THAT WORKS FOR
A BIGGER, BETTER
BOVINA

WEDNESDAY, MAY 27, 1964

BOVINA, TEXAS

VOL. VIII, NO. 48

WHITTLIN'

BY DOLPH MOTEN

Just over a year ago, the Big Hall struck north of town. That one was, no doubt, the worst ever.

Now, a year later, the weather is still much in the news. The lack of moisture in the area is the basis for most all conversations. It would be nice if that hail of a year ago could be melted and sprinkled gently on the thirsty fields.

The present drought has put a watering strain on farms where the irrigation water is considered ample during a normal year. This year's drought, though, has caused irrigators and their wells, to have to go at full speed and then some, if possible.

A greater appreciation for irrigation may be bought about when you consider the condition this country would be in, especially this year, without that wonderful underground water supply.

Mention of water reminds of a swimming trip which was made here Saturday afternoon by a few men who were old enough to know better. A tank filled with irrigation tailwater nearby served as the "old swimming hole."

One of the men involved in the escapade has advised us that it would "probably be better" if no names were used in regard to the participants.

"I guess it would be all right to put it in the paper if you didn't say who," one of the swimmers said. Such action isn't overly dignified, he implied.

According to reports, the water was tremendously cold in spite of the fact that this is late May and temperature was above normal.

Even with all our water here, swimming facilities are terribly inadequate.

We wish Bovina had a public swimming pool.

From a Texas Highway Department news release, we learn that approximately 17,000 automobiles are stolen in Texas each year. Of this total, nine per cent are never found. "They seem to vanish, like the vapor trail of a high-flying jet," the release points out.

The stolen vehicles are searched for constantly, in neighboring states, in Mexico and in wrecking yards. But even with all the searching, nine per cent are just gone, as if they had never existed.

Baseball gets underway here next week in a concentrated way. The two-months-long season starts Monday night and continues through June and July. Games, usually double and tripleheaders will be played on Monday, Tuesday, Thursday and Friday nights.

That makes for a pretty steady diet of baseball.

On the other hand, it appears from here that there are a lot of boys in the community who could and should be participating in the program who aren't.

We aren't sure why this is the case. Boys who fit in the age brackets for which the program is designed -- and that's for those seven to 15 or so -- should join in. The program can help the boys and at the same time they can help it.

This is another of those deals where the more you put in it, the more you get out of it. And the same thing applies to adults, too. There are still a variety of unfilled positions for grown-ups in the program. Sometimes, you know, they have about as much fun out of it as do the youngsters.

Anyway you look at it, it appears that we're going to have another wonderful summer of baseball.

Ferguson Boy Injured Friday

John David Ferguson, 12-year-old son of Rev. and Mrs. John Ferguson, was seriously injured Friday evening while playing baseball.

He was playing with a group of neighborhood youngsters in a vacant lot near his home. He was hit in the head by a (Continued on Page 2)

THIS WEEK--

Exercises Awards Climax School Year

The 1963-'64 school year was climaxed here this week for Bovina students.

Programs included senior

high baccalaureate Sunday night, Eighth Grade graduation Monday night, a special awards assembly for all students Tuesday morning and senior high commencement Tuesday night. Classes will be dismissed for the year this (Wednesday) afternoon at 2:45.

Members of the senior class and their sponsors left on the

annual senior trip to a guest ranch near Austin early this morning.

The senior class had 20 members while 45 were graduated from the eighth grade.

Senior graduates include Eddie Burl Crump, Melton Gerald Crisp, Jackie Weldon Dane, Carolyn Kay Embree, Mary

Elaine Fuller, Paula Kay Howard, Jeanne Jerene Ivy, Heidi Jonasdottir, Kathy Wynell (Jones) Boozer, Richard Stanley Kaminske, Tally Don Kelso, Phillip Harold Lloyd, Gerald Wayne Lorenz, Mare Gayle (McCauley) Vaughn, Barry Virgil McCutchan, Mary Ann McKinney, Zaida Joyce (Continued on Page 2)

BIDS OPENED--

Consider School Contract

Low bid on Bovina Schools' expansion and improvement program is approximately \$16,000 higher than the architect's estimate.

Bids were opened yesterday (Tuesday) afternoon by the school board.

Low bidder was Dean Slavens of Midland. His figure was \$188,440. Estimated cost for the project had been slightly more than \$172,000.

Seven bids were submitted. They ranged up to \$203,400, according to Johnnie Horn, school board president.

A \$200,000 bond issue was voted in March of this year for the expansion and improvement program. The project includes construction of seven classrooms, a grade school library, a grade school activity room and improvements to the present gym and sewer system.

Because the low bid was higher than estimated, it will possibly be necessary to alter the original plans, Horn says.

The board is expected to meet with the architect and the contractor Tuesday afternoon to discuss the project to greater length and to decide on a starting date.

AT ANNUAL MEETING--

Wheat Growers Crowd Record

A record-making crowd of 247 attended annual meeting of Bovina Wheat Growers Thursday night in school cafeteria.

Jack Thompkins, farm and ranch news director of KFDA-TV in Amarillo was guest speaker.

Thompkins said the ability of American farmers to produce is this country's greatest asset.

Elected to three-year terms on the board of directors were Webb Gober and Harold Hawkins. They replace Durward Bell and Walter Kriegel.

Bell has served on the board for the past 12 years. Kriegel was a member for three years. Others nominated for the board were Kriegel and Tom Ware.

Entertainment for the program consisted of a Grand Ole Opry-type program featuring the talent of Betty Hawkins, Al Shamblyn, Ray McCarty, Jackie McCarty, Larry Webb, Kenneth Webb, Debra Hawkins, Billy Minter, and Connie Vaughn.

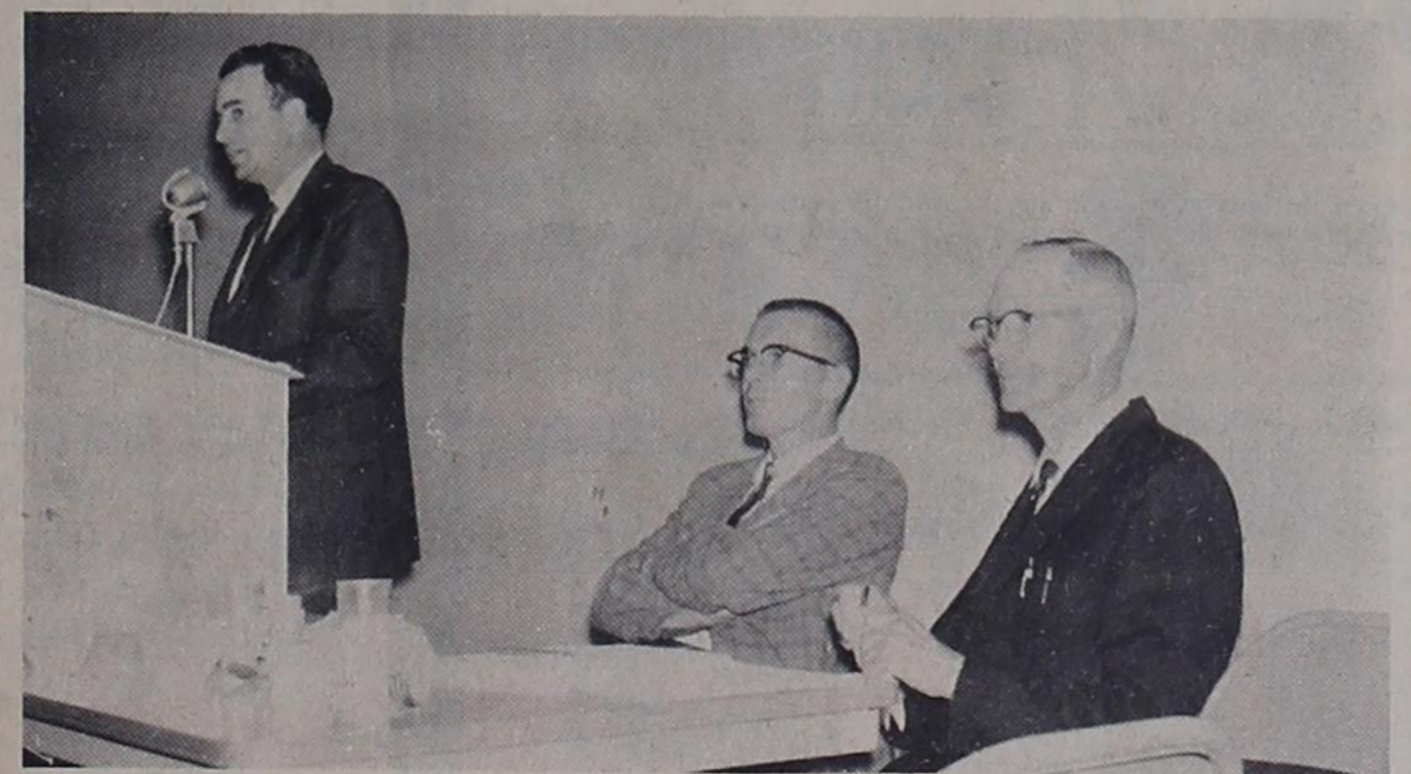

The attendance was surprisingly large since 100 people attended a year ago and about 140 in '62.

Holdover board members include L. M. Grissom, president, M. H. Carson and Raymond Schueler.

Jim Russell, manager of the association, gave a report on the past year's business. An audit report was also presented.

A barbecue supper was served at the meeting's beginning. It was prepared by the cafeteria staff.

WHEAT GROWERS SPEAKER--

WHEAT GROWERS SPEAKER--Jack Thompkins, at microphone, farm and ranch director of KFDA-TV in Amarillo, was guest speaker at annual meeting of Bovina Wheat Growers Thursday night in school cafeteria. In center is Jim Russell, manager of the association. L. M. Grissom, president of the board of directors is at right. A record crowd was in attendance at the meeting.

CONSIDER NEW CITY HALL--

City Council Changes Zone

Bovina's city council voted to change the zoning of Third Street from "restricted" retail to "retail" following a protest hearing at city hall Friday night.

The change will allow businesses which do part of their business outside to operate in that area. Business such as drive-in cafes and service stations will be allowed to locate now since the zoning change.

In addition to Third Street, the zoning change includes the territory from Second to Fourth Streets.

Three protests were lodged against this change at a previous meeting and these were considered at the Friday night session.

In other business, members of the council discussed building a new city hall to include a community room. No action was taken on this, however.

The council voted to purchase a '59 Ford two-ton truck from Machinery Supply for \$1600.

City council members present at the meeting were Mayor Boyd Gilreath, Mario Trevino, H. J. Charles and Lloyd Gober. Absent were Jim Russell and Tom Bonds.

RAIN!

An ideal inch of rain fell here Tuesday night.

The moisture, first appreciable amount since the snow fell slowly and soaked into the soil well. It was accompanied by a minimum of thunder and lightning.

Reports across the Bovina area show that the rain was general in measure. As much as 1.20 fell north of town with about an inch falling here.

TEAM ROSTERS ANNOUNCED--

Baseball Season Opens Monday

Another season of boys' baseball begins a two-months run here Monday night.

Highlighting the program again this year will be the Little League, for boys 10-12 years old.

Six teams are entered in this division with three from Bovina, one from Oklahoma Lane and two from Texico-Farwell. This is the same set-up which was in effect last year.

Details of the pee-wee division for boys seven, eight and nine years old, are not complete. Bovina will have three teams, Oklahoma Lane one and Texico-Farwell one or two. A schedule for this group will be drawn when it is known exactly how many teams Texico-Farwell will enter. However, pee-wee games will be played Monday and Thursday nights.

