Light Shower Falls At Midland While Rankin Gets Rain

Scattered showers and sprinkles fell in the Midland area Tuesday night, the precipitation in town being barely enough to wet the top of the ground. At the airport, the gauge was .03 of an inch.

Reports from Rankin indicated that rainfall of four and a half inches fell in a two hour period, heavy damage from hail accompanying the moisture. The rain reached northward toward Midland, with a hard shower reported at the Tyson Midkiff ranch.

To the east, a small strip received a good shower, the Saylor farm reported to have been in the path of a rain cloud traveling north-eastward.

North of Midland, the Free Bird ranch got a good shower, it was stated here today.

Losses of young lambs were likely from the rain and hail near Rankin and Big Lake. Rains also were reported at Texon and McCamey.

Scouts Prepare to Enter Round-Up at Big Spring Friday

Final preparations for the annual Boy Scout Round-Up in Big Spring are being made by the local Boy Scouts. Both troops are preparing their entries for the contests which will start at 8:30 Saturday morning. The local scouts will leave the scout hall Friday afternoon at 2 p. m. and will be at the round-up grounds for the opening in Big Spring at 3:30. Scouts of both troops 52 and 54 have been putting in full time the last two weeks in preparation for the big program of activities in schedule for Saturday.

Troop 52 had their regular meeting last night to complete all arrangements and have all of their scouts ready for the Round-Up. Troop 54 will meet Thursday night and at the meeting will practice all of the contests and outline all of the arrangements to their scouts. All of their patrol leaders will also make all arrangements for their patrols to take part in every event on the contest.

The Round-Up opens at 3:30 Friday at which time all troops will select their campsites and set up their camps. Much credit is given the troops on their rating for having a good camp and one that is set up in a real scout fashion. The next thing is an assembly of all the troops to open the Round-Up, then comes the preparation of supper which will be graded by the judges. At 8:00 p. m. comes a gigantic campfire program for all scouts but selected troops will be given special parts on the program.

More than a thousand scouts will take part in the Round-Up and at the close Saturday a silver loving cup will be given to the troop that is declared by the judges as the Round-Up winner.

Plane Crash Fatal to 3 in Mississippi

Pilot Loses Control Of Ship Dodging Group of Children

GRENADA, Miss., May 3 (AP)—A plane belonging to the Memphis Commercial Appeal crashed and burned here Tuesday afternoon, killing three persons including John Crump, youngest son of Memphis Political Leader E. H. Crump.

The other victims: George Stokes, about 33, The Commercial Appeal's veteran photographer-pilot.

Ted Northington, 31, reporter.

Young Crump, about 30, was secretary of E. H. Crump & Co., his father's real estate and insurance firm.

The Commercial Appeal plane was about to land, witnesses in the crowd of 500 at the airport said, when some children ran out in front of it.

Mayor E. C. Neely, who witnessed the crash at the airport here said there was no apparent cause for the accident.

"There was no one on the field in the way of the landing plane," he asserted. "The field was wide open."

Grenada is about 95 miles south of Memphis. It was to have been the last stop of the day for the touring plane.

For more than 30 years Crump's father has been the political chief of Memphis and Shelby county.

Surviving young Crump are his parents, wife and two brothers, E. H., Jr., and Bobbie.

Former Resident of Midland Succumbs

RANGER, May 3 (Special)—Funeral services for Raymond Doyle, 42, former resident of Midland, who died here Tuesday, will be held today at the First Baptist church here. Interment services will be held at Patrick, near Waco, Thursday.

Doyle had lived here eight years at the time of his death. He is survived by his widow, Mrs. Johnnie Roberts Doyle, one son, Louis Raymond Doyle, and one daughter, Anna Bess, all of Ranger; two sisters and his parents, Mr. and Mrs. J. M. Doyle, Rock Creek, Texas.

The father of Mrs. Doyle, J. C. Roberts, and three brothers, Frank, J. C., and Cecil, of Midland, were in Ranger at the time of Doyle's death.

3 Attend Highway Meeting at Bronte

Chamber of Commerce Manager Bill Collins, Percy Mims, member of the chamber of commerce highway committee, and Rev. W. J. Coleman left this morning for Bronte where they were to attend a highway 158 meeting this afternoon. The meeting was being sponsored by the community service club of Bronte.

The men were due back here this afternoon, after which Collins was to leave for Rankin where he is to officiate tonight at the installation of new officers of the Rankin Lions club.

Midland Lions to Seek Convention At El Paso Meeting

Final arrangements for sending a large delegation to the district 2-T Lions club convention in El Paso tomorrow to ask for the convention here in 1940 were completed today at the regular weekly luncheon of the club.

Twelve members signified their intention of attending the convention, scheduled Friday, Saturday and Sunday. All delegates from over the district will be contacted in an effort to assure the convention here.

Meeting with the district members will be the 40th district, located in New Mexico, holding district convention in Las Cruces, and Lions of Mexico, in national convention at Juarez at the same time.

Geo. Philippus explained the program of the convention, saying members would journey to Las Cruces Friday afternoon, after a business session in the morning, with the New Mexico and Mexico Lions club delegates. Saturday, a district meeting will be held in El Paso, after which activities of the three groups will center in the border city. Sunday will be Mexico Day, with all delegates being honored with a luncheon at noon and a bull fight in the afternoon.

Members of the local club signifying their intentions of attending the convention included R. O. Smith, J. P. Butler, Thad Steele, Joe Mims, W. E. McCarrier, Berte Haigh, L. W. Taylor, Butler Hurley, J. Howard Hodge, Claude Crane, Bill Collins, Paul McHargue.

Announcement of the induction of new officers in the Rankin Lions club tonight was made and an invitation extended local members to attend the services.

Fifty-two members were present at the luncheon. Five guests included H. S. Taylor, Bill Freeman, S. A. Debnam, G. W. Brennenman, Jess Rodgers.

