Beta Sigma Phi Opens Study of Course for Year

Initial program meeting for the new season was held by Beta Sigma Phi at Hotel Scharbauer Tuesday evening.

Miss Marguerite Bivens, sorority president, was in charge of the business meeting and Miss Willette Duncan was in charge of the program.

Subject of study for the evening was "The Body Beautiful" which was discussed under three headings. Miss Ruth Pratt told of "The Greek Ideal," using as an art example the world-famed Venus de Milo. Miss Mary V. Miller described "The Michael Angelo's 'Creation of Man'" and Giorgione's "Venus Asleep." Miss Lou Annice Reeves closed the study with a discussion of "The Modern Ideal," illustrating her talk with photographic studies.

Before the sorority discontinued its meetings for the summer, each member drew a name for a "capsule friend." Each two weeks during the summer, without disclosing her identity, she sent this friend a gift to keep alive a spirit of closeness among the group. Names of the unknown gift-senders were announced in last night's meeting.

Miss Norene Kirby presented a critic's report.

Present were: Misses Ruth Pratt, Maedele Roberts, Norene Kirby, Willette Duncan, Lou Annice Reeves, Marguerite Bivens, Mary V. Miller, Mmes. M. D. Johnson Jr., Tom Potter, Frances Stallworth, Johnnie Sherrod.

77 Attend First Meeting of North Ward PTA for Year

Seventy-seven persons were present for the informal reception and business meeting with which North Ward PTA opened its year's work Tuesday afternoon at the North Ward building.

As guests arrived they were served punch and cookies, with Mrs. A. H. Riley presiding at the punch table. Mrs. John Casselman was head of the hospitality committee.

Supt. W. W. Lackey, head of the city school system, and Mrs. Alma Thomas, principal of North Ward, each made a talk on PTA work and meaning.

Marvin Park sang a special num-

ber, accompanied by Mrs. De Lo Douglas.

Group singing, led by Miss Geraldine Dabney and with Miss Leta Legge at the piano, opened and closed the afternoon.

Mrs. Don Sivals presided over the business meeting in the absence of Mrs. R. W. Patteson, PTA president, who was in San Angelo attending the district health meeting.

The group voted to supply milk for underprivileged children of the school.

It was also decided to give prizes to rooms having the largest percentage of mothers present at the PTA meetings this winter.

The PTA will follow a planned program of work this winter, with a number of guest speakers, some of them from out of town.

Meetings will be held on the third Tuesday of each month.

Ace High Club Meets for Bridge, Luncheon Tuesday

Entertaining at her new home on W. Kansas street, Mrs. W. G. Henderson was hostess to the Ace High club for a bridge luncheon Tuesday.

Mixed flowers brought a note of early fall to the playing rooms where guests assembled at 10 o'clock for two tables of bridge.

Mrs. J. M. Haygood held high score in the games with second high going to Mrs. Jas. Maxwell.

Luncheon was served at the close of play.

Present were: Mmes. P. A. Nelson, Jas. Maxwell, Jimmie Burton, S. P. Hazlip, T. M. Switzer, Eric Bruhn, Elliott Miller, J. M. Haygood, and the hostess.

Mrs. Chaney Hostess To Church Group

Mrs. W. A. Chaney, 803 W. Kansas, was hostess to the Young Women's circle of the Methodist missionary society in its first meeting for the fall, with a one o'clock luncheon at her home Monday.

Flowers formed an attractive decorative motif for the luncheon which was served at four small tables.

Afterward, Mrs. T. M. Switzer spoke on "Why a Missionary Society."

Present were: Mmes. Karl Rath-

Former Midland Man Weds Dallas Girl in Ceremony Sunday

Of interest to friends of the bridegroom here is announcement of the marriage of Paul Cole of Odessa, former Midland resident and son of Mr. and Mrs. A. B. Cole of this city, and Miss Verna Parker daughter of Mrs. R. L. Parker of Dallas, which took place Sunday afternoon.

The couple were married at the home of Rev. D. A. Boone in Dallas.

The bride was attended by her sister, Mrs. H. S. Scribner, and by Mrs. T. A. Cole of Midland. The bridegroom had as best man his brother, T. A. Cole of Midland.