Likewise, plans for the Babe Ruth division are still incomplete. Tuesday and Saturday nights are reserved for the boys in the 13-15 age bracket, but only enough for one team have indicated an interest in playing.

Bovina players were divided into teams last week.

Little League rosters include:

BOVINA GIN -- THREE-WAY CHEMICAL -- Carroll Foster, Wes Harris, Sammy Webb, Roy Lee North, Gary McCormick, Bruce Caldwell, Doyle Merrill, Raymond Hise, Dennis McLean, Steven Lane, Tony Foster, Calvin McCutchan, Hugh Rogers,

Tommy Bonds and Alex Teller. Billy J. Charles will be manager of this group.

BOVINA WHEAT GROWERS -- BOVINA INSURANCE -- Johnnie Hugh Horn, Kelly Jamerson, Ken Jamerson, Jackie Hall, Stuart McMeans, Bobby McMeans, Mike McMeans, Roy Ramirez, Royce Sisk, Charles Ivy, Tim Monk, Alan Cockerham, Kerry David Lane, David Ancira, and Isaac Ancira. Gene Pruitt is manager of this team.

FIRST NATIONAL BANK -- LAWLIS GIN -- Joe Don Stephens, John David Ferguson, Roy Mayhew, Steven Wiseman, Tommy McCormick, Billy Kessler, David Dixon, Bobby Edens, Alan Dilger, Greg Hromas, Buddy Clements, Billy Mayhew, Roy Alonzo, Roger Shook and Alvard Cano. Butch Palmer is manager of this team.

Pee-wee rosters include:

SUNDAY MORNING--

Oklahoma Lane Accident Kills 3

Tragedy struck eight miles south of Bovina Sunday morning.

Three people were killed and

a fourth was seriously injured in a two-car collision at Oklahoma Lane crossroads.

Dead are Mrs. Josie Dye

Heard, 59, of Lockney and the mother of Jim Heard of Bovina; her sister, Mrs. Tine Smith of Lewisville; and Mrs. Oscar Hubbell, 53, a long-time resident of Oklahoma Lane.

Seriously injured was Mrs. Hubbell's daughter, Jane, 18, who was graduated from Farwell High School last week. Miss Hubbell was taken to Parmer County Community Hospital in Friona.

The accident occurred near the center of the intersection about 10 a. m.

Mrs. Heard and Mrs. Smith were traveling south on FM Road 1731 when their car collided with the Hubbell car which was going west through the intersection. Both cars skidded to the southwest after the impact.

Mrs. Heard and Mrs. Smith had been visiting Mr. and Mrs. Jim Heard in Bovina.

Funeral services for Mrs. Heard were conducted Monday afternoon in First Baptist Church in Lockney. Survivors include her son, Jim, of Bovina and a daughter, Mrs. D. J. Ward, of Lubbock.

Funeral services were conducted from the Re-Organized Church of Jesus Christ of Latter Day Saints in Clovis Tuesday afternoon for Mrs. Oscar (Dorothy) Hubbell, 53, who was killed in an accident at the Oklahoma Lane crossroads Sunday morning.

Elder Gene Phillips officiated at last rites assisted by Rev. Douglas Gossett of the Oklahoma Lane Methodist Church. Interment was in Bailey County Memorial Cemetery under direction of Steed Funeral Home.

Mrs. Hubbell came to the Oklahoma Lane Community with her parents, Mr. and Mrs. H. Henson Sr., in early 1934 from Elida, New Mex. and was (Continued on Page 6)

STARTS SATURDAY --

Slate Baptist Bible School

Vacation Bible School will get underway Saturday at First Baptist Church with preparation day activities beginning at 8:30 a. m.

Youngsters will have a parade downtown at 10:30, according to C. U. Hall, principal of the school.

The school will begin at 8:30 each morning, Monday through Friday, June 1 through 5, and continues until 12:30 p. m. each day.

Highlighting the week-long school will be commencement exercises Friday evening at 8 p. m. at the church.

Superintendents of various departments are Mrs. Dickie Steelman, juniors 11 and 12 years; Mrs. Don Murphy, juniors, 10 years; Mrs. Vernon Ward, juniors, nine years.

Primary department superintendents are Mrs. Jim Russell, Mrs. Earl Hise and Mrs. Arnold Hromas. Mrs. Grady Sorley, and Mrs. E. G. Steelman will be in charge of beginners and Mrs. Bessie Webb, Mrs. W. W. Wilcox and Mrs. Allen Cumpston will head the nursery departments.

Miss Suzanne Ferguson will

be school pianist.

Ten time activities which are usually held in conjunction with school have been postponed until July, according to Hall.

FOR AUGUST--

Bull Town Days Planned By Club

Plans for Bull Town Days were discussed at a Saturday night meeting of Bovina Roping Club in Bovina Restaurant.

Members agreed to have the festivities, of which the details are yet to be outlined, in connection with the fourth annual Quarterhorse Show which is scheduled for Saturday, August 15.

Named to a committee to plan the Western Days-type promotion were C. E. Trimble, Earl Hise, Cash Richards and Marlon Carson.

More plans for the affair will

Cemetery Working Saturday

Annual working of Bovina Cemetery is scheduled for Saturday, Memorial Day.

Families who attend the working are asked to bring a basketlunch.

Everyone in the community is invited to participate in the project of beautifying the cemetery.

If the weather is bad, the lunch will be at the Church of Christ.

Tax Meet Scheduled Tuesday

Tax equalization board of Bovina Independent School District will be in session Tuesday. The six-member board will meet with interested taxpayers of the school district in the school tax office which is located in Bank Building.

The session will begin at 9 a. m. and continue until 5 p. m.

Serving on the board will be Tom Caldwell, Dean McCauley, Troy Fuller, Wilbur Charles, Wendol Christian and Don Sides.

Reflections

From

The Blade

SIX YEARS AGO
 May 28, 1958
 Contract for Gateway Produce Company's packing shed was awarded this week to a Clovis building company, Dura-Built Products, according to Otto Ables, Gateway's Bovina representative.

Mrs. Fannie Hudson will have the grand opening of her new beauty salon, "The Pink Patio," Saturday, May 31, from 8 a.m. to 5:30 p.m. The newly remodeled and redecorated shop is located at 205 Ave. C.
 During a ceremony Thursday in First Methodist Church of Lubbock, Rev. W. R. Beard, pastor of local Methodist Church, will be retired from the active ministry.
 An estimated 95 per cent of Bovina's business houses will be closed Friday, May 30, Jay Sherrill Bovina's mayor, announced Monday afternoon.

Mrs. Geraldine Whelan, instructor of homemaking classes at Bovina High School, announced recently several activities which the girls will participate in this summer.

THREE YEARS AGO
 May 31, 1961
 Little League baseball is scheduled to get underway here Friday night.

Vacation Church School students of Bovina Methodist Church presented a sharing program Sunday evening at church. Commencement exercises Friday evening at First Baptist Church were the final activities in a week-long Vacation Bible School.

Fellowship Hall of First Baptist Church was the scene of a tea honoring mother's of G. A. members recently. Large enough to serve you, Small enough to know you. That is theme of a trade at home campaign which is beginning next week at Mustang Theater here.

Bids for construction of water and sewer lines into Bovina's proposed housing development will be read at 1 p.m. tomorrow (Thursday) in city hall.

Letter to The Editor

Dear Editor:
 Since we are moving our family to Tahoka in the next few days, I would like to take this method of thanking you and your good newspaper for the wonderful support given the bank during its formative period, and in the years that have followed. I also wish to commend you upon your efforts and editorials advocating that the good people of Bovina take a positive approach to improving the town and community. May you continue to remind people that no

town or community stands still, and urge them to continue their efforts to progress as they have since you came to Bovina.

I would also like to express my, and my family's, most sincere gratitude to the wonderful customers of the bank, and our friends for their loyalty and friendship during our eight years in your midst. Without this we could not have succeeded, and you will ever have a warm place in our hearts, and we wish for each and every one of you the best of everything in the years to come.

Sincerely,
 Warren Embree
 Vice President
 First National Bank,
 Tahoka, Texas

Baseball--

(Continued from Page 1)

Opening Little League game will be between Wheat Growers - Insurance and Oklahoma Lane. Playing the nightcap will be Bank-Lawlis and Lions.

Friday's Little League games will be Three-Way-Bovina Givvs, Oklahoma Lane and Red Tops vs. Lions.

The program is sponsored by Bovina Lions Club.

Verna Marie Estes Strawn

Initiated Into Honor Society

Mrs. Verna Marie Estes Strawn, daughter of Mr. and Mrs. Vernon Estes of Bovina who will be graduated from Texas Tech this week, was recently initiated into Phi Kappa Phi, a widely recognized honor society.

Mrs. Strawn was accepted on the basis of her scholarship record.

The Honor Society of Phi Kappa Phi exists for the dual purpose of recognizing and honoring those students who achieve high scholastic standings, and encouraging those students who are capable of such achievement. Phi Kappa Phi is unique in that it recognizes scholarship in all areas of academic endeavor, rather than restricting its elections to a specific and limited field. Only those students who rank in the top 10 percent of the senior class or top two percent of the junior class are eligible for membership.

Daughter: "Dad certainly went to work in an awfully good humor this morning."

Mother: "He thinks I forgot to ask him for money, but just wait till he looks in his purse."

Exercises--

(Continued from Page 1)
 Marshall, O. C. Minyen, Ron Gene Taylor and Ann Lynn Wilson.

Receiving special awards at the Tuesday assembly were Joyce Marshall, journalism; Melton Crisp, science; Jeanne Ivy, homemaking and Crisco awards; Lynn Lonney, mathematics; James Denney, agriculture; Kay Embree, commercial; Ronnie Glasscock, public speaking; Jeanne Ivy, history; Jackie McCarty, band; Gwen Christian, citizenship (girl); Dennis Johnston, citizenship (boy); Linda Estes, athletics (girl); Tally Kelso, athletics (boy); Mary Ann McKinney, sportsmanship (girl); Gene Pruitt, sportsmanship (boy); Eleo Del Toro, Spanish, Billy Minter, English; Jackie Dane, Lions Club award for outstanding senior girl; and Soll senior boy; Jeanne Ivy, Lions Club award for outstanding senior girl; and Soll Conservation Service essay awards, Billy Minter \$35 and Ann Lynn Wilson \$25.

Also at the Tuesday assembly, perfect attendance awards were presented to the following:

- Grade 10--Kathy Minyen and Carolyn Wilkerson;
- Grade 9--Gayle Boyd and Eleo Del Toro;
- Grade 8--Bill Caldwell, Rex Cumpton, Kent Stanberry and Alan Carson;
- Grade 7--Gary Carson, Rodney Murphy and Audalia Serna;
- Grade 6 -- Karen Bell, Jan Gromowsky and Betty Kesler;
- Grade 5 -- Micheal Beauchamp, Gregory Bell, Lisa Charles, Ellen Denney, Allen Dilger, Sheila Ellison, Myra Sue Ritchie, Irma Serna, Royce Sisk and Beverly McCarty;
- Grade 4 -- Dickey Garner, Raymond Hise, Lea Looney, Marilyn Kriegel, Christine Mast, Paula Mayfield, Virginia Pewitt and James Ritchy;
- Grade 3-- William Gromowsky and Yolanda Serna;
- Grade 2--Ute Blalock, Win-

fred Long and Terry Sherrill; Grade 1--David Bushnell, Eddie Steelman, Rhonda Suderth and Linda Ware.

Ferguson--

(Continued from Page 1)
 foul tip ball.

