

PHILIPPINES CUT IN HALF

General Keeps Vow 'I Shall Return'

Kept His Promise

Gen. Douglas MacArthur, keeping his promise, has returned to the Philippines, and established a sizable beachhead on the island of Leyte. The general said he would return to exterminate the Japs that had driven him out of the islands.

MacArthur Tells Filipinos To Rise And Strike

By The Associated Press
"I have returned," General Douglas MacArthur told the Filipino people in a broadcast Friday calling on them to "rise and strike" the Japanese.

Here is the text of his broadcast over the "Voice of Freedom" radio, as reported by the Office of War Information:

"This is the Voice of Freedom, General MacArthur speaking:

"People of the Philippines: I have returned. By the grace of almighty God our forces stand again on Philippine soil—soil consecrated in the blood of our two peoples. We have come, dedicated and committed, to the task of destroying every vestige of enemy control over your daily lives, and of restoring, upon a foundation of indestructible strength, the liberties of your people.

"At my side is your president, Sergio Osmena, worthy successor of that great patriot, Manuel Quezon, with members of his cabinet. The seat of your government is now therefore firmly re-established on Philippine soil.

"The hour of your redemption is here. Your patriots have demonstrated an unswerving and resolute devotion to the principles of freedom that challenges the best that is written on the pages of human history. I now call upon your supreme effort that the enemy may know from the temper of an aroused and outraged people within that he has a force there to contend with no less violent than is the force committed from without.

"Rally to me. Let the indomitable spirit of Bataan and Corregidor lead on. As the lines of battle roll forward to bring you within the zone of operations, rise and strike! Strike at every favorable opportunity. For your homes, and hearths, strike! For future generations of your sons and daughters, strike! In the name of your sacred dead, strike! Let no heart be faint. Let every arm be steered. The guidance of divine God points the way. Follow in His name to the holy goal of righteous victory!"

Mysterious Gunmen Fire More Shots In Residential District

Mysterious armed vandals were on the prowl here again Thursday night. Police received a call at 9:34 p. m. from the 100 block of West Kentucky saying men in a black automobile had fired two shots.

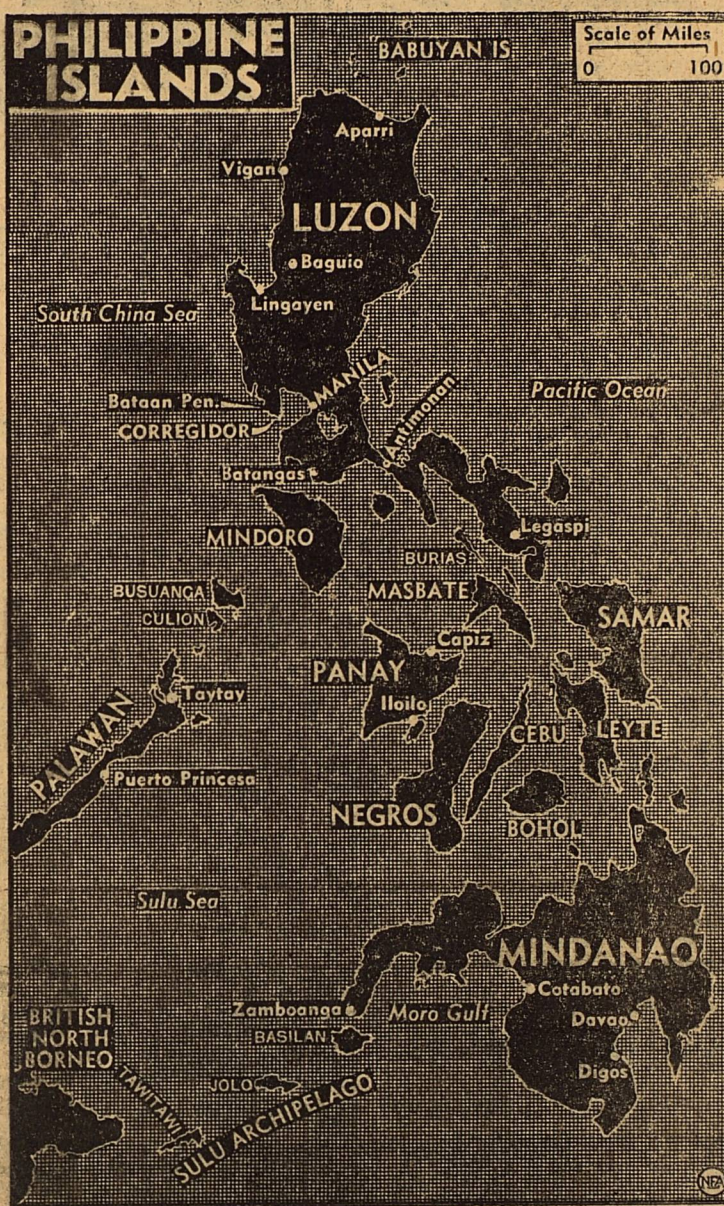

A soldier stationed at Midland Municipal Airport reported to police at 10:43 p. m. he and his wife were walking home on South Colorado just south of the tracks when men, riding in a car answering the same description as the car driven by the gunman, tried to run over them.

UNRRA Makes Initial Bid For Wool Order

NEW YORK —(P)—The nation's wool manufacturers had before them Friday the first request for textiles from the United States Relief and Rehabilitation Administration—a bid for 8,288,000 yards of wools for the last quarter of 1944 and 14,000,000 yards for the first quarter of 1945.

U. S. Courier Plane Reported Crashed

STOCKHOLM —(P)—Dispatches from Göteborg on the Swedish west coast Friday said a U. S. courier plane had crashed there during the night. Ten persons aboard the plane were reported killed.

Leyte, right center, is the strategic island MacArthur chose to re-enter the Philippines. The selection was based on the military viewpoint of not only having an island with first class harbors but one with airfields from which he could control the entire area. Also high in the general's eyes loomed the vision of being able to cut off the supply routes of the Japanese occupying Mindanao, and the islands south of Leyte.

Three Beachheads Established In Heart Of Islands

By The Associated Press
GENERAL MACARTHUR'S HEADQUARTERS, PHILIPPINES — Gen. Douglas MacArthur landed powerful invasion forces Friday in the heart of the Philippines, splitting in half Japan's defenses in that archipelago and fulfilling a vow made more than two years ago that "I shall return."

The ground forces, put ashore in Leyte Gulf from a huge convoy under a terrific naval and air bombardment, quickly seized three strong beachheads along 11 miles of Leyte Island's East Coast.

Going ashore with MacArthur were every able-bodied survivor of Corregidor and Sergio Osmena, successor to the late Manuel Quezon as President of the Philippine Commonwealth.

While men and supplies poured in to meet an estimated 225,000 Japanese in the Philippines under Field Marshal Juichi Terauchi, President Roosevelt messaged from Washington:

"The whole American nation Friday exults at the news that the gallant men under your command have landed on Philippine soil."

The Leyte landings put the invaders within 415 miles of Manila to the northwest and marked an advance of 600 miles north from MacArthur's base at Morotai.

Front line dispatches said the Leyte landings were preceded three days ago by landings on small islands guarding the entrance to Leyte Gulf and mine-sweeping operations of the gulf to make it safe for the passage of convoys.

MacArthur said the invaders comprised Lt. Gen. Walter Krueger's Sixth U. S. Army and units from the Central Pacific. Without further identification, frontline dispatches of Associated Press correspondents specified these participants:

The First Cavalry Division; the Seventh Division; the 98th Division. The Japanese, expecting landings to the south at Mindanao were so completely surprised that beachheads in the Tacloban area "were secured with small casualties," stated Friday's special communique issued from the field of operations.

Fulfilling his promise, made two years and seven months ago when he took his leave of the islands (Continued on Page 2)

Politicians Dig Up Old Arguments

By J. W. DAVIS
Associated Press Staff Writer
Democratic campaigning concentrated Friday on arguments that Republicans lost the peace after the World War, while from the Republican side came a contention that the administration hopes to keep secret until after election the facts on the start of this war.

Neither argument is new, but the Democrats gave their emphasis by having speaker after speaker reiterate the line of thought expressed by Senator Pepper (D-Fla.) who said in a news conference at Denver:

"The people are not going to turn their government back to those who lost the peace after the last war."

And the Republican theme that responsibility for the Japanese success at Pearl Harbor rested at Washington rather than with the Pacific fleet was pointed up anew by Rep. Maas (R-Minn.) in a St. Paul speech saying:

"The naval board of inquiry set up by order of Congress to conduct its own investigation of the Pearl Harbor incident has completed that report. The administration is seeking to suppress it until after election." (Continued on Page 2)

U. S. First Army Captures Aachen

LONDON —(AP)— Front line broadcasts announced Friday the capture of Aachen by the U. S. First Army on the 12th day of the American battle for the German city of 165,000.

