

Water Facilities Project for Mustang and Seminole Draws Approved

Editor's Note: Congressman R. E. Thomason, in a communication to The Reporter-Telegram Saturday, advised that he has been in touch for some time with officials of the Soil Conservation Service on the water project described here, and that he will give further cooperation at any time he can aid in the measure.

FORT WORTH, Oct. 15.—Approval of a water facilities project in the drainage basins of Mustang and Seminole draws in West Texas calling for the construction of stock ponds, reservoirs, wells, water spreaders and garden irrigation systems has been made by the Water Facilities Board in Washington, Louis P. Merrill, region conservator for the Soil Conservation Service with headquarters at Fort Worth, announced Saturday.

The Mustang and Seminole Draws project operations will include the

construction of water facilities on farms in the 1,000,000 acre watershed in Midland, Martin, Andrews and Gaines counties and parts of Howard, Glascock, Ector, Yoakum and Dawson counties. Technicians of the Soil Conservation Service in the Region 4 sector of Texas, which includes all territory outside the High Plains, will work in Midland, Martin, Howard, Glascock and Ector counties. Region 6 of the service, with headquarters at Amarillo, will direct water facilities work in Andrews, Gaines, Yoakum and Dawson counties.

This is one of three such projects approved by the Water Facilities Board for development in the western portion of Soil Conservation Service Region 4, the others being Champion Creek in Mitchell and Nolan counties and California Creek watershed project in Jones, Haskell, Fisher and Throckmorton counties.

Paul H. Walsler, College Station, Tex., state coordinator for the Soil

Conservation Service, announced that work in the three projects will get under way Monday.

"The need for conservation and utilization of rainfall in the arid and semi-arid areas of the West has long been recognized and various agencies have attacked the problem in their own ways," Mr. Merrill said. "But not until the passage of the Water Facilities Act of 1937 did a comprehensive program to aid the farmer and rancher through small water developments on his own land come into being.

"Now with an appropriation of \$500,000 from Congress and an allotment of \$5,000,000 by the Farm Security Administration for rehabilitation of needy farmers in 17 western states, including Texas, through the provision of water facilities, the initial drive is being launched to promote a better use of land by means of small water developments," Mr. Merrill explained.

The facilities program for West

Texas is a cooperative enterprise being carried on jointly by the Bureau of Agricultural Economics, the State Board of Water Engineers and the Farm Security Administration and the Soil Conservation Service of the U. S. Department of Agriculture. The Texas Planning Board, the State Board of Water Engineers and the Texas Extension Service assisted the federal agencies in selecting locations for the water facilities projects.

General responsibility and leadership for the operations phase of the program especially in receiving applications and in constructing and installing water facilities has been assigned to the Soil Conservation Service. Assisted by the Farm Security Administration, the Soil Conservation Service is to take the initiative in preparing individual farm plans and in determining the contribution of labor, equipment and materials which the farmer shall make to the construction of facilities on his farm.

In the field the Soil Conservation Service makes the contacts for the program with the general public and supervises arrangements with state and local agencies in the operations program. The Farm Security Administration is to have charge of the financing of farmers including the approval of loans for facilities work and the drafting of repayment schedules. It also will help the Soil Conservation Service in making farm plans and will help the farmer put these plans into effect.

The Bureau of Agricultural Economics is charged with the responsibility for over-all planning of water facilities in specified agricultural areas. Mr. Merrill pointed out that the plan for each farm approved for a water facilities loan will include, in addition to installation of water facilities, provisions for a complete and coordinated program of soil and

water conservation and a farm and home program all designed to promote a profitable and stable agricultural enterprise.

"Funds are not to be expended for the provision of water facilities on a 'hit or miss' plan, or for a great variety of purposes," Mr. Merrill stated. "They are to be expended to provide carefully planned water facilities to achieve wise land use over a period of years, and through wise use of land, to promote the welfare of the people who live on the land."

Operations in the Mustang and Seminole Draw watershed areas will be directed from a small field office now being set up at Midland. Olin Fenner, associate soil conservationist, formerly with the Temple project of the Soil Conservation Service and the San Angelo area of the Service, will be in charge.

Mr. Merrill pointed out that since

isolated farms would be expensive to plan and administer the program will be concentrated in areas where the most good can be accomplished for general farm welfare.

In the assistance provided this year first consideration will be given to needy farmers who are not financially able to provide adequate water facilities to insure proper farm operation.

Farmers requiring financial assistance for water facilities development on their lands may be granted loans through the Farm Security Administration. Such loans can be repaid on liberal terms. They will be required to contribute as much as possible of the labor, materials and team power needed to install water facilities. Technical assistance in handling and supervision of installations will be furnished without cost to the farmers.

Small facilities to be constructed under the program include ponds, farm water storage reservoirs, gar-

den irrigation systems, wells, detention, retention and diversion dams, pump installations, spring development, water spreaders and facilities which will help to recharge underground water supplies.

Coupled with these developments will be the use of contour cultivation, strip cropping, terraces, crop rotations, pasture development and improvement and other conservation farming practices designed to retain soil and water for productive use. The farm and home phase of the program sponsored by the Farm Security Administration will emphasize the importance of subsistence farming to supply home needs of the farm family.

Applications for work in the Mustang and Seminole Draw project area may be made to the field office at Midland, any county agent or field representative of the Farm Security Administration.

Mediation of Quarrel Is Abandoned

Business, Entertainment Planned for Convention

Second of a series of four conventions at Midland in a month's time will be held this week end when the Southwestern Conference of Mayors and Chamber of Commerce Representatives holds its quarterly session at Hotel Scharbauer. The meeting, at which approximately 100 civic leaders of Arizona, New Mexico and West Texas will assemble, begins with registration Thursday night and continues through Friday and up to noon Saturday.

Mayor M. A. Harlan of El Paso, president of the conference, advised Bill Collins, vice president, in a letter late in the week that approximately eighteen El Pasoans will attend, with strong attendance from towns and cities throughout the southwest. The last meeting, three months ago, was held at Hot Springs, N. M.

Speakers on the program will include Paul V. Betters, of Washington, executive secretary of the United States Conference of Mayors; Dr. D. M. Wiggins, president of the Texas College of Mines, El Paso; H. L. Birney, El Paso, founder of the Broadway of America Highway association; Mayor Harlan and other outstanding authorities on civic problems.

An entertainment program, calculated to keep the visitors engaged at all hours not consumed by business of the convention, has been arranged by Collins, Mayor M. C.

Ulmer, President Marion Flynn of the Midland chamber of commerce, Clarence Scharbauer, Joyce Howell, T. Paul Barron and Herbert F. Fox.

A luncheon will be given Friday noon, compliments of the City of Midland. At 5:30 o'clock p. m., a chuck wagon supper at Cloverdale park, compliments of Clarence Scharbauer and the Midland chamber of commerce, Scharbauer donating a choice "Figure 5" heifer to be barbecued. The entire delegation will attend the Wink-Midland football game at Lackey field at 8 p. m. Following that, they will attend a dance at the Crystal ball room of Hotel Scharbauer, as guests of Joyce Howell, manager. The dance will be open to the public, at regular script rates, Howell said, with John Keating and his orchestra playing. On Saturday afternoon, following the final business session, the delegates will be complimented at golf on the Midland Country club course.

All business sessions will be held in the Crystal ball room of Hotel Scharbauer, beginning at 9:30 a. m. and 2 p. m. Friday and at 9:30 a. m. Saturday.

Officers of the conference are: president, Mayor Harlan; vice-president for Texas, Bill Collins; vice-president for New Mexico, Mayor Leo Smith of Hot Springs; vice-president for Mexico, Mayor Octavio Escobar of Juarez; secretary-treasurer, H. B. Fort, of the City of El Paso offices.

Membership towns include: Texas—Alpine, El Paso, Maria, Midland, Pecos, Sierra Blanca, Van Horn, Valentine and Odessa; New Mexico—Alamogordo, Carrizozo, Deming, Hot Springs, Lordsburg and Silver City; Mexico—City of Chihuahua and City of Juarez. Total population of the communities represented is approximately 250,000, according to officers of the conference, which is termed "an association for the advancement of the interests of the great southwest.

El Pasoans planning to attend include Mayor Harlan, Birney, Lloyd Bloodworth, chamber of commerce manager; Dr. Wiggins; A. G. Glasen, water works superintendent; City Auditor Daniels; Hal Stacy, city engineer; City Attorney Guinn; Bill Collins, city clerk; a representative of the sanitary department and one of the health unit, Felix Loggins of Alamogordo and Mayor Leo Smith of Hot Springs, have advised that they will have substantial delegations.

Last week, more than 100 attended the convention of the Royal Neighbors lodge here. The week following the Southwestern Conference convention will be that of the district American Legion. On November 5, the Permian Basin chapter of the American Petroleum Institute will hold its regular meeting at Midland. Large delegations are expected for each gathering and elaborate entertainment programs are being outlined.

Lewis Lambasts... Battle Still Rages... Green Growls

John L. Lewis

They're at it again, those two stout enemies, John L. Lewis and William Green, flinging back a challenge from the American Federation of Labor asking his resignation as C. I. O. chief as first move toward labor peace, Lewis declared he would resign if Green would do likewise. The A. F. of L. had adopted a resolution in convention at Houston, Tex., asking Lewis' retirement.

William Green

But skeptical was William Green. Lashing out with ridicule at Lewis' suggestion both labor leaders resign, he termed the offer "an attempted fraud on the public." Green chose to leave his fate to the federation, which overwhelmingly re-elected him as president at the Houston convention. Green charged Lewis would remain as "dictator" of C. I. O.

Shell Petroleum May Drill Three Miles Northwest of Bennett Pool

BY FRANK GARDNER.

It was rumored at the week-end that Shell Petroleum Corporation is contemplating drilling a wildcat extension test three miles northeast of the Bennett pool in southeastern Yoakum, on its Waples Platter Company lease. Shell has lease on the north half of section 616, block D, J. H. Gibson survey. Exact location of the proposed test has not yet been announced.

A mile southwest of the Bennett pool, John E. Mabey No. 1 Collier Oil Company, N. W. Willard, 440 feet out of the northeast corner of the west half of section 741, block D, is rigging up rotary. Shell No. 1 Ruyts, wildcat in section 743, a mile southeast of the pool, is standing, bottomed at 325 feet in red beds, after cementing 9 5/8-inch surface pipe at 322 feet with 125 sacks.

Production of 415 barrels of oil in 24 hours ending at nine o'clock yesterday morning was credited to Honolulu Oil Corporation, Ltd. No. 1, E. M. Kendrick, section 825, block D, extending the Denver pool of southern Yoakum, over a mile east. The well is still drilling, and at last reports it had reached 5,142 feet in lime. Production of 352 barrels had been gauged during the previous 24-hour period, and it is believed that pay increases are being encountered steadily as drilling progresses. First free oil showed up at 4,993. Operators probably will bottom the test at around 5,170 feet.

Texas Wooten Gauged. Texas No. 1 Wooten, Denver field well, flowed 370.98 barrels of oil, with gas-oil ratio of 800-1, on official 24-hour Railroad Commission gauge. It entered the pay at 4,885 and reached a total depth of 5,050.

A. G. Carter-Conoco No. 2 Willard gauged natural flow of 19 barrels an hour for two hours through tubing, bottomed at 5,020 feet in lime, and is preparing to acidize. J. W. Murchison No. 3 Willard, bottomed at 4,308 in lime, is preparing to drill plug from oil string. Denver No. 15 Whittenburg is drilling past 4,582 feet in lime. Don Danvers et al No. 3 Shell-Lynn is drilling below 1,240 feet in red beds.

West of the Denver pool, Shell No. 5 Mrs. Dora Roberts, a north edge test in the Roberts area, is drilling at 4,785 feet in lime. Oily Lime in Owenwood. First oil stained lime was reported

ed in samples from 4,300-10 in Bert Fields, Inc. No. 1 Owenwood, Ector wildcat three miles northwest of the Harper pool. The test was last reported drilling ahead at 4,310 feet.

A Harper pool well, A. G. Carter-John W. Naylor, No. 7 J. E. Parker, flowed 819.35 barrels a day, with a gas-oil ratio of 550-1, following acid treatments totaling 7,000 gallons. Pay top came in at 4,090, and total depth is 4,276.

