Airport Will Be Dedicated Saturday

Czech Univ. Is Closed by Blackshirts

1200 Students Taken From Building After New Orders Issued

PRAGUE, Nov. 17. (AP). — Czech high schools and Karlov University Technical Institute buildings were occupied today by German Chulzstaffel detachments and about 1,200 boys and girls were hauled away in buses.

The reason for this action by Hitler's blackshirt elite guard was vague. Shots were heard at Masaryk college, but apparently no one was injured.

Wednesday, 2,000 Czech students demonstrated against the Bohemia-Moravia protectorate government set up by Germany in the dissolution of Czechoslovakia.

The Prague radio announced last night that members of the so-called Czech legion—patriots who fought in Poland—would be shot, whether taken as prisoners of war or caught after returning home.

General Lev Prchala, former officer in the now disbanded Czechoslovak army and commander of the legion, escaped to France with a number of his followers. Some, however, were reported to have returned secretly to the Nazi protectorate of Bohemia-Moravia.

The strength of the legion has not been established definitely, but one report said it numbered more than 30,000 men.

Airport Speakers

Speakers at the dedication of Midland Municipal Airport Saturday afternoon will include Congressman R. E. Thomson of the sixteenth district, who will give the principal address, and Mayor M. C. Ulmer who will welcome the visitors to Midland.

House Numbers and Mail Receptacles Needed Immediately

Actual inauguration of free mail delivery in the city of Midland depends on how quickly the citizens complete the numbering of houses and the installation of mail receptacles. It has been pointed out by Postmaster Allen Tolbert.

Announcement was recently made by the postoffice department that Midland has been granted mail delivery on the above points and on complete marking of streets by the city.

Street markers are being put up by city officials and this project will be completed at an early date. Home owners or occupants must install the numbers and the mail receptacles.

City officials urged that all who do not have their house numbers be installed in the case of new houses or those not previously numbered, should communicate with the city hall and the correct number will immediately be worked out.

Discord in Nazi Ranks Is Alleged

British Say Hitler And General Staff Not in Agreement

LONDON, Nov. 17. (AP). — High British military authorities expressed "conviction" today that what they called Germany's "indecisive tactics" on the western front were the result of a disagreement between Adolf Hitler and his general staff. These authorities did not disclose what information they had to support this view, but pointed out the Germans had not directed any hard blows, their usual tactics.

Meanwhile, the air ministry reported German aircraft flew over the Shetland Islands. Alarms were sounded in 13 towns in southwest Lancashire, Cheshire and North Wales after an unidentified plane flew over the region.

The war office announced 20,000 men were needed for home defense battalions. The announcement was made as recruiting opened to double the strength of the women's auxiliary territorial service.

Midland Men Attend C of C Banquet Given By Seagraves Members

With more than 400 persons from Seagraves and neighboring cities in attendance, annual banquet of the newly organized Seagraves Chamber of Commerce was held in the high school gymnasium in that city Thursday evening, the meeting being one of the most enthusiastic chambers of commerce gatherings ever held in West Texas.

Principal speaker for the occasion was Judge C. C. Thompson of Colorado City, other speakers on the program including Hiram Arrant of Abilene, district governor of Rotary International, A. G. Bearden of Lamesa, district governor of Lions International; Max Bentley of the Abilene staff of the West Texas Chamber of Commerce; Lieut. Governor, James Y. Murray of Hobbs; N. M. Senator G. M. Nelson of Lubbock; Jess Hall, Seagraves; Congressman George Mahon, Colorado City; W. S. Cooper, manager Seagraves Chamber of Commerce.

The purpose and objectives of the newly organized Permian Basin Association were discussed briefly in an address by John W. House of Midland. E. V. Oberholzer was elected president of the chamber of commerce in an election which took place during the banquet-meeting. M. E. Patterson was named vice-president. Directors named, besides the above mentioned officers, were C. M. Armstrong, Bloddy Griffith and Jess Hall.

Among those attending the banquet from Midland were House, P. H. Liberty, H. B. Spence, S. A. Debnar, Clinton Lackey, Fred P. Carmichael and Bill Collyns. Rotary Governor Arrant accompanied the local delegation to Seagraves.

TO DALLAS. Mrs. Carl Covington left Thursday morning on a trip to Dallas.

Death of Butler Signifies the Arrival of New Era for Judiciary

WASHINGTON, Nov. 17. (AP). — The death of Associate Justice Pierce Butler signified today the arrival of a new and probably long era in the nation's judicial history in which appointees of President Roosevelt will dominate the supreme court.

When Butler's place has been filled, the present chief executive, with his insistence upon a "liberal" interpretation of the constitution giving the federal government wide authority, will have named five of the tribunal's nine members.

Thus, time has given Mr. Roosevelt what he could not achieve in 1937 through his bill to reorganize the court.

Justice Butler was one of the four members of the court, as it was constituted when Mr. Roosevelt took office, who steadfastly voted against major new deal measures. With the help of one or two other justices they were for a time uniformly successful in killing such enactments as unconstitutional.

Standing with him at that time were Associate Justices McReynolds, Sutherland and Van Devanter. Sutherland and Van Devanter have since retired, and Butler's passing means that only one of the old group — McReynolds — remains on the high bench.

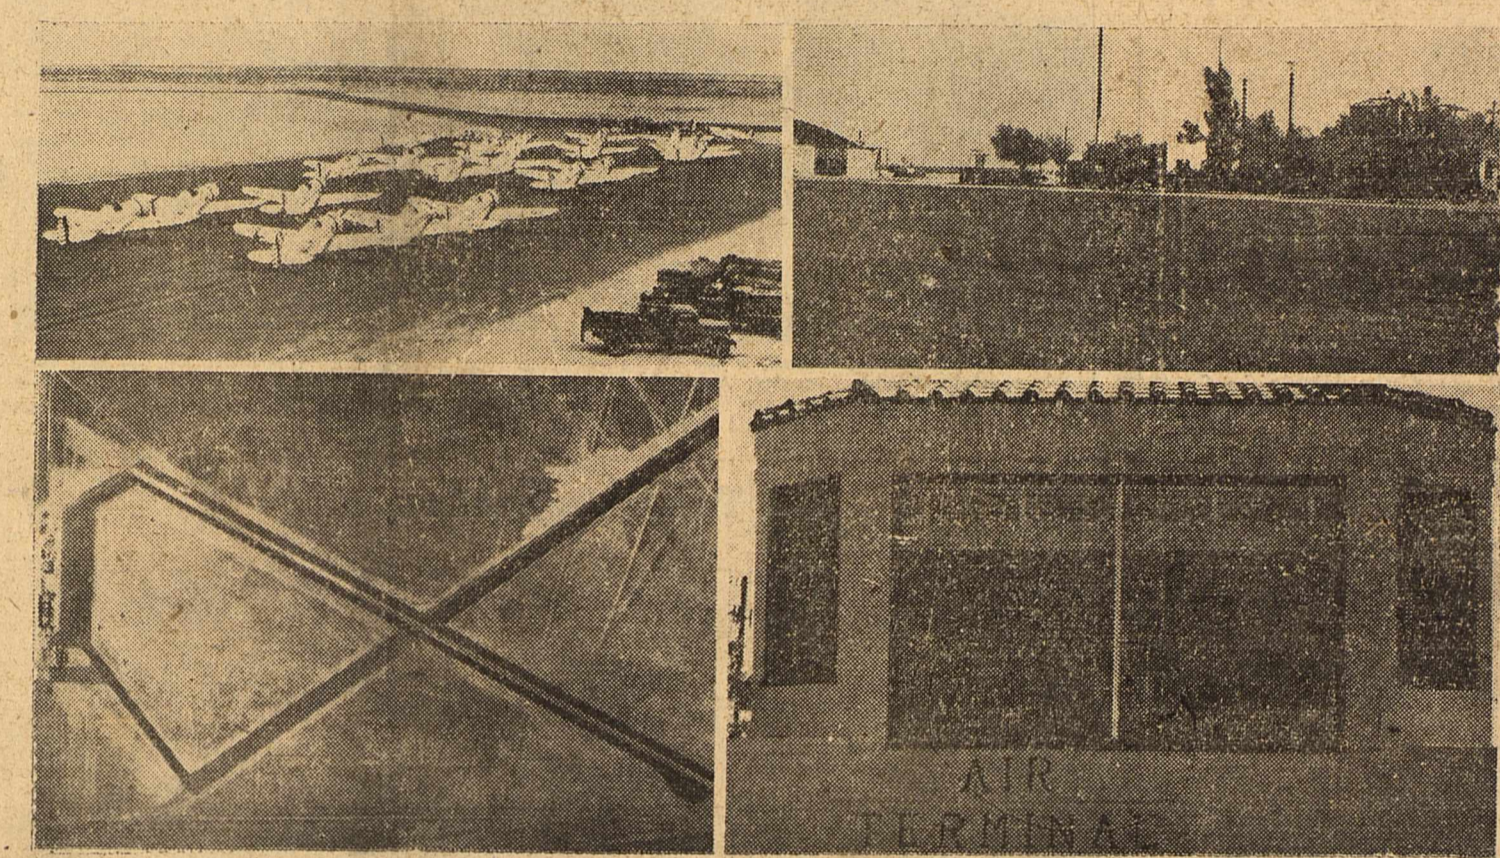

In addition to the retirement of Van Devanter and Sutherland, Associate Justice Brandeis withdrew and Associate Justice Cardozo died. These places Mr. Roosevelt filled with appointments of Associate Justices Black, Reed, Douglas and Frankfurter, all believers in Mr. Roosevelt's philosophy of constitutional interpretation.

