

Tokyo Receives Terms Of Surrender

Red Army Rounds Up 250,000 Jap Troops

MOSCOW—(P)—The Russian army started establishing military administrations in Manchuria Wednesday while caging thousands of Japanese from the once-fine Kwantung army.

Four Japanese generals surrendered Tuesday. Dispatches said 250,000 troops were captured on the southern half of Sakhalin Island and in Manchuria. The official announced captive toll in Manchuria itself neared 200,000.

Texas Oil Quota Is Cut 222,000 Barrels By PAW

AUSTIN—(P)—The first postwar cutback in Texas crude oil production is scheduled for September, based on plans of the Railroad Commission and a revised certification of the Petroleum Administration for War for 1,978,000 barrels daily of Texas crude next month.

The PAW Tuesday cut its original September certification (made before the war ended) from 2,200,000 barrels daily, a reduction of 222,000 barrels in certification and a drop of 217,000 barrels from current estimated Texas daily production.

The Commission will write a statewide proration order following a recessed hearing here Aug. 30. Chairman Olin Cuberson said the initial cut would be 54,585 barrels now being produced in various fields in excess of maximum rates of efficiency.

The remainder of the cut will be applied on a statewide basis, probably through the method of reducing the number of general producing days from 26 to 23 or 24.

He saw no shift from the present 25 day pattern for the big East Texas field since it was his impression PAW would not want immediately to reduce the flow of oil which feeds the war emergency pipeline to the East.

He awaits telegraphic copy of Cuberson's revised certification by telephone from Washington. He said he was not informed what reduction would be certified for production of condensates and distillates which now average around 165,000 barrels a day. He was awaiting a telegraphic copy of the certification.

Announcing the reduction in crude oil certification, he said the time has come for immediate return on oil industry control to state authorities.

He said further that PAW should reduce immediately its order for 40-acre spacing of wells which "has worked with peculiar emphasis against the little fellow."

"The Commission has urged that this order be rescinded and hope that it will be," he continued.

Cuberson added: "The challenge is now for the oil industry to cooperate with the Railroad Commission in working into the postwar adjustment. We look for that cooperation from the industry."

Abilenian Is Killed As Car Overturns

ABILENE—(P)—Leroy York, 29, was killed about four miles east of Abilene Tuesday night when the car he was driving overturned on a dirt road. His body was pinned under the car for half an hour before it was removed. York was the son of Lee York, former mayor of Abilene.

Weather

Partly cloudy Wednesday afternoon with widely scattered showers. Cloudy Thursday morning. Continued cool.

Discovery Completes

Gulf Oil Corporation No. 2-T U. Henderson, discovery for a new middle Permian producing area in the Sand Hills area of Crane County, completed for a 24-hour flowing potential of 654 barrels of 34.3 gravity oil, with gas-oil ratio of 413-1.

The pay section at 4,370-4,445 feet was treated with 1,000 gallons of acid. The discovery is 3,300 feet from north and 660 feet from southwest lines of section 24, block B-27, psi survey.

Tucker Flows Oil

Magnolia Petroleum Company No. 1-B Tucker, Southwest Crane County discovery for oil from the Wedell-Simpson zone, and in north end of section 25, block 1, H&C survey, in Southwest Crane, flowed 1 1/2 barrels of oil through a 1/2-inch tubing choke in 2 1/2 hours.

The well had previously flowed and swabbed 25 barrels of fluid, mostly oil, in four hours. It was then shut in for seven hours and when opened had casing pressure of 500 pounds and tubing pressure of 150 pounds. It was opened for the 2 1/2 hour flowing test, and then shut in again.

Cowden Takes Gauge

Magnolia and Humble No. 1 Cowden, extreme Southwest Andrews County Devonian discovery for Devonian production in section 7, block A-55, psi survey, was bottomed (Continued on Page Four)

Nazi Puppet

Vidkun Quisling

Quisling Denies Discussing War With Germans

OSLO—(P)—Hollow-cheeked Vidkun Quisling, fighting charges of high treason, denied Wednesday he traveled to Copenhagen early in 1940 to meet German officials and discuss with them the Scandinavian military situation.

The former puppet premier of Norway told the court before which he is on trial for his life that he met Danish Nazi leader Fritz Clausen but at no time did he contact "a certain German colonel" to discuss the situation in Norway.

In court as the trial entered its third day were Gen. Otto Ruge, commander-in-chief of the Norwegian army, and two German military officers who were scheduled to take the stand as prosecution witnesses.

The state also accused Quisling of the murder of Viggo Hansteen. (Continued on Page Four)

Geneva Wins Favor As Likely Home Of United Nations

LONDON—(P)—Geneva, home of the League of Nations, appears to be winning favor among diplomats in London as a possible site for permanent headquarters of the United Nations Security Organization.

One Allied official, who declined to be quoted by name, said Wednesday that the site now depends primarily on Russia. If the Russians agree, the United Nations may move into the white marble palace constructed for the league at Geneva.

Before and during the San Francisco Conference United States diplomats strongly objected to any suggestion that Geneva be chosen as headquarters of the new organization. They argued that psychological implications of the league's failure would hurt the new agency's prestige in the United States.

China Favors San Francisco

Since the overwhelming Senate vote on ratification of the United Nations Charter, however, it is understood that Washington's opposition is waning.

Chinese diplomats in London said they favored San Francisco. They probably could win support from Australia, New Zealand and many Latin American countries.

However, there is every indication that the site will be picked by Big Five negotiations, possibly during a council of foreign ministers scheduled to meet soon in London.

OPA Guards Prices On New Market Goods

WASHINGTON—(P)—The government still thinks most consumer goods will come back on the market at or near 1942 prices. But there's plenty of industry opposition.

OPA began saying last fall that its goal of prices of three years ago would be achieved. It's still saying it.

However, many manufacturers have argued that wages are up and materials cost more than before the war. And that prices must go up to compensate for this.

OPA has agreed that in cases where these costs have risen significantly, producers' prices should be boosted. But it has indicated that these increases may have to be absorbed by wholesalers and retailers.

This would prevent any hike in prices the public paid before automobiles, refrigerators and many other products went off the market three years ago.

Truman Backs OPA

OPA has the backing of President Truman in this. In his executive order over the week-end Truman said, in effect:

Grant manufacturers price increases where they clearly are entitled to them, but take all reasonable steps to see that this does not cause increases at retail.

That's just what OPA plans to do. It expects to come up within a few days with price ceilings for some of the products due back.

Officials of the agency said the sudden end of the war has made it easier to achieve the goal of 1942 prices.

They reason this way: manufacturers preparing for only limited output before Japan folded—now will be able to hit volume production within a few months.

This means it won't cost as much to turn out individual products—unit costs will be down on toasters, washing machines and all other consumer goods.

Getting on New Cars

Meanwhile, there seemed to be no chance at all that OPA would meet a request for no price ceilings on new cars. It was made by Senator Wherry (R-Neb.), who contended competition among the auto makers would serve to keep prices in hand.

OPA believes, on the other hand, that with pent-up demand for cars what it is, prices might go sky high for a time if they were not controlled.

Out of that point grows OPA's over-all policy for removing price controls. They will be eliminated, commodity by commodity, as supply matches demand.

The agency expects balance to be reached first in the case of raw materials—grains, metals and so forth. Principal exceptions are tin, lumber, textiles and crude rubber.

This means that in general removal of ceilings at retail will lag behind elimination at manufacturing levels.

And even at retail some products within general categories will be freed of controls much sooner than others.

Postwar Man of the Hour

John W. Snyder

Tires By Thanksgiving And Nylons By Christmas Sure

WASHINGTON—(P)—New tires, nylon stockings, new radios. The government dropped good news about all three into American laps Wednesday.

Government officials were careful not to speak of an end to rationing. But they said motorists might get a break on new tires within 90 days.

They predicted production might jump 100 per cent in the next three months. That would mean a lot more tires for civilians.

OPA officials said they thought they could hold most of the new peacetime goods—when it reaches the stores again—at or near 1942 prices.

But they have a fight on their hands. Manufacturers contend that 1945 production costs demand higher than 1942 prices.

Nylon stockings may be back in circulation by Thanksgiving, or at least by Christmas. The government has turned loose its controls on nylon and rayon.

It still has a few details to work out about giving permission for making nylon hose. This should come quickly.

WBP said 3 1/2 million radios may be on the store shelves by Christmas. This was a surprise.

The reason: an 80 per cent cut in military orders for radar and radio.

Rent ceilings are expected to disappear soon in certain places. For example, in areas where Army camps close or war plants shut down and people move away.

It won't happen in congested areas for some months, but only where the strain of swollen wartime populations eases off, leaving house-seekers free to bargain with landlords instead of being forced to take anything.

Meat Points Reduced

OPA indicated meat points would be reduced, beginning next month. Agriculture Secretary Anderson already has said meat rationing would end soon.

WBP said it would scrap its complicated network of controls over allocating materials and setting up priorities by the end of September.

So—by Oct. 1 "CMP"—the controlled materials plan—goes overboard. This was the government's control over steel, copper and aluminum.

Document Will Be Signed August 31 On American Warship In Nippon Bay

By LEONARD MILLIMAN Associated Press War Editor

Tokyo has a copy of the surrender document which Emperor Hirohito's warlords will be required to sign on an American warship in Tokyo Bay August 31, advices from Manila and Japan reported Wednesday.

Tokyo's announcement that the "truce agreement" would be signed aboard one of Admiral Nimitz' warships next week came as peace apparently finally returned to the Pacific for the first time since Dec. 7, 1941.

General MacArthur's headquarters said the mikado's emissaries have been supplied with a copy of the surrender document and informed that it would be signed on the spot jointly by representatives of the Big Four (with Nimitz representing the United States), Australia, Canada, France and the Netherlands.

The closest approach to war news from the Pacific Wednesday was a Soviet Russian report that four Japanese generals have surrendered to the Red Army and 450,000 soldiers of Nippon's crack Kwantung Army were taken prisoner in Manchuria and Sakhalin Island.

There were no reports of actual fighting. From Tokyo, which furnished all announced details of the forthcoming Allied occupation, came a demand for an extraordinary session of the Diet (Parliament) and revival of political parties representing various shades of opinion which were absorbed by a single totalitarian party during the wartime years.

MacArthur Orders Japs Grounded

General MacArthur, who made no comment on Tokyo-reported details of the occupation and formal surrender, ordered all Japanese planes grounded in preparation for Allied warplanes taking over peacetime patrol of Nippon Saturday.

Albino troops will follow Sunday, landing at Atsugi airbase, 20 miles southwest of Tokyo, while (Continued on Page Five)

Returned Veterans Take Leading Posts In American Legion

Combat veterans of World War II began playing an active role in the affairs of the Woods W. Lynch Post of the American Legion Tuesday night with the installation of new officers at a barbecue at Cloverdale Park.

Charles J. Aiken, 23-year-old wounded veteran of the fighting in Africa, Sicily and Italy, was installed as post commander, and Leonard Miller, another War II veteran, was installed as second vice-commander.

A. C. Hefner, retiring post commander, became first vice-commander.

Other officers for the coming year are R. W. Hamilton, service officer; Ralph J. Auld, chaplain; N. B. Winter, historian; and H. S. Glenn, sergeant at arms.

Sam Long of Dallas installed the new officers. J. V. Grammer was in charge of arrangements for the barbecue.

Discharge Points For AAF Officers Disclosed

WASHINGTON—(P)—The Army Air Forces disclosed Wednesday that AAF officers with 36 to 70 discharge points, depending upon rank, were being released upon request.

All AAF officers 42 years of age or older, regardless of the number of points they have, also are being discharged upon request.

