

Almost 2,000,000 U.S. Workers Idle

Yank Colonel Killed In Saigon Uprising

SAIGON, INDO-CHINA (Delayed)—Lt. Col. A. Peter Dewey of Washington, D. C., was killed and Capt. Joseph Coolidge of New Hampshire was seriously wounded by Annamese in disorders Wednesday.

The American officers, defending U. S. headquarters from a siege of three hours, killed at least eight natives in a series of incidents. As a result of the continued disorders, Field Marshal Count Juichi Terauchi, the Japanese commander, was placed under virtual house arrest.

Dewey, about 28, headed the American Office of Strategic Services delegation here. He was a former Chicago Daily News correspondent. Kin to Former President

Friends said that Coolidge, 28, is a distant cousin of former President Coolidge. Although seriously wounded, he was expected to survive.

In Washington, Col. Dewey's father, former Rep. Charles Dewey of Illinois, said that his son had served with both the Polish and American armies in World War II and had won a decoration for organizing French Maquis in Southern France.

(Stationed in Paris at the outbreak of the war as a correspondent for the Chicago Daily News, Dewey enlisted in the Polish Army as a lieutenant.

Later he returned to this country where he enlisted and served as an intelligence officer with the Air Transport Command in Africa and Arabia.)

San Andres Top High In Wildcat In S-E Terry

Woodley Petroleum Company No. 1 Preston, extreme Southeast Terry County wildcat, in northwest quarter of section 20, block C-41, psi survey, was making hole below 4,697 feet, in San Andres-Permian lime.

Top of the horizon was picked by operator from samples at 4,460 feet, on an elevation of 3,145 feet. Some geologists say the point could be as high as 4,450 feet.

On the basis of the 4,460-foot mark, the project is said to be one foot low to same operators No. 1 Gunn, a dry hole three miles northwest. It is 181 feet high to Magnolia Petroleum Company No. 1 Youngblood, an abandoned exploration about three miles southeast in Northwest Dawson County.

According to some correlations No. 1 Preston is 63 feet high to an old test, drilled by the old Illinois Oil Company dry hole about eight miles north. So far no indications of oil or gas have been encountered.

Another Slight Show Stanolind Oil & Gas Company No. 1 Mack Taylor, North Winkler County prospector to the lower Ordovician, in southwest corner of section 8, block B-2, psi survey, about one and one-half miles east of the Keystone-Elleburger field, in Devonian lime and chert, after a drillstem test at 8,081-8,135 feet.

The tool was open one hour. Recovery was 150 feet of slightly oil and gas cut drilling mud. No water signs were reported. The Texas Company No. 2 Lockhart, in northwest corner of section (Continued on Page Four)

House Committee Wants Large Navy

WASHINGTON—(P)—The House Naval Committee voted unanimously Thursday in favor of a postwar Navy having large fighting ships. It approved for House action next week a resolution expressing "the sense of Congress" that the postwar Navy should have not less than the following:

Three large aircraft carriers (Midway type, approximately 45,000 tons).

Twenty-four aircraft carriers (Essex type, approximately 27,000 tons).

Ten light cruisers (approximately 11,000 tons).

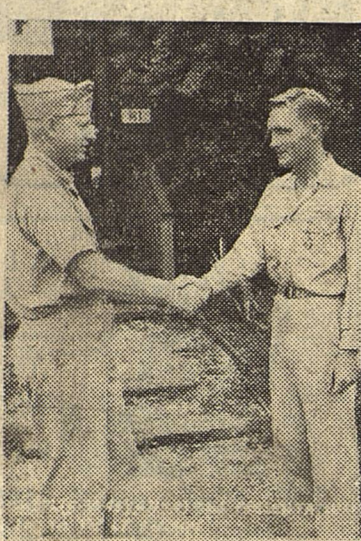

Seventy-nine escort carriers.

Eighteen battleships.

Three large cruisers, 31 heavy cruisers, 48 light cruisers, 367 destroyers, 296 destroyer escorts, 200 submarines, and "sufficient aircraft, auxiliary vessels, mine vessels, patrol vessels, landing craft, district craft, and drydocks to support the enumerated fleet."

The legislation has no binding effect other than to express the intention of Congress with respect to the future Navy.

Receives Award

Lt. Robert L. Filson, right, son of Mr. and Mrs. Paul C. Filson of Midland, recently was awarded the Distinguished Flying Cross for his services in the Pacific theater, where he completed 35 missions as a bombardier on a B-29. He has returned to the United States after having been overseas since February. He is being congratulated by his commanding officer.

Monopolistic Charges Made At Gas Meeting

KANSAS CITY—(P)—Charges of monopolistic practices by producers and distributors were voiced in the closing session of the Federal Power Commission meeting here Wednesday. Hearings on the natural gas industry will be resumed in Oklahoma City Oct. 9.

At the final session of the FPC's investigation of the natural gas industry, William Broadhurst, of Tulsa, vice president and treasurer of Helmerich & Payne, and C. P. Craft of Amarillo, Texas, representing the Northern Natural Gas Company, argued over what Broadhurst termed monopolistic practices of a few "favored producers and pipeline companies serving the Hugoton, Kas., gas field."

Broadhurst offered as evidence for his statement a contract which he said his company had been offered by the Argus Gas Company of Omaha, Neb., but which had not been accepted. He said it would have bought gas at about two cents per thousand cubic feet, two cents less than the price paid other producers.

Another Slight Show Stanolind Oil & Gas Company No. 1 Mack Taylor, North Winkler County prospector to the lower Ordovician, in southwest corner of section 8, block B-2, psi survey, about one and one-half miles east of the Keystone-Elleburger field, in Devonian lime and chert, after a drillstem test at 8,081-8,135 feet.

The tool was open one hour. Recovery was 150 feet of slightly oil and gas cut drilling mud. No water signs were reported. The Texas Company No. 2 Lockhart, in northwest corner of section (Continued on Page Four)

Ashes Of Executed Flyers Recovered

SHANGHAI—(P)—The ashes of three Doolittle fliers who were executed by Japanese were recovered Thursday, the U. S. War Crimes Commission disclosed, and several eyewitnesses told fresh stories of the shooting in an old Chinese cemetery at the edge of Shanghai Oct. 15, 1942.

Seizure earlier of court martial records which doomed the three Tokyo-bombing fliers had afforded America proof that the infuriated Japanese military had singled out the trio of airmen for discriminatory treatment.

Unconfirmed Reports Say Stalin May Clear Way For Solving Balkan Peace

LONDON—(P)—Foreign ministers of the United States, Britain and Soviet Russia planned a series of informal talks Thursday amid unconfirmed reports that Foreign Commissar Vyacheslav M. Molotov was waiting word from Moscow which might clear the way toward a solution of the Balkan peace issue.

The full council of Big Five foreign ministers was to take up again French proposals for internationalization of the Ruhr and Rhineland in the afternoon. In the interim the foreign secretaries of the Big Three powers were reported reliably to be discussing renewed Soviet demands to exclude France and China from participating in the discussion of Balkan treaties.

President Pleads For Jobless Pay

WASHINGTON—(P)—President Truman told House Ways and Means Committee Democrats Thursday the Senate had "let him down" on jobless pay liberalization and that he did not expect the House to do so.

Press Secretary Charles G. Ross, who talked with Truman after the President pleaded with 12 Ways and Means Committee Democrats to reconsider the committee's 14 to 10 vote to shelve the legislation indefinitely, told reporters:

"The President spoke vigorously. He said he stood pat on 26 weeks and \$25 (weekly for unemployment compensation). Expectations From House

"He said the Senate let him down and he expected the House not to do so.

"He said his views were fully outlined in his message to Congress and he stood by them."

Previously, Chairman Doughton (D-NC) of the committee refused to tell reporters about the conference, saying the President called it and it was up to him to talk. Asked whether the committee would have another meeting to reconsider its vote, Doughton replied: "If the committee wants it."

Hungary Accepts Recognition From U. S. Government

By A. I. GOLDBERG BUDAPEST—(Delayed)—(P)—Premier Bela Miklos of Hungary late Wednesday accepted a United States tender of recognition of his government in the form of an offer to negotiate a peace treaty. It was learned from a reliable source.

The American offer reportedly was made late Saturday, two days ahead of a recognition offer by the Soviet Union, in a note handed to Foreign Minister Janos Gyongyossy by Arthur Schoenfeld, heading the U. S. diplomatic mission in Hungary.

Although the move was understood to have followed conferences on a high level, Marshal Klementi Voroshilov, Russian occupation chief here, apparently was not aware of it until Sunday.

The American move was reported (London dispatches Wednesday) said it was learned that the United States was preparing to recognize Hungary. Such a move would eliminate use of the difficulties in the way of an understanding between the Soviet Union and the Western Allies on Balkan affairs.

So far as the British diplomatic mission in Budapest was aware, there has been no change in the announced British policy of regarding the present Hungarian government unrepresentative.

The American move has cleared the way for the forthcoming Hungarian elections, announced for November.

Cattle Brands Must Be Recorded At Once

Cattlemen were reminded Thursday by County Clerk Susie G. Noble they have only the remainder of the week to re-record their cattle brands, or face the prospect of losing them. Records show 112 brands have been re-recorded since the legislature passed a law in 1943 requiring the brands to be re-recorded by Oct. 1, 1945.

Allowable in East Texas May Be Pruned

AUSTIN—(P)—Further reduction of producing days in the East Texas field may be necessitated if employees of the East Texas Salt Water Disposal Company strike Thursday night, Railroad Commissioner Beaujard H. Jester said Thursday.

Jester said inability to return salt water to the producing horizon in the East Texas field would constitute waste and would threaten pollution of streams.

Unconfirmed Reports Say Stalin May Clear Way For Solving Balkan Peace

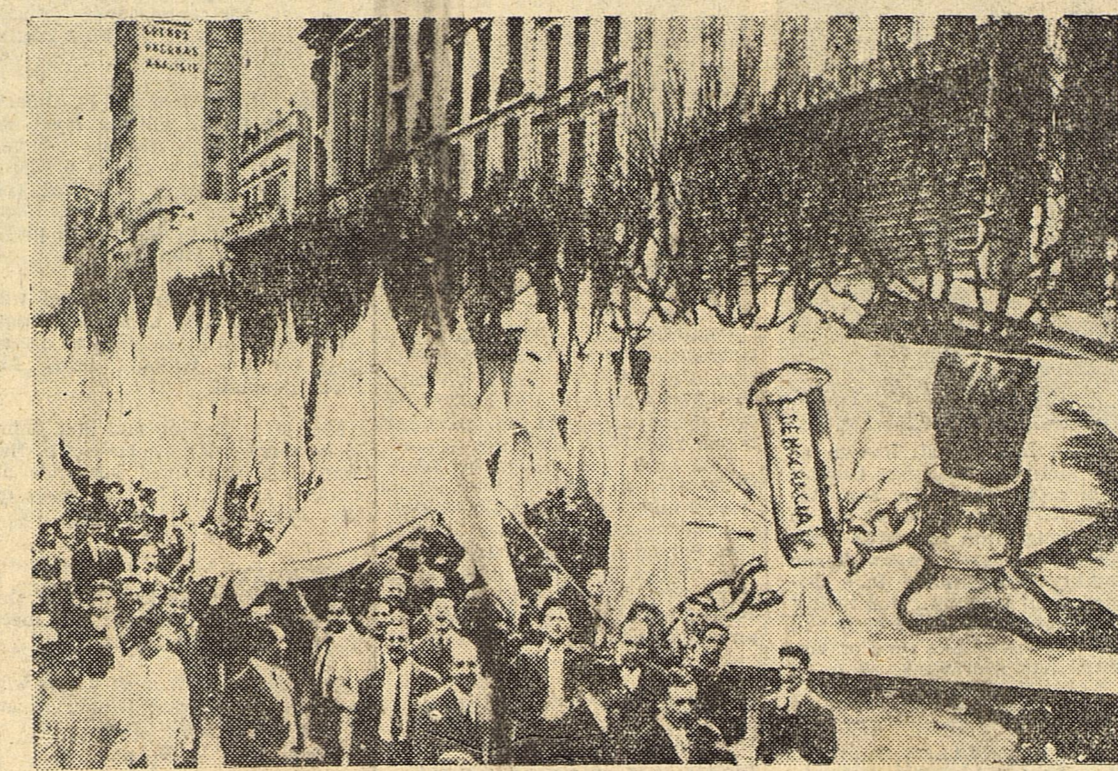

LONDON—(P)—Foreign ministers of the United States, Britain and Soviet Russia planned a series of informal talks Thursday amid unconfirmed reports that Foreign Commissar Vyacheslav M. Molotov was waiting word from Moscow which might clear the way toward a solution of the Balkan peace issue.

