

Americans Fighting On Cologne Plain

Battle Of Manila Over As Iwo Island Fighting Toughens

The bloody three-weeks' battle for war-scarred Manila has ended in complete American victory, Gen. Douglas MacArthur reported late Saturday.

The electrifying rescue of 2,146 civilians, most of them Americans, from the Los Banos internment camp 45 miles from Manila.

Another heavy B-29 raid on Singapore. Yank doughboys, fighting from house to house in Manila's ancient walled city, completed destruction of the enemy garrison there and released 3,000 civilians, most Filipinos.

On Corregidor the Yanks have counted 2,309 Japanese dead, while several thousand others have been destroyed in the blasting and closing of the many tunnels honeycombing the island.

American troops were gaining on other Philippine fronts. In the Cabarrubangan mountains they captured Pantanabangan, center of two head-hunting tribes.

More than 150 American Superforts from India bases again blasted the Japanese-held Singapore naval base, scoring "good bombing results."

Toughest In History The two battle was shaping up as one of the toughest in Marine Corps history. The Leathernecks launched an all-out smash against vicious opposition but were able to make only slight gains on the immediate approaches to the island's central airfield.

The Marines, led by tanks, hit after terrific naval, aerial and artillery bombardment. But Fleet Admiral Chester W. Nimitz reported that by noon Saturday, Iwo time, the battle lines showed no marked changes. He added the Marines were "gaining ground slowly."

On Iwo's volcanic Mount Suribachi (Continued on Page 2)

Older Men Must Be Necessary To Essential Work WASHINGTON (AP)—Selective Service Saturday night ordered increased drafting of men 30 through 33 years old, by permitting their deferment only if they are "necessary to an essential industry."

Weather FOR MIDLAND AND VICINITY Forecast for Sunday, low clouds in the morning and clearing Sunday afternoon.

Mighty Yank Carrier Fleet Blasts Tokyo

U. S. PACIFIC HEADQUARTERS, GUAM—(AP)—Vice Adm. Marc A. Mitscher's world's largest carrier task force is again off Japan, sending waves of planes against Tokyo.

Adm. Chester W. Nimitz announced in a special communique Mitscher is hurling the same type of 1,500 plane attack which Feb. 16 and 17 destroyed or damaged 659 enemy planes and 36 ships, including an escort carrier and three other warships.

The enemy radio said it began at 7 a. m. Sunday and fierce sky battles are in progress over Tokyo's 8,000,000 people.

The purpose of the new attack most likely is to keep cut up and pinned down any enemy home air fleet which could be sent 750 miles south to support the Japanese garrison being pushed back into the north half of Iwo.

Nimitz said the carrier aircraft are attacking military, naval and air installations "in and around Tokyo."

The enemy radio said the attacks ranged from Tokyo to its port city of Yokohama.

Long Range Control Plans Presented To Inter-American Group

By FLORA LEWIS MEXICO CITY—(AP)—The United States presented long-range plans to the Inter-American Conference Saturday to keep tight controls on subversive activities throughout the hemisphere.

The plan fitted closely with the Washington attitude towards Argentina. It was learned on best authority that the main condition for U. S. recognition of Argentina is far-reaching action by Buenos Aires to block any activities which would threaten the hemisphere's peace.

More gestures, such as a declaration of war, would fail to satisfy this demand, it was understood.

Cuban Resolution A Cuban resolution for "all the nations of America to declare war on Nazi Germany and on Japanese militarism" stimulated terrace chatter, however, on the possibility of Argentina's entrance into the war.

How Allies Have Blasted Germany

Map above shows tonnage of bombs dropped on Germany by the U. S. Army Air Forces in the past 71 months. Berlin, which the War Department declares "the most heavily bombed target in Europe," got 15,116 tons from the Yanks, 10,000 more from the RAF.

SOVIET FIGHTING CENTERS IN BRESLAU AS OTHER RED ARMY TROOPS ADVANCE ON DANZIG

By RICHARD KASISCHKE LONDON—(AP)—Russian siege troops hurled the Germans out of 15 more city blocks of Breslau Saturday, driving to within four miles of the heart of the city, while other Soviet forces pushed to within 33 miles south of Danzig.

Red Army troops also were reported to have smashed in growing force across the Neisse River guarding Berlin's southeastern approaches, but Moscow did not confirm this development.

In one of the briefest communiqués issued since the Russians opened their winter offensive Jan. 12, Moscow announced slight gains in German Pomerania near the Polish frontier and the capture of nine more localities in the shrinking Nazi pocket southwest of Koenigsberg, besieged East Prussian capital.

Intensity Mounts The assault on Breslau, Germany's eighth largest city of 630,000 population, mounted in intensity and an enemy broadcast said that in a wild melee in the streets one Soviet force had penetrated to the neighborhood of the German barracks deep inside the city before being thrown back to "the outer town ring."

A Nazi garrison believed to number 100,000 men fought savagely to hold Breslau and delay the Russian advances on Berlin and Dresden.

Marshal K. K. Rokossovsky's Second White Russian Army attacking on a 70-mile front gained up to seven miles from their previous positions, capturing 10 localities in the Polish "corridor" and in Pomerania on the west.

At the by-passed and encircled Vistula River town of Grudziadz, 23 miles south of Gdansk, the Russians were reported by Berlin to have forced the remnants of the German garrison into the "southern fringe" of the town. Thus Grudziadz appeared to be on the verge of falling.

Egypt's Prime Minister Shot Reading Decree

CAIRO—(AP)—Prime Minister Ahmed Maher of Egypt was shot and killed in the Chamber of Deputies Saturday night shortly after he had read a royal decree declaring war on the Axis.

The prime minister had just completed his reading of the decree by King Farouk and was leaving the chamber when three shots were fired at him from close range.

Witnesses said the assailant was a 22-year-old member of the extremist party and some identified him as a young lawyer. His name was not announced, although he was arrested immediately.

All three bullets struck Ahmed Maher in his stomach and he died half an hour later.

Egypt and other nations of the Middle East had been expected to enter the war against Germany and Japan since Turkey's declaration Friday.

OPA Ups Ration Cost On Lards, Oils, And Margarine As Of Sunday WASHINGTON (AP)—The OPA Saturday night ordered a boost in the ration point values on lard, shortening, salad and cooking oils and margarine, effective at 12:01 a. m. Sunday.

Older Men Must Be Necessary To Essential Work

WASHINGTON (AP)—Selective Service Saturday night ordered increased drafting of men 30 through 33 years old, by permitting their deferment only if they are "necessary to an essential industry."

Heretofore men of that age only had to be "engaged in" such an industry.

The new instructions to draft boards mean that a larger number of the approximately 1,500,000 men in that age bracket holding occupational deferments will enter military service this year, a Selective Service spokesman said.

Unable To Estimate How many of the 30-33's will be needed to fill the Army's mounting manpower demand, the spokesman called attention to testimony of Maj. Gen. Lewis B. Hershey, director, last week that men over 30 would make up 30 per cent of the entire draft call by the end of this year.

If all other factors are equal, a father should be given greater consideration for occupational deferment than a non-father in this age group," Hershey's memorandum to draft boards directed.

The local boards were instructed that the 30-33 registrants, to be eligible for deferment, must be "necessary to and regularly engaged in an activity in war production or in support of the national health, safety or interest."

Four Mile Advance Made With No Nazi Resistance Found

PARIS—(AP)—General Eisenhower's two-army offensive, bent on destroying the German army west of the Rhine, rolled more than four miles across the Cologne Plain toward the shattered Roer River line Saturday without a sign that the enemy was ready to make a new stand.

On the second day of the big push—by German account "the greatest offensive Eisenhower has ever staged"—at least 30 towns and hamlets had been overrun, half of the Roer River bastion of Duren had been captured, and vanguards were 12 miles from the western Ruhr basin and 19 from Cologne.

Eisenhower confidently told a press conference: "Our attack is progressing as favorably as can be expected. It expects to destroy every German west of the Rhine and in the area in which we are attacking."

The assault thundered on along a 22-mile front, massed artillery was smashing village after German village, battle planes bombed and machine-gunned columns of Germans trying to reach the front, and rail traffic was paralyzed by the preliminary bombings.

Lt. Gen. William H. Simpson's U. S. Ninth Army on the north flank was gaining momentum after spear-throwing through the village of Baal, 12 miles southwest of Muenchen Gladbach, and industrial city of 200,000 at the western edge of the Ruhr.

These forces seized high ground beyond Baal, were astride the railway to Muenchen Gladbach, and were 25 miles from the big Ruhr center of Dueseldorf. A high ranking staff officer declared: "We're looking down their throats."

Another column three miles to the southeast was nearing Hottorf after driving four and a half miles beyond the Roer, and was about the same distance from Dueseldorf.

Both the Ninth and Lt. Gen. Courtney H. Hodges First Army swarmed up on high ground dominating the Cologne Plain after taking 1,400 prisoners in the first 24 hours of the offensive. Hundreds more were streaming back into the prison cages Saturday.

In the center, American forces captured Niederzier, 39 miles west of Cologne, and nearby Hambach. (Continued on Page 6)

Bataan Heroes Return Home From Jap Prison HAMILTON FIELD, CALIF.—(AP)—Heroes of Corregidor and Bataan came home Saturday.

There were 68 of them, arriving on two transport ships and one hospital plane—67 Army nurses and specialists and one Red Cross worker.

Back home! Away from the body and soul hunger of a prison camp. "Back home! Oh, it's so good! It's so good! You just can't know!" Such was the refrain repeated again and again by the women who nursed the wounded and the dying in the bitter, desperate days of America's defeat and who then suffered through nearly three years of Japanese captivity.

Brought Over By ATC The three Air Transport Command planes which brought them overnight from Hawaii in the last stretch of the long air journey from the Philippines, arrived here at 1:45 p. m. Saturday.

Geraldine Townsend Fitch Relations Committee and House Foreign Affairs Committee concerning the Far East.

War Bulletins

U. S. PACIFIC FLEET HEADQUARTERS, GUAM—(AP)—Three Marine divisions, driving straight into the face of the most modern weapons Japan has yet employed in the Pacific and over a maze of long-built defenses, captured half of the enemy's last airfield on Iwo Saturday afternoon.

PARIS—(AP)—The American First and Ninth Armies plunged nearly five miles across the Cologne Plain beyond the shattered Roer River defense line Saturday.

LONDON—(AP)—Great fleets of Allied planes kept the war's most devastating air offensive roaring through the twelfth straight day Saturday with heavy blows on German submarine yards and oil refineries. The Nazi warnings late Saturday night indicated Mosquito bombers were attacking Berlin again.

Now Comes The Fireworks

Therefore will I also deal in fury: mine eye shall
not spare, neither will I have pity: and though they
cry in mine ears with a loud voice, yet will I not hear
them.—Ezekiel 8:18.

Scientific Preparedness

Modern war being the technological horror that it is,
any program of peacetime military training needs to be
matched by one of scientific preparedness. A realistic step
toward the latter has been taken with the formation of the
Research Board for National Security.

This board, composed of 20 civilian scientists and 20
from the Army and Navy, will succeed the wartime Office
of Scientific Research and Development, and will function
until Congress sets up an independent and presumably
permanent research agency which has already been recom-
mended.

Some, of course, will argue against any such board.
The arguments probably will parallel those against peace-
time military training: Continuing military activities will
make us a militaristic nation and lead us into war; military
training has never kept Europe at peace.

And the argument may also be heard that America's
famous "know-how" and great industrial development will
enable us to keep pace with the scientific parade, or at
least catch up to it in plenty of time in an emergency.

Familiar answers will serve for the first two arguments.
Modern, adequate defense measures are no more an invita-
tion to war than modern, adequate police protection is an
invitation to crime. Such measures naturally do not in-
clude huge armament production, but simply development
of effective offensive and defensive instruments, and life-
eninging rudiments of military training, including some
familiarity with these instruments.

Military training has not kept Europe at peace. But the
lack of it has not kept us out of Europe's two latest and
greatest wars.

Scientific unpreparedness, not lack of trained man-
power brought about France's defeat and very nearly
spelled England's ruin. And, for all our "know-how,"
scientific unpreparedness has hampered and continues to
hamper our war with Germany, according to competent
spokesmen.

Some considerably misleading information on Ameri-
can equipment seems to have come from enthusiastic pub-
licity men in war plants or the services. We have some
unrivaled instruments and weapons. But reports from the
European fronts have lately cast doubt on claims that
everything American is "the best in the world."

These reports cover such things as artillery, tanks and
winter boots. They mention flying bombs and jet-propel-
led fighters. Our belated construction of these aerial
weapons apparently imitates the German models now in
action. And at last report our entries were still in the
test stage.

Thus we seem to be lagging already in producing the
type of weapon which future wars might bring. One good
way of forestalling these future wars is scientific research
to prevent any country's getting the tremendous technical
head start that Germany enjoyed in this conflict.

Secret Weapons

Even the civilian thousands of miles from this war's
battlefronts has reacted nervously to the train of scientific
destruction that man's diabolical ingenuity has devised.
Such hellish contrivances as the German V-1 and V-2
have left him wondering what was coming next.

His apprehension may have been somewhat relieved if
he read two recent dispatches from the American Seventh
Army front. The first one had to do with the battle for a
town called Neuf-Brisach.

It seemed that a chap named Vauban had developed a
secret, unexpected defense for the Germans there. He
didn't develop it especially for the Wehrmacht, however,
because he had built it in 1699. And the idea was old stuff
then. It consisted principally of a wall and a moat with
drawbridges.

But it worked. One gathered from the story that it was
bothering the mechanized Americans about as much as the
same sort of defense had bothered the archers and armored
knights of old—and a lot more than the famous
dragon's teeth of the Siegfried Line had bothered their
comrades-in-arms to the north.

The other story was of a new secret weapon devised
by an American lieutenant. It was a slingshot made of two
inner tubes and a piece of canvas, and it served beauti-
fully to throw grenades into the German lines. David,
of course, could have told the lieutenant that it's a serv-
iceable weapon, even without the grenades.

Reading this the nervous civilian might have concluded
that if the war is getting back to moats and catapults it is,
while no less terrible, at least on familiar ground.

