

Neville Asks "Others" Keep Peace

EXPECT HITLER TO ASK FOR COLONIES

BERLIN, Jan. 28 (AP).—A fascist grand council member's address linking German and Italian territorial demands was interpreted today as Premier Mussolini's "go ahead" signal to Chancellor Hitler to outline concrete Nazi colonial ambitions before the German reichstag Monday.

Roberto Farinacci, speaking in Munich last night, declared "international Jewry is preparing for a counter-attack," warned Italy and Germany were willing to take up the gauntlet for we are united and strong," envisaged realization of German colonial aspirations as a consequence of the peace at Munich.

No More Hookey

He lauded Mussolini as having prevented war because "he supported inalienable rights of Germany, Poland and Hungary" (which were given parts of Czechoslovakia by the Munich conference on Sept. 29 and the Vienna conference of Nov. 2.)

Farinacci ridiculed assertions former German colonies had no economic value and said the powers holding post-war mandates over them "were so saturated that they did not trouble to exploit the natural resources of their mandates."

He maintained that Tunisia (French North African protectorate, menaced Italy and that "Djibouti under French rule is to Italy what Hamburg under foreign rule would be to Germany."

Djibouti is the Gulf of Aden terminus of the railroad to Italian Ethiopia. Hamburg is a North German port.

Propaganda Minister Paul Joseph Goebbels told Germans, meanwhile, to toast a "Germany arisen again" on Monday when the Nazis celebrate the sixth anniversary of their rise to power.

Another aspect of the international situation, which informed persons believed might influence Hitler's speech Monday night, was the belief in responsible quarters that Poland has declined to hitch her wagon to the Nazi star—said to be the main result of talks of Polish Foreign Minister Joseph Beck with Hitler at Berchtesgaden Jan. 5 and of German Foreign Minister Joachim von Ribbentrop during a visit to Warsaw which ended yesterday.

Over Thousand Poll Taxes Paid; Only 2 Days Left Voters

A pasted by tax payers within the span few days here has caused the total of paid poll taxes to reach 1,044, it was reported Saturday at the office of the tax collector.

Pointing out that only two days remain in which to pay poll taxes, officials urged all citizens to make their payments as soon as possible Monday and Tuesday. Persons failing to pay their property taxes before Wednesday will have a penalty attached when payment is made.

Although 1939 is considered an "off" year because of no state elections, there will be a mayor, city marshal, city secretary and three aldermen elected in Midland. Also, it is considered highly probable voters will be given an opportunity to vote on one or more amendments to the state constitution—possibly the O'Daniel transactions tax proposal or one similar to it.

City Secretary J. C. Hudman pointed out Saturday that all persons desiring their name on the ballot for election as city officials must file with him before March 14, date absentee balloting is to start. To date, only one candidate has filed but several others are expected within a few days.

Funeral Services Are Held for Baby

Funeral services were held at the Ellis Funeral Home Saturday afternoon at three o'clock for Charles Scott Stringer, eight-month-old son of Mr. and Mrs. L. A. Stringer, who succumbed in a local hospital of pneumonia early Friday night.

Funeral services were in charge of Rev. O. W. Stubblefield. Interment rites were conducted at Fairview cemetery.

HERE FROM CLOVIS.

Mr. and Mrs. Bob Wakefield of Clovis arrived Saturday afternoon for a visit with Mr. and Mrs. Robert S. Dewey. They were accompanied by Mrs. W. H. Spaulding, Jr. and son, Barron, who are visiting her mother, Mrs. J. H. Barron.

Insurgent Advance Is Continued

Refugees Are Given Aid by French on Spanish Border

PERPIGNAN, France — (At The Spanish Frontier)—Jan. 28. (P) — French officials geared their relief machine today to accommodate a limited number of hungry, bewildered Catalan refugees fleeing from the Spanish insurgents who pounded their way northward from Barcelona.

Generalissimo Francisco Franco's troops, tanks and planes, meanwhile, pressed their campaign in the area north of Barcelona, capturing villages and positions along both the coastal highway to Cerbere and the inland road to Puigcerda, important frontier towns.

Insurgent dispatches said General Juan Yague's Moorish column was moving on the coastal town of Arroyo de Mar, 20 miles northeast of Barcelona.

Planes prepared the way with heavy bombardments of villages, railroads and communications.

Sabadell, the first big station on the electric lines between Barcelona and Puigcerda, fell to the insurgents yesterday. Advance units reported pushing into the outskirts of Granollers. Sabadell is about 10 miles northwest of the fallen government capital and Granollers is about 14 miles north of Barcelona.

Farther inland on the diagonal road between Maressa and Solsona, insurgent columns took the potassium mining center of Suria, and occupied two other villages: Ares to the east, and Cardona, to the west.

Government dispatches reported that despite insurgent bombardments their armies were falling back in good order and resisting to the full extent of their ability and ammunition.

Government army corps, however, were separated and were said to be without communications. The chief aims of the commanders apparently were:

1—To gain time for scattered government officials in Gerona province to resume their functions and prepare for a new stand against Franco.

2—To hold off the insurgents until munitions manufacturing equipment, transported to the north piece by piece, could be set up in towns near the French frontier and begin supplying badly needed shells and bullets.

'Human Torch' Made Of Plumber, Man to Face Murder Charge

CLIFFSIDE PARK, N. J., Jan. 28 (P).—Anthony Mazur, who police chief Frank Borrell said made a "human torch" of John Scullion, plumber, was in a psychopathic ward today as prosecutor John Breslin said a charge of murder would be preferred against him.

Borrell said Mazure summoned Scullion last night, ostensibly to figure on a plumbing job, apparently hit him on the head, poured turpentine over him and set him afire.

Students Urged To Enroll in Extension Classes

Second semester work in the extension classes from Howard Payne college now being conducted in Midland is expected to open next Saturday, Feb. 4.

All those interested in entering the classes are urged to be present at the opening meeting in the Baptist church at 8 o'clock on that day. An insufficient number of students, it is feared, would mean the dissolution of the classes now in their second year here.

"History of Texas" and "Social Psychology" are the subjects tentatively selected for teaching the second semester. However, if a majority of students enrolls, there are some other subjects, their choice will be taught, it is understood.

In the "Social Psychology" course, college credit may be obtained in either sociology or psychology.

If students desire to enroll in a course for cultural value rather than for college credit, enrollment fees will be smaller than where college credit is desired.

Professor William McDavid and his mother, Mrs. McDavid, of Howard Payne, are teaching the classes. Courses completed during the first semester just ended were "History of the English Language" and "Advanced Education."

Widely Known Oil Man, Sportsman Leaves for New Houston Connection

One of Midland's leading oil men and outstanding civic workers is leaving with his family today, for Houston, to form a new connection in the oil business.

W. T. (Doc) Doherty, former division superintendent of the Humble Oil and Refining Co., and Mrs. Doherty and their daughter, Diane, announced late Saturday that they are leaving at once for Houston where he will form a partnership with Robert Welch, widely known operator on the Gulf Coast, to begin development of large holdings which must be drilled at once.

Mr. Doherty recently resigned his post with the Humble after having been with the company for sixteen years and had intended engaging in independent operations in the Permian Basin, but the proposition offered by Welch was "too good to turn down," he said. He indicated that later they would acquire acreage in this section and that he expected to be here frequently.

Moving to Midland three years ago to become Humble's superintendent in the West Texas division, Mr. Doherty had served as petroleum engineer for the company at Houston and formerly as Gulf Coast division superintendent.

In Midland he had been active in civic affairs, was vice-president of the chamber of commerce, head of the publicity department of the Mid-

Re-Election as City Marshal Is Asked by A. J. (Andy) Norwood

Announcement was made Saturday by City Marshal A. J. (Andy) Norwood of his candidacy for re-election to the office, subject to the results of the city election, April 4.

Norwood, now serving his second term in the office, is a veteran peace officer of this area, having held various other enforcement posts before being elected to the office.

In announcing his candidacy, Norwood said that his platform was his record in the office. He pointed out that crime in Midland was at a minimum and ascribed this in part to the vigilant work done by city officers.

If re-elected, Norwood said, he would continue strict enforcement of the law at all times regardless of the offenders.

DOING WELL.

Mary Jo, small daughter of Mr. and Mrs. W. F. Hejl, was reported Saturday to be doing well. She is receiving treatment in a Midland hospital for injuries sustained in a fall from a car.

Midland Fair Committees for 1939 Announced by President Scharbauer

Standing committees of Midland Fair, Inc. for the year 1939 were announced Saturday by Clarence Scharbauer, president, indicating possibility of more activities and a well rounded program at the \$60,000 plant during the year.

Dates already have been set for the annual Midland Rodeo, scheduled for September 2, 3 and 4, and the committee, reappointed with the same personnel as on last year, was instructed to go forward booking attractions, contracting for stock and "getting ready" as occasions arise.

Although no vote has yet been taken toward staging a cattle show and sale or an agricultural fair, committees were named for such events, indicating possibility of the shows next fall.

Complete list of committees follows:

RODEO: Foy Proctor, chairman, Roy Parks, John Dublin, Leonard Proctor and Donald Hunt.

Concepcion Before Death and Ruin Struck

Picturesque Concepcion, above, was among hardest hit cities in Chilean earthquake area. Authorities estimated at least 3000 dead in this city. Photo shows business section of the town, which lies in the rich agricultural and mining region of south-central Chile.

EVACUATION OF CHILLAN STARTS

Approximate Total Of Casualties Not Known by Officials

SANTIAGO, Chile, Jan. 28 (P).—Fifty large trucks and buses loaded with supplies and 50 field kitchens were dispatched today to Chillan to begin general evacuation of the city where between 4,000 and 11,000 persons are estimated to have perished in an earthquake Tuesday night.

Arturo Natho, secretary to the interior ministry, said he believed it would be necessary to remove the entire population of Chillan and four other towns—Bulnes, Parral, San Carlos and Cauquense—and rebuild the towns entirely. They were hardest hit by the quake which shook an area of 18,750 square miles in southern Chile.

"We are still unable even to estimate an approximate total of the number of casualties," Natho said as the Chilean government struggled with the problems of hunger, disease, burial of the dead, medical aid for the injured, profiteering, crippled communications and water supplies.

To prevent speculation in prices of food and coffins, the government decreed that for an indefinite period prices must not be boosted above those prevalent the day before the earthquake.

Postal services, radio, telegraph lines and other forms of communication were placed under military control.

An Argentine medical corps of 13 doctors and 15 nurses, with two ambulances and a truckload of medical supplies, arrived at Los Andes.

United States Ambassador Norman Armour called at the foreign office to ask how the United States could help, was told that medical supplies and condensed milk were urgent needs.

Star Route to Haul Air Mail From Midland Given Approval

Culminating efforts of several months standing was the announcement Saturday by Postmaster Allen Tolbert of Midland that requests for improved air mail service for Midland and other points between Big Spring and Monahans had been granted. Tolbert having been advised by C. J. Taylor superintendent of Railway Mail Service, Fort Worth, that the Postal Department had approved the establishment of star route service for air mail between Monahans and Big Spring, the new service to become effective on next Wednesday, February 1.

Southwestern Greyhound Bus Lines, Inc., was designated as the carrier. The new service will not affect incoming mail, it was said.

Fight for improved air mail service was started here more than a year ago by Postmaster Tolbert and the Midland Chamber of Commerce, Richard Gile, geologist for the British American Oil Co., having been appointed chairman of the special air mail committee of the chamber of commerce. Support of other towns as far west as Pecos in the movement was secured several weeks ago.

Due to the fact that the local postmaster has been instructed to file a report at the end of February showing the number of air mail letters and postage thereon, it is felt that the improved service may perhaps be an experiment, and an effort will be made to have as much air mail as possible dispatched from here during the coming month to insure permanency of the service.

Showing appreciation for the new service, the local chamber of commerce today started making arrangements for a motorcade to follow the first lot of airmail, to Big Spring Wednesday afternoon. Chambers of Commerce and postmasters at Monahans, Odessa and Stanton have been asked to work up delegations from their towns, joining the bus as it comes through their respective towns and continuing on to the Big Spring air port where the Big Spring Chamber of Commerce will have a welcoming delegation on hand. Chairman Gile is in charge of local arrangements.

TALK SEEN AS PLEA TO ADOLF

BIRMINGHAM, Jan. 28 (AP).—Prime Minister Chamberlain called on "others" tonight to contribute to world peace in what was regarded as an invitation to Adolf Hitler to help appeasement when he addresses the reichstag Monday.

Chamberlain stressed Britain's growing strength for defense and told of international misgivings.

He likened his stand to that of President Roosevelt in his declaration of inevitable resistance to efforts to rule by force.

The speech, made before the Birmingham Jewelers Association, looked ahead to a critical week which may show plainly whether the world is moving to war or peace.

He paid tribute to Mussolini's aid in bringing peace out of the September war scare by saying "without his cooperation I do not believe peace could have been saved." His only reference to Hitler was in mention of the British-German peace declaration signed at Munich.

After noting the desire of British, French, Italian and German peoples to live at peace, Chamberlain added: "I do not exclude the possibility these feelings of the people may not always be shared by their governments and I recognize that it is with the governments and not the peoples that we have to deal."

He took up point by point progress in rearmament, for the year ending March 31, and said Britain will have added 60 ships to her navy.

"Last September, as everyone knows, certain deficiencies were disclosed in our anti-aircraft defense, now, he added, "our position is improved, not only as regards an increase of guns and accessories but also in organization for directing and manning them."

He said 100,000 tons of steel had been ordered for air-raid shelters, to be distributed in a few weeks. He also described evacuation plans for the larger cities in case of air raids and said a comprehensive survey for protection accommodations for mothers and children was underway.

Army Officer Who Established Air Base Here Visits

Major Frank D. Gore, who spent much time at Midland ten years ago establishing the army air base station at Sloan field, stopped at Midland last night, accompanied by a staff of air corps officers, having turned back from Guadalupe Pass because of high winds and rough weather.

With Major Gore were Major Elmer Asler, Major Earl Harper and Captain Wolfe Paul, with two enlisted men on route from Maxwell Field, Ala., to Hamilton Field, Calif., with a new Douglas B-18 army bomber.

At an altitude of 13,000 feet, late Saturday, the wind had a velocity of 94 miles per hour.

Major Adler is a brother of Mrs. Tom Flood, former Midland woman, who with her husband, moved to Houston about two years ago.

Major Gore visited several friends here late Saturday, including Clarence Scharbauer with whom he was associated during establishment of the army air base here.

Chamberlain Shakes Up Cabinet to Put Drive in Ministeries

LONDON, Jan. 28 (P) — Prime Minister Chamberlain shook up his cabinet today to put new drive in to the defense and agriculture ministries—both vital to Britain's ability to wage war—at a time of heightening European tension.

Admiral of the Fleet Lord Chatfield, one of the key figures in Britain's vast naval rearmament program, was brought into the cabinet as minister for coordination of defense.

He replaced Sir Thomas Inskip, who had held the post since March 13, 1936. Sir Thomas took the dominions portfolio which Malcolm MacDonald had been holding along with the secretaryship of colonies.

W. S. Morrison, who like Sir Thomas has been a constant target of criticism moves from the ministry of agriculture to become chancellor of the Duchy of Lancaster.

Major Sir Reginald Hugh Dorman-Smith, former president of the National Farmers' union and a retired farmer, replaced Morrison.

The aristocratic Earl Winterton was demoted from the chancellorship of the Duchy of Lancaster to the post of paymaster general. He lost his seat in the cabinet and will receive no pay in his new position.

The Earl of Munster was named parliamentary undersecretary of war, replacing Lord Strathcona and Mount Royal.

Lod Strathcona's departure indicated War Minister Leslie Hore-Belisha still retained Chamberlain's confidence despite attacks on his alleged delay in equipping Britain for war.

Final Returns Show Only 1490 Bales of Cotton for County

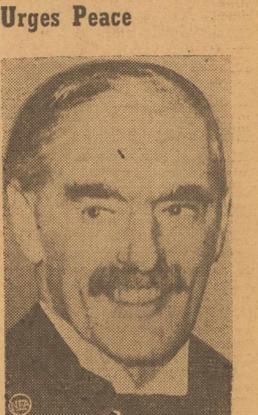

Midland county farmers ginned only about 20 per cent as many bales of cotton during the past year as during 1937, official reports from all gins Saturday showed.