The full council of Big Five foreign ministers was to take up again French proposals for internationalization of the Ruhr and Rhineland in the afternoon. In the interim the foreign secretaries of the Big Three powers were reported reliably to be discussing renewed Soviet demands to exclude France and China from participating in the discussion of Balkan treaties.

There were indications that unless U. S. Secretary of State James F. Byrnes, British Foreign Minister Ernest Bevin and Molotov were convinced an absolute deadlock had been reached, they would keep the council in session until this obstacle to the Romanian, Bulgarian and Hungarian treaties was removed.

The fact that sessions would continue at least for a day or two more led informed observers here to believe that some sort of agreement on the problem was on the way.

Veterans Take Part In Oil Picket Lines

Campaign ribbons from every battle area are prominently displayed with posters as the CIO pickets the Texaco plant at Port Arthur, Texas, where some 50-overseas veterans took part in the picket lines.

Visit Causes Abdication Hint

By MURLIN SPENCER and MORRIE LANDSBERG TOKYO—(P)—Hat in hand, Emperor Hirohito shattered tradition by going to call on General MacArthur Thursday—(amid renewed hints of future abdication according to British Broadcasting Corporation reports).

Topics of their secluded 35-minute conversation before the U. S. Embassy fireside were not announced, but the mere fact the emperor came bowing to MacArthur's door "was the important thing," one American officer said. Such an event is new in Japan's rigidly dignified imperial history.

(The British Broadcasting Corporation in a broadcast recorded in New York by NBC quoted its Tokyo correspondent Douglas Willis as saying Thursday that it is "strongly believed that Emperor Hirohito expressed his will to abdicate" and that "the redrafting of the Japanese constitution (to permit abdication) already is taking place." There was no confirmation.)

The Japanese Central Liaison Office, to which all inquiries were referred, told the Associated Press that Allied headquarters and the Japanese government "reached an agreement not to disclose" the topics discussed. The Japanese spokesman said that he personally knew what the conversation included, but that he could not reveal it without MacArthur's permission.

Hirohito found his host wearing Army khaki and an open-throated shirt. The supreme Allied commander wore no tie and no medals. The call was informal. A spokesman acknowledged that the meeting was "fraught with significance" but emphasized it was arranged at the request of the emperor's representative.

The two shook hands and MacArthur greeted him with "good morning." They posed briefly for a picture, then moved to a settee where they began to talk. Sgt. James C. Pickett, Dallas, Texas, sergeant of the guards, said the general orders were effective at all times not to allow loitering in the vicinity of the embassy gates. However, correspondents and photographers numbering more than 50 were allowed to remain.

The emperor tipped his hat to a couple of soldiers with green helmets and bayonets. The whole show was over so quickly that correspondents got only a brief glimpse of the little ruler.

Further Cutbacks May Be Ordered In Texas Fields

AUSTIN—(P)—With Texas' oil allowable production already cut 400,000 barrels daily effective Oct. 1, the Texas Railroad Commission has said that further cutbacks logically would result if a nation-wide strike of refineries is called.

The Railroad Commission, Texas' oil regulatory body, put oil fields generally on a 12-day producing month in place of a 21-day month. Col. Ernest O. Thompson, commission member, said there was no point in letting oil "pile up on top of the ground, wasting and unwanted by anyone."

The situation remained unchanged along the Gulf Coast, except for the placing of pickets around three bulk stations in the Houston area.

President Accepts Crowley's Resignation

WASHINGTON—(P)—President Truman Thursday accepted the resignation of Leo T. Crowley as foreign economic administrator and as member of the board of the Federal Deposit Insurance Corporation.

The two shook hands and MacArthur greeted him with "good morning." They posed briefly for a picture, then moved to a settee where they began to talk. Sgt. James C. Pickett, Dallas, Texas, sergeant of the guards, said the general orders were effective at all times not to allow loitering in the vicinity of the embassy gates. However, correspondents and photographers numbering more than 50 were allowed to remain.

The emperor tipped his hat to a couple of soldiers with green helmets and bayonets. The whole show was over so quickly that correspondents got only a brief glimpse of the little ruler.

MAN IS JAILED ON BANK ROBBERY CHARGE

FORT WORTH—(P)—Roy Everett Wolfe, 40, of Fort Worth, is being held in county jail here in lieu of \$10,000 bond after being charged Wednesday with the \$20,240 robbery of the Prendergast-Smith National Bank of Mexia on Jan. 28, 1942.

EX-GI DROWNS AS BRIDE LOOKS ON HELPLESSLY PORT ARTHUR—(P)—Artie Foster, Port Arthur, Army sergeant recently discharged after 32 months in Pacific combat duty, drowned in a lake north of Beaumont late Wednesday as his bride of two months watched helplessly.

STRIKE HITS TRIESTE INVOLVING 250,000 WORKERS LONDON—(P)—The Belgrade radio Thursday said a general strike in Trieste involving 250,000 workers, had closed all banks, restaurants, hotels and transportation systems.

Tension Mounts Over Nation's Spreading Strife

By The Associated Press Tension mounted over the nation's spreading labor strife Thursday as the army of idle workers over labor disputes skyrocketed to near the two million mark.

The over-all labor picture was the worst in months. The strike list, below the 100,000 mark most of the year preceding V-J Day, bulged as hundreds of thousands of workers were forced off their jobs by disputes, some of them fresh outbreaks.

A quick survey along the troubled labor front showed: More than 1,850,000 workers off their jobs, some 370,000 idle by strikes, the others hit indirectly by the stoppages.

An apparent deadlock appeared in the Chicago conference of oil industry and CIO union leaders with federal conciliators amidst threats of a nationwide strike of oil workers which would add 250,000 more to the strike lines. Some 35,000 workers are on strike in seven states, demanding a 30 per cent wage increase.

For the fourth day New York City scuggled in the grip of a single strike which paralyzed business and industrial activity as an estimated loss of millions of dollars in trade and wage, and inconvenience hundreds of thousands. The strike by about 15,000 AFL elevator operators and building service employees threatened to spread.

Union Meet In Northwest Across the country in the Pacific Northwest where more than 60,000 AFL lumber workers are striking, a CIO union continued policy meetings but did not issue a strike call to its 40,000 workers.

Additional coal miners left their jobs in West Virginia and Pennsylvania bringing the total miners idle in the two states to more than 35,000.

In Detroit, plagued for months by strikes and shutdowns and currently having some 90,000 idle, CIO-United Automobile Workers representatives and Chrysler Corporation spokesmen made no comment as they recessed their conference on the union's demand for a 30 per cent wage increase for the company's 80,000 workers.

Governor Proclaims October As Special Victory Chest Month Governor Coke Stevenson, honorary president of the United Victory Chest of Texas, has proclaimed October as National Victory Chest month in the state. R. I. Dickey, Midland County chairman of the United Victory Chest, said Thursday.

The governor pointed out in his proclamation citizens are still under an obligation to complete the tasks to which the fund is devoted until every victim has become rehabilitated and every member of the armed forces has been returned.

"Texans are as strong in peace as they are in war," the proclamation declared. Midland County's Victory Chest quota is \$23,077 of which \$7,500 will go to finance the growing Boy Scout activities here, and \$2,500 will go to the Girl Scouts.

"The Victory Chest will play an important role in winning the peace as it has played in winning the war," Dickey predicted.

The campaign will open officially Monday with a breakfast for committee members and campaign workers.

Lions' Carnival Has Gala Opening A large and gala crowd turned out Wednesday night for the first session of the Lions Club carnival at Main and Texas streets where the Lions operated concessions, cooked hamburgers and sold drinks.

The carnival will continue through Saturday night with a Saturday matinee at 4 p. m. The night shows start at 7 p. m.

A parade through the business streets Wednesday afternoon led by the High School Band heralded the opening of the carnival. Profits from the show will go to the Lions Club charity fund.

Opera Singer Safe From Kidnap Plot ROME—(P)—Beniamino Gigli, opera singer, was reported safe at his home Thursday as Rome police sought an unidentified man suspected of plotting to kidnap him.

Crown Central Oil Refinery Shuts Down HOUSTON—(P)—The Crown Central Petroleum Corporation refinery began shutting down at 8 a. m. Thursday as a result of strike action by Local 227, Oil Workers International Union, a CIO affiliate.

Weather Partly cloudy Thursday afternoon with scattered showers. Partly cloudy Friday until about noon.

Strings On Loans

It is said that Premier Stalin would like the United States to lend Russia \$6,000,000,000 to help rebuild that war-torn country and raise its living standard. Final decision on such a request will surely require, as Senator Russell of Georgia has said, "a good deal more than snap judgment."

Congress may insist upon knowing how the money is to be spent before any rehabilitation loans are made to foreign governments. And it would seem reasonable that before any billions are lent to Russia, this country should have definite assurance that the Comintern will not be revived here.

Of course the Comintern is officially dead. But the American Communists quickly reverted to political action and their party lines after a spell of 103-percent Americanism which lasted only as long as Russia was involved in the European war.

America, being committed to free speech, has tolerated the American Communists long and patiently. It has protected them while they preached revolution and the overthrow of capitalism. One might safely guess that the Moscow government would have been considerably less patient with a revolutionary movement in Russia to set up an American capitalist system.

Whatever Communists in Russia or Socialists in England may say about capitalism, they cannot deny that the war products of America's capitalist industry helped their countries considerably during the war. Nor can they deny that the billions of capitalist America's dollars that their countries are seeking would be equally helpful now.

But what Russians or Englishmen say in their own countries is none of our business, even though their oratorical bites at the hand they hope will feed them can be somewhat tiresome and irritating.

The resumption of Russian support for American Communists' revolutionary activities, however, would be our business. For Americans to finance even indirectly such a program would be absurd, to say the least. It would be as if the goose in the fable had voluntarily contributed a few golden eggs to a fund with which the farmer hoped to buy an ax and kill the bird.

There is scant danger that American Communists will start a shooting revolution. But there is a legitimate fear that Russian support of their incessant sniping at our social system, at a time when Russia was rebuilding with the help of American dollars, would so righteously infuriate the American people that peaceful relations between the two countries might be jeopardized.

Americans have no quarrel with the Russian type of government for the Russians. If Premier Stalin and his people will maintain a like feeling toward us, lasting peace will have a better chance of becoming a reality.

Demonstration Club Is Organized Wednesday In Stokes Community

A new home demonstration club was organized by the women of the Stokes Community Wednesday afternoon at the home of Mrs. Marshall Head.

Officers elected to head the unit are: Mrs. Johnny Morgan, president; Mrs. Head, vice president; Mrs. W. M. Viamlett, secretary-treasurer; and Mrs. J. C. Brooks and Mrs. Bramlett, council delegates.

Plans were made for a club exhibit in the Midland County Fair to be held Oct. 29, in the City Auditorium, after which a demonstration on making dress forms was given by Mrs. Nettie B. Messick, county home demonstration agent. Refreshments were served by the hostesses to Mmes. Morgan, J. C. Brooks, L. C. Jones, Bramlett, E. P. Lawson and Messick.

The president announces a call meeting at 2 p. m. Oct. 15, to be held at the home of Mrs. Lawson. Members will complete plans for their part in the County Fair.

Sergeant Turner Is Now At San Antonio

KELLY FIELD—S/Sgt. John E. Turner, Jr., recently has been assigned to the San Antonio Air Technical Service Command, following his return from overseas where he served 34 months in the European theater of operations. He wears the ETO ribbon with four battle stars. He is the son of Mrs. J. E. Turner of Midland.