—Buy War Bonds and Savings Stamps—

Mystery Solved

Now we can forget the streamliner that was held for
67 minutes in Chicago for Col. and Mrs. James Roosevelt.
The mystery has been solved—and except for the mystery,
the incident would have been only a one-story affair in
the first place.

Colonel Roosevelt told reporters he didn't send a tele-
gram asking that the train be held. The conductor said he
didn't send one. Yet one was received.

Now Colonel Roosevelt admits that he signed the tele-
gram and says that the conductor sent it. Just a couple of
slips of memory, presumably.

Daring Yanks -

(Continued from Page 1)

were not detected by the Japanese.
Before dawn Friday units of the
11th Division moved across Laguna
De Bay in amphibious craft.

As the guerrillas and amphibious
forces closed in, big transport
planes loaded with paratroops roared
away from Nichols Field, on the
outskirts of Manila. These troops,
a selected detachment of the 511th
Parachute Regiment, jumped di-
rectly over the prison camp.

Every Nip Killed

All three forces attacked simul-
taneously. The Japanese camp
commander, members of his staff
and 243 guards were at morning
exercises. The Japanese, taken
completely by surprise, were killed
to the last man in a brief battle.
As the Yanks entered the camp,
however, their hopes sagged when
no internees were sighted. A Phil-
ipino, bleeding from a Japanese
bayonet wound, directed them to
the barracks. There the internees,
clutching little bags of clothes,
hugging children beside them, cry-
ing and yelling greetings came
pouring from the buildings.

One American said: "Oh God, it's
been a long time we have waited
for just such Hollywood American
stuff."

In an amtrack under machine-
gun fire on the way out of Los
Banos one woman said: "After so
many years of Japanese war what
is one more little affair—give me
another one of those cookies."

Better Physical Shape

The internees at Los Banos were
in better physical shape than the
3,700 civilians liberated at Santo
Tomas. They had better food sup-
plies than the others until last
October. Recently the Japanese cut
the rice allowance to a starvation
170 grams a day.

Many of the rescued were thin
and pale but generally looked bet-
ter than the starved Santo Tomas
people.

The internees, lined up for morn-
ing roll call, were ordered back into
their barracks and surrounded by
a defense guard of Yanks. As
speedily as possible they were re-
moved across the bay in amtracks
to a safe rendezvous.

Japanese snipers fired on the
rescuers and the rescued as they
passed through Los Banos city to
the bay shore.

Liberated were 1,589 Americans,
329 Britons, 56 Canadians, 33 Aus-
tralians, 89 Dutch, 22 Poles, 10
Norwegians, 16 Italians, 1 French-
man and 1 Nicaraguan.

Los Banos was the last known
Japanese prison camp on Luzon
island. In previous dramatic res-
cues of American and other United
Nations nationals, the Rangers and
guerrillas freed 511 military pris-
oners while doughboys liberated
3,700 civilians at Santo Tomas and
800 military prisoners and 550 ci-
vilians at old Bilibid penitentiary
in Manila.

nese delegation to the Pan-Pacific
conference in Honolulu in 1930.

Made Seventeen Trips

The noted author and lecturer
has made 17 transcontinental trips
to protest the sale of war materials
to Japan before Pearl Harbor, to
raise relief funds for the Chinese,
or to address Rotary Institutes of
International Understanding.

"The opportunity to hear Mrs.
Fitch is a privilege for citizens of
Midland," C. H. Shepard, president
of the Rotary Club, said. "All citi-
zens who are interested in the wel-
fare of the United States and its
foreign relations after the war"
should hear her so they will be
able to have a more intelligent
understanding of affairs in the
Far East and the interests of this
country in China," the Rotary
president declared.

All profits from the program of
the Rotary Institute will go to the
Midland memorial hospital fund.

Mrs. Fitch is a member of Zeta
Tau Alpha fraternity and Midland
members are asked by Mrs. W. S.
Nelson and Mrs. L. M. Freels to
hear the address and introduce
themselves to Mrs. Fitch.

Penicillin Lozenges Used To Combat Throat And Mouth Infections

CORPUS CHRISTI—(AP)—Peni-
cillin throat lozenges, made by a phy-
sician and a pharmacist's mate, are
being used effectively at the Naval
Air Station here for treatment of
trench mouth.

Lt. Comdr. John L. Burgess, a
doctor from Waco, and Richard Lee
Barch, 22, concocted the lozenge
after a British medical journal stated
that penicillin and gelatin com-
bine to medicate the mouth and
throat.

Burgess said the first patient given
a lozenge was cured of an ad-
vanced case of trench mouth in 24
hours. Twenty-nine other cases
have been cured, some of them in
as short a period as five hours, the
physician stated.

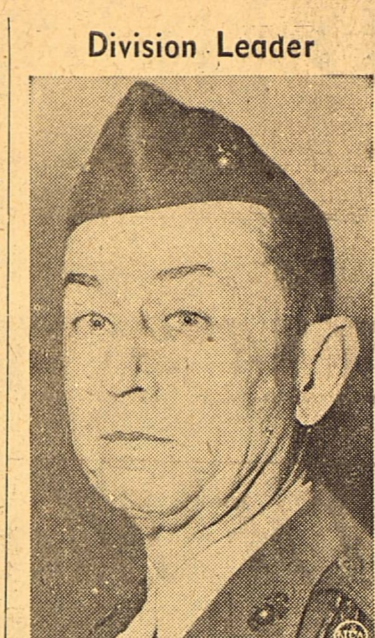

Used In Clinic

Moreover, it is no longer necessary
to admit patients to sick bay, treat-
ment being administered in the
clinic. Formerly, all trench mouth
patients required seven to 10 days'
treatment in the sick bay.

Burgess said he found that these
lozenges—one taken each hour just
like sucking on candy mint—cut
down infection in raw areas after
tonsils are removed and prevent a
great deal of the soreness that usu-
ally follows operations.

After tonsils are removed, it was
discovered that patients taking this
simple treatment were able to eat
meals "in a normal fashion" and
have very little pain.

The lozenge has a yellow opaque
color, has a peppermint flavor, dis-
solves in two to three minutes.

Division Leader
Maj.-Gen. Clifton B. Cates, USMC, above, commanded the Fourth Marine Division of the Fifth Amphibious Corps, which invaded strategic Iwo Jima almost in the shadow of the Jap homeland.

Capt. J. F. Orford Replaces Chaplain Toomey At MAAF

A new Catholic chaplain, Capt.
James F. Orford, is on duty at Mid-
land Army Air Field. He came from
Aloe Field, Victoria, Texas, where
he had been Catholic chaplain for
the past year, to fill the vacancy
created when Chaplain Patrick J.
Toomey departed.

A graduate of Rockhurst College
at Kansas City, Mo., Chaplain Or-
ford received his B.A. and M.A. de-
grees in Philosophy at St. Mary's
College in Kansas, and Ph. D. and
L.S.T. degrees from St. Louis Uni-
versity. He was ordained at Rock-
hurst College in 1932.

A native of Kansas City, Mo.,
Chaplain Orford was commissioned a
first lieutenant in February of
1944 and completed the chaplain's
course at Chaplains' School, Harvard
University, Cambridge, Mass.

Before entering active duty with
the chaplains' corps, he was a philo-
sophy and psychology instructor at
Creighton University at Omaha,
Neb. He also was a post-graduate
student of Dom Verner Moore and
director of the Department of Psy-
chology at Catholic University in
Washington, D. C.

Mexican General Buys Prize Young Bulls

LAREDO—(AP)—Gen. Eulogio Ortiz
of Monterrey, commander of the
armies of Northern Mexico, pur-
chased 14 registered young bulls
from George Nance of Canyon at
the third Pan American Fair and
Livestock Show which has just
closed here. The sale was announ-
ced Saturday.

The bulls went for \$370 each for
a total of \$5,180, Joe Finley, presi-
dent of the show, disclosed.

Another Mexican ranchman, Gov.
Gonzalo N. Santos, of San Luis Po-
tosí, transacted sales amounting to
\$34,000 with three exhibitors during
the show.

Juvenile Accident Toll Gets Attention

AUSTIN—(AP)—Seriousness of the
accident toll among children as well
as adults has made imperative a
course in safety for teachers, C. L.
Yarbrough, director of safety edu-
cation in the Department of Educa-
tion, said Saturday, in announcing
plans for a "safety education work-
shop" to be held at North Texas
State Teachers' College at Denton
for six weeks this summer.

The American Red Cross, National
Safety Council, Texas Safety Asso-
ciation, Inc., and Department of
Public Safety are all cooperating on
the program. Many local civic or-
ganizations plan to underwrite the
expenses of local teachers to secure
this essential training.

Name Committees For Staging Of Midland Four County Stock Show

By JOHN H. FLEMISTER

Twenty-five citizens were named Saturday by County Judge Elliott H. Barron as members of the general show committee for the Midland Live Stock Show which will be held here March 20 and 21.

Dunagan To Have Terraces Built

H. B. Dunagan, cooperating with the Martin-Howard Soil Conservation Service, will terrace his farm south of Midland this year, Herd Midkiff, district supervisor, announced Saturday. The terraces will help hold water on the land and prevent washing of the soil.

John Price states that his terraces held water on his field and resulted in an estimated yield of a bale of cotton to the acre in one place. The extra water saved resulting in increased yields would have been lost without terraces, Price stated.

Other farmers who are building terraces this year are M. S. Wolard and W. J. Smith.

Terracing is only one practice which may be needed in a complete soil conservation program, Midkiff stated. Without supporting practices such as contour cultivation, stubble management, crop rotation and others, soil and water conservation will not be completely effective.

The show is staged in co-operation with the Midland Chamber of Commerce. Entries for the event are already being received by Harlan Howell.

County Agent J. H. Greene said he did not expect any edicts of the Office of Defense Transportation to interfere with staging the show because of the comparatively limited territory interested in the event.

Members of the general show committee named by Barron Saturday are:

George W. Glass, president of the Midland Chamber of Commerce; Tom Sloan, Horace Blocker, Hudson Hanks, Paul McHargue, J. E. (Bob) Hill, Leonard Proctor, Dick Midkiff, M. F. King, E. B. Dickenson, Charles Cox, T. Paul Barron, L. W. Sandusky, H. G. Bedford, J. J. Willis, Warren Stagg, Paul Nelson, John P. Butler, J. C. Sales, Tom Workman, Harris Eastham, John Dublin, H. B. Dunagan, A. G. Bohannon and S. R. Preston.

Glass was named as general show superintendent. The cattle show and sale will be in charge of Sherwood O'Neal and J. R. McCarter. Midkiff and Skaggs will be in charge of the exhibition of sheep, and Kelley Lewellen and R. C. Vest will be in charge of the exhibition of hogs.

Members of the publicity committee for the show are J. M. McDonald, Jim Kelley, of Stanton, and James N. Allison.

Visits Ferrying Station

The 57th AAF Base Unit, Midland Municipal Airport, was honored Saturday with a surprise visit by Brig. Gen. Bob E. Nowland, commanding general of the ferrying division, Air Transport Command, it was announced by Capt. Wilbur L. Bural, commanding officer.

All facilities and departments of the station were inspected by the general and his staff. "The general was very well pleased with the entire facilities of the station and he was particularly pleased with the post exchange, mess halls, and the new theater building," Captain Bural stated. All officers and enlisted men of the command were given full credit for the results of the inspection and Captain Bural stated their untiring efforts made this possible.

Of all departments inspected, the general seemed exceptionally pleased with the new theater building. This theater was built by enlisted men of the post and scrap material was used throughout. The theater has a seating capacity of 200 people, complete with a slanting floor, and theater seats. The general commended the men for the interest displayed in building such a project. New improvements in the post exchange and mess halls were also noted.

Immediately upon completion of the inspection tour, General Nowland and his staff departed to another installation of the ferrying division.

Chandler's Calf Is Grand Champion In Martin County Show

STANTON—W. D. Chandler Jr.'s calf was declared grand champion of the annual Martin County 4-H Club livestock show here Saturday. The calf was bred by E. B. Dickenson, Martin County rancher.

The reserve championship went to L. R. Shoemaker. Breeders of the calf were Edmond and Jim Tom.

Bobby Cox's entry was the reserve champion milk-fed calf. W. L. Stangel, head of the animal husbandry department of Texas Tech, was the judge. He praised the fine animals displayed by the Martin County youths. The show was held on Main Street and citizens of Midland, Martin, Howard, Dawson and Glasscock counties came here for the event. Sixteen calves were entered.

Other Winners
In the milk-fed division, there were three classes. In Class 1, calves weighing under 800 pounds, first place went to Wayne Church and second was John Dale Kelly.

In Class 2, calves weighing between 800 and 900 pounds, the entry of Cox was first. Elmer Lee Criswell took second place, and Chandler got third honors.

In Class 3, calves weighing more than 900 pounds, Chandler took top honors, Benny Kelly second, and Shoemaker third.

In the dry-lot calves division, Shoemaker won top honors, and Robert Airhart was second. The winners will be shown at shows in Midland, Odessa, El Paso and Fort Worth.

Only 30 species of violets have been found in the United States, although there are more than 100 known varieties of this plant.

Lions Sponsor Unique Book Passing Plan

The Midland Lions Club is sponsoring a project to place in circulation all of the good books which the club can obtain and citizens of Midland are asked to contribute any books, Ernest Sidwell, chairman, said Saturday.

The books will be stamped on the front with a message saying, "Yours to read, Midland Lions Club, Midland, Texas."

On the inside of the front cover there will be another message reading:

"This book is furnished for your use by the Midland Lions Club, Midland, Texas. Having read, please autograph and pass on to a friend, or place where it may be available to others. When the book shows excessive wear, will someone kindly return to the owners."

Sidwell asked that citizens who have books to contribute to this cause autograph them on the first reading page so that proper records can be kept and leave them at the Chamber of Commerce or telephone 678-J, 1130 or 55. As soon as possible someone will call for the books.

Capt. Swope Is Now At Pampa Army Field

Capt. Bannen Y. Swope, who was Protestant Chaplain at Midland Army Air Field since June of 1944, was transferred to Pampa Army Air Field, Pampa, Texas, it was announced by post headquarters.

Chaplain Swope came to the bombardier base from Selman Field, La., where he had been assistant post chaplain for one year. He received his commission in March of 1943, and attended the Chaplain School at Harvard University.

