

Truman May Intervene In Oil Strike

It Isn't All Over Yet

They're still giving Are you?

Give to your community WAR FUND

Our men, and the men of our Allies, still are in uniform. A great many of them still are overseas, and will be for a long time. The people of allied countries still are suffering from the effects of the war, in need of food, clothing, medical attention and homes. There is much work to be done, and the National War Fund, representing 22 agencies engaged in this work, needs your contribution. Above is the poster in this year's War Fund campaign. Let it remind you that you still have a part to play, and give generously.

Victory Fund Drive To Be Launched Monday

The Midland County campaign to obtain its quota of \$23,077 for the United Victory Chest will start officially at 7:30 a. m. Monday with a breakfast in the Blue Room of the Scharbauer Hotel for workers and chairmen, R. I. Dickey, general chairman, said Saturday.

Workers in the campaign who will start work Monday morning are T. Paul Barron, G. E. Mershon, Woody Wilson, Luther Tidwell, John Murphy, Stanley Erskine, Harry Murray, Bert Hempfling, Jack Barton, Cline Ledebur, Con Thomas, Ralph Osborne, Marshall Moore, Hugh Tanner, J. H. Fine, C. W. VanAlstyne, Louis Link, R. L. Miller, Arthur Yeager, Dana Secor, C. D. Vertrees, Frank Manning, Ed Watts, J. P. Ruckman, Chappell Davis, J. J. Kelly, George Gibson, Karl Mygdal, Sheriff Ed Darnell and Police Chief Jack Ellington.

Committee members are Dickey, R. K. DeFord, vice-chairman; James L. Daugherty, chairman for

AUSTIN —(P)—Gov. Coke R. Stevenson Saturday proclaimed October as National War Fund month and urged Texans to "give as generously in victory as in war."

Stevenson's quota is approximately \$4,500,000. Stevenson officially will open the National War Fund drive over a statewide radio hookup Monday.

The downtown campaign: Holt Jowell and F. E. McGuigan, special gifts, and Ralph Barron, treasurer.

Darnell and Ellington will be in charge of the campaign in the Latin-American section of the city. The campaign in the schools will be carried on under the direction of Superintendent Frank Monroe.

E. L. Jordan has been named chairman of the campaign in the negro section. Dickey said officers at Midland Army Air Field and at Midland Municipal Airport offered to cooperate in making the Midland County campaign a success.

Jowell and McGuigan have completed mailing out letters in the special gifts campaign. The \$23,077 quota will be divided among three agencies with \$13,077 going to the National Victory Fund, \$7,500 to the Boy Scouts and \$2,500 to the Girl Scouts.

Nine Judge Supreme Court To Begin Work

AUSTIN —(P)—The state's top appellate courts, the Supreme Court and the Court of Criminal Appeals, die into new dockets next week, ending summer recesses.

Both tribunals will hear submissions of appeals and give decisions Wednesday on some of numerous cases that have accumulated during recess.

The Supreme Court will function with nine judges for the first time since the days of the Republic of Texas.

Vinson Expected To Ask 'Moderate' Tax Reductions

WASHINGTON —(P)—Secretary of the Treasury Fred M. Vinson polished off Saturday the Administration's plan for the first peacetime tax-cutting bill. Monday he will take it to Capitol Hill, where some tax leaders expect him to propose only moderate trimming on this basis:

1. Repeal in 1946 of the 3 percent "Normal" tax on individuals, or an adjustment of exemptions under this tax so as to relieve the burden on families with small income.

2. Elimination of the 95 percent excess profits tax on corporations, imposed in wartime.

3. A definite cutoff date for high wartime excises, which doubled federal retail levies on such things as fur coats, jewelry and cosmetics. Vinson is expected to call for moderation in tax cutting at this time. In this position, he will get support from Ways and Means Chairman Doughton D.-N.C. who has cautioned the nation not to expect "drastic tax reduction."

A search of Vinson's recent statements disclosed his enunciation of these principles as a guide for construction of a national tax program:

1. Taxes should be levied in such a way that they "have the least harmful effect on the expansion of business investments and the creation of jobs, because productive employment is the course of the standard of living, of all income, and of the revenue which the government collected from taxes."

2. Taxes should be levied in such a way that they have the least harmful effect on the maintenance of mass markets and mass purchasing power because that is the basis of business, labor and agricultural prosperity.

3. Taxes must be fair among people.

4. Tax policy should be integrated with a fiscal policy designed to prevent inflation and deflation.

Vinson said in his July 1 statement that acceptance of such principles means "that the personal income tax must be the chief source of tax revenue and the base must be broad."

Commission Will Guide Observance Of Jap Surrender

LONDON —(P)—Secretary of State James Byrnes announced Saturday night the British government had consented to an American proposal for a Fair Eastern commission to direct carrying out of Japanese surrender terms. Russia and China previously approved the plan.

Byrnes said France, the Philippines, Australia, New Zealand, Canada and The Netherlands would be invited to become members of the commission, which he said would convene in Washington "in the near future."

The secretary said British Foreign Minister Ernest Bevin had given his consent to the proposal first submitted Aug. 22.

The announcement climaxed a day in which the five foreign ministers held the sessions, with no indication of a break in the deadlock on the Balkan issue.

Bevin requested that India be invited to join the commission. Byrnes said the United States would agree to the request.

150 Persons Missing As Refugee Ship Burns

CAIRO —(P)—One hundred fifty persons were reported missing Saturday night after the 10,000-ton ship "Empire Patrol" caught fire off Port Said while repatriating Greek refugees from Abyssinia and East Africa.

LATE NEWS FLASHES

KILGORE—(AP)—Workers on the Big Inch pipeline carrying oil from the East Texas fields to the Atlantic Coast are taking a strike vote parallel to other oil companies, R. D. Howry, Fort Worth, Oil Workers International Union (CIO) representative, said here Saturday.

SAN FRANCISCO—(AP)—Savage flames which roared through more than 10,000 acres of brush and redwoods on the sides of Mt. Tamalpais in the past three days were beaten down late Saturday within one-quarter mile of the hamlet of Lagunitas.

WASHINGTON—(AP)—Britain may have to share with the empire any multi-billion dollar loan it gets from the United States, it was learned Saturday.

CASABLANCA—(AP)—Completing the 3,929-mile Atlantic crossing on its round-the-world flight, the Globester landed at Casablanca two hours behind schedule at 9:52 p. m. Saturday.

Exceptions To Oil Halt Are Possible

AUSTIN —(P)—Railroad Commission Chairman Olin Culberson said Saturday oil operators not affected by pipeline shutdowns and pipeline promotion can obtain exceptions from the October 12 general order which allows only 12 general producing days.

The commission, in an emergency move Wednesday, amended the previously announced October schedule. The emergency amendment reduced statewide allowable 403,000 barrels below the 1,785,000-barrel daily allowable originally announced for next month.

Strikers Go Back To Work

Workers at the New York Shipbuilding Co., Camden, N. J., leave the plant after a sit down strike that lasted a week, after their grievances had been satisfactory arbitrated. A statement issued jointly by both union and management said that work would be resumed Monday after a study of conditions at the plant.

House To Urge Passage Of Full Employment Bill

WASHINGTON —(P)—A bloc of 115 House Members voted Saturday for a strongly worded "Full Employment" bill.

Their leaders declared "they could not accept" the measure passed Friday by the Senate.

They said they had support of President Truman for a fight to eliminate broad Senate revisions of the legislation.

Nearly 500 Cadets Arrive At MAAF To Finish Course

The scope of Midland Army Air Field's training program became world-wide Saturday when almost 500 bombardier cadets, including Brazilian, Chinese and French, as well as American student bombardiers, arrived to complete their bombardier training.

Coming to the Midland air base from Big Spring, Childress and San Angelo Army Air Fields, most of the cadets already are well along in their training programs. The move is, in fact, a consolidation of most of the bombardier cadet training of the Central Flying Training Command at the Midland Army Air Field.

The foreign nationals who are accompanied by instructors who already have been graduated by the AAF Training Command, are completing training projects which were instituted before the war ended.

Refresher Training Continues
Room for the new student bombardiers has been made by the progress of the separation of high-point personnel formerly stationed or training at MAAF, and the cadet training program will be carried on in addition to the refresher training of returned-from-combat bombardiers, which has been the primary mission of the Midland installation for several months.

The foreign students consist of more than 100 Chinese, almost 60 French and several Brazilian airmen. The remainder of the nearly 300 fledgling bombardiers are American cadets.

Practically all of the instructors who will teach the latest bombing techniques to the new arrivals are veterans of aerial combat against the Nazis and Japs.

Supervision of the new cadet training program in addition to the continuing refresher training is the responsibility of Maj. Alden E. West, director of training and operations. Captain Edward J. Reynolds is the school secretary.

Lions Carnival To Play Extra Days

Due to the inclement weather Friday and Saturday, the Lions Carnival will be staged again Monday and Tuesday nights, John J. Redfern Jr., president of the Lions Club, announced Saturday.

All concessions will be open and operated by Lions, Redfern said. The first two nights of the carnival played last week found the grounds crowded with Midland citizens.

Profits from the enterprise go into the club's charity fund.

41 Prominent Germans Taken In Berlin Raid

WEISBADEN —(P)—American troops have arrested 41 prominent German men and women in one of the biggest raids in the American zone since the Allied occupation began. It was disclosed Saturday night.

Union President Says Workers Will Agree To Compromise Pay

WASHINGTON —(P)—President Truman was reported Saturday ready to join Lewis B. Schwallenbach—deep in his first great test as Labor secretary—in trying to settle the oil company-union wage dispute.

This news broke just as O. A. Knight, president of the CIO Oil Workers Union, said his group would be willing to settle for less than the flat 30 percent wage boost which the union has demanded. He was negotiating with individual companies.

Schwallenbach himself begged representatives of the companies and the union—which he called into a special conference—to reach an agreement.

The union—which already has 35,000 men on strike—has voted to send all of its 250,000 members on strike if negotiations fail.

The government, Schwallenbach told the two groups, is "begging and pleading with you, to get together."

Possibility of Presidential intervention to help reach an accord appeared stronger when the first day's conversations ended Saturday night with both sides reporting no progress.

Union Claims First Break
The union claimed a first break in the company's solid front against the flat 30 percent increase demand. The workers reported signing a contract with a good-size independent for a 30 percent boost.

The union said this company—the Wilshire Co., Los Angeles—had agreed to give 35 cents more an hour to hourly employes and \$50 more a month to the monthly-paid employes.

Some hours later Knight said: "We are willing to settle for a flat 35 cents an hour, as given by the Wilshire Company."

He said he had been negotiating with The Texas Company, so far without result, and expected to talk with one other.

Meanwhile John L. Lewis—who has threatened "action" by his 450,000 United Mine Workers in a dispute with mine owners over mine foremen—continued to rock the labor boat.

Knight said "the oil companies and not the union have been pressing the survey of oil to essential services and the Army and Navy."

The conference was expected to continue at least throughout Sunday.

JayGees' Rodent Extermination Drive To Start

The Midland Junior Chamber of Commerce's rodent control campaign will get underway Monday with Carl Jacobs of the Fish and Wildlife Service in charge of the placing of poison.

The services of Jacobs were obtained by A. A. Jones, chairman of the rodent control campaign for the JayGees.

If the campaign is a success the cooperation of all citizens will be needed, Jacobs said. The exterminator expert said not much good is accomplished if the rats in one building are killed while in an adjoining building they are not.

Letters have been sent to most businessmen of the city asking them to see that alleys are cleaned and particles of food are not left lying around. Jacobs pointed out that rats will not eat the poison unless they are hungry.

Jacobs said it is possible some business houses might be overlooked, particularly suburban business concerns, when the poison is placed. He asked owners or managers of business concerns not visited by October 10 to telephone 178 and leave their names.

Jacobs and his workers will exterminate rats at the schools and other public buildings. Plans will be announced later for the campaign in the residential sector.

In stressing the need for the extermination campaign Jacobs said rodent experts have determined each rat costs \$28 a year in destruction and \$2 in food.

Have You Turned Your Clock Back An Hour?

By The Associated Press
Did you turn your clock back at 2 a. m.?

It's better to do it right now. Wartime gave way to standard time at 2 a. m. Sunday. Clocks went back an hour, by act of Congress.

Turning them back marks the end of three years and eight months of "fast" time. Congress ordered the 63-minute advance into effect to add another daylight hour for war production.

MacArthur Orders Freedom Of Press For Japs' Papers
By The Associated Press
TOKYO —(P)—General MacArthur, stripping the mystery from Japan's throne, abolished Saturday the powers the imperial government had invoked a few hours earlier in suppressing publication of the emperor's pictures and interviews.

The Japanese Home Ministry had seized all copies of five Tokyo and Osaka newspapers and suspended the papers.
Its excuse was that the stories, in which the emperor had expressed to American correspondents his hopes for a more democratic Japan, were "too awesome and would have a bad effect on the Japanese people."