WTCC Referendum Season Announced

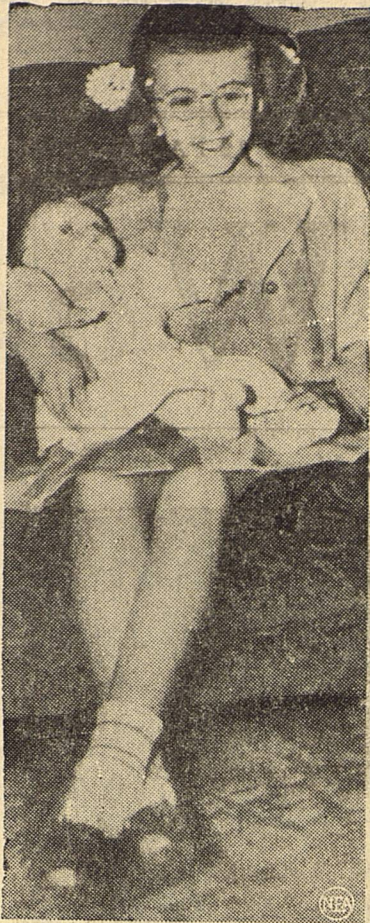

ABIENE—The annual referendum season of the West Texas Chamber of Commerce will get under way next Tuesday, and continue for five weeks.

Following the pioneering plan it inaugurated early in the war, the WTCC again is calling for referendum meetings in its 140 affiliated towns, at which directors and their local groups will vote on the 16-page ballot document containing proposed policies and work program for 1946. Touching off the referendum, the organization's officers and district directors will take the program straight to affiliates by conducting eight district meetings over the territory, during the first two weeks in October. A district meeting will be held Friday in Big Spring.

Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off unguilty weight and help bring back alluring curves and graceful slenderness. Just get from any drugstore, four ounces of liquid Barcol Concentrate. Add enough grapefruit juice to make a pint. Then just take two tablespoonful twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back-breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, graceful curves, return the empty bottle and get your money back. Midland Drug Co. and all other druggists.

Glass Bones

Patricia Masten, 11, known as the "girl with the glass bones," is pictured above in her Albany, N. Y., home where she is recovering from her 27th bone fracture in seven years. Their fragility is attributed to a deficiency in calcium. Practically every long bone in her body has been broken at one time or another. Latest fractures were in her back and ankle.

Mrs. E. A. McCullough Is Hostess At Social For Progressive Club

Members of the Progressive Study Club were entertained at a tea Wednesday afternoon at the home of Mrs. E. A. McCullough, 103 Club Drive. Entertaining rooms were decorated with arrangements of colorful seasonal blossoms.

The new course of study for the year, "People in the Play," was introduced.

Officers to serve the club are Mrs. McCullough, president; Mrs. E. A. Estes, vice president; Mrs. F. B. Whitaker Jr., recording secretary; Mrs. W. C. Kimball, corresponding secretary; and Mrs. Holt McWorkman, treasurer-historian.

Those present were Mmes. Estes, Norris B. Creath, John L. Hart, John J. Hill, Kimball, Lindsey Latham, McCullough, McWorkman, J. E. Phelan and Cecil Waldrep.

Bodies And Wreckage Of Plane Are Found

WICHITA FALLS (P)—The bodies of Harold W. McConnell, 36, and his wife, 23, were found Wednesday in the wreckage of a plane in a ravine 10 miles south of Petrolia.

McConnell, who is a flight instructor at English Field, Amarillo, and his wife had left Amarillo Monday night in a chartered plane to visit relatives here.

Arthur Wiest, foreman of the Dale Ranch headquarters, found the wrecked plane while inspecting cattle on the ranch.

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty urination, smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

Book Review Is Given By Mrs. L. G. Byerley At Fine Arts Club

A review of the book, "Mexico" by Stewart Chase, was presented by Mrs. L. G. Byerley at a meeting of the Fine Arts Club Wednesday afternoon at the home of Mrs. Fred Wemple, 504 North Lorraine.

Preceding the review, an outline of the year's budget and a treasurer's report was given by Mrs. O. J. Hubbard.

Members and guests present were Mmes. Byerley, Elliot Barron, Tom C. Bobo, Howard Hodge, Nelson Puett, Foy Proctor, W. Bryant, J. M. White, Hubbard, George Kidd, J. D. McCure, S. J. Lones, Harvey Sloan, B. R. Scharbarum, Jack Jones, Leslie Phillips, Joe Birdwell, Wilbur Brown, E. H. Ellison, Miss Lydia Watson and Stella Lanham of Washington, D. C.

Featuring the next meeting will be a review of the book, "The Pattern of Soviet Power" by Mrs. White. Mrs. Foy Proctor will be hostess for the session to be held Oct. 10, at her home, 2001 West Holloway.

This book was written by Edgar Snow who traveled all over Soviet Russia and was one of the American correspondents permitted to visit Poland and the Eastern front. The author got his information from first hand observations. He started writing his book in Moscow and completed it in Madison, Conn.

Young People's Society Of Lutheran Church Meet For Wiener Roast

Members of the Young People's Society of the Grace Lutheran Church were entertained with a wiener roast Monday night at Cloverdale Park. Misses Thelma and Velma Fletcher were hostesses.

Those present were Edward Synatsch, Lillie Rose Meissner, Betty Ramsey, Donald Francis, Thomas a Fletcher, Martin Synatsch, Melvin Meissner, Walter Francis, Herbert Synatsch, Marlene Buckman, Charles Lowke, Gus Synatsch, Martin Meissner, Edwin Ramsey, Ervin Bauman, Louise Synatsch, Marie Meissner, Gerhard Synatsch, Mrs. Charles Lowke, Mrs. G. Synatsch, Mrs. Fletcher, Rev. G. Becker and the hostesses.

Men, Women! Old at 40, 50, 60! Want Pep? Want to Feel Years Younger?

Do you blame exhausted, worn-out feeling on age? Thousands wonder at what a little pep they get with OTC's has done. Contains tonic many need at 40, 50, 60, for body old solely because low in iron, also supplies vitamin B₁, calcium, phosphorus. Low cost! Introductory size only 7c. Try OTC's "Pep" Tablets for new pep, younger feeling, this very day. For sale at all drug stores everywhere—in Midland, at Midland Drug

From where I sit... by Joe Marsh

Our town has heroes, too

Over at Thistle Ridge they're always boasting about their local heroes—ancestors in the Revolutionary War, congressmen, and an artist with pictures in the Metropolitan Museum.

Well, we've got our local heroes, too... There was old Doc Turner, who fought for years against the intolerance and bigotry that kept children from being vaccinated in our county.

And Deacon Follenby, who fought for free pews in the churches; Jess Hackney, who campaigned for teaching honest history in schools; Wedd Towers, who fought the encroachment of Prohibition in our county and persuaded folks they wanted tolerance and moderation in place of a return to lawlessness.

You won't find monuments to these folks. But from where I sit, they're heroes in a cause that's pretty sacred in our town: the cause of freedom, tolerance, and human dignity.

Society

Coming Events

FRIDAY

The Belmont Bible Class will meet at the Scharbauer Educational Buildings of the First Methodist Church at 4 p. m.

Mmes. B. C. Maley, J. D. Dillard and Leif Olson will be hostesses for the luncheon meeting for the Ladies' Association of the Midland Country Club at 1 p. m. at the Country Club. Golf is scheduled for 9 a. m. and bridge will be played during the afternoon.

Wives of military personnel will meet at 9:30 a. m. at the Salvation Army USO to make surgical dressings for the Midland Army Air Field Hospital.

Mrs. R. E. Reising and Mrs. John Ficke will entertain members of the Star Club and their husbands at a social at 8 p. m. at the home of Mrs. Ficke, 602 North Pecos.

SATURDAY

The Moment Musical Club of the Watson School of Music will meet at 11 a. m. at the studio.

The League of Women Voters will meet in the Private Dining Room of the Scharbauer Hotel for a luncheon at 1 p. m.

The Midland County Museum in the basement of the courthouse will be open from 2:30 to 5 p. m.

A bake sale will be sponsored by the Twentieth Century Study Club beginning at 9 a. m. at the Safeway Store.

Temperature Halts At 90 Degrees Here

Cloudy skies Wednesday helped hold the maximum temperature for the day down to 90 degrees, registered from 3:15 until 6:15 p. m. Thursday had a minimum temperature of 71 degrees at 4 a. m.

PLANS TO OBSERVE GIRL SCOUT WEEK

The initial meeting of the fall season for Girl Scout Troop 12 was held Wednesday afternoon at the First Presbyterian Church. As the opening part on the program, the group sang songs.

A review of the principles of Scouting, and an invitation to all girls between the ages of 10 and 14 to attend the next meeting Wednesday was given by Mrs. I. A. Searles, assistant leader.

Plans for Girl Scout Week, Oct. 28 to Nov. 3, were announced. In preparation for the activities for the week, the following committees were appointed: Window display, Camilla Birkhead, chairman, and Marilyn Little, Helen Joy and Christa Bell Feldelberg; posters, Lynn Griffith, chairman, Kathryn Mgdal and Janet Hoffer; general arrangements, Joan Turner, chairman, Ruby Lee Glenn, Betty Pitzer, Jane Beakey and Mary Ann Searles.

After a potato rolling race was held for the 12 members present, the group adjourned by forming the Friendship Circle and singing "Taps."

Mrs. E. P. Birkhead, who was present for the meeting, will assist with troop activities.

MRS. WANDA GIRDLEY IS PARTY HONOREE

Mrs. Wanda Girdley was named honoree of a shower Tuesday at the home of Mrs. Charles Akins, 903 West Kentucky. Hostesses were Mrs. Akins and Mrs. Thomas McMillan.

Refreshments were served by the hostesses to Mmes. Tisdale, Frinks, Peggy Troman, Girdly and Misses Callaway, Joise Voyone, Sammy Lee Guard, Patsy Pope, and Also Story.

RED CROSS PROGRAM WILL BE BROADCAST

Basil O'Connor, chairman of the American Red Cross, will address the nation over the NBC network from 9:45 to 10 p. m. CWT. The subject of his talk will be "Post-war Operations of the American Red Cross at Home," which will include the services of veterans as well as all other domestic services and the program overseas with the armies of occupation and in Civilian War Relief.

In his talk the chairman will outline the broad transition now under way as the Red Cross turns to emphasis of its peacetime program while at the same time continuing to fulfill the remainder of its wartime tasks.

Undergoes Operation Mrs. Jimmie Hoover is reported to be resting nicely after undergoing a major operation in the Lubbock General Hospital Wednesday.

WOMEN '38 to '52' are you embarrassed by HOT FLASHES?

If you suffer from hot flashes, feel weak, nervous, high-strung, a bit blue at times—due to the famous "middle-aged" period peculiar to women—try this great medicine—Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's Compound means Nature. It's one of the best known medicines for this purpose. Follow label directions.

ALL GREYHOUND SCHEDULES Change

New Improved Service

... Effective Oct. 1st

Better bus service begins now! Many long-planned improvements are being made... and one of the first is a return to normal running time for the big blue and white Super-Coaches. New time-saving schedules will get you to your destination earlier—to nearby towns or across the continent. New, additional schedules have been added on many routes. You'll have more room and comfort, too, for this stepped-up service will mean more seats available.

And Greyhound has other important plans for giving you finer highway travel accommodations—luxurious new buses... modern terminals and Post Houses... expense-paid tours for greater pleasure at the same low cost. They'll be part of your travel plans pretty soon!