At present, enlisted personnel must have 85 discharge points before they are eligible for release. However, this may be cut.

The points required for discharge of AAF officers are 70 for captains and higher rank; 58 for first lieutenants; 42 for second lieutenants; 36 for flight officers and 65 for warrant officers.

480,000 Casualties Resulted From Atomic Bombs, Japs Report

By The Associated Press

The Tokyo Radio said Wednesday the latest checkup on damage done by atomic bombs dropped on Hiroshima and Nagasaki showed that 480,000 persons were killed, injured or made homeless in the two Japanese cities.

The broadcast, recorded in New York by The Associated Press, said the bomb which fell on Hiroshima on August 6 killed or injured 160,000 persons and left 200,000 homeless. The bomb which hit Nagasaki on August 9 left 120,000 casualties, the radio report said.

The broadcast said "furthermore many persons are dying daily from burns sustained during the course of the raids. Since the raid on Hiroshima took place during working hours in the morning and the atomic bomb hit the central part of the city, casualties were tremendous, with more than 60,000 killed, according to latest figures available."

Explosion Continues

The explosion of the atomic bomb apparently continues to build up increased pressure after the first impact of the explosion, Sutezo Torii, Japanese defense headquarters technician, said Wednesday in a report on a detailed study of the first atomic explosion at Hiroshima.

Torii noted that persons who witnessed the "monstrous spectacle" said they actually saw ripples circulate from the explosion and that the explosive pressure was felt for a considerable period.

GIs With 75 Points Not Sent Overseas

WASHINGTON—(P)—The Army is banning overseas shipment of enlisted men with 75 or more discharge points.

At the same time, it was learned that the War Department soon will direct all branches of the Army to cut below 37 the age limit for overseas duty.

At present, the grounds forces are screening out of divisions slated for Japanese occupation duties all men 37 or older.

The service and air forces now are weeding out of redeployed units all men 38 or older.

Enlisted men now can get out of the Army upon request if they are 38 or have a point discharge score of 85, based on a rating system that ed it was all that was necessary from Russia.

Drove Hard Bargain

One member of the delegation reported that Stalin let it slip more than once that he thought the gray-haired Missourian drove a shrewd bargain but that he liked his directness.

One thing Truman wanted was that Stalin enter the war against Japan. That step had been discussed a previous "Big Three" meetings, but Yalta had left the final details in the air.

At Potsdam Stalin agreed at once upon a date and deliberations proceeded from that point.

Witnesses told of the 61-year-old Truman sitting as presiding officer at the sessions, eyes twinkling behind thick-lensed spectacles. There (Continued on Page Four)

Bronze Star Medal Is Presented To Parents Of Midland Marine

The Bronze Star Medal was awarded posthumously Wednesday afternoon to the parents of the late Pfc. Thomas W. Green of Midland who was killed in action May 1, 1945 on Okinawa.

The medal was presented to his invalid mother, Mrs. David L. Green, at her home by Mayors A. N. Hendrickson after the citation, signed by Lt. Gen. H. M. Smith of the Marines, was read by Capt. J. F. Zheen of El Paso.

The citation read: "In the name of the President of the United States, the commanding general, Fleet Marine Force, Pacific, takes pleasure in awarding the Bronze Star Medal to Pfc. Thomas W. Green, United States Marine Corps Reserve, for service as set forth in the following:

"For heroic achievement in action against the enemy on Peleliu, Palau Islands, from 15 September to 13 October, 1944, Private First Class Green, attached to and serving with the engineer company of a reinforced Marine infantry regiment, and working as a member of a demolitions and mine removal team, through his courage and zeal was instrumental in the accomplishment of his unit's objectives.

"With complete disregard for his personal safety, Private First Class Green, on numerous occasions, despite enemy fire, preceded tanks to remove mines impeding his unit's advance. With skill and initiative he later helped breach and widen a high wall of solid coral, by placing and firing successive charges of explosives while under enemy fire, thus enabling our tanks to pass through and fire upon enemy held areas. His actions were in keeping with the highest traditions of the United States Naval Service."

Mother Is In Veil

Mrs. Green was ill in bed when the citation and medal were presented. With her were Mr. Green and three of their six remaining children, Margaret, Mitchell and Jesse, and two neighbors.

The late Marine's pet dog, "Spot," sat in the doorway as the citation was read.

Another son of Mr. and Mrs. Green, Cpl. Lomer D. Green, is in the Pacific war theater and he had met his brother on Okinawa before the latter's death.

The Marine attended Midland schools and had lived here most of his life. Mr. and Mrs. Green have been residents of Midland 20 years.

With Captain Green were two Marines, Sgt. Ralph Kaffka and Sgt. Richard Galean, both of the El Paso Marine Recruiting Detachment.

LATE NEWS FLASHES

MANILA—(AP)—General MacArthur early Thursday disclosed the terms of Nippon's surrender to the Allies, and notified Japan that the document will be signed in the Tokyo area August 31.

CHUNGKING—(AP)—Japan's formal surrender to China will be signed in Nanking, former seat of Generalissimo Chiang Kai-Shek's government, Cabinet Spokesman P. H. Chang announced.

LONDON—(AP)—The UNRRA council voted 29-1 Wednesday to classify Italy as a liberated area for full benefits of the relief and rehabilitation program. Yugoslavia objected.

MANILA—(AP)—General MacArthur early Thursday relaxed his order grounding all Japanese planes in order to permit Nipponese use of a minimum number of unarmed aircraft for liaison purposes in applying the surrender terms.

## A Russian Sees America

Recently a young Russian officer who understood and spoke English was sent here on some special mission. It was his first visit to America and his astonished reports of what goes on in the U. S. capital is still leaving his friends at home unbelieving.

He was most shocked at the way high-ranking Navy and Army officers were treated so indifferently by the man in the street as they went about their daily business.

His most oft-repeated story is about the vice-admiral who was riding to town on the bus. He was amazed to see such a dignitary use the common carrier in the first place. The bus was crowded and the vice-admiral was herded in the rear like the rest. He grabbed the handle on a seat which was occupied by two apprentice seamen. They paid scant attention to him and remained seated. The Russian was more surprised that the admiral didn't appear to mind standing.

The pay-off came when the admiral wanted to get off. The bus had stopped at a corner which apparently was his destination and he started pulling the buzzer cord vigorously. The bus driver paid no attention. The cord got several more snappy tugs.

That did it to the driver. He hunched himself up from his seat, looked around elaborately and said in a loud, good-natured voice:

"You're not on a ship, sailor! Pullin' that cord won't get you off. I'll leave you off at the regular bus stop which is in the middle of the next block, and not before."

Everybody on the bus laughed, including the admiral.

The one incident the bewildered Russian could never figure out happened while he was standing next to the desk of one of this city's swankiest hotels. It was Saturday afternoon. A portly colonel hustled up to the young woman clerk and politely informed her he would like to have a reservation she said she was sorry but nothing was available. He blustered, but she interrupted with a curt repeat of what she had said and turned away.

The colonel had been gone hardly a second when a young Marine officer candidate from Quantico breezed up. "Listen, baby, this is important; I've gotta have a room. How about it?"

The girl smiled and said she'd check to see if there were any cancellations and returned with a double on the 10th floor.

Next to where the Red officer was staying lived an important official in the national OPA. His comrade, who had lived there longer than he had, explained to him that their neighbor was a big shot in the government charged with limiting the amount of food U. S. citizens could eat.

The Russian took a silent interest in the man, curious as to what made an American big shot tick. One day he was in a grocery store around the corner from where he lived, buying a half-dozen bottles of soda pop, of which he had become very fond. He watched open-mouthed as he saw his OPA neighbor come in, buy some meat and then proceed to haggle at some length with the butcher over how many red points he should give up.

When the OPA official left, the Russian asked the butcher if he knew to whom he been talking.

"I don't care," he replied, "but I sure wish these guys would learn what rationing was all about."

Buy War Bonds and Savings Stamps

## What's To Lose?

Secret sessions of heads of government are not a Soviet Russian invention. They are a historic tradition. And though preponderant American sentiment favors the open and public thrashing out of differences, as exemplified at San Francisco, secrecy is the classic atmosphere in which international troubles have been settled and deals made.

There is something to be said for closed-door meetings. They probably permit more freedom and candor of discussion, and less embarrassment surrounding compromise and tentative commitments.

But there is certainly one thing to be said against them. They haven't prevented the recurrence of wars. It is hard to believe that the world could have fared any worse throughout history if diplomacy had been conducted through "open covenants openly arrived at." And it seems to us that if this government would use its strength and good offices to persuade the heads of other people's governments to let the people know how their fates were being decided, things might conceivably be better.

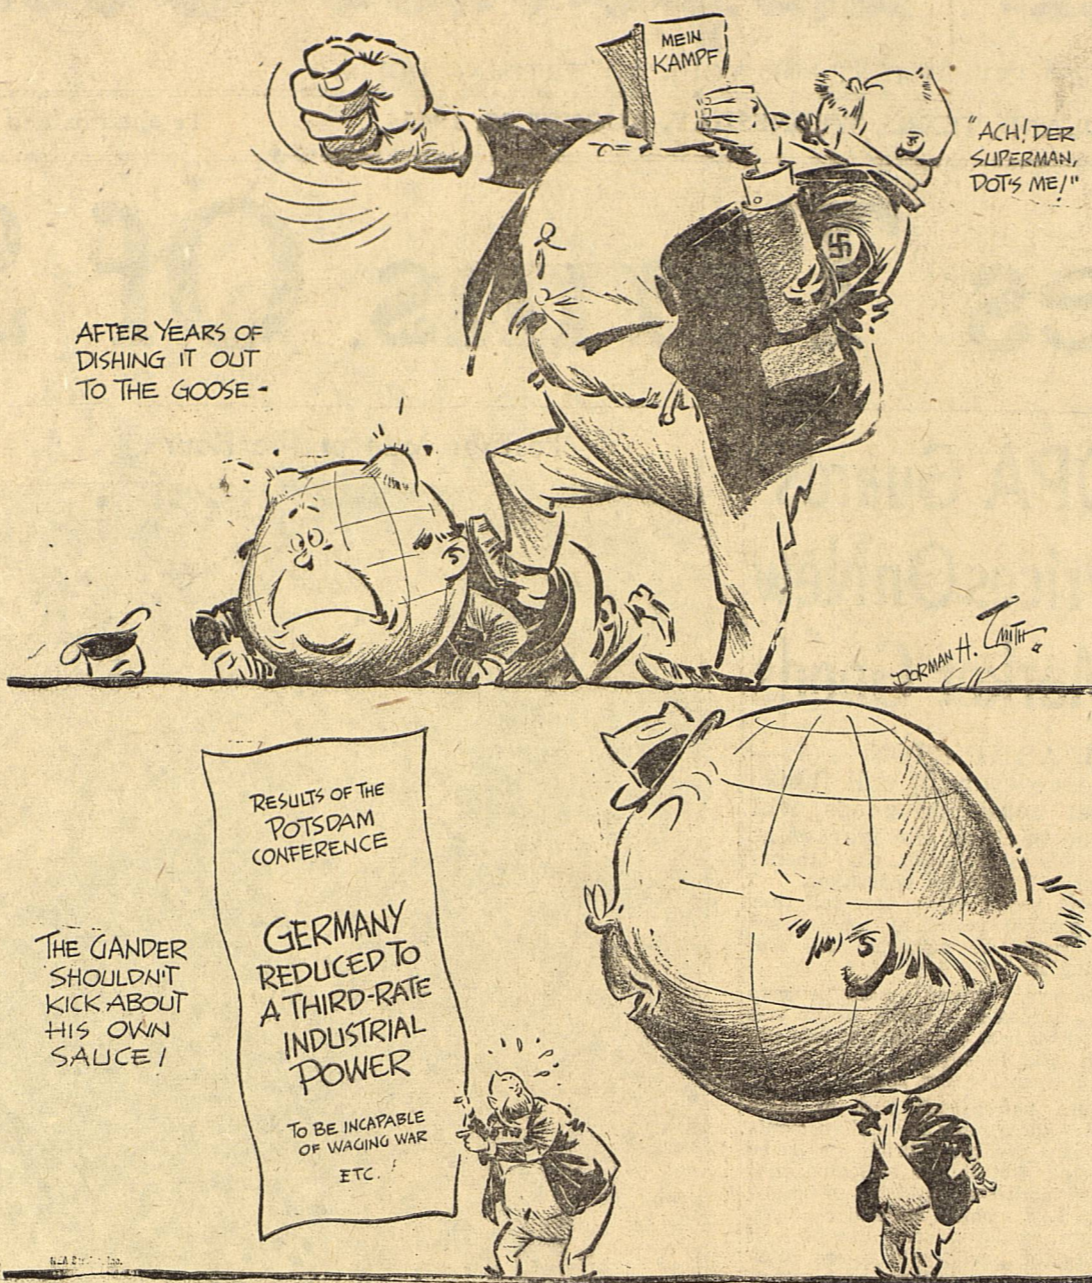

The world has little to lose through fewer Yaltas and Potsdams, and more San Franciscos.