Voice Of Experience

Recommended reading for every American who has the opportunity is the farewell statement made recently by Henry L. Stimson as he retired, at the age of 78 years, from the position of secretary of war he had occupied with distinction since 1940. The message is one which likely will take its place among the nation's important state documents, and assuredly will be quoted extensively to future generations.

Certainly his statement is one to ponder as the nation and the world attempt to chart their course into the most uncertain future ever confronted by mankind. Stimson has made suggestions which should not and cannot be ignored by thinking people who are desperately anxious to navigate treacherous waters ahead without catastrophe.

The retiring secretary urged, in substance, that the United States remain strong in a military sense. While recognizing that the effects of the release of atomic energy are sure to be revolutionary, he warned, "We must not make early and easy assumptions that the days of armies and navies are over." Continuing, he cautioned: "We can be sure if war should come again that it would be awful in its sudden intensity, and we must never again allow ourselves to be caught in a state of complete unreadiness."

Thus, he urged that the United States must be prepared for whatever the future may hold. At the same time, he had important words to say about our relationships with other nations. Thus:

"The second factor (the first factor being preparedness) necessary to preserve our leadership is an attitude of trust and frankness on our part toward all nations working for collective security. . . . Cynicism and suspicion on our part can only breed a like response among those we suspect. . . . A full and frank attitude of trust by our government will strongly tend to lead to a like attitude on the part of all members of the brotherhood of nations."

No thinking American can require convincing as to the wisdom of Stimson's advice concerning preparedness. Everyone knows that twice within a generation the United States has been able to prepare for war because allies held the enemy from our shores. Every thinking person doubtless shares the fear that the time might come when an unprepared United States might be forced suddenly into a life-and-death war without being given opportunity to get ready.

Indeed, Stimson's farewell statement is one to ponder. It may represent a patriotic service fully as noteworthy as any of the many he has rendered during his years of outstanding official service.

Rain And Cold Due To Continue Here Through Sunday

Midlanders had a difficult time Saturday deciding whether to don their overcoats or raincoats as a slow rain fell through the morning hours and into the afternoon to register a total of 23 of an inch for Friday and Saturday at the Midland Army Air Field gauge. A low temperature of 42 degrees was recorded in Midland at 9 a.m. Saturday.

The rain in Midland measured .48 of an inch for Friday and Saturday.

Weather observers predicted about the same conditions for Sunday which prevailed Saturday, cloudy with intermittent rain and a minimum temperature of about 42 degrees.

Heavier Rain In North
Reports from the northern part of the county indicated that section received heavier rainfall than the southern part.

County Agent J. H. Green said the precipitation will be of great help to feed crops and the ranges, but probably will cause some damage to cotton.

The Cole Brothers Circus and the Lions Carnival both were casualties of the weather as the circus had to cancel its two scheduled performances here, and the Lions had to close their carnival for the day. The Lions carnival will be open Monday and Tuesday nights to make up for the lost Saturday business.

The present weather conditions probably will start breaking up Monday, weather observers said.

Cotton

NEW YORK—(AP)—Cotton futures rallied more than a dollar a bale in active trading Saturday on the unexpected 13-point rise in mid September cotton parity, which meant that the government would raise its October selling price October 22.75¢, Dec. 22.96¢, and March 22.94¢.

Hollingsworth New PA Officer At MAAF

Lt. William B. Hollingsworth, Jr., has taken over the work of the Personal Affairs Officer at Midland Army Air Field, succeeding Lt. Charles W. Colwell, who has been transferred to Randolph Field.

Lieutenant Hollingsworth came to MAAF in May. During his service in Europe he flew 60 missions and earned the Distinguished Flying Cross and the Air Medal with seven Oak Leaf Clusters.

UNIVERSITY REGENTS BACK FURTHER MEDICAL EDUCATION

AUSTIN—(AP)—The board of regents of the University of Texas Saturday voted formally to sponsor full support for projected medical education activities in connection with the Texas Medical Center at Houston.

Livestock

FORT WORTH—(AP)—Cattle: No receipts; compared close last week: Beef steers and yearlings mostly steady, cows steady to 25 lower, calves mostly steady, bulls weak to 25 lower, stockers and feeders steady; week's tops: Beef steers 15.50, yearlings and heifers 15.00, cows 12.25, beef bulls 10.50; week's bulks: Medium and good steers and yearlings 11.50-15.50; common and medium cows 7.50-10.50; good and choice killing calves 11.50-12.75.

Hogs: No receipts; compared with week ago: Steady; good and choice 150 pounds up 14.55; sows 13.80; stocker pigs 14.75-16.00.

Sheep: No receipts; compared with week ago: All classes steady; week's tops: Spring lambs 13.00, yearlings 10.50, aged wethers 6.00, fat ewes 5.75; feeder lambs 11.75; bulk prices: Medium and good spring lambs 11.00-12.00, medium and good yearlings 9.50-10.50, medium and good ewes 4.50-5.50, cull and common ewes 4.00-4.25; medium and good spring feeder lambs 10.00-11.00.

Holden To Start As Minister Of Church Of Christ In City

The first services at the Church of Christ with J. Woodie Holden as minister will be conducted Sunday. He comes to the Midland church from Abilene. Although these are the first services he will conduct as minister of the church, he has preached here before.

When Camp Barkley was built at Abilene in 1941 the Churches of Christ in Abilene built a church near the camp to serve the post and he was selected as evangelist. He succeeds L. C. Bankhead as minister of the Midland church.

Harrington Leads In Arlington Calf Roping

ARLINGTON, TEXAS—(AP)—First round winners in the saddle bronc riding contest included: Saddle bronc riding: First, Louis Brooks of Sweetwater; second, Texas Kidd Jr., Fort Worth; third, Leo Thorn of Sabinal.

Bull riding: Andy Gibson of Sweetgrass, Mont.; Jack Spurling of Los Angeles, Calif.; and Kidd Roberts, Phoenix, Ariz.

Bulldogging: R. L. Bland Jr., Aspermont, Texas; Bo Chesson, Beaumont, Texas; and Buff Donahit of King, Texas.

Calf roping: Zenna Harrington, Ranger, Texas; Pelton Harrington, Ranger; and Royce Sewall, King, Texas.

Midland Sailors Meet In Tokyo Bay

James H. Moore, seaman second class, and Weldon Carden, seaman first class, of Midland met recently in Tokyo Bay, they related in letters to their parents. Both are 1944 graduates of the Midland High School. They wrote that they had about an hour and a half in which to talk.

They are the sons of Mr. and Mrs. J. T. Moore and Mr. and Mrs. C. C. Carden.

Slayer Of Husband Released On Bond

HILLSBORO—(AP)—Mrs. Ida Mae Clark, 18, of Mt. Calm, was released on \$2,000 bond Saturday after she had been charged with murder in the death of her husband.

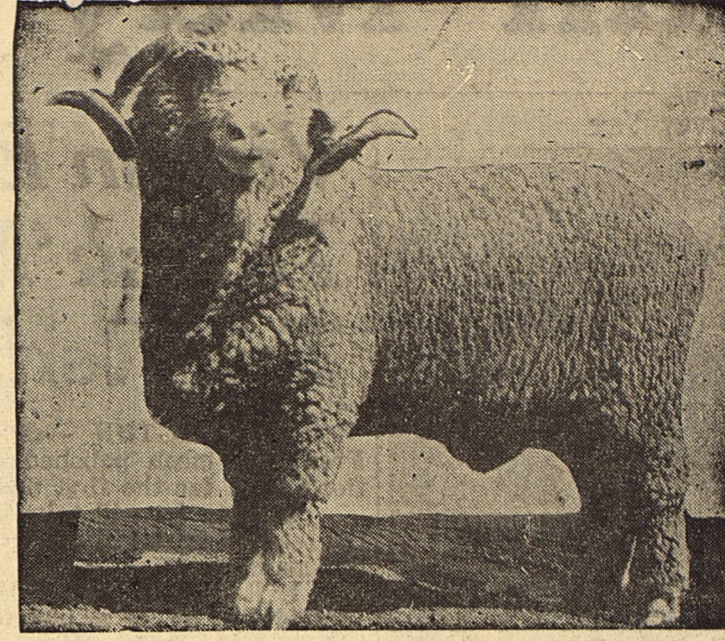

The charge was filed by Sheriff Ralph Allen.

Her husband, James Clark, 19, was stabbed with a knife on Sept. 15. He died in a Waco hospital Thursday night. Mrs. Clark was arrested at Waco Friday.

WOMAN WHO LEFT CLOTHES ON BEACH FOUND IN MEXICO

MEXICO CITY—(AP)—Mrs. Jeanette Chrysler Curley, 20, was reunited Saturday night with her father, L. C. Chrysler, vice president of Grinnell (Iowa) College, after being missing since her disappearance in San Francisco Sept. 13.

The young woman, wife of a Naval ensign now in the Pacific, disappeared after leaving her clothes on a San Francisco beach in the hope, she told newsmen, that people would "think that I was dead." Police located her here.

Cubs Beat Pirates To Clinch Pennant

PITTSBURGH—(AP)—The Chicago Cubs swept a doubleheader from the Pirates Saturday, taking the opener 4-3 to clinch the National League pennant and winning the nightcap 5-0 in a game shortened

to six innings because of darkness. The score: R H E Chicago.....100 010 101—4 10 0 Pittsburgh.....100 002 000—3 8 2 Borowy, Chipman, Erickson and Livingston and Williams; Ostermueller, Strincevich and Salkeld. Second game: R H E Chicago.....000 500 0—5 10 0 Pittsburgh.....000 000 0—0 5 1 Vandenberg, Block, Warneke and Gillespie and Rice; Sewell and

BUSHER WINS \$50,000 HOLLYWOOD DERBY
INGLEWOOD, CALIF.—(AP)—Busher firmly established herself Saturday as one of the greatest racers on the American turf by winning the \$50,000 Hollywood Derby and boosting her earnings to \$316,590, tenth among money-winning horses of all time.

STAR PILOT WINS
NEW YORK—(AP)—Star Pilot carried the colors of Mrs. Elizabeth Arden Graham to victory in the 56th Futurity, world's richest race for juveniles, Saturday after his stablemate, the favored filly Beau-gay, bolted into the inside rail 50 feet from the finish.

Tigers Need Victory Sunday For Pennant

ST. LOUIS—(AP)—A cold, beating rain forced postponement of Saturday's crucial game between the Detroit Tigers and St. Louis Browns and carried the American League flag race right down to a final climactic doubleheader Sunday with the Tigers still needing a single victory to enter the World Series against the Chicago Cubs.

Braves Down Giants With 17 Hits, 13-4

BOSTON—(AP)—After Boston's Braves har pummeled New York Giant hurlers for 17 hits and a 13-4 victory in the opener of a scheduled double header Saturday, rain washed out the second tilt. Phil Masi, with a home run and two singles and Chuck Workman, with two safeties, including his twenty-fifth homer, featured the Braves' attack. The score: R H E New York.....001 100 200—4 5 1 Boston.....004 240 03x—13 17 3 Lee, Fischer, Emmerich and Klutz; Wright and Masi.

Yanks Defeat Red Sox 5-0 On Etten's Homer

NEW YORK—(AP)—Spud Chandler, recently returned from the Navy, blanked the Boston Red Sox with seven hits to give the New York Yankees a 5-0 triumph Saturday. Nick Etten's eighteenth homer with one on accounted for two of the runs. The score: R H E Boston.....000 000 000—0 7 0 New York.....200 001 20x—5 12 0 Johnson, Hausmann and Steiner; Chandler and Robinson.

Cards Win Two But Cubs Take Pennant

CINCINNATI—(AP)—The St. Louis Cardinals swept a twin bill from the Cincinnati Reds Saturday, winning 5-3 and 6-2, although they were beaten in the pennant race by virtue of the Chicago Cubs victory over the Pittsburgh Pirates. The score: R H E St. Louis.....000 410 000—5 11 2 Cincinnati.....000 000 201—3 10 3 Burkhardt and Crumling; Bowman, Harist, and Miller. Second game: R H E St. Louis.....001 003 020—6 10 0 Cincinnati.....200 000 000—2 5 0 Gardner and Rice; Fox, Modak, and Lakeman.

Highland Park Beats San Angelo, 19 To 6

SAN ANGELO—(AP)—The Highland Park Scotties of Dallas put the skids under the San Angelo Bobcats Friday night to the tune of 19 to 6. Bill Weatherford of the Scotties returned the opening kickoff 95 yards for a touchdown, throwing the Dallas team into a lead they never relinquished. Kirby kicked the extra point. San Angelo came back to score a touchdown, but a Bobcat was offside on the kick for conversion which was good, and the next attempt failed. Earl Elliott and Weatherford led Highland Park to a touchdown in the second period, and the Scotties drove 81 yards in the fourth for their third touchdown. First downs favored Highland Park 15 to 6.