Luncheon was prepared by ladies of the West Side Demonstration club.

President Signs Bill to Strengthen Defenses of Nation

WASHINGTON, May 3 (AP)—President Roosevelt signed today the bill providing \$153,000,000 immediately in appropriations and contract authorizations for "critical" defense items for the army, sea coast defenses and fleet expansion.

Agents Defraud Two Book Purchasers

How two women were defrauded by book agents was revealed here today. The purchasers of books were led to believe they were signing contracts of purchase, with payments to be made next September. To their surprise, they found that the documents were customers' drafts. Their first knowledge of the fraud came when their bank accounts showed the drafts had been cashed. Citizens were warned to be on the lookout for the agents and to examine closely any papers signed.

Slight and sound descriptions varied as much

It appeared to some twice the size of the full moon. Others said it appeared to resemble the sun traveling fast and laying a smoke screen. To others it seemed to explode in mid-air with a terrific roar. And still others said it did not explode at all, but fell in the Gulf of Mexico many miles from shore.

The only man who thought to take a picture of the phenomena was Paul Peters, a newspaper photographer.

Peters got four shots of the meteor's tail. At first it appeared as a broad streak of light. Then it be-

Nazis Offer Peace Pacts To 6 Nations

Efforts Being Made To Form Neutral Bloc For Self Protection.

BERLIN, May 3 (AP)—Chancellor Hitler today sought to form a neutral bloc of at least six nations extending across northern Europe. He offered identical non-aggression pacts to Denmark, Norway, Sweden and Finland and made similar approaches to Latvia and Estonia.

There were strong reasons to believe that proposals of like nature had been submitted to a number of other European countries. One object of this diplomatic activity, it was believed, is to isolate Poland and another is to prevent further "encirclement of Germany." A third was said to show that Germany is animated only by peaceful intentions.

Scientists Gather For Inspection of New Observatory

ALPINE, May 3 (AP)—Scientists of wide repute mingled in this small, far-West Texas town Tuesday, engaged in the first-day preliminaries of the annual meeting of the American Association for the Advancement of Science, Southwestern Division, which ends Friday in dedication of the McDonald Observatory.

Dr. Edwin F. Carpenter, president of the Southwestern Division responded to a welcome speech with kind words for West Texas. He said: "You really have much in this region to attract us. Your archaeology and your ethnology are both rich and unique. And the fine observatory, not so far (40 miles) as Texas reckons distance, is one of the most exciting events of the decade in the entire realm of the physical sciences."

Dr. H. W. Morelock of Sul Ross State Teachers College, welcomed the scientists, remarking that his guests were perfectly safe anywhere in the Trans-Pecos. "We have thrown away our tomahawks, Roy Bean is no more, and the rangers are still with us only to perpetuate a romantic past."

Most exciting event for the visiting scientists last night was looking through the new 82-inch mirror in the McDonald Observatory, which is situated atop Mount Locke in the Davis Mountains. The visitors were shown how the entire mechanism works, also.

Of prime interest will be two speeches at the four-day meeting. One will be Dr. Carpenter's today on "The Revolt Against Thought," Thursday Dr. Arthur Holly Compton, world-famed authority on the cosmic-ray, will discuss "Physics Views the Future." Dr. Compton is a Noble Prize winner.

Sales Tax Proponents Muster 90 Votes Today

AUSTIN, May 3 (AP)—Advocates of the sales-natural resources sales tax constitutional resolution mustered 90 votes in a house test today.

A motion to kill the amendment striking out the resolving clause prevailed, 90 to 55. Elimination of the clause would have killed the proposal.

A vote on the clause came after several hours of sharp argument on the resolution, already given senate approval.

A final vote is expected soon.

Preparing Field for Polo Matches Soon

Grading and cleaning off of the polo field at Fair Park has been completed, with a course of fuel oil to be applied Thursday, it was announced today. Two graders were at work Monday and Tuesday putting the surface in shape.

Plans for practice games here Sunday, May 14, have been announced by Rip Smith, grounds keeper at the fair park, with three Lamessa teams to come over and work out with local players. Matching of some fast games between a Midland team and some formidable opponents also are expected to be announced shortly. Jay H. Floyd, local polo player, said today.

Mexico Steers Placed On Brunson Ranches

W. W. Brunson was here today from his ranches near Slaton and Crosbyton. He has recently placed on his pastures there 1,000 head of steer yearlings bought from the Palomas Land and Cattle Co., of Sonora, Mexico, and 1,000 head of cows bought from the E. K. Warren Estate ranch in the same locality.

He also turned 2,500 head of the Palomas steers to George Davis, president of the Kansas City Grain Exchange, to be grazed near Manhattan, Kansas, and 1,500 head to the Adams Estate at Hutchinson, Kansas.

Richard Patton underwent an appendix operation in a Midland hospital this morning.

"Miss West Texas" To Be Selected at WTCC Convention

ABILENE, May 3.—Who is the prettiest girl in West Texas? The question will be settled with the selection of "Miss West Texas" at the 21st annual West Texas Chamber of Commerce convention here May 15-17.

West Texas towns are selecting their most charming girls as sponsors to take part in the convention night shows, "Twilight Trail" and compete for the coveted title.

The girl selected by popular vote at the first show, Monday night May 15, will be crowned as "Miss West Texas" at the Tuesday night show.

Sponsors selected to date include: John Tarleton College, Stephen-Floyd, Miss Delta Ree Holdridge; Floyada, Miss Sappho Ward; Olney, Miss Paydell Edwards; Breckenridge, Miss Eunice Jones; Snyder, Miss Ruth Linn; Haskell, Miss Frances Elizabeth Kaigler; Mineral Wells, Miss Opal Hill; Anson, Miss Lora Spurling; De Leon, Miss Jane Terrill; Colorado City, Miss Harriette Ann Pritchett; Wichita Falls, Miss Peggy Gene Kimbrough; Albany, Miss Virginia Craighead; and Sweetwater, Miss Joyce Whaley.