## Suicide Swim Corps Cleared Path For Island Invasions

DES MOINES, IOWA (AP)—One of those now-it-can-be-told stories of the war in the Pacific was related here by Raymond W. Spiker, former Navy man—a story of highly trained swimmers wearing foot fins and diver's helmets and armed with knives and high explosives.

The under-water demolition teams were sent into the beaches of enemy-held islands to demolish man-made and natural obstacles and clear the way for American landing vessels. As long as the war continued, Spiker asserted in an interview, the existence of this American suicide corps was a closely guarded military secret.

Spiker, 28-year-old former Des Moines life guard and welder, served in the Navy as a metalmith first class before his discharge and return home to his wife and three children. He was a member of the demolition teams, and he said, they braved gunfire, sharks and coral reefs to reach their objectives and save many thousands of American lives.

To them, he said, it was a routine assignment to swim through a mile of rough sea with forty-five to sixty pounds of explosives—often under enemy fire. A minimum training requirement, Spiker related, was to be able to dive seventeen feet deep into the sea and swim a mile in a half hour with full equipment.

## Released Tokyo Raiders May Include 2 Texans

By The Associated Press

Four lost airmen, who bombed Tokyo on Doolittle's raid of April 1942, and have been released from a Peiping prison, may include two Texans, Lt. Dean E. Hallmark of Dallas and Lt. Robert L. Hite of Earth, Lamb County.

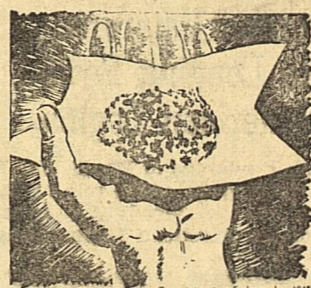

Hallmark's mother is Mrs. O. Hallmark of Dallas. His parents have not heard from their son since he left the West Coast a month or so before the raid. Hite's mother, Mrs. Lena Hite of Earth, said Tuesday she had had no word from her son since April 1942, when she received an unconfirmed report that his voice had been heard on a short wave broadcast from Tokyo six months before.

Lieutenant Hallmark was born in Bronte, Texas, 31 years ago, went to Greenville High School and attended Paris Junior College, Poly-Technic University in Auburn, Ala., and the University of Texas.

Lieutenant Hite was born in Vernon and attended high school at Spring Lake, near Earth. He was graduated from West Texas State College at Canyon and enlisted in the Army Air Forces in September, 1940.

## THE WAR TODAY

By DEWITT MACKENZIE  
Associated Press War Analyst

British Foreign Secretary Bevin's pronouncement of policy rounds out the preview of what we may expect from England's new Socialist government, and in these early stages we find it moving along a line not very far "left" of center, thus confounding those prophets who expected a radical upheaval.

A striking feature of Bevin's speech in Commons was that it echoed the policies of the late Conservative government under Winston Churchill. Indeed, the Conservative members of Parliament not only gave a warm demonstration of approval but aristocratic former Foreign Secretary Anthony Eden congratulated Bevin and placed the Conservative seal of approval on the Socialist declaration. And so we have further backing for the tradition that Britain's foreign policy remains fundamentally the same, no matter what party is in power.

Against Totalitarianism

Even more illuminating was Socialist Bevin's stand against "totalitarianism." Referring to the countries of Europe which "have been imbued with the diabolical ideas of Nazism," he declared that as new governments are elected there is one thing "we must aim to resolutely even at the beginning, and that is to prevent the substitution of one form of totalitarianism for another."

Specifically, he said of Bulgaria, Romania and Hungary (which are in the Russian sphere of influence) that "the governments which have been set up do not in our view represent the majority of the people, and the impression we get from recent developments is that one kind of totalitarianism is being replaced by another."

## New Government Is Moderate

So England's sensational new government is setting out as a moderate institution which is well inside both the extremists of the "right" and those of the "left."

This tendency of the Socialist government isn't surprising to those who know Britain well. There are comparatively few extreme "left-

tists." England always has been conservative, but during the last quarter century there has been a steady swing towards moderate Socialism that finally has resulted in the present government which comprises representatives of all classes of society.

Accordingly we see the regime under Prime Minister Attlee embarking on a limited program of Nationalization, with strong indications that private initiative will be encouraged. In short, there is to be no wholesale change in Britain's economic structure now.

In 1696 New York City made its first appropriation (20 pounds) for street cleaning.

## For Millions of Americans

1945 is the Year of Decision

In years to come, many millions of Americans will look back and remember 1945... not only because that was the year in which Germany surrendered, but also because that was the year in which millions grasped, or failed to grasp, their great opportunity.

## Musical Program Is Presented At MAAF Officers' Club

A musical program was presented under the direction of Spotters Group One Tuesday afternoon at the Midland Army Air Field Officers' Club. Mrs. William Ash is head of Spotters Group One.

Miss Joan Proctor opened the program by giving two vocal selections, "One Alone" and "The Desert Song." She was accompanied at the piano by Miss Doris Mickey.

The remainder of the program included the following selections: "To Spring" and "Manhattan Serenade," Mrs. Paul Miller, pianist; Tommy Dorsey's boogie woogie, Miss Mary Fern Bray; "Nonevier" and "Mountain Stream," by Miss Doris Connley, vocalist, who was accompanied by Mrs. Miller; and "Humoresque" and "Rustle of Spring," Miss Jane Butler, pianist.

Following the musical entertainment, refreshments were served.

## OVERSEAS OFFICERS' WIVES MEET WITH MRS. C. L. MONICAL

Mrs. C. E. Monical was hostess to members of the Overseas Officers' Wives Club Tuesday evening at her home, 400 West Holmsley. Those present were Mmes. Waldo Grossman, Frank Thomas, John Matthews, J. A. Jorgenson, George B. Ross, R. S. Elliott, Richard McCosh, F. B. Whitaker Jr., R. C. Bearden Jr., P. D. Phillips Jr., and a guest, Mrs. J. Norman Goodman.

Announcement was made that the next meeting will be Sept. 4, at the Leg Cabin. All members planning to attend are asked to notify Mrs. Phillips, president.

## Returns To Chicago

Mrs. John Larney left Tuesday night for Chicago after spending a two-week vacation in the home of Capt. and Mrs. Thomas J. McGuire.

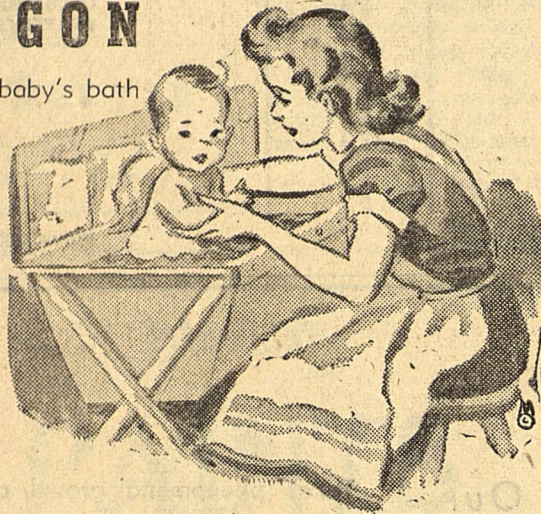

## CONDITION IMPROVES

The condition of E. P. Cowden who was seriously injured several weeks ago is improved.

Goat skins are used to make kid gloves.

## CALGON

## SIDE GLANCES

"Yes, that's the call Sonny put in from Hawaii—\$80 does seem a lot, but it took us quite a while to round up all the neighbors who wanted to say hello to him!"

## Social Situations

**THE SITUATION:** You are visiting relatives who originally invited you for a definite length of time.

**WRONG WAY:** Feel that you must stay so long as your host and hostess say they hate to have you leave.

**RIGHT WAY:** Don't "wear out your welcome." It is a good idea to leave while you are still being urged to stay.

## PIN-WORMS

### Now can be Beaten!

The miseries of Pin-Worms have been known for centuries, and millions of victims have sought a way to deal with this pest that lives inside the human body.

Today, thanks to a special, medically recognized drug (gentian violet), a highly effective treatment has been made possible. This drug is the vital ingredient in **P.W.**, the Pin-Worm tablets developed in the laboratories of Dr. D. Jayne & Son.

The small, easy-to-take **P.W.** tablets act in a special way to remove Pin-Worms. So don't suffer in silence with the embarrassing rectal itch caused by this ugly, stubborn pest. Ask your druggist for a package of **JAYNE'S P.W.** and follow the simple directions carefully. Satisfaction guaranteed or your money back.

**P.W.**—the treatment for Pin-Worms.

## Plans Completed For HD And 4-H Girls Two-Day Encampment

The annual encampment program for Home Demonstration and 4-H Girls clubs will open at 3 p. m. Thursday at Cloverdale Park and continue through Friday.

Mrs. Johnnie Graham will preside at the session. The schedule for Monday will be as follows: 3-4 p. m., registration. Mrs. Roy Long; 4-4:15, general assembly including group singing and announcements; 4:15-6, handicraft work for women and girls under the direction of Mrs. L. J. Howard, Mrs. J. R. McCarter, Mrs. Long, Willie Mae Wheeler and Lela Norwood; 6-3 p. m., recreation. Mrs. Dale Woodard; 8-9, supper; 9-10, club stunts; 10-30, adjournment with group singing led by 4-H Girls.

### Program for Friday

Friday's program will include: 8-9 a. m., breakfast; 9-9:15, straighten camp; 9:15-9:30, group singing, and devotional by Mrs. Howard; 9:30-10:30, handicraft; 10:30-11, guest speakers; 11-12, review of the book, "The Law West of the Pecos," Mrs. S. L. Alexander; 12-1 p. m., dinner; 1-3, handicraft; 3-4 encampment highlights, acknowledgments, announcements and adjournment.

Handicraft articles to be made by the women will be beaded combs, shell earrings and table mats. The girls will make leather wrist-purses and bracelets.

All Home Demonstration and 4-H members are invited to attend. Families of the Home Demonstration clubs will be guests at the entertainment Thursday evening.

## Highlights Of Texas Agriculture Given At Valley View Meeting

"Highlights of Texas Agriculture" was given by Mrs. J. D. Bartlett at a meeting of the Valley View Home Demonstration Club Friday at the home of Mrs. J. A. Wheeler.

