Massachusetts Claims Col. Green

Former Convicts Held by G-Men in Kidnap-Murder

The four former convicts pictured above who Chief G-Man J. Edgar Hoover claims were involved in three hitherto unrevealed kidnappings and one murder in New York, have been turned over to New York authorities by federal men. Left to right are William Jacknis, Joseph Saccia, John Virga, and Demetrius Gula. Killed and cremated while the kidnap gang was demanding \$200,000 ransom was Arthur Fried, missing since last Dec. 14, Hoover said. Kidnaped and released on payment of ransom, were Benjamin Farber and Norman Miller. The four also are accused of three robberies.

Former President Hoover Raps New Deal as Cause Of Depression; Asks Elections of Republicans

SPOKANE, Wash., Nov. 5. (AP).—Former President Herbert Hoover, in an address here tonight, severely censured the new deal as being the cause of the present recession.

The former chief executive roundly scored the record of President Roosevelt, declaring all European countries except France had risen from their depression. He declared France had adopted the Roosevelt program in the midst of the depression and was now trying to drop it in favor of one that would work.

He declared the major problem America confronts today is whether we shall shape our economic sys-

temed men.

He declared the six years since President Roosevelt took office have been shot through with artificialities and afflictions. Further, at the period when Mr. Roosevelt announced that we had prosperity we still had 8,000,000 men walking the streets ceaselessly looking for jobs. At the present time, 11,000,000 men are idle, he declared.

He rapped the National Labor Relations board as a violation of every process of justice known to the American people, declaring power written into it gave it the right of legislator, prosecutor, judge, jury and executioner.

"I have no doubt that through natural forces and pump priming we will make some recovery. That is under way. Free enterprise has proved itself fairly tough. It is still in the ring but it is pretty weak. Recovery will increase greatly if Republicans are elected next Tuesday to demonstrate to the New Deal coercion economy is on the way out. That would restore long term confidence. But until then we shall not see the day when unemployment relief will vanish under the

sunshine of productive jobs," he said.

In closing, he said: "I am not going into a long program. I do not suggest that the nation go backward. Let us resume never go backward. Let us resume the American road and go forward. And let us flee from the dangerous road we are traveling, for its end leads to a precipice. Let me give you a few fundamental things that must be done first.

"1. Resume honor to the Constitution of the United States, and this give men confidence that the safeguards of free men will be upheld.

"2. Resume common morals. Both morals in thinking and morals in governmental action.

"3. Resume the American system of free enterprise. Clean out these European mixtures of coercion. Correct the faults of private enterprise, but do not destroy its productivity.

"4. Trust 130,000,000 free people in the United States to have more sense than a dozen stary-eyed boys in Washington.

"There are other items but these I have given would put us on our

way.

"To insure the will of all the people, to insure a free government to maintain free enterprise we have long since learned that we must place independent legislative power in the Congress. The first step to start us on our way is to elect independent men to Congress in the place of these yes men. That will be a sign to America that we have changed our national road from compelled men to free men. It will bring new confidence in the future.

"This must come before we can restore productive jobs for these 11,000,000 unemployed.

"And this is also the first measure of farm relief, for the farmer's first market is full dinner pails at home.

"Then a confident, alert, alive, and free people, enthused with incentive and enterprise, will quickly repair losses, repay debts, and bury mistakes. It will make economic curity a reality for the worker and for the farmer instead of a broken down objective.

"Give us the election of a new Congress of independent men and watch America come back."

Four States Seek Levy on Hug e Fortune

Texas Renews Claims as Late Order Is Sought

WASHINGTON, Nov. 5. (AP).—Massachusetts took the lead today in the race of four tax-hungry states claiming Col. Edward Green's residence. The colonel, son of Hetty Green, famous woman financier, left a fortune valued at \$36,000,000.

Special Master John Flannery of Washington recommended to the supreme court that Massachusetts be decreed Green's legal domicile, giving it the right to collect a levy of nearly \$5,000,000 if the court concurs.

Texas began the litigation, seeking a levy of \$4,000,000. New York and Florida also entered claims.

Flannery called Green a nomad. He was never in Texas after 1911, he said.

TEXAS TO RENEW CLAIM FOR GREEN'S RESIDENCE.

AUSTIN, Nov. 5. (AP).—William McCraw, attorney general, said today the special master's recommendation will serve as a basis for the renewal of claims of Texas for residency of Colonel Green.

Status of Women Is Discussed by Judge Hughes Here

"The Legal Status of Women" contrasting the status of women 200 years ago with that of today and recommending how that status may be further improved, was discussed by Judge Sarah T. Hughes of Dallas, judicial head of the fourteenth district court, in an address in the district courtroom Saturday evening. Judge Hughes, who appeared in Midland under the auspices of the Business and Professional Women's club, was introduced by Judge Chas. L. Klapproth of the seventeenth judicial district. He paid tribute to the visiting speaker's ability as a lawyer and her brilliant record, saying that he had discussed her work as a trial judge with other attorneys and that "every attorney has spoken in the highest praise" of her. Judge Klapproth was introduced by Miss Maria Spears, president of the Business and Professional Women's club, who presided.

It is difficult to understand the status of women 200 years ago, Judge Hughes pointed out. In ancient history there have been exceptional women who won high places for themselves, such as Deborah, Judge of Israel, Cleopatra, and Elizabeth Queen of England. But the status of the average woman of ancient times was far different.

In England of a century or more ago women were in such position that Blackstone said, "Husband and wife are one and that one is the husband."

First organized effort of women to better themselves was in 1848 when a group of women in the state of New York banded themselves together and made out a "charter of liberties" of women. After the Civil War when negroes were given the right to vote, women were still denied that vote.

Proving how far women have come in the intervening years, the speaker noted the fact that the 1930 census showed that our of 535 occupations listed, women were employed in 507.

Following the precedent set by President Wilson in appointing women to high position, women in the United States now hold or have held positions as governor, cabinet members, congresswomen or members of legislature, and other important positions.

In 23 states and Alaska, she pointed out, women have the right to serve on juries. In most states now women may retain property after they are married and may have custody of children. These conditions illustrate the improvement made in the status of women.

Women still do not have equal right to hold office however, and in Oklahoma they are expressly forbidden to do so.

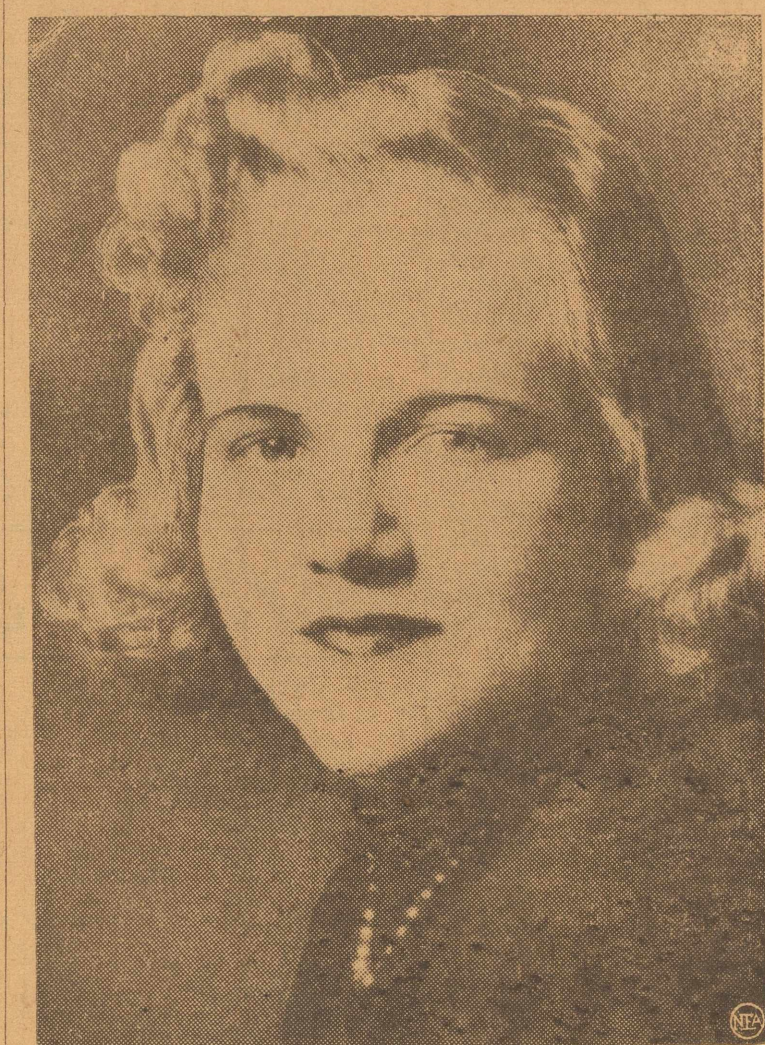

If a woman is in office, she has a heavier responsibility than does a man holding the same position, Mrs. Hughes believes, because "If a woman fails, people say 'That's just like a woman'; she couldn't do the job but if a man fails it is only the man." Women in office carry the responsibility of upholding all women.