That Butler's successor would be one of like mind was regarded as a foregone conclusion. Speculation as to the coming appointment covered a nation-wide list.

They included: Attorney General Frank Murphy, Judge Harold M. Stephens of the court of appeals for the District of Columbia, Thurman Arnold, assistant attorney general; Circuit Judge William Denman (California), Circuit Judge Sam Brattin (New Mexico), and Senators Schwelb (Washington), and Minton (Indiana).

Others mentioned included solicitor general Robert H. Jackson (New York), Senator Wagner (New York), Donald R. Richberg, Judges Samuel Rosman and Ferdinand Pecora (New York), Dean Landis of the Harvard law school, President Robert M. Hutchins, and the University of Chicago, and Dean Lloyd K. Harrison of the University of Wisconsin law school.

Scenes at the \$125,000 Midland Municipal Airport

Probably one of the most level, roomy and accessible landing fields in the Southwest, the \$125,000 Midland Municipal Airport, recently bought from W. H. Sloan and equipped under a huge expansion program, will be dedicated Saturday afternoon from 2 to 4 o'clock. Visiting notables, pilots, army officers and thousands of citizens of West Texas, New Mexico and Oklahoma are expected here for the program. The four scenes shown above include (upper left) the army air squadron recently stationed at the airport during cavalry maneuvers near Balmerhor, (upper right) the paved approach to the larger hangar and the administration building, (lower left) aerial view of the two lengthy and spacious runways, each 4,300 feet long and 150 feet wide, and (lower right) the radio control tower, with 24-hour weather service and both sending and receiving radio apparatus, situated on top of the administration building. Aerial photo courtesy army air corps, other photos by Tiffin.

Three Treated, One Arrested After 2 Wrecks

Y. J. Scruggs, dairyman residing about eight miles west of Midland, suffered a dislocated hip and other injuries early last night when the car he was driving collided with one reported to have been driven by A. L. Sullivan of Goldsmith.

Sullivan was arrested, placed in jail and charged with driving while intoxicated following the accident. He remained in jail today, pending bond being made. According to an officer, the accident occurred about five miles west of town, the car driven by Sullivan striking Scruggs after he had pulled far over to his side of the road. Sullivan escaped with minor injuries.

TWO GIRLS TREATED AFTER ACCIDENT TODAY

Two Midland high school girls, Marjorie Warner and Marilyn Moore, received treatment at a local hospital this morning after being involved in an auto accident at the intersection of Big Spring and Kansas streets with D. L. Swain.

Neither of the girls was seriously injured and Swain was said to have escaped uninjured. Miss Warner was dismissed after receiving treatment but the other girl was still in the hospital at noon.

The two girls were said to have been traveling west and Swain north at the time of the collision. The car bearing the girls overturned and was badly damaged.

Midland Flying Club To Show New Plane During Dedication

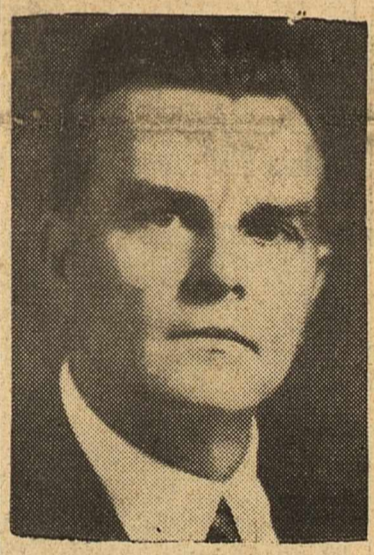

Adding local color to the numerous army, navy, coast guard and privately owned air ships expected for the ceremonies accompanying the dedication of the new \$125,000 Midland Municipal Airport Saturday will be the new Piper Cub training ship purchased by the recently organized Midland Flying Club. In order that the club could participate in the celebration, a special representative has been sent to the factory at Lock Haven, Pennsylvania, to fly the new ship to Midland, and he is expected to arrive Saturday morning.

The impetus to aviation in Midland was expected to be imposed at that time. Under the Sherman act, the corporations may be fined up to \$5,000 each.

The officials acquitted included Roy W. Hill, Chevrolet regional manager at Dallas; William S. Knudsen of Detroit, president of General Motors; John J. Schumann, Jr., of New York, president of GMAC, and Alfred P. Sloan, Jr., of New York, chairman of General Motors' board of directors.

The defendants were charged with conspiring to monopolize installment sales financing of automobiles by coercing General Motors dealers to use General Motors Acceptance Corporation facilities. Marold Geyer of Lakeville, Ind., foreman of the jury declined to say how many ballots were taken.

Begins Revival

Dr. Porter M. Bailes, pastor of the First Baptist church of Tyler, will open a ten day revival meeting at the First Baptist church here this evening, opening the first service at 7:30 o'clock. He will preach twice daily, at 10 a. m. and 7:30 p. m. through Sunday, November 26. Singing will be led by J. Boyd East of Midland.

General Motors Is Convicted by Jury On Anti-Trust Laws

SOUTH BEND, Ind., Nov. 17. (AP). — Federal judge Walter Lindley today imposed fines of \$5,000 each on three General Motors corporation and three affiliates convicted last night by a jury for violating the Sherman anti-trust laws.

SOUTH BEND, Ind., Nov. 17. (AP). — A federal court jury last night convicted the General Motors Corporation and three subsidiaries of violating the Sherman Anti-Trust Act. The subsidiaries were the General Motors Sales Corporation, General Motors Acceptance Corporation and GMAC of Indiana.

The jury acquitted 17 officials of the firms. Jurors reported to Special Judge Walter C. Lindley of Danville, Ill., that they had reached a verdict 25 hours and 40 minutes after they began deliberations.

Judge Lindley adjourned court until 10 o'clock this morning after the verdict was announced. Penalties were expected to be imposed at that time. Under the Sherman act, the corporations may be fined up to \$5,000 each.

The officials acquitted included Roy W. Hill, Chevrolet regional manager at Dallas; William S. Knudsen of Detroit, president of General Motors; John J. Schumann, Jr., of New York, president of GMAC, and Alfred P. Sloan, Jr., of New York, chairman of General Motors' board of directors.

The defendants were charged with conspiring to monopolize installment sales financing of automobiles by coercing General Motors dealers to use General Motors Acceptance Corporation facilities. Marold Geyer of Lakeville, Ind., foreman of the jury declined to say how many ballots were taken.

TO DALLAS. Mrs. Carl Covington left Thursday morning on a trip to Dallas.

Achievement Day Tour Attended by More Than 150

Climaxing the year's work for the home demonstration women's clubs and 4-H girls' clubs of Midland county was the Achievement Day tour held Thursday with more than 150 persons taking part. Exhibits on bedding made from county-grown materials and of clothing and playthings are on exhibit today in a downtown business house.

A spirit of exultation in the work done and a feeling on the part of the clubwomen that they were observing achievements in which they themselves had a part, Miss Alpha Lynn, home demonstration agent, summed up as her impression of the tour and those taking part.

The tour opened at 9 o'clock Thursday morning at the home of Mrs. G. C. Brunson and closed in the late afternoon at the ranch home of Mrs. Dick Minkoff. At noon more than 175 persons were served with a barbecue dinner featuring goat from the Greasewood club. The dinner, which had been scheduled for Cloverleaf Park, was served in the assembly room at the county courthouse because of the bad weather.

Miss Ruth Thompson, district agent, was a special visitor. First of the exhibits on the tour was that of educational playthings at the home of Mrs. Brunson. Toys made of cheese boxes, apple boxes, white pine plywood, wild gourds, and other inexpensive materials was shown.

A year's food supply for a family of five was featured at the home (See TOUR, page 3)

Country Club Open House Will Honor Visiting Aviators

Open house for all members, prospective members and guests and for all aviators who will be in Midland tomorrow will be held tomorrow afternoon between five and seven at the Country Club.

The aviators will be special guests, being invited, along with others to inspect recent improvements on the course and club house that makes the Country Club rank favorably with any in West Texas. Improvements at the club includes grass greens, a swimming pool, expansion of quarters for the club professional, redecorating the interior of the club house. In the near future, a waiting room for children will be built and additional improvements made.

KRLH to Broadcast Tonight's Grid Game

Play by play description of tonight's football game between the Midland Bulldogs and the San Angelo Bobcats will be broadcast by radio station KRLH, Midland, it was announced by W. H. McCumber, manager today.

"We will take the air with the game at 8:05," McCumber said, bringing quick reports to Midland citizens unable to make the trip to San Angelo.

Rumored Wentz May Drill Ordovician Test in Pecos Southeast of Girvin

Rumors current around town today were to the effect that L. H. Wentz, Oil Division of Pecos City, Okla., will start an Ordovician test by the first of the year in north-eastern Pecos county, six miles south and slightly east of the town of Girvin.

It was reported that location will be on J. A. McDonald land and will be either in the northeast corner of the northwest quarter or the northwest corner of the north-east quarter of section 39, block 11, H. & G. N. survey. It drilled on that site, the test will be approximately 17 miles southeast of the Apco pool, first Ordovician field in the county and the third in the entire Permian Basin.

It is understood that Wentz has assembled a block of approximately 8,200 acres surrounding the proposed test. All in block 11, acreage is said to consist of the following: the south half of section 25, all of section 27, the south half of 32, all of 34, all of 37, the east half of 38, all of 39, all of 43, the east half of 45, the east half and the north-west quarter of 46, all of 47, the north half of 52, all of 55, the south half of 56, all of 59, all of 61 and all of 63.