Octagon Oil Company No. 1 First National Bank of Midland (E. N. Woods), new producer on the east side of the North Cowden pool in Ector, is still cleaning out with rotary. It flowed 160 barrels of oil the first hour after a 600-quart shock, then bridged. Total depth is 4,328 feet. Tide Water No. 4 O. E. Holt is drilling past 3,570 feet in anhydrite and lime.

Humble No. 20 Tubb, western Crane test, gauged 595,000 cubic feet of gas, with no oil or water, on 24-hour test, following a several-day shut-in period. It is bottomed at 4,400, plugged back from 4,550, and has been acidized and shot. Slaughter Well Shows Oil.

New producer for the north end of the Slaughter pool in southwest Hockley appeared at the week-end as Texas No. 3 Slaughter (Guerry), south offset to Richardson No. 1 Slaughter, filled 600 feet with oil while drilling at 4,970. It had first show of oil at 4,930, with increase at 4,938-41. Oil had risen 100 feet in the hole as drilling reached 4,955, and showing of gas has found from 4,955-60, with oil rising an additional 100 feet at the latter point.

Snowden & McSweeney No. 1 A. A. Slaughter, a half-mile east of production at the south end of the pool, is preparing to run tubing to acidize. Bottomed at 5,069 feet, it bailed four barrels of oil and four gallons of salt water after a short shut-down. Operators had estimated natural production at 15 gallons hourly from showing at 5,046-55, and three quarts of salt water per hour had been logged from 5,067-69. Hole will not be plugged back as it is believed that water eventually will exhaust.

Two miles west of the west line of production in the pool, Texas No. 1-B Mallett is bailing down preparatory to drilling plugs with standard tools. Total depth is 4,800 feet (See OIL NEWS, page 2)

Record Football Crowd Is Assured for Friday

Early ticket reservations indicate the largest crowd ever to witness a football game in Midland will be on hand next Friday night when the Midland Bulldogs and the Wink Wildcats meet on Lackey field at 8 o'clock.

Of the 1,500 seats reserved for the game, approximately 1,200 had been sold at 6 o'clock last night and it was considered certain the remaining 300 would be sold early Monday morning.

Six hundred seats had been held open for customers who will appear at the gates without tickets, but school officials declared last night these seats would probably be placed on the reserved list Tuesday morning.

Officials declared it was up to Midland residents to get their tickets as soon as possible Monday if they wanted to see the game. The tickets are on sale at only one site—the chamber of commerce office.

Wink school officials had asked for 1,200 seats, but only 500 were allotted them. However, the officials said at least 700 other Wink residents will be over to see the game from any point of vantage available.

Odessa school officials reported at least 300 school children of that city and probably as many adults would be here for the game. The Odessa high school team has an open date next Friday night. The Monahans team also has an open date and many persons from that city are expected to be here for the game.

Reports from Big Spring indicate a large number of persons can be expected from there. In all, it appears almost certain that temporary bleachers must be erected for the game if the crowd is to be handled.

It was indicated Saturday that the Texas Mines and Texas Tech football teams, bands and pep squads would see the game here. The two teams meet in Odessa Saturday afternoon and both will get to the site of the game Friday. The Tech pep squad and band, 200 strong, will make a good will trip to El Paso this week, returning to Odessa Friday.

There is no doubt the largest number of newspapermen ever to attend a game here will be on hand. Sportswriters from El Paso, Lubbock, Pecos, Wink, Monahans, Odessa, San Angelo and Big Spring have already requested press box room.

All delegates to the mayors and chamber of commerce managers convention here over the week-end will be guests at the game, reservations having already been made. School officials frankly admit the amount of interest in the game far surpasses expectation. The brilliant records of the two teams, plus the individual duel between Jay Francis of Midland and Don Ezzell of Wink, two of the highest scorers in the state, has football fans from over the entire area clamoring to get reservations.

Hungarians And Czechs Start Talks

Czech Army Man Vows Resistance To Any Occupation

PARIS, Oct. 15 (AP)—Circles close to the foreign office said today the idea of a four-power conference to discuss the minority issue between Czechoslovakia and Hungary had been abandoned.

Instead, these sources said, Hungary has decided to resume direct talks with Czechoslovakia after having made consultations in diplomatic channels.

Unofficial reports in London also said Hungarian and Czechoslovak authorities planned to resume negotiations which were broken when the Hungarian delegation quit the Komarom conference declaring the chasm between Hungarian demands and Czechoslovak compromise offers was too wide for successful negotiation.

Informed quarters said that a meeting of French, German, British and Italian foreign ministers to attempt to compose the differences that broke up the Komarom meeting had been considered seriously yesterday on Hungary's request.

But, they said, after consultations back and forth among the capitals concerned, it was decided that resumption of direct negotiations between Hungary and Czechoslovakia was best suited to all interests.

CAPTAIN PREDICTS CZECHS TO RECOUP

KOMAROM, Hungary, (On the Czechoslovak Border), Oct. 15 (AP).—A Czech officer declared today his soldiers would resist occupation of frontier communities by Hungarian troops under any circumstances.

The captain, who commands a regiment stationed on the Czechoslovak side of the Danube near here and who fought with the Czech legion in Russia during the World war, added that "I think it will not be long until our soldiers try to take back territory already taken from them."

Czechoslovakia continued to move more troops closer to the Danube as news spread of Hungary's orders to mobilize five new classes by Monday.

On the Hungarian side there were counter precautionary measures, and the possibility was discussed here that thousands of newly-mobilized men would be moved shortly toward the frontier.

A Hungarian general staff officer declared today Hungary probably could mobilize 1,000,000 men if her territorial dispute with Czechoslovakia leads to war.

He emphasized, however, that Hungary needed more time to complete defense preparations and equip the soldiers.

ON WEDDING TRIP

Mr. and Mrs. Sterling Cone are on a wedding trip to New Mexico, following their marriage here Thursday evening. They will make their home at 1908, Avenue J, Lubbock. Mrs. Cone is the former Miss Dorothy Hawkins.

Congratulations To:

Mr. and Mrs. W. S. Johnson, parents of a daughter, born in a Midland hospital Saturday morning. The baby weighed 6 pounds, 6 ounces and has been named Alice May.

Birth of a baby son to Mr. and Mrs. E. E. Straley, at a Midland hospital Friday night, has been reported. The boy was named Ernest Junior. Mr. Straley is radio technician and service manager of the Household Supply Co., Inc.

Funeral Held for John Tolbert at 4 o'Clock Saturday

Funeral services were held Saturday afternoon at 4 o'clock for John Tolbert, 79, whose death occurred early Friday afternoon following a lingering illness. The Rev. H. D. Bruce, pastor of the First Baptist church, officiated at the funeral rites which were under auspices of the Midland Masonic lodge. Pall bearers were Percy J. Mims, George Glass, F. B. Armstrong, John P. Butler, Henry Butler, and F. J. Middleton.

A native of Nashville, Ill., and born February 22, 1859, Mr. Tolbert moved to Midland in 1885, after marrying Miss Isabel Harris of Nashville December 14, 1884. They lived continuously at Midland, she succumbing to a long illness October 16, 1929.

One daughter, Mrs. C. K. Bell of El Paso; two sons, Harry Tolbert, head of a cleaning business here, and Postmaster Allen Tolbert of Midland; and two grandchildren, Tolbert Bell of El Paso and Eula Ann Tolbert of Midland, survive. All were present at the time of Mr. Tolbert's death except the grandson who, with his father, C. K. Bell, arrived early Saturday. Mrs. Lee Bell, formerly of Midland accompanied them. Many out of town friends attended the funeral services, as well as hundreds of Midland people, paying tribute to the long years of service of the pioneer resident. The Rev. Bruce, in the funeral sermon, pictured the blessings of continued faith. Appropriate musical numbers were included in the service. Masons of the local lodge, to which Mr. Tolbert had belonged since his organization, had charge of the cemetery service.

Upon arriving at Midland, John Tolbert first engaged at work on ranches and later in business for himself, moving to the town to start a transfer and teaming business. He was among the earliest settlers here after the coming of the railroad to this part of the state and the subsequent founding of Midland.

Later, he became manager of the (See FUNERAL HELD, page 8)

Special Venire to Meet Tomorrow for Box Murder Trial

A special venire of 150 men has been called for service in district court Monday in the case State of Texas vs. S. L. Box, charged with murder. Box was indicted for murder after the death of Hershel Gunter, automobile salesman, following an alleged altercation on South Main street last May 20. The state will allege that Gunter died as a result of a bullet wound inflicted by Box.

Previous to being indicted for murder, Box was indicted by a Midland grand jury for assault with intent to kill, Gunter having lingered in a local hospital for several days before he succumbed.

The shooting of Gunter occurred after a reported fight with Box, during which Gunter was alleged to have pulled out a knife. Box was reported to have told officers that he reached into his car and grabbed a pistol which he shot Gunter after the latter had pulled the knife.

The incident occurred in front of the Montgomery-Ward store here, where Box's estranged wife was employed. Shortly after the affray, Mrs. Box was taken to a local hospital for treatment, reported to have been suffering from having taken poison. She recovered after undergoing treatment.

Wreck Victim's Body Removed to El Paso Friday

The body of Robert S. Coche, 59, El Paso, was removed to an El Paso funeral home Friday night, following his death seven miles west of here Thursday night when the car he was driving collided with a truck.

Coche, owner of a printing shop at El Paso, was instantly killed in the collision. Officers who investigated the accident expressed the opinion he had fallen asleep while driving. The driver of the truck, Bradley Vines, Lamesa, escaped unhurt.

The Spirit Behind the Battle Will Accomplish Gridiron Victory

Midland high school Bulldogs Friday night will face that much publicized, long awaited, all-state-important football test, the annual game with the Wink aggregation, rated as the best class B team in Texas.

Outweighed considerably, man for man, the local boys will have to play over their heads, from whistle to whistle, to beat the visitors. But in so doing, they will be advancing Midland to the rating of "best class B football team in Texas." Wink, by reason of her 1937 winnings, her advance rating and early season accomplishments in 1938, will have much to lose. The Bulldogs will have much to win.

The Reporter-Telegram has confidence in the team, the coaches and the spirit of the school to overcome the superior weight, experience and rating of the visitors. What is needed is a city-wide enthusiasm for beating Wink, as was said in this column a few days ago.

Make it a point to give the players your support. Tell them, when you meet them, of your confidence and desire to see them the state's top-notchers. Get behind the Bulldogs to beat Wink. And buy your reserved seats early.

SO THEY SAY

FOR BETTER LIVING

(Amarillo Globe-News.)

Every year new automobile models appear on the market replete with new gadgets that make for more comfort, convenience and economy. We have come to expect such progress in the automobile field, and this annual demand for something just a little better keeps automotive engineers awake nights.

These improvements in motoring are publicized loudly and widely. We read about them in newspapers and magazines and hear about them over the air.

But too many of us are prone to overlook the fact that—at least in the last few years—there has been an improvement in home building that is making for greater comfort, convenience and economy. New gadgets, new materials, better construction methods, and more efficient designs have given us a new model home. The drawback is that there are no huge organizations back of these home improvements to publicize them and create a desire for these new models.

Stimulated by advertising, we are constantly—and rightly so—adding to our comfort and convenience by keeping a late model car in the garage, a new refrigerator in the kitchen, and the latest type radio in the living room. Yet our home may be woefully out-moded. The constant campaign in print and on the air to make us "new model" conscious is lacking.

It's high time we found out what the 1939 model home will look like.

EVER A CHALLENGE

(Santa Fe New Mexican.)

Helen Keller, the blind and deaf woman, has ever been a challenge to Americans. Her perseverance and cheerfulness in the face of handicaps, which relatively few of us have to conquer, is an inspiration.

Last week Helen Keller did another thing that re-awakened the admiration of her countrymen. She attended the Minnesota-Purdue football game and was, she explained, "thrilled beyond words."

We all have our troubles but few of us have had to combat the things that have been so willingly and successfully shouldered by Helen Keller. Unable to see or hear since childhood, she sat in the stadium Saturday and, clutching the hand of her companion, followed the game in detail.