Yellow Cab Looks Ahead To New Cars

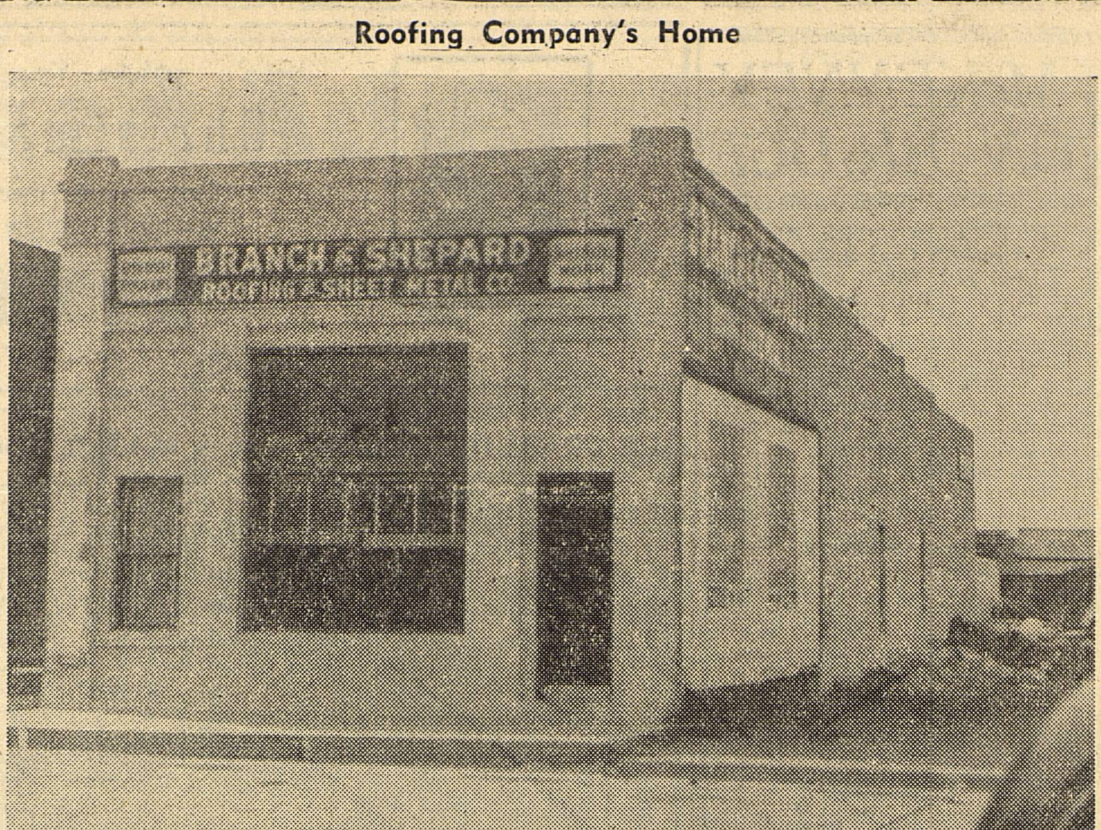

As new cars become available new vehicles will take the place of the automobiles being used now by the Yellow Cab Company, H. C. Watson, owner, said.

Until the new automobiles are available every effort will be made to keep the present fleet in the best of repair and safe for riders. The Yellow Cab Company has attempted to give its customers the best of service despite the trying conditions of wartime.

JayCeas Will Meet At Scharbauer Hotel

Members of the Junior Chamber of Commerce will have their bi-weekly meeting Friday noon in the Crystal Ballroom of the Scharbauer Hotel with Delbert Downing in charge of the program.

The Crystal Ballroom has been obtained for the meeting to accommodate the increasing attendance, the Rev. Hubert Hopper, president said.

The Branch and Shepard Roofing Company at 208 South Main Street has been in business here since May, 1939, installing and repairing roofs on Midland residences and buildings. Many Midland homes are warmer in winter and cooler in the summer because of insulation installed done by the concern. Sheet metal work is another service offered by the firm.

Midland Glass Company Carries Glass For Many Practical Uses

Glass is going to play a large part in the construction boom which is on the way, Q. M. (Shine) Shelton, owner of the Midland Glass Company at 1611 West Wall Street, predicts.

The use of glass brick in construction work is of comparatively recent origin but its popularity has grown so rapidly undoubtedly most of the business buildings of the future will use the glass brick to a great extent.

Use of glass brick in construction work serves the double purpose of being both practical and beautiful. The latest discussion of the use of glass brick is to build large office buildings with glass. Since glass does not conduct heat or cold as much as many other building materials use of glass brick would help to curtail fuel costs.

Another use for glass which is proving extremely popular among business men is the use of massive glass doors for their business establishments. Shelton pointed out the doors are beautiful, they permit night watchmen to see what is going on inside the store when it is closed, but most important, the glass doors have advertising value. Prospective customers can "window shop" for much more merchandise when they can see practically the entire stock.

Shelton has numerous booklets picturing and describing how glass can be used for home remodeling projects, adding new beauty and utility value to the home.

Mirrors Are Important

Mirrors play an important role around the home from both a practical and decorative standpoint. Properly placed mirrors can make a smaller room appear larger and more spacious, and a drab room can be changed into bright and cheerful one by the use of mirrors.

More and more home furnishers are turning to the use of glass tops for tables, vanities and dressers. The glass is inexpensive and is the best insurance in the world against beauty marring cigaret burns on furniture. The glass also protects the furniture from stains from spilled liquids.

Shelton said he will be glad to consult with citizens at any time as to how glass will help them, and he is always happy to show them booklets which show how glass can be used to the best advantage.

Higginbotham-Bartlett Company Has Quality Building Supplies

Since 1927 the Higginbotham-Bartlett Company at 211 West Missouri Street has furnished building materials and assistance which has contributed much to the growth of Midland.

The company carries as complete a stock of lumber and building supplies as market conditions will permit.

"We want our customers to obtain full value and benefit from the lumber and building supplies they obtain from us," Marvin English, manager, declared. "No sale is regarded as complete so long as there is something we can do to assist a customer in receiving the greatest possible service from the supplies we sell."

Sherwin-Williams Paints

As an indication of the quality of products carried by the Higginbotham-Bartlett Company the concern features the Sherwin-Williams line of paints. Sherwin-Williams paints have a reputation for being a long life paint which provides the maximum of protection for the surfaces which it covers.

Customers who do not require a paint which is as long lasting as Sherwin-Williams will find other brands of paints at Higginbotham-Bartlett which will provide maximum life and protection for the money.

Home owners who are planning on papering one or more rooms of their homes will find at Higginbotham-Bartlett an unusually large assortment of wall papers in a wide variety of patterns and qualities. No matter which paper is selected as to price, the value is there.

Valuable Service

One of the services provided by Higginbotham-Bartlett for which there is no charge is consultation and advice regarding building problems. The person who is building his first home particularly will find the advice and help of the experienced building experts at Higginbotham-Bartlett valuable.

Perhaps the prospective builder wants to know the best way of obtaining financing for construction of a home. He can obtain the information at Higginbotham-Bartlett. Perhaps he wishes to know some details as to the best methods of construction. He can obtain that information at Higginbotham-Bartlett.

"We invite the citizens of this section to consult with us at any time regarding their building and repair problems," English said. "We will try to assist them cheerfully and courteously."

Sanders Expert At Furniture Repairs

It is not always necessary to purchase new furniture in order to have a well and beautifully furnished home, J. B. Sanders, owner of the Sanders Furniture and Paint Shop, pointed out.

Sanders has taken many old pieces and rebuilt them into beautiful and luxurious new pieces, and at a fraction of the cost of new furniture. If furniture is soundly built it pays to have it worked over, Sanders said.

CAROLYN WORKS FAST

XII

THE STORY: Disturbed by the mystery telegram, Carolyn reveals the envelope, leaves it on Leana's desk. Then she investigates the shipment. The X-999 is to be carried in a freight car, accompanied by guards. The freight is held up, robbed, Bob is wild. But Carolyn calms him, "The stuff wasn't there. I took it out, myself."

BOB came to Carolyn's home because it was the quickest way for them to meet. She had snatched on the first clothes available and she literally ran into the night when his car swerved to the curb. He stopped halfway out the car door, hatless, his hair uncombed, wearing not even a coat or tie. His voice was a study in misery.

"Oh, Bob!" She tried to speak calmly. "The X-999 was not on that freight train! It is still safe here in the city!"

"I helped put it on myself, yesterday morning!"

"No! You put on dummy packages! Bob—listen, I know you don't understand, but Ken Palmer and I removed those inner leaden boxes and substituted rocks! Yes, rocks!"

"But Carolyn!" He was beginning to believe, at least to hope. He gripped her shoulders now.

"I was going to tell you but you were away all day yesterday. Ken and I did our work at 2 in the morning. The stuff is safe. I—Bob, I had a sort of tip. A hunch! Don't ask me any more yet. Just come on! Let me drive!"

She ran around to the wheel and when he had collected his wits again they were well out toward the Schoenfeld Laboratory.

WHEN they arrived she took him into the compound and to the

had returned, heard of the robbery and she rushed to Bob with every possible aid and sympathy. Carolyn left them at state police headquarters. She was strangely keyed up now. She even forgot to eat.

"I have to move fast!" she told herself.

She inspected her purse. Then she called a taxi, went to a bank and took out all the \$340 she had saved. Next she ordered a taxi driver to take her to the municipal airport, and there she made another business deal.

By noon her taxi driver had her back at the laboratory again, and when she alighted this time she smiled her sweetest at him and said, "I need a strong man to help me carry something."

"That's me, miss!" the driver answered with alacrity. "You want a trunk moved? I'll make room on the back rack?"

"Not a trunk, a box. And—I'd be ever so much happier if it went inside. On the seat itself. I—here!" She thrust a \$5 bill at him.

He grinned. "Lady, I'll carry the box in me teeth if you want!"

SHE asked two of the guards to help him. The box was small but astonishingly heavy. She explained, in partial truth, that it contained some leaden forms which Dr. Hale wanted moved, and some "other heavy junk." Her heart went bump-bump-bump double time during the whole loading procedure.

Some 40 minutes later she had transferred the box to an airplane, a powerful cabin ship now under her personal lease, with pilot awaiting orders. She told the pilot she would be back.

"We going after another box, miss?" her taxi driver asked as they drove away from the municipal airfield this second time.

"No. After a man."

"Himm-mmmmm!" He grinned. "Elopement, I'll bet!"

She sighed at that, in a much-needed relaxation. "I wish it were. Drive, how in the world does a self-respecting girl pursue a man?"

(To Be Continued)

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY
America's Card Authority

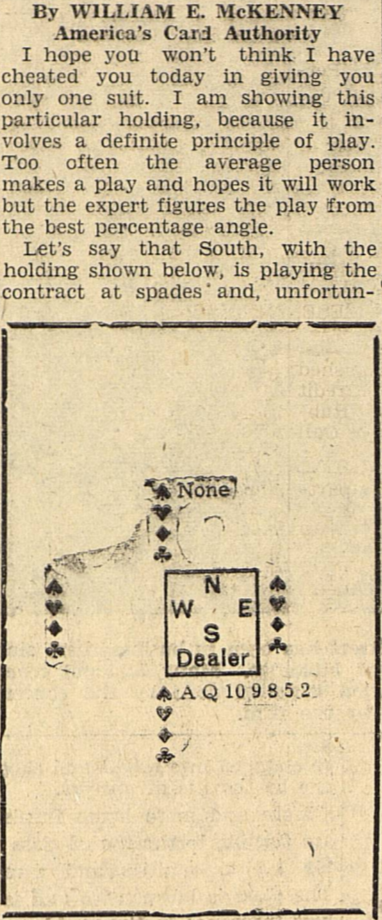

I hope you won't think I have cheated you today in giving you only one suit. I am showing this particular holding, because it involves a definite principle of play. Too often the average person makes a play and hopes it will work but the expert figures the play from the best percentage angle.

Let's say that South, with the holding shown below, is playing the contract at spades and, unfortunately, his partner has no spades. How should he play the suit?

If the spades are divided three-three in the opponents' hands, there is no way South can play them to avoid losing two tricks; but with certain distributions he may hold his loss to one trick.

The correct play is the ace of spades, followed by the queen. Of course this wins if the king happens to be a singleton, and it wins if the jack of spades is a doubleton in one hand. In other words, with four spades to the king in one hand, and the jack and a small spade in the other, you lose only one trick by playing the ace followed by the queen.

Small percentage plays like this bring home top scores to the experts.

BORN THIRTY YEARS TOO SOON

San Andres - Overseas Veteran, 17, Gets Discharge

Continued from Page One

tion 18-225-38e, on southwest side of the Drinkard field, in Southeast Lea County, New Mexico, was to core ahead from 7,552 feet, in shale, and granite wash.

In Granite Wash

A core at 7,546-52 feet, recovered six feet of shale and granite wash. There were no shows of oil or gas and no porosity in the material.