As to Texas and its treatment of women, she has probably lagged most in regard to property laws, she said. For example, a married

The engagement of Miss Dorothy Aylesworth, above, to Robert G. Knott of New York and Glen Cove, L. I., was announced by her parents Mr. and Mrs. Morlin Hall Aylesworth of New York. The marriage will take place at St. Bartholomew's Church in New York on January 4. Miss Aylesworth's father is publisher of the New York World-Telegram and was president of the National Broadcasting Company which he founded. Mr. Knott, connected with an insurance firm in New York, is the son of Mr. and Mrs. David H. Knott.

Thunderous Climax Made By Leaders

Forty-Million Vote Forecast In Late Survey

By Associated Press.

Candidates throughout the nation pressed today toward a thunderous climax in the most intense, vote-rousing off-year election campaigns in history of the United States.

Predictions of a total vote of approximately forty million, a little less than the record breaking Roosevelt-Landon vote, spurred party leaders.

President Roosevelt brought the national democratic campaign to a peak last night, broadcasting an appeal for continued "liberal government."

Herbert Hoover, former republican president, and National Republican Chairman Hamilton made speeches Saturday night over national hook-ups.

In Washington, the senate campaign expenditures committee warned that investigators would keep vigilant watch in Pennsylvania, New Jersey and North Dakota, where it had been charged that corruption was made by both parties.

In New York, James A. Farley called Roosevelt's speech "devastating" to republican chances, calling it "the best speech I ever heard him deliver."

Office Building Construction on Schedule Time

Marked progress has been made during recent weeks on construction of the first National Bank's eight story office building, with result that occupancy may be expected around December 15, on schedule, it was announced Saturday. The only delay encountered has been when materials failed to arrive when expected, contractors, R. F. Ball Construction Co. of Fort Worth, carrying on the \$275,000 project in rapid time.

Brick layers have been dismissed and plasterers were through late in the week, except for a few places held open for metal or other materials. Much of the painting has been completed, windows have been installed and doors are being swung at present. The elevator will be in operation next week.

Many of the offices have been leased and bank officials are advised that additional oil companies will establish offices at Midland when the building is ready for occupancy.

Will Sholte, Early Native Son Here, Dies of Infection

Funeral services will be held at 3 o'clock this afternoon for Will F. Sholte, 53, whose death occurred at 11:30 o'clock Saturday morning after a lingering illness from a blood infection. He was taken to a local hospital two weeks ago, suffering acutely from a carbuncle which had reached an advanced stage of infection.

Born in Germania, in eastern Midland county, April 15, 1885, he was said by family members to have been the first child born in Midland county. His parents, the late M. L. Sholte, and his mother who still survives here, were natives of Germany and moved to this section with a settlement of German people who founded the town of Stanton, then known as Marienfeld. Mr. Sholte became a section foreman at Germania where he lost his life in 1892.

Will Sholte had lived in and around Midland most of his life, being employed for about twenty years by the Texas & Pacific railroad. He is survived by his mother, still living at their old home in south Midland; a brother, Frank Sholte of Big Spring; two sisters, Mrs. Dora Hampton of San Antonio and Mrs. Minnie Odell of Los Angeles.

The funeral will be held at Ellis funeral home, the Rev. J. E. Pickering, pastor of the First Christian church, officiating.

Insane Killer Escapes Officers

JEFFERSON, Nov. 5. (AP).—Donald Covin, 27, insane killer once sentenced to the electric chair and saved by a sanity hearing, escaped from a train here last night. He was a fugitive from the Rusk asylum and was being returned to St. Louis. He killed a woman in Houston five years ago and another in Gladewater in 1936.

Buy Tickets Early For Pecos Game, Is Advice of Officials

School authorities announced Saturday that reserved tickets for the Pecos - Midland football game Armistice Day will go on sale at the chamber of commerce office Monday morning at 8:30 o'clock.

It was pointed out by officials in charge of ticket sales that it is necessary for those who want reserved tickets to be on hand early, inasmuch as complete sell-outs occurred for the Wink and Odessa games and another is expected. Also, it was stated that no reservations for tickets can be made by telephone prior to 8:30 o'clock in the morning. School authorities continuing their policy of "first come, first served."

Plans Approved for Topping 9 Miles on Garden City Road

Approval of plans for asphalt surfacing the first nine mile unit of the new Garden City road, or eastern extension of highway 158, was given late in the week, when J. Berg, of the federal department of public roads, met here with Ira E. Titus, resident engineer of the state highway department, of Pecos. The two inspected the grading already completed and approved the plans for surfacing.

Bids for construction are expected to be received by the state highway department within sixty days, county officials were advised, and completion of asphalt topping of the entire Midland county section, approximately eighteen miles, was expected within twelve months.

Reserve Officers to Convene at Rankin

Announcement of a contact camp for reserve officers, to be held at Rankin November 19 and 20, was made Saturday by H. W. Mathews of Iraan. A demonstration of artillery firing will be held on the afternoon of the twentieth. About fifty officers are planning to attend, it was announced.

Production Problems Are Subject of API Program

With an estimated attendance of 200 oil men representing practically every province of the vast Permian Basin of West Texas and Southeastern New Mexico, the fall meeting of the Permian Basin chapter of the American Petroleum Institute, division of production, got underway in the Crystal ballroom of Hotel Scharbauer at 2:30 o'clock Saturday afternoon, the meeting being called to order by K. L. Sappington, Midland, chapter chairman. Address of welcome was delivered by Bill Collins, Midland Chamber of Commerce manager, following which the meeting was turned over to E. H. Griswold of Midland, program chairman, who had charge of the afternoon business session which featured the reading and discussion of technical papers.

"Water Flooding" was the subject of first paper which was delivered by Prof. George H. Pancher of the Petroleum Engineering department of the University of Texas, Austin. Professor Pancher, accompanied by some 25 petroleum engineering students of the University of Texas who are on a tour of West Texas fields, arrived here early Saturday afternoon. An interesting discussion followed the reading of the paper.

Paul N. Colliston of Hobbs, N. M., delivered the second paper which had as its subject "The Value of Sub-Surface Engineering in Production Problems," the paper being of a highly educational nature.

A round table discussion on the "Future Problem in West Texas" was led by Jack Rankin of Midland. The papers and discussions were termed by those in attendance as being the most interesting and most beneficial of any previous meeting.

Scheduled election of officers for the ensuing year was not held yesterday, the election to be conducted through the mails, ballots to be mailed to each member next week, according to Chairman Sappington.

At seven o'clock in the Crystal ballroom, chapter members, their ladies and guests, attended a buffet dinner and floor show, attendance being reported at approximately 300. Chairman Sappington was in charge of the festivities. The floor show during the buffet dinner, featured the comedy team of Barbee and Gray of Dallas, the show being exceptionally entertaining.

A dance beginning at nine o'clock and lasting until after one o'clock concluded the chapter session, music for the dance being furnished by Chick Scoggins and his orchestra, en route from Show Boat at Fort Worth to the west coast. API members were admitted free to the

Steer Right, Car Turns Left; "Worm" Built for England

Why an automobile would turn to the left when the steering wheel was manipulated for a right hand turn, and vice versa, baffled both the automobile owner and the mechanics who had repaired it during the past week.