Sometimes, when the going is tough and Monday is bluer than usual, it might help all of us to do a little thinking about Helen Keller.

Oil News- -

CONTINUED FROM PAGE ONE

in lime, and 7-inch pipe was set at 4,798.

Reeves Delaware Gasser, L. W. Franley and E. R. Rice, Both of Los Angeles, Cal., have transferred their half-interest in the No. 1 W. A. Tunstill, Reeves county Delaware sand gasser, to the Pacific Mid-Continent Corporations, of California. No cash consideration was involved, the deal being merely a transfer of title. The other half-interest is owned by Los Angeles persons. Inasmuch as Frankley is president of Pacific Mid-Continent and Rice is vice-president, they will still have control of operations. W. L. Hoyt, also of Los Angeles, is secretary-treasurer of the corporation. At present, No. 1 Tunstill is shut in awaiting gas gauge by a representative of the Railroad Commission. Before it was closed in, the well was estimated at from three to five million cubic feet of sweet gas daily, with a spray of oil. It is bottomed at 3,305 feet, corrected from 3,310, and has been shot with 100 quarts. Delaware sand was topped at 3,283, oil measurement. Deal is pending to sell the gas to the El Paso Natural Gas Company, whose gas line runs 14 miles north of the well, from Jal, N. M. to El Paso.

Seven miles southwest of Fort Stockton in western Pecos county, Heinrich & Payne, Inc. and Wright & McMillen No. 1 Dow Pickett, is drilling at 2,660 feet. It was not reported whether Yates sand had yet been topped. The well checked high structurally on brown lime at 2,250 and solid lime at 2,390.

Northwest of Fort Stockton, Humbel No. 1 A. H. Robertson is fishing for drilipite at 3,417 feet in anhydrite.

Andrews Test Shut Down.

A wildcat in southern Andrews, Rogers & Rogers No. 1 University, is shut down for orders while interpretation is made of Schlumberger log. Total depth is 4,339 feet, and last 16-foot core is said to have shown possible sulphur water. The well had cored oil tamed lime sandy lime and sand.

Great Western Producers No. 1 O. B. Holt, west offset to Rogers & Rogers No. 1 Holt, 225-barrels southern Andrews discovery, is drilling past 3,230 feet in anhydrite. It is said to be running 25 feet higher than its offset on anhydrite, topped at 1,765.

Superior No. 1 University, north offset to the Emma pool of Andrews, is coring at 4,150 feet in lime. It started coring at 4,145 and will core the entire pay section.

In central Gaines, Magnolia and Atlantic No. 1 Havemyer & Jenny, on the northeast edge of the Seminol pool, is drilling below 3,130 feet in anhydrite.

In eastern Cochran, Magnolia No. 1 Dela Slaughter Wright is drilling at 5,001 feet in lime, carrying 2,500 feet of sulphur water in the hole. Water was topped at 4,943-45, with large increase at 4,952-57. Lovington Wildcat.

In the Lovington area of Lea county, N. M., Westmount Oil Company No. 1 Amerada-State is drilling below 1,675 feet in red beds.

Shell No. 1 Harwood permit, southern Roosevelt county wildcat, is drilling past 2,460 feet in an unreported formation. It topped anhydrite at 2,085, checking 216 feet higher than the Maxwell, Crandall and Osmond No. 1 Williamson, dry hole three miles to the southeast. No. 1 Harwood is two miles north of the town of Minesand.

In the Vacuum pool of Lea, Humble No. 1-J State flowed for four hours on gas lift at the rate of 192 barrels per day, through 3/4-inch choke. It is bottomed at 4,725 feet and has been acidized. On the east side of the pool, Magnolia No. 1-M State is drilling past 3,570 feet in anhydrite; Shell No. 1-U State is drilling at 4,741 feet in lime; Phillips No. 1 Santa Fe is drilling at 4,420 in lime; and Cities Service No. 1-K State is drilling lime past 4,600 feet.

Vorbe's Lecture Precedes Geology Course for Winter

A group composed largely of oil company employees heard a brief lecture last Thursday evening by Georges Vorbe, introductory to the two-semester course to be given this winter at the Hotel Scharbauer. At the close of his talk, announcements were made concerning the use of textbooks and other details of the course. Enrollments were received by the majority of those present, in addition to several previously made by prospective students unable to attend the organization meeting, Monday and Thursday evenings were adopted tentatively for the bi-weekly lectures, which will be given at eight o'clock in the private dining room of the hotel.

The class Monday evening, will be open without charge, to any who are interested in the course but were unable to attend the introductory lecture, in order that they may determine whether or not they wish to enroll. Those wishing to enter the class are urged to be present at the first meeting, since a course of study concentrated into four or five months' work must of necessity cover considerable material in each lecture.

IN GIRLS' GLEE CLUB.

Miss Ada Margaret Palmer of Midland is among 143 girls who qualified for membership in the Girls' Glee club of the University of Texas at recent try-outs, according to information received here. Miss Palmer sings alto.

RETURNS FROM CANADA.

Mrs. Harvey Sloan returned Friday night from Windsor, Ontario, Canada, where she attended the funeral of her mother.

Decline in Exports Complicates the Farm Situation

WASHINGTON, Oct. 15. (AP). — Farm officials said today a drastic decline in exports had complicated the administration's efforts to solve agriculture's most pressing problem—existence and price depressing cotton surpluses.

Official foreign trade reports show during August and September cotton exports totaled 589,509 bales compared with 837,859 during the corresponding months last year. Domestic cotton consumption also declined.

Agriculture department officials are developing plans to remove a part of the surplus by selling textile goods to low-income and relief families at cut rates.

Senator Wheeler

Not to Be FDR

'Charley McCarthy'

WASHINGTON, Oct. 15. (AP). — Senator Wheeler, Montana, predicted today a majority of the senate would vote "independently" on all administration measures next session.

Wheeler, declaring this might be his last term, said he would vote as he saw fit on all legislative proposals the White House sent to the senate. He said "this doesn't mean that the senate is going to oppose any or all of the administration legislation, but it does mean that we are not going to be 'Charlie McCarthys'."

'Men's Day' Will Be Observed Today

Today will be observed as "Men's Day" at the First Methodist church with appropriate sermons at both morning and evening services. Rev. W. C. Hinds, pastor, has announced, "We all realize that men are at the head of civic and national affairs," he said. "They ought also to be at the heads of their families and of the church in carrying out the program of the church."

At 11 o'clock, Mr. Hinds will preach on "They Stood Every Man in His Place." At the evening service at 7:30 o'clock, he will preach on "Show Thyself a Man," the admonition of David to his son, Solomon, when he felt that death was approaching.

Although services will especially deal with men, everyone is urged to attend the day's worship, Mr. Hinds said.

Army Officer Dies In Plane Accident

LEAVENWORTH, Oct. 15. (AP). — Major John H. Gardner, 42, United States army corps, was killed by the propeller of an army plane at Sherman field, Fort Leavenworth, today.

Spectators said Gardner, wearing earphones, either walked into the whirling propeller or failed to hear the plane as it taxied into him.

Comes From New York To Join Husband Here

Mrs. Martin Egan has come to Midland from New York City to join her husband who is a geologist with the Shell Petroleum corporation here. She made the boat trip from New York to Galveston via Miami and reports a pleasant trip.

Mr. Egan met her at the Texas port and the two returned here by automobile. They are at home at 1308 W. Kentucky.

Midland Women Attend Shower

A group of Midland women went to Odessa Friday to attend a shower given by Mrs. Grace Hendrix and Miss Emma Anderson in honor of Mrs. Wilburn Elliott. Before her marriage Sept. 3, Mrs. Elliott was Miss Anna Sue Anderson.

In the Midland party were Miss Kathryn Beauchamp, Mmes. N. B. Beauchamp, W. T. Beauchamp, Marvin Beauchamp, Harvey Kizer, and young Billy Anderson.

New Nurse on Hospital Staff

Miss Frances K. Patton, registered nurse, arrived in Midland Friday to assume her duties on the staff of the Ryan hospital clinic.

Miss Patton is a graduate of Baylor hospital in Dallas.

Will Return From Waco Convention

Miss Ruth Guy, medical technologist at the Ryan hospital clinic, is expected to return today from Waco where she attended the State Society of Registered Medical Technologists convention, Friday and Saturday.

She returned by way of Dallas to visit her parents.

Midland People Going to "Ranch Day" Program

W. F. Scarborough and Mr. and Mrs. Tom Lineberry left Saturday for Las Cruces where they will attend a meeting of ranchmen and will attend Monday the "Ranch Day" program at the state experiment station. The station is operated in conjunction with the New Mexico State College. Mr. Scarborough has ranches in Andrews and Winkler counties, Texas, and Lea county, N. M.

TO MISSISSIPPI.

Mr. and Mrs. L. H. Pittman have gone to Jackson, Miss., for a few days on a business and pleasure trip.

Willing to Pay, But Want "Game"

Three Midland boys don't like to see one-sided football games. And they are willing to drive quite a few miles for a better gridiron spectacle. Dalton McWilliams, Robert Prothro and Roy Jones Jr. were at Odessa Friday night for the Ysleta game. When the Ector Brones rolled up about 30 points in the first quarter, one of the boys said, "Heck, let's go to College Station."

They got in their coupe, dropped by home for a clean handkerchief and headed in a southeasterly direction, feeling confident that neither Davey O'Brien, Dick Todd would pile up a lopsided score. All three of the boys are unmarried.

Playground for Children of South Ward Is Completed

The second project to be started here under the WPA recreational program was completed Friday when school children of the south ward school took over their new playground on South Main street. Site of the playground is on the old softball diamond.

Arrangements have already been completed for the youngsters to play volleyball and football and football for other games will be added as rapidly as possible.

Perry H. Sewell, formerly of San Angelo, and Mrs. Jewel Hedges are in charge of the children during all play hours. The youngsters are given a chance to play each morning between 8 and 10 o'clock, seven and eight, at noon, and each afternoon from the time school dismisses until six o'clock.

The south ward project follows closely upon the heels of one in Mexican town. A playground has been furnished children in the Mexican school and many of them daily take advantage of the facilities offered for play.

FEMININE FANCIES

By KATHLEEN EILAND

In time-honored fashion the hands go round the clock. But in a new kitchen clock, the order is reversed for the clock goes around the hands.

To make the whole thing more whimsical, the timepiece is a birdcage clock. The clock gear is in the shape of a bird cage within which stands a yellow bird that pecks busily as the clock runs. Around the upper part of the base of the cage are the time numerals. The clock (parade, we mean the cage) turns round and round and shows the correct figures when the clockhands which are affixed to the stationary lower part of the base.

Not a cuckoo clock, you understand, though, unless the clock is seen, the whole idea will likely be termed cuckoo.

There's an onion chopper that leads a triple life. The glass container within which the chopping apparatus is pushed up and down holds two circles of wood.

One is to be used only when chopping onions. The other is to be used for chopping other vegetables. Labels keep the two from being mixed by a housewife who's in a hurry.

The third use of the chopper is that of employing the container as a measuring cup.

We've always shied away from these magnifying mirrors used by fastidious beauties. Our face looks bad enough in its regular size. We shudder to think how it would look with all its shortcomings deliberately enlarged.

But a certain new mirror of this type almost caused us to break our self-imposed rule of never looking into such a glass. The special feature of this mirror was not its prettily-ornamented round gold back and handle but the practical pair of eyebrow tweezers hidden in the handle.

A good idea that—of having the tweezers kept in this way—particularly convenient if the fastidious beauties mentioned above mislay tweezers as often as less gifted ones of us do.

Those cigarette holders and ash trays which feature Western designs gain a note of perfection when they have the cactus plants growing in the tiny earthen pots which are part of the design.

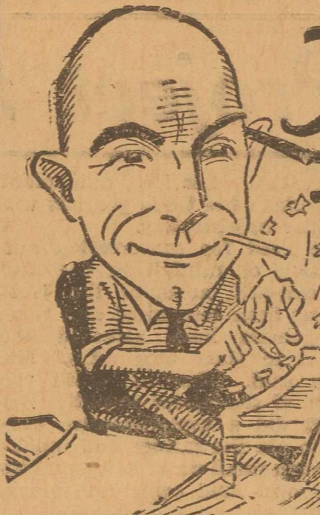

Nomination for our heartiest applause: Move in an Eastern state to have inmates of city or county charity institutions for elderly men and women provided with simple, modern clothing instead of antiquated Mother Hubbards and like apparel.