Lubbock, Big Spring and Vernon have notified convention headquarters that their sponsors will be named soon.

In addition, Miss Marjorie Munger, selected as "Miss Abilene" and Miss Barbara Crissey, Burkburnett, "Miss West Texas" for the past year, will appear in the revue, but will not compete for the title.

Outstanding entertainment acts will be presented on the revue programs.

Assurances of Peace Asked By Officials

"Encirclement" of German Nation Is Denied in House

LONDON, May 3 (AP)—Prime Minister Chamberlain told the house of commons today the "British government would be ready to consider proposals for an exchange of reciprocal assurances with the German government."

Denying there were any grounds for charges the British government had adopted a policy of "encircling Germany," Chamberlain said: "What President Roosevelt proposed (April 14) and Herr Hitler offered (April 28) was an exchange of assurances of non-aggression rather than a guarantee on a reciprocal basis such as was recently given by the British government to Poland."

Chamberlain's statement came after a cabinet meeting at which the government was reported to have rejected Russia's proposal for a British-French-Russian guarantee to all Baltic and Black Sea states.

The cabinet was reported, however, to have decided to urge Russia, to "reinsure" British-French commitments to Poland and Rumania after Poland told Britain she preferred to make a separate agreement with Russia.

Japs Demand More Power in Governing Shanghai District

TOKYO, May 3 (AP)—Renzo Sawada, vice minister of foreign affairs, today presented the United States and British ambassadors with demands that the Shanghai municipal council, governing body of the Shanghai international settlement, be reorganized to give the Japanese a larger voice in its affairs and to permit more complete control of "terrorism" in the settlement. Sawada declared that the structure of the council was out-moded long ago.

Rumania Offers to Pay U. S. War Debts

WASHINGTON, May 3 (AP)—Rumania presented the United States with a formal note today offering settlement of her war debt of about \$64,000,000. State and treasury departments will study the offer to determine what recommendations should be made to congress.

GRAND SALINE, May 3 (AP)—The Morton Salt Company's mine and plant closed down today when 295 employees went on strike. The workers were seeking, among other things, an increase in wages.

Negroes Vote Despite Warnings From "KKK"

MIAMI, Fla. May 3 (AP)—Negroes ignored warnings issued during a spectacular demonstration by paraders in Ku Klux Klan regalia to cast a record vote Tuesday in a city primary election.

City Clerk Frank J. Kelly said negroes voted at a 5-to-1 greater ratio than ever before at one large precinct where separate poll books and balloting machines were installed to avert possible disorders. Kelly said more than 50 negro votes were cast at that precinct alone and estimated the previous record for a city election at "scarcely more than 150."

Police Chief H. Leslie Quigg, who assured the negro citizens service league through Kelly yesterday that there would be no disorder, dispersed a rapidly growing group of white men opposite the negro polling place. The men left after a few words from Quigg, who declined to disclose what he told them.

Monday night's demonstration, in which white-robed men in more than 50 license-shielded automobiles paraded through the negro section, followed an appeal by the service league for protection against racial violence.

The Town Quack

I don't want to set myself up as a weather commentator, because I know that's fatal, but I will say here, before I lose the opportunity, that I bet Jim Harrison on Monday that it would rain in Midland by 8:30 Tuesday. If you were watching the clock when the shower fell, you may judge just how far I was off.

Earl Ray has been saying that it would rain when everybody gave up hope. Maybe that's the way the ball game went. We won a game yesterday after taking about as bad a beating as the Cowboys are apt to get all season. Now that we have started uphill, let's turn out in big crowds to all the home games and "play ball."

Jim Harrison has just come in and informed me that the rain didn't fall until 9 or 9:30 last night. I'm not convinced that I owe him anything, as I failed to look at the clock. All I know is that I hadn't been in bed five minutes, and if I was in bed it ought not have been later than 8:30.

Another smart man who predict-

ed the shower was C. B. Dunagan. He didn't have any doubt about it Tuesday afternoon, and he's been here a long time. The point I'm trying to make is that we've been too modest in this country about predicting the weather. I want to see people drop the old custom and speak out freely when they believe it will rain or won't.

Next Sunday, Monday and Tuesday at the Yucca theatre there will be probably the most sensational movie shown here in years, "Confessions of a Nazi Spy." Produced behind locked doors, the picture doesn't attempt to cover up its meaning anywhere. It uses everything except the names. Even the characters bear close resemblance to the man with the moustache and the fat man.

Whereas most movies start with a note that the characters are fictitious and any resemblance to any persons is purely coincidental, this big film reverses the order of things and admits that the characters depict actual personages and the resemblance is by no means an accident. The film is an expose of spy activities in the United States. The actors selected to represent "The Man" and "The Fat Man" are shown under fictitious names and their identity will not be divulged. Because of their expert make-up, even their best friends won't know them. If you see a Swastika on top of a local skyscraper, maybe you will get warmed up to the point of shooting it down.

The 24th Annual National Ram Sale, held under the management of the National Wool Growers' Association, is to be held on August 22 and 23 at the Salt Lake Union Stock Yards, North Salt Lake.

Tentative subjects for discussion at the Ranchmen's Roundup at the Sonora Ranch Experiment Station on June 27 and 28 include hard yellow liver, sleeping sickness, poisonous plants, veterinary problems, veterinary education, livestock lice control, blow-fly control, agricultural education, meat production and distribution, influence of range and water conservation, wool and lamb production and consumption, the agricultural situation, range management and plant control studies, and breeder-feeder possibilities.