Bay Robertson, Midland oil operator, had his machine repaired after a recent collision and it was necessary to order new steering mechanism from the factory. The garage which placed the order had its mechanics install the "worm" and steering equipment. On trying out the car, they found that it behaved directly opposite from the directions it was supposed to go.

Further investigation revealed that the factory had sent mechanism intended to be shipped to England, for right hand drive cars of the same make. The oil man decided to wait for the American "worm" before driving his machine.

O'Daniel to Attend Meeting of State Demo Committee

FORT WORTH, Nov. 5. (AP).—Governor-Nominate O'Daniel said today he had decided to attend the meeting of the state democratic executive committee in Mineral Wells Monday "to see what happens."

"I decided last night I'd try it again; I intend to lend what assistance I can," he said chuckling.

Rammed, Dragged, Turned Over, Yet Escaped Uninjured

Being rammed by a truck, dragged for fifty yards, turned over three or four times and escaping practically uninjured was the unusual experience of Hollis Scarborough and wife, near Cheyenne Friday afternoon, relatives here learned today.

An oil field truck, loaded with pipe, struck the rear of their car, sticking a piece of pipe into the Scarborough machine and dragging it for 150 feet, the scarboroughs being in the front seat. Their car turned over three or four times, it was reported. Scarborough was slightly bruised by the shake-up. The car was demolished.

EDITORIALLY SPEAKING

Autos and High School

Twenty-five of the most turbulent years of history have rolled away since automobiles first became common enough that many high school boys and girls could drive them. During those years two of the problems facing teachers and parents alike have been, first, how to keep children interested in school and second, how to reduce the traffic hazards created by students driving automobiles.

These two problems may present an answer to each other. The schools of Toledo, O., will soon start regular instruction in automobile driving under the auspices of the Toledo Automobile Club. Two dual control automobiles will be used. Should the experiment prove successful many other schools may adopt the course. Trade schools in many of the larger cities offer courses in mechanical work on automobiles, but these courses are limited to a small percentage of the school enrollment. It is regrettable that so few high school boys and girls have been given competent instruction in driving and ordinary repair work on automobiles where the automobile is so large a part of our life.

The Town Quack

I'm glad I have never taken a vow to reply to everything I see in Neighbor Shuffler's column about Midland, because for once I would have to call Ralph a poor sport. After suffering within himself for a week after Midland beat his Bronchos, he finally gave vent to his spleen Thursday and flayed the Midland school officials for trying to get off with \$15 to the game officials, then he flayed the game officials for not giving Odessa a square deal and finally called Midland "frisky cats" for not playing the game over. Odessa will lose to Wink next week, but I'll bet Ralph doesn't want to play that game over.

Just control your old high-tempered, fast pumping blood pressure, Ralph, and we'll meet you in '39 on more even terms—class AA.

Charley Houpt has been deer hunting over in some neighboring state. Experienced hunters report that Charley killed a deer at 425 yards with a gun which won't shoot over 200 yards. It seems that he measured his shot by the route he had to walk to get to the deer—around two mountains and across a canyon.

The railroads, more or less in the recent position of Czechoslovakia, withdrew their application for a fifteen per cent wage cut, due to pressure from all sides. And now we are working to keep them from putting through a fifteen per cent freight rate increase. Meanwhile we are paying for highways for the trucks and busses to wear out, while the railroads pay us for right of way and have to keep up their own lines, paying taxes to support all our local institutions. Without the railroads the country would never have been developed, yet we soak them at every opportunity.

CHRISTIAN SCIENCE SERVICES. "Adam and Fallen Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 6. The Golden Text is: "He that is of earth is earthly, and speaketh of the earth: he that cometh from heaven is above all" (John 3:31). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "He shall be great, and shall be called the Son of the Highest. . . . And he shall reign over the house of Jacob for ever; and of his kingdom there shall be no end" (Luke 1:32, 33). The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Jesus' spiritual origin and understanding enabled him to demonstrate the facts of being,—to prove irrefutably how spiritual Truth destroys material error, heals sickness, and overcomes death" (page 315).

MUSICAL NOTES.

At a meeting sponsored by the junior high P. T. A. last Tuesday afternoon at 3:30 o'clock in the high school auditorium, the Girls' Choral club sang two numbers which were: "It With All Your Hearts" by Mendelssohn and "Will You Remember" by Romberg.

The Boys' Glee club was officially started Tuesday after assembly. The boys practice every Tuesday and Thursday at the fourth, fifth, and seventh periods in the auditorium under the supervision of Mrs. Douglas.

Mrs. Douglas, music teacher of the high school, sang two songs at a joint meeting of the Lions and Rotarians last Wednesday at the Scharbauer Hotel, "One Rose" and "Gold Mine in the Sky."

Sul Ross Prexy Boosts Big Bend Area in Address

Dr. Morelock, president of the Sul Ross Teachers college in Alpine, visited the Midland high school Monday, Oct. 31. Dr. Morelock is on a committee of investigation studying the possibilities of a national park in Texas in the Big Bend area, discussed the advantages that a national park would bring to all of Texas. Tourists from all the United States would visit it bringing with them trade and prosperity for the areas visited; gasoline sales would mount much higher. He is very enthusiastic about this idea and has been touring the country telling others of its many advantages.

Dr. Morelock is planning to send some colored moving pictures of the Big Bend park region to be shown before the high school students.

He suggested that the senior class take a trip to see it next spring.

"THE COMEDY OF TEXAS"

Allied Dagos, Frogs, Limeys, and Yanks,
 In spiked brass hats and big steel tanks,
 In interest of shave-tails, Sarges, and Doughboys,
 Convinced with gusto to stop all the loud noise

Of Kraut and Hun guns so noisily belching
 While pickled Allies in Paris were welching,
 For four furious years the Germans and Frenchmen
 To close to Paris kept busy their henchmen.

These brass-hatted "labor" leaders of Limeys and Krauts
 Shut down all the fighting with a bunch of walk outs.
 And wound up their watches and set the time
 For firing last shots at Kraut, Yank, and Lime;

The time was eleven o'clock and November.
 You crazy doughboys, this date should remember!
 So ended the big war with merely some writing;
 Just what was the use of all that "BLANK" fighting?!

Cheerful Cherubs

My! my! I do believe that Clarence Scharbauer has switched his affections from Elma Jean Noble to Lucille Ford.

Girls! Don't let Wendell Williams fool you, he hasn't got a date for the banquet, (yet)!

Jo Ann Proctor has all these boys going crazy, doesn't she, Kenneth Williams and Buster Cole?

"Two heads are better than one!" say Guffey and Whit in first period study hall.

Who hit our traffic cop with a sweet potato Monday night? Floppy, could that have been you?
 "Mama! Mama! May I go!" Marjorie Hall to her mother when Lynn Stephens comes by.

Margie Jordan and Virginia Droppelman are running a race to see who gets a date to the banquet with Guy Jennings. (May the best man win).

Raymond Gee, how does it feel to be left out in the country for a change?

Ann Blackburn are you losing your technique; letting a senior beat your time with Jimmy Ellen?

Lelland Foster has finally decided to give some of these girls a break; he has a date with Louise Bryan for the banquet. So that marks Lelland off your list Virginia Ford.

Whew! Noble finally asked Cleo for a date for the banquet.

Beth Reeves has a new crush. Guess who tis time? Wesley Williams.

What's this we hear about Lelland and Whit playing kissing games with Mr. Myrph's wife! Lois, aren't you and Louise jealous?

Billy McGrew is terribly worried because a certain little freshman girl won't even speak to him; such puppy-love!

Seen at the preview Halloween were Edna Earl with Herbert Williams and Wilmah with Raymond Gee! Boy, we are really getting some funny combinations around here.

We wonder who the athlete is? We see Miss Yarbrough is wearing a little football around her neck.

John Turner, why don't you hurry and get a date for the banquet? You are keeping so many girls in suspense!

Lucille, did you invite Noble for Mary Kerr at your party?

PERSONALS.
 Barbara Jean Harper was absent from school Tuesday, with a severe cold.