The bride, who was given away by her brother-in-law, H. S. Scribner, wore a black crepe dress trimmed with baby blue at throat and sleeves. Her accessories were black and she carried an arm bouquet of lilies.

Lorene Scribner, niece of the bride, was also present for the wedding.

Mrs. Cole attended school in Corsicana and Dallas.

Mrs. Cole was educated at Garden City and Midland, being a graduate of the high school here. He has lived at Odessa several years where he is employed with the Southern Ice and Utility company.

The couple is at home in Odessa.

FROM WINTERS.

Mrs. S. L. Alexander, Sr., of Winters is the guest of her son, S. L. Alexander, and family here.

Your Child's Future

THE biggest job you have ever had, parents,—that of caring for your children—is safeguarding their health so that their future happiness and success may be assured.

Nothing is more important to them than their eyes. No child is healthy without healthy eyes. No child can achieve success without good vision.

There's only one way to tell whether or not your children's vision is normal—have their eyes examined. Do it now before school begins.

Safeway Store To Open Friday

Opening of Midland's newest business institution and food store, the Safeway Store has been announced for Friday, according to Delbert Downing, manager, who has moved here from Breckenridge where he held the same position.

M. V. Witbeck, Safeway district manager, and J. B. Nickols, assistant district manager, both of Abilene, have been here in connection with preparing for the opening and will meet the people of Midland on the opening day. Advertisement announcing the new store appears in this issue.

The Midland house is one of Safeway's "de luxe" stores, Mr. Witbeck said, designed by Safeway engineers and built by local workmen. It is housed in the new brick building owned by Geo. D. Phillips and M. N. Coston, on North Colorado street and just west of the court house square. The building, of which Wyatt C. Hedrick of Fort Worth was architect, was constructed by F. W. Strohacker.

Front of the store is in the standard Safeway outside colors of a cream background and dragon red and black trim. Inside, the white celotex ceiling reflects an abundance of light, blending with the late design General Electric crystal bottom, hollowpane electric fixtures. Walls and fixtures are finished in soft Nile green, the shelving and other fixtures being designed to "make shopping a pleasure," Mr. Witbeck said.

Shelving is of the step-down type, with dump bins at the bottom, arranged to keep all merchandise off of the floor.

The store is equipped with Koch refrigerated fruit and vegetable cases which control both temperature and humidity, preserving "garden like freshness."

The latest type Koch meat display case, in use at the store, contains fish compartment, dairy box, meat storage box, fruit and vegetable storage box. It is finished in porcelain enamel, with white and green trim.

Powered by Frigidaire, it controls temperature and humidity thermostatically. The meat department arrangement and design is for attractiveness as well as efficiency, forming a background for the store proper.

Floor of the new Safeway store is covered with rubberized tile. Indirect light from a specially designed skylight gives maximum daytime illumination without heat from direct rays of the sun.

National cash registers of late design provide the customers with itemized receipts, for convenience in checking bills after the groceries are taken home, every item of merchandise in the store being individually marked with the purchase price.

Neon signs guide the customer conveniently to the fruit and vegetable departments and the meat department. Shelf markers are of bronze metal lettering on wood background, being artistic in design and providing ease of shopping.

Safeway features nationally advertised brands of merchandise, the manager said. Produce, such as eggs, butter and chickens, will be bought locally, as far as possible, and farmers were urged to bring their produce there.

Mr. Downing, manager of the store, came to Midland highly recommended as a civic worker, having served as president of the Breckenridge Rotary club two years ago and having been closely identified with progress of that city. He has a wife and two children, Don, 6, and JoDean, 4.

Dr. Inman to Have Optometric Office

Dr. T. J. Inman has sold his jewelry business located at 104 N. Main street to Iva Huneycutt of Big Spring who will continue the business at the same location which is being remodeled.

Dr. Inman will conduct an optometric office exclusively at 122 N. Main street, where office space is being remodeled and painted. The office will be open later in the week.

Dr. Inman was reared at Midland and graduated from Midland high school. Afterward he attended Sul Ross college at Alpine, receiving a bachelor of science degree. He studied in the Northern Illinois College of Optometry at Chicago and passed the Texas state board exams. He has been connected with the optometry extension program and has been in business at Midland for sometime.

