

## WHITTLIN'

By DOLPH MOTEN

The current spell of Winter weather has been more than most folks here abouts really wanted.

With snow on the ground each and every day of this year, here are some typical comments we've heard or been told about this week:

LULA WHITE --- Looking outside at additional snow falling: "If I didn't live here, I'd move here."

WENDELL GARNER --- "If we didn't have a little bad weather once in a while, we'd be overrun with people wanting to live here."

MARIE VENABLE --- "It may not warm up until Bull Town Days." That's in August, not-encouragingly.

BILLY MARSHALL --- "I've had snow back ordered for several Winters. Now it's all being delivered at once."

MRS. PAT KUNSELMAN --- "I like this weather. It's better than the heat of July and August."

AN OLD-TIMER who traditionally votes Democratic in regard to recent drastic cuts in the farm program by the Republican administration --- "Two more years of this administration and we'll be having weather like this in July."

Encouraging news we have for Dallas Cowboy football fans. Since their team didn't make it to the Super Bowl this year, missing by one playoff game, said fans can take heart in the fact that the team which beat theirs will win the Super Bowl. Our iced-over, snowed-in crystal ball says the Washington Redskins will win over the Miami Dolphins in the "big one" Sunday afternoon.

While we're making the prediction for fun, we'll go on to point out that we don't expect the final score to be especially close. The oddsmakers say there's a difference of one or two points between the teams. That may be true, but we expect the final score to be not nearly so close as all that. The Dolphins are a good team, but their competition hasn't been as tough as that played by Washington.

We might even figure this one to be a mis-match except for the Florida team's undefeated record.

It's hard to argue against that. Even for us. And since we're already in over our head, let's predict the score to end:

Washington	24
Miami	10

Down at Littlefield and in the surrounding communities of Amherst, Anton, Space and Whitharral, they're still having trouble with General Telephone about their proposed rate increase.

Evidently, phone company officials and leaders of the communities have about reached a stalemate.

The Littlefield city council has decided to proceed with the filing of an injunction (whatever that is) against the phone company to "enjoin the company from enforcing higher telephone rates without prior approval from the five cities involved."

The phone company was recently granted a rate increase here. The increase goes into effect next month.

According to state law, a rate increase must be granted by the city council of the affected community and if an agreement can't be worked out there, the matter is supposedly settled by a district court.

It'll be interesting to see how the Littlefield folks come out with General if the matter ends up in district court . . . or doesn't.

The set of standards needed to be a cowman have appeared in this space some time ago. Here's a slightly revised set submitted by Robert Read, who evidently clipped them from somebody's magazine:

- 1--A wide-brimmed hat, one pair of tight pants and \$20 boots from a discount house.
- 2--At least two head of livestock, preferably cattle -- one male, one female.
- 3--A new air-conditioned pickup with automatic transmission, power steering and trailer hitch.
- 4--A gun rack for the rear window of the pickup, big enough to hold a walking stick and rope.
- 5--Two dogs to ride in the bed of the pickup truck.
- 6--A hundred dollar horse and a \$400 saddle.
- 7--A gooseneck trailer, small enough to park in front of a cafe.
- 8--A little place to keep the cows, on land too poor to grow crops.

# Area's Wild, Wild Winter Rages On

## Grand Jury Indicts Four Bovina Men

Indictments were returned against four Bovina men by the Parmer County Grand Jury which met Thursday of last week.

Antonio Chavez and Daniel Rodriguez were indicted for burglary from an automobile. They were arrested for the theft of two Remington shotguns from a pickup owned by Larry Jesko of Lazbuddie on Wednesday, Dec. 13. The shotguns have not been recovered, according to law officials here.