Members responded to roll call with jokes. After reports of standing committees were presented, plans were made for supper menus to be served at the encampment Thursday and Friday. Members are reminded to take plates, glasses, and silver for their families and one guest.

Those present for the regular session were Mmes. Nettie E. Messick, T. D. Bartlett, Lois Lewis, J. A. Wheeler, L. J. Howard, Jim Baker, W. H. Wade, B. L. Mason and one guest, Mrs. Preston Vest.

## Coming Events

**THURSDAY**  
The Midland County Library radio program will be heard over radio station KORS at 4 p. m.

**FRIDAY**  
Mrs. P. H. Liberty, Mrs. R. B. Cowden and Mrs. Eddie Griswald will be hostesses for Ladies Golf Association luncheon at 1 p. m. at the Midland Country Club. Golf will be played in the morning.

Spotters Group Two and Spotters Group Four will be in charge of surgical dressings at the Salvation Army USO at 9:30 a. m. Wives of military personnel are invited.

**SATURDAY**  
Children's movies will be shown in the courthouse basement at 2:30 p. m.

## Buys Hotel Where Once He Couldn't Get Room

**CORPUS CHRISTI**—(P)—Joe M. Meyer, Tulsa, Okla., tried to get a room in the Breakers Hotel here last June. He settled for a tourist cottage nearby.

Now he can have any of the 91 rooms in the hotel. He owns it.

"That night last June," he said, "the moonlight shone on the fine old hotel, and I said to my wife, 'I'd like to own it.'"

Meyer went back to Tulsa, sold one of his apartment houses and returned last Saturday with \$125,000 in cash.

## Insurance Benefits In Texas Reflect War Casualties

**NEW YORK**—Texas families received \$18,333,000 in life insurance death benefit payments in the first half of this year, compared with \$17,343,000 in the corresponding period of last year and \$13,589,000 in the first half of prewar 1941, it was reported Wednesday by the Institute of Life Insurance.

The number of policies becoming claims in the first six months was 15,383 which compares with 14,513 in the corresponding period of the previous year and 12,592 in the first half of 1941.

"In spite of a reduction this year in the civilian death rate, the aggregate of death benefit payments has continued high largely because of increased war fatalities," Holgar J. Johnson, president of the institute, said in announcing the figures.

"War claim payments did not fall off immediately following V-E Day for two reasons: the natural delays in transmitting notifications from the war theaters; and the greater activity in the Pacific theater. Nationally, these payments, which are in addition to those made under National Service Life Insurance, have meant many millions of dollars going to the families of those who died in service."

Of the aggregate payments in this state, \$13,624,000 was under 5,492 ordinary policies; \$2,734,000 was under 1,322 group life insurance policies; and \$1,980,000 was under 8,569 industrial insurance policies.

For the nation as a whole, \$662,617,000 was paid as death claims under 704,258 policies in the second quarter, compared with \$614,014,000 under 648,319 policies in the corresponding period of last year. Of these, \$469,500,000 was under 192,943 ordinary policies; \$88,341,000 was under 47,510 group policies; and \$113,718,000 was under 463,805 industrial policies.

## Figures Show 31,252 Layoffs In Texas

**DALLAS**—(P)—Revised figures compiled by the Regional War Manpower Commission show 31,252 layoffs in 11 Texas cities and industrial areas because of war contract cancellations.

The cities: Dallas, 18,750; Houston, 1,600; Fort Worth, 5,100; Amarillo, 1,100; Sherman, 1,045; Texarkana, 1,350; Waco, 965; San Antonio, 660 and Beaumont, 18.

A schedule of impending layoffs at the Pennsylvania Shipyards at Beaumont calls for 3,782 workers to be laid off by the end of November, the WMC announced. Contracts held by the yard for six ships were cancelled recently.

Tin was known to the Phoenixians and Romans.

Prof. Alfred O. Nier, above, 35-year-old scientist of the University of Minnesota, is credited with isolation of a minute fraction of a gram of Uranium 235 with which experiments on the smashing of the atom were conducted. Nier's findings were completed in February, 1940, with use of a mass spectrometer. Bombardment of his U-235 by slow neutrons in Columbia University's cyclotron produced atomic explosions.

## Electrical Firm's Building Destroyed By Morning Fire

Fire shortly after midnight Tuesday destroyed the building occupied by the Beauchamp Electrical Service at 700 South Fort Worth Street and its contents.

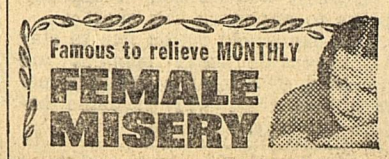

Flames from the blazing frame structure threatened other buildings but firemen managed to confine the fire to the one building.

Tools, equipment and merchandise were destroyed along with the building.

The loss was not covered by insurance.

## Rocket Ordnance Plant In East Texas Closed

**MARSHALL**—(P)—All construction work on the Longhorn Ordnance Works Plant Number Two at Karnack has been ordered stopped. Maj. J. H. Walker, commanding officer, and Capt. R. F. Long, resident engineer, announced the order was effective Tuesday night. The plant was scheduled for rocket propellant production.

## Clark Backs Rice For Federal Post

**WASHINGTON**—(P)—Attorney General Tom C. Clark has recommended to President Truman the appointment of Judge Ben H. Rice of Waco as federal judge for the Western Texas district.

Rice, chief justice of the court of civil appeals at Waco since 1940, would succeed the late Judge W. A. Keeling.

Senator Tom Connally of Texas also has recommended the appointment of Rice.

The Western District court sits at Waco, Austin, San Antonio and El Paso.

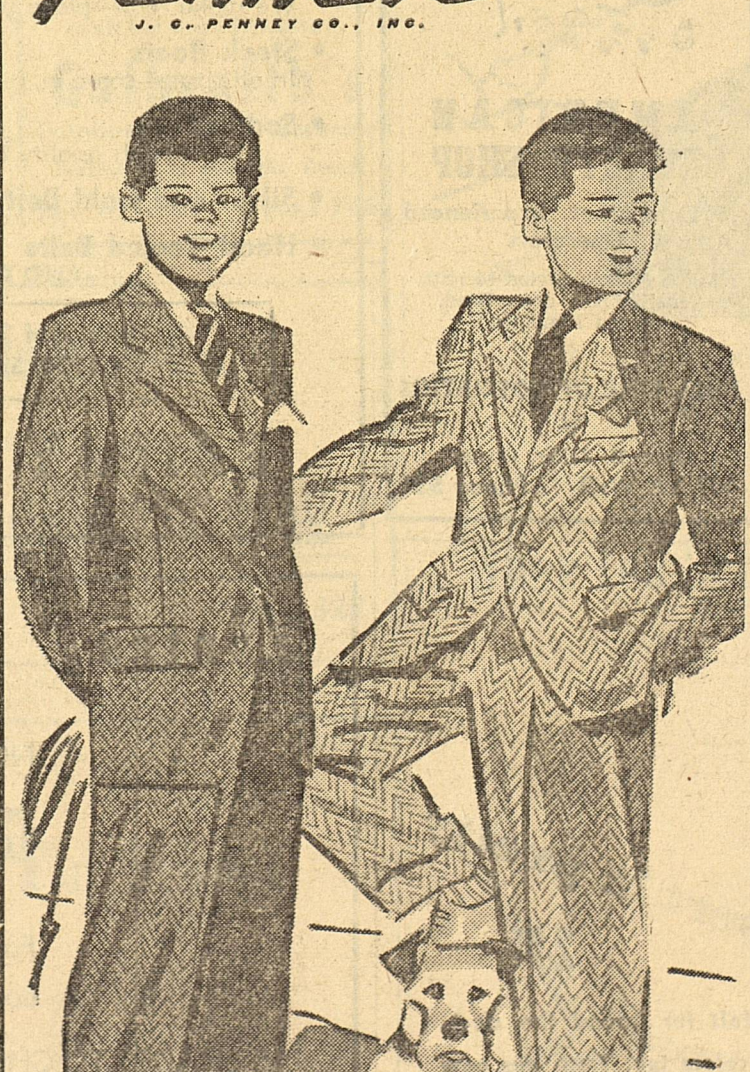

Every South American country except Chile and Ecuador touches Brazil's borders.

(Continued from Page One) ed at 8,051 feet, in Devonian lime, and was taking official Railroad Commission potential test Wednesday. The oil will be from perforations at 7,900-80 feet. On last test reported it flowed 72 barrels of oil in six hours through a three-eighth inch tubing choke.

Humble No. 1 Buchanan, East Midland County wildcat, in Baldwin survey No. 32-692, was swabbing below 6,300 feet, with tubing set at 12,392 feet, and was developing no shows of oil or gas. The casing was perforated at 12,150-230 feet, and at 12,500-540 feet. The upper zone had been treated with 2,000 gallons of acid.

To Test Again Amerada Petroleum Corporation No. 1-A Jones, extreme Northwest Gaines County wildcat now testing probable commercial production in the Devonian, drilled out retainer set at 11,425 feet, to new bottom at 11,437 feet, and was to perforate and test at 11,429-436 feet.

Argo Oil Corporation No. 1 Roberts, South Reeves Delaware exploration in section 294, block 13, H&GN survey, called top of the Delaware, tentatively, at 5,150 feet, on an elevation of 2,880 feet. A Schlumberger survey had been scheduled and then a string of 7-inch casing was to be run and cemented and the project standardized to drill out plug and drill ahead. Current total depth is 5,165 feet.

Frost To Take DST Gulf Oil Corporation No. 1 Frost, Northwest Yoakum County prospector, in section 35, block D, John H. Gibson survey, was coring from 2,209 feet. A drills-man testing unit had been ordered and when it reaches the rig an investigation will be undertaken. No shows of oil have been reported.

The Texas Company No. 1 Eaves, in section 26-163-38e, wildcat about 14 miles north of Hobbs in Central-East Lea County, New Mexico, was being plugged and abandoned on total depth of 10,035 feet in lime. No appreciable oil shows had been encountered in any horizon in the exploration.

Humble No. 88-X Means, North Andrews County deep test, had reached 13,155 feet in lime, and was continuing.

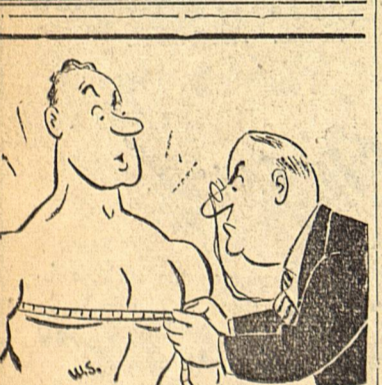

Midland Man's Unit Receives Plaque

Cpl. Levi Bush, son of Mr. and Mrs. A. T. Bush of Midland, is a member of the 99th Evacuation Hospital, semi-mobile, which has received a meritorious service unit plaque for its performance on Mindano in the Philippines. The citation said the unit often operated its hospital at 50 per cent above capacity.

Corporal Bush's wife and child also live in Midland.

Copper was one of the first metals used by man.

Klapproth Urges Lions To Vote For Court Amendment

Midland Lions were urged by Judge Charles L. Klapproth at their meeting Wednesday noon at the Scharbauer Hotel to go to the polls Saturday and vote for an amendment to the state constitution which would permit nine justices to be named to the state supreme court.

The speaker said that in the early days of the state three judges were enough. Later, as the work of the court increased, the Legislature passed an act allowing six commissioners to be appointed to assist the judges.

If the amendment is voted, procedure before nine judges will be speeded, he said.