Use newspaper advertising and concentrate your efforts where sales opportunities are best.

Dueling Oath May Be Eliminated by Voters of Texas

AUSTIN, (AP). — Texans can say on Nov. 8 whether or not their state officials should be required to swear they have never fought a duel with deadly weapons.

The single side-issue in the general election on that date is an amendment which would abolish the dueling clause from the constitutional oaths for state officers.

Its repeated use in modern times had caused not a few snickers at solemn inaugural ceremonies. The oath has not been changed since it was incorporated in the present constitution, adopted in 1876.

Low Ratio of Air Accidents to the Man-Miles Flown

WASHINGTON, D. C.—American-operated air carriers flew 1,844,507 miles per accident and 13,161,571 passenger miles per passenger fatality during the first six months of 1938.

These statistics cover operations of all air carriers operated by companies in the United States, including the domestic lines and extensions to foreign countries.

Persons involved in the 21 accidents occurring on the domestic and foreign-extension lines numbered 226, including passengers, pilots, co-pilots, and other crew members.

Air Fight Show Is Staged for Legion

LOS ANGELES, Calif., Sept. 21. (AP) — With the country's mightiest air fighters beating out a tattoo above the coliseum here Tuesday, the American Legion's twentieth annual parade passed in review before National Commander Daniel J. Doherty of Massachusetts.

More than 50,000 legionnaires were in line. A hot sun beat down upon the reviewing stand, but Commander Doherty stood and returned salute for salute.

The mighty air armada consisted of 200 planes.

Boeing B-15 flying fortresses were skirted by pursuit ships, fighting attackers and multiengine attack ships.

Pursuiters, flying above the legion spectacle at 3,000 feet, dove in maneuvers at 175 to 200 miles an hour.

The first air group appeared over the field just as Louis A. Johnson, Clarksburg, W. Va., Assistant Secretary of War and a past national commander of the legion, entered the commander's box to review the West Virginia delegation.

Douglas B-18s from Hamilton Field and March Field, in command of Lieut. Col. Harvey S. Burwell of the Nineteenth Bombing Group and Lieut. Colo. Joseph T. McNarney of the Seventh Bombardment Group, followed in a second mass flying formation. At a third level flew small scouting ships, the gaddies of the Army.

As the air show caused the more than 50,000 spectators in the coliseum to glance skyward, the legion parade continued, drum corps playing, flags flying and volutes of the 40 and 8 belching cannon fire.

Hines Trial Venue Change Is Granted

NEW YORK, Sept. 21. (AP) — Supreme Court Justice Ferdinand Pecora late Tuesday granted District Attorney Thomas E. Dewey's request for transfer of the second trial of James J. Hines, Tammany district leader, to the court of general sessions.

VISIT PARENTS.

Mrs. Ruby Schottlander and children, Miss Dora Evans and Miss Grace Evans spent the past weekend in San Angelo where they visited the parents of Mrs. Schottlander and the Evans girls.

FEMININE FANCIES
By KATHLEEN EILAND

For the young man whose current heart-throb deserves a birthday gift that is definitely modish and equally practical, we recommend one of the over-night cosmetic bags noticed lately. This bag has two compartments and in general appearance is reminiscent of the zippered "Boston bags" of other years. Don't be discouraged by this comparison, however, for the new product is distinctly an asset to any girl's list of bags.

One of the compartments opens to disclose a rectangular space with jars in crystal and gold for the creams which every girl must have, even on a one-night visit. The upper part of the bag slips open to reveal space for a change of lingerie, fresh hose, or pajamas.

It is, in fact, the kind of bag that inclines us to forget all the funda-

Presidio Citizens Fight Flood Threat

PRESIDIO, Sept. 21. (AP) — Citizens worked through last night to hold crumbling levees as the flooding Rio Grande, fed by cloudbursts along the Rio Concho in Mexico, flooded lowlands around this little border village.

Although citizens had telephoned appeals for outside help and reported the village threatened with inundation, Presidio County Sheriff J. D. Bunton of Marfa said after a tour of the area last night that there was no danger. He said some shacks inhabited by Mexicans had been flooded.

Volunteer workers were holding back the flood from a break in a dike north of town.

