## Ex-Star III

Eva Languay, 60, who made "I Don't Care" famous, is critically sick in Hollywood. This old-time picture shows her at the height of her stage popularity.

## Last Rites Held For Mrs. Anderson Here Wednesday

Last rites were said Wednesday afternoon at 3 o'clock for Mrs. A. Harry Anderson, 69, resident of Midland since 1890, whose death occurred from a heart attack Monday evening.

The Rev. W. J. Coleman, pastor of the First Presbyterian church of which Mrs. Anderson had long been an active member, was in charge of the service, assisted by the Rev. T. D. Murphy, Presbyterian pastor at Odessa and formerly here, and the Rev. J. E. Pickering, pastor of the First Christian church. A select choir sang hymns which had been favorites of Mrs. Anderson.

Born as Birdie E. Shackelford, July 8, 1869, at Clarksville, Tenn., she came to Midland to teach in the public schools. On July 18, 1892, she was married to George G. Gray, prominent cattleman. To them was born a daughter, Marion, now Mrs. Marion O'Connor of South Pasadena, Calif. Mr. Gray died in 1925.

On November 10, 1928, Mrs. Gray was married to A. Harry Anderson, lumber dealer here and active in Texas Masonic circles. With him, she had continued actively in religious and civic work until she became ill in May, 1936. Since that time she had been practically an invalid but recently has been able to be out for automobile drives and for brief visits with friends. The heart attack Monday evening was sudden, death coming a few minutes later.

Survivors are the husband, Mr. Anderson of Midland; one daughter, Mrs. Marion O'Connor of South Pasadena, who arrived here early Wednesday; two sisters, Mrs. J. R. McClure of Dyersburg, Tenn., and Mrs. W. W. Powell of Hilton Village, Va.; four grandsons, Lieut. G. G. O'Connor of Fort Still, Robert G. O'Connor of San Diego, Matt G. O'Connor and Frank O'Connor of South Pasadena.

Full bearers for the funeral were Jos Youngblood, Wood Taylor, J. L. Kendrick, John Drummond, R. L. Miller, Clint Creech and Ed Watts.

## Approximately 80 At Oil Scout Dinner

Approximately 80 persons were present at a chicken and steak barbecue for oil scouts held at Log Cabin Inn Wednesday evening. A number of out-of-town executives and wives of some executives were present.

## Congratulations to:

Mr. and Mrs. C. E. Kennedy on the birth of a daughter this morning in a Midland hospital. The baby weighed 8 pounds, 8 ounces and will be called Frances.

## Shutdowns to Be Continued Until April 1

### Thompson and Smith Sign Agreement for 8 Closings Monthly

AUSTIN, Dec. 15. (AP)—Statewide oil production shutdowns of eight days a month were ordered continued until April 1 in action Wednesday by Ernest O. Thompson and Lon A. Smith of the Texas railroad commission.

The order tended to blast the opinion of some that there would be a radical change in Texas production policies after Jerry Sadler replaces C. V. Terrell on the commission January 1. Thompson and Smith will continue as two of the three members of the conservation agency.

The commission calculated the Texas basic daily production allowance for January, considering Saturday and Sunday shut-ins, would be 1,319,542 barrels, compared with this month's figure of 1,294,377 and the United States average of mines December recommendation of 1,343,000.

The average daily allowables will grow about 30,000 barrels each month due to well completions, making an April 1 allowable of approximately 1,400,000.

Smith pointed out that a new order boosting Texas production could be issued before April if a shortage of oil or gasoline developed.

"I hesitated to sign the order before talking with Mr. Sadler," Smith said, "but decided to go ahead and approve it when I found he was out of the state."

Witnesses from throughout the nation told the commission at a hearing here Monday there would be no material increase in national oil output after the first quarter of 1939. They said greater demand for petroleum products next year probably would warrant some increase after April 1.

Action of the Texas commission had been awaited with interest because of this state's dominant position in the oil industry. Latest figures showed that national gasoline stocks were 2 3/4 per cent below those of a year ago but leading refiners considered stocks excessive at this time last year.

The allowance to the tri-state Redessa field, exempted from the shut-in, was boosted to 30,746 barrels daily January 1, as against 29,959 December 1 and 30,110 December 11.

Allowables by districts, December 1, December 12 and January 1, not considering the closings, follow:

East Texas field, 519,713; 521,085 and 522,453; Panhandle, 84,807; 85,103 and 85,103; North Texas, 90,608, 94,184 and 94,184; West Central, 81,948, 82,492 and 82,349; West Texas, 240,864, 243,625 and 243,582; East Central, 108,967, 110,503 and 114,442; Southwest, 313,769, 315,092 and 317,647; Gulf coast, 269,401, 271,735 and 271,735.

Since January has five Sundays, the commission exempted Sunday, January 29, from the shut-ins. Both Saturday and Sunday shutdowns already have been in effect for three months and Sunday closings were first instituted last January.

Field allowables, as of Dec. 1, Dec. 11 and Jan. 1, include:

West Texas — Bennett 3,478, 3,922 and 3,998; Foster, 8,357, 8,669 and 8,609; Shearer, 675, 900 and 900; Smyth, 2,185, 2,425 and 2,465; Taylor Link, 1,332, 1,472 and 1,472; Wasson, 9,790, 10,140 and 10,140.

West Central Texas — Taylor, 196, 196 and 225; Young, south half, 7,375, 7,487 and 7,472.

## Insurgents Launch Attacks on North, Western Fronts

HENDAYE, France, Dec. 15. (AP)—Spanish insurgents launched simultaneous attacks today against the government lines in northern and western Spain.

Artillery batteries shelled government fortifications in the Seo Durgel section of western Catalonia. At the same time infantry opened an offensive in far western Spain near Vasequillo.

## Drug Firm President And Aide Arrested

NEW YORK, Dec. 15. (AP)—An attorney-general's investigator of the financial affairs of McKesson and Robbins, Inc., said Wednesday he had "substantial reason to believe" that F. Donald Coster, president of the corporation, "is a man of different identity and known to this office."

Coster and George E. Dietrich, assistant treasurer of the firm, were arrested in Fairfield, Conn., and held in \$5,000 bail each on a charge of violating the Securities and Exchange Act of 1934.

Assistant Attorney-General Ambrose V. McCall said he had "considerable doubt as to Coster's true identity" and confirmed a report that state detectives were investigating the corporation head's past. He declined to elaborate.