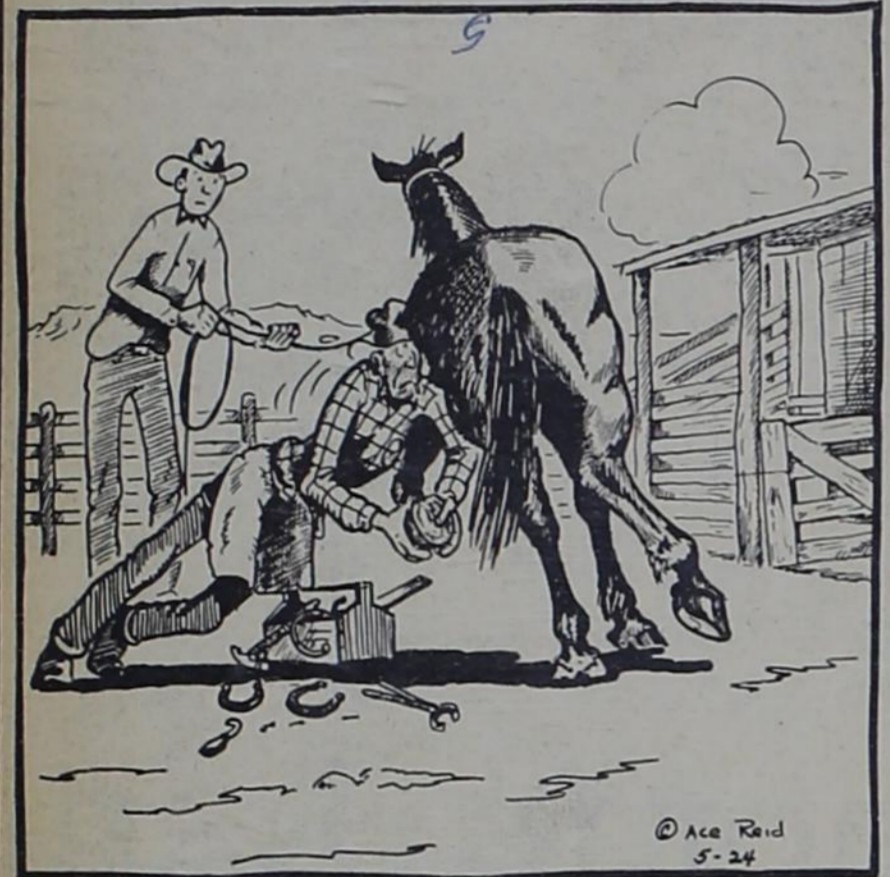

He was rushed to Northwest Texas Hospital in Amarillo where he underwent emergency surgery Friday night.

He is in the sixth grade. His condition is improving, but it is not yet known when he will be released from the hospital.

Give unto them a garland for ashes.—(Isa. 61:3)
 We can do much to help and comfort others. We can give them the blessing of strength; we can give them the blessing of peace and we can give them the blessing of prayer.

TT Graduates Include Three From Bovina

Three Bovina students are among the record number of Texas Tech graduates who will be presented diplomas during commencement exercises Saturday at 8 p.m. in Lubbock Municipal Coliseum.

The Bovina graduates are Mary Virginia Embree, who will receive a bachelor or arts degree in psychology; Verna Marie Estes Strawn, who will receive a bachelor of science in education degree; and Sharon Kay Strawn, who will be awarded a bachelor of business administration degree.

Miss Embree is the daughter of Mr. and Mrs. Warren Embree.

Verna Marie is the daughter of Mr. and Mrs. Vernon Estes and the wife of Bill Strawn. Kay is the daughter of Mr. and Mrs. Arlin Hartzog and the wife of Jerry Strawn.

Approximately 1100 students are degree candidates for the graduation ceremony, which will feature an address by Dr. Joseph Royall Smiley, president of University of Colorado.

Price, Williams Exchange Vows

Betty Jo Price of Black and Larry Williams of Bovina were united in marriage Monday evening in Bovina Church of Christ.

Don Stone, minister of the church, read the single ring ceremony.

Maid of honor was Frances Williams, sister of the groom. Serving as best man was Darrell Anthony of Friona.

The bride, dressed in blue, carried a bouquet of white carnations.

Close friends of the couple attended the ceremony.

Mr. and Mrs. Williams will make their home in Friona.

Mrs. Spurlin Has Roundtable

Mrs. Sonny Spurlin hosted Roundtable Reading group of First Baptist Church Thursday morning at her home.

Members spent the morning reviewing books and issuing new books.

Refreshments were served to Mrs. Henry Spicer, Mrs. J. B. Barrett, Mrs. Keith Garner, Mrs. Wendell Garner, and Mrs. Jim Russell.

Keith Garners Parents Of Boy

Mr. and Mrs. Keith Garner are the parents of a baby boy born May 10. The new arrival weighed six pounds 12 ounces and is named Doyle Lee.

They also have a 20 month old son, Timothy Lynn.

Grandparents are Mr. and Mrs. Dick Garner of Plainview, Mrs. Bernice Chaney of Plainview and P. O. Chaney of Muleshoe.

Chamber Meeting Thursday

Discussion of the "New Bovina" project will highlight a meeting of directors of Bovina Chamber of Commerce and Agriculture Thursday.

The meeting is scheduled for noon in Bovina Restaurant, Tom Caldwell, chamber president, announces.

Chamber directors and other interested members are invited and urged to attend the session, Caldwell says.

The project to be discussed concerns erecting new business buildings in downtown Bovina.

Party Honors Miss Ballard

Darla Ann Ballard, granddaughter of Mr. and Mrs. John Sikes, was honored with a birthday party Sunday afternoon at her grandparents' home.

The honoree celebrated her eighth birthday. Refreshments of birthday cake and punch were served to guests.

Youngsters attending were Brad Hromas, Vivian Hise, Pam Sudderth, Sonja O'Hair, Ralph Sikes, Patsy and Ricky Sollee of Levelland and Mike Ballard. Adults calling during the afternoon were Mr. and Mrs. Arnold Hromas, Mr. and Mrs. Wilfred Sikes, Mr. and Mrs. Wendol Sikes, Mr. and Mrs. Don Sollee and Prentice Sikes of Levelland and Mrs. Fred O'Hair.

Rene Charles Has Party

Rene Charles, daughter of Mr. and Mrs. Jimmy Charles, celebrated her sixth birthday with a party at her home Thursday morning.

Youngsters spent the morning playing yard games. Refreshments of brownies and soft drinks were served to guests.

Those attending were Dennis Bushnell, Dennis Willard, Lary Sides, Brad Owens, Mat Moten, Jeff Grissom, Edward and George Isaac, Bruce Filpott, Connie Ware, Connie Foster, Kerl Ware, Sandi Sides, Sheila Barbee, Laurie Stone, Ginger Glasscock and Tamra Rogers.

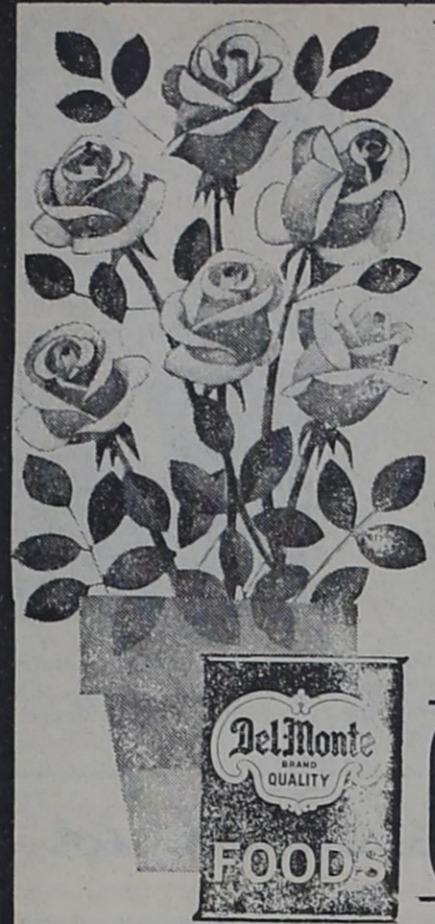

The same Lord is Lord of all, and is rich unto all that call upon him.

—(Rom. 10:12).

No matter what constitutes our idea of prosperity, we will always have plenty if we will look to the one source for our supply. God is that source. He supplies us with ideas and with the energy and enthusiasm to put our ideas into action.

Music Students Present Recital

Miss Elaine Fuller and Mrs. Kathy Jones Boozer were presented in a senior recital Friday evening at Bovina Methodist Church.

Miss Fuller played "London Fantasia" by Richardson; "Sonata Pathetique" Op. 13 by Beethoven; "Clair de Lune" by Debussy; "Rhapsody in Blue" by Gershwin; "William Tell Overture" by Rossini; "Malaguena" by Lucuona; "Sugar Blues Boogies," and "Frankie and Johnny" and a duet with Mrs. Doris Wilson; "Hungarian Rhapsody" No. 2 by Liszt-Bendel.

Mrs. Boozer sang a variety of selections. She was accompanied at the piano by Mrs. Wilson. She sang "The Lord Is My Shepherd"; "The Answer, Springtime Is Here" by Terry; "I Heard A Forest Praying" by Peter DeRose; "Spring Interlude" by Gulestan; "Let All My Life Be Music" by Spross; "By The Bend of the River" by Edwards; and "A May Morning" by L. Denza.

Mrs. Boozer also sang "Ave Maria" by Schubert; "Estrellita" a Spanish love song, which she sang in Spanish, by M. Ponce and "Habanera" by Bizet.

Radford Venable, vocalist, was guest artist for the recital.

