Young People's Methodist Meet In Session Here

Approximately 100 Visitors Register Saturday for Rally

With approximately 100 young people from out of town registered early Saturday evening, the Sweetwater district rally of Methodist young people opened a two-day session here yesterday. Young people of the local church are hosts.

Following registration of out-of-town delegates at the First Methodist church, games were played, a vesper service held and a western style barbecue supper was served at Cloverdale.

Workers groups held meetings, followed by folk games and songs, after which the rally adjourned until today.

Visitors were guests in Midland homes for the night, for breakfast this morning, and for lunch today.

Following the rally theme of "Come, Let Us Worship Together," the day's activities opened with a watch service at 6:30 o'clock this morning on the theme, "Worship God with the First Fruits."

A union meeting will be held at 8 o'clock this morning, followed by discussion and plans for the future, preceding the church school and the preaching services at 11 o'clock.

The afternoon session will open with a general assembly from 1:30 o'clock until 1:45 o'clock followed by installation service for new officers.

The consecration service at 2:00 o'clock on the theme "Worship God with All Thy Heart" will close the rally.

Registered from out of town Saturday evening were: Madeline Williams, Gladys Brannon, Betty Grubbs, Esther Elliott, all of Colored City, Doris Plo Doss, Imogene Young of Colorado; Mina Lee Bigme, Dorothy Rowe, Joyce Martin, Frances Collins of Big Spring; Gene Rogers, Inez Rogers of Colorado City; Elwanda Allen, Verline Smith of Snyder; Jack Merrill of Odessa; Annette Clanton, Mary Dell Davis of Colorado City; Muriel Blasingame, Warren Anderson, Jay Hooks, Jack Langford of Colorado City; Lyman Yoder, A. Baptist Men of 5 Counties to Meet Thursday Evening

More than 100 Baptist men are expected to attend a supper and meeting here Thursday evening of the Association Brotherhood, with representatives from five counties.

It will be the first meeting of the newly created organization which operates under the Big Spring Baptist Association.

J. H. Greene of Big Spring is president, and will have charge of the program. Speakers will include Lyman Wren of Snyder and Taylor White of Odessa, with short speeches by various members present.

The Rev. E. E. Dunham of Big Spring will give a message on "The October Roundup," having reference to the state Baptist mission campaign.

Baptist church in Howard, Martin, Glasscock, Midland and Ector counties will be represented at the meeting which begins at 7:30 o'clock.

Senators Favor U. S. Attempting to Arbitrate the War

WASHINGTON, Oct. 7. (AP).—Senators on both sides of the neutrality controversy today expressed the opinion the president should take advantage of any clear opportunity afforded by overtures from Berlin to aid in ending the European war.

Administration quarters remained silent. Secretary of State Hull declined comment, and at Hyde Park the president sent reporters word he had nothing to say.

Authoritative circles pointed out that the United States had consistently taken the position it was ready to help Europe reach a general understanding on economic and disarmament questions, but there was no intention of being drawn into political disputes.

Senator Johnson (D-Col.), Senator Wheeler (D-Mont.), Senator Pittman (D-Nev.), Senator Thomas (D-Utah), Senator O'Mahoney (D-Wyo.), and Senator McCarran (D-Nev.), were among those commenting, varying degrees of endorsement of such a move.

C of C Directors Will Meet Monday

Regular monthly meeting of the Board of Directors of the Midland Chamber of Commerce will be held at the organization's office in Hotel Scharbauer Monday evening at 8:00 o'clock, it was announced yesterday by Ed M. Whitaker, president.

Suit Is Filed To Prevent Cut In Pension Pay

Injunction Asked by Senator Hill to Keep State From Action

AUSTIN, Oct. 7. (AP).—Assertedly attempting to save at least part of the \$6 per pensioner slash ordered by the public welfare board, Senator Joe Hill of Henderson filed an injunction suit in district court here today.

On behalf of three old age pension recipients and a taxpayer, he sought to enjoin repayment by the pension administration of \$1,338,000 to a Dallas bank, alleging liquidation of the debt illegal and unconstitutional.

The funds were borrowed in 1937 to keep pensions at a level prescribed by the statutes.

The district judge set the hearing for Monday at five p. m.

The first loan payment, \$138,000 plus \$16,700 in interest, is due Tuesday.

The legislature also authorized payments of \$200,000 and interest each month through next August from pension revenues.

Hill continued the legislative act authorizing repayment of the loan void because it contravened the constitutional provision no debt could be created for the state except to supply casual deficiencies, never to exceed \$200,000.

Methodist Revival Will Open Here On Wednesday

Rev. Ray N. Johnson of San Antonio will open a two-weeks revival at the First Methodist church here on Wednesday of this week.

Harry P. Armstrong, also of San Antonio, will be in charge of music for the meeting.

Services will be held at 10 o'clock in the morning and at 7:30 o'clock in the evening daily. The public is invited to attend.

Mr. Johnson comes recommended as being strongly evangelistic, a convincing speaker, and with a pleasing personality. "I predict that his hearers will like him," Mr. Hinds said in discussing the revival.

The evangelist is a former pastor of the First Methodist church of Brownsville and holds A. B. and B. D. degrees from Southern Methodist University in Dallas.

Further announcements concerning children's and young people's services will be made later in the week.

Crawford Hotel Open House to Be Next Week-End

Tuesday, October 10, has been set as date for opening the new Crawford Hotel for business in Midland, with open house to be held Saturday and Sunday, October 14 and 15.

The completely remodeled, renovated and refurbished four story building, formerly the Llano Hotel, is to be operated by Cal Boykin of Big Spring and A. J. Crawford of Carlsbad, N. M., with Boykin continuing as manager of the Big Spring Crawford and of the new hotel at Midland. The Carlsbad hotel operator owns both the Carlsbad and Big Spring hostilities but Boykin is interested "fifty-fifty" with him in the Midland venture.

The hotel building has been remodeled and refurbished at a cost of \$150,000, making one of the major expansion projects of the year in Midland's business district. There will be 75 guest rooms, all with bath, and twenty apartments in the new Crawford, with parlor suites, single and double bedrooms and some equipped for three-person families.

Completely new furniture has been installed, from lobby to top floor, with Venetian blinds in every room, a new Otis elevator, new carpets and all other accoutrements.

The expansion program was inaugurated several months ago by the Motor Hotel Corporation of Dallas, then operating the Llano Hotel, but a deal was consummated by Messrs. Crawford and Boykin whereby it will be operated by the Crawford system and under that name. Full details of the open house, planned by the Crawford to acquaint the general public with the new institution, will be announced in this paper.

Officials to Expand U. S. Army to Limit During Tenure of War

WASHINGTON, Oct. 7. (AP).—The war department today announced an intention to expand the army to the full peace-time limit of 280,000 men and at the same time ordered mass training this winter of seven new "streamlined" divisions.

Five divisions and additional units comprised of over 65,000 troops will be concentrated at first at scattered southern points, then at Fort Benning, Ga., for large scale training as an army corps.

Two cavalry divisions will be concentrated at Fort Bliss, El Paso.

Ginnings for County Reach 438 Bale Total

Cotton ginnings of the three local gins had reached a total of 438 bales up to Saturday morning, a check-up showed. Cotton was opening more rapidly, due to continued dry weather, and the ginning season was expected to be in full swing within two weeks. Estimates have placed the county's 1939 crop at approximately 2,000 bales.