Mary Fern Frame of Odessa was the guest of Maudine Chandler over the week-end.

Betty Jo Clark from Odessa was the guest of Doris Alkire last week-end.

Russell Wright, student at N. M. M. L., was an assembly visitor Friday morning.

Miss Jo Hestand spent the week-end at her home in Stanton.

"MELODY COURT" THEME OF 1938 CORONATION

The foremost thought in the minds of the student body is the coronation which is to be presented on November 22. It is to be carried out as the Court of Melody of which Jean Lewis has been elected queen.

The ceremony will be opened by the heralds, Gene Estes and Grady Jennings, then the general theme of the program will be introduced with the musical favorites, "She Shall Have Music" and "A Pretty Girl Is Like a Melody," presented by the orchestra and chorus.

The orchestra, under the direction of Mr. M. A. Armstrong will be made up of members from the high school band and are as follows:

Fred Gordon Middleton, clarinet; Frank Wade Arrington, clarinet; Billy Noble, cornet; Billy Joe Hall, drum; Robert Blalock, bass horn; Lynn Stevens, bassoon and bell lyra.

Mrs. De Lo Douglas will direct the chorus, for which the following have been chosen: Jessa Lynn Tuttle, Margaret Murray, Eloise Gabbert, Lou Nell Hudman, Eddy Gene Cole, Mary Ruth Ray, Sybil Richmond, Dorothy Sue Miles, Cleo Tidwell, Jane Bounds, Jean Davis, are the first sopranos; Fredda Fae Turner, Dolores Faubian, Doris Currie, Maudine Chandler, Marilee Kirby, Nell Ruth Bedford, Fay Dublin, Marion Newton, Marie Newton, Julianan Cowden, Eddythe Louise Lemley, Helen Ruth Merrell, Peggy Lyons, Betty Lou Ward, are the second sopranos; Melie Scott, Louise Cox, Billie Marie Jackson, Jacqueline Crawley, Dorothy Branch, Dorothy Cook, Nita Stovall, Ann Dedericks, Faye Lee Branch, Mary Sue Cowden, Lucille Arnett, Lucille Ford, Beatrice Forrest, Juanita Bryant and Rita Maude Whitaker are the altos.

Then the Royal Party, represented by songs, will enter:

"Rosalie," Joyce Beauchamp, escorted by Buddy Hewett.

"Sylvia," Wilma Mahoney, escorted by Donald Griffin.

"Sweet Sue," Mary Jane Harper, escorted by Edward Grimes.

"Marie," Barbara Jean Harper, escorted by John Dublin.

"Alice Blue Gown," Virginia Ford, escorted by John Turner.

"Sweet Adeline," Kitty Jean Ellis, escorted by Tommy Wilson.

Following the attendants, the King, Jim McFarlane, will enter, the Prime Minister, Bill Ferguson, and last, Jean Lewis, the queen.

There will be a so-called "Alice Blue Gown" dance with the following girls: Dorothy Sue Miles, Mary Sue Cowden, Nell Ruth Bedford, Marjorie Ann Monahans, Kathryn Jordan, and Helen Armstrong. The boys who will be in the number are: Steve Stookey, Jim Turpin, Edward Cubertson, Tad Crane, and Hugh Corrigan. Also among the programs which will be given in honor of the queen will be:

Dance, Nancy La Force.

Solo, "Sylvia," sung by Marvin Park.

Quartet, "Sweet Adeline" (Armstrong), Billy Barron, Marvin Park, Wayne Lanham, Lynn Stephens.

Duet, "Bicycle Built for Two," Jessa Lynn Tuttle and Fred Gordon Middleton.

Dance, Melba Schlosser.

Trio, "Alice Blue Gown" (Montgomery), Margaret Murray, Fredda Fae Turner, Jacqueline Crawley.

Finale, "A Pretty Girl Is Like a Melody," orchestra, chorus, and court.

Recessional.

The public speaking classes, with the assistance and coaching of Miss Agatha Bruner, have written the script for the occasion and planned the ceremony. Miss Bruner will direct it. The rehearsals began Thursday night.

9-D ENJOYS WEINER ROAST.

Miss Hestand's home room, 9-D, had a weiner roast at Cloverdale, Wednesday night at six thirty. There were nineteen present. For refreshments weiners, buns, marshmallows, and cookies were served with a dash of sand and rain. For entertainment they played red rover and flying dutchman and other games.

Art Course Changed To Nov. 12; Concert Will Present Hales

The date for the first concert of the Art Series, previously scheduled for November 11, has been changed to Saturday, November 12. Dr. Lackey, superintendent, announced this week. Because Armistice day, with its activities and football games, was not deemed a good day for a concert of this type, Saturday was selected instead.

William Hales, Hollywood baritone, will be presented in the first concert.

Ever since "Bill" Hales was knee-high to a grasshopper, he has loved horses, learning to ride when he was ten years old. At his home in Oklahoma, "Bill" would find any excuse to ride with the "boys" on his father's ranch. Later, he had horses of his own, complete riding equipment and all the things that go with horses.

In Hollywood, they gave him his first script for a western. Says the producer, "We will have your costume and horse for you when we are ready to shoot," says "Bill."

"I'll bring my own." When he did, a sensation was created and now, "Bill" Hales in Hollywood is considered an authority on western riding equipment, horses, and so on.

William "Bill" Hales will sing a western, song favorite, "Wagon Wheels," on his programs here.

NOV. 11 SET AS DATE FOR PECOS-MIDLAND BOUT.

When Armistice Day comes around the Midland Bulldogs and the Pecos Eagles will clash in a conference tilt on Lackey field which will be one of the outstanding games of the year. A win over the other club would mean a lot to either team as it will probably tell the runner-up in District 7-B.

The Eagles have not been defeated yet but they have been tied once by the Odessa Bronchos, the team that the Midland club defeated last week. However, the Eagles and the Wink Wildcats are now tied for first place and the Midland club is second. The Bulldogs have lost one game to the Wildcats. The Midland boys will be fighting to avenge a defeat handed to them by the Pecos club last year, the score being 19-7. The scores on the conference games to date for Pecos are: Eagles 24-Kermil 7; Pecos 26-Monahans 6; Pecos 12-Crane 7. The scores for the conference games to date for Midland are: Midland 52-Stanton 6; Midland 21-Wink 45. The game should be one of the most exciting played this year.

"NUBBINS" DRUB ACKERLY IN 39-0 RAMPAGE.

About 10 o'clock Saturday morning the "Nubbins" left to go to Ackerly to play a game that afternoon. The game which was scheduled to start at 2 o'clock got underway about 3 o'clock. The Ackerly field is situated on the town square and is covered with stickers and dirt galore. The nubbins were on for a change and they came out of the dirt when the game was over on the big end of a 39-0 score. Coach Moore said he was proud of the way the boys performed after the first quarter.

BULLDOGS AND MENTORS.

After the game with Odessa five Midland team members left early Saturday morning to attend the game between TCU and Baylor. The team members who made the trip were: Jay Francis, Noble Van Dyke, Gordon Geddes, Goodrich Heji, and Howard Ford. The boys were accompanied by Supt. Lackey, Principal D. D. Shifflet, Coach R. W. Myer and Coach L. W. Taylor. The boys were especially impressed by Ki Aldrich and Little Davey O'Brien. All of them returned Sunday night with the exception of Coach Taylor who went to Austin.

NEW STUDENTS.

Two new students entered Midland High School this week.

Lilly Vaughan, a freshman, came from Big Spring. She is a former student of Midland.

Nina Mae Wescroft is a sophomore and she is from Stanton.

