## More Yanks Landing In Philippines

### Jap Losses Exceeding Estimates

By RAY CRONIN  
Associated Press War Editor

As American soldiers on Leyte Island continued their slashing attacks against demoralized Japanese troops, Radio Tokyo admitted Saturday that heavy U. S. reinforcements were landing and that the Philippine situation was serious for Nippon.

American airmen relentlessly pursued remnants of the defeated Japanese fleet in waters west of the Philippines. Evidence multiplied to indicate that the Nippon defeats in the sea battles of the Philippines were greater than reported officially.

One estimate listed 40 Japanese men-of-war sunk or damaged.

Powerful Japanese armies on the Asiatic continent were smashing into the very heart of China's vital southern defense system.

The critical military situation within China was officially reported almost simultaneously with a Washington announcement that Gen. Joseph W. Stilwell has been relieved of his China-Burma-India command to take a "new and important assignment." Some quarters thought the General might lead an invasion army into China when such an operation is ordered by the high command.

Tokyo said between 20 and 30 Yank transports landed reinforcements on Leyte Saturday and added "thus the enemy is throwing in all his strength to determine the fate of the Pacific."

**Critical Situation**

The critical military situation within China was officially reported almost simultaneously with a Washington announcement that Gen. Joseph W. Stilwell has been relieved of his China-Burma-India command to take a "new and important assignment." Some quarters thought the General might lead an invasion army into China when such an operation is ordered by the high command.

Tokyo said between 20 and 30 Yank transports landed reinforcements on Leyte Saturday and added "thus the enemy is throwing in all his strength to determine the fate of the Pacific."

### Dewey Demands End Be Put To 'Generalities'

By GARDNER BRIDGE  
SYRACUSE, N. Y. — (AP) — Gov. Thomas E. Dewey, in a speech directed to the nation's farmer, demanded Saturday "an end of generalities about the abundant life from a government which for eight long years promoted a chattering rear of production."

The Republican candidate for president, speaking from the center of New York's upstate Republican territory, assailed what he called "New Deal theorists in Washington," and said:

"The White House spreads confusion from the cabinet level up. And the secretary of agriculture spreads confusion from the cabinet level down."

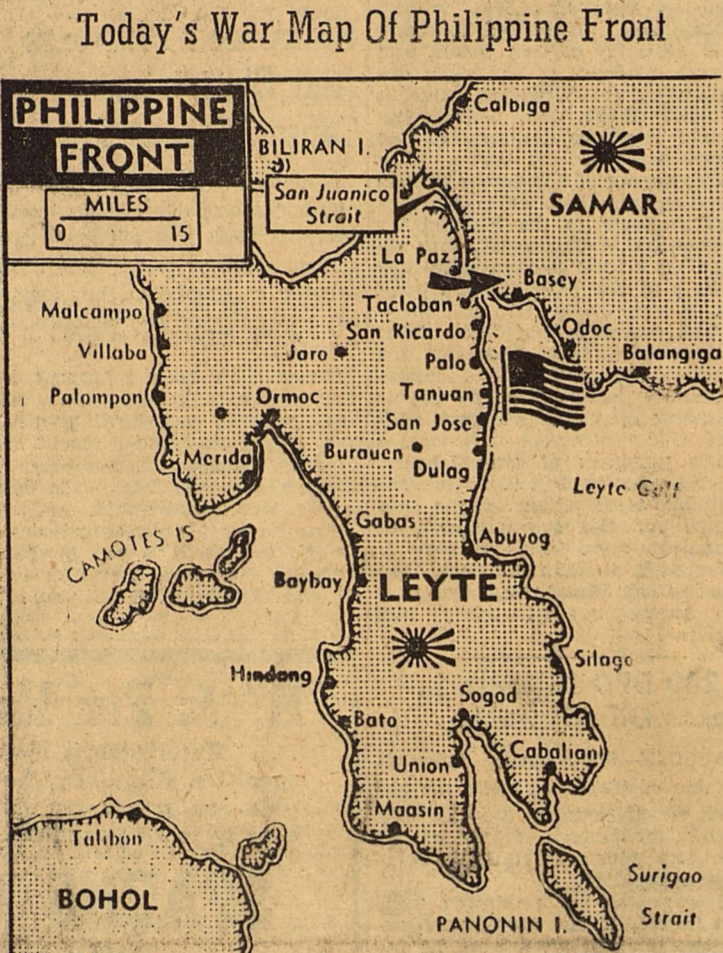

Citing what he termed the hog market price support "scandal" of the past year, Dewey said this was "but another example of the fact that for 12 years in this country we have had an unmanageable surplus of promises—promises lightly made, sketchily kept, or openly violated."

"We cannot control the weather," he said. "But, for the sake of the nation, we can and we must avoid these extreme price fluctuations. As a nation, we are committed to the proposition that the prices of major farm products must be supported against the sub-standard levels we saw for so many years before this war."

"We have learned that depression on the farm leads inevitably to depression in the nation, just as unemployment and misery in the city lead to misery on the farm."

"If we are to have a strong, vigorous and happy country, we must have full employment in the factories and fair prices on the farms."

The governor chose the seat of the annual New York State Fair for the traditional farm speech which presidential candidates usually deliver in the Midwest. The choice was made after Dewey switched topics in Minneapolis earlier this week to renew his foreign policy debate with President Roosevelt.

Yank forces now hold the east coast of Leyte from San Juanico Strait to Dulag, a total length of 40 miles. MacArthur announces 44 communities are now held by the invaders. Samar landings have been strengthened. (NEA Telemag.)

### China Based Planes Stalk Jap Fleet

U. S. NAVY HEADQUARTERS, PEARL HARBOR — (AP) — American planes from China and from a newly won base in the Central Philippines Saturday stalked the remnants of Japanese fleet units which escaped annihilation in the naval battles of the Philippines.

Surface and air units of the Admiral William F. Halsey and Vice Admiral Thomas C. Kinkaid fleet commands destroyed so much of Nippon's sea power that it will be months regaining enough strength to again seriously challenge Allied sea power, American naval officials said.

Forces of the victorious U. S. Navy in the Pacific now are supplemented by army air units using the recently-captured Tacloban air field on Leyte Island.

**Loss Report**

The Navy Department said the American fleets lost six vessels sunk, the light carrier Princeton, two escort carriers and a destroyer.

Strident Tokyo claims placed American losses at 141 warships, transports and auxiliaries sunk or damaged, including carriers sent

### Roosevelt Outlines Postwar Economy Program As He Chides GOP For 'Me Too' Acceptance Of New Deal Acts

CHICAGO — (AP) — President Roosevelt, declaring he was giving Republican orators more opportunities to say "me too," enunciated Saturday night a postwar economy program with a goal of close to "68,000,000 productive jobs" in an America no longer subject to price, production and wage controls.

From Soldier Field, he delivered his fifth major address in a campaign he termed the strangest he had ever seen. And, almost entirely, it was an exposition of his economic thoughts for his country after the war, spiced with stabs at his Republican opposition.

**Outlines Program**

He proposed: Congressional creation of a per-

### Poland On Mat In Russian Peace Set-Up

LONDON — (AP) — Poland's troubled, exiled government weighed Saturday an apparent last-chance offer to settle its differences with Soviet Russia for the sacrifice of a huge section of its pre-war territory.

There appeared no other alternative. For Prime Minister Churchill, bent on removing the dynamite-laden Polish-Soviet dispute from the Allied agenda, had outlined in terms of growing impatience Britain's backing for a Russian west front border along what is known as the Curzon line.

**Take It Or Leave It**

Poland's peasant-born Premier Stanislaw Mikolajczyk, in a series of detailed reports on his second mission to Moscow, has laid before his cabinet the take-it-or-leave-it price of accord with Russia and the rival Polish committee of national liberation.

There has been no indication which way it will swing. In the past, a decision—a policy born of optimism and nurtured by the hope it could strike a better bargain with British-American support at the peace table.

But Churchill, in his address before Commons Friday, for the first time gave a clear indication that, if Poland turns down Russia's proposal, Britain would give Mikolajczyk the nod to form a new government on Polish soil.

### Four Russian Armies Move On Germans

LONDON — (AP) — Four big Russian armies, launching a massive new offensive in Western Latvia aimed at wiping out scores of thousands of Germans pinned against the sea, tore holes in the Nazi lines southeast of the Baltic port of Liepaja, Berlin announced Saturday night.

The Russians also ripped through German positions in the Auce sector, 70 miles east of Liepaja, a Berlin broadcast said.

In German East Prussia the Nazis acknowledged new Soviet penetrations west of Eberode, on the Kaunas-Konigsberg highway, as other Soviet troops sought to throw a steel hook around the road junction town of Gumbinnen. Heavy fighting also raged on a broad front south of Gumbinnen, between there and the western edge of the Rominter forest.

Tisza River Penetrations

Hungarian and German broadcasts also told of Russian penetrations beyond the Tisza River in Hungary to the area of Keeskemet and Kiskunfegyhazi, 45 and 60 miles, respectively, southeast of the capital of Budapest.

It has been estimated that upwards of 100,000 Germans have been pocketed in Western Latvia in a 5,000 square mile section of the Courland peninsula north of Lithuania and the Russian line which has ringed

### Rainey-Regent Argument To Be Heard Tuesday

By DAVE CHEAVENS  
HOUSTON — (AP) — An effort to straighten out the tangled relations between President Homer P. Rainey and the board of regents of the University of Texas will be undertaken by the regents, Rainey and committees from the faculty and ex-students association here next week.

After meeting for a day and a half and considering virtually nothing but questions related to the controversy, the regents voted in an executive session to continue the discussion here Tuesday. They invited the faculty and the ex-students association to send committees after both had offered their good offices in helping resolve the difficulties between Dr. Rainey and the regents. Chairman John H. Bickett also said that the president and vice president would attend.

**Used Formal Statement**

Dr. Rainey, in a formal statement of the trouble to the faculty, has claimed that there had been 16 instances of actual or attempted "restrictive measures" during his administration. These included what he described as encroachments on his duties as administrator, and instances of attempt to limit academic freedom.

The board has made no specific reply to the charges, but Friday issued a statement explaining its position, without direct reference to the conflict with Dr. Rainey. Its only formal acknowledgement that there is a controversy came with Friday's acceptance of the offer by faculty and ex-students to mediate.

The board also took no immediate action on the demand by the American Association of University Professors that three economics instructors who failed of re-election in 1942 be reinstated. Dr. Ralph Hinshelwood of Washington, executive secretary, met with the executive committee of the board Friday night, but neither he nor the committee had a statement to make as to what results, if any, were achieved.

**Weather**  
Cloudy.

Today's war map of the Western Front shows that British forces have taken Vught in a drive from 'S Hertogenbosch, enter Tilburg and press toward Breda. (NEA Telemag.)

### Gen. Stilwell Pulled From China-Burma-India Theater For Mystery Assignment War Department Says

By ELTON C. FAY  
WASHINGTON — (AP) — Gen. Joseph W. Stilwell was jerked out of the key China-Burma-India com-

mand Saturday to take what the War Department said will be a "The unexpected shakeup in the Far East top command, announced from the White House, immediately stirred speculation along two lines:

1. Is the move a definite and severe reprimand for Generalissimo Chiang Kai-Shek, stemming from dissension within Chinese forces and the Japanese threat to overrun Chinese barriers and engulf American air bases?

2. Is "Vinegar Joe" being pulled out to head up forces for an invasion of China?

The order relieved Stilwell from his assignments as chief of staff to Chiang, as deputy to Lord Louis Mountbatten, the supreme commander of the Southeast Asia theater, and of command of American forces in the theater.

**Wedemeyer In Command**

It split the CBI theater into two smaller commands, China and Burma-India. The China command was assigned to Maj. Gen. Albert C. Wedemeyer, who had been deputy chief of staff in Southeast Asia. The India-Burma theater was assigned to Lt. Gen. Daniel I. Sultan, now deputy commander of the CBI theater.

The War Department said Stilwell "will be given a new and important, but at present, undisclosed assignment."

It was this statement which prompted the speculation.

### War Bulletins

LONDON — (AP) — The Tokyo radio said Saturday night that five American task forces, "probably the whole Pacific Fleet," are on the move with two task forces east of Leyte; two east of Luzon and the fifth is approaching the Philippines from New Guinea, the report said.

U. S. PACIFIC FLEET HEADQUARTERS, PEARL HARBOR — (AP) — More than 40 perhaps as high as 50, Japanese warships have been sunk or damaged in three naval battles off the Philippines and in the continuing hunt for fleeing remnants, official and semi-official reports suggested Saturday night.

ROME — (AP) — American Fifth Army troops, working in cold rain, improved their positions Saturday along the line of hills eight miles south of Bologna overlooking Italy's Eastern Po Valley.

ATHENS — (AP) — British land forces, cooperating with Greek guerrillas, have made their first contact with retreating German troops in Greece in the area of Kozane, 60 miles northwest of Larisa and 40 miles below the Yugoslav frontier, it was announced Saturday.

### Utter Rout Reported As Nazis Flee From Western Holland

LONDON — (AP) — Forty thousand Germans reeled northward Saturday in a scramble to get across the Maas (Meuse) and Waal Rhine and escape destruction at the hands of advancing Canadian and British forces who smashed the enemy defense lines in Western Holland.

Field dispatches from the muddy Dutch front said that the 50-mile-long German line from the sea to 'S Hertogenbosch had fallen to pieces and that it was evident a full-scale German withdrawal was in progress after some of the most stubborn fighting of the Western Front campaign.

Significance of the retreat was pointed up by enemy abandonment of Bergen Op Zoom, mainland coastal key to this line.

Allied headquarters announced that, as a result, free use of the great Belgian port of Antwerp was now blocked only by the isolated German batteries at Vlissingen (Flushing) on Walcheren Island, and these were doomed.

**Must Clear Estuary**

Even when the Germans there and in the contrasting pocket south of the Schelde are liquidated, however, a gigantic minesweeping and dredging job must be done on the 100-mile Schelde estuary before deep-draft ships can use the port readily, it was disclosed.

On the American and French sectors of the Western Front in France and Germany, the situation was generally unchanged. The U. S. First Army in Germany made exploratory patrol thrusts while American fighter-bombers struck German communications around Cologne, Dusseldorf and Duren.

These blows were thrown against (Continued on Page 2)

### Japs Worried Over Pacific Situation, Broadcast Reveals

SAN FRANCISCO — (AP) — The Japanese in a radio broadcast Saturday reported that the situation has taken a serious turn for them in the Philippines because the Americans were pouring in reinforcements at a rapid rate.

Arrival of between 20 to 30 more American transports in Leyte Gulf Friday was reported by the broadcast.

The Nippon broadcast said that the Americans had been able to restore "all airfields lying between the Tacloban and Dulag areas on Leyte Island" and were "trying desperately to construct more airfields."

**Outclassed In Air**

The Japanese inferred that they were outclassed in the air. They said an average of 300 American planes raided undisclosed targets in the Philippines Thursday and Friday.

They claimed Japanese aircraft had attacked American ships and landing positions "with relentless vigor," but added:

"It is obvious that in spite of great enemy losses off the coasts of Taiwan (Formosa) and the Philippines and Leyte Gulf, still a task force of substantial strength is inflicting the nearby waters of the Philippines. Moreover, when considering the enemy carrier strength, together with the number of land based planes along the coast of New Guinea, the future condition of the aerial war requires great caution."

Japanese troops, the broadcast added, are attacking one American division in the Tacloban area and two divisions in the Dulag area to the south.

"The enemy," the announcer said, "is throwing in all of his strength to determine the fate of the Pacific and his design cannot be disregarded. Consequently the war situation cannot be viewed with optimism."

### Sixth War Loan Campaign Quota Is \$1,370,000

Midland County's quota for the Sixth War Loan campaign, which starts Nov. 20, has been set at \$1,370,000, Mayor A. N. Hendrickson, War Loan campaign chairman, was informed Saturday by the Treasury Department.

The midland quota for series B Bonds was set at \$315,000. Both figures are less than the quotas of the Fifth War Loan campaign.

Plans for the Sixth War Loan drive are being made by Mayor Hendrickson, and the organization will be completed soon and committees appointed.

"We've a hard struggle ahead," Hendrickson said. "We must support our government in the closing days of the war, which will bring victory."

The Sixth War Loan campaign is scheduled from Nov. 20 to Dec. 16. Exceeded September Quota

During September Midland exceeded its regular monthly quota of \$84,300 by the sale of \$95,407 worth of War Bonds, but in August sales totaled only \$64,906.50, Hendrickson said.

Midland has soared over the quota set for it in each of the War Loan campaigns. In the Fifth War Loan drive, War Bond sales totaled \$1,881,506.75 and the quota was \$1,535,000. The sales were 122.6 per cent of the quota. Series E Bond sales totaled \$433,618.75 and the quota was \$375,000, citizens of Midland buying 115.6 per cent of their quota.

In the Fourth War Loan drive, War Bond sales here totaled \$1,643,412 and the quota was \$1,320,000. Series E Bonds sales totaled \$478,987 and the quota was \$385,000.

In the Fifth War Loan drive (Continued on Page 2)

### Bulgaria Signs Allied Armistice

MOSCOW — (AP) — Bulgaria signed an armistice Saturday with Russia, the United States and Great Britain, ten days after conclusion of talks between Prime Minister Churchill and Premier Stalin at which an agreement on main points of the armistice was reached.

Terms of the armistice agreement were not disclosed immediately. Preliminary conditions accepted by Bulgaria from the Allies Oct. 11 included evacuation of Greek and Yugoslav territories seized by the Bulgarians.

Negotiations for the armistice agreement opened Thursday and ended with the formal signing Saturday.

Time For Discussion

The American people, being now in the mood for debate, might keep right on after the elections with a discussion of the part they should like to see this country take in the international security organization...

It would be a good thing both for the sake of the people and of the public servants who will finally make the direct decision on our participation.

Some questions have already presented themselves: Should the Constitution be amended to give treaty-ratifying power to a simple majority of both branches of Congress...

These are only a start. And there would probably be plenty of acrimonious name-calling in these and later discussions.

For instance what precisely does the Dumbarton Oaks agreement mean by "peace-loving states," to which membership in the United Nations is limited?

And what is the "sovereignty" which some Americans insist must not be sacrificed to any international organization? Is it the sovereignty that our own states have sacrificed to the Union in defense, foreign relations, and a host of other matters?

And what is meant by the people who say "We believe in America first." First in what? First for what?

Lasting peace is every American's hope. Its preservation is his concern. The best way to that preservation will not be found in cryptic credos, vague warnings, enthusiastic generalities.

We must know what we are talking about before we try to make intelligent recommendations. And for that we need some explicit definitions from spokesmen for the several shades of American opinion.

Senator Connally Says Dewey Wants To Recall Only FDR

DALLAS — (AP) — Senator Tom Connally (D-Texas) predicted here Saturday night that "the people of the United States will not cashier or recall the commander in chief of our armies and navies in the midst of a triumphant sweep toward victory."

In an address prepared for a Roosevelt-Truman rally here, Texas' senior senator, chairman of the Senate Committee on Foreign Relations, said the presidency of the United States is "the most powerful and influential office in the entire world."

Connally said Thomas Dewey, the Republican presidential nominee, had expressed approval of social-progress legislation under the Roosevelt administration, "yet he abuses and denounces the leadership who conceived them (the acts) and led in their adoption."

Of John Bricker, the GOP vice-presidential nominee, Connally said "Governor Bricker knows Heman (head of the CIO's National Political Action Committee) did not control the Democratic convention at Chicago. He supported Wallace for vice president and the convention selected Truman."

The contention that the Democrats are dominated by communists, Connally asserted, "of course, is just campaign hocus-pocus."

Connally continued "Governor Dewey does not want to change General Eisenhower nor General Marshall, nor General Arnold, nor Admiral Leahy, nor Admiral King, nor Admiral Nimitz, nor General MacArthur. He states that he will retain them. Why does he want to retain them? Governor Dewey says it would be wrong to change them in the midst of war."

"By the same token should the over-all commander in chief who has co-operated with them and directed them in gigantic enterprises be recalled at the most critical stage of the war? Governor Dewey says not a single general or admiral must be recalled. Roosevelt alone, because Governor Dewey wants to be president himself."

The speaker followed the same

line of reasoning with respect to international affairs.

"If tomorrow the British should replace Churchill, what should be the feeling among our people? We would conclude there was division in England over the conduct of the war."