C of C Managers to Hold Convention in Midland Next Year

DALLAS, Oct. 7. (Special).—Midland today was selected as the 1940 convention city for the Texas Chamber of Commerce Managers at the fall meeting of the board of directors of the association here.

The convention will be held sometime next June.

Dr. Geo. McMahan To Talk at Health Board Meeting

Annual meeting of the Midland county health board to be held Monday evening at the courthouse will feature as guest speaker Dr. Geo. T. McMahan, superintendent of the state hospital for the insane at Big Spring. He will speak on some phase of mental hygiene.

Dr. McMahan, before being appointed to his present position, was assistant superintendent of the state institution at San Antonio. He is the ranking junior specialist in the state and has done special rehabilitation work.

The public is invited to attend the meeting which will be held in the county courtroom at 8 o'clock Monday evening.

Russia "Suggests" Finland Delegate Appear in Moscow

COPENHAGEN, Oct. 7. (AP).—The Finnish foreign office today acknowledged Russia had suggested to Finland she send a delegate to Moscow to discuss political and economic matters.

It was said the Finnish government had not acted on the invitation. Unofficial sources at Helsinki, Finnish capital, said they considered it possible Finland might be willing to grant Russia right on one or two strategic islands in return for a "proper reward."

Deep Sea Diver Will Lecture Here

Max Gene Nohl, holder of the world's deep sea diving record, will be presented by Midland Town Hall in a lecture in the high school auditorium here on the evening of October 17. This lecture will be the second in the Town Hall series for the year and admission will be by membership card.

Only 28 years old, Mr. Nohl is the inventor of the self-contained helium diving suit in which he descended on Dec. 1, 1937, to a depth of 420 feet, establishing a new world's record. At 420 feet, his body was under a pressure of 190 pounds per square inch, supporting a total weight of over 600,000 pounds of water, more pressure than had ever before been withstood by a human being.

Mr. Nohl is also noted as an underwater photographer and explorer.

Increase in Fighting on Front Opens

Answer to Hitler's Peace Formula Is Expected This Week

By Associated Press.

French and German guns boomed along the western front Saturday night in an artillery duel which topped a day of speculation among Europe's diplomats as the allies' probable answer to Adolf Hitler's peace formula.

The French general staff said action occurred between the Moselle and Saar rivers, with patrol activity in the region south of Zweibrucken.

A German communique, issued earlier, described the artillery fight as "sporadic barrages" and declared local scouting and troop actions of the enemy were "repulsed" and two French planes downed.

French and English were said in Paris to be playing a waiting game—delaying action on the western front until a blockade of Germany could be made more effective during winter.

Informed sources indicated allied leaders were convinced that if Germany had to face a winter siege without sensational land battles to bolster the morale, nazis would be much weaker when the weather cleared for operations in the spring. The French set the end of October before the latest German offensive could start before bad weather set in.

In Berlin, the slogan was "out of the Seigfried line by Christmas," as Hitler was said to be confident his peace formula would be accepted.

A detailed reply by Prime Minister Chamberlain to Hitler's speech was expected in the house of commons sometime during the week, probably Wednesday. British press and political circles indicated Hitler might be answered with a detailed statement of British and French war aims.

Finland announced the calling up of new army reserves while delaying a reply to a Russian invitation to a conference in Moscow.

Hitler Confident Peace Formula to Be Accepted Soon

BERLIN, Oct. 7. (AP).—Colleagues of Adolf Hitler represented the fuhrer today as "serenely confident his appeal would be heeded." His speech before the reich yesterday was characterized authoritatively as a "political offer demanding a clear-cut political reply."

Sources close to Hitler said he would refuse to give further elucidation of the speech as a preliminary to negotiations for an armistice.

Because Hitler's offer was regarded as a broad political gesture and not as a "narrow" diplomatic document, German officialdom saw no reason why President Roosevelt or any other neutral need to assure himself of acceptance before making an offer of mediation.

Commander Refuses To Comment on Talk Of Sabotage on Ship

SAN FRANCISCO, Oct. 7. (AP).—Federal Bureau of Investigation agents are investigating reports that the battleship Arizona was deliberately damaged during recent gunnery practice off Southern California.

J. Edgar Hoover, chief of the FBI staff, was reported to have been here today.

LOS ANGELES, Oct. (AP).—Admiral Claude C. Bloch, commander-in-chief of the United States fleet, declined today to comment on rumors of sabotage aboard the battleship Arizona.

The Arizona is now in the Los Angeles harbor after a week's battle practice at sea. Reports said it was supposed the sabotage affected the ship's machinery and water tanks, and there was a casualty aboard as a result.

Senate Truce Called In Neutrality Fight

WASHINGTON, Oct. 7. (AP).—The senate declared a "truce for rest" today in the battle over revision of the neutrality bill.

Administration supporters said that with the anticipated arrival Tuesday of Governor A. B. Chandler of Kentucky, due to take the seat of the late Senator Logan, they would have 65 votes for the bill to lift the arms embargo and establish a "90-day credit and carry" system of handling exports to belligerents.

Wildcat Strike in Western Lea, N. M. Fills at Rate of 616 Barrels a Day

By FRANK GARDNER.

At the north end of the North Cowden pool, Trans-Southern Petroleum Company No. 1-A O. B. Holt pumped 180.84 barrels of 34.3-gravity oil on 24-hour potential test, with gas-oil ratio of 200-1, for completion at 4,200 feet. Pay topped at 4,112 feet was shot with 200 quarts.

Trans-Southern also has completed No. 2-A Holt for 318.24 barrels of oil a day, plus two per cent water, on pump after shooting with 435 quarts in pay between 4,109 and 4,420 feet, total depth. Oil is 34.4-gravity and gas-oil ratio 240-1. On the east side of the pool, Sinclair-Prairie No. 3 Hugh Corrigans is drilling at 3,962 feet in anhydrite.

H. A. Hedberg of Fort Worth has completed his No. 2 H. E. Cummins in the northeast part of the Goldsmith pool, northwestern Ector, for 24-hour potential of 794.88 barrels of 38-gravity oil and gas-oil ratio of 1.425-1. It topped pay at 4,151 feet, is bottomed in lime at 4,208 feet and was acidized with 5,500 gallons.

Crockett Ordovician. Todd unit (Continental Oil Company and others) No. 4 community, scheduled Ordovician test in Crockett county, yesterday was drilling below 1,578 feet in lime.

Anderson-Prichard Oil Corporation and Monte Warner No. 2 M. I. Masterson, one-half mile north outpost to the Apo Ordovician pool of northern Pecos county, topped artesian sulphur water at 2,335 feet and is drilling head below 2,280 in lime. Also scheduled to test the deep pay, Childress Royalty Company No. 1 J. S. Masterson is drilling below 1,125 feet in anhydrite and lime.

Gaines Seminole Pool. Oil string of 5 1/2-inch casing has been cemented at 5,997 feet with 300 sacks in Amerada Petroleum Corporation No. 1 I. E. Auten, one-quarter mile north outpost to production in the northwestern extension area of the Seminole pool in central Gaines county. Total depth is 5,103 feet in lime, corrected by steel line from 5,108.