Magnolia Petroleum Company No. 1, J. S. Masterson, quarter-mile southeast extender of the Apco pool, which produces from the Ellenberger, lower Ordovician, swabbed 75.8 barrels of oil in seven hours after four-stage acidization with 4,000 gallons, bottomed at 4,536 feet in Ellenberger dolomite. First three treatments had been with 500, 1,500 and 1,500 gallons, respectively.

Thousands of Visitors Are Expected Here

Program From 2-4 Marks Completion Of \$125,000 Project

Anticipating thousands of visitors from towns and cities throughout Texas, New Mexico and Oklahoma, Midland will dedicate Saturday afternoon the newly enlarged and improved \$125,000 Municipal Airport, seven miles west of the city. The ceremony will culminate an expansion program of Sloan field and the modernization of the airport to make it one of the most accessible and best equipped in the southwest.

A program will be conducted from 2 to 4 o'clock, with Congressman R. E. Thomson of the sixteenth district as principal speaker. Judge Ed M. Whitaker, president of the chamber of commerce, will be master of ceremonies and Mayor M. C. Ulmer will give the address of welcome. Visiting notables will be recognized.

From 75 to 100 airplanes, many of them of the newest types, are expected to be on the field during the dedication ceremonies. Approximately twenty United States army planes will be here from Kelly field, flown by officers on leave for the week end, six or more will bring the Houston flying chapter of the Texas National Guard, the American Airlines transport plane, "Flagship," will be here and numerous other craft of interest to the public may be viewed.

The Midland High School Band will furnish music during the program and a special stunt will be staged in which the Houston national guard planes will be landed by radio control.

At some time during the afternoon program, the public will be given an opportunity to inspect planes which are on hand, but spectators are urged to stay back from the landing field until instructed to move out from the lines. Boy Scouts will be on duty to help control the crowd, and the crowd back, to help spot the planes in landing and to guard the planes while pilots are away.

Committeemen in charge of the dedication include R. L. Miller, general chairman; John W. House, program chairman; W. M. Holmes, banquet chairman; Junior chamber of commerce, in charge of dance; George McEntire and George Bennett, in charge of landing ships; Tom Sealy, chairman of the recreation committee; L. G. Mackey, transportation chairman.

Citizens who will assist in transporting pilots, army officers and other visitors from the airport to town, and back to the airport, are asked to communicate with the chamber of commerce. "Courtesy car" stickers are available for such automobiles.

Following the two hour ceremony at the airport, the visiting pilots, army officers and distinguished guests will be entertained informally at a smoker by the Midland principal address at the chamber of commerce. The chamber of commerce club's extensive improvements just completed. This will last from 4 to 7 p. m.

At 7 o'clock in the Crystal ball room at the Hotel Schumacher, a banquet will be served to the distinguished visitors, an invitation affair at which there will be an informal program.

At 9 o'clock, in the larger hangar at the airport, a special dinner will be given honoring the visiting pilots, guests and army officers. Open to the public, there will be no admission charge. Harrison's Texans will furnish music for the dance which The Junior chamber of commerce is sponsoring.

Congressman Thomson will arrive by train from El Paso Saturday morning after delivering the principal address at the chamber of commerce banquet there tonight. O. M. Mosier of New York City, vice president of the American Airlines, will arrive from Fort Worth this afternoon. The "Flagship," 21-passenger transport plane of the lines, will come over Saturday afternoon from Big Spring, with Carrol P. Himmers, Fort Worth city sales manager, and W. H. Scott, Big Spring airport manager, accompanied by City Manager E. V. Spence, Mrs. Spence and a group of Big Spring civic leaders.

The Flagship will be one of the stellar exhibits at the airport dedication. Equipment recently built and installed at the airport, through a \$125,000 bond issue voted by the City of Midland, include two paved runways, each 150 feet wide and 4,500 feet in length; three homes for army personnel stationed at the airport; paved approaches to hangars, administration building and other (See DEDICATION, page 4)

British Ship Said Sunk by Raider in The Indian Ocean

By the Associated Press

The sinking of a British ship by a far-ranging Nazi raider yesterday carried the current German-British sea warfare to the Indian ocean where the British freighter German cruiser Emden I preyed upon Allied shipping in the World War. Authoritative Capetown circles said an armed merchantman of about 10,000 tons sank the 706-ton tanker Africa Shell off the coast of East Africa, although there were some reports the attacker was a warship.

Speculation arose over the whereabouts of the 10,000-ton German pocket battleship Deutschland and Admiral Scheer which have been on the loose since slipping past the British North sea blockade.

The last British report on the Deutschland said she sank the Norwegian freighter Hansen off Newfoundland, Oct. 14.

Previously, the Deutschland was reported officially by the British to have sunk the British freighter Stonegate, 500 miles off Florida Oct. 5, four days before the Nazi raider seized the United States freighter City of Flint.

The Admiral Scheer, which sank the British merchant ship Clement off South America Sept. 30, was said more recently to have rounded Cape Horn and sailed into the Pacific.

Prime Minister Chamberlain, meanwhile, discounted Britain's naval losses as "the price we pay for command of the seas."

Recounting British accomplishments Chamberlain's weekly report to the House of Commons told of the capture or scuttling of four German merchant ships in the past week.

Prison Rodeos Are Scored by Baptists As Convention Ends

SAN ANTONIO, Nov. 17. (AP). — Texas Baptists concluded their general convention today with an attack on prison rodeos at Huntsville on the grounds they consistently desecrate the Sabbath.

The resolution regarding prison rodeos was supplemented by a motion from the floor to appoint a committee to present the view of the Baptists personally to the manager of the system.

William H. Andrew, Bryan, was one of those appointed to the committee. Teaching tap dancing and "other forms of dancing" in Baptist schools were criticized in another resolution.

Ecuador President Succumbs at Quito

QUITO, Ecuador, Nov. 17. (AP). — Aurelio Mosquera Marvez, president of Ecuador, died today. Arroyo Del Rio, president of congress, was named acting president.

Reforming the Complex Tax Structure

Gov. Culbert D. Olson of California, troubled by the wide variance in income tax rates among the states and by the small percentage of income taxes collected compared to the total tax levy, recently proposed a rearrangement in the tax picture. He suggested, among other things, that uniform rates be established by the federal government so that all income taxes might be collected centrally and proportionate shares returned to the states.

The governor's plan would certainly eliminate fears among states that industries are driven out because of high state income taxes. But to place such a proposal into effect might initiate an economic revolution in this country, the results of which might be too disastrous to imagine. The tax structure of the United States is much too involved today to admit any sudden sweeping reforms, however meritorious they may be.

Seventeen states today levy income taxes, but no sales tax. Six states have sales taxes without income taxes, and 17 depend on both for their revenues. Eight states have neither income nor sales taxes but rely entirely on other forms of taxation, such as property, gasoline, liquor and tobacco taxes.

Sales taxes vary from 1/4 of 1 per cent to 3 per cent and produce yields anywhere from half a million dollars, in Connecticut, to \$6 millions, in California. Income tax rates vary from 1/2 of 1 per cent on both personal and corporate incomes, in Maryland, to a 1 to 10 per cent range on personal and a straight 6 per cent levy on corporate incomes, in Minnesota.

The federal graduated income tax rate is the same in every state of the union. In states which depend, not on sales taxes, but on income taxes for their chief source of revenue, it might be assumed that the proportions of state to federal revenue would remain reasonably constant. But it doesn't.

In Delaware, the state revenue approximates only 1/2 per cent of the federal collected. In Kansas the percentage is 33; in Kentucky, 31; in Maryland, 27; in Oregon, 83; in South Carolina, 60; in Tennessee, 20, and in Wisconsin, 75. None of these states has a sales tax to supplement its income taxes. Obviously some of these states must depend more heavily on other forms of taxation.

It was only a generation ago that the income tax was inaugurated, but in the year ending in June, 1939, 27 per cent of the total revenue in the United States was collected through income taxes.

Like civilization itself, the tax structure of a nation cannot suddenly be turned over with a spade. Taxes in certain fields, which may be too high, must be made up somewhere. Some uniform and centralized tax basis might be advisable as a means of eliminating unfair multiple taxation. But the process must be slow and natural. It cannot be adjusted suddenly by edict.