During 1938 only 1,498 bales were ginned, compared to 7,327 bales in 1937. Several factors contributed to the low crop, a drought early in the year being the chief one. Rain did not fall over most of the county until it was too late in the year for planting, thereby depriving many farmers of planting opportunities.

Although only 1,498 bales were ginned in the county during the last season, many farmers living in the southeastern part of the county carried their cotton to Stanton for ginning, thereby saving several miles.

The record January rains this year have caused farmers to be optimistic over chances of a cotton crop this year, belief being widespread that the drought of last year is completely broken.

The Farmers' Cooperative gin showed 707 bales ginned to date. The Sweetwater Cotton Oil Company had 203 bales and the Midland Cooperative Marketing association had a total of 593 bales ginned.

State Representative Giving Good Account of Himself

Beginning his first term as representative of the eighty-eighth district, James H. Goodman has given a good account of himself thus far in the forty-sixth legislature. He has been placed on the following committees: oil, gas and mining; livestock and stock raising, highways and motor traffic, public lands and buildings, and military affairs.

Any of the above branches of legislative work provides room for service to Judge Goodman's particular district and he can be counted on to serve his constituents to the best of his ability.

The representative has been aiding Senator Nelson Lubbock in efforts to get an appropriation of \$275,000 to equip and maintain the new hospital for insane at Big Spring, to cover the period to September 1, 1939.

He has been attentive to the bill submitted, asking a new court district affecting counties of Andrews, Crane, Ector, Midland and Martin which would create a different district to include Howard, Glasscock, Borden and Garza. The revision, Goodman declares, would relieve Ward and Winkler to the west and Gaines and Yoakum to the north, giving quicker action to dockets which now are six months behind.

Judge Goodman points out that he is representative from a district which should be entitled to three legislators. His activity, however, indicates that he will fill the three-man job admirably.

SO THEY SAY

Pull Your Town Together

(An editorial from the Rotarian Magazine.)

This is true about neighbors the world around; you get along with them or you don't get along with them. Sometimes the fact that they are new to the community or that they are of a different race or nationality rears an invisible barrier between you which seems unsurmountable. Yet this great wall—since it is one we ourselves build—is one which we can break through.

Look at your neighbor—even if he lives on the other side of town. Perhaps his name is unpronounceable, his language incomprehensible, his customs inexplicable, yet he is more like you than he is unlike you. If you hear him sing, or see him dance, or watch him work at his hobby, you will find he has something to contribute to the enrichment of community life. By sharing your cultural heritages, you and he—despite different social or racial backgrounds—can learn to live happily and harmoniously together, eventually helping to develop new and outstanding centers of thought and art.

Civic-minded bodies, as Louis Adamic says, have done and can do much to bring together different national or racial groups in any community—in the New World or Old World. Members of these groups can become good neighbors, cross each other's thresholds, enjoy each other's fellowship at festivals, programs, exhibits, and other activities in which all can take part. They can help each other to adjust to social or economic changes affecting them. Differences which once loomed large disappear when people of different backgrounds discover how much they have in common. What they need is a chance to discover this fact for themselves.

Texas Today

DALLAS, Texas, Jan. 28. (AP).—The new federal prison for women being constructed near Seagoville, will look more like a friendly college campus than an iron barred

penitentiary for Uncle Sam's erring nieces, architects plans indicate.

An eight foot iron fence to surround the 200-acre site apparently will be the only evidence to observers of enforced discipline. There will be no iron window bars, but ornamental grill work will effectively restrain escape attempts.

The Town Quack

too much for the child—it breaks down self-reliance and spoils the youngun.

Jim Kelly, Stanton editor, gives his naive comment:

Well, Governor O'Daniel has submitted to the legislature his proposition to raise the funds to pay the old age pension fund. It's called the transactions tax, which means every time you buy or sell something you pay a tax on the transaction. Taxes now cover about everything from the pig's tail to his squeal, and with a sweeping tax measure in force as the "transactions tax," looks to us there might not be business to transact. As to inventing a proposition whereby no individual would be passed up in paying a tax, the "transactions tax" would get the job done. Even somebody would have paid the tax on the tin can tied to the dog's tail.

Editor Chas. Bisbee of the Wink Times-Herald sees it this way:

While it's probably that the majority of the people in Texas would not mind paying an outright sales tax to care for the old age pensions, it's not likely that when they find out just what the transactions tax advocated by Governor O'Daniel means, they'll fall for it. When a politician promises you anything you may just as well make up your mind that you'll pay for it if you get it. The difference between O'Daniel and Robin Hood is that Robin Hood robbed from the rich to give to the poor while the transactions tax will rob the poor to pay the poor.

It's always a matter of pride to have any of my copy recognized by State Press of the Dallas News. He probably was on the lookout for comments by editors on O'Daniel's transactions tax proposal, so he picked up what I said about thinking it would tend to slow up trading. And he added his own opinions, as follows:

Mr. O'Daniel in his campaign promised increase pensions. He has proposed a plan whereby to raise the pension money he promised. It isn't a good plan. It would raise the cost of living so high some of us would grow dizzy every time we passed a grocery store. But he promised as a candidate and now proposes as Governor. The bee can't be put on his back. In declining to pass the tax legislation proposed by the Governor the Legislature probably will try to originate another measure, one less drastic. Tax sources have been pretty well drained already, so it appears that only a sales tax will fetch in new money of any size. The people will resent any sort of sales tax, but if big expenses are to be met big taxes must be collected. The old days were simple days, and simple days were pleasant. At least they seem so in retrospect. A government which tries to do too much for the people is like a parent who tries to do

Death Sector of Highway 80 From Pecos to Big Spring Lowers Rate

AUSTIN, Jan. 28.—Unrelenting traffic enforcement along "death corridors" produced favorable results in 1938, Homer Garrison Jr., state safety director, announced today after reviewing fatal crash reports. Studies of 19 Texas highways on which fatal collisions most frequently occurred in 1937 revealed that 315 persons had lost their lives at the various locations. Highway patrolmen were concentrated along sections of these highways with instructions to guard against speeders and reckless drivers.

During the past year these "death corridors" became comparatively safe highways while the death rate was reduced over 57 per cent. Where before the rate had been 315 persons, in 1938 it dropped to 134.

Texas is the only state that is known to depend almost entirely upon this type of selective enforcement as a means of reducing traffic crashes.

"Our experiment has proved conclusively that firm enforcement at strategic crash points," Garrison said, "is necessary in order to bring to Texas a lowered death rate."

The following table shows the highway locations and traffic death reductions last year:

Designated Area	Highway	1937 Fatalities	1938 Fatalities	Reduction
Dallas to Fort Worth	US 80	24	4	20
San Antonio-San Marcos	US 81	23	12	11
Georgetown to Troy	US 81	19	8	11
Wichita Falls to Vernon	US 67	14	5	9
El Paso to Sierra Blanca	US 370	13	1	9
Rosenberg to Houston	US 90	11	4	7
Dayton to Nome	US 90	12	3	9
Clyde to Baird	US 80	7	0	7
Boerne to Kerrville	US 290	6	0	6
Houston to Dallas	US 75	34	30	4
Four Valley Counties	US 281	68	34	34
Pecos to Big Spring	US 80	32	23	9
Jacksonville to Palestine	SH 43	7	3	4
Texarkana to Hughes Spring	SH 47	7	3	4
Corrigan to Lufkin	SH 35	4	0	4
Crosbyton—5 mile sec.	US 62	6	0	6

Brady—15 mile sec.	US 87	7	0	7

Percentage of reduction in high accident sectors on open highway, 57.46
Percentage of reduction in accident sectors of state totals, 11.31

A room for guards is provided for at the main entrance, but "No towers, walks or other places for armed lookouts appear to be included.

The hospital is to be for first offenders and apparently will be administered as a reformatory in which efforts will be centered on attempts to rehabilitate the inmates.

Though the atmosphere of forced restraint will be subdued, electric whips will make escape from a small crew of guards very difficult, it appears.

Interior doors of cells will be of iron and so wired that if any are opened at night an electric alarm is sounded. Electricity also is expected to play a part in other watchtowers that is not shown on these plans.

A well equipped school building, with a large auditorium and numerous class rooms is expected to play a large part in the prison plan for rehabilitation.

A well equipped hospital also is to be included. Since this prison is to be chiefly for first offenders and many of these will be narcotic addicts, it is expected that a large percentage of the prisoners will be placed there while going through the first pangs of breaking away from the habit.

The plans also indicate that wholesome employment will be provided as construction of a cannery and a shop building, which is expected to serve as some kind of a factory, are included.

Three dormitories, containing 364 rooms, are now under construction.

Midland Couple Wed in Candlelight Ceremony Read Saturday Evening

In a candlelight ceremony Saturday evening at 8 o'clock, Miss Vivian Smalley, daughter of Mrs. J. W. Smalley of Lufkin, Texas, and Boyd Woods, son of Mr. and Mrs. A. C. Woods, were married at the home of the bride's sister, Mrs. B. W. Reecer, 1001 W. Florida.

Standing before a face-covered altar table decked with clusters of lavender and white stock and yellow chrysanthemums and lighted by lavender candles, the couple repeated the vows of the single ring ceremony read by Rev. J. E. Pickering of the First Christian church.

The bride was given in marriage by her brother-in-law, B. W. Reecer. Mrs. Reecer attended her sister as matron of honor and Frank Willis was best man.

The bride wore a spring suit of bluish tan wool. Her accessories were in japonica shade and her flowers were a corsage of Talisman roses and baby's breath.

Mrs. Reecer was dressed in black with a corsage of lavender and white sweetpeas.

Following the ceremony, Mr. and Mrs. Reecer entertained with an informal reception.

The bride cut the three-tiered white wedding cake which was decorated with pink and lavender confection residuals and topped with miniature figures of a bride and groom.

Mrs. A. C. Woods poured coffee for guests.

Mr. and Mrs. Glenn Broadus of Amarillo, sister and brother-in-law of the bridegroom, were out-of-town guests for the wedding.

Others attending, besides those in the wedding party, were: Mr. and Mrs. A. C. Woods, Mr. and Mrs. G. B. Hallman, Miss Marguerite Bivens, J. H. Fine, Glenn Roberts, Miss Hazel Swink, Miss Lee Johnson.

Mrs. Woods is a graduate of Midland high school, having finished with the class of 1937. She is a member of Beta Sigma Phi sorority. She is employed in the offices of the Barnsdall Oil Company.

The bridegroom is a graduate of Amarillo high school and a former student at Amarillo Junior college. He is employed with the Service Drug store.

The couple will live here.

Belmont Bible Class Meets at Chansler Home

Mrs. R. Chansler, 605 W. Ohio, was hostess and Mrs. C. E. Nolia, co-hostess for Belmont Bible class in its study meeting Friday afternoon.

After Mrs. W. G. Ataway opened the meeting, Mrs. Herbert King presided at a short business session.

The meeting was then turned over to the teacher, Mrs. W. L. Fickett, who brought a lesson from chapters 4, 5, and 6 of Revelations.

Refreshments were served during the social hour which followed study to: Mmes. C. A. Travelstead, A. L. Gilbreth, Bill Wyche, J. C. Hudman, T. A. Cole, C. O. Fredregill, W. R. Ataway, W. L. Sutton, Herbert King, A. W. Lester, J. L. Kelly, W. W. Nelson Jr., R. D. Hudson, W. L. Fickett, C. G. Murray, R. L. Mitchell, J. V. Hobbs, and the hostesses.

Next Friday the group will meet with Mrs. H. D. Bruce at the Baptist parsonage on N Main street.

A program of music and readings will feature the afternoon. Mrs. Clayton Boring, accompanied at the piano by Mrs. Allen Tolbert, will sing two numbers, Kahn's "Ave Maria" and "Just for Today" by Blanche Sievers.

Mrs. W. T. Walsh will read James Russell Lowell's "The Vision of Sir Launfal".

Toya Chapple, small daughter of Dr. and Mrs. Jas. H. Chapple, attired in a native Panamanian costume, will sing a number in Spanish.

Tea will be served in the social hour following the program.

Women of the various churches of the town are invited to be present at the meeting.

Committees appointed by Mrs. C. C. Duffey of St. Anne's Altar Society are in charge of arrangements for the affair.

Children present were: Billy Post, Bobby Post, Martha Jo Post, Valda Dee Pigg, Billie LaJean Pigg, Caroline Reagle, Edward Reagle, Dianne Debnann, Stephen Lee Debnann, Patricia Zimmerman, Anita DeLoach, Dorothy Blackmon, Peggy Riley, Patsy Ann Charleston, Weldon Herman Hankley, Wanda Jo Hankley, Carol Casselman, Thelma Louise Lester, Joyce Lynch, Doris Lynch, LaJuan Dunlap, Rita Marie Dunlap, Betty Jo Greene, Betty Jean Dunlap, Shirley Ann Cooper, Toya Chapple, Royce Ray McKee, Barbara Ann Boring, Jean Ann Prekitt, Billy Jensen, John D. Jensen, Robert Hunter, Elmer Jo Thompson.

Decorations combined a spring theme with the Valentine motif. Indoor games were played and contests held.

At the refreshment hour candles were lighted on the sisters' decorated birthday cakes. On one cake, white candles were used in green holders and on the other green candles were used in white holders. Clever favors, consisting of wee tapers held in a gundrop base, suggested the Valentine season.

Refreshments were served to: The hostesses, Ann Usher, Betty Chansler, Betty Jo Greene, Marjorie Ward, Marie Ward, Virginia Lands, Lauragene Lands, Peggy Lands, Camilla Jane Crawford, Frances Hill, Ann Mason, Jo Ann Stanley, Patsy Jane Moore, Hazel King, Betty Jo Joplin, Margie Ann Truitt, Patsy Collins, Edith Rhea Collins, Elizabeth Ann Koopce, Betty June Raburn, Wanda Pearl Early, Louise Horliss, Wilma Vaughn, Betty Lee Hays, Jane Butler.

Mrs. H. S. Collings assisted Mrs. Eiland during the afternoon.

Mrs. Ramsey Named Reporter For Sewing Club

Mrs. C. W. Ramsey was elected reporter, succeeding Mrs. Ben Biggs, at the meeting of the Stitch and Chatter club with Mrs. Paul Hedges, 406 E Tennessee, Friday afternoon.

Seven members and one visitor were present.

A star quilt was pieced on. Refreshments were served to the visitor, Mrs. R. F. Hedges, and the following club members: Mmes. Chas. Ward, E. L. Reagan, L. M. Hedges, C. W. Ramsey, F. D. Reveau, Ben Biggs, and the hostess.

The club will meet next Friday with Mrs. E. L. Reagan, 211 E Kentucky.

Talk to Feature Hi-League Program

Mrs. W. F. Prothro, sponsor of the Hi-League of the Methodist church, has announced the following program for the regular Sunday evening service:

Song—"Take Time to Be Holy"
Prayer—
Talk—"The Youth Crusade"—Rev. W. C. Hinds
Song—
Benediction—

The Hi-League includes boys and girls of approximately high school age from 12 to 16 years.

Wanted! 100 men and women to eat our special breakfast at least once this week. Piggy Wiggy. (Adv.)

State President of Medical Auxiliary Is Guest Speaker at Luncheon Friday

Mrs. F. F. Kirby, state president of the Medical Auxiliary, was guest speaker at the regular monthly luncheon of the district Medical Auxiliary here Friday.

"How Doctors' Wives Can Help Promote Health Education" was the general subject of her address to the group which included physicians' wives from Big Spring, Sanatorium, Odessa, Kermit, and Midland, Mrs.

Hostesses for the luncheon in the Big Room of Hotel Scharbauer were Mrs. J. M. Devereux and Mrs. L. W. Leggett.

Covers were laid at the flower-decorated luncheon tables for 30 women including: Mrs. Kirby of Waco, Mmes. M. F. Bennett, J. E. Hogan, G. R. Hall, G. S. True of Big Spring, Mrs. H. R. McKaig of Gladewater (guest), Mrs. Henry R. Hoskins of Sanatorium, Mrs. Elbert Thornton of Odessa, Mrs. G. H. Wood of Big Spring, Mrs. W. A. Minsch of Sanatorium, Mrs. R. B. G. Kowper of Big Spring.