LONDON —(AP)— Canadian infantry and armor struck out in a new offensive through the mud and marshland north of Antwerp Friday to bolster the Allied powerhouse salient being built up in Holland against Adolf Hitler's Northern defenses.

At the same time French infantry fighting along the ridges of the Vosges at the southern end of the Allied line outflanked the village of Ventron at the entrance to the 15-mile-long Bussang Pass which opens out on the Rhine floor only seven miles from Mulhouse.

The Americans of the Seventh Army on the latter front also captured Bruyeres, 13 miles east of Epinal, in a further stab at two more passes leading through the Vosges to the Rhine flatlands around Colmar and Strasbourg.

The First U. S. Army, holding more than half of Aachen, struggled slowly through mountains of debris in an effort to extinguish the last sparks of resistance in that Siegfried Line city.

The British Second Army, fighting to clear out the Germans west of the Maas (Meuse) along the Reich border fronting the Holland salient made slow progress, almost bogged down by mud, and stiff German resistance.

The Canadian attack, sprung at 7:30 a. m., was launched from an area about eight miles north of Antwerp along the railroad and highway leading north to Rosendaal and Rotterdam.

Rocket-firing Typhoons and fighter bombers supported the drive, designed to strengthen the Canadian column six miles to the west which has spearheaded to the (Continued on page 2)

Western front: 302 miles (from West of Duren).

Russian front: 310 miles (from Warsaw).

Italian front: 558 miles (from south of Bologna).

War Bulletins

NEW YORK —(AP)— An American network pool broadcast recorded by NBC direct from Leyte Island at noon Friday said that "our troops are having a tough time and are being subjected to heavy mortar and artillery fire."

LONDON —(AP)—The "Greater Germany Division," one of the crack units of the German army, has been thrown against attacking Russian forces in East Prussia northwest of Eydtkau, the German Transoceanic Agency said in a Berlin broadcast.

LONDON —(AP)— For the ninth successive night the Germans launched flying bombs at Southern England and the London area Thursday night. Only a few got through night fighters and a barrage of anti-aircraft fire.

LONDON —(AP)—Ankara radio broadcast Friday reports from Sofia that Bulgaria had signed an armistice with the United States, Russia and Great Britain.

Russians Hunt Nazis In Kaiser's Deer Yard

By The Associated Press
LONDON — Berlin announced Friday that the Russians had moved up to another section of the East Prussian frontier 20 miles south of fallen Eydtkau, massing vast tank forces in the Rominter Heide, a favorite deer forest of the late Kaiser Wilhelm II.

Enemy broadcasts also said the Germans had evacuated Hungary's sprawling third city of Debrecen (123,517 population), 116 miles east of Budapest.

The Russians at midnight Thursday announced 11,000 prisoners were taken south of the old walled town which has become the junction of several railroads. A great tank battle had been raging there for two weeks and the Germans said 418 Russian tanks were destroyed in the fray. Moscow said the Germans lost 1,529 tanks.

Possibly a decisive battle was shaping up along the north, east and south frontiers of East Prussia. Berlin frankly asserted that "the twin battle for East Prussia is nearing a climax."

Permitted Reich Announcement
Moscow said nothing of the four-day offensive but allowed AP correspondents to radio that "the Russians entered Reich territory." Three enormous Russian army groups are drawn up along the borders of the province where the Junkers generally maintain vast estates. Berlin insisted that another group was striking toward Danzig on the Baltic from the Narwe River above Warsaw in a supreme bid to cut off the entire province of 14,000 square miles.

Extreming SS Troops
Russian and Yugoslav partisan shock brigades moved through Belgrade, exterminating remaining suicide squads of German machine-guns, a Soviet communique said.

Reports from beleaguered Budapest said that Hungarian troops loyal to Regent Nicholas Horthy (Continued on Page 2)

Texaco Discovery In Andrews Made 541 BOPD Flow

By JAMES C. WATSON
Oil Editor

The Texas Company No. 1-L University, South Andrews County discovery for production from the Holt zone of the middle Permian lime, has been officially completed for a 24-hour flowing potential of 541 barrels of oil.

Location is in section 41, block 9, University survey, about a mile and a half east of the Emma field where production is from around 4,200 feet. It is four miles south of the Chabber Hill field, closest Holt producing area.

Production is from 142 perforations in the casing at 5,310-30 feet. That zone had been treated with 2,000 gallons of acid. Gas-oil ratio was 595-1. The gauge was on a full 24-hour basis.

Southwest Gaines Wildcat Sinclair Prairie Oil Company No. 1 W. L. Johnson, 1,980 feet, from the south and 660 feet from the east lines of section 16, block A-28, in Southwest Gaines County, about one-half mile north of the Andrews County line and only one mile east of the Lea County, N. M. line, is a new wildcat.

This project is scheduled to go to at least 8,000 feet, and unofficial sources reveal it might drill to 11,000 to test for Ellenburger. It is 12 miles north and slightly east of Gulf Oil Corporation No. 1 Drinkard, East Lea County discovery for Clear Fork production above 6,500 feet.

That development was swabbing to cleanout and test after treating with 2,000 gallons of acid through perforations at 4,360-60 feet. The (Continued on Page 5)

Hurricane Death Toll Raised To 37 Persons

CHARLESTON, S. C. —(P)— A tropical hurricane which killed at least 37 persons and caused untold property damage in Florida and Cuba, apparently was diminishing in force Friday as it moved northward along the Atlantic Coast.

Hurricane warnings remain from Charleston to Pamlico Sound and the Norfolk area in Virginia.

Little damage and no casualties were reported in the Carolinas, although Charleston was without power for more than six hours and low-lying sections of the city around the historic battery district were reported flooded.

Seventy miles inland, trees were uprooted and signs blown down at Florence, S. C. The Florence Air Base weather station recorded 40-mile winds.

Belated reports from Havana, where the hurricane first struck, said 24 persons were killed in Western Cuba and that the coastal port of Surgidero de Batabano was destroyed.

Reticence And Inflation

Postwar planning has been on a pretty high plane thus far—government officials, congressmen, bigwigs of business and labor. But there is one postwar chore that our ordinary mine-run citizens can do, starting now and continuing after Germany's defeat. We can be both co-operative and watchful in the campaign against inflation.

The danger-point of inflation is still ahead of us. Prices continued to shoot upward for 20 months after Armistice Day 1918, and they could do it again. The American people have something like \$100,000,000,000 in savings. They need a lot of war-scarce goods and services. Business and industry are just as eager to supply as the public is to buy.

These goods and services will be scarce even after reconversion starts. Add scarcity to competition and plenty of money and you have an inflation threat which explains why price control and some rationing will be with us for a considerable time.

We do not need to wait for cars, refrigerators, radios and vacuum cleaners to have inflation danger. It is here now. So we can start being watchful right now.

But, one may ask, aren't ceilings and rationing taking care of the danger? The answer is that the OPA can't check every purchase in every store throughout the country. The ultimate responsibility rests where it has since controls and black markets began, with the retailer and the customer.

OPA has surveyed the situation and found that a sizable number of grocers and customers still feel that it's exclusively the government's job to make price control work. The survey reveals that over-ceiling prices are found in 15 per cent of food stores.

But perhaps the most significant figure is this: 36 per cent of housewives think they are sometimes being overcharged, but only about half mention the fact to their grocer, and a much smaller number report these overcharges to ration boards.

Without some conscious effort to curb this customer reticence, price violations will increase as victory nears and the urge to "let up" grows stronger. And reticence isn't easy to curb. Most housewives don't court unpleasantness. They hate being embarrassed by making a scene.

Inflation would knock the props from under a lot of postwar plans. It would be a shockingly difficult mess to get out of.

Migration

If the labor vote is going to cut any ice at all in the coming election, one of the important factors may be the shifts of people who have gone from one state to another to take war jobs since the 1940 election.

U. S. Bureau of Census, in making its estimates that the total number of potential voters in 1944 will be 88,600,000—an increase of more than 8,000,000 over 1940—came to the statistical conclusion that it would be impossible to measure the effect of migration on this year's vote, for three reasons:

First, because part of this migration has been within the states and not across state lines; second, because many of the moves were too late to permit voting at new addresses; third, because many of the migrating workers may vote by mail in the states and precincts of their 1940 residence.

In estimating the potential number of voters at 88,600,000 the Census Bureau was not of course predicting how many of this number of voting age actually would vote. If the same percentage—62.4 per cent of the eligible voters—goes to the poles in 1944 as in 1940, then the total vote would be 55,000,000, which would be a record.