Gulf Oil Corporation No. 1 Hancock, Southwest Cochran County exploration in section 5, block L, psl survey, one and one-half miles east and one-half mile north of the discovery well at the South Plains pool, had progressed under 5,075 feet, in dry lime, and was continuing.

Gulf 8-E Keystone, in section 13, block B-2, psl survey, about two and one-half miles southeast of production from Ellenburger in the Keystone pool, in North Winkler County, had penetrated below 10,018 feet, and was going ahead in unreported formation.

Evans Drills Ahead

The Ohio Oil Company No. 1 Evans, in southwest corner of section 27, block 40, psl survey, in Southeast Winkler, had reached 6,900 feet, and was continuing, in dry lime.

Barnsdall Oil Company No. 1 Williams, in section 2, block 8, EL survey in West Lynn County, was drilling past 4,350 feet in San Andres lime.

Union Oil Company of California No. 1-A Williams, in section 7, block C-44, psl survey, three miles southeast of Seminole, in South Gaines County, was making hole under 5,165 feet, in lime. No shows have been reported.

Dr. Butler Resigns Columbia Presidency

NEW YORK—(AP)—Dr. Nicholas Murray Butler, in his last official address as president of Columbia University Wednesday called for a world moral code "to save mankind from suicide."

"This is no new appeal," said Dr. Butler, who becomes president emeritus of Columbia on Monday after 44 years as president. "Will it now be acted upon before it is too late to save mankind from suicide?"

L. H. Tiffan Returns With Army Discharge

L. H. Tiffan has received a discharge from the Army and returned to Midland after having been in the service since shortly after Pearl Harbor. He enlisted.

Tiffan operated a photographic studio here before he entered the service.

STAFF SGT. HAROLD BORDEN RETURNS FROM ITALY

Staff Sgt. Harold Borden, brother of Mrs. Eddie Blacher, has returned from Italy where he served with the Air Forces and has received his discharge from the Army. He plans to make his home in Midland.

DENMARK SINGER GETS INSIGNIA FROM KING

COPENHAGEN—(AP)—King Christian invested Lauritz Melchior, operatic tenor, with the insignia of Knight Commander of Dannebrog Wednesday night, after the singer performed at the royal birthday party.

NEW OIL FIELD IS INDICATED BY WILDCAT

NOCONA, TEXAS—(AP)—A new oil area for Montague County was indicated Tuesday in a wildcat well being drilled by the Venmex Oil Company a mile east of Belcher in the J. Y. Castillo survey.

Operators reported that in a 30-minute drill stem test gas showed in three minutes and oil started flowing into pits in 25 minutes. Saturated conglomerate appeared between 5,347 and 5,357 feet.

MIAMI AIRWAYS EMPLOYEES CALL OFF STRIKE THREAT

MIAMI, FLA.—(AP)—Contract negotiations between Pan American Airways and the Transport Workers Union of America (TWA) are expected to begin shortly after a threatened strike affecting 5,000 maintenance workers of the airline was called off Wednesday.

The strike threat was ended soon after Pan American announced here that it had obtained additional work for its Miami employees and the discharge of 500 ground workers Oct. 1 would not be necessary.

Highway Patrolman Urges Cooperation

Cooperation with peace officers by civilians, and an end to complacency were urged by Texas Highway Patrolman Russell (Rusty) Gifford in an address to Rotarians at their meeting Thursday noon in the Scharbauer Hotel.

He called attention to the danger of drunken driving and compared a drunken driver with a water moccasin as "both go toward a light."

Work of the highway patrol was outlined by Gifford who urged citizens not to poke fun at government, courts and their officers.

"Texans who don't pay their poll taxes and do their civic duty have no right to complain," he continued.

Gifford also urged motorists to keep their automobiles and trucks and tires in good condition so traffic accidents can be kept at a minimum.

R. O. Walker was program chairman and John B. Richards reported on the inter-city Rotary meeting in Lubbock Wednesday night.

Russell Gifford To Enter Tire Business

Texas Highway Patrolman Russell Gifford has resigned, effective Oct. 1, to enter the employ of the Goodyear Tire and Rubber Company. After a course of training, he will be stationed here with the Midland Tire Company.

SPORTS ROUNDUP

NEW YORK (AP)—Looking at the National League race by telescope, this department wouldn't be surprised now to see the pennant go to the Cardinals in spite of their tendency to let down after a couple of tough games. . . . That blowup the Cubs staged in the seventh inning Wednesday was the biggest of its kind since the recent Florida hurricane and teams don't recover quickly from that sort of thing. . . . It is quite possible that the Pirates now will proceed to beat the daylights out of Chicago and that the Cards will win enough games, with the aid of the undoubted lift they got from Wednesday's triumph, to barge into their fourth

straight World Series. . . . But the Cubs still have that game and a half lead and, if you recall, right after the Cards knocked off their most important rivals about a month ago, they went out and blew the duke to Pittsburgh.

Flies in the Ointment
Bill Nicholson's off-the-wall catch Wednesday ought to give the Senators' Clark Griffith a good argument for a rules revision. . . . Since Buddy Lewis "dropped" a fly Sunday, Griff has been arguing that the rule which covers that particular fielding play isn't clear enough. . . . Now he'll likely get some support from the other league.

Grid Ducats To Go On Sale At C Of C

Single game tickets for the Friday night football contest between El Paso's Aus'in High eleven and the Midland High School Bulldogs will be on sale at the Chamber of Commerce Friday.

School officials suggested to fans they obtain tickets at the Chamber of Commerce and avoid the congestion at the gates. . . . Apparently the defeat of the Bulldogs last week is not going to have any adverse effect on the attendance Friday night as numerous fans have been calling at the High School during the week to purchase tickets.

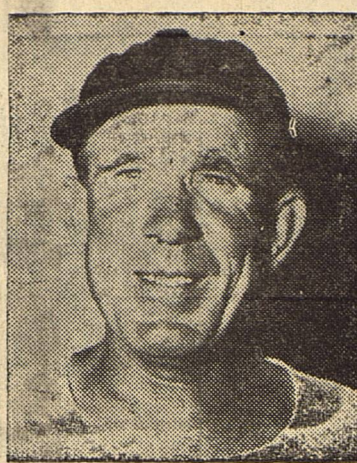

Five League Games On Week's Grid Schedule

DALLAS (AP)—Conference games are scheduled in four districts this weekend in Texas schoolboy football with one of them set for Thursday night when Woodrow Wilson, leader of the Dallas district race, meets Forest.

Friday night finds three other districts with conference games—Arlington Heights playing Fort Worth Tech in the Fort Worth district, Ennis clashing with Waxahachie and Cleburne meeting Bryan in District 10 and Tyler tangling with Henderson and Texarkana tackling Gladewater in District 11.

More than 60 games will be played over the state this weekend. One was run off Wednesday night when Jeff Davis (Houston) defeated St. Thomas (Houston) 13-0.

Austin Hi Coach

Charles (Red) Harris, men's coach of the Austin High School team of El Paso will bring his charges to Midland Friday night to play the MHS Bulldogs in a non-conference game.

Cincinnati Could Decide National League Winner

By JACK HAND
Associated Press Sports Writer

Cincinnati's forlorn Reds, a seventh-place ball club that never was a factor in the National League race, probably will decide the pennant duel between the Chicago Cubs and St. Louis Cardinals.

Two games with the Rhinelanders Thursday mean the difference between an early clinching or a last day finish for Charley Grimm's Bruins. Three Saturday and Sunday dates with the pesky Reds hold the key to Billy Southworth's hopes for a fourth straight St. Louis flag. The puncheon Redlegs have been a pushover for the Cubs all season long, dropping 19 of 20 meetings. So rank as one of the main reasons Chicago has been able to stay out front while losing 16 of 22 to the defending World Champs.

Bruins Hold Advantage
If the Bruins can maintain their pell and knock off the Reds twice Thursday, they would need only one more victory to be sure of a title even if St. Louis downs Pittsburgh Thursday night and sweeps its final three from the Reds.

But if the brow-beaten Cincys should kick over the traces and latten the Cubs twice while the Cards whip the Buccos, Chicago's 1 1/2 game lead would melt into an all-even tie.

Grimm protested Wednesday's 1-6 loss to St. Louis on the grounds that one umpire (Babe Pinelli) wasn't looking and another (Butch Henline) said he refused to change his mind despite an official reversal by Umpire-in-Chief Dusty Bergess, changing a double play into a St. Louis base hit.

After Whitey Kurowski opened the seventh inning with a single, Ray Sanders drove a long fly deep into right field that Bill Nicholson apparently caught as he hit the wall, rebounded and caught again on the rebound. Kurowski had waited half way to second, to see whether the ball would be caught and then sped to second, waving Sanders back to first. Nicholson whipped the ball to second base.

An original decision ruled a double play, prompting a Cardinal protest, and a reversal gave Sanders a hit and placed both men on base, resulting in a long argument climaxed by Grimm's official protest.

St. Louis went on from there to cement a 6-5 lead with five more runs as the Cubs fell apart. Ken Burkhardt who replaced Red Barrett in the fourth was the victor over Claude Passeau.

Detroit polished off its home business for the year by splitting a pair with Cleveland, winning 11-0 behind Hal Newhouser, and losing 3-2 to Steve Gromek, an old Detroit boy.

The results assured the Tigers of a tie for first, even if they lose their final two at St. Louis Saturday and Sunday. Meanwhile, Washington continues to practice for a phantom foe, its only hope a double Brownie victory forcing a playoff Monday or Tuesday.

That was the only business in the

Bowlers Start Off New Season Here

The inaugural games in Midland's city bowling league were played Wednesday night at the Plamor Palace with eight teams participating.

Firestone trounced the Jaycees three straight games, and King-Parrott bested Houston Hill's team two out of the three game set.

Roberson's Sinclair defeated the Weaver aggregation two out of three, and Sel's Standard knocked over for two out of their three games.

Immediately following the play representatives of the teams met and formulated rules for the season and elected officers.

Jack Mashburn was named president; Bill Farris, vice-president; and Lee Thorp, treasurer.

Coleman To Coach Bronches In 1946

ODESSA (AP)—Joe Coleman, former Odessa High School football coach who entered the Navy in 1942, will return as coach in 1946, the school board announced Thursday.

Clayton Hopkins, present coach, will be promoted to the newly-created post of director of athletics.

Lt. Fitting On Duty In Washington, D. C.

Lieutenant R. D. Fitting, USNR, of Los Angeles and brother of Ralph of Midland, is now on duty at the U. S. Naval Photographic Intelligence Center, Navy Yard, Washington, D. C., after serving in the Pacific Theatre for twenty months and participating in a long series of operations aboard First Line Aircraft carriers.

Story Of 36th Division In Pictures Prepared

WASHINGTON —(AP)—A pictorial history of the 36th Division is being prepared here at the War Department by veterans of that old Texas outfit. It'll be about the size of a college annual, with some 300 pages, and will contain a full story of the deeds of its men from the day they arrived overseas until the Nazis surrendered.

Transfers Of Training Activities Announced

FORT WORTH—Transfers of several training activities involving six air fields in the AAF Central Flying Training Command were announced Thursday by Lt. Gen. Barton K. Yount, commanding general of the AAF Training Command, Fort Worth.

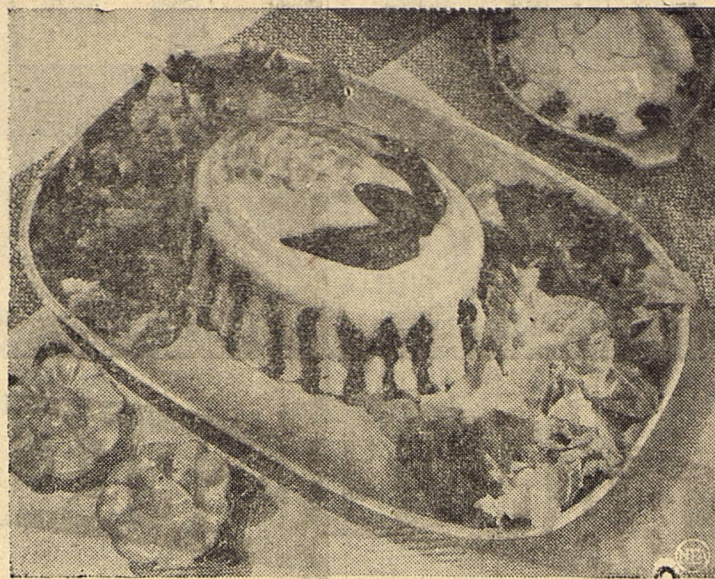

In preparation for the scheduled inactivation of Liberal Army Air Field, Kansas, the B-24 Pilot Transition Training conducted at Liberal will be transferred to Hondo Army Air Field, Texas. However, the B-24 Pilot Transition Training to Latin American students at Liberal will be completed there and not be involved in the transfer.