Mmes. J. H. Barganier, Bradford W. Miles and T. Hestand of Odessa, Dr. Rose Robinson and Mrs. W. H. McClure of Kermit, Mrs. L. R. Oakleaf Jr. of Kansas (guest), Mrs. E. V. Headlee of Odessa, Mrs. Frank Boyle of Big Spring, Mmes. V. Van Gieson, P. W. Malone, and Preston R. Sanders of Big Spring, Mmes. W. R. Ryan, J. M. Devereux, Jas. H. Chapple, W. G. Moore, Tom C. Bobo, and L. A. Absher of Midland.

Winners among the men were: E. G. Dill for high score among club husbands; Wood Taylor for second high; W. G. Ataway for low score; and Claude Donham for guest.

Travel prize was won by Mrs. Joe Dobson.

At the refreshment hour, party plates were rimmed with ruffles of red, white, and blue.

Present were: Mrs. Ed Jones, Mmes. and Messrs. Joe Dobson, R. L. Bailey, Wood Taylor, Harry Roberts, C. P. Pope, J. C. Webb, W. G. Ataway, E. G. Dill, the host and hostess, and the following guests: Mr. and Mrs. Robert King, Mr. and Mrs. R. L. Stewart, Mr. and Mrs. Claude Donham, of Lamesa.

Presbyterians to Hold Morning Prayer Service Series

In observance of the week of prayer and self-denial for foreign missions, the Presbyterian auxiliary will sponsor a series of morning prayer services at the church from Monday through Friday of this week.

Each morning's service will be open at 10 o'clock and will be in charge of a special leader. All auxiliary members are urged to attend and others interested are invited to be present.

Offerings for the foreign missions will be taken at the circle meetings during February.

Each morning's service will deal with the work of the Presbyterian church in some foreign country. The series was planned by Mrs. M. C. Osborn, secretary of foreign missions for the auxiliary.

Following are the subjects of the week of prayer and self-denial for foreign missions will be held at the Presbyterian church Monday morning at 10 o'clock. Mrs. K. S. Ferguson will be in charge of the service on the mission work in China.

Tuesday—"Korea", Mrs. R. L. Miller.

Wednesday—"Brazil", Mrs. J. M. Caldwell.

Thursday—"Africa", Mrs. A. P. Shirey.

Friday—"Japan and Mexico", Rev. W. J. Coleman.

Foreign missions in Korea will be the subject of the prayer service at the Presbyterian church Tuesday morning at 10 o'clock. Mrs. R. L. Miller will be in charge.

Midland county museum in the court house will be open Tuesday afternoon from 2:30 o'clock until 5. The public is invited.

Delphian chapter will hold its quarterly meeting at the home of Mrs. H. J. Kemler, 601 N. Loraine, Tuesday morning at 9:30 o'clock.

Women's Bible class will meet at the Church of Christ Tuesday afternoon at 2 o'clock.

Bridgette club will meet with Mrs. J. J. Kelly, 602 W. Kansas, Tuesday afternoon at 2:30 o'clock.

Mrs. J. M. Caldwell will be in charge of the morning prayer service at the Presbyterian church on Wednesday at 10 o'clock. The subject will be Brazilian missions.

Wonian's Wednesday club will meet with Mrs. J. M. Caldwell, 223 South H street, Wednesday afternoon at 3 o'clock.

Robyn Junior Music club will

Baptist Choir Honors Mr. and Mrs. Murph at Farewell Banquet

On Friday evening, members of the First Baptist church choir and their guests honored Choir Director Chase Murph and Mrs. Murph, who are leaving Monday to make their home at Altus, Oklahoma, with a turkey banquet served in the social hall of the church.

Dr. L. W. Leggett presided as toastmaster in humorous style, and Mrs. H. D. Bruce, Mmes. and Messrs. A. T. Donnelly, Joseph Mims, Robert Cox, C. G. Murray, Dr. and Mrs. L. A. Absher, Dr. and Mrs. L. W. Leggett, Mmes. and Messrs. Leonard Proctor, Pearl Blair, H. R. Braezeale, Ray Hyatt, Claude O. Crane, Langdon Tennis, Dr. and Mrs. W. L. Sutton, Mmes. and Messrs. A. B. Coleman, Fred Middleton, Dick Denham, Richard Gile, John Scrogin, J. C. Hudman, Percy Mims, Misses Edith Conyers, Lois Turner, Margaret Murry, Lou Nell Hudman, Jo Ann Proctor, Doris Lynn Pemberton, Esther Gustafson, Ernestine Watts, Mrs. E. F. Conner, Mrs. Jerry Phillips, Mrs. Houston Sikes, Mrs. Oran Collins, Jack Simpson, T. J. Inman, Ben Murray, A. T. Abbott, Wallace Wimberly, R. C. Ferguson, Fred Gordon Middleton, Leland Alredge, M. A. Armstrong.

Musical selections were presented by: Mrs. L. A. Absher, Mrs. Joseph Mims, Jo Ann Proctor, Margaret Murray, Dr. Leggett, Ray Hyatt, Wallace Wimberly, Chase Murph.

Informal talks of appreciation were made by various members. Rev. H. D. Bruce also expressed appreciation for Mr. Murph's work as director of the choir and Mrs. Murph's work as church secretary.

Table appointments were characterized by the use of red, white and green. Bowls of red and white sweetpeas and candles in red, white and green stressed the favored shades. Place cards bore the design of a lyre. Those for women were green and featured a drawing of the treble clef in music while those for men were red and pictured the bass clef.

Present were: The honorees, Rev. meet at the Watson studio, 210 W. Ohio, Wednesday afternoon at 3:30 o'clock.

Slam club will meet with Mrs. E. M. Bryan at the Tank Farm on Wednesday afternoon 2 o'clock.

Monahans Chooses Iowan, Kentuckian As Football Coaches

MONAHANS, January 28.—Roger F. Cundiff and Haven H. Hanscomb were appointed head football coach and assistant, respectively, in Monahans High School at a special meeting of the Board of Trustees yesterday afternoon.

These two men, whose combined coaching careers total 17 years and who have between them won 131 games and lost 17, come to Monahans High with records that could hardly be surpassed anywhere in the country.

They were selected from a long list of applicants which included three college coaches and several professional football players as well as high school coaches and college players from all over the state of Texas.

Cundiff who has been coaching for the past eight years at Lebanon High School in Kentucky, has won 82 games while losing 8, four of which losses have been by one point margins. His teams have met some of the toughest competition in the state and have more than held their own as the record discloses. Numbered among the victims of the Cundiff-coached machine at Lebanon High are the famed Danville Admirals and the Glasgow Scotties, top teams in any state.

Hanscomb From Dakota

Hanscomb, who will assist Mr. Cundiff, comes from South Dakota where in nine years his Platteau High teams have won 90 while losing 9 and being 9 with representative teams from his home state and Nebraska and Iowa as well. He has defeated such teams as Sioux Falls, South Dakota, and Cedar Rapids, Iowa.

Mr. Cundiff is a graduate of Kentucky Wesleyan College at Winchester, Kentucky. He was "All SIAA" end for two years and has had the pleasure of lugging the leather across some of the most closely guarded goal lines in the country.

He holds a Masters degree in Literature from the University of Michigan and has one of the highest teaching certificates issued in the state of Kentucky. His academic education also includes courses at Northwestern University and University of Kentucky.

Mr. Hanscomb has an A. B. degree from Hamline University in Minnesota where he played half-back for two years and holds several teaching certificates.

Both Mr. Cundiff and Mr. Hanscomb have studied football under some of the country's most famous coaches, including the late Knute Rockne, Robert Zuppke, Fritz Crisler, Lynn Walding and others.

Both men signed one year contracts. Mr. Cundiff will take over his duties on April 1 in time to hold spring practice and Mr. Hanscomb will begin his work on July 1.

Police Miss Target, To Face Suspension

WILMINGTON, Del. (UP)—In a target practice, at least one Wilmington policeman missed the target completely, and several others made unusually low scores.

As a result, the public safety directors have decreed that each policeman must either be a crack pistol shot, or face suspension from the force until he becomes one.

"It's dangerous to allow them on the streets with revolvers," said the president of the directors.

Flood Medals For Guards

HARRISBURG, Pa.—Pennsylvania's National Guardsmen who assisted during the floods of March, 1936, will be decorated with "emergency service medals," the military affairs department has announced. Award of the medals was authorized by the 1937 legislature.

Wanted! 100 men and women to eat our special breakfast at least once this week. Piggy Wiggy. (Adv.)

Church Steeple Crashes in Flames

Into the church interior crashes the flaming steeple of venerable St. John's Evangelical Protestant Church at Newport, Ky. Damage was estimated at \$75,000.

The PAYOFF

By JESS ROGERS

Taking the most important subject first:

We have had several letters from the Committee for the Celebration of the President's Birthday asking us to attempt to arrange some kind of a sports event here, with the money to go to the committee.

No worthy cause could be found for promoting some sports event. Profits realized would go half to the committee, half to remain in the county. All would be used in stamping out the dread infantile paralysis disease in the county. The disease has halted the career of more than one athlete and the movement to rid the country of the disease has justifiably earned support all over the nation.

Prior to this year, there has been a dance held here each year and the money donated to the fund. There is no dance scheduled this year, for some reason, and staging a sports program of some kind would give Midland a chance to do her part.

We know that any club in the Industrial League would be glad to appear on such a program. Also, most of the boys that appeared in the Golden Gloves tournament here would gladly go into the ring on the same card. Our suggestion is a basketball game between the high school team and some other well known team of this area, plus a half-dozen or so bouts between the Golden Gloves.

How about some suggestions on what kind of a program to offer? Surely something can be arranged in order for Midland to participate in a movement being observed all over the country.

Just what is going about keeping Midland in the WTNM League this year? Baseball more than paid its way here last year and was gaining more friends daily as the season ended.

F. E. Withers, who had the club here last year, is admittedly dickering with some other towns to take over if Midland fails to come through. In a conversation with us a couple of days ago he admitted talking with Roswell and Abilene.

An Abilene writer quoted Withers as saying the only guarantee he would ask of that city to transfer the club would be an opening day crowd of 1500. If he was quoted correctly, there appears to be something "haywire" somewhere. In a letter to this department, published on December 27, Withers asked various improvements on the local park and grandstand plus \$2500 before the season opens. In the letter published in the Reporter-Telegram Withers gave fans and officials here until March 1 to decide on whether or not the franchise would be retained. The Abilene writer quoted him as saying he would let fans there know by February 1 whether or not he would transfer the club there if it was wanted.

The ultimate decision on whether the club will be retained here rests with the fans and, apparently, time is growing short.

This'n that — If Jack Childress doesn't come through as a winner in the district Golden Gloves matches at Big Springs it won't be because of lack of help. Joyce Howell, Bob Royall, Haskell Woodkins and Tom Irwin, all of whom know more than a little bit about handling their dukes, are chipping in with advice and demonstrations.

Jack has a good chance of coming through but he has a hard match coming up Wednesday night.

If spirit alone made champions there would be nothing that could keep little Johnny Pickering from reaching the top. Every break possible went against the youngster Thursday night but he had to be completely "cooled" before losing.

Incidentally, Johnny is the only amateur boxer we know who has a "manager" . . . Paul Anderson is Johnny's manager, second and trainer . . . Boys that won titles in the tournament here are going to get medals as soon as they can be procured . . . We can say "I told you so" to the Industrial League big shots . . . In trying to get the league to hire a score keeper we warned them the scores would not be turned in to this paper otherwise . . . The only time box scores

First Half Jinx Is Too Much for Quint In McCamey Tourney

Basketball coach Bob Myer of the Midland high school Bulldogs is rapidly coming to believe that all games should start with the second half.

Once again, Friday night, the Bulldogs showed they could play real ball during the last half of the game after staggering and fumbling through the first half. The Bulldogs wound up on the short end of a 23-36 score after being 18 points behind at half period.

Thanks to some deluxe fumbling and some "give up" shots at the goal that never came close, the Bulldogs watched the scoreboard at the end of the second period and found it to read McCamey 25, Midland 7. Coach Myer, deciding the boys were paying more attention to the crowd than to the McCamey players, gave them a verbal lashing that bore plenty of results in the second round.

However it was the same old story — the damage had been done and the Bulldogs were out of the McCamey tournament in their first game.

What made the defeat more galling than usual for Myer was the fact the Bulldogs defeated the same McCamey team by eight points in a game here only a short time ago.

"We'll give any of them a fight on our own floor but the boys just can't get past that first half hurdle away from home," the coach declared in reporting the game.

Absent will be 10 lettermen who finished their eligibility last fall — Ends Joe Roach and John Peterson, Tackle Bernie Esunas, Guards Jack Rhodes and Charley Naiser, Centers Roy Baines and Glenn Jackson, Backs Wally Lawson, Wes Boyer and Bill Forney. Most difficult to replace will be Rhodes, all-conference guard, and Lawson, who did most of the Steers' passing and kicking and much of their ball-carrying.

The coaches hope to pick up a lettered tackle to replace Esunas. Burchell Allison, winner of a "T" in '37, did not compete last fall because of heavy school work. He has indicated that he will take part in spring training and resume his varsity career next season.

Allinson and Co-Capt. Park Myers would give Texas a pair of big, experienced tackles and might make it possible to move Don Williams, 220-pound handy-man of the line, back to guard in Rhodes' place. At present Williams is listed as a tackle, the position at which he finished the '38 season.

If Bible chose, he could plan on an all-letterman team except at center. Jackson, the only exper-

Thirty Feet Long—But What Is It?

Out of the sea at Provincetown, Mass., came this 30-foot skeleton of a something-or-other—and now old salts up Provincetown way are having a fine time recalling the "sea serpent" of 1886 and other fishy monsters. The skeleton, held by two of the coast guardsmen who found it, has 71 sections complete with vertebrae, a toothless skull with a hole on top and bones of what might have been frog-like feet.

Sliding for a Sheepskin

A class in sliding receives instruction from Prof. Johnny Cooney, in cap and gown, of the Boston Bees, at the first of the year's baseball schools, at Orlando, Fla., conducted by Joe Stripp.

Bowling Schedule

- Mar. 3 Independents vs. Texaco.
- Mar. 7 Shell Petroleum vs. Shasta Oil.
- Mar. 8 Mid-West vs. University Lands.
- Mar. 9 Texaco vs. A. & L.
- Mar. 10 Independents vs. Midland Bowling.

Following the above matches, the four leading teams, and lower ranking ones who choose to join, will play once around again, which schedule will be arranged at that time.

All games are scheduled for 7:45 p. m., with 15 minutes being allowed before forfeiture of game if team does not appear as per regulation.

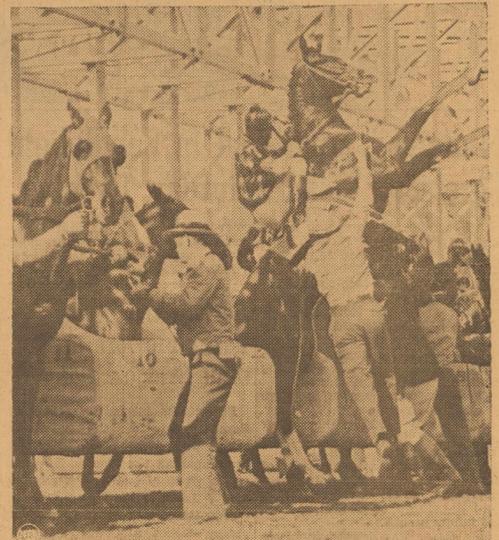

enced center with another year of eligibility will not be in school next fall. Otherwise the all-veteran team might be composed from Co-Capt. Ned McDonald, Mike Sweeney and Shelby Buck, ends; Myers, Allinson and Bill Kilman, tackles; Williams and Ted Dawson, guards; John Gill, quarter; Beufus Bryan and Gilly Davis, left half; Bobby Moers, Nelson Puett and Charley Hass, right half; Bullet Gray, fullback.

Such a combination, however, is farthest from Bible's calculations. Several sophomores are virtually sure to break in.

Among the first-year aspirants who'll be bearing down to demonstrate their ability to the varsity coaches are:

Ends—Joe Schwarting, Waco; Jess Hawthorne, Port Arthur; Pres-

four first-year players.

The '39 schedule is as follows:

- September 30 — University of Florida at Austin.
- October 7 — University of Wisconsin at Madison.
- October 14 — University of Oklahoma at Dallas.
- October 21 — University of Arkansas at Austin.
- October 28 — Rice at Austin.
- November 4 — Southern Methodist University at Dallas.
- November 11 — Baylor University at Waco.
- November 18 — Texas Christian University at Austin.
- November 30 — Texas A&M at College Station.