Scoreboard

The Nazis spent a lot of ingenuity, money and effort in building the Siegfried Line. They spent a lot of breath thundering to the world about its "impregnability." But they didn't awe the Yanks worth a darn.

This was evident in a picture the other day which showed a group of G. I.'s listening to a World Series broadcast on a jeep radio, and casually using a wall of vaunted Siegfried Line for a scoreboard.

We rather imagine that this wonderfully casual calling of the Nazi bluff can be counted among the American soldier's chief assets. He respects the tangibility of bombs and bullets, but he simply refuses to be impressed by bloated propaganda. He will probably shoot dice on the sidewalk in front of the Reichschancellery in Berlin.

Bringing Up The Last Reinforcements

Eleven Soldiers Believed Killed In Hurricane

TAMPA, Fla. (AP)—The public relations office of the Third Air Force headquarters here said Friday that eleven soldiers from the New Orleans port of embarkation apparently drowned Thursday near Bradenton at the height of the tropical hurricane which passed there.

The soldiers were on a crash boat which left New Orleans en route to Charleston, S. C., with a crew of 11 and was last heard from when it put in at Panama City Tuesday.

The announcement said the boat apparently got into trouble during the storm and the men took to a dinghy which capsized at the height of the hurricane Thursday morning. The only known survivor was the skipper, whose name was not disclosed.

Search crews combed the waters of Anna Maria Beach near Bradenton but found no trace of the missing men, the Air Force announcement said.

Beachheads

(Continued From Page 1)

that "I shall return," MacArthur went back aboard a warship. It was part of a giant convoy, sailing from New Guinea, which stretched out farther than the eye could see.

The American Navy, in unchallenged strength, ruled the invasion scene and the seas about it. Allied air forces virtually monopolized the skies.

"In a major amphibious operation, we have seized the Eastern Coast of Leyte Island in the Philippines, 600 miles north of Morotai and 2,500 miles from Milne Bay (New Guinea) from where our offensive started nearly 16 months ago," the communiqué stated.

"The landing was preceded by heavy naval and air bombardment which was devastating in effect."

Participating in the preparatory blows were carrier planes of Adm. William F. Halsey's Third Fleet.

which since Oct. 9 destroyed more than 1,200 Japanese aircraft, sank 86 ships and damaged 127 more in forays extending from the Ryukyus within 200 miles of Japan south across Formosa into the Philippines.

"Our ground troops are rapidly extending their positions and supplies and heavy equipment are already flowing ashore in great volumes," the communiqué said.

"The U. S. Seventh Fleet, elements of the Third Fleet and an Australian squadron made up the naval forces in the invasion."

Strong Air Support "Air support was given by Navy carrier forces, by the Far East Air Force and by the Royal Australian Air Force," the communiqué said.

The invasion brought the Americans against the largest segment of the Japanese army yet encountered in the Pacific war. The estimated 225,000 defenders included Terauchi's 14th army troops. Seven divisions, the 10th, 25th, 30th, 100th, 102nd, 103rd and 104th or 107th have been identified.

"The strategic result of capturing the Philippines will be decisive," General MacArthur pointed out in the communiqué.

"The defensive line of the Japanese which extends along the Coast of Asia from Japan Islands through Formosa, the Philippines, the East Indies to Singapore and Burma will be pierced in the center, permitting an envelopment to the south and to the north.

"Either flank will be vulnerable and can be rolled up at will."

Canada is the world's largest producer of asbestos.

Returning Veterans Of Bataan Will Not Ease Life Of Japs In Islands

By J. M. ROBERTS, JR.

General MacArthur returns to the Philippines with his usual flair for not only confounding the enemy and staging a good show.

Striking with what Churchill calls "triplibious" force sufficient to give the Japanese a preview of what to expect against additional islands—his homeland, for instance—"I Will Return" has by-passed strong enemy bases on Southern Mindanao to obtain immediate objectives at minimum cost.

Even this force, however, is only a part of that available. The next few days should provide a clearer view of what impends. It seems likely, however, that the Leyte action is designed primarily to obtain airfields from which to dominate the entire archipelago. One field, near Tacloban, is almost in sight, and flatlands in the area offer plenty of room for more.

MacArthur developed a unique system of warfare in New Guinea with his specially-trained "amphibious." These units operate their own landing craft to strike quickly in relatively small strength at key

Dunagan Talks At Jaycee Luncheon

The one-third of the Junior Chamber of Commerce membership not in the armed forces owes an obligation to those Jaycees in the armed forces to carry on a serious home front battle to protect the American way of life, Clint Dunagan, president of the Texas Junior Chamber of Commerce, declared at the Friday luncheon of the Jaycees.

Dunagan outlined some of the projects the state organization proposed to inaugurate this year.

Pierre Laval Sentenced To Death In Paris

LONDON (AP)—Pierre Laval has been sentenced to death in absentia by a Marseille tribunal, the Paris radio said Friday.

A warrant for the arrest of the Vichy chief of government, now either absenting with or held by the Germans, was issued by the tribunal two weeks ago and it was stated then that he would be tried whether he was present or not.

The Algiers radio reported that Jean Galliard, former director of the newspaper "Petit Marseille" was condemned to death in absentia by the same tribunal at the same time.

British Troops Occupy Thebes As Nazis Leave

ROME (AP)—British troops have occupied Thebes, 32 miles northwest of Athens, while German troops harassed by Greek guerrillas have speeded up their withdrawal from Northern Greece toward Yugoslavia, Allied Headquarters announced Friday.

Meanwhile, other Eighth Army troops made additional progress in bitter fighting in entering Cesena, while the Fifth Army made local gains in the Central Italian sector south of Bologna, flanking the Bologna-Florence highway.

One-Plane Air Force Sinks Nip Destroyer

AN ADVANCE U. S. 14TH AIR FORCE BASE IN CHINA (AP)—A B-24 team of almost the same lineup which knocked off a Japanese cruiser last Monday blew up a destroyer Thursday night.

Skimming the South China Sea on the first bomb run against a formidable Japanese naval formation, this "one-plane air force" sank a destroyer of the Matsuki class, 60 miles southwest of Hongkong.

Cotton

NEW YORK (AP)—Cotton futures prices Friday noon were 10 cents a bale lower Dec. 21.82; March 21.78; May 21.78.

RAF Tears Into Nazi Electrical Industries

LONDON (AP)—The RAF made a shattering double-header attack Thursday night on Stuttgart, one of the main centers of electrical engineering in Germany, with two large forces of Halifaxes and Lancasters pounding the city four hours apart.

A third large scale attack was carried out simultaneously on Nurnberg, another engineering center, and a further raid was made on Wiesbaden in the Rhineland. More than 1,000 bombers participated in the four attacks.

Crews sailed by the time the last ship started its bomb run over Stuttgart the clouds were lit up by a deep new glow, with planes showing through in places and smoke rising to a height of two miles.

Russians

(Continued from Page 1)

were defying the death penalty ordained by the new Nazi puppet government and fighting German SS units in the city's streets.

Berlin said the new Russian offensive along 60 miles of the Narew River between Warsaw and East Prussia had resulted in enormous Red Army losses. Russian breakthrough attempts between Suwalki and Schirwindt on the eastern frontier of East Prussia were frustrated and the tank army in the Kaiser's deer forest was unable to "achieve a penetration," Berlin said.

Moscow reported further large scale successes in Czechoslovakia, Transylvania, Hungary and Yugoslavia, but did not immediately confirm the capture of Debrecen.

Politicians

Fine Arts Club Gives Program At Federation Meeting

The City-County Federation of Women's Clubs met Thursday afternoon in the home of Mrs. N. A. Lancaster, 1705 W. Indiana. The first part of the program was the radio talk on "Post-War Library for Midland," given by Mrs. L. G. Beyerley. After her address, Mrs. Beyerley returned to the meeting to present more details of the plans for a new library in Midland to the members and guests present.

After a short business session presided over by the president, Mrs. Russell Howard, the program, which had been planned by the Twentieth Century Study Club, was presented. Mrs. W. G. Epley, president of this club, introduced Mrs. Ray Howard of Munday, who gave a very interesting review of the book "Strange Fruit" by Lillian Smith. Effective Tea Table

At the end of the review, refreshments were served from the beautifully decorated and candle-lit, lace-laid dining table. Among the guests and members present were: Mmes. J. A. Winkelman, R. B. Potet, G. A. Wakefield, Wilma Austin, E. R. Powell, Marvin English, W. H. Conking, W. E. Chapman, C. H. Shepard, B. W. Reer, Ivan Hood, John Casselman, James M. Devereaux, W. R. Johnson, Marion H. Funk, S. J. Jones, J. D. McClure, Ray Howard, O. B. Holt, Geo. Glass, Clyde Cowden, Foy Proctor, D. W. Beck, B. Frank Reach Jr., J. E. Phelan, W. E. Anguish and J. Howard Hodge.