Prior to entering the Chaplains' Corps, Chaplain Swope was pastor of the Lutheran Church in Sedgewickville, Mo., for three years. He was graduated from Carthage (Ill.) College with an AB degree in chemistry, and attended the Chicago Lutheran Theological Seminary, where he received a bachelor of divinity degree in theology.

Mrs. Swope and son, Richard, who have been making their home in Midland, will accompany Chaplain Swope to Pampa.

Organization Completed For 1945 War Fund Drive, Chairman Says

All organization work for the 1945 War Fund campaign of the American Red Cross has been completed and materials distributed for the launching of the campaign Thursday, E. M. Funkhouser, county chairman, announced Saturday.

The special gifts committee has been working the past week towards attaining its quota. R. L. Wood, chairman, reported the response had been good but the committee still had not attained its goal.

The campaign among citizens employed in the business area of downtown Midland will be conducted by members of the Midland Junior Chamber of Commerce assisted by members of the Tawasi Club. John Scrogin is chairman. A meeting of Scrogin's group of workers was held Thursday night to map plans for the campaign. The Tawasi Club members will be responsible for obtaining contributions from women employees in office buildings.

Members of the Tawasi Club who will take active part in the drive are: Pat Baker, Dorothy Bracwell, Edie Bryan, Edna May Elkin, Kitty Jean Ellis, Evelyn Finlayson, Deana Gray, Dorothy Hamilton, Janice Johnson, Bee McClure, Aileen Maxwell, Louise McClain, Jo Ann Montgomery, Doris Perry, Billye Starling, Ruth Simmons, Dorothy Sine, Holly Smith, Lillie Mae Stovall, Lucille Wannamaker and Kathryn Weeth.

Junior Chamber of Commerce members who have been named by Scrogin as workers are: J. E. Beakey, C. L. Yencoes, E. W. Statten, G. J. Sevier, Joe Mims, Ronald DeFord, Delbert Downing, Tott Wattlington, Jim Henderson, J. R. Maedgen, Elmer Adams, Don Scott, Marvin English, Russell Howard, Ed Prichard, Ted Thompson, Paul Nelson, L. W. Sandusky, John Seywell, Maurice Cox and U. A. Hyde. Residential Areas Divided
The residential area of Midland has been divided into 18 districts, according to Mrs. George Kidd, chairman of this group. Each zone has a captain and from three to eight workers. Zone captains and workers are listed as follows: Zone captains, Mrs. John Speed, Mrs. W. D. Anderson, Mrs. Fred Turner Jr., Mrs. Claude O. Crane, Mrs. Alfred Tom, Mrs. Duval McClure, Mrs. P. P. Pattison, Mrs. D. H. Griffith, Mrs. Winston Hull, Mrs. Archie Booth, Mrs. F. H. McGuigan, Mrs. W. H. Fehon Jr., Mrs. C. C. Fredregill, Mrs. L. A. Kuykendall, Mrs. N. G. Oates, Mrs. Matthew Lee, Mrs. Beatrice Mitchell, Mrs. Juanita Martinez and Mrs. Herbert King.

Workers: Mmes. Arch Clevenger, Bob Franklin, Carl Barnhart, James Chapple, Nelson Puett, John Dublin, J. E. Beakey, J. E. Low, P. W. Anderson, Selman Lones, L. G. Byerly, C. W. Chancellor, Jack Wilkerson, J. O. Vance, J. A. Tuttle, George Bennett, John W. Hillis, Homer Ingham, Al Cowden, Ed Darnell, Bill Goldstein, W. C. King, Joseph H. Mims, E. E. Hoover, H. S. Collings, L. H. Anderson, Earl Ridge, M. H. Hartwell, M. F. Turner, Rawleigh S. Elliott, L. C. McDonald, George Kribbs, Clark R. Steinberger, Henry Shaw, Hilton Kadrii, George Putnam, Daniel Meaney, Harold Forgeron, A. M. Baird, James Adamson, Neil McDonald, John Barnett, Buck Padgett, D. D. Dale, Eugene Cecil, Ray Poole Sr., Dale McReynolds, J. B. York, H. F. Doyle, Cecil Jennings, M. W. Jordan, Frankie Lee Herring, T. M. Wright, Mable Thomas and Bobbie Jean Bass; Misses Margaret Daugherty, Bonnie Robertson, Ann Thorn, Louise Harliss, Patsy Charleton, Dorothy Harrisons, Bill Dean Allore, Dolores Jane Pattison, Velma Tice, Dorothy Madison and Nancy Jo Booth; and members of the OGC Club.

Rural Area
The campaign in the rural communities of the county will be under the direction of T. Paul Barron. Although the population of the rural communities is comparatively small, contributions have always been good, Barron said.

One of the events planned as a

Chickens Scarce On Midland's Tables

Chicken-hungry Midlanders face a bleak outlook toward appeasing their appetites for the birds during the next few weeks, R. A. Doran, Midland produce buyer, said Saturday.

After sending a truck on a five-day trip to obtain chickens, the truck returned with approximately one-sixth of the amount needed to meet the average Saturday demand, Doran said.

Attributed To High Egg Cost
Scarcity of the chickens on the market was attributed by Doran largely to the high price of eggs. The peak egg production season has started and poultry owners are reluctant to sell their chickens when they can receive good prices for eggs, he said.

Midland county poultry producers have started bringing eggs to market, but the number brought in is showing a large increase daily. Doran said he would have to begin exporting Midland County produced eggs this week.

Old Age Assistance Group Holds Meeting

A discussion concerning child welfare services in the community was given by Betty Wendover, child welfare director, at a regional meeting of employees of the public assistance division of the State Department of Public Welfare held here Friday.

Old age assistance workers from 12 counties who attended the meeting were welcomed by County Judge Elliott H. Barron. Talks concerning old age assistance were given by Mrs. R. E. Johnson of Midland, W. E. Moore and Dee Tomm of Colorado City, Mrs. Thelma Blanks of Lamesa and Mrs. Fannie Lou Bishop of Big Spring.

Again this winter

Our gas pipe lines are carrying a heavy load, and their capacity is limited. Cold days cause greatly increased demands, sometimes for twice as much gas as on a normal day.

So on cold days this winter, please use no more natural gas than you really need. If you use it wisely, you will help make it possible for everyone to have gas for necessary uses.

The Oil Pusher

By JAMES C. WATSON, Oil Editor

WASSON POOL TO HAVE NO SHUTDOWN DAYS DURING MARCH

For the first time in many months, one of the major oil fields of West Texas is to produce during March without any shutdown days.

This order was a part of the Statewide Allowable order for March, issued last week by the Railroad Commission.

NEW GULF LINE FROM KEYSTONE FIELD TO MIDLAND FINISHED

The Gulf Oil Corporation's new 63-mile, eight-inch pipe line from the Keystone-Ellebenger field, in Winkler County, to Gulf's Midland tank farm, has been completed, tested, and is scheduled to go into service around March 1.

This new carrier is primarily intended to transport high-gravity sweet crude from Ellebenger, Devonian and lower Permian producing formations in Winkler, Ector and Andrews Counties to the pipe line terminal here.

TNMLC LOOPS ON LINE FROM CRANE TO HOUSTON HAVE BEEN COMPLETED

Laying of 30 miles of 12-inch loops on the Texas-New Mexico Pipe Line Company Crane-Houston line, is practically finished.

Other work connected with the improvement, which will enlarge carrying capacity of the trunk, are due to be finished by April 1.

"O&G" FEATURES NEW GEOLOGICAL PROBLEMS OF PERMIAN BASIN

Under the heading, "Week's Highlights," the Feb. 24 issue of "The Oil and Gas Journal," features the problems facing geologists in getting the right sort of a picture on pre-Permian paleogeography on West Texas and New Mexico, which will be useful in finding more deep oil fields in the Permian Basin.

In part, "The Journal" says: "There has been general agreement on the magnitude of the uplift that lies unconformably below the Permian, forming the Central Basin Platform. The large number of very prolific Permian fields found around the edges of this platform have resulted in a combination of cause and effect. The early finding of several large fields and study of the stratigraphy resulted in an understanding of the basic causes of structural oil ac-

cumulation along certain trends. With this understanding it was possible to determine where likely spots existed for other discoveries.

With Ellebenger development, the problem immediately shifts back to the same stage that once existed in early Permian exploration. It is obvious, however, that the deeper geological problems will be much greater. There is the matter of depth and cost of drilling. That means there never will be as many tests drilled to the Ellebenger as to the Permian formations, the cost is too high. To promote an Ellebenger test requires far more attractive prospects."

U. S. To Build Plant To Get Oil From Shale

WASHINGTON—(AP)—Secretary of the Interior Harold Ickes announced Saturday the selection of a site near Rifle, Colo., for a \$1,500,000 oil-shale demonstration plant—a proving ground for new oil source processes.

Major parts of the Rifle plant will include a 200-ton-a-day shale mine which can be enlarged if necessary; a 1 1/2-mile-long aerial tramway to carry the shale from the mine to the plant, and crushing and retorting equipment of a capacity adequate to provide useful information on methods of operation and costs for private industry. A shale oil refinery of pilot-plant scale will be added later.

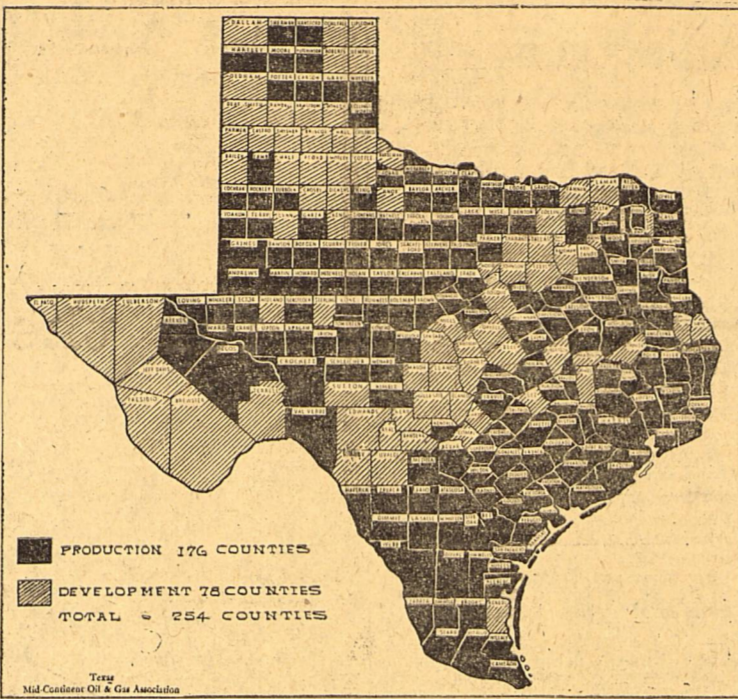

Change OPA Used Car Regulations

Changes in the regulations affecting the ceiling prices of used cars will go into effect Thursday, which will make car dealers subject to revocation of their licenses to sell used automobiles if they do not fulfill the condition of their warranties, officials of the Midland County War Price and Ration Board said Saturday.

Under the new regulations it will be a violation of OPA rules for a dealer to sell a car at the warranty price if it is not in good operating condition. Warranty prices are 25 per cent, or \$100, than when a vehicle is sold on an "as is" basis.

V-mail comprises about 20 per cent of all mail sent to the overseas forces.

Texas Expands Oil And Gas Development

The new, 1945 oil and gas map of Texas prepared by the Texas Mid-Continent Oil and Gas Association shows 176 counties in production. Twenty-five years ago only 38 counties produced oil or gas. Acres leased for oil and gas development rose from 7,500,000 in 1919 to about 48,900,000 in 1944. Texas produced 79,366,000 barrels of crude oil and 27,710,000,000 cubic feet of natural gas in 1919 contrasted with about 748,000,000 barrels of oil and 1,898,000,000,000 feet in 1944. State and local taxes gathered from oil and gas outstripped development and production, soaring from \$2,300,000 in 1919 to \$97,659,064 in 1943. Despite enormous taxes, subnormal prices and war-time shortages of men and materials, oil and gas development work is going on in the state's remaining 78 counties although at hampered rates.

Lubbock And Hockley Discoveries Completed; Winkler And Crane Get Outposts; Rowan No. 1 TXL To Test

By JAMES C. WATSON, Oil Editor

Wildcat discoveries for commercial production in North-Central Lubbock County and in West-Central Hockley County have reported 24-hour pumping tests for completions.

Locations have been staked for semi-wildcat projects in North Winkler and in East Crane, and tests were being made on an oil show in a West Ector exploration and at two Andrews County developments.

A Southeast Andrews County wildcat has been plugged as dry, and two possible extensions to oil fields in South Gaines County were making tests.

Pumped 125 Barrels

Seaboard Oil Company of Delaware and Stanolind Oil & Gas Company No. 1 Cravens, three and one-half miles northwest of Monrovia in North-Central Lubbock County, in section 16, block D, L&SV survey, pumped 125 barrels of fluid in 24 hours from pay section above plugged-back bottom at 6,170 feet in the lower Permian.

Included in the recovery was 15 per cent basic sediment, which accumulated in the oil-bearing section while the well was being drilled to a total depth of 8,800 feet. Some of the sludge also came from three acid treatments totaling 10,000 gallons, which were injected into the saturated zones.

The Texas Company No. 1 Montgomery, labor 19, league 70, Val Verde County School Land survey, five miles north of the closest production on north side of the Slaughter field in West-Central Hockley County, and about same distance west of Levelland, took an official potential test Friday.

In 24 hours of pumping the well made a total of 104.98 barrels of fluid. Net oil was 95.44 barrels. Other nine per cent of the fluid was water.

Total depth is 4,927 feet in the San Andres-Permian. The 7-inch casing had been cemented at 4,562 feet. The uncased sections had been treated with several shots of acid.

Key-Ellen Outpost

Sinclair Prairie Oil Company No. 9-A Walton, 1,980 feet from north and east lines of east-half of section 20, block 77, psi survey, is a semi-wildcat on northwest side of the Keystone-Ellebenger pool in North Winkler County.

The test is scheduled to drill to 10,200 feet, Ellenburger or granite, and is to start by Feb. 28. It is 1,320 feet west and same distance north of same operator's No. 6-A Walton, now preparing to complete, after drilling through about 600 feet of Ellenburger section before encountering granite at 9,940 feet.