The firm's treasurer, Julian F. Thompson, gave McCall a public account of the 3 year period of inquiry which led him to conclude that the company's drug inventories were overestimated by probably \$18,000,000 and perhaps did not exist at all.

## Guarded

G-men were assigned to guard Eileen Balfe, sub-deb daughter of wealthy Thomas W. Balfe of New York, following the receipt of letters demanding \$3000 on pain of bodily harm.

## Doctor Tells of Impressions From European Tour

Impressions of Austria, Germany, Italy, and France, with special emphasis on Vienna, were given in a talk by Dr. T. L. Morgan, Midland eye, ear, nose and throat specialist, at the Rotary club today.

He was the guest of Dr. W. E. Ryan, in charge of the program. Dr. Morgan explained that, for purposes of economy, he sailed by freighter from Houston, several months ago, landing in France, visiting five countries and doing 400 hours of post-graduate work in Vienna. He left there just before the entry of Adolf Hitler but already had noticed the effect of the approaching change of government.

Continuing to show thinning of section, Skelly Oil Company No. 1-N State, wildcat two miles due north of the Westmount gasser, this morning was drilling at 3,425 feet in anhydrite and lime. Its brown lime top at 3,255 feet, datum of plus 592, was only 18 feet lower than the brown lime in the Westmount well, encountered at 3,220, datum of plus 610. The Skelly well had topped Yates sand at 3,105, datum of plus 742, as compared with a datum of plus 775 in the Westmount.

Amerada No. 1-LA State, northwest offset to the gasser, is standing with 9 5/8-inch casing cemented at 2,979 feet with 500 sacks. Total depth is 2,995 in anhydrite. A location farther east, Standard No. 1 State also is standing cemented with 9 5/8-inch pipe set at 3,102, nine feet off bottom, with 550 sacks.

A new location for the area, Repolo No. 1 State, Lease No. 182, over a mile northeast of the discovery, is skidding derrick to well-site.

## Boy Shows Little Water

Thirty gallons of water in 12 hours was tested at total depth of 5,092, corrected by steel line measurement from 5,094, by Texas Company No. 1 H. T. Boyd, prospective two-mile southeast extender of the Duggan pool in southeastern Cochran. The well had 1,200 feet of oil in the hole. It had encountered showing of gas at 5,015, show of oil from 5,039-51, increase in oil from 5,051-59, and another increase from 5,065 to total depth. Testing for water continued this morning. It was thought that it might be "pocket water" and eventually would exhaust. The well is in labour 23, lease 56, Oldham county school land.

## Hospital Patient Slain, Policeman Wounded by Youth

SAN FRANCISCO, Dec. 15. (AP)—A youth who gave the name of George Dalley, 21, shot and killed a patient and wounded a policeman at a San Francisco hospital today.

Inspector Jerome Smith said revenge evidently was the motive. The victim was Morris Cornpropp, 24, under guard as the result of a knife and gun fight in which he was wounded.

Policeman Walter Salisbury, 46, who was guarding Cornpropp, was critically wounded.

## Alias Santas Are Needed to Aid the Needy

### Urgent Request for Xmas Baskets Made By Officials Today

Highly perturbed over the apparent lack of interest in the annual Christmas basket program for the needy families of the community, members of the welfare committee of the chamber of commerce sponsors of the program this morning issued an urgent request to all citizens of Midland to cooperate to the fullest extent in seeing to it that no person in Midland goes hungry on Christmas Day. Two-hundred and fifty one needy but deserving families of the community will have no Christmas whatsoever unless the more fortunate citizens come to the rescue.

Welfare committee chairman, W. Ily Pratt, this morning pointed out that although various organizations of the city are "adopting" families to whom they will supply baskets, it will be impossible for the organizations to handle the entire program. Individual contributions being necessary in order that all needy families will be taken care of.

An individual should not feel that he is relieved of all responsibility in the program because of the fact that the organization to which he belongs has made a contribution, he said.

One of the first major contributions to the program was received at the chamber of commerce office this morning, the Scharbauer Men's Bible class contributing \$25.00 to the fund. Several other organizations have also made contributions.

The list of needy families is available at the chamber of commerce office, individuals and organizations desiring to aid in the program being urged to call by the chamber of commerce office in Hotel Scharbauer as soon as possible.

The need is indeed great and it is necessary that every individual do his or her share.

## Lovington Operators Await Acid Results In Barnsdall Well

Operators in the Lovington area of Lea county, N. M., today watched closely the Barnsdall Oil Company No. 1 Humble-State, wildcat in section 33-168-36E, as it was being given first acid treatment. Within midnight of Dec. 15 the deadline before which production must be obtained to validate lease, Barnsdall stopped drilling at 4,978 feet in lime. Oil string of casing was not set because of lack of time; instead, tubing packer was set at 4,800 feet.

This morning, pumps broke down after only five gallons of acid had been injected, but repairs were expected to be effected shortly, and the balance of the 4,000-gallon dose given the well. No. 1 Humble-State had drilled oil-stained lime from 4,860 to 4,918 feet, but porosity in samples were said to be slight. The test is three miles northwest of Westmount Oil Company No. 1 Amerada-State, 12,800,000 foot discovery gasser of the area.

Continuing to show thinning of section, Skelly Oil Company No. 1-N State, wildcat two miles due north of the Westmount gasser, this morning was drilling at 3,425 feet in anhydrite and lime. Its brown lime top at 3,255 feet, datum of plus 592, was only 18 feet lower than the brown lime in the Westmount well, encountered at 3,220, datum of plus 610. The Skelly well had topped Yates sand at 3,105, datum of plus 742, as compared with a datum of plus 775 in the Westmount.

Amerada No. 1-LA State, northwest offset to the gasser, is standing with 9 5/8-inch casing cemented at 2,979 feet with 500 sacks. Total depth is 2,995 in anhydrite. A location farther east, Standard No. 1 State also is standing cemented with 9 5/8-inch pipe set at 3,102, nine feet off bottom, with 550 sacks.

A new location for the area, Repolo No. 1 State, Lease No. 182, over a mile northeast of the discovery, is skidding derrick to well-site.

# BRITISH FINANCIAL POWER CURB

### Pomp and Ceremony at Pan-American Reception

Colorful guidons fluttering from lance heads, helmets and breastplates glistening, a crack cavalry troop escorts Argentina's Foreign Minister, Jose Maria Cantillo, to a reception during the Pan-American Conference in Lima, Peru.