Others present were Lloyd C. Mills, S. H. Hudkins, Ernest Neill, Leo Brady, James Breed, Robt. L. Gray, Robert L. Aikin, Lawrence Evans, C. L. Chase, G. B. Bush, J. I. Daugherty, H. S. Collings, Geo. R. Hyatt, Jerry Roberts, A. A. Jones, Robert K. White, Holt McWorkman, O. M. Reeves, Gus Peters, G. L. Kirk, Clint Dunagan, Geo. Kidd, C. M. Goldsmith, R. A. Estes, G. W. Goss, Carl Peay, Frank Monroe and J. B. Koenig.

WAVE ENLISTMENTS STILL OPEN SAYS RECRUITER HERE

Contrary to a current rumor, the Navy is still enlisting WAVES, Gladys Schwendker, yeoman 1/c, who was in Midland on a recruiting trip last week, announced.

Any woman between the ages of 20 and 35 and who does not have children under 18, is invited to contact any of the Naval Recruiting Stations, or to write to the Naval Procurement Officer, WAVES Office, 600 Irwin Street, Dallas, for information and application blanks.

Enlistees are sent to Hunter College in New York for their indoctrination and boot training, from which they may be sent to schools for specialized training or assigned to naval stations.

The bill for overseas duty has been passed recently, and WAVES will soon be serving in stations outside the continental limits of the United States. Overseas duty is, however, on a volunteer basis.

Arrives In England

Mr. and Mrs. Walter Lynch and Mrs. W. E. Lynch have received word that Cpl. David Lynch has arrived safely in England.

Congratulations To

S/Sgt. and Mrs. Mel-don Leslie on the birth of a boy, born Oct. 19 at the MAAF Post Hospital.

OZARKA WATER CO. welcomes these new arrivals. Phone 111 and a bottle of OZARKA will be delivered to you free.—Adv.

Rising Starlet

Ice-skating star Ruth Noland proves that her 4-year-old daughter, Bee Gee Jackson, has the making of a star, too, as they execute a difficult airplane spin on a New York rink.

Expectant Fathers Urged To Put Waiting Time To Good Use

By RUTH MILLETT

An expectant father in Pittsburgh, instead of pacing hospital corridors while waiting for his daughter to be born, asked to be put to work and spent the time productively, cleaning surgical instruments and hospital walls. It was unusual enough to make a news story that was printed in newspapers all over the country.

Think of the energy generations of expectant fathers have wasted by pacing floors, instead of putting that nervous energy to some use. Isn't it strange men never before thought to make good use of the time they spend waiting for their children to be born?

It's especially strange, since women nearly always jump in and tackle a good hard job like housecleaning when they are worrying about something over which they have no control.

Keep Up The Pace But men pace. They pace the floor while they are waiting for the girl they are courting to finish putting on her make-up. Later they pace the floor when they are waiting for wives to get ready for a party. Or when friend wife has agreed to meet her husband at the office at 5 o'clock "sharp"—which somehow usually turns out to be 5:30. And then they pace the floor while their children are being born.

Think what they could accomplish if, like the Pittsburgh father, they put in all the time they spend waiting for women in doing something besides pacing the floor—which never yet has made a woman put on her make-up or have a baby one minute faster.

Always Good

8721 11-18

A breath of spring for your winter wardrobe, crisp and fresh for every occasion. Trim the softly squared collar with flower edging or bind in a contrasting color. Pattern No. 8721 is designed for sizes 11, 12, 13, 14, 16 and 18. Size 12 short sleeves requires 4 1/4 yards of 39 inch material. Long sleeves 2 3/4 yards of 54 inch, 1 3/4 yards to trim collar.

For this pattern, send 20 cents in COINS, your name, address, size desired, and the PATTERN NUMBER to The Reporter-Telegram, Today's Pattern Service, 630 South Wells St., Chicago 7, Ill. The new fall and winter issue of "FASHION" is now ready—32 pages. It's a complete guide to your fall and winter wardrobe. Send for your copy. Price 15 cents.

Social Situations

The Situation: A friend or co-worker borrows a dollar or two from you and doesn't repay it and you know that it is just because the matter has slipped the person's mind. Wrong Way: Say nothing about the money, but never lend that person any more.

Right Way: Remind the person at an opportune moment. (Anyone who is honest would rather be reminded of a debt than to unintentionally beat another person out of it.)

ROBYN MUSIC CLUB PROGRAM FEATURES EILAND FAMILY

The three Eilands were featured on the program of the regular meeting of the Robyn Junior Music Club, held Wednesday afternoon at the Watson School of Music.

Bethal Eiland, president of the club, led the business meeting. Roll call, which was conducted by Wilma Dee Vaughan, was answered with musical quotations.

The meeting was led by Shirley Winter, and the attendance cards were presided over by Katherine Richmond and Joy Hamlin.

Birthdays were extended to Richard Arden Robinson and Mrs. Troy Eiland was introduced as a guest, and Helen Whitley as a new member.

Will Enter Contest It was announced that the members have been invited to participate in the competitive festival which will be sponsored by the Junior Division of the National Federation of Music Clubs, with which the Robyn Club is affiliated.

The program for the day was opened with the recitation of the pledge of the Junior Division of the Federation. The pledge was followed by a guitar duet, "Serenade," by Lois Dee Eiland and Billy La Jean Pigg.

Lois then played a piano solo, "Chromatic Waltz." Bethal Eiland followed with a violin solo, "Pastoral," and Sarah Mary Hunter gave a sketch of the life of Handel. The program was closed with a piano duet, "The Glow-worm," by Eileen and Lois Dee Eiland.

Following the critic's report, the meeting was adjourned with the recitation of the club motto.

Dr. Thompson To Speak On 'The Seamless Robe'

At the Friday night revival service at the First Christian Church, Dr. Roscoe S. Thompson will bring the message, "The Seamless Robe." The sermon will deal with the life, the crucifixion and the resurrection of Christ.

The service will begin promptly at 7:30 o'clock and conclude by 8:20 o'clock to give all who desire to attend the football game, which begins at 8:30 o'clock, the opportunity to do so.

The revival services have been splendidly attended. All are cordially invited to attend any and all remaining services.

WASHINGTON'S HAIR

George Washington, contrary to popular opinion, did not wear a wig. His hair usually was worn turned back, and tied in a queue behind.

FURNITURE WANTED

We want any kind of used furniture and stoves. We pay highest prices.

Liquid Tint Is Best Way To Make Back Glamorous

By ALICIA HART
NEA Staff Writer
Take a look at your back. Other people will, when you wear blouses with scooped-out necklines and evening gowns with waist-plunging V's. That is why, if you want your back to look glamorous, it needs make-up.

For the kind to apply, listen to Leah Ray, charmer who acts and sings on Morton Downey's network show, who says to make it a liquid tint that can be counted upon to gleam.

"Skin that's been exposed all summer is apt to be dry," says Leah, "and make-up with a cream base is both softening and glamorizing."

But key your make-up tint to the predominant tone of your skin—even a freckled or tanned skin—Leah reminds you. Trying to whiten up your back with a cosmetic cover is a mistake.

MAAF Laundry Turns Out 680,000 Pieces In Month With Less Than Half Of Workers Allowed By WMC

By JOHN H. FLEMISTER
Residents of Midland are not the only persons having laundry trouble. Officers and cadets at Midland Army Air Field are having some slight difficulty getting their laundry returned as promptly as they would like.

The laundry at the field has the best of equipment, but those in charge of operation of the laundry have not been able to obtain enough employees to operate the plant at near capacity.

Lt. Col. Gilbert Naramor, post quartermaster, pointed to the fact the laundry serves seven fields in this section. They are MAAF, Midland Municipal Airport, Big Spring Army Air Field, Lubbock Army Air Field, South Plains Army Air Field at Lubbock, Pyote Army Air Field and the Army Air Field at Hobbs, N. M.

Army regulations provide only civilian employees, other than key executives, can be used to operate the plant. Right now the MAAF laundry is being operated with less than half the number of employees allowed it by the War Manpower Commission.

Priority System Established
Since the laundry does not have enough workers to turn out all the work which the laundry can accept legally, a priority system has been

established for the acceptance of bundles. The enlisted men's bundles come first. Next, the laundry accepts hospital and government bulk work, and last officers' bundles.