Law Violation To Park Bicycles On Down Town Walks

Bicycle riders were warned Saturday by Police Chief Jack Ellington it is a violation of city ordinances to park bicycles on sidewalks in the downtown section of the city.

Ellington said bicycles found parked on sidewalks in the downtown area would be taken to the police station.

Warning was also given it is a violation to park bicycles in front of theaters, as they are fire zones, and bicycles found parked there would be taken to the station.

\$414,000,000 Quota To Be Met By Texans In Sixth War Loan

DALLAS — (AP) — Texans will be called upon to meet a \$414,000,000 quota in the sixth war loan drive, Nov. 20-Dec. 16, Chairman Nathan Adams of the State war finance committee said Saturday.

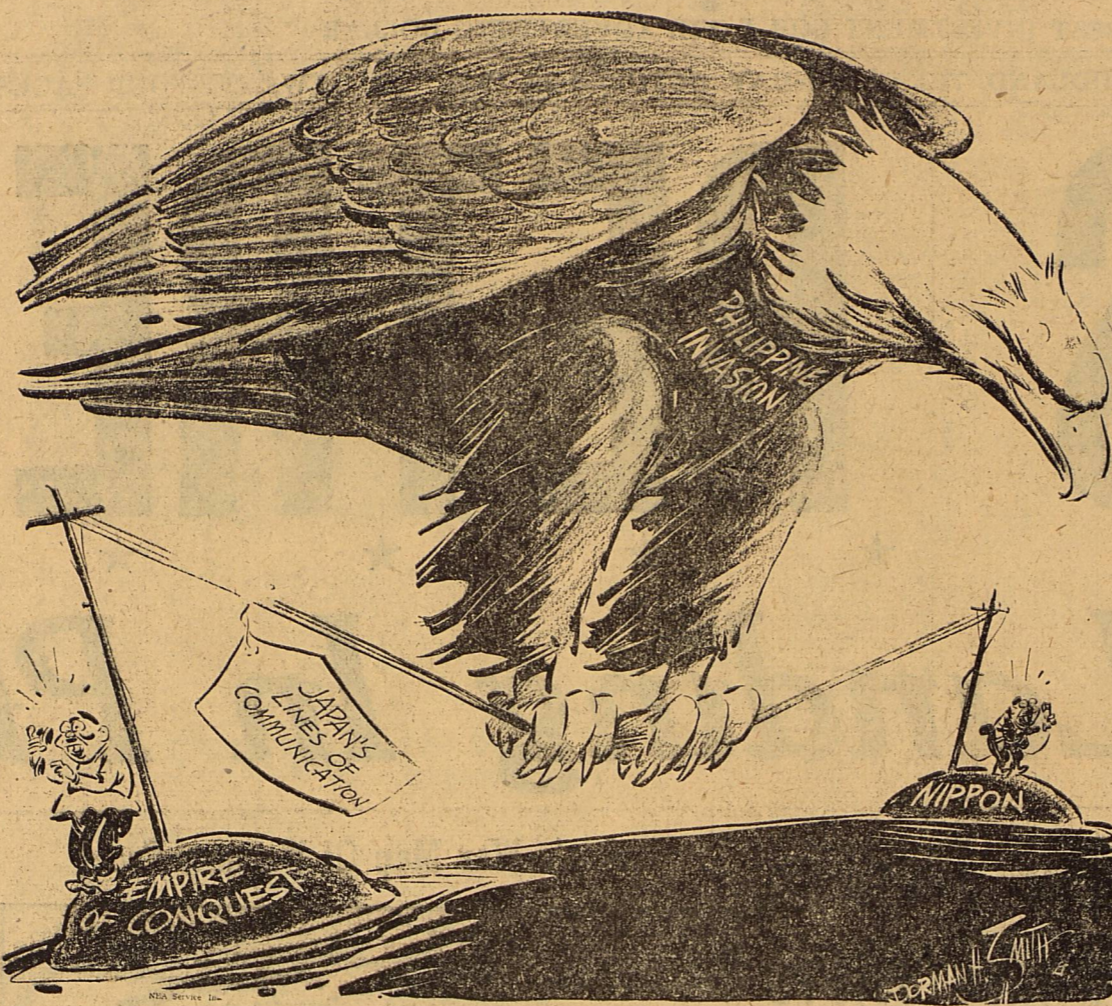

Adams said that of the total amount, 105,000,000 had been set as the quota for Series E bonds; that this type, bought by the average American, would receive major emphasis during the drive, as in those in the past.

"Each person will be asked to buy at least one extra \$100 war bond as his share in the drive," Adams said.

The national over-all quota for the sixth war loan is \$1,400,000,000. Of this, \$5,000,000,000 is to come from sales to individuals, including E bonds. The other \$9,000,000,000 is to come from other non-bank investors.

Newborn babies of poisonous snakes are miniature of their parents, complete with fangs and poison.

Somebody On Honorable Line

Big MAAF Enlisted Personnel Party Termed 'Most Successful Of Year'

The most stupendous and gigantic party ever staged for enlisted men and WACs of Midland Army Air Field went off in grand style Saturday night, as more than fifteen hundred enlisted men, their wives and girl friends, and WACs, for once had all the barbecued beef they could consume.

The occasion was the real, old-fashioned Western barbecue staged at the Post Service Club by the Midland USO, Midland ranchers and business men, and the Special Services Office at MAAF.

More than eighteen fatted calves were barbecued to relishing perfection under the direction of Smilo Mallison of Midland, and service deluxe was provided by ranchers and business men and members of the Midland Sheriff's Posse. The trimmings for the delicious barbecued beef was furnished by the MAAF consolidated mess.

Under the direction of Major Russell B. Brown, Special Services officer, the Post Service Club went all-out for the enormous party. The huge dance floor was in tip-top

shape for the Halloween dance that followed the barbecue feast. Colonel Dowman Speaks

Colonel Dowman, commanding officer, addressed the assembly and stressed the vital importance of the work that the enlisted men and WACs were doing. He said:

"You are winning battles just as the men in the front lines. You are swinging a punch that is reaching the jaws of Hitler and Hirohito. When you do your jobs well, you are bringing victory that much nearer. When you do your jobs well, the effects are being felt in Berlin and Tokyo, and on every front where the Air Forces are engaged."

"It is your job to keep the planes needed for training of bombardiers in perfect flying condition. You know as well as I, that the government is no longer buying AT-11 airplanes, or even spare parts for them. That makes your job even more important. Through your ingenuity our planes must last us," the C/O said.

Job Not Always Easy "I know that your job is not always easy. The hours are long, and the shift is not always the one you might choose. I know that you must be on the job whether it is hot or cold; whether the dust is thick or a norther cut you to the quick; or whether boats are needed to ply up and down the hangar line."

The Colonel added that they keep without the planes that they keep in flying condition, the training of bombardiers would come to a halt. Music for the affair was furnished by the MAAF "Hell from Heaven Swingsters" under the direction of M/Sgt. Thomas Marcell.

Utter Rout -

a heavy German daylight movement by rail, a movement which was not explained or amplified in field dispatches that noted "the enemy does not attempt heavy movement by day unless he is in an emergency situation at the front or thinks he is."

The Germans also intermittently shelled the city of Luxembourg and made nervous patrols against the Americans, and the entire situation suggested that the comparative lull on the First Army front would not long endure.

British Armor Slashes On

The British armor and infantry slashed on through Looen Op Zand, five miles north of Tilburg, and headed for Oosterhout and the Geertvreden bridge across the Maas, a main German escape route.

S Herlogenbosch was cleaned up and a German counterattack on the east side of the Allied salient had been checked.

The German high command declared there still was fierce fighting all along the line in Holland, particularly at Bergen Op Zoom and S' Hertogenbosch, but front line dispatches from the British and Canadian sectors were emphatic that the Nazi defenses were broken and a chase was in hurried progress, although the German withdrawal, speedy as it was, continued orderly in a strictly military sense.

The heavy fog which had covered Southwest Holland for several days finally lifted, and Allied planes roared to the ground troops' support, hammering at the fleeing Germans and aiding the Canadians in their blasting away at the German remnants south of the Scheide and on Walchern and South Beveland islands.

China Based -

down or hit. The enemy acknowledged the loss of six vessels sunk—among them a carrier and a battleship—and a carrier and another battleship damaged.

Four Russian -

the Baltic port of Memel, 55 miles south of threatened Liepaja.

Present battle lines extend eastward from the Liepaja sector to Auce, and thence northward to the Gulf of Riga at a point 23 miles west of fallen Riga, Latvian capital.

Once the Russians eliminate the West Latvian pocket they can throw the whole weight of their northern armies against German East Prussia in aid of Gen. Ivan D. Cherniakhovsky's Third White Russian Army, which already has penetrated nearly 20 miles inside that province from the east.

Gen. Stilwell -

duced unofficial discussion of Stilwell's new job. In his forty years of military career, "Vinegar Joe" has served often in the East, in China when American troops were garrisoned there, in the Philippines. This military experience, coupled with his intimate knowledge of the geography, peoples and economy of Asia, tended to give him priority for the Pacific theater.

While Stilwell's tours of duty in the Philippines would give him excellent background for an assignment in that recently opened theater, the Philippine campaign already is under command of a man of equal rank, Gen. Douglas MacArthur.

Sixth War -

Texans bought 132 per cent of their quota and 110.7 per cent of their Series E quota.

Purchase of Series E, F and G Bonds after Nov. 1 will count in the Sixth War Loan campaign and Hendrickson urges bond purchasers to get started early in helping Midland soar over the top.

TO ENROLL IN TCU Doris Marie Mickey will leave Monday for Fort Worth to enroll in TCU as a freshman.

McCloskey Hospital Undergoing Complete Beautification Plan

TEMPLE — (AP) — A program to make the hospital reservation a Texas garden spot and a mecca for war veterans has been initiated at McCloskey General Hospital.

The program has been inspired and directed by Brig. Gen. James A. Bethea, the commanding general, and is being realized through the help and cooperation of cities and organizations throughout Texas.

Most of the landscaping work under the hospital program is being done by German prisoners of war, specifically requested for that purpose.

"We are tying in our ideas with the 36th Division memorial, because so many men of the 36th have come to McCloskey for treatment," General Bethea said.

The plan calls for the planting of 700 trees (400 of them were planted last winter) and 17,000 shrubs.

Cities over the state are providing the shrubs. General Bethea is counting on 5,000 from Fort Worth, 5,000 from Houston, 5,000 from Austin and 1,000 from Waco, and the remainder from smaller communities supplementing what already have been provided by different local groups.

Ministers Donated \$1,500 Some time ago Rev. O. T. Finch, local Assembly of God pastor, and several ministers of the same denomination from Houston, came in to offer \$1,500 for landscaping around the four buildings of the nurses quarters.

The request of the James E. Ferguson family that funeral offerings be made to the hospital for flowers and shrubs already has resulted in a fund of more than \$500 to help in the beautification project.

"The cooperation of Texas A&M College, through the personal interest of President Gibb Gilchrist, is making possible the best use of these funds," General Bethea added.

The prisoners of war laborers started work on Oct. 9. Their work includes construction of the golf course for the reconditioning of wounded men. This activity is financed by the Harris County War Sports Committee headed by Houston newspaper sports editors and writers.

"Those incompetent bunglers in Washington have passed a lot of excellent laws about social security and labor and farm relief and soil conservation—and many others—and we promise if elected not to change any of them."

"And they go on to say: 'these same quarrelsoms, tired old men have built the greatest military machine the world has ever known, which is fighting its way to victory, and if you elect us, we promise not to change any of that, either.'"

"Therefore," say these Republican orators, "it is time for a change."

"They also say in effect: 'those inefficient and worn-out crackpots have really begun to lay the foundation of a lasting world peace. If you elect us, we will not change any of that either, but they whisper, we'll do it in such a way that we won't lose the support even of Gerald Nye or Gerald Smith—and this is very important — we won't lose the support of any isolationist campaign contributor. We will even be able to satisfy the Chicago Tribune.'"

Wants Adequate Power The Chief Executive repeated and reinforced an "economic bill of rights" which he first laid before Congress last January, and added:

"To assure the full realization of the right to a useful and remunerative employment, an adequate program must provide America with close to 60,000,000 productive jobs."

He proposed that government do its part in helping private enterprise finance plant expansion through normal investment channels.

Voicing confidence that foreign trade can be trebled after the war and provide millions of jobs, the President said that the demand for industrial and farm production must be increased not only at home but also abroad. Never again, he said, must "we in the United States attempt to isolate ourselves from the rest of humanity."

USS Princeton Sailor Describes Carrier's Sinking

APOARD U. S. CARRIER TASK FORCE FLAGSHIP, PHILIPPINE SEA — (AP) — From his topside battle station aboard the light carrier U. S. S. Princeton, Chief Gunner's Mate Clark L. Zeiders saw the first Japanese aerial bomb hurtle down at her, crash through her flight deck and start her on the way to destruction.

"A Japanese plane dived almost directly ahead of the ship from about 2,000 feet," Zeiders said.

The dark-haired, swarthy survivor from Etters, Pa., said the bomb "looked like a 1,000 pounder, but appeared in times that large as it came down."

Exploded On Third Deck The bomb smashed into the hangar deck and finally exploded on the third deck with a great burst of flame.

On the bridge of this carrier, two days ago, I saw the first smoke curl up from the Princeton at 3:45 a. m. During the next few hours we looked on helplessly as explosion after explosion tore into the ship, one sending a cloud of smoke billowing a thousand feet into the sky.

What happened on the carrier itself was related by the 25-year-old Zeiders and six other survivors who were brought aboard this ship. Two of them once before made the same fight to live when the original Wasp and Hornet were sunk.

Clouds are rarely observed more than six miles above the earth.

Jade

Katherine Hepburn plays her greatest role as "Jade" in MGM's "Dragon Seed" based on Pearl Buck's novel. The powerful film starts at the Yucca Theater Sunday through Wednesday.

Senator Meade Says Hoover-Dewey Tried To Kick Wilkie Out

BUFFALO, N. Y. — (AP) — U. S. Senator James M. Mead (D-Ny) said Saturday he had it "in black and white" that Herbert Hoover and Gov. Thomas E. Dewey, Republican presidential nominee, "had initiated an uncover campaign some few months back to drive the late Wendell Wilkie out of the Republican party."

"I am in a position to prove," Senator Mead asserted in a statement, "that Hoover, following conferences with Dewey, advised nationally-known Republican leaders that 'Tom and I are agreed that the sooner we remove that corn Wilkie from the Republican toe, the better it will be for the Republican party.'"

"I have this evidence in my possession," the senator added.

Mead said that Wilkie "was well on his way to his second nomination for the presidency when Hoover and Dewey set out with the determination to stop him and obtain the green light for the New York governor."

Speaker Rayburn Says Dewey Guilty Of 'Word Twisting' In Speeches

WASHINGTON — (AP) — Speaker Sam Rayburn (D-Texas) Saturday accused Governor Thomas E. Dewey of "word twisting" in the Republican nominee's speech on Federal Bank Deposit Insurance.

Rayburn, in a statement, said Dewey had not stated the facts as they are "in naming Senator Vandenberg (R-Mich) as sponsor of the insurance plan and saying the President 'opposed and fought against it every step of the way.'"

Rayburn asserted that the late House Banking Committee Chairman, Henry B. Steagall of Alabama was author of the plan in 1932, that a Democratic House passed it and a Republican Senate killed it.

"Many of the terrible losses of the banking depression would have been averted had the Republican leaders not turned deaf ears to the entreaties of the great Alabama banking authority," Rayburn said.

Unlicensed Plumbers And Electricians Cause Citizens Loss

A number of Midland citizens are running into double expense having electrical work and plumbing done without checking to ascertain if the plumber or electrician they employ has a city license, city officials said Saturday.

There have been numerous instances lately of citizens having work done by unlicensed plumbers and electricians which could not pass city building requirements. As a result the work had to be done over again, officials said.

Plumbers and electricians licensed by the city have to put up bond with the city as a guarantee that all work done by them will pass city inspection.

2,200 BPD Increase In Texas Oil Allowable

AUSTIN — (AP) — Average daily allowable of Texas oil wells for the week ended Saturday was 2,315,321 barrels, an increase of 2,300 barrels over last week, the Railroad Commission reported.

The number of producing wells was 101,805, an increase of 19. Completions for the week were 72, including three wildcat wells.

### Maybe You'll Order Groceries And Many Other Items After The War By Radio Where You Now Use Telephone

By J. FRANK TRAGLE

WASHINGTON — Ever thought about getting a half-pint of cream by radio? You may get it in the postwar era—the same way you get a cop when you telephone police headquarters.

And if you live on an island or in an isolated part of the country you probably will be able to enjoy telephone communication, too—by radio.

**A Question Of Room**  
These developments, and many more which have come into being as a result of the war, are being considered by the Federal Communications Commission in a series of frequency allocation hearings. What the FCC is trying to figure out is whether there's enough room in the radio "spectrum" to accommodate all the radio facilities that scientists have invented and that a lot of people are impatient to put to use as quickly as possible.

Look at it this way. You have a ten-story building. It was fairly well occupied before the war, but because of the pleasant neighborhood or something you have almost more applicants for space than you know what to do with. You decide everyone can't have five-room suites will have to be content with three rooms. Those asking for two rooms will have to get along with one. And so on.

That's just about the position the FCC is in, plus one other factor. It has been found recently that the radio spectrum can be utilized up into the 30,000,000 kilocycles. That's equivalent to adding hundreds of stories to that ten-story building. But, just as some tenants probably wouldn't care to work or live in the clouds, there are some radio facilities that can't make immediate use of those newly-discovered kilocycles. The demand for space in the lower frequencies still remains acute.

**"Postwar Clock Watchers"**  
The hearings — attended by about 200 representatives of some 75 industries, organizations and associations — are postwar planning with an alarm clock on the table. When the alarm goes off, indicating war's end, hundreds of applicants are going to want to start using their devices.

The FCC has in its pending file more than 70 applications for television stations, more than 250 applications for frequency modulation (FM) stations and about 100 applications for standard stations. Add to these the applications for radiotelephone and other what he wants. Those asking for special devices for railroad signaling, taxicab dispatching, tug-

boat directing, increased police usage, air carrier control, amateur activities and sundry others.

**War's Radio In Peace**  
Although some enthusiastic persons describe our postwar world as a place with a miniature walkie-talkie in his hip pocket, ready to receive mothers' call for supper, peacetime proposals for radio are for the most part no more than civilian applications of wartime developments and refinements.

On the battlefield a tank radios it has run out of gas. A truck drives up and fills the tank. You may telephone the dairy, say you won't be home when the milkman calls but you'd like a half-pint of cream. The dairy informs the driver over its own hookup.

How much of this sort of thing will be available will depend upon how well the frequencies in the radio spectrum can be allocated. Which takes you back to where you tuned in.

### Wife Likes Onions, Husband Gets Divorce

DALLAS—(P)—His wife ate onions and in spite of his protests, she continued to eat onions so the husband went to the Sixty-Eighth District Court here Saturday asking for a divorce.

Three times, said the plaintiff, he had to go to a hospital because he was allergic to onions. They argued, sometimes to 3 a. m., and the subject of onions had made him a nervous wreck.

"He made out a strong case," quipped Judge Bush after the divorce was granted.

### Cotton Committee Will Hold Dallas Meet

COLLEGE STATION—(P)—The first full membership meeting of the War Production Cotton Committee will be held at Dallas Nov. 2, the chairman, L. E. Ellwood, cotton work specialist for the A&M College Extension Service, announced Saturday.

This special committee, appointed by the Cotton Research Congress in July to consider problems in cotton production in Texas, is a part of the state-wide cotton committee of Texas. The general chairman, Major Burris C. Jackson of Hillsboro, who is on military duty at Washington, will attend.

### CRAFTY TURTLES

Some species of turtles bury their eggs carefully in the sand, then move away a short distance and scratch up the sand conspicuously, in order to mislead egg-hunting marauders.

### As U. S. Troops Landed In Philippines!

This Signal Corps Radiotelephoto, first picture from the Philippines, shows a general view of the landing. An LST approaches the beach near Dulag and in the background warships and transports are unloading troops and supplies. This photo was made from a Navy Catalina. Scene south of Tacloban, 10 degrees, 56 minutes north and 125 degrees, 2 minutes east. (NEA Telephoto.)