Anyone who has seen these elderly people clad in shapeless, dingy, depressing garments as we have seen them on visits to a poor farm only a few miles from our own state capital should be ready to second such a move as that made in the Eastern state.

We don't know about men but we don't believe any woman can year after year, even if she is old and toothless and weary with the vanities of this life, go on wearing colorless, ill-fitting dresses and heavy clumsy shoes without losing some precious something, some inner quality that has characterized the daughters of Eve since the day that their ancestress started designing aprons of fig leaves.

AT DAUGHTER'S HOME.

Mrs. Frank Orson has been in town from the Martin county ranch for several days ill with a sinus infection. She is at the home of her daughter, Mrs. Alfred Tom.

The Town Quack

Wise old owls around town were busy buying their football tickets Saturday for the game with Wink here next Friday night. The chamber of commerce office was one of the busiest outfits in Midland, selling the reserve spots. I imagine you can still get tickets Monday, but I wouldn't recommend that anyone wait longer than Monday to get the best; there are left.

When it comes to entertaining guests, Mr. and Mrs. George Wallace and Marion Flynn get the job done. The Wallaces, the other day, received a telegram from three women they knew at Decatur, Ala., who were returning from a trip to Arizona. The message, sent from El Paso, said they had been in the desert and were looking for an "oasis," hinting that a word to the wise should be sufficient.

The Wallaces called Flynn into consultation. They got all the vlands together and hired some negro musicians and proceeded to build up an oasis. Later they took their guests, who had arrived on schedule, to Odessa to visit some night spots. En route, they drove up in the scene of an auto wreck in time to help extricate the victims.

Going on to Odessa, they stopped at a h. t. and were enjoying the house's entertainment when a raid happened to fall due, and they got in on it. The visitors, Mary Elliott, Minnie Hamill and Billie McNeill, who left Saturday for Decatur, had no complaint to offer as to entertainment.

WALLACES HAVE GUESTS.

Mr. and Mrs. Geo. Wallace had as their guests overnight Thursday Mrs. J. Y. Hamill, Mrs. Counsel Elliott, and W. K. McNeill of Decatur, Ala. The visitors were en route home from California.

The High School News, elsewhere in this paper, is getting too tough for our proof readers. If we ever knew any Latin, we have let it slip along with what we used to know about trigonometry and calculus. I just barely do remember amabo, amabis, amabit; amabimus, amabitis, amaberunt or amebunt.

We have been doing a lot of talking and preaching about how we think the morale of the Bulldogs could be built up to beat Wink. We have been well sold on our own preaching, and we now believe they are going to beat Wink. They are not going to beat the Wildcats the way they did Stanton, i.e. by loafing about the gridiron. They are going to beat them the way Bo McMillan's team beat Harvard that time, and made him famous, by playing them off of their feet.

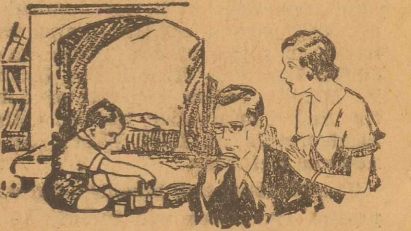

Does it make you nervous to make a speech? It does me. The last time I was on a program to make a speech, my collar got too tight, my throat swelled up until it would not let the sound through, and I devel-

Church Contest Entries Promised

Although letters had not started coming in for the contest as to why go or not go to church, announced early last week, several inquiries had been made up to Saturday and promises of entries had been received.

Prizes of \$5 each have been posted by a local committee for the best letters on "Why I Go To Church" and "Why I Don't Go To Church." The contest ends November 13, the winners to be announced in The Reporter-Telegram Sunday, November 13. Frank reasons for going or not going to church were requested by the committee.

Letters should be mailed to Box 4, Reporter-Telegram.

Your Child's Future

THE biggest job you have ever had, parents,—that of caring for your children—is safeguarding their health so that their future happiness and success may be assured.

Nothing is more important to them than their eyes. No child is healthy without healthy eyes. No child can achieve success without good vision.

There's only one way to tell whether or not your children's vision is normal—have their eyes examined. Do it now before school begins.

BEAT WINK UPPERMOST IN MINDS OF BULLDOGS AND FANS THIS WEEK

Beat Wink! Beat Wink! that seems to be the uppermost thought in Midland's mind, for Friday, Oct. 14, the "big game" of the district will be fought at Lackey Field. Both teams have been overwhelmingly victorious this year, and the district championship is the goal set by each. Many think this will be the decisive game in the championship race.

Preparing carefully for the coming onslaught of the slashing Wink Wildcats, the Midland Bulldogs will be called upon this year not only to settle an old score (that is, Wink's 46-0 victory last year) but also to retain the precedent of winning every other year. Since Midland first tied the formidable Wink steamroller, 6-6, in the fall of '29, the games have been won and lost on an even scale by both teams, Midland taking three and the Wildcats three.

Cleaned from dust-covered annuals, the scores of past performances are as follows:

Midland	Wink
1929-30	6
1930-31	0
1931-32—Midland in class A	0
1932-33	33
1934-35	12
1935-36	19
1936-37	7
1937-38	46

This season Midland has scored 200 points against her opponents' 6, while Wink boasts of 199 against a meager 13 from the opposition.

Football Team Honored With Steak Supper

An annual tradition was carried out the night of October 11, when the third year foods class prepared and served a steak supper for the football team and coaches. The food was a transformed 300 study hall of the High School building. The color scheme was purple and gold, carried out with cosmetics, zinnias, bachelor-buttons, and marigolds arranged as a centerpiece and in baskets placed artistically about the room.

Ellis Connor, proprietor of the "Piggly Wiggly Shopping Village," and O. O. Lamar, agent for the "Banner" products, were the donors of the food.

The menu consisted of:

- Steak
- Potatoes
- Cabbage and apple salad, garnished with tomatoes.
- Ice cream sandwiches and Dixie Cups.

Guests included: Messrs. W. W. Lackey, D. D. Shifflet, Bud Taylor, R. W. Myer, L. M. Freels, J. R. Kimbriel, R. C. Ferguson, J. R. Martin, L. C. Link, Ellis Connor, O. O. Lamar, J. C. Moore, Boynton, A. L. Gilbreth, L. P. Stark, M. A. Armstrong, Rev. Hinds, and Misses Iva Butler and Sude Muirhead.

Members of the team present were: Bob Eidsen, Paul Klatt, Jay Francis, Goodrich Hejl, Wayne Lanham, J. M. White, Temple Harris, Gordon Geddes, Dell Truelove, Fat Wright, Lelland Foster, Tommy McMillan, Truman Whitaker, Maurice Bratton, Noble Van Dyke, Bobby Walker, Howard Ford, James Frank Johnson, Gus Bryan, Tommy Wilson, Herbert Rehder, Buddy Hewett, L. C. Clements, Eugene Richman, Coleman Collier, Selman Cooke, Donald Griffin, Wallace Pittman, Bill Hart, Bill Cook, Wendell Williams, Edwin Ammerman, Joe Whitmire, David Bizzell, J. E. Wallace, Doyle Cobb, David Tidmore, John Dublin, Carol Smith, Lloyd Pittman, Murray Howell, Laudis Green, and Odell Carr.

ELBERT LEGGETT CHOSEN TO HEAD BUSINESS STAFF

Elbert Leggett was elected by a large majority as chairman of the business committee of the Catoico at a meeting of the committee last Thursday. Under the direction of Mrs. J. C. Moore plans are being made to raise the necessary funds for the annual.

The committee will be selected from the following seniors: Donald Griffin, Bobby Walker, Ann Dedeckers, Paul Anderson, Marvon Gantelou, Bobby Martin, Norman Turner, Alfred Vogge, Joyce Beauchamp, Cleo Tidwell, Spencer Collins, Marilee Kirby, Billie Rene Spaulding, L. C. Clements, Kitty Jean Ellis, Charles Dodson, Franklin Stickney, and Tommy Wilson.

At a meeting of the Junior class Monday afternoon, Miss Vera Heiner, faculty sponsor of the annual, put before the group the proposition of electing two juniors to the annual staff. The group seemed to like the idea, and the juniors will be elected next week. The purpose of electing two juniors to the staff is to have them trained for next year.

Jeanne Davis was elected last week as editor-in-chief of the Catoico and Jane Bounds as associate editor. Selection of other members of the staff is nearing completion and will be announced next week.

WHERE ARGUMENTS ARE ENJOYMENT

Much more interest is being taken in debating this year. This added interest is due to the fact that Miss Agatha Bruner, the debating and public speaking teacher, makes a game of the things. She allows the students to debate among themselves the local, national, and international subjects which they are interested in.

During the past week three topics were debated. These were: Oct. 10. Resolved: "That people should buy on the installment plan." Delmar Yoakum was the affirmative speaker and Elinor Hedrick was the negative speaker. On Oct. 12. Resolved: "That military training should be compulsory for young men of the United States." John Dublin spoke on the affirmative and Bobby Martin spoke on the negative. On Oct. 14. Resolved: "That the several states should enact legislation providing for the centralized control of industry." Cleo Tidwell and Jean Lewis, both of whom were debaters last year, were the affirmative speakers. Jim McHargue, who is a veteran debator also, and Bill Ferguson were the negative speakers.

PHI EPSILON PHI CLUB ENTERTAINED AT HOME OF NELL RUTH BEDFORD

The Phi Epsilon Phi club met Saturday afternoon at the home of Nell Ruth Bedford, for a dessert-party. This was the first meeting of the newly organized club. Members are: Nell Ruth Bedford, Mary Jack Beaver, Julianan Cowden, Mary Sue Cowden, Jeanne Davis, Geraldine Griffith, Barbara Jean Harper, Jean Lewis, Dorothy Sue Miles, Fredda Fae Turner, Jessa Lynn Tuttle. The prizes were: a box of pine bath soap won by Geraldine Griffith for high cut, and a crystal perfume bottle won by Dorothy Sue Miles for high score.

NEW FRESHMEN.

- Noel Cogburn, aged 14, came from the Odessa Junior High school in Odessa, Tex.
- Bill Cook, aged 16, attended the Artesia High school in Artesia, New Mexico.
- Henry Currier, aged 14, was formerly a student in the Salem High school in Stephenville, Tex.
- Margaret Dill, aged 14, came from the Dow Junior High school in Houston, Tex.
- Junior Gordon, who is sixteen, came from the Junior High school in Tulsa, Oklahoma.
- Eugene Lackey, aged 14, was a student in the Ozona Junior High school last year.
- Dick Maylar, aged 13, transferred from the Seymour High school in Seymour, Tex.
- Homer Lee Norman, aged 13, came from the Roosevelt Junior High school in Carlsbad, New Mexico.
- Wallace Pittman, aged 16, attended the Gaunt High school in Haskell, before coming here.
- Jack Simpson, aged 13, lived in Santa Anna and went to high school there last year.
- Jimmie Slaughter, aged 15, attended the Junior High school in Abilene, Tex.
- David Homer Tidmore, aged 17, came from the Stanton High school in Stanton, Tex.
- Russell Turnbow and Gwin Reagan both were in the San Angelo schools last year.

PERSONALS.

Russell Turnbow, from San Angelo was enrolled Tuesday in Miss Klapproth's home room.

Eddie Gene Cole, Kitty Gene Ellis, Virginia Droppelman, and Martha Flaherty left for Denton Friday to visit Helen Droppelman, Louise Elkin, Jane Doran, and Mary Beth Scruggs, ex-students of Midland High school who are enrolled at T. S. C. W.

Mrs. Bill Nichols visited assembly Wednesday morning and made an announcement concerning the organization of the high school P.T.A.

The band gave a brief concert Wednesday morning in assembly. They showed great improvement.

Ruth Reeves, Beth Reeves, Ann Blackburn, and Lucille McHargue attended the Big Spring-Abilene football game Friday night at Big Spring.