Highest Level of Business Since Boom Days Expected for Christmas

BY ROGER W. BABSON
Copyright, 1939, Publishers
Financial Bureau

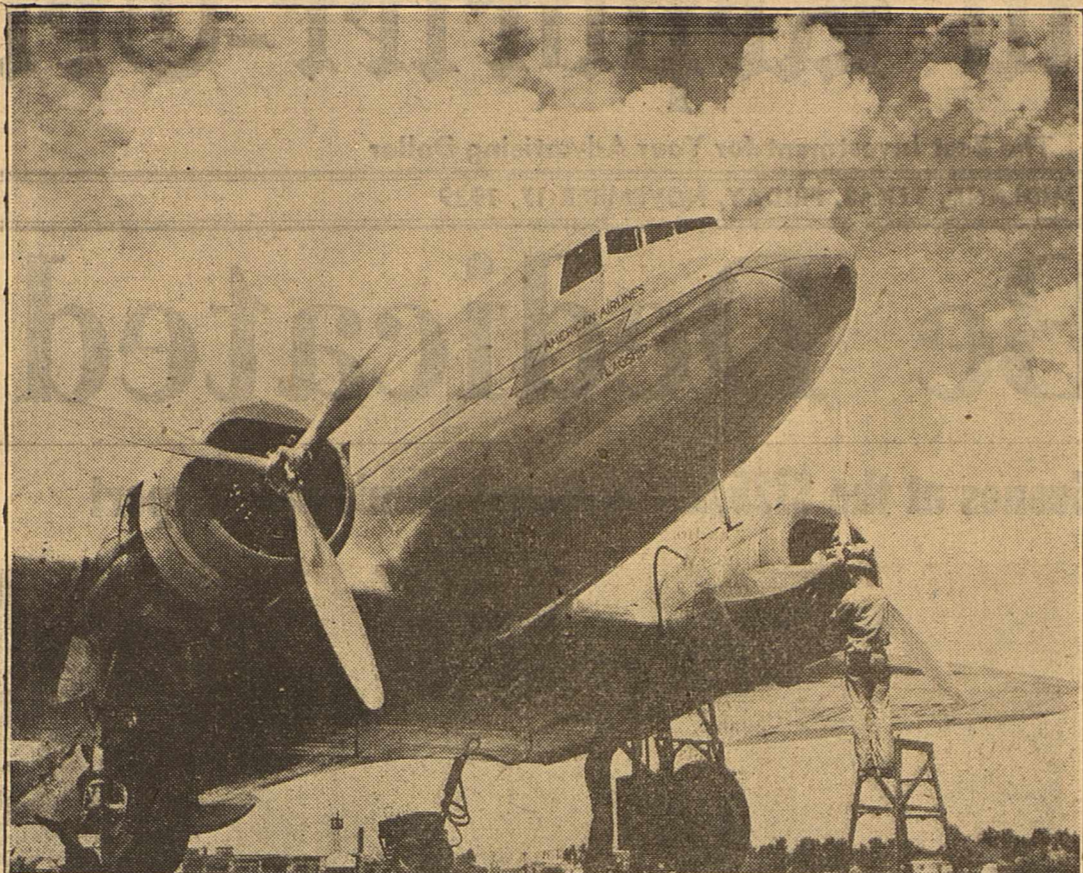

BABSON PARK, Mass., Nov. 17. Business continues to gain momentum. This week it is at a new 1939 high. Furthermore, the peak has not yet been reached. With a record-breaking Christmas trade, December should see the highest level of business activity since the boom days of a decade ago. Hidden in this welter of good news is a real story—the story of how the railroads have again cheated the grave-diggers.

For years, economists have forecast that if the railroads could get back half the traffic they lost between 1929 and 1934, the industry could be rescued. Five years slipped

Flagship Must Be "Right" Before Starting Flight

The maintenance department is one of the most important points of air line operation. It is a very highly specialized field of employ. American Airlines, Inc. has 56 men on the ground for every airplane in the air. All of these men have Federal Government License and each of the 1,700 checks on a "Flagship" is rechecked by a second and third man.

communities, and millions of job-holders. The railroads are among the nation's biggest buyers of goods. Each year they purchase millions of dollars worth of iron and steel, copper and coal, lumber and paint. They give jobs to 1,000,000 people directly and 5,000,000 indirectly.

The carriers are our biggest single taxpayer. Their stocks and bonds are owned by more Main Streets than those of any other industry. More institutions exist on the income from railroad bonds than on any other type of security. The railroad business is entwined and interwoven throughout the entire business fabric of the continent. There can be no real prosperity in America without the railroads sharing!

ADDING BUSINESS BOOM.

They are now participating fully in the present upswing. They have given out thousands of jobs to take care of their increased business. The sensational jump in volume of traffic this fall has taxed their freight car and locomotive facilities. As a result, more orders for equipment have been shoved through in the past two months than in the entire year of 1938. Millions of dollars are being spent on rail replacements, dressing up depots, repairing present rolling stock, and improving road-beds.

The vertical upswing in railroad earnings does not mean, however, that the railroads have suddenly become healthy and robust. The industry has simply been crossed off the danger lists and is now convalescing. There are still many individual roads which are facing major operations. As a whole, however, the industry is temporarily in the black. That means that it is paying its bills and its taxes and is earning the interest on its bonds for the first time in months.

TRAFFIC VS. PRICES

Railroad traffic today is higher than it has been in any fall since 1930—higher even than in 1936-37. Here is a comparison of carloadings for the mid-November week for each year since 1929. To show how sour investors are on the industry, I am giving the average price of 30 leading railroad stocks on the same date for each of these years.

Year	Loadings	Price
1929	405,000	\$31.30
1930	437,000	31.80
1931	490,000	33.40
1932	785,000	60.10
1933	628,000	36.20
1934	585,000	35.30
1935	578,000	39.90
1936	537,000	25.10
1937	690,000	51.50
1938	881,000	99.60
1939	1,050,000	127.50

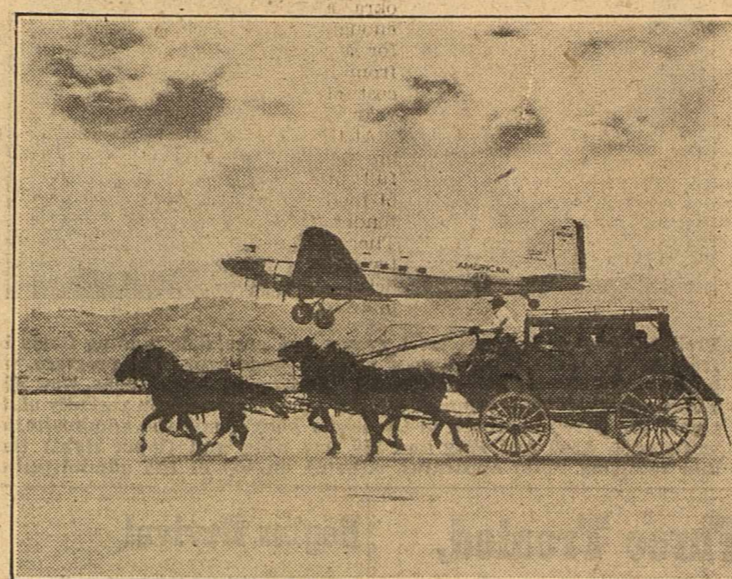

Note that today, based on traffic volume, railroad stocks are cheaper than at any time in the past decade, and that means at any time in history. Carloadings are slightly higher than in 1938 at this time, while rail stocks are 50 per cent lower! The same is true of bonds. Ten \$100 bonds—one each of the ten most important bankrupt railroads—can be bought for a total of \$1000 today. These same ten bonds would have cost \$3500 in 1937. Yet the railroad picture is much brighter today than it was then!

DOUBTS FAIR TREATMENT.

Most investors are convinced that the railroads' basic problems are still with them: competition, labor, taxes, and politics. I am sure that the railroads will never again experience the prosperity they enjoyed in the 1920's. Yet, through efficient management and a fair level of general business, two-thirds of the mileage could earn enough to pay big taxes, good wages, interest on bonds, and small dividends—if government and labor give them half a chance. Developments in connection with the Colony Railroad in Massachusetts makes me doubt this, however.

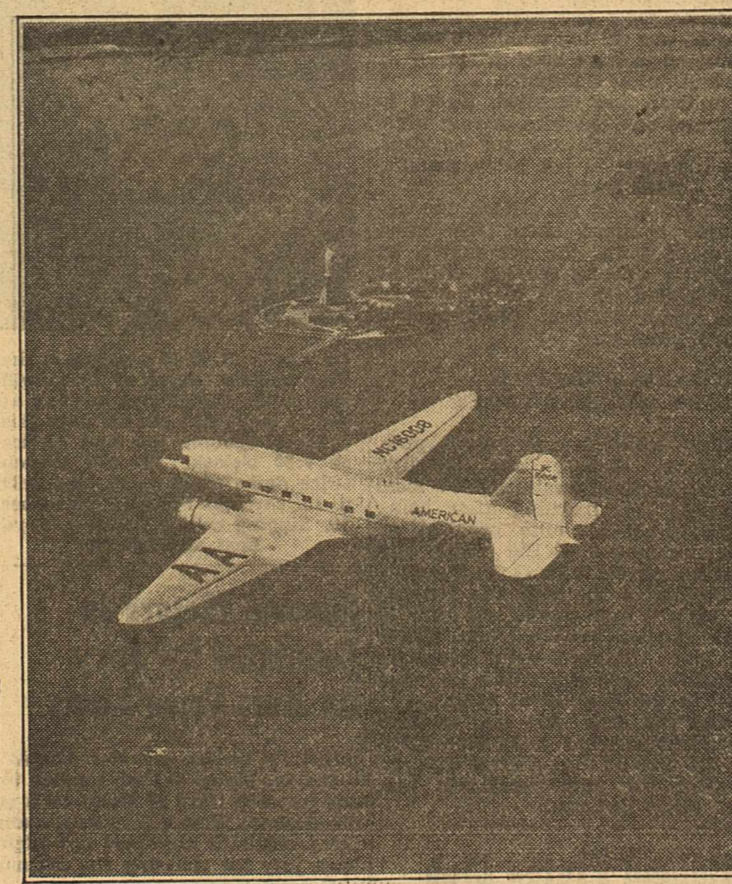

With the type of political leadership we have now, with the public's unfair attitude toward private property, with our short-sighted labor leadership, I would not advise anyone to put railroad securities in the baby's bank. On the other hand, I believe that two-thirds of all railroad securities are today under-

Transcontinental Contrast

AN UNUSUAL CONTRAST... A "Flagship" of American Airlines, Inc. carrying the mail of today from coast to coast, as compared with the stage coach used in the days of our ancestors.