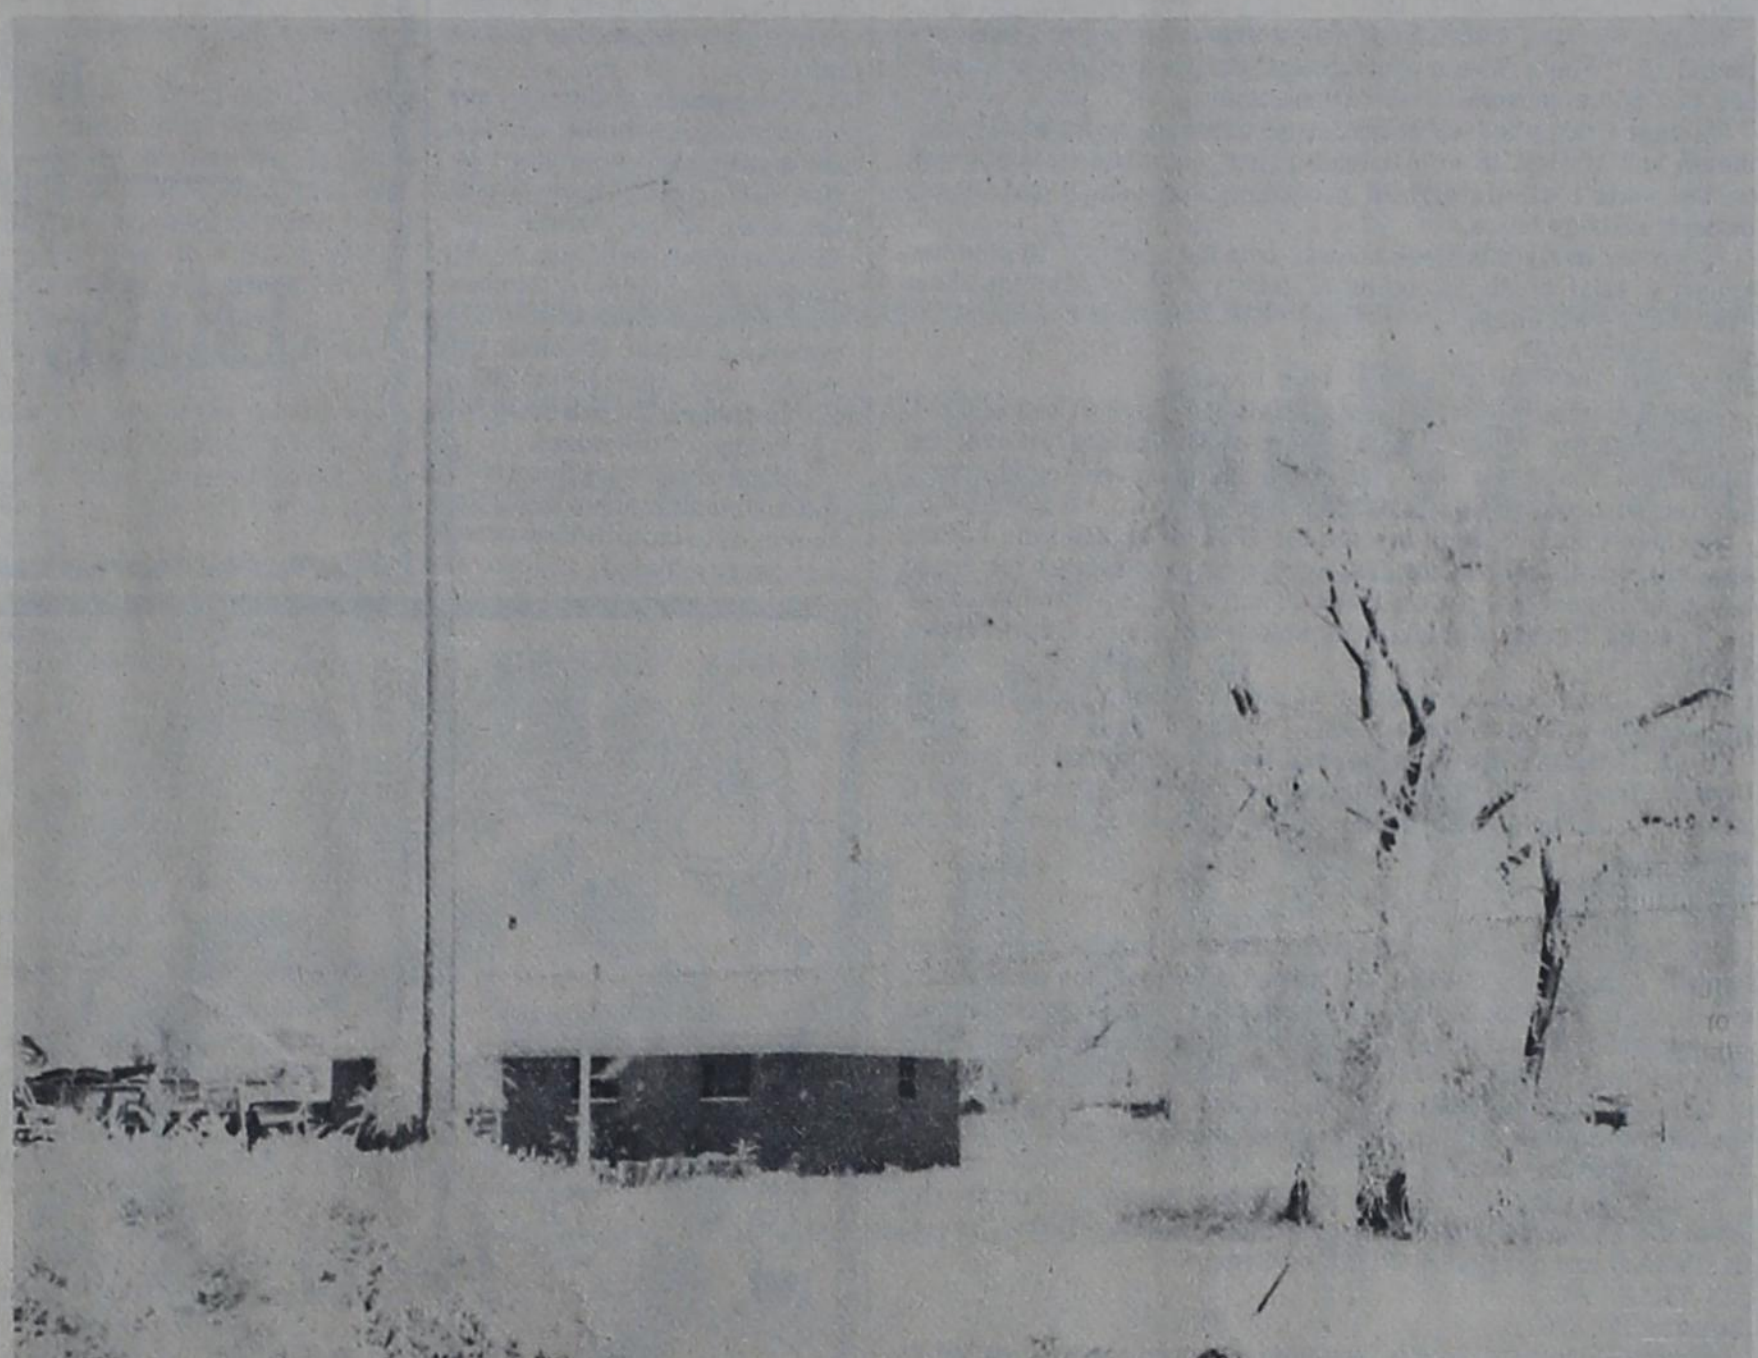

Abram Sierra, 18, and his brother, Luis Sierra, 17, were indicted for burglary of Bovina Service Station and Grocery, owned by Joe Pesch.

The two men and a juvenile allegedly broke into Pesch's store on Dec. 14 and took cigarettes, candies and pastries and other foodstuffs.

## Weather

By Willie

We are having the worst Winter since 1918. Some relief this weekend. --Willie

WINTER WEATHER --- With the current spell of Winter weather well into its second week, an optimistic viewpoint is required to see the beauty in this snow and ice-covered scene from First Street in Bovina. While most residents would welcome relief

from the long-lasting Winter blast, it has not been accompanied by high winds which would further decrease the chill factor and cause drifting of the snow.