Miss Jeanne Logan and Miss Iva Butler attended a district meeting of home economics teachers in Lubbock Friday.

Misses Merle Smith, Gladys Pincus, Iva Butler, Theresa Klapproth, and Ruth Carden, attended a luncheon given by the Delta Kappa Gamma society in Odessa Saturday.

Billy Chaney is a new student from Colorado enrolled in the junior class.

EX-STUDENT NEWS.

When Marion Taylor, who is attending Kilgore Junior College, went out for football, he was put on the first team. This is quite unusual for he is only a freshman and there are many letter men who also tried for the first team.

Anna Beth Bedford, a 1937 graduate of Midland High School, who is a sophomore in the University of Texas, has been selected to join the "Curtain Club." This is the dramatic club of the university.

FOOTBALL PARLEY.

There is nothing on the football boys mind except "beat Wink." The captain for the Wink game Friday night will be Truman Whitaker.

This year the coaches are using a different system of selecting captains. The captains for the first five games were: Gus Bryan, Noble Van Dyke, Howard Ford, and Truman Whitaker. They are the five lettermen of last year that will not be here next year. For the rest of the games the boys will elect the captain from one of the letter men that will be here next year.

Hit Parade

Has Mary Sue decided that J. M. is her "big moment?"

Billy Noble's old saying of "fitting from flower to flower" seems to be Donald Griffin's idea of giving all the girls a thrill. It's Wilma now.

If you are wondering why Jack Kenney is carrying a microscope in his pocket, I'll tell you, he finally has grown a whisker and he wants every body to see it.

Poor Kenneth, Jo Ann won't even speak to him.

Grady is doing O. K. with these sophomore girls, not to mention the fish and seniors.

We're all wondering why Eddie Gene is frowning so. Could it be that Bill Harris hasn't phoned, Eddie?

There is a new boy in school, girls and his name is Edward Grimes. You'd better nab him or Mary Jane will have the situation well in hand. Frank W. Arrington's face is always red. Girls, you shouldn't pinch his cheek in home room.

Has Marjorie Ann finally decided that Payton Anderson is really the one?

It seems that Jeanne Davis has really forsaken San Angelo for Jack Nobles.

The quotation, "Love Thy neighbor as thy self," really applies to Paddy Griswald and Tadd Crane.

My, Melba really ought to get good grades in chemistry. She has plenty of help—and you know boys are supposed to be good in chemistry.

The freshmen have it kinda bad, especially Clarence Scharbauer, Jr. and Elma Gene Noble.

Boys, be looking around for a date to the banquet—it won't be long.

Miss Lunday—Who can name a ballad that deals with the sea? Bright Sophomore—"6,000 Legs Under The Sea."

John Dublin, on being asked what he thought of the clever publicity he received in the Town Quack last week, replied, "It was just 'ducky!'"

Aycock Buys 1,000 Ewes

T. R. Aycock, who recently leased out his Midland ranch and acquired a larger place near Artesia, last week purchased from Scharbauer Cattle Co., off of their Pecosco, N. M. place, 1,000 head of ewes. They will be delivered to his place, thirty miles distant, on October 25.

Gladewater Man Dies In Car-Truck Wreck

FORT WORTH, Oct. 15. (AP).—Fisher Shockley, 21, Gladewater was killed and two companions injured in a collision between their automobile and a cattle truck on the highway here today.

Arrington-Middleton Take Tennis Finals From Park-Ferguson

The intra-mural tennis tournament which has been underway for approximately two weeks ended in the double play on Monday, October 10, with Fred Gordon Middleton and Frank Wade Arrington the winners. They advanced to the finals against Cedric Ferguson and Marvin Park by defeating Bill Ferguson and Bobby York, 6-1, 6-1.

Cedric and Marvin advanced to the finals by defeating E. J. Ragdale and Duffey Stanley by the score of 6-3, 6-1.

In the finals Fred Gordon and Frank Wade won the tournament by defeating Cedric and Marvin by 6-3, 6-2, 6-1.

Mr. Myer, the tennis instructor, stated that he was very well satisfied by the precision with which the tournament was run off.

Cheerful Cherubs

- "Could You Pass in Love."—Virginia could do that easily, but what about Lattin?
- "You Leave Me Breathless"—Dorothy Sue after taking corners with Darrell.
- "Goodbye, My Dreams, Good-bye"—Jessa Lynn leaving Dallas.
- "Tellin' My Troubles to a Mule"—Fredda to Horse-neck Griffin.

Billie Spaulding Chosen President Of Home-Ec Club

At a special meeting of the Home Economics club at 3:15 October 11, in room 102, the club, under the supervision of Miss Jeanne Logan, elected officers for this year.

Because of their proven ability and willingness to co-operate the following officers were elected:

Billie Rene Spaulding, president. Ann Blackburn, vice-president. Eula Fay Whitson, secretary. Jerolene Prestridge, treasurer. Doris Jean Shockley, reporter. May Lee Kirby, critic.

The club voted to meet every other week, on Tuesday after school.

Fees will be decided upon and an entertainment committee will be appointed at the next meeting.

REV. H. D. BRUCE GUEST SPEAKER MONDAY MORNING

"How many of you girls have ever had a date?" inquired Rev. H. D. Bruce of the giggling girls—who rather reluctantly, as if embarrassed, raised their hands. "Did you know what to do with your hands?" was his next question which was received with a roar of laughter from male and female alike. Even the masks of the stoical pedagogues became seamed with laugh lines.

The Rev. Bruce quickly explained his somewhat vague inquires, saying that, because there was no pulpit on the stage, he did not know what to do with his hands and merely wanted the sympathy of an audience with like experiences.

After this humorous introduction the pastor of the Baptist church continued to say that life was likened unto the insignificant spark plug. Without the efficient little plugs the powerful motor of Charles A. Lindbergh, that famous flier would have never completed his trans-Atlantic trip. He depended on his spark plugs.

Likewise, he knew that those plugs had to be clean in order to function properly. Despite the fact that an efficient plug must be free from carbon, it must also be in perfect timing with the other plugs. This parallels in life the perfect cooperation of an individual with his fellows. Society, like the motor, must have clean and perfectly timed "spark plugs", member who make progress in art, business, and government, in order to excel.

"There are two requirements, therefore, of your life and of a spark plug; it must be clean, and it must be perfectly timed," was the closing statement of the interesting talk.

Local Organization In Band Contest At Monahans

The Midland High School Band, directed by Mr. M. A. Armstrong, competed Saturday in a marching contest held at the football field in Monahans in connection with the Monahans County Fair. The contestants included may bands in the regular West Texas division.

The local organization's stunt consisted of MHS, formed while the band played "Our Director." Also included in the colorful spectacle was the famous waltz step after which the band stepped off in a lively march to the tune of "Washington Post."

Mr. Armstrong reported that approximately fifteen members made the trip, Saturday.

NEW MUSIC ADDED TO BAND'S REPERTOIRE

Director M. A. Armstrong announced this week that he had just received many new compositions including marches, overtures, and popular tunes.

The new music which adds to the repertoire of the band's library, includes "Donkey Serenade", overtures, "Militaire", "Tournament Overture", and "Cliffe"; "Notre Dame Victory March"; "The Old Organ"; and a band Medley of popular songs including "Alice Blue Gown", "My Blue Heaven", "Linger Awhile", "In a Little Spanish Town", and "I'll See You in My Dreams."

SIX WEEKS TESTS SCHEDULED.

Believe it or not, six weeks is about over and the first six weeks tests begin Monday.

The change from having them at the last of the week, as the usual custom, is to give the "fish" lots of time to get boxes for the bonfire Thursday. It had better be a big one, freshman!

Monday the periods for tests will be the third and sixth; Tuesday, the first, fifth and seventh; Wednesday, finishes them with the second and fourth.

Double Ring Ceremony Unites Midland Couple Saturday

In an evening ceremony attended by the immediate families of the couple, Miss Peggy Jo Howze, daughter of Mr. and Mrs. Joe T. Howze, and Ray Blackburn, son of Mr. and Mrs. A. C. Blackburn, were married at the home of the bride's parents at the Gulf tank farm Saturday.

The impressive double ring ceremony was read by candlelight before an altar banked with greenery and fall flowers, with Rev. H. D. Bruce, pastor of the First Baptist church, officiating.

The bride and groom entered together, with no attendants.

The bride chose as her wedding dress a street length frock of du-bonnet velvet, with black accessories. She wore a shoulder corsage of bronze chrysanthemums.

A reception was held after the ceremony. The three-tiered wedding cake was in white, with a decoration of pink roses and green leaves.

4-H Clubs Take on Added Life with Opening of Fall

Editor's Note: The following review of the 4-H girls' clubs of Midland county was prepared by Miss Mary Jo Weigers, county home demonstration agent.

4-H clubs are being reorganized all over the county now that school has started. Three of the clubs met during the summer, but with the opening of school it is necessary that 4-H club work be reorganized to fit into the school schedules. The other clubs did not meet during the summer for the members lived too far apart.

There are seven girls' club in the county. Valley View was reorganized with three new members who had been inactive during the summer. The club kept its old officers with Lodell Vest as president. The club meets the second and fourth Tuesdays of each month. Mrs. G. C. Brunson is sponsor.

Prairie Lee has a junior and senior club with ten members in the senior club and eleven members in the junior club. Girls from the age of ten to fourteen belong to the junior club and from fourteen to twenty in the senior club. The majority of the girls in the senior club have never done club work before. Pauline Cobb is president of the senior club which meets the first and third Tuesdays of each month and Helen Harris is president of the junior club which meets the first and third Thursdays of every month. Mrs. Sells is sponsoring both clubs.

Cotton Flat reorganized, electing Billie Frances Franklin president. The Cotton Flat Home Demonstration club is buying a sewing machine to be kept at the school for the girls to use during club meetings. Mrs. Henry Lockler is sponsor of the club which meets the second and fourth Wednesdays of the month.

Warfield was organized with six members with Pearl Wilson as president. Miss Robertson is sponsoring the club. Regular meetings are held the second and fourth Thursdays of the month.

Stokes, too, has a membership of six. Helen Herring is president and Mrs. Alcorn sponsors the club meeting the second and fourth Wednesdays of the month.

The seventh 4-H club is on the Dick Midkiff ranch. Miss Mabel Davis sponsors the girls and they meet every second Tuesday.

Leaders in the Women's home demonstration clubs as well as the parents and teachers are urged to cooperate with the 4-H girls and to encourage them in working and being interested in foods, clothing and

Anniversary Party Marks Ninth Year In History of Belmont Bible Class

Belmont Bible class celebrated the ninth year of its existence with an anniversary party at the home of Mrs. T. O. Midkiff, 1002 S. Marienfeld, Friday afternoon.

Roses and other flowers decorated the party rooms where guests gathered for a program before the social hour.

Mrs. R. Chansler presided at the guest register.

Rev. Thomas D. Murphy, now pastor of the Presbyterian church at Odessa but formerly a Midland resident, opened the program with prayer.

Mrs. Herbert King presented a history of the Belmont Bible class. The class was organized October 8, 1929, with 12 charter members. Of these, four are now members including Mmes. C. E. Nolan, J. M. King, R. L. Mitchell, D. E. Holster. Thirty-four is the present membership of the class.

Teachers of the group have included: Mrs. Richardson, Mrs. T. D. Murphy, Mrs. J. M. King, and Mrs. W. L. Fickett.

Apart from studying the Bible, the class has visited the sick and absent, sent trays, helped the Mexicans at the mission, donated baskets at holidays, and has given several Bibles.

Following the history of the class, Rev. H. D. Bruce brought a devotional.

Mrs. Alton Absher played a piano number.

Mrs. Joseph Mims and Mrs. A. T. Donnelly sang a duet.

After the program, a social hour

was held and refreshments were served.

The two-tiered birthday cake was wreathed with ferns and roses. Iced in white, it was topped by pink candles and was decorated with the words, "Belmont Bible Class," in pink and green. Mrs. A. W. Lester baked the cake and Mrs. C. E. Nolan decorated it.

The table was covered with a lace cloth.

Mrs. T. O. Midkiff presided at the coffee service and Mrs. W. G. Ataway served the cake.

