New Tide in World Affairs From the Trade Treaty

By BRUCE CATTON.

It will be quite a while before we can tell whether the new British-American trade agreement is going to work out as well as the people who drew it up hope it will. At the moment, however, it can at least be said that the signing of the agreement is one of the most hopeful signs that has appeared on the world horizon in a long time.

For whether it works out well or badly, it is an attempt to restore to the world part of a long-lost freedom. It is a step toward a saner and more equitable form of world society, and the mere fact that such a step can be taken at all is immensely encouraging.

There are in the world today two diametrically opposed philosophies of life. One finds its expression in dictatorship, the other in democracy. The differences between them are not mere differences in governmental forms; they are fundamental, and affect every aspect of life and social organization.

Under the one philosophy, war and the international rivalries that go with war are taken as a matter of course. Every activity of life is conditioned by that assumption, international trade most of all. The old ideal of a free exchange of goods between nations is discarded; instead, each nation strives to be "self-contained"—as if any nation, in this day and age, could possibly attain such a state—and the theory is that one people can profit only at the expense of some other people.

The opposing philosophy is based on the belief that there is enough for everyone in this world if only some proper means of distribution can be found. Peace rather than war is looked on as the normal state; consequently, it is held that a nation prospers best by cultivating the greatest possible interchange of its goods with the goods of other peoples.

The first philosophy means regimentation, restriction, a steady narrowing of the orbit in which individual enterprise can operate; the second means the exact reverse of those things.

Which is why the Anglo-American trade agreement is so important.

For by this agreement the two greatest industrial nations in the world reaffirm their belief in the philosophy which works for freedom and abundance. They do more than reaffirm it; they offer a practical, working demonstration that that philosophy pays greater material dividends than any other.

Viewed in that light, the question whether the agreement is the best that could be obtained is relatively unimportant. It may need a good deal of revision; some of its clauses may work rather badly; it may take months or years to get it into final shape. But the big thing is that the step has been taken.

A new tide in world affairs has been set in motion, flowing away from regimentation and toward freedom. And it may yet develop that the most important news of 1938 was the news of the signing of this trade agreement.

The nation's hunters seem to have located all kinds of game, even Congressmen.

The C. I. O. appears to have changed its name but not its laundry mark.

Didn't that girl who appeared in slacks in court come in panting for justice?

Whatever became of the old-fashioned Hun?

"The Good Earth" has won prizes for everybody but the Chinese who own it.

Purge news from abroad will be sidetracked for the next few weeks while football coaches are liquidated.

Cummings is Going.

The success of democracy was demonstrated when National Cheese week passed without any personalities being mentioned.

To be sure of a warm welcome the royal visitors might bring a payment on the w— d—

Now evidence of the wonderful California climate is found in the appearance there of a man declared dead 14 years ago.

SOWING RECORD CLAIMED

MILBOURNE (U.P.)—A Victorian farmer thinks he may have set up a world sowing record. Working day and night with the aid of powerful headlights, for six days, he sowed 920 acres of wheat in 129 hours. He used a tractor, hauling a combine which sowed the grain, spread the fertilizer and covered the seed automatically.

"WITCHING STICK" PLAYFUL

OROVILLE, Cal. (U.P.)—A "witching stick" that has been used successfully here for years in locating water for the sinking of wells "witched" on the side of a fair-sized hill, despite the fact that water is not usually found on hills. However, the ranch owner had such faith in the stick that he is now down 75 feet and intends to dig deeper.

At the Hall

The Town Quack

concerned, I'm through for the season. In fact, I barely was in shape to go in during the last game. My feet were so cold I could hardly go in home.

Chappell Davis, six rows up on the 50-yard line, had trouble seeing the game because Bert Hemphill, taking pictures along the sidelines, obstructed his view. Bert has filled out a lot since his football playing days.