Proceeding Judge Klapproth's talk Fay Dublin played a medley of piano numbers.

Chairmen Make Reports Reports were heard from four committee chairmen.

The Rev. Vernon Yearby, chairman of the attendance committee, announced September will be 100 per cent attendance month. Mr. Yearby told the members if an organization is worth belonging to, it is worth attending.

Ed Prichard, chairman of the membership committee, stated no big membership drive will be staged by the club, but urged the members to watch for prospective members who will add something to the club.

A barbecue will be given at Cloverdale Sept. 7 for members, their families and guests. Roy Minear, entertainment chairman, announced.

James L. Daugherty, program chairman, said his committee wanted to give the members the type of programs they wanted, and asked for suggestions.

Frank Monro, who presided, announced Frank Stubbeman has been named as deputy district governor for the Lions.

Charles Leher was inducted into the club by Bill Collins.

Collins praised the members for the work they are doing and said he considered the contribution by the club of \$1,000 to the Midland Memorial Foundation to be used toward erecting a hospital here as one of the best things the club has ever done.

Quisling

(Continued from Page One) one of the leading Norwegian underground leaders, and the defendant with a sob in his voice denied the charge.

Hansteen, whose widow is now a member of the present Norwegian government, was killed by the Germans in 1941. Prosecutor Annaeus Schjoedt accused Quisling of responsibility, charging that the puppet premier during the occupation years asked the Germans to get rid of Hansteen because he led a strike.

"I never asked the Germans to kill Hansteen," Quisling cried. "Only to remove him. He was making things difficult for me." "Your accusations against Hansteen were not even true," the prosecutor charged, "you murdered him."

Hitler Promised Independence Schjoedt read a letter which he said Quisling wrote to Hitler giving his "great Germanic" plan for placing Norway inside the German state system. Quisling disclaimed the letter, but said he had sought a means of uniting a bloc of nations with Germany.

"During the occupation I had to be practical in dealing with the Germans," Quisling testified. "German authorities in Norway tried time and again to establish a military dictatorship. They wanted to make a protectorate of Norway. I fought that all the time and I think I won out, more or less."

Quisling asserted that Hitler intended to grant Norway independence through him, adding: "That was his will and intuition."

Burial Set For Victim Of Accidental Shooting

MIAMI, FLA.—(P)—Burial services for Mrs. Frank McBroome, 19, who died Tuesday from a gunshot wound Friday night when her husband mistook her for a burglar at their home, will be held in Houston Wednesday.

McBroome, 25, has been cleared of any criminal intent in the shooting.

B-24 Is Dispatched To Speed Departure For Wainwright

CHUNGKING—(P)—Japanese red tape delaying Lt. Gen. Jonathan M. Wainwright's departure from Manchuria, where he has been a prisoner of war, apparently was cut Wednesday by Soviet authorities.

A message from an American airborne humanitarian team at Mukden quoted Russian officers as saying Tuesday night that a B-24 Liberator was en route to Hsian, 100 miles to the northeast, to fetch Wainwright, who has been a prisoner there with seven Americans and 26 other Allied nationals.

The Japanese, apparently fearful of taking any action that might cause difficulties with the Russians, previously were reported delaying Wainwright's departure pending Soviet approval.

The humanitarian team at the Mukden prison camp also disclosed that a Russian mission which arrived there Tuesday evening had immediately ousted the Japanese guards and placed Maj. Gen. George M. Parker, Jr., ranking American officer at the camp, in full charge.

Reports from the other humanitarian team at Peiping said all internees there—including 117 Americans—had been moved into hotels. The condition of the internees was said to be as good as could be expected and medical arrangements were described as very satisfactory.

Standard To Build Research Centers

NEW YORK—(P)—Standard Oil Company (N.J.) announced Wednesday it will start construction, as soon as materials are available, of major petroleum research centers at Linden, N. J., and Baton Rouge, La.

Eugene Holman, president of the company, said the program may involve expenditure of \$8,000,000.

R. P. Russell, president of the development company, said the new laboratories would be used not only for developing improved products from oil but to extend sources of supply of oil products. This latter work, he said, would include production of liquid hydrocarbons from natural gas, gasification of coal, oil from coal and production of oil from other carbonaceous deposits such as oil shale.

Charles Leher was inducted into the club by Bill Collins.

Collins praised the members for the work they are doing and said he considered the contribution by the club of \$1,000 to the Midland Memorial Foundation to be used toward erecting a hospital here as one of the best things the club has ever done.

New Sugar Stamp Will Be Worth Five Pounds

WASHINGTON—(P)—The new sugar stamp valid Sept. 1 will maintain the current ration—five pounds for four months.

OPA, it was learned Wednesday, plans to announce this shortly.

The household ration has to stay tight because sugar supplies are so short. The total is about 25 per cent less than was available before the war.

It's 'Mister Murphy' For Most Decorated GI SAN ANTONIO—(P)—It's "Mister" Audie Murphy now. The most decorated young man of this war, Lt. Audie Murphy of Farmersville, Texas, donned civilian clothes in San Antonio Wednesday. He was put on inactive status by the Army Tuesday at the War Department personnel center at Fort Sam Houston.

Murphy said he would go to Dallas for several days and then return to his home at Farmersville. After that he was uncertain about his plans.

When defrosting a refrigerator, try putting a folded newspaper along each side of the evaporator so that the drippings will be directed into the drip tray.

Arguments In McFarland Trial Sated Wednesday

BROWNWOOD—(P)—Arguments in the trial of Fred L. McFarland, 44, charged with murder in the stabbing of Pvt. Garland R. Powers, 31, of Torrington, Wyo., will be heard Wednesday.

McFarland testified Tuesday he stabbed Powers with an ice pick "because he came between me and my wife."

McFarland is a former Sweetwater and Paris highway worker. Powers was stabbed at a cafe here July 15.

Singular Reason

WARRINGTON, ENGLAND—(P)—Charged with returning to England without the authority of the Foreign Office, an oil company employee said he left Iran because there was only one unmarried woman among 2,000 white persons there. He was fined 25 pounds (about \$112).

H. B. Crozier To Head Compensation Group

AUSTIN—(P)—The Texas Unemployment Compensation Commission will be headed by Harry B. Crozier, beginning Sept. 30.

Crozier, a member of the commission, becomes chairman-director by appointment of Gov. Coke R. Stevenson who Tuesday accepted the resignation of Claude A. Williams as chairman-director, effective Sept. 30.

Council Receives Water, Sewer Bids

Midland was a step nearer toward having modern and adequate water and sewer systems Wednesday as the City Council met in the county courtroom Wednesday afternoon to receive bids for the construction work in expanding the systems.

The contract or contracts for the \$400,000 municipal improvement projects probably will be let Thursday.

Three Negro Youths Arrested For Theft

Two negro girls and a negro boy were arrested Tuesday afternoon by police in connection with the theft of \$25, a suit of clothes and five skirts.

The two 18-year-old girls were arrested for theft of a suit of clothes and five skirts from the J. C. Penney store.

The boy was arrested for theft of \$25 from a trunk in a home in the Latin-American section.

Industry -

(Continued from Page One) to contractors, the contractors to subcontractors and so on.

Also to be dropped will be the whole series of priority ratings—AA-1, AA-2, AA-3, and AA-4. Replacing them will be a simpler system, much reduced. Producers for military requirements will get an "MM" rating. Then there will be a junior rating called "CC."

WPB said the junior rating will be used sparingly. A company can get it to break a serious reconversion bottleneck in materials or equipment.

But otherwise—non-military production will get no help through priorities, generally. It will be a free scramble.

The government told businessmen to build all the new factories, plants and additions they could.

Controls on building were taken off but the government still kept controls on some materials, like lumber.

WPB Chairman J. A. Krug said the tight supply situation—in lumber and other building materials—should ease off soon as military demands slacken and more men are available for work.

Enough DDT—the new insecticide—to rid a house of mosquitoes and flies and other pests for a year: at \$1.50 to \$5.25 a year. The U. S. Public Health Service made the estimate of the cost.

It will soon be available for all homes.

MONTGOMERY SHAKEN UP IN FORCED LANDING

21ST ARMY GROUP HQRS., GERMANY—(P)—Field Marshal Montgomery made a forced landing Wednesday while on a flying visit to Canadian troops. An official announcement said he was "rather badly shaken up, but he is all right."

Let's Modernize Our State Supreme Court

because . . .

It will give a voice to all nine judges who now hear arguments and write opinions, but upon which only three are empowered to rule.

It will require a majority of five judges for court rulings, instead of two as at present. It will require five for a quorum, instead of the present two.

It will prevent the possibility of two judges handing down an opinion which might be entirely different to that held by one of the present three judges and all six of the court-appointed appeals commissioners.

It will enable the people of Texas to choose all of the men who serve on this court, with election of three each two years for six-year terms. Today one judge is elected each two years, with two Commissioners being appointed at the same time for six-year terms.

Lawyers are urging their clients and friends to vote for this amendment. Because we believe the people should have the added efficiency which the action would provide for the court, we, the undersigned recommend the adoption of this nine-man supreme court amendment.

Vote for a NINE-MAN SUPREME COURT August 25

(S.J.R. No. 8—Third Amendment on the Ballot)

because . . .

It will give a voice to all nine judges who now hear arguments and write opinions, but upon which only three are empowered to rule.

Lawyers are urging their clients and friends to vote for this amendment. Because we believe the people should have the added efficiency which the action would provide for the court, we, the undersigned recommend the adoption of this nine-man supreme court amendment.

Vote for a NINE-MAN SUPREME COURT August 25

(S.J.R. No. 8—Third Amendment on the Ballot)

because . . .

It will give a voice to all nine judges who now hear arguments and write opinions, but upon which only three are empowered to rule.

Attlee Urges Commons To Ratify Charter

LONDON—(P)—Prime Minister Clement Attlee formally called for ratification of the World Security League Charter in the House of Commons Wednesday, declaring that if persecution of minorities rises again in the world the organization would "take note of it and take action."

Both houses of Parliament began separate debates upon the covenant designed to outlaw war by punitive steps against aggressors.

In reference to the atomic bomb, he added, "all of us realize that we are now faced with a naked choice between world cooperation and world destruction."

Borden Petition To Council Is Denied

The petition of the Borden Company for the City Council to lift building restrictions on a block on West Wall Street so the concern could erect a new plant there has been denied.

Mayor A. N. Hendrickson said numerous property owners near the block had protested to the council that to erect the plant would depreciate the value of their property.

Conference -

(Continued from Page One) was no evidence in his hearing of any concern at stepping into the international shoes filled for so long by Franklin D. Roosevelt.

Men coming away from the scene said that former Prime Minister Churchill, and later Prime Minister Attlee, also appeared to like the quiet, businesslike way in which Truman cut wordy disagreements short with smiling, but brisk finality.

The secrecy which surrendered the sessions was not of President Truman's making.

The odds are a hundred to one that Truman will never leave the United States again to attend a Big Three meeting, if there is one. His view is that the next one should be held in Washington.

He proposed just that in the final hour of the Berlin conference. "God willing," said Stalin.

In that case, no one who knows Truman has any doubt that there will be greater access to the news than has been the case in other Big Three meetings.

From a single Douglas fir, lumber can be obtained for four small bungalows.

Let's Modernize Our State Supreme Court

because . . .

It will give a voice to all nine judges who now hear arguments and write opinions, but upon which only three are empowered to rule.

It will require a majority of five judges for court rulings, instead of two as at present. It will require five for a quorum, instead of the present two.

It will prevent the possibility of two judges handing down an opinion which might be entirely different to that held by one of the present three judges and all six of the court-appointed appeals commissioners.