Announced for May 23 and 24 at the State Fair Grounds in Sacramento, Calif., is an auction sale with an offering of 1,650 rams and 150 purebred ewes. Catalogs will be furnished by the California Wool Growers Association, 595 Mission Street, San Francisco, on request.

Leslie Uhl, San Antonio 4-H Club boy, is feeding the calf given by Elgin Eckert of Mason to the purchaser of John Carlton Eckert's San Antonio champion steer. The calf went to the St. Anthony Hotel and has been named St. Anthony and named the First. H. A. Fitzhugh, county agent, and Homer Lemburg, his assistant, are planning on producing a 1940 champion at home in Bexar county.

Bexar County 4-H Club boys are feeding 24 calves for next spring's shows. Of this group ten come from the Fitzsimmons Land and Cattle Co., three from the Elgin Eckert herd, two from Leo Hofman, one from August Willman, one from Dunningridge Ranch at San Antonio, one from W. T. Montgomery's Medina Hereford Ranch, two from Jamie Brooks's Hereford Ranch at Brady, one from Perry Killison, and four Angus from Ed and Fritz Eisenhauer.

AMENDMENT TO HEALTH CERTIFICATE ORDINANCE

AN AMENDMENT PROVIDING FOR BARBERS, COSMETOLOGISTS AND OTHER PERSONS TO OBTAIN REGISTRATION AND IDENTIFICATION CERTIFICATES; REQUIRING OWNERS OF BARBER SHOPS AND BEAUTY PARLORS TO REQUIRE EMPLOYEES TO OBTAIN SUCH CERTIFICATES; AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MIDLAND THAT THE HEALTH CERTIFICATE ORDINANCE HERETOFORE PASSED JANUARY 6, 1939, BE AMENDED BY ADDING THE FOLLOWING PROVISIONS TO BE READ BETWEEN SECTIONS 4 AND 5 OF SAID ORDINANCE:

Section 4a:

Owners of barber shops and/or beauty parlors shall employ no barbers, cosmetologists or other persons, including porters or assistants, who handle tools, supplies, or other things in said shops or parlors, or permit them to work in said shops or parlors unless said barber or cosmetologist or other person has had a blood test showing freedom from infectious or communicable disease and has in his possession a Registration and Identification Certificate mentioned in said Health Certificate Ordinance; nor shall any barber, cosmetologist or such other person work in a barber shop or beauty parlor or pursue his trade in connection with barbering or cosmetology in said City unless he has had said blood test and has in his possession such Registration and Identification Certificate. Such certificate shall be valid for six months only from date of issuance.

Section 4b:

Hotel porters and maids shall not work in hotels within said City, persons in boarding houses shall not do any manner of work in said boarding house within said City, and domestic servants shall not work in private homes or residences unless said mentioned persons have had a blood test showing freedom from communicable or infectious disease, and have in their possession a Registration and Identification Certificate as in other cases provided in said Health Certificate Ordinance. Such certificate shall be valid for six months only from date of issuance.

Section 4c:

The designation of particular occupations in Sections 4a and 4b hereof is not intended to relieve persons mentioned in Sections 3 and 4 from the operation of the Ordinance.

Section 4d: The fine in any sum not to exceed \$200.00 mentioned in Section 5, is hereby amended to read not to exceed \$100.00.

Section 4e:

If any part of this amendment shall be declared invalid, such invalidity shall not affect the remainder of same.

Whereas, on account of the urgent need for the immediate passage of this amendment, because of the great need for the protection of the health of the public at large, an emergency exists and is declared. Therefore the rule requiring three separate readings is hereby suspended, and this amendment shall take effect immediately upon its passage without being read on three separate occasions.

Passed, approved and adopted this 11th day of April, 1939.

M. C. ULMER, Mayor. J. C. HUDMAN, City Secretary.

How to Behave As Shown by the Dionne Quintuplets

Yvonne is very proud of being a good Tooth Brusher. If you are one, your teeth will always be pretty.

By OLIVE ROBERTS BARTON

Is your little toothbrush blue, or yellow or red? There it hangs in its place in the bathroom, and it is trying to talk to you—did you know that?

It says, "Now your teeth LOOK all right, but they need a good scrubbing, anyway. I would like to have you use me three or four times a day."

"Teeth are very, very precious. Your next teeth will be better if you take care of the ones you have now. The only way to keep teeth good and strong and white is to use your toothbrush often."

"Toothbrushes get all the little bits of food out, after you eat. Clean, white teeth are much the prettiest teeth. If you brush them every morning when you get up, and after you eat, maybe the dentist will say, 'This good child has been keeping his teeth very clean. I can't find any bad holes to fill at all.'"

Warm Sweet Bread Is Timely Item at Four o'Clock Tea

By MRS. GAYNOR MADDOX, NEA Service Staff Writer

Warm sweet breads and a pitcher of cool fruit juice, tea or coffee will turn the May four o'clock gathering into a delightful affair. Here are two pungent guests for your neighborly party.

Soft Gingerbread (9x12x2 inches)

One-half cup butter, 1 cup brown sugar, 2 eggs, 1 cup molasses, 3 cups flour, 1 teaspoon soda, 1 teaspoon cloves, 1-2 teaspoon nut-

meg, 1 1-2 teaspoons cinnamon, 2 tablespoons ground ginger, 1 teaspoon salt, 1 cup sour milk. Cream butter, add sugar and cream again. Beat eggs and add. Beat well and add molasses, continue to beat. Sift flour, soda, cloves, nutmeg, cinnamon, ginger and salt together. Add a little of these dry sifted ingredients to butter mixture, then a little sour milk. Continue adding alternately. Turn batter into buttered pan and bake in moderate oven (325 degrees F.) for about 50 minutes.