One mile farther north, Osage Drilling Company, Inc. of Oklahoma No. 1 G. D. Johnson is drilling below 3,340 feet in anhydrite, shells and salt. Some called top of anhydrite at 2,240; others picked the point at 2,260.

In the extension area, Osage No. 2-A J. L. Tippet is preparing to spud.

Osage No. 1 Glenn Crain, one-quarter mile northwest of a north extension producer in the pool, is running tubing with flow valves. Total depth is 5,320 feet in lime. The well ran high but encountered non-porous pay section.

Stanolind No. 1 American Warehouse Company, west offset to the same company's No. 1 J. B. Rayner, 1,278-barrel discovery producer on the Cecil Lake pool of north-eastern Gaines, is letting derrick settle before rigging up rotary is started. It is in the lake bed.

Sinclair-Prairie No. 4-A R. M. Kendrick, east-side well in southern Yukon county's Denver pool, is fishing for drilpipe, bottomed at 4,753 feet in lime. Shell Oil Company, Inc. has announced location for No. 4-E Baumgart 990 feet from the south line of section 827, block (See OIL NEWS, page 8)

I want to bring to the attention of the Midland Bulldogs that they have a good, solid friend about twenty miles east, Editor Jim Kelly of the Stanton Reporter said: "Since the Stanton Buffaloes are seeing 'greener pastures' on the range of a new district and the Midland Bulldogs have been elevated to a 3AA district clear out of the Buffalo class, I have concluded to 'strap on the armor' and trek along with the Bulldogs in the scamper down the conference chase. Everything reaches its zenith sooner or later and everything that goes up must come down. It remained for the Midland Bulldogs to knock the Wink Wildcats from off their zenith perch last Friday night 27-12."

However, although Jim throws in this good word for the Bulldogs, he sounds a warning of bombardment from the east in this columnist war while Editor Ralph Shuffler is still attacking from the west. It puts me very much in the position of Poland, with Hitler and Stalin wading in at the same time, and I won't be surprised any time to see how they have partitioned the Reporter-Telegram. Referring to the war news, Editor Kelly said: "...the publicity departments of the two warring factions are about on even keel 'blowing up' their respective victories. What fertile field for Paul Barron to play 'hide and seek' with the truth."

One thing I would like to see is a game of six-man football. For the benefit of smaller schools, lower grades and sand-lot organizations, this six-man team system has been worked out with beneficial results. The play is more on the open, or passing type, and the rules have been worked out to insure greater safety, while creating a fast and snappy game. Courtney, Garden City and many of the strong rural schools of this section are now playing six-man football. It strikes me that we should try to bring a couple of these teams here some night when the Bulldogs have an off date, give the match plenty of publicity, produce some substantial revenue.

Mr. Editor: What are our game commissioners and representatives for if not to look after our interests? If the biological survey can tell us what we can do and what we can't with our game, then what do we want with the above? They might as well tell us when we can kill a pig, lamb or calf. The dove and quail belong to us. Why? Because we raise them the same as we do the pig, lamb and calf. It looks like there are "skunks in the wood pile." Let's kick them out and get what we are entitled to—a fair and just game law.

WESTERN AUTO ASSOCIATE STORE 107 S. Main MIDLAND HOME OWNED & OPERATED BY MARTIN DUVAL

BUY FURNITURE NOW AND SAVE

Each day brings notices of price advances in furniture and in some cases complete withdrawal of factory lines and their salesmen until the NOVEMBER MARKET, at which time new prices will be in effect.

Furniture prices, dollar value considered, have been the lowest this year than in our thirty-five years experience. The price on merchandise in our store has not been raised and was bought at the lowest price level; but new goods to come in later will necessarily be sold at higher prices. We are not making this statement to scare the public, but stating the cold facts in the case as we feel a reputable concern should do to protect its customers and friends.

THE WATCH TOWER

MONDAY:
"Come one, come all! See the floor show. The famous Crane and Butler song and dance team now performing only one show so hurry-hurry-hurry!" Well, that isn't exactly the way it was, but the students enjoyed the act put on by Mr. "Fred Astaire" Crane, and Mr. "Bing Crosby" Butler more than they would have enjoyed a three ring circus. Mr. Butler proved himself a talented composer, singing his own words to the tune of "A Bicycle Built for Two."

These good friends of the school set us an excellent example of sportsmanship in fulfilling their promises to sing and dance in assembly after the Bulldogs defeated Wink.

TUESDAY:
With Coach Taylor getting the football "told" at practice, and the boys staying for teachers, and improving their voices at glee club practice, we may come up at the end of the year with some "he-men" having a common sense of history, algebra, and English, and an artistic ability to sing.

WEDNESDAY:
The assembly looked like the house of Representatives (of school kids) this morning saying "aye" to a bill giving nine months vacation and three months school when Mr. Lackey asked who had taken music at Jr. High under Mrs. Dick Thompson (Miss Ford to us). Almost every hand in the soph, junior, and senior division of assembly went up and all the owners of them were smiling so big! Pretty, too, isn't she?

Midland B's Take Big Spring, 12-0

The Midland Bulldogs B. String defeated the Big Spring B. team Wednesday afternoon in their third game of the season.

There was no kick-off so the play might be considered a scrimmage. The choice went to Big Spring and they took the ball on Midland's 35. Midland soon, however, gained possession of the ball and through the combined efforts of the whole team drove their way toward the goal line. The first score was made when Gordon Bigham threw a pass to Bill Hall who ran along the sideline for 20 yards and went over for a touchdown. The Midland team tried to gain the extra point by a line plunge but they didn't make it, leaving the score 6-0 in favor of Midland.

Still in the first quarter, Midland drove their way by short runs and passes to another touchdown. This time the scoring play was run by Bill Hall. These were the only scores made, but during the last quarter, Conrad Watson, a player from Big Spring who has recently moved here, drove two successive times through the middle of the line for two "first and tens."

Both the backfield and the line showed up very well in the first quarter, but seemed to weaken in the last part of the game.

The starting lineup was:
Lester, L.E.; Johnson, R.E.; Ward, L.T.; Baisey, R.F.; Coeke, L.G.; J. Ward, R.G.; Collier, C.; in the backfield were: Bigham, quarter; Hall, Watson and Bizzell.

Substitutions were: Smith, Midkiff, Green, Wheeler, Ramsey, Ragsdale, Thompson, Woods, Watson, and Sidwell.

THURSDAY:
What a day! Glee club practice, regular classes, and pep squad practice. Nothing unusual or of interest either but this happens quite often.

FRIDAY:
Again we fondly recall the victory of the Midland Bulldogs over Wink. Replacing this happy recollection is the anticipation over the Midland-Sweetwater battle to be fought a week from Friday. We are behind our team. Send Sweetwater home with the small end of the score.

Bulldogs vs. Ponies In Conference Tilt

The Bulldogs of M.H.S. meet the Ponies of Sweetwater High Friday night, October 13, in the first conference game for the Midland team. Sweetwater is supposed to be the Bulldog's toughest foe, so a royal battle is readily promised to the spectators. The Bulldogs' defeat of

Future Homemakers Organize & Circles

The circles of the Future Homemakers club were organized Wednesday during class periods. The club will be conducted under a new form of organization this year, having each class elect its own officers and presents its program every first and third Tuesday. The circles will have a joint meeting Tuesday for the election of officers and once a month thereafter with a program and social.