## Expanded Monroe Doctrine Is Proposed by Columbia

LIMA, Dec. 15. (AP)—A Pan-American Monroe Doctrine under which all countries of the Western Hemisphere would assume the burden thus far maintained by the United States alone came before the Pan-American Conference Wednesday.

Foreign Minister Luis Lopez de Mesa of Columbia told the committee for organization of peace that the "Monroe Doctrine can now be widened to embrace all free America as a subject of responsibility."

Mexico, apparently mindful of controversies with the United States over expropriation of lands and oil properties, followed the lead of Argentina in submitting a resolution asking that the conference reaffirm past decisions that force must not be used for collection of debts between nations.

It was believed the resolution had little chance of passing, since there are already accords and agreements among American states against forcible debt collections.

Lopez de Mesa called attention to pressure of European events and political theories on the Americas in his proposal for a broadening of the doctrine proclaimed in 1823 by President James Monroe in a hands-off-the-Americans warning to Europe.

"National interests of the United States are coinciding with those of individual states in Latin America," he asserted in praising the "wonderful broadening of ideas of great statesmen" of the United States.

He made his proposal during a plea for Columbia's project for a league of American nations, which the conference seemed likely to postpone until its next meeting in 1943.

Behind-the-scenes discussion reaching a common plan on continental defense went ahead, Secretary of State Cordell Hull conferring on the subject with Dr. Isidoro Ruiz Moreno, chairman of the Argentine delegation. Argentine sources said a defense proposal had not yet been submitted formally because approval of all delegations had to be obtained.

## 100 Attend Annual Party Given by Lions Club Here

Members of the Midland Lions club held their annual ladies night Christmas party at the Midland Country club last night, approximately 100 club members, their ladies and guests attending. The affair was termed as one of the most enjoyable ever staged by the local service club.

Santa Claus was the honored guest at the annual event, the jovial old gentleman from the North Pole, in excellent spirits with an abundant supply of wit and humor, making his appearance during the banquet program. The beloved St. Nick presented gifts to all in attendance, following which he started his return trip to the north land.

The delightful banquet menu prepared and served by the women of the First Christian Church, consisted of turkey, dressing and all the trimmings.

Following the banquet-program, presided over by Club president Bill Collyns, the floor was cleared for dancing, the festivities lasting until midnight.

Arrangements for the affair were made by a committee consisting of R. D. (Bob) Sevings, George Philippus, Claude O. Crane and L. P. Stark.

## Clothes Needed for Pair of Small Girls

In one of Midland county's rural communities there are two little 10-year-old girls who look longingly at the schoolhouse where the other children gather every day for lessons and play. They, too, would like to go to school. But they have no coats and West Texas winter winds are too keen to permit little children in thin dresses to make the trip to and from school without danger to their health. So the two little girls stay home.

If any Midland citizen has a girl's coat that he would donate to either girl, he is asked to call either Judge E. H. Barron or Miss M. Elizabeth Wilson, county health nurse, at No. 348.

The coats do not have to be size 10. The mothers of the children can sew and will be glad to cut down coats that are larger to fit the girls.

## RETURNS TO DALLAS.

Mrs. M. B. Clancy of Dallas returned to her home Wednesday night after visiting her sister, Mrs. Frank Gardner, for several days.

## Chamberlain Says Money Chief Force

### Outspoken Talk Is Made by Minister At Luncheon Today

LONDON, Dec. 15. (AP)—Prime Minister Chamberlain, in an outspoken reference to Germany, told a luncheon audience today Britain's financial power was a curb on Nazi statesmen when they thought of war.

"We may take it that when German statesmen reflect on the possible consequence of conflict, in the event conflict should arise between our countries, they think not only of our armaments but our great financial resources, which for a war of long duration might well prove to be the deciding factor," he said.

## FRENCH-ITALIAN GROUPS DISBAND.

ROME, Dec. 15. (AP)—Chile Starace, secretary general of the fascist party, today ordered fascists to resign from an association composed of French and Italian war veterans as well as from an Italy-France parliamentary group.

The order was linked with the current Italian clamor for territory of greater privileges in French possessions in Africa and the Mediterranean.

## Cities Unite With Midland in Effort For Airmail Service

Unlimited support of Odessa, Monahans and Pecos in the project recently launched here by the chamber of commerce to secure improved airmail service between Big Spring and Pecos was assured yesterday when R. E. Gile, air mail committee chairman and chamber of commerce manager Bill Collyns, visited chamber of commerce representatives of the three towns in the interest of the project.

A meeting of postmasters and chamber of commerce representatives from each of the towns involved will be called shortly at which time detailed plans for carrying out the project will be perfected. It is likely that each town will be asked to prepare a brief as to the need of the improved service in the various towns, a master brief to be compiled from the individual briefs.

It was learned that federal funds are available in Washington for the establishing of air mail feeder lines, such lines already have been established in certain sections of the state. On the lines already established, small planes land at each town being served on the route, picking up air mail and transporting same to the nearest regular air mail stop. Such a service would be much more beneficial to this section than an automobile star route, such as has been previously advocated.

It is likely that this type of service will be requested by Midland, Odessa, Monahans and Pecos.

## Committee Alleges Sabotage Machine Is Being Set Up in U. S.

WASHINGTON, Dec. 15. (AP)—A warning that spies are setting up a "potential sabotage machine" designed to impair the United States' industrial and military efficiency in time of war came Wednesday from an investigator for the house committee on un-American activities.

John C. Metcalfe, who made a six-months inquiry into activities of subversive groups for the committee, testified he believed "the spy situation in the United States is a very serious menace."

President Roosevelt recently directed attention to the spy question when he told newsmen he would recommend increased expenditures to combat espionage activities by foreign agents.

"The real aim of the American Nazi movement," Metcalfe told the committee, "is to build up in the United States a spy organization, a potential sabotage machine and a German minority x x x."

Asserting that Germany was not the only foreign country whose nationals were engaged in such activities, Metcalfe expressed belief the United States had been placed in a precarious position. Existing undercover organizations, he said, could do great damage here in event of war unless the government took "militant steps" to eliminate them.

The committee is planning to conclude its prolonged hearings tomorrow because its funds are exhausted.

Chairman Martin Dies (D-Tex) has announced he will ask congress for new funds.

Another witness, George E. Sullivan, a Catholic attorney and author of Washington, advanced what he termed a 12-point program for combating un-American activities. It included prohibition of further immigration until subversive forces are eliminated, restoration of the "unpolluted" freedom of the press, and elimination of subversive propaganda from educational establishments.

Roper said he wished to return to private life to attend to personal affairs.