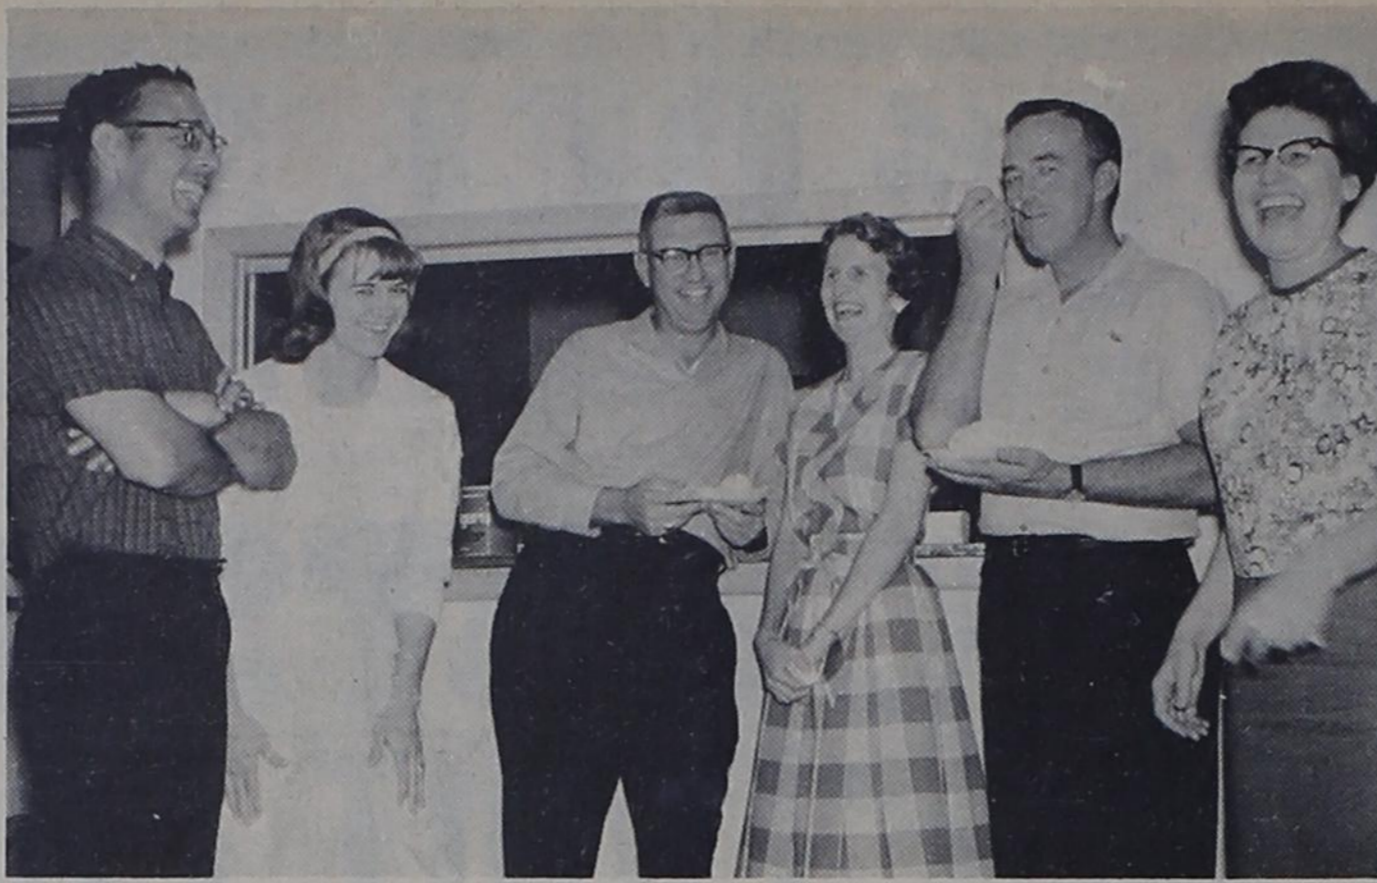

Other numbers Mrs. Boozer sang were "The Best Things in Life are Free" by De Sylva "Over the Rainbow" by Arlen "Blue Skies" by Berlin; "Little Lady Make Believe" by Simon

Mrs. Kathy Boozer is attired in Spanish costume for her solo "Estrellita" which she sang at her senior recital Friday evening.

and "The Big Brown Bear" by Mana-Zucca. Hosting the reception immediately following the recital were Mrs. O. H. Jones and Mrs.

Troy Fuller. Serving as receptionists were Mrs. Jon Lin Riddle and Mrs. Dickie Clayton. Serving as usher for the recital was Lowell Boozer. Both girls are music students of Mrs. Doris Wilson.

PART HONOREES—These three couples were honored at a going-away party at Bovina Methodist Church Wednesday night. They will be moving from the community within the next month. Left to right are Mr. and Mrs. Carroll Powell, Mr. and Mrs. Hallie Gee and Mr. and Mrs. Warren Morton.

Shower Honors Recent Bride

Mrs. Lowell Boozer was honored with a bridal shower Wednesday afternoon at Bovina Methodist Church.

Approximately 30 guests called at the come-and-go courtesy.

Miss Karen Beauchamp and Mrs. Bedford Caldwell presided at the guest registry.

Receiving guests were the bride, her mother, Mrs. O. H. Jones; the groom's mother, Mrs. Zemy Boozer; and her mother, Mrs. Mary Lowe Wellborn of Lamesa.

Table decorations carried out the bride's chosen colors of pink and white.

The refreshment table was laid with white lace over pink and featured an arrangement of pink and white gladioli in a crystal bowl. Cookies, punch and nuts were served to guests by Misses Paula Howard and Mary Ann McKinney.

Hosting the occasion were Mrs. Lee Sudderth, Mrs. Rouel Barron, Mrs. Thomas Beauchamp, Mrs. Jack Clayton, Mrs. Bedford Caldwell, Mrs. Billy Marshall, Mrs. Earl Stevenson, Mrs. Joe Pinner and Mrs. George Turner.

Blade Sawdust

By Sue Moten

Saw a cartoon recently about children taking naps at kindergarten.

Can remember when we all took our little rugs to first grade and had a nap after lunch. Think now that this would be a great American pastime on a national scale but can remember that at this particular age it was a small nuisance.

For one thing, curling up on a small rug on the floor with a small blanket to cover with left something to be desired. And, too, there were the usual amount of gigglers and talkers who must have made the teacher want to scream. Think that the later innovation for this rest period was just simply laying one's head on the desk. Now this has the same effect. If one placed his head facing another child's this could erupt into a 15-minute whispered conversation or laughter period. However, for all its liabilities, am sure there were at least one or two who cat-napped everyday.

Even music and folk tunes have changed as far as children are concerned. Am sure you can remember when the words were "Old McDonald Had a Farm." Now even two year old children add the cha cha cha at the end.

Rather disillusioning! The phrase "Square" now connotes age. The proper term now is "uncool." One needs to be a linguist to keep up with the teenage slang terms.

Isn't it amazing how many numbers there are to a phone call today. Just try calling long distance and there are so many different area codes and prefixes that by the time you get to the actual number it's forgotten. Think this must be the tremendous advantage of direct dialing. One just can write out this string of numbers and get going. However, if one got just one number wrong he might wind up talking to Alaska instead of Clovis so perhaps it is cheaper with an operator.

Miss Elaine Fuller, pianist, was presented in a senior recital Friday evening at Methodist Church.

Cathy Crump Has Party

Cathy Crump, daughter of Mr. and Mrs. A. E. Crump, celebrated her eighth birthday Saturday.

Guests went to Friona for a swimming party then returned to the honoree's home for Birthday cake and ice cream.

Attending were Heidi Corn, Kim Langer, Pam Wilson, Honey Mast, Suzanne Wilson, Nancy Hutto and Cindy Crump.

Coffee To Fete Mrs. Garner

Mrs. Keith Garner and baby boy, Doyle Lee, will be honored with a lullaby coffee Thursday morning at 9:30 a. m. at the home of Mrs. Travis Dyer. Friends are cordially invited.

Club Meets Thursday

Friendship club of Oklahoma Lane will meet in the home of Mrs. Burl Lance, Thursday at 2 p. m. for an afternoon meeting. Members are urged to attend.

Ezells Host Bridge Party

Mr. and Mrs. Gene Ezell entertained several couples Friday evening with a bridge party at their home.

Refreshments of chips, dips, cold cuts, cheeses, strawberry shortcake, coffee, lemonade and orange punch were served to guests.

Attending were Mr. and Mrs. Johnie Horn, Mr. and Mrs. Bedford Caldwell, Mrs. Francis Cave, Mr. and Mrs. Tom Caldwell, Mr. and Mrs. Vernon Estes, Mr. and Mrs. Dean McCallum and the hosts.

Cockerhams To Have Open House

Mr. and Mrs. Jimmy Cockerham will have open house Sunday afternoon between the hours three and five p. m. at their new home north of Bovina.

Friends of the couple are invited to see their home.

Farewell Party For Mrs. Kennedy

Mrs. Malcolm Kennedy was honored with a farewell party Friday afternoon at the home of Mrs. Wendell Garner.

Members of Friendly Circle Sunday School Class of First Baptist Church hosted the courtesy.

Refreshments of chips, dips cake and tea were served to guests.

Duane Rea Receives Degree

Duane Rea, son of Mr. and Mrs. Carl Rea, received a bachelor of arts degree recently at Southwestern State College at Weatherford, Okla. Rea plans to work on his masters degree at Oklahoma University at Norman beginning this fall.

He and his wife, Joy, will make their home there.

Attending graduation ceremonies and a tea honoring the parents were Mr. and Mrs. Carl Rea of Bovina.

Band Parents Elect Officers

Howard Ellison was elected president of Band Parents organization for next year. The group met last Monday evening at school. Other officers elected were Mrs. Paul Jones, vice-president, and Mrs. Bill Denney, secretary-treasurer. Members discussed selling ice cream at annual July 4 celebration and also conducting a membership drive during month of August. They plan to make curtains for band hall this summer and work on way to promote interest in the band in the community.

Art Students Present Exhibit

Students of Dean Merritt will present an art exhibit Sunday afternoon from 3 to 6 p. m. at Youth Center in Clovis. Mediums to be exhibited will be water colors, oils, charcoal drawing and pen and ink sketches. Bovina students exhibiting will be Mrs. J. P. Macon, Mrs. J. T. Hammonds, Mrs. Tom Caldwell, Mrs. Marlin Ferguson, J. T. Hammonds, Cecil Sisk, Mrs. Dean McCallum, Dean McCallum, Mrs. Billy Johnson, Mrs. Paul Holcomb, Mrs. Art Mast, Mrs. Jesse Walling, Mrs. Dolph Moten, Mrs. Erith Hawkins, and Mrs. Joe Pinner.

Oklahoma Lane--

(Continued from Page 1)

married later that year to Oscar O. Hubbell. She had continued to make her home in the Oklahoma Lane Community since that time. Mrs. Hubbell was an active participant in all activities of her church and was enroute to services there at time of the accident.

Survivors include her husband, Oscar O. Hubbell, four daughters, Mrs. Jesse Range, Ft. Worth, Mrs. Mitchell Walls, Clovis, Mrs. Cecil Johnson Jr., Littlefield, and Jane Hubbell Farwell, her mother, Mrs. Rilda Henson, Farwell, two brothers, Milton D. Henson, Clovis, Herman H. Henson Jr., Cotton Center, one sister, Mrs. Clifford McGuire, Redlands, Calif., four grandchildren, Rhonda and Craig Walls, Lorraine and Jason Range and also numerous nieces and nephews.

Active pallbearers were: Willie Beard, Ken White, E. E. Routon, R. D. Dale, Leon Billingsley and Henry Haseloff. Named as honorary pallbearers were: A. N. Walls, John Range and Cecil Johnson Sr.

Youngsters Have Skating Party

Third and Fourth Grade Sunday School classes of Bovina Church of Christ had a party Friday evening. The group had a waltzer roast at Hillcrest Park in Clovis. Following supper the group went skating. Sponsors for the group were Mrs. Billy Johnson, Mrs. Lee Capps and Mrs. Robert Read. Other adults attending were Mr. and Mrs. Rex Bearden, Mrs. R. L. Barber and Mrs. Alfred Mills. Approximately 27 youngsters and guests attended the party.

Hospital Notes

Mrs. Joe Jones was hospitalized Thursday evening at Memorial Hospital in Clovis. She is reported to be improving.

Miss Michelle Bonds, daughter of Mr. and Mrs. Tom Bonds, was hospitalized Friday at Memorial Hospital in Clovis.

Mrs. Frank Wilson entered Memorial Hospital Friday at Clovis. She is reported to be improving.

Mrs. Charles Vickers underwent surgery last Friday at John Sealy Hospital in Galveston, where she has been hospitalized for approximately two weeks.

A NEW AGRICULTURAL AGENT LOOKS AT HIS NEW COUNTY

"THE BEST WHEAT I'VE EVER SEEN" is the exclamation Joe Van Zandt, new Parmer County agent, makes about this field in the Lazbuddie community. This being the case, the agent is understandably reluctant to make an estimate of the possible yield. Parmer County area farmers have been hitting around 60 bushels an acre with good irrigated fields in recent years.

A HEALTHY SUGAR BEET BUSINESS seems in store for Parmer County area farmers, who have the 1964 crop (their first in history) off to a running start. Van Zandt says the field southeast of Friona is as pretty and clean as any he's seen.

New County Agent: "I'm Impressed"

Parmer County's new agricultural agent, after a quick swing through the county the first of the week to size up his new territory, says "What I have seen so far has been real impressive."