Officers elected to the various circles were:

Foods I, Myrtle Jean Butler, president; Dorothy Cook, vice-president; Peggy Lykins, secretary-treasurer; Lodell Vest, reporter; Sarah Sue Roberts, program chairman; and Ella Lue Roberts, social chairman.

Foods II, Dorothy Wimberly, president; Gladine Newsome, vice-president; Mary Edna Casey, secretary-treasurer; Dorothy Mauldin, reporter; Louise Terry, program chairman; and Melba Chendene, social chairman.

Foods I-A, Mary Mayfield, president; Edna Jean Roberts, vice-president; Martha Jane Preston, secretary-treasurer; Colleen Oates, reporter; Ester Lea Page, program chairman; and Lea Mae, social chairman.

Foods I-B, president, Jacqueline Thies; vice-president, Kathryn Hanks; secretary-treasurer, Frances Palmer; reporter, Isabel Marchoux; program chairman, Janice Pope; social chairman, Billy Walker.

Clothing I-A, Jean Lewis, president; Nell Ruth Bedford, vice-president; Jewel Martin, secretary; Lillian Harris, treasurer; Christine Martin, reporter; and Norene Booker, social chairman.

Clothing II, president, Peggy Jean Gard; vice-president, Faye Lee Branch; secretary, Patsy Jeanne Bodine; reporter, Bledsoe; and sergeant at arms, Charlene Crawley.

Clothing III, Myra Bell Lamb, president; Melba Schlosser, vice-president; Elsie Zinn, secretary; Betty Jo Tate, treasurer; Doris Blackburn, reporter; Glenna Jones, critic; and Elsie Mae Kimsey, sergeant-at-arms.

Clothing I-B, Jo Ann Blair, president; Betty Shockley, vice-president; Lavonne Weaver, secretary; Dorothy Shelburne, reporter; and Joyce Dameron, social chairman.

Wink and their steady improvement in all departments of the game really make Midland a "dark horse" during the conference race and a good favorite to beat Sweetwater.

When Midland was in this present conference several years ago, the story is told of a game between Midland and Sweetwater. This was during the time "Sammy" Baugh and "Red" Sheridan were playing their high school football on the Sweetwater team. After 60 minutes of mired the game ended around 60-0, slightly in Sweetwater's favor. It was also found that Midland lost 16 yards during the game and didn't gain a one. The game this year will not be any repetition for either team and it is hoped that when the final gun roars, Midland will be the victor and on its way to the conference flag.

New Batons, Matching Shorts Ordered for Majorettes for Friday

Three new Sinecock Commander batons have been ordered from Major Sinecock Drum Majorette School, Long Beach, California, for majorettes Marilyn Moore, Lucille McHargue, and Louise McClain. These batons are made of imported Swiss metal and are quite an improvement over the old longer and heavier ones.

Material for new shorts has also been ordered from the company that made the band uniforms. The shorts material will match that of the coats.

The new batons and shorts will be used for the first time in the Sweetwater game.

Juandell Jones seems to like Jimmy Pickering. Oh, these freshmen liking seniors.

Why doesn't Sue just flirt with just one boy at a time instead of trying to have a number on the string?

Marilyn Moore surely is having a time trying to decide between Clark Leggett and Robert Dunagan.

Glenn Brunson looked rather happy last week. Has a freshman girl finally gotten into that cold heart and mechanical mind?

Quite a few boys would like to have a date with Marjorie Warner.

The Band Becomes More Modernistic

The Midland High School band has recently added variety in lighting effects to its repertoire of stunts. At the Wink game last week spotlighting was used to emphasize Edna Earle Lineberry's twirling exhibition. The use of the spot-lights was made possible by Jack Moore from the local theaters.

The band is also assisted by W. D. Bruce, a senior in M.H.S., who constructively criticizes the marching band and helps plan maneuvers and parades. W. D. directed the use of the spot lights at the Wink football game.

Mildred Conner, a graduate of Midland High School works several hours a day in the band rooms. She has rearranged the music library, and made a list in both alphabetical and numerical order of all the music which the school has under the three divisions of overtures, selections, and quick-step marches. Mr. M. A. Armstrong, director, states that she is of great assistance to the band.

Mr. Armstrong has purchased a used oboe for the band. A need for this instrument has been felt for many years. In the playing and sight-reading contests held last year every judge criticized the band for not possessing bass clarinets, alto clarinets, more French horns, and at least one oboe. In past years, the parts written for these instruments had to be played by other instruments, either saxophones, clarinets, or cornets. Since composers give important parts to such instruments as the oboe and French horn, it is important that a band should have them in order to render the music at its best.

Personals
Hugh Corrigan was taken to Dallas Friday morning because of an acute attack of appendicitis. No operation was necessary and he returned home Monday.

Mary Jane Harper visited friends in Lubbock over the week-end.

Beth Reeves has returned to New Mexico where she will live the remainder of the school term.

Luella McHargue, Marilyn Moore, and Louise McClain spent Saturday in Big Spring.

Virginia Ford spent the day in Fort Stockton Sunday.

Nita Stovall was in San Angelo, last week-end.

Wednesday morning three visitors attended the chapel exercises. Among them was a former Midland Public School teacher, Mrs. Dick Thompson, Mr. C. S. Lackey, brother of W. W. Lackey and Mr. H. G. Dalrymple of Minnesota, were the other guests.

Mary Francis Carter is spending the week-end in Abilene and Stephenville, Texas.

Many high school students attended the Odessa-Austin high of El Paso football game Saturday night. Among those going were Windell Williams, Jay Francis, Thomas Wright, "Boog" Eldson and Paul Klatt.

Billy Jo Howze has returned to school after a week's absence.

In the Junior High football game Saturday, E. G. Foster sprained his ankle and is unable to attend school.

Marilyn Moore has as a guest in her home her sister, Mrs. Paul T. Smith of Fort Worth. She will be in Midland about two weeks.

Sophomores Have Picnic

The sophomore class had a picnic Friday evening at Cloverdale. The class sponsors, Miss Norene Kirby, Miss Jo Hestand, Miss Gladys Pinson, and Mr. Ferguson helped with the refreshments and they also played various games with the students. Several mothers and fathers enjoyed the outing.

Beth Reeves Honored

Lucille McHargue was hostess to twelve girls at a bridge party in her home Thursday afternoon honoring Beth Reeves, who left for Hobbs, N. M., Friday where she is now living.

Guests present were Joyce Saunders, Jacqueline Campbell, Frances Guffey, Louise McClain, Marilyn Moore, Edwanda Hays, Mary Louise Kelly, Reggie Vaird, Marjorie Warner, Dorothy Mauldin, Luella Ford, Beth Reeves, and the hostess.

The girls played bridge and Coca-Cola and candy were served.

Who's Who

The Midland Bulldog's first string end, Windell Williams, said, when interviewed, that he had been playing for five years and had played

for the Talco and Gladewater High Schools

Windell acted as captain in the Wink game while Thomas McMullan, the appointed captain, was not playing. Windell's folks live in Wink so we ought to be proud to have him on our team.

He plans to play basket ball this year, and because of his build he ought to make a good player.