Almond and Cherry Tea Ring (12 to 15 rolls)

Dough: Two and three-quarter cups cake flour, 2 1-2 teaspoons baking powder, 1 teaspoon salt, 1-3 cup butter, 1 egg, 2-3 cup milk (approximately) 1-2 teaspoon almond extract.

Filling: Three tablespoons brown sugar, 1 teaspoon cinnamon, 1-2 cup blanched almonds, chopped; 1-4 cup candied cherries, chopped; butter.

MENU

BREAKFAST: Orange juice dry cereal, oatmeal muffins jelly, coffee, milk.

LUNCHEON: Clear tomato bouillon, vegetable salad, whole wheat toast, warm almond and cherry tea ring, cheese, tea, milk. DINNER: Raw carrot sticks, fried ham steak, mustard cream gravy, parsley potatoes, new spinach, chocolate cream pie, coffee, milk.

Sift and measure cake and flour. Then sift flour, baking powder and salt together.

Cut in the butter to a coarse crumbly stage. In another bowl beat the egg slightly; blend in the milk and almond extract. Stir the liquid into the flour mixture to form a soft dough. Roll the dough on a lightly floured board into an oblong sheet until about 1-2 inch thick.

Sprinkle brown sugar, cinnamon, chopped almonds and cherries and dot with bits of the butter. Roll up like jelly roll. Press the two ends together to form a ring.

Place the ring in a well greased heat resistant glass cake dish. With the scissors make cuts through the dough about 1 inch apart. Turn each portion party on its side, pointing away from the center. Bake in a hot oven (400 degrees F.) for 25 to 30 minutes. Serve warm with butter. (Candied pineapple or maraschino cherries may be used in place of the candied cherries.)

COWBOYS WIN! HUBBERS HERE TODAY; NIGHT PLAY THURSDAY

Large Crowd Is Expected to See After Dark Game

The Midland Cowboys could score a only two innings yesterday but they made enough runs while doing so to snap a six game losing streak for themselves and a seven game winning streak for the league leading Lamesa Lobos. The final score was 11-9, with seven of the Midland runs coming in a big eighth inning attack.

The strong Lubbock Hubbers will open a two-game series here today at four o'clock, with Pampa here Friday and Saturday.

Club officials announced today the first night game of the year here could be played tomorrow night at 7:15. The Hubbers will again be the opponents for the Cowboys, and Joe Met, number one hurler of the local aff, will probably be on the mound for the Kermans.

Yesterday's game was exceedingly interesting to Midland fans until the sixth inning. At that time the Cowboys were trailing by 0-8 but they managed to pick up four runs, then win out in the eighth.

It was a combination of hits, runs and errors that gave the Cowboys seven runs at once. Not a one of them was earned, despite four hits and three walks.

To shortstop Sam Malvia and manager Jim Kerr went credit for a hitting that enabled the Cowboys to win their first game in a full week. Two-base hits by each led up and then untied the game in the big eighth.

Manager Kerr used three hurlers hanging up the win, Murphy, Patterson and Swartz all seeing duty with Patterson getting credit for the win. However, Swartz was the most impressive hurler of the three. He went into the game in the ninth with one on and none out, struck out one pinch hitter, made another out and then retired the side making the third batter fly to the outfield.

As usual, the Lobos scored in the sixth inning. Reeves led off with a single, stole second and came home on a single by Stone. Murphy then led the Lobos away from the field until the fourth when Guyne singled and advanced on a balk. One hit one that took a bad hop in front of Malvia to score Guyne, five doublings to send Stone home and Bates singled to score White.

The Lobos picked up three more runs in the fifth when they put together a walk and three hits, including a double by Britt. In the sixth they had another on three hits and a walk, finally being retired with three runners on base.

The Cowboys, after going hitless through the first four frames, got couple of bingles in the fifth, then came to life in the sixth by sending ten men to the plate and making four runs. Glowicka started it off by getting to first on an error to Tobeck and advancing when Mort walked. Sam Malvia got his first hit of the day, a single, to send Glowicka home. Kerr lined out to Britt.

Everson singled to score Mort, Gold then walked and Guinn stepped a Texas leaguer into left field to score Malvia and Everson. At bat for Murphy, walked to the bases but Wooten struck out and Glowicka popped to first to end the rally.

The Lobos were retired in the eighth scoreless by Patterson despite his issuing a couple of walks. Double play, Guinn to Petzold to Wooten helped him escape unhurt. However, after the Cowboys had been shut out in their half, the Lobos bounced back for one more in the eighth on a double by Haney and single by Stone.

The eighth started inauspiciously for the Cowboys, Everson reaching second when Britt dropped his high leg in left, then falling down. But it was the break the locals had in waiting for and they capitalized immediately. Petzold walked, Guinn flew out to right, Patterson singled to score Everson, Wooten walked to fill the bases, Glowicka called out on strikes, Mort walking in a run by Petzold, Malvia lined a double to center that was almost shortstopped, sending Everson and Wooten home and then Reeves threw wild at home to race in with the tying run.