## Three Landings Reported for Today

Only a trio of landings were reported from Sloan field in a check-up early this afternoon.

Two FLP's came from Barksdale field, La., and departed for El Paso at 12:20 o'clock. Pilot McKay was leading.

Capt. Provost, flying an O-46, arrived from Hensley field at 11:15 o'clock and departed for El Paso.

"After consultation with many, including President Roosevelt, I am convinced I can do more to help continue the new deal by staying in the harness where I am," Ickes said.

## JOHN T. FLYNN

By JOHN T. FLYNN  
NEA Service Staff Correspondent.

From the National Manufacturers' Association which ended its labors in New York last week came the first breath of sanity which has emanated from a powerful organized business group since hatred of Roosevelt ruined thinking processes.

The manufacturers issued to the American people a document noted for its calm, sane, informed proposals for business. You do not have to agree with this document, but you do have to respect it. It will do more for business than all the furious denunciations of the last four years.

One of the strangest episodes in public relations and business statesmanship in the last half century has been the attitude of business toward the Roosevelt administration.

When the President came into power business was flat on its back and business men—bankers, utility executives, investment bankers, promoters—were in a state of disgrace. The public naturally supposed that Roosevelt would turn upon them with unexampled vigor and enmity.

### ROOSEVELT CALLED BUSINESS FIRST.

THE President, of course, in speeches and addresses did attack business abuses. Who would not have done so?

But the moment he was inaugurated, he invited the business men of the nation to Washington and literally turned things over to them.

Few will recall this out of the mists of the last six years. There has been much confusion. But it is true.

A prominent big business executive was named secretary of the treasury. A vice-president, later president, of the American Bankers' Association, was made assistant secretary, and a member of one of the biggest business law firms was made under-secretary.

The N. R. A. was headed by a group consisting of the chairman of the board of the Union Pacific Railroad, and head of one of the greatest Wall Street banking houses and by the representatives of the tobacco interests, one of the biggest business interests in the country.

Representatives from great Wall Street financial and reporting and accounting houses were put at the heads of the departments and the economist of a huge Wall Street financial firm was made economist of the administration.

### BIGGEST MEN ASKED TO ADVISE.

THE secretary of commerce, with presidential approval, invited about 20 of the biggest business men to Washington as the administration's Industrial Advisory Council "to chart the future course of American economic life." The council included

the president of the chamber of commerce, chairman of the board of U. S. Steel, and so on.

In those days men like Donald Richberg were looked upon as the left wing of the reformers. The Brain Trusters were Raymond Moley, General Johnson, George Peek, Adolph Berle (later a governor of the New York Stock Exchange).

The only dangerous group was the group investigating Wall Street, but that had been organized before Roosevelt was elected. And when the S. E. C. was formed, the President put a well-known conservative Wall Street figure, right out of a brokerage office, in as chairman and a Wall Street broker as assistant to the chairman.

There was plenty more of this. It is not strange that with all this powerful inside grip on the machinery of the First New Deal business let the President slip out of their hands? Why? Because they permitted the hatreds and fury of a few men who had a quarrel with the President to poison their whole relationship with him. He was theirs. And they threw him away.

Since then they have done more by their attacks to build him into a great popular figure than all the propaganda of the so-called New Deal publicity agents put together. At last they seem to have recovered their reason.

### 76,938 New Cars Are Sold by Chevrolet

DETROIT, Dec. 15. — Chevrolet dealers sold 76,938 new cars and trucks at retail during the month of November, W. E. Holler, general sales manager, announced today. This is an increase of 4,455 units over sales for the same month in 1937, Mr. Holler said. The last 10 days of the month, Chevrolet's figures indicate, looked particularly good in comparison with the corresponding period last year. Sales in that period were 25,948, as against 20,810 in the final 10 days of November, 1937.

### Birds Attack Model Planes

ADELAIDE, Australia (U.P.) — Planes have one adverse element to contend with in Australia muggies. The birds, apparently thinking the planes are sent up after them, attack them fiercely, often inflicting serious damage.

The planets close to the sun are made of the heaviest materials, although they are smaller than the outlying planets.

### The Capitol Jigsaw By Howard Marshall Associated Press Writer

AUSTIN, Dec. 15. (AP). — A four-cornered political race about which the people of Texas have heard little or nothing is going on.

It is a contest for chief clerk of the new House of Representatives and to date the campaigning has been quite lusty.

The candidates are E. R. Lindley, for four years doorkeeper of the House; Tommy Yett, parliamentarian under Speaker Coke Stevenson; Horace Parrish, bookkeeper for six years, and James Wington, for 12 years assistant to Mrs. Louise Snow Phinney, who has retired from the clerkship, she says, to give full time to the important job of rearing a daughter.

The baby was born to Mrs. Phinney in September. The former chief clerk is the wife of Carl Phinney of Dallas.

Gov. James V. Allred almost missed a radio talk the other night. He had accepted an invitation to go on the air in connection with presentation of an award to Elmer Tarbox, star halfback of Texas Tech.

As the governor related it at a press conference, he had had an unusually hard day, with a lot of things coming up at the office and attendance at a funeral in the afternoon. The radio broadcasting company offered to install equipment in the mansion but the governor said he would save them that expense by going to the studio.

The program started at 7:30 o'clock. Gov. Allred said he was very tired and didn't think of the appointment until he was in a cold sweat. His watch and he saw it was 7:28. Then he dashed out of the house with Mrs. Allred yelling after him to be careful not to run over anybody, backed out his car and hurried the six blocks to the radio station. Turning on his automobile radio, he found the program had started.

At a street intersection he turned left, although he wasn't supposed to, ran into the building elevator and told the operator not to stop to let off anybody until he had him at the radio station floor.

When Allred rushed panting into the studio the man in charge was at the point where the governor was supposed to be introduced. That man, of course, was in a cold sweat. He said he had been trying to call the mansion but the line was busy. He handed the governor the script and Allred started reading.

Gov. Allred was almost a passenger on a transport plane which lost a motor near Waco a short time ago, he disclosed at the same press conference.

He had been at Dallas but decided to come back in a National Guard ship so he would have more time to get ready for a banquet at the mansion honoring the Longhorn football team.

"It would have scared me to death to see that motor falling off," he said. The pilot made a safe landing at Waco.

Gov. Allred has made many flights but still doesn't especially like it. Mrs. Allred never has become entirely resigned to the idea of her husband's flying.

The state game department has instructed its wardens throughout Texas to warn hunters of the dangers during hunting seasons from grass and forest fires.