Reports from Mexico concerning the flood's crest conflicted. From Salomir, 82 miles in the interior, word was relayed that streams in that section were at a standstill. From Boquilla dam, 200 miles from the border, it was reported that a great crest was coming down.

Occupants of a section of Mexican homes south of the town were evacuated before it was flooded. Thousands of acres of rich valley cotton land, flooded last July and replanted to wheat, were under water, but residents and livestock had evacuated.

Odessa Man Shot At Downtown Cafe

ODESSA, Sept. 21. (Special) — Charlie Allison, about 50, is in a local hospital suffering from gun shot wounds which he received while he was in a downtown cafe about 8 o'clock Tuesday evening.

Hospital attendants say that no hope is given for the life of Allison. Zerl Franklin was arrested after the shooting. Franklin operates a small cafe at the edge of town on the Bankhead highway. Allison was formerly a rancher near Odessa, but at present his home is in Fort Worth.

FROM VACATION.

Mr. and Mrs. Elmo Reeves returned Tuesday from a two weeks' vacation trip to Galveston. They report an enjoyable time fishing and swimming in the Gulf. He is a member of the airport technical staff, while Mrs. Reeves is employed in the C. I. T. offices here.

mentals of dignified speech and describe it as "the cat's whiskers" of the luggage world.

You've all heard of candlewick spreads—but did you know that candlewick robes are the newest inspiration in the realm of informal wear?

That is something we've just learned. Whether you choose to have your robe match your bedspread or contrast with it, you may have a candlewick robe and know you are making the style headlines.

The rows of tufting on the material used in making the robes are, of course, spaced more closely together than in most of the spreads.

Some of the clever costume jewelry novelties are now being fashioned of leather which is so heavy and solid in appearance that to the casual observer it passes for wood.

For the feminine football fan, there is a tricky little thing that will send her into ecstasy. It consists of a pair of tiny goalposts with helmet and football, all designed to be worn

Dorothy Gray

Dr. Waggoner Is Named President of Health Association

SAN ANGELO, Sept. 21. — Instrumental in its promotion, Dr. Thomas L. Waggoner was named president of the District Public Health Association, organized here Tuesday by nearly 300 delegates from 48 counties comprising District Six of the State Department of Health who attended a one-day program in the city. Dr. Waggoner is district director.

Other officers chosen were: first vice-president, Mrs. C. T. Womack of San Angelo; vice-president of District Six Texas Congress of Parents and Teachers; second vice-president, Mrs. Ethel Lindley, of Uvalde; county health nurse; third vice-president, Mrs. E. G. Sicker of Kerrville; fourth vice-president, George Lee of McCamey, Upton County Health Board chairman; and secretary-treasurer, R. H. Weiss of San Angelo, District Six sanitary engineer. All were elected by acclamation. Mrs. Harvey Sloan of Midland, member of the Midland County Health Committee, was nominated for first vice-president but asked that her name be withdrawn.

Mrs. Sloan made a report of work of the Midland county health board. Others attending from Midland were Mrs. A. Van Kampen, Mrs. W. L. Brown, Mrs. S. H. Gwyn, A. M. East, M. Elizabeth Wilson, Mrs. W. B. Preston, Mrs. J. A. Haley, Mrs. R. W. Patterson.

as a pin for extra zest to the costume on the day of the big game—or any other day this winter.

We might mention, too, that for the lovelorn maiden there is another bit of sorcery—a pair of wee leather boots with a verse attached which affirms that "somebody's sweetheart you will be" if only you wear the little boots dangling on your frock.

We wouldn't put too much faith in their magic where winning the heart of some man is concerned, but there's no doubt these perky little footwear models can brighten up a plain every-day dress in magic manner.

These miniature hats now being shown for evening and dinner wear are worth a second look. They are delightfully feminine for the girl who makes all the dances and needs such a head dress.

Even if you only dine out occasionally, consider the sleek little cap of black feathers with a single white bird poised, wings outspread, on top of it. It has the requisite dash that every woman desires in her more important moments.

By SUBSTITUTE.
It would hardly be logical to say that Friday night's game between the Midland high Bulldogs and the Big Lake Owls might form the basis for comparing Midland's strength with that of the Wink Wildcats. But such might be the case, in a round-about way.