At present the MAAF laundry does not have a sufficient number of workers so laundry for officers can be accepted. As Colonel Naramor pointed out, this throws an additional strain on the overburdened civilian laundry facilities in cities near the fields.

With a limited staff of workers the laundry turned out 680,000 pieces last month, or 27,000 bundles.

Workers at the MAAF laundry are under civil service. Their hours are from 8 a. m. to 4:30 p. m. daily, except Sunday, with 30 minutes off for lunch. They work 48 hours a week with time and a half being paid for the eight hours.

Many Safety Devices
All equipment at the plant has been designed with safety of the workers in mind. On all of the presses there is a button at each end of the press, and both of these buttons must be punched before the press will fall. Since the worker must have both his hands on the buttons, the press cannot fall on one of them.

The sheet and flatwork ironer has a safety device which stops operation of the ironer if he gets his hand too near the rollers. Incidentally, the ironer smooths out 675 sheets an hour.

"Prompt return of enlisted men's laundry is an important morale factor," Colonel Naramor asserted. "An enlisted man doesn't feel very well when an inspection is coming up and his clothing is in the laundry. Soldiers returning from battle lines ask for clean clothing and a bath before anything else."

Lt. Robert G. Cook Jr. is in charge of operation of the laundry with Lt. William H. Lynn assisting. Shirley Mincey is superintendent; Sam Holmes, chief mechanic; Charles H. Stanley, general foreman; Doris Little, chief clerk, and Troy Strong, plant engineer.

Plans Completed For Big Barbecue Sunday For Overseas Vets

Plans were completed Friday by Mr. and Mrs. J. E. (Bob) Hill to entertain a thousand men and women who have served overseas in the armed forces, their wives, children and sweethearts at the Hill home, 1208 West Texas Street, with a real West Texas barbecue at 1 p. m. Sunday.

The Grey Ladies of the American Red Cross, Rotary-Anns and the USO are cooperating to make the barbecue an outstanding event in Midland's history.

Luther Tidwell, general chairman in charge of food, said Friday all committees are busy and the barbecue will be one of the finest ever served in West Texas.

Being As The Old Grey Mare Aint What She Was

CARROLLTON, ILL.—(AP)—Dobbin's favorite parking place in Carrollton for the last 100 years, a hitching rack which surrounds court house square, is on the way out.

Proposals to remove the relic of horse and buggy days have been before the county board of supervisors many times in the last 20 years, but always there were sufficient protests to keep it. Latest hearing on the proposal brought no objections.

OBTAIN MARRIAGE LICENSE

One marriage license was issued Friday at the office of County Clerk Susie G. Noble. It was for William W. Mason and Helen Marie Katzfe.

BROWNWOOD VISITOR HERE

Mrs. A. C. Flemister of Brownwood is in Midland visiting her daughter, Mrs. E. N. Stracener, and her son, John H. Flemister.

Texaco -

(Continued From Page 1)

well flowed 38 barrels of oil in about two and one-half hours, natural.

Upper Section Yet To Test

The section being tested is below the horizon where best shows for production were found when the well was being drilled. That zone will be tested after the lower formations are checked.

Skelly Oil Company No. 1 Hodges, section 446, block 10, Gibb survey, West-Central Yoakum County exploration was due to treat the San Andres zone above plug-back at 5,302 feet with 10,000 gallons of acid. The section had been washed and shot with 500 gallons of mud acid. Slight recovery of free oil had been reported following that injection.

DST In Lubbock

Magnolia Petroleum Company No. 1 Johnson, section 88, block C, D&W survey, in East-Central Lubbock County, was taking a drillstem test to the total depth at 6,311 feet in the lower Clear Fork lime, after having oil odors in drilling samples.

Magnolia No. 1 State-Hart, section 8, block 3, H&C survey, North-Central Pecos County, prospector two miles southwest of the Abell pool, was coming out with a core taken above 5,609 feet in the Simpson zone of the middle Ordovician.

A core at 5,572-91 feet had a recovery of 18 feet. Top 12 feet was gray to white sand with streaks of shale with no oil shows. Bottom six feet was gray to white sand with slight oil odor in spots.

In Rustler Dolomite

Standard Oil Company of Texas No. 1 Bonebrake, section 49, block 1, H(P)GN survey, in Northwest Pecos, was coring below 1,917 feet in Rustler dolomite topped at 1,914 feet on an operation of 2,562 feet. On a drillstem test for 27 minutes at 1,855-1,917 feet, there was a steady blow of air throughout the period and recovery was 243 feet of drilling mud with no shows of oil, gas or water.

Nelson Going Ahead

Richmond Drilling Company No. 1 Nelson, section 34, block M, EL survey, Northwest Dawson County, exploration, was drilling ahead below 4,965 feet in lime.

During the 24-hour period prior to resuming drilling the well swabbed between 24 and 25 barrels of oil and about six barrels of water.

Humble Oil & Refining Company No. 1 Puckett, section 150, block 3, TP survey, 11 miles southwest of Fort Stockton in Central Pecos County, has been abandoned and will be plugged on a total depth of 3,255 feet in lime and chert. It recently took a drillstem test which showed no signs of petroleum.

Sinclair Prairie No. 1 H. S. Ratliff, 440 feet from the north and west lines of the northwest quarter of the northwest quarter of section 3, block 42, TP survey, T-1-S, is 1,397 feet northeast of closest producer on the northeast side of the North Cowden field in North Ector County. It is to drill to 4,650 feet, starting soon.

More Acid For Martin

Sun Oil Company No. 1 Martin, section 17, block A-41, psi survey, South Andrews County wildcat testing through the San Andres on its way to the Ellenburger at around 11,000 feet, re-treated with 3,000 gallons of acid at 4,286-4,381 feet and was reported to be swabbing around two barrels of clean oil hourly, early Friday morning.

Sun No. 2 Keystone, section 4, block 77, psi survey, North Winkler County lower Ordovician prospect, cored at 9,746-64 feet in Simpson. Recovery was 10 feet of hard shaly sand with a slight gas odor. It was taking another core.

Shell Oil Company, Inc. No. 4 Sealy-Smith, section 39, block Z, G&MB&A survey, southeast extension to the Monahans Ellenburger field in Northeast Ward County, was shut in after flowing at the rate of 50 barrels of oil per hour for six hours through casing. It would not flow through tubing.

Maybe This Is The Ideal Campaign Way

KANSAS CITY—(AP)—Pvt. John W. Mitchell, USMC, Republican candidate for the U. S. House of Representatives, spoke very briefly at a reception by admirers Thursday night.

"Because of Marine Corps restrictions I shall make no speeches and no promises," and then he added: "I shall not campaign in the usual sense."

Who's Gonna Pay for the Party?

Why should YOU worry if the GOVERNMENT goes in debt THREE HUNDRED BILLION DOLLARS this year? If the government keeps on spending more than it takes in—as it has for 14 years—what of it? Won't they find some way to pay it off? Yes, Mr. Taxpayer—they sure will!

Be Kind to Your KIDNEYS
Drink delicious Ozarka health water, free from chlorine and alum. "Of value in treatment of irritable conditions of the genitourinary tract." Shipped.

Ozarka WATER CO.
Midland, Tex.—
Phone 11-402 S. Big Spring

WONDER WHAT THEY ALL DO?
1. Why worry, if they're paying THREE MILLION federal employees in NON-WAR jobs, \$646,372,969 a year? Three and a half times as many as in World War I. In 18 states, more FEDERAL employees than all state, county and city employees COMBINED.

LET'S SEE WHERE THE MONEY WENT
2. Why worry, if 32 government corporations and agencies render NO ACCOUNTS to the General Accounting Office? THEY spend—and only THEY know what they spend it for. But why worry?

BAH! YOU GOT PLENTY
3. Is it any skin off your nose, when in one year—the last year they showed Congress a balance sheet—those same federal corporations showed a net loss of \$1,654,000,000.00?

AW, HANG THE EXPENSE
UNCLE SAM'S GOT PLENTY!
4. Why worry, if NON-WAR agencies of the government spend 30 MILLION DOLLARS a year for telephone calls alone? And telephone, telegraph and travel expenses run way over 100 MILLION a year? And operate 19,000 automobiles?

HEY WAIT!
5. Should YOU worry, that the OVERHEAD—the paper and office work carrying out the subsidy program "to keep prices down"—costs at least 150 MILLION DOLLARS A YEAR? Enough to buy 429 Flying Fortresses—loaded, equipped and ready for combat!

COST \$1,000,000.00 FOR SALE CHEAP (SLIGHTLY USED)
LOOKS LIKE SOMEONE LOST HIS SHIRT!
6. Should YOU worry when the government paid \$907 an acre for land for a Government Housing Project in Versailles, Indiana—land assessed at \$50.50 an acre? Or when it spent \$43,000 per family housed in the Kingsford Heights, Indiana, project? Or when it built 950 workers' dormitories in Radford-Pulaski, Virginia—NONE of which is occupied?