### Nimitz Promises Japanese Navy Will Be Smashed

WASHINGTON—(P)—Admiral Chester W. Nimitz Saturday night described the naval beating given the Japanese in Philippine waters as "the greatest defeat our foes have yet suffered in this war."

"This is just a taste of what lies in store for him—whenever he heals his wounds and returns for more action," the Pacific Fleet commander in chief added in a speech prepared for broadcast over the Blue Network from Pearl Harbor, released by the Navy here.

"The time will come when our fleet, unhampered by the necessity of guarding American troops employed in seizing bases, will seek out the Japanese fleet wherever it may be, and completely destroy it."

"When the smashes will come I do not say—beyond stating that they will come, and as fast as we can push bases westward," Nimitz said.

### TEXAS HAS ONLY ONE 1944 BANKRUPTCY

AUSTIN—(P)—There has been only one commercial bankruptcy in Texas this year, the University of Texas Bureau of Business Research reported Saturday.

There were nine in the first nine months of 1943, the bureau said.

Distance of the moon from the earth varies as much as 30,000 miles.

### Hirohito And Hitler Hear Drums Of Doom

By KIRKE L. SIMPSON  
Associated Press War Analyst

A news budget bulging with disasters, present and impending, for the cynical German-Japanese war fellowship marked this last of October weekend. The battle tidings left no doubt that the drums of doom were throbbing in quickening tempo for Hitler and Hirohito.

Long, hard and bloody as the road to total victory still may be, United Nations forces have set foot upon the last lap both in Europe and Asia. On both sides of the world they are inexorably ringing the foe with steel and flame, blasting their way town by town, island by island, ridge by ridge, foot by foot through his inner defenses.

Outstanding among the war happenings of this portentous October week was the paralyzing blow struck Japan's imperial fleet by American sea power. It changed impermissibly the whole nature of the war in the Pacific even before the full scope of enemy losses could be tabulated.

Insistent and credible reports poured in that at one stroke the Nipponese grip on all the South China Sea and its incalculable natural resources had been loosened if not broken.

**Nips Abandon Nips**  
Nipponese retreat from South China waters would carry with it callous abandonment of Japanese garrisons in the Philippines, the Dutch Indies, the Malay Peninsula and war scoured Burma, to their fate, just as those in American by-passed islands of the Pacific have been left to surrender or die.

On his return to the Philippines, General MacArthur said this was the broad ultimate strategic objective beyond recapture of the islands themselves. Success would cut off an estimated half million Japanese troops to the southward, he said.

Retreat of Japanese fleet remnants from the South China Sea also would mean early British incursion into that sea from the west to effect a junction with American allies and insure China's rescue far sooner than most optimistic Allied military calculations could have foreshadowed.

### MAAF Ordnance Men Handle Bombs From Start To Finish

The Ordnance Department at Midland Army Air Field is concerned with the complete processing of a bomb, from the time it first arrives here until it is finally disposed of in salvage.

For, in addition to unloading from the boxcar, storing, stripping from the container, inserting the spotting charge or other explosive, and delivering to the aircraft, it is also the duty of the Ordnance to inspect the bomb scrap and to detonate or make safe any duds that may be found.

Working in liaison with the Range Section, a crew of six men rides daily to one of the twenty-two bomb targets, which are used for practice by the budding bombardiers of this station. There, they inspect all scrap before it is returned to the field and demolish all dud bombs. Then, before the scrap may be turned into the salvage yard, the Ordnance crew makes a further check.

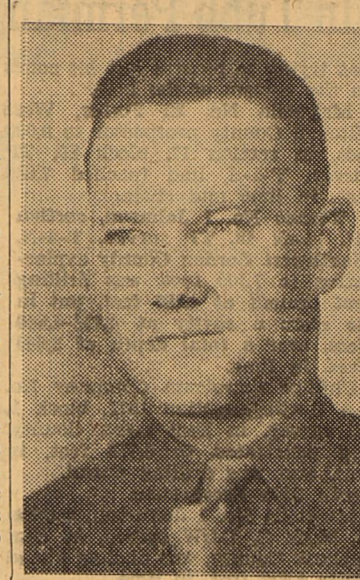

### Demolition Men

The demolition men, under the supervision of Lt. Henry L. Sondheim are: Sgt. George E. Miller, Cpl. William H. Clark, and Pfc. Norman Nequist, Charles E. Palaska, Frank J. Stremel and Chester W. Vernon.

Bomb duds may be caused by faulty spotting charges, failure of the bombardier to remove the cotter pin or when the arming wire is dropped with the bomb. When a dud is located, it must be destroyed or rendered safe. This is accomplished by the use of blasting caps in connection with dynamite, or used with a device that was developed here by the Ordnance Department. Approximately 1500 dud bombs have been detonated within the last six months by these men, or others who have since been transferred. Also a lesser number have been demolished on farmlands or have been removed from danger areas for disposal elsewhere.

Korea was incorporated as an integral part of the Japanese empire in 1919.

### Receives Promotion

Sgt. James M. Betts recently was promoted to the grade of first sergeant of his company. He is serving in the South Pacific. Sergeant Betts is the son of Mr. and Mrs. J. K. Betts of Midland.

### Texans Can Forget Turkeys This Year Says WFA Director

DALLAS—(P)—Many Texans already thinking of turkey and cranberries for Thanksgiving may as well forget about their traditional dinner, L. J. Cappelman, regional distribution director of the War Food Administration said here Saturday.

The government has bought only half the 60,000,000 pound turkey quota set for the armed services and the cranberry supply is only half of what it was last year, he said.

Until all demands for service men are met, civilians will not be allowed to buy turkeys legally.

Cappelman added, however, that the outlook for Christmas was brighter, turkeys will be more plentiful, but cranberries still will be scarce.

Texaco's Southeast Winkler Wildcat Will Test Oil Shows In Tubb-Permian

By JAMES C. WATSON, Oil Editor
The Texas Company No. 1 Hogg, Southeast Winkler County wildcat, is preparing to test oil shows in the Tubb, middle Permian, to a bottom of 6,250 feet.

was trying to recover lost bit cones on the bottom of the hole. Magnolia No. 22 Foster, West Mitchell County prospector to 9,000 feet, in section 17, block 29, TP survey, T-1-S, had reached 7,386 feet, in lime and shale.

Texaco No. 1 Johnson, section 41, block 42, TP survey, T-4-N, Southwest Borden County exploration to 7,500 feet, was drilling out cement at 4,890 feet, put in to close a cavity at 4,753-4,840 feet, over a total depth of 5,660 feet, in lime.

Phillips Petroleum Company No. 1-A Bartley, section 1372, block 1, EL survey, in East Lynn County, had penetrated to 8,723 feet, in lime, and was drilling ahead.

North Side Prospectors Magnolia No. 1 Johnston, section 88, block C, D&W survey, in East Lubbock County, was digging ahead under 6,627 feet, in lime.

Woodley Petroleum Company No. 1 Bird, section 65, block 7, Thompson survey, in Central-South Lamb County, had reached 6,117 feet, in dry lime.

Standind Oil & Gas Company No. 1 Slaughter, labor 49, league 101, Jeff Davis County School Land survey, in Central Cochran County, was digging below 6,241 feet, in lime.

Texaco No. 1 Montgomery, labor 19, league 70, Val Verde County School Land survey, Central Hockley County wildcat to test for Slaughter pay, six miles north of the pool of that name, had progressed to 4,570 feet, in lime, and was running 7-inch casing to bottom, to cement there, before drilling ahead.

Shell Oil Company, Inc., and Cities Service Oil Company No. 1 TXL, section 7, block 45, TP survey, T-1-S, West Ester County exploration for the Ellenburger, had reached 9,558 feet, in sand and shale, and some observers believe it may be in the Simpson, middle Ordovician.

The Texas Company No. 1-B Fraser, section 31, block 45, TP survey, T-1-S, about four miles south of the Shell and Cities Service No. 1 TXL, had penetrated past 5,707 feet, in lime.

Ward Ordovician Exploration Gulf Oil Corporation No. 1-E Edwards, section 1, block B-19, psi survey, Northeast Ward County wildcat to 10,500 feet, three and one-half miles south of the Manahans-Ellenburger field, had progressed below 8,023 feet, in lime and shale.

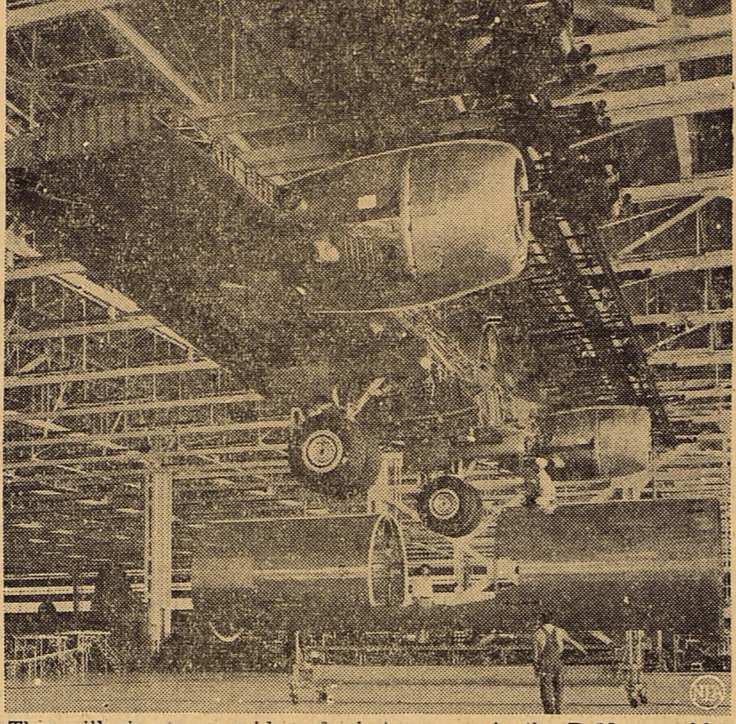

Gulf No. 2-B-T Edwards, J. M. Andrews survey No. 6, middle Permian exploration, in East Ward, was digging ahead under 5,946 feet, in lime.

Humble Oil & Refining Company No. 1 State National Bank of El Paso, trustee, section 7, block 140, T&STL survey, about nine miles southwest of the Apo-Warner pool, in North Pecos County, had reached 7,663 feet, in lime and shale.

Magnolia Petroleum Company No. 1 State-Hart, section 8, block 3, H&TC survey, three miles southwest of the Abell-Ordovician field, in North-Central Pecos, was making hole under 5,932 feet in sandy, shaly lime.

Gulf No. 6-E McKnight, section 20, block B-17, psi survey, West Crane County prospector for the Ordovician, was drilling in sand and shale below 7,133 feet.

More Terror for Tokyo

This will give you an idea of what goes on in the B-29 assembly plant at Wichita, Kan., where this 17-ton main center wing section of the Boeing Superfortress, complete with huge dual wheels of the main landing gear and two of the four 2,200-horsepower engines, is being lowered to join the fuselage bomb bay section.

northwest of closest production in the Crossett-Devonian pool, in East Crane County, was being drilled ahead below 5,409 feet, in lime.

No Shows On Test On a drillstem test at 5,292-5,373 feet, with the tool open for one hour, the recovery was 65 feet of drilling mud. Unofficial, but informed sources indicate that the section now being drilled is likely the Montoya, upper Ordovician.

Standard Oil Company of Texas No. 1 University, section 25, block 12, University, Northeast Crockett County wildcat, is being plugged and abandoned at 2,698 feet, in lime, with a hole full of sulphur water at the total depth.

Texaco Pacific Coal & Oil Company No. 1-A Morrison, section 29, C&M survey, two miles north of Rankin, in South-Central Upton County, had 3,000 feet of salty, sulphur water in the hole, with total depth at 4,101 feet, in sand, and is being abandoned. It had no petroleum indications.

Humble No. 1 Parrott, section 3, EL survey, Central-East Upton County exploration, which had shown some signs of oil, is being abandoned at 7,750 feet, and was flowing about 25 barrels of water hourly, while circulating, trying to loosen stuck drill-pipe.

Humble No. 1 Buchanan, Baldrige survey No. 2-692, North-east Midland County wildcat, had reached 5,518 feet, in lime and shale, and was changing bits.

Richfield Oil Corporation No. 1 Woody, section 9, block 36, TP survey, T-2-S, Northwest Glasscock County prospector, was making hole, below 5,410 feet, in lime.

Ray Although No. 1 Albaugh fee, section 29, block 32, TP survey, T-2-N, North-Central Howard County development, was temporarily shutdown at 4,800 feet, in lime, and was mixing a new batch of drilling mud.

Pipe Set And Cemented Skelly Oil Company No. 1 Hodges, section 446, block D, John H. Gibson survey, in West-Central Yoakum County, had set 5 1/2-inch casing at 6,019 feet, in lime, with 200 sacks of cement, and when the plug is cured, the operator will perforate opposite zones around 5,300 feet, and test.

That horizon has already been tested, and acidized twice, in open hole. It did have some oil signs, originally.

Sun Oil Company No. 1 Martin, section 17, block A-41, psi survey, South Andrews County exploration to the Ellenburger, at around 10,500 feet, is headed in that direction, after coring above 4,587 feet, in the bottom of the San Andres section of the Permian, and getting a slight show of oil, and signs of sulphur water. The top of the San Andres had also been tested for about one barrel of oil hourly. At last report, drilling had penetrated under 4,606 feet, in lime.

EYELESS FISH Great caverns filled with water have been discovered in Hawaii's lava rock, deep below the earth's surface. Some of these pools contain fish without eyes.

Seedless tomatoes can be produced by using certain chemical compounds to replace fertilization.

Five New Petroleum Prospectors Staked In Southeast New Mexico

HOBES, N. M.—Southeast New Mexico had stakes set for five wildcat petroleum prospectors last week. East Lea County is to have two of them. The other three are in Eddy County.

Texaco No. 1 John S. Eaves, 1,980 feet from the north and 660 feet from the east lines of section 26-16s-38e, is a 6,000-foot test ten miles east of Lovington in North-

east Lea. It is to look for production in the formation on which is the pay zone in the Slaughter pool to the northeast in Cochran, Hookley and Terry counties in Texas.

Gulf No. 1 Andrews-State, 660 feet from the north and 1,980 feet from the east lines of section 32-22s-38e, is to dig to around 6,500 feet to test for the Fullerton-

Drinkard production. It is two miles southeast of the discovery well, which tested for 782 barrels flowing in 14 hours, after treating with 3,000 gallons of acid through perforations in the casing at 6,375-6,460 feet, over a total depth of 6,508 feet.

Three In Eddy County Brown and others No. 1 Shildneck, 330 feet from the south and 1,650 feet from the east lines of section 28-20s-25e, is a new exploration in West Eddy County, about 15 miles southwest of Lake-wood. It is to look for shallow pay.

A. F. Hardendorf No. 1 Riggs, 2,130 feet from the south and 990 feet from the east lines of section 7-20s-30e, is about three miles east of the Barber field in East Eddy County. It will probably dig to about 2,000 feet.

Mark Wheelan No. 1 Riggs-Pederal will be about two miles northwest of production in the Barber area. It will be 330 feet from the north and 1,650 feet from the east lines of section 6-20s-30e. It will drill with a spudder.

Humble Oil & Refining Company No. 1 Federal-Leonard, section 12-26s-37e, Southeast Lea County discovery for Ellenburger production, eight miles north of the closest oil producing area—that being in the Kermil-Ellenburger pool in North Winkler County, Texas, was circulating with oil to try to kick the well off to flow from perforated zone at 11,890-928 feet.

In Lower Section This is the lower horizon which showed for production when the well was being drilled. It had pay in streaks from about 11,825 feet and it is expected that the discovery will be completed for several hundred barrels per day production—that yield having been indicated by drillstem test while the hole was being made.

Texaco No. 1-AG State, section 29-16s-34e, originally scheduled 5,500-foot wildcat five miles northwest of the Vacuum field in North-Central Lea, had reached 5,495 feet in lime and was going ahead.

Phillips Petroleum Company No. 4 Leamex, lower Permian exploration in section 17-17s-33e, northeast of the Maljamar field, had penetrated to 6,205 feet and was reported digging ahead. The project is scheduled to drill to around 8,000 feet.

Skelly Oil Company No. 1-V State, section 25-16s-36e, outpost to production in the Lovington district, was bottomed at 4,620 feet in lime waiting on cement, after setting 5 1/2-inch casing on the total depth.

Texaco No. 2 Swearingen, section 9-20s-34e, prospector between the Tonto and the North Lynch fields in Central-South Lea, had reached

4,392 feet and was digging ahead in dry lime.

Cutting In Granite Continental Oil Company No. 2-B Skaggs, section 23-20s-37e, wildcat to the lower Ordovician in East Lea, is taking a second core in granite marked at 10,455 feet.

A four-inch recovery was brought out from the first cutting of the hard formation. The operator will decide, as soon as the second specimen of the granite is out, whether or not to run casing and make tests of shows of oil in upper formations.

This project did not find any Ellenburger. It went from the Simpson, middle Ordovician, directly into granite. The first indications of that formation came around 10,430 feet and it became hard and solid at 10,455 feet.

Humble No. 1 Federal-Keinath, section 8-21s-30e, scheduled 11,000-foot exploration in the Eunice sector of East Lea, had progressed under 8,842 feet in lime and was digging ahead.

Scattered Explorations Texaco No. 1 Bobb, section 17-19s-33e, two miles northwest of the Tonto pool discovery well in West-Central Lea, had penetrated below 3,867 feet in lime.

Texaco No. 2 Baskin, section 22-19s-33e, another exploration in the Tonto district, had bored past 3,461 feet in lime.

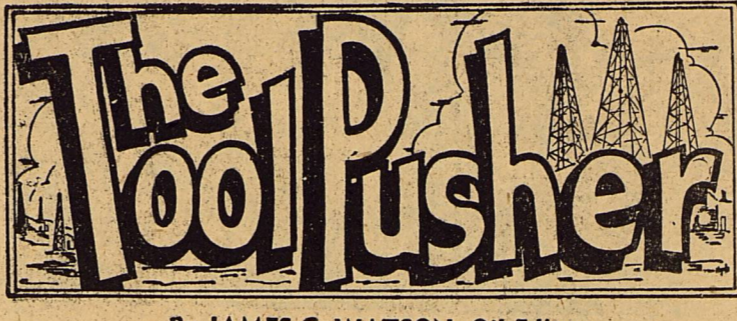

Texaco No. 1 Skidmore-Federal, section 24-20s-31e, three miles southwest of the Halfway pool in East Eddy, was making hole under 2,615 feet in anhydrite.

Texaco No. 1 Riley, section 15-20s-31e, had progressed past 2,472 feet in lime and was continuing.

Humble 2-F State, in the northeast quarter of section 9-17s-36e, southeast outpost to the Turner west extension to the South Lovington field in North-Central Lea County, has set 5 1/2-inch casing at 5,161.70 feet with 400 sacks of cement, over a total depth of 5,163 feet and will drill out to about 5,140 feet and complete as an oil well from the section from around 4,750 feet to about 5,140 feet. The zone at 5,143-63 feet carried sulphur water.

Paint and Body Shop Automobile painting and body work. Experienced workmen. All work guaranteed.

HEATH PAINT AND BODY SHOP 205 SOUTH BAIRD STREET OLD TAMSITT BLDG. PHONE 1409

By JAMES C. WATSON, Oil Editor

IRA AND SHARON RIDGE POOLS SEPARATE STATUS As a result of a request recently filed by operators in the Ira and Sharon Ridge pools, in Scurry county, the Railroad Commission of Texas has issued an order, effective Nov. 1, recognizing the two districts as separate and distinct fields, and also designating the 1,700-foot and the 2,100-foot zones in Sharon Ridge as separate reservoirs.

The geological and statistical brief on which the application was based was prepared by E. Russell Lloyd, Midland oil operator and geologist.

FORMER SUPPLY MAN BACK FROM 24 MONTHS IN SOUTH PACIFIC Richard S. McKnight, GM 2/c, of a U. S. Navy construction battalion,

which went in on the first beachhead opened in the South Pacific, is in Midland, visiting his brother, Ish McKnight, of Woodley Petroleum Company.

Prior to going into service he was with an oil well supply and equipment concern at Scurry. His home is in Tulsa. He has been in the Navy for two and one-half years and had 24 months of overseas service before being given the 37-day furlough he is now taking.

He was service in New Georgia, Guadalcanal, Rendova, Munda, and several other South Pacific areas.