All of the Central Flying Training Command Advanced Twin-Engine Pilot Training will be transferred to Fort Army Air Field, Okla., in anticipation of the inactivation of Pampa Army Air Field previously announced.

All French students and U. S. Military Academy personnel receiving A-26 and B-26 Pilot Transition Training in the Central Flying Training Command will be concentrated at Frederick Army Air Field, Okla., where the date for inactivation has been extended to November 1. This will permit the scheduled closing of Laughlin Field, Del Rio, Texas.

The first official journey over what was to become the Boston Post Road was made in 1672, when Governor Lovelace of New York signed, sealed and delivered to a waiting post rider a letter to Governor Winthrop of Massachusetts.

New Dishes For New Era

Corn cob salad forms unusual supper.

By GAYNOR MADDOX NEA Staff Writer

V-J Day released the home-maker's imagination, gave her time and more food. So celebrate with a few new ideas and put more fun in your menus.

Corn Cob Salad

- (6 Servings) 2 tablespoons unflavored gelatin 1/4 cup cold water 1 10 1/2-oz. can cream of asparagus soup 1 1/4 cups milk 1/2 cup real mayonnaise 1/4 teaspoon celery salt 1/4 teaspoon pepper 1/4 teaspoon paprika 2 cups cooked corn kernels 1 teaspoon onion, grated 2 tablespoons green pepper, chopped 1 1/2 tablespoons pimiento, chopped 2 dozen cooked asparagus tips Green pepper strips Salad greens Parsley

Greyhound To Have More Bus Schedules

Greatly improved running time on schedules, plus additional service on most routes will go into effect over the Southwestern Greyhound Lines operations October 1, the date when wartime restrictions on intercity bus lines will be lifted, A. F. Baldus, general traffic manager of the company, announced.

All Greyhound schedules will be changed and operating time reduced effecting savings in time from a matter of minutes on short trips to several hours on longer trips.

Increased service in West Texas includes the addition of two through schedules daily from Dallas to El Paso, making a total of six through schedules daily.

Grated carrots baked in muffins gives them a delicious flavor and helps keep them moist.

Primer Smaller Than Aspirin Set Off Huge Fire Bombs

EAST ALTON, ILL.—(AP)—A tiny round primer only about half the weight of an aspirin tablet set off each of the M74 fire bombs that exploded in flames.

One pound of the detonator-type primers, one of the smallest and most sensitive pieces of war equipment, was enough for 2,500 bombs, its manufacturers now can disclose.

The little tool of destruction is 3/32nd of an inch high, 3/16th of an inch in diameter and weighs two and 8/10th grains. It was tailored to order for the bombing of Japan and named the M26.

Thanks to the design of the M26 and its fuse, the Army's 10-pound "goop" fire bombs, in which the primer was placed, would detonate regardless of the way it landed.

Three parts make up "the 26," a small metal cup, a delicate priming mixture and a disk of brass foil. A firing pin stabs the .0008-inch foil, according to Cih Industries' Western Cartridge Co. here.

This blasts out the priming mixture which, in turn, touches off the deadly synthetic lava in the 19-inch long bomb.

Despite the deadliness of its product, Western, one of the major makers of the new primer, operated its detonator department 412 days—1,511,698 man hours—without an accident.

Workers stood behind steel safety barricades while loading the primer by remote control.

The "goop," the portable lava package peltered down on Osaka, spreads 75 feet of hard-to-extinguish liquid fire. The M26 primer is its brain.

STRAIGHT AND NARROW

Authorities in an effort to keep the salmon running straight up the Avon river, England, have electrified water in the side streams, sufficiently to give wanderers a shock.

TROUSERS TABOO

Zulu girls are forbidden to wear trousers, on the ground of immodesty, by the South African national party. An extremely short skirt and a necklace are in good taste.

Food World's Your Oyster

Scalloped oysters are a welcome novelty.

By GAYNOR MADDOX
NEA Staff Writer
Oysters "R" back in season. Use them in stews, scalloped, fried in butter, or just as is with lemon, or with cocktail sauce. They are valuable as food, important as good

eating for all the family. Men like them.
Scalloped Oysters
(4 Servings)
1 pint Bluepoint oysters
2 cups rolled cracker crumbs (unsalted)
1/2 teaspoon salt
1/8 teaspoon pepper
1/2 cup melted butter or margarine
1/4 teaspoon Worcestershire sauce
1 3/4 cups milk
Arrange 1/2 of oysters in bottom of buttered shallow baking dish. Combining cracker crumbs, salt, pepper, and butter, tossing lightly to mix; sprinkle 1/2 over oysters. Arrange remaining oysters on crumbs. Add Worcestershire sauce to milk and pour over contents of dish. Sprinkle remaining crumbs on top. Bake in hot oven (45 degrees F.) 30 minutes, or until crumbs are browned. Serve at once.

Mahon Says GIs World Over Want To Get Home

WASHINGTON—(AP)—Rep. Mahon (D-Texas), said the thing that impressed him the most on a recent world tour, was the fervent desire of the GIs to get home.
Mahon was one of six members of the House War Department Appropriations Committee who arrived back at the Capitol Monday after a five-week tour of American military bases around the globe.
Mahon said "the delay of GIs getting home has aroused in some of them a resentment that has approached the 'point of bitterness.'"
The return of soldiers is complicated by the fact there are "acres and acres" of American equipment around the world which can't be abandoned, Mahon stated.
Other Congressmen making the trip were Reps. Snyder (D-Pa.), Norrell (D-Ark.), Case (R-S. D.), Engel (R-Mich.) and Tibbott (R-Pa.).

BLEACH IS FIRST MOVE IN MAKING AN AMPLE MOUTH

By ALICIA HART
NEA Staff Writer
A mouth as small as a cranberry with a dark fuzz on its upper lip, which reduces its apparent size, has a perfect right to look ample in this day when more mouth adds to a girl's attractiveness.
First thing the experts would tell you to do—if, like one of our readers you needed help—would be to bleach the fuzz. You can do that yourself with a prepared bleaching aid or you can ask your beauty-shop operator to give you a foamy white mixture of peroxide and ammonia to wear while you're getting other things done.
Next comes the make-up trick for scaling a mouth into better proportions with a face. This is accomplished by carrying lipstick beyond the lip lines. This cheating a bit to make a mouth ampler is such a commonplace artifice today that nobody is going to mind if you use it, too. But you can exercise more taste and finesse than the next girl by using a lip brush to draw on a more artistic mouth.

BURGLARS OPEN WINDOW AND STEVE GOT STUCK

CHICAGO—(AP)—For years Steve Dudas hadn't been able to open a rear window in his tavern. It was stuck tight. But burglars succeeded in getting it open, he told Marquette police.
They got into his establishment through the window but made their exit through a side door, taking with them a juke box, a radio, five cases of whisky and \$75.

CREAM SHAMPOO QUICKLY RESTORES HIGHLIGHTS TO LACK-LUSTER HAIR

TONI TUCCI: Gleams.

NEA Staff Writer
The lazy girl's dream of getting summer out of her hair can come true by simply combing out the bad effects of sun, salt water and chlorine.
If you think that's too easy an escape from summer's penalties, w-a-i-t. Hear out glamorite model Toni Tucci, who says cameras won't wait on tedious reconditioning. As a quickie, she uses a cream which can comb luster back into hair that looks as sun-dried as straw.
Calling it her "rave cream," Toni says it owes its spectacular performance to lanolin which, fused into a milky lotion, penetrates the hair shaft and revives luster from the inside out. Used as a hair-groom and combed in, Toni says silky sheen is coaxed back into every strand.
To whoop up luster all the way to the scalp, this glamor-wise model uses a soapless shampoo cream for washing her hair, and a tablespoonful of the liquid cream, dissolved into a pint of water, for rinsing. The pair of creams, she says, "literally turns on the lights" in a gal's hair.

RUMAGE SALE WORKER'S COAT GONE—BROUGHT \$2.50
SPRINGFIELD, ILL.—(AP)—Mrs. Albert Wike arrived a little late at the rumage sale sponsored by the Luther Memorial Church, tossed off her coat and pitched in to help the women.
After the last garment was sold, Mrs. Wike couldn't find her coat but one of the sales clerks remembered selling one Mrs. Wike described as hers for \$2.50.
Mrs. Wike is looking for the purchaser. Her garment, she said, was comparatively new.

NOT ALL CANDY Licorice is thought of as a confection, but more than one-half of the licorice used in the United States is utilized in the tobacco industry, with the balance used for candy and drugs.

Atcheson In Hot Spot As Adviser To Gen. MacArthur On Occupation

By DOUGLAS LARSEN
NEA Staff Correspondent

WASHINGTON—On December 12, 1947, George Atcheson stood with 72 diplomats, correspondents and crew members aboard the American gunboat USS Panay, when Jap bombers sank the vessel in a furious and wholly unexpected attack. He escaped in a lifeboat strafed by Jap pilots.

The spot he was in that day was lukewarm by comparison with the hot spot to which he has just been assigned as State Department political adviser to Gen. Douglas MacArthur in Tokyo.

Modest and soft-spoken, Atcheson takes over without ever having been stationed in Japan before and without ever having met the General. The job makes him the top American civilian official of the occupation forces.

His rise in the Foreign Service has been unspectacular but steady. His foreign assignments have all been in China, Chinese diplomats

hold him in high regard as an astute, dependable official. During his many years in various assignments in China, Atcheson has come to know personally practically all important military and state officials there.

Jap Problems

For a high-ranking State Department official, he speaks with surprising frankness. He has a shy friendliness which is almost Oriental in manner. He should have no trouble getting along with MacArthur's dominant personality.

Problem No. 1 in Japan, Atcheson thinks, is food. The islands cannot feed the population. Air raids have damaged much of the food stocks and shipping has gradually been eliminated by the U. S. Navy. It is a question, he says, of allowing some Jap industries to keep going and to produce something to trade for food, or of Uncle Sam footing the dinner bill for the Nips.

Next to that, he thinks the biggest job will be setting up a government which will honestly try to live up to the terms of the Potsdam agreement, and to start re-educating Japanese children to want peace. Although Atcheson knows only a few of the Nip diplomats, he has been a close observer of the growth of Jap imperialism.

It was with a wistful shake of his head that Atcheson said he would have to leave his wife again. His work has kept them separated many years. He has a son who is a Navy Air Cadet.

Steady Climb

Born in Denver, Col., Oct. 20, 1896, he attended high school in Oakland Calif., and was graduated from the University of California. Then followed a short spell in newspaper work, until World War I found him in an Army school as instructor. After that he went to China to start his steady climb.

Associates describe him as a methodical, practical worker. He has developed a keen insight into the Oriental mind and has hundreds of friends in the Orient. Steady, hard work has won him his promotions. He is for quick prosecution of Jap war criminals.

Exactly what Atcheson's day-to-day schedule will be in MacArthur's headquarters hasn't been made clear. MacArthur is known to have a mind of his own on practically every question. Atcheson's amiable, friendly personality, coupled with his reputation in the East as a sincere, reliable diplomat, will be invaluable to him in meeting his new tasks.

Three Doolittle Flyers Executed By Japs

The War Department disclosed Wednesday that 1st Lt. Dean E. Hallmark of Dallas and two other of Gen. Doolittle's Tokyo raiders of 1942 were executed by the Japs. Murdered along with Hallmark were Sgt. Harold A. Spatz of Lego, Kan., and 1st Lt. William G. Farrow of Washington, D. C.