It points out that such fires destroy game, cover and feed and the effects often cannot be overcome for long periods.

Some simple suggestions for preventing fires are:

1. Be careful to extinguish matches before throwing them away.
2. Throw cigarette and cigar stubs and knock out pipe ashes in a place clear of brush, leaves and needles, and always stamp out any fire.
3. If hunting at night with torches be careful not to scatter fire.

A maximum of 63 jobs to fill and 2,300 applications for them already received! It is a situation that has Bascom Giles, land commissioner-elect, scratching his head.

As soon as the result of the election in which he defeated Commissioner W. H. McDonald became known, a tide of applicants for positions in the land office rolled toward Giles. It never has stopped.

Giles has explained the land office is one of the smallest departments in the government from the standpoint of personnel, but the applications are still being received.

As a matter of fact, many present employees will be retained. Giles has announced John W. Hawkins, a former chief clerk of the department, will resume that position.

Hawkins was chief clerk when J. H. Walker was commissioner. When Walker retired, Hawkins ran for commissioner and was beaten by McDonald.

### "Black Legion" In Ontario

SUDBURY, Ont. (U.P.) — Police are seeking a mysterious letter-sender who has warned three men to "get out of town." The letters warned that the "Black Legion" would take "dire action" if the sender's warning was not heeded.

### Declare Newspapers Are Most Effective Advertising Medium

WASHINGTON. — The newspaper is the most effective and favorite advertising medium of progressive savings and loan associations throughout the country, the Federal Home Loan Bank Review stated today in a special survey published in its December issue. The Review is the official organ of the Federal Home Loan bank board. On the basis of a special sampling of 271 selected associations, it was found that 55 per cent of the advertising dollar of these institutions last year went for newspaper space, 8 other advertising media trailing far in the rear. In addition, the Review found that 72 per cent of the sampled associations rated newspapers as the most effective medium.

All of the associations picked for this study were taken out of the list of those institutions insured by the Federal Savings and Loan Insurance Corporation, and represent all size groups, small, medium and large.

"One thing may be emphasized," said the Review. "Almost without exception, associations which furnished the data upon which this survey is based were successful during 1937 in acquiring a substantial volume of new private capital (savings.) For this reason, the proportion of the advertising budgets devoted to the different media by these associations and their ratings of the media according to productivity deserve serious consideration."

Other media given a part of the advertising dollar of these associations were: Printed material used in direct mail and similar advertising, 11 per cent; radio, 10; miscellaneous, such as signs, novelties, calendars and pencils, 8; billboards, 7; window displays, house organs, car cards and movie films split up the balance. Pointing to the value of advertising for the savings and loan association, which is a mutual, locally owned and managed, thrift and home-financing institution serving the interests of its own community, the Review urged all associations in the country to give more attention to advertising policies and budgets.

"Advertising should be allotted a definite place in the association's yearly budget and its division among the different media should be planned as far as possible upon the basis of known results," the Review concluded.

### Garner's Capture of Wildcats Is Praised

WASHINGTON, (AP). — News that Vice-President John Nance Garner had captured some wildcats down in Texas created quite a furore here where more men own tuxedos than hunting togs.

The Washington Evening Star printed the following article, headed "A Wildcat Saga," on its editorial page:

"The other day Cactus Jack Garner, vice-president of these United States, distinguished himself as a go-getter second to none. He happened to want a pair of wildcats, so without further ado he nonchalantly plucked a brace of them out of a hole and called them his own. Mr. Garner was but mildly ruffled, as if from a slight encounter with a bevy of republicans; but as for the wildcats, they were in the bag, dazed with the suddenness of it all and with a new respect for the human species.

"There are all sorts of tastes in this world. Comparatively few people want wildcats, and it is not known just why Mr. Garner did. Maybe they reminded him of a couple of senators—or cabinet officers. But whatever it was, the publicity accorded to it should soften up his opposition in and out of congress. His sobriquet, Cactus Jack, is evidence that he has never been easy to handle. He was always known as a tough hombre to go up against, long before this recent fantastic feat enhanced his reputation to almost legendary fame.

"Now, indeed, it will be a brave and hopeful congressman who will dare to take a chance on Cactus Jack, the man who picks wildcats as casually as lesser men pick daisies. The senate, as a rule, goes by the form chart, and rarely has it had such a sparkling recent past performance as guide it. Mr. Garner will go down in history as the first wild animal trainer to preside over that august body. Further more, it is predicted that the coming session will be the wildest congress ever assembled. Why waste money on a prize fight? During the night, armed with at least a screwdriver, someone removed a small wooden plate from one of the senate office building doors. On the plate in gold letters was "Mr. Connally—Texas."

powerful than nitroglycerine, had his horscope read and learned that he was soon to have a "change of environment." Then he was arrested for experimenting with his explosive within the city limits and jailed.

### LETTERS TO THE EDITOR

Mr. T. Paul Barron, Editor  
Midland Reporter-Telegram  
Midland, Texas

Dear Sir:

I have just received a report from the Safety Lane conducted recently in Midland. In it is mentioned the splendid cooperation you gave Sergeant King and his men and I would like to express my appreciation for these services.

We have always found it a pleasure to work in Midland and have always received the best of assistance from the citizens. It is assistance such as you rendered that is helping to make Texas Highways safer for all.

At any time any of my men or I can be of any service to you or the citizens of Midland, please do not be hesitant in calling on us.

Very sincerely yours,  
W. W. Legge,  
Captain Texas Highway Patrol.

Poor Eyesight Causes Tragedy  
TOLEDO, O. (U.P.) — Mrs. Julia Strayer, 32, her vision failing with age, apparently mistook a second-story window for a door, stepped through it, and plunged 20 feet to her death.

## The Town Quack

ure of your family and friends, or maybe you are one who says, as often is heard, that "Christmas is the bunk."

But if you will dig down and provide some necessities, and luxuries for a family or two who otherwise would see no more than the every-day situation of lack of money, lack of proper food, lack of employment and probably lack of good health, you would create considerable joy for them as well as for yourself.

The chamber of commerce will be glad to handle the job for you if you will just leave your contribution. Or they will give you the name of a family, with description of the family members, if you prefer to do your own Christmas shopping and giving. Or they will handle the delivery of the basket if you will provide it.

All in all, the handling of this situation through the chamber of

commerce will facilitate the details, will prevent duplication and will go a long way toward seeing that everyone in Midland enjoys Christmas of 1938.