ROLAND JARRETT RAISED TO CHIEF WARRANT OFFICER Roland Jarrett, Midland oil operator, and son of Walter R. Jarrett, Permian Basin land department manager for Anderson-Prichard Oil Corporation, has been promoted from warrant officer to chief warrant officer in the U. S. Army Air Forces administrative section, at an India base, where he is stationed.

Miss Virginia Allen is a new member of the scouting office staff at Sinclair Prairie Oil Company. She has lived in Midland about a year.

E. V. MITCHELL MOVES FAMILY TO MIDLAND E. V. Mitchell, independent oil operator in various West Texas districts for several years, has moved his family to Midland. He bought the residence at 1611 W. Kentucky Ave. several months ago and the family is occupying it. For the past several months the Mitchells lived in Coahoma, in order to be conveniently located to handling some activities in that district.

LEGGETT SUCCEEDS JACKSON ON CONOCO SCOUT JOB Raymond F. Leggett is the new West Texas scout for Continental Oil Company. He takes the place filled by "Jim" Jackson for about a year. Jackson has gone to Loveland to work with The Western Company, in the "engineered acidizing service" offered by that concern.

Leggett has worked for other oil companies and will make a capable man on the staff of W. Carroll Mitchell, district landman for Conoco.

SUN MOVES TO OFFICES IN PETROLEUM BUILDING Sun Oil Company's Midland offices are now located in the Colorado street side of the ground floor of the Petroleum building, in the space formerly occupied by Dr. James H. Chapple, who recently moved to his own new building.

In the new quarters Sun will have much more space than has been available for its use in the Thomas building. Those rooms will be added to the office layout of a company already in that building.

Yates Field Set Many Records For Oil Production

(EDITOR'S NOTE: This is one of a series on Texas oil romance coupled with the 25th anniversary of the Texas Mid-Continent Oil and Gas Association.)

The well on the Yates ranch, marking the discovery of one of the greatest oil fields ever known, was a birthday present for Ira Yates, as it was past midnight on October 29, his sixty-seventh birthday, that the toolpusher came to the ranch house and woke him up with the news.

Here is Yates' own account: "I went back to bed and slept until my regular getting-up time. My son, John, and I got up about 5 o'clock, made coffee, had breakfast and then drove on up to the well. We talked to the men, looked the thing over, stood around a while and then, about 7 or 8 o'clock, there was an awful rumbling down in the well. I said, 'John, we'd better get away from here; something is coming out of here pretty soon.' Then it came in.

"We drove about half a mile away, around to a place where we could get a good view of the well. In a little bit, the oil came from the well with a rush, throwing small rocks out of the hole along with the gas and oil. We did not know much about oil, but we knew we had something.

"The news spread to McCamey and Rankin, and was soon telephoned to Fort Stockton, San Angelo, Ozona, Sonora, Big Lake and Texon. In a little while, you could see the clouds of dust set up by motor cars as the people came to the well to see what had really taken place. Excitement was pretty high, but John and I tried to keep cool. I had not expected oil at any such shallow depth and the information I had was that oil from shallow wells was short-life production—a sort of flash in the pan. I said to John, 'Son, we will sell enough leases while the excitement is running high to pay all the debts we owe and then, if they will keep buying, we will sell a little more while the buying lasts.'"

Many Records Made The well produced 135 barrels an hour from the top of the Big Lake lime at 997 feet. When deepened to 1,005 feet, the well increased to 390 barrels an hour and, still later, when drilled to 1,159 feet, its output was 2,950 barrels an hour.

Huge as the first well had been, it was dwarfed by the Mid-Kansas and Transcontinental's No. 30-A Yates. Oil from this spouter surged out of a 15-inch hole and leaped 80 feet into the air, spreading to a width of 20 feet before beginning its descent. Rocks were hurled 300 feet high and whistled like shells

# Midland Drops Tight One To Abilene

## Eagles Barely Eke Out In Closing Minutes To Win By 25 To 19

ABILENE—Abilene High School's Eagles snatched a 25 to 19 victory from the hustling Midland High Bulldogs here Friday night in a 3-AA district contest before approximately 6,000 fans.

The Eagles punched from behind to pull the game out of the fire in the closing minutes of the wild offensive skirmish. The weight of the Eagles was just too much for the Bulldogs to overcome as the Abilene gridmen wore down the Midlanders in the final minutes of play.

The victory gave the Eagles a perfect 3-AA standing.

Halfback H. D. Terry raced 24 yards to give the Eagles the winning touchdown.

Scoring in Second Period  
The scoring started in the second period when Midland's flashy halfback, Bill Richards, pitched a short pass to Fullback M. C. Hale and he raced 26 yards for a touchdown. The play was good for 31 yards. Richards' kick hit the uprights and the score was Midland 6, Abilene 0. At halftime the score was the same, but within a few minutes the fireworks started.

After Kenneth Tate, 215-pound Eagle tackle broke through the line to block Richards' punt, Abilene recovered the ball on the Midland 37 yard line. Fullback Jim Harrison on the next play, a fake pass, scooted around the left side of the line and raced 37 yards for the Eagle's first score. Quarterback Richard Dillingham's kick was low.

Then the Bulldogs started another march and Richards raced 62 yards before he was stopped by Terry on the 2-yard line. Midland's quarterback, Wilbur Yeager, punched the ball over for the score on a quarterback sneak, and Richards kicked for the extra point.

A few minutes later, the plucky Bulldogs organized another drive. A 15-yard penalty put the Eagles on their 12 yard line and Harrison's punt was returned by Richards to the 15. On the next play the halfback gained nine yards and on the next he added three more. Richards then plunged on the touchdown. The try for the extra point was unsuccessful, and the score stood 19 to 6.

A 52-yard pass from Harrison to Terry put the Eagles in position for their next touchdown. After Terry gained six yards on a plunge, Halfback Billy Murphy added three and then Harrison showed the ball over for the touchdown. Bobby Lee Hill's conversion try was no good. About midway in the fourth period, the Eagles took over on their 41 yard line for a scoring drive. Harrison passed to Murphy for 19 yards and then Harrison raced 25 more. Another pass, Har-

### Navy Lowers Penn For 26-0 Drop

PHILADELPHIA—(AP)—Navy put the foot back into football Saturday and with little Clyde Scott, of Smackover, Ark., doing the heavy work, the Middies smacked Pennsylvania out of the undefeated ranks, 26-0.

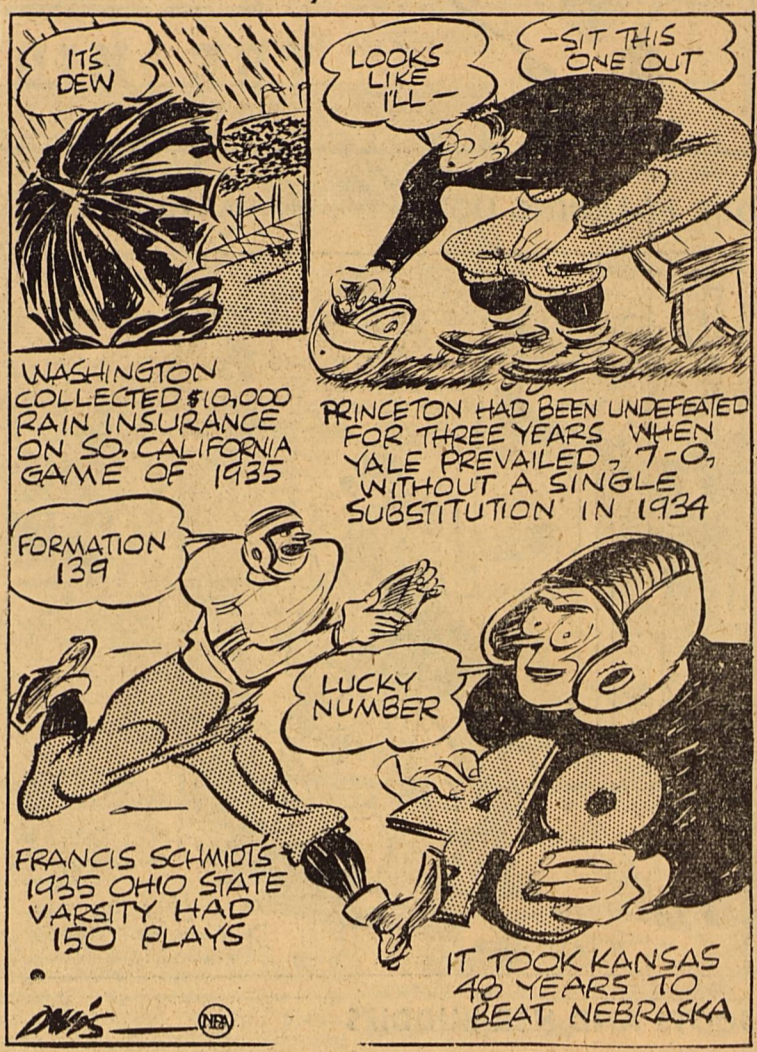

It was a tremendous 73-yard quick kick by the 175-pounder who got this chance Saturday in the remodeled Navy backfield that set up the first touchdown and it was his consistent long-range punting that set up the second.

The line-up: rison to Murphy, took the ball to the three yard line and three plays later, Murphy plunged over left guard for the touchdown. Quarterback Richard Dillingham's kick added the point, and the score was tied 19-19.

About two minutes before the game ended Terry broke away for 24 yards and the other touchdown. Dillingham's try for point failed.

### Didya Know—?

### From The Press Box

By JACK LIVELY

We want to get on the record at this point to say that we are proud of the Bulldogs.

In spite of the fact they dropped the game Friday night to Abilene they put up one of the mightiest fights for victory that has been witnessed in West Texas for a number of years.

And they came close to having this victory.

It was just as we had feared. Midland did not have the weight to hold the big Eagle team.

We have heard a lot of people say that they could not see just where weight in a football player was so all-fired important but here is where this weight comes in.

Two teams meet with one outweighing the other several pounds per man. They play along fine the first two or three quarters and the game is a close one. BUT in the final period of play the bigger team begins to show up a little better and, as the game wears on, the heavier eleven continues to increase this edge.

Weight And Stamina  
Weight, in a football team, goes right along with stamina. And stamina is what wins ball games when two teams are pretty evenly matched in other respects.

The Bulldogs outplayed the Abilene team all through the four periods, as far as actual football is concerned, but the stamina factor entered the third and fourth period and there went the score.

A 160 pound man pitted against a 200 pounder can hold him for awhile all right. But that weight hitting against him will soon make itself felt.

Midland felt this weight along about the middle of the third quarter.

Bill Richards played a football game. Even the Abilene scribes admitted that in spite of Dillingham and Terry, both flashy backs, that Richards was THE backfield man on the Abilene field Friday night.

Well Done  
The rest of the Bulldogs repeated their performance of the Plainview game. Everyone was on his toes and in spite of a few surplus fumbles (fumbles that reminded one of the earlier season) in the opening periods of the tilt, there is

little doubt but what, if the teams had been evenly matched in weight, the Bulldogs would have brought home a plenty lopsided score, something like 48-0.

There is not a player on the team and this goes for Coach Gene McCollum, too, that cannot hold his head high in Midland and feel that it was a job well done at Abilene.

Frankly we expected a slaughter. Instead we found a game which long will be remembered as one of the greatest fights that the Bulldogs have ever made. A game that placed the Bulldogs not a game behind on the conference list, in the eyes of Bulldog fans, but a game that was hard fought and well played in spite of the loss.

Texas all had been heavy favorites. The University of Washington rebounded from its lopsided setback Monday night by USC to trounce California, 33-7, while USC walked St. Mary's, 34-7.

Elsewhere, Dartmouth rallied from a 13-0 score to beat Brown, 14-13; Great Lakes swamped Wisconsin, 40-12; Indiana ruined Iowa 32-0; Florida sunk Maryland 14-6; Arkansas whipped Mississippi, 26-13; Tennessee squashed Clemson, 36-7; LSU socked Georgia 15-7; North Carolina Pre-Flight nosed out the Jacksonville Navy, 14-13; Denver walked Utah State, 36-6; and Tulane defeated Southern Methodist, 27-7.

Washington Upsets California 33-7  
BERKELEY, CALIF.—(AP)—To the stunning college football upsets of the 1944 season Saturday, University of Washington rocked an 29 to 7 victory over the University of California Bears, previously undefeated in Coast Conference and league leaders until the point scoring avalanche from the north obliterated them.

Louisiana State Downs Georgia 15-7  
ATLANTA—(AP)—Gene Knight, a hard charging fullback, kicked, passed and ran Louisiana State to a 15-7 victory over Georgia here Saturday behind a rugged Tiger forewall that blocked three Bulldog punts, two leading to scores.

Dandelions furnish pollen for spring bee broods, the bees make honey, and honey saves sugar, so they help with the war.

### Kicks Up Trouble

Duke's record isn't imposing, but performances of triple threat Gordon Carver and mates against North Carolina Pre-Flight and Navy made it clear that they would give Army first real test

CHAMPAIGN, ILL.—(AP)—Achille (Chick) Maggioni, a slender Italian Marine trainee playing his final game for Notre Dame, saved the undefeated Irish from humiliation by a determined, swift Illinois eleven Saturday as he galloped 65 yards for a last period touchdown that spilled the Illini, 13-7 before 65,114 fans.

Maggioni, who leaves Monday for Paris Island, S. C., Marine Base, exploded away with a short lateral from Bob Kelly to complete a lightning quick pass play that covered 71 yards early in the last period when the Irish were trailing, 7-6.

Fourteen thousand books were published in England annually, prior to the war.

## Notre Dame And Army Had Tough Going To Win Their Tilts Saturday As Navy Recovers

By TED MEIER  
NEW YORK—(AP)—The luck of the Irish saved Notre Dame, the country's No. 1 college football

eleven, from an upset defeat Saturday.

Trailing a fighting Illinois team by 7 to 6 in the last quarter at Champaign, Ill., the South Bendiers won, 13-7, on a 65-yard sprint by Chick Maggioni. Altogether the play covered 71 yards, Maggioni getting into the clear after taking a lateral from Bob Kelly. The one play wiped out the advantage of a 74-yard touchdown run by Illinois' Buddy Young the first time he carried the ball. The Illini who had two touchdowns recalled because of penalties pushed Notre Dame all over the field, piling up 343 yards by rushing to 132. In addition Young was injured late in the first half and sat on the bench the remainder of the game.

Army Came From Behind  
Army, ranked only eight points behind Notre Dame in last week's Associated Press poll, likewise had to come from behind against Duke to maintain its unblemished record. The West Pointers trailed at halftime by 7-6 before 45,000 at the Polo Grounds, but exploded in the second half for three touchdowns and a 27-7 triumph.

Navy's unpredictable eleven bounced back from last week's 17-15 defeat at the hands of Georgia Tech to tumble Pennsylvania out of the ranks of the unbeaten and untied. A crowd of 73,000 at Philadelphia saw the Middies, held to a 6-0 edge for nearly three quarters, trample over the Quakers for three late touchdowns and a decisive 26-0 victory. It was the fourth straight year Navy has beaten Penn.

In a battle of unbeaten and untied teams the Oklahoma Aggies smeared Tulsa in a wild-scoring affair, 46 to 40. Ohio State, ranked No. 4 nationally, easily rolled over Minnesota, 34 to 14, to keep a clean slate. Miami (Ohio), St. Thomas (St. Paul), Yale and Drake also stayed in the unbeaten and untied ranks.

Surprises  
The real surprises of the afternoon came in Nebraska's 24 to 20 triumph over Missouri; West Virginia's 28-27 defeat of Penn State; Michigan's 40-14 sweep over Purdue and Rice's 7-0 triumph over Texas. Missouri, Purdue, Penn State and

### Southern California Plasters Gaels 34-7

LOS ANGELES—(AP)—Southern California plastered the St. Mary's Gaels with a 34 to 7 beating Saturday, and used second and third stringers most of the time in the process.

The young and inexperienced lads from Moraga, Calif., fought all the way and stalled several touchdown drives in the shadow of their goal but they didn't have much of a scoring threat and played most of the afternoon in their own territory.

Ghateaubriand, French statesman, was born at St. Malo.

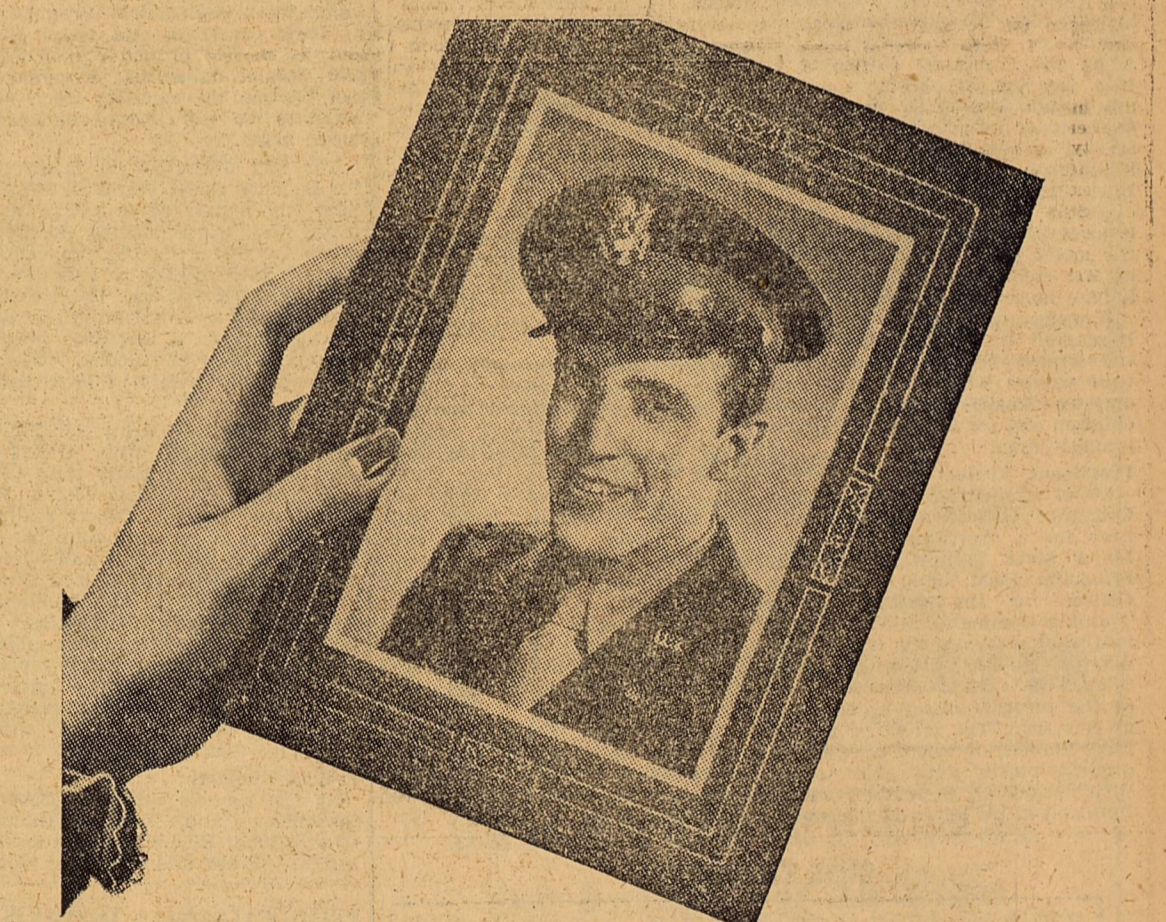

### Oklahoma Tramples Horned Frogs 34-19

OKLAHOMA CITY—(AP)—Deflating Texas Christian University's vaunted aerial attack with a passing and running game that scored in every period, the University of Oklahoma trampled the Horned Frogs 34-19 here Saturday night.

It was the first loss of the season for the Frogs in five starts and except for the third period, when Joe Kucera, playing his last game for TCU, let loose with an aerial barrage, the Frogs couldn't keep up with the Sooners.

# GERMANY WILL TRY IT AGAIN

By Sigrid Schultz Copyright, 1944, by Sigrid Schultz Distributed by NEA Service, Inc.

As an American newspaper correspondent in Berlin from 1919 to 1941, Sigrid Schultz saw at first hand the events that led from World War I to World War II. And she saw the behind-the-scenes preparation for the coming "war-in-peace" that she warns may culminate in World War III. This is the story of Germany's plans to win the peace, plans that even now are being put into effect.