Debt So Big Congress Can't Chop Off Much From 1946's Taxes

By JAMES MARLOW
WASHINGTON—(AP)—You and the public debt. Any connection? Sure.

Congress soon starts to whittle down taxes for 1946. The size of the cut you get will be tied right in with the public debt.

The debt's so big Congress can't chop too much off next year's taxes. The government needs a lot of revenue to pay off the debt, or part of it.

It won't be able to pay off the full debt for many years to come, if ever.

It can't even start to decrease the debt until its revenue exceeds its expenses. And that won't happen next year.

This is an explanation of the debt. How it works, how it got that way.

When the government's expenses are greater than its income—its income is mainly from taxes—it has to borrow money.

It borrows by selling bonds—war bonds are an example—to you and banks and institutions.

It has to pay interest on those bonds until it's time for the bonds to be cashed. Then it has to pay the full amount of the bonds.

It may have to sell new bonds to borrow more money to pay off on the old bonds.

Expense Exceeds Income

In fiscal 1946 the government expects to spend 67 billion dollars. Through taxes it will take in 36 billion. That leaves expenses exceeding income by 31 billion.

But the Treasury at the start of fiscal 1946 had on hand 25 billion. That 25 billion, subtracted from the 31 billion, still leaves an increase of 14 billion in the public debt.

Government experts figure this: If we didn't try to wipe out any of that 273 billion debt—but just paid the interest on it—it would cost the government 5 or 6 billion dollars a year.

You ask: "Why do we have to spend 67 billion dollars in 1946? Isn't the war over?"

Yes. But the fiscal year of 1946 started July 1, 1945. We then still had a month and a half of the war with Japan which ended Aug. 14, 1945.

Between now and June 30, 1946, we will have to:

Pay millions of men in the armed services, feed them, clothe them, transport them; pay veterans benefits; mustering out pay; pay for some war contracts, like ships now being completed; pay on terminated war contracts; pay money into an international bank; and run the government.

Army Studies New Rival To Penicillin

AP Newsfeatures
WASHINGTON—Streptomycin—new rival to penicillin in the "wonder drug" class—is being studied by the Army Medical Department as a possible aid to sick and wounded war veterans.

The new drug shows possibilities which may prove as important to the medical profession as was the discovery of penicillin," says an Army statement.

As was the case with penicillin, production of the drug is slow and tedious, and it will be some time before it is available in any quantity.

Strepptomycin is a killer of "gram-negative" bacteria, such as pneumococcus, streptococcus, staphylococcus (pus-former), gonococcus and syphilis.

Brigadier General Hugh J. Morgan of the Surgeon General's Office says that while the new drug is still in the laboratory stage, some is being produced and small quantities are being made available to the medical department for experimental purposes.

As was the case with penicillin, production of the drug is slow and tedious, and it will be some time before it is available in any quantity.

Market Puzzle Of Muscadine Grapes Solved In Georgia

AP Newsfeatures
ATLANTA—The muscadine, a tangy grape with a rare bouquet, grows wild in Southern woods, and is cultivated, too.

But it's tied close to home. It loses its flavor and bouquet to overcooking when canned. It mashes too easily to be shipped.

But soon you may be eating muscadine ice cream, muscadine pies and shortcakes, or any number of other foods flavored with muscadine, for a way has been found to process these grapes on a commercial scale.

The answer is blanching and quick-freezing, and agricultural experts say the raising of muscadines for market may now become a profitable source of income for southern farmers.

As far back as 30 years ago Dr. H. P. Stuckey, director of the Georgia Experiment Station, began plant breeding and productivity of native muscadines.

This has resulted in a heavy-bearing plant which is now being distributed to the state's farms.

THIS DOG WAS CHOOSY OF COMPANY HE KEPT

KANSAS CITY—(AP)—"Butch was the strangest of all," Col. Thomas G. Corbin said in describing to folks at home the pets his unit had overseas.

"He was a brown mongrel picked up by a gunner and inspired with a disdain for officers," Corbin said. "Except for the insignia, it seemed to us that every man in the group, 4,000 or more, were the same kind of outfit. Butch might meet two relative strangers to him, one a lieutenant, the other a private. He would come up, tail wagging, to get a pat from the private, but if the lieutenant put out his hand, Butch shied away."

NOW HE DIDN'T SHOW HIS APPRECIATION

BOISE, IDAHO—(AP)—Fireman Howard Swope mounted an 85-foot rescue ladder while citizens applauded his daring feat of mercy.

But the object of the rescue, atop a utility pole for three days, had a strange way of saying "thanks".

Swope descended with a profusion of lacerations. "I never do see anything quite so mad," he said, as a large yellow tomcat leaped from his arms.

You'll see the Heart of Your Dream Kitchen

Someday soon... here at your family store you will find the Leonard Home Appliances for the efficient, convenient, sparkling dream kitchen you've always wanted!

For instance, the gleaming white Leonard Refrigerator with its special zones of cold for all the foods you serve. A spacious frozen food compartment will keep your meats and vegetables for weeks at a time... while a gleaming glass enclosed section will preserve your greens fresh and crunchy crisp in moisture-fresh air... and you'll agree that at last you've found the heart for your very own kitchen!

And you'll find here the new Leonard electric range—your obedient, automatic cooking servant—that will provide you with hours more leisure time. You pop in the food, set the timer and return hours later to a meal ready to serve, cooked to perfection.

And last, but not the least is that miracle of your dream kitchen—the new Leonard Home Freezer. Compact, yet with all the storage space you'll ever need, it means out-of-season luxuries with their mouth-watering flavors... always frozen-fresh... all year 'round.

Yes... the home appliances meant for you will be here at your family store. And we will let you know the minute they're here... for we are headquarters for the Leonard Appliances in this district... the appliances that will make the "Kitchen Meant for You!"

Navigation Training To Be Consolidated

RANDOLPH FIELD—Consolidation at Ellington Field, Houston, Texas, of the entire student navigation training program of the AAF Central Flying Training Command, formerly conducted at four training schools in Texas and Louisiana, was announced by Major General R. G. Breene, commanding general.

All student personnel now receiving navigation training at San Marcos Army Air Field, Texas, and at Selman Field, Monroe, La., who have indicated a desire to remain in the post-war Air Force, will be immediately transferred to Ellington Field to continue their training.

All other personnel assigned to San Marcos Army Air Field and Selman Field will remain at these stations. The Central Flying Training Command has not been informed as yet concerning the future utilization of these two stations in post-war Air Force plans.

General Breene's announcement, following last week's revelation that five training schools of the AAF Central Flying Training Command will be inactivated within the next few weeks, marks another step in the orderly reallocation of activities in the AAF Training Command's vast training program, which at its peak numbered hundreds of schools located all over the nation.

Hondo Army Air Field, Texas, which was also a navigation training school, was recently converted into a B-29 Flight Engineer training school.

U. S. SAILOR AVOWS TO EFFICIENCY AMONG THIEVES
PHILADELPHIA—(AP)—Yeoman 3/C Earle C. Lenhart told police—As a footpad dashed away with his wallet, a second man approached but disappeared when the fleeing thief yelled back: "Don't bother him. I already got his money."

Successful Teen-Ager Finds Poise Comes With Developing A Talent

MARILYN DAY: Young, poised.

By ALICIA HART NEA Staff Writer
A teen-ager can slide gracefully through the clumsiness of adolescence if she gives her ego the boost it needs to bolster self-confidence.

thing well. She learned to sing—well enough to star on radio's "Dinnering Show."
You may not care a hoot about singing. "But what about dancing?" Marilyn asks, reminding you that it builds self-confidence on two counts.

Her tip—and good advice this is, too—is to take lessons with a group. "You will be, as I was," she says, "stimulated by other girls who work toward the same goal, whose triumphs prod you to do better, and whose discouragements will make you realize that you're not alone in yours."

Texas Couple Plans To Adopt Russian 'GI', 11

PORT ARTHUR—(AP)—The W. H. Denlineers of Port Arthur like children. They sent one boy to war and may get two back.

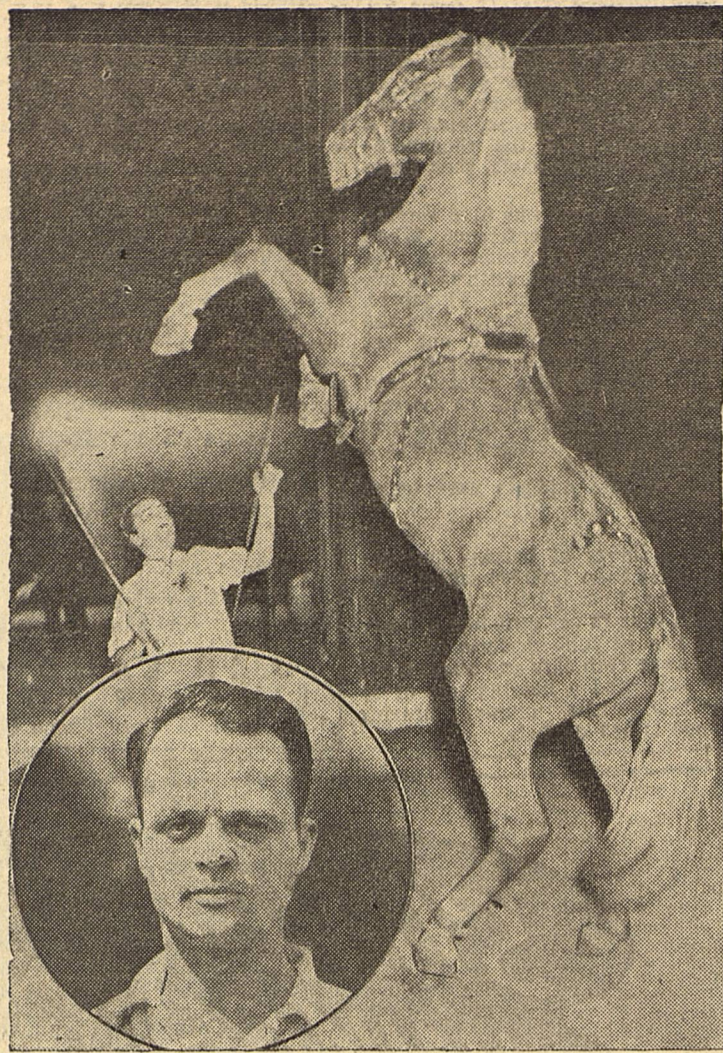

Their own boy, Pfc. Donald J. Denlineer is due home soon. And he may bring a little Russian orphan his company rescued and adopted. The boy is 11, had been a prisoner of the Germans despite his age, and had been in rags when found.

The Americans took care of him, made him a GI uniform, and today he is on post and proud that the Denlineers have to call him down for taking too many showers.

He speaks Russian, Polish, German and some English and French. The Denlineers wrote their son, begged him to bring the boy to Texas for adoption.

Add mint leaf to a can of peas to make them taste like fresh peas.

Noted Horse Trainer Coming

Paul Nelson, probably the youngest and most successful trainer of pedigreed horses in the circus world, will be seen when Cole Brothers Circus plays two performances Saturday at the circus grounds just west of the city limits on Highway 80.

Texan Was Honor Guest At Surrender Representing Liberated U. S. POWs

AT A NAVAL HOSPITAL ON GUAM—An honored guest at the historic Sept. 1 surrender ceremonies aboard the battleship USS Missouri in Tokyo Harbor was Lee C. Shaw, 22, motor machinist's mate, second class, USN, whose sister, Mrs. C. A. Pepper, lives in Satalin, Texas.

Honored by Allied generals and admirals because he represented the thousands of Allied prisoners-of-war liberated from Jap prison camps, he was interviewed on Guam while awaiting transportation to the States. Shaw told of going aboard the Missouri in a suit of borrowed whites to be greeted by General of the Army MacArthur, Fleet Admiral C. W. Nimitz, Admiral William F. Halsey, British Admiral Sir Bruce Fraser and other officials.

He then was given a card, emblazoned with a Rising Sun set by the signatures of MacArthur, Nimitz and Halsey, "certifying the presence of Lee C. Shaw, USN, at the formal surrender of the Japanese forces to Allied forces."