Kenwood Oil Company No. 1 Skelly-University, 339 feet from north and east lines of section 17, block 30, University survey, is to be a 3,200-foot, cable-tool exploration to start by March 1.

This development is about three-quarters of a mile south of the closest oil well on south side of the Dunn field in East Crane County, and about midway between that well and nearest production in the

farthest north end of the McElroy field.

Rowan's TXL To Test

Rowan Drilling Company No. 1 TXL, section 29, block 45, TP survey, T-1-S, West Ector County wildcat testing the Devonian, three miles south and slightly east of discovery well in the TXL pool, was conditioning drilling mud to make second attempt to get a drill-stem test to total depth at 7,873 feet.

During an attempted test Friday, tool was open one and one-half hours. Packer was at 7,830 feet, which is 15 feet above top of the Devonian, called at 7,845 feet. Surface elevation is 3,353 feet.

The test was not satisfactory. Operator was not certain the tool was properly closed. When the tool was pulled it was found that perforations in the tester were clogged with shale.

Some Oil and Gas Cut Mud

However, on breakdown of drill-pipe, recovery was 30 feet of gas-cut drilling fluid and 390 feet of oil-cut drilling fluid. Bottom-hole pressure built up to 3,700 pounds during the test.

Sun Oil Company No. 1 Martin, Southwest Andrews County exploration in section 17, block A-41, psi survey, was bottomed at 7,040 feet in lower Clear Fork-Permian and was taking a drillstem test.

Magnolia Petroleum Company No. 1-A Ralph, section 12, block A-37, psi survey, slated 11,000-foot test to the Ellenburger on northwest side of the Fullerton field in Northwest Andrews County, was coring from 10,539 feet in lime and shale. No shows have been reported.

Stanolind No. 1-N Midland Farms section 15, block 40, TP survey, T-1-N, in Andrews County, about 15 miles northwest of Midland and south of the Mabee field in Southeast Andrews, is being plugged and abandoned on a total depth of 5,000 feet in lime.

On the plugging application, filed with the Railroad Commission of Texas, operator reported no oil or gas was encountered. The section at 4,940-43 feet carried water.

Swabbing Oil After Acid

Humble Oil & Refining Company and Shell Oil Company, Inc., No. 1 Fee, section 10, block A-24, psi survey, one mile east and one-quarter of a mile north of discovery well in the Doss-Eubank area in South Gaines County, was swabbing to cleanout and test.

After treating with 1,000 gallons of acid through perforations at 7,065-7,105 feet, owners swabbed into tanks for three hours for an average of six barrels of fluid per hour. Of the recovery 38 per cent was acid sludge. Remainder was oil.

The Texas Company No. 2 Robertson, section 21, block A-24, psi survey, three-quarters of a mile west of the lone producer from the San Angelo-Permian in the Robertson field in South Gaines, was on a bottom of 6,455 feet in lime and was swabbing for a test with the packer at 6,348 feet.

Stanolind No. 1-D University, Southwest Andrews County discovery for Devonian production, in section 8 block 11, University survey, is to complete as it is from perforated section at 8,300-55 feet. Shakeout Decreases

Last gauge reported the well having flowed 170 barrels of oil in eight hours with four per cent basic sediment and acid water, after last acid treatment. That shot was 7,500 gallons. It had previously been treated with three stages of acid—1,000 gallons, 2,500 gallons and 5,000 gallons.

Woodley Petroleum Company No. 1 Ellwood, East Hockley County wildcat, in section 26, block A, Thompson survey, one mile west and one-quarter of a mile north of the Smyer field, was swabbing out mud preparatory to drilling 30 cement feet of 7-inch casing which had been set at 5,780 feet with 220 sacks of cement, over total depth of 5,800 feet in the San Angelo-Permian. Operator expects to drill ahead

Oil Prospector Staked Two Miles East Of Lynch Field In S-C Lea

HOBBS, N. M.—Location for a petroleum prospector, about two miles east of nearest production in the Lynch field, in South-Central Lea County, has been staked by Drilling & Exploration Company, Inc., as its No. 1 Bowman-Federal.

The test will be 1,980 feet from north and 660 feet from east lines of section 25-208-34e. It likely will drill to around 4,000 feet. Production in the Lynch field is in the Seven Rivers-Permian.

Gulf Oil Corporation No. 1 Andrews-State Southeast Lea wildcat, in section 22-228-38e, one and one-half miles southeast of same operator's No. 1 Drinkard, discovery for Clear Fork production in the Penrose area had practically assured commercial production from the lower horizon of the Clear Fork.

Flowed For 10 To 15 BOPH

During a 30-minute drillstem test at 6,806 feet, sweet gas of 3,760,000 cubic feet per day came to surface in four minutes after tool was open. The well flowed drilling-fluid at surface in 12 minutes, and at end of 16 minutes started flowing clean 38-gravty oil.

During 14 minutes oil flow was at a rate of from 10 to 15 barrels per hour.

This project had already shown for over six million cubic feet of gas per day, and had recovered some free oil on two drillstem tests at about 6,713-6,888 feet. While this test is getting its oil and gas deeper than the discovery, it is showing about one the same basis as that producer did initially.

No. 1 Leaves Runs Casing

The Texas Company No. 1 Eaves, wildcat in section 26-168-38e, about 14 miles north of Hobbs, in East Lea County, was bottomed at 5,667 feet, in lime, and was running 7-inch casing.

Operator took a Schlumberger survey before ordering the pipe run and 38e.

Continental Oil Company No. 3-E-23 Skaggs, section 23-208-37e, southeast outpost to the discovery for Wolfcamp-Permian production in the Monument area of East Lea, was bottomed at 3,934 feet, in lime, and was taking a drillstem test.

E. J. McCurdy and McElroy Ranch Company No. 1 Young, West-Central Lea County exploration, south of the Maljamar field, in section 20-188-32e, was in process of completion on a total depth of 3,783 feet, in lime.

It had filled with oil and flowed 83 barrels in 16 hours, on a preliminary test. This project was an old dry hole to 1,300 feet. Pay was topped at 3,705 feet.

Deep One Getting Deeper

Phillips Petroleum Company No. 4 Leamex, deep test on the north-east side of the Maljamar field, in section 17-175-38e, had made hole under 10,134 feet, and was drilling ahead in unreported formation.

McElvain Bros. No. 1 Sealey, section 30-188-34e, slated 5,000-foot exploration about five and one-half miles southwest of the Vacuum field, in Central Lea, had progressed under 3,587 feet, in anhydrite.

Culbertson & Irwin, Inc., No. 1 Culbertson, Southwest Lea wildcat to the Delaware, in section 26-228-32e, had drilled out a salt bridge and gotten back to original bottom at 3,515 feet, in anhydrite and lime, and was making new hole past 3,525 feet. A string of casing will be run soon.

WTGS Is To Have Talk By Writer

Dr. W. C. Krumbain, senior geologist, Beach Erosion Board, Office of the Chief of Engineers, War Department, Washington, D. C., will address the West Texas Geological Society March 2, at 8 p. m., in the Midland County district courtroom.

Until granted leave to engage in war work some time ago, Grunmbain

had been on the staff of the University of Chicago, since receiving his doctorate degree at that institution in 1932.

In addition to being associate editor of "The Journal of Sedimentary Petrology," he is author of numerous papers on the physical properties of sediments and the dynamics of sedimentary processes. He is co-author of the geological best-seller, "Down to Earth."

Thesis of Dr. Krumbain's address is that in the future sedimentary characteristics will be at least as important in the search for oil as the structural attitudes of the strata are now and were in the past. Emphasis is placed on the increase in qualification of sedimentary data, now and more complete studies of sedimentary environments, extension and improvement of techniques of study and their application to ancient sediments, and the development and improvement of new and known methods of recording these data in map form.

Dr. Krumbain appears in Midland under the auspices of the Distinguished Lecture Committee of the American Association of Petroleum Geologists.

to test for pay above 5,900 feet.

Shell Oil Company, Inc., and Texaco No. 1 Rathiff & Bedford, Southwest Andrews County wildcat, in section 4, block 73, psi survey, which has indicated production in the lower Permian, was drilling below 8,401 feet in shale.

Drilling Ahead On Buchanan

Humble's No. 1 Buchanan, Midland County exploration to 12,000 feet in Baldrige survey No. 32-692, in the east part of the county, had made hole past 8,881 feet in lime, after cementing a string of casing at 8,833 feet.

Continental Oil Company No. 1-D Settles, South Howard County prospector to the Ellenburger, in section 133, block 29, W&NW survey, had progressed under 9,497 feet in lime and chert.

Humble No. 1 Parrott, section 3, EL survey, in East-Central Upton County, was drilling ahead from 9,543 feet in shale.

Other Deep Wildcats

Stanolind Oil & Gas Company No. 1 Slaughter, labor 49, league 101, Jeff Davis County School Land survey in Central Cochran County, was making hole below 9,910 feet in hard black lime and shale.

Sinclair Prairie Oil Company No. 1 McKnight, Northwest Crane County wildcat to the lower Ordovician, in section 6, block B-22, psi survey, had reached 9,153 feet in lime and chert.

Car License Sale Past Thousand Mark

The office of Tax Assessor-Collector J. H. Fine is becoming more crowded each day with auto owners obtaining 1945 licenses for their vehicles. A total of 1,088 licenses had been issued at noon Saturday.

Car owners can put the new license plates on their cars March 1, tax clerks pointed out.

Owners of cars with out-of-state licenses were reminded they should bring a certificate of title and all of their 1944 out-of-state license papers with them to obtain a Texas license.

Owners of cars with Texas license numbers must bring the number of the 1942 plates, as well as 1944 license papers and a certificate of title.

Approximately 5,000 licenses are expected to be issued.

feet, in lime, and was making machinery repairs.

Gulf No. 1 Gutman, section 19-228-38e, north outpost to the initial Clear Fork producer in Lea County, had set 5 1/2-inch casing at 7,005 feet, with 775 sacks of cement, over a total depth of 7,010 feet, and was waiting to drill out the cement, and test through casing perforations.

Civil Service Man To Talk Preference Rights To Veterans

Veterans of Midland County and vicinity who are interested in employment by the federal government will have an opportunity to talk with representatives of the Civil Service Commission, Tuesday, concerning their preference rights for such employment.

Thomas W. Saling, regional veterans' federal employment representative for the commission, will be at the Scharbauer Hotel Tuesday afternoon and night.

Provisions of the veterans' preference ruling provided by Congress will be explained, with particular attention to the employment of disabled veterans.

It has been estimated that only 47 per cent of the U. S. is adequately mapped.

HARA-KIRI ISN'T THE ANSWER!

AS A METHOD of Jap self-extermiation; A hara-kiri has proved an efficient ally. But who wants to wait for all of Japan to fall on a sword and call it quits?

No, hara-kiri won't win this war. Wishful thinking won't win it either. This is a job for MacArthur and Nimitz. For G. I. Joe and a guy named "YOU"!

Now MacArthur and Nimitz and G. I. Joe can handle their end, as the record shows. But how about YOU?

Your job at present is simply this: Keep on buying War Bonds—week-in, week-out—until final victory is ours. Buy on the Payroll Saving Plan; or buy on your own plan. Keep on digging into your wallet for every leaf of folding green you can spare and sink it into every bond it will buy! These bonds are your stake in America—today and tomorrow.

Keep Faith with our Fighters

Minors To Check Future Expansion Before Signing

NEW YORK —(P)—Minor league baseball will insist on checks against post-war major league expansion before signing any new major-minor agreement it was indicated Saturday as members of the 10-man revision committee headed for Chicago to open important meetings Monday.

Although the Chicago sessions probably will produce nothing more than an airing of ideas, naming of a smaller sub-committee to meet with a similar group from the majors is to be expected. All recommendations will be subject to approval at the December National Association convention.

One prominent minor league proposed that the new commissioner, when named, should be the umpire to decide when minor territory could be "invaded" and how much should be paid. As matters stand now a major club can take over a minor franchise by paying the league only \$5,000 and making suitable arrangements with the individual owner disregarding the stability of the circuit.

ODESSA IS HOST

ODESSA —(P)—Odessa will be host to 30 schools in West Texas for an invitational track meet to be held there April 7.

All the world's flowers are descended from the simple little buttercup, according to many famous botanists.

3 Owls On AP Champ Team

By HAROLD V. RATLIFF
Associated Press Sports Editor

Rice, which swept undefeated to a record-smashing championship, dominates the 1945 All-Southwest Conference basketball team selected by the coaches for The Associated Press.

Three Owls—giant Bill Henry, little Murray Mendenhall and flash Dick Wehr—made the team, which for the third straight season turned out to be a sextet instead of a quintet.

Arkansas, which finished second, and the two teams that tied for third—Southern Methodist and Texas Christian—each got a spot on the team. Arkansas placed George Kok, its towering center but he was shifted to a forward post; Southern Methodist came up with Kelly Avery, the tall forward who went to the Mustangs from Baylor, and Texas Christian landed its consistent guard, LeRoy Pasco.

Henry, the great center who set individual scoring records while leading the Owls to new team marks, was the only unanimous choice.

Bulldogs To Start Spring Drill Monday

Midland's Bulldogs will start Spring football practice Monday afternoon, Coach Gene McCollum said.

Fifty-four uniforms have been issued by the coach and his staff and more gridsters may report. Most of the candidates are sophomores and juniors.

Six lettermen have obtained equipment. They are Jimmy Edwards, center; Howard Mickey, tackle; M. C. Hale, fullback; Wilbur Yeager, quarterback; Barney Hightower, back; and Bobby Drake, back.

McCollum will be assisted by Jack Mashburn and A. G. Black.

Big Question Before Nazis Is Can They Maintain Organization Between Reds On Oder And Allies On Rhine

By KIRKE L. SIMPSON
Associated Press War Analyst

The answer to Nazi ability to maintain any organized defense ground within the roofless citadel that lies between the Rhine and the Oder may be evident soon.

And when it is, the duration of the war in Europe can be answered with some reasonable degree of accuracy.

German was face to face with another supreme test.