Sights Elusive "Liberty"

On the hunt for LIBERTY—seemingly elusive—and almost lost sight of in the present day stress of world affairs, a giant 21-passenger "Flagship" of American Airlines, Inc., located America's "Liberty" still at the same spot and in the same location as when presented to this country by France in 1886 to commemorate the 100th anniversary of American independence—believe it or not. The highest statue in the world, the Statue of Liberty is 151-feet 1 inch in height, and 40 persons can stand within the head.

valued on the basis of current traffic and earnings. Investors should hold their rail securities for a market rise and then clean out the rotten ones. Meanwhile, manufacturers, jobbers, and salesmen should find railroad purchasing agents in a buying mood. Moreover, some people now out of work should find jobs with the roads themselves as with their suppliers.

"Educurgy" Suggested As Name for Studies

AUSTIN — "Educurgy," a coined word to suggest coordination of education with chemistry—or working chemistry—is today under consideration by the applied science section of the Texas Academy of Science following an academy meeting at the University of Texas last week. The new word was offered to the scientists by Lynn Landrum, Dallas News columnist, as the tag for a state-wide coordinated research program to apply science to the soil, making education, from high school to university, pay for itself through scientific utilization of surplus or waste products. The applied science section, designed "to set all the brains of Texas working as one brain," would act

as an administrative agency.

Mr. Landrum proposed to survey chemical-physical laboratory facilities in Texas schools and colleges, assign research projects, pool reports of scientific findings and make discoveries available for commercial use.

Education would "earn its keep" through patents, licenses, and commercial use of the findings, he said, with returns prorated to the discoverer, the school whose laboratory was used, and a general Texas research education fund.

The research structure would be pyramidized, with elementary investigations carried on in the high schools, farm-chemistry projects assigned to junior and small colleges, and complicated, highly technical research centered in the University of Texas and Texas A. & M. College.

Social groups would be enlisted to make the surveys determining equipment, staff-training and curricula needed, and to devise cooperation with local industrial laboratories. Feasibility of the proposed plan was backed by a "test-tube" project in a sample high school, whose science students, Mr. Landrum said, have discovered a superior method of rehydration of potatoes, and devised a formula for making face powder from the root of the bull-nettle.

TOLERANT BRITAIN LETS HER NO. 1 FASCIST KEEP TALKING

BY MILTON BRONNER
NEA Service Staff Correspondent.

LONDON. — England's Jumping-Johnny, Sir Oswald Mosley, who has changed his politics more often than some men change their shirts, is still being allowed to speak his mind. Mosley, an admirer of Nazism and Fascism, is today the beneficiary of a tolerance that Hitler would not extend to a German nor Mussolini to an Italian.

Though Mosley's country is engaged in a deadly war with Nazi-land, Mosley is permitted his howling derisive act of attacking the government and demanding peace negotiations. He is also permitted to publish his weekly hair-tearing sheet—"Action."

RODE POLITICAL MERRY-GO-ROUND.

FOR one who is comparatively young—only 43—Mosley has boxed the compass in his political beliefs and then bounced back.

Rich and heir to a baronetcy, with an honorable record as a soldier in the last war, like most of his class he entered politics as a right Tory and was duly elected to Parliament.

With an abundant gift of gab and even more self-confidence, he was a young-man-in-a-hurry. He would not stay hitched. He became a sort of independent Tory. Then one fine day he did the flying trapeze act and landed squarely in the Labor party.

The young aristocrat kept a sort of salon for the Socialists. He became the fair-haired boy of Labor Prime Minister Ramsay MacDonald, who made him Chancellor of the Duchy of Lancaster, thereby creating many heartburnings because he jumped his Oswald over the heads of many men who had grown grizzled in the service of their party.

But once more Mosley did not stay hitched. He left the Labor party and started his own party. This died of inanition.

But Mosley was not idle for long. He created his own British Union of Fascists. It was largely imitative. From the Fascists of Italy it took the black shirt. From Hitler it took the salute and the theatrical meeting at which all the limelights are flooded on Mosley when he comes on the stage to speak. From Hitler, too, it took the idea of a corps of half-trained men to act as guards inside the meeting hall. From Hitler it took its anti-Semitism and sent its sophomoric speakers down into London's East End where

trouble was often started.

MOSLEY WANTS TO STOP THE WAR.

THE war has not stopped Mosley. He has now started a stop-the-war campaign. His thesis is that neither the people nor Parliament were really consulted. He wants a plebiscite on the war. His paper screams it in every edition. It proclaims that the great Oswald is the leader who can give the British people peace and security.

One of his staff speakers said in bold tones: "British Union is the voice of the people. Mosley is their leader and has no power on earth can blackout the voice of Mosley and peace."

Maybe so. But at the last meeting he held, Scotland Yard was alleged to have had shorthand writers there taking notes of the speeches made. If some day the Home Office decides that such vapors are not wanted in wartime, there will be a blackout with a Big B.

As a tall-piece to the above here is a quotation from a London daily newspaper: "In Hitler Lane there was a Fascist bookshop devoted to the outpourings of Sir Oswald Mosley. They suddenly folded up the other day and disappeared with all their ranting paraphernalia. This shop is now occupied by a firm that specializes in decontamination suits. We make no comment, but we just thought you would like to know."

The Town Quack

If Jay Francis doesn't get his usual run of touchdowns tonight, the critics naturally will say, he got too much publicity. And they could be right, but the statewide publicity Jay has received during the past few days has been in an effort to get him some mention on the all state team, and his three year record has rated it. He could not have accomplished much without the good work of his team mates, and if he gets some all-state mention, it is a compliment to the whole team. Only eleven men can be picked for an all-state team, and when one man in any squad gets mentioned for it, the rest of the team is automatically recognized. Personally, I don't think it will affect the playing of Jay or his hard hitting team mates tonight, except to make them fight that much harder to live up to a good reputation.

The only objection I have is to the reference of some coach that Jay ought to be staying with Sweetwater, so he could go farther. Even though Sweetwater out-powered us in the last half, I think the Midland Bulldogs compare favorably to the district leaders and I would be willing to bet that Jay would cut the Bulldogs for the Mustangs if he had a chance.

Coach Freels and his squad drew another hunk of glory yesterday afternoon when the Junior high boys beat the Lamesa high school B team 7-6. The visitors outwitted our youngsters considerably.

One of the high points of Midland's development from a town into a city will be culminated Saturday afternoon, 2 to 4 o'clock, when the

Hunters Welcome Here

BILLINGS, Mont. (UP) — R. E. Bateman, district agent for the Biological Survey, has sent out an SOS for more hunters. Predatory animals—some of them big game—are overrunning his district. During the past three months he has killed 487 sheep, 7 calves, 2 cows, and one pig. Coyotes killed 746 sheep, 2 calves, 792 turkeys, 280 chickens, 16 sage hens, 6 pigs, 9 grouse, 13 deer, 19 geese, and one duck. A mountain lion killed a deer.

North Ward PTA Sponsors Silver Tea at Hotel Scharbauer

Mrs. Alma Thomas Speaks on Southern Cruise as Highpoint of the Program

Mrs. Alma Thomas, principal of North Elementary school, was featured speaker at the silver tea sponsored by North Ward PTA at Hotel Scharbauer Thursday afternoon at 3:30 o'clock.

Introduced by Mrs. Bernard K. Buffington, president of the host organization, Mrs. Thomas told of her cruise through the Caribbean Sea and to South America the past summer, as a delegate to the meeting of the World Federation of Educators whose slogan is "Understanding Through Education to World Peace."

The speaker presented many illuminating observations concerning South Americans and their customs and gave vivid descriptions of the beautiful cities of the Southern continent. Among these descriptions was an impressive word picture of the harbor of Rio de Janeiro with its waters reflecting the sunset and later at night with the lights along the shore outlining it in a way that has made the city's "diamond necklace" known throughout the world.

In the Crystal ballroom before the address, Mrs. De Lo Douglas sang "In My Garden" by Firestone, accompanied by Mrs. Holt Jewell at the piano.

Tea was served on the mezzanine after the program. Mrs. R. W. Patterson, past president of North Ward PTA, and Mrs. J. G. McMillian, vice-president, poured for silver services at the attractively appointed tea table which was covered with a white cloth of cutwork and embroidery and centered with a crystal bowl of pink roses, orchid petals, and ferns. On each side of the centerpiece, tall pink candles glowed in three-branched crystal candelabra from which two cornucopia vases were suspended holding pink roses, orchid petals, and ferns.

On the two large serving tables, silver candelabra held pink candles and silver bowls were filled with dabboneet chrysanthemums.

About 75 people were present at the tea, proceeds of which will go toward funds for purchasing a curtain for the North Ward school stage.

Mrs. Geo. Abell was chairman of the committee on table arrangements for the tea, with Mrs. Herbert Hemphill, Mrs. W. H. Gilmore, and Mrs. William Studdert as committee members.

Mrs. J. J. Black, chairman of the ways and means committee, assisted by Mrs. C. R. Young and Mrs. M. M. Fulton, was in charge of food arrangements.

Mrs. S. P. Hazlip and Mrs. Overton Black were the hospitality committee.

Clyde Cowdens Hosts To Dinner-Bridge For Pioneer Club

Choosing a dinner-bridge for the courtesy, Mr. and Mrs. Clyde Cowden were hosts to the Pioneer club at their home, 111 North D street, Thursday evening.