### High School Games Will Be Broadcast

Two special radio networks have been created to broadcast the semi-final games in the Texas Interscholastic Football Championship series. Each broadcast will originate at the field, and the play-by-play descriptions will be given by outstanding sports announcers.

The first game of the semi-finals will be played Friday, December 16th, when Lubbock meets Masonic Home, of Ft. Worth, in the Texas Tech Stadium at Lubbock. The play by play description will be given by Bryum Saam, ace sports announcer of the Columbia Broadcasting System.

The broadcast starts at 2:20 p. m. and will be broadcast over KFYO, 1310 kc., Lubbock; WRR, 1280 kc., Dallas; KTAT, 1240 kc., Ft. Worth; KRRV, 1310 kc., Sherman; KKNK, 1410 kc., Amarillo; KPDM, 1310 kc., Pampa; KBST, 1500 kc., Big Spring; KRBC, 1420 kc., Abilene; KGKI, 1370 kc., San Angelo; KTEM, 1370 kc., Temple.

The other game of the semi-finals will be played Saturday, December 17th, when Temple meets Corpus Christi in the Temple High School Stadium at Temple. The play-by-play descriptions will be given by Cy Leland well known to all Texas football enthusiasts.

The broadcast starts at 1:50 p. m. and will be broadcast over KTEM, 1370 kc., Temple; KFDM, 500 kc., Beaumont; KTRH, 1290 kc., Houston; KTSA, 550 kc., San Antonio; KRIS, 1330 kc., Corpus Christi; KRGV, 1260 kc., Weslaco; KNOW, 1500 kc., Austin; WACO, 1420 kc., Waco; KAND, 1310 kc., Corsicana; KNET, 1420 kc., Palestine; KFRO, 1370 kc., Longview; KCOA, 1210 kc., Kilgore; KGKB, 1500 kc., Tyler; KRLD, 1040 kc., Dallas.

### Presbyterian Rally Attended by 146

Attending the quarterly rally of the Presbyterian Young People of District 2, held in Big Spring on Sunday, December 11, were one hundred and forty-six representatives from Odessa, Midland, Big Spring, Colorado, and Coahoma. The meeting was held in the First Presbyterian church of Big Spring. Louis Rochester of Odessa, District Chairman, was in charge of the program which had as its theme, "Christ—Everything, Everywhere."

The rally was opened with a period of song service led by Mrs. John Evans of Odessa, these numbers including the Young People's theme song, "In Christ there is no East or West," "Silent Night," and "Joy to the World." An anthem "Mercies of the Lord," was presented by the choir of Odessa.

Charles Talbott of Big Spring gave the welcome address, and the response was given by Mezzie Reed of Coahoma. The program given was as follows:

Introduction of representatives. Scripture reading, Luke 2—Elsia May Echols, Coahoma.

A Christmas Story, "The Fourth Wise Man" — Bazell McQuerry, Colorado.

Marionette Plays, "The Little Match Girl" and "The Guest Arrives," by Miss Judy Ann Stevens and her school class from Odessa.

Message from Rev. Raymond Partlow of Lubbock.

Message from Mary Lena Barriok, Vice-President of Young People of El Paso Presbytery.

Inspirational Address — Mrs. J. H. Greene of the Big Spring chamber of commerce.

During the business session which followed the program, two new officers of the district were elected and were as follows—Assistant Chairman of District 2, Mary Jane Aycock of Colorado, and Secretary-Treasurer, Myra Brown also of Colorado. At this time the attendance prize of two silver candle holders were awarded to Odessa who had sixty-four present at the meeting. These were presented to Mrs. Thomas D. Murphy, adult advisor of the group, and Loraing McClure, President.

Following the benediction, a refreshment course was served by the Ladies Auxiliary of the Big Spring church.

### Dickens County Sets Some Kind of Record

DICKENS—Dickens county with a population slightly less than 9,000, believes it has some sort of record in supplying Texas colleges with presidents and professors.

Clifford E. Jones, recently chosen president of Texas Technological college at Lubbock, was a resident of Spur 27 years. Three members of Texas Tech faculty, Raleigh Middleton, W. E. Street and Haskell Taylor, are former residents of this county.

Lam Sone, president of Texas Wesleyan college at Fort Worth, was born in Dickens and lived here several years when his father was a teacher in the Dickens public schools.

Worms may be found inside nuts whose shells have no visible holes. The hole, through which the parent insect deposits her eggs, is bored while the nut is small, and closes up as the nut grows larger.

### Al Capone Is Given Bill for \$57,000

CHICAGO Dec. 15 (AP)—The government sent a bill for \$57,692.29 to Al Capone Wednesday.

The sum included a \$50,000 fine Capone hasn't paid and \$7,692.29 court costs of his income tax evasion case still on the books of the federal district court here.

Chris Gunther, deputy clerk, figured up the total for a reply to Warden J. A. Johnson of Alcatraz Island prison from which Capone is scheduled for release Jan. 19.

**Cattle Outlook for State Said Better**  
**COLLEGE STATION**—The cattle industry has started upon a period of moderate expansion that may continue for years, G. W. Barnes, animal husbandman of the Texas A. and M. College Extension Service, pointed out in discussing the long-time outlook for beef cattle released by the U. S. Department of Agriculture Bureau of Agricultural Economics.

"Cattle production operates in cycles," Barnes said. "The high point in cattle numbers was reached in 1934, and declined to the low point by January 1, 1938. This year will see cattle numbers increase about 1 percent, and apparently the increase in the new cycle has started."

"Barring recurrence of a series of drought years such as prevailed from 1934 to 1937 it seems fairly certain that cattle numbers will tend to expand for some years. The rate and extent of this increase cannot be predicted now, but it appears

## Smartness Is Rated Higher Than Beauty

**COLLEGE STATION**—Smartness is a greater asset to women than beauty, Mrs. Dora Barnes, clothing specialist of the Texas A. and M. College Extension Service, says.

"A woman does not have to be slender to be smart looking, but she does have to study herself and determine the lines designs, and colors best suited to her type," Mrs. Barnes said.

Women need not follow the latest fads to be modish, but should study the trend in styles and adapt them to their own personality and individuality, the clothing specialist pointed out.

"Adopt the style to your own figure," she advised. "The broad shoulder effect can be achieved by fullness in the sleeve or on the shoulder. Wear your dress the length that is most becoming to you."