Texas Longhorns Crush Southwestern, 46 To 0

AUSTIN—(AP)—The University of Texas Steers struck through the air and on the ground Saturday to crush Southwestern University's Pirates, 46 to 0, scoring in every period before 10,000 spectators.

TEXAS AGGIES BEAT TECH BY 16-6 SCORE

SAN ANTONIO—(AP)—The Texas Aggies, who had the game under control for almost three quarters, had to fight off a suddenly revived and dangerous Texas Tech to win 16-6 before an all-time record crowd of 22,831 in Alamo Stadium here Saturday night.

Raymond D. Gee Receives Discharge

BARKSDALE FIELD, LA.—Sgt. Raymond D. Gee, brother of Orville O. Gee of Midland, has received a discharge from the Army after 61 months of active duty. He served in Alaska as a radio operator. Before entering the Army he attended Midland High School.

Cowboy Claying In New York Slaying

NEW YORK—(AP)—A 23-year-old Montana cowboy, Bud Elmer Linderman, described by police as a rodeo star, was charged with homicide Friday in connection with the death of a New York detective. Police said the detective, Frank McCrath, 35, died Thursday of injuries suffered in a bar room fight Wednesday night. Linderman, who police said came to New York to appear in a Madison Square Garden rodeo, is from Red Lodge, Mont.

AXIS SALLY SENTENCED TO PRISON IN ITALY

ROME—(AP)—Rita Zucca, American-born radio propagandist known to American troops as "Axis Sally," was convicted by an Italian military tribunal Saturday of intelligence with the enemy. She was sentenced to four years and five months imprisonment.

Caffey Appliance Co. To Open New Home

C. E. Caffey and L. W. Soulon of the Caffey Appliance Company attended the first post-war Frigidaire meeting in Lubbock Friday, where they previewed the first new Frigidaire refrigerators and electric ranges. It is expected that the line will be on display in the Caffey establishment here within a few weeks. This firm, which has been in its present location about two and a half years, will open Monday in its new building at 219 North Main Street. Caffey said he would announce a formal opening date in The Reporter-Telegram in the next few days. The new location provides greatly enlarged floor space and is outfitted with new fixtures and equipment. "We had to have more space to serve Midland properly," Caffey said.

N-W Andrews Wildcat Is To Drill To Ellenburger; C-W Hale To Have Exploration To Permian Horizon

By JAMES C. WATSON
Oil Editor

Locations for a wildcat to test to the Ellenburger Northwest Andrews County and for a Permian prospector in Central-West Hale County, were reported Saturday. Fullerton Oil Company filed a supplemental application with the Railroad Commission to drill No. 9-A H. M. Williams, on west side of the Fullerton field, in Northwest Andrews County to 11,500 feet—that depth should take the project into the Ellenburger. Already Tested Devonian This test was originally started late in June, to drill to 8,600 feet

to test the Devonian. It is 1,983 feet from east line and 1,985 feet from north line of section 16, block A-32, ps1 survey. At last report it was making hole slightly under 8,600 feet, and had not developed any indication of oil in the Devonian. It had oil in the regular Fullerton field pay section, and is surrounded by producers from that horizon. It is presumed that owner will continue drilling to the Ordovician without let-up. The No. 9-A Wilson is about one and one-half miles east and one-half mile south of a dry hole drilled last year by Magnolia Pe-

troleum Company to total depth of 10,991 feet. Globe Oil & Refining Company No. 1 Claude Downs, 660 feet from south and 1,980 feet from west lines of section 5, block JK, TTT survey, is to drill to between 5,500-6,000 feet, in Central-West Hale County. The wildcat is about the center of a block of approximately 7,000 acres owned by Globe. The drillsite is seven miles west and one mile north of Plainview. Contract has been let to Agey Drilling Company, Monahans, and that concern is moving in material and digging pits. Big Sale Reported Reports from Fort Worth reveal that Stanolind Oil & Gas Company has acquired from Fred Turner, Jr., Midland, leases on a total of 1,160 acres in Ector County, for a reported consideration of \$300 per acre cash, and \$600 per acre out of oil. Included in the deal were petroleum rights under 4,500 feet in south three-quarters of section 35, block 43, TP survey, T-2-S, in the South Cowden field. Other properties involved were: Southwest quarter of section 16, block 44, TP survey, T-2-S, in the Harper field, on which there is one producing oil well. An undivided half interest in east half of section 9, south half of section 8, and northeast quarter of section 8, all in block 44, TP survey, T-2-S, in the Harper field district. On the per acre basis of the sale, as reported by Fort Worth sources, the deal involved \$384,000 cash, and \$696,000 out of oil, or a total consideration of \$1,044,000. Barnsdall Continues Barnsdall Oil Company No. 1 Williams, West Lynn County prospector in section 2, block 8, EL survey, six miles southwest of Tahoka, was drilling ahead from 4,524 feet, in San Andres lime. A core at 4,510-24 feet, recovered nine feet of lime, with slight porosity, scattered oil stain, and a slight odor of sulphur. No free water developed. The test is contracted to 7,500 feet to explore the lower Permian. Gulf Oil Corporation No. 1 Hancock, in section 5, block 1, ps1 survey, in Southwest Cochran County, and one and one-half miles east and one-half mile north of Stanolind No. 1 Edwards recent discovery ten miles west of the Slaughter field, was coring from 5,127 feet, in lime. No shows of oil or gas had been reported from above that point. Texas Gulf Producing Company No. 2 Slaughter, in league 113, Potter County School Land survey, in Central Cochran County, and one-

By JAMES C. WATSON, Oil Editor

AAF VETERAN WILL TALK FOR GEOLOGISTS

M. D. Mauck, now on terminal leave from the U. S. Army, prior to release from the service, will address the Tuesday noon luncheon of the Midland Geological Society in the Crystal Ballroom of Hotel Scharbauer. —Mauck, who holds the rank of captain, served with the 12th Air Force in Africa and Italy for 27 months. He was an aerial photo interpreter and his address will deal with some of his work. —Prior to entering the army Mauck was with The Pure Oil Company as a geologist in Illinois. He is at present temporarily attached to Pure's Midland district geological department.

McKINNON NAMED PBEA SECRETARY-TREASURER

Herman K. McKinnon, of the production department of Shell Oil Company, Inc., division office in Midland has been named secretary-treasurer of the Permian Basin Engineers' Association to fill the unexpired term of the late Thomas L. Speed. —The election was held at the monthly meeting of the association in Odessa Thursday night. Program for that affair was a talk and a moving picture dealing with carbon black, presented by W. L. Loving, of Pampa, with the Cabot Companies.

CHARLES HENDERSON HAD BIRTHDAY DECORATIONS

When Charles F. Henderson of the Stanolind Oil & Gas Company geological department reached his office one morning last week he found it "highly" decorated, with various artistic embellishments, in which the color of pale blue was featured. —It developed that some of the Stanolind girls had learned that particular day was Charlie's birthday, and apparently they had worked most of the preceding night fixing his office so he would remember his 1945 birthday. —The arrangement was unusual for a birthday—even for Henderson. His fellow geologists should have seen it.

GARDNER PRODUCES STRAIGHT STATISTICS

Frank B. Gardner of the Sinclair Prairie Oil Company's crude oil purchasing department says the public should know that statistics released in another Permian Basin city recently to the effect that there are approximately 14,000 producing oil wells in the Basin, are incorrect. —According to Frank, there were a total of 21,713 producing wells in the area as of Aug. 1. There were 16,147 wells in district 8, which is the Midland proration district; 1,336 wells in district 7-C, the San Angelo proration district, and 4,230 wells in Southwest New Mexico.

KOENIG AND HILBURN WITH ASSOCIATED

Joe B. Koenig and Sam Hilburn are now with the Midland office of Associated Engineers. Both have been connected with other oil organizations in that city. —Koenig was on the geological staff of the University of Texas Lands and Hilburn was with the Permian Basin Sample Laboratory.

RONALD JARRETT TO BE OUT OF ARMY SOON

Walter R. Jarrett, district landman for Anderson-Prichard Oil Corporation, and Mrs. Jarrett, have been advised by their son, Lt. Ronald Jarrett, that he has been processed for release from the U. S. Army Air Forces as soon as he can reach the United States. —He has been stationed in India

where he serving as an administrative officer. —Jarrett, an independent oil operator in Midland before joining the Army, is due home early in November and is expected to be back in the oil business promptly.

LT. JOHN V. NORMAN BACK IN UNITED STATES

Lt. John V. Norman, who was a geologist with the Midland office of Forest Development Corporation before he joined the Navy in November 1942, has returned from 15 months service in the Pacific theater and is now on duty at the Naval Photographic Intelligence center, at the Washington Navy Yard. —While in the Pacific he did photo interpretation work in Hawaii, the Marshalls and the Marianas.

IPAA ANNUAL MEETING IN TULSA OCT. 14-17

The annual meeting of the Independent Petroleum Association of America will be in Tulsa, Oct. 14-17, inclusive. —The meeting will feature the situation which faces the independent producers regarding threatened imports of increased amounts of foreign crude. —Ralph T. Zook, president of the association, who was a member of the American delegation at the recent meeting in London, where an Anglo-American oil policy was adopted, will report on that agreement, and on other current problems of the independent end of the industry.

New Prospectors Staked In Chaves, Eddy And Lea Undeveloped Sectors

HOBBS, N. M.—New wildcats have been staked in Northwest Chaves County and in North Eddy County, and in Southeast Lea County. An outpost to a recent wildcat discovery was reported. Western Gas Company No. 1 Federal-Parcell, to be 1,980 feet from south and 660 feet from east lines of section 6-23-38e, is scheduled to test the lower Permian horizon in the area about two miles south of the discovery well in the Drinkard field, in Southeast Lea County. Offsets Extension It is a southeast outpost to DeKalb Agricultural Association, Inc., No. 1 Elliott, in northeast quarter of same section, which flowed oil at an estimated rate of 36 barrels per hour natural, on a drillstem test at 6,840-6,996 feet, and which is now in course of completion, to give the Drinkard district a two-mile extension from the lower Permian pay.

Haddock & Jarrell No. 1 Wells, to be 990 feet from south and 330 feet from west lines of section 9-20s-28e, is a prospector in North Eddy about one mile northwest of closest production in the Russell field. It will drill to around 1,000 feet, and possibly deeper. Fred Pool No. 1 Denton, 1,980 feet from north and 660 feet from east lines of section 25-5s-27e, is completed as 6,500-foot exploration in Northeast Chaves County. It will drill with cable tools. Plymouth Continues The Plymouth Oil Company No. 1-A Santa Fe, McKinley County wildcat in section 13-15n-10w, had reached 6,163 feet in granite wash and shale, and was drilling ahead, at last report.

The Texas Company No. 2 Lockhart, in northwest corner of section 18-22s-38e, on southwest side of the Drinkard field, had shale and granite wash in a core at 7,552-56 feet, and was drilling ahead. Only indications of possible production so far were at 6,125-6,265 where considerable gas was developed. Humble Oil & Refining Company

No. 1 Cooper, in northeast quarter of section 23-24s-36e, slated 7,500-foot exploration in the Cooper shallow area of Southeast Lea, had reached 5,162 feet, in lime, and was continuing. Lea County Projects Humble No. 1-B Federal-Leonard, slated 12,000-foot prospector in northwest quarter of section 12-26-37e, and a outpost from same company's No. 1 Federal-Leonard, discovery for the first Ellenburger production in New Mexico, had set 9 5/8-inch casing at near the bottom of 4,230 feet, in lime, and when the cement on the pipe is cured operator will resume drilling. Humble No. 1 Penrose, in northeast quarter of section 13-22s-37e, wildcat in the Penrose-Skelly shallow district, had squeezed off perforations at 5,060-5,175 feet, and was due to perforate and test above that level. So far the prospector had found water with slight amounts of oil in testing from the total depth of 6,592 feet, back up to the current level of operations.

Continental Oil Company No. 1-B-22 Skaggs, in northeast corner of section 22-20s-37, one-half mile from closest Wolfcamp-Permian production in the Skaggs area of East Lea, had drilled out cement on casing which had been set over actual depth of 7,614 feet, in lime, and was drilling ahead below 7,639 feet, in lime. R. Cisen Oil Company and Blount Drilling Company No. 1 Caprock-State, in southeast corner of section 29-11s-32e, slated 5,100-foot wildcat six miles north of the Caprock field, in Northwest Lea County was reported drilling below 3,976 in lime and anhydrite. Skelly Oil Company No. 1-B Mexico-State, in northwest quarter of section 22-12s-32e, in Northwest Lea, had drilled to 3,105 feet, in red sand and had failed to develop any indications of production. At end of the week it was reported to be fishing.