EVERY one of the German underground leaders whose confidence I enjoyed felt very deeply about exemplary punishment of Nazi criminals. The underground for years has collected evidence on the crimes and depredations of the Nazi Party members, of sympathizers among their countrymen of all classes. The great burden of guilt, however, is shared by the people who have had some measure of power: the Junkers, aristocrats, professors, industrialists, businessmen, officials, besides the army. There is no way of knowing, of course, how many such files, whose mere existence constitutes a menace to the holder's life, will have survived the war.

But without exception these underground men insisted that punishment be administered by Germans, either directly or through transfer of those recognized as criminals by German courts martial. They spoke time and again of the danger that the Nazified minds among the masses might elevate to martyrdom men and women executed by foreigners, without German co-operation, whether or not they deserved death.

The non-Nazis within the German army have weapons and access to weapons. When it becomes sufficiently clear to them that they cannot hope for peace as long as Nazi criminals are at large, they can and will make use of their

weapons if proper psychological pressure is applied. This must under no condition be understood to mean that we countenance the establishment of a German militaristic government. For German army leaders should never be given a chance to repeat their performance of 1918 and of the following years, when they were able to hide behind the Republic, claim they had not been defeated, and regain power. They will not be able to do so if we make use of them to enforce the consequences of defeat.

GERMAN army leaders who, in collaboration with the underground, mete out court-martial sentences to German war criminals will automatically do everything in their power—for the sake of their own personal safety—to convince the population that the punishment is just. This will reduce their chances of organizing one more conspiracy against whoever tries to build up a sane government in Germany. And the new government chiefs, knowing how the Republic was tricked by the army in the past, will be on guard against an army camarilla even if it has helped bring about the overthrow of the Nazis.

I have seen how occupation worked in Germany after World War I, before the whole of the country was trained for nationalistic propaganda. As a consequence of observations made at that time, I am deeply convinced that the quicker the Germans are

made to run their own show, with responsibility placed squarely on their shoulders, the more quickly pacification can be enforced, provided they are made to realize that none of the tricks which worked after World War I can serve them after World War II.

WE spent 25 years being frightened of chaos in Germany and making concessions to the Germans because of that fear. They will cry chaos again, and still again. Yet why should we send a single United Nations soldier to save them from the chaos they have invoked? We want to help. Then let us concentrate on helping the emaciated people in Germany's neighboring countries, the innocent victims of pan-Germanism.

The Germans are nothing if not realistic. When they see that crying "Chaos! Chaos!" will not bring us running to help them, they will promptly settle down and control the chaos themselves. Certainly there will be bloody clashes, but they would be and should be Germany's affair.

We will have to remember that Nazism will retain a great appeal for the Germans, even in defeat. It taught them to co-ordinate the power of the whole nation. And they will never forget that for a time they almost ruled the whole of Europe. They have been thoroughly indoctrinated with the thought that German strength is the basis of all life. Their decent, humanitarian instincts have been buried in decades of wrong teaching, wrong thinking. They won't accept correction from us.

Under some stable form of government, chosen by themselves, the better German elements can emerge again and assume the direction of Germany's re-education. They can teach the Germans to fulfill their genuine talent for co-operation and constructive work, which is evident whenever they abandon their dreams of conquest and aggression.

Our contribution toward real world peace is to keep on guard—unremittingly—eternally. At the first sign of weakness on our part, they'll try it again.

THE END

# McKENNEY ON BRIDGE

By WM. E. McKENNEY America's Card Authority

I don't know whether Bert Lee, as he is known to Station WHN sports fans, get more kick out of announcing a hockey or baseball game, or playing bridge. As a member of the Executive Committee of the American Contract Bridge League, he is doing a great deal to stress better sportsmanship at the bridge table. Bert Lebar, as he is known to bridge players, gave me today's hand at one of our meetings. He made a nice squeeze play to make the contract.

He won the opening diamond

Lebar	♠ K J 10 4	♥ A Q 6	♦ A K 5 2	♣ K 4
North	♠ 9 6 5 2	♥ J 9 7 3	♦ Q J 10	♣ Q 10 6

lead with the ace, and saw that his only chance was to take the club finesse and have the king and club. In essence, he jacked and cashed the ace and seven of clubs. Now he won a small heart with the queen, cashed the ace of hearts and king of diamonds. He led the six of hearts, went right up with the king and played the five of clubs. At this point he was able to get a perfect reading of the opponents' hands, and could safely play the queen would fall on the next spade play, establishing the jack for the 13th trick.

**FLU WATCHERS**  
In order to detect the first signs of any flu outbreaks that may threaten U. S. troops, "influenza watches" have been established in Army units overseas and at home. The flu watchers do find the disease breaking out, their report will be the signal for vaccination of threatened units with the new anti-influenza vaccine now being prepared in large quantities.

**Hold Everything**  
Information  
Life at Midland Army Air Field has taught many other things—most of them less costly than the aforementioned. Cadets John R. Coontz and Dean L. Glover realize now that it takes more than praying to keep up those half-dozen shafts the "Hotrocks" started with. The next half is the toughest. So everyone says. Navigation—ugh—no cat fly on auto-pilot, bomb to pin-point accuracy, repair time to muster. Let's "git" with it 53, its "Bombs Away."

**Trouble-Shooters:**  
At the present time, Lt. Robert Shoemaker and T/Sgt. William (Uncle Puck) Buchanan are attending the Pratt and Whitney Air-

# MAAF Prop Wash

Jovial Pfc. Morris Rosengren of St. Paul, Minn., who celebrated his fifty-first birthday last Tuesday, is (probably) the oldest private on Midland Army Air Field. Back in 1917 Pfc. Rosengren was prepared to serve against the armies of the Kaiser, but was thwarted—or saved—as the case may be, by the sudden signing of the Armistice.

**Unbarbecued Barbecue:**  
During the last week, Major Russell B. Brown, special services officer, S/Sgt. Frank Onychowski, Sgt. Eddie Szymanski and Pfc. Howard Reynolds, who was driver of the GI truck, roamed the West Texas ranges in rounding up fatted calves, that were barbecued Saturday and served to a throng of enlisted personnel and their guests.

Determined to see the Army in this war, however, Rosengren, known also to his buddies as "Rosie" or "Pop," enlisted in the Army Air Forces on November 6, 1942. Leaving his business as an automobile mechanic, Rosie endeavored to become familiar, while serving in the Air Corps, with the intricacies of aviation mechanics.

At one spot during their roundup, the calves were corralled in a stockade, and the GI truck was backed-up to the release gate. But then the fun started as one of the calves put up a stubborn resistance, and it took all four of the Air Corpsmen to finally drive the calf into the truck.

It was not long, however, before the erstwhile auto mechanic found himself back where he started—in the motor pool. And from the time of his enlistment Rosie has been in the motor pool at MAAF.

When the Thursday noon whistle blew, they had a "merry old time" of it as they scampered here and there for a spot to park and eat their snack-lunch. Most of them found a spot in the Post Coffee Shop or the Line Coffee Shop; and the scene of opening paper bags, wax wrapped lunches and even some old-fashioned dinner pails made up part of the sight, well worth seeing.

Now a grandfather, Pfc. Morris Rosengren is awaiting victory for the United Nations in the hope that victory will bring peace not only for himself, but for his grandchildren and for his grandchildren's grandchildren.

Others found a seat in a parked car to nibble away on their lunches. Some claimed that was the first time they had to carry their noon-meal with them.

Major Kenneth A. Mack, former Ordnance Officer at MAAF, was here for a short visit this week. Major Mack is now stationed at Randolph Field, and is Ordnance Officer for the Central Flying Training Command. Having organized what was once the largest ordnance company in the United States, he is responsible for much of the present set-up in ordnance at this field. The ordnance men, a large number of whom were in the original outfit, were glad to see their former C. O. and all wished him well in his new and bigger job.

Cadet Herbert G. Lees has the misfortune to be stationed a few

## FRECKLES AND HIS FRIENDS —By MERRILL BLOSSER

DO YOU ALWAYS GO AROUND WEARING A GYM SUIT?

I WAS ONLY TRYING IT ON WHEN YOU CALLED!

WHAT ARE WE GOING TO DO HERE?

I'M GONNA HUMILIATE YOU IN EVERY FIELD OF SPORTS AND MAKE YOU RETIRE FROM POLITICS!

IT'S TOO DARK OUT HERE! WHY DON'T WE TURN THE LIGHTS ON?

BECAUSE I'M STILL A GENTLEMAN!

I DON'T WANT THE WHOLE WORLD TO SEE HOW RED YOUR EARS GET, WHEN I PIN THEM BACK!

## WASH TUBBS —By LESLIE TURNER

MOST TROOPS ARMORED UNITS AND SUPPLIES FOR THIS AREA ARE BASED AT WENDAO. CAPTAIN, ANY PLAN FOR RAIDING INTELLIGENCE HDQ THERE, WITH A HANDFUL OF MEN, HAS GOT TO BE PLENTY GOOD!

PARDON ME, SIR, HERE'S THAT LAY-OUT OF WENDAO YOU ASKED ME TO DRAW

HERE'S THE MAIN GATE... THIS IS BASE HEAD-QUARTERS AND HOSPITAL NEARBY... OVER BY THE SOUTH FENCE, A STORAGE SHED FOR CYLINDERS OF POISON GAS, AND...

JUST A MINUTE, FELIPE. COULD A MAN, STANDING BY THAT SHED, SEE THE LIGHTS OF A CAR AS IT PASSED THIS POINT?

YES, SIR, IT'S ONLY 300 YARDS, WITH NO OBSTRUCTIONS BETWEEN THEM.

GOOD! OKAY, FELIPE, WE NEED THREE COMPLETE JAP UNIFORMS. YOU GET ONE... I'LL SEE TO THE OTHER TWO!

IF MOLLY'S MEMORY HAS RETURNED AND SHE TRIES TO ANBUSSH ME AGAIN, MY IDEA ABOUT HER IS ALL WRONG, 'LITTLE BEAVER'!

HER PAY-LIM BACK KINDNESS WITH BULLETT!

HERE COMES RYDER! OH, WHAT'S COME OVER ME? I FEEL SO STRANGE!

MOLLY WATCHES LIKE A PERSON IN A TRANCE... SLOWLY HER HAND DROPS TO HER PISTOL... AND...

## RED RYDER —By FRED HARMAN

NO ONE PASSES THIS GATE BEFORE SUNRISE!

I DON'T SEE OOP IN THAT THING, BUT WHOEVER IS, IS IN FOR TROUBLE!

OOP OR NO OOP, GUY, I THINK IT'S TIME WE TOOK A HAND! WE CAN USE THAT JEEP IN OUR BUSINESS. LET'S GO!

NOW YOU'RE TALKIN', DOC!

**Nineteen Awards Are Given To Boy Scouts**

Nineteen awards were given Friday night at the Boy Scout court of honor held in the district courtroom at the courthouse. Capt. Kenneth Howat was guest speaker for the occasion. He told of some of the experiences in the Pacific war theater of fliers who had once been Boy Scouts. Members of the court of honor were William B. Neely, chairman; James S. Noland, Roy McKee, Dr. L. B. Pemberton and Frank Ashby. Next Court In December The next court of honor will be held November 23, and will be the last court of honor for 1944. Boys receiving tenderfoot awards are Jerry Webb, James Culp, Billy Joe Pyle, Donald Pyle and John Steinberger. Those receiving second class awards are Buddy Stovall, R. Leon Cline and Benny Stanley. First class awards were given to Oscar Cooper and Billy Secor. A life Scout award was given to Herman Hankla. Merit badges were given to Jimmie Green in camping and reading; to Herman Hankla for pioneering, athletics and camping; Gilbert Sevier for first aid; Paul Dale Smith in wood carving; Charles Ruckman in personal health and first aid; Niles Winter, Jr., for firemanship and reptile study; and Charles Funk in physical development.

Air weighs about 533 grains a cubic foot.

**Any Luck?**

With an eye on a trout dinner, two members of a Signal Corps unit try to gobble with improvised tackle in stream near Zwiefal, Germany.

**Guidemarks Sometimes Fail Even Best Of Reconnaissance Men**

By HAL BOYLE  
 WITH AMERICAN ARMORED UNIT IN GERMANY—(?)—You learn to use all kinds of guidemarks to find your path in this hostile country. Lt. Thomas D. Rodman, of Spartan, Ill., a reconnaissance officer who has been out in front all the way across France, Belgium and into Germany was out checking patrols recently. It was so dark he could hardly see the end of his rifle. Stumbling back into the command post sometime before midnight he complained: "Damn those engineers. They went and buried that old dead cow and smoothed out the road where I have been turning left and I did not smell him and wandered all over the place before I could find him."

**Nazis Change Road Signs**  
 Lt. E. Hulen Denton of Casper, Wyoming, had a more dangerous experience as a result of tampering "by person or persons unknown" with the road signs along the German-Holland border.

"He left at night to go to the command posts of some forward troops," said Lt. Robert M. Batley, of Detroit, Ill., "and he noted by the map that his position had not been changed. But the signs leading to it had."

"Denton drove seven miles following the signs and knew he was going too far. He stopped and lit his flashlight at an intersection to try to find his way and the Germans opened up on him with three rifles and one burp gun. He had driven right past our lines into enemy territory."

"He put out his flashlight, jumped into the jeep and escaped, after we checked and found the direction of four signs leading to the command post had been changed. There have been several such instances."

**Fired Test Shot**  
 Pvt. Ray Tewson, Cleveland, O., reconnaissance motorcycle rider, wanted to see if his carbine was working properly. He was only a short distance from the Bivouac area so he fired a test bullet into a hedge. Out came two Germans with their hands held high and their knees shaking. They led the surprised private to two more Germans and he brought all four in.

No telling how many he might have got with aimed fire.

**Binder Twine Sales Indicate Big Crop**

Midland County farmers will harvest a good feed crop this year, Herd Midkiff, supervisor of the Martin-Howard Soil Conservation District, stated this week. A better than average feed crop is indicated by the amount of binder twine being used, Midkiff stated. One store alone sold 80 bales of binder twine in three days, Midkiff said, which is enough to harvest more than 2,000 tons of feed. **Reduced Stocking Rate** J. C. Franklin and C. R. Hall improved their pastures last year by reducing the stocking rate. Soil conservation technicians who went over the pastures found an abundance of grass left for fall and winter use. All the good forage grasses made a good growth and produced seed this year. The range on the M. F. King ranch is in good condition this year. Proper stocking has improved the grama and buffalo grasses on the range considerably and left plenty for fall and winter use.

**RUBBER LIKE MILK**

Sap of the rubber tree not only looks like cows' milk, but acts so much like it that chemists learned a great deal about handling it by studying the methods of dairy chemists, and even the name "latex" comes from the Spanish word for milk.

Ohio's oldest brick road is believed to be a street in Steubenville laid in 1862.

Bill Scruggs Runs Ball Over For Rice Victory Over Texas

HOUSTON — (AP) — Big Bucky Sheffield didn't get to play much Saturday but he was in there entirely too long to suit the Texas Longhorns...

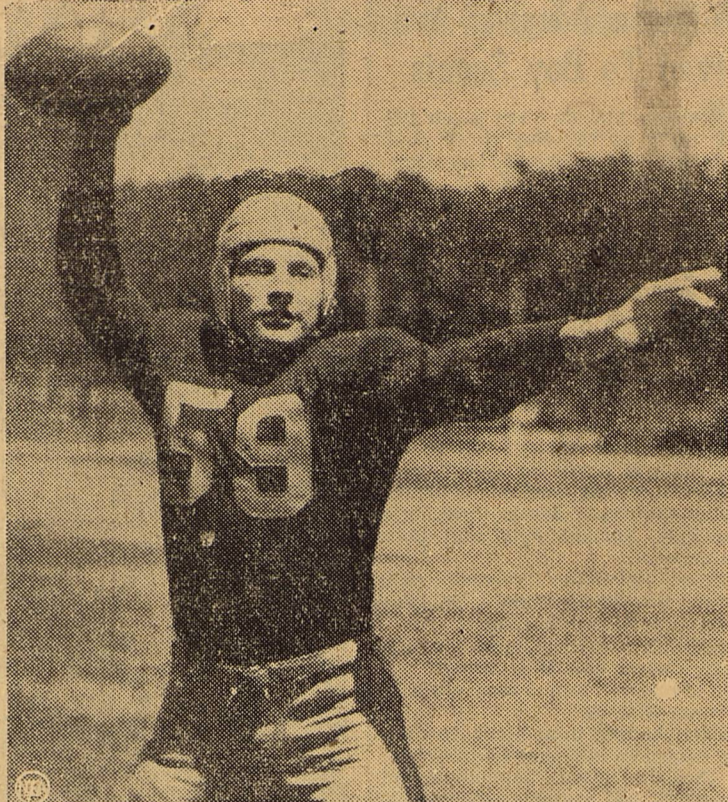

Tulane Smothers Mustangs 27-7

NEW ORLEANS — (AP) — Tulane's crushing power crumbled a game Southern Methodist Mustang defense here Saturday and the Green Wave rolled to a 27 to 7 victory in the second half.

San Angelo Bobcats Skunk Odessa 47-0

SAN ANGELO — Before an overflow crowd estimated in the neighborhood of 10,000, the San Angelo Bobcats, state champions, got there "fustest with the mostest" and thoroughly disorganized the Odessa Bronchos...

Passes the Buck

Don Greenwood passes for Illinois and directs one of the fastest backfields ever assembled, which is why Notre Dame anticipates no picnic in Champaign.

SPORTS BOMBER

Star Bowler Comes and Goes

It was a busy two days for Frank Benkovic, all-time ABC record-holder and doubles champion, Thursday and Friday afternoon and night in the Post Bowling Alleys at Midland Army Air Field.

School Cadet Walters won his letters in football, basketball and baseball, and while attending Ohio University, he earned his varsity letters in basketball and baseball.

The Officers Touch Football League at MAAF got underway this last week with six games played. The top game played was the IS "B" and Administrative Officers, which ended scoreless.

Result of other games played were as follows: Administrative Officers 8, Training Squadron One 0; Training Squadron Five 24, Training Squadron Four 6; Administrative Officers 24, IS "A" 0; Training Squadron Two 14, Training Squadron Five 12; IS "A" 6, Training Squadron One 0.

Practice Game Last Thursday night the Headquarters Retreads tangled with the Section A touch football team in a nip and tuck battle that found the Retreads on top 12 to 8 when the final whistle sounded.

Headquarters scored first on a long pass thrown by Cpl. Elliott Schaefer and was caught in the end zone by S/Sgt. Arrell Foster. Headquarters tallied again late in the first half when Corporal Schaefer's bullet-like pass was snatched successfully by Cpl. Orrin Kimball in the end zone.

The Section A boys began moving in the second half and a long pass into the end zone gave the "A" boys their first score of the season. Later Sgt. George Kuchemister caught Corporal Schaefer behind the Retreads goal line to give Section A two points.

WHAT'S BEHIND THE Society Brand LABEL?

Experience and tailoring skill that goes back for more than forty years. Reputation maintained season after season for fabric superiority. Style leadership—intelligently designed clothes that enhance any man's appearance. Quality from collar to cuff, in every stitch and seam, inside and out.

Razorbacks Take Mississippi 26-18

MEMPHIS — (AP) — University of Mississippi's Rebels matched a favored Arkansas team blow for blow for three periods Saturday but weakened on the final lap, allowing the Razorbacks to push over two touchdowns for a 26 to 18 victory.

Sweetwater Mustangs Beat Lamesa 47-6

LAMESA — The Sweetwater Mustangs rang up 21 points in the initial quarter of their 3-AA game with Lamesa's undermanned Tornado here Friday night and then coasted on to a 47 to 6 victory.

Two Conference Games Highlight Week's Football

By The Associated Press

Southwest Conference football teams ease up on their inter-sectional program this week with two games counting in the championship standing on the schedule and with only one eleven leaving this area.

Army Downs Duke 27-7 At Polo Grounds

NEW YORK — (AP) — Army's scintillating Cadets passed their mid-term football test in impressive style Saturday, coming from behind to defeat a rugged and determined Duke eleven by 27 to 7 for their fifth straight victory of the season.

Pencil Pushers

Last Sunday afternoon found the pencil pushers (members of the Army Chair Corps) taking full advantage of the good weather to get in some good exercise in the form of touch football and volley ball.