When he was asked what subjects he preferred he answered that he didn't care especially for any of them. He plans to go to TCU next year and major in engineering.

Windell says that he hasn't got a girl but has been warning certain people to keep away from her: (Are we crazy or is he?)

New Equipment Given To Foods Department

Miss Iva Butler, foods teacher, of the home economics department has reported that new and much needed equipment has been added to the foods department.

Southern Ice has given a large cooler to take the place of the old-time ice box. Ella Lue Roberts has given eight Wear-ever aluminum pie pans; and the department has added a Wagner-ware dutch oven which has been needed for many years; three dozen water glasses; three dozen punch cups; and a large punch bowl.

M. H. S. Fashion Parade

The Midland High girls have started showing their new fall duds and all around are plaids, such as the colorful plaid blouse worn by Sue Miles. Mrs. Douglas also sported plaid Wednesday morning, when she wore a gold and brown skirt, gold sweater, and a bubble necklace of gold.

Another example of bright colors is the blouse of blue, gray, and yellow stripes, with long, full sleeves, worn by Jacqueline Campbell Wednesday. Montez Downey and Joyce Saunderson also wore candy-striped blouses.

One of the new checked dresses is Louise Bryan's bright red checked gingham.

Speaking of bright and luscious colors, you've seen the orchid lipstick affected by Jean Lewis and a few others since the Pecos game? They call it "Irrisistable."

Gene Ann Cowden attracted the eye and ear Tuesday morning in a gold necklace of tinkling bells.

Of the many bright sweaters, one is Liza Jane Lawrence's new ruschia.

Thursday Mary Sue Cowden wore a pleated skirt of gold with anklets and scarf to match, and suede jacket and shoes of brown.

Wilma Mahoney's two tone dress of teal and old rose makes a colorful contrast.

These are only a few of the many bright colors, both contrasting and clashing, that you'll see around school this fall.

Completely Outfitted Pep Squad, Tumbling Team Plan Elaborate Stunt

A little inside information on the pep squad came from Miss Sude Pearl Muirhead sponsor the other day. Purple material for skirts has arrived, so by the Sweetwater game the whole pep squad should be decked out in purple skirts and gold sweaters. With the tumbling team's streamlined gold shorts, the pep squad will be completely uniformed for the first conference game.

An elaborate stunt is being planned for Friday with the band, pep squad, and tumbling team all performing. The tumblers plan to do their most difficult stunt then.

Traveling Book Store Inspected by Students

A traveling library in a well-equipped trailer visited Midland High Tuesday. This library is sent out by the Texas Book Store in Austin so that students may see what they are buying instead of ordering the books. The prices on the books ranged from \$1.50 to \$7.50 and the clerk in the wagon reported that a few books were sold to M.H.S. students.

District Supervisor Visits D. O. Class

Mr. Pascal Buckner, district supervisor of trade and industrial education from Big Spring visited the Diversified Occupations department and went over reports to be given to the state by Mr. Miller, D. O. instructor, and Mr. Ferguson, Laboratory of Industries instructor. Mr. Buckner comes to Midland about once every three weeks, it was reported by Mr. Miller. He visits the different employers by whom the D. O. student are employed and inspects the Laboratory of Industries room.

Mr. Buckner suggests the materials to be used in the teaching of these two courses, for which Mr. Miller says he is very grateful.

always starting something. Didn't they know that he was boss around here and gave the orders? In all of his thirty years here, it had always been something or other coming up and keeping him from working on his theory of relativity. His government didn't realize what they were doing by keeping him hidden away in this sultry, dreary old jungle, but he realized that this was the only one capable of this kind of work. Just then, breaking into his train of thoughts, Kuku, his colored boy came up and told him the men were ready to march now and were waiting on him to lead the expedition. Sir Samuel, without a word, went out and mounted his dappled gray charger.

"Let 'em go, men," he yelled and spurred away, the rest of the company following him.

After about three hours of traveling, they were suddenly attacked from all sides. But Sir Samuel, keeping a cool head, ordered his men to form a duodecagon and shoot the "bally" scoundrels.

Laboratory Manuals for Biology Class Arrive

The biology class has received its new laboratory manual with self-tests compiled by Roy E. Davis and Iva C. Davis.

Mr. Roberts, the science teacher of Midland high school, says that he chose this manual because it provides an adequate outline of laboratory instruction which can be supplemented by the teacher's own material. It also provides achievements tests to show the student his progress. It has an acquisition of basic biological knowledge and fundamental geological processes in regard to the laboratory work and recitation. In addition, the manuals contain references to all standard text books and reference books including the texts used by the class this year. The excellent diagrams and other illustrative material are incorporated in the manual providing additional visual education material to that which is supplied by the teacher.

Rebecca Byrd, Frances Palmer Present Dances In Assembly Wednesday

In assembly Wednesday, October 4, Rebecca Byrd and Frances Palmer presented some very clever dances. Rebecca, dressed in a cowboy costume, gave two tap dances accompanied by Mr. De Wolf, who played "Eye Eye Blues" and "When the Bloom is on the Sage." Frances Palmer presented a Spanish dance accompanied by Mrs. Frank Miller. Frances was dressed in a typical Spanish costume and used castanets.

Pro and Con: Jitterbugging

That dance craze, the jitterbug, is sweeping over the nation, and has caught a good many M.H.S. students, but has missed some, too. The following opinions express some of the pro and con of the situation. Everyone seems to have his own opinion. Do they fit your views on the subject?

Virginia Ford says she likes to watch those that know how to jitterbug but she wishes the ones who don't know how and still try would please stop or stay at home.

Margaret Murray thinks it is very silly and just a lot of hopping, but she seems to be in on the losing side.

Mr. Shifflet expressed his opinion by saying, "It's all right for kids, but grown-ups should know better by now."

Maurice Bratton and Gordon Bigham say it's silly and takes too much energy. They couldn't be lazy could they?

Marjorie Warner things jitterbugging is warm, wonderful, and lots of fun. I think she likes it!

Junior Jingles

You have to be a football hero. If you want to make Midland High girl glow.

Take for instance number fifteen. Louise Cox says he is her dream.

It is said Helen Armstrong has picked one, too.

He is a senior and had to pursue. On Monday's list, too, one holds top rank.

And in case you are wondering his name is James Frank.

From Tennessee hails Mr. Jack Hurt.

And unless I'm mistaken he is the class's worst flirt.

Jane Hill has started humming a new tune.

Since Jim has become so interested in Molly June.

Why Marjorie Ann's sad you need not tell us.

It is because Hugh is away off in Dallas.

Ask Marthann who's the nicest boy in town.

I am quite positive she'll say "Horace Brown."

FHA Volume Continues to Rise From Summer's Lull

Small-home mortgages accepted for insurance by the Federal Housing Administration have passed the \$2,000,000,000 mark, Administrator Stewart McDonald announced.

At the same time, Mr. McDonald released figures on the volume of applications for small-home mortgage insurance received during the week ending September 23. These figures again registered gains over recent weeks, the Administrator said, indicating that home construction plans are proceeding in normal volume at a level well ahead of mid-summer months.

Volume Ahead of 1938. Mortgages selected for appraisal during the week amounted to \$22,649,150, compared with \$22,514,260 in the previous week and \$23,568,945 a year ago. Of the mortgages selected, 3,298 represented homes to be built under FHA inspection, compared with 3,030 in the corresponding week a year ago, and 2,654 homes were actually started, compared with 2,988 last year in the same week.