The Ford Motor Company

now offers

FIVE QUALITY CARS

FORD **DE LUXE FORD** **MERCURY** **LINCOLN-ZEPHYR** **LINCOLN**

THE FORD V-8 is built to provide comfortable, dependable transportation at the lowest possible cost. It offers a choice of two V-type 3-cylinder engine sizes—the famous 35-horsepower engine for better performance—or the thirty 60-horsepower engine for better economy. "60" owners regularly report 22 to 27 miles a gallon. The 1939 Ford is a handsome big car, inside and out. It has more room and an unusually large luggage compartment. It has big hydraulic brakes, built to strict Ford standards of safety and precision. There are three body types, three colors. Lower prices.
PRICES BEGIN AT \$584
 (Delivered in Detroit—taxes extra)

THE DE LUXE FORD V-8 is designed for people who want the basic Ford advantages with a little more luxury and style. Its flowing lines for 1939 are more modern than ever. It is roomy and richly appointed. Like the Ford V-8, it embodies important improvements in comfort, as well as big hydraulic brakes. The smooth efficiency of its 35-horsepower V-type 3-cylinder engine has been proved by millions of owners. In appearance and performance, in complete equipment, the De Luxe Ford sets a new high for low-price cars. Five body types, six colors. Lower prices.
PRICES BEGIN AT \$684
 (Delivered in Detroit—taxes extra)

THE MERCURY 8 is an entirely new car—and a new value. It takes its place between the De Luxe Ford and the Lincoln-Zephyr, promising in its price class the same satisfaction and pride of ownership. Skillful streamlines and a wide, roomy body give the Mercury something of the character of the Lincoln-Zephyr. Rich interior appointments reflect its outward beauty. Advanced engineering makes it unusually quiet and comfortable. It has a big new 95-horsepower V-type 3-cylinder engine and hydraulic brakes. Choice of four body types, eight colors.
PRICES BEGIN AT \$894
 (Delivered in Detroit—taxes extra)

THE LINCOLN-ZEPHYR V-12 is acknowledged to be the style leader of its era. It has turned modern automotive design in a new direction. Beneath the car's graceful streamlines, in closed types, is the first structure of its kind—the unit-body-and-frame. Steel panels are welded to a steel, truss-type framework. Powering the Lincoln-Zephyr is the V-type 12-cylinder engine—giving outstanding performance with unusual economy. Owners report from 14 to 18 miles on a gallon of gasoline. Performance is brilliant. The 1939 car has hydraulic brakes. Six body types, eight colors.
PRICES BEGIN AT \$1326
 (Delivered in Detroit—taxes extra)

THE LINCOLN V-12. "As nearly perfect a motor car as it is possible to build." Such is the Lincoln. This magnificent automobile is created unharriedly in one of the world's famous precision plants, where the tradition is to build the best regardless of cost. The result is a car which provides luxurious transportation through the first and the second hundred thousand miles. The Lincoln V-type 12-cylinder engine is admired wherever motor cars are mentioned. There are many body types, including a wide range of designs by leading custom body builders.
PRICES BEGIN AT \$4800
 (Delivered in Detroit—taxes extra)

The quality of Ford and Lincoln cars comes first from the fine materials that go into them—and the precision workmanship that produces them. But quality comes most of all from the fact that back of these cars is the only automobile plant of its kind—where production processes are controlled from iron ore to finished car—and savings passed along as extra value.

Typical of the quality in each car is its V-type engine—once found only in very expensive cars—and brought to all price fields only by Ford. V-type engines are compact and efficient. They deliver high power in proportion to their size—and smooth performance with unusual economy. They hold world's records on land, on sea and in the air.

Things are happening in the automotive world this year! Nowhere is the advance more marked than in the Ford Quality Group. It's sensible to see our dealers before you buy any car at any price.

critics from Maine to Cuba for its smooth technique, versatility and subtle interpretations. Its performances are as stimulating as any of the outstanding companies of the world and have exploded the theory that it is necessary to look to Europe for fine ballet.

Variety of theme in its repertory, brilliant costumes, good music and the delightful humor and handsome looks of this vivacious troupe promises to give West Texans one of the gayest and most charming evenings of entertainment that they have enjoyed in many a long year.

Rapid advance is being made in the ticket sale of the 193-39 season, which includes the sensational dance-mime, Anigma Enters, America's well loved Albert Spalding, Choumar Novas, noted Brazilian pianist, and the outstanding American tenor of the Metropolitan Opera Company, Frederick Jagel. Season tickets and information concerning the series may be secured from Miss Corinne Freeman, Midland representative, Lingo Hotel, telephone 578, who urges that reservations be made immediately in order to procure choice seats before the tickets are placed in the general box office sale at San Angelo less than three weeks hence. The same seats are reserved for season subscribers for all performances.

Season tickets, which are transferable for any of the concerts, sell for \$5.00 to adults and for \$2.50 to school students. Single admission to each of the concerts is \$2.50. Midland patrons of this season's concerts include the following: Mrs. Harvey Sloan, Mrs. W. T. Walsh, Mrs. Ab Hendrickson, Mrs. Alma Thomas, Mr. and Mrs. Ronald K. DeFord, Mr. and Mrs. Sam C. Giesey, Mr. and Mrs. Leonard C. Thomas, Mr. Georges Vorbe.

Biblical Reasons for Church Attendance Given in Letter Entered for Contest

Editor's Note: This is another of the contest letters on "Why I Go to Church," for which a local committee has announced prizes of \$5 for the best letter on each side of the question. Not all of the entries, but those deemed best by the committee, have been published from day to day. Last day for entry is Saturday, November 12, the winners to be announced in this paper November 13. Letters must be signed but names will not be published, except for the winners.

Christian people should love to go to church. David said: "I was glad when he said unto me, let us go into the house of the Lord," and again, "Let us come before His presence with thanksgiving, and make a joyful noise unto Him with psalms." Then this warning, "Forsake not the assembling of yourselves for worship," is still in force. "Where two or three are gathered together in My name, there am I in their midst," shows there may be more power in His spirit in the united efforts of the effectual, fervent prayer of the righteous. This condition should make spiritual food more easily obtained at church.

Red Cross Drive Captains Named, To Start Tuesday

Annual Red Cross Roll Call in Midland county will get underway Tuesday morning, November 15, according to Russell C. Conkling, county roll call chairman, who also announced the appointment of thirteen captains who will direct the Red Cross membership campaign in various parts of the county. The drive is expected to be completed within three days.

Group captains appointed include Mrs. Holt Jowell, Mrs. I. E. Daniel, Mrs. J. P. Butler, Mrs. George Glass, Mrs. Frank Williamson, Mrs. J. W. Rettig, Mrs. Allen Tolbert, Mrs. Joe Haygood, Mrs. Bob Patteson, Mrs. L. E. Edwards, Mrs. Bill Collins, Mrs. W. G. Epley and Mrs. Paul A. Nelson. The captains will select as many workers as is deemed necessary.

Mrs. Don Sivalls has been named co-chairman of the annual roll call. All captains have been invited to attend a breakfast in the Blue Room of Hotel Scharbauer Saturday morning, November 12, at 7:30 at which time definite instructions relative to the annual campaign will be given by Conkling and Mrs. Sivalls. Supplies will be distributed the following Tuesday morning.

431 Visitors See Museum in October

Index of the attraction which the Midland county museum holds is the fact that 431 persons visited it in the month of October, according to report of Mrs. J. M. Connor, custodian. Open three days each week from 2:30 o'clock until 5 o'clock in the afternoon, the museum, according to these figures, averaged more than 33 visitors on each day it was open. Tuesdays, Thursdays, and Saturdays are "museum days."

Judge Hughes - -

CONTINUED FROM PAGE ONE woman must have her husband's signature to sell any property she owned prior to marriage—unless she goes to the district judge and receives an order otherwise. Too all rents and revenues from her property become community property—but the husband has sole control of community property.

Various workings of the laws concerning women were illustrated by Judge Hughes through reference to court cases. She considers that Texas is progressive so far as child custody laws are concerned. Most laws concerning women are to keep married women from being imposed upon. A woman is considered able to handle her own affairs or competent, she pointed out, before she is married and after the marriage is terminated, but while she is married she is considered incompetent.