It will enable the people of Texas to choose all of the men who serve on this court, with election of three each two years for six-year terms. Today one judge is elected each two years, with two Commissioners being appointed at the same time for six-year terms.

Lawyers are urging their clients and friends to vote for this amendment. Because we believe the people should have the added efficiency which the action would provide for the court, we, the undersigned recommend the adoption of this nine-man supreme court amendment.

### Attorneys Support Constitution Change

Two statewide broadcasts have been arranged for Thursday night in support of the proposed amendment to the state constitution to be voted upon Saturday to increase the state supreme court from three to nine justices, Robert M. Turpin, president of the Midland County Bar Association, announced Wednesday.

Gordon Simpson will be heard on the Texas Quality Network at 9:30 p. m., and a round-table discussion will be heard over stations of the Texas State Network at 9:15 p. m. Three other amendments are to be voted upon in the Saturday election.

One would allow members of the armed forces to vote without payment of a poll tax in time of war. Another provides for paying members of the legislature on a yearly basis. Another would raise the limit which can be paid to the aged, blind and needy children to \$40 a month, but would place a limit on the amount the state can spend for these purposes.

### Cotton

NEW YORK—(P)—Cotton prices at noon Wednesday were 30 to 50 cents a bale higher; Oct. 22.62; Dec. 22.65, and March 22.58.

### Heads Jap Cabinet

(NEA Telephoto)  
Gen. Prince Naruhiko Higashi-Kuni, who formed a new Japanese cabinet under orders from Emperor Hirohito Friday, immediately ordered the army to "strictly observe" the imperial rescript to lay down their arms.

America's cotton crop is the largest in the world.

### Nine-Judge Supreme Court Proposal To Be Voiced On Saturday

AUSTIN—(P)—Texas will determine Saturday whether to raise the pay of members of the Legislature and to convert the three-judge elective supreme court to a nine-judge elective tribunal.

The propositions are the respective second and third proposed Constitutional amendments on a ballot for use in the special August 25 election, proposing a total of four changes in the state's organic law.

The lawmakers' pay would be \$10 a day continuously for term of office if the amendment is adopted. Members of the House and Senate now receive \$10 a day for the first 120 days of a general session and \$5 a day thereafter during a general session. They also receive \$10 a day for special sessions which are limited to 30 days. They receive no pay between sessions.

Approval of the amendment would mean that members of each branch would receive \$3,650 annually. House members serve two years in one term and Senate members four years.

**Five Would Be Majority**  
Approval of the court amendment not only would increase the elective membership of the bench but would increase from two to five the concurrence of judges necessary to a decision.

The new proposal is for a chief justice and eight associate justices. All terms would be for six years and three justices would be elected every two years. The amendment permits the court to sit in sections for the purpose of hearing preliminary matters only. All causes would be decided by a majority of the nine.

**Soldier Vote and Pension**  
The first amendment would give members of the armed forces the right to vote without payment of a poll tax.

The fourth amendment provides for raising the amount of old age assistance which can be paid to \$40 a month and sets a limit of \$25,000,000 yearly which the state can spend for assistance payments to the aged, blind and needy children.

### Livestock

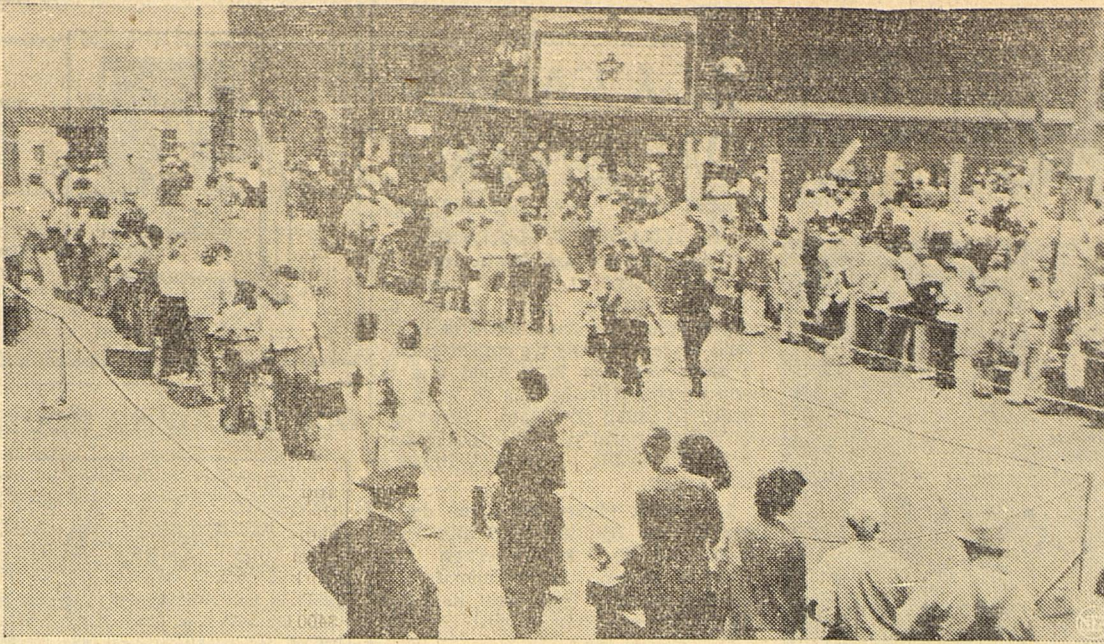

FORT WORTH—(P)—Cattle 5,500; calves 3,000; steady; medium to good slaughter steers and yearlings 11.50-14.50; plain grass steers and yearlings 9.00-11.50; good and choice fat calves 11.50-12.50; common and medium calves 8.00-11.50; stocker calves and yearlings and replacement steers 8.00-12.50; stocker cows 3.50 down.

Hogs 100; unchanged; good and choice barrows and gilts of all weights 14.55; sows 13.80; pigs under 15.00.

Sheep 5,500; steady; good and choice spring lambs 12.00-50; medium and good springers 11.00-12.00; common 9.00-10.50; cull 6.00-8.50; common to medium yearlings 8.00-9.50; medium and good aged sheep 5.00-6.00; cull and common 4.00-7.5.

Sir Isaac Newton believed that light consisted of a stream of little particles.

### S. R. O. in the Unemployment Theater

A picture that is becoming more and more familiar throughout the nation is this scene at Douglas Aircraft's Long Beach, Calif., plant. Contract cancellations lopped off nearly 12,000 jobs at this plant, while hundreds of thousands were being laid off by other war industries in big production centers.

### Surrender --

(Continued From Page One)  
Two great fleets move into Sagami Bay below Tokyo and possibly Tokyo Bay itself.

MacArthur himself will fly to Atsugi airbase Tuesday, simultaneously with general landings of occupation forces from transports and warships south of Tokyo.

All of these reports came from the Japanese who reported 20,000 troops would be in the original occupation force. Taking over territory around the Tokyo metropolitan area, but not the capital itself.

**Protection For Occupation Troops**  
Only American confirmation was that the peaceful invasion would be supported by the greatest display of military power yet shown on foreign territory. Military men said air and naval cover for occupation forces would be on the same scale as an invasion.

Emperor Hirohito's government cancelled civilian rail transportation in the area to speed the exodus of imperial troops. Gendarmes and Navy police will move in to support regular police.

Meanwhile, Japan's propaganda machine which has been telling the Japanese they were unbeatable was thrown into reverse gear. Japanese were admonished against rash action and told that for their "own good there must be speedy realization that the old order is finished."

Rangoon dispatches said that before Wednesday night (U. S. time) envoys from Field Marshal Count Juichi Terachi are expected to meet with representatives of Adm. Lord Louis Mountbatten to prepare for surrender in Southeast Asia—the last major area to be reached by Hirohito's princely emissaries with news that the war was over.

**Yaps In China Surrender**  
Surrender negotiations were being completed in China but formal signing of the surrender was set for Nanking after the master pact has been signed in Tokyo.

Chinese troops continued to take over new and important towns as General MacArthur passed along a Tokyo complaint against rival Chinese troops "rushing unwarrantedly and without discipline" into Japanese-controlled areas.

Possible occupational trouble spots developed in Hong Kong, British territory which the Chinese want back; French Indo-China, which includes territory leased from China; and Manchuria, Chinese before the war and now occupied by Soviet troops.

The British said they have taken steps to accept the surrender of Japanese in Hong Kong. Chinese told enemy envoys that Chinese would occupy it. The Chinese also arranged to occupy Northern Indo-China while 6,000 French troops were ready to take over.

The Chinese made no announced arrangements regarding Manchuria.

### After Whacking Big Controls Government Turns To Job Details

WASHINGTON—(P)—From here on it will be a little different from that first week after Japan surrendered.

Then the news came—of the swing from war to peace at home—in a rush and a roar.

It started almost as soon as the President announced victory on the night of Aug. 14.

A short time later that night he started off the reconversion news deluge, which lasted through the week, with this:

An end to the draft for men of 26 or over, an end to all manpower controls, the discharge of men by the millions from the armed services within a year.

Announcement piled upon announcement. According to one official—close to the top—America was caught in the "woods" by the suddenness of the surrender.

It had to whack its way out. It did the whacking by tearing off one wartime control after another to shove American industry and civilians scampers down the new peace road.

It was strange here in Washington, watching a country, through its various departmental orders, jump from war to peace.

Then the news began to slack off. Much of it began to break in the late afternoon.

It seemed like this:

The big, important strokes to wartime controls had been given rapidly. Now came the smaller strokes, the details involved in the big ones.

They take more time. It was as if government officials spent most of the day putting the finishing touches on those details and then turned them loose.

**MAN PAYS \$2 FOR HIS \$1.50 WRENCH 20 YEARS AGO**

DALLAS—(P)—Twenty-one years ago George H. Duncan, pressroom machinist for the Dallas Morning News, sold a wrench for \$1.50 to a young apprentice. Duncan's initials were stamped on the wrench with a steel punch.

A few days ago Duncan paid \$2 for a wrench in a second-hand store. It was stamped with his initials.

### Rangers Arrest Boys In Oklahoma Killing

AUSTIN—(P)—Ranger Captain Fred Olsen said Wednesday no charges have yet been filed against two "teen-age" youths arrested by Rangers, highway patrolmen and Williamson County officers near Round Rock Tuesday.

Olsen said they were being held for questioning in connection with the slaying of McGraw E. Streckenfinger, 20, of Pittsburg, Kan., near Kiowa, Okla. He had not yet completed his conference with Oklahoma officers, but expected to later in the day.

Another "teen-age" boy is being held in the county jail at Atoka, Okla., and an Oklahoma City girl was in a McAlister hospital in a critical condition from a gunshot wound in the mouth, in connection with the affair.

**Roy Parks Is Ill In Fort Worth Hospital**

Roy Parks, prominent Midland rancher and president of the Midland Fair Inc., is seriously ill in Cook's Memorial Hospital in Fort Worth.

### Pecos Will Have Calf Roping Sunday

PECOS—Walton Poague of Rankin and James Kinney of Marathon will be matched in the feature event of a matched calf roping at 2 p. m. here Sunday. They will rope 10 calves each.

Jim Espy of Fort Davis and Zeno Farris of Las Cruces, N. M., will rope in the secondary match.

A jackpot roping will be held.

### Cool Front Breaks Heat Wave In City

The heat wave which has been causing Midlanders to sweat and swelter the past week was broken early Wednesday morning as a cool wave struck and sent the mercury down to register 66 degrees at 9 a. m.

The advance of the cool front kept the mercury from rising higher than 86 degrees Tuesday—the temperature registered from 5 until 6:30 p. m.