Joel Adcock Back From Pacific

We are happy to announce that Joel Adcock is back on the job with White's. You will find Joe in his old position in the automotive and appliance department, ready to welcome and serve all of his old friends and customers and anxious to meet new friends.

Joe was one of the first of six men to go into the armed forces from our Midland store, and is the first to return.

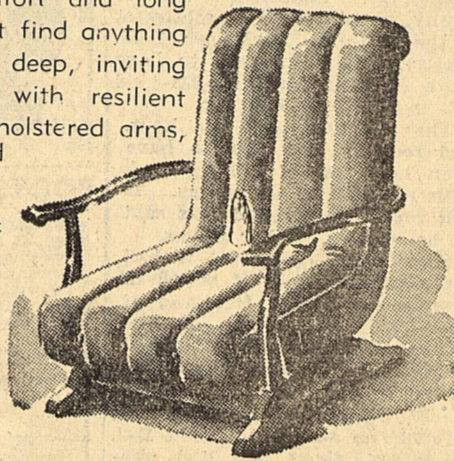

Most of the three and a half years away Joe served as a propeller specialist with the 13th Air Force in the Southwest Pacific.

Technical Sergeant Adcock was awarded eight battle stars, two Presidential Citations, and the Philippines liberation ribbon.

We are happy to have Joe back and will welcome the day when the other five boys can return to their old jobs at White's.

LOVE BRAVES AN ATOM BOMB

LEANA AWAITS CHANCE
XIV

THERE was much to do those first few days following Carolyn's arrival in Arizona.

Bob bought a station-wagon, and together he and Carolyn drove the boxed X-999 through the canyons to Blair, thence branched onto the rougher trail that led to the abandoned Copper King mine in Tonto Mountain. There they were met by Bob's workmen, who already had reconditioned the narrow gauge ore track into the mine shaft.

When the X-999 had at last been deposited nearly three-quarters of a mile inside the mountain itself, Bob showed visible relief.

"Now, for the first time, I can breathe easily," said he.

Carolyn telephoned her mother, and Mrs. Tyler had packed their trunks and personal effects to follow west.

When she arrived, they decided to take her into partial confidence, explaining that the "chemical substance" was hidden in the abandoned Copper King Mine shaft only because it was valuable and "dangerous to persons who wouldn't handle it properly."

"It is a mighty big mountain for a laboratory," Mrs. Tyler gazed at Tonto Peak in awe.

Dr. Hale nodded. "About 8000 feet. Odd formation, really. Note the bald, perpendicular spot on top—that's a granite face. Left half the mountain, seen from here, is almost solid rock. Other half, you'll note, had up-ended strata, loose shale and all manner of stuff. There are several beautiful old trails, Mrs. Tyler. I shall order a very gentle horse for you."

Mrs. Tyler appreciated his thoughtfulness. The more she saw of Dr. Robert Hale, the better she liked him. She couldn't blame her impressionable daughter for being a little bit "foolish" about such a man.

MEANTIME, Carolyn knew, Leana Sormi was a lurking, insidious danger. She "knew" it largely through intuition, but it was definite even so.

Leana's eyes had revealed it. Leana's way of looking at Bob. The little things Leana had let slip back home. The peculiar circumstance of that first explosion, the hint contained in the telegram to Leana, and the fact that a train was robbed! They all added up too much to be mere coincidence.

"I've been terrifically lucky," Carolyn whispered to herself, in apprehension again. "She's not likely to miss any bets next time!"

Leana had been brought to the mountain retreat, Carolyn knew, because there was a great work facing her and Bob—harnessing X-999, adapting its unprecedented power to engines, inviting other distinguished scientists here for consultation, remarking the whole world of engineering!

But Carolyn knew that somewhere in this rush Leana Sormi would strike again. And soon!

A WHOLE new settlement had been constructed half a mile from the granite side of Tonto Peak and partly screened from Tonto by a lesser hill, which Carolyn named Tonto, Jr.

An electric power line from Boulder Dam had been tapped to supply the impromptu village, and telephone lines had been extended from Blair.

Even comfortable guest cabins had been built and were put to use when Dr. Merivale and Dr. Canby came by invitation from the Massachusetts Institute of

Andrews Wildcat

(Continued from Page Four) quarter of a mile south of same operator's No. 1 Slaughter, new discovery three miles west of the Slaughter field, was bottomed at 5,092 feet, in San Andres lime, with about 2,000 feet of free oil, and a small amount of water in the hole.

Operator is putting in a 14-foot plastic plug, then test, natural, and if the water has been eliminated, likely will acidize and swab and try to complete.

Woodley Petroleum Company No. 1 Preston, in section 20, block C-41, psl survey, in extreme Southeast Terry County, had reached 4,928 feet, in lime, and went in at that point to start coring.

Stanoind No. 1-BB University, South Andrews County exploration offsetting the discovery for the Three-Bar field, had a drilling break at 7,845 feet, in lower Permian lime, and started coring at that level.

Humble Oil & Refining Company No. 1 Buchanan, East Midland County prospector in Beldridge survey No. 32-692, ten miles southeast of Midland, was swabbing at 3,500 feet from surface, and about once each one and one-half hours was making heads of water and drilling mud. No shows of oil have been reported.

The swabbing was on perforations at 11,380-515 feet, where the formation had been treated with acid.

Evans Took DST The Ohio Oil Company No. 1 Evans, in section 27, block 40, psl survey, in Southeast Winkler County, about six miles southwest of the Wheeler-Ellenburger field, was unofficially reported to have run a drillstem test at 6,828-6,948 feet, in the Tubb-Permian.

The tool was open one hour, and recovery, was said to have been 1,440 feet of drilling mud, with no show of oil or gas. At last report the project, was said to be waiting further orders.

Some sources reported it had some porosity and oil stains in samples at 6,538-60 feet, and at 6,880-6,920 feet. Top of the Tubb, according to informed sources, was at 6,260 feet. Elevation is 2,982 feet.

Gulf Oil Corporation No. 8-E Keystone, in section 13, block B-2, psl survey, about two and one-quarter miles southeast of closest production in the Keystone-Ellenburger field, in North Winkler, was coring from 10,050 feet, in lime, possibly lower Simpson.

7-A Walton, at center of the northwest quarter of the southeast quarter of section 2, block 77, psl survey, on northwest side of the Keystone-Ellenburger field, completed for a 24-hour flowing potential of 1,430 barrels of 44.3 gravity oil per day, natural. Gas-oil ratio was 1.215-1, and the oil came through 600 perforations in casing at 9,055-10,035 feet, with total depth of 10,060 feet, in Ellenburger dolomite.

Continental Oil Company No. 1 Douglas, in northeast corner of section 33, block 34, TP survey, T-3-N, in Northeast Martin County, is being plugged and abandoned on total depth of 7,200 feet, in sandy lime. No shows of petroleum had been reported from any zone in the exploration.

American Petroleum Corporation No. 1-A Jones, Northwest Gaines County discovery for Devonian production in section 3, block A-6, psl survey, produced 211 barrels of 44.1 gravity oil in 24 hours from perforated section at 11,238-284 feet, in upper section of the Devonian. That zone had been treated with acid.

Testing was continuing. The well had previously assured production from section at 11,380-20 feet by flowing as high as 80 barrels per hour after a 4,000-gallon acid injection.

The lower Permian horizon, above current level of testing, and which showed for flowing oil when drilled through, is yet to be thoroughly investigated.

Extension Finished C. T. McLaughlin No. 1 J. C. Stinson, 330 feet from north and west lines of southeast quarter of southwest quarter of section 116, block 97, H&TCo survey, and an extension to the Sharon Ridge field, in Southwest Seury County, completed for a 24-hour pumping potential of 84.54 barrels of 24-gravity oil. Pay section at 1,770-1,845 feet, had been shot with 200 quarts of nitro.

PAT McMULLANS VISIT HERE Mr. and Mrs. Pat McMullans are in Midland visiting McMullans's parents, Mr. and Mrs. J. P. H. McMullans.

McKENNEY ON BRIDGE
By WILLIAM E. MCKENNEY
America's Card Authority

Two of the most popular men in bridge, M. A. Lightman, Memphis, Tenn., and Bertram Lehar, Jr., New York, finished first and second in the World Championship Masters Paris this year. Lightman and Pfc. Robert Appleyard won the event; Lehar and Simon Rossant finished second.

Lehar, a sports broadcaster, talks so much about double plays and squeeze plays and all the terms describing baseball and

hockey games, that it was only natural he should employ a squeeze play on one of the tournament hands to win a nice score.

Unfortunately, both Lehar and his partner had three small clubs or there would not have been much of a problem in the hand. West cashed three rounds of clubs, so Lehar had to make the balance of the tricks. When West shifted to a spade, he went up with dummy's ace and ran off his six heart tricks, retaining in dummy the spade jack and the ace-ten of diamonds, and three diamonds in his own hand. East could not hold the king of spades and the three diamonds.

Touchdown Twins Lead Austin High To 24-6 Victory Over Midland Eleven

By CROM HOLMES

Austin High's Panthers of El Paso put together 11 first downs, 344 yards gained rushing, and three completed passes for 43 yards to give the Midland High School Bulldogs a 24-to-6 licking on a cold, soggy gridiron here Friday night before shivering, grizzle-soaked fans.

Two El Paso scat backs, Danny Fraser and Wallace Harmon, practically took turns carrying the ball, one around right end, the other skirting the left, and accounted for two touchdowns each and practically all the Panther yardage. They were the difference between an average Austin team and a good one.

The El Paso touchdown twins scored two touchdowns in the first quarter, and two in the third, while Midland pushed across a touchdown in the closing minutes of play.

Austin Scores Early

Austin's first touchdown drive started early in the first quarter when the Panthers recovered a Midland fumble on the Bulldog 42-yard line. Six plays carried the ball to the 9-yard line from where Har-

mon plunged for the touchdown. A few minutes later El Paso got possession of the ball again on their own 30-yard line, from where they engineered a 70-yard touchdown drive without losing the ball. A pass to Right End Robert Kettell picked up nine yards, then the Fraser-Harmon combination drove down the field in fourteen, twenty, and eighteen-yard gains, with Harmon making the final nine yards around right end for the second Austin touchdown. A run for extra point failed and the score at the quarter stood: Austin 12, Midland 0.

Hightower Recovers Fumble

In the second period El Paso drove to the Midland three-yard line. On the first down Austin fumbled and Bobby Hightower recovered for Midland. A penalty against Austin was called on the play, but Midland took the choice of accepting the ball rather than an El Paso penalty. Cole punted out to the 40 and the threat was halted. The score at the half remained Austin 12, Midland 0.

An improved Midland team took the field in the second half when the Bulldogs made eight first downs to Austin's five, but the visitors made two touchdowns in the third quarter to Midland's one in the fourth.

A few plays after El Paso received the kickoff opening the third quarter, Fraser went through left tackle and sprinted 62 yards for a touchdown. A plunge at the line for conversion failed. Austin 18, Midland 0.

Bulldogs Make Drive

The Bulldogs received the kickoff on the 36-yard line, from where the Midlanders opened a passing and running attack which carried to the El Paso 25-yard line before Leslie Paul, El Paso right guard, intercepted Cole's pass on the 12-yard line.

In the up-field drive Midland made two straight first downs, featuring successive passes from Cole to Goode for 11 and 9 yards.

After Austin intercepted on the 12-yard line, Fraser picked up eight yards to the 20. El Paso drew a 15-yard penalty on the play that set them back to the five. Then the Fraser-Harmon machine went to work again and El Paso treve 95 yards for the fourth touchdown, Fraser carrying the ball the last four yards standing up. Again the run for the extra point failed. Austin 24, Midland 0.

Bulldogs Score In Fourth

In the fourth quarter Cole received an El Paso punt on Midland's 2-yard line and returned it to the five. The Bulldogs went into high gear and made four straight first downs which carried to the El Paso 38-yard line. The Austin line braced and Cole kicked to the El Paso 8. A penalty set the visitors back to their own one-foot line. Harmon punted out of bounds on the 20.

From there Midland engineered a touchdown. Drake picked up 3 yards, Burton Stringer lost 5, then Midland fumbled and El Paso recovered on the 20. But on the next play El Paso fumbled and Midland recovered on the 23-yard stripe. Cole passed to Left End Ben Olliff for 10 yards, Cole made 3 yards, 3 more, to the 7-yard line.

Drake smashed seven yards through right tackle for the touchdown. J. C. McNeal's kick was wide, as the whistle ended the game. Final score: Austin 24, Midland 6.

Starting lineups:

Midland	Pos.	Austin
Olliff	LE	Surratt
Mickey	LT	Pollard
Kidwell	LG	Jones
Edwards	C	Slaughter
Scrogin	RG	Paul
Bohannon	RT	Parv
McNeal	RE	Kettell
Cole	QB	Low
Goode	LH3	Harmon
Hightower	RH3	Fraser
Drake	F3	Travis

Scoring: Austin — Harmon 2, Fraser 2, Midland—Drake.