"I was kinda scared when Admiral Halsey came up and asked me what I wanted to do most, now that the war was over," recalled the Navy submariner who survived 28 months of Japanese cruelty in prison camps.

"Saddle Horse For Admiral"
But the Admiral laughed when I said I'd like most to saddle that white horse for him.

When his submarine was lost in the Malacca Straits, Shaw and his shipmates were dragged aboard a Jap corvette and clubbed with rifle butts.

"It was on the Jap liner Asamama, Maru that we got a real beating."

They told us that we'd sunk their sister ship and then lined us all up and punched us. By that time I only weighed 97 pounds, after living on Jap beatings, and I went down pretty easy. But they pulled me up for more slugging."

Fortured In Camp
Then to the infamous Ofuno camp near Tokyo for torture and questioning and captive treatment rather than prison-of-war status.

In December, 1943, the submariners were shipped to Omori camp and put to stevedoring work in railroad yards.

"If they weren't so savage, you'd think the Japs were a bunch of stupid brats," he said. "I once absent-mindedly screwed my name in a box-car in the yard. A B-29 came over later and the Japs beat me for 23 days because they said I'd been trying to give information to the enemy."

Transferred to Sumedagawa submarine camp on eastern Honshu in December, 1944, Shaw endured further Jap brutality until released Aug. 30, 1945, "on my 22nd birthday." Shaw said that he will stay in the Navy "which didn't let me down."

Thieves On Job Early, Steal 1946 Model Truck

KANSAS CITY—(AP)—Someone's ahead of his neighbors—he has the first 1946-model vehicle stolen in Kansas City.

Police said a 1946-model Dodge 1/2-ton pickup truck with only 26 miles registered on its speedometer along with 25 new tires was missing. The truck had no rear fenders, no license plates and was the first 1946 car reported stolen in Kansas City, they added.

Margarine was first made by a French chemist in 1870.

West Coast Fights To Hold War-Time Gains Made In Industry Development

By DOUGLAS LARSEN NEA Staff Correspondent

LOS ANGELES—With Western optimism, the Pacific Coast states are determined to consolidate and improve their wartime industrial gains.

A tour of California, Washington and Oregon reveals robust confidence in the prosperous future of the West, from the common laborer who migrated here to state officials and industrial leaders.

Some eastern circles had feared widespread unemployment which would occur in California, especially, when its fabulous airplane plants and shipyards closed.

ably more workers migrated here for war jobs than to any other state. But the unemployment problem so far is not serious.

Thousands of workers laid off when Government contracts were cancelled are being gobbled up by man-hungry agriculture, mining, and other peacetime industries. In fact, these employers aren't getting the discharged workers fast enough. Many workers are taking a vacation, living on their savings, looking for an attractive permanent job. Only a trickle is flowing back eastward to their home states.

A riveter from the Douglas plant in Santa Monica who had just received his last pay check put it this way:

"Leave California? Not me. I've saved enough to keep me going for a year. I'll look around 'til I find something I want to do and everything is back on its feet. There are plenty of possibilities here. More than going back to farming in Oklahoma."

See Shift in Trade

An owner of a drug store in Beverly Hills said: "We've seen the end of domination by the East Coast. With Europe in ruins and the Japs licked once and for all, trade will shift to the Pacific. We're prepared to take it."

In 1944 California led all states of the nation in cash farm income. With the advances in air cargo transportation which are expected, farmers here will find an expanding market for their fruits and vegetables.

But the big businessmen of the West are counting most on industrial expansion. And what Henry Kaiser will do in the postwar period seems to be the answer to many of their problems. Their first hope is that he can keep steel production going in the West and expand it. They think if this basic industry can be pegged here, industry will continue its wartime western trend. Kaiser is doing all he can to keep his big steel plants operating.

Kaiser is still operating the plants as Uncle Sam's agent but he and the Reconstruction Finance Corporation are quite a distance apart on a fair basis for financing the manufacturer's purchase of the massive works. Jesse Jones' first proposal made Kaiser gasp for breath but he is reported optimistic that he may be able to diminish the price down to something he thinks he can finance without too much pain.

No Atom Threat Seen
In Washington and Oregon, leaders are expecting hydro-electric powers to attract many new peacetime industries. They aren't worried yet about the threat of atomic energy as a competitor.

Lumber in the Pacific Northwest is still the big thing. All the lumber industry needs here to set production records is manpower. Never before in history has the nation needed wood more than it does right now. Industrial demands for business and home construction for the next 20 years are expected to keep the lumber industry operating at peak.

Pacific ports are vinking in terms of expanded trade with the Far East and Russia. Seattle is an ideal center for global aviation. Mining is expected to expand when the war ends. Mining of war minerals such as chromite, copper, iron, lead, manganese, quicksilver and tungsten may slump but experts believe this will be more than offset by an increase in normal mining and new uses for these "war babies" in alloys or other metal products.

And to other West Coast natural resources must be added the vigor and enthusiasm of the people.

PIN-WORM ITCH MAY THREATEN YOUR CHILD'S HEALTH

Don't let your child suffer a single needless minute of distress with Pin-Worms! Recent medical reports reveal that an amazing number of children (and grown-ups too) may be victims of Pin-Worms—often without suspecting what is wrong. So watch out for the warning signs—especially the tormenting, embarrassing rectal itch. Because now you can and should do something about it! A highly effective way to deal with this ugly infection has now been made possible. It is based on the medically recognized drug known as gentian violet. This special drug is the vital ingredient in P-W, the Pin-Worm tablets developed in the laboratories of Dr. D. Jayne & Son. P-W tablets are small and easy to take, and they act in a special way to remove Pin-Worms. So, if you suspect Pin-Worms in your child or yourself, get a box of JAYNE'S P-W right away, and follow the directions. Ask your druggist: P-W for Pin-Worms!

SEEK NO MORE MY LADY For Here's the Blend of Perfection DELICIOUS, SATISFYING... INVITING IN AROMA Admission Coffee is regularly enjoyed by more people than any other blend in the Southwest. Its heart-warming goodness, luxurious flavor, and energy-giving richness have made it a best-seller everywhere. No wonder it's called the "blend of perfection." No other coffee in America will ever again completely appeal to you once you've become an Admission user. No other coffee could. YOUR MAN WILL LOVE IT! Admission is a man's favorite. Brewed at full strength, its rich, mellow goodness will satisfy the most exacting male "coffee crank." One cup, two cups, a whole pot—it's all the same. The flavor never varies. That's because special roasting locks the flavor into every pound to stay. Admiration COFFEE LUXURIOUS FLAVOR IN EVERY CUP

NOTICE TO THE PUBLIC

I am now remodeling my meat plant at Stanton, Texas, making a modern and up-to-date plant in every way, which has been passed by

STATE

INSPECTOR

this week.

I have served the people of Midland and Midland County for over 20 years with the best quality meat the country afforded.

For the last several months I have killed and delivered over 2,000 head of the famous Hill-fed cattle that no one yet has matched.

During this war I stayed with you when the going got rough. I would appreciate it if you would call for

HITTSO'S

QUALITY BEEF

which is in the counters of practically every meat market in town. Every piece of meat you buy is guaranteed by me to be good quality.

There Are Two Other Things I Want To **GUARANTEE**

(1) In buying your livestock, OUR CHECK WILL NEITHER BE COLD NOR DRY.

(2) And, WE WILL TELL YOU THE TRUTH.

Your Friend

W. M. (DICK) HITTSO

Korean Hatred Of Japs Pre-Dates Columbus' Discovery Voyage

By JAMES D. WHITE
Associated Press Staff Writer
SAN FRANCISCO—(AP)—Koreans are pleased that American occupation authorities have sacked a couple of their most obnoxious Japanese administrators, the governor-general and the chief of police.

But this can be only a temporary stopper to the dammed up hatred for Japan which saturates Korean thinking. This hatred comes from having had the Japanese in their hair for more than 500 years.

Before Columbus discovered America, Japanese pirates, outfitted by Feudal lords, plundered the Korean coast. In the late 1500s along came Hideyoshi, the Japanese war lord who conquered and unified his own country. He tried to go through Korea in the first Japanese attempt to conquer China.

After seven years fighting, the Koreans finally beat back Hideyoshi's invaders.

Hideyoshi died, and his successor, Iyeyasu, tried diplomacy. He wanted to reestablish relations with Korea so he could trade with China. The Korean king replied: "Korea has . . . rejected (Japanese) proposals because both the government and the people have felt Korea should neither maintain her existence under the same skies with Japan nor disaffectedly associate with a nation having the standards and practices of Japan."

But the king agreed to resume relations.

Trade Treaty
The Koreans granted a trade treaty which allowed Iyeyasu's merchants to trade once a year at Fusan.

Iyeyasu carried his country into a seclusion which lasted until 1853, after which Japanese agents soon flooded into Korea and intrigued against both the Korean throne and China's protectorate over the country.

They fought the Chinese in 1895 over Korea, and emerged with their troops occupying it. They fought the Russians in 1904, and wound up with a protectorate that legalized this occupation. In 1910 they annexed Korea outright.

Since then Koreans have lived intimately with Japanese police terror and Japanese greed. Koreans have been murdered, bullied, exploited, drugged, and used to help drug and abuse the rest of Asia.

Koreans feel a vast contempt when they think about their masters for the past 45 years.

When they learned their Japanese overlords would be kept on a while, they replied that they'd rather be ruled by a wooden dummy than the most upright Japanese.

Regardless of realities and circumstances, that's the way they feel about it.

U. S. TAKES NAZI LINER AS PRIZE OF WAR

NEW YORK—(AP)—The 49,746-ton liner Europa, former pride of the German merchant marine, was formally in United States possession Wednesday as a "prize of war."

The Navy captured the vessel, third largest afloat, at Bremerhaven, Germany, last June.

One-fifth of the whole human race lives in India.

Bedroom Of Tomorrow

Plastic partitioned rooms like the one above, will be a home-of-the-future feature.

Crystal-clear plastic partitions will give apartments and homes of the future a feeling of greater expanse, without forfeiting privacy. Typical of interiors you'll be able to "throw together" is the slumber

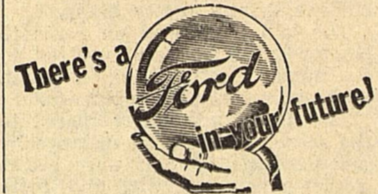

wing above, which is walled in with the same plexiglas that went into the noses and turrets of bombers.

The lightweight plastic door slides open at the touch of a finger during the day. At night draw-curtains close it off from the rest of the house. The bookshelf set into the wall holds a radio, books and knick-knacks. Concealed illumination provides perfect light for reading, and over the bed a mural painted in light gives a realistic three-dimensional "view."

Understudies For AAF Officers Are Planned

RANDOLPH FIELD—All stations of the Army Air Forces Central Flying Training Command, under a new directive received from higher headquarters, will soon place understudies in key positions which are held by officers of the Army of the United States in cases where such duration of the war officers are eligible for and desire termination from the service.

As far as possible, regular army officers will be used to fill the key positions that will become vacant by the release of these officers of the Army of the United States, and, next in line, officers of the Army of the United States who desire to remain on active duty and who are recommended for such duty, will understudy officers eligible for and desiring relief from active duty.

British Two-Man Subs Sank Jap, Nazi Ships

CHUNGKING—(AP)—Adm. Sir Bruce Fraser, commander in chief of the British Pacific Fleet, disclosed Monday three British two-man submarines sneaked into Singapore harbor by daylight three weeks before the end of the war, blew up a light cruiser, cut the Singapore-Hongkong marine cable, then made a clean getaway.

The story came out in a routine way at a press conference. When correspondents mentioned the present communication difficulties between Hongkong and Singapore, Admiral Fraser explained how the cable had been knocked out just before the Japanese collapse.

The admiral also related that three other two-man submarines participated in the attack that sank the German battleship Tirpitz in a Norwegian fjord.

The 60-foot midgets were towed in a survey of hearing embracing more than 1,000,000 school children in New York City, it was found that 10 per cent had a hearing loss of nine decibels or more in one or both ears and about three per cent had a hearing loss of 15 decibels. The normal hearing range is 125 decibels.