The group of laws which aim to give women "special privileges" sometimes react in the opposite way, as for example those which limit the hours women may work and prohibit night work with the result that men get the job, she pointed out. Marriage laws which require the prospective husband to undergo medical examination might demand the same examination for the prospective wife, she observed, and alimony might well work both ways, as paid to husband as well as wife. The status of women shows progress, she summed up, in occupations, in entry to educational institutions, and in politics as concerns property and child custody. But women now are facing a new crisis, the speaker warned, this time an economic one. Women in Germany have been ordered back to the kitchen, women in Italy to get married. There are straws in the wind in American to show there is some tendency to such here. If women are to retain their present hard-won freedom, they must fight for it. Women can help the status of women by doing the jobs they have so well, that though employers or the public may not prefer women workers in general, they will want the individual worker. Second thing women must do is never to leave an argument about women's working unanswered, Mrs. Hughes advised. She pointed out that whereas men claim that women are trying to take their jobs, it has actually been the other way round. By inventing machines which

Many Movie Stars From Texas Univ.

AUSTIN.—If the University of Texas should send mail to its ex-students, not a few of the letters would be addressed to Hollywood, Calif., for some of Hollywood's best-known actors and actresses once attended the university. John Boles, screen lover, who was born at Greenville, was graduated from the university in 1917 and studied in New York and Europe before beginning his screen career. Among the motion pictures in which he was starred are "Love of Sun-ya" with Gloria Swanson, "Bride of the Night," "Shepherd of the Hills," "The Little Rebel" with Shirley Temple, "Rose of the Rancho," "A Message to Garcia," and "Craig's Wife."

When John Arledge came to the university from Crockett in 1923-24, he was known as Johnson E. Arledge. He went to Hollywood in 1931 and has played in such films as "Daddy Long Legs," "Shipmates Forever," "We're Only Human," and "Old Man Rhythm." Helen Vinson, movie star and wife of the top-ranking tennis player, Fred Perry, attended the university from 1922 to 1924. Her real name is Helen Ruffs and her home was in Beaumont. Among the films in which she appeared are "I Am a Fugitive from the Chain Gang," "Broadway Bill," "The Captain Hates the Sea," "Transatlantic Tunnel," and "Vogues of 1938." Campus beauty, artist's model, moving picture star are descriptive terms applicable to Adrienne Ames. As Jeannette Florence Allen, University of Texas co-ed, she was elected one of ten campus favorites in 1928 and her picture appeared in the university yearbook, the Cactus. She was born in Fort Worth, registered in the university from Eureka Springs, Ark., and later lived in Temple. She received her degree from the university in make cloth and bake bread outside the home, men have taken away women's traditional tasks so that if they take part in them they must do so in the business world. Third effort women should make is to try to solve the economic difficulties—to work and plan along with men for equal opportunities for all and for security from sickness and old age. Judge Hughes, who arrived in Midland Saturday morning, was complimented with a luncheon at Hotel Scharbauer Saturday at one o'clock. Someone would appreciate your old clothes. 1930. Shows in which she appeared are "George White's Scandals," "Woman Wanted," "The Road to Reno," and "The Death Kiss." The name of Corinne Griffith, former United Artists' star, is listed on the rolls of the Ex-students' Association of the university as Corinne Griffin of Mineral Wells, who came to the university in 1912. Tex Ritter, western star, studied at the university from 1922 to 1927. His real name is Woodward Maurer and his home was Nederland.

BUICK 1939 PRICES ARE LOWER — lower than last year, lower than you'd expect, lower even than some sixes

Coming at you, it looks like a million. Going away, it looks like good fortune you've missed. A lot of fussy care went into the way it looks from the rear — you know, that's the angle from which it's often seen. Going or coming, it moves like a honey bee about its business. Better look quick if you want to see it — one sudden "wo-o-o-sh!" and it's gone! How about it — is this stunning 1939 Buick really as lively as it looks? Well, just try it and see — you'll find it the car and the value of the year! Maybe a bullet gets off faster. Maybe a rabbit can beat it on the jump or a skyliner lead it from point to point.

Wedding of Midland Couple November 1 Is Announced

Announcement is made of the marriage of Miss Bessie Flournoy, daughter of Mr. and Mrs. W. G. Flournoy, and Jesse Lee Barber Jr., son of Mr. and Mrs. Jesse Lee Barber Sr., which was solemnized Tuesday evening, Nov. 1, at the First Methodist church here. Rev. W. C. Hines, pastor, read the double ring ceremony.

The couple had no attendants. Both Mr. and Mrs. Barber are well-known in Midland, having lived here the greater part of their lives. Both are graduates Midland High School, and are active in young people's work in the Methodist church.

During her school years, Mrs. Barber was a member of the pep squad and of the Home Economics club.

Mr. Barber was an outstanding member of the Bulldogs football team when it won the regional championship in 1936. He played one of the halfback positions and accounted for a number of scores as well as being a competent ball carrier.

He graduated with the class of 1938, and is now engaged in carpentering.

Mr. and Mrs. Barber will be at home at their new residence now being completed in North Midland.

Quiet Service Friday Evening Unites Miss Maxine Hays and Charles Roark

Miss Maxine Hays, daughter of Mr. and Mrs. B. M. Hays of Midland, and Charles Roark were married quietly at the Baptist church Friday evening at 7 o'clock. Rev. H. D. Bruce read the single ring ceremony which was witnessed by a few friends of the couple.

Miss Mildred Smith attended the bride as maid of honor and Robert Harmon was best man for the bridegroom.

The bride wore a two-piece gray wool suit trimmed in caracul, with black accessories. Her flower were a corsage of sweetheart roses.

Miss Smith wore gray wool with a caracul coat.

Immediately after the wedding, Mr. and Mrs. Roark left by automobile for a trip to Arlington where they will visit his parents and to Ranger where they will visit her grand-mother. On their return they will be at home in Midland.

Mrs. Roark has lived in Midland several years, graduating from Midland High School with the class of 1938. While in high school she was active in various student projects. She was a member of the pep squad and choral club and on the staff of the "Cantico", school annual, and of the Midland High News. At the time of her marriage she was employed in the oil office of E. T. Marion here.

Mr. Roark, son of Mr. and Mrs. J. O. Roark of Arlington, is a graduate of North Texas Agricultural College at Arlington. He has lived here about a year, being associated with station KRLH.

BULLDOGS SCORE EASY 40-6 VICTORY OVER KERMIT TEAM

WINNERS MAKE 33 POINTS DURING THE FIRST HALF

The rampaging Midland Bulldogs scored on the first play of the game against the Kermit Yellowjackets Friday night in Kermit and kept it up throughout the rest of the evening for an easy 40-6 victory.

Kermit didn't offer near the competition that had been expected, and the Midland second team played the second half of the game, making one touchdown and holding the Yellowjackets scoreless.

As usual, most of the Midland scoring was done by Jay Francis. Even though he didn't play after the first half ended, he made a total of 14 points on two touchdowns, two placekicks for extra points. Dale Truelove accounted for two touchdowns, Gordon Geddes one, and Howard Ford one.

A crowd estimated at 3,000 persons saw the Bulldogs keep in the pennant by the win. They must win all their remaining games and Pecos must defeat Wink Thanksgiving Day for the Bulldogs to share in the pennant. Although the possibility of this is remote, the Bulldogs kept alive their chances by the smashing win Friday night.

There was no doubt of Midland superiority over Kermit after the

first five minutes. By that time the score was 13-0 and it kept mounting as long as the first team was in game.

To start the game, Midland won the toss and elected to kick. Francis kicked off and the ball rolled into the end zones. It was covered by Ford and the score was 6-0 on the first play. Francis failed to kick goal.

Finessey returned the next kickoff from the Kermit 17 to 42. West and Myers alternated on four carries to pick up 11 yards, then West passed one that Truelove got under the Kermit 15. The Yellowjackets carried out 15 and West kicked to the Midland 30. On the first play Francis passed 15 to Truelove and he raced 55 yards for the third score. Francis again kicked goal. The score was 20-0 at the end of the first quarter.

West was forced to kick on the third play of the second quarter and Francis took it and was downed on the Midland 33. On the next play he cut off tackle and raced 62 yards for the fourth Midland score. His attempt at placement was wide.

A few minutes later, Francis attempted to pass over the Kermit 34. Wright hit end Clifford of the Yellowjackets snared the ball and raced 53 yards untouched for the lone Kermit score. No Midland player came close to Clifford as he turned on the steam after grabbing the ball.