A Thanksgiving dinner menu was served in buffet style.

Autumn colors were emphasized in party appointments.

Among club members high score for men went to Joe Youngblood and high for women to Mrs. Youngblood. Cut prize went to Mrs. O. B. Holt and high score for guest to Mrs. Henry Wolcott.

Club guests were: Mrs. Henry Wolcott, Mrs. Guy Cowden, and Mrs. Geo. Glass.

Members present were: Mmes. and Messrs. Frank Cowden, C. C. Duffey, C. M. Goldsmith, Clarence Scharbauer, M. C. Ulmer, Joe Youngblood, Dr. and Mrs. John B. Thomas, Mrs. Elliott Cowden, Mrs. O. B. Holt, and the host and hostess.

Neighbors' Club Makes Plans for Christmas Party

Plans were made for a Christmas party at the meeting of the Neighbors' club with Mrs. George Hardin, 800 S. Connell street, Thursday afternoon.

The group engaged in fancy work as the chief occupation for the afternoon.

Tea was served to Mrs. Fred Klatt, Mrs. Bill Carson, Mrs. A. M. Teague, and the hostess.

The club will meet next week with Mrs. Klatt.

Four Hostesses Entertain With Bridge Party and Surprise Shower

With autumn colors dominating in appointments, four were hostesses at the home of Mrs. J. L. Greene, 706 W. Louisiana, Thursday afternoon for six tables of bridge and a surprise shower honoring Mrs. Bill Collins. Hostesses were Mmes. Greene, Butler Hurley, Jack Hawkins, and A. M. East.

Party rooms were decorated with chrysanthemums and roses. Tallies were in autumn motif and prize wrappings were in gold with a design of autumn leaves.

First prize in the games went to Mrs. Ed Reichard and second prize to Mrs. O. L. Wood. Mrs. Collins also received a prize, after which she was presented with the shower gifts.

A salad course was served at the conclusion of play.

Guests were: The honoree, Mmes. W. J. Coleman, R. C. Crabb, J. W. Skinner, Richard Peters, A. M. McClure, E. C. Hitchcock, D. H. Griffith, S. S. Stinson, O. L. Wood, Harry Adams, C. L. Bradshaw, Ed Reichard, W. P. Thurmon, W. B. Stowe, R. M. Andrews, S. M. Laughlin, C. Otter Hiett, W. L. Haseltine, Bob Clarke, John Lee McCrary.

CHRISTIAN SCIENCE SERVICES

"Soul and Body" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday November 19.

The Golden Text is: "What? know ye not that your body is the temple of the Holy Ghost which is in you, which ye have of God, and ye are not your own?" (I Corinthians 6:19).

Among the citations which comprise the Lesson-Sermon is the following from the Bible:

"In this was manifested the love of God toward us, because that God sent his only begotten Son into the world, that we might live through him" (I John 4:9).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"There is neither growth, maturity, nor decay in Soul. These changes are the mutations of material sense, the varying clouds of mortal belief, which hide the truth of being" (page 310).

SOUTH SIDE CHURCH OF CHRIST

Corner of South Colorado and California streets.
Lord's Day services at 10:30 a. m. and 8:15 p. m.

SEVENTH-DAY ADVENTIST CHURCH

West Pennsylvania and Loraine
Lee Carter, Pastor
Saturday Services—
9:45 a. m.—Church school.
10:00 a. m.—Sunday school.
11:30 a. m.—Church service. Sermon by the pastor.
7:30 p. m.—Tuesday. Young People's meeting.
7:30 p. m.—Friday. Prayer meeting.

NAOMI CLASS.

The Naomi (inter-denominational) class for women will meet at 9:45 o'clock in the private dining room of the Hotel Scharbauer.

HOLINESS TABERNACLE (Pentecostal)

O. W. Roberts, Pastor.
10:00 a. m.—Sunday school.
11:00 a. m.—Preaching service.

MEN'S CLASS.

The Men's class meets every Sunday morning at 9:45 o'clock in the Crystal ballroom of the Hotel Scharbauer. It is a non-denominational class and every man who does not attend services elsewhere is cordially invited to attend.

The Men's class meets every Sunday morning at 9:45 o'clock in the Crystal ballroom of the Hotel Scharbauer.

It is a non-denominational class and every man who does not attend services elsewhere is cordially invited to attend.

Prison Shows Partiality.

DALTON, Mass. (U.P.)—Another example of the vagaries of New England weather comes from Dalton. Though every other city and town in the state showed a rainfall deficiency of up to 8.96 inches for a five month period, Dalton reported an excess of 1.53 inches.

Teacher Got \$17.50 a Year.

CHICOPEE, Mass. (U.P.)—School teaching wasn't a profitable profession in Chicopee in 1713—it paid 34 cents a week. The WPA Historical Records Survey has discovered that a "Miss Cooley" was paid a total of \$17.50 for a whole year's teaching.

Prison Shelters Game.

IONIA, Mich. (U.P.)—The hunting season opened in the farming area adjacent to the Ionia reformatory, so two hen pheasants hustled over the prison wall and took refuge in a coal shed. Prisoners obtained permission to keep the birds as pets until the season is over.

Albert Einstein conceived the idea of his relativity theory while still in his teens.

Mrs. Richard E. Gile Honors Mother With Morning Coffee

Autumn Theme Marks Affair on Thursday For Midland Visitor

In courtesy to her mother, Mrs. G. L. Kerr, Mrs. Richard E. Gile was hostess to a coffee at her home, 513 W. Storey, Thursday morning from 9 o'clock until noon.

Following out the autumn note in party decor, chrysanthemums were employed as house flowers and autumn leaves and yellow tapers were used on the lace-laid coffee table.

Assisting the hostess in serving the guests were Mrs. Chas. L. Klapproth, Mrs. Tom Parker, Mrs. George Lee, Mrs. William C. Fritz, Mrs. Robert Turpin, and Mrs. D. R. Carter.

Invitations were issued to about one hundred women.

Senior League Sponsors Benefit 42 Party at the Annex Thursday Evening

The Senior League of the Methodist church hosted a benefit 42 party at the church annex on N. Main street Thursday evening. Proceeds will go to the purchase of Bibles for the Methodist Home at Waco. The games were progressive.

Red and yellow chrysanthemums were favors and decorations. Refreshments were served.

Attending were: Misses Maggie McCormick, Ruth Tidmore, Nellie Mae Terry, Beatrice Cooke, Opal Strabery, Mary Ruth Roy, Inez Pittman, Louise Terry, Lois Pickle, Frances Guffy.

Mmes. Alvon Patterson, E. B. Patterson, Newmah, Marvin Douglas, A. J. Andrews, Teagles, Smith, Mmes. and Messrs. G. D. Taylor, H. McReynolds, N. G. Oates, John W. Rhoden Jr., Luther Tidwell, Lige Midkiff, E. V. Guffey, L. T. Fowler, Ernest Nance.

And Bob Roderick, Sam Bell, James Newman, Dale McReynolds, Charles Patterson.

"Two-in-One" Beauty Routines Bring Double-Barreled Benefits to Follower

BY ALICIA HART
NEA Service Staff Writer

THE woman who has little time for beauty routines but a great determination to remain youthfully attractive through the years has learned to make time for many a simple beauty routine allow for the work of two. She always has a man-down while her finger-wave is drying, of course, but in addition, she manages to make the most of several other beauty rituals. She gets double benefits from these "two-in-one" routines.

Her daily bath, for instance, she has discovered that it's a good idea to do hand and foot exercises while sitting in the tub or posture exercises while taking a shower.

She bends and stretches while she dries herself vigorously with a coarse towel. And again when she applies a friction lotion for a post-bath rubdown. She bends from the waistline and dries the back of her legs with long sweeping strokes.

She reaches way back to her shoulder blades and rubs afterward lotion into them. She figures that the farther she reaches, the fewer arm and neck exercises she'll have to do that day.

She tries to keep her knees stiff while bending forward to dry feet and ankles. She stands erect with head high and stomach in while she saves the towel across her back. She lets her head sink forward, perfectly relaxed, while drying the back of her neck.

She does more limbering and stretching exercises while she brushes her hair. Sometimes she sits with head hanging forward. Sometimes she stands with body quite limp, letting head hang as far forward as possible, twisting and turning at waistline while brushing.

In other words, she gets most of her daily exercise while doing other beauty routines. Furthermore, she learned long ago that typing is less tiring if one sits back in the chair with base of spine—not shoulder—touching. And that even housework is equally less tiring if one maintains good posture hour in and hour out.

EXERCISE UNDER THE SHOWER

INSTEAD of standing under the shower with shoulders hunched forward and stomach protruding, she stands erect with backbone in as straight a line as possible, chest high and stomach in.

Instead of crouching and making the water, so to speak, come down to her, she stretches up to meet it. And so pulls her torso up and away from hipbone sockets, giving waistline muscles a much-needed stretch.

Members of Little Theatre Are Called To Meet Tonight

A meeting of the executive committee and members of the Midland Little Theatre will be called this evening at 7:30 o'clock at the home of Mrs. N. A. Lancaster, president of the local theatre group.

A general discussion of the many phases of Little Theatre work is scheduled with emphasis on increasing patron membership ticket sales, securing new members, and the production of the organization's first play, "Stage Door," which is to be given in the Yucca Theatre on the night of December 13th.

Although all members of the executive committee are strongly urged to be present, other members of the audience are interested in any phase of Little Theatre work are requested to be present.