A slender 5-10 and friendly as you would expect a county agent from Texas to be, young Joe Van Zandt, 28, arrived in Farwell Thursday for his new assignment.

Originally from Wheeler in the Panhandle, this part of the

world isn't exactly strange-looking to Joe, but Parmer County's agriculture is vastly different from what he has been working with since his graduation from Texas A&M in 1959.

He moves here from Live Oak County in South Texas, where they raise about 15,000 acres of cotton and a like amount of grain sorghum.

Joe is "long" on livestock and hogs, and has a record of intense effort in 4-H Club work.

He is not sure about what

type 4-H program he will attempt to carry out here. "It all depends on what the people want," he says.

Van Zandt is impressed with the productivity of Parmer County, which is ranked as one of the state's top agricultural producers—if not one of the leaders in the nation.

"I think we've got a real good future here," he says.

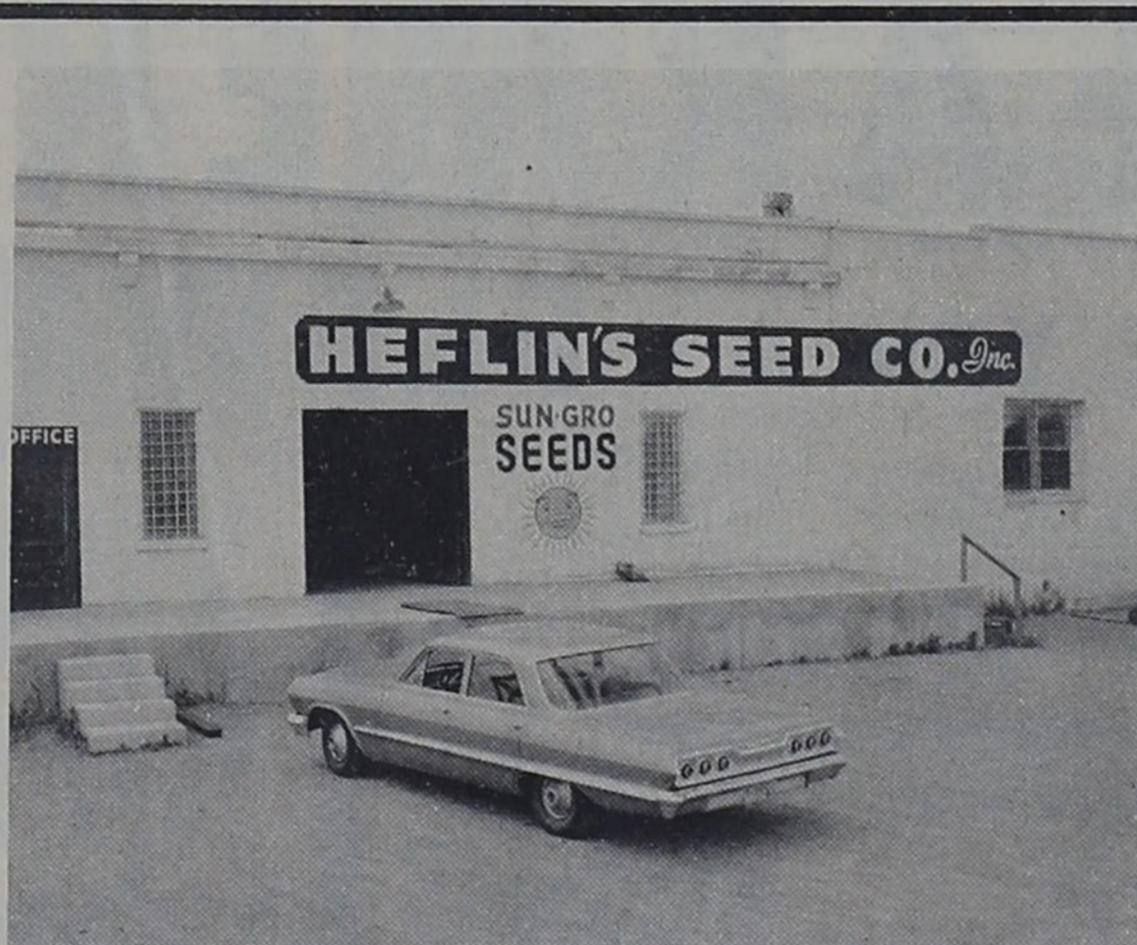

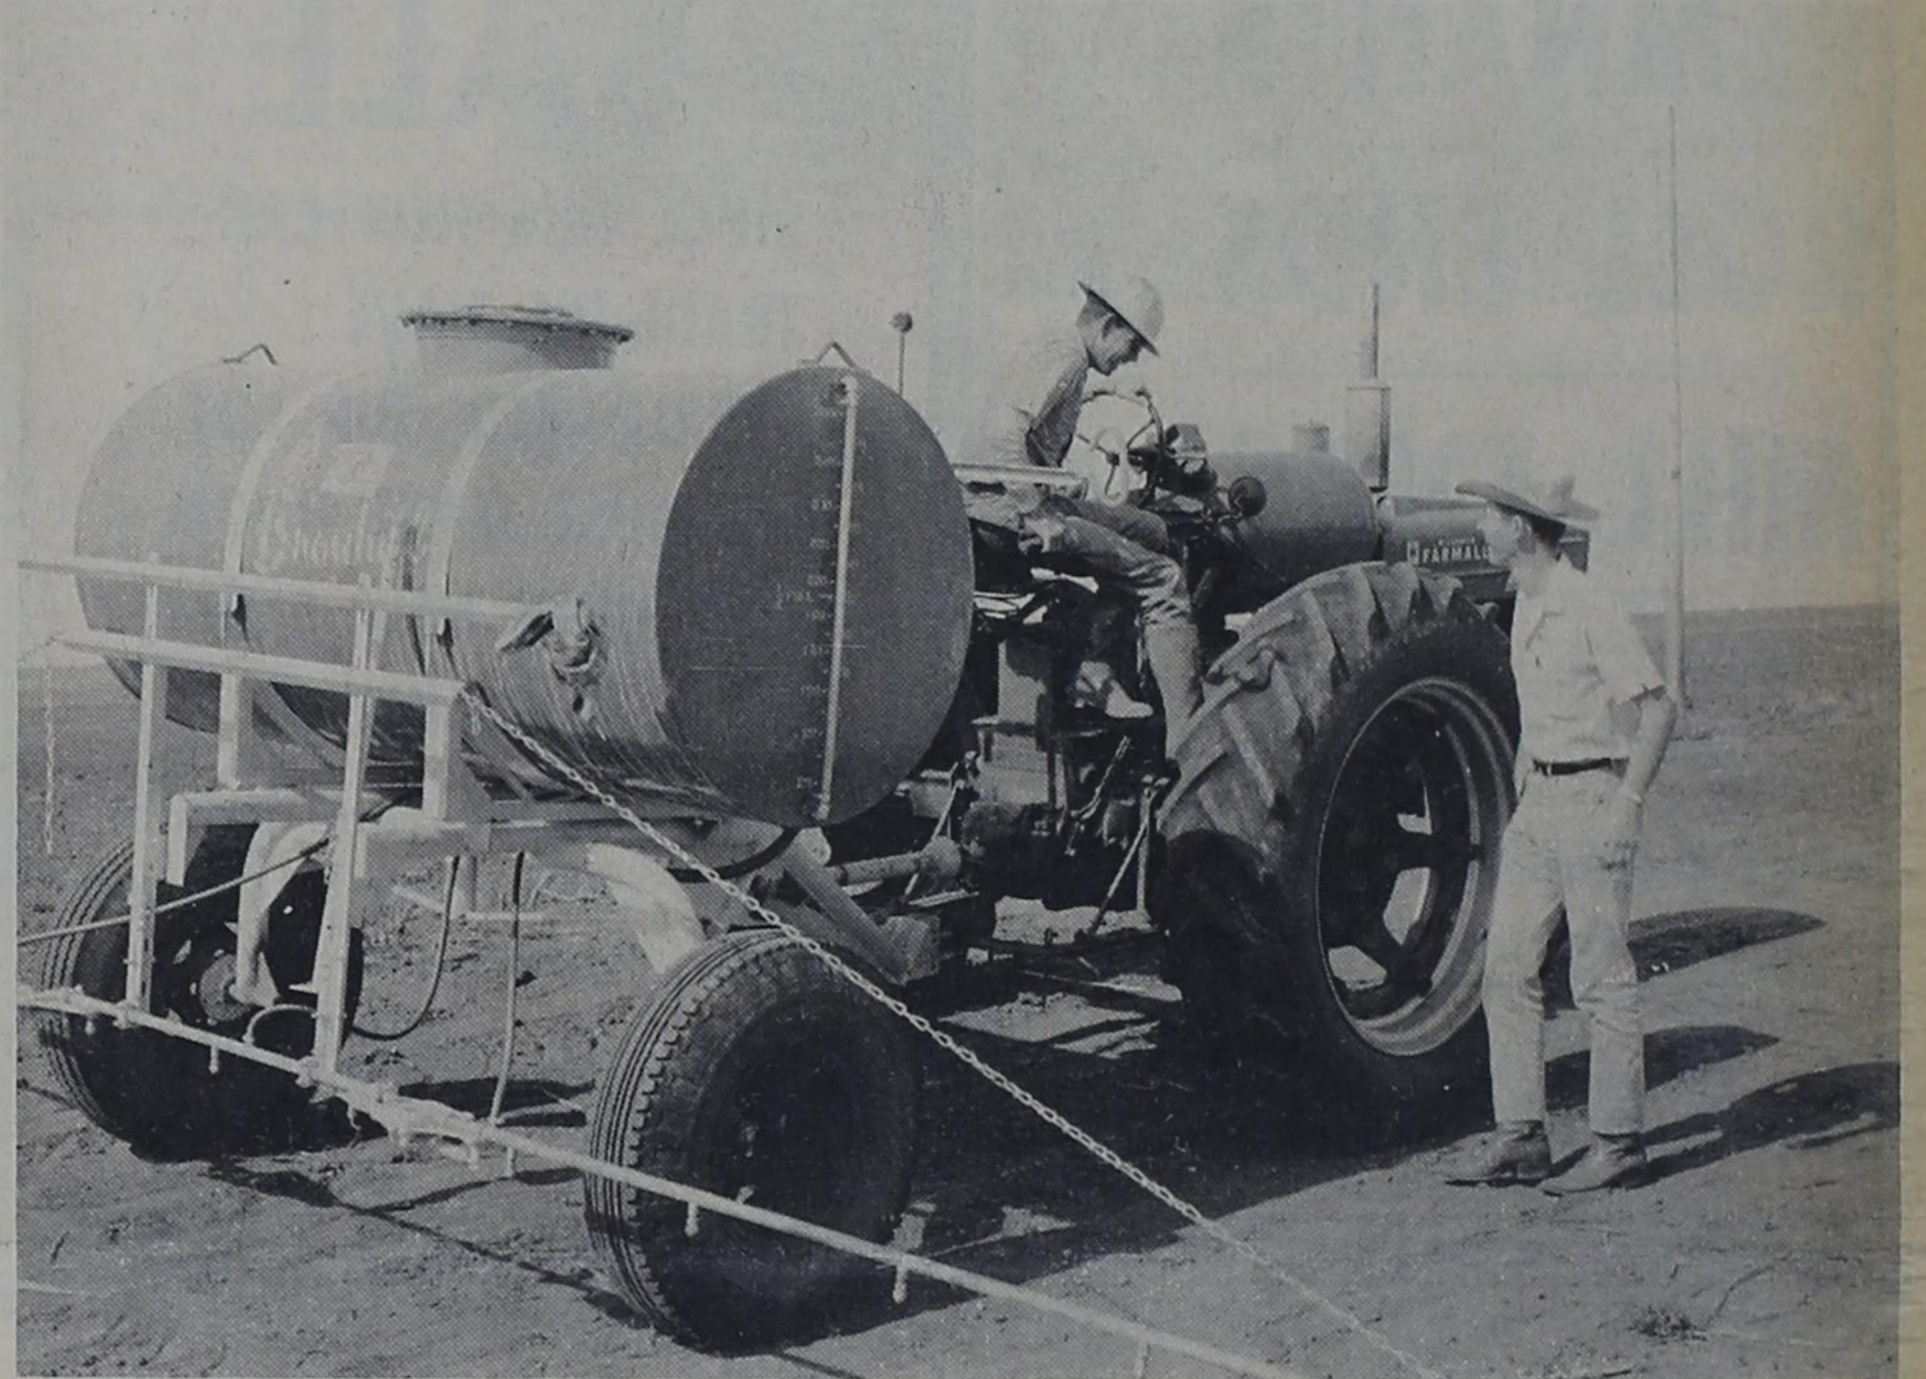

The new county agent has purchased a home in Farwell and his wife and two children (girls, four and one), will be moving to the county next week.