The volume of insurance of short-term modernization repair loans was unusually heavy during the week. More than 11,000 loans amounting to approximately \$4,900,000 were insured, compared with \$3,873,000 in the preceding week and \$4,548,000 in the same week last year. This was the largest week since new amendments to Title I became effective July 1.

The total volume of modernization loans insured crossed the \$900,000,000 mark during the week.

Single Mortgage Is Modern Need

A sound home-financing system under modern economic conditions demands the single long-term amortized mortgage which represents a high ratio of the appraised value of the property, according to Federal Housing Administrator Stewart McDonald.

A virtual suspension of home building or a wholesale return to the second-and-third-mortgage evil are the only two possible results which can spring from lending

practices such as clung to by a few lenders who still feel that it is unsafe to lend more than 50 to 60 per cent of the appraised value of a home and that 12 years is about the limit for the amortization period.

Ideal Payment. It would be ideal, of course, Mr. McDonald said, if every home buyer and builder could pay cash. Next to that, it would be highly desirable to have them make a 40 or 50 per cent cash down payment.

"But," he asked, "if they are required to put up that much cash, how many homes would be built? We know from experience that the great mass of people must pay for their homes out of income. Few families have enough cash to make more than a 10 to 20 per cent down payment. Unless we provide a way for them to acquire homes with a small down payment and permit them to pay the balance over a long term of years—as long as 25 years in some cases—there can be no sound sustained home-building program for families of moderate incomes in America.

Safety For Both. "The FHA provides such a way with safety to both borrower and lender. This subject is one for realism and not for theory. Every effort can be made to encourage the purchaser to make as large a down payment as possible (for he is obviously his own best creditor), but we must likewise recognize that we are dealing with a national mortgage market and not just a series of isolated transactions. A single mortgage for 90 per cent of the appraised value of the property is better from that standpoint than high-cost multiple liens totaling the same amount."

FHA Operations Help Families Of Low Incomes

Provisions of the National Housing Act which permit the insurance of mortgages representing as much as 90 per cent of the appraised value of the property, in some cases, have been of great benefit to small-income families, Administrator Stewart McDonald has said.

This is true also of the provision which permits the lengthening of the term of the mortgage to periods as long as 25 years, in certain instances.

The FHA's low-cost home program has now been made more flexible by permitting the prospective builder of a home costing less than \$2,500 to borrow from an institution insured under Title I if he has cash or an interest in the land equivalent to 5 per cent of the total valuation of the completed property.

That families receiving incomes of \$2,500 or less are the major beneficiaries of the home-financing facilities made available by FHA is indicated in recently completed surveys, which showed that the average monthly payment on mortgages insured for families receiving incomes of \$2,500 or less was 10 per cent smaller in 1938 than in the previous year.

This decrease, Mr. McDonald said, was due not only to the lengthening of the period of repayment but also to slight decreases in the average value of properties purchased by families falling in this group.

Full Cooperation Is Needed To Achieve Sound Homes

The Government has supplied through the medium of the National Housing Act the mechanism which can promote an enormous amount of sound building at lower financial costs than ever before seen, but this alone does not solve the entire housing problem, in the opinion of Federal Housing Administrator Stewart McDonald.

"The full solution of the problem falls upon others working in a sphere outside of our immediate jurisdiction," he declared.

"These others," he continued, "are state legislatures, local and municipal building and zoning authorities, the building industry, labor, real estate men, large financial institutions, and great industrial corporations—in a word, most of the elements upon the proper coordination of which our whole national economy depends."

"Without the intelligent interest, understanding, and active participation on the part of all these elements the problem of the construction and financing of adequate shelter in this country, which has boasted the highest standard of living in the world, can never be satisfactorily solved."

Engagement of Midland Couple Is Announced at Triple-Hostess Party

October 19 Set as Wedding Date for Miss Evelyn Phillips, Wright Cowden

Date for an October wedding that will be of wide interest to social circles in Midland, that of Miss Evelyn Phillips, daughter of Mr. and Mrs. Geo. Phillips, and Wright Cowden, son of Mr. and Mrs. Elliott F. Cowden, was announced at a triple-hostess bridge party at the home of Miss Helen Fasken, 1511 W. Missouri, Saturday afternoon. Hostesses for the affair were Miss Fasken, Miss Edna Mae Elkin, and Mrs. Thomas Lee Speed.

Roses and fall blossoms decorated the party rooms and the Halloween motif was carried out in appointments.

Four tables of bridge furnished amusement for the group.

The betrothal and wedding date were made known at the tea hour when a salad plate was served. Gay cheese pumpkins contained tiny scrolls on which were inscribed "Wright and Evelyn, October 19th."

Miss Georgia Goss, who won high score prize in bridge games, and Mrs. Clyde Cowden, who won cut prize, each presented the award to Miss Phillips who also received an honor-guest gift from the hostesses.

Invited for bridge were: The honoree, Mmes. Alf Reese, J. W. Starr of Segreaves, Ben Black, Clyde Cowden, H. L. Straughan Jr., Jack Wilkinson, W. M. Blevins, E. I. Bailey, Frank Miller, Ralph Geisler, Louis Thomas, Don Oliver, Hayden Miles, W. C. Smith of Odessa, Ellis Cowden, Chas. Edwards, Nancy Maloney, Elliott F. Cowden, Hugh West, Misses Lucile Thomas, Georgia Goss, Anabel Youngblood.

Invited for tea were: Mmes. Geo. Phillips, H. H. Watson, John Hicks, A. C. Francis, A. W. Wyatt, J. O. Vance.

Mrs. Bridgewater Is Hostess for Joie de Vie Club

Mrs. P. F. Bridgewater entertained at her home, 717 W. Kansas, Friday with an afternoon bridge for members of the Joie de Vie club and a quartet of guests.

Guests were Mmes. E. H. Davidson, G. W. Herring, Vaughn C. Maley, J. M. Armstrong.

Guests assembled at 2:30 o'clock in rooms decorated with queen's wreath and other fall flowers for four tables of bridge. High score for club was held by Mrs. Frank Fulk and second high by Mrs. George Glass, while high for guests went to Mrs. Armstrong.

A refreshment course was served to guests and the following club members: Mmes. Chas. Brown, R. C. Conkling, R. B. Cowden, John Dublin, Fulk, Glass, O. B. Holt, Chas. L. Klapproth, J. R. Martin, J. M. Speed Sr., Fred Turner, Frank Williamson, and the hostess.

Toy Loan Library Assignments Are Made for Club

"Radio and Children" was the subject of discussion at the meeting of the Child Study club with Mrs. S. P. Hazlip, 1007 W. Tennessee, Friday morning.

Mrs. P. A. Nelson read a paper on "Radio and the Family" and Mrs. W. L. Brown one on "Children's Choices in Radio Programs."

Present Friday were three guests, Mmes. E. R. Osburn, Harry Eastham, and Frank Stubbeman, and the following members: Mmes. Overton Black, W. L. Brown, E. A. Hemphill, O. J. Hubbard, J. S. Meriwether, P. A. Nelson, R. W. Paterson, Jack Rankin, and the hostess.