For fear we failed to mention it forcibly enough, we had a real little touch of winter Thanksgiving morning. Big Boy Whately's son, Red, driving down from Five-Wells at 4 a. m. Thursday, had a flat and changed a tire before daylight. He's the kind of men this country was built by. I hate to think what I would have done to a tire and rim driving in on it that morning, with the mercury at 12 or 14 degrees.

I remember some pretty cold mornings, however when, as a boy, I went to the cow pen and milked a couple of heifers. The warm milk squirting through the cold air created quite a fog of steam.

And, before the days of Clint Lackey, we had to build those wood or coal fires, and it took a little longer to get the house warmed up. Now it's a simple trick to set an alarm clock for 6 o'clock, light the gas, sleep another hour and get up in a warm room. We are rearing our young 'uns in pretty easy times, I'd say.

The Capitol Dome

It looked as though someone had started to paint the dome a bright orange-red hue and anyone who has had experience with public regard for the statehouse and its traditions would have predicted a loud yell from the Rio Grande to Amarillo and El Paso to Texarkana.

But it was a false alarm, an inquiry at offices of the state board of control disclosed. Workmen repairing the dome were merely giving some iron plates a preliminary coat of rust resisting lead and later reduced the bright color to harmony with the rest of the structure.

Complete repainting of the dome, inside and out, will be started soon. The legislature last year appropriated \$15,000 for the work and the board of control will receive bids on the project Nov. 28.

Students Take Health Pledge

AUSTIN, Tex. (U.P.)—Forty members of the Latin-American Club of the University of Texas have joined in a pledge to undergo adequate medical tests before marriage.

Dr. R. F. Voyer, general director of the Texas Social Hygiene association, called the pledge the first of its kind in the United States.

The Capitol Jigsaw
By
Howard Marshall
Associated Press Writer

Austin, Nov. 25. (U.P.)—A warning that excessive demands for old age assistance might lead to destruction of the whole program of aiding the aged was sounded here by Senator Olan R. Van Zandt of Tioga.

Van Zandt predicted the legislature, which convenes in January would retain the need basis for old age assistance but liberalize the present system somewhat, possibly eliminating consideration of support by children as a consideration in granting pensions.

"I believe the legislature will provide \$6,000,000 to \$7,000,000 additional to finance the liberalized system and when this is done 90 per cent of the complainants will have been removed," he said.

He expressed the opinion the additional revenue could be raised from various sources.

A Texas newspaper may not have helped the movement to make John Garner the next president of the United States.

It printed this headline over a brief story:
"Germany backs Garner for president."

The story concerned the reported support of Garner by E. B. Germany of Highland Park, chairman of the state democratic executive

Babson Sees Canada as Future Center of British Empire, With Bright Future

ALBANY, New York, Nov. 25.—Canada has the brightest future of any nation in the world today. She is already the fastest growing of the larger nations as far as population is concerned. Few people realize that her business in 1937 set new all-time highs, surpassing even the 1929 peaks. Today, Canadian business is only 15 per cent below the top and is rising vigorously. Meanwhile, each succeeding wave of unrest that fans out across Europe makes her prospects look even brighter.

"It is an ill-wind that blows nobody good" is trite but true. The unfortunate Jews of Germany are getting a horrible mauling, but their plight is actually a bullish factor in Canada's outlook. It becomes increasingly apparent that England must be PREPARED to fight aggressor nations such as Germany and Italy. Mind you, I am not predicting war; but the best guarantee of the future peace of Europe is a Great Britain FULLY ARMED.

While indignation against Fascism rises while hot throughout democratic nations, Canada stands to benefit. Why? Because England must have a safe deposit box for her reserves. In a war between England and France vs. Germany, the allies would eventually win. In the meantime, however, Her Majesty's air-riders would be busy raising havoc with the big cities of England and France. The bombing plane is the most deadly weapon of warfare that has ever been devised.