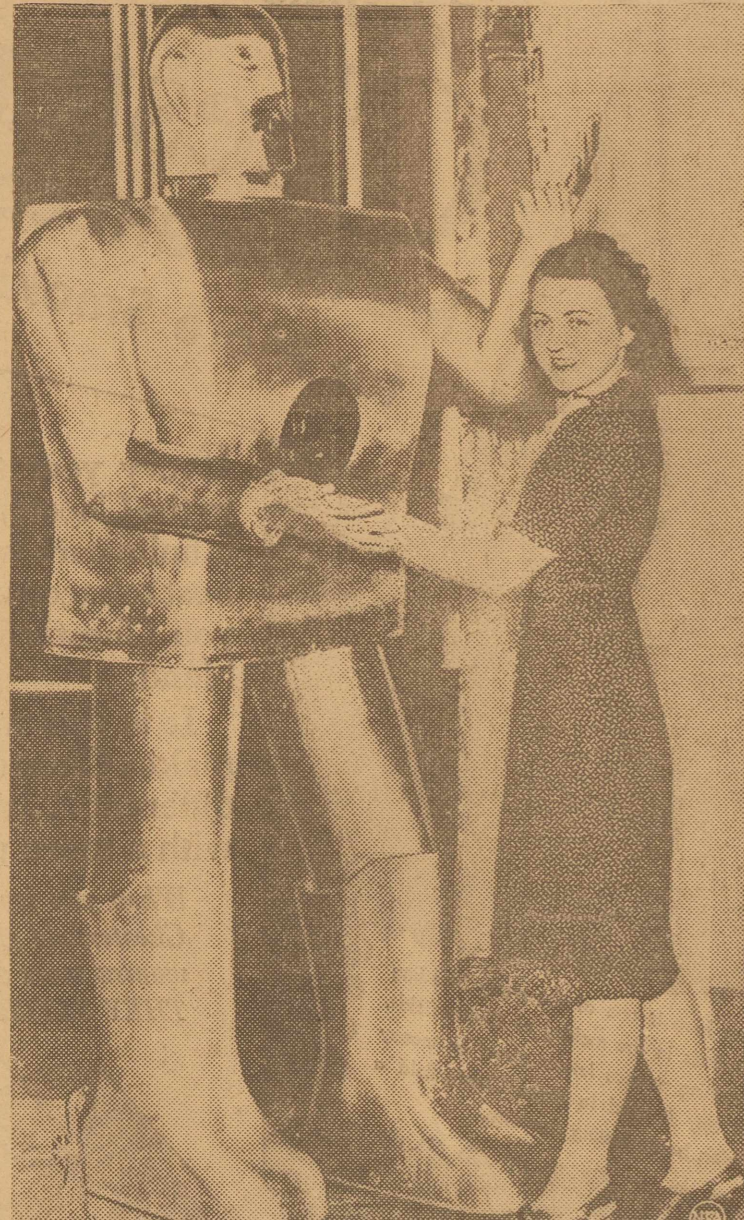

Malvia took third. Kerr then led one to right that bounced over fence for a two base hit to send Malvia with the winning run. The manager then stole third and he in when Everson singled.

That was the ball game. Eaton Guinn, who played third with the Midland Cardinals in 1938, was on third base for the locals yesterday and put up a jam up decisive game, getting four putouts and five assists and aiding in one double play.

Individual batting honors of the night went to outfielder Stone of the Lobos who garnered four singles on a walk in five trips to the plate. Haney of the Lobos and Malvia of the Cowboys each had a single and a double in five trips up.

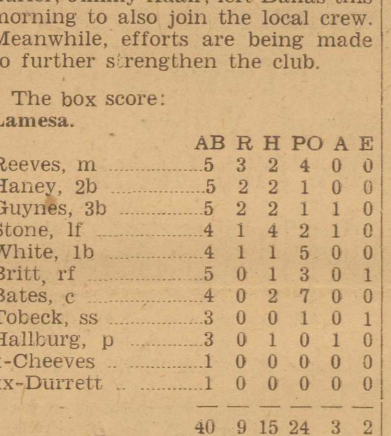

The eighth consecutive game in which Malvia has got two or more runs, a right hand hurler, arrived from Beaumont last night to join the Cowboys and will probably see service soon. Another right hand hurler, Jimmy Adair, left Dallas this morning to also join the local crew. Meanwhile, efforts are being made to further strengthen the club.

Electric Power Consumption Gains

AUSTIN.—Burning of electric power in Texas during March slipped slightly from the amount consumed in February, but was moderately above March of last year. Bureau of Business Research officials at The University of Texas said today.

Consumption for the first three months of 1939 was well above that of the first quarter of 1938. Power companies reported a gain of 2.9 per cent over March of last year but a decline of nearly 1 per cent from February, while first quarter consumption gained 4.6 per cent over the first quarter last year.

March reports of power companies showed commercial consumption 8.5 per cent over March last year, industrial consumption down 3.1 per cent, and residential consumption up 12.3 per cent.

Quarterly consumption for commercial uses was 8.2 per cent over the first three months of 1938, industrial consumption up 2.1 per cent, and residential consumption up 12.4 per cent.

Fiery Fred Haney Makes Browns Play Ball to Stick

BY HARRY GRAYSON.
NEA Service Sports Editor.

WHEN Johnny Berardino was knocked down by Vernon Kennedy for the second time in Detroit, an aroused Fred Haney anked over to the Tigers' dugout. "Do you want Greenberg's wrist broken?" he asked Delmar Baker. "Want Gehringer put out of business?"

"Well, if you don't, just tell those pitchers of yours to quit dusting off that kid. If they want to take a shot at somebody let them throw at the older fellows. And when you throw at us, we're going to throw at you."

Berardino, a University of Southern California product up from San Antonio, is clicking at second base for the rejuvenated St. Louis Browns in his third season of professional baseball.

Haney, the new manager, says the club wouldn't take \$100,000 for the powerful Italian lad.

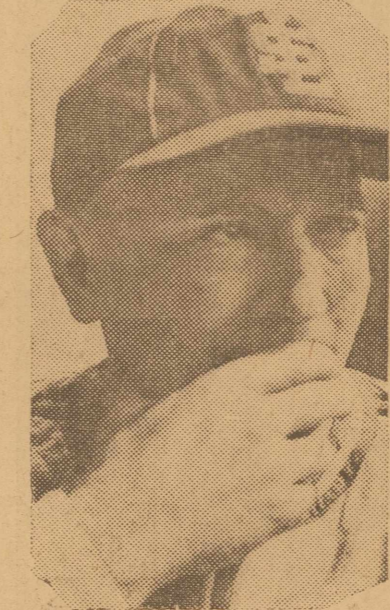

"He's got a chance to be a real great player," says "The Little City," "and I'm not going to let pitchers peck at his head."