There was no question but that the final phase of a coordinated Russian-Allied winter drive to crush the Wehrmacht was on although the full scope and direction of simultaneous massive ground attacks from east and west had yet to develop.

Sustained Air Attack
Under cover of a sustained Allied air bombardment that blackened German skies day and night with bombers the big push began.

In an anniversary order to Red Armies issued while Allied bombers were ripping at every vital Nazi communications key in preparation for the culminating break-through ground attacks, Premier Stalin again defined the joint objective as annihilation of the German army.

Staff Sgt. Peyton Battles Nazi Planes

A NINTH AIR FORCE BOMBER BASE, FRANCE—Sgt. William L. Peyton, of Midland, Texas, was flying as radio-operator, gunner on a B-26 Marauder when Focke-Wulf 190s and Messerschmitts 109s rose to challenge the American medium bombers during a bombing mission to Germany.

For 20 minutes the Marauders battled the German fighters which were attempting to keep them from bombing the important railroad bridge located at Mayen. During the aerial fight, Marauder gunners knocked down four fighters and probably destroyed four others which were seen smoking and falling during the scrap.

After fighting off the German interceptors, the medium bombers flew through intense flak before they unloaded their bombs on the bridge, one of the main links in the supply line to front line Nazi troops.

Sergeant Peyton, son of Mr. and Mrs. E. H. Peyton of Midland, is flying with Col. Grover C. Brown's Tiger Stripe group of the Ninth Air Forces from this field formerly occupied by the Luftwaffe.

Abilene Eagles Win Championship

ODESSA —The Abilene High School Eagles won the District 2AA basketball championship Friday night by nudging out the Odessa Bronchos 35 to 34.

The victory was Abilene's second straight by one point. Last Tuesday the Eagles defeated the Bronchos 29 to 28.

Ted Roby, the Odessa star, was off form Friday night and couldn't connect with the basket and Rex Partridge led the Odessa attack with nine points. Gus Vietas took scoring honors for Abilene with nine points.

Snead Shoots Eight Under Par At Pensacola

PENSACOLA, FLA. —(P)—Slammin' Sammy Snead of Hot Springs, shot an 8-under par 64 in the second round of the Pensacola Open Golf Tournament Saturday for a 36-hole total of 131. He replaced Harold (Jug) McSpaden, Sanford, Mo., as the pace setter by three strokes.

Nightspot Curfew Violators Face Stern Penalties

WASHINGTON —(P)—The government decided Saturday on a series of penalties that can put a night spot out of business if it violates the midnight curfew which goes into effect Monday.

The policy was announced by the War Manpower Commission as the prime enforcer of the curfew ordered by War Mobilization Director James F. Byrnes to conserve electricity, fuel, manpower and transportation facilities.

The announcement listed these stern measures:

1—Placing a "zero" employment ceiling on an establishment, which means the proprietor may not hire anyone except maintenance employees such as a janitor.

2—Withdrawal of power and fuel by the War Production Board.

3—Withholding of national food and other commodities by the Office of Price Administration.

4—A ban on deliveries by the Office of Defense Transportation.

All Public And Private
The midnight shutdown order applies to all public and private places providing entertainment, serving liquor, wine and beer. The only exceptions are entertainments "sponsored by responsible agencies" for military personnel (that would include the USO, for instance), and restaurants customarily open all night. These restaurants, however, may serve only food and must not dispense drinks.

Coming within the curfew regulations are night clubs, sports arenas, theaters, dance halls, road houses, saloons, bars, shooting galleries, bowling, billiard and pool parlors, amusement parks, carnivals, circuses, coin-operated amusement device parlors, skating rinks, activities of clubs, dance studios and gambling establishments.

The WMC sent a 550-word list of instructions to its 300 field offices which will do the enforcing.

Local interpretations will be up to the local offices. Such questions, for instance, as what hour an amusement place may open up after observing the midnight curfew will have to be decided by the field offices.

The police are to be asked to report violators to the WMC people. An operator so charged may appeal to the area office and the local labor-management committee, thence to the regional office and finally national WMC headquarters.

Ration Board Requests Applications Be Mailed

An appeal to citizens of Midland County to mail their ration applications to the local War Price and Rationing Board was issued Saturday by Chairman G. M. Shelton, who declared:

"Too many people believe they can get faster action by making personal visits to the board, but in reality this causes a heavier workload on the clerks and slows processing of applications."

"Each time a clerk has to leave important work to discuss ration problems, the processing of applications is slowed just that much more."

"With our short staff, our office can give the public much better and faster service when applications come and go by mail, and at the same time, people who use the mails for ration action will be conserving tires, gasoline and shoes—all of which are rationed because they are vital to the war effort."

Chairman Shelton said that personal calls at the board take an average of ten times as long as the processing of an application received through the mail.

Brides are crowned with a garland of wormwood by Russian peasants, to denote the trials and bitterness of marriage.

MR. BUGS BUNNY in "HARE RIBBIN"

Yanks -

(Continued from Page 1)

A German column trying to flee Hambach forest was wiped out by artillery fire. The enemy in the past has used forests for stands costly to the Allies.

Engineers at the cost of the highest casualties since D-Day finally erected bridges across the Roer, and Saturday night heavy equipment, anti-tank guns, troops and supplies poured across in a never-ending stream. The German chance to smash the bridgeheads was gone.

More than 1,100 U. S. heavy bombers continued the campaign to isolate the Rhine-Maas-Roer battlefronts with attacks on rail and oil targets of Northwest Germany, and tactical planes blasted gun emplacements and traffic on the roads.

Montgomery's Canadian First Army on the north end of the front lashed out in new attacks. Reconnaissance forces prodded almost to the road center of Calcar without resistance. Brussels radio said the Canadians had entered Calcar.

Bataan Heroes -

(Continued from Page 1)

of Tannington, Canada, and graduate of the Pasadena, Calif., General Hospital Nursing School, told some details of the fall of Corregidor.

The nearly exhausted nurses on the rock were too busy to be frightened when they were captured by the Japanese, she said. They had 900 wounded soldiers to care for—in cots, crowded together and three tiers each—in Corregidor's tunnels.

"There was some arrogance," on the part of the Japanese but no nurse was slapped or in any other way mistreated, Major Davidson said. This was also the case later during the long internment at Santo Tomas.

The fine dust discharged in volcanic eruptions has been known to remain in suspension in the air for several years.

Cotton

NEW YORK —(P)—Cotton futures closed 10 cents a bale lower to 5 cents higher Saturday. March, 22.05; May, 21.98-22.00; July, 21.63-21.68.

Wool

NEW YORK —(P)—Wool tops futures closed unchanged to 1 of a cent lower Saturday; October, 126.0; December, 123.8. Certificated wool tops, 134.00.

Livestock

FORT WORTH —(P)—Cattle 200; calves 100; generally steady; common and medium grade slaughter steers and yearlings 10-13.50; most beef cows of lower grades 8.75-10.50; good fat calves 13.50-14; no sales of consequence in stockers and feeders.

Eggs 200; active; unchanged; hogs and sows steady; pigs \$1.00 higher; good and choice heavy butchers 13.40-14.50; sows 13.00 down; pigs 13.00 down.

Sheep 50; steady; medium and good woolled lambs 14.50; common to mostly medium offerings 13.00.

TEXAS LIVESTOCK DROPS

AUSTIN —(P)—The United States Department of Agriculture reported Saturday that Texas had a smaller number of hogs, sheep, horses, mules and cattle on farms and ranches as of January 1 than a year earlier.

B. And P. W. Club Meets Monday At Scharbauer Hotel

The Business and Professional Women's Club will hold its regular meeting Monday at 7:45 p. m. in the private dining room of the Scharbauer Hotel.

A review of the book "Who Walks Alone," by Burgess, will be given by Mrs. W. E. Chapman.

CIVIC THEATRE WANTS SINGERS

Singers are needed for the chorus work in the "Song of Bernadette" reports Mrs. Ben Dansby Jr., of the Civic Theatre, and rehearsal will be at 9:30 Monday night. Alto singers are especially needed.

Girl Scout Troop 3 Meets To Make Plans For Anniversary

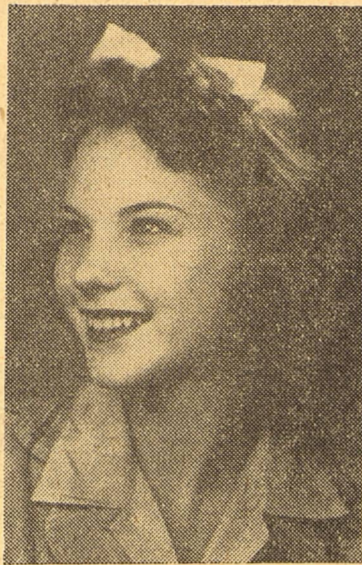

Girl Scout Troop 3 met in the Presbyterian Church Friday and plans were made for Girl Scout Birthday Week.

Present were Dolores Pattison, Ann Thorn, LaMoyné Tabor, Patsy Charleton, Billie Alkire, Dorothy Harrison, Anna Jean Cash, Margaret Dougherty, Bonnie Robertson and Mrs. Bob York.

VISITS SISTER

Mrs. James Sommerville of Wichita Falls is visiting her sister, Mrs. C. L. Bradshaw.

Bride

Lt. and Mrs. James A. Whitt are now at home in Big Spring, following their wedding there Feb. 17. Mrs. Whitt is the former Miss Dorothy Rose Otho, daughter of Mr. and Mrs. Oscar Otho of Midland.

Whitt-Otho Marriage Is Announced By Bride's Parents

Mr. and Mrs. Oscar Otho announce the marriage of their daughter, Dorothy Rose, to Lt. James A. Whitt, son of S. J. Whitt of Mars Hill, N. C., on February 17th, at the Baptist parsonage, by the Rev. P. D. O'Brien, in Big Spring.

The bride wore a powder blue street dress with black accessories and held a gardenia corsage. Her maid of honor was Miss Colleen Cates, who wore a gold color street suit, with black and white accessories and a pink carnation corsage.

Lt. Artie Shaw was best man. The bride was graduate from Midland High School in 1943, and had been employed at the Petroleum Cleaners for the past year and a half.

Lieutenant Whitt attended Mars Hill High School, Mars Hill Junior College and Maryville College in Maryville, Tenn. He has just returned from the European theater of war, where he participated in fifty missions. He attended C.I.S. at Midland air field and is now stationed at Big Spring.

Dr. M. S. Dickerson Will Speak At P-TA Tuesday Evening

The Senior High School P-TA will meet at the school auditorium at 8 p. m. Tuesday when an election of the nominating committee will be held. An address will be given by Dr. Melford S. Dickerson, who has recently come to Midland, his subject being "Health and Safety in Wartime."

Children's Service League To Sponsor Easter Seal Drive

Under the auspices of the Children's Service League, the annual Easter Seal campaign will start in Midland within a few days, when packets of seals will be mailed to Midland residents.

Proceeds from the sale of these seals are used to help any child who, through birth, accident, or infection, is physically or mentally handicapped. This includes children affected by poor vision, bad teeth, impeded speech, or serious illnesses such as infantile paralysis.

Sixty per cent of the money taken in from this drive remains in Midland County, in order to help care for Midland's 29 crippled children, 26 of whom already have received aid, according to Mrs. Ruth Rhodes, county health nurse. The remaining 40 per cent goes to the State Society for Crippled Children.

This organization maintains a hospital in Dallas, and a summer camp for handicapped children, to whom Easter seals mean the chance to be like other boys and girls: to play, to go to school, and to grow into useful citizens.

A special radio program will be given Tuesday at 7:30 p. m. over KRTH by the Children's Service League, to outline the aims of the campaign. Mrs. John Hills, president of the league, is in charge of the drive.

Orchards Are Topic Of Discussion At Westside HD Club

Mrs. Johnnie Graham was hostess to the Westside Home Demonstration Club in her home Thursday afternoon. Since the topic for discussion was orchards, each member answered roll call by telling the number of fruit trees she plans to start this year.

A list of the trees that produce the most fruit in this climate then was given by Mrs. O. R. Phillips, with Mrs. J. D. Webb giving a list of vegetables most suited to growth in West Texas.

Cited Care Topics Mrs. Olen Fryar then spoke on "How to Care for Your Orchard." After a report on the officers trying meeting at Rankin by Mrs. Raymond McCarter, a truth game was played for recreation.

In keeping with the subject of the afternoon's discussion, cherry pie with whipped cream and coffee was served for refreshments.

Others who attended were Mrs. F. F. Elkin, Mrs. Roy Lee, Mrs. L. H. Moncrief, Mrs. O. B. Hamm and two new members, Mrs. W. H. Measures and Mrs. J. C. Perryman.

MRS. J. B. HOSKINS IS GUEST OF HONOR AT FAREWELL PARTY

A farewell party in honor of Mrs. J. B. Hoskins, who is moving to Lubbock, was given Friday night by Mrs. Linton Brunson and Mrs. H. M. Newham in the Brunson home. A salad plate was served, and gifts were presented to the guest of honor.

Those attending were Mmes. Ed Dozier, Jack McClurg, R. V. Lawrence, Aldridge Estes, Cecil Pope, Jim Schroder, Sadie Taylor, TriBa House, Bernard Westerman, Dona Damagan, De Alva Brewer and Helen Sue Hoskins.

Girl Scouts Present Play At Junior High

The assembly program for the John M. Cowden Junior High School last week was given by the Troop A Girl Scouts under the direction of their leader, Mrs. W. C. Cartwright. A play, "The Sentimental Scarecrow" by Rachel Field, was presented.

Members of the cast were Helen Cartwright, Rita Dunlap, Wanda Jo Hankla, Wanda Mashburn, Janis Slough and Mary Lou Price.

Work On MAAF Nursery

Mrs. John W. White (left), Mrs. J. N. Walston Jr. (center), and Mrs. R. L. Gasser (right), complete the gay circus murals on the walls of the MAAF Nursery, which will be the scene of an open house Sunday afternoon and which will be "open for business" the following day.

Nursery Sponsored By MAAF Ladies' Club To Hold Open House For Parents Sunday

Elephants and tigers, lions and kangaroos, to say nothing of dozens of other circus animals, will gaze at children in their play at the MAAF nursery. These animals are in the murals done for the nursery by Mrs. R. L. Gasser and Mrs. J. N. Walston, officers' wives.