Visitors from out of town included Rev. Murphy, Mrs. Murphy, and 11 other Odessa women, members of a Bible class in that city. Mrs. Murphy introduced the group including: Mmes. O. E. Wallace, B. F. Stagg, Jack Belcher, F. G. Brunette, D. R. Hall, C. C. Vernon, O. L. Evans, W. J. Pool, O. W. Ballard, Geo. Bucklin, Robert Armstrong.

Others present were, Mr. and Mrs. Bruce, Mmes. G. D. Taylor, Joe L. Snead, C. A. Travelstead, W. C. Hinds, Alton Absher, Joseph Mims, A. T. Donnelly, C. G. Murray, W. L. Sutton, R. D. Hudson, W. L. Fickett, M. J. Allen, J. L. Kelly, H. R. Braezeale, B. L. Crites, Roy E. Harwood, D. E. Holster, A. B. Stickney.

Mmes. Pauline Proux, A. W. Lester, W. G. Ataway, R. Chansler, Lige Midkiff, C. E. Nolan, Ann Brinson, H. H. Nicholson, R. N. McLain, J. M. King, C. O. Fredre- zell, W. P. Collins, R. L. Mitchell, Herbert King, the hostess and Mr. Midkiff.

Committee Chairmen Are Named for Federation

General business incident to the opening of a new year's work occupied the City-County Federation in its first meeting of the season, held in the county courtroom of the courthouse Friday morning.

Mrs. J. M. White was elected parliamentary.

Decision was made to change the time of business meetings from 10:30 o'clock until 10 o'clock.

Mrs. F. H. Schouten, Federation president, was elected delegate to the state convention of Texas Federated Women's clubs and Mrs. Jas. H. Goodman was elected alternate.

The following committee chairmen were appointed by the president: Hospitality, Mrs. E. W. Cowden; ways and means, Mrs. J. Howard Hodge; Better Movies, Mrs. W. L. Sutton; playground, Mrs. A. Van Kampen; fund for the aged, Mrs. Jas. H. Chapple.

Head of the nominating committee, which is held over from last year, is Mrs. Tom C. Bobo.

Mrs. Wilmer B. Stowe was appointed Federation representative to the Safety Council.

Mrs. Geo. Glass announced a book review to be presented by Miss Evelyn Oppenheimer here November 1.

Federation members present were: Mmes. E. W. Cowden, Jas. H. Goodman, Geo. Glass, T. A. Pollard, S. H. Hudkins, Bill Epley, J. M. White, F. C. Cummings, F. H. Schouten, F. R. Schenck, L. G. Byerley, Wilmer B. Stowe.

Rural Schools

Valley View.

A mixed-team of Valley View boys and a mixed-team of Courtney boys played basket ball at Courtney Wednesday evening. At the end of the fourth quarter, the game was tied. They played three more minutes and Courtney won by two points.

The boys have been working hard on the caliche basket ball court and they have a fairly good court.

A store has been instituted, sponsored by the eleventh grade. Candy, pencils, and notebook paper are sold and it is planned to carry stamps and postal cards also.

The certificate for first place in arithmetic in the county meet last year has been received.

Students have increased in their lessons and especially in their written work, teachers report.

There will be a Halloween party at the school house Friday night, October 28. Everyone is asked to come in Halloween costume. Cold drinks and candy will be sold. The public is invited to attend.

Sewing Club Plans Halloween Party At Friday Session

Plans for a Halloween party were made at the meeting of the Stitch and Chatter club at the home of Mrs. A. E. Dixon, 504 S. Mineola, Friday afternoon.

A quilt for the hostess was quilted on during the afternoon.

Nine members and two visitors, Miss Johnnie Nix and Miss Juanita Boyett, were present.

Refreshments were served to: Mmes. Chas. Ward, F. D. Reven, Fred Klatt, E. L. Reagan, Paul Hedges, L. G. Boyett, Ben Biggs, L. M. Hedges, the guests, and the hostess.

The club will meet with Mrs. F. D. Reven, 809 N. Weatherford street, next Friday afternoon at the usual hour.

Miss Betty Wilson and a representative of the state health department, Miss Branch Davis, were at school a short time Thursday to make arrangements for setting up a clinic on Tuesday, Oct. 25, at the school house.

New study tables and new desks and chairs have been added to the school equipment the past week.

Visitors included Asa Collier who addressed the pupils Monday morning and Mr. and Mrs. Bud Ward.

During the first six months of domestic airline operations during 1937, 11,958,980 passenger miles were flown for each passenger fatality during this period.

Mrs. Brown Hostess To Fall Party for Joie de Vie Club

Mrs. Chas. Brown was hostess to the Joie de Vie club with a bridge party in fall theme at her home, 702 W. Louisiana, Friday afternoon.

Tallies and score pads for the games carried out the autumn motif as did the fall flowers used in the playing rooms.

High score in the games went to Mrs. Wade Heath; second high score to Mrs. P. F. Bridgewater; and high out to Mrs. Frank Fulk.

Miss Cordelia Taylor was a guest.

A party plate was served at the tea hour to Miss Taylor and the following club members: Mmes. Bridgewater, R. C. Conkling, Hugh Corrigan, R. B. Cowden, John Dublin, Fulk, Geo. Glass, Heath, O. B. Holt, Chas. L. Klapproth, J. R. Martin, Roy Parks, Foy Proctor, J. M. Speed, Sr., Fred Turner, and the hostess.

Lucky Thirteen Club Meets With Mrs. B. M. Hays

Three tables of 42 furnished amusement for the Lucky Thirteen club when Mrs. B. M. Hays was hostess of the group at her home, 1701 W. Kentucky, Friday afternoon.

Cosmos and zinnias were party flowers.

Tallies and score pads featured a blue and gold theme.

High score in the games was held by Mrs. J. T. Conner and low score by Mrs. H. S. Collings.

Guests were Mrs. Conner and Mrs. Hubert Drake.

A refreshment course was served at tea time to the guests and the following club members: Mmes. J. C. Hudman, Collings, Houston Sikes, Pearl Blair, O. H. Jones, L. F. Joplin, S. P. Hall, J. T. Walker, Ellis Conner, and the hostess.

Baptist Adult Union Announces Program for Today

B. A. U., the Baptist Adult Union of the BTU, will meet at the church this evening at 6:15 o'clock for a lesson on "Meeting Intellectual Difficulties."

Mrs. Ernest Neill will conduct the Bible readers' quiz.

Scripture reading will be taken from Acts 17:16-32.

Mrs. Thurman Pylant will discuss "How Do We Know There Is a God?"

Mrs. Neill will speak on "What Sort of Being Is God?"

Mrs. Grace Carr will talk on "How May We Have Communion With God?"

"Why Christ Between Man and God" will be the subject of a talk by Leob. Arntz.

Otis Smith will have the concluding topic, "Is Christianity Contrary to Science?"

A business sessions, announcements, and secretary's report following the program, will precede adjournment.

Younger High School Set Entertained With Country Club Dance

The younger high school set, which has led an active social life the past few months, continued its entertainments with a dance at the Country Club Friday evening.

Hosts for the party were Kenneth Williams, Payton Anderson, and Mary Helen Armstrong.

Music for dancing was furnished by the club nickelodeon.

The mothers of the hosts, Mrs. R. E. Williams, Mrs. Warren D. Anderson, and Mrs. J. M. Armstrong, chaperoned the group.

Fifty to 60 high school boys and girls, it was estimated, were present for the dance.

The United States Army has perfected a bomb that is used for aerial photography at night. The light given off is so intense that it approximates daylight for a fraction of a second, and makes night aerial photography possible to a degree of detail almost impossible in actual daylight.

Another GREAT FORWARD STEP In Midland! FRIGID FILTRATION

PASTEURIZATION . . . In the 19th Century the immortal scientist, Louis Pasteur, in the face of much opposition and ridicule, gave his name to a new method of disease prevention, heat treatment of milk, which made possible the milk business as we know it today. Pasteurization is mandatory in the Health Laws of every state in the Union.

FRIGID FILTRATION brings an equally sensational and valuable improvement in the sanitary control in milk processing, after several years of research and testing by the Johnson & Johnson Laboratories and their filtration engineers.

Frigid Filtration brings the dairy industry freedom from the most vulnerable point in its armor, hot milk filtration, a frequent cause of unpleasant odor, unnatural flavor and discoloration resulting from the dissolved sediment.

The filter cloth method of hot pressure filtration, so widely in use today, is displaced by cold filtration, which is now provided by the Rapid-Flo Frigid Filter.

Now milk may be filtered at the dump tanks, as it is received, without delay. Processing at high temperatures before filtering, with damaging dispersal of dirt, is eliminated.

Natural flavor, odor and color are now available to Pasteurized milk for the first time with the advent of Frigid Filtration. Many thousands of people who now have a subconscious dislike for all milk will be won over to milk with the new, natural flavor that is made possible by Frigid Filtration.

Pure, wholesome-flavored milk, free from dirt particles and untainted by dissolved barn dirt is a most acceptable, palatable drink.

Halloween Theme Favored at Party For Diana Neissl

Diana Neissl, daughter of Dr. V. P. Neissl, was complimented on her ninth birthday Saturday with a party at the home of Miss Josephine Guly, from 3 o'clock until 5 o'clock in the afternoon.

The house was decorated in Halloween style and Halloween games were played, with prizes going to Shirley Jo Harris and Eloise Pickering.

Halloween noisemakers were the favors.

A candle-light birthday cake was cut at the refreshment hour.

Present were: The honoree, Mildred Brinson, Dorothy Lynn Butler, Patsy Lou Arrington, Shirley Jo Harris, Eloise Pickering, Betty Ruth Pickering, Sylvia Holman, Jane Smith, Ann Rich, Peggy Rich, Belva Mae Trent, Frances Koonce, Doris Williams.

Mrs. L. L. Butler assisted Miss Guly in entertaining the children.

showed that the man enjoyed the perfume of flowers and was smelling the buds as he passed them on his way.

Charles Tom Is Honored With Party On Eighth Birthday

Employing a Halloween theme in appointments, Mrs. Alfred Tom honored her son, Charles on his eighth birthday anniversary with a party at the home of her sister, Mrs. Carl W. Covington, 1202 W. Texas, Saturday afternoon.

Games were played on the lawn during the recreation period.

Halloween favors were distributed.

At the refreshment hour, the white birthday cake was lighted by pink candles.

Present were: The honoree, Malcolm Woods, Ernest Woods, Wilbur Yeager, Gene Yeager, Richard Davis, Gene Dupuy, John Cecil Francis, John Monaghan, Clarence Scrogin, Martin Duvall, Niles Winter, Wayne Fritz, Dennis Stevens, R. A. Whitson, Jr., John DeHorn, Johnnie Jean, Donald Drogpleman, Bobby Hunter, Bill Hamilton, David Hyatt, Charles Ryan, Harold Barber, James Barbare, Jack Pope, and Rufus Charles Tom of Stanton.

4-H Club Girl At Dallas Fair

Lenora Livingston of the Prairie Lee 4-H club who was awarded a trip to the 4-H Girls Encampment at the Dallas Fair October 10th to the 13th by the Midland County Home Demonstration Council, left last week for Dallas. She was awarded the trip on her work from October 1, 1937 to October 1, 1938.

During the year Lenora has made a euptowel, fancy scarf, apron dress, smock, floor pillow, Christmas toy, dresser scarf and pillow cases. She also took care of 217 chickens. She has done outstanding club work for two years and has kept a record of all her 4-H club work.

There are 300 girls from all over Texas attending the three day encampment sponsored by the Dallas Fair. The trip is educational, as well as entertaining.

Women Golfers to Resume Meetings

Women's Golf Association will meet at the Country Club Friday morning at 10 o'clock for a business session and the election of officers, Mrs. W. B. Harkrider, president, has announced.

Members desiring to have luncheon at the clubhouse should make reservations to Mrs. J. B. Richards.

All members are urged to attend the meeting.

7:15 p. m. Thursday. Senior choir practice.