Substitutions: Midland—Whitson, Stringer, Austin — Hicks, Oppenheim, Brockmoller, Langford, Bowling, Scott, Brewster, Cowan, Anderson, Cooke, Johnson, Shoppach, Shaeffer, Dehlinger, Wheeler.

Abilene Eagles Beat Ballinger, 13 To 0

ABILENE—Abilene High's Eagles won over Ballinger in a football game played in the mud here Friday night, 13 to 0.

Ballinger held Abilene scoreless during the first half, but the Eagles pushed across a touchdown in the third quarter and another in the fourth. Abilene made 11 first downs to Ballinger's 2.

Lamesa Tornados Trim Kermit Eleven, 18-6

LAMESA — Lamesa's Tornados downed Kermit, a Class A team, 18 to 6, in a game here Friday night. It was Lamesa's first victory.

Peterson ran 65 yards for Lamesa's opening touchdown in the first quarter. Lamesa tallied twice in the second period, and Kermit pushed over a touchdown early in the fourth period.

Lubbock Westerners Beat Big Spring 27-0

LUBBOCK—The Lubbock Westerners found Big Spring easy going Friday night and defeated the Steers, 27 to 0, in the Westerners' first home game.

FIRST WITH THE NEWS

MIDLAND, TEXAS, SUNDAY, SEPTEMBER 30, 1945

SECTION TWO

Engagement Of Miss Suzanne LaForce To Lt. W. H. Baber Jr. Is Announced

Mr. and Mrs. W. Watson LaForce have announced the engagement and approaching marriage of their daughter, Suzanne, to Lt. William H. Baber, Jr., son of Mr. and Mrs. William H. Baber, Sr., of Chico, Calif.

The marriage will be an event of Oct. 4 at 12 noon at the First Presbyterian Church. Rev. Hubert H. Hopper, pastor, will perform the double ring ceremony.

Miss LaForce has chosen as her only attendant, her sister, Mrs. T. Hill Keyes, III, who will be the matron of honor. Lieutenant Keyes will attend the bridegroom as best man.

Immediately following the wedding ceremony, a reception will be held at the home of the bride's parents, 602 South Main.

Attends Stephens College
Miss LaForce graduated from Midland High School in 1943. She is also a graduate of Stephens College in Columbia, Mo., where she was a member of Beta Sigma Beta Sorority.

Lieutenant Baber was a student at the University of California in Berkeley before entering the armed forces four years ago. He received his cadet training as a bombardier at Midland Army Air Field. His overseas service was in the Central Pacific and returned to Midland for his CIS training. He reported to a separation center Sept. 21 where he will receive his discharge from the U. S. Army Air Forces.

Casting for roles in the production will be held at 8 p. m. Monday and Tuesday in the Civic Auditorium. Miss Richard Looby is director for the play.

Seven characters will be presented: Miss Lenora Fiske, a retired actress of 60 years who is the owner of Estuary House. She still emulates all the airs and gaiety of youth and is good hearted with a shrewd sense of wit and quick temper. Ellen Creed, a friend, housekeeper and companion of Miss Fiske. Ellen displays considerable dignity and is quite shrewd in her own interest in life, caring for her two elderly old-maid sisters who are considered "not bright." Louise Creed, sister of Ellen, has a shadowy personality and is simple in a childish manner. She is fluttering, fretful, fuddle and at times comical.

Other Characters
Others are Emily Creed, also the sister of Ellen, who is elderly and along the gypsy type. Emily is simple, but hates being dependent upon Ellen. She is a sullen and resentful type of character. Lucy Gilham is a pretty young maid on the flighty type who is clever and selfish where her own interests are concerned. A nephew of Ellen's, Albert Feather, is a cad, jointly and impregnant and a great favorite with the ladies. He is a bank clerk and thief. The remaining character is Sister Theresa who is a nun, jolly and old.

Any persons interested in little theater work are urged to attend the meeting Monday at which time the director plans to complete the casting for the production. Arrangements for future development of the Civic Theater and plans for securing new equipment were made at a meeting of the group Tuesday.

Members of the Lula Brunson Class of the First Baptist Church will be entertained at a twilight tea to be held at 7 p. m. Monday in the Young People's Department of the church.

New officers will be installed in services which will be conducted by Mrs. Jack Jones. The Rev. Vernon Yearby, pastor, also will take part on the program.

Members of the Belmont Bible Class met for study Friday afternoon in the Scharbauer Educational Building of the First Methodist Church. Mrs. W. L. Sutton presented the lesson from Chronicles.

The opening prayer was by Mrs. Bill Wyche Jr., and the following repeated the Lord's Prayer in unison: Mmes. John Westerman, H. E. Skipper, W. P. Collins, Leo Baldrige, Bill Wyche Jr., H. M. Reigle, George Phillips and Sutton.

Residents of Midland are reminded to turn their clocks back one hour to Central Standard Time at 2 a. m. Sunday in order that they will have the correct time for church services.

Mrs. Elwood Hisey Is Named Honoree Of Bridal Shower

Mrs. Elwood L. Hisey, who before her marriage Sept. 22, was Miss Marjorie Harwell, was named honoree of a bridal shower Friday evening. Hostesses for the occasion were Miss Faye Powers, Mrs. Martin Neill and Mrs. J. L. Deavenport at their home, 503 West Texas.

Bouquets of yellow roses were used in the entertaining rooms and a corsage of white carnations was presented to the honoree by the hostesses.

Centering the refreshment table was a large wooden tray containing sandwiches with a matching bowl of potato chips, placed in the center. Candelabra holding white tapers burned on either side of the tray.

After a contest was played by the guests, the honoree was directed to her gifts which were in a large white box decorated with bows centered with greenery.

The guest list included the following: Mmes. Emma Rotan, M. T. Harwell, B. A. Kelly, B. L. McDearman, Howell Coker, Clint Coughren, Johnny Stoops, Cleve Baker, Bill Taylor, M. J. Rodgers, Erwin Labbe, Johnny Bowden, Frankie Lawhon, Dorothy Sinex, Nannette Tanner, Dorothy Gay, Jerry Lightfoot and Erma Nichols.

CHILDREN'S SERVICE LEAGUE GROUP SORT CLOTHING AT MEET

Clothing was sorted when the Children's Service League met Friday afternoon at the Heidelberg Inn. Later the members adjourned to the home of the president, Mrs. Fred Cassidy, 804 North Big Spring, where a business session was held.

Mrs. Cassidy reported on the funds derived from the project sponsored by the organization for a local spastic case. She said the braces would be ready for the youth in six weeks and he would be sent to a spastic hospital for treatment.

Plans were made for a rummage sale to be held at 2 p. m. Saturday at the Heidelberg Inn.

Those present were Mmes. Walter Collins, Robert Dewey, John M. Hills, Alan Leeper, Vaughn Maley, L. S. Page, W. T. Schneider and Cassidy.

MRS. GRETCHEN KIDD WILL CONDUCT SCOUT TRAINING COURSE

Mrs. Gretchen Kidd, West Texas Girl Scout field advisor, will conduct a training course in Midland Wednesday, Thursday and Friday for all leaders of troop committees and other interested persons.

These sessions will be held in the Children's Library in the basement of the courthouse from 9:30 to 1:30 a. m.

Anyone desiring further information is asked to call the Rev. R. J. Snell at 957 or Mrs. Don Johnson at 1843-W.

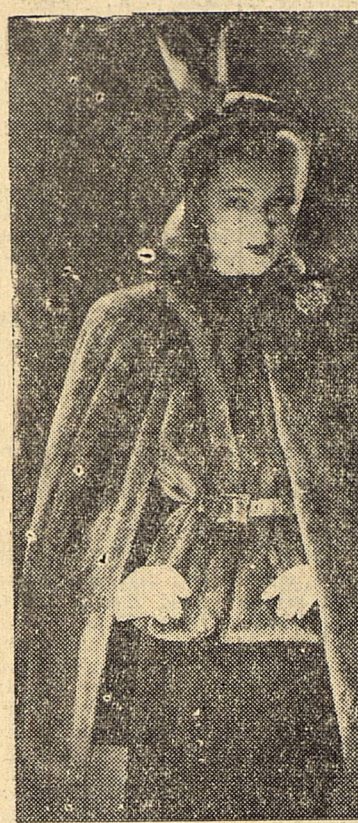

Mrs. W. L. Sutton Gives Study From Chronicles At Meeting Of Belmont Class

Members of the Belmont Bible Class met for study Friday afternoon in the Scharbauer Educational Building of the First Methodist Church. Mrs. W. L. Sutton presented the lesson from Chronicles.

The opening prayer was by Mrs. Bill Wyche Jr., and the following repeated the Lord's Prayer in unison: Mmes. John Westerman, H. E. Skipper, W. P. Collins, Leo Baldrige, Bill Wyche Jr., H. M. Reigle, George Phillips and Sutton.

Residents of Midland are reminded to turn their clocks back one hour to Central Standard Time at 2 a. m. Sunday in order that they will have the correct time for church services.

Furs Are Worked Like Fabrics

By EPSIE KINARD
NEA Staff Writer
NEW YORK—Bound to stop eyes and halt speech when they make an entrance are this year's super-duper furs which use sly styling, pile up the pelts, twinkle with jewels and stage pull-apart tricks like suave magicians.

As functional as they are handsome, these dressmaker styles boast

corsalettes, Inverness capes, boleros and pelmups. They copy the jumper-dress look, and make no apology for borrowing men's smoking-jacket styles.

One example of this sly styling is the Cinderella jacket, shown center. The fur used here is flat and tightly curled South American lamb in dramatic white, and is as precisely tailored as fabric to give a girl a glamorous version of her boy friend's smoking jacket.

Example of the Inverness cape—also of the wrap which comes apart—is shown, left. This one is in nutria, but it makes the same entrance and does the same tricks in other furs. Under the cape, which has new rounded but broad shoulders, is a separate gilet, belted down with brown alligator. The gilet can part company with the

Those reporting were Mmes. Raymond Sklenar, James F. Welch, Karl Reidenbach, Chester P. Gilger, B. T. Lilly, M. J. Meynier, Jr., Charles R. Herring, James Gough and Richard T. McCauley.

All wives of military personnel are invited to participate in the project each Friday at the USO.

MRS. FRANK ALDRICH WILL BE HOSTESS FOR GARDEN CLUB MEET

Mrs. Frank Aldrich will be hostess for a meeting of the Midland Garden Club at 10 a. m. Thursday at her home, 724 West Louisiana.

Members to have a part on the program are Mmes. Payton Anderson, C. S. Longcope and W. H. Gilmore. A flower arrangement will be displayed by Mrs. Anderson while Mrs. W. H. Gilmore will give a talk on "Perennials Are for the Lazy," and Mrs. Longcope will use as her subject "Bulbs for Spring Beauty."

PERMANENT PEACE PLANS IS TOPIC FOR MODERN STUDY CLUB

"Plans for a Permanent Peace" is the subject of the program which will be presented under the direction of Mrs. B. L. Pilcher at the meeting of the Modern Study Club. Mrs. John Casselman will be hostess for the affair at her home, 602 North Big Spring, at 3 p. m. Wednesday.

Mrs. George Putnam, president of the League of Women Voters, will be guest speaker. She will use as her discussion "What Should We do to Prevent World War III?"

cape and make its own eye-stopping entrance as a fancy front.

For proof that fur twinkles with jewels, see the slim tunic coat, right, of black moire Russian broadtail. Starfish jewels flash from the belt and from shirtwaist cuffs that taper off big butterfly sleeves which spring from the waist.

A health program was given by the first and second grades at the North Elementary assembly Tuesday.

The entertainment opened with group singing after which a health alphabet was presented by the following students: Nancy Breedlove, Alice Ann Berry, Jane Park, Robbie Arp, Lee Cheeves, Ed Ratliff, Jill Ledebur, Betty Low, Helen Short, Suzanne Deats, Joyann Edwards, Dana Young, Eddie Roberts, Dickie Mills, Mae Whitson, Ronald Thomas, Roger Fryer, Philo Brooman, III, Ernest Dorman, Wanda Towery, Bryon Vest, Shirley Polston, Phillip McClure, Odie Fae Conner, Edward Cowan and Patricia Miller.

FIRST BAPTIST WMU WILL OBSERVE MISSION WEEK OF PRAYER HERE

Women's circles of the First Baptist Church WMU will meet at 10 a. m. Monday through Friday in observance of the state mission of prayer week. These sessions will be held at the Parish.

"Laborers Together With God" will be the theme to be carried out in the programs. Contributions will be made to the Mary Hill Davis offering for state missions at the end of the week.