Haney is dead right in declaring that the bean ball is inexcusable. "It is a pitcher's privilege to legitimately drive a hitter away from the plate," he explains.

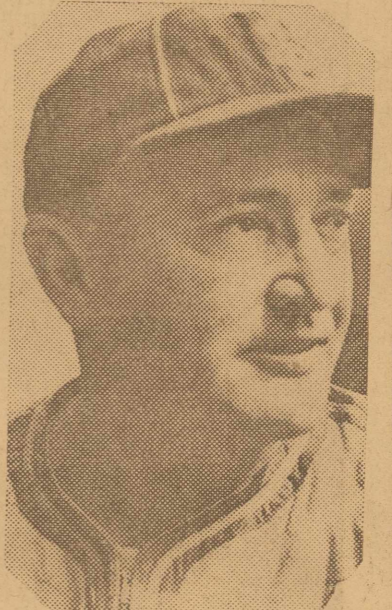

"Tommy Bridges pitched high and inside to us for nine innings the other afternoon, but we didn't squawk. Bridges went about the business of preventing the boys from taking liberties in the proper and safe way.

"High and inside and then we'd break our backs trying to hit his outside curve.

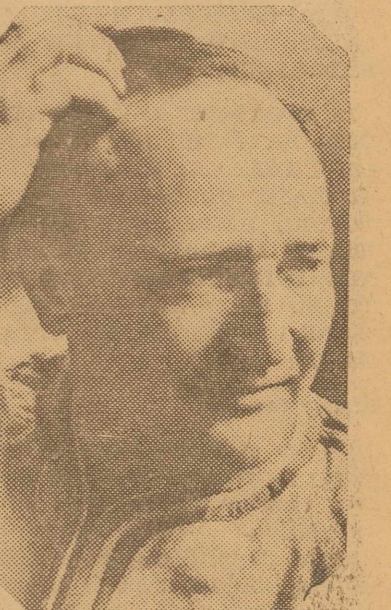

"A pitcher doesn't have to throw at the head to keep a batter from crowding the plate. There is plenty of room below the head."

"Now what does this call for?" Fred Haney wonders.

"Let me see. Well, I'll take my best shot, anyway."

"Nobody can ever say I didn't play the percentage."

TOLEDO SUCCESS WON HANEY JOB.

HANEY won the management of the Browns through success in Toledo. Under his able leadership, the Mudhens' home attendance jumped 200,000 in a single season. Last season he made pitchers cast off by the Browns win in the American Association.

You'd never know the Browns. Under Haney, they are reminiscent of a college football varsity. The Browns have no rules. Haney goes out with his athletes, but he can crack down when he has to.

"I'm protected everywhere but where it's most important. . . . in the pitcher's box," declares Haney, who is scouring the minors

for old pitching hands. . . . "anybody who can put that ball over the plate with just a little something on it. He'd like to bring Tex Carlton back to the majors from Milwaukee.

Even the former Yankees, Myril Hoag and Joe Glenn, are happy with the Browns under Haney.

FOUR REGULARS NEW TO BROWNS.

"WE haven't got a bad club," says Glenn. "We're stronger than the Browns were last season. Four regulars are new to the club. . . . Hoag and Joe Glenn in the outfield, Berardino and myself. Then

there is Johnny Kramer and anybody who can put that ball over the plate with just a little something on it. He'd like to bring Tex Carlton back to the majors from Milwaukee.

"We've got a couple of good young pitchers. Kramer, who beat Detroit, came up from San Antonio with a record of winning 20 and losing 11 in the Texas League. That's pitching.

"Bill Trotter had an even better record with San Antonio. He won 22 and lost nine. And Howard Mills, the left hander who won 15 games in 1938, shortly will be ready. He has had a sore arm."

The Browns are not the same old Browns. Even if the personnel were not changed, they wouldn't be. Not under Fred Haney.

More 4-H Members Enrolled in State

COLLEGE STATION, — Texas, with 67,395 4-H club members enrolled in 1938, helped to raise the national 4-H Club enrollment for that year to a record-breaking total of 1,286,029, according to H. H. Williams, director, Texas A&M College Extension Service.

Director Williamson received announcement of the national total this week from Dr. C. W. Warburton, national director of extension work, who said last year's record enrollment brings to approximately 7,500,000 the total number of young people who have received 4-H training since the work became national wide in 1914.

More than half a million boys and girls became club members for the first time last year, about 28,780 of them in Texas.

More than 40 percent of rural boys and girls in America of the average age of 4-H Club members last year were enrolled in the organization, Williamson said.

Members learn to do by doing. Under supervision of voluntary local leaders and county extension agents, they acquire first-hand farm and home skill as part of their club work.

Clubs in Texas are sponsored cooperatively by Texas A&M College and the U. S. Department of Agriculture. Membership is made up principally of youths between the ages of 10 and 21.

"The large number of boys and girls who have received club training, and positions of leadership they are assuming in their communities, are pointing the way to rural abundance in the quarter century ahead," Williamson asserted.

Survey of All State Roads Is Completed

A survey of all public roads in the State has recently been completed by the State Highway Department, according to a statement made today by Julian Montgomery, State Highway Engineer, at Austin. The survey included county roads as well as State highways, and maps are being prepared showing all public roads in the State.

"It may be surprising to learn that prior to this survey there were in existence reliable road maps of only 27 counties," Montgomery stated. There were fairly reliable road maps of 75 counties, unreliable road maps of 101 counties, while the remaining 51 counties had no road maps.