Assignment of club members to serve in the toy loan library has been made. The library, opening its second year under the sponsorship of the Child Study club, is being maintained this year in the entrance hall of the Thomas building. It is open from 2:30 o'clock until 4:30 o'clock each Friday afternoon.

Any donations of toys for the library will be received with appreciation, sponsors said. Citizens having toys which they wish to contribute are asked to call Mrs. J. S. Meriwether, phone 1017, or Mrs. R. W. Paterson, phone 369, and the toys will be collected.

Assignments are as follows: October 6—Mrs. Overton Black and Mrs. J. S. Meriwether; October 13—Mrs. W. L. Brown and Mrs. O. J. Hubbard; October 20—Mrs. B. K. Buffington and Mrs. H. A. Hemphill; October 27—Mrs. Harvey Conger and Mrs. Jack Rankin; November 3—Mrs. Hazlip and Mrs. P. A. CHRISTIAN SCIENCE SERVICES

"Are Sin, Disease, and Death Real?" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, October 8.
The Golden Text is: "Bless the Lord, O my soul, and forget not all his benefits: who forgiveth all thine iniquities; who healeth all thy diseases." (Psalms 103:2, 3).
Among the citations which comprise the Lesson-Sermon is the following from the Bible:
"The law of the Lord is perfect, converting the soul; the testimony of the Lord is sure, making wise the simple; The statutes of the Lord are right, rejoicing the heart; the commandment of the Lord is pure, enlightening the eyes" (Psalms 19:7, 8).
The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy:
"The belief in sin and death is destroyed by the law of God, which is the law of Life instead of death of harmony instead of discord, of Spirit instead of the flesh" (page 253).

Shirley Winter played "Drifting" by Williams as a third piano solo. Valda Dee Pigg and Billie LaJean Pigg played a mandolin and guitar duet, "Little Brown Jug."
Six-year-old Mary Helen Winston demonstrated scale work, playing scales extemporaneously as the group asked for them.
Rebecca Bird, president, and Niles Winter, secretary, were in charge of the meeting.
John Harvard and Peggy Riley were at the attendance card.
The meeting closed with repetition of the club motto led by Dorothy Barron.
About 18 children were present. Visitors were Mrs. Niles Winter and Mrs. John Harvard.

YANKEES CLUB OUT FOUR HOMERS TO DEFEAT THE REDS BY 7-3

Keller Paces Attack on 3 Red Pitchers

CINCINNATI, Oct. 7.—The New York Yankees unleashed a terrific home run barrage against the Cincinnati Reds here today and took the third game of the World Series by a 7-3 score.

The Yanks were out hit 5-9 but four of the hits were home runs and three of them came with one man on base. "Lefty" Gomez started on the mound for the Yanks and lasted only one inning. Bump Hadley pitched the remainder of the game, weathering a two-run, four hit barrage in the second and pulled out of several holes during the remainder of the game, always keeping the Reds from scoring. The Reds used three hurlers during the game. Junior Thompson, Lee Grissom and "Whitey" Moore. Thompson started the game but was derailed in the fifth after the fourth New York homer. Grissom pitched the remainder of the inning and the sixth before he was derailed for a pinch hitter. Moore pitched the last three innings and did not allow a Yank to get on base.

The Reds had men on base in every inning except the third and eighth but could not score except in the first and second. The Yanks had only two men left on base while the Reds left nine stranded. The Yank bombardment started in the first inning. Crosetti, first man up, walked and after Rolfe grounded out to first base Keller came through with a long home run to account for two tallies.

The Reds came back in their half of the frame for one run on consecutive singles by Goodman, McCormick and Lombardi and went one ahead in the second on singles by Myers, Thompson, Werber and Frey.

However, the Yanks went ahead in the third and were never headed. After two men had been retired, Keller walked and Joe DiMaggio hit a long home run into center field stands. That was all the scoring until the fifth when the

Yanks made three more runs to sew up the game. After one man had been retired, Rolfe singled and Keller came through with his second homer. DiMaggio popped out but catcher Bill Dickey hit one out of the park to increase the Yank lead by another tally.

The Reds got two men on base in the sixth, seventh and ninth but could not push around any scores.

The box score:

New York	AB	R	H	PO	A	E
Crosetti ss	4	1	0	2	2	0
Rolfe 3	4	1	0	2	0	0
Keller 2	3	3	2	3	2	0

The PAYOFF

BY JESS RODGERS

After viewing the Sweetwater Mustangs against the Abilene Eagles Friday night, I can understand now how come the Mustangs have been picked as the favorite to cop the Permian Basin title this year. The Mustangs do not appear overly large or exceptionally fast, but they do have the blocking and tackling necessary to make up a well balanced club. On the ground and in the air, the Mustangs made a total of 434 yards against the Eagles while allowing only 113 yards. Most of the Eagle yardage came on passes late in the game after Sweetwater substitutes had taken over. The score should have easily been about 40-0 instead of 19-0. The Mustangs fumbled six times, twice inside the Abilene 10 yard stripe and lost the ball five times. Using the Notre Dame system, line after time the Mustangs unleashed long runs around end and between center and guards. In Freeze, Rodgers, Headrick and Lynn, the Mustangs boast a backfield that will compare favorably with any of them. Freeze is going to be hard for any club in the league to handle this year.

Sweetwater fans believe they have a district champion this year and are willing to back up their opinions.

The so-called "upset" win by the Big Spring Longhorns over Odessa Friday night did not rate as much of an upset to a lot of people. Along with several others, I have been insisting all season that Odessa was overrated and due to get it in the neck before long. For one thing, boys on the club had believed too many of the laudatory phrases written about them in the paper. For another, the team was never as good as it had been touted to be.

The Broncs, now that they have been humbled, are due to come back and play better ball than heretofore. Reports that came back from several persons who saw the Broncs Friday night indicated a lot of disension among members of the team. Joe Coleman will soon straighten this out.

The Broncs have a good ball club but never did rate fifth in the state standings. To repeat something written a couple of weeks ago, the Broncs will be behind San Angelo

and Sweetwater and probably Midland when the season is over.

This is that—Bud Taylor and most of the members of the Bulldog first team saw the Mustang-Eagle bout in Sweetwater Friday night and have a better idea of what they will face here next Friday night. Bud yesterday went to Lubbock to watch Tech in an attempt to get a better line on how to stop the Notre Dame system of attack. I got Sweetwater scribe Charlie Green to give me 13 points and bet a dinner on the game here next Friday night. He refused all chances to give 20 points. The Midland-Sweetwater game will be the best scheduled in West Texas this week end and you fans who want tickets had better get them early. The Odessa team plays in Lamesa that night and there will be plenty of Ector county folks over here to watch a couple of real clubs. Biggest laugh of the week came from Tony Slaughter at Odessa. He said that the Odessa boys were tackling so hard against Austin (El Paso) that Thad Steele penalized them. It will be interesting to read Tony's alibi for the Friday defeat. It was probably in state papers yesterday—a line reading that a quick whistle by an official caused an Odessa touchdown to be called back. If Thad Steele has a fault as an official it is the fact that he blows a slow whistle. So there won't be many persons listen to the Odessa alibi unless a better one is found somewhere. Somebody writing on the Odessa News-Times (they refused to put a by-line on their column) has the following to say about Jay Francis, Midland quarterback: "Sad to relate, it seems that Esquire Jay Francis, touted field captain of the Midland eleven, has been forced to order a new helmet. A larger helmet! These rumors are untrue, we apologize, but responsible business men of Midland are the source of information. It seems that Francis has decided to practice only on the day before the game. At that, he only needs to warm up. Pretty good for a high schooler. However, if the results of future games are the same as his performance in past games, he shouldn't practice at all. If this continues, though, he will be on his way out before he gets in. If he gets out before Midland meets the Odessa Broncs, it will save a great deal of chasing — by the Broncs.