Ohio Grabs Big Ten Honors By Beating Minnesota 34 To 14

COLUMBUS, O. — (AP) — Ohio State University's "Scarlet Scourge" blasted Minnesota's Gophers quickly Saturday and then coasted home for a 34 to 14 football victory that gave the Bucks their fifth straight triumph of the 1944 season.

Oklahoma A&M Upsets Favored Tulsa 46-40

TULSA, OKLA. — (AP) — A fiercely-fired up Oklahoma A&M College football club smashed highly-favored Tulsa's Golden Hurricane out of the ranks of the nation's undefeated, untied teams Saturday with a startling 46-40 victory before 13,000 fans.

Texas Aggies Shred North Texas 61-0

COLLEGE STATION — (AP) — The Texas Aggies tore North Texas Agricultural College's defense to shreds on Kyle Field Saturday and scamped, plunged, passed and blocked punts to bury the junior Aggies from Arlington 61-0.

## Civic Music Club To Present Three Artists At First Concert

For its first concert of the year, the Civic Music Club will present an unusual and varied musical program at the high school auditorium Nov. 6. The guest artists will be Myron Taylor, former Metropolitan Opera star, Walter Robert, conductor and pianist of the Manhattan Ensemble; and Miss Eleanor Swain Welch, instructor in harp at North Texas State Teachers College.

at North Texas State, Taylor has received wide acclaim for his role of Philip Nolan in Dr. Walter Damrosch's opera, "The Man Without a Country." He was also a brilliant success singing the difficult and exacting role of the Rabbi in Max Reinhardt's production "The Eternal Road."

## Woman's Wednesday Club Gives Library Book Of 'Lee's Lieutenants'

The third volume of Douglas Freeman's "Lee's Lieutenants" has been contributed to the Midland County Library by the Woman's Wednesday Club, in honor of the club members' sons and relatives who are serving overseas.

The book is the last in a set of three volumes of military biographies, for which the author spent eighteen years doing research work. It was Freeman's original intention to release all three volumes at once, but after the outbreak of the war he felt that the Army might find the books valuable and for this reason released each book as soon as it was completed.

It has been reported that Gen. Omar N. Bradley spent many hours before the European invasion studying the strategy discussed in the first volume.

Walter Robert, concert pianist who has toured the United States and Canada as accompanist of Violinists Ossy Renardy, Carroll Glenn, and Paul Mokovsky, has been described by music critics as one whose work "is so good you sit wishing you could hear him in a concert of his own."

He organized and conducted the Manhattan Ensemble for the National Music League, an organization which has helped to launch the careers of many important composers.

Walter Robert, concert pianist who has toured the United States and Canada as accompanist of Violinists Ossy Renardy, Carroll Glenn, and Paul Mokovsky, has been described by music critics as one whose work "is so good you sit wishing you could hear him in a concert of his own."

## Mr. & Mrs. Lord Will Celebrate 50th Anniversary

Mr. and Mrs. F. F. Lord, 701 East New York Street, will observe their fiftieth wedding anniversary Tuesday. They moved to West Texas in 1906, settling in Seminole, and resided there until 1926 when they came to Midland.

Mr. and Mrs. Lord have seven children, 13 grandchildren and one great grandchild. All of their children except two are in Midland. A daughter, Mrs. H. V. Black, resides in Oregon, and a son, Frank Lord Jr., is in the Navy, stationed in Rhode Island.

The following will attend a family dinner Sunday, celebrating the fiftieth anniversary: Mr. and Mrs. J. E. Harwell and family, Sgt. and Mrs. J. T. Baker and daughter, Mr. and Mrs. A. E. Murr, Mr. and Mrs. W. B. Lord and family, Mrs. Frank Lord Jr. and daughter, and Mrs. Irene Allen and daughter.

## Mrs. C. A. Myer Makes High Bowling Score

The Spotters Bowling Group met Wednesday afternoon at the Plamor Bowling Palace. Mrs. C. A. Myer had high score.

Among the officers' wives present were Mmes. G. R. Hulse, J. Charity, J. D. Bonnin, J. A. Peachman, D. W. Speed, D. W. Murphy, T. D. McDevitt, D. J. O'Reilly, H. M. Askins and Myer.

All officers' wives are invited to attend these bowling classes, which meet at 3 p. m. on Wednesday afternoons.

## 'Aunt Sadie' Thomas Honored With Surprise Party On Birthday

"Aunt Sadie" Thomas was guest of honor at a surprise party Friday night at the home of Mrs. Hoyt Burris, 708 S. Loraine. The party was to celebrate the birthday of Mrs. Thomas, whose work among the young people of the Calvary Baptist Church has won for her the affectionate title of "Aunt Sadie."

Mrs. Burris' home was decorated throughout with fall flowers and the large birthday cake carried out the color scheme of the flowers, with birthday greetings spelled out in the icing.

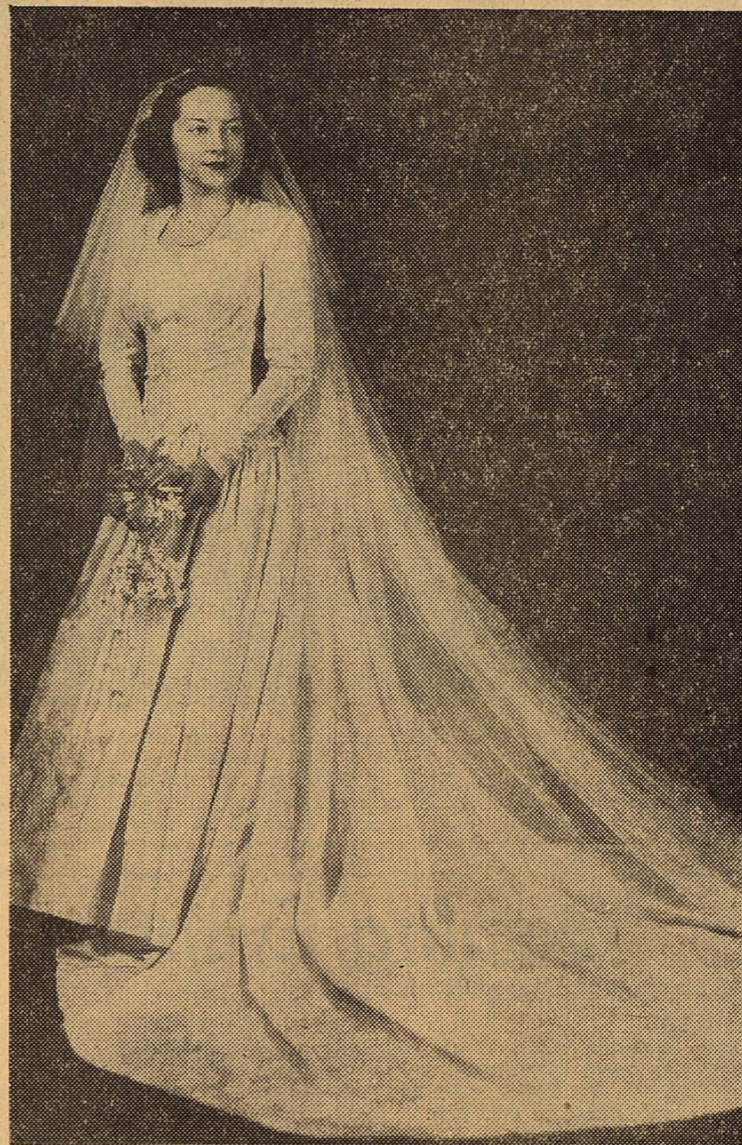

Grown-ups who attended the party were Mmes. Paul Brooks, B. B. Smith, Fred Morrow, W. G. Flournoy, Buck Badgett, C. M. Tunnell, Walter Wingo, J. C. Woods, R. C. Frazier, Gene Shelburne, Alton Heard, Catherine Shelburne, W. H. Thomas and Ed Shelburne.

Among the younger set present were Frances and Jimmy Padgett, Wanda Smith, Willie Mae and Mildred Baker, Stanley and McIodessa Burris, Thomas White, Leland, Kathryn and Bennett Morrow, Joe Tunnell, Reba Bishop, Patsy Riley and Lois Shelburne.

## Mrs. Clinton Harless Gives Birth To Daughter

Mr. and Mrs. C. C. Harless received word Friday of the birth of a granddaughter born Oct. 26 to their son's wife, Mrs. Clinton Harless in Fort Worth. The baby's father, Pvt. Clinton Harless, is serving overseas with the 177th General Hospital Unit.

## Bride Of William J. Hall

Miss Mary Ray White of Keller who became the bride of the Rev. William J. Hall in the University Christian Church in Fort Worth Friday.

## Miss Mary Ray White And Rev. Hall Are Joined In Marriage In Fort Worth

In one of the loveliest weddings of the fall season, Miss Mary Ray White of Keller, Texas, became the bride of the Rev. William Joseph Hall, son of Mr. and Mrs. S. P. Hall, 1004 W. Tennessee. The wedding took place at 8:30 Friday evening at the University Christian Church in Fort Worth, with Dean Colby D. Hall of Texas Christian University officiating.

Mr. J. Ray White gave his daughter in marriage, and Miss Martha Nell White was her sister's maid of honor. Mrs. Phil J. Shafer served as matron of honor, and Miss Virginia White and Miss Jeanne Curry were bridesmaids.

The best man was the Rev. Jimmy Pickering, son of the Rev. and Mrs. John E. Pickering of the First Christian Church of Midland, and

the ushers were the Rev. Ray D. Holt, Charles A. Malot and J. Frank Crawford.

**Bride In Satin Brocade**  
The bride was radiant in a white brocade satin gown with a long satin train. Her full length veil was topped with a starched lace Juliet cap. For her bridal flowers she carried two white orchids attached to a white prayer book.

Miss Martha Nell White, as maid of honor, wore a gold taffeta dress trimmed in velvet, with a halo of gold plumes and net, and carried a bouquet of bronze chrysanthemums. The matron of honor and the two bridesmaids were dressed alike in forest green taffeta gowns, with halos of plumes and net. Their bouquets were of yellow mums.

The church was beautifully decorated with white gladioli, palms, and white candles, with the aisle carpeted in white.

In addition to the traditional wedding music played by the organist, Mrs. C. O. Sanders, Miss Max Helen Pickens sang "Because" and "I Love You Truly."

Following the ceremony, a reception was given by the bride's parents, Mr. and Mrs. J. Ray White, at the Woman's Club Building. The young couple then left on a short honeymoon, after which they will be at home in Fort Worth.

Mrs. White received her degree Tuesday from TCU, from which her husband was graduated in 1943. He now is doing graduate work at TCU, in addition to holding the pastorates of the Christian churches at Cooper and Saxe.

While an undergraduate student at TCU, Mr. Hall, who had all of his grammar and high school education in Midland, was president of the senior class. He is a member of the Brittes College of the Bible.

The bridal party was entertained Thursday night at a rehearsal dinner party at the Blackstone Hotel, given by Mr. and Mrs. S. P. Hall.

## Evening Of Fun Is Promised For All At Hallowe'en Carnival

For the fifth time in as many years, the North Elementary PTA will sponsor a Hallowe'en Carnival in the high school gym on Hallowe'en night. The carnival, which has become something of a traditional event that is as eagerly awaited each year by the grown-ups of Midland as well as by the children of the town, has helped to eliminate the nuisances, trouble, and damaging of property which usually accompanied this particular holiday.

Prizes of every sort are offered for the various games and activities which take place. Almost every business organization in town has contributed generously to the list of prizes, and all are really worth trying for.

**Many Unusual Features**  
Each room in the North Elementary School, headed by its room mother, is responsible for a booth at the carnival, which opens at 6:30 p. m. Some of the features will be a fortune-telling booth, presided over by an old witch; a cakewalk, trot to the tune of boogie-woogie music, with homemade cakes for prizes; ring the duck, at which the contestants will throw hoops at a live duck; a turtle race, with live turtles; a house of horrors; a beauty parlor at the entrance of which all comers will be made up to look either beautiful or extremely ugly; and a lunch counter where a Mexican supper, sandwiches, and home-made pies will be served.

Food for the party will be donated by the parents of members of the PTA.

## CONVALESCENT MEN FROM POST HOSPITAL ARE GUESTS AT PARTY

Twenty convalescent patients from the Midland Army Air Field Post Hospital were entertained at a tea-dance and supper Thursday afternoon and evening at the home of Mrs. N. A. Lancaster, 1705 W. Indiana. The party, which began at two in the afternoon and ended at nine at night, was sponsored by the Grey Ladies, with Mrs. Ralph Barron, Mrs. I. E. Daniel, and Mrs. E. H. Griswold acting as co-hostesses with Mrs. Lancaster.

In the afternoon, Mrs. Lancaster showed motion pictures taken on her recent visit to Santa Fe, N. M. The movies were followed by a tea-dance, to which fourteen local girls were invited.

**Make Records**  
The men spent the rest of the afternoon playing the piano, singing community songs, and making records to send home to their families. At dinner time, Lt. William Taylor did the honors as chef, barbecuing hamburgers over the open fire.

Special guests at the party were Lt. Col. E. G. Benjamin, chief surgeon, MAAF; Mrs. Benjamin and two children; Capt. Katherine Young, head of the Nurses Corps at the post hospital; Lt. Naomi Combs, R. N.; Miss Betty Kelloway, assistant Red Cross field director, and Miss Donna McChesney, laboratory technician at the hospital. Members of the hospital's nurses aide corps assisted with the serving.

## Enlisted Men's Wives To Be Guests At Supper And Bingo Party At USO

Enlisted men's wives are invited to a buffet supper and bingo party Friday night at 8 p. m. at the Salvation Army USO. A business meeting will be held to decide whether or not the guests present would like to organize themselves into a club for enlisted men's wives.

Spotters Group One, sponsored by Mrs. Grace Ash and Mrs. Charlotte McClintock, will assist Mrs. Harry Nielson, director of the USO, with the party. Prizes will be awarded to the winners of the bingo games.

The USO asks that those planning to attend call the office before Nov. 1 to make reservations.

## Miss Stolte Leaves For University

Miss Virginia Stolte left Saturday morning to enter her sophomore year at the University of Texas in Austin. The daughter of Mr. and Mrs. V. G. Stolte, Miss Stolte attended Stephens College in Missouri for her freshman year.

## Junior Q.V.V. Meets With Midkiff Sisters

The Junior Q.V.V. Club met last week at the home of Misses Loyce and Maydell Midkiff. Miss Pat Flanigan, president, conducted the business meeting.

Members present were Misses Monta Jo Glass, Mary Moran, Doris Denton, Beth Osburn, Billie Jean Jones, Catherine McDonald, Dorothy King, Edwina Hood, Georgia Newman and Doris Conley.

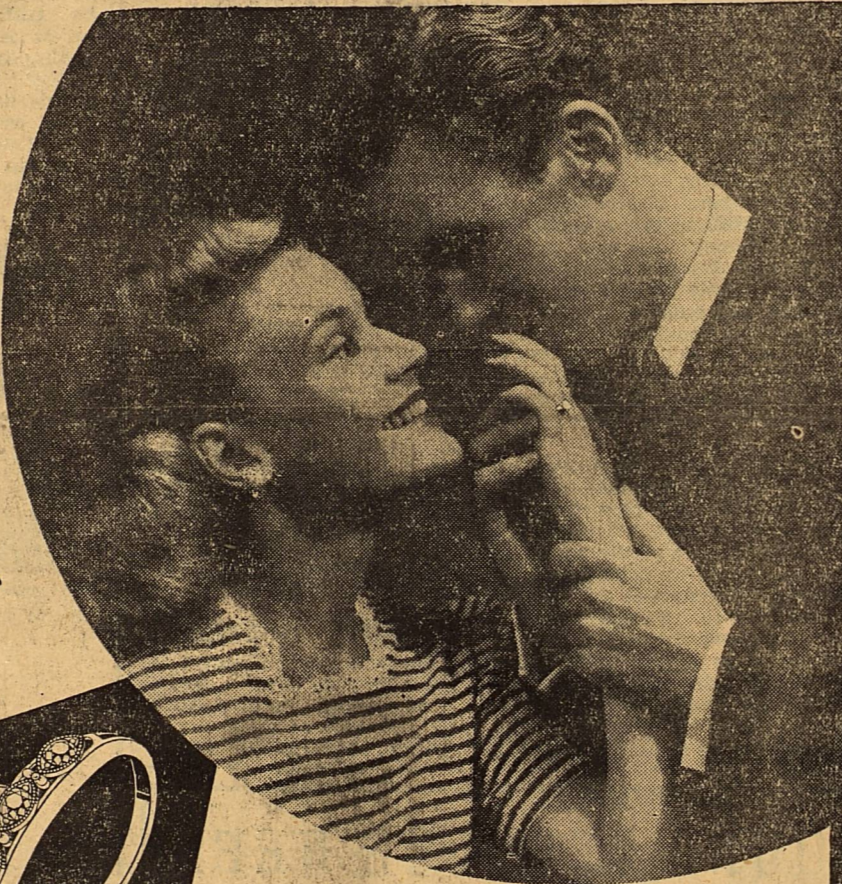

The next meeting will be a joint meeting with the Senior Q.V.V., at the home of Miss Billy Ann Hill.

### Baptist Church Holds Election Of Officers For Coming Season

Committee officers and members of the First Baptist Church were elected recently for the 1945 season. Heading the executive committee will be J. O. Nobles, with C. G. Murray as treasurer and chairman of the various committees as board members.

P. J. Mims will be chairman of the finance committee. He will be assisted by Raymond Upham, E. H. Barron, C. W. Kerr, Thurman Pylant, J. M. White, A. P. Scharbauer, Frank Cowden, Jack Jones, Mrs. J. Howard Hodge, Mrs. H. S. Collins, Mrs. George Grant and Mrs. S. C. Dougherty. Mrs. S. M. Erskine, T. Paul Barron and Raymond G. Hall will represent the Women's Missionary Union, the Baptist Brotherhood, and the Sunday School and Training Union in the order named on the committee.

**Officers Nominating Committee**  
Serving on the general officers nominating committee will be Claude O. Crane, chairman; Fred J. Middleton, Mrs. Yates Brown and Mrs. Jack Jones.

The house and grounds committee will be composed of Frank Monroe, chairman; Floyd Pace and L. Waldo Leggett.

J. C. Hudman will head the membership committee, assisted by Yates Brown and Mrs. E. C. Girdley.

The chairman of the mission committee will be J. P. McEldowney with Mrs. S. M. Erskine, Mrs. S. L. Alexander, W. H. Measures and Tom Wingo as committee members.

The ordinance committee will consist of Anton Theis as chairman, Leon Arnette, Mrs. W. H. Measures, Mrs. R. L. Denton and Mrs. W. T. Forehand.

### Army Solves Knotty Problem

MAXTON, S. C. —(AP)—The Army is teaching glider pilots to tie bowlines, double baker bowlines, and reverse halfhitches. The course was designed to wipe out the cause of pilots finding themselves gently nudged from their seats by too-loosely lashed quarter-ton trucks.

The Casiquiare, a Brazilian stream, sometimes flows in one direction and sometimes in the other.

### Fits Well

Your nicest frocks will look as smooth as paint over one of these well fitting slips. An attractive panty completes the ensemble.

Pattern No. 8687 is designed for sizes 14, 16, 18, 20, 40, 42 and 44. Size 16, slip, requires 2 3/4 yards of 35 or 39-inch material; panty, requires 1 1/4 yards.

For this pattern, send 20 cents, in COINS your name, address, size desired, and the PATTERN NUMBER to The Reporter-Telegram Today's Pattern Service, 530 South Wells St., Chicago 7, Ill.

### French Fall Styles Emphasize Patriotism And France's Gratitude To Allied Armies

By ROSETTE HARGROVE  
NEA Staff Correspondent  
PARIS—The liberation of Paris is evident in every line, every seam and every color combination of Lelong, Lanvin and Schiaparella.  
After four years of cycling, French figures are slimmer than ever and so nipped-in waistlines, molder hiplines and soft shoulders are seen throughout the showings. And after four years of riotous-colored street costumes, black once again is predominant. For, as Madame Lanvin explained to me before her collection, the French no longer feel the need to bluff the Germans by wearing bright colors to give them an air of gaiety they didn't feel.