Whose to have charge of the programs are: Monday, Mrs. J. E. McCain; Tuesday, Mrs. R. Chanslor; Wednesday, Mrs. A. E. Hauck; Thursday, Mrs. M. D. Cox; and Friday, Mrs. John Dunagan.

Girl Scout Laws And Promises Discussed At Meeting Of Troop Four

Girl Scout laws and promises were discussed by members of Troop Four at a meeting of that group Wednesday afternoon at the Church of Christ.

Games were played and refreshments were served to Annie Bess Doyle, Ruth Wanelle Greene, Ruth Nell Kirkendall, Carole Lark, Agatha Sue Tabor, Nancy Warren, Nell Curran, Frankie Specker, Doris Morningstar, Catherine Perry, Peggy Scott, Joan Gardnhire, Evelyn Hejl and Sue Ann Talkington.

The leaders, Mrs. Walter Curran and Mrs. J. E. Warren, were assisted by June Hazlip, Geraldine Jewell and Julia Beth Galbraith.

Talk On Congress By Mrs. J. Howard Hodge Is Featured At Meet Of League Of Women Voters

Highlight of the program presented at a meeting of the League of Women Voters Saturday at the Scharbauer Hotel was a talk on "Reorganization of Congress," by Mrs. J. Howard Hodge.

In opening her talk Mrs. Hodge said, "Our system of government cannot function properly without a strong, vital efficient, well-informed, vigilant Congress. The individual senator and representative should be given adequate staff assistance in order to devote more time for legislation; higher salaries and pensions should be provided; the entire committee system should be revised in accordance with present needs; an inquiry service should be established under the Library of Congress to handle requests of constituents; all federal appointments should be placed under civil service to conserve the congressman's time; Congress should improve its public appearance by holding open committee meetings on the floor of Congress; and a close cooperation between Congress, the President, and Cabinet members."

Autumn Theme Used In Table Decorations For Club Luncheon

Luncheon tables for the Ladies Golf Association of the Midland Country Club held Friday at the Country Club were attractively decorated with ropes of ivy interspersed with grapes in keeping with the autumn theme. Hostesses were Mmes. V. C. Maley, Lief Olson and J. D. Dillard.

In games of bridge played during the afternoon high score prize was won by Mrs. W. D. Lane with second high presented to Mrs. Frank Johnson. Mrs. Johnny Coulter won the bingo prize.

Golfers were divided into two teams to be captained by Mrs. Gordon Bird and Mrs. L. S. Shiplett. In Mrs. Bird's group are Mmes. A. D. Beals, Walter Henderson, Robert Muldrow, III, Olson, J. H. Elder, Clarence Lemley, John Furneaux and Coulter. Mrs. Shiplett's team is composed of Mmes. Stanley Erskine, Gayther Nowell, Fred Hogan, Maley, Bob Hamilton, Wright Gowden, Walter Fay Averitt and Richard Glaser.

Matches Will Be Played
Announcement was made that matches between the two teams will be played Friday.

Present for the luncheon were Mmes. J. R. Ruckman, Johnny Richards, Ben Roberts, D. R. Carter, Glenn Crays, Frank Downey, C. W. Chancellor, Bird, Eddie Griswald, Johnson, Lane, Clarence Lemley, William L. Kerr, Ralph Lowe, L. G. Yabarugh, Ed Fritchard, Maley, Olson, Dillard, Coulter, one new member, Mrs. W. I. West from Houston, and one visitor, Mrs. Nash.

Mmes. Hogan, Henderson, and Fritchard will be hostesses for the luncheon next Friday. Members will make up their own foursomes to play bridge during the afternoon.

Kathryn Hanks Enrolls As Junior Student At Abilene Christian

Miss Kathryn Hanks, a graduate of Midland High School, has enrolled as a junior student at Abilene Christian College in Abilene. She is majoring in English.

Miss Hanks is the daughter of Mr. and Mrs. L. L. Hanks of Midland.

SERIES OF RED CROSS WILL BE BROADCAST

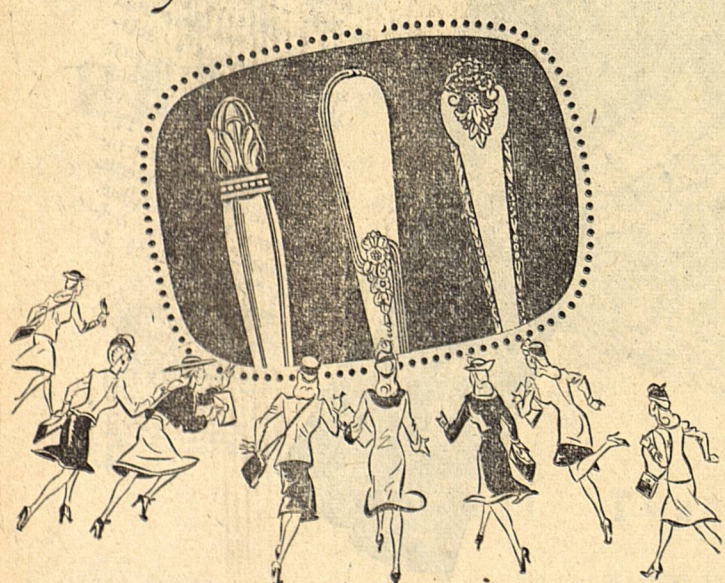

The Midland Chapter of the American Red Cross will sponsor a series of radio programs on the theme "Home Service and the Veteran," beginning Monday. These programs will be at 10:40 a. m. each Monday over KCRS.

Mrs. Lillian M. Corbett, executive secretary of the local Red Cross chapter, will be the first speaker in this series of broadcasts.

CONDITION FAVORABLE

Word has been received here that Miss Prudie Woodard of Midland, who underwent a hip operation in the Harris Methodist Hospital in Fort Worth, is in a favorable condition.

They're back!

Recipes For Overseas Christmas Packages

Mrs. Nettie B. Messick, county home demonstration agent, has recommended the following recipes for overseas Christmas packages.

GI Cookies
One cup brown-sugar, 1 cup white sugar, 1/2 cup butter, 3/4 cup sour cream, 2 eggs, 3 cups flour, 1 teaspoon soda, 1/2 teaspoon salt, 1 teaspoon cinnamon, 1 teaspoon allspice, 1 teaspoon cloves, 1 cup nuts, 1 cup dates and 1 cup raisins.

Fried Chicken
Cut piece of chicken as for frying, but do not roll in flour or batter. Sear until slightly brown and pack while still hot into cans. Place cans in a pressure canner which has about three inches of boiling water. Fasten the lid, but leave pet cock open. Steam 30 minutes then seal and process at 15-pound pressure. No. 1 cans, 40 minutes; No. 2 cans, 50 minutes, and No. 3 cans, 75 minutes.

Overseas Fudge
Mix 4 cups sugar with 3/4 cup cocoa, 1 cup hot water and 6 tablespoons white corn syrup and cook to firm ball stage. Add 1 package Philadelphia cream cheese and 1/4 pound butter. Cool and add 1 teaspoon vanilla and beat until it thickens before adding 2 cups nuts. Pour into greased cans and cool thoroughly to prevent molding and seal.

In Europe, alfalfa is called lucerne.

When You're Too Tired To Go Out, Give Yourself A Pep Transfusion

JANE RUSSELL: Her simple routine licks fatigue.

By ALICIA HART
NEA Staff Writer
There are ways to give yourself a pep transfusion when you feel like dropping in your tracks and yet you must go out on an unexpected date.

Best pick-up, if you have the time to swing it, says Starlet Jane ("The Outlaw") Russell, comes from a 30-minute nap. "Go through all the motions of dozing,

even though you can't," says Jane, "and you'll salvage enough vitality to see you through the evening."

If you have only about five minutes to give to a pick-up, take your "rest" on a hard floor, lying on your back and flattening it to fit the floor's unyielding surface. This posture—straightener licks fatigue by pulling out the kinks and easing tensions.

There's still another step suggested by Jane. That is: Get up from your nap or your hard "bed" and take a hot bath. The hotter you can stand the water, the more stimulated you will be by the soaking. Put a pot of hot tea on the side of your tub and sip while you soak. Though you will almost be dissolved by perspiration, you'll be able to hop out feeling like a brand-new girl.

Two Couples Obtain Marriage Licenses

Two marriage licenses were issued Friday at the office of County Clerk Susie G. Noble. They were for William H. Payne and Peggy Jean Ward, and Clyde Stanley Buford and Mrs. Alma Myrle Hildreth.

Seventy species of maple occur throughout the world.

Demonstration Agent Recommends Ways Of Getting Rid Of Ticks

"Wood and cattle ticks are commonly found in Midland County with many yards in the city also infested with them," Mrs. Nettie B. Messick, county home demonstrator, reported. Since it is difficult to eradicate a yard heavily infested, the agent recommended the early use of control measures.

The favorite meal of the dog or wood tick is supplied by the dog; however, the blood of man is very acceptable, she said. These insects can withstand long periods of starvation and the adults can live two years or longer without food. Female ticks deposit several thousand eggs in a mass on the ground, in cracks of buildings or in furniture and are hatched in three or four weeks or several months, depending on the weather. The larva clings to blades of grass until a warm blooded host comes along on which it feeds from two to four days and then drops on the ground and remains dormant for several weeks. In the next form, nymphal, the ticks feeds from four to eight days and after staying on the ground several weeks, becomes an adult tick.

Carry Diseases
These insects carry such diseases as Rocky Mountain fever and tularemia, with the latter transmitted by ticks from rabbits to man. Mrs. Messick stated that rabbits caught in this locality are usually found to be infested with ticks.

The following methods are recommended as successful in eliminating these insects in the yard. Make a spray containing four teaspoons of nicotine sulfate (40 percent nicotine), one-tenth ounce of soap and one gallon of water. This spray will not harm shrubbery and grass.

For a more effective spray, two ounces of sodium fluoride to each gallon of the spray mixture. This will control ticks for a longer period of time, but will cause some burning of foliage. DDT in a powder form has been effective in killing ticks on animals as well as derris root powder or other preparations containing derris root.

Tweezers should be used in removing ticks from pets to eliminate the danger of infection. Extreme care should be taken in order not to get the blood of the crushed insect in skin abrasions.

The first movie "Oscars" for acting, presented by the Academy of Motion Picture Arts and Sciences, went to Janet Gaynor and Emil Jannings in 1928.

Anglo-American Oil Conference Aims To Negotiate Petroleum Agreement

By HARRISON B. HUMPHRIES AP Newsfeatures WASHINGTON—A long diplomatic struggle to safeguard United States oil interests abroad forms a historical backdrop for the London conference to negotiate an Anglo-American petroleum agreement.

The conference's job is to outline certain principles to be followed by Great Britain and the United States,

and eventually other nations, in the international petroleum trade. It is an attempt to assure (1) adequate petroleum supplies to all peaceable nations at fair prices, (2) equal opportunity for exploration of new oil areas.

A similar agreement with the British was reached a year ago, but it was withdrawn under objections of the U. S. oil industry. Oil men contended that as it was written it might exert too much government control over private interests.

Secretary of Interior Ickes suggested the industry submit its own version. So Ickes, heading the U. S. delegation to London, has a proposal embodying some of the changes industry suggested.

For years the United States has urged that its citizens get equal treatment with the nationals of other nations in developing foreign oil resources.

The 10-year controversy with the British over the development of oil fields in Mesopotamia (Iraq) after World War I is a case in point.

A review of this controversy and another involving oil deposits in the Netherlands East Indies recently was submitted to the Senate committee investigating petroleum resources by its chief counsel, Henry S. Fraser.

In the treaty of Service, signed Aug. 20, 1920, between Turkey and the allied powers, Turkey renounced her claim to Mesopotamia, Palestine, Syria and Lebanon. The United States did not participate in this treaty since it had not declared war on Turkey.

Four months earlier, however, League of Nations mandates had been worked out in a conference at San Remo, Italy. Mesopotamia and Palestine were assigned to Great Britain, and Syria and Lebanon to France.

An Anglo-French petroleum agreement drawn up at San Remo guaranteed France 25 percent of the crude oil output of Mesopotamian fields. France consented to the construction of pipelines through Syria to carry oil from Mesopotamia and Persia (now Iran) to the eastern Mediterranean.

Since Mesopotamian oil production was to be under permanent British control, American oil interests sored a move to block all outsiders.

The U. S. State Department suggested to the British that the arrangement would have an advantage to British and French oil interests not accorded to American companies. It said it was not clear "how such an agreement can be consistent with the principles of equality of treatment understood and accepted during the peace negotiations at Paris."

The British denied that the agreement excluded other interests. Heavyweight in 1922 American oil companies in 1922 obtained State Department permission to negotiate privately with British interests and work out a basis for American participation in the development of Mesopotamian oil fields.

After several years the American group obtained 33 3/4 percent interest in the Iraq Petroleum Co., which had a contract with the Iraq government.