Last Saturday, the fast little Eldorado team, 1937 champions of district 41-B and region 11, defeated Big Lake 39 to 0, also making four other touchdowns which were called back. Friday night, at Lackey field, the Bulldogs will play the badly defeated Big Lake. Saturday night, at Wink, the Wildcats will meet the Eldorado Eagles.

From all available information, the Bulldogs will be loafing on the job if they don't beat Big Lake as soundly as they did Roby, but such may not be the case. The Owls may have their dander up, after taking such a drubbing from Eldorado, to put up a stiff fight way over their own heads. And the Bulldogs may have a tendency to coast, after having "pulled their punches," as Tony Slaughter said, to hold down their

score against Roby to 53 to 0.

The fact that the Big Lake game looks like a set-up is no reason for missing it. If the first string finds first big games they fairly easy, you may depend on seeing a score or more of substitutes get some experience, and we will be needing those subs before the season is over, likely as not.

The game will be at Lackey field, Friday night at 8 o'clock. Admission 50¢ and 25¢, including grandstand (soda pop extra).

All-American football is getting within forty miles of us, if Francis Wallace is right in his "Pigskin Preview of 1938," Saturday Evening Post of September 24. He goes in strong for the superior type of football played in the southwest, declaring "open football to be crowd football," and predicting that "in a few years, will be seeing football in all sections of the country that will be very much like the football now played in the southwest." He praises the passing game of Ernie Lain of Rice and Billy Patterson of Baylor, showing that Lain made, in the 1937 season, 74 passes, completing 35 and having only six intercepted. Patterson threw 150 passes, completed 50 and had only 13 intercepted, which Wallace says is no more risky than the gaining and losing of yardage on the ground.

Naming the players whom he thinks will be All-American for 1938, he said Ollie Cordell of Rice is runner-up for "best back" in America. Ollie, as you probably know, played high school football with the Big Spring Steers and is a nephew of Mrs. Clinton Myrick of Midland.

Other Texas prospects listed by Wallace include I. B. Hale of T. C. U., expected to be the "best lineman" in America; Dick Todd of A. & M., one of the best backs; Ernie Lain of Rice, who can be "best" if his increasing weight doesn't slow

By Popular Demand WE REPEAT DOROTHY PERKINS INTRODUCTORY OFFER

During our Dollar Day promotion on Dorothy Perkins toiletries, we could not supply the demand. We have secured an additional supply for those who were unable to participate in this event. So, for the balance of the week:

\$1.50 Cream of Roses
\$2.00 Cream Delight No. 1
\$2.00 Cream Delight No. 2
\$1.75 Rose Lotion
\$2.00 Muscle Oil
\$1.50 Special Astringent

CHOICE \$1.00

Sadler to Speak At Monahans Fair

MONAHANS, Sept. 21. — Jerry Sadler, railroad commissioner-elect, will be principal speaker at the Ward County-Pecos Valley Fair to be held in Monahans Oct. 14 and 15, according to information received today. Other entertainment features will be a reverse mule and burro derby with mounts and riders entered from a number of towns and communities in Ward and surrounding counties, a high school band contest, and baby contest.

Live stock and agricultural exhibits are being received daily from irrigated land under the Red Bluff dam system, and all indications are that Ward County's first annual fair will be one of the best to be held in West Texas. S. Ross Carr, manager of the fair, said.

EXPRESSES THANKS.

Mary Graham, one of the Gleaners for the state and national education organization of Baptist colored people, has returned from Fort Worth where she attended the National Baptist convention (colored). She expressed appreciation for the contribution to the educational work which was made by white friends in Midland and conveyed the thanks of Mrs. M. A. B. Fuller of Austin, president of the National Baptist convention, for the interests of the Guadalupe school at Seguin and Conroe College and will leave Oct. 18 for Houston for the state convention.

OPERATIONS SCHEDULED.

Spurgeon Howell, Midland grocery clerk, who entered the veteran's hospital at Albuquerque last week, will undergo three major operations, family members here have been advised. At present he is being given treatment to build up his condition before operating.

RECEIVING TREATMENT.

Miss Nora Casbeer is ill in a Midland hospital where she is receiving treatment.