Red and white striped cornice boards further emphasize the circus theme used in the decorations.

All persons eligible to enroll their children in the MAAF nursery are invited by the Ladies' Club, sponsors of the project, to an open house Sunday between 2:30 and 4 p. m. These persons include enlisted, officer and civilian personnel of MAAF. The nursery will be open from 8:30 a. m. until 10:30 p. m. every day except Sunday. On Saturdays it will be open until midnight.

The room has been divided into two sections, one for play and the other for rest. Play apparatus, toys, and books suitable to the ages of the small patrons will be provided, and a program of planned activities will be carried out under the supervision of trained attendants. Approximately 40 children can be accommodated at a time.

To Have Trained Attendants Mrs. Charles Caruth, a registered

Attending Naval School

S/2c Copper Daugherty, son of Mr. and Mrs. James L. Daugherty, has been transferred from San Diego to Washington, D. C., where he is attending dry cleaning and laundry school for the Navy.

Mrs. B. M. Hays Is Hostess To Lucky Thirteen Club

Mrs. B. M. Hays was hostess to the Lucky Thirteen Club Friday afternoon, when three tables of bridge were played.

Mrs. S. P. Hall held high score. Mrs. Houston Sikes held second high. Maxine Hays was a guest.

A party plate was served to the guest and members present who were Mmes. Ellis Conner, H. S. Collins, J. L. Daugherty, W. N. Cole, C. H. Shepard, J. A. McClurg, J. C. Hudman, O. H. Jones, and the others mentioned.

After the refreshments, a short business meeting was held and a contribution of \$5 was made for the McClosky Hospital.

Eastern Star Will Honor Mrs. Addie Bell With Dinner

The Order of the Eastern Star will entertain Deputy Grand Matron, Mrs. Addie Bell, in Midland Tuesday for an official visit. A covered dish chicken dinner will be served at the Masonic Hall Tuesday at 6:30 p. m. to which the 200 members of Midland chapter are invited.

Mrs. Florence Floyd, worthy matron, and Mrs. J. Wayne Campbell are in charge of the program. Mrs. Floyd will give the welcome address. Mr. A. A. Floyd, the toast, followed by a welcome song composed by the members and sung together. Two piano solos, by Mrs. M. Alcorn and Mrs. G. G. Hazell, and a reading by Mrs. Wallace Henry, with a personal history of Mrs. Belle's family given by Mrs. Juanita Hicks precede the presentation of gifts by Mrs. A. J. Cooper.

A breakfast will be served on Wednesday morning at the Scharbauer Hotel.

Country Club Plans To Hold Dance Friday

The Midland Country Club will hold a dance Friday evening March 2 in celebration of Texas' Independence Day. Due to the new restrictions which call for the closing of all places of entertainment at midnight, the dance will begin at 8:30 and stop promptly at 12 midnight.

Music will be furnished by Harrison's Texans of San Angelo. Decorations will be in charge of Mrs. Harry Lawson and Mrs. Ed Warren, members of the club's entertainment committee.

Valley View Benefit Holds Successful Red Cross Party Friday

The Valley View Red Cross benefit held Friday night was well attended and enthusiastically supported, the reporter says. A Chinese auction of two quilts brought out heavy bidding by J. D. Bartlett, Tyson Midkiff, I. J. Howard, D. W. McDonald, Herd Midkiff, Phelan Porter, Wm. Long, Paul Barron, Jim Baker, Delbert Downing and Bill Midkiff.

George Woody sang some Western songs of the range, accompanying himself with his guitar. Delbert Downing told of his experiences in the combat zones during his year and a half overseas.

Mrs. Dalton Hall represented the Louis Stewart family. C. E. Branham, Bill Mayfield and Herman Bielby were additional contributors.

UNDERGOES OPERATION

Mrs. L. G. Sandusky underwent a major operation in Lubbock Friday.

Evangels Class Given Martha Washington Tea Thursday

A Martha Washington Tea was given at the home of Mrs. H. S. Collins, 511 W. Louisiana, for the Evangels Class of the First Baptist Church Thursday afternoon.

Mrs. J. Howard Hodge reviewed "The Apostle" by Sholem Ashe, and this fine selection of a story for reviewing was timely and most interesting to her listeners.

White And Red
The tea table was laid in white linen with red carnations, white daisies and red candles as the color motif.

Mrs. T. E. Neely played some popular piano selections. Mrs. O. J. Hubbard presided at the tea table.

Members present were: Mmes. Tom Nance, W. N. Cole, J. C. Hudson, Arthur Jenkins, D. C. Ray, W. G. Epley, E. Jones, C. C. Tull, J. S. Griffith, W. F. Anderson, Jack A. Wright, Warren Skaggs, R. Chansior, James Daugherty, in addition to members mentioned above.

Guests were Mrs. R. H. Sweetman, Mrs. Mildred Warren of Odessa and Mrs. Joe Bishop of Fort Worth.

TRAINING SCHOOL WILL BE HELD AT METHODIST CHURCH

Starting Sunday afternoon at 3 and continuing through Thursday evening, the annual training school for members and friends of the First Methodist Church and Sunday School will be held in the Scharbauer Educational Building of the church.

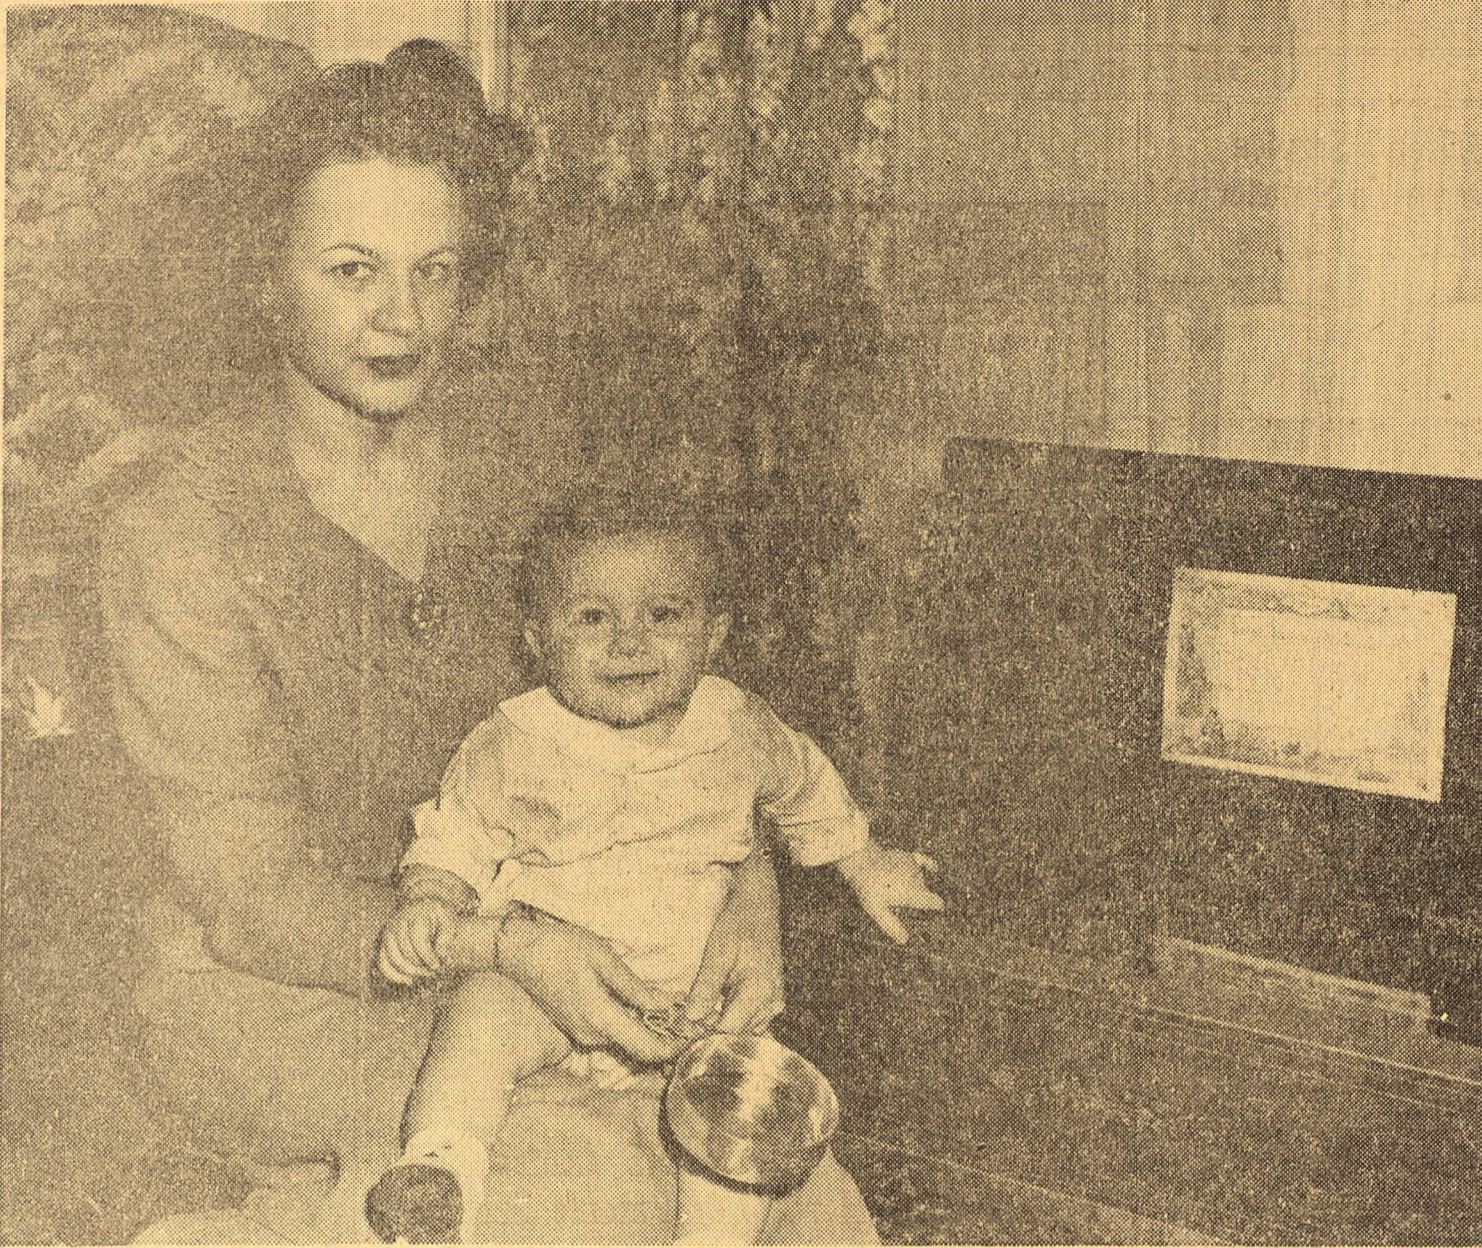

Mrs. Uel D. Crosby of Seymour, conference director of children's work, will direct the work of the children's division, on the subject, "When Children Worship"; Miss Mattie Sue Howell, of Lubbock, director of youth work, will have charge of the youth and worship class, using the text, "Training Young People in Worship"; and the work of the adult division will be directed by Rev. W. E. Hamilton of Lubbock, executive secretary of the Northwest Texas Conference Board of Education, on the subject, "The Acts of the Apostles," using the text, "His Witnesses."

An invitation is given, not only to members of the Methodist Church, but to members of any other church of this community who are interested in this type of program, to attend these classes.

Typists Taught To Swing Words

COLD SPRINGS, N. Y. — (AP)—Twinkling fingers and dancing toes are kept agile at the Haldane Central High School here as seniors learn speed typing and new dance steps to popular music broadcast over the school's sound system. Recorded music is used in teaching commercial students to type—and after hours sweet music is played over the system for fancy rug-cutting.

Receives Swiss Music Box

Mr. and Mrs. John P. Howe, formerly of Midland, now in Hot Springs, Ark., the parents of Capt. R. E. Howe, whose wife and baby are shown above, seated beside the handsome antique Swiss music box recently sent to her by her husband.

Books Worth Reading

By Annece Freeman

During the Lenten season while the thoughts of people are more concerned with the idea of their relationship to the Christian religion, the reading of any one of these six books, can show a way of living that integrates the reader with the trends and the modern social-political problems, on the settlement of which enduring peace depends.

At the county library for such distribution are: "The Apostle," "The Mother" and "The Nazarene" by Sholem Asch; "The Robe," by Douglas; "Caesar and Christ," by Durant and "The Emperor's Physician," by Perkins.

Of interest to churches and schools for Easter programs is a part of a book, called "The Days We Celebrate," pages 339 to 389, wherein the following five plays and pageants are given, interesting both to parents and children:

"Parable In A Park," "Dawn In An Upper Room," "The News That Came To Nazareth," "Mr. Grasshopper's Easter Clothes," and "Carmines."

And, very new and very delightful is "The Bible Quiz Book" with its clever introduction containing Dolly Madison's famous recipe for "Bible" cake. For church parties it offers many humorous Bible quiz programs, adaptable to Lenten season entertainment.

Africa furnishes United States furriers about 50,000 monkey pelts a year.

Red Cross Nurse Aides Complete Unit One Training

Girl trainees for the Nurses' Aide Red Cross program for Midland County are responding eagerly to the call and Mrs. W. H. Sloan, chairman, announces that 19 women completed unit one of the course in classroom instruction and lectures, under the supervision of Mrs. Margaret Kohler, registered graduate nurse in charge.

They will begin unit two at MAAF hospital as soon as their uniforms, which are expected in a few days, are received. Unit two includes 45 hours actual hospital instruction, under the supervision of a registered nurse.

UT Students Home For Brief Holidays

Among the University of Texas students who arrived over the week-end for the between-semester holidays are Misses Janice Pope, Otella Flynt and Dorothy Watson. Miss Pope, who is the daughter of Mr. and Mrs. Cecil Pope, has as her house guests Miss Jean Carsey of Houston and Miss Marjorie Boothe of Cuero, and Miss Flynt is entertaining Miss Betty Coe Tom in the O. J. Hubbard home.