# Current Spell In 10th Day

The wild, wild Winter of 1972-'73 continues to rage on. Snow and low temperature continued through the early part of this week, adding to wintry weather which moved into the area the first day of the new year -- 10 days ago.

The unusually severe weather got an early start, back in the Fall, and continued during the end of '72 almost on a regular basis.

Bovina Weatherman Willie Williams says this is the worst Winter here since 1918.

Warmer temperatures and sunshine during the Christmas holiday period brought relief from the cold, but the arrival of the new year saw Winter return in its old form, except worse.

Temperatures here dropped to the eight degree range Monday night and Tuesday morning. Light snow continued to fall, adding to the four-inch total which was already on the ground.

One of the best things about the current spell has been that the wind hasn't been high. This would have increased the chill factor and caused the snow to drift. Winds had not been a problem, however, through the first part of the week.

The snow and ice have creat-

ed hazardous driving conditions which have now existed for some 10 days.

Agriculturally, the spell of Winter is a disadvantage in that some 25 per cent or more of the cotton crop is still in the fields, waiting for more favorable weather conditions before it can be stripped.

Cattle on wheat pasture in the area are under hardship due to the prolonged cold spell. Most cattlemen are hauling supplemental feed to the animals. Earlier cold spells halted the growth of the wheat pasture and in almost all cases it is considered below normal for this time of the year. This will, no doubt, force some cattle to be moved from the wheat fields earlier than had been planned.

The moisture from the snow will be of some benefit. However, most farmers are in agreement that the amount of moisture won't be enough to offset the disadvantages brought about by the current severe weather.

To make the situation even worse, there were no predictions of a major trend to improve.

(Continued on Page 2)

## All-Time High --

# Bank Deposits Over \$5 Million

Directors of the bank have approved the purchase of furniture and fixtures and new carpet for the community room, carpet for the vault and a new oven and dishwasher for the bank kitchen. Installation is expected to be made in the near future.

"A community home-owned

bank's profit is reflected in the payment of additional taxes to city, school and county. As the bank increases its capital accounts, it will pay more taxes.

This is a good reason to bank at home --- to help the city, school and county," Kassahn says.

Deposits of First State Bank of Bovina were reported at an all-time high at the close of 1972.

Total deposits as of Dec. 30 were \$5,268,917.51, an increase of \$1,036,776.29 over the same time a year earlier.

Deposits at the end of '71 were \$4,230,141.22.

"The increase in deposits was because of good grain prices, good cattle prices, inflation and new business," says Jack Kassahn, bank president.

Loans also increased during the past 12 months. The total amount of loans at the end of '71 were \$3,018,183.54 as compared with \$2,393,311.26 at the end of 1971, an increase of \$624,872.28.

At a special meeting of stockholders of the bank last month, the bank's capital and surplus were increased 20 per cent by stock dividend, Kassahn reports. This makes the new cap-

ital and surplus \$180,000 each. At the end of '71, the capital and surplus were each raised to \$150,000.00.

Following the special stockholders' meeting, directors of the bank approved a cash dividend of 10 per cent based on the increased capital.

"This means, for instance, a person who owned four shares of stock in 1970 now owns 7.2 shares and instead of receiving a dividend of \$40, he will receive \$72," Kassahn explains.

Also, the increase in capital and surplus, which has been approved by the state banking department, will increase the loan limit from \$75,000 to \$90,000, the bank president points out.

## Former Resident's Wife --

# Mrs. Brandon's Rites At Dumas

Memorial services for Mrs. Ramey (Suzanne) Brandon, 31, of Lampasas were held Thursday morning of last week at First Christian Church in Dumas. Burial was in Dumas Cemetery.

Mrs. Brandon died Tuesday, Jan. 2 at her home after a long illness. Mrs. Brandon was born in Amarillo and was graduated from Dumas High School in 1956. She was graduated from Texas Tech University in 1963. She married Ramey Brandon in 1960 in Dumas. They moved to Lampasas about six months ago. She was a member of the Central Christian Church.

Survivors include her husband; two sons, David and Joel; a daughter, Christina; her parents, Mr. and Mrs. George Murphy of Dumas; a sister, Mrs. Beth Sallm of Dumas; and a brother, Ramon Murphy of Nashville, Tenn.

The family requested that memorials be made to the Suzanne Murphy Brandon Memorial Fund at First Christian Church in Dumas.

Brandon, the son of Mr. and Mrs. C. R. Brandon of Here-

ford, is a former resident of Bovina and a graduate of Bovina High.

## Six This Year --

# Chamber Members To Elect Directors

Six directors will be elected to the board of Bovina Chamber of Commerce and Agriculture within the next few weeks.

Fifteen names will appear on the ballot, which will be mailed in the near future.

On the ballot will be Mrs. Jane Kassahn, Mrs. Karen Kirkpatrick, Billy Whitecotton, Ralph Roming, Larry Webb, Stanley Robison, R. R. Lusk, Mrs. Letha Trienen, Mrs. Gene McDaniel, Mrs. Monty McClaren, Keith Garner, Jon Lin Riddle, Stan Klimek, Mrs. Sue Naegle and Wilson D'Cluffa.

March 1 will be deadline for mailing ballots this year. Before votes will be counted, annual dues will be required. These may accompany the ballots, directors say.

Directors whose terms expire this year are Mrs. Judy Fillpot, Jerry Wright, Johnnie Horn, Charlie Flynn, Billy Smith and Don Spring.

Holdover members include Roy Allen, Ovid Lawlis, Mrs. Pat Read, Edward Isaac, Tom Ware, Mrs. Lou Nuttall, Mrs. Skeet Caldwell, Thomas Rhodes and Harry Johnson.

Winston Allison is serving as manager of the organization. However, his one-year term is appointive rather than elective.

Directors pointed out in a meeting Wednesday of last week that all members of the chamber are invited at any time to attend board meetings. These are held at noon the first Wednesday of each month at Bovina Restaurant. Each person attending pays for his own lunch.