"The upward trend is very prominent in dressing hair, but try doing your hair in different ways, then wear it the way that looks best. Don't get set in your ways—that gives age away more quickly than the year of your birth."

unlikely that cattle numbers will reach as high a peak in the present cycle as was reached early in 1934," Barnes pointed out that increasing numbers of cattle in the next few years will come largely from withholding cattle, mostly cows and calves, from slaughter. Supplies of hogs and hog slaughter are expected to expand rather sharply, and total meat supplies will be larger than the average of the past 4 years.

During 1939 it is expected that fewer cattle and calves will be slaughtered than in the present year, with the reduction chiefly in calves, cows, and heifers. With plentiful supplies of feed the finish and weights of cattle slaughtered will still be relatively high.

## Face That All England Loves

Gracie Fields, English comedienne, came to the United States on board the Normandie and promptly showed photographers what it is that makes her the highest paid comic actress in Great Britain.

**Texas Chairman For Jackson Day**  
 Marion S. Church of Dallas, prominent Texas attorney, has been appointed State Chairman for the Texas Jackson Day celebration for 1939. The state-wide Jackson Day dinner will be held in Dallas Saturday night, January 7, and Democrats from all sections of the state will attend. Announcement of the appointment of Mr. Church was made by State Democratic Chairman E. B. Germany, Mr. Church, who was born and reared in McKinney, Texas, is former president of the A. & M. alumni. He took his law degree at the University of Texas and later served as assistant district attorney and city attorney in Dallas. In the World War Mr. Church was lieutenant colonel of the Tenth Texas Infantry. A life-long Democrat, he has been for years active in the party's state and national organization. He has opened Jackson Day headquarters at the Hotel Adolphus.

### Bulldogs, Longhorns to Meet In Two Games Here Tonight

The Midland high school basketball team will get an opportunity tonight to gain a 500 average for the season when the Bulldogs tangle with the Big Spring Longhorns at the high school gymnasium here. The game will start at 8 o'clock, following one played by the second teams of both schools.

The Bulldogs have won one and lost two games to date—one of the losses being inflicted by Big Spring. The team defeated Monahans, then lost to Barnhart in the Rankin tournament last week, then lost a 14-8 decision to the Longhorns on Tuesday night in Big Spring.

The game tonight will offer the Bulldogs a chance for revenge and they are determined to get it. They blame their defeat of Tuesday night upon poor officiating more than upon inferior play by themselves. The game in the Howard county capital was a slam-bang affair with the heavier Longhorns having the best of the rough stuff.

The Bulldogs offense, far from being the smooth working kind that coach Bob Meyer is working for, is showing improvement daily and the coach is optimistic over chances of coping several games.

So far, there has been too much individual play and not enough team work among the boys but this is expected to be straightened out by continued practice. Meanwhile, long practice sessions on both offense and defense are being indulged in daily.

The games tonight will be the first ever played in the gymnasium here and a large crowd is expected to be on hand when the first game starts at 7 o'clock.

North and south doors of the gym will be opened and tickets will be sold at both. Admission for adults will be 25 cents, 10 cents for school children.

All fire, no matter how small, discharge quantities of dust into the atmosphere.

### Football Fans Sure To See Good Game at Sun Carnival Jan. 2

EL PASO, Dec. 15. — With the acceptance of the University of Utah and the University of New Mexico to play the Southwestern Sun Bowl game in El Paso on January 2nd, football enthusiasts of the Southwest will have an opportunity to see probably the fastest game ever to be played in this territory. The ball game will be the grand finale of almost a week of celebration between Christmas and New Year's. The program for the events follows:

December 29—El Paso Symphony Orchestra Concert—8:00 p. m.  
December 30—Army Day—10:00 a. m. to 2:00 p. m.  
Presentation of Sun Princesses and Coronation of Sun Queen—9:00 p. m.  
December 31—Old Timers Day—10:00 a. m. to 5 p. m. Pan-Clave Luncheon—12:00 noon. Square Dance Contest—8:00 p. m. to 11 p. m.  
January 1—Sunday.  
January 2—Sun Parade—10:00 a. m. Sun Bowl Game—2:00 p. m.

Side line seats will be sold for \$3.30 and \$2.20. End zone seats are \$1.10.

A reasonable block of good side line seats has been held for Southwestern cities. Those wishing to secure such seats should write Sun Bowl Ticket Office early as the blocks of seats cannot be held long after there is a strong local demand.

### Comedian Sets Gag Golf Mark In Hollywood

During the filming of "Thanks For The Memory," Paramount's hilarious comedy of newlyweds which will be shown at the Yucca Theatre beginning Friday, comedian Bob Hope confounded the film colony with one of the best golf gags in years.

Bob who plays at the Lakeside Country Club, ranks with the club champion, Bing Crosby, and is so good that he usually shoots in the low seventies. One day Bob bet several skeptical members of the club that he could shoot ten rounds of golf in one day. They were just as certain that he couldn't.

Came the day of the test, and Bob appeared at the first tee with eleven caddies and sack of one hundred golf balls. With a gallery that included such golfing and screen notables as John (Iron Man) Montague and George Von Elm, Adolphe Menjou and Jack Whiting, Bob Hope drove ten balls off the first tee. After he had hit each ball, a caddy sped away after it. The remaining caddy carried Bob's clubs. Bob slammed through nine holes in the morning, and nine more in the early afternoon. Shirley Ross, who is playing opposite Bob in "Thanks For The Memory," acted as scorekeeper while George Archainbaud, director of the picture, performed the duties of "referee."

Bob shot with the ten balls two 78's, three 79's, four 80's and one 82. In addition, he bagged a goodly share of birds and eagles. Bob didn't try to break the world's marathon golf record because of his unorthodox method of playing that number of holes. And he didn't cash in on the wagers—he laughingly remitted them at the first tee!

### Rural Schools

#### VALLEY VIEW

A three-act comedy, "Adorable," will be presented at Valley View schoolhouse Friday night, Dec. 16, school officials have announced. The new curtain and stage fixtures will be used for the first time in this production.

No admission will be charged and the public is invited to be present.

A special invitation to attend has been extended to those who have been invited to the schoolhouse. Following is the cast of the play: John B. Stoddard, owner of the Stoddard Advertising Agency—Willis Brunson.

Mrs. Vera Hanna, his sister—Marie Lettwich.  
Ruth Hanna, his niece—Bonnell Brunson.  
Ruth Noble, his secretary—Lodell Vest.  
Betsy, Bogart, on his advertising staff—Thelma Barnett.  
Alex Cameron, his "high pressure" salesman—Kelsey Lewellen.  
Ray Norton, a young mining expert—Kenneth Bartlett.  
Jimmie Hester, his friend—Eugene Jones.