THE HIGH PLAINS FARM AND HOME

THURSDAY, MAY 28, 1964

F&H--A

NEW HERBICIDES have promised further reduction in hand labor in the highly mechanized fields of Parmer County. Here Van Zandt talks to Roy Ivy in the northern Lazbuddie community, who is operating a tractor pulling a wet spray rig. He was applying a pre-emergence chemical to control weeds in grain sorghum.

At Home In Parmer County

By CRICKET B. TAYLOR
County HD Agent

Here's a bit of information that may prove helpful to you homemakers who are interested in getting your moneys worth when buying food.

Labels provide basic information about ingredients about contents of food products and it can really pay to form the habit of reading labels on cans and

food packages. In other words, if there is more potatoes than meat in a brand of hash, the label will have potatoes before meat in the statement of content. Labels must carry a statement of contents except in cases where government has set a "standard of identity". Since the list of ingredients given on a label is in descending order as they appear in the product, consumers can profit by reading the label. If chicken is way down the list on a can of chicken soup, you can be quite sure there is not much chicken in the soup. Check another brand and you may find

chicken first or second on the label, indicating a higher chicken content. This labeling provides the consumer with a window into the package. Now that school is out 4-H activities are getting in "high gear". Janis Billingsley, Kathryn Gober, Mrs. Billingsley and Gary Foster will be leaving June 1st for State 4-H Round-up at A & M, where they will compete with other contestants for State awards. Sewing groups are getting started on project work and Home Improvement Projects will continue through the summer. The Parmer County 4-H Dress Revue date has been changed to July 16th due to a conflict of a District meeting of agents. Leaders will need to make a note of this date.

Don't look for it just yet, but some day soon there may be frozen tomatoes on the market, says Mrs. Gwen Clyatt, Extension consumer information specialist.

The flowers that bloom in the spring are not always a joy to the farmers' hearts, as this picture bears mute witness. The little poppy-like blossoms belong to the land-killer named bindweed, here shown in a bank-to-bank profusion across a ditch. Parmer County has waged war long and hard on the tenacious noxious weed.

Weed Group Studies Need For Control

The Parmer County weed committee, begun with Farm Bureau backing several years ago, through whose work

noxious weed development in the county has been brought to a standstill in most areas, met Monday night to review the needs for 1964.

The meeting, which was in the Bureau offices at Friona, was attended by 11 persons from across the county.

Occupying the main attention of the committee at the present time is the still serious infestation in some sections of the southwestern part of the county, especially in and near Farwell.

Also, control on the right-of-way along the Slaton Division (Lubbock) branch of the Santa

Fe Railroad has never been effective, and committeemen are seeking the cooperation of the railroad in controlling this area. A program along the right-of-way of the Amarillo branch has been successful.

Allan Weise of the Bushland Experiment Station has been asked to speak at a special meeting to be held at Security State Bank in Farwell June 8. The meeting will begin at 8:30.

Protein deficiency is a major international problem, considering the world as a whole, says Dr. Carl M. Lyman, head of the Department of Biochemistry and Nutrition at Texas A&M University.

Hawkins Real Estate Co.

FOR FARMERS ONLY!

ARE YOU A FLFWTMMM?

* Farmer looking for ways to make more money.

2100% return on investment sounds phenomenal, but that is the sort of return cotton farmers in this area can receive this season.

The investment is one boll of cotton every 7 feet down the row. The kind of results to be expected is an extra boll of cotton on every stalk.

These statements come from 9 of the nations leading soil scientists who have devoted most of their lives to soil fertility in the southwest and especially in the plains.

Such authorities as Dr. Alex Pope, Dr. Bill Trogdon, and Dr. Gaylord Hanes have been instrumental in the manufacturing of a completely new product at the new Plains Division Plant located at Plainview. This new product for plains soils has been named "Am-Sul-Phos".

Am-Sul-Phos contains almost three times as much nitrogen as phosphorus. The nitrogen is in a form highly resistant to leaching and losses to the air. The phosphorus is highly water soluble. The remainder of the pellet is soluble sulfate ion which reacts with excess calcium in the soil, thus giving maximum uptake by the crop of phosphorus and nitrogen as well as minor elements such as iron, zinc, boron, and manganese.

The product was used in experiments last year. Yields were increased as much as one bale of cotton per acre over standard fertilizer practices in many field scale experiments.

A 100% increase in grain sorghum yield, with high protein grain and 400% or more profit on your fertilizer investment?

Sound far fetched? ? Not at all!

Best's staff of experienced Agronomists has developed an entirely new product which contains the correct ratio and sources of nitrogen and phosphorus which combined with the sulfate ion (SO4) will result in greater efficiency of nitrogen and phosphorus uptake and in a more balanced nutrition for grain sorghum.

What is this product? - "Am-Sul-Phos".

If you have not fertilized your sorghum this year, "Am-Sul-Phos", applied as a sidedress before the sorghum is 10 inches high can double your yield and increase the protein content of your grain.

If you have applied part of your fertilizer at or before planting, apply the rest as a "Am-Sul-Phos" sidedress.

On The Farm In Parmer County

BY JOE VAN ZANDT
County Agent

I look forward to getting acquainted with you in the near future. I am anxious to become familiar with the agricultural situation here so I can be of service to the people of Parmer County.

Soybeans look like real "comers" on the Plains. Not only are they usually a profitable crop in their own right, but they also have an advantage in their late planting date. According to Area Extension Agronomist Billy Gunter, soybeans are fast gaining acceptance as a "catch crop" for hauled-out cotton when it's too late to replant.

Gunter points out that soybeans are recommended for planting on the Plains between June 1 and June 20. However, they can be planted as late as July 1 in the southern portion of the Plains if required.

Another advantage of the late planting date is in weed control on weedy field mechanical tillage can be practiced up until the time beans are planted. In the last few years, soybean acreage on the Texas High Plains has mushroomed. From 18,000 acres in 1956 to a record approximate 90,000 acres

In 1963, this crop has boomed in planted acreage, Gunter says over 90% of the total Texas soybean acreage is on the High Plains. While 40-45 bushels are not uncommon, average yield last year for the High Plains was approximately 32 bushels an acre. In recent years, market price has been higher than the support price.

The bulk of soybeans on the High Plains are grown within a 35 mile radius of Plainview. Producers outside this area should check with local elevator operators to see if they can handle soybeans.

To grow soybeans successfully--for both high per acre yields and high net profit--an ample amount of management knowhow is needed, continues Gunter. He outlines recommendations for soybean production as follows.

Varieties: Hill and Lee varieties are recommended for the High Plains. The variety Hinn looks promising, but at present is available only to certified seed producers. Soybeans are well adapted to all major soils of the High Plains. The only exception is where chlorosis shows up in grain sorghum.

Planting: Seed one bushel (60 pounds) per acre. Use good quality seed and place them two inches deep in the soil. Plant with a shallow bed to assure getting cutter bar of the combine below bottom pods. (On

UNDER A HOT AFTERNOON SUN, life-giving irrigation water trickles down these rows of brand-new cotton in a Parmer County field east of Bovina. Area farmers, pleased to have early stands of cotton, feel the 1964 crop is off to a good start.

the last cultivation, lay by so cutter bar can still get under lower pods.)

Irrigation: For maximum yields, three to four summer irrigations are required. However, 30 to 35 bushels are frequently made on only two summer irrigations. The first irrigation should normally be made when bloom buds begin to appear. The last irrigation is normally in September--and can be the most important watering. Though not recommended for dryland, an occasional producer has made good yields on dryland.

Fertilizer: Soybeans are a legume and supply their own nitrogen--when properly inoculated. An exception to this is when they follow a high residue crop such as grain sorghum. In such situations, Gunter recommends adding about 20 pounds of nitrogen to act as a "starter". Soybeans are also heavy feeders on phosphorus and a soil test is recommended to learn if a phosphorus deficiency exists.

The new cotton program is widely acclaimed as a first step toward increased cotton consumption and an eventual solution to at least some of cotton's pressing problems. It is just that and no more -- a first step. The forces of supply and demand are still to be reckoned with, and cotton is still a long way from being out of the woods.

An exceptionally clear and concise presentation of this fact has been made by Harold Williams, President, National Cotton Ginners Association. His remarks go straight to the heart of the dilemma, transcending the differences of opinion which exist between the many segments of the cotton industry, and we believe them well worth repeating.

Writing for an International cotton publication, Williams said: "High quality, competitive pricing and imaginative promotion are essential to survival in today's competitive society whatever one's business might be, whether it's ginning or the manufacture of cat food."

"The competitive facts of life are just as applicable to an industry as to an individual; and those who grow, process and merchandise cotton have real reason for concern when their biggest customer, the U.S. textile mills lay those facts on the line."

The facts to which Williams referred were illustrated with a quota from a textile industry spokesman who said earlier

this year: "Speaking to you as one of your customers... We only want to sell our products in the volume in which they deserve to be sold... But if

we cannot sell yours (cotton producers) we will devote our time, our efforts, and millions of dollars to selling your competitors' fibers."

Referring particularly to his own ginners, he said: "Many of us are so busy, however, trying to keep one step ahead of our competitors locally that I'm afraid we lose touch with some of the big forces that affect all of us in the cotton industry."

"These forces," he continued, "regardless of our initiative as individuals, could sweep the efficient and inefficient alike down a calamitous road. These forces are the over-all factors that will determine whether or not cotton in the long run will compete as a major textile fiber."

Williams went on to say that gins alone, of which there are more than 5,000 across the cotton belt, represent an investment of over one billion dollars, excluding land values, and they represent only a small portion of the \$23 billion cotton industry.

"Their future," he said, "depends solely on the extent to which customers buy and use cotton products. Without this demand there is no need for lint or seed or the processes to convert them. Diminish it and the prosperity of the cotton industry is diminished. Increase it and the benefits to all are increased."

"When surpluses accumulate, acreage is cut back and the volume of cotton production is reduced. There are less bales to gin, compress, warehouse, transport and merchandise. Decreased volume results in lower efficiency, higher costs and curtailed profits for all concerned. The economy of hundreds of communities dependent on cotton suffers a serious blow."

Notes On Agriculture From

DOYLE'S DESK

MR. PARMER FARMER,

Beginning with this issue I will publish, from time to time, notes on the use of farm chemicals in Parmer County agriculture.

We, at Cummings Farm Store, believe that the use of chemical in farming operations is just beginning. That in the months and years ahead the use of chemicals will be as necessary to total farm profit as fertilizers are today.