One who gets outdoor exercise every day, eat sensibly, sleep eight hours every night and is meticulously clean, isn't likely to have hair, nails that split or blemished skin. Exercise which stimulates sluggish circulation and sends the blood stream rapidly through the veins keeps the pores of the face from getting clogged and failing to do their normal work. The diet that includes calcium-rich milk and orange juice, salad greens and fresh vegetables which are rich in minerals and vitamins keeps nails from splitting and encourages hair to be thick and shining healthy. And sleep, of course, is the greatest beautifier of all.

Sleep Off Those Small Skin Defects

By ALICIA HART
NEA Service Staff Writer

Generally speaking, cultivation of excellent health habits will cure the annoying little defects that mar otherwise ideal beauty.

One who gets outdoor exercise every day, eat sensibly, sleep eight hours every night and is meticulously clean, isn't likely to have hair, nails that split or blemished skin. Exercise which stimulates sluggish circulation and sends the blood stream rapidly through the veins keeps the pores of the face from getting clogged and failing to do their normal work. President Calls on Public to Eradicate Tuberculosis Menace

WASHINGTON, Nov. 25.—Nothing less than the complete eradication of the scourge of tuberculosis from this country should be the aim of every citizen in giving support to the annual Christmas Seal sale of the National Tuberculosis Association and its affiliated groups.

President Roosevelt said in endorsing the Association's thirty-second annual campaign which opens today. Such support, says the President, "becomes a patriotic duty."

President Roosevelt said that the work of the tuberculosis associations in teaching people that the disease is preventable and curable and that people can be returned to health and strength is of the highest value.

"With the approach of the holiday season we are again forcibly reminded that the nationwide attack on tuberculosis is a year round campaign, made possible through the proceeds of Christmas Seals," President Roosevelt said. Since 1907 these well known seals, which will go on sale throughout the United States today, have played an important part in stamping out tuberculosis and saving the lives of countless numbers of people stricken with this dread disease.

"With the work which the National Tuberculosis Association and its affiliated organizations are doing in teaching people that tuberculosis is preventable, that it is curable, and that great numbers of tuberculosis patients can be restored to health and strength, is of the highest value. It deserves the support of our citizens everywhere. Such support in a very real sense becomes a patriotic duty."

BULLDOGS WIN OVER MONAHANS 31-0, END SUCCESSFUL SEASON

Light Team One Of Best in Area, Record Reveals

BY BILL COLLYNS.

The lightweight but potent Midland Bulldogs, 25 plucky a group of youngsters as has ever represented Midland high school on the gridiron, completed their 1938 football schedule in a blaze of glory on Lackey Field Thanksgiving afternoon by completely routing the Monahans Green Wave 31 to 0 to finish as the runner-up in the final conference tabulation.

And as the Bulldogs wound up their play for the season, sixteen members of the squad completed their high school football careers, boys donning their purple and gold uniforms for the last time following yesterday's setto being: Van Dyke, Ford, Whitaker, Wright, Geddes, Lanham, Clements, Hewitt, Heffl, Walker, Weldon Harris, Griffin, Lloyd Pittman, Dublin, Richman and Atmerman. All of the above named boys saw service in the holiday tussle.

Noteworthy also was the fact that the Bulldogs had their final fling in Class B. Competition yesterday afternoon, Midland, due to scholastic enrollment, to be elevated to Class AA circles next season.

Continuous improvement has been shown by the Bulldogs each week since the opening gong back there in September, the locals finishing up the season as one of the strongest clubs in class B circles of the state. Only one defeat was handed the

Bulldogs this season, and that by the Vink Wildcats, a superb ball club capable of trouncing most of the class A teams of the state. In the ten games played this season, the Bulldogs scored a total of 366 points to their opponents' 35, and in the last 15 games played, or since the Bulldogs regained their full strength after numerous injuries last season, the Midland Bulldogs have scored a total of 508 points to their opponents' 110. Unlimited praise is due Head Coach Bud Taylor and his capable staff of assistants, Bob Myer and Jim Moore, who, during the past two years, have turned out two of the strongest ball clubs in the history of Midland high school. Their praises should be

Rough Moment in Fullback's Life

sung from every housetop, and local citizens should not miss an opportunity of voicing appreciation to one of the finest coaching staffs in the entire state.