DOMINION OF CANADA
AAA
PRETTY AINT THEY YES BUT AINT WE GOT OIL?
7. What do you care if the government spent over 100 MILLION DOLLARS in drilling for oil in CANADA—to get no more oil than three or four tankers could easily bring from California?

JUST BORROWING FROM OURSELVES!
8. Does it hurt you, when the government takes your social security taxes and uses the money for something else? Is the government just "borrowing from itself?"

PROPAGANDA
WHO'S GONNA READ IT ALL?
9. Any reason for YOU to get excited about 31,000 people engaged as federal press agents, at \$27 million a year? Should YOU worry about the bureau spending \$69,200,000 a year for publicity alone—just to tell us how good they are?

Brother Can You Spare \$7,848,000?

Yes, that's your family's share of this enormous debt. It's the "government's" debt? Say—go look in your mirror. When you do, you're looking at the government. Where else does the government get its money from, but YOU?

We just owe it to ourselves, do we? Then why not just call off the whole debt? Why not just burn the bonds? But, wait—wouldn't that break every life insurance company? Why sure—quick. Because they have really dug down deep to buy war bonds. Better talk that over with your wife! And it would break every bank the same way. And you know what THAT would do!

How CAN we get out from under that debt? Why, just one way—we can WORK our way out. Keep business humming in this country, and, while it won't be easy, we can do it. IF we cut expenses to the bone. If we send practical men to Washington who will cut out the waste—and the fat bureau jobs! Men who will obey the Constitution!

The only money the government has to spend is YOUR money. Send men to Washington who will handle YOUR money as if it was their own!

GERMANY WILL TRY IT AGAIN

By Sigrid Schultz. Copyright, 1944, by Sigrid Schultz. Distributed by NEA Service, Inc.

As an American newspaper correspondent in Berlin from 1919 to 1941, Sigrid Schultz saw at first hand the events that led from World War I to World War II. And she saw the behind-the-scenes preparation for the coming "war-in-peace" that she warns may culminate in World War III. This is the story of Germany's plans to win the peace, plans that even now are being put into effect.

windows left open for the purpose. A few people discussed the necessity of making some kind of protest. But if the attempt of the army officers had met only with punishment, what could anyone else do?

The Nazis found a simple way of handling foreign reaction. They told their agents abroad to brand any report of crimes an "untrue atrocity story, reminiscent of the propaganda campaigns of World War I." They knew that anything labeled "propaganda" is disbelieved in America. The method worked perfectly—at least until Pearl Harbor. Many people in the United States read the reports of crimes perpetrated by the Nazi troops as if they were detective stories, horror stuff, that might raise some gooseflesh, yet need not be taken seriously.

But the German people learned with surprising speed the truth about the German bestialities in Poland, as it had known about the murder of Czechs after the rape of Czechoslovakia. And why? They were told by their government—to compel them to share the guilt of what was done. On the whole the people reacted with unforgivable indifference.

AFTER the first reports of the mass murders committed by the Nazis in Poland, I happened to meet the leader of the women in Poland, Dr. Erich Hilgenfeldt, at an official reception in Berlin. He talked a lot about the constructive welfare work done by the Germans. I used that as a starter for some discreet questioning.

He was not in the least reticent. Instead he seemed eager to talk. He called over two other Schutz Staffel officers to satisfy my curiosity. After some conversation, the officer with the most silver braid on his black uniform said petulantly, "I don't see why you Anglo-Saxons get so excited about what happens to a few Poles. Your reaction shows you and your coun-

trymen do not have the scientific approach to the problem." One of the men in the group was Dr. Roland Freisler, secretary of state in the Ministry of Justice. One always had to be careful in talking with men of his type, but science is a safe subject for starting a Nazi off to say more than he means to. The three men gave me a revealing lecture when I accepted the bait and asked, "And what is the scientific approach?" "Do you people realize what is happening to the white race?" This was the near-sighted Nazi with thick-lensed glasses. I admitted that I did not know the German "scientific" version.

"FOR every 22 persons of pure white blood born every minute, there are 85 Slav births. If that should go on, by 1960 the Slav populations, including the Poles, would have double the numbers of the white populations." Hilgenfeldt looked at me, obviously expecting me to be shattered by this revelation. Years of reporting had taught me that one can do anything with statistics. I merely said, "Do you mean to say that the Slavs do not belong to the white race?"

Certainly not. Or at least on a very inferior level. Hilgenfeldt, the racial "scientist" of the Schutz Staffel, almost snarled as he moved away. Freisler took his leaving as a signal that he could speak freely.

"We indulge in no false sentimentality," he said. "We shall not allow any of our neighbors to have a higher birth rate than ours, and we shall take measures to prevent it. The Slavs outnumber us." It seemed that the Slavs and the Jews would be permitted to survive if they worked for Germany. "But only if they work for us," he repeated. "And we'll see that they work as we want them to. If they don't they can starve."

Then Freisler touched on the crux of the matter. "We'll see that none of their men will ever get enough education to become leaders." And added, "When 1960 comes, we'll see that the birth rate is in our favor, not that of any Slavs." (To Be Continued)

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY, America's Card Authority

Ernest Rovere of San Francisco spent several weeks in New York recently, and played some rubber and duplicate bridge. I saw him handle a situation in a rubber bridge game very well. His one no trump bid was sound enough, but North's bid of two diamonds was a little optimistic and caused Rovere to go to three no trump. West took a little time before passing three no trump, indicating that he might hold the missing strength.

Rovere won the opening lead with the king of spades and immediately laid down his king of diamonds. Once more West made the mistake of hesitating, then played a small diamond. The jack of dia-

monds was led, and when West played the eight, Rovere gambled the entire hand on the assumption that West held three diamonds to the ace. He overtook the jack of diamonds with the queen and immediately led back a small diamond. Rovere won and returned the ten of spades. Rovere won in dummy with the queen, then cashed his two good diamonds.

KWBU OPERATIONS TO BE INVESTIGATED
WASHINGTON—(AP)—The operations of radio station KWBU of Corpus Christi, principally controlled by Baylor University, Carr P. Collins and the two sons of Senator O'Daniel (D-Texas), are scheduled for a review by the Federal Communications Commission before it acts on the station's application for a regular broadcasting license.

Hurricane Causes \$20 Million Loss

TAMPA—(AP)—A broad carpet of fruit lay on the ground Friday, marking the path of a hurricane which swept through the rich Florida citrus section and caused damage to grapefruit and oranges estimated up to \$20,000,000. The storm, which entered Florida near Tampa Thursday, caused damage all the way from Fort Myers, and over the large part of the great ridge section, as it roared toward Jacksonville and beyond. Telephone lines were down, and it was difficult to get a broad picture. All authorities said it would be days before the full extent of damage would be known.

Kerr Says Dewey Ignores Agriculture

WICHITA FALLS—(AP)—Gov. Robert S. Kerr of Oklahoma told a Roosevelt-Truman campaign rally here that Republican Presidential Candidate Thomas E. Dewey had "thus far made 12 major campaign speeches without any pretense of discussing agriculture." "It is possible that the greatest industry of our nation, the foundation of our wealth and our existence, the means of livelihood of more than 40 per cent of our entire population, is of such little note to him that he would up to this late hour ignore it," said Kerr Thursday night. "Can it be that he is entirely ignorant of it, or is he still waiting for some poll to guide him to what would be the vote-getting position to take?" "As the polls go, so goes Dewey!" Kerr, militant supporter of the Roosevelt administration, made the

Southwest Grid Teams Get Down To Serious Work

By HAROLD V. RATLIFF
Associated Press-Sports Editor
Southwest Conference football teams get down to serious head bashing Saturday.

Maybe some of them have taken lusty thumpings outside their own backyards but that's water under the dam. They're playing for agates this time.

It's the full-fledged opening of the championship race with this line-up: Southern Methodist vs Rice — Two teams rated in most quarters with the best chance to stop Texas battling it out.

Texas Christian vs Texas A. and M.—The Horned Progs will be fighting against elimination (they already have a half-game loss against them as the result of a 6-6 tie with Arkansas).

Texas vs Arkansas at Little Rock — First conference game for Texas but Arkansas is in the same shape as T.C.U.

The majority of forecasts say Southern Methodist, A. and M. and Texas will win. But it could be the other way around and cause no ripples of amazement.

Large Attendance Expected At Game

Ticket sellers at the Chamber of Commerce were scraping the bottom of the barrel Friday morning for reserved seats for the Friday night football contest between the Midland High School Bulldogs and the Big Spring High eleven.