At the meeting, preliminary plans were made for the annual Chamber of Commerce and Agriculture banquet which will be held in the Bovina Schools cafeteria on Thursday, March 15.

Tickets this year will be \$5 per person for the charcoal broiled rib-eye steak meal.

Entertainer and guest speaker for the occasion will be Dr. James Blakely of Wharton, a widely-popular after-dinner speaker.

GOOD GUY AWARD --- Neal Mager, left, accepts the Initial Good Guy Award for 1973 from Ed Isaac, director of Bovina Chamber of Commerce and Agriculture. Mager, past president of the chamber, was cited for his participation in chamber events and other civic work.

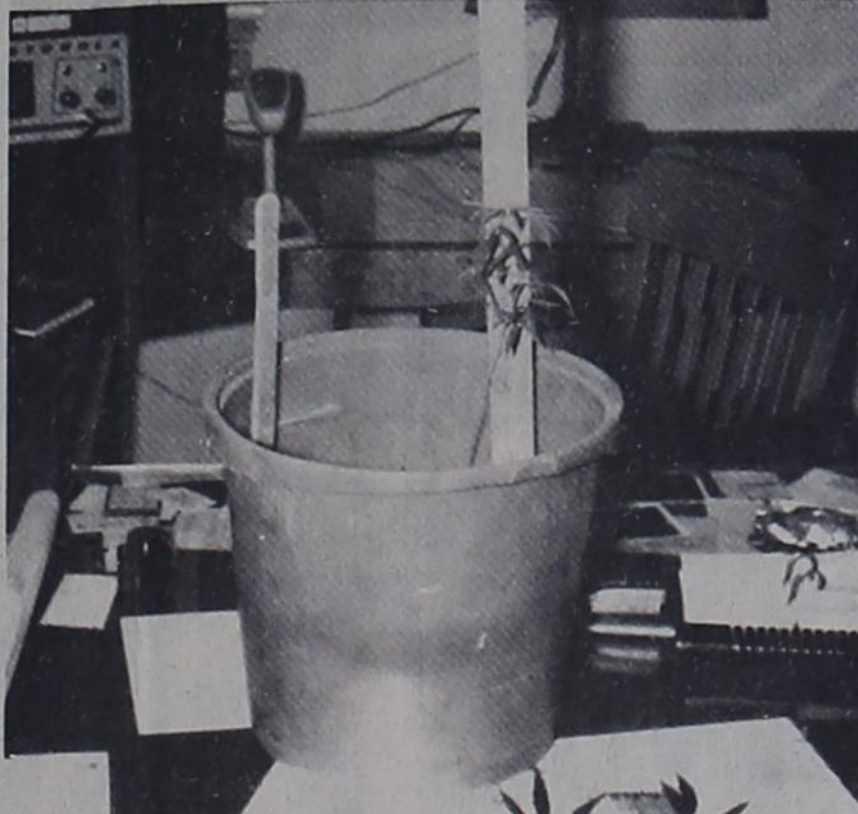

# Receive Second Check

City of Bovina received the second payment of the federal government's revenue sharing program this week, announces Mrs. Mary Ruth Martin.

The check, totaling for \$5548, was the second six-month period of last year. An earlier check, the first received here, was for the first six months of '72 and was for \$5782.

This makes Bovina's total for last year \$11,330. Future payments are slated to be made on a quarterly basis. The federal money, which has

(Continued on Page 2)

MARIJUANA PLANT STOLEN --- A potted marijuana plant, at top, used for identification and display purposes was taken from the city's police department during the holiday season. Entrance to the department was made by knocking out the glass in the front door with a rock. Charged with the break-in was a 16-year-old Bovina boy who appeared before County Judge Archie Tarter. He was put on probation to his parents and made restitution for the damage. Shown at top is the plant prior to its being taken. At bottom is a sprig of another plant. Nothing else was taken from the police department in the break-in. Damage to the door in the city hall building was \$37.50.

- 9--A spool of barbed wire, three cedar posts and a bale of hay to haul around in the pickup all day.
- 10--Credit at the bank.
- 11--Credit at the feed store.
- 12--Credit from your father-in-law.
- 13--A good neighbor to feed the dogs and cattle whenever the owner is out to Colorado fishing or hunting.
- 14--A pair of silver spurs to wear to barbecues.
- 15--A rubber cushion to sit on for several hours at the auction ring.
- 16--A second-hand car for going out to feed the cows when your son-in-law borrows the pickup.
- 17--A good pocket knife, suitable for whittling to pass away the time at the auction ring.
- 18--A good wife who won't get upset when you walk across the living room carpet with manure on your boots.
- 19--A good wife who will believe you when you come in at 11 p.m. saying "I've been fixing the fence."
- 20--A wife with a good full-time job.

**Receive Check --**

(Continued from Page 1)

relatively few strings attached to it as far as use on the local level is concerned, is expected to be used here for general operation and improvement of the city. The city council has not budgeted the money specifically. Plans have been made to purchase a new sewer rodder, for which the city has long had a need. Cost of this piece of equipment is in the \$3500 range.

Mayor Johnie Horn expects most of the initial money to be used for needed equipment which the city has been "doing without." He figures the increased revenue will allow the city to operate without a property tax increase for a longer period of time.

Factors used to determine the amount of the checks for states, counties and municipalities are tax effort, population and per capita income.

The revenue sharing program was enacted by Congress and signed into law by President Nixon October 20. It was made retroactive to the first of 1972.

**Weather --**

(Continued from Page 1)

proved weather conditions in the near future. Some weathermen are predicting "more snow" for the weekend.

While classes in Bovina Schools were held on schedule early in the week, basketball games slated for Monday and Tuesday nights were cancelled because of road conditions.