CHRISTIAN SCIENCE SERVICES.
"Doctrine of Atonement" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, October 16.
The Golden Text is: "God hath not appointed us to wrath, but to obtain salvation by our Lord Jesus Christ, who died for us, that, whether we wake or sleep, we should live together with him" (I Thessalonians 5:9).
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Beloved, think it not strange concerning the fiery trial which is to try you, as though some strange thing happened unto you. But rejoice, inasmuch as ye are partakers of Christ's sufferings" (I Peter 4:12, 13).
The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "If truth is overcoming error in your daily walk and conversation, you can finally say, 'I have fought a good fight, I have kept faith, because you are a better man' (Page 21).

NAOMI CLASS
The Naomi (inter-denominational) class for women will meet at 9:45 o'clock in the private dining room of the Hotel Scharbauer.
Mrs. J. Howard Hodge is the teacher.

MEN'S CLASS.
The Men's class meets every Sunday morning at 9:45 o'clock in the Crystal ballroom of the Hotel Scharbauer. It is a non-denominational class and every man who does not attend services elsewhere is cordially invited to attend.
The teachers are Marvin Ulmer and Judge Charles L. Klapproth. There is a singing service of fifteen minutes prior to the speaking.

Air Conditioned Schools.
LOUISVILLE, Ky. (U.P.) — The "good old summer time" soon may be just a memory if plans of the Louisville board of education materialize. Stephen S. Jones, board president, says the city schools may be air-conditioned if other cities find it practicable. Such an

MORE POWER, MORE ROOM, MORE REFINEMENTS IN 1939 CHRYSLERS

Shown at Scruggs Motor Co. this week is the new 1939 Chrysler Royal, 4-door sedan, pictured above. This car has a wheelbase of 119 inches and a motor of 100 horsepower. The gearshift is placed on the steering wheel column, as in other Chryslers of the new series. R. D. Scruggs announced that the 1939 Chrysler Imperial, with the 125-inch wheelbase and 130 horsepower motor, will be shown soon. He also has new models of the 1939 Plymouth on the floor. The new Chrysler Royal has the "cruise and climb" improved transmission; imposing front end, with cascade of chrome bars, massive bumper and guard; and the Airflow principle used in the rear to give large luggage space instead of the old style trunk.

Miss Oppenheimer To Review Novel Here November 1

Miss Evelyn Oppenheimer, well-known book reviewer of Dallas who is increasingly in demand in this region, will be presented by the Woman's Wednesday club in a review at the high school auditorium Tuesday evening, November 1.

Miss Oppenheimer will discuss "And Tell of Time" by Laura Key, a story of Reconstruction in the Brazos country of East Texas. The novel gained second place on the nation's best-seller list two weeks after publication.

This will be the Dallas reviewer's first appearance here this year, although she has a circle of friends and admirers here from two appearances last season.

Tickets for the review may be purchased from any member of the Wednesday club at 50 cents each. The public is invited to attend.

More Parks Created.

WASHINGTON, (U.P.)—Cities, counties and states are setting aside more and more land for the recreation of their citizens. The National Park Service's annual yearbook reports that 35,111 acres of land and water were added to non-federal park holdings in the year ended last September.

Sub-Deb Club Meets With Catherine Blair

Sub-Deb Club met Saturday at the home of the secretary, Catherine Blair.

The president called the meeting to order and business was discussed. Following the business session, bridge was played.

Refreshments were served to the following members: Helen Armstrong, Jane Hill, Kathryn Jordan, Marjorie Ann Monaghan, Melba Schlosser, and the hostess.

emphasized here with discovery of the body of Jess Foreshee, itinerant. Police said he had starved to death. His body was found in a camp in a clump of weeds near Seminole depot. Lozonia Mertz, a Mexican, died of starvation in a shack near here a week before.

MIDLAND COOPERATIVE MARKETING ASSOCIATION, INC.

FOR 1939 Be Modern - Buy Chrysler!

NEW! ADVANCED AIRFLOW STYLING
Chrysler pioneered modern streamline design in the Airflow... now brings it to new modern smartness and beauty... permitting great interior roominess in the sleekest, most dashingly-looking car that ever took the road.

NEW! BODY 4" WIDER... MORE SPACE, GREATER COMFORT
Chrysler's already roomy body is now 4" wider at the windshield! Seats are literally as wide as divans... some cars have been merely relative... some cars gave a rifle more than others. Here is a car so roomy you feel its spaciousness the moment you enter it!

NEW! MORE LUGGAGE CAPACITY IN HIDDEN RECESSED TRUNK!
True streamlines banish the bulging trunk! Body and fenders sweep back in tapering lines of striking modern beauty. Yet the luggage compartment—opened from the rear—has more carrying capacity than ever before!

NEW! CRUISE AND CLIMB TRANSMISSION
Shifts automatically on demand between pick-up and cruising ranges according to power required. In ordinary driving gives greater use of gas-saving automatic overdrive.

NEW! PLASTIC INSTRUMENT PANEL... BEAUTIFUL AND SAFE!
Gorgeously beautiful plastic instrument panel. Control buttons recessed for safety. Speedometer signals in different colored lights to warn you of dangerous driving speeds.

NEW! POWER, HANDLING EASE, SAFETY... ALL AT A NEW CHRYSLER TOP!
Greatly increased horsepower... Cruise and Climb Transmission! Steering and gear-shifting of feather touch ease. Chrysler's hydraulic brakes and Safety All-Steel Body. The most modern motor car on the road.

NEW! STEERING WHEEL GEAR-SHIFT
The gear-shift lever at your finger tips... right under the wheel. Shifting requires no more effort than steering. Easy, simple, safe! Clashless, quiet, sure! A great modern advancement.

• 1939 CHRYSLER ROYAL 100 Horsepower • 119-inch Wheelbase • 1939 CHRYSLER IMPERIAL 135 Horsepower • 125-inch Wheelbase
Also Chrysler's famous Custom Imperial in five and seven passenger sedans and limousines.

HORNED FROGS TRAMPLE AGGIES TO TUNE OF 34-6

O'BRIEN, SPARKS PACE WINNERS IN CONFERENCE WIN

COLLEGE STATION, Oct. 15.—The Texas Christian university Horned Frogs unleashed a devastating aerial and ground attack here today to completely swamp the championship hopes of the Texas Aggies. The final score was 34-6 with the Frogs scoring in every quarter.

The Frogs scored the second time they got the ball, after a fumble by O'Brien on the Aggie 10 had nullified a possible scoring chance the first time they gained the ball.

David O'Brien and Connie Sparks led the TCU attack, with All-American Kl Aldrich standing out on the defense. Aldrich was in almost every play and was the outstanding player on the field.

Standing out for the Aggies on offense was Dick Todd. Several times he almost got loose for touchdowns on some brilliant broken field running. He electrified the stands late in the game when he returned a kick-off from five yards behind his own goal to the Christian 36 only to be halted by O'Brien, the last man between him and the goal. Later he returned a kick-off 41 yards, almost getting completely away.

To start the game, the Aggies received and Todd returned from the goal line to the 17. A running play failed and Connatser kicked to O'Brien, who was downed on the TCU 42. Line plays and short passes carried to the Aggie 10 where O'Brien fumbled.

The Aggies kicked out to their 43 and the Frogs were touchdown bound. Horner took a 5-yard pass and carried on down to the Cadet 25. Sparks made 15 in two stabs at center, then O'Brien passed to Clark on the 5, but an offside pen-

MINES MUCKERS, TECH RED RAIDERS MEET IN ODESSA SATURDAY NIGHT

ODESSA, Oct. 15.—Two of the nation's undefeated, untied football teams, Texas Mines' ramrapping Red Raiders from the Plains of West Texas and Texas Tech's air-minded Muckers from the borderland of El Paso, meet here next

Saturday afternoon in a Border conference football game.

Arrangements are being made to care for a record breaking crowd of 7,000 fans. Advance ticket sales have been moving in a landslide. Oil Field Supply companies have been leading the parade to five ticket booths here and they are taking them in blocks of 10 to 50.

Coming from El Paso will be a special train bringing the entire Texas Mines student body, 200 El Paso citizens headed by Mayor M. A. Harlan, 55 Texas Mines Gold-diggers, co-ed rooting regiment of the border school. The 75-piece Mucker band will lead the parade to town coming two days ahead of time on a good will tour between El Paso and Odessa. The Mines orchestra will play for a victory dance following the game.

From Lubbock will come the 100-piece Texas Tech band and student body. Lubbock has ordered 400 reserved seats at \$2.20 each. The city's mayor, as will Mayor Harlan of El Paso, will be guest of Mayor B. L. Farmer of Odessa. The first citizens will occupy a special stand on the field.

It will be pupil vs. teacher on the football field. Coach Pete Cawthorn of Tech tutored Coach Mack Saxon of Mines when Saxon was a halfback at Austin College in Sherman. Saxon later was all conference at Texas University.

When time came for selecting officials for the game the two coaches could not agree on officials. The matter was referred to Harry Viner of Houston and the Southwest Conference. Viner has named Cooper Kinney, Houston, referee; Dr. Frank B. Moon, Dallas, umpire; Harold Whittiers, San Antonio, headlinesman and Fields Sevell, Austin, field judge.

Reservations have been received from sports writers over a wide area. The game will be broadcast by the El Paso station and arrangements are being made to put the game on the air to Lubbock. The local station, KRLL will not carry the game.

Sponsors of the contest are the High School Athletic Council and the Ector County Independent

Early in the second quarter the Aggies worked down to the TCU 35 and Price completed a pass to Smith, but the Aggie end was completely outside the end zones and the score was nullified.

Shortly before the half ended, the Frogs got the ball on the Aggie 43 and pulled some razzle-dazzle that gave them another score. O'Brien passed just over the line of scrimmage to Hall, he carried to the 30 and when tackled lateraled to Clifford, who carried to the 10 and when tackled lateraled to Shook, who went the remainder of the way untouched. O'Brien kicked a goal. The half ended a few moments later.

Early in the third period, the Aggies recovered an O'Brien fumble on the TCU 42 and drove on down field for their only score. Rogers going around end for the score.

The Frogs came back with a rush, making one touchdown in the third and two in the final periods. Soon after the Aggie score the Frogs worked the ball down to the Aggie 15 and O'Brien passed over the goal to Williams for a score. O'Brien kicked goal.

In the middle of the last period, O'Brien passed to Williams on the Aggie 35 and he carried to the 10 before being downed. A couple of line plays and a penalty placed the ball on the Cadet 1 and O'Brien plowed over.

The Aggies unleashed a desperate passing attack late in the game and it led to the final Frog score. Jeffrey backed up to the Aggie 15 and threw one that Aylesworth intercepted on the Aggie 15. He raced across before he was tackled. Alexander kicked goal to make the final score 34-7.

7-B Standings

W. L. Pct.	
Wink	5 0 1.000
Midland	4 0 1.000
Pecos	4 0 1.000
Monahans	4 2 .667
Crane	2 2 .500
Kermit	2 3 .400
Stanton	1 4 .200

W. L. Pct.	
Wink	2 0 1.000
Pecos	2 0 1.000
Midland	2 0 1.000
Crane	1 1 .500
Monahans	1 2 .333
Kermit	0 1 .000
Stanton	0 3 .000

Last Week's Results

Wink 56, Stanton 13.
Pecos 24, Kermit 7.
Monahans 13, McCamey 12.
Crane 19, Iraan 14.

At the top of the league standings this week appears the name of the club that will likely be there when the season ends—unless a large per cent of the population of this area is wrong—Wink.

The Wildcats continued to score as they pleased in their Friday game with Stanton, coming through with another easy win. Every boy on the wildcat bench saw action in the game and it was against the second and third string clubs that Stanton was able to make a couple of tallies late in the game.

Pecos did as had been expected in defeating Kermit, 24-7. The Kermit squad has improved greatly with the passing of the season but they could not hold in check Pecos' great halfback, Medanich. Medanich accounted for all the Pecos touchdowns either by passing the ball for the count or lugging it across.

The Crane club met unexpected opposition in Iraan, finally coming out on top with a 19-14 margin. Halfback Woodfin continued to be the big gun in the Crane attack, blocking a punt for one touchdown, traveling 10 yards for another and passing for the third.