Meet The Missis

by Louise Johnson ONE OF 'EM

She's a mother-to-be. Like most women who are making their debut into the vast realm of motherhood, she has definite ideas regarding the present and future of her expectant baby.

He'll be called Bill, if a boy; Lon Nette, if a girl. College musical studies and a fluent knowledge of French are on the roster and—who knows?—his maturity may see him as President Roosevelt's first formidable rival.

Disciplining should be a fifty-fifty proposition she believes but the care of the baby will be hers alone. Her husband will never have to submit to a six weeks' course in a maternity school for expectant fathers, she asserts, but floor-walk-

ing requires no previous training. Old wives' tales do not fraze her but lest popular superstition have some truth in it, she has purposely neglected to prepare her own layette.

As a Houston High School student she won a good posture con-

chivalry but feels that Twentieth Century women are less feminine than their grandmothers and too independent for their own good.

Her favorite hobbies are swimming, dancing, and sewing besides a secret desire to speak French—(like a Frenchman) and ride a horse—like a Texan).

Unique

She's a character unique to this column—she likes BOTH Sinatra and Crosby!

Her life has been full of embarrassing moments but the one that she remembers vividly, happened when she attended a wedding, smartly gowned, wearing her mother's milk coat and a chic little chapeau that was perched on the front of her head like a bird in flight. Jauntily she strutted down the steps into the chapel, where an anxious congregation breathlessly awaited the arrival of the bride. When she almost reached the

bottom of the stairs and was about to make a dramatic entrance, her heel caught in the rubber matting and she pitched forward, sprawling with cow-like grace before the waiting congregation. Her poise had deserted her. Her pride, as well as two shapely shins, was badly bruised, and her Lilly Dache dangled coquettishly from one ear.

Even more exasperating was the fact that as she started to rise, a porter, rushing to help her, asked with wide-eyed surprise, "Did you fall down those stairs?"

"No," she muttered under her breath, I always come in that way."

Her name: Mrs. William Pugh of Houston, Texas.

test in competition with fifty girls and for a reward was given the opportunity to model fashionable wearing apparel in the May fete style show at the University of Houston. This triumph and her love of smart clothes created a desire for a modelling career, secondary only to that of marriage and a family. At fourteen she had already started her hope chest and continued with it until the day she married, just sixteen months ago. Her husband was then a cadet. She travelled with him throughout his entire training period, lived in bedrooms and trailers, faced housing shortages, and is well familiar with the trials and tribulations of Army wives.

Her morale soars 100 percent when she dons an outfit for the first time and since her husband abhors black she wears gay, vivid colors and flowers in her hair.

Less Feminine Now

The WSCS of First Methodist Church will meet at 3:15 p.m. in the Scharbauer Educational Building for their regular business and social hour, with the Belle Bennett Circle as hostesses.
The executive board meets at 2:30 p.m. The nursery will be open.

Woman's Auxiliary of Trinity Episcopal will have its regular weekly meeting at the home of Mrs. P. W. Hamilton, 1110 W. Texas, instead of with Mrs. J. P. Ruckman as previously stated.

Junior Canteen hostesses are: 4 to 6 p.m., Mrs. R. Conkling; and 7 to 9 p.m., Mrs. Tom C. Bobo.

Nurses' Aide classes meet from 9 to 11 a.m. on the second floor of the courthouse.

TUESDAY—
The Twentieth Century Study Club meets at 3:30 p.m. with Mrs. Gene McCollum, 1308 W. Washington.

Junior Canteen hostesses are: 4 to 6 p.m., Mrs. Overton Black; and from 7 to 9 p.m., Mrs. Guy Cowden.

OES meets at 6:30 p. m. for the official visit of the deputy grand matron. All Eastern Star women are urged to attend.

Senior High School P-TA holds its regular meeting at the High School at 8 p.m. Dr. M. S. Dickerson will speak. Election of nominating committee officers will be held.

Nurses' Aide classes meet from 9 to 11 a.m. on the second floor of the courthouse.

WEDNESDAY—
The Progressive Study Club meets at 3 p.m. with Mrs. Porter Fearey, 410 W. Kansas.

Junior Canteen meets from 4 to 6 p.m., with Mrs. G. J. Sevier as hostess, and from 7 to 9 p.m., with Mrs. J. E. Warren as hostess.

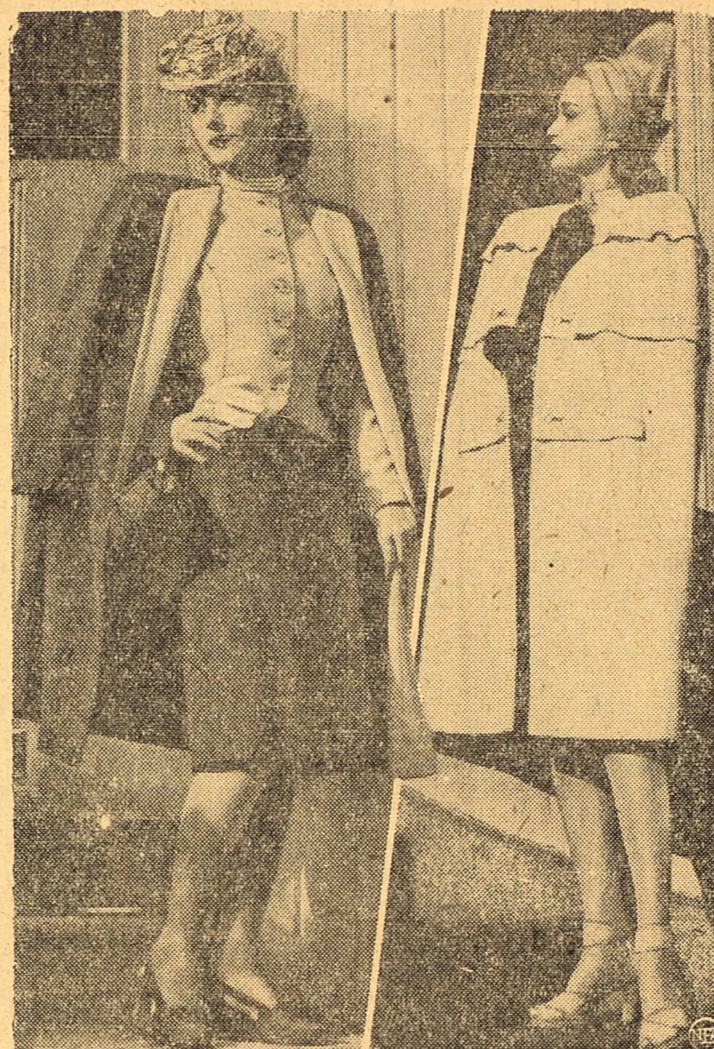

Spotters Group One meets at 1:30 p.m. at the home of Mrs. A. H. Beck on Highway 80.

Fine Arts Club meet at 3 p.m. at the home of Mrs. Fred Wemple, 504 N. Loraine.

Nurses' Aide classes meet from 9 to 11 a.m. on the second floor of the courthouse.

THURSDAY—
County Museum will be open in

COATS AND CAPES COME IN CONFECTION COLORS

By EPSIE KINARD
NEW YORK—Vanilla white and other ice cream colors in coats and suits may be a spring surprise, but brace yourself for it, because these "confection" shades are primed to step out for fancy wear.
Forerunner of this white-and-pastel season was the winter coat which in "white wine," off-whites, or pure white could be distinguished from the snowman's only by its styling. Following it up for spring are casual toppers, dressy

coats and flamboyant capes of white, such as the model at the right which in "white port" melton cloth exactly copies a coachman's in style, down to the details of flange-like pleats. In step with white caps and coat styles are white kid suede sandals, such as this model wears.

Pastels—yellows as pale as rich cream and pink as yummy as strawberry soda—carry on where white leaves off to make some of the most dramatic coat and suit ensembles of the season. Combined with dark background colors, the pastels are used most successfully for "flash" treatment—for jacket posed against dark skirts of suits; for facings or linings of coats—as illustrated by the ensemble pictured left. Designed by Vera Maxwell, this three-piece taupe wool ensemble is combined with a pink as lush as cup-cake icing to make the waist-hugging jacket and the full-length revers which flash from the inside of the taupe topper.

basement of courthouse, 2:30 to 5 p.m.

Nurses' Aide classes meet from 9 to 11 a.m. on second floor of the courthouse.

Junior Canteen hostesses are: Mrs. E. W. Anguish and Mrs. J. M. Flanagan, from 7 to 9 p.m.

FRIDAY—
The Belmont Bible Class will meet at 3 p.m. at the Scharbauer Educational Building of the First Methodist Church.

Ladies' Day at Country Club with golf, bridge and other games, from 10 a.m. to 6 p.m. All members invited.

Nurses' Aide classes meet from 9 to 11 a.m. on the second floor of the courthouse.

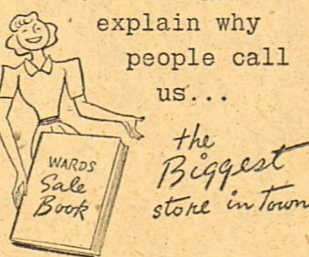

SATURDAY—
Children's movies will be shown at the children's library preceding the story hour, in the courthouse basement.

Treble Clef Club meets at Watson School of Music at 11 a.m.

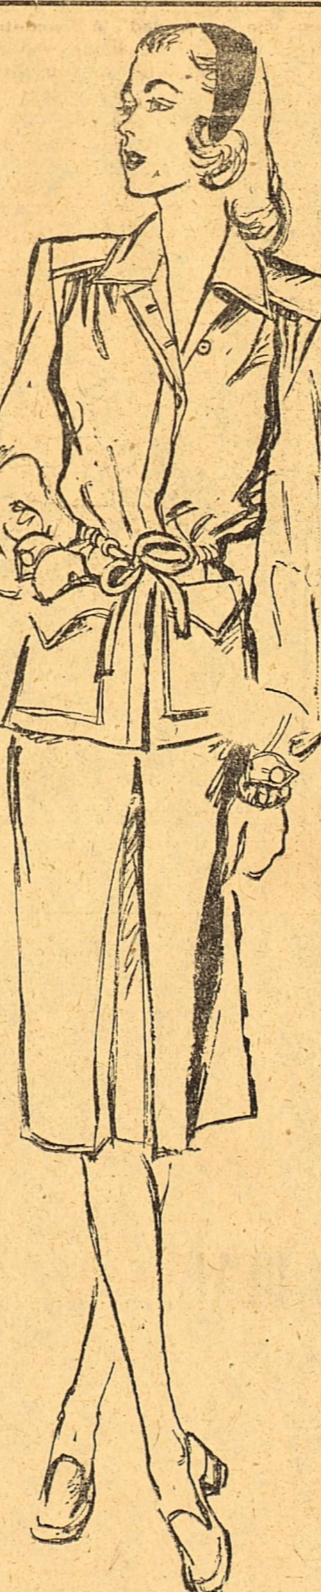

Remember when VITAMINS were EXPENSIVE?

You know, it's almost a tonic just to look at the reduced prices on quality Vitamin Products in Wards Mid-Winter Sale Book! For example, a 75-day supply of Wards "Vitamin Diet" for only \$1.89. Lots of other unusual values in that Sale Book, too! Please let us give you a copy and explain why people call us...

Officers' Wives Offered Jobs At Midland Air Field

Wives of officers attending AAFIS (B) may find interesting employment and help the war effort at the same time by filling clerk-typist vacancies at Midland Army Air Field while their husbands are attending school, Capt. Harry S. Baker, Civilian Personnel Officer, announced.

They will be civil service employees on war service temporary status and will be given certificates of availability when their husbands are transferred from this station.

No Examinations
Although they will receive many civil employes' benefits they will not be required to take competitive examinations to get their jobs or medical examinations before starting to work. Retirement reductions will not be made from their pay so long as they are on temporary status.

Transfers to permanent status may be effected at any time, Captain Baker explained. Their status then will be war service indefinite and they may work toward key jobs and higher ratings.

The primary need is for women with typing and clerical experience. It is not essential that the applicants be "speed demons" at the keyboard or accomplished stenographers. Good common sense and a conscientious desire to do a job would qualify even mediocre typists for many of the jobs that are open.

Ration Points Are Plowed Under

BLOOMINGTON, ILL.—(P)—Last year a farm owner helped his tenant with the plowing. At the end of the day his wallet containing all his ration books was missing. A search proved fruitless.

But one year and one month later, the tenant plowed up the missing pocketbook, points and all.

A SONG TO REMEMBER

Copyright, 1945, Willard Wiener. Distributed by NEA SERVICE, INC.

THE STORY: Frederic meets Liszt again in a cafe. Liszt introduces him to George Sand, promises to attend Frederic's forthcoming concert. An acquaintance tells Frederic that George Sand is the most notorious woman in Paris.

XVIII

THE LETTER
JOZEF ELSNER'S hands trembled. He could not steady them even to manipulate a simple knot in the scarf about his neck. It was the night of Frederic's concert at the Salle Pleyel. "I'm going crazy," he said, folding and unfolding the scarf.

"Here, let me do it."
 "Please, Frederic, hurry. We can't be late."
 "Stand still, Professor."
 "Tch, tch. Of course. Take your time. What are we hurrying about? Promise me one thing."
 "I'll promise you anything. What shall it be tonight?"
 "Frederic, be calm. How do you feel?"
 "Calm."
 "That's it; don't worry about anything. Everything will pass over. How did you say you felt—nervous?"
 "Not in the least."
 "Exactly. There is nothing to be nervous about. Why should you be nervous? Very silly. But why should I tell you that? How do you feel?"
 "Never better, Professor."
 "Humph. Well, that will all blow over."
 Frederic tied Jozef Elsner's scarf in a bow.