Postmaster Job Is Objective of Many

GOSE CREEK (P)—Being postmaster of Gose Creek must be a soft job, William Nye, civil service commission secretary opined.

Nye said he was deluged with applications for the job, recently made vacant.

"I'm not permitted to publish the number of applicants," Nye said, "but there are enough to make the job appear very popular."

DO YOU KNOW—?

—WHAT TWO FIGHTERS WON OLYMPIC TITLES IN THE SAME YEAR AND WENT ON TO WIN WORLD CHAMPIONSHIPS?

—WHO IS CREDITED WITH RUNNING THE GREATEST DISTANCE IN ONE HOUR?

—WHO VOLLEYED A TENNIS BALL FOR 78 MINUTES WITHOUT A MISS?

Answers to Art Krenz 'Do You Know—?' Cartoon

1. Fidel LaBarba and Jackie Fields, Los Angeles Athletic Club teammates, won Olympic boxing championships in 1924 and went on to win the world fly and welterweight professional titles, respectively.
2. Helen Wills Moody and Howard Kinsey volleyed a tennis ball for 78 minutes . . . made a total of 2001 shots without a miss . . . in San Francisco, Jan. 7, 1936. The match ended when Kinsey had to quit to give a lesson.
3. Paavo Nurmi ran 11 miles, 1648 yards in one hour, Oct. 7, 1923.

Longevity Recipe Given by Pioneer

COLLINSVILLE, TEXAS, (AP). — J. Thomas Gordon's recipe for longevity is a well-ordered life with plenty of outdoor exercise, avoidance of excessive physical exertion and the "bright lights," and regular hours of sleep.
 Adherence to this rule, said Mr. Gordon who recently passed his 90th birthday, should assure a man 100 years of life. "That is what I expect."
 "I always was a farmer until I retired a few years ago," Mr. Gordon said, "but I have had my garden and chickens and a walk to town to keep me in trim. With the ma-

chinery farmers now have to do their work there should be no occasion of over-exertion. Many farmers today would not know what to do with a yoke of oxen, or the Georgia

stock or double shovel, or how to cut grain with a "radle." Gordon was born in Todd county, Kentucky, but his family moved to Missouri soon afterward and then

to Arkansas in 1867. He became acquainted with Texas while peddling Arkansas apples, hauled here by horses or oxen. Sometimes a group of 12 or more farmers would make

the trip together and after disposing of their cargoes sold their wagons and teams, bought Texas ponies and rode home, he said. Mr. Gordon settled in Texas in

1873 and still owns the farm. He bought near Collinsville. He is the only living charter member of the Collinsville Masonic lodge, of which he has been a member 69 years.

Noted Chinese Student to Make Address Here

Described as an "interpreter of our Far Eastern relations," Dr. No-Yong Park, Chinese historian, author, lecturer, and student, has been chosen as third speaker on the series to be presented here by Midland Town Hall this year.

Dr. Park will deliver an address on "The Sino-Japanese Conflict" in the Crystal ballroom of Hotel Scharbauer Wednesday evening at 8 o'clock.

Holding M. A. and Ph. D. degrees from Harvard university, Dr. Park is a brilliant writer and lecturer and a recognized authority on Oriental questions. For more than a decade he has lectured on Far Eastern relations for the University of Minnesota.

Born and raised in Manchuria, he studied both in China and Japan and afterwards received his Western education in Europe and America.

Dr. Park has made Far Eastern history and international relations his life study and has written numerous books on the subject, including "Retreat of the West" of which Pearl S. Buck wrote that "it must be a required reading for the white race."

He comes to Midland recommended as an able and charming lecturer, combining humor with force in his addresses.

Admission to the lecture will be by Town Hall membership card.

Dr. No-Yong Park

Dr. No-Yong Park, eminent Chinese author, student, and lecturer, will be the third speaker in the Midland Town Hall series for this year. He will address the club in the Crystal ballroom of Hotel Scharbauer Wednesday evening at 8 o'clock on the subject, "The Sino-Japanese Conflict."

Driver's Licenses Good After April 1

Midland drivers may continue to use their operators' licenses after April 1, expiration date for all such permits, officers here have been advised by the public safety commission.

The commission said an indefinite period of extension was advisable pending legislative action on two proposals for reissuing driving permits. The two bills referred to in the legislative hopper are Senate bill No. 3 and House bill No. 50.

Licenses issued to chauffeurs and drivers classed as commercial operators were not affected by the safety department's orders for extensions as these permits expire one year from date of issuance.

Since Texas' driver's license law was enacted in 1936, two and three-quarter million licenses had been assigned to passenger vehicle operators. These permits were issued by tax collectors over the state under the statute which stipulated that they would expire on April 1, 1939. However, no action has yet been taken by the 46th legislature to provide for renewal or reissuance of the licenses.

Safety department officials said the new expiration date would be announced later.

Doctor Convicted of Poisoning His Wife

TUCUMCARI, N. M., Jan. 28. (P)—A jury today convicted Dr. John H. Sunford, prominent New Mexico physician and twice mayor of Santa Rosa, of first degree murder for the poison slaying of his wife, 47.

Sentence of death is mandatory under the verdict.

Amendments Voted On Relief Measure

WASHINGTON, Jan. 28. (P)—The senate approved unanimously today a series of amendments to the \$725,000,000 deficiency relief bill designed to prevent political use of federal funds.

One amendment made it unlawful for anyone to promise a federal job as a reward for political support.

Regulations to prevent exorbitant charges in legal money-lending in the United States have been in effect since the Civil War.

from New York to be the guests of her brother, Dr. Jas. H. Chapple, and Mrs. Chapple. The Reiths formerly lived here.

Wm. H. Willis has been in Beaumont for a few days on a business trip.

Mr. and Mrs. A. E. Horst are spending the week end in Dallas, transacting business and visiting friends.

L. G. Byerley returned late in the week from a business trip to Dallas and Fort Worth.

Billy Simpson is here for the week end from John Tarleton College, Stephenville, visiting his father, W. B. Simpson.

Fred Wemple, Percy J. Mims and Myron G. Blalock of Marshall, are spending the week end at the Carlsbad Caverns.

Judge and Mrs. Chas. Gibbs of San Angelo were here Saturday on a business trip.

Mrs. S. M. Warren is visiting in Dallas. She accompanied Mr. and Mrs. A. E. Horst.

Mrs. O. J. Battell of Odessa is visiting Mrs. Joe Dobson here. She formerly lived in Midland.

Harold Reid is here from A&M college for a brief visit with his mother, Mrs. Willie Stell Oliver.

Ranchman Buys Home, Banker to Build

Sale of the R. M. Barron home at 311 North F street to K. S. Boone, Midland ranchman, was reported Saturday. Boone and his family will move to Midland from their ranch twenty miles southeast prior to the opening of school next September.

The Barrons will build a new home at their North Lorraine street location, it was reported. The home sold to Boone is a six room brick.

Change Is Made in Lumber Yard Name

Announcement was made Saturday of a change in names to Mid-West Lumber company of the Anderson Lumber company. The lumber yard, located at 311 South Marfield, has been purchased by L. G. Mackey.

Houston Hill, well known Midland contractor, has been named manager of the plant.

PERSONALS

Mr. and Mrs. Claude Donham of Lamesa were guests of Mr. and Mrs. C. P. Pope Friday.

Mrs. L. R. Oakleaf Jr. of Kansas is the guest of her brother, Dr. J. M. Devereux and Mrs. Devereux.

A. C. Caswell of Midland Hardware has gone to Dallas on a marketing trip.

Mrs. J. D. Calloway and Mrs. Robert Giles of Odessa visited Mrs. C. P. Pope Thursday.

Dr. and Mrs. L. B. Pemberton and his dental assistant, Mrs. Elsie Poe, left Saturday for Amarillo to attend the Mid-winter Panhandle District Dental society meeting.

Several outstanding dentists will be on the program. Dr. Pemberton said, and there will also be a dental assistants' program. The party will return Wednesday.

Mr. and Mrs. Colin Reith were expected to arrive Saturday afternoon.

County Grand Jury Called by Collings To Meet Feb. 20

First term of district court for Midland county this year, and the first term ever held here under District Judge Cecil Collings will start on February 27.

Grand jurors have been summoned to meet in the court house on February 20, and first petit jurors one week later. Judge Collings will deliver his charge to the grand jury on February 20 and investigation of all cases on docket at the present time—excepting carry-overs—will be investigated. The term will also mark the first term for District Attorney Martello McDonald. Both Collings and McDonald were elected at the November elections.

Following is a complete list of all grand jurors and petit jurors summoned for duty:

Grand Jurors Feb. 20.

George T. Abell, J. L. Barber, R. M. Barron, H. G. Bedford, W. P. Bodine, G. W. Breneman, P. F. Bridgewater, H. S. Collings, M. H. Crawford.

W. T. Doherty, W. F. Hejl, O. H. Jones, R. L. Miller, J. O. Nobles, J. H. Rhoden, K. L. Sappington, A. J. Watts, Ray Upham.

Petit Jurors Feb. 27.

Jno. Emery Adams, C. E. Anderson, W. D. Anderson, J. J. Bailey, P. P. Barber, Marvin S. Beauchamp, Buddie Bird, Overton Black, B. H. Blakeney, T. L. Booth, Paul Bodine, Jno. F. Bricker, R. O. Brooks.

Wm. L. Brown, Lucius Bryan, Chas. H. Bush, W. N. Cole, Clyde Cowden, Frank Cowden, F. C. Dale, R. L. Dickey, H. B. Dickinson, Adlen S. Donnelly, Roy J. Downey, Frank Drake, K. S. Ferguson, J. F. Friberg, Richard E. Gile.

Daniel H. Griffith, Oliver Haag, Geo. Harrell, J. M. Hawkins, H. A. Hemphill, Leonard Crabtree, E. A. Hoeckendorf, W. H. Hoffman, Hurlshel Howard, J. L. Kendrick, N. B. Larsh, William Y. Penn, L. G. Mackey, Frank Miller, Raymond Miller.

A. B. Montgomery, J. G. McMillan, W. F. Nebb, R. R. Porterfield, Thurman Pylant, Ben T. Rogers, John Allen Sewell.

March 6.

H. L. Albrecht, Jno. J. Allison, Claude Armstrong, Ulys Barber, J. D. Bartlett, W. A. Baumann, E. A. Beasley, T. L. Beauchamp, Bennie Bizzell, Glenn A. Black, L. B. Byerley, Sam L. Caffey, A. D. Campbell, Jack T. Cash.

L. H. Chatham, R. L. Clark, E. O. Conner, Lee Cornelius, E. A. Culbertson, Robt. S. Dewey, R. F. Duffield, F. A. Early, B. E. Eldson, E. J. Flannery, W. T. Forehand, Frank F. Folk, Geo. W. Glass, Luther Glover, B. G. Grafa, G. B. Hallman, H. Hamlin, W. Lloyd Haseltine, O. J. Hubbard, J. L. Hundie, W. P. Knight, W. Watson.

Force, Jno. B. Livingston, A. P. Luskamp, Paul McHargue, A. F. McKee, Geo. J. Norris, Roy Parks, R. W. Pateson, H. C. Powlledge, Foy Proctor, E. D. Richardson, Bert Rosenbaum, W. A. Sherrod, W. B. Simpson, D. C. Sivals.

March 13.

Luther Abell, A. H. Anderson, V. O. Beldridge, W. C. Barber, J. D. Beauchamp, Geo. A. Bell, T. E. Bizzell, J. J. Black, Jack Bodkins, Grady Brown, L. L. Butler, J. Wray Campbell, Ben J. Carsey, Perry Collins.

Harvey Conger, Eddie F. Conner, Bill Countiss, Elliott F. Cowden, R. C. Crabb, Don Davis, Jno. Dublin, Jno. P. West, Geo. E. Farley, A. E. Feeler, Jas. FitzGerald, Jr., Jno. Y. Francis, J. M. Franks, Merle Fulton, E. L. Gelder, L. C. Hambleton, Allan Hargrave, J. C. Harper, Roy E. Kinsey, J. T. Howze.

Jack Knight, Clinton Lackey, Garth Nell, P. A. Nelson, John A. Nichols, Jr., J. R. Norris, Donald Oliver, T. R. Parker, H. N. Phillips, Joe Pierce, W. E. Pigg, J. C. Pogue, F. H. Schouten, R. D. Scruggs, J. W. Seale, M. D. Seif.

Burnet Pastor Will Speak at Church Here

On February 3, Falvey Conley, successful young evangelist of the Church of Christ, from Burnet, begins a meeting with the Midland Church of Christ, 800 West Tennessee.

For two and a half years Rev. Conley has been working with the Burnet Church of Christ which is one of the largest congregations of the Church of Christ in the state of Texas for the size of the town. Much of the success of the church there is due to the work of Rev. Conley, who has been untiring in his efforts.

The Midland Church of Christ feels fortunate in bringing this minister here, not only for his success, but also because of his earnestness and sincerity in teaching the word of God.

Harvey Childress, local minister says, "Anyone can rest assured when they hear Brother Conley that they will go away with a better knowledge of God's word."

Methodist Presiding Elder Will Preach

Rev. C. R. Hooton, presiding elder of the Sweetwater district will preach at the First Methodist church this morning at 11 o'clock. This is Mr. Hooton's first visit to Midland as presiding elder and the public is invited to hear his sermon.

He is a graduate of Southwestern University at Georgetown and has served in some of the larger churches in this conference, being in demand by the various churches as a speaker.

"He is well-equipped for his task," Rev. W. C. Hinds, Methodist pastor, said in discussing Mr. Hooton's

Mongrel Stands Watch Over Dead Canine Mate

ROCHESTER, N. Y. (U.P.) — Pal, a brown and white mongrel Spitz is a sad dog—and a devoted one.

It took two policemen and an agent from the Humane Society to remove the spunky little dog from beside the body of its Springer Spaniel playmate, apparently left by a hit-and-run motorist.

When police arrived to take away the dead dog, Pal showed fight as he kept his vigil, and refused to let them touch the body. The policemen finally were forced to cann on Edwin Glwe of the Humane Society, who persuaded Pal to give up his death watch.

Swimming Motion Called Way to Fight Snowslide

WINNIPEG, Man. (U.P.) — If you find yourself engulfed in a snowslide, just swim for all you are worth.

That is the advice of R. B. Miller of Jasper, Alta. He said it's the only chance in the world you have to survive.

"If you swim — just as if you were in water — you may keep yourself near the surface of the snow, which rolls over you in waves, all the time forcing you under. By swimming you may end up near the top when the slide stops."

It Must Be News, Too, When Dog Shoots Man

SACRAMENTO, Cal. (U.P.) — When Charles Dana issued his famous dog-bites-man man-bites-dog news recipe many years ago he certainly started something.

Here's another version: Dogs often are shot accidentally on hunting trips, but it remained for Tony Garcia's pet hunter to reverse the procedure.

Tony reported the animal leaped into his car, landing on the trigger of a gun in the seat. The weapon was discharged, sending a bullet into Tony's arm.

visit, and the best equipment he has is that he is a man of God and of great faith."

Millionaire's Will Gives 23 Cents to In-Law

TORONTO, Ont. (U.P.) — Probation of the will of the late Thomas Henderson Wood, one-time president of the Toronto Mortgage Corp., and a former director of the Canadian Bank of Commerce, revealed a bequest of 23 cents out of his \$2,190,513 estate to his brother-in-law, Frederick George Raphael, Montreal.

The will said the bequest was made "in recognition of his (Raphael's) great generosity shown to his sisters."

Turkey Bit Overdone In Two-Alarm Blaze

NATICK, Miss. (U.P.) — To say that Donald Walkup's 15-pound turkey was roasted prematurely in an automobile fire would be understatement. It was discovered in a two-alarm blaze.

While motoring to his Ashland home, Walkup suddenly was enveloped in smoke and flames. Riding in a cruising car, Patrolman Edward Barnicle radioed an alarm. Meanwhile a nearby resident sounded a second alarm.

When the blaze, caused by a short-circuit, was extinguished, all that remained of the turkey was a charred frame. Walkup escaped unscratched.

Dog Seized in Rent Row, Theft Charge Is Filed

BOSTON (U.P.) — Unable to collect rent from Mrs. Mona Houlson, her landlady, Mrs. Euphemia LaBanne, padlocked the apartment and seized Mrs. Houlson's dog, Spud.