The Highway Department is now engaged in preparing accurate road maps of all counties, showing both State highways and county roads. These maps also show all dwellings, schools, churches, and other structures visible from public roads. The road survey was made by the Highway Planning Survey, conducted by the Highway Department in co-operation with the U. S. Bureau of Public Roads. Director of the Planning Survey is G. G. Edwards, and F. Thayer Stoddard is Bureau of Public Roads representative, Montgomery stated.

Many Anti-Germans In "Nazi Spy" Film

When a motion picture is finished, the stars who took part in it are usually reluctant to comment on it. They prefer to wait and see how it will be received by press and public. But in the case of "Confessions of a Nazi Spy," the sensational expose of Nazi spy activities in the United States coming to the Yucca for three days, starting Sunday, a fictional story based on material brought out in the recent trials in New York, Los Angeles and San Francisco, the cast demonstrated a vociferous approval of the picture and the important message which it carries to all lovers of democracy.

Edward G. Robinson said: "In making 'Confessions of a Nazi Spy,' I feel that I am serving my country just as effectively as if I shouldered a gun and marched away to war."

Lya Lys said: "I was born in Berlin, Germany. I personally felt the hand of Nazi persecution, because I refused to make pictures for Hitler. When I was leaving Nazi Germany, I was removed from the train and held in custody for six days. It is plain to understand why I have a personal delight in playing in this picture which I hope will awaken everybody to the scourge of Nazism."

Francis Lederer said: "Even though my role is an unsympathetic one, I was glad to have the opportunity to play my part in awakening the United States to the menace of Nazi propaganda and espionage."

Ferdinand Schumamm-Heink said: "I am of German birth. I consider it a great privilege to work in 'Confessions of a Nazi Spy' and contribute my humble share toward correcting evil conditions that exist today."

FANCIES FEMININE

At long last something new under the sun really has been discovered: Up at Cornell University, they are putting apples and pears to sleep in order to store them and keep them fresh for a longer period of time than they will keep in cold storage.

The "putting to sleep" is achieved through letting the fruits anesthetize themselves with carbon dioxide created by their natural exhalation.

And that, we say, is pretty smart. In the first place we're just dumb enough not to have realized that apples and pears "breathe" (even though our remnants of biology lore remind us that leaves do). In the second place, the idea of harnessing the power thus achieved is what we'd term downright clever.

Who says the modern generation can't use its brains?

Never mind if the dictator states do have the biggest armaments. The democracies have the vitamins and vitamins may decide the winner of the next war.

At least so thinks Dr. Harold J. Jephers of Boston.

He believes that the basic food supplies are owned more by the democracies than the dictatorships and that this will give the former an advantage in an armed conflict.

Maybe so. We've heard that an army marches on its stomach. Still, a vitamin seems a flimsy thing to pin one's faith to in the face of a bristling array of guns.

A Midland merchant tells us that he has sold a number of children's toy electric irons to travelers to carry on their journeys instead of the heavier, unwieldy irons used at home. That's a nice idea, we think.

We knew children's toys were yearly growing more realistic but we had no idea just HOW realistic.

until we learned that adults were usurping them for their own use.

Newest example of the immediacy with which American manufacturers seize upon public fads is shown in the "Scarlett O'Hara" and "Rhett" doll heads for milady's dressing tables.

A huge powder puff forms Scarlett's coquettish hat and other powder puffs or cotton pads for applying powder fill the transparent container that form her neck and head. The head, by the way, may be used for flowers or for holding cotton, after Scarlett has done her share in promoting milady's beauty.

Then there's Rhett, a blue-eyed dandy, with a transparent stovetop hat whose high crown is filled with fluffy bits of cotton to be used as powder or lotion applicators. He, too, carries a generous supply of puffs.

Most any debutante or high school girl would crow with delight over these up-to-the-minute novelties as gifts.

Just Like Dad.

WAKE UP YOUR LIVER BILE—

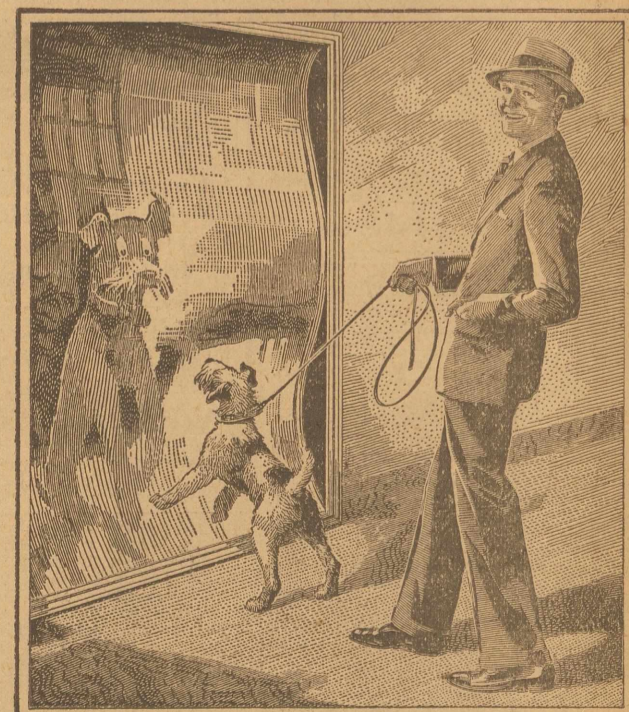

Without Calomel—And You'll Jump Out of Bed in the Morning!

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks puny.

A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up." Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. 25 cents. Stubbornly refuse anything else.

It's all in the Point of View

America, too, may be viewed in a distorted mirror. But thanks to those who see with understanding, our country has grown great. In this land blessed with boundless energy and skill . . . rich in human as well as natural resources . . . the successful man of tomorrow will give credit to his clear understanding of today. New opportunities invite us daily to share by doing our share . . . to have courage for day-to-day problems and confidence for long-range planning. Such is the program of those who are young in heart and viewpoint . . . and it is they whom America rewards.