Advance sale of reserved seats for the game were running ahead of these for the Plainview game on morning of game day, ticket sellers said.

Use Proper Gates
Attention of those attending the game was called to the fact they will find it much more convenient if those using the west stand will use the west gate, while those who will sit in the east stand should use the south gate.

Ticket booths at the stadium will be opened at 6:30 p. m. for sale of unserved seat tickets. The gates will be opened at 7 p. m., and the game will start at 8:30.

Captain McPherson Returns For Visit

Chaplain Fred McPherson, former pastor and founder of the Calvary Baptist Church, has returned from serving 11 months overseas in the South Pacific area and will preach at the Calvary Church Sunday morning.

Captain McPherson resigned his pastorate in July, 1942, to enter the Army as a chaplain. He has been returned to the United States for hospitalization and is now on a 30-day leave.

The Baptist minister came to Midland in 1940 and held a revival meeting in a tent. Following the revival he led in the organization of the church.

His wife and son live at Stanton, where Mrs. McPherson is a teacher in the schools there. His mother and sister live in Midland.

Reporter-Telegram Is Ace High With Marine

The Reporter-Telegram runs second only to ownership of a farm in the estimation of Pvt. Walter E. Whitmore, Midland County Marine now serving in the Pacific theater.

Whitmore wrote the Midland County Agricultural Postwar Planning Committee in answer to its inquiry as to what he wanted most to do after the war he wanted to own a small farm and next to that he wanted "just one good old Reporter-Telegram."

Burglary Charge Is Filed Against Negro

A charge of burglary was filed with Justice of the Peace B. C. Girdley Thursday afternoon against Walter Brunson Jr., 17-year old negro, asserting he cut the screen of a residence and stole a watch.

The negro was described by police, who arrested him, as "the fastest running negro in town."

Midlanders Shiver In Cool Early Morning

Midlanders continued their early morning shivering Friday as the thermometer registered a coolish 50 degrees from 5 to 9 a. m. This was slightly above Thursday's low of 48 degrees, but not enough to make much difference.

A maximum temperature of 70 degrees was registered Thursday from 4 to 6:30 p. m.

California is named after an imaginary island figuring in an old-time romance.

Former Texas Students Vote To Back Rainey

Midland's ex-students of the University of Texas in a meeting Thursday night adopted a resolution praising the administration of Dr. Homer P. Rainey as president of the university and deploring the quarrel which has prevailed in university circles.

The motion for adoption of the resolution provided for a copy of the resolution to be sent to the board of regents, Dr. Rainey and to Governor Stevenson. The motion for resolution pointed out ex-students might not have all of the facts in the present controversy between Dr. Rainey and the board, and the resolution was adopted as the view of the ex-students in light of facts available.

Following adoption of the resolution Jean Lewis was elected president of the Midland ex-students; Mrs. Alma Thomas vice president, and Joe L. Moore, secretary.

The petition for adoption of the resolution was presented by Mrs. Alma Thomas, vice president, and Joe L. Moore, secretary.

Activity Light In District Court Here

District court activity in Midland was limited Thursday. District Judge Cecil C. Collings stopped by on his way from Odessa to Big Spring and granted one divorce.

The petit jury summoned for next week has been notified not to appear as its services won't be needed. The man scheduled to have been tried next week on worthless check charges has been transferred to San Angelo instead.

Midland Meets Big Spring In Conference Tilt

Friday night at 8:30 o'clock, the Big Spring Steers will meet the Midland Bulldogs in what may be a tight game. The Steers have been working out on almost the same tactics as the Bulldogs, both on the defense and the offense, with the result that the canine-bovine engagement may see many hard clashes.

The teams add up to just about the same weight, but the Bulldogs have the advantage of having their weight more evenly distributed throughout the line and the backfield.

Bulldog Fullback M. C. Hale is still the heaviest man on the squad, tipping the scales at 170 pounds, and Quarterback Wilbur Yeager is the lightest at 130.

The Steers boast of a 215 pound tackle, Bryan, and a 196 pound guard, Rusk. Their backfield averages 146 pounds with the weights ranging from 133 to 160 pounds.

Fete Cook is the Big Spring lad with the toe that adds up the nec-

cessary points. We hear that Coach John Dibrell is fond of the second and third down punt which Ablene used so effectively against Odessa a couple of weeks ago. Also Pete Cook is the boy who, along with Cochran, carries the ball for the Steer yardage.

The Steers will have Cunningham and Huett as ends; Bryan and Harris as tackles, Clinkscales and Rusk at guard with Smith at center. The backs are McLaren, Cochran, Hardy and Cook.

The Bulldogs will start Hyatt and Miller at end, Funk and McNeal at tackle; Gerald and Leftwich in the guard slots and Jimmy Edwards centering. Hale, Richards, Roy and Yeager build the backfield.

Ticket sales indicate a large crowd for the game. According to the coaches, the boys of both teams all are in good shape physically.

His Passing . . . His Running

A lot of the Midland Bulldogs' hope of victory is centered on the passing arm of Halfback Bill Richards, left, and the driving legs of 170 pound Fullback M. C. Hale, right, veteran Bulldog backfield men who will meet the Big Spring eleven Friday night at Lackey Field.

Sports Writers Select Waco As No. 1 Grid Team

By The Associated Press
Coach Harry Stiteler of Waco will be glad to know he has the No. 1 schoolboy football team of Texas.

That's what the sports writers say and naturally Diplomatic Harry wouldn't insinuate they didn't know their stuff.

A poll conducted by The Associated Press drew votes from every section of the state Friday to rank the top ten teams in this order (rankings based on 10 votes for first place, 9 for second, 8 for third, etc.):

1. Waco—150 votes.
2. San Angelo—132.
3. Lubbock—115.
4. Amarillo—87.
5. Highland Park (Dallas)—82.
6. Lufkin—67.
7. Tyler—65.
8. Vernon—34.
9. Austin—28.
10. Brackettville (San Antonio)—27.

Honor To Bebeats

While Waco led in the total vote, it did not lead in first place ballots, an honor going to defending state champion San Angelo despite its early season loss to Lubbock. The Bebeats drew seven first places while Waco had five.

The next ten teams were as follows:

11. Sweetwater—25 votes.
12. South Park (Beaumont)—24.
13. Kerrville—21.
14. Port Arthur—18.
15. Sunset (Dallas)—14.
16. North Side (Fort Worth)—13.
17. Marshall—12.
18. Brackettville—11.
19. Abilene and Waxahatchie tied—9.

North Side of Fort Worth continued undefeated and untied by whipping Masonic Home of Fort Worth 32-6 in a District Seven game—one of the few carded

Thursday night, Reagan (Houston) beat San Houston (Houston) 26-6, and St. Thomas (Houston) downed Stephen Austin (Houston) 27-7. San Antonio Tech beat Sidney Lanier (San Antonio) 14-2.

Hoople Bobs Up With New Plan And Long Shots

By MAJ. AMOS HOOPLE
Fourth Down, 99 To Go

By Noah's beard, if it is upsets my millions of avid readers demand, here they are—bar-rump!

Egad! I have some perfectly ripping surprises on the card Saturday. Who but Hoople would pick Wisconsin to defeat the mighty Irish? And will they be surprised in Columbus when it dawns upon the Buckeyes that Great Lakes has defeated their pride and joy? The lights will go off in Lexington, too, believe me, brothers and sisters, when Virginia Military noses out Kentucky, 14-13.

I'll wager many of my more ardent followers will be wondering how I ever arrived at these scores. Of course I cannot lay bare all my secrets, but I'll give you an inkling. Your prognosticator is picking

- Friday night, Bulldog versus Steer. Either Midland will have a four out of five record or it will drop to slightly above fifty per cent with a measly three wins out of the five starts.
- The Steers are not coming to Midland for the bus ride. They are coming to play a game of football that will add the Midland scalp to their belt, just as the Bulldogs hung up the Steer hide to the tune of 13-0 last season.
- We watched the "B" string of the Bulldogs play the Junior High team at Big Spring Thursday night. The score ended in a seven up tie but the play revealed that Midland won't be out of football material if the present Bulldogs should decide to take a trip.
- Anguish Is Star**
Little Buddy Anguish was all over the Big Spring gridiron tackling and carrying the ball for some smart yardage. Quarterback Burton Stringer, while he still has to learn some football engineering, did some nice playing, being the boy who carried the ball over the goal line for the Bulldog tally. Stringer passed to End Billy Henshaw for the extra point.
- The biggest criticism we have to offer on the Bulldogs is the fact that the line does not hold on the offense. Bit on the defense, the boys sited through the Yearlings like a knife through hot butter.
- Coach Jack Mashburn has handled the coming Bulldogs well. The boys revealed they were organized the whole time they were on the field and played heads up football for the four quarters. The only thing that was against them was their inexperience. They made blunders, yes, but as one of the coaches said, "They have to make a certain number of mistakes and it is better for these to work themselves out in the Bulldog games than later when the boys make the first string."
- There was one thing that should go on record: The Bulldogs played a hard game—running hard and tackling hard.
- Trying To Pick 'Em**
A little more confident after picking the Cards to beat the Browns in the World Series, we return to the weekly gridiron guessing game with the hopes that we'll be somewhere close.
- Navy-Georgia Tech—Unbeaten, unscored on Tech may give the Middies an argument but this Navy

these three upsets by Avogadro's hypothesis concerning equal volumes of gases in their relation to equal numbers of molecules. It is based on Gay-Lussac's law, I believe—hak-kaff!