**FOR HEALTH AND ECONOMY, YOUR THERMOSTAT SHOULD BE SET DURING THE DAY BETWEEN 70 AND 72 DEGREES FAHRENHEIT. AN OVERHEATED HOUSE NOT ONLY SAPS YOUR STRENGTH, BUT WASTES FUEL AND MONEY AS WELL.**

# Reflections

From  
**The Blade**

TEN YEARS AGO

January 2, 1963  
 The Spudnut Shop is Bovina's newest business. Located in downtown Bovina in the building formerly occupied by City Cafe, it is owned and operated by Mr. and Mrs. Odie White.

Nickie Woelfel, Texas Tech senior from Bovina, has been selected to "Who's Who in American Colleges and Universities." She is a home economics education major.

Parmer County's 1962 cotton crop, which outstripped all estimates and roared to an all-time record, now has its sights set on the state's all-time yield record and may annex that title to those it already holds.

A survey early this week showed that the county's 16 gins had ginned a total of 80,525 bales of cotton with "everything about over but the shouting."

TEN YEARS AGO

January 9, 1963  
 Bank deposits in Bovina were at an all-time high at end of 1962. The total for First National Bank of Bovina soared over the \$2,000,000 mark for the first time in its seven year history, Warren Embree, president, announces.

Parmer County's farm income for 1962 hit an all-time record high of over 46 million dollars, according to estimates furnished by County Agent Deryl Coker and Prentice Mills, office manager of Parmer County Agricultural Stabilization and Conservation Service.

Earle Hise, music instructor at Bovina Schools, has resigned the position effective January 18.

Type II Sabin Oral vaccine will be administered in Parmer County Sunday with three clinics, as was the case for Type I, which was taken by more than 4,650 persons at the clinics six weeks ago.

SIX YEARS AGO

January 4, 1967  
 "Every person within the boundaries of Bovina Independent School District is invited and urged to attend the open public meeting in the school cafeteria to air his views concerning any further school construction program," Otis Spears, superintendent, said this week.

The meeting was called by the school board at a December meeting following the second failure to pass a bond issue presented taxpayers on Dec. 3.

It will be another "first" for Bovina Tuesday, January 10, when the Mustangs and Fillies play their initial basketball games in Class A competition in Williford Gym.

SIX YEARS AGO

January 11, 1967  
 Approximately 75 people attended the open meeting called by the Bovina school board in an attempt to find out how citizens of the district felt about the proposed building programs. This was considered a good turnout.

Comments from the audience during the discussion period were favorable to the building program. However, an attempt to get the audience to express which proposal was most favored at the close of the program bogged down in discussion and never came about.

Groundwork was laid Wednesday at a meeting of Bovina city council and Santa Fe officials from Amarillo for better protection of vehicle drivers at the two railroad crossings in town, one on Third Street and the other at the east end of Main Street.

Trains coming through Bovina had already been slowed to 50 miles per hour before Wednesday, but Santa Fe officials agreed to slow them to 40 miles per hour until gates are installed here. At that time, regular speed of 70 to 80 miles per hour will be resumed.

Larry Mitchell, Stephen Sherrill, Joe Don Stevens, Raymond Drager, Daryl Kirkpatrick and Gary Carson will enter project animals in the Denver Livestock Show in Denver, Colo., this weekend.

Amos Steelman suffered a compound fracture of his left leg below the knee Wednesday when he and five other men were setting pipe at a tailwater pit at Steelman's farm east of Bovina.

T. C. Wiseman, Jim Russell and Vernon Willard left Saturday for a week's fishing trip to Gueymos, Mexico.

Margaret Jo Venable and Carol Kirkpatrick were named captains of the Filly basketball team following elections while Randy Jones and Lynn Murphy were named captains of the Mustang squad.

**Spotlight on HEALTH**

Many medical authorities claim that a true case of sinusitis is less common than supposed. However, in a survey of 3,000 people throughout the U.S., more than one-third said they were troubled by sinus-related problems, at least occasionally.

The survey and facts about "The Sinus Syndrome" were discussed recently in an article published in a magazine for pharmacists. Many of the symptoms of sinusitis are similar to those seen in a severe cold, the article's author points out.

The sinuses of the nose are spongy bone structure in the skull which are connected to the inside of the nose. There are the frontal sinuses (located behind each side of the brow); the maxillary sinuses (behind each cheekbone); the sphenoid sinus (behind the nose); and the ethmoid sinuses (beneath both sides of the bridge of the nose).

These sinuses are lined with mucus membranes which contain minute tendrils that sweep out accumulated mucus as

well as any dust, dirt or germs that may find their way into the sinuses. When the sinuses become blocked pressure produces headache, post-nasal drip, difficulty in breathing, and sometimes facial swelling and pain.

What causes true sinusitis? According to the article, predisposing factors include a secondary bacterial infection following a common cold; poor drainage of the sinuses due to a deviated septum or

polyps; chronic rhinitis; general debility, such as following serious illness; exposure to extremes in temperature and humidity; emotional upsets; acute changes in the intranasal pressure; maxillary abscesses; allergy; and exposure to air pollution, chlorine from swimming pools, or excessive cigarette smoke.

In an acute attack, there is usually a fever and a physician may prescribe an antibiotic or a sulfonamide to control

the infection. To drain the sinuses he may advise the use of a tablet containing a decongestant and antihistamine, which may also contain an analgesic.

Vaporizers, heat pads, infrared lamps and towels wrung out in hot water all help to provide relief for some sufferers.

True sinusitis is a potentially serious problem and should be treated by a physician.

**On The Farm In Parmer County**

By R. MACK HEALD  
County Agent

Don't neglect your horse just because it is winter and you are not riding it. Adequate nutrition and a parasite control program are important during the winter months.

Young horses, especially those weaned this fall, need special attention because they are still growing and need an adequate ration to help them mature.

If good quality hay is fed, grain may not be needed. Dust-free leafy legume hay (alfalfa or clover) is a good feed for wintering horses. However, it is a good idea to feed a grain supplement with grass hay or other low energy hay.

Internal parasites, especially strongyles (blood worms) and bots are damaging during winter months. Such parasites can cause horses on a borderline ration to lose excessive body weight.

Strongyles attach to the intestinal wall and suck blood, reducing the vitality and condition of the horse. This could be fatal to young horses.