Iron Railings.

Simple iron railings may be effectively used on both the exterior and interior of the home, but they find their widest service as a stairway and porch guard. Attractive designs are available for those who wish to add a decorative touch to the front-porch railing.

Out-of-State Foes Booked by Five SW Teams Next Saturday

FORT WORTH, Oct. 8.—Next Saturday is "Intersectional Day" for Southwest Conference eleven. Five of the teams engage opponents from other sections, and all of the Southwest eleven will be playing away from home.

The Texas Aggies do stay in their home state, however. They engage Villanova at Tyler in a Rose Festival affair, with the Aggies as the favorites.

Texas Longhorns will also stay in Texas, but they do leave their home field, moving up to Dallas to meet Oklahoma. The Sooners are favored but will assuredly be provided with a busy afternoon. Probably the outstanding battle of the day will be Southern Methodist game against Notre Dame. The game at South Bend will require all that Coach Matty Bell's boys can muster and those who claim to know favor Notre Dame. The Methodists dropped a 14-to-20 contest to the Irish in their only other encounter, back in 1930.

TCU journeys up to Philadelphia for the second consecutive year, to meet the Temple Owls. Last year the Horned Frogs won handily from the Owls in a night fracas, 28 to 3. This year's game is scheduled for Saturday afternoon. The Owls are stronger than last season, the Frogs are weaker, but TCU is still the favorite.

Rice plays LSU under the lights Saturday night in Baton Rouge. The Owls have found the Tigers a bit rough in recent engagements, but this looks like their opportunity for revenge.

Arkansas and Baylor are booked for the only conference contest of the day. The game, to be played in Waco, is generally regarded as a toss-up, both literally and speculatively.

THERE IS NO WAR CLAUSE IN A PRAETORIAN POLICY

Wars and the rumors of wars cause the patrons and executives of life insurance organizations to meditate upon the factor of increased mortality incident to such violence.

At the outbreak of the World War all standard life insurance policies contained what was known as the "war clause," cancelling the insurance, or at least denying liability for loss or injury incident to military service. That limitation was deemed vitally requisite to actuarial soundness and solvency. Strange to relate that among the Americans enlisted, fatalities from disease exceeded the heavy mortality of the service at the front. In that holocaust of death and destruction, cruelty and murder, there transpired many fine things to redeem the depravity of the mad world. One incident of local origin, and a matter of modest pride, gave to all life insurance history, a new and challenging spirit. The Praetorian Life Insurance Society of Dallas, Texas, notwithstanding the war clause in its policy, on the 24th day of July, 1917, decreed and provided that the institution would pay all "CLAIMS FOR DEATH RESULTING, DIRECTLY OR INDIRECTLY, FROM ENGAGING IN MILITARY OR NAVAL SERVICE OF THE UNITED STATES OF AMERICA, AND THAT MEMBERS, WHILE SO ENGAGED, SHALL BE EXEMPT FROM PAYMENT OF PREMIUMS." This policy was carried out in good faith and actual performance.

Since nations feverishly prepare for war, and armies of the millions are now marching, what must be the thoughts of those now holding, and those desiring to acquire, life insurance protection? The alert mind and the keen thinker will act promptly before new clauses, exceptions and limitations are incorporated in future policies. There may be no real occasion for special concern in this matter, but who can foretell the tomorrow?

Praetorian policies now contain the following clause: "This policy is free of restrictions from date of issue as to change in occupation, residence or travel."

Research Worker Is Added for Field Work

AUSTIN, Texas. — Another research worker has joined University of Texas forces in their tussle with the treacherous heaving shale formations of the Texas Gulf Coast oil fields. He is Charles R. Houshette Jr., and he is setting up his laboratory under the auspices of the University's Bureau of Engineering Research. Coming to Texas from the Massachusetts Institute of Technology, where he received his master's degree, he will be the first man to hold the bureau's fellowship for work on the shale problem.

H. H. Power, professor of petroleum engineering, who began experimentation on the problem last year, heads a committee which will supervise Houshette.

First Round Matches In Cowden Tourney Underway on Course

Play in the Cowden Handicap Golf tournament started the past week, with most of the matches slated to be played today.

The cup, awarded annually, was won last year by Jas. Smith and he is one of the entrants in this year's tournament. However, Smith, along with three other golfers, is not allowed a handicap.

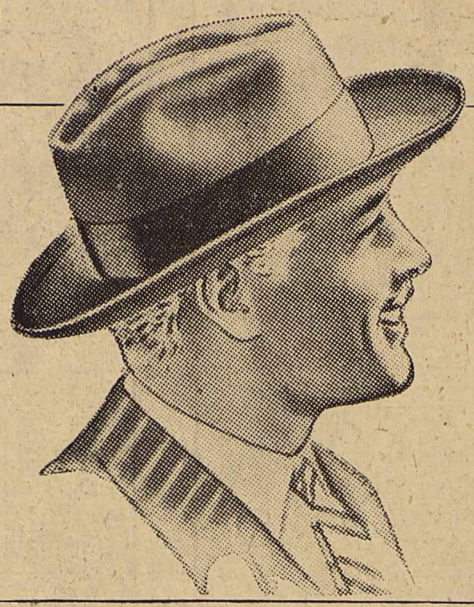

Tournament officials yesterday stressed the importance of all entrants playing their first matches and turning in the scores before the day is over. Unless a good excuse is forthcoming all players who fail to show up today will have their matches declared forfeited.

Following are the pairings for the matches to be finished today:

- James Smith—0 vs. E. H. Barron—18
- V. T. Niessel—11 vs. W. P. Thurmon—5
- Hall Edwards—15 vs. L. F. Shiple—16
- Curt Inman—13 vs. James FitzGerald—18
- Charles Vertrees—14 vs. J. P. Gibbins—18
- Earl Blair—12 vs. Addison Wadley—18
- Don Davis—14 vs. Al Loskamp—18
- Paul Nelson—18 vs. Felix Stonehocker—16
- Geo. Shelton—14 vs. Pat Ruckman—16
- W. J. Crimmins—14 vs. P. J. Mims—14
- D. H. Roettger—18 vs. W. T. Bostwick—14
- Hugh Corrigan—14 vs. J. M. White—16
- J. B. Thomas—18 vs. Thad Steele—12
- E. A. Culbertson—18 vs. L. T. Boynton—16

Odessa Golf Team to Meet Locals Today

A team of 20 Odessa golfers will be here this afternoon for a match against a team of Midland golfers on the recently-completed Country Club golf course.

The Midland team, recent winner over a 20-man team from Lamesa, will start practically the same men that carried off the first team match on the local links.

First matches will start this afternoon at 1:30 o'clock.