Lucien Lelong, dean of the Paris couture, admits that liberation didn't come any too soon, however, for shortly before D-Day, the Germans had threatened to clamp down on the entire industry. And so key-noting his collection is the "liberation" silhouette, which accents softly rounded hips, formed by important new drapery, with all skirt fullness massed in back in a plunging effect that emphasizes washish waist dimensions.

**Lelong Features Soft Shades**  
All Lelong's shoulders are soft and widened by means of subtle

This Lucien Lelong cocktail ensemble illustrates outstanding Paris trends. The white-lined black faille coat has the new soft shoulderline, and its white tunic, intricately embroidered in jet beads, features molded hipline drapery.

fabric folds, rather than by artificial padding, especially in coats. Suit jackets also carry out this idea with basques slightly flared and longer at the back and waistlines nipped in.

Though French designers had been severely rationed, receiving but 100 tons of fabric a year, their decision to make fewer models rather than be hampered in inspiration is very evident in all three of these collections especially that of Madame Lanvin.

At the salon, crowded to capacity by friends who came to pay tribute to the "grand old lady of the Paris 'couture," there was an electricity in the air, which she explained was an expression of the tremendous joy of at last being free of the hated Germans. Just as in the old days, Madame Lanvin sat at her usual desk in the main salon wearing her fabulous pearls and surrounded by her staff. And as always, there was in this collection the same amount of exquisite detail work and the same beautiful color combinations for which she has always been known.

Having tribute to France's liberators, she presented a group of models which she named for the

Allies—Sarmy, Jeep, RAF and Lucky Strike. Another patriotic note was struck with a group of three beautiful hostess gowns in red, white and blue, and a debutante frock trimmed with tricolor ruching.

### Junior Matrons Society Holds Regular Meeting

The Junior Matrons Society met Thursday night at the Salvation Army USO. At the business meeting, a stork gift of a war bond was presented to Mrs. Katherine Dollar for her future heir.

At the end of the business session, refreshments were served by the USO. Games were played for the rest of the evening.

Members present were Mmes. Jettye Williams, Virginia Harvey, Rochelle Geller, Ann Van Wagner, Helen Kramer, Elmor Cooper, Betty Olivetti, Mary Jane Peterson, Ruth Poage, Estelle Poropat, Frances Crisafulli, Eva Ray Odum, Bess Fawcett, Vera La Belle, Katie Ledford, Vonda Shawhan and Peggy Hoffman.

Mrs. W. W. La Force is military hostess for the group.

### Library Books

New fiction books that have been added to the Midland County Library include:

Brown, All Dogs Go to Heaven; De La Roche, The Building of Jalna; Roberts, Royal Street; Woolf, Jacob's Room.

Non-fiction books added recently are: De La Roche, "Quebec, Historic Seaport; Freeman, Lee's Lieutenants, Vol. 3; Harmon, Pilots Also Pray; Hussey, Historical Geology; Smith, Lost in the Horse Latitudes; Snow, People on Our Side; Bulluck, Practical Farming of the South; Chase, Goals for America; Morris, Traveler from Tokyo; Oakeshott, Flounder Upon the Seas; White, The Long Balkan Night.

Rental books changed to seven-day books are: Barry, Lady of the Night; Biddle, Artists at War; Branson, Case of the Giant Killer; Burnett, Nobody Lives Forever; Christie, Triple Threat; Coker, Groom Lay Dead; Dyess, Dyess Story; Gardner, Case of the Buried Clock; Hancock, Staff Nurse; Larier, Man with the Lumpy Nose; Lippman, U. S. War Aims; Lutz, Sound of the Trumpet; Massie, Green Circle; Phillips, All-out Arlene; Price, Japan's Islands of Mystery; Rives, Friday, Thank God; Rivett, Checkmate to Murder; Sinclair, Our Lady; Stanley, Six Guns for Hire; Thomas, Born to Battle; Upfield, Winds of Evil; Werfel, Song of Bernadette; White, Northwest Crossing; Carlson, Under Cover; Woolcott, Long, Long Ago.

SOAP BOOKS  
To overcome packaging problems of bulky Army-issued soap, Red Cross workers melt hand soap, add distilled water, and dip two-inch squares of tissue paper in the mixture. After the squares dry, they are bound with cloth covers, and resulting "soap books" occupy little space and provide excellent lather for months.

Corn is sold by the "hand," or in groups of five ears, in Vera Cruz, Mexico.

### Social Situations

**The Situation:** You were rushed by a college fraternity or sorority which did not give you a bid, and you wonder what your attitude should be when you meet members of the group on the campus.

**Wrong Way:** Don't speak when you meet the members.

**Right Way:** Speak to the members of the group when you meet them on campus, which will make you appear not to mind that they didn't bid you.

### Civic Music -

(Continued from Page 1)

cert artists, among them being Rise Stevens, Carroll Glenn, and Dales Franz. As accompanist for leading violin soloists, Robert received the unusual distinction of being singled out by music reviewers all over the country for his skill as a pianist and conductor, and was called "one of the most perfect accompanists whom we have heard" by a Quebec critic.

As a concert pianist, an equally brilliant performance can be expected of him.

**Accomplished Harpist**  
Miss Eleanor Swaim Welch has done extensive graduate professional study in harp ensemble at the Curtis Institute of Music. Her radio experiences include local, network, and shortwave broadcasts. She has been harpist in orchestras conducted by Dr. Walter Damrosch, Percy Grainger, and Guy Fraser Harrison. She also has appeared with the Southern Symphony and the Piedmont Festival.

Tickets for the concert, which will begin at 8:15 p. m., are now being sold by members of the Music Club.

### Fifth Lions War Effort Show To Be Held Tuesday

The fifth of a series of the war effort shows being sponsored by the Lions Club and the Midland County Civilian Defense Corps will be given at the high school auditorium at 8 p. m. Tuesday.

The feature will be "Battle for Russia," and is described as one of the most graphic and interesting of the entire series.

Contains Battle Scenes

The film contains some of the most spectacular combat scenes to come out of the war. After showing the historical background of Russia, how the Russians work, live and play, how they swarmed to the defense of their country when Hitler struck, the film goes into major battle actions.

The full story of the attack on Leningrad, the siege and the final lifting of the siege as troops and supplies were rushed across frozen Lake Ladoga is vividly told. The film comes to a climax with the surrender of the German armies in the great Russian victory at Stalingrad.

In addition to the main feature a short subject, "The Battle of Midway" will be shown.

Admission is free.

The shows are being presented every Tuesday night instead of every other Tuesday.

### CHIC BY THE POCKETFUL

One of the outstanding numbers in the Paris Fall Fashion Show was this Jean Patou evening blouse, featuring the long-torso line.

Of blue satin, the blouse is decorated with four pockets covered with hand-embroidered scroll work, and a line of closely set self-covered buttons down the front.

Darts at the waistline accent the new nipped-in effect, while the long tight sleeves add another slimming note.

### Church Women Will Meet Together For World Community Day

Midland women will join with thousands of church women throughout the United States in the second annual observance of World Community Day, sponsored by the United Council of Church Women to enable all church women to unite in a study of their responsibility for a just and lasting peace.

The local observance will be held in the Trinity Episcopal Church Monday at 3:30 p. m. Following the devotional, the Rev. Hubert Hopper will speak on "The Price of Enduring Peace."

More than 100,000 women in all parts of the United States participated in last year's observance. The United Council of Church Women represents the efforts of church women's organizations, throughout the country, united to do what no one group can accomplish alone.

Representing 10,000,000 Protestant church women, the council is effective only as church women unite in their local communities for study and action.

World Community Day is one of three annual observances sponsored by the council, the others being the World Day of Prayer and May Fellowship observance.

A short business meeting, at which new officers will be elected, will precede the program. All Midland church women are urged to be present.

A nursery for small children will be open from 3:15 p. m. at Yeager's Studio.

### Special Notice

Special delivery mail rates go up Nov 1 from 10 to 13 cents on letters and first-class mail weighing not more than two pounds. The fee on other than first-class matter weighing from two to 10 pounds goes up from 15 cents to 17 cents—so don't get caught with your postage down.

### Complete Addresses Needed On Letters If To Be Delivered

Business men who are preparing to mail out their monthly statements were cautioned Saturday by N. G. Oates, acting postmaster, to be sure to place complete addresses on the envelopes.

"We are having to return more local letters to senders than ever before because of incomplete addresses," Oates revealed.

Many New Employees

Many of the employees in the postoffice are new in Midland and can't be expected to know the addresses of even those who have been in Midland for years, Oates pointed out.

Another problem complicating mail delivery in Midland is that many persons move from one house or apartment to another and neglect to notify the postoffice of their change of address.

### MAKE SURE THAT CHILDREN'S SHOES FIT PERFECTLY

By ALICIA HART  
NEA Staff Writer

One inherent danger in shoe rationing is that of buying, for the sake of long-lastingness, too-heavy footwear for children.

As a rule, children out-grow rather than out-wear shoes, which proves no advantage in putting them into burdensome shoes that can distort their feet and give them troubles that will be carried through life. And as for using out-grown shoes as a hand-me-down for the next child, that should be ruled out in all fairness to the

ALLOY ADVANCES

Wartime progress in the technique of producing alloy steel aircraft forgings has resulted both in the production of improved forgings and in considerable savings in materials. Close co-operation between designers and forgers should facilitate economical production of the necessarily smaller postwar quantities of forged parts.

next-in-line wearer, who is also entitled to properly-fitted footwear.

Shoes suited to the tender muscles of a child's feet, should have flexible uppers and soles, and should be fitted, by a reliable salesman, to the expansive width and length of busy little feet.

### Hallowe'en Near; Nail Things Down

Wise Midlanders will spend Monday nailing down everything movable in preparation for Hallowe'en Tuesday night. Unless youngsters have changed a lot within the last year the appearance of Midland will change quite a bit overnight.

Hallowe'en is a relic of pagan times and was once known as the Eve of All Hallows, or festival of all saints. In North England it is known as nutcracker night.

### Dunagan And Hyde Attend Jaycee Meet

Clint Dunagan, president of the Texas Junior Chamber of Commerce, and U. A. Hyde, state secretary, left Saturday to attend a district meeting of Junior Chambers of Commerce at Mason.

The session will last for two days.

### Congratulations To

Capt. and Mrs. W. P. Sommer on the birth of a daughter, Mary Leslie, born Oct. 23, at the MAAF post hospital.

### Kathryn Hanks Chosen Sophomore Secretary At Abilene Christian

Miss Kathryn Hanks, 1942 graduate of Midland High School, has been elected secretary of the sophomore class at Abilene Christian College.

The daughter of Mr. and Mrs. L. L. Hanks, Kathryn is majoring in speech.

She is a member of the Melpomeneans, the Travel Club and the Ko-Jo-Kai, and is business manager of the Optimist, the school paper.

She was elected recently to membership in the Campus Service Organization, by a vote of the members and the head of the speech department.

### Wallace Roy Awarded Badge For Gallantry

Pfc. Wallace H. Roy, son of Mr. and Mrs. W. R. Roy, 505 S. Weatherford, has been awarded the combat infantryman's badge for gallantry in action in the battle of Hollandia, off the coast of Dutch New Guinea.

Private Roy has been in the Army for a year and a half, and has been serving overseas with the 186th Infantry for eleven months.

### MEN ARE CAUSE OF WOMEN'S INCREASED BUYING SPREES

By RUTH MILLETT

American women are on such a clothes buying spree that it is estimated the \$2,923,000,000 they spent for clothes and accessories in 1943 will be upped by 10 per cent in 1944.

Experts in the trade believe women are putting such a large percentage of their money on their backs because they can't put it into their homes.

That may be one of the reasons, of course. But women have more personal reasons for buying clothes these days than the fact they can't buy electric ice boxes and washing machines.

And when you examine those reasons it is easier to pity women than to hold them in scorn for spending so much money on clothes in war time. Look at a few cases — each of which can be multiplied by thousands.

There is Mrs. Jones whose husband is coming home on leave after 18 months in the Pacific. If you think she has anything hanging in her closet, she thinks will make her look the way she wants to look when she meets her man — you don't know women. Of course, she has to go out and buy new clothes.

And then there is Mrs. Smith whose husband is working in a war plant right along with a lot of young girls who are spending much of what they make on clothes. After she has heard Mrs. Smith talk about what knock-outs some of the girls are, she decides to go down and get some new clothes in an effort to compete with their youth.

Want To Shine

And, of course, there are all the war brides who are buying trousseaux for their brief honeymoons.

And there are all the wives and

### War Fund Continues To Grow Over Quota

Midland County has now gone \$3,538.02 over its United War Chest quota with results of the campaign at the two air fields still to be heard from, Chairman R. L. Miller announced Saturday.

A contribution of \$1,500 from the Humble Oil and Refining Company gave the fund a nice boost.

Contributions to the United War Chest in Midland County now total \$22,865.02. The county's quota was \$19,327, which was obtained in two weeks.

M. E. Chevreul first traced the chemical relationship between glycerine and fats, which are now its prime source.

### Midland Girls Join Training Class At Abilene Christian

Miss Vina Rhue Hall and Miss Mary Alice Tidwell have joined the Girls' Training Class at Abilene Christian College. The purpose of the class is to teach girls to be Christian leaders in the community, and to acquaint them with the problems they will have to meet as such.

Miss Hall is the daughter of Mr. and Mrs. C. R. Hall, and Miss Tidwell is the daughter of the M. A. Tidwells.

### Midland Garden Club To Meet Thursday

The Midland Garden Club will meet at 10 a. m. Thursday at the home of Mrs. N. A. Lancaster, 1705 W. Indiana. Mrs. G. Frank Aldrich will have charge of the program for the day. The group will go to a nearby nursery to study plant selection for landscaping purposes.

### Home For Holidays

Bill and Barbara Conkling arrived home Friday from Texas Christian University for the between-semester holidays. Bill is in the Naval V-12 program at T.C.U., and Barbara is a freshman there. They are the son and daughter of Mr. and Mrs. W. H. Conkling, 2104 W. Missouri.

### To Make Change In Postal Rates

A number of changes in fees for postal services go into effect Wednesday, N. G. Oates, acting postmaster, announced Saturday.

Fees for money orders and insured mail will be reduced, while postage for special delivery mail not exceeding two pounds in weight will be increased. The fees for special delivery will range from 13 to 35 cents, depending upon weight and class of mail.

The new rates for insured mail and money orders are:

Amount of Insurance—(New) (Old)	INSURED MAIL	INSURANCE FEE
From \$ .01 to \$5	.....	\$.03 \$ .10
From \$5.01 to \$25	.....	.10 .20
From \$25.01 to \$50	.....	.15 .30
From \$50.01 to \$200	.....	.25 1.00
MONEY ORDER FEES		
(New) (Old)		
From \$ .01 to \$2.50	.....	\$.06 \$ .10
From \$2.51 to \$5.00	.....	.08 .14
From \$5.01 to \$10	.....	.11 .19
From \$10.01 to \$20	.....	.13 .22
From \$20.01 to \$40	.....	.15 .25
From \$40.01 to \$100	.....	.22 .37

sweethearts visiting their men at camps in this country. They may skimp and save while they live alone, and make their long trips by day coach—but they want to be wearing a good looking outfit when they meet the new friends their men have made.

Women have little or no security today. They only have moments when they are with their men and everything is all right. And for those moments they want the eyes of their men. So they buy clothes.

# THE BULLDOG

TEXAS HIGH SCHOOL  
 PRESS ASSOCIATION  
 FOUNDED 1923

Written By The Journalism Class Of Midland High School

## Shelton, Greene, Harris, McClure And Steinberger Chosen Members Of National Honor Society Here

Helen Shelton, Jean Steinberger, Betty Jo Greene, Wanda Harris, and Marcella McClure are the new members elected to the National Honor Society from the one hundred twelve members of the senior class this fall.

They will be initiated Thursday November 2, by the members held over from last year.

"Many people do not understand that only fifteen percent of the senior class may be members of this society and nominees must have an average of eighty-five in all subjects before they are even considered," said Miss Theresa Klapproth, club sponsor.

Qualifications are based on scholarship, leadership, service, and character, the four basic goals of the club. Grades from the last two

complete semesters determine those eligible in scholarship and the faculty grades on the other requirements.

"The new members will probably want to order club pens or rings as soon as possible," Miss Klapproth said.

"Members must keep up their grades as long as they are in high school and at graduation they may be made permanent members," Miss Klapproth added.

Charles Barron, Beth Shirey, Tommie Jean Newsome, Eileen Eiland, and Rex Gerald are the members who were held over from the initiation last spring.

Next spring five percent of the senior class and five percent of the junior class will be taken into the society.

### Teachers Lounge Being Redecorated

Miss Helen Stewart's clothing classes have begun redecorating the teachers' lounge. They are renovating old furnishings and adding many new attractions to contribute to its beauty. Material of reddish brown with beige cording has been spread over the bed. A new bed spread of beige with reddish brown cording will cover the bed. A table lamp, medicine cabinet, large mirror, card table, and a brown leather foot stool are new adornments.

Old equipment consists of a floor lamp which is being repaired and a new shade will be added. Tables are being refinished. An old chair is being upholstered to carry out the color scheme, and the bed and coach springs are being repaired. The same rug will be used.

All girls in either of the home-making classes who have off periods will help Miss Stewart with this undertaking.

### Diagnostic Test Given To Seniors

The Cross diagnostic English test was recently given in Senior grammar class.

The highest grade was made by Eileen Eiland. Ann Bingham was the only other member of the class making A.

Students who made B's are Sally Hull, Juanita Garvin and Bill Price. The average of the class came up to that of an average 12th grade class by a standardized scoring chart.

### War Film Shown In Assembly Tuesday

"That show made me feel so proud of the British people," remarked one of the freshmen.

"The Battle for Britain," number four in the seven shows of "Why We Fight," was shown in assembly Tuesday by Mr. Harlin Howell.

The film revealed how the Germans tried to crush the British spirit by bombing them to destruction.

## "A Credit To Our School And Country"

In this issue of the "Bulldog" are the names of five seniors who have been chosen from a group of 112 students as the most worthy of membership in the National Honor Society. To the students who have achieved recognition in scholarship, leadership, service, and character, we extend our congratulations.

Now more than ever before we need these qualities to bring our country through this great crisis. Scholarship will enable us to have common sense and greater understanding of all things. Leadership we need more than ever before. Good leaders are a tribute to great governments. Service to the people and our country will enable us to form the "more perfect union." Everyone contributing his or her part will make us a more prosperous nation. Good character is one virtue to which we should all aspire. We should stand out from others, act as individuals, and build up dependable reputations for ourselves.

These are the qualities which go to make us good citizens of our country.

### Who's Who - Wilbur

Wilbur Yeager, who was recently elected most representative boy, has the distinction of being Who's Who this week. Wilbur increased the population of Midland by one on January 15, 1949.

Wilbur's favorite food is lemon pie, to which cabbage in its deep

contrast. His favorite color is maroon. He is known to many of his friends as "Wilburger."

This year Wilbur is taking mechanical drawing, plane geometry, American history, Spanish II, and chemistry, with mechanical drawing as his favorite. When he graduates from high school, Wilbur plans to attend the University of Texas. He will major in engineering.

Wilbur was president of the freshman class of 1942 and 1943, sergeant-at-arms of the sophomore class of 1943 and 1944. This year he is vice president of the junior class, and he plays quarterback on the football team. So you see that Wilbur well deserves the title of most representative boy.

### MORE BULLDOG ON PAGE EIGHT

### F.F.A. And F.H.T. Have Hallowe'en Party

The FFA members and the Home-Making Girls celebrated Hallowe'en early with a party Saturday night in the high school gymnasium at 8:30.

An exhibition of the acts of Bluebeard were portrayed. Ernest Locklar was Bluebeard; and the seven wives were La Verne Barrington, Peggy Lands, Maydell Midkiff, Sylvia Hollman, Barbara Cowden, Sue Lundie, and Lois Dee Eiland. Bingo, Chinese checkers, ping pong, and ring games were played.

The entertainment committee consisted of Waylon Livingston, Rosa Lee Hart and Lavona Brooks. The crowd of boys and girls had their choice of apples, popcorn balls, doughnuts and ice cream for refreshments.

A strange mysterious "ole witch" served hot-spiced punch. Lavona Locklar was the witch.

Refreshments were in charge of Wanda Harris, Glen Drake and Maydell Midkiff.

### Echoing Halls

Monday: Students were still accidentally on purpose forgetting to have their points sign their report cards, and many solemn resolutions were made to improve falling averages. Rehearsals for the assembly play began.