Worm and treat horses for bots during the winter. Newer drugs may be administered with a grain mixture; however, individual animals should have a separate feed box to be sure that each animal receives the correct dosage.

Bots attach to the stomach lining and remain there for many months before passing to the outside in the spring and developing into flies. Treating horses for bots during the winter will break the life cycle of this parasite.

In recent years, farmers have had conflicting views on an important subject, fall and winter fertilizing.

These different views are possibly due to differences in soil and management conditions, environmental factors and the farmer's point of view.

A good evaluation of fall and winter fertilizing depends on the

advantages one gets from such a practice.

Some advantages include, first, avoiding periods of unfavorable weather immediately prior to the planting season; second, preventing disturbance of the soil and losing moisture before planting; third, utilizing labor and equipment during a period when many farming operations are at a standstill; fourth, taking advantage of "off season" prices; and fifth, avoiding temporary local shortages of some fertilizers.

Among the disadvantages are, first, some of the needed nu-

trients can be lost if applied too early; second, certain forms of nitrogen may be readily lost in certain soils and under certain conditions; and third, environmental factors such as temperature and rainfall may cause fertilizer losses before they are utilized by crops.

As fertilizer is applied, consider what happens to each nutrient in the soil. Application of nitrogen prior to planting should be considered only if ammonium forms are used. Maximum efficiency from nitrogen can be expected when applied just prior to the period when it is used by the crop. Nitrogen in the nitrate form may be leached or lost through denitrification in water-saturated, alkaline, clay soils.

The application time of phosphorus is less critical since it does not move far from the application zone. However, the need for high amounts of available phosphorus in the immediate seed or root zone will help determine the application time.

When you are outside on a cold, windy day and you think it is colder than the thermometer indicates, you are right. Nearly every winter some people in the U.S. are severely frost bitten or even frozen to death because they dress according to the thermometer and not according to the chill index temperatures.

The chill index is a combination of wind velocity and temperature reading. For example, at 10 degrees above zero with a 10-mile-an-hour wind, the chill temperature to exposed skin is 9 degrees below zero.

The "chill temperature chart" below can be quick reference for estimating the actual temperature on cold days during the winter.

Wind Speed	Temperatures in degrees					
Calm	50	40	30	20	10	0
10 mph	40	28	16	4	-9	-21
20 mph	32	18	4	-10	-25	-39
30 mph	28	13	-2	-18	-33	-48
40 mph	26	10	-6	-21	-37	-53

Nurses in the special care unit of a hospital's newborn nursery are being provided with old fashioned rocking chairs. Infants left alone for weeks in a hospital incubator can become socially retarded, it has been found. To prevent this, the nurses hold, fondle, pet and pat the babies during feeding periods.

**Hospital Notes**

Joe Pinner of Farwell, a former Bovinian, is a patient at Veterans Hospital in Amarillo. He entered the hospital Friday and is currently undergoing tests.

Earl Stevenson of Bovina was dismissed Thursday from St. Anthony's Hospital in Amarillo where he had been a patient for several days.

THE SHERMANS - LYNN, MAX, GENE, ALICE AND HOLLY

A Message from State Senator

**Max SHERMAN**

When first elected to the Texas Senate, my pledge was to listen to the people and to work hard at representing their interests in the Texas Senate. As the 63rd Legislature begins its work, I would like to renew that pledge and ask you to keep in touch and to let me know how I can best represent you.

Sincerely,

*Max Sherman*

MRS. JOHNNIE LOWELL TAYLOR

## Hart, Taylor Wed In Dallas Ceremony

Mr. and Mrs. Herbert Fritz of Frisco announce the marriage of their daughter, Miss Connie Jo Hart of Dallas, to Johnnie Lowell Taylor of Irving, son of Mr. and Mrs. James Taylor of 909 Woodland, Friona.

The couple exchanged wedding vows November 11 in Dallas. Close friends and relatives attended the ceremony. Mr. and Mrs. Ron Taylor of Hurst hosted a reception honoring the couple following the wedding ceremony.

Mrs. Taylor is a graduate of Frisco High School and is chief hostess for Continental Trailways Bus Co. of Dallas, Taylor, a graduate of Friona High School, is shop foreman for a trucking firm in Irving.

Mr. and Mrs. Taylor are at home at 1700 Carl Road in Irving. The home of Washington's ancestors, Sulgrave Manor, is still preserved in England. In 1539 Lawrence Washington bought it from Henry VIII. George Washington's grandfather, who came to Virginia in 1657, was born there.

## HELPING TO SAFEGUARD HEALTH

**A Friend You Can Rely On...**

Your pharmacist should be your friend. Someone to help. Someone who's always there with careful attention to prescriptions.

And, as your doctor's back-up man, your pharmacist follows his instructions with precision.

## Church Chuckles by CARTWRIGHT

"Quit standing there quietly accusing me of not going to church with you. Remember, 'JUDGE NOT LEST YE BE JUDGED!'"

### WHY WORRY?

There are two days in every week about which we should not be worried. One of these days is YESTERDAY, with its mistakes and cares, its faults and blunders, its aches and pains. YESTERDAY has passed forever beyond our control. All the money in the world cannot bring it back. We cannot undo a single act we performed; we cannot erase a single word we said. YESTERDAY IS GONE!

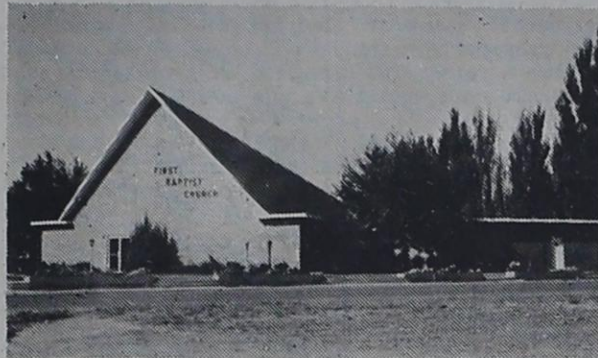

The other day we should not worry about is TOMORROW, with its possible adversities, its burdens, its large promise and poor performance. Tomorrow's sun will rise either in splendor or behind a mask of clouds. But, God willing, it will rise. Until it does, we have no stake in TOMORROW, for it is yet unborn.