The British meanwhile had decided to arrange their relations with Iraq by special treaty instead of a mandate. The treaty, ratified Dec. 19, 1924, lacked safeguards against monopoly of natural resources in Mesopotamia.

The question was not resolved until 1930. Then in a convention signed by the United States, Great Britain and Iraq, the United States and its nationals were guaranteed all rights and benefits secured to members of the League of Nations and their nationals.

It took eight years to work out an agreement with the Dutch to permit American exploration for oil in the Netherlands East Indies.

Negotiations began in 1920 after the Netherlands East Indian mining law had been amended to permit only nationals or residents of the Netherlands and Netherlands East Indies to hold prospecting licenses or petroleum concessions.

The U. S. government pointed out that there was no such discrimination against Netherlands nationals in this country, but that it was possible to impose such restrictions. The Netherlands government went ahead with a plan to grant a concession of the entire Djambi area, an important Dutch East Indies oil source, to a new Dutch company. The U. S. therefore refused to grant a company embracing Dutch interests a prospecting permit on certain oil-bearing public lands in Utah.

Finally, in 1928, the Netherlands foreign minister advised the American legation at The Hague that the Dutch government was ready to sign contracts with an American controlled company for exploration of petroleum fields in the East Indies.

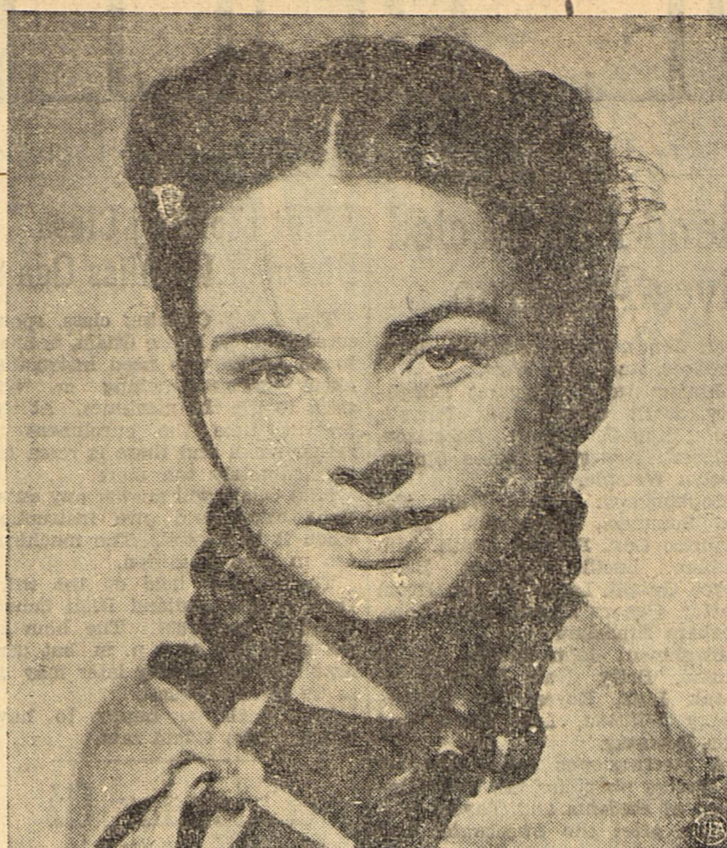

In Hinduism it is believed that he who dies in debt suffers torment or degradation in the next life.

Orientation Study To Relate AAF News On 'When Do We Separate'

RANDOLPH FIELD—Army orientation—that ugly word—has been revamped and made as attractive as a Hollywood starlet.

No longer will the GI and officer spend his hour a week learning about the enemy. He will now spend a very pleasant hour learning the latest on separation. An entirely new orientation program has been developed for stations of the AAF Central Flying Training Command, with a single purpose in mind—to inform every officer, enlisted man, and WAC in this command exactly where he or she stands on the important business of going home.

There will probably be new slogans. The emphasis now will be on knowing your points and the slogan might be, "When Do We Separate?"

Every station within the Central Flying Training Command will immediately begin this new program of information through the regular weekly orientation hour.

Every avenue available for disseminating information to military personnel will be utilized to explain and interpret the AAF Separation Program to the men and women in service. Camp publications, squadron bulletin board, movies—all will carry information on the latest news about separation. Posters, talks, informal discussions will have a single theme: How the AAF Separation Program Works.

Also Separation Information Booths to augment the War Information Centers will be set up.

While separation will be the big business of orientation, there will be frequent and full discussion of the GI Bill of Rights so that all officers and enlisted personnel will be familiar with all of the provisions of the bill. The orientation hour will not overlook a summary of domestic and foreign news. Emphasis will be placed upon news relating to peace plans and the peaceful development of the world.

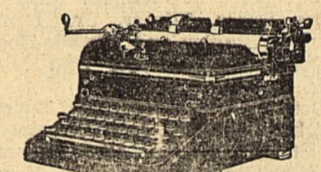

'Stars And Stripes' Issued In Shanghai

SHANGHAI—(AP)—The first issue of the China edition of the army newspaper Stars and Stripes was published in Shanghai Friday—a month after the end of the war—and editorially expressed the hope that its life would be "short and sweet."

The China edition is a four-page tabloid. John Cliff, Denison, Texas, is sports editor.

Army Begins Intense Recruiting Drive

SAN ANGELO—The Army has opened a "Guardians of Victory" recruiting campaign for enlistments in the regular Army, and a recruiting office has been opened in the postoffice with Capt. Roy E. Mundell in charge.

Men discharged under provisions of RR 1-1 from May 12, 1945, to Oct. 20, 1945, can enlist regardless of age and can have a choice of the theater of operations where they will serve.

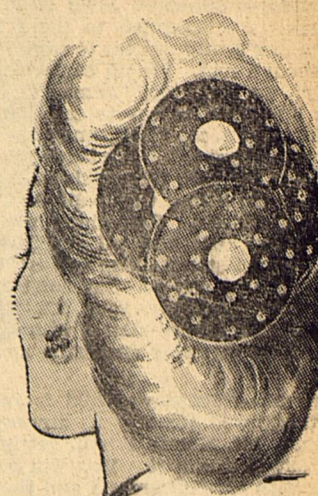

Parental consent is not necessary for young men of 18 or more to enlist. Captain Mundell pointed out the Army offers many advantages to men who want a career of travel, adventure and education.

KANSAN IS CRIBbage KING, GETS FOUR PERFECT HANDS

Small Talk

Monday—"Monday's child is fair of face." An exception to the rule is Number 3 who put his face under somebody's foot. We all came back today; we had too. Some of us with lipstick from ear to ear, some smoking corn cob pipes, and others just here physically. Are those noon showers on the West sidewalk a hint? Who brings the soap? About these escalators. Something must have happened; now all you have to do is just stand, along comes the crowd and up you go. Say don't let this weather worry you; it's the fault of the science classes who say we will be throwing snowballs next July.

Tuesday—"Tuesday's child is full of grace," well some of us anyway. It seems Mr. Howell is still getting kids out of the cars. You will see a car with kids all over it. Mr. Howell drives up and then no crowd and no car. 302 has been changed to D-R-O-O-L. Don't you wish you were a foods student.

Wednesday—"Wednesday's child is full of woe." Woe is me, I never hoped to get this far and then return to the first grade—just think, two recesses in one day. The more official name is fire drill. One inmate kept screaming "No I didn't do it. I don't want to burn." Another yelled "I love this place and I'll burn with it." The most common expression was "Duck behind this bush, it's the best chance to leave I've seen." The office is filled with fire victims, you know what I mean, those who tried to escape but couldn't. Did you know about our class for the ill, formally known as A'Accupella Choir, only those with colds and sore throats are invited. Oh book reports day for seniors. Most of us sat up all night reading the first and last chapters. Some people just wrote books themselves.

Thursday—"Thursday's child has far to go." Where do we go for pop and sandwiches now that someone put a stick of T.N.T. under Larry's. No recess for today. O, heck. Fugs bit Stanton and by what yells. Do you know where you can get vaccinations for rabbies? FRIDAY—"Friday's child is loving and giving." Girls have you seen those creatures from down Mexico way. Given any telephone numbers yet? Winter is here, how do we know? Seaters! Pep really in assembly today. Everyone in good spirits. El Paso has a fair team but we can beat 'em. Go to 'em an' seam 'em down. Bye, we got a dead line to make.

Chemistry Students Ready To Say 'Boom'

"When do we get to use nitrogen? When may we make an explosion?" These are some of the questions asked by the chemistry students of Miss Margaret Stuart. The first week of laboratory over, the students burst into the room with, "Do we get to go to laboratory today?" "No, students" comes the calm reply. "Today is lecture day." "Oh," come the replies of disappointed students. Last week the students balanced an aquarium. "Even though the classes are full and some students don't have books, we are doing very well," said Miss Stuart.

THE BULLDOG

Written By The Journalism Class Of Midland High School

Dunagan And Cleveland Are Elected Council Representatives-At-Large

Virginia Dunagan and Ann Cleveland, seniors, were elected representatives at large to the student council. Other nominees were: Seniors—Grace Baker, Barbara Brown, Joan Chapman, Van Cummings, Monta Jo Glass, Billy

Little And Corrigan New Art Editors

Sonya Little was elected art editor of the Catoico and Pat Corrigan, assistant art editor on September 19. Corrigan will draw cartoons. Monta Jo Glass, snapshot editor, asks all students to bring snapshots to her for use in the Catoico, as soon as possible. Seniors are urged to get down that "old" photograph book with pictures of themselves in "three-corners" or "lace caps." All baby pictures of the seniors will be especially welcome. The football pictures have already been made.

Miss Martha Creagh, sponsor of the 1946 Catoico, says that this year's Catoico will be different, and the plans for changes are being kept secret. Dedication, theme, and some of the arrangements were decided on week before last.

Teachers Evaluate New Text Books

Evaluation of books for recommendation to Fred Wemple, a member of the State Board of Education, will begin soon, Superintendent Frank Monroe announced. Teachers evaluate the text books, they think best and inform Monroe of their selections. Books on the following subjects will be considered: ancient, modern, and Texas history; general math; first and second year algebra; plane and solid geometry; Czech; first and second year French; agriculture; and commercial arithmetic.

Dramatics Class To Present Plays

The Dramatics class, taught by Miss Verna Harris, has been studying stage business, stage movements, characterizations, parts of the stage, and the "Do's and Don't's" of acting. To put in practice these fundamentals, six skits have been presented. Miss Harris states she plans to cast two one-act plays within the next two weeks. Fifty students have been selected for consideration as members of the Dramatics Club. Miss Harris says. Further try-outs will be held to reduce the number in the club. A verse drama is to be studied and

Adult Clothing Class Directed By Miss Odam

The Adult Clothing class, sponsored by Miss Eloise Odam, is open to all adults who need instruction about garment-making or who want to use the machines. At the present time the enrollment is rather small and there is room for approximately ten more.

Miss Odam will answer any questions asked and give instruction when it is wanted. The machines are in good condition. The class is held on the third floor of the Midland High School building, room 301. The hour of the class is 3 to 4 p. m. but persons desiring to stay later may do so by special request. "We shall be happy to have others," Miss Odam said.

Calendar Of Coming Events

Monday—Change to the old time; beginning of Fire Prevention Week. Tuesday—Assembly 11:15 nominations for Catoico Queen. Wednesday—Assembly 11:15 F. B. I. agent; clubs at 3:15. Friday—Midland vs. Plainview at Plainview.

Building Cleared In Two Minutes

In accordance with Fire Prevention Week, students of Midland High School practiced two fire drills Wednesday. The drills were conducted orderly and with little confusion, 650 students clearing of the building in two minutes. Principal Harlan Howell said the drill was conducted well but that students were not taking advantage of the double lines and were a little too noisy.

D. O. Club Elects Officers Wednesday

The Trade and Industry Co-op Club elected Jane Patteson president at its meeting Wednesday. The supporting officers are F. B. Hale, vice-president; Jerre Howard, secretary; Bill Adams, treasurer; and Juanita Jones, reporter and historian. "The club is state chartered and the only requirement for membership is that the members take diversified occupations," said Dean Bennett, club sponsor.

Wilbur Yeager, Bulldog QB, Hurt In Pampa Game

Wilbur Yeager, Bulldog quarterback, will not be seen on the gridiron until at least Oct. 12 because of a dislocated left shoulder suffered in the Midland-Pampa contest. Bobby Cole will take his place for the Plainview game.

Yeager has been active in all high school sports, and was one of the outstanding players for the Bulldogs last year, his first season on the "A" string.

This 136-pound 5 foot 11 inches senior lettered as a guard his first year in basketball, the 1944-45 season. For the past three years Wilbur and F. B. Hale have won the M. H. S. boys doubles in tennis. Last spring they went as far as the semi-finals in the regional meet at Abilene. Sixteen-year-old Yeager also went out for track last year.