Mrs. Houlson had Mrs. LaBanne arrested for dog stealing. Municipal Judge John Duff, af-

Municipalities to Pay Gasoline Tax

RESIDENCE CONSTRUCTION BOOSTS PERMITS TO \$36,770 IN MONTH

Approximately \$75,000 Worth of Homes Now Being Built in City

Residence construction zoomed the year's building permits upward during the past week, with \$24,500 for the week and \$36,770 thus far for the year. Several new homes had been started, with at least one other to be started the first of the week.

City Building Inspector W. F. Prothro had learned of numerous jobs being contemplated. Construction projects for which permits have been issued during January included: Johnson Graham, frame garage; Wayne L. Hudson, dwelling; Wm. J. Russell, dwelling; Wm. Oliff, dwelling; D. Kinsey, dwelling; G. J. Tansit, sheet metal shop; Wm. Oliff, dwelling; E. W. Cowden, barn; H. E. Bahr, repair of four room home moved from McCamey; Velvin Strauch, dwelling at 509 West Storey; A. & L. Housing, dwelling at 906 West Storey; Dr. A. L. Absber, dwelling at 1911 West Holloway; B. D. Doss, repairs to dwelling moved from McCamey; E. T. Corbett, dwelling; W. D. McCarrall, dwelling, and P. D. Phillips, dwelling.

Not included in the above projects, but scheduled to be started during the week is a new home of O. F. Hedrick at Michigan and North A streets.

Construction is going forward steadily on large homes being built by Andrew Fasken and Hugh Corrigan, both on West Missouri street, and by James G. Harper on North Carrizo. The new Baptist parsonage, completed last week, was occupied by the Rev. and Mrs. H. D. Bruce.

Residence construction, under way at present, some of which was started in December, amounts to approximately \$75,000, it was estimated Saturday.

Can She Sue for Non-Support?

Here's the last word from beach stylists. Last year's suit, which had straps, is held in Marjorie Moore's hand, while this year's number is held in place by the moon's pull on the tides or something.

Fight to Assist Oil Industry Is Certain

WASHINGTON, (AP)—A determined fight to assist the oil industry will be made in the 75th Congress.

Rep. Disney of Tulsa, Okla., a member of the House Ways and Means committee, announced he would introduce a bill to reduce the total imports of oil in the United States to 4 1/2 per cent of the nation's production.

"There is a gentleman's agreement for 4 1/2 per cent now," Disney said, "but some of it is brought in as bunker oil or ship supply oil."

Disney said he believed these should be no federal control of the oil industry if it can possibly be

Sweet Potatoes Go To War for Japan; Women's Sacrifice

TOKYO (AP)—Once more the women of Japan have been called upon to sacrifice in the name of the nation.

But this time it's sweet potatoes. The finance ministry has asked them to stop eating sweet potatoes and "help win the war." Potatoes today are being used for conversion into badly needed alcohol. In this land of rice and fish eaters, women have long regarded the sweet potato as a choice delicacy.

So Japanese women are settling down to a long, cold and potato-less winter.

avoided.

"The Connally 'Hot Oil' Act extension is necessary and important," Disney said. The law prohibits interstate transportation of "illegally produced" or "hot" oil.

The Tulsa also said a proration law in Illinois "is terribly important" to the oil industry.

Rep. Boren, (D-Okla.), said he would ask congress to again ratify the interstate oil compact which would expire July 1, 1940. His bill would ask ratification of the compact virtually along the lines it now exists but said he was "studying to see if there is any way to improve it."

Boren declared he would oppose any efforts that might be made to levy a fuel oil tax.

The Connally "Hot Oil" Act should be extended, he said, adding he would support any measure to restrict the importation of foreign oil.

Meanwhile Rep. Coffee (D-Wash.) announced he would propose repeal of the Connally law, charging it had served "only the monopolistic oil interests." The act, Coffee said, had placed an "unbearable burden" on independent producers, refiners and marketers.

In the Senate, Senator Gillette (D-Ia.) introduced a bill to divorce retailing of oil and its products from refining and distribution.

Rep. Harrington (D-Ia.) introduced a measure to exempt from the one cent federal gasoline tax oil motor fuel containing six per cent or more of alcohol manufactured from farm products.

148 Million Barrels Of Oil From Field

LAREDO, (AP)—Through 1938, the oil and gas producing region in five border counties had run approximately 138,000,000 barrels from its 49 fields since the discovery well was brought in by O. W. Killam of Laredo April 17, 1921.

The producing area extends from the southern portion of McMullen county through Duval, Webb, Jim Hogg and Zavata counties a distance of about 135 miles northeast and southwest, and from Mirando City in Webb through Jim Hogg, Duval and Zapata about 60 miles. The area comprises more than 8,100 square miles, or the equivalent

Designed To Sell For \$6,000

Above is one of 28 model homes to be built in San Mateo terrace for the San Francisco Bay Region's 1939 Exposition Model Home tour, part of a plan to hold a Bay Counties Home Show for exposition visitors. The home, as well as the others in the tour, will be planned to be eligible for insured mortgage financing under the Federal Housing Administration plan.

of 5,200,000 acres. Oil is found at the depths of 160 to 5,000 feet, the latter being in Duval county, but the average depth for production is about 2,500 feet. Production of gas also has been large.

At the end of 1938, twenty five major pipe lines were operating in the area, and some of the initial wells still were putting oil into the lines.

The Longhorn field in Duval county, a northern extension of the heavy producing Sweden field, was added in December. Development adjacent to Laredo is expected to begin this year, the closest producing field now is Mirando City, 30 miles eastward.

Payrolls, lease rentals and royalties of operating companies are about \$1,000,000 monthly.

earthly thing to lengthen the span of human life; we are saving children," he said.

Dr. Wilson said that the "man of 40" has over 100 chances of a longer life than formerly. He explained that more people were living in the "heart disease and cancer age" because they were saved from the "acute diseases of childhood and youth."

MONTREAL (AP)—Rhythm is the "elixir" of music, G. A. Stanton, L.R.A.M., told a meeting of the St. James Literary Society here.

Stanton said rhythm was the greatest of the three keystones in the arch of music, the other being melody and harmony. The main interest in a composition may be attached to any one of the three elements, he said, but it is generally rhythm that acts as a sort of elixir.

If automobile engine bolts are not tightened frequently, the various units of the driving system may become seriously misaligned.

Medical Dean Laments 'Forgotten Man' of 40

COLUMBIA, S. C. (AP)—Lives of more children are being saved by medical science than ever before, but the life-span of the man of 40 today is no longer than ever, according to Dr. Robert Wilson, dean of the medical college of the University of South Carolina.

"Medical science hasn't done one

Movie Industry Seeks Subsidy in Australia

CANGERRA, Australia (AP)—Australia's newly developed motion picture industry has appealed to the government for a financial subsidy, citing as its justification, the manner in which the American film has spread American dress fashions all over the world, and caused the expansion of many other lines of American industry and business.

Norman E. Rydse, chairman of directors of the Cinesound Productions, Ltd., who made the petition,

Air Transport Bridges Gaps Over Canada

WINNIPEG, Man. (AP)—Canadian aviation, marred by the crash of a Trans-Canada Air Lines plane near Regina in November, moved doggedly ahead during 1938 and has entered the new year with more than a fledgling rating.

The old year saw two British missions visit the Dominion to survey the possibility of Canada's handling Great Britain's war plane orders because of the mother country's vulnerability to aerial attack.

A Canadian group of manufacturers, headed by W. J. Sanderson, went to England to complete production plans, and simultaneously, six Canadian companies—Ottawa Car and Fleet, Canadian Car, Vickers, National Steel Car and Fairchild—grouped together under the title of Canadian Aircraft Ltd., to handle orders from Britain.

The first order, referred to as "educational," was said to involve a total figure of approximately \$10,000,000, although the long-range program remains secret. The plane to be constructed at Toronto and Montreal is the Handley-Page long-range, high-speed bombing planes.

Additional Orders Likely

Other similar orders are expected to follow as soon as completed planes can be tested at Canadian factories, then flown across the Atlantic for delivery and final inspection for the Royal Air Force.

The deaths of Capt. David Imrie and First Officer Jack Herald at Regina last November was the only blot on an otherwise successful Trans-Canada Air Lines record in logging almost 2,000,000 miles of flying.

Trans-Canada now operates daily schedules between Montreal and Vancouver, Lethbridge and Edmonton, and between Vancouver and Seattle, where twice daily flights carry passengers and mail. Passengers are not being carried on the other routes.

Advance pilots early in 1938 began flying from Vancouver across the treacherous Rocky Mountains to Lethbridge. The department of transport installed a two-hour meteorological service at Winnipeg, Regina, Lethbridge and Vancouver, and a 16-hour service at intermediate points.

Swain Brave Fellow, But He Goes To Jail

CLEVELAND, O. (AP)—A young swain's fearlessness landed him in police court.

He was walking along the street with a girl friend when he decided to prove to her what a brave fellow he was.

"I'm not afraid of anybody. 'Just to show you,' he said, 'I'll knock down the first man that comes along.'"

He did.

Four Laws Violated in One Driving Lesson

CLEVELAND, O. (AP)—Thomas Arnone, 21, meant well when he offered to teach Phyllis Dottore, 15, to drive, but now he wishes he hadn't.

With Arnone and another man inside his coupe, and William Geraci, 19, offering suggestions from the running board, the young girl started.

Rounding a corner, she side-swiped a parked automobile, throwing Geraci against it, injuring his hip. Police charged Arnone with:

- Permitting four to ride in (and on) a coupe.
- Permitting an unlicensed minor to drive.
- Allowing a man to ride on the

Night Flying Routine Now

Night flights were inaugurated in March of last year between Winnipeg and Vancouver. Receipt of the first two of the Super Electras, of "Mourteens," was the go-ahead signal for hops across northern Ontario.

Strides continued until the peak was reached Dec. 1, when service between Montreal, Ottawa, Toronto and Winnipeg was inaugurated. In 1937 Trans-Canada's staff con-

Approval of 18 Projects for WPA in State Is Announced

SAN ANTONIO. — Approval of eighteen Works Progress Administration projects, involving expenditures of \$554,931 in Federal funds and \$189,197 supplied by local governmental agencies, was announced today by Stearns S. Tucker, deputy state administrator.

Projects approved, with amount of Federal funds, sponsors' funds, and number of workers to be employed, follow:

BEXAR COUNTY—

FORT SAM HOUSTON — Clear, grub, drain, grade, gravel 1.24 miles of Nursery Road between White and Dashiell Roads; Federal funds, \$4,168; sponsor's funds, \$4,631; workers, 42.

SAN ANTONIO — Construct general improvements to banks; retaining walls and channel of San Antonio River in Breckenridge Park; Federal funds, \$79,103; sponsor's funds, \$11,417; workers, 342.

Lay 44,555 feet of sanitary sewer lines throughout city; Federal funds, \$94,979; sponsor's funds, \$5,231; workers, 353.

Widen and repave McCulloch Avenue from Woodlawn north to city limits; Federal funds, \$38,412; sponsor's funds, \$9,041; workers, 219.

COLLIN COUNTY—

COUNTY — Clear, grub, fence, drain, grade, gravel 6.95 miles of farm-to-market roads in and near Wylie and Nevada; Federal funds, \$18,972; sponsor's funds, \$11,984; workers, 121.

ELLIS COUNTY—

COUNTY — Clear, grub, fence, drain, grade, gravel 1.51 miles of farm-to-market road connecting Griffith-Ozro and Ozro-Auburn Roads; Federal funds, \$6,420; sponsor's funds, \$3,204; workers, 47.

GRIMES COUNTY—

COUNTY — Grub, drain, grade, gravel Anderson — Plantersville Smith's Store Road; Federal funds, \$11,339; sponsor's funds, \$5,640; workers, 49.

HARRIS COUNTY—

PELLY — Construct 25,000 feet of concrete curbs, gutters and walks throughout city; Federal funds, \$37,493; sponsor's funds, \$23,048; workers, 62.

COUNTY — Pave drives, construct curbs and gutters, storm sewers, water mains, septic tank, ornamental stone entrance to Texas National Guard airport adjacent to Houston Municipal Airport; Federal funds, \$50,751; sponsor's funds, \$12,763; workers, 113.

JASPER COUNTY—

COUNTY — Widen, clear, grub, fence, drain, grade 14.95 miles of farm-to-market roads in precinct 2; Federal funds, \$31,027; sponsor's funds, \$6,690; workers, 177.

JONES COUNTY—

COUNTY — Clear, grub, fence, drain, grade, gravel farm-to-market roads in precinct 2; Federal funds, \$7,177; sponsor's funds, \$6,399; workers, 61.

KERR COUNTY—

COUNTY — Construct sheds and rock walls around circular ponds at State Fish Hatchery near Kerrville; complete levees, construct drainage ditch, landscape grounds; Federal funds, \$7,217; sponsor's funds, \$2,400; workers, 23.

LIBERTY COUNTY—

CLEVELAND — Construct concrete sidewalks throughout city; Federal funds, \$10,804; sponsor's funds, \$12,786; workers, 48.

NEWTON COUNTY—

COUNTY — Widen, clear, grub, fence, drain, grade, gravel 9.76 miles of farm-to-market roads in precinct 1; Federal funds, \$26,605; sponsor's funds, \$6,661; workers, 124.

POLK COUNTY—

COUNTY — Clear, grub, drain, grade, spot gravel farm-to-market road from Barnes east to county line; Federal funds, \$14,476; sponsor's funds, \$8,537; workers, 70.

STEPHENS COUNTY—

BRECKENRIDGE — Gravel streets throughout city; Federal funds, \$3,833; sponsor's funds, \$1,899; workers, 29.

TARRANT COUNTY—

COUNTY — Clear, grub, fence, drain, grade, gravel, asphalt 27.9 miles of farm-to-market roads in precinct 3; Federal funds, \$89,157; sponsor's funds, \$49,980; workers, 51.

WALKER COUNTY—

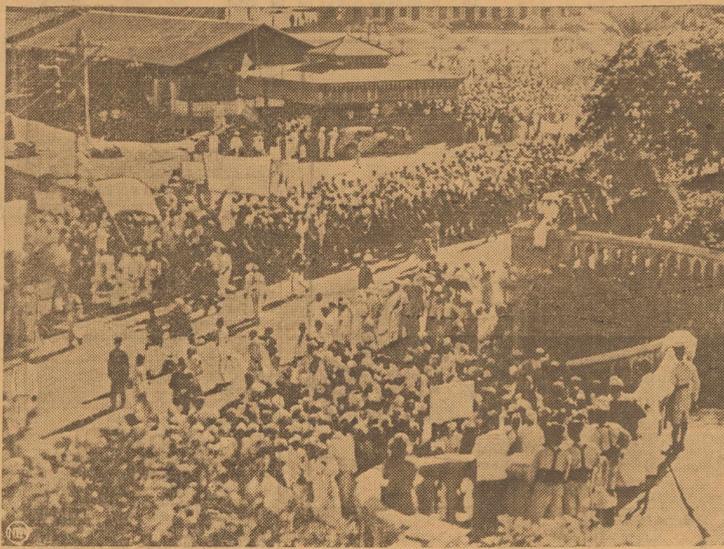

COUNTY — Clear, grub, rock surface 16.3 miles of farm-to-market roads in precinct 2; Federal funds, \$23,068; sponsor's funds, \$9,887; workers, 74.

Cat Discards Judgment Over Can of Salmon

KERNVILLE, Cal. (U.P.) — Mrs. Alta McDonald would like to know the dominating intellectual quality of cats is intelligence or just perseverance.

Her pet cat, in search of its preferred diet of fish, delved its head so far into the fragmented contents of a can of salmon and retained with its head inside until released the next morning in a virtual state of collapse. Sufficiently recovered, however, it began life anew, it at once repeated the performance.

'Vive La France' in Jibuti

Pro-French demonstrations like the above in Jibuti, French Somaliland, bear indirectly on conversations at Rome between Benito Mussolini, who seeks for Italy African lands now held by France, and peace-seeker Neville Chamberlain, Britain's prime minister.

How to Make a Garden, by C. H. Matschat: Describes the preparation of the soil, various methods by which plants may be increased, planting and transplanting, mulching and winter protection of plants, care of tools and best ones to buy, the making of a compost heap and artificial manure, bugs, blight and remedies (with a spray chart which shows at a glance symptoms and treatments).