This leaves only one day - TODAY. Any man can fight the battles of just one day. It is only when you and I add the burdens of those two awful eternities, YESTERDAY and TOMORROW, that we have a nervous breakdown. It is not the experience of TODAY that drives us mad; it is the remorse or bitterness for something that YESTERDAY and the fear and apprehension of what might happen TOMORROW.

God, with the wisdom of the ages, knew that mortal man could not stand the reality of knowing what tomorrow might bring, has mercifully drawn the curtain over the future, and through the inspired writing of the apostle Paul, we are told to forget those things which are behind and press on toward the mark of the prize of the high calling of God. Jesus states in His great Sermon on the Mount, "Be not therefore anxious for the morrow: for the morrow will be anxious for itself. Sufficient unto the day is the evil thereof." So why worry about a TOMORROW that is beyond our immediate control? Why worry about a YESTERDAY that has passed forever beyond our control?

Cecil Bunch, Minister, Bovina Church of Christ

This Week --

**Rifle, Photography  
 4-H Classes Begin**

Two new classes for members of the 4-H Club here are scheduled to begin this week, according to club reporters, Joan Carson.

Rifle safety classes will begin Friday at 7 p.m. at the home of Mr. and Mrs. Mike Glenn. The class will be conducted every other Friday.

Photography classes began at 3:45 p.m. today in Bovina Schools cafeteria.

Leathercraft classes are now in progress and those who enrolled are urged to attend, said Miss Carson. Leather for the class has arrived and members have begun their projects.

At the club's meeting Wednesday of last week, members voted to purchase a new secretary's book and a scrapbook to keep records and pictures of club activities.

"I have always thought that every woman should marry, and no man." (Benjamin Disraeli)

Seventeen members, four guests and one new member, Tamra Read, were present.

Next meeting will be Tuesday, Feb. 6, at 3:45 p.m. in the school cafeteria. Following the meeting, members will have a Valentine party with refreshments and games.

SNOW IS OK WITH HER --- Misty, a Saint Bernard owned by Mr. and Mrs. Kenny Bailes, may be one of the few in town enjoying the current winter blast with its accompanying heavy snow. She is in her milieu above as she romps in the snow with Mrs. Bailes.

In District Play --

# Fillies Notch Win; Kress Downs Ponies

Bovina's Fillies picked up their initial District 3-A win and the Mustangs suffered their second conference loss in games played at Kress Thursday night of last week.

The games, originally scheduled for Tuesday night, were postponed because of inclement weather. The game between the Filly junior varsity and Kress' B team was canceled.

Nancy Hutto topped Filly scorers in the tilt with 22 points, followed by Christi Trimble with 15, Connie Terry with four and Heidi Corn, who switched from guard to forward in the final period, with two.

Also seeing action at the for-

ward positions were Jana Barrett and Rhonda Rhodes, Guards were Evanna Johnston, Pam Wilson, Terri Willard and Miss Corn. Miss Wilson left the game via the foul route.

The Fillies led at the end of the first stanza by one point, 5-4. Miss Hutto found the range in the second period scoring 16 points to pull the Fillies into a 17 point lead at intermission, 25-8. In the third quarter, the Bovina fens built their lead to 21 points, leading 33-12 going into the final stanza. The Fillies hit seven of 10 free throw attempts as they brought their district record to 1-2.

A surprisingly strong Kress crew downed the Mustangs, 76-56.

Ben McCain led all scorers in the tilt with 24 points, followed by Kim Rundell with 19, Billy Shelby with six, Mike Ware with three and Larry Wiseman and Dennis Willard scored two points each. Others seeing action were Jeff McCormick, Chuck Gilbreath, Elbert Shelby and Roy Hartzog.

Teamwise, the Mustangs pulled down 38 rebounds in the contest with Kim Rundell hitting the boards for 12 rebounds. The loss dropped the Mustangs to 1-2 in District 3-A competition.

## JV Teams Play In S-E Tourney

Bovina's Mustang and Filly Junior Varsity basketball squads are entered in a B Team Tournament at Springlake-Earth Thursday (tomorrow), Friday and Saturday, according to Roy Donaldson and Darrell Selke, coaches.

Fillies will play Farwell in their initial game of the tourney at 4:30 p.m. tomorrow. If they win, they will meet the winner of the Hart-Amherst tilt at 4:30 p.m. Friday. If they lose, they will play the loser of that game at 11:20 a.m. Friday.

The Mustang JV meets Farwell's B team at 6 p.m. Thursday. If they win their first game, they will meet the winner of the Hart-Amherst game at 6 p.m. Friday. If the Ponies lose, they will meet the loser of that game at 12:40 p.m. Friday.

Other teams entered in the tournament include Lazbuddie, Kress, Whiteface and host Springlake-Earth.

## In a shell

Good grief, Charlie Brown! Our only thought as we left blizzard-bound South Dakota after being snowed in for 36 hours past the planned departure date went something like: "Oh boy, we'll be glad to get back to good old Bovina where we can get out of the house and move around and not feel cooped up."

The coffee klatch crowd at Lula's has been giving Judy Fillpot a difficult time saying she is in training to be Bovina's weather-girl. We sure hope her recent prediction is a dud. Judy says that the date the first snow fell will be the number of snows we have to suffer this winter. And folks, the first snow fell on the 31st. If that prediction holds true, we only have in the neighborhood of 16 snows to go.

Our town had a minor population explosion shortly before Christmas. The Saint Bernard who owns Chrissy and Kenny Bailes had some sort of a problem. She became the mother of 11 puppies and only had eight dinner plates. The crisis was met with formula and bottle feeding and at last report babies and mother are doing fine.