That will be enough for now! (Ed. Note: A mild understatement.) But, go on, and peruse the forecast.

Read the classifieds.

Rock-a-By Baby

Sleeping like a cherub or up and doing every moment—no matter which baby must be kept toasty warm these chilly days, and we've just the snug clothes to fill the bill! Wee tiny shirts, adorable "bunting" suits, sacques, caps, mittens, blankets—all made from the softest, downiest materials to hug baby in warm comfort day or night.

Cute cotton dress and sturdy overalls will suit big brother and sister just fine! They'll be the envy of their nursery school friends in these diminutive play clothes made for active days—and they're so easy to wash and iron.

BUY BONDS FOR BABY'S FUTURE

Dunlap's

eleven is due to really break lose one of these days. This may be the day, Navy.

Great Lakes-Ohio State—There'll be no secrets since Lt. Paul Brown left the Buckeyes to coach the sailors and Carol Widows was named by Brown as his successor. On the basis of a veteran line and a wealth of good backs we give you Ohio State.

Tulsa Is Favored
Tulsa-Mississippi—Tulsa is looking for a bowl bid and "Ole Miss" isn't going to stop the Oklahomans, Wisconsin-Notre Dame—This'll be No. 4 for the nation's No. 1 team, Notre Dame.

Illinois-Pittsburgh—The Illini haven't got much in the way of a defense but they have fleet Buddy Young and it'll take a lot of touchdowns to beat him, Illinois.

Brown-Holy Cross—Of the records it'll have to be Holy Cross.

Texas-Arkansas—Texas without hesitation.

Purdue-Iowa—The Hawkeys haven't shown enough to stop the Boilerbakers' parade to at least a share in the Big Ten title. Purdue-U. S. Coast Guard-Army—The Cadets warm up for their game with Duke next week. Army.

Selects UCLA
St. Mary's Pre-Flight-UCLA—UCLA tied Southern Calif.; the Pre-Flighters lost to the Trojans. That adds up to UCLA.

Rice-Southern Methodist—Heads its Rice, tails its the Methodists. The coin came down heads.

Indiana-Northwestern—We hate to admit it but it looks like our alma mater is headed for its fourth straight defeat, Indiana.

Auburn-Tulane—Dub Jones to lead Tulane to victory.

Kansas State-Oklahoma—No need of doing any heavy thinking, Oklahoma.

Alabama-Tennessee—This is supposed to be a real Alabama team. Tennessee may surprise, but we'll string along with Alabama.

Iowa State-Missouri—The Navy trainees at Iowa State will prove the difference.

Texas Christian-Texas Aggies—It's the Aggies by a comfortable margin.

Lights Go Out But Money Not Refused
BIGLERVILLE, PA. (AP)—The lights went out with two minutes left in the first half and the score 6-0—who won?

Coach Hen Bream of Biglerville High School, whose team hadn't scored, wants to play it over.

Coach Charlie Spangler believes his Red Lion gridgers can claim a victory because, he says, refusal of authorities to refund spectators' money makes Thursday night's game official.

Bullpups Tie Jr. Steers 7-7

BIG SPRING—The Midland Bullpups tied the Big Spring Yearlings Thursday night 7-7 in a game which featured brilliant play as well as some of the hottest blunders that have been seen on a gridiron for some time.

Pete Fuglaar, of the Yearlings, claimed the spotlight and scored the Big Spring tally plus the extra point.

No less shining were Buddy Anguish and Burton Stringer, on the Bullpups, whose play went far to make up for some Bullpup blunders which had Coach Jack Mashburn pulling his hair. Scrogin played a nice game.

Scored In First Quarter
The Bullpups scored in the first quarter when Stringer ran the ball over on a line plunge, after the team had worked it down the field. A pass from Stringer to Billy Henshaw, who was across the goal line,

accounted for the extra point.

The Big Spring eleven then held them until the half, following which they pushed a score over for themselves when Guard Pete Fuglaar drove through the clinging bunch of Midlanders for six points for his Yearlings. Fuglaar then crashed through for the extra point which tied the game.

The remainder of the third period and all of the fourth saw both teams threaten but no scores were made.

The lineup:

Bullpups	Pos.	Yearlings
Henshaw	LE	Jones
Connor	LT	Wright
Scrogin	LG	Ogers
Cox	C	O'Brien
Wilson	RG	Fuglaar
Johnson	RT	Collins
Timmons	RE	Thomas
Stringer	QB	Warrell
Anguish	LH	Campbell
Clark	RH	Shaffer
Ley	PB	Madison

Tickets Move Good For Superbomber Tilt
A fair delegation of Midland football fans will be present at Odessa Saturday night to witness the football contest between the Superbombers and the North Texas Agricultural College eleven.

Ticket sellers at the Chamber of Commerce, where tickets for the game are on sale, reported Friday morning 120 tickets to the contest have been sold.

Sgt. Joe DiMaggio In Army Hospital

SAN FRANCISCO (AP)—S/Sgt. Joe DiMaggio, former New York Yankee outfielder, Friday was in a Hamilton Field hospital after being flown back from Hawaii "for medical observation and treatment," the Army announced.

The nature of his illness was not revealed by the Army but previously published reports from Honolulu said he had been suffering from a stomach ailment.

Superbombers Promise Colorful Gridiron Display
ODESSA—Big-time football atmosphere comes to this city Saturday night when the Second Air Force Superbombers, featuring a galaxy of former college stars, oppose the North Texas Aggies in Fly Field at 8:15 p. m.

A crowd of 8,000 soldiers and civilians is expected to attend the GI gridiron spectacle, which is nearby Pyote Army Air Field's home game on the 2AF's 13-contest football schedule. Soldiers from Midland, Pecos and Big Spring Army Air Fields also will attend. The Pyote band will perform in pre-game and between halves ceremonies.

This will be the first appearance of the 2AF eleven in this district in two seasons of football, during which it has lost only one out of 19 games under the coaching of Major William (Red) Reese, former Eastern Washington mentor.

Out for their seventh victory in eight games this year, the Superbombers were due to land at Pyote Air Field late Friday afternoon from Colorado Springs, Colo., headquarters of the 2AF.

Dominated by Navy V-12 trainees, the Aggies will arrive at Midland Saturday morning from Arlington, Texas, and will be quartered at the Midland Army Air Field until game time. The blue and white, which held Randolph Field to a 20-13 victory in 1943, has captured only one out of four games this year. It is expected to offer traditional Navy fight against the Army team, although the Superbombers are overwhelmingly favored in the rating of grid experts.

Cowboy Eddie Curtis Earns First Prize

NEW YORK (AP)—Cowboy Eddie Curtis of El Reno, Okla., earned first prize in Thursday night's bareback bronc riding contest at the Madison Square Garden Rodeo, piloting up valuable points for the 29 final championship ratings.

Paul Gould of Deming, N. M., took second money with Pearson Webb of Hamshire, Texas, placing third.

Results in other events were:
Calf roping: Won by Dick Truitt, Stonevall, Okla., 18 seconds; second, Billy Breen, Tucumcari, N. M., 22 1/5 seconds; third, Walton Poag, Rankin, Texas, 22 3/5 seconds.

Saddle bronc riding: Won by Shirley Hussey, Moses Lake, Wash.; second, Jackie Cooper, Newhall, Calif.; third, Kid Roberts, Strong City, Okla.

Steer wrestling: Won by Dave Campbell, Halkirk, Alberta, Canada, 5 4/5 seconds; second, Louis Brooks, Pittsburg, Okla., 6 2/5 seconds; third, Bob Olson, Helena, Mont., 7 2/5 seconds.

Bull riding: Won by Glenn Tyler, Modesto, Calif.; second, Dick Griffith, Scottsdale, Ariz.; third, Bob Estes, Baird, Texas.