And now back to the final game. It was Midland's game all the way out there on Lackey Field yesterday afternoon. The Bulldogs, again led by the phenomenal Jay Francis, aided by Fats Wright, having things their own way while putting across one touchdown in each of the first three quarters and winding up with two counters in the final period. Francis accounted for three of the touchdowns and Wright for two, but every man who saw service yesterday afternoon was fighting his heart out for a victory in the final encounter of the season. Ample credit is due every Bulldog who aided in the 31 to 0 triumph.

Bulldogs Get Going.

The game had not been long underway when Monahans chugged over for a couple of first downs and the Green Wave looked as though they might be on their way, but a pass interception by Francis bogged down the attack, and after an exchange of punts, the Bulldogs found themselves in possession of the ball on their own 43 yard line. Francis failed to gain on a line play and then Fats Wright stepped back and tossed a long pass to Bryan, the pass and short run being good for 37 yards. The Bulldogs were on their way. Francis picked up 11 yards and a first down with the goal line only nine yards away. Francis was chased out of bounds on the next play after a gain of eight yards. Then Francis added a half yard and then on the next play he wiggled through a mass of players for the initial touchdown. Francis' try for extra point from placement was wide. Score 6-0, Midland.

It was on the ninth play of the second quarter that the Bulldogs added another six points. Francis had quick-kicked on the second play of the period, the ball going out of bounds on the Monahans 34. Ellis picked up 18 yards after an incomplete pass by Hary. Handlin failed to gain, and then Wright intercepted Hary's pass and was down on the Midland 28-yard stripe and another touchdown drive was on. Francis gained five yards and then on the next play started around end but lateraled to Ford who chugged on for a total gain of 11 yards. It was then time for Francis to scamp, the elusive quarterback circling and for 55 yards and a touchdown, the gallop being the longest of the afternoon. Klatt failed to convert from placement. Score 12-0, Midland. The two clubs battled around on more or less even terms during the remainder of the quarter, the half ending 12 to 0.

Wright "Takes Over."

Early in the third period, the Bulldogs chugged down to the Monahans 19 yard marker but lost the ball on downs. Seconds later, the

Bulldogs again waded down to the Monahans 18 following a pass interception, but again they were unable to advance the ball. After the Green Wave failed to gain on three plays, Hary punted to Francis who returned 20 yards to the Monahans 32. It was then Wright who took over the ball carrying. Fats circled right end by the phenomenal Jay Francis, aided by Fats Wright, having things their own way while putting across one touchdown in each of the first three quarters and winding up with two counters in the final period. Francis failed to convert. Score 18 to 0, Midland.

It was another pass interception by Wright of Midland that accounted for the first of the two touchdowns in the final period. Halfback White intercepted Hary's pass and was down on the Monahans 26. Francis gained a yard and then on the next play, the jittery Francis broke through and romped for 25 yards and his final touchdown of the day. Francis failed to convert. Score 24-0, Midland.

It's White Again.

The final touchdown for Midland came at 14:50 of still another pass interception. It was again White who did the intercepting, this time being down on the Monahans 15 after lugging the ball 10 yards. Francis took the oval, started around end, cut back and then went on to within one yard of the goal line where, when swarmed by a horde of tacklers, tossed the ball slightly backward and to the right to Fats Wright who stepped on over the goal line. Francis passed to Van Dyke for the only convert.

sion of the afternoon. Score 31 to 0, Midland, and that was how it ended. Hary and Ellis were responsible for most of the yards gained by the visitors, either of the two backfield men constituting a threat whenever they got their hands on the ball. Hary is perhaps one of the smartest field generals seen in action on the local grid this season. Weir, guard, was by far the outstanding lineman on the Monahans squad.