"Tch, tch, don't stand there! Get dressed! Have we got all night?"
 Frederic went to his own room to continue dressing.
 Jozef Elsner called: "Frederic!"
 "Yes! I'm dressing."
 "Don't forget, tonight Louis Pleyel will hear you—yes, and Franz Liszt—and everybody who is anybody in Paris. So if you are nervous—"

A knock on the door interrupted him.
 "Come in! Who is it? I'm busy—no time!"
 Madame Mercier, the landlady, opened the door and looked in.
 "I'm clothed, Madame. Come in. What is it? If it is not important—"

"How do I know how important it is? The postman has something for you."
 The postman, a bulky man with long mustaches, came in, and Madame Mercier went out.
 "Mail? At this time of the night? What time is it?"
 The postman was examining a piece of mail in his hand. "Four seals," he said.
 "Humph." Jozef Elsner snatched the letter. "From Warsaw! Four seals!"
 "Sign," said the postman.
 "From Warsaw! Frederic called back. "Open it!"
 Jozef Elsner puffed his cheeks. He took the pencil the postman was holding out to him.
 "Sign, please," the postman said.

Jozef Elsner signed.
 "Thank you, Monsieur. Thank you." The postman bowed out. Frederic came to the door. "Who's it from?"
 "That's what I'm trying to see. Ah, from your sister—Izabela."
 "To you?"
 Jozef Elsner worked his jaw.
 "Tch, tch, am I too old to get mail from a young lady? Eh?"
 "Good news?"
 "How can I find out anything, with all these interruptions?" Jozef Elsner held the letter under a lamp. He read hastily, mumbling the words half aloud. "All of us are in good health and... we send our most affectionate greetings... I can only tell you how much we appreciate Frederic's letters. He tells us all about

Dairy Producers Have Three Days To Apply For Payments

Dairy producers of the county were reminded Saturday by William H. Waddle, secretary of the AAA, they have only three more days in which to make applications for dairy subsidy payments for the November and December period. Applications made after Wednesday cannot be paid, Waddle said.

The payments will be on the basis of 10 cents a pound for butterfat and 70 cents per hundredweight for whole milk.
 Payments in 1945 will be made for three-month periods in stead of two-month periods, as in 1944, Waddle said. He will start receiving applications April 1 for payments for the first quarter of the year.

McKENNEY ON BRIDGE
 By WILLIAM E. MCKENNEY
 America's Card Authority
 It is hard to understand why players will double these doubtful slam bids. North and South were using the three bid as preemptive. Therefore, South's bid of three spades was made to try and shut everybody out of the bidding. West's double three spades was optional. His partner could use it as business or take-out as he preferred.

But when the bidding went five hearts, six hearts, North should not have made the mistake of doubling. It is true that the declarer should play North for the queen of hearts because South was attempting to shut out a heart bid when he bid three spades, but nevertheless, if North had not doubled, South might have tried to drop the queen of hearts.

In the play of the hand, he won the opening lead with the ace, cashed the ace of hearts and then finessed the ten of hearts. The king picked up the queen so that the only trick the declarer had to lose was the diamond finesse.

Murray-Young Motors Have New Location

The building formerly known as the Vance Garage building at 223 East Wall has been purchased by the Murray-Young Motors, Ford dealers, and will be occupied by the concern by Monday, Harry S. Murray, manager, announced Saturday.

The repair shop of the firm will be moved Monday due to having to move equipment to the new location.

"We believe the new location will be more convenient for our customers," Murray said. "With the increased floor space and an increased stock of genuine Ford parts we are going to be able to give Ford, Mercury and Lincoln owners greatly improved service."

Work of moving to the new location was started Saturday.

Appreciation was expressed Saturday by J. V. Niedermayer, Scout executive for the co-operation given him by the citizens of Midland during the time he has been here. He will leave March 1 to enter Southern Methodist University at Dallas.

"I wish to take this opportunity to express my sincere appreciation to the citizens of Midland for the wonderful co-operation they have given me," Niedermayer said.

"We have made wonderful gains in scouting and cubbing in the past year, and I know there will be further gains in 1945. Now as never before we need scouting, and citizens of Midland are doing more than their share in giving their sons the real Scout training they need," he concluded.

Junior Chamber Of Commerce To Undertake Job Survey Of Midland

A survey to determine the number of jobs which may reasonably be expected to be available in Midland County for returning veterans of World War II is to be undertaken by the Midland Junior Chamber of Commerce in cooperation with County Agent J. H. Greens, the Soil Conservation Service and the Chamber of Commerce.

The survey will be divided into two projects, urban and rural. The Jaycees will make the survey in Midland and Greene and Soil Conservation Service workers will make the survey in the rural sections of the county.

Contests Sponsored
 The West Texas Chamber of Commerce is sponsoring a contest between cities in the area which serves to determine which city can have the most complete and practical survey.

All information gathered will remain in Midland to be used for the benefit of returning veterans.
 Business concerns in Midland will be asked how many employees they have at present, whether or not the concern is undermanned, and if the answer is yes, by what per cent. They also will be asked the number of employees above the present number they will be likely to need under normal conditions.

Farm and ranch owners of the county will be asked to estimate the number of hands above the present number employed they probably can use after the war.
 The survey of the city must be completed and the results submitted to the West Texas Chamber of Commerce by March 15. The results of the rural survey must be in by April 15.

SIDE GLANCES

It's peculiar how few things I've had the matter with since the doctor told me flatly he didn't have time to see me more than twice a month for the duration!

Bombardier Must Be Able To Relax, MAAF Officer Says

"Relaxation through active participation in athletics is the key to good physical condition," says Lt. Gabriel E. Ferazzi, "and good physical conditions is essential to every combat flyer."
 A bombardier over his target must be alert; his timing must be perfect. It is through the Army Air Forces' physical training program that these qualities are built.

Lieutenant Ferazzi flew in the first bombing mission over Berlin, in which 68 American bombers were lost. He returned for four more visits. He also participated in five raids over Frankfurt. "In all the bombing missions I engaged in while overseas," Ferazzi declares, "I found good physical condition an invaluable aid to efficient bombing."

In his ten months overseas, Lieutenant Ferazzi participated in 31 combat missions and was awarded the Distinguished Flying Cross, the Air Medal with three Oak Leaf Clusters, and a Distinguished Unit Citation.

A native of Plymouth, Mass., Lieutenant Ferazzi attended San Diego State College in California, where he majored in history and physical education. He is now assigned as assistant troop training officer at MAAF.

ROGERS IN PHILIPPINES
 Mrs. W. E. Rogers of Midland has received a letter from her husband, Sgt. William F. Rogers, stating he had arrived safely somewhere in the Philippines.

THE BULLDOG

Written By The Journalism Class Of Midland High School

A Shoe, A Motto, And A Map

Quietly you walk into the office and step up unceremoniously to the counter. A brisk, efficient secretary asks you to step inside, then begins the long, agonizing walk to the inner door of the office.

Play Practice To Be Resumed Under Blake

In a meeting of the entire, all school play cast Wednesday, February 21 at 4 o'clock the cast voted to carry on with the play and present it March 23.

Homemaking Club To Have Year Book

The Homemaking Club held its regular meeting in the Clothing Department Wednesday afternoon.

Active Or Passive?

(AN EDITORIAL)

Are you active or passive? You know when someone sees a murder he, as well as the murderer, is guilty of the crime, if he withholds what he knows from the authorities.

Echoing Halls

Monday:

Many unaware students were confronted today by members of the "Bulldog" staff. When our faces red when we found some who did not read it at all.

Tuesday:

The statement that George Washington never told a lie has been questioned by Rev. Snell. He says "No one can go through life without telling a few of the comfortable little white lies."

Wednesday:

Oh! Examination! It snowed today! All of five minutes. Students were madly hanging out the window watching flakes. All both of them.

Thursday:

Wearry seniors dragged into school with coats over their pajamas in order to make class meeting.

Friday:

Seniors were comparing measurements after they were taken for caps and gowns.

Saturday:

Seniors were comparing measurements after they were taken for caps and gowns.

Hopper And Dobie Are Chosen As Commencement Speakers

Three Loves Has She — Leona Meissner

Leona Meissner, D. O. student of the week and senior in high school, works in the Midland County Library. Leona's work carries a good deal of responsibility as she shelves, slips books, collects and receives mail, telephone calls and receives accession and processes books.

she works in the magazine and circulation departments.

Time Flies
Leona works approximately five hours a day at the library. This time seems to fly for her as she enjoys her work and finds it so interesting.

Leona is taking English, speech, and diversified occupations this year but she finds diversified occupation her favorite subject.

Her past time is riding horses—now this is an unusual hobby for a girl who works in a library out next to riding. Leona likes to read a good book. She has three loves—ice cream, banana pudding and chocolate pie.

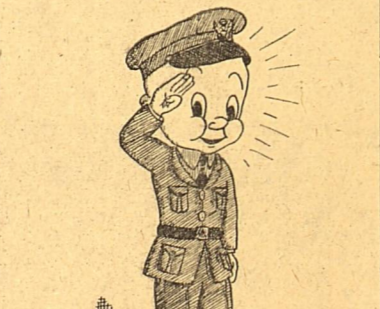

Football Film Shown Friday In Assembly

A special assembly was called Friday to show a movie of the state championship game between Highland Park and Port Arthur High Schools.

Fred Wemple Is Host To Midland Teachers

Fred Wemple, member of the State Board of Education, entertained the Midland School faculties at a dinner in the Crystal Ballroom of the Scharbauer Hotel, Thursday night at 7:30.

News Of Exes In Service

Capt. M. W. Whitmore, Jr., graduate of '28, who is an escort officer in the Army has returned from his ninth trip across M. W. has been to both France and Italy twice and England five times.

S 2/c Donald Gordon Merritt, ex student of Midland High School, now is stationed somewhere in the South Pacific.

Pvt. Eugene Jones, graduate of '43, is stationed at Fort Still, Okla.

Pvt. Douglas McClish, graduate of '43, is home on leave visiting his mother. "Doug" is stationed at Fort George G. Mead, Maryland.

Cpl. Robert Wheeler, ex student of Midland High School, is expected home this week. "Mooney" has been in the South Pacific for nearly a year and a half.

Pvt. Roy D. Long, graduate of '42, is expected home around March 1. Roy is stationed at Camp Roberts, Calif., training for the infantry.

A/c Charles Kelley, graduate of '43, will receive his bombardier wings March 3 at Big Spring Army Air Field.

Pfc. George R. Hyatt, graduate of '41, has been transferred from Germany to Belgium.

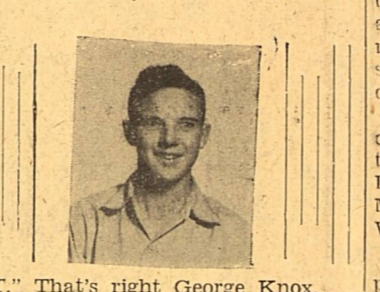

Juniors Plan All School Dance, To Be Held March 16

The main topic of discussion at the Junior class meeting Tuesday morning at 8:30 in the auditorium was concerning raising money for the Junior-Senior banquet.

Charles Vertrees, class president, appointed two committees. The committee in charge of the dance, consists of Marilyn Miller, Pat Ruckman, Joan Kerr, and Miss Margaret Stuart.

Who's Who — George

Has anyone seen a 5' 10" brown haired, brown eyed 16 year old boy running around Midland High lately. He goes by the nick name of "T."

"T." That's right George Knox. Last week he was elected president of the Midland chapter of the F. F. A. and has a good record behind him.

"T." is a Junior this year and takes agriculture, chemistry, geometry, and English literature of which agriculture is his favorite.

"T." has no hobby except collecting Varga Calendars. His favorite pastime is talking to pretty girls and he seems to be making a practice of conversing with a certain Senior girl.

Since food rationing has come into effect "T." has stocked up on calves because it seems that steaks is his favorite food. Lucky boy!

"T."s favorite vocalist is George Woody and loves to hear him sing "The Cowboy's Last Letter." His favorite color is maroon and he likes to see all the latest shoot-em-up movies.

"T." plans to be a bachelor all his life.

Girls Volleyball Team Defeats WACs

The girls volleyball team won 6 games in playing with the Wac volleyball team from MAAF Wednesday night in the high school gymnasium.

Three A games were played and three B games. Coach Gene McCollum called the games.

Some night of next week the Midland High School's girls volleyball teams will challenge the Wac's team for another practice game.

Fourteen high school teams have entered the volleyball tournament in Odessa March 3.

Bulldog Polled By Journalism Class; 'Calendar' Leads

"Calendar," "Who's Who," and "Echoing Halls" were found to be the most widely read articles in the Bulldog as determined by a poll taken in high school by the journalism class last week.

Persons to be interviewed were selected by taking every tenth name on the school register, "announced Miss Ruth Carden, class sponsor.

80 percent of the people polled read the Calendar, 76 percent read Echoing Hall, 71 percent read the Personals, 65 percent read the story about Rose Resnick, 63 percent read Exes in the Services, 59 percent read the Class Day story, 59 percent read sports, 57 percent read the Birthdays, 54 percent read the War Stamps report, 52 percent read the Editorial, 50 percent read the School Board story, 43 percent read the D.O. story, 42 percent read the Volley Ball story, 38 percent read about the Homemaking Club, and 29 percent read the Clothing story. 16 percent did not read the Bulldog at all.

Midland Bulldogs To Start Spring Training Monday

The Bulldogs have taken off a week for rest but Monday starts another month of football. Spring training gets under way so the team will be in shape next fall.

Next year the Bulldogs will have five lettermen. Jimmie Edwards is the only boy on the team who has lettered two years. Wilbur Yeager, Bobby Drake, and Barney Hightower will be the returning lettermen in the back field. In the line there will be "Mich" Michey and Jimmie Edwards. This means that many positions will have to be filled.

Minute Man Flag Might Wave Again

As the end of February nears, Midland High School's Bond and Stamp average is very close to the 90 percent needed in order to fly our Minute Man Flag.

The total report as of Friday, February 23 is \$900.85 and 86.86 percent. The final report for February will be taken Wednesday, February 28, when Midland High School should have the necessary 90 percent.

Ten advisory rooms had the following percentages: Blake, 76 per cent, Butler, 51 per cent, Farnham, 61.29 per cent, Hines, 58.33 per cent, Latimer 60 per cent, Magee, 97 per cent, and Stewart, 73 per cent.

New Valley View Bus Is Purchased

A new bus for the Valley View District is arriving from Dallas this weekend, announced Frank Monroe, superintendent. It is thought that the cost of this bus will be slightly over \$3,000.

A 16mm movie projector has been ordered and it is due to arrive some time this summer. Monroe also announced plans for a film library. "What Midland High School needs," he continued, "is a visual education program."