### Little Damage Caused In Car Collision

Little damage was caused early Tuesday night when a Chevrolet coupe driven by Jack Mann and a Ford driven by J. B. Boyles of Andrews collided at Wall and Marshall streets.

Police said Mann was driving west on Wall and Boyles was driving east. The collision occurred when Mann made a left turn.

Neither of the drivers was injured.

## JAPANESE DIPLOMACY

IX

IF diplomacy is the art of deceit, as the Machiavellians teach, then the Japanese have indeed proved themselves to be master diplomats. Theirs was the kind of diplomacy which Hitler also used with such startling success before and even after the outbreak of the war. Its principles are simple. They can be summarized as follows:

1. State your aims frankly and boldly, but in terms of a world-embracing ideology which other nations will dismiss as fantastic but which will inspire your people to follow you through thick and thin, irrespective of the deviations necessitated by practical day-to-day politics.

2. Until all preparations have been made and the right opportunity for striking has arrived, lie low, speak softly, cultivate foreign diplomats and visitors, make fair promises all around, sign any treaties that will dispel suspicions, proclaim yourself the champion of peace, progress and prosperity.

3. Divide your possible opponents by playing them off against one another.

4. Strike hard and fast when the moment seems ripe, and let your aims justify your means.

It is such a political system which distinguishes the Japanese and the Japanese war lords from ordinary gangsters. And it is this system which makes the ruling ideology of a nation even more important than its official professions and even acts.

The ruling ideology of Germany under Hitler was National Socialism, which seized upon the two most vital forces of the age—nationalism and socialism, and by converting the first into a monstrous racialism, and the second into a man-eating state-ism, produced an explosive energy that found its unifying concept in the German "master race." The ruling ideology of Japan "for ages eternal" has been Shinto, which unifies racialism and state-ism into the equally explosive concept of the divine family state of a superior race of gods ruled by a supreme God-Emperor who has a divine command to be the Emperor of the world.

**Foreign Office a Geisha Girl**

Yet, though the real nature of National Socialism was fairly well understood long before the war, Hitler had little difficulty in fooling the statesmen of the world by maintaining a front of "gentleman" in his Foreign Office and his diplomatic service who gave

Jap "Peace Mission" With Secretary Hull—December, '41  
"The divine mission of Japan puts her above treaty breaking... For Japan, any means justifies the end."

an air of verisimilitude to his own fair promises. The Japanese had an even easier task of it; for Shinto is still primarily a subject of study by world-renowned experts in comparative religion rather than the concern of statesmen. Japanese "gentlemen" can be more ingratiating than the Germans. But the Japanese Foreign Office was never more than a geisha girl, whose function was to give a song and dance to keep other nations occupied, amused and divided, while the military got ready for the big strike. The Japanese "gentlemen" played their parts well, until the bombs began to fall on Pearl Harbor.

"The divine mission of Japan puts her above treaty breaking because what would be wrong in the rest of the world is right in Japan. For Japan, any means justifies the end."—Maj.-Gen. Tada, quoted in "War and Diplomacy in Eastern Asia," by Claude Buss, New York, 1941.

**Pardonable Deceit**

"Deceit may be pardoned in proportion to the benefits it confers."—Yukio Azaki, an ex-Minister of State.

"What Japan has now to do is to keep perfectly quiet, to lull the suspicions that have risen against her, and to wait, meanwhile strengthening the foundations of her national power, watching, waiting for the opportunity which must one day surely come in the Orient."—Tadasu Hayashi, author of the Anglo-Japanese Alliance, 1895.

Japan definitely guarantees the independence and territorial integrity of the Korean Empire."—Japan in agreement with Korea in 1904. (In 1910, Korea was annexed to the Japanese Empire against the will of the Korean people.)

"The Contracting Powers, other than China, agree to respect the sovereignty, the independence and the territorial and administrative integrity of China."—The Nine-Power Treaty, signed by Japan and the United States, 1922. (In 1931, Japan conquered Manchuria and set up a puppet regime; in 1937 Japan attacked China and set up a puppet regime in Nanking.)

"No military or naval bases shall be established or fortifications erected in the territory."—Japan's pledge on receiving the mandate for the former German Pacific Islands, 1920. (The islands were immediately turned into strongly fortified military and naval bases, as revealed by the war.)

"The Oriental ideal of love, benevolence and mutual help condemns war for selfish ends. Japan's armament—always a 'divine sword that slays not'—is dedicated to the peace of East Asia and to the welfare of the world; it is employed only against the forces inimical to international justice and to the common interests of East Asia. Japan's advance, inspired by humanity, should not be confused with aggression for gain at the expense of other nations."—Goal of Japanese Expansion, by Tatsuo Kaiwai.

(NEXT: The Tides of War)

# McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY

America's Card Authority  
Peter Leventritt of New York, one of the youngest Life Masters of bridge, played today's hand in masterly style. Usually we consider that a slam contract is a good one if one of two finesses has to work in order to make the slam. However, in today's hand you will notice that both the spade and heart finesses are wrong.

Leventritt played low from dummy on the opening lead and East won with the king. When the four of hearts was returned, Leventritt decided that West held the king and went right up with the ace.

♠ A Q 10 9	♣ K 2
♥ J 5 2	♦ 4 3
♦ J 8 3	♠ 9 7 5 4
♣ 9 5	♥ 7 6 4 3 2

W N E S  
Dealer

Leventritt  
♠ A Q 10 8  
♥ A K Q 10  
♦ A K 8

Duplicate—Neither vul.			
South	West	North	East
1	Pass	1	Pass
3 N.T.	Pass	4	Pass
4 N.T.	Pass	5	Pass
6 N.T.	Pass	Pass	Pass
Opening—A 3.			22

He cashed the ace of clubs, and when the ten-spot fell from the West hand, Leventritt realized that if West also held the king of hearts, he was going to be squeezed. He cashed the four diamond tricks, discarding a heart from dummy. Then he ran the spade suit, discarding all his hearts. He was down to the king-eight of clubs in his own hand and the heart jack and club nine in dummy.

West found he could not hold the queen and jack of clubs and the king of hearts. When he discarded the jack of clubs Leventritt won the last two tricks with the king and eight.

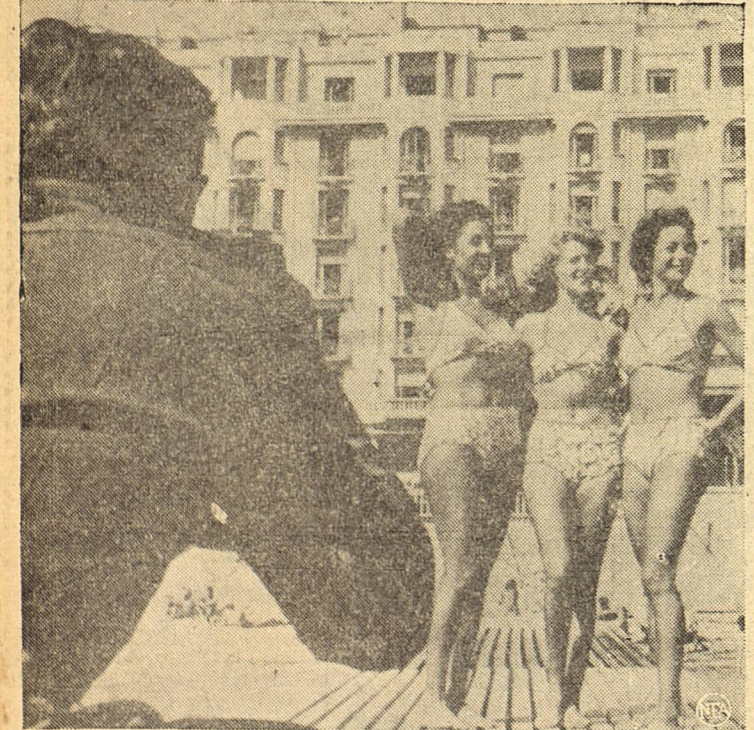

## Houston Man Charged In Fatal Shooting

HOUSTON—(AP)—Harris K. Peaster, Jr., 30, railroad worker, was charged with murder Tuesday night in the death of Claude C. Sherrill, 47, who was shot on a suburban road Tuesday.

Peaster was charged before Justice of the Peace Thomas I. Decker. According to statements made to the officers, Sherrill and Mrs. Peaster were both employed at Ellington Field and were members of a share ride club.

Mrs. Peaster was driving her own car, the officers said, and had discharged three of her passengers when the shooting occurred.

## Study in French Architecture

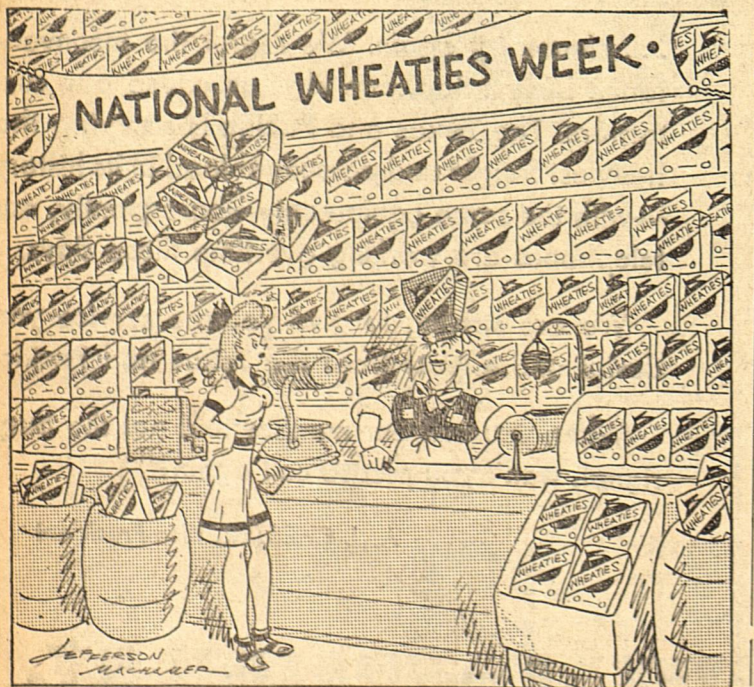

The U. S. officer with camera at left above will tell his wife that he was getting a shot of the lovely building when these three French girls got in the way. At any rate, he will have a picture of some classic lines. Scene is at a recreation area for officers at Cannes, France.

## GIs From High Schools Will Enter Colleges

FORT WORTH —(AP)—Prediction that the boys who left high school for the armed forces will not return to high school but will go to college if they go back to school at all was made Tuesday by C. M. Rogers, Amarillo, president of the Texas State Teachers Association. Rogers, here for the association's meeting, said he anticipated the return of high school boys and girls to classes from war plant jobs.

## OPA Drops Suit When Man Overcharged Self

MILWAUKEE—(AP)—The federal court says its o. k. for Morris Goldman to continue to charge himself brokerage fees of \$25 a car in excess of ceiling prices for produce. The OPA sued Morris Goldman, Inc., wholesale produce firm, for \$10,135 treble damages for alleged overcharging sales to the American Produce Company. Goldman also owns American Produce. The court dismissed the suit.

"Wheaties?—I'll look around and see if I can dig up a box!"

Now's the time to dig up a box of Wheaties. It's National Wheaties Week. The week non-Wheaties eaters join the ranks. You get your Wheaties. You try 'em. And when their "second helping" flavor gets to work on your appetite—you're a Wheaties eater... for keeps.

Berry and wife, Lizzie Berry; Nora Langford; Frank Templin and wife, Frances Templin, and if dead, their unknown heirs, their heirs and legal representatives GREETING: You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 17th day of September, A. D. 1945, at or before 10 o'clock A. M., before the Honorable District Court of Midland County, at the Court House in Midland, Texas.