Monahans, thanks to a nice break from the officials, got back into the win column, defeating McCamey 13-12. With the score 12-7 in favor of McCamey, Ellis, Monahans left halfback, got loose for a 58-yard punt, taking the ball down to McCamey's 23. At this stage the McCamey boys were penalized to the one-yard line for unnecessary roughness, and Hary carried the ball across. Ellis scored the first Monahans tally when he returned a kick-off 80 yards.

The Midland club had an off week.

Alaskan pilots who formerly had difficulty in taking off with planes equipped with skis when the snow was wet and sticky have found relief by rubbing the skis before the takeoff with a burlap cloth that has been saturated with kerosene.

School district board, Taylor Ruching, high school principal has been in charge of details.

Funds derived from the game will go towards payment of the new steel stands on the east side of Fly Field.

Both football squads will arrive in Odessa Friday afternoon and take a workout before the game.

Odessa stores will close for three hours during the game. The kick-off is slated for 2 o'clock. Named on the welcoming committee to fans over West Texas and New Mexico is the Odessa Junior Chamber of Commerce.

Texas Mines has defeated New Mexico Military Institute and Greeley State while Tech has topped Montana State, Wyoming, Duquesne and Oklahoma City's Gold bugs.

The last time the two schools met Texas Mines won 10-0 in a spring game.

The PAYOFF

BY JESS RODGERS.

Wanted: A great big Turkish towel to dry the tears in these big brown eyes of mine.

The reason I have been comparing the weights of the Midland and Wink football teams. And what I read would bring tears to the eyes of a mechanical man.

By admission of Wink authorities, the Wildcat line will average 174 pounds and the backfield 178 pounds. If some of you can still smile after reading that, just read a more line. The weights of the Wildcats, as printed on the Wink programs are not nearly as heavy as they should be. Some of Wink's proudest boosters are made proud each time they declare the Wink line will average 175 pounds and the backfield 185.

Compared to the University of Wink club, coach Bud Taylor will present a line that will average 152 (when each boy has a 10-pound lead weight in the seat of his pants) and a backfield that will average all of 147.

It doesn't take an Einstein to figure out that the Bulldogs will be out weighed 20 pounds per man. If that isn't something to bring tears to somebody trying to tell the Bulldogs they can win, then neither would foreclosure on the homestead be.

When I say that the Wink weights are not recorded on the programs right it is not second-hand information. I talked to some of the Wink boys and they gladly admitted that Aberling, listed at 180 pounds, was only 15 pounds heavier. The same was the truth regarding halfback Calahan. They also scaled his weight down on the programs from 195 to 180. Some of the other boys admitted being a "bit" heavier than listed.

Just to emphasize the differences in weights, I'll show how the boys line up against each other, and weights.

(According to Wink program)

- LE—Bryan 130, Langston 158.
- LT—Ford 175, Divebiss 180.
- LG—Eidson 150, Ballew 150.
- C—Whitaker 156, Waldrum 160.
- RG—Klatt 155, Page 155.
- RT—Foster 140, Hoskins 168.
- RE—Van Dyke 158, Ezzell 175.
- LH—Wright 150, Calahan 180.
- RH—Geddes 140, Dee Ezzell 172.
- QB—Truelove 150, Alberding 180.
- QB—Francis 152, Don Ezzell 170.

And that, my two readers, is what I have been crying about.

One thing about the Wink people: They bet on their team. (Who wouldn't on a club like that?) But they are being a bit more conservative this year than last. Remember how the Wink bettors gave so many points on the Wink-Pecos and Wink-Roscoe games that they won the games and the betting gentry of Pecos and Roscoe got the money? There wasn't enough left in the pockets of the Wink supporters to give the team a trip to any of the Bowl games. The boys have been playing them close to their vest this year.

About one week ago, they were offering seven points and taking over Midland. Twenty-one point money now seems to be fairly available in the Winkier county capital. By game time the Wink boys may be offering 30 points or more. Just in case they are, I am going to see my banker about that.

Or make application for a WPA loan. But I'm not going to ball any 21 point money. And my advice to both readers is to do likewise.

I honestly believe the game will

Firestone SETS NEW RECORDS AT Pikes Peak

WINS FOR 12th CONSECUTIVE YEAR ESTABLISHES NEW SPEED AND SAFETY RECORDS

Up, up and up to 14,109 elevation — around hairpin turns with sheer precipices dropping off thousands of feet into the mist below — climbing the 12½ miles in new record time of 15:49 minutes. What a test on man — on tires. A slip means instant death — tires must be absolutely skid proof to take these turns at high speeds. Louie Unser's victory this year makes the 12th consecutive Pike's Peak victory for Firestone Tires. They have proven their stamina and skid resistance to these daring drivers. As a result of their outstanding performance the first three drivers to finish this year's race bought and used Firestone tires.

You can profit by their experience. Equip your car with Firestone Triple Safe Tires. Patented Firestone exclusive construction features—Gum-Dipped—Two Extra Layers of Gum—Dipped—Cords Under The Tread—and a Scientifically Designed Safety Tread, give you Triple Protection against Blowouts, Punctures and stops your car up to 25% quicker.

SAFETY PROVED ON THE SPEEDWAY FOR YOUR PROTECTION ON THE HIGHWAY

JOIN THE **Firestone Save a Life CAMPAIGN**

Listen to the Voice of Firestone featuring Richard Crooks and Margaret Sparks and the 20-piece Firestone Symphony Orchestra, under the direction of Alfred Wallenstein, Monday evenings over Nationwide N. B. C. Red Network. Tune in on the Firestone Voice of the Farm Radio Program twice each week during the noon hour.

NEW YORK, Oct. 15. (AP)—Seventy-five New York harbor tugboats were idle today and union officials declared they would tie up

an equal number within a short time, aiming at 100 per cent effectiveness of a strike which began at midnight and may effect the move-

ment of trans-Atlantic freighters, passenger boats. The strike affected 2,000 workers and followed collapse of negotia-

tions among the union, operators and Mayor LaGuardia's labor advis-

SUNDAY SCHOOL LESSON

By W. W. LACKEY.

Reverence for God.—Ex. 20-7; Matt. 5:33-37; 12:33-37. Read also: Ex. 33:17-23; Lu. 7:36-50; I Tim. 6:17-21; Rev. 7:9-13; Psa. 99:1-9; Ex. 33:17-23. Lesson outline by W. W. Lackey, teacher.

I. THE THIRD COMMANDMENT:

- 1. Taking the name of the LORD in vain; will not hold him guiltless.
2. Irreverent; wrong toward self; defiant toward God; "not guiltless."
3. The law of oaths; our oaths unto God; "Swear not"; "Yea, yea, and nay, nay."
4. Irreverence in profanity; irreverence in false swearing; in hypocrisy.

II. PROFANITY:

- 1. Why do people use profanity, what does it accomplish, what does it reveal?
2. Hatred, vigor, fear, temper; limited vocabulary; impoverished mind.
3. "I knew not how to speak unless... an oath before... behind... authority." Bunyan.
4. "He knew not what to say, and so he swore."—Lord Byron.

III. THE TEST OF FRUIT:

- 1. The tree known by its fruit; from the abundance of the heart... mouth speaks.
2. Every idle word... give account; by words justified; by words condemned.
3. Speech the outcome of the heart... no word insignificant; Index, good or bad.
4. A Christian's word; sinning without thinking; vulgar by contrast.

IV. OUT OF THE HEART:

- 1. "Keep thy heart with all diligence... out of it are the issues of life."
2. "Let words of my mouth, meditations of my heart, be acceptable."—Ps. 19:14.
3. "The word have I hid in mine heart, that I might not sin against thee."—Ps. 119.
4. "As he thinketh in his heart": "Create in me a clean heart." Pr. 23:7; Psa. 51:10.

V. POINTS TO PONDER:

- 1. "Habit, if not resisted, soon becomes necessity."—St. Augustine.
2. "The tongue of the just is as choice silver."—Anonymous.
3. "A word fitly spoken is like apples of gold in pictures of silver."
4. "Those things which proceed out of the mouth... they de-

Bashful Rotarians Attend Odessa Club

Ten Rotarians probably are bashful, or just don't like to go out at night. Although they were absent when the club members entertained members of the school faculty and board of trustees Thursday evening, they drove to Odessa Friday noon and made up their attendance with the Rotary club there.

In the group were Marshall Crawford, W. C. Howard, Guy Breneman, C. T. Vicello, Jerry Norris, Marion Flynn, "Little George" McEntire, Harry Gossett, Lloyd Mackey and Harvey Conger.

file the man.—Jesus.

VI. SENTENCE SERMONS:

- 1. "Boys flying kites naut in their white winged birds. You can't do that way when you are flying words; Things that we think sometimes may sometimes fall back dead; But God himself can't kill them when they're said."—Will Carleton.
2. "O! many a shaft, at random sent, Finds mark the archer little meant! And many a word, at random spoken, May soothe or wound a heart that's broken."—Scott, Lord of the Isles.
3. "If you your lips would keep from slips, Five things observe with care; To whom you speak, of whom you speak, And how, and when, and where."—Anonymous.
4. When you speak of God, or his attributes, let it be seriously in reverence."—George Washington.

Funeral Held--

(Continued from page 1)

Midland store of the Western Windmill Co., which later was merged with the Midland Hardware Co., Mr. Tolbert continuing in charge of its windmill department until his retirement from active business in 1928.

It was said of him that he knew every windmill in the Midland cattle country, the size of its wheel, pump, cylinder, casing and all parts. When a ranchman needed a part for his windmill, he sent word to Mr. Tolbert, telling him what windmill it was for, and the order was filled without further description.

John Tolbert also was known as a judge of fine horseflesh, having

held a love of such animals from boyhood. While engaged in working with cattle, he was regarded as one of the best hands in this area. Because of his wide acquaintance, throughout his long period of residence here, he was an authority on local history and on early day citizens, and was frequently called on for information in clearing titles to property or otherwise supplying valuable information, which always was accepted for its accuracy.

Game Officials of Texas, New Mexico Meet at Albuquerque

Mr. and Mrs. Hal Peck, accompanied by Beall Juster, assistant executive secretary of the State Game Commission, were to leave here this morning for Albuquerque, meeting with the New Mexico game commission on measures to make fishing laws of the two states harmonize. Mrs. Peck was to have arrived

Funeral Services Held Saturday for Victim of Blast

Funeral services were held in Eastland Saturday for John Knox, Jr., 36, Midland truck driver, fatally injured Thursday in an oil well explosion at Santa Anna. Knox's injuries were reported shortly after the accident as not serious but his condition became critical Friday morning and he died in a Santa Anna hospital where he had been carried following the accident. His body was taken to Eastland, his former home. At the time of his death Knox was working for the Dickson-Moore company of Midland. He had been with them only a short time. With three other men, John S. Simpson, 42, Coleman; W. P. Lacey, Midland; Jimmy Burrage, Ranger; Knox were acidizing a well when a blast thought to have been caused when a connection broke, letting a spark ignite gas, occurred. Simpson also succumbed to injuries suffered in the accident.

Accidental Death Verdict Returned At San Saba Mine

BELTON, Oct. 15. (AP).—Justice of Peace Wallace Lay today brought in an inquest verdict of accidental death in the shooting of W. F. (Pat) Moore, 28, at "Lost San Saba" mine southwest of here yesterday. Moore was one of the several guards at the property where an exploring company is seeking \$20,000,000 in gold bullion.

Perkins Proposes 13-Man Commission To End Labor Fuss

COLUMBUS, O., Oct. 15. (AP).—Secretary of Labor Perkins today proposed in an address at the celebration of the seventieth anniversary of the order of railway conductors creation of a 13-member commission to mediate the dispute between the CIO and the AFL. She suggested each organization choose five of its "most trusted and experienced representatives" who would select three disinterested persons.

Move to Terminate Well Shutdowns Is Rapped by Official

AUSTIN, Oct. 15. (AP).—Raymond Buck, representing the Barnsdall Oil company, today told the Railroad Commission at the statewide prorotation hearing that termination of the Saturday and Sunday shutdowns would increase "chaotic" conditions in the oil industry and cause physical waste prohibited by law. The hearing developed into a debate among operators whether the two-day shutdowns in Texas oil fields should be discontinued. Ray Starnes, independent producer, said oil prices were artificially high and warned against disregard of consumers rights "lest destruction come from the public."