Bulbs and House Plants, by C. H. Matschat: The author discusses a large variety of tulips, irises, lilies, peonies and other bulbous plants with particular attention to those which will prove most successful for the beginner. The book also covers conservatories, light, heat, humidity and general care of house plants, plant diseases and insects, etc.

The Garden Calendar, by C. H. Matschat: Here in compact, easily accessible form is a complete check list of each month's garden operations. Indoor and outdoor work, spraying, pruning and mulching, greenhouses, cold frames, hot beds, fruits, and vegetable gardens are all covered in the month in which the work should be done. An accurate map makes the planting directions available for gardeners in any section of the country. A floral time-table lists a thousand plants by their blooming time.

Cecile Hulse Matschat is a practical gardener who has had years of gardening experience in this country and abroad. She is the author of a number of books on gardening, and the largest single contributor to the "Garden Directory."

In addition to the foregoing books the following pamphlets may be found in the library: Valuable Plants Native to Texas, by Parks. Catalog of the Flora of Texas, by Cory and Parks.

Growing Annual Flowering Plants, by Corbett and Mulford.

Dahlias for the Home, by Morrison.

Chrysanthemums for the Home, by Morrison.

Planting and Care of Street Trees, by Mulford.

Trees for Town and City Streets, by Mulford.

Rose Diseases, Their Causes and Control, by Waterman.

The Farm Garden, by Beattie.

Permanent Fruit and Vegetable Gardens, by Beattie.

The following books have been received:

Texas Cowboys, by Coolidge.

Gun Country, by MacDonald.

The Faithful Wife, by Sigrid Undset: "After sixteen years of happy married life, Sigrid falls in love with a young girl. The warm, sympathetic story emphasizes the many ties binding husband and wife which eventually prevail in spite of divorce. The characterization of the modern, independent, charming wife is especially good." (Booklist)

Picture Writing of Texas Indians, by A. T. Jackson (University of Texas publication).

Land Reclamation in Italy, by Longobardi.

Wisdom's Gate, by Margaret Ayer Barnes: This story, with the same characters as in "Years of Grace" carries the tale into the second generation. Cicely and her husband have just returned to Chicago, having found life too expensive in high diplomatic society in Pe-

king, and Alvert is given a post in the family business. A thought-provoking story that skirts the edge of tragedy before it reaches a final satisfactory conclusion at "wisdom's gate."

Rebecca, by Du Maurier: Against the setting of a great English estate unfolds the story of Rebecca, a former nurse, who has been dead for eight months. Maxim de Winter's young and frightened second wife gradually realizes that there is some mystery surrounding her death, but it is not until the night of the big costume ball that her suspicions are confirmed and with an ever-increasing atmosphere of impending disaster, the real story becomes known.

The Glass Slipper, by Eberhart: Married to rich and socially prominent Dr. Hatterick ten months after the death of his wife, Rue, a former nurse, is drawn into a web of terror and intrigue. Rue herself, Dr. Hatterick, the handsome and susceptible Dr. Crittendon, or Rue's sullen stepdaughter — any one of them could have been guilty of murder. This which shook Chicago's North Side society.

All This, and Heaven Too, by Rachel Field: This fictionalized life-based on history, rumor, and imagination — of the author's fascinating great-aunt, combines the drama of a notorious French murder case with scenes from life in New England and New York between 1850 and 1875. Henrietta Deluz-Desportes had been a governess in the ill-fated household of the Duc and Duchesse de Praslin and, after winning her freedom, took refuge in America and married Henry M. Field, preacher, editor and writer.

The D. A. Holds a Candle, by Eric Stanley Gardner: The second "D. A." tale featuring Doug Selby, the idealistic, hard-hitting, small-town district attorney who could not be bribed, intimidated or fooled. This time Selby had been told that he couldn't hold a candle with crime specialists in the big cities — so he set out to prove he could. And, needless to say, he did.

Listen! The Wind, by Anne Morrow Lindbergh: A companion volume to "North to the Orient," similar in treatment, but with different background. This covers the story of the flight made by the Lindberghs across the Atlantic Ocean from Africa to Brazil, in December, 1933, at the end of their survey of the North Atlantic air routes. Foreword and 3 maps by Col. Charles A. Lindbergh.

Man's Hope, by Andre Malraux: A novel of the Spanish civil war based on first-hand experience.

F. O. B. Detroit, by Wessel Smitter: "Bennie, who tells the story, likes the city and Mr. Holt's automobile factory; he read Mr. Holt's book of maxims and accepted stretches of unemployment with resignation. He was fond of Russ, but he didn't understand him. Russ was a lumberjack who had a gift for machinery, but no patience with factory regimentation; when his favorite machine was junked, and a hasty marriage used up the savings that were to free him from factories, he was a ruined worker. Not a proletarian novel, the author is not concerned with labor organization, but he gives a painful picture of the inhuman speed-up in factory, and of the working man's helplessness in the industrial scheme."

30 Additional Boys Given Work by NYA

AUSTIN. — Thirty additional youths selected by local committees and the National Youth Administration for the NYA Resident Project at Buchanan and Inks Dams will be assigned by January 15, bringing the total number of youths on the Project to 160. J. C. Kellam, State Louth Director, has announced.

This is a part of the expansion program in progress on the NYA Resident Project sponsored by the Lower Colorado River Authority which was advanced recently from local to regional status. Mr. Kellam said, "Facilities and the work of training program are being extended to provide more opportunity for work experience to out of school youths eligible for the NYA Work Program."

Youths now occupy modern living quarters remodeled from an abandoned construction camp at Inks Dam with the assistance of NYA boys. Dormitories, a dining hall and work shop buildings have been completed. Paul M. Heverly, Supervisor, said youths would start this week helping build a recreation hall and supervisors' quarters, and that plans are being developed

Diplomatic Smiles Mask Visions of War Clouds

Their genial smiles at variance with the gravity of their conference, chairman of the House and Senate Military Affairs Committees are pictured with the U. S. Ambassadors to France and Germany as the latter warned of a possible European war crisis next spring. Left to right, Representative Andrew May of Kentucky, Senator Morris Sheppard of Texas, Ambassadors William C. Bullitt and Joseph P. Kennedy.

Toledo Museum Gets Painting by Delacroix

TOLEDO, O. (U.P.) — Toledo's museum of art has acquired a painting by the well-known artist Eugene Delacroix through proceeds of a fund left to the museum 10 years ago by the late Thomas A. DeVilbiss, manufacturer.

The painting, entitled "The Return of Christopher Columbus," was commissioned in 1839 for the Palace of San Donato. Later, it passed into other hands. It has been displayed on the loan in the Louvre, Metropolitan Museum in New York and in the Chicago Art Institute.

It depicts Columbus mounting a broad flight of steps at the top of which Ferdinand and Isabella stand under a canopy to greet him. At the foot of the steps lie many objects obtained in the New World. Among the welcoming throng are several Indians.

Seized Whisky Returned Because East Is East

GREENFIELD, Mass. (U.P.) — Because east is east and west is west, 15 gallons of whisky—seized in a raid—were returned to Frank Dembenksi, whose filling station is on the west side of River road in nearby Whately.

It was revealed in district court that the state police search warrant, used in the liquor seizure, specified the east side of the road. Dembenksi's attorney filed a motion to cancel a \$100 fine imposed on his client.

Model Women's Prison Will Rise Near London

LONDON (U.P.)—A prison without walls and iron bars is to be built at Stanwell, Middlesex, about 15 miles from London.

The new prison, which will be ready by the end of this year, will replace the women's jails at Holloway and Arlesbury. It will be laid out on a new plan, the cottage system.

Prisoners will spend most of their time in the open air, learning dairy farming and gardening, and will live together in their cottages according to age and individualities.

CRAWLING ON THE FLOOR YOURSELF!

THE young man wishes he could tell you a few things about proper heating. How important it is to have uniform heat from floor to ceiling! And how vital it is to end drafts and "cold spots!"

Proper heating is decidedly important to the health of youngsters . . . and to the health of every member of the family. It prevents many a needless illness.

'Automatic gas-fired appliances circulate warm, pure air into every nook and corner . . . circulate it evenly, generously, from floor to ceiling. They put an end to "cold spots," drafts and excess moisture.

There are Automatic Gas Appliances for every heating need.

West Texas Gas Co.

Church Services

FIRST METHODIST CHURCH
W. C. Hinds, Pastor.
9:45 a. m. Church school.
11:00 a. m. Morning worship. Sermon by Rev. C. R. Hooton, presiding elder of the Sweetwater district.
Epworth League Services.
6:30 p. m. Intermediate department at the church.
6:30 p. m. Senior department at the annex.
7:30 p. m. Evening worship. Sermon by the pastor on the theme, "The Road Ahead."
7:30 p. m. Wednesday. Wednesday evening service.
7:15 p. m. Thursday. Choir practice.

CHRISTIAN SCIENCE SERVICES
"Love" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, January 29.
The Golden Text is: "How excellent is thy loving kindness, O God! therefore the children of men put their trust under the shadow of thy wings" (Psalms 36:7).
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Know the love of Christ, which passeth knowledge, that ye might be filled with all the fullness of God" (Ephesians 3:19).
The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The sharp experiences of belief in the supposititious life of matter, as well as our disappointments in ceaseless woes, turn us like tired children to the arms of divine Love" (page 322).

FIRST CHRISTIAN CHURCH
John E. Pickering, Pastor.
H. G. Bedford, Superintendent of Bible School.
Mrs. M. A. Park, Director of Music.
Mrs. Lee Cornelius, Church Pianist.
9:45 a. m. Bible school.

7:30 p. m. Church service. Sermon by the pastor.
7:30 p. m. Tuesday. Young People's meeting.
7:30 p. m. Friday. Prayer meeting.

Melting Process Found For Aluminum Silicate

BATESVILLE, Ark. (AP) — After years of experimentation J. P. Herndon of this city gave a demonstration here of the melting of aluminum silicate by a chemical process, using a wood fire.
Herndon said that three chemicals were combined to secure the successful formula for melting the ore. The aluminum silicate deposit from which the product was taken for the experimentation lies along Cypress creek on the prairie of J. T. Stewart in Lawrence county.
Stewart said that only 10 acres have been bored and the deposit shows a thickness of 4 1/2 to 9 feet. Near this deposit on the Stewart property lies the deposit of hoplite which has attracted the attention of the mineralogists and geologists during the past year.

Legless Man Drives, Flies Plane, Dances

SEATTLE (AP) — George Copping, 33, believes he is the only legless airplane pilot in the world. He soloed in a seaplane after 4 hours 10 minutes of dual instruction, almost a record for a normal flier.
Copping lost his legs below the knees in 1933. He was in a hospital two years. Patiently, he learned to walk on artificial limbs. He got a job as timekeeper on a WPA project, and worked up until he became a supervising clerk.
Doctors told him he was "insane" to think he could learn to fly. But fly he did, just as he learned to walk again, go hunting, dancing and drive an automobile.

Australia Laments Lack Of Housemaid's Knee

MELBOURNE, Australia. (AP) — What has been described by the Country Women's Association of Victoria as the "national tragedy of Australia" is the lack of "housemaid's knee."
The lack of housemaid's knee, they have pointed out is due to almost the acute shortage of housemaids. They have launched a scheme for group nomination of migrants from Great Britain who will work in the country homes.

SUNDAY SCHOOL LESSON

BY W. W. LACKEY.

PETER DECLARES HIS LOVE.
John 21:11-19; Read, Matt. 10:34-42; Luke 7:36-50; 24:28-35; John 21:15-19; I Peter 2:11-21; I Cor. 13.

I. THE HUMBLER PENITENT (Robertson):

1. Peter's desolation, the message of Mary Magdalene to Peter and John.
2. The idle talk of the other women, and the special message to Peter.
3. The appearance to Simon Peter (Lu. 24:34; I Cor. 15:5); Peter back at his fishing.
4. Probing Peter's heart and his restoration; Peter's curiosity about John.

II. THE APPEARANCE:

1. To Mary Magdalene (John and Mark); 2. To other women (Matt. 28:9-10).
3. To Simon Peter (Lu. 24:34; I Cor. 15:5); 4. To 2 disciples, Emmaus, (Lu. 24:13-35).
5. To ten apostles, Thomas absent (Lu. Jno. I Cor.); 6. To 11 apostles, week (Jno).
7. To seven apostles, Sea Gallilee (Jno.); 8. To above 500, appointed Mt. (Matt. Mk. I Cor).
9. To James (I Cor. 15:7); 10. At Assension (Acts, I Cor.); 11. To Paul, Damascus (Cor).

III. "MORE THAN THESE":

1. "Simon, son of John, lovest thou me more than these?" "Lovest thou me?"
2. "Do you love me more than these others do?"—Montgomery.
3. "Are you more devoted to me than you are to these things?"—Williams.

IV. "SHEEP — LAMBS — LITTLE SHEEP" (Carroll):

1. Shepherd my sheep, feed my lambs, and shepherd my little sheep.
2. "Sheep," an experienced Christian; "lamb," a young convert; "little sheep," "runt."
3. Command of love; miracle of love; fellowship of love; manifestation of love.
4. "If ye love me, ye will keep my commandments"—John 14:15.

V. WILLING TO FOLLOW:

1. Questions we dare not ask: Who art thou? What wouldst thou? What is right?
2. "It is not the mysteries of the Bible that give me trouble, but plain truths."
3. Worship without love, faith without love, service without love.
4. "He who loves best his fellow men."

VI. SENTENCE SERMONS:

1. "Teach us to love and give like thee! Not narrowly men's claims to measure. But question all our powers, To whose cup can we add pleasure? Whose path can we make bright with flowers."—Whittier.
2. "Oh I would serve him—these my sisters and brothers Are hungry and cold—Lord, prove my loyalty, And grant that in ministering to these others, I minister to thee."—Grace Noll Crowell.
3. "I hold it truth with him who sings To one clear harp in divers tones, That men may rise on stepping-stones Of their dead selves to higher things."—Tennyson.

'Sesqui-Boals' Will Be Relics At Marietta, O.

MARIETTA, O. (AP) — Four hand made galleys which carried a band of modern "pioneers" down the Ohio river last spring in re-enactment of the sesqui-centennial of the journey of the first settlers into the Northwest Territory, have become the property of the Ohio State Archaeological and Historical Society and will be museum pieces.
The flatboat, Union Galley, 50 by 15 feet, and complete with cabin and fireplace, is to be placed permanently here, and one of the galleys also will remain in Marietta, at the city's Campus Martius. Locations will be sought for the others.
Re-enacting the trip of the first settlers of 150 years ago to minute detail, the present-day group, hiked and drove oxen from Massachusetts to W. Newton, Pa., and built the boats by hand and floated on the Ohio river to Marietta, landing last April to bring the Northwest Territory celebration to a climax.
Mortality among cutlery grinders is 330 per cent greater than in the average occupation, due to inhalation of silica dust.

Marvin Breuer, probably the only graduate engineer in baseball who works at his profession during the off-season, points out a detail to engineer in charge of construction job at Rollo, Mo., where Breuer is contact man between Missouri School of Mines and the government. Breuer, who helped Kansas City in its triumph over Newark in the little world series last year, will join the Yankees this spring.

Census Figure Gives Mexico 19,478,791 Total

MEXICO, D. F. (AP) — Mexico's population as of June 30, 1933, is officially estimated at 19,478,791 inhabitants. The census bureau has just finished compilation of the figures.
Although Mexico is known to be under-populated, it is the second country of Latin America as to

number of inhabitants being out-ranked only by Brazil.

Besides the Federal District, there are only seven states which have more than 1,000,000 inhabitants. The two most sparsely settled territories are the northern territory of Southern California, which is for practical purposes in the orbit of California (U.S.A.) and Quintana Roo, which has more relations with British Honduras and Guatemala than of these has 56,488 inhabitants, while Quintana Roo has only 14,635.

Double Career Man

Marvin Breuer, probably the only graduate engineer in baseball who works at his profession during the off-season, points out a detail to engineer in charge of construction job at Rollo, Mo., where Breuer is contact man between Missouri School of Mines and the government. Breuer, who helped Kansas City in its triumph over Newark in the little world series last year, will join the Yankees this spring.