Said Plaintiff's petition was filed on the 30th day of July, 1945.

The name of the parties in said suit is: H. O. Allen, Plaintiff and the above named parties to whom this Citation is issued and directed are Defendants, the nature of which suit is as follows:

Plaintiff alleges ownership of that certain property described as follows:

Lots One (1), Two (2), Three (3), Four (4), Five (5), and Six (6), in Block No. Seven (7), of the Langford and Weathered Addition to the Town of Midland, Midland County, Texas, together with all improvements situated thereon.

Such action is a suit in trespass to try title brought by Plaintiff for title and possession of the lands above described, for damages in the sum of \$300.00 and annual rental of \$50.00.

Plaintiff alleges both record title and title through peaceable, continuous and adverse possession under the three, five, ten and twenty-five year Statutes of Limitation, payment of taxes, and that defendants have no interest in said lands.

Plaintiff prays for recovery of title and possession to and of the lands above specifically described, for damages, rents and costs of suit.

Issued this 3rd day of August, A. D. 1945.

Given under my hand and seal of said Court, at office in Midland, Texas, this 3rd day of August, A. D. 1945.

(Signed) NETTIE C. ROMER, Clerk, District Court, Midland County, Texas. 8/8-15-22-29

## MAAF Is Defeated In Houston Post Tourney

HOUSTON—(AP)—Finger Furniture Company of Houston put over two big innings Tuesday night to defeat Midland Army Air Field, 9 to 2, in a first round game of the Houston Post tournament. The winners scored twice in the second with Casey Cosgrove's triple tallying one run and setting up the other.

Brazil, more than 3,275,000 square miles in size, occupies nearly half of the area of all South America.

The Cards, now 5 1/2 games behind, play the Cubs a dozen times before the end of this season and they have already beaten Chicago even out of ten games. It's enough to make Grimm grim—especially when he remembers how he lost his job when Chicago made bad start in '38 and got it back again last year when Jimmy Wilson couldn't stand a ten-game losing streak.

### One-Minute Sports Page

Promoter Harry Mendel says that only the lack of crud rubber needed to make racing tires is holding up the return of six-day bike racing. That ought to be scored as a point for the Japs in the peace negotiations. When freshman halfback Phil Colella and end Matt Maryanski got together on the Notre Dame football field this summer, it was their first meeting since they had been together on a Navy hospital ship in the Pacific. Colella was a Navy corpsman and Marine Maryanski was recovering from malaria at that time.

The third Tony Janiro-Johnny Greco scrap in the Garden will take place Sept. 23. Tuffy Leemans won't coach the grid Giants because his laundry business in Washington requires his attention. That must prove the war's over when someone really pays attention to the laundry.

### Mutual Surprise

The death of the pacing horse Hopeworth Lee at Goshen, N. Y., probably can be blamed on odd odds. Joe Hylan was warming

## Olympic Games Will Be Resumed in 1948, In U. S. Or London

LONDON—(AP)—The Olympic Games definitely will be held in 1948, says Avery Brundage, president of the United States Olympic Association.

Brundage, who is vice president of the international committee, made the statement after attending a meeting of the IOC Tuesday.

He told reporters that several American cities are interested in holding the games and Minneapolis is "making perhaps the strongest bid."

The British are staging a drive to get the games for London.

### RECONVERSION NO PROBLEM AND YOU CAN SEE WHY

SPRINGFIELD, MO.—(AP)—The reconversion problem and there will be "no dislocation here at all" says Director Louis Reps of the Chamber of Commerce. The reason: "It's because we didn't get any big war industries—though we tried hard enough," he explained.

up the oat burner for a race, jogging the wrong way on the outside of the track. Hylan turned to look at the mutual board and tightened up on the reins and before he knew it Hopeworth Lee had crashed into a patrol judge's car parked in front of the judges' stand, climbed the hood and jammed his head through the windshield. The horse severed some tendons trying to get free of the windshield and had to be destroyed.

## 'Good Old Days' Back; Detroit Has First Million Gate

By JACK HAND  
 Associated Press Sports Writer

The good old days are back in baseball with Detroit counting its first million paid admissions, Bobby Feller about to shed his Navy blue for a Cleveland baseball suit and another knock-down, drag-out finale looming in the American League.

The league-leading Tigers beat Brooklyn to the punch by announcing their attendance had hit the jackpot at 1,020,492 Tuesday but brother Branch Rickey in Flatbush will be sounding the same tidings over the weekend and the New York Giants also have a chance to do the trick.

Feller's return to civilian life is expected to take place Wednesday with Rapid Robert slated to take the hill Friday night against the Tigers in his first pro start since 1941. The rumor waves also have it that Joe DiMaggio will soon rejoin the New York Yankees.

### Nats Amaze Fans

Washington continues to amaze the fans with a complete reversal of last year's form. It's about time somebody gave Ossie Bluege a hand for the job he's done on the Senators in transforming the "flop of 1944" into the surprise of the current campaign.

Bluege plugged a hole here and there, brought up a fine rookie in outfielder George Binks, recovered Eudie Lewis from the Air Force, and pepped up the mound corps to become a pennant factor.

Lewis' return can't be given too much credit in the Nats' success story for the former Air Force captain is hitting .345 with 12 extra base hits included in his total of 38 and 14 runs to his credit. He bashed a single, double and triple in Tuesday's 11-8 slugfest over Cleveland as the Senators pulled to within one full game of the front-running Tigers.

Bobo Newsom did his best to help out Washington, essaying the iron man stunt against his old Detroit mates but was rapped out of the box in both ends of the doublebill. Joe Berry came in to save the opener for Philadelphia, 7-6, in 11 innings. But he couldn't repeat when called again in the ninth of the second tilt after Newsom faded with the score tied and two men on base. Rudy York shot a single through short to break it up, 7 to 6, giving reliever George Caster his third successive win since joining the leaders.

### Ruffing Wins for Yanks

The New York Yankees continued to show signs of life after a miserable Western jaunt, trouncing Chicago's White Sox twice, 3-0, behind Red Ruffing, and 6-2 on a five-hitter by Al Gettel with the help of Charley Keller's first homer.

St. Louis missed a chance to gain ground on the leaders by splitting two with the Boston Red Sox. Nelson Potter gave the Borwnies the opener, 2 to 1, although they collected only four blows off Otis Clark, but Randy Hefflin beat them, 4-3, in a finale cut to five innings by rain.

The St. Louis Cardinals continued to chew away at Chicago's shrinking National lead, slicing it to 5 1/2 games as the teams wound up their last Eastern trip and headed for an important weekend meeting in Chicago.

### Holmes Hits 25th Homer

Charley (the Red) Barrett trimmed his former Boston mates for the second time in earning his eighteenth triumph, 8-4, for the Cardinals despite Tommy Holmes' twenty-fifth homer. Marty Marion helped the cause with four blows.

The Cubs had to content with an even break in their final series at the Polo Grounds when the New York Giants rallied for two in the ninth to top Claude Passeau, 4-3, on a squeeze play.

Brooklyn's dropped to within a half game of the fourth place Giants, bowing to Pittsburgh, 12-1, and the Phillies ran their longest win streak of the season to five in a night game 6-3 conquest of Cincinnati.

### SQUIRREL STORETH SEED, STATE REAPETH \$5,000

ALBANY, N. Y.—(AP)—Consider the squirrel: he storeth the seed and the State Conservation Department reapeth a \$5,000 harvest.

Workers raid red squirrel storage vaults for excess quantities of white pine seeds used in reforestation projects. This eliminates thousands of hours of climbing and saves at least \$5,000 in payrolls each season, the department says.

### ENJOY OUT-OF-SEASON FOODS ANYTIME!

Preserve thru Quick-Freeze—Meats, Poultry, Fruits, Berries, Vegetables, Fish and Game. Some Types Now In Stock

## BONDS WHOLESALE

211 East Wall

## All Members TEXAS STATE GUARD

Will Report at Armory  
 Friday Night, Aug. 24,  
 8:00 p. m.

For Special Instruction And Roll Call

Those unable to attend communicate with Capt. Osburn, 1st Lt. Hannaford or 1st Sgt. Spratt.

## Magic in the night

# Dorothy Perkins CREAM DELIGHT

It performs veritable magic on your skin while you sleep! Pat on Dorothy Perkins Cream Delight night cream before you retire... almost immediately you'll feel it caressing your skin. Your complexion will be fresh and glowing in the morning.

For young and normal skins use type No. 1. Treat drier skins to type No. 2

\$.100 and \$.200

## Georgia Tech's 222-0 Victory Tops All-Time Scores On Gridiron

DALLAS—(AP)—On Oct. 7, 1916, at Atlanta, Ga., Georgia Tech beat a team from Cumberland University of Lebanon, Tenn., 222-0. The greatest score ever run up in football annals. Tech made that many points in 45 minutes, too. The game was shorted by 15 minutes as the score mounted.

There have been many stories about that game. One of the most interesting is that told by Dean Gaudin, Dallas district attorney, who played quarterback on the Cumberland eleven. But Gaudin says Cumberland had no football team that year, hadn't had one for several seasons, and that by mistake an invitation from Georgia Tech for the game was delivered to a fraternity house. The fraternity boys decided it would be fun to play Tech so they went over there without informing Cumberland University authorities.

Georgia Tech didn't know Cumberland had discontinued football when it wired and also did not know that the team facing the rambling wrecks that day was made up of fraternity boys, only two or three of whom ever had played any kind of football.

### Flotania Wins 212-12

But be that as it may, Ed Olle, University of Texas business manager of athletics, played in a game back in 1921 that almost rivals the Tech-Cumberland frat debacle of 1916.

Ed was on the Flotania High School squad that year when it walloped Schulenburg 212 to 0. Olle kicked 28 points after touchdowns. He also scored three touchdowns giving him a total of 46 for the day. Henry Hurr, the team's quarterback rolled up eight touchdowns—48 points.

"Schulenburg was greatly improved the next year," Olle said, "We just beat them 90-0."

### Amarillo Has Good Record

Speaking of football records, Putt Powell of Amarillo News points to the fact that Amarillo High School in 17 seasons has lost only four games on its home field and wonders if that isn't tops in Texas.

Butler Field was built in 1923 and since then Amarillo has won 118 games there while losing four and tying one. If it didn't drop a game until 1935, never lost another until 1938 and hasn't lost another since 1939.

The current home-winning streak is 37 but the longest was from 1928 to 1935 when the Golden Sandies took 54 straight.

And here's a record that probably never has been equaled: Pvt. Don Cranfill, former Abilene Christian College athlete, pitched five softball games in one day for the 379th Regiment of the 95th Division in France, winning four of them. He chunked 37 innings in all.

Cranfill has come home to Abilene on furlough.

The United States paid two cents per acre—\$7,200,000—to Russia for Alaska in 1867.

## Miss Eva Mae Baker

Special representative of Dorothy Perkins, will be at our cosmetic bar for three days, Thursday, Friday and Saturday, for a three day demonstration of Dorothy Perkins Toilet Goods. You are cordially invited to consult her about all your beauty needs.

## Things are warming up... Have a Coca-Cola

...or throw another log on the fire

There's no surer way to make it a perfect picnic than to serve Coca-Cola. Have a Coke just naturally means What a swell way to spend an evening! It says Let's do this again! Indoors or out, the pause that refreshes with ice-cold Coca-Cola is the symbol of friendly feelings.

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY  
 TEXAS COCA-COLA BOTTLING COMPANY

You naturally hear Coca-Cola called by its friendly abbreviation 'Coke'. Both mean the quality product of The Coca-Cola Company.