The school will have a Christmas program Friday night, Dec. 23, and there will be a community Christmas tree, Saturday night, Dec. 24.

### Oil News--

CONTINUED FROM PAGE ONE

bottomed at 3,397 feet in anhydrite. It had increased in gas at 3,160-70. An innovation in treating wells in the Yoakum area was a 600-gallon shot of kerosene given Shell No. 6 Mrs. Dora Roberts, in the Roberts area west of the Denver field, preliminary to a 1,500-gallon injection of acid. The acid was allowed to stand for one hour, and operators now are unloading hole. The well, bottomed at 5,180 feet in lime, flowed 268 barrels in 18 hours on natural test.

Crane Ordovician Test. Gulf No. 9, Waddell, Ordovician test in the Sandhills pool of western Crane, gauged 22,800,000 cubic feet of gas shortly after hole was unloaded at 5,956 feet. Two hours later, gas had decreased to 14,740,000 feet. The first hour of test, the well produced 6.82 barrels of distillate, and the second hour 5.46 barrels. After killing flow, it was cored ten feet deeper to 5,966, present depth, recovering six feet of slightly fractured Ellenburger dolomite. Operators now are displacing mud with clear water preparatory to unloading hole for another test.

George T. Abell No. 1 Baldwin State, in northern Pecos, is drilling at 1,020 feet in salt.

'Shuck Worm' Chief Danger to Pecans. PORT ARTHUR (AP)—The most dangerous enemy of Southeast Texas pecan crops is the "shuck worm," a tiny, cream-colored bug that is usually difficult to destroy, says George M. Craig, banker and amateur entomologist of Port Arthur.

Eating into the outer hull the worms cause pecans to fall prematurely, Craig says, leaving the nuts green and stunted. If they are permitted to live, the worms will develop a moth in the spring which will lay from 60 to 100 eggs under pecan leaves.

Complete burning of all shucks and twigs is the only way to exterminate the worm, Craig learned, and even this is not effective unless carried out over large areas.

Claimant Loses in Suit for Park Site. JEFFERSON (AP)—Charles G. Gribble of Pennsylvania lost his suit for title to the old Confederate Park here, the title going to the city of Jefferson on grounds of adverse possession.

The opinion was given by Chief Justice W. P. Leslie of Eastland where the case was transferred from the court of civil appeals at Texarkana.

Gribble's suit, based on claim that original title to the land, which was bought by the United Daughters of the Confederacy from E. W. Taylor and Helen Smith, was owned by him and other plaintiffs in the case, was tried in 1937 in district court in Jefferson and Judge Hicks Harvey rendered a decision favoring the defendants.

The land, located on Broadway and Line streets, was bought for the park in 1907 and was used for that purpose until 1933 when the United Daughters of the Confederacy decided it to the city of Jefferson.

FATHER IS GUEST. H. T. Hodge of Abilene is the guest of his son, J. Howard Hodge, and Mrs. Hodge here. The Abilene man is looking after his theatre interests in West Texas.

TO EASTLAND FOR CHRISTMAS. Mrs. Geo. Bennett and baby will leave this weekend for Eastland to visit her parents, Mr. and Mrs. J. A. Beard, during Christmas.

VISITING HERE. Mr. and Mrs. Sam Cummings, former residents of Midland, are visiting here from Fort Worth.

HAS OPERATION. Mrs. Paul Jackson underwent an operation in a Midland hospital today. She was reported doing well early this afternoon.

### Mexico Negotiates With Japan for the Sale of Surplus Oil

MEXICO CITY, Dec. 15. (AP)—Mexico was reliably reported Wednesday to be negotiating a \$1,000,000 barter oil deal to find foreign markets for her wells appropriated from foreign companies March 18.

While it was denied at the government petroleum department a deal was pending other sources said negotiations had been underway for weeks on a basis that would provide Japan with \$1,000,000 worth of oil annually.

An executive of the petroleum department admitted Mexico had sold Japan three shipments of 100,000 barrels each "some time ago" for cash and exchange of beans and other Japanese products.

Negotiations for further trade had not been concluded, it was said, because of inability of the two governments to agree upon the cash payments.

Common Sense About Constipation. A doctor would tell you that the best thing to do with any ailment is to get at its cause. If you're constipated, don't fiddle with make-shift remedies. Find out what's giving you the trouble!

Chances are you won't have to look very far if you eat just the things most people do. Most likely you don't get enough "bulk" and "bulk" doesn't mean just a lot of food. It means a kind of food that isn't consumed in the body, but leaves a soft "bulky" mass in the intestines and helps a bowel movement.

If this is what you lack, your ticket is crisp, crunchy Kellogg's All-Bran for breakfast. It contains the "bulk" you need plus the intestinal tonic, vitamin B—and it's not a drug, not a medicine!

Eat All-Bran every day, drink plenty of water, and join the "regulars" in taking up Kellogg's in Battle Creek. Sold by every grocer.

Japan desires to trade artificial silk, beans, celluloid products, toys and novelties for most of the oil. Mexico has disposed of part of her oil to two "totalitarian" nations, Germany and Italy.

### Kiwanis Head Will Take Office Jan. 1

CHICAGO. (AP)—G. Curtis Clark of Corpus Christi, governor-elect of the Texas-Oklahoma Kiwanis district, nine lieutenant governors and fifteen committee chairmen will take office Jan. 1, Kiwanis International headquarters here announced.

Clark has been a Kiwanian since 1922, was president of the Corpus

Christi club in 1928, and served as a lieutenant governor for the Texas-Oklahoma district in 1930. He was elected at a district convention at Ardmore last October.

The Texas lieutenant governors for 1939 are: Rev. Tom J. Wilbanks of Texarkana; E. Richard Criss of Harlingen; Karl D. Schwartz of Beaumont; J. Oliver Shannon of Fort Worth, and Erwin C. Ochsner of Amarillo.

In the Texas-Oklahoma district are 112 Kiwanis clubs with 5,560 members, Clark said.

Robert O. Wilson of Ponca City, Okla., 1938 governor who ends his administration this month will be an ex-officio member of the district board of trustees for 1939.

Lieutenant governors in Texas

who end their terms this month are Raymond Robbins of Athens, Clinton R. Holomon of Corpus Christi, Walter F. Woodul of Houston, Paul L. Pearson of Wichita Falls, and W. A. Williams, Vega.

H. G. Hatfield of Oklahoma City is president of Kiwanis International.