Heroes of Sea Rescue

Lifboat crew of the tanker Esso Baytown raise hands in greeting as they arrive in New York with survivors of the British flying boat Cavalier. Left to right: Stanley Taylor, John Goodwin, Thomas Brady, John Thomaschek, Howell Smith, Joseph Minor.

Land Arbiters Send Mexican Claims Forms

EL PASO, Tex. (AP) — The Agrarian Claims commission has sent 200 questionnaires to Americans involved in Mexican farm land expropriation as the first step in determining payments the Mexican government shall make to American land holders whose property has been seized.

'Dream Killer' Held By Philippine Police

MANILA (AP) — A case of homicide while the alleged killer was supposed to be in the throes of a nightmare has been reported to the headquarters of the Philippine Constabulary.

The case, said to be without precedent in the islands, occurred in the village of Baryan, sub-province of Benguet. The "dreaming killer" was Pelos Davara, and the victim, who was hacked to death, was his father-in-law, Melchor Damagan.

'Fresh Air' for Longevity

FREMONT, O. (AP) — Ninety-year-old Mrs. Mary Warner, has a prescription for longevity—and it's cheap. Plenty of fresh air, she says, is all that's required.

mission is scheduled to be completed by June 1, 1939.

The Mexican government has agreed to pay \$1,000,000 a year until the amount set by the commission has been paid.

Thieves Return Loot, Start New Year Right

MARYSVILLE, O. (AP) — The thief or thieves who burglarized a Marysville bowling alley apparently have turned over a new leaf for 1939.

Policeman Frank Gilbert found on his front porch \$39 in cash, two full quarts of whisky with the fingerprints carefully removed and a .22-caliber revolver, representing the exact loot stolen earlier.

Rhodesia Ruins Doubtful As of Ancient Origin

CAPETOWN, (AP) — The mysterious ruins at Zimbabwe, Southern Rhodesia, thought to be the creation of long-lost civilization, may be only a hundred years old and built by Zulus.

That is the belief of Servaas D. le Roux, Rhodesian big game hunter, writing in "Die Burger." He rejects the theory that the ruins are thousands of years old.

He bases his theory on the botanical growths on the walls.

Why WAIT—and WISH you hadn't?

NO OTHER CAR IN THE WORLD HAS ALL THESE FEATURES

- * DYNAFLEX VALVE-IN-HEAD STRAIGHT-EIGHT ENGINE * BUICOIL TORQUE-FREE SPRING
- * GREATER VISIBILITY * HANDSHIFTS TRANSMISSION
- * ROOMIER UNSTEEL BODY BY FISHER * TORQUE-TUBE DRIVE * TIPTOE HYDRAULIC BRAKES
- * CROWN SPRING CLUTCH * "CATWALK-COOLING"
- * OPTIONAL REAR AXLE GEAR RATIOS * FLASH-WAY DIRECTION SIGNAL * SELF-BANKING KNEE-ACTION FRONT SPRING

Easy on the eye—easy to buy—on General Motors terms.
*When better automobiles are built Buick will build them.

IN the big Buick factory in Flint these days the long assembly line is running smooth as oil.

Not in ten years has production been steadier—and not in the memory of man has the work been better or the car so fine and full of dollar value.

Which is one reason we ask, man to man—what are you waiting around for?

With the first bright budding weather a flock of folks are going to itch to start traveling behind this power-packed Dynaflex straight-eight.

They're going to hear the call of the open road—and hone to answer it in smart Buick style, with Buicoil Springing to cushion them along.

They're going to come pouring in on us wanting Buicks, wanting them fast—and in spite of all we'll be able to do then, somebody may have to wait.

But the smart buyers will be all set—will be on their way looking at spring-fresh greenery through Buick's new "visibility unlimited."

They'll be having glorious fun behind this supple giant of a Dynaflex power-plant, taking their steady ease in the comfort only Buick gives.

That's why we hope you're making your decision now.

Your old car's worth more today than it will be later. You may dodge a lot of repair bills by trading in now. You buy now at prices that are lower than a year ago, lower than you'd expect, lower even than some sixes.

So why wait—and wish you hadn't?

"Better buy Buick—NOW!"

Texas Business Men Make Crippled Children Happy

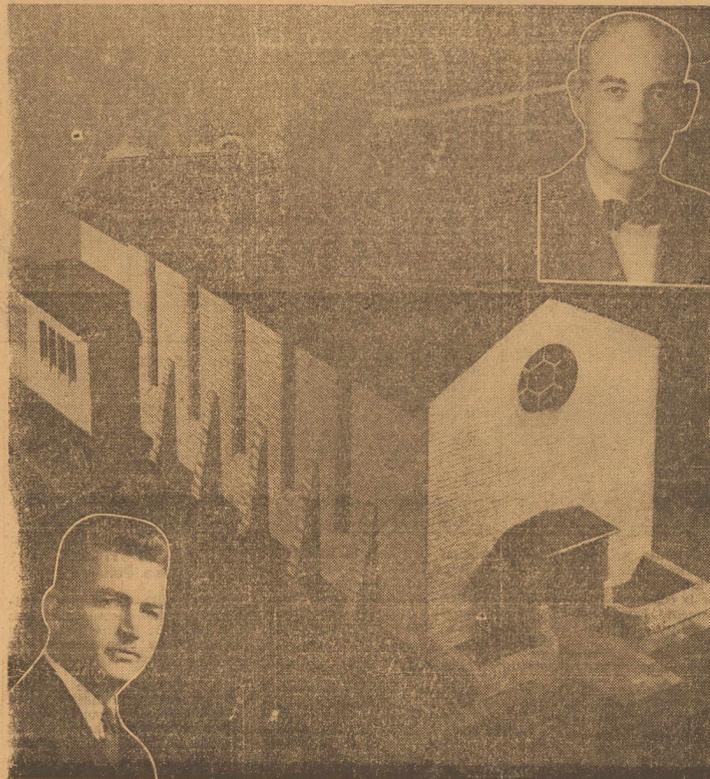

W. L. Clayton, Houston business man and state chairman for the Celebration of the President's Birthday, Jan. 30, visited Dallas last week and left a check for \$10,000 with Walter C. Temple, Board chairman for the Scottish Rite Hospital for Crippled Children, from the National Foundation for Infantile Paralysis.

"Riddle of Sands" Defies Solution By Scotland Yard and Government

LONDON (U.P.)—A record in criminal investigation was established when five government departments co-operated with Scotland Yard in investigating a Mornish mystery which had become known as "The Riddle of the Sands."

College Receives N.Y.A. Aid to Build Long-Awaited "Chapel in the Woods" for Informal Student Worship

Fulfillment of the dreams of students and officials at Texas State College for Women for a little "Chapel in the Woods" came when President Franklin D. Roosevelt signed a grant for aid from the National Youth Administration, to be administered by State Director J. C. Kellam (left).

'Sourdough' and Wife Dig \$10,000 In Ores From Gold Mine in Year

KREMMLING, Colo. (U.P.)—Ten thousand dollars a year for pick and shovel work—that's what Mr. and Mrs. Walter McDaniels dug in gold, silver and lead ore from their Big Four mine seven miles south of here last year, and thus realized the dream of every prospector.

Borers Blamed for Rose Bush Losses

By V. S. HILLOCK, Rose Originator

ARLINGTON (U.P.)—So far as can be discovered, borers in rose plants first became known a few years ago when plants in the garden of Prof. McAllister of the University of Texas died in the growing season.

Find Method of Destroying Ants

WESLACO. (U.P.)—The red harvester, or agricultural, ant, destructive to crops of all kinds also is an obnoxious pest of lawns, playgrounds and sidewalks. Recently a cheap and satisfactory method of controlling the pest has been worked out at the A. & M. College Experiment Station here, says T. B. Randolph, entomologist.

At the Ritz Today and Monday

Claudette Colbert and Herbert Marshall, the reckless lovers of "Zaza."

Instrument Used to Locate Meteors

DALLAS, Texas. (U.P.)—Reversing the usual process, Jimmy Trexler, Southern Methodist University engineering student, listens for meteors instead of looking for them.

Job's Only Temporary But It Lasts 30 Years

MELBOURNE, Australia. (U.P.)—Frank Hassell, although he has been constantly employed for the past 30 years, is doubtful if he will ever have a permanent job.

McMurry Chanters Feature of Week's Assembly Programs

The McMurry College "Chanters" directed by Mrs. Bob Wylie, presented a musical program in assembly Friday morning. This chorus of twenty boys and girls had presented a program at the Methodist church Thursday night. Before leaving for Odessa, the "Chanters" came to school to give a program for assembly.

The McMurry students have come every year for some time and they are greeted very enthusiastically by the Midland high school students. The "Chanters" are not only very good singers, but very willing, too. Despite their hurry, they stayed and gave four encores.

The program was as follows: "Foreado" from the opera "Carmen," "Rosini," and eleven part arrangement of "The Rosary," and eight part arrangement of "The Sleigh," and the beautiful "Gulianinia Mia" from the movie, "The Firefly."

As encores the boys octet sang two short, humorous selections and the girls octet sang a French and a Norwegian folk song.

The Midland high students always welcome these singers heartily and regret to see them leave. May they return soon.

Regular Noon Period Scheduled in Gym

Since the gymnasium has been completed there has been so many various activities in the gym that all of the high school pupils have not had a chance to play. But Coach R. W. Myer, gymnasium instructor, has made a plan so that all the pupils shall have a chance to play in the gym. Beginning Monday, Jan. 30, the gym will be opened to students of the high school for scheduled noon activities. The schedule for the week shall run as follows:

Monday—Badminton
 Tuesday—Handball
 Wednesday—Tennis
 Thursday—Volley ball
 Friday—Basket ball

EX-STUDENT NEWS.

Robert Dunagan and Bernard Westerman are home from school.

Phyllis Richman has started to school here. She has been attending school in Fort Worth.

Pat McMullin is home from John Tarleton.

Newnie Ellis Jr., and Harold Reid came home January 26.

Fast Lamesa Cagers Subdue Bulldogs To Tune of 51-34

Thursday night the Bulldogs played the Lamesa club which is one of the fastest and best teams in West Texas. Although the Bulldogs played a very hard game and gave their best, the Lamesa boys beat them by the score of 51 to 34. The game was very interesting in spite of the score, for the first three quarters the Midland boys played a desperate game holding the Lamesa boys down to a six point lead and threatening them all the time, but in the last quarter with many fouls against them the Lamesa boys forged ahead and won the game by a large score. High point man of the night was Gee scoring 14 points. Other scores were: Ford, 6 points; Arrington, 7 points; Collier, 3 points; Dodson, 2 points; and Bryan 2 points.

Band Reaches New High in Program Tuesday Night

If you were so unfortunate as to have missed last week's successful band concert, we heartily sympathize with you. One of the best musical renditions ever heard by a Midland audience was given by the Midland high school band, in the high school auditorium, Tuesday night, and was heard by a large, as well as appreciative, audience.

Music programs reached a new high in relation to band work in this area, as the organization attained new heights under the direction of M. A. Armstrong and his assistants, student-director, Billy Noble, and Bob Reeves, ex-member. Execution of the various numbers was akin to that of professional groups and the amateur artists received no small applause for their efforts. The audience as a whole was highly pleased.

Many visitors from out of town were present at the program, including members of the newly organized Stanton band with their director.

Financially, too, the concert was a success, \$59.35 having been made from ticket sales. Out of this will go expenses, but the profits will be used for band activities and needs. Although money received by the programs cannot begin to buy the needed uniforms, it may well be used for the purchase of instruments which are necessary to a well-balanced band.

Mr. Armstrong was very enthusiastic over the success of the undertaking and hoped for a larger crowd at the next which will be presented soon.

Midland High Day by Day

As times passes on in its eventful course, man becomes more and more subject to an evergrowing burden, be it economic, spiritual, or amorous. I, too, have felt the growth of this inevitable burden, but my experience seems as nothing compared to the problem of one young swain who, in pitiful plea, beseeched me by letter to help him with his plight.

Now Cupid is a devilish lad, god-like though he be, and it is by his doing that many of us have our romantic troubles, interspersed though they be with blissful interludes (just ask Bobby Walker). So it is that this lad has come to me, via the mail, to lay his problems at my feet in the hope that I can help him. I have taken the liberty to publish his epistle below:

Dear Ben,

I have been reading your column each Sunday and have enjoyed it very much.

After reading it last Sunday I decided I would write you and ask you to help me out in a matter of great importance to me. You seem to have the answer to most everything.

The fact is, I am in love greatly with a brunette. Now, no matter what I do or say, it doesn't seem to please her. I take her to a dance on Friday night and maybe she'll dance once with me and I never see her the rest of the evening. Do you think it is my pimples? Or am I just a dud? I only make two dollars on Saturdays and I spend most of that on her, do you think she is doing me right?

Ben, I don't know if you are a girl or a boy, I've never seen a girl named Ben, the author but if you are a boy maybe you will understand my predicament. I play basket ball and tennis and came out for football, but that doesn't seem to make me any more popular with this brunette or any of the blondes.

Help me out with some suggestions and I will forever be your reader.

LOVELORN.

First, I might say that this may be a column full of a variety of things, a conglomeration, so to speak, but it is not an advice to the love lorn. And lastly, I am not an authority on the caprices of womankind, fool that I am. Woman has been a problem to man since the Garden of Eden. And man has yet to figure them out. Even one woman knows little about her fellow-members (of the sex).

However, since your letter has touched me so, and provoked my sincere mental agitation, I will endeavor to help you, not materially mind you, but spiritually.

First, in the matter of what is wrong with you (the part where you mentioned pimples, etc.) I refer you to Dorothy Dix, whose column appears in the Fort Worth Star-Telegram. She has helped others, perhaps she can aid you.

Secondly, concerning the financial side of the problem, I give you such

Grid Stars Don Purple and Gold Blazers, Sweaters

The presentation of blazers to the football lettermen took place Tuesday, Jan. 17.

The first string including eighteen boys received blazers. These blazers are purple with gold leather sleeves. They are lined with gold satin. They may be turned wrong side out and worn. This way they have a gold body and purple sleeves.

The second string received gold sweaters with the purple letter 'M'.

Those boys who letter for the first string are: Gus Bryan, Gordon Geddes, Goodrich Heil, Howard Ford, Paul Klatt, Bob Eidson, Jay Francis, Thomas Wright, Thomas McMullan, Temple Harris, Truman Whitaker, Noble Van Dyke, Buddy Hewitt, Maurice Bratton, Wayne Lanham, Leland Foster, J. M. White, and Dale Truelove.

Kirkham Speaks on Successful Work At D. O. Classes

Mr. Tom Kirkham, assistant manager of the theaters here in Midland, gave a talk to the diversified occupation class last week. This was an opportunity for the successful worker. The talk was good for all of the class because it was about the different occupation and the personally needed in them. The class is always glad to have business men give talks so that their view points of what an employer should do may be learned. This gives an opportunity for comparison with their standards and makes possible preparation for the job.

The D. O. class was the guest of Mr. Kirkham at the Yucca theater. Having been given a choice, they decided to see "Hardy's Out West."

Cheerful Cherubs

1. We have recently confirmed our belief that D. Sue is Frankie's s. l. (You know—secret love!)
2. Jackie is between the "devil and the deep blue sea," alias John and Rocky. Boys, she'll soon be in N. T. A. C.—so why worry?
3. We wonder if Spencer is really and truly a "woman-hater" or if he's just acting the part?
4. Don Griffin is still giving all the girls a rush, even if he has moved to Odessa. (I'd like to see his gasoline bill!)
5. James Frank is torn between three fires—Mary Sue, Barbara Jean, and Jessa Lynn. May the best girl win—for he's such a prize!
6. What is this we hear about a budding romance between Mary Jane and Tommy W.?
7. A broken leg doesn't stop Hugh Corrigan, in fact it doesn't even slow him down, because he was at the band concert with none other than Margie J., a proud senior!
8. Too bad about Billy Joe and Dorothy Mauldin breaking up. What (or perhaps who) could have caused it?
9. Virginia F. has spent a few dull evenings since "Dub" has been away, but Filson "to the rescue."
10. Helen Armstrong has been reported "on the most likely to succeed" in this dancing world! (Guess which senior boy said that?)
11. Granada, how about sharing some of those letters from Cecil Elder—after all you get so many!
12. Marjorie Ann, why did you give Martin the cold shoulder? For keeping you out so late? (2:00 is quite early for a sophomore!)
13. At last our scholar, Billy Noble, has a terrific crush! Who could the lucky girl be?
14. Is that "love-light" in Carolyn Oates' eyes when she glances coyly at Steve Stookey in Spanish class.
15. Kitty said she had some gossip for the column; but, I guess she accepted a bribe and didn't turn it in.
16. If you want your crowd represented in the snapshot section of the annual, turn some "snappy snapshots" in at once! And don't fail us—

Letter of Appreciation Sent Mrs. Douglas By Ex-Student

George Walker, '38 graduate, is finding his work in Hardin-Simmons University very interesting and not very difficult because of good training in high school. He has written Mrs. Douglas.