The first downs favored Midland 14 to 6. Midland's first downs being fairly evenly divided in each quarter. Midland attempted 10 passes, completing two, while Monahans attempted 24, completing four and having six intercepted. The penalties were: Midland 55 yards, Monahans 20 yards.

YOUTH AWAIT'S 20TH SURGERY
 CLARENDON, Tex. (U.P.)—James Welch, 21, soon will undergo his 20th operation to correct a palate impediment by which the young agricultural student will "be able to call cows." Nineteen operations to remedy the condition already have been undergone.

SANDWICH DAY IN COURT
 LORAIN, O. (U.P.)—WPA workers turned municipal court into an impromptu restaurant, while they were working on a city hall cleaning project. The principals in a civil court action had to speak loudly to be heard above the munching of sandwiches.

FAUX PAS HISTORIC
 WILKES-BARRE, Pa. (U.P.)—It is probable that Richard Bishop, utility man at the Wilkes-Barre courthouse, always will remember Constitution Day. As the nation observed the signing of the historic document, Bishop unfurled the courthouse flag—upside down.

Personals

Miss Dorothy Lou Speed, student in TSCW at Denton, is visiting her parents, Mr. and Mrs. J. M. Speed.

Mrs. R. W. Aycock returned Thursday from Fort Worth where she saw the TCU freshmen defeat the SMU Colts 14-13. Returning here with her were her son, David Wofford, Woodrow Adams and Buster Nix, all of whom saw action on the TCU "Polliwog" squad. Wofford and Adams are former Midland high school stars.

Miss Rachael Schrader has moved here from Ozona to take a position with the Petroleum Pharmacy.

W. J. Sparks is spending the week end at Dallas, visiting his sister, Mrs. C. H. Marchant.

Liza Jane Lawrence, daughter of Mr. and Mrs. R. V. Lawrence, is ill with a throat infection. Her condition was better today.

Mr. and Mrs. A. B. Coleman, Miss Beulah Mae Coleman and Ray Coleman are spending the week end in Lubbock.

Miss Vernon Hill, teacher in the El Paso public schools, will stop here tomorrow, en route home from the state teachers' convention, to visit two days in the home of her brother, J. E. Hill.

Mr. and Mrs. C. L. Griffin have gone to Crockett, Dallas, Houston and other points for a few days vacation.

Mr. and Mrs. R. B. Cowden are spending the week end at Fort Worth and will see the TCU-SMU game at Dallas Saturday.

Mr. and Mrs. T. S. Walker of Plainview spent Thanksgiving with their daughter, Mrs. Bill Davis, and will return home today.

Mr. and Mrs. Chas. Houpt and Mr. and Mrs. Donald Hutt will leave this afternoon for Dallas to see the SMU-TCU game Saturday.

Mr. and Mrs. J. R. Laughlin are here from Eddy, spending a few days with their sons, Sam and Boyd Laughlin.

Mrs. Fred Fromhold is in Fort Worth. She will attend the SMU-TCU game in Dallas Saturday and will return home Sunday.

Dr. and Mrs. C. G. McCall had as Thanksgiving Day guests their daughter, Miss Pearl McCall of San Antonio, Texas, their son and daughter-in-law, Mr. and Mrs. Ernest McCall of Mentone. Besides their out-of-town guests, their son and daughter-in-law, Mr. and Mrs. Cleve Baker of Midland, were also present.

Mrs. J. M. Caldwell, Mrs. A. Hanna, and Miss Edna Hanna returned Wednesday from a visit in Arkansas.

(a) Ignore that person and talk only to the guest on your other side?

(b) Talk to him and permit your dislike to become evident?

(c) Smother your feelings and chat as sociably as you would with anyone else?

Answers

1. No.
 2. Wait for a second helping.
 3. No. It implies relief, as from a disagreeable chore finished.
 4. No.
 5. No. It suggests a comparison with the hostess' service.
- Best "What Would You Do" solution—(c).