We will keep abreast of the constantly changing chemical picture and always be in a position to honestly advise you on the proper use of chemicals in your farm operations. You may look on Cummings Farm Store as a place to get the latest information on farm chemicals and an evaluation of the place in your farm program.

I am looking forward to writing this column and to meeting you in the months ahead.

Sincerely
Doyle Cummings

U. S. imports of all red meat in Jan. - Feb. were down 13 percent from a year ago.

Grain Sorghum Freights Reduced To West Coast

Grain sorghum rail freight rates from the High Plains to the West Coast for export are to be lowered from the current level of 80 1/2 cents per hundred down to 55 cents per hundred. The California domestic rate remains unchanged at 60 1/2 cents per hundred.

Provisions for the new rate were authorized by the Executive Committee of the Trans-Continental Freight Bureau meeting in Chicago last week. An effective date for implementing the reduction in the rate will be announced as soon

as the railroads have an opportunity to publish new rate schedules.

Bill Nelson, Executive Vice President of the Grain Sorghum Producers Association commended the individual railroads for this action through their Bureau. Nelson said the old 80 1/2 cent per hundred rate have been prohibitive to West Coast movements of grain sorghum for export even though users in Japan—the World's largest cash buyer for U. S. sorghum, has been interested in West Coast purchases.

West Coast ports are 20 days closer to Japan than Gulf ports and ocean freight savings average \$4.00 per ton. He said that the combination of savings in ocean freight and reduced rail rates will now make it possible for Japan and other Far East grain buyers to have a choice as to point of delivery of area grain sorghum.

He also added that in times of stress such as the recent Panama incident, the new rate may make a difference as to

whether the foreign buyers have access to grain at all or not.

According to Nelson, the Grain Sorghum Producers Association had requested a 54 1/2 cent rate on a permanent basis in 110,000 pound cars. The announcement is for a 55 cent rate on a one-year trial basis with 130,000 pound cars minimum. He said that oversized car requirement will not be a serious problem if the railroads will step up efforts to make such equipment available which has up to now been in short supply.

Elbert Harp, farmer-President of GSPA said that work such as this on freight rates by the Association is part of the overall research, market development and service programs for grain sorghum by farmers themselves to better their position. Such work has pushed sorghum exports from a mere 22,000 million bushels annually in 1956 to over 112 million bushels now and resulted in stronger cash prices to area farmers.

Proper Care Important Before Storing Clothing

Winter clothing and covers need correct care before storage for the summer.

Proper cleaning, labeling and storage will assure that garments will be in good condition and easy to locate when the first norther comes next fall, says Mrs. Elsie Short, Extension home management specialist at Texas A&M University.

If storage space is limited, you may want to consider taking all woolen items to a professional firm for cleaning and storage. Near-zero temperature will destroy clothes moths in all stages of their development.

"Make a list and jot down values of all items -- one for the establishment and one for your home file," Mrs. Short says.

You may give your own woolen clothing the cold treatment if you have enough space in your home freezer. First, clean the garments, seal them in heavy paper, and store in the freezer for 24 hours. Then store in a closet, being sure the seal remains unbroken.

All clothing should be cleaned before storing -- whatever the fabric. The storage space should be clean, free of all dust and sprayed for protection from household insects.

Woolen blankets or other woolen covers should be cleaned and sprayed with a moth spray, if not previously moth-proofed. There are many good sprays on the market. Read the labels before buying, the specialist says.

Holley Joins Study Staff

William D. (Dub) Holley of Olton has joined the staff of the High Plains Research Foundation at Halfway. Dub will be working in the fields of flame cultivation research and in soil and crop studies. In his duties, he will be assisting both Jack Parks, farm superintendent and flame cultivation engineer, and Dr. Arthur Gohlke, senior soil scientist.

Holley is a 1950 graduate of Olton High School, growing up in the Olton area on an irri-

gated farm. Dub graduated from Texas Tech with a B. S. in agricultural economics and has worked towards his Masters in the same field.

Dr. Earl H. Collister, director of the High Plains Research Foundation, said of Dub, "We are most fortunate at the Foundation to have Dub Holley with us. With his knowledge of this area and of agriculture in general, Dub will be a most valuable member of the staff."

FOOTSAVING EDUCATION

by James E. Edwards

No. There are exceptions but, generally speaking, the only mention of feet and shoes is in the health unit of the biology course. The discussion is brief and usually might just as well be left out entirely. For example one very popular textbook says "Shoes are very important to foot health. Shoes should not be too long, too short, too narrow or too wide." Next Subject.

Pages and pages are devoted to eyes and teeth because the authors of textbooks, like the general public are eye conscious and tooth conscious but seem to be oblivious of the fact that 99% of our foot trouble is caused by ill-fitting shoes.

One notable exception to the lack of foot-health education was the project in the schools of Lorain, Ohio where each child in the elementary grades had his feet measured each year for 3 years. The first year 76.4% of the children were wearing ill-fitting shoes, the second year 71% and the third year 59%.

If, as medical authorities agree, ill fitting shoes cause the vast majority of foot trouble, the Lorain Schools seem to have discovered the way to eliminate the cause.

Examinations Announced

The U. S. Civil Service Commission has announced a new examination for Cartographer for filling positions paying from \$4,690 to \$11,725 a year. The majority of the positions to be filled are in the Army Map Service, the Coast and Geodetic Survey, the Naval Oceanographic Office, the Naval Reconnaissance and Technical Support Center, Geological Survey, Bureau of Land Management, U. S. Forest Service, and other Federal agencies in the Washington, D. C. metropolitan area. A limited number of positions in other parts of the United States and in foreign countries may also be filled where no other appropriate examination for the specific position is announced.

Appropriate college - level education, training, and/or technical experience is required for the entrance level positions with additional training and/or professional experience for the higher levels. See Announcement No. 328-B for detailed information and instructions for filing applications. Applications will be accepted until further notice by the Board of U. S. Civil Service Examiners, Army Map Service, Washington, D. C. 20315.

Announcements and appropriate application forms may be obtained at many post offices throughout the country or from the U. S. Civil Service Commission, Washington, D. C. 20415.

Suggestions For The Food Shopper

Food shoppers may find these buying ideas easy on their budgets, says Mrs. Gwen Clyatt, Extension consumer marketing specialist.

Look for best beef values on chuck roasts and steaks, ground beef, short ribs and round steak. Pork values include end cut pork chops, shoulder roasts and steaks, smoked hams, picnics

and fresh pork backbone, she says.

Fryers remain low in price and high in quality. Grade A large eggs offer the most quality and nutrition for the money, the specialist says.

Sweet potatoes, fruit cocktail and pickles also are found at special prices this week.

We Point With Pride

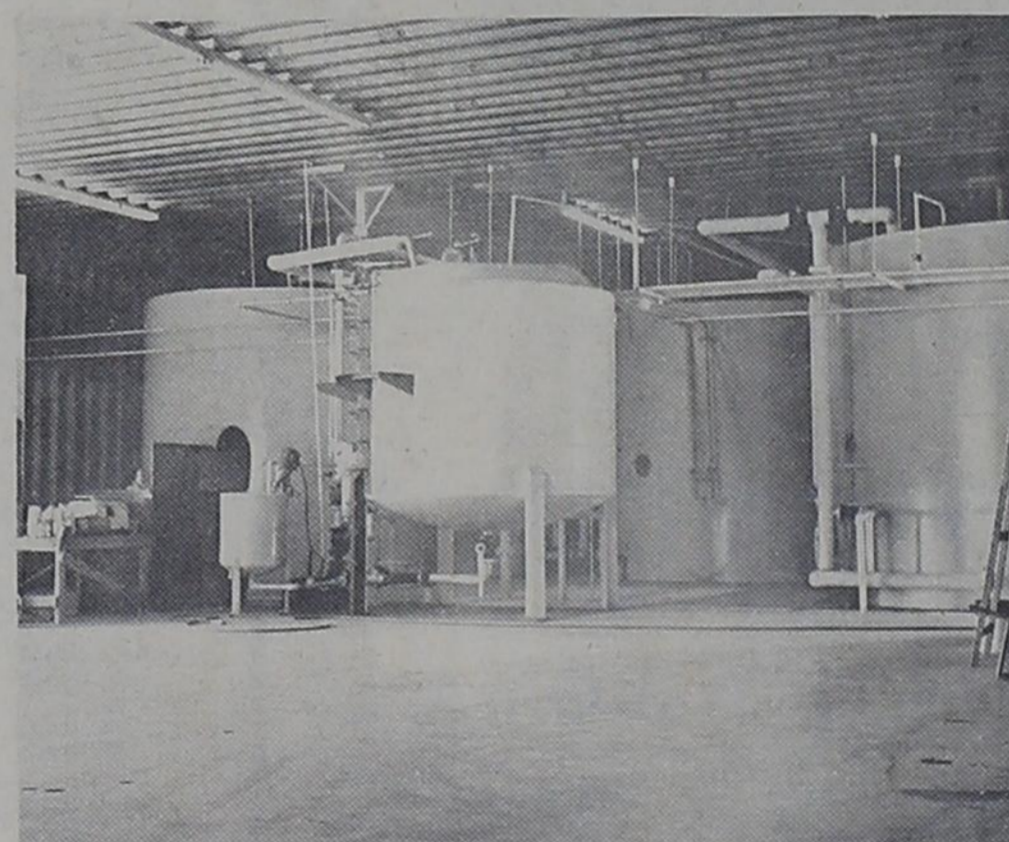

We are now in full operation of producing liquid supplement for cattle and welcome anyone interested to drop by and visit with us and tour our most modern plant. We have a large investment and are proud of our ability to turn out approximately 150 tons of feed a day with a pushbutton control system.

Inside Plant — Mixer and Storage

Shur-Gro is a complete supplement for cattle and the product definitely saves money on feeding along with other advantages such as easier handling, controlled dispersion of ingredients and dust control. The combination of urea and molasses along with a phosphorus product has shown to be effective in producing better quality meats. Our liquid feed contains: trace mineral needs; desired phosphorus levels, and urea as a source of protein all in a molasses carrier. Anti-biotics and hormones can be added.

We have been in the liquid feed business in the southwestern states for the past 5 years and feel that our Hereford plant is most outstanding in equipment and production.

AMMO NOTES

By Bill Bennett, Agronomist

Young sugar beet plants in most areas are showing a very slight purpling around the outer edges of the plant. This purpling is being called a phosphorus deficiency symptom. However, the chances of it being caused by a phosphorus deficiency are very slim.

Three reasons could be causing the purpling. It could be due to the rapid growth of the beets during the past two weeks. It could be due to sand damage. It could also be due to salt accumulation in the beds.