Little Theatre work, it is pointed out, involves such a multitude of phases that it is difficult to list them all. It should appeal to a very large group of Midland people. There are stage settings to be designed, lighting effects to be figured out, costumes to be designed, posters to be designed, tickets to be made, and many other things besides acting which should interest those who do not care to appear on the stage.

The people of Midland it is emphasized have the Little Theatre a marvelous opportunity to spend their spare time in the pursuit of a wholesome enterprise in which they can express themselves best in doing one of the many activities included in the work of the play group.

Those who are interested in the Little Theatre but are not sure whether there is a place for their particular talent are especially invited to the meeting tonight when the various activities will be discussed.

FOR ARLINGTON.
Mr. and Mrs. Ross Carr will leave this afternoon for Arlington where they will meet Mrs. Carr's parents, Mr. and Mrs. J. C. Kuper, of Caney, Kans. They will return here for a visit.

VISITS DAUGHTER.

Mr. D. L. Burrier of Abilene arrived in Midland Thursday night to visit his daughter, Mrs. J. Homer Epley. Mrs. Epley is convalescing from a recent operation.

Plan for Lodging Works

Thanksgiving Theme Employed at Party For Bien Amigos

Party rooms were made festive with amber, yellow, and cream-topped chrysanthemums when Mrs. W. B. Harrier was hostess to the Bien Amigos club with a dessert-bridge at her home, 1306 W. Texas, Thursday afternoon at 1:30 o'clock.

Table decorations at the dessert hour and tallies for the bridge games following were in Thanksgiving theme.

High score for guests in the afternoon's play went to Mrs. Joe D. Chambers and high score for members to Mrs. Francis Weaver. Second high for club went to Mrs. Elliott Miller.

Club guests were: Mmes. A. P. Loskamp, H. K. Loskamp, Chambers, Ralph Harp.

Members attending were: Mmes. L. A. Absher, John House, C. R. Inman, Chas. Mix, Pat Ruckman, Weaver, Miller, and the hostess.

Octet Club Meets at Home Of Mrs. Payne

Mrs. R. Z. Dallas was the only guest at the bridge-luncheon with which Mrs. L. L. Payne feted the Octet club at her home, 804 West Louisiana, Thursday afternoon at one o'clock.

Luncheon was served at small tables.

Clusters of chrysanthemums were used at vantage points in the party rooms.

Two tables of bridge were played during the afternoon with Mrs. Dallas winning high score and Mrs. George Bennett holding cut.

Mrs. Payne, who is to move to Houston soon, was presented with a gift of silver as a farewell courtesy from the club.

Members present were: Mmes. W. L. Crothers, Bennett, H. D. Dickson, Roy Downey, S. M. Ervine, M. L. Weatherall, and the hostess.

Frugal Students Build, Equip Own River Home

NEW ORLEANS (U.P.)—A tiny two-room shack, built on stilts under the Mississippi river levee, is home for two dental students at Loyola University of the South.

Kyle and Dick Albritton, of Birmingham, Ala., built the shack two years ago. They have a front room, complete with chairs, desks and a radio. It also serves as a bedroom.

A kitchen is directly in the rear, and on the side they have built their power plant—two automobile batteries and a gasoline motor. Their front porch is a board walk over the water to the base of the levee.

The brothers built the shack so they could live more economically.

Big Spring Man Dies Of Wreck Injuries

BIG SPRING, Nov. 17 (AP)—T. E. (Toke) Paylor, chief night dispatcher for the Texas & Pacific railroad, died yesterday evening of injuries received when his automobile left the highway near here early Thursday.

Paylor, an employe of the railroad here since November 1908, succumbed at 5:35 without regaining consciousness.

He was found beside wreckage of his car four miles east of Big Spring at 3 a. m. by a tourist. His pulse was faint, and Paylor apparently had lain there several hours. Highway patrolmen said he appeared to have lost control of the machine on a curve.

Paylor is survived by his wife; a son, George Paylor of Abilene; another son, T. E. Paylor Jr.; and a daughter, Frances Paylor. Mrs. R. A. Dorton of Abilene is a sister-in-law.

BULLDOGS OFF FOR SAN ANGELO AND GAME WITH THE BOBCATS

Midland Team Badly Crippled Up for Battle

The Midland high school Bulldogs leave this afternoon for an effort at doing something never accomplished by a Midland team — defeat San Angelo.

The Bulldogs have played the Bobcats only two times, back in 1931-32, and came out on the short end both times.

The Midland boys are far from top physical condition as they go into the game tonight, thanks to a bunch of injuries received last week in a rough and tumble affair against Lamesa.

The coaches are proud of one thing, Jay Francis, Temple Harris, and Paul Klatt are not injured.

According to the weights listed by the opposing coaches, the Bulldogs will carry about a five-pound man advantage.

The Bulldogs boast the strongest offensive club in the league, having scored more points than any other team, but the San Angelo team ranks second to Sweetwater as a defensive

club. The Bobcats have lost only two games this season, each coming by one touchdown.

Probable starting lineups: Midland Pos. San Angelo Bratton L.E. Cason Hill Foster L.T. Wright Edson L.G. Cunningham Wallace C. Pike Klatt R.G. Barbee Cooke R.T. Drake Williams RE Stewart White LH Ewald Truelove RH Bowman Harris FB Chase Francis QB Chase

Season Records: Midland 6, Monahans 0. Midland 19, Thomas Jefferson 0. Midland 26, Pecos 0. Midland 27, Wink 12.

San Angelo 21, Brownwood 0. San Angelo 19, Cisco 13. San Angelo 20, Ft. Worth 6.

Odessa to Try for First Win Over Wink Wildcats Saturday

ODESSA, Nov. 17. — Odessa and Wink meet here Saturday afternoon at 2:30 on Pky Field for one of the outstanding high school games of the season for West Texas.

Classifications mean nothing, however, when the Broncos and Wildcats tangle in football.

Joe Coleman's Red Hoses have won six and lost two games so far, having wins over the strong San Angelo team, over Poly Parrots, and Roswell, N. M. Wink has been red once and defeated once.

Odessa's chances of stopping the victory streak of the Wildcats rests upon her powerful center section of the line, centering around the brilliant play of Easy Wilkins, guard.

Bible Shifts Lineup In Order to Keep His Ace Kicker in Game

AUSTIN—You may talk of the Southwest's dazzling passing game, and the trend back to ground play like Texas A&M, SMU and Baylor, but take it from Dana X. Bible—the foot is still in football.

Notable among last week's selections besides the startling affair at Iowa City, were the predictions that Missouri would defeat New York U., Illinois over Wisconsin and of all things Minnesota to repulse Michigan.

Aggie, Rice Frosh Teams Meet Tonight On Grid at Houston

COLLEGE STATION (A&M)—The Texas Aggie freshmen will play the Texas Aggie sophomores tonight when they face off against Bill Wallace's Rice Slimes in Houston with the result a loss for both teams, according to the coaches.

Bears Expected to Win Easily Over the Centenary Gentlemen

WACO.—The Baylor Bears, moving along steadily after a shaky early season start, travel to Shreveport Saturday where they go against Centenary in a non-conference grid battle.

The Broncos will be playing without the services of two regulars, Al Claude, stellar fullback, and Claude Anderson, left end. Both were injured in the Sweetwater game last week and will not be in uniform.

Replacing Claude will be Howard Wyson or Lewis Bewley, while Don Henderson or Bill Barnett will fill in at left end for Anderson.

The largest crowd of the season is expected to fill all seats in Pky Field before the whistle at 2:30 Saturday afternoon.

Minnesota 13, Iowa 10. Dartmouth 7, Cornell 6. Duke 14, No. Carolina 7.

BOBBY RIGGS

JUNIOR HIGH SCHOOL NEWS

Written by students of John M. Cowden Junior High School, under direction of Miss Louise Latham

COMING ATTRACTIONS

There's a big treat in store for all the "kids" of Midland...

The Child's Study Club is sponsoring the appearance of the Clara Tree Major Children Theaters...

The first is "Rip Van Winkle" which will be given in the High School Auditorium Monday, Dec. 4...

The Club is not sponsoring these plays with the idea of making money; the purpose is to give the children of Midland an opportunity to see and hear some good plays...

You are really saving a lot by buying tickets for the three performances. For they cost one dollar for children and a dollar and a half for adults...

The pupils of Jr. High School are even making posters in art class to help this "Little Theater"...

We hope that every student in Jr. H. will get to see all three plays. It might well be worth the while to do without some candy, gum, and ice cream...

Like every day occurrence to have an opportunity to see good shows like these are going to be.

A few weeks ago Miss Wilson and Mrs. Potter came to Jr. H. to check up on vaccinations...

Many of us actually hope to win a free ticket to the play. Miss Farnham is collecting Funny Books for a Funny Book Library...

In geography we are reading books and making reports. Some of them are pretty good too. We have also been writing to different cities in Texas for information...

Friday afternoon, November 10th, we had some of our mothers as visitors. They were Mrs. Anderson, Mrs. Hannaford, and Mrs. Sneed...

Wanda Wilson has been out two days this week on account of illness. Two of our husky boys, Robert Lloyd and Jerry Hudson, were also listed among the castor-oliers...

All of us have gone Rip Van Winkle minded. We're making posters in art classes too. If anyone has a good picture of Rip, 6A would appreciate the loan of it...

Wanda Wilson has been out two days this week on account of illness. Two of our husky boys, Robert Lloyd and Jerry Hudson, were also listed among the castor-oliers...