Late in the quarter Harris intercepted a pass thrown by Myers and was downed on the Kermit 31. Francis picked up 11, then passed 17 to Geddes who was downed on the Kermit 3. On the next play, Francis went over for the score. Francis then passed to Hejl for the extra point to make the score 33-6. The quarter ended soon afterwards with Midland in possession of the ball on the Kermit 23.

Most of the Midland second team was in when the second half started and remained there all during the game. The two teams sparred backward and forward all during the third quarter with neither ever seriously threatening to score.

About midway of the last period Paul Klatt broke through and blocked an attempted punt by West and recovered the ball on the Kermit 32. On the first play Wright passed 12 yards to Geddes and he carried from the 20 for the last Midland touchdown.

Neither side ever threatened to score after that, the game ending with Kermit in possession of the ball on the Kermit 40.

The PAYOFF

Did someone say Kermit was going to beat Midland? The Bulldog coaches hadn't even told the boys Kermit would win but they were frankly surprised that the Yellowjackets didn't offer any more competition than they did.

And that brings us up to Pecos here next Friday. That game is going to rival the Wink and Odessa battles here and the betting odds will be even and take your choice.

The Pecos club took it easy Friday night to hand the weak Stanton Buffaloes a 34 to 13 defeat. Their first string was held out most of the game in order to have the boys ready for the game here on Armistice Day.

Just why it is we don't know but Pecos fights harder against Midland than any other team in the league. And the Eagles count the season a success when they can defeat the Bulldogs.

For some reason, the Midland clubs of the past few years just haven't put out against Pecos Friday night other clubs. In fact, Midland hasn't defeated Pecos since 1931! The best the Bulldogs have been able to do since that year was a 7-7 tie in 1936. And, remember, Midland had a darn good Class-A team in 1931 and a regional champion in 1936.

Each year, the Bulldogs have appeared to have just as good a team as Pecos but always managed to play their sorriest game of the year against the Eagles. The reason is something we can't explain. Neither could the various coaches that have been in charge of Midland since 1931.

Betsy Ross, Pecos scribe, seems to have something there, when she says that the Midland game means more to Pecos than any other of the year. Pecos and Midland started playing football against each other way back yonder about 1919 and for several years played two games annually—on Armistice and Thanksgiving Days. The "Beat Midland" spirit that was aroused a long time ago still holds good in the Pecos camp.

Pecos has had only one tough game this year, against Odessa, and no one knows just how good they are. The Eagles tied Odessa 6-6 and only some tough breaks kept them from winning the game. Which would seem to indicate they have almost the same strength of the Midland team.

Tickets for the game go on sale in the morning at the chamber of commerce office and you had better hurry if you want to get a good seat. As most of you know, Odessa and Wink won't play until Friday night so a lot of folks of those two towns are going to be over here for the game.

Johnny Smith comes to our aid in our battle of words with Charles Bisbee of Wink in the following: "Charlie Bisbee, who columns on the inside of the Wink Times-Herald said last week that Jess Rodgers was being aided and abetted in his ignorance in believing that Jay Francis is a better back than Don Ezell, by Tony Slaughter of the Odessa News-Times. That statement brands a lot of people as ignorant." Betsy Ross spent a half column in last week's Pecos Enterprise citing why Francis was a better secondary man than Don Ezell. Likewise Frank Tolbert of the Star-Telegram.

We'll go on record as being ignorant, too, right now. Francis is a better defensive back than Ezell. Don Ezell can carry the hide behind interference such as he has at Wink. Without that interference he'll lose more ground than he'll gain. Francis can carry the ball singlehandedly against any team in West Texas and make plenty of yardage. He did it against Wink, he repeated at Odessa's expense and he'll do it some more.

If you saw the Wink-Pecos fracas last Thanksgiving Day you'll know what we mean. Pecos stripped the Wink interference and Ezell didn't get to the line of scrimmage all afternoon. And had it not been for Charlie Webb's great fullbacking that day it would have been a sad chapter in Wink's football history. Ezell looms as only a mediocre defensive back. Francis is a deadly tackler.

In the above sentences we do not intend to discredit the Wink boy.

MUSTANGS UPSET AGGIES BY 10-7 SCORE IN DALLAS

DALLAS, Nov. 5.—The Southern University Mustangs came from behind in the final quarter today to make 10 points and defeat the Texas Aggies, 10-7.

The lone Aggie score came in the first period when Dick Todd took a punt on his 47 and raced all the way for a touchdown. The Mustangs threatened but could never score until the final period when they made a touchdown and field goal.

Malouf kicked to Todd on the Aggie 47 and the Aggie half went through the entire Mustang club for a touchdown. Dawson kicked goal. Score: Aggies 7, SMU 0.

A short kick gave the Aggies the ball on their own 40 and Todd fumbled and Todd recovered on the Aggie 5. Connatser kicked out to the 50 and the Mustangs never threatened again during the period.

The Mustang kickoff was out of bounds and the Aggies took the ball on the 35. On the first play, Mullins intercepted Todd's pass on the Aggie 46.

Costen intercepted a Mustang pass and was downed on the Aggie 48. Power plays carried the ball to the Mustang 23 but the ball went over when the Aggies passed incomplete over the goal on fourth down.

Late in the period the Mustangs were pushed back to their own 7-yard line by a coffin corner kick by

He is a brilliant back. It takes a smart ball carrier to stay behind interference and to pick up blockers in a broken field. Ezell can do that to perfection. Both Francis and Ezell are outstanding high school backs but we'll ride the Francis wagon, just out of ignorance, maybe.

This'n that—We still haven't heard whether or not Midland will get in the El Paso or the Oil Belt district next year. Every club in '38 will see how he could walk with the standings will be somewhat changed by next Sunday. We are not sentimental, but we couldn't keep a lump out of our throat Friday night when Dee Ezell, one of the sweetest kids we know, was showing how he could walk with out his crutch. Dee got to play only about half of last season because of injuries and this year he has played only a few minutes. You can expect Stuart Long of Kermit to admit in his next issue that Jay Francis is a better ball carrier than Callahan of Wink. And, thanks, Stuart, for a very nice time in Kermit Friday night. Has any of you ever heard of as many ties as they are having in the Oil Belt this year? Abilene has tied Sweetwater, Big Spring and San Angelo, and San Angelo has tied Sweetwater. All of which has put Abilene in the league lead. It is about time for us to start our annual feud with Johnny Smith in an effort to arouse interest in the game here with Monahans Thanksgiving Day. Right now, we can't see any farther ahead than I don't know what. Incidentally, D. D. Shifflet, what is being done about getting the Crane game here? A lot of you read in Blondy Cross' column about the Aggie player who cracked wise to an Arkansas lineman but it is worth repeating. John Kimbrough, the big left back, has a habit of bruising up his own lineman just about as bad as the other club does when he carries the ball and that all led up to it. One of the Aggie linemen told the Arkansas tackle "Kimbrough is coming through right here and I don't know what you are going to do about it but I am going to get the hell out of the way." He did and Kimbrough went through the hole for a lot of yards.

FIELD GOAL WITH 30 SECONDS LEFT GIVES OWLS WIN

FYEVILLE, Nov. 5. (P.)—Big Jake Schuehle, Rice Institute fullback, tried three field goals from the 35-yard line today and on his last trial, with 30 seconds remaining, sent the ball through the uprights to give the Owls a 3-0 victory over Arkansas University here today.

The first field goal try was called "no play" when a twelfth man was on the field. On the second try, the holder fumbled and Schuehle turned it into an incomplete pass. The crowd swarmed onto the field and fist fights broke out. Officials closely surrounded the combatants and national guardsmen soon separated the crowd.

Before the Rice attempts, Arkansas had tried one from the 13-yard line. The Razorbacks had pushed this close to the Owl goal on a series of passes from their own 20.

Aside from the closing minute of play there was little to get excited about.

Following the next kickoff, the Mustangs carried to the Aggie 35 but Todd intercepted a pass on his 20 and returned to the Aggie 40.

Three passes failed and Todd fumbled and the ball went over to SMU on the Aggie 31.

Dewell carried a pass from Crouch on the Aggie 22. SMU was penalized 5 for too many times out and Pasque placekicked goal from the Aggie 35. Score: SMU 10, A&M 7.