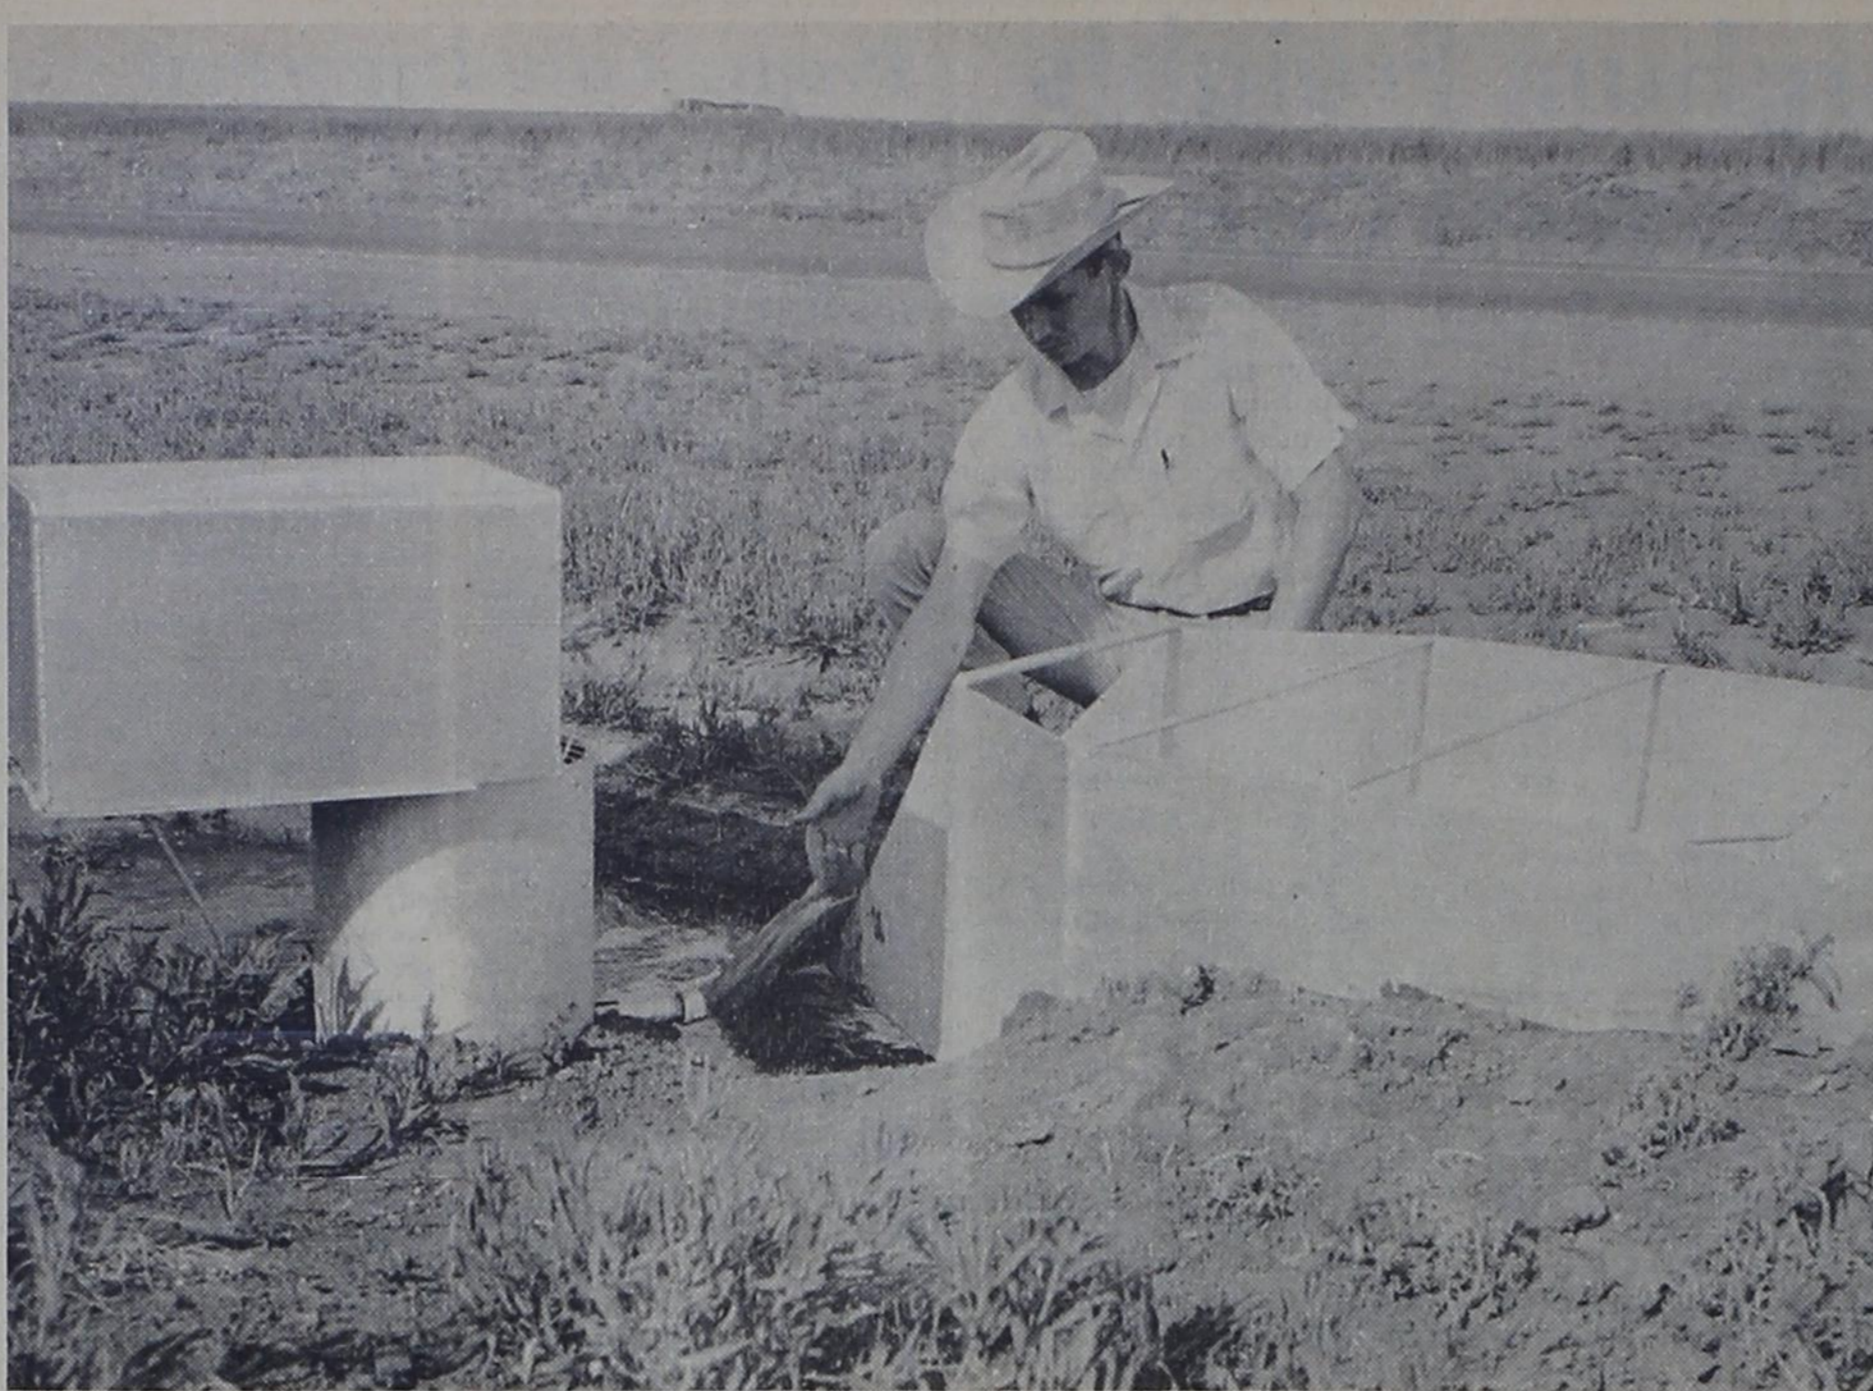

Salt has accumulated this year to a level which is slightly above normal. This is due primarily to a lack of rainfall and the evaporation of moisture due to wind. Accumulation of salts

has been slightly higher in sugar beet beds due to the additional irrigation which has been required.

Deficiency symptoms due to actual phosphate shortage are usually expressed as a reddish-purple coloring of the entire upper portion of the beet leaf.

Let's switch to grain sorghum and cotton and let me encourage you to sidedress early and get the job done ahead of the rain.

The sterile-male technique of insect control is being used in this year's campaign against the Mexican fruit fly. Technique is similar to that being used in the southwestern campaign against the screwworm, a pest of livestock.

THE HUB AREA IN PARMER COUNTY is a laboratory-like testing area for the High Plains Water District, which is conducting studies of the use of irrigation water. Van Zandt looks over a flow-measuring device south of Friona which records runoff information for the District.

Time And Temperature Important For Frozen Foods

Frozen foods are here to stay and with good reason, but the housewife should be aware of the importance of time and temperature as related to the food's quality, says Gordon R. Powell, fruit and vegetables marketing specialist for the Texas Agricultural Extension Service.

It is almost impossible to evaluate the quality as food is examined in retail stores. There are few really good guides for evaluating quality of frozen foods since the foods are often packaged so they cannot be seen. The food can be hard and cold, but this not a guarantee that it has been kept cold enough, throughout its journey to the consumer.

Powell considers time and temperature to be a major cause of poor quality in frozen foods. At the very best, no form of processing improves quality, but if properly stored under the right temperature, the original quality may be maintained. However, this is impossible over a long period of time. Time

affects quality but temperature affects it to a larger and more rapid extent.

If frozen foods are held at a temperature of 0 degrees or lower, time quality losses are slow, but at a temperature above 0 degrees, the quality loss is rapid even though the foods are still hard and cold. Several weeks above 0 degrees can be as damaging as thawing and refreezing. Temperature damage cannot be repaired, it can only be avoided, the specialist adds. Time and temperature do the real damage but people let this happen. If precautions are taken in freezing, storage, transportation and in the retail stores to see that the proper temperature is maintained, a quality frozen food will be available to consumers.

When everyone involved in the total marketing process of frozen foods, guards against time and temperature shortcomings, explains Powell, the consumer will have a quality product and a more enjoyable and nutritious meal.

Plainview PCA Ranks As Largest In Nation

The Plainview Production Credit Association again led the nation in 1963 as the largest of the 484 agricultural financing institutions in three different categories and ranked among the top four in the nation in two other divisions.

In figures recently released by the Farm Credit Administration, Washington D.C., the Plainview association, serving an eight-county area of the high plains, had the largest loan volume, the most member-owned capital stock and the highest stockholder-owned total net worth.

The association had a loan volume of \$45,923,000, an increase of nearly \$5 million over 1962. Association-owned capital stock totalled \$3,056,165 and the association's net worth totalled \$4,193,531 at the end of 1963.

The Plainview PCA also ranked fourth in the nation in new worth reserves accumulated from earnings and third in loans outstanding on Dec. 31, 1963.

"We are, of course, pleased that our association made this enviable record during the past year," commented General Manager Noel Woodley. "However, these records themselves are important only in that they reflect improved and increased services and benefits we can provide our stockholder-borrowers."

The Plainview Production Credit Association serves Parmer, Castro, Swisher, Briscoe, Bailey, Lamb, Hale and Floyd counties and is owned and operated in its entirety by more than 1,750 farmer and rancher stockholder-borrowers.

"We have but one reason for our existence," Woodley pointed out, "and that is to provide a dependable source of agricultural credit at the lowest possible cost."

Serving on the association's board of directors are Presi-

dent Grady Shepard of Hale Center, Vice President Henry Hayes of Plainview, Don Gar-

risson of Silverton, Billy Carthel of Friona and Loyd Widener of Lockney.

A new research project being supported by the Cotton Producers Institute has as its goal improved luster for cotton yarns and fabrics. Scientists are attempting to develop new mechanical and chemical methods for improving luster and to determine the application of these methods to cotton yarns and fabrics.

Water is a vital nutrient in the human diet. It comprises two-thirds of the adult body weight, and is necessary for building, dissolving, transporting and regulating. Dr. Eugenia Whitehead, chairman, Department of Home Economics, University of Iowa, said during the recent Human Nutrition workshop at Texas A&M University.