Since we were gone over the holidays, we missed seeing a lot of the college crowd that was home. Randy Jones had a visitor from Florida. Seems Randy's classmate was impressed by almost everything about Bovina -- the friendly people, the feedlots, the wide-open spaces, etc. His one expressed desire when he came was to see snow, which he had never before seen, and his parting comment was that he had seen all the snow he ever wanted to see.

We noticed in doing Reflections for this week's issue, that six years, following one of many accidents at the railroad crossing on Third Street, Santa Fe officials met with city councilmen to discuss erecting gates at the crossing. Santa Fe agreed to slow trains to 40 miles per hour until the gates were built.

The last time we noticed, the gates still aren't there and there has been at least one fatality and several accidents at the Third Street crossing. And if the trains are only going 40 mph through Bovina, we'll take 20 lashes with our worn-out typewriter ribbon. Everyone gets upset and emotions run high immediately following an accident, but in a week or so the talk dies down and it is soon forgotten -- until another accident.

FILLIES WIN --- Nancy Hutto goes up for two points against the Sudan fems in a District 3-A tilt at Williford Gymnasium Friday night. Miss Hutto scored 26 points as the Fillies evened their won-lost ledger at 2-2 in district play.

Here Friday Night --

# Fillies Sink Sudan; Hornets Edge Ponies

Bovina's basketball teams split four games with the visiting Sudan teams in Williford Gymnasium Friday night.

The Filly Junior Varsity was downed by Sudan's B team, 33-46.

Mary Marcom led Filly scorers with 12 points in the contest, followed by Fran Jacobs with 10, Cathy Trimble with nine and Carolina Espinoza scoring two. Also seeing action as a forward was Dian Roming.

On the defensive end of the court, the Fillies were led by Anna Delgado, who left the game with five fouls, Rita Nuttall, Fontella Cox, Kay Beardain and Alice Fragoza.

Joan Hedges scored 27 points for the visitors.

The Fillies, although pulling close several times, trailed at the end of each stanza, 8-14 in the first quarter, 13-24 at halftime and 25-33 at the end of the third period of play.

The Mustang JV edged Sudan's B team in a thriller, 30-29. The Ponies trailed 4-8 at the end of the first quarter, but pulled into a four point lead, 20-16, at intermission. Sudan scored five points to Bovina's four in the third stanza to trail 21-24 going into the final eight minutes. The battle was nip and tuck from there with each team swapping the lead until the final few minutes.

Alton McCormick led Mustang scorers with 10 points, followed by Kyle Jones with eight, Butch McCain with four, Widdy Gromowsky with three, Robert Pesch and Randy Kirkpatrick with two each and Danny Lusk with one. Also seeing action were Richard Rejino, John Caldwell and Alan Rhodes.

The Fillies picked up their second District 3-A win to even their won-lost ledger at 2-2, defeating Sudan, 43-35.

The Fillies, although always in the lead, had to battle back several times when Sudan narrowed the margin in the score. The Fillies led, 7-2, at the end of the first period and 23-14 at intermission. Sudan pulled to within two at the end of the third stanza, 29-27, but couldn't gain the lead.

Nancy Hutto, with an almost

unstoppable layup shot, led all scorers with 26 points. Christi Trimble added 10 and Connie Terry seven to wind up the scoring. Also seeing action as a forward was Rhonda Rhodes. On the defensive end of the court, Pam Wilson stole the ball time after time keeping the Sudan offense off balance. Other defensive players were Evanna Johnston, Terri Willard and Heidi Corn. Miss Corn and Miss Trimble left the game with five fouls each.

Tanya Chester led Sudan scorers with 14 points.

The Mustangs dropped their third district tilt in four outs to the Hornets, 71-69, in a battle that went right to the wire with either team in a position to win.

The Ponies, after holding a 17-14 lead at the end of the first stanza, fell behind four points at

halftime, 31-35, but pulled to within two at the end of the third stanza, 50-52. The score was knotted numerous times in the final stanza with the Mustangs keeping fans on their feet with their battle to stay in contention.

Ben McCain led scoring for the Ponies with 30 points and 10 rebounds in the contest. Kim Rundell pulled down 14 rebounds and sank 16 points. Billy Shelby and Jeff McCormick added 10 points each with Shelby hitting the boards for 12 rebounds. Larry Wiseman scored three points. Others seeing action were freshmen Dennis Willard and Elbert Shelby. Wiseman fouled out in the final minutes of the game.

Richard Tamplin led Hornet scorers with 24 points with Mark Hanna adding 15 and Roby Lynn 12.

Teamwise, the Mustangs had a 51 per cent accuracy on field goal attempts, hitting 15 of 28, and at the charity line sank 27 of 53 free throw attempts for a 54 per cent average. McCormick hit on five of six attempts from the floor for 83 per cent.

Three games scheduled here Tuesday night with Vega were postponed because of road conditions, according to Gary Cox, high school principal. The games will possibly be played Thursday night, weather permitting. The game between the Mustang junior varsity and Vega's B team was cancelled because of the B Team Tournament at Springlake-Earth. The varsity teams and junior varsity girls are scheduled to travel to Hart Friday night.

Next home game on tap will be non-district tilts with Whiteface Tuesday, Jan. 16.

## Re-Set Junior High Games

Four junior high basketball games scheduled for Monday night at Springlake-Earth were postponed due to road conditions in the area.

The games have been re-scheduled for Thursday, Jan. 18, at S-E, announces Junior

High Principal Jim Noyes.

Fifth and sixth grade boys and girls will host Lazbuddie's fifth and sixth grade teams on Jan. 18. The games will begin at 4:30 p.m. in Williford Gymnasium.

Ventriloquism was mentioned by Confucius 500 years before the time of Christ.

RUNDELL REBOUNDS --- Kim Rundell, post man for the Mustangs, pulls down a rebound in third period action against Sudan at Williford Gymnasium Friday night. Rundell is aided by Billy Shelby, No. 22, who screens out a Sudan player as Jeff McCormick, right, looks on. Mustangs in the background are Larry Wiseman and Ben McCain. The Ponies dropped their third district game in four outs to the Hornets, 71-69.