"I want to congratulate you on your teaching as I am taking harmony here and find it a cinch. When discussing the V7 chord, the teacher asked me a few questions and asked me how I knew. I replied that I learned it in high school and he remarked that he wished all his students had taken a course in harmony in high school.

"I have heard lots of good music since I have been here. One of the most outstanding things I heard was 'The Messiah' given by the Abilene High school. It was composed of a 75 piece symphony orchestra and a 250 voice choir. I had to stand through it all but it was well worth the effort.

"George was an excellent music student in high school, being a member and an assistant director of the band.

men as J. C. Moore, economics teacher of MHS, Ralph Barron, president of the Midland National Bank, and M. C. Ulmer, First National Bank cashier. If these economic wizards can't help you, no one can.

And last, perhaps this news sheet can produce a column devoted entirely to such letters as yours in the near future. Then we would be prepared to deal wholeheartedly and sympathetically with you.

Thanks for writing, son, I hope I have given you some faint ray of hope.

Declamation, Play, Banquet Planned In Speech Classes

Mrs. Bob Johnston states that very much interest is being shown in declamations. When a thing is started early, more coaching may be obtained and more practice received. Practice makes perfect. The list of those intending to declaim are:

Gene Ann Cowden, Frances Ellen Link, Helen Armstrong, Geraldine Griffin, Lois MacCynch, Nell Ruth Bedford, Dorothy Sue Miles, Joyce Beauchamp, Bobby Martin, John Dublin, Wayne Lanham, Donald Griffin, Jack Nobles, James Mims, Delmar Yoakum, Tad Crane, and Roger Sidwell.

Declamations should be very good this year because there are many declaimers with several years experience.

Jr. Play Rehearsal.
 The junior play is progressing nicely with rehearsals every afternoon after school and also a few nights of each week.

Bobby York tries quite a bit of proposing through the play. He is a nice chap and if he tries anything with you girls do not take him seriously because that is only a routine with him until after the play.

Banquet.
 Notice to all juniors and seniors that the banquet is not far off. The tickets are being worked on now by the public speaking department. (Advice, boys. Get your dates now. Do not take a girl for granted.)

Pro and Con: Going Steady

Hoping to begin a new series of articles, this first "for and against" discussion has been written on a topic that is of interest to us all, "going steady or not going steady." To get the students' opinions, 63 boys and girls were interviewed. The "pro" side of the question was against going steady. However the 25 left all had reasons—and good ones, too—for their choice of going steady. Let's see what these "pros" and "cons" have to say.

Mr. Pro: When I like a girl, I want to take her and no one else. Besides, I don't like any other boy taking my girl.

Miss Pro: Digo. When you really like a boy, what fun is it to go with anyone else? Surely that is enough reason for going steady.

Mr. Con: But when you go steady, you get tired of each other and there are often hard feelings when you break up.

Miss Con: That's right, and in this town couples are paired off, labeled, and set on the shelf with the rest of the "hands off" to quickly. A boy might ask a girl for several dates and then they just get paired off together. It's just not fair to the girl sometimes. Besides, it kills a girl's popularity and that's what every girl wants. It's more fun if you go with more boys any way.

Miss Pro: Not if you really like a boy. A date with someone else is flat, dull.

Miss Con: I don't think so. Going with other boys isn't flat, just makes dates with the one and only more fun.

Mr. Pro: But what if you are shy? You take a girl and know her real well and have lots of fun with her, but you are scared to death with other girls.

Mr. Con: That's just it. Going with lots of girls helps give you confidence. Besides, going steady costs too much. There are always dates, the car, corsages, etc.

Mr. Pro: That's where you are wrong. It's the dates you have with the girls that you don't take often that costs you. When you go with your own girl, you can just ride around or go to her house. You don't always have to try to make an impression.

Miss Pro: And if you go steady you are assured of a way to things. You don't always have to be worrying about a date.

Mr. Con: But what about this question of "safety"? If your girl sees you even talking to another girl, she thinks you are flirting with her. And the same goes for boys; they get jealous when their girl is seen with anyone else.

Mr. Pro: But if you go steady you know that isn't true. Your girl knows you like her and no one else, and vice versa.

Well, everyone has his own opinion. What do you think?

Exchange

AUSTIN, Texas, Jan. 28.—Learn your mathematics in high school and you'll have little trouble when you come to the University of Texas, is the advice of the Registrar's Office at that institution. More students made failing grades in that course than in any other, 24.8 per cent "flunking in applied mathematics classes and 25.1 per cent in pure mathematics.

REV. HINDS, MR. JOHNSON VISIT ASSEMBLY PROGRAMS.

Monday morning Rev. Hinds visited assembly. He talked on "Common Sense" in every day life. The assembly presented some readings. Margaret Murray sang a hymn.

Mr. Johnson, representative of the Silver Burdett Publishing Company, was an assembly visitor Wednesday. He complimented the students very highly on accomplishment and behavior in the building.

This Week's Special

Beth Prothro, charming sophomore student, is the victim of this week's personality plus. Beth is an outstanding scholar, having won prizes last year along that line, but her favorite subjects are home economics and band. Her ambition is to become an expert photographer.

Errol Flynn, she could do practically anything she desired. Beth did not hesitate when asked her favorite color—which is blue—but a maidenly blush crept slowly upward when she had to admit that fried chicken with lots of gravy and broiled steak were her favorite dishes.

Errol Flynn is her favorite actor, a title, by her main aversion, "especially," she says, when you are trying to put away your band instrument, and some one—usually a boy—stagers against you, nearly upsetting you.

The characteristics she admires most in girls and boys is honesty, friendliness, and courtesy. A typical American girl, Beth, enjoys reading, and is fond of sports.

Home Ec. Class Gives P. T. A. Tea

The girls of the third year foods class entertained the PTA with a tea Wednesday afternoon, January 24.

The centerpiece consisted of a bowl of mixed flowers donated by Mr. Fromhold. Tea and cookies were served to the teachers and parents.

The girls in the class are: Leslie Houston, Melba Lee, Sue Bryan, Vondelle Davis, Mary Ruth Roy, Inez Pittman, Beatrice Cocks, Nona Truelove, Clara Belle Jones, Nellie Mae Terry, Lillie Mae Roney, Livinia Thompson, Joyce Heard, Mary Evelyn Taggart, and Helen Ruth Merrell.

Drama in High School

A new type of entertainment was introduced for assembly program on Thursday morning when the speech department presented "The Tangled Web." The play was a delightful comedy in one-act. Fred Middleton, as the professor, again portrayed great talent for playing comedy parts. Freda Fae Turner's acting was that of a professional while Julianan Cowden and Donald Griffin were especially good. The play was enjoyed by everyone and there are hopes of having many such plays presented in the near future.

The drama in high school is a relatively new idea, not the regular junior or senior plays, but the plays wherein the students take part in the production. They are rapidly spreading over high schools throughout the United States.

These plays are one of the best forms of entertainment for the assembly and very helpful to the students taking part. A student can broaden his personality and appreciate new aspects of the life about him. These plays develop excellent team work and such traits as self-confidence, self-reliance, emotional content, adaptability, tolerance and understanding, personal responsibility, and a sense of fair play.

Psychologists Advise Job Holders Greener Fields Aren't Across Fence

CLEVELAND, O. (U.P.)—Just why that may befall an employe is to be promoted over his head," Prof. Otis said. "He may have been successful and happy in his old job, but often when his boss finds that he can't handle his new one he is discharged. Or even if he is retained, his self-confidence suffers when he finds himself making an excessive number of mistakes."

Many people are interested in occupations in which they have no ability whatsoever.

Many boys about to be graduated from high school insist on becoming doctors, questionnaires show.

"In most instances all they see in the medical profession is the glamor," Otis said. "They do not see the hard work and sacrifice necessary to reach their goals. To divert their interests into occupations for which they could be successfully trained really is a difficult task."

At the Yucca Today Through Tuesday

Three stars of "Angels With Dirty Faces," Pat O'Brien, Ann Sheridan and James Cagney, in that never-to-be-forgotten story of the human drama of the slums.

Duke Suspected He Had a Bucket

Coach Howard Jones presents Al Kreuger with an engraved milk-pail at a banquet in the little desert town of Lancaster, Calif., honoring the Southern California end who caught four consecutive passes from Doyle Neve in the closing seconds of the Rose Bowl game to beat Duke, 7-3. Kreuger developed his gluey hands milking cows on his father's farm near Lancaster.

Cruising Toward a Wedding?

Denying they are already married, Screen Star Janet Gaynor and Gilbert Adrian, movie costume designer, who announced engagement recently, are pictured as they sailed on liner Chiriqui for a West Indies cruise.

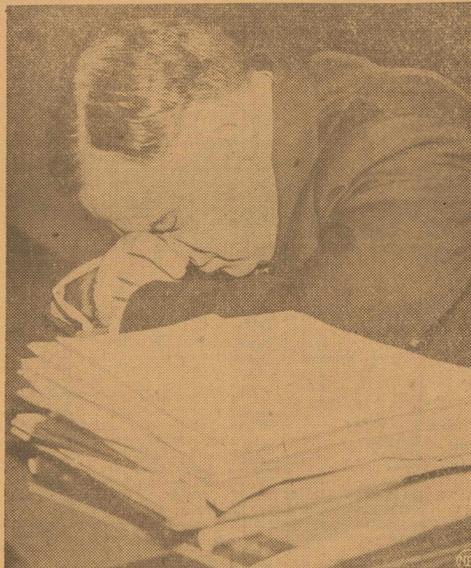

Street in Zara, Italy, Called "Via Tunisia"

ZARA, Italy (U.P.)—The Italo-French question is responsible for the naming of a street and a square in this city. As a New Year's Day gift to the

French, the Zara city administration decided to name a square "Piazza Corsica" and a street "Via Tunisi."

There are about 8,000,000 oveling and billiard enthusiasts in the United States.

LaGuardia Pauses for Relief

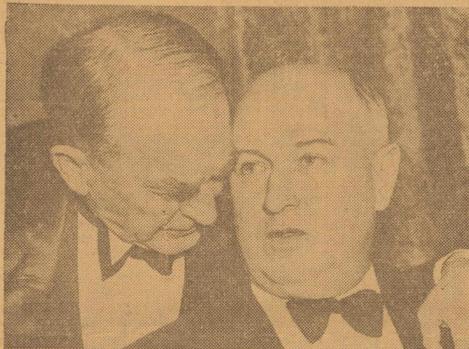

During a pause in the Senate subcommittee hearing on the deficiency relief bill, New York's Mayor LaGuardia rested his eyes—and meditated, perhaps, on his plea for an \$875,000,000 appropriation requested by President Roosevelt.

Wives of Rescued Flyers

Speeding by auto to a New York reunion with rescued crew members of the British flying boat Cavalier are Mrs. Patrick Chapman, nearest window, wife of plane's radio operator, and Mrs. Neil Richardson, wife of the first officer.

Double Talk Bankhead

A guy who gets around is House Speaker Bankhead, pictured top working out on Postmaster General James Farley's veteran ear, and lower, giving the same treatment to Vice President Garner.

Where's That Race Track?

A promising miss is the first thoroughbred foal of 1939 at Rancho San Luis Rey in southern California. She also is the first offspring of Sarada, son of Sir Gallahad III and a handicap and stake performer of several years ago. The filly's dam is Margie N by Runnymede. Pictured with the little punner of the future is Charley Cooper, maestro of San Luis Rey.

Theatre Calendar

YUCCA—

Today through Tuesday—James Cagney, Ann Sheridan and Pat O'Brien in Angels With Dirty Faces

Wednesday and Thursday—Torchy in Chinatown with Glenda Farrell and Barton MacLane.

Friday and Saturday—Janet Gaynor and Douglas Fairbanks Jr. in The Young in Heart.

HITZ—

Today and Tuesday—Claudette Colbert and Herbert Marshall in Zaza.

Tuesday and Wednesday—Jackie Moran in Barefoot Boy.

Thursday Only—Heather Angel in Arrest Bulldog Drummond.

Friday and Saturday—Rhythm of the Saddle with Gene Autry.

Unusual Name Unites Brother and Sister

GRAND RAPIDS, Mich. (U.P.)—A brother and sister separated since childhood when the sister was adopted have been re-united through their unusual surname—Wildbahn.

Dorothy Wildbahn communicated with the attorney here who signed her indenture papers nearly 40 years ago. Although he could not remember the transaction, the unusualness of the name prompted him to question his next door neighbor, E. W. Wildbahn. He was the missing brother.

British Troops Inoculated With New Tetanus Serum

LONDON (U.P.)—All ranks of the regular troops in Great Britain are undergoing inoculation with a new serum which is believed to give lifelong immunity from infection by the tetanus, or lockjaw, germ.

Inoculations are to be completed by the end of the year. The fight against tetanus has been conducted in the civil and military laboratories for years in the hope of evolving a serum more effective than that employed during the World War, when lockjaw caused so many deaths.

Harpichord and Swing Defended by Player

ROCHESTER, N. Y. (U.P.)—Miss Yella Pessi, young harpichordist whose skill at the strings has given her solo roles with Arturo Toscanini's orchestra, vigorously disputes assertions of critics that the harpichord is a "quaint instrument."

This 16th century forerunner of the piano goes even with swing, Miss Pessi insisted when she took a week's course at a music school here.

"Swing is post-romantic and the harpichord is pre-romantic," the young artist explained. "Because both express design and rhythm, they go together. I like them both."

Ohioan, 103, Surprised Likes His First Movie

CLEVELAND, O. (U.P.)—When his

friends insisted that he should see his first moving picture, Jacob Nabel, 103, said he wanted to be paid if he were to sit through a film.

"But I was wrong," he admitted after seeing a technicolor production. "It was so good I would be willing to see another."

Nabel, an Hungarian-born proprietor of a clothing store, never had ridden in an automobile or seen a show.

A theater manager read about Nabel, and made the necessary arrangements.

A lightplane is now on the market at a retail cost of less than \$2000. In England the plane is being offered in two models, one with 40 horsepower for \$2040, and 50 horsepower for \$2405.

One of Germany's newest sea-planes has four engines, two that push and two that pull. The whole plane has the design of a sailplane.

ROETTGER'S JEWELRY

QUIZ

FOR PEOPLE WHO BUY THINGS

1. Can you read?
2. Do you read the advertisements?
3. Do you chuckle at shoppers who rush frantically from store to store and counter to counter looking for bargains when they might have saved time, energy, and their cheerful dispositions by sitting in a comfortable chair for ten minutes and scanning the advertisements in this newspaper?

IF YOUR ANSWER TO EACH OF THESE QUESTIONS IS "YES," YOUR SCORE IS 100%. IN FACT, YOU ARE WHAT IS KNOWN AS:

"A WISE SHOPPER"

the New SEIBERLING SAFETY TIRE with SAW-TOOTH Tread

"SAW-TOOTH" TREAD
Whether you are cruising at 30 miles per hour or hitting 75 the new Seiberling Safety Tire runs as quietly as a pambler. But touch your brakes and thousands of "Saw-Tooth" claws instantly grab the pavement from every angle . . . stop you right now . . . straight in your tracks.

NEW "SAF-FLEX" CORD
Just imagine . . . the "Heat-Proofed" body of this new tire is built of special Seiberling "Saf-Flex" tread tire cord! The fibers of this new cord are more closely knit . . . more compact . . . 20% stronger than cords previously used . . . withstand the fire to withstand terrific punishment and the heat of high speed flying.

Streamlined BEAUTY
Styled by one of America's leading designers, this is the "mostest looking" tire that ever dressed up an automobile. Made in both black and white sidewall.

SPECIAL OFFER
For the next 10 days we are making extra liberal trade-in allowances on your old tires in order to introduce this sensational new Safety Tire. Tear out this ad today, drive to our store, and take advantage of this special offer. **GUARANTEED IN WRITING 90 MONTHS!**