Tuesday: Assembly was complete with the 14th chapter of the horror series. Play practice was going true to life as the two love birds in the play were putting lots of realistic vim and vigor into the love scene.

Wednesday: The A Capella Choir entered their fourth periods a little late after their strenuous performance at the Rotary Club. The students of the chemistry classes are discovering for themselves what mixtures are highly explosive by the trial and error method.

Thursday: One of the outstanding answers on the American history weekly test was "Baron von Stueben was the British governor who helped the Americans by having fits." We are wondering if it was the cross-up of the announcements that such a few students attended the pep rally, or is it just disinterest?

Friday: Our football team vacated their Echoing Halls and left many a lonely heart. Navy Day today. Said one girl, "I love the Navy, every one of them." Classes were only 45 minutes long and school was dismissed at 2:30 enabling those fortunate students to go to Abilene early. Spiritualistic students are slowly losing their minds over ouija board predictions and knocking tables. At 1:00 the Levi parade astounded the whole school with their striking individuality.

### Bond-Stamp Statistics

The defense bonds and stamps percentage for Midland High School for the month of October is 92.4 per cent, which antedates Midland to fly the Minute-Man Flag during November.

The sales according to room number, advisory teachers and percentage are:

109, Miss Moore, 85 per cent; 204, Miss Jackson, 97; 107, Mrs. Magee, 92; 102, Mrs. Philippus, 100; 202, Miss Blake, 85; 209, Miss Klapproth, 97; 101, Miss Latimer, 93; Miss Flesher, 100; 305, Miss Butler, 62; 309, Miss Farnham, 70; 310, Miss Weaver, 100; 306, Miss Stuart, 100; 207, Mrs. Hine, 100; 304, Miss Carden, 100; 205, Miss Miley, 100; 301, Miss Stewart, 93.

**Happy Birthday**

October 29:  
 D. H. Livingston,  
 Barry Boone.

October 30:  
 Alma Faye Cowden,  
 Alice Ruth Story.

October 31:  
 Dorothy Butler,  
 Jack Scannell,  
 Pat Britton.

November 1:  
 Felix Sommers,  
 Weldon Free.

November 2:  
 Helen Shelton,  
 Florence Larsh,  
 Betty Joyce Gerald,  
 Bobby Joe Richters.

November 4:  
 Bill Price.

## Seven Pupils Hold Panel Discussion In P.T.A. Meeting

"Education is useful," agreed the seven convinced students on the panel discussion in P.T.A. meeting Tuesday at 4 o'clock, under the supervision of Miss Helene Miley. The topic chosen for the discussion was "Education for Usefulness."

The students selected to participate in the program were: Helen Crab, Van Cummings, Bill Hamilton, Doris Dinton, Sally Hull, Hazelle Midkiff, and Irvin Lee Reecer.

The first problem discussed was, "How we have helped our community during the present world crisis." The first question under this topic was: "What programs have we, of Midland High School, assisted in since Pearl Harbor?" The numerous answers included: Red Cross, Scrap drives, paper drives, War Fund, War Bonds and stamps, White Christmas, etc. The second question was: "How have these programs been facilitated through your organization at school?" The third question was: "How have the students aided in the production of foods recently?" The fourth question was: "How have the students helped in programs of entertainment?" The fifth question was: "Have the students assisted the P. T. A. in any way?" The sixth question was: "How have the students helped to relieve the labor shortage?"

The second main problem that was discussed was the problem of many students dropping out of school to hold high paying jobs. Under this topic, ways were pointed out which will make students more useful in later life, if the students remain in school. The first question under this second topic was: "What school subjects will help to make you more useful in the future?" The second question was: "How have school activities caused students to be dependable?" The third question was: "How has leadership been developed through school activities?" The fourth question was: "Has an effort been made to emphasize the value of honesty?" The fifth question was: "Is punctuality encouraged? and Why is this important?" The sixth question was: "In order to be useful, must you be willing to cooperate with others?" The seventh question was: "What are some illustrations taken from your own school life which show that you are learning the value of cooperation?"

At the end of the outlined discussion, the panel was open for questions from the floor.

## Calendar Of Coming Events

Tuesday—War movie, "Battle of Russia," in assembly at 11:00 (fourth period omitted).

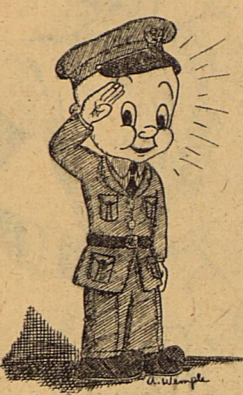

Wednesday—Clubs meet at 3:30.

Thursday—Pep rally at courthouse, 7:30 p.m.

Friday—Midland vs. San Angelo at Lackey Field, 8:30 p. m.

Advertise or be forgotten.

## News Of Exes In Service

Gene Estes, a graduate of '42, is home on a ten-day leave. He is stationed in Georgetown where he is attending a naval training school.

S/Sgt. Levi Collins, better known as "Leche," is now a prisoner of war somewhere in Germany. His plane was shot down after he participated in six major battles in which he shot down two German planes. "Leche" attended Midland High School in '36.

Cpl. Dub Lynch, who graduated in '38, has been transferred from England to France.

Charles Kelly, who graduated with the class of '43, was home Saturday from Big Spring where he is stationed.

Buddy Davidson, a graduate of '43, is now stationed at Camp Wolters in Mineral Wells.

Pfc Billy Graybeal, who attended Midland High School in '42, is now stationed in Honolulu in the Navy.

John Sindorf has been transferred to an advanced boot camp at San Diego, Calif. He is a graduate of '43.

Copper Daugherty, a graduate of '44, left for the Navy Tuesday night where he will take elementary boot training.

L. C. Netherlin, a graduate of '44, is now stationed at Fort Benning, Ga.

Tommie McMullan has been transferred to the South Pacific after spending a 15-day furlough with his wife in Midland.

### Spanish Students Make Stage Plans

In the first year Spanish class the students have one day a week of their own, Miss Minnie Jackson, versation in Spanish. Not a word teacher this year, stated. Every Friday the students carry on a conversation in English and the students talk about any subject they desire.

The classes are planning to stage a Spanish play later in the year. Miss Jackson has taught Spanish ever since she graduated from college. She has studied Spanish, French and Latin. She says next summer she is to go to Mexico and live with a Spanish family speaking only Spanish. Miss Pool, a teacher in Odessa, may accompany her.

## State Football Champions Of 1943 Will Play Midland Bulldogs Friday

Nov. 3 is the date that the Bulldogs will play their second home conference game. This will be played on Lackey Field, when the Bulldogs clash with the strong San Angelo Bobcats, the State champs.

Last year the Bobcats played the entire season without a defeat or tie, and in the State play-off scored 26-13 against Lufkin to win the State championship. So far this year, they have only met one defeat. The Bobcats lost to the Lubbock Westerners, 7-6.

**Experienced Players**  
 The first string of the Bobcats are lettermen, four of whom have lettered four years. Sam Callen, who played tackle on last year's State team, has been shifted to center. Sam has played four years for the Bobcat team. Vernon Horn, who plays end for the Bobcats, is a four year letterman, too. Last year he made all-district.

George Graham is the boy whom everyone is really watching this year. He is a hard running back, who stands 5'11" and weighs 170 lbs. Graham was co-captain of the Bobcats last year.

**From Midlander**  
 Bill Wells, a former Midland basketball star, is now playing end for the Bobcats. Bill has always been a good ball player. He has a better than average yardage on his punt this year. Last year Bill was second string end and too, he played guard on the Bobcat basketball team.

Dennis Doyle, who has played for the Bobcats for the past three years, now weighs around 208 pounds. Last year he made all-district, and made honorable mention on the all-state lineup.

George Hughes, who has played five years on the Bobcat team, now tips the scales at 190 pounds. Hughes, too, made all-district. Recently he went to Dallas for his Navy V-6 exam, but will not enter service until after the season is over.

The Bobcats will miss the assistance of halfback Kenneth Corley, who will be out the rest of the year with a bad knee. He is an all-district halfback who made most of the scores in the '43 state play-off. He has also played basketball. San Angelo runs off the same formation that the Bulldogs run and this should be something for spectators to watch. The Bobcats outweigh the Bulldogs quite a lot. The line averages about 180, and the back field about 165.

**Jewell Wallace Coach**  
 The Bobcats are coached by Jewell Wallace, who has been in San Angelo for about two and a half years, but in this time he has made an outstanding record.

He coached his Bobcats to winning the state in football. In basketball the Bobcats were defeated by the Bulldogs in the district play-off last year.

Coach Jewell Wallace is quoted as saying if he ever had another state team he would quit coaching. That

### You Got To Be A Football Hero

"I made a touchdown," echoed voices from the typing room.

The typing classes held a speed test Wednesday, Thursday and Friday. The lucky ones making 20 words a minute went a touchdown; 30 words, a touchdown and an extra point; 40 words, two touchdowns; and 50 words, rated two touchdowns and two extra points. The room was divided equally

### MORE BULLDOG ON PAGE EIGHT

and under the direction of "Coach" Mrs. Hine the royal battle began.

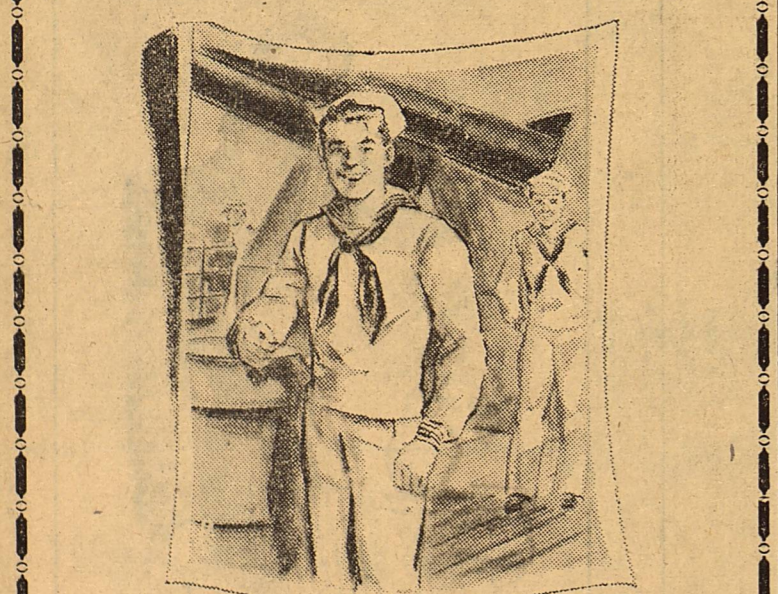

In the fifth period class Notre Dame won over Navy 142 to 129 with Mary Bizzell scoring six touchdowns for old Notre Dame and Bob Statton scoring three for Navy. In the sixth period class Yale won over Harvard 244 to 221 with Shar on Cornelius scoring eight touchdowns for Yale and Billy Jean Jones scoring four for Harvard.

One of the students remarked, "I want to be a football hero, too."

### Midland County Voters Display Much Interest In Presidential Race

By JOHN H. FLEMISTER

Citizens of Midland definitely are interested in the general election Tuesday, Nov. 7, when the electorate will decide whether or not a majority wants Franklin D. Roosevelt for another four years, or wishes to install another governor of New York as chief executive.

Absentee voting, generally regarded as an accurate barometer of interest in an election, is the heaviest for any general election in the history of Midland County.

At noon Saturday, 135 absentee ballots had been sent out by the county clerk's office, 13 of which went to service men and women. Of this number, 53 have been returned, six from service men. In addition to the heavy voting of the regular ballot, 41 federal ballots from service men and women serving overseas have been received.

There are 2,676 qualified voters in the county, 2,119 of whom cast ballots in the first Democratic primary. In the 1940 presidential election Roosevelt received 1,921 votes and Willie received 646.

**Ballot Is Large**

The voters are going to have to wrestle with a large ballot when they vote. It measures 18 by 20 inches with eight columns, two of

which are for writing in the names of independent candidates. Those who want to vote for Roosevelt will leave the extreme left column unscratched. Side by side with the Democratic column is the Republican column, then comes the new party, the Texas Regulars.

The Texas Regulars, or anti-Roosevelt Democrats, have waged an active campaign in Midland, in fact more active than any other group. It is their claim voting for the Texas Regular presidential electors gives Democrats an opportunity to help defeat Roosevelt without voting the Republican ticket.

**Lots Of Scratching**

The Socialist, Prohibition and America First parties have slates of presidential electors on the ballot, which means the voters are going to have a lot of scratching to do, regardless of for whom they vote.

In addition to voting for president, the voters in Texas will decide whether or not they want to add three more amendments to the already heavily amended Texas Constitution.

One amendment provides cities and towns of the state shall have the power and authority to provide a system of pensions for municipal employees.

Another amendment gives the legislature authority to provide for a system of pensions for municipal employees of cities and towns in Texas.

The third amendment would give counties authority to change the allocation of taxes received by counties into various county funds.

Just one safe prediction can be made concerning the general election—the voter is going to feel like he has done a day's work when he gets through marking the huge ballot.

## THE BULLDOG

### Personals

D. H. Livingston was sworn into the Navy last Wednesday in Dallas and has withdrawn from school.

Mrs. R. O. Smith, the former Miss Jeanne Logan, is now visiting in Midland.

Betty Hines is spending the weekend in Lubbock.

Evelyn Caffey, Beth Shirley and Tommie Jean Newsome are spending the weekend in Abilene and Anson.

Peggy Bissell, Ann Vanaman, Dorothy Watson, Janice Pope, Gene Funkhouser, Orilla Osburn and Mary Fern Bray are home from the University of Texas for a few days.

Tommie Darnell is spending the weekend in New Mexico.

Betty Ruth Pickering and Dorothy Sue Wright attended the Odessa vs. San Angelo game Friday night.

Miss Margaret Stuart and Miss Theresa Klapproth attended a district Delta Kappa Gamma meeting in Big Spring Saturday.

The following attended the Abilene game: John Larsh, Bill Holcomb, Garrett Sindorf, Gene Dupuy, Franklin Ward, Leroy Hall, Billy Dillon, Joe Snow, George Woody, Paul Morrison, Bill Price, Richard Berry, Charles Barron, Shirley Lones, Marilyn Miller, Jean Ann McLaughlin, Ann Tucker, Pat Ruckman, Mary Ann Goddard, Barbara Cowden, Alma Faye Cowden and Dorothy Faye Holt.

Rosemary Johnson has been absent from school with an appendectomy.

Nelda Ruth Norton spent the last few days in Quanah, Texas.

Mrs. Elsie Magee is spending the weekend in Lubbock.

Miss Thelma Butler left Wednesday for her home near Bowie for an operation.

Mrs. Payton W. Anderson has been substituting for Miss Butler.

Barbara Conkling, TCU freshman, is home for the weekend.

### Returns Coming In To Postwar Planners From Men Overseas

Returns are beginning to come in from overseas to the Midland County Agricultural Postwar Planning Committee from the letters the committee sent to those from Midland County farms and ranches offering their assistance in realizing their postwar ambitions.

The latest letter received by the committee was from T/4 Alton L. Ledbetter, who is serving in the Pacific theater.

He said in his letter: "I received your letter pertaining to returning veterans, in which I am of course interested. "It's nice to know some plans are being made for veterans. There is not much we, ourselves, can do out here, especially when Jap bullets are whistling overhead, but even so I look forward to the day when it is over, and it is my desire to own a farm home.

Likes Farming

"I have spent a large portion of my life on the farm, and like it. My wife and I agree on this. I would like to go on a farm as soon as possible after returning.

"Naturally things have changed at home after my three years in the Army. I know little of the prices of land, cattle and equipment at present. Things of that sort seem rather remote from out here. One can't very well hail a newsboy and read the market column.

"The GI bill of rights is going to help some. I am trying to save all possible for the day of returning, because it seems there is going to be many persons seeking employment, so it seems plans now are not out of place."

### Fliers Known Here Active In Europe

Many former citizens of Midland and this section are now active with the Eighth Air Force in Europe and England.

Sgt. Haskell V. Jobe, whose wife lives in Midland, is with a unit which received recognition for the number of its War Bond purchases.

Sgt. Woodrow W. Beatty, a former employee of the Union Oil Company at Midland, is a propeller specialist at a strategic air depot. His wife, the former Mary Jane Dunagan, lives in Midland.

Lt. Joseph N. Goodman, husband of Mrs. Marilyn Goodman of Midland, is serving with a unit which won recognition for War Bond purchases.

Flight Officer Otto D. Jenkins, son of Mr. and Mrs. Otto C. Jenkins of Kermit, shot down two German fighters in one afternoon.

### Robert Roripaugh Heads Science Club

Robert Roripaugh, a sophomore of Midland High School, was elected president of the Science Club, which met in Miss Margaret Stuar's room at 4:00 Thursday afternoon. Other officers elected were: Shirley Culbertson, vice president, and Beth Osburn, secretary and treasurer.

The vice president presided at the meeting and explained the constitution of the club to the attending members. After a short discussion on the purpose of the club, the meeting was adjourned.

**Election Held**

A meeting was held Wednesday at which Charles Barron was elected president, but due to conflicting activities he was unable to accept the position. A called meeting was held Thursday and officers were re-elected.

The club voted to make students who would like to join, but have temporary conflicting activities, associate members.

Acting members of the clubs are Robert Roripaugh, Shirley Culbertson, Beth Osburn, Kelly Joe Proctor, Billy Wolfe, Buddy Norton, Bill Hamilton, Charles Spivey, Dorothy Butler, Patsy Charlton, Marjorie Barron and Joan Steinberger. Associate members are Charles Barron, Rex Gerald and Bob Conkling.

### History Class Plans 'Win The Peace' Club

Miss Josephine Weaver, teacher of American history and civics, stated that the American history class is planning to organize a "Win the Peace" club. Any history student may enter the club. This organization is to be found throughout the country in high schools of every kind. This club stresses the reading of current events from certain magazines and papers, either in class or in club meetings discussing the events and taking notes on them.

Miss Weaver says the American history classes are reading books on historical fiction and historical biographies.

The Midland County Court has given the civics class permission to attend a trial. The students will take notes on the trial and discuss the facts in class. Miss Weaver says the time of attending will depend upon the type of case being tried.

### Girls P. E. Classes Begin Volley Ball

The girls' physical education classes are now playing volleyball. The classes have been divided into teams with captains for each. The captains for the following periods are: First period—Rose Hart, Alice Storck, Wilma Smith, and Catherine Chisholm; second period—Betty Chanslor, Virginia Brooks, and Joan Williams; the third period captains are Joyce Beasley, LaVena Brooks, and Doris Adams. The sixth period chose Barbara Cowden, Betty Jo Greene, Tommie Darnell, and Lawana Lockler.

Due to insufficient numbers of students, the fourth period has no permanent teams.

At 12:30 noon, every day excepting Tuesdays, all girls interested in forming regular teams are asked to see Miss Emma John Blake in the gym. Plans are being made for tournaments.

### 'Wrecks' Establish Gaiety At M. H. S.

"Aren't they cute!" "Those colors are simply precious!" "I hear they are all pretty temperamental, though."

These remarks came from three senior girls as they stood and gazed at the line of jalopies parked in front of the high school.

Midland boys have some all out for these brilliantly colored "wrecks". The owners can be found almost daily working on the motors.

Among the models most often seen is one bright red one owned by Bill Holcomb, a red and grey one of Bobby Drakes, a sleek convertible painted a screaming blue and yellow owned by Shaw and

### Evangelist To Appear At Schools And Clubs

A full program has been arranged for the week for Leonard Eilers, famous cowboy evangelist who starts a revival meeting Sunday in the First Baptist Church.

He will appear at the schools during the week and will meet with civic clubs of the city.

Eilers arrived in Midland Friday from Los Angeles, Calif., where he conducted a revival.

Advertise or be forgotten.

### Make This Barcel Recipe To Lose Ungainly Fat

If you are overweight, perhaps due to over-indulgence in food and not due to any glandular disturbance, why not try this inexpensive home recipe to help bring back alluring curves and graceful slenderness.

Here is a recipe that can be used inexpensively at home. Just get from your drugist 4 oz. of liquid BARCEL CONCENTRATE. Add enough grapefruit juice to make a pint. Then just take 2 tablespoonsful twice a day. Wonderful results may be obtained quickly.

Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take and pleasant. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

Midland Drug and all other druggists.