Dittman took the kickoff on a lateral from Boyd and carried to the Mustang 33 before being caught. Todd passed to Jeffrey and he carried to the Mustang 20 before being downed.

PATTERSON HURLS BEARS TO A 14-3 WIN OVER TEXAS

AUSTIN, Nov. 5. (P.)—The phenomenal hurling of Bill Patterson of Baylor, who passed unerring aerials to Sam Boyd, today added the ninth straight defeat to Texas University, 14-3.

The Steers made a fight of it during the first half, emerging with a 3-0 lead due to Wallace Lawson's 27-yard field goal. Except for short-lived thrusts thereafter, the game was all Baylor.

Patterson took the kickoff for the opening of the third period behind his goal and reached the 18. Three passes placed the ball on the Longhorn 40 and Patterson pitched in order to James Witt, Boyd, Graham and Merkel slashed through for seven. Patterson overhauled to Boyd who was forced out of bounds on the Texas 8. Patterson's pass to Boyd behind the goal line scored.

A moment later a wobbly punt by Lawson went out on the Baylor 34, signaling the Bears' next touchdown drive. Patterson hurled a 40-yard pass to Witt who went to the

O'Brien went around end for 14 yards and the score, then kicked goal.

Tulsa came closest to the Christian goal in the second period when the Hurricane moved to the TCU 24.

The third touchdown for the Horned Frogs came on a pass from O'Brien to Clifford, who raced 35 yards for the score.

GRADE A RAW MILK SCRUGGS DAIRY PHONE 9000 CONTINUED FROM PAGE THREE School News --- Interview With Royalty Jean Lewis, elected Annual Queen last week, was born in San Francisco and has attended Midland schools for the past five years. She is fifteen years old and a member of the Senior Class. She has not decided on her vocation, but plans to attend Stanford University in California. Jean is Literary Editor of the Catalo, Assistant Editor of the High School News, a member of the Debating Team and an aspirant for tennis and baseball honors. Her favorite subjects this year are: Typing, Physical Education, Journalism, Spanish, and English, which are all she takes. The Queen's favorite sport is swimming, and her favorite colors are white for evening and brown or green for street and school wear. She prefers plain colors to prints. While she has not yet chosen her life work, Jean says her present

ambition is "to completely smear the Third Period Physical Ed. class in next Wednesday's grudge baseball game."

Addition to the Library
One of the numerous Stanford graduates now living in Midland recently presented the library with a book, "Fifty Years on the Quad", giving the history of the university and its achievements during the past half century. The book derives its title from the Stanford Quadrangle, as the original group of university buildings were in the form of a quadrangle of Spanish architecture, with numerous arches and colonnades. Stanford is located at Palo Alto, in northern California about thirty miles from San Francisco and is one of the highest ranking American universities. Its college of Law and Engineering are particularly well known. It is here that the Guggenheim Laboratory of Aeronautics is located, as well as the famous Hoover War Library of priceless World War documents. Ex-President Herbert Hoover is a Stanford graduate and now a member of the Board of University Trustees, and has his home on the campus. Stanford is also known for its outstanding work in amateur theatricals and has recently completed an expensive Student Theatre Building.

JUNIOR-SENIOR PICTURES TAKEN FOR CATOICO.
All senior and junior pictures have been taken for the annual. Last Tuesday and Wednesday mornings the sophomore group pictures were taken. This Wednesday all freshmen pictures are to be made. The faculty and board pictures are completed except for a few who have not yet been photographed. This year the Catalo is to be made up chiefly of pictures, both candid and posed; therefore, when the picture work is completed the annual will be practically finished. However, in order to receive the desired discount from the engravers, the Catalo staff must have the cooperation of the student body and faculty to get the pictures in on time.

NEW SKIRTS FOR PEP SQUAD.
The pep squad girls are getting new skirts for the Pecos game. The skirts will be made of purple flannel with three gores in front and three gores in the back. The home economics girls are responsible for getting the skirts made. 175 yards of flannel has been ordered.

Peter Wind Plays Tuba.
SAN FRANCISCO (U.P.) — The San Francisco WPA Symphony orchestra boasts of a tuba player by the name of Peter Wind; the Langendorf Bakeries are proud of a treasurer named Albert Crum, and the San Francisco police force top it with a patrolman named Fred Robbers.

Statue "Pacifica" Completed.
SAN FRANCISCO (U.P.) — Ralph Stackpole has completed for the Golden Gate International Exposition a statue named "Pacifica" which is second in size only to the Statue of Liberty. It is 80 feet tall and required two years' work. The symbolism endeavors to represent the Pacific region as a whole.

Australians Saving More.
MELBOURNE, Australia (U.P.) — Depositors' balances in the State Savings Bank of Victoria have reached and all-time high peak. Representing \$140.50 per capita for the entire population of the state. The earnings of the bank for the past year were \$1,043,376.

New Fire Truck Expected Thursday; Year Record Good

Arrival of Midland's new city fire truck is expected Thursday, according to W. F. Prothro, city fire and building inspector, following shipment by boat from New York. The machine is the latest model 750-gallon per minute pumper equipped with a 200-gallon booster tank. The cab is enclosed to provide safety for the driver.

The city fire department also has the old 500-gallon per minute pumper and the still older 350-gallon machine, both of which are in good state of operation.

Prothro pointed out Saturday that the city's fire record for the year

Farmers Domestic Allotment League Planning Campaign

DALLAS, Nov. 4.—The Domestic Allotment League, coalition of Texas' four powerful farm organizations, launched here today a carefully planned campaign of open rebellion against policies of the AAA. President Ralph W. Moore, also master of the Texas State Grange, said it would be the greatest effort of history to unify farmers of this state to battle for their future well-being.

"The fate of Southern agriculture hangs in the balance," said this leader from Granger, who, with a dozen others a week ago Tuesday, organized solidly back of the domestic allotment plan.

The league represents already 22,000 farmers, the aggregate member-

ship of the State Grange, the Texas Farmers' Union, the Gulf Coast council and the Farmers' League.

Its purpose is to solidify 500,000 farmers behind the domestic allotment or any other plan which "will save the economic lives of the farmers of this state."

A four-point attack will be used to convince farmers of the fallacy of the present scarcity program sponsored by Secretary of Agriculture Henry A. Wallace.

Its opening salvo will be a fifteen-minute radio address Sunday (2:15-3:30 p. m., Texas Quality Network) by Dr. J. M. Travis of Jacksonville, who will tell of the harm the AAA has done in East Texas.

This talk will be the first of a series sponsored by the league in which various phases of the destructive program will be discussed.

"We do not, however, intend to stop here," said Mr. Moore. "The league will immediately set up or-

Half of Town Hall Memberships Taken

All available remaining memberships in a local Town Hall organization, announced in this paper Friday, were expected to be taken during this week, as half of the required memberships had been spoken for up to Saturday, sponsors announced last night. The organization has for its purpose the presenting of a high quality lecture series during the winter season.

No paid organizers are used, hence it will not be practical to contact all citizens and it was announced that all of the seven or eight lectures will be available to members signing up for \$5.00 each. No tickets for single admissions will be sold. L. C. Thomas, at telephone 528, is reserving memberships.

Bids Asked for Roadside Parks

Advertisement for bids has been placed by the Texas Highway Commission for construction of two miles of roadside development at three points on the Broadway of America, one to be 5.2 miles east of Midland, one 4.5 miles west of Stanton and one 4.83 miles east of Odessa.

The contract to be let November 18, at Austin, will include grading and planting of the three roadside parks, sites for which already have been prepared. Scales of wages for labor on the projects, as well as other information, may be obtained from the advertisement which appears in this paper today.

Hungarians Take Over Czech Land

BUDAPEST, Nov. 5. (AP).—Hungarian troops crossed the Danube on a pontoon bridge exactly on the

scheduled second today, occupying another slice of dismembered Czechoslovakia. Hungary, awaiting the moment since she lost the territory after the world war, called the day one of "National Resurrection." Bells rang and thousands celebrated wildly in patriotic exercises in the schools.