All of us have gone Rip Van Winkle minded. We're making posters in art classes too. If anyone has a good picture of Rip, 6A would appreciate the loan of it...

to even approach this fine record set by you. I am sure that it would have been a scream for you to have carried 6B in as your guest on this occasion and I would have enjoyed such a scene very much.

I might say that you sold more than all the balance of the building and almost as much as the senior high school.

You are a bunch of students and are outstanding in many respects. I trust that you can continue the leadership you have been showing and be outstanding in scholarship and behavior in your room and on the grounds...

I am expecting great things of many of you in years to come and I know that none of you will disappoint me or the other teachers of this building in matters of this kind. You have my very best wishes at all times.

Very truly yours, A. L. Gilbreth, Principal Junior High School.

Maybe we should be ashamed of ourselves for thinking such thoughts, but we are sure the greater part of the world agrees that it's too bad that Hitler's speech didn't last a little longer, or it would have been just as well if someone had run up the clock a little.

Sounds like Walter Winchell might be right when he said the war was more likely to last one hundred and six weeks. Any time Holland can't stay neutral, there's something in the air.

Guess General Franco did owe Hitler some word of congratulation. But few can believe anyone could be very sincere in saying he was glad he escaped.

Maybe our advice or suggestions have not been in vain. Seems to me I have noticed some changes toward the improvement of appearances and manners.

We might remind our young lady friends to study color combinations. We still see red ribbons where there should be blue ones.

Speaking of neatness, why can't pupils take as much pride in their work as in their personal appearance? No wonder we have so many teachers wearing glasses. If only you could see some of the papers handed in! And Johnny wonders why he is two laps behind the distinction list.

The greatest favor that a man can do for another is to turn a deaf ear to unkind remarks about a fellow creature, think good thoughts for, and about him, and see the nothingness of a small mistake which he makes now and then.

If you like a friend especially because he's a good sport and has a keen sense of humor don't wear out the one and dull the other by constantly sharpening your own wits at his expense.

If some people stopped in the midst of a gloating moment's opinion of their fellowmen to realize that others have the same capacity for thoughts and opinions there would be less criticism of one another.

The students of 7C must have a "stage fright" complex. For when it comes time for our reports in geography we get the jitters.

Miss Lowry has the cutest pair of brand new shoes. (She whispered that they are "Co-eds". Now wouldn't she feel funny if sometime she are in Texas for information, and then, making reports on certain ones.

Friday afternoon, November 10th, we had some of our mothers as visitors. They were Mrs. Anderson, Mrs. Hannaford, and Mrs. Sneed...

Wanda Wilson has been out two days this week on account of illness. Two of our husky boys, Robert Lloyd and Jerry Hudson, were also listed among the castor-oliers...

are sincere in saying he is a good fellow. Pat is admired by all his schoolmates because he is a swell playmate, and always on the square. We surely are glad that cracked head has healed up, and that he is back in school.

Have you seen that happy little girl dressed up like a Scotch lassie, even to the plaid tam-o-shanter, running around Jr. H? She is Billie Jean Galloway, whom we want to proclaim our goodfellow this week.

Billy is a popular student in every school activity. She is one of the librarians from our room. In fact she holds down almost all of the official jobs in our room. In P. E. she usually acts as "Head Ump" in the baseball games. And in the monitor system she always has her turn to serve.

Very truly yours, A. L. Gilbreth, Principal Junior High School.

Many of the fellows in 5A are making model airplanes. We are sure to have some good ones because the Cub Scouts are sponsoring a contest. A prize will be given to the boy who builds the best plane. Last month Bert Rice won a Rubber Porkey Pig. Even if it wasn't one of the big prizes, it was better than nothing at all.

Van Cummings making miniature models. That's really getting them small. The parts are not much larger than a period. His mother says she can't go into his room and take a deep breath for fear that a propeller, a landing gear, or a wing will fly off somewhere.

The boys and girls in 5A are all writing letters to Mildred Brinson, who is in the Sanatorium at Carlsbad. Rumor has it that Bob Blair has already got a letter from her.

Well, folks this is inside news, but I think Frederic Pickett's team will play Charles Verrier's team Saturday. Frederic's team is certainly on crutches. Pat Corrigan, the prize backfield man, has just got back to school after a siege in the hospital with a fractured skull. Bobby Norris, the center, has had an appendix operation and can't play for a year. But maybe luck will shine Freddy's way.

Everyone in 5C envied Bennie Bird for the big balloon he brought to school the other day. He got it out at the airport. Bennie says these balloons are used to test the flying weather. When it is blown up, it is almost big enough to float him off. Bennie is such a "pee wee" you know.

We are writing poems in English class. You can judge her salesmanship for yourself when you see our 100 per cent flag in the door.

Mrs. Rabun visited Monday.

Mrs. Thomas made a business call to Jr. H. Wednesday.

Mr. DeFord of Love and Campbell Sportings Good in Dallas called on Coach Freels this week.

Last Thursday the Pups sojourner over to James, and came out on the short end of a score of 13 to 0. Of course we don't like to make excuses for any lickin' that we have to take. But we played their B String. Lotsa folks think we did right well to hold the score to what we did. Our coaches say we could have whipped them if we had played some heads-up football; and I guess we could.

Our big brothers surely made a thriller out of their game with the Tornades Friday night. We really felt a little ashamed of ourselves that we let the little Whirlwinds uproot our tent. So long. We may have a better story to tell you next week.

We opened our meeting last week with Doris Micky, Jimmy Kendrick, Orilla May Osburn, Camilla Crawford, and Ann Ulmer leading us in our songs. They also showed us how to play "Pass the Shoe." Then the roll was called.

Alberta Smith and Allyne Kelly

PERSONALS

A Dallas News representative called at the office Wednesday. Mr. Gilbreth made some minor criticism about the paper, and the fellow rushed right into Dallas to correct what Mr. Gilbreth were not a good sport and didn't possess a keen sense of humor, we wouldn't tell this on him.

Tom Woods, ex-student of Midland schools, visited assembly Wednesday.

Mrs. Osburn solicited Red Cross memberships in our building this week. You can judge her salesmanship for yourself when you see our 100 per cent flag in the door.

Mrs. Rabun visited Monday.

Mrs. Thomas made a business call to Jr. H. Wednesday.

Oil News

Continued From Page One.

ty is bailing rotary mud at 600 feet. It is bottomed at 2,988 feet in lime and obtained only fragmentary recovery of oil-saturated cores from 2,958-88.

Gulf Oil Corporation No. 5 Wriston Brothers Ordovician test in southeastern Ward, is drilling at 2,462 feet with rotary. Total depth is 2,885 feet in Permian lime, and crooked hole was plugged back to 2,113 preparatory to replacing cables with rotary and drilling out.

In the South Ward field, Superior Oil Corporation, Tulsa, No. 12 Smith flowed 23.16 barrels of 34.1-gravity oil on 24-hour test, with gas-oil ratio of 1.901-1, after a 130-quart shot. It topped pay at 2,326 and is bottomed at 2,424 feet.

Bishop Seaman to Hold Service Here

Bishop E. Cecil Seaman of Amarillo will conduct services at the Trinity Episcopal church here Sunday evening at 7:30 o'clock, officials have announced.

Confirmation services and evening prayer will be held.

There will be no 11 o'clock services Sunday morning though Sunday school will be held at 9:45 o'clock.

CONDITION UNIMPROVED.

The condition of Miss Dorothy Dublin of Big Spring, ill for several months at an El Paso hospital, was improved but slightly this week, according to her uncle John Dublin. After making a strong fight to overcome an attack of infantile paralysis, she suffered complications which rendered her condition worse. Mr. and Mrs. John Dublin went to El Paso Sunday, Mrs. Dublin remaining at her niece's bedside.

2 General Electric Leaders to Retire

NEW YORK, Nov. 17. (AP). — The General Electric company announced retirement of Owen Young and Gerald Swope from active management of the company today.

C. E. Wilson will become president and Philip Reed chairman of the board, effective January 1. Both Young and Swope were past the company's retirement age.

Bureau Says Demand For Oil to Be Less

AUSTIN, Nov. 17. (AP). — The demand for Texas oil in December as estimated by the federal bureau of mines will be slightly less than in November, the bureau advised the railroad commission today.

The December demand is estimated at 1,438,100 barrels daily compared with 1,444,000 for November.

M.T. GETS FENCING COACH. BOSTON. — Joe Lewis, five-time national senior fells champion, has turned professional to coach fencing at Massachusetts Institute of Technology. He was a member of three Olympic teams and captain of the M.I.T. squad in 1936.

Paris in her eyes! Rio on her lips! Doom in her arms!

PARIS TAGGED HER "BRAZEN" RIO BRANDED HER "SHAMELESS"

WELL, folks this is inside news, but I think Frederic Pickett's team will play Charles Verrier's team Saturday. Frederic's team is certainly on crutches. Pat Corrigan, the prize backfield man, has just got back to school after a siege in the hospital with a fractured skull. Bobby Norris, the center, has had an appendix operation and can't play for a year. But maybe luck will shine Freddy's way.

Everyone in 5C envied Bennie Bird for the big balloon he brought to school the other day. He got it out at the airport. Bennie says these balloons are used to test the flying weather. When it is blown up, it is almost big enough to float him off. Bennie is such a "pee wee" you know.

Service Plus

We offer you the most complete eye service in West Texas — thorough, scientific examination and no week's delay before your glasses are delivered. Lenses replaced immediately.