1945 District Meet Medals Presented

Harlan Howell announced that the medals won by Midland High School students last spring at the Interscholastic League 3-AA Conference have arrived and been presented to the Midland district winners.

Taking top honors in tennis were four Midland High students: Betsy Vertrees, boys' singles; F. B. Hale and Wilbur Yeager, boys' doubles; and Florence Larsh, girls' singles. In addition to her medal Florence also received a miniature gold tennis ball.

Midland High School was well represented at the track meet in which three students won four "firsts" and many others placed. These winners were M. C. Hale, 220-yard dash and also the runner broad jump; Bobby Drake, the mile run; and Bert Conly, the running high jump.

Happy Birthday To

September 30—William Lathrop, Niles Baker Winter, Jr., Benny Marriott Stanley and Edwina Hood. October 1—Kathryn Ann Morrow. October 4—Richard Eugene Clarke and Billy Jean Thompson. October 5—John Allen Murray, Charles Ray Ponder, and Edwin "Dix" Ware. October 6—Bobby Lynn Cole, Sue Reeves, and Lavada Mae Reeves.

Enough gasoline to drive from New York to Chicago every automobile, truck, tractor or bus that existed on the face of the earth in 1941 was transported to Europe between D-Day and VE-Day—a total of 1,645,145,840 gallons.

Aluminum was discovered only a little more than 50 years ago.

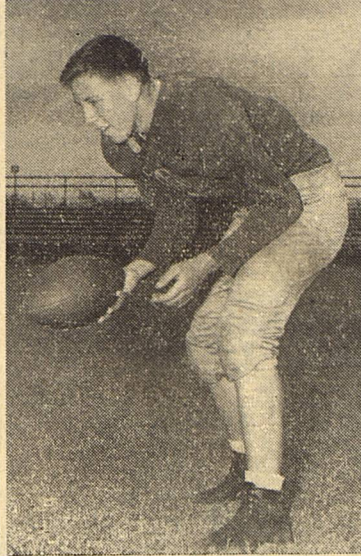

More than 50,000,000 pairs, or about one of every five pairs of non-rubber boots, shoes and slippers made in the United States in the first half of 1945 were made in New York state.

Bulldogs Go To Plainview Friday For First Out Of Town Contest

Table with columns: No., Plainview, Weight, Position, Weight, Midland, No. Rows include Echols, Weeks, May, James, Stoneham, Morrison, Bond, Williams, Halle, Graham, Weldon.

Hurt In Game

Wilbur Yeager

This week's game features the Bulldogs vs. the Bulldogs. Our own Midlanders will journey to Plainview Friday to decide which is the better team in the third game of the series.

In 1943 Plainview defeated an injury-ridden but still game Purple and Gold delegation, 20 to 6. Last year Midland gained revenge over the plainsemen to the tune of 32-5. This year the northern ver-

Who's Who-Alma Faye

Alma Faye Cowden, vivacious black-haired, brown-eyed junior was born in Midland, October 30, 1929. She is president of the Junior class, junior representative of the Student Council, cheer leader, junior editor of the Catoico. Last year she was vice-president of the Sophomore class, served on the Student Council, and was secretary of the Dramatics Club.

Alma Faye plans to attend a girl's school before entering Texas University. She will major in Business Administration. This year she is taking English, history, plane geometry, chemistry, and typing. She has no favorite color. Tom Thumb, her horse, is her main hobby, and riding him is her favorite sport. Hot rolls, fried chicken, and cherry pie are her favorite foods. She has attended Camp Waldemar, near Hunt, Texas, for four years and has won many honors there.

Music Corner

The A Cappella Choir has finished memorizing "A Legend," "Goin' Home," and "Rain and the River," which will be presented November 9 for the Junior High School in an assembly program, and for the "Armistice Concert" that night. They will begin work on "The Lord Bless You and Keep You" and the High School Alma Mater. Virginia Dunagan will be the accompanist this week.

News Of Former Midland Students

Belva Jo Knight is home from the University of Oklahoma. Bobby Hyatt, Bill Holcomb, and Henry Shaw are home from A&M College. Ann Bingham is home from Texas Tech for the week end. Clinton Johnson A/S is home on leave from San Diego. Glen S. Brunson, graduate of 1941, has gone to Camp Beale, California. Charles E. Patteson A/S is stationed in San Diego, California. S 2/c M. C. Hall is home on leave from Camp Parks in California. S 2/c Bert Conly is home on furlough from San Diego, California.

Second Pep Rally Is Held By High School

The second pep rally was held Friday, September 28, at 3:30 in the high school auditorium, which was decorated with purple and gold, the school colors. Cheerleaders Catherine McDonough, Becky Bird, and Alma Faye Cowden lead the high school group in several yells. They were aided by the Midland High band, directed by F. C. Gambill.

Band Leads Parade For Lions Carnival

The High School Band led the Lions Club parade Wednesday afternoon. About 25 cars followed the band to advertise the Lions Club carnival. The band played "Showboy March" and "Booster March."

At the tilt Friday night between Austin High of El Paso and the Bulldogs the band performed at the half with four formations. In the first stunt the band spelled out the letters H-E-L-L-O. The second was a straight formation facing the grandstand and playing "Downstreet March." Next came a formation of the letter A and a yell for Austin High. Last the band formed the letters M-H-S and played the Bulldog fight song "On Ye Bulldogs."

Four students asked for membership in the band last week. The new uniforms probably will not be acquired until the last of this school term, Forrest Gambill, band director, said.

Drill mornings for next week are Tuesday, Wednesday, and Friday.

Need A Beau Girls? We Have A Cute One

Midland High School has a new football mascot. This is a white and brindle English Pit Bulldog named Beau. In his spiked collar Beau has quite a fierce appearance and judging by size he looks much older than his one year.

When Beau made his appearance at the Midland-Pampa game, he was greeted by hearty applause. Beau made friends readily with the football boys and they, in turn, seem to like him.

Furnishing Midland High School mascots is not new to Freddie Mitchell, the dog's owner. Mitchell, a former Midland High School student and member of the football team, supplied Lot, the mascot used several years ago.

Library Instruction Given By Miss Creagh

Miss Martha Creagh will begin teaching a course on Library Instruction to the Freshman classes this week. The purpose of this course is to teach students the use of the library and how to locate material.

Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off ungainly weight and help bring back alluring curves and graceful slenderness. Just get from any druggist, four ounces of liquid Barcol Concentrate. Add enough grapefruit juice to make a pint. Then just take two tablespoonsful twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

Midland Drug Co. and all other druggists.

Loan Group Will Have Annual Meet

STANTON—The annual meeting of officers and directors of the Stanton-Midland Farm Loan Association will be held at 2 p. m. Saturday.

The association is a consolidation of associations formed at Stanton and Midland in 1917 to serve borrowers in seven counties. It now is serving 390 Federal Land Bank loans totaling \$1,100,000 and 210 Land Bank commissioner loans totaling \$270,000.

Congress has authorized the association to make loans up to 65 per cent of the normal agricultural value at a four per cent interest rate.

It is estimated that the U. S. Army used 94 pounds of water-proofed paper for every soldier who entered combat.

Slated for Bench

Bennett Champ Clark, above, who served as senator from Missouri with President Truman, is reported slated for appointment as judge of the District of Columbia Court of Appeals. The lifetime post carries a salary of \$12,000 a year.

INVESTIGATION OF DA OFFICE IS DELAYED

DALLAS—(AP)—The illness of a witness resulted in a 40-day delay in the federal grand jury's investigation of the affairs of the U. S. District Attorney's Office under Clyde Eastus' administration.

Federal Judge T. W. Davidson was told Thursday that the witness is Newt S. Locks, Dallas oil man. Judge Davidson recessed the grand jury at the request of Acting U. S. District Attorney Bob Young.

Gas Pains

25c Home Trial Relieves Excess Acid in 5 Minutes or DOUBLE MONEY BACK

If you still suffer from suffocating gas and heartburn due to excess acid, chances are you've never tried UDGA Tablets. Now make this 25c double-your-money-back home trial. Yes, in only 5 minutes the very first tablet may show how you may gain happy relief from gassy excess acid pains. UDGA Tablets, different from "candy" and baking soda, is a real medicine, containing 3 fast-working ingredients. UDGA helps relieve in minutes. That's why over 200 million have been used by victims of stomach and ulcer pains, sour upset stomach, indigestion, burning stomach ache, due to excess acid. Ask your druggist for UDGA Tablets today.

Midland Drug and drug stores everywhere.

Scientists Favor Atom Bomb Control Through International Action

By J. M. ROBERTS, Jr. AP Foreign Affairs Analyst

The scientists who developed the atomic bomb are reported largely in favor of placing controls around it through international action. There is discussion of whether it should be given to Russia. The military, of course, wants to retain it in deepest secrecy.

The diplomatic aspects of the discovery seem to overshadow, for the moment, its ultimate social and material role.

It is an occasion when the central public cannot be fully informed, either on the international political problems or the immediate possibilities of the new power itself, and so is forced to rely on governmental leaders to decide. There is no general knowledge of how many atomic bombs have been made, what the production rate is or may be, how close scientists throughout the world may be to the secret, or what new discoveries may be in the offing.

Favor English Speakers

There are those who think that the English-speaking peoples have demonstrated such an active interest in world peace that, for as long as possible, the atom secret would be safest with them. Others feel that equality of responsibility and mutual trust in the United Nations organization must be the foundation of all peace, and that the mere attempt of one nation or group of nations to retain a private bludgeon will be disruptive.

Others have been working for a flexible policy which would not, in the long run, defeat itself by forestalling adjustment to new developments. Under it, the use of atomic weapons might be placed under the control of the United Nations, with its secret and its production, at least for the time-being, in English-speaking hands. Then, when it is determined what share the various powers are to play in backing United Nations edicts with armed power, allocation of atomic production to other powers might be considered.

32 Separation Centers Established For AAF

RANDOLPH FIELD—Army Air Forces Separation Centers established at 32 points over the nation a little more than a week ago will henceforth separate all AAF personnel eligible for release from duty, with the exception of WAC personnel. ASF Separation Centers will continue to accomplish WAC separations. Prior to Friday's announcement, AAF personnel had been separated by both Army Service Forces and AAF Separation Centers.

This announcement, made at Headquarters of the AAF Central Flying Training Command, followed a week of intensive activity during which the new AAF Separation Program stepped into high gear to speed the return of eligible Army Air Forces personnel to civilian life.

Two Centers in Command Randolph Field and Ellington Field, the two CFTC installations designated as AAF Separation Centers, started operations under this new program on September 17. During the first week these two CFTC installations separated 669 officers and enlisted men, jumping from five separations the first day to a combined total of 230 on Sunday, September 23.

It is anticipated the present minimum daily quota of 100 separatees for Randolph Field and Ellington Field will be doubled or tripled within the next few weeks, as the separation center machinery, operating on a seven-day-per-week basis, is further perfected.

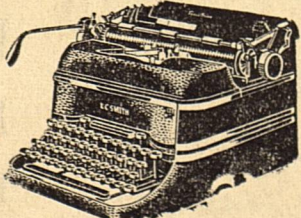

All WAC personnel will be separated at the following five Army Service Forces Separation Centers previously designated to accomplish WAC separations: Camp Beale, Calif.; Fort Sam Houston, Texas; Fort Sheridan, Ill.; Fort Dix, New Jersey; Fort Bragg, North Carolina.

Circus Performances Here Are Cancelled

Thousands of circus fans were disappointed Saturday when two scheduled performances of the Cole Brothers Circus were cancelled because of the inclement weather.

The circus manager promised the show will return next year. He explained the performances could have been staged by leaving out some of the heavier acts, but the circus owners preferred not to show than to give an inferior performance.

The circus will play in San Angelo Monday.

'Skybus' Gets Big Push

Postwar commercial version of the famous Douglas DC-3 transport will be the DC-8 "Skybus," sketched above, unusual feature of which is a twin counter-rotating propeller drive mounted behind the tail. Peacetime product will carry twice the passengers and go 50 per cent faster than the war plane.

Schwellenbach's Powers Face Tough Test In Solving Detroit's Turmoil

By S. BURTON HEATH
NEA Staff Correspondent

DETROIT—Whether by choice or because his hand is forced, Secretary Lewis Schwellenbach is testing the Labor Department's new powers in the toughest laboratory he could have found.

If, by virtue of the broadened authority vested in him by President Truman, Schwellenbach is able to get the automobile industry into production without a major labor war, he ought not to worry about anything else he may encounter later.

But if he fails, then in one way or another the explosion here is going to spread in all directions—a splitting economic atom starting a series of explosions that may well cause incalculable damage.

The United Automobile Workers (CIO) is demanding that the three big automobile manufacturers pay slightly more, for a basic 40-hour week without overtime, than they paid at the height of the war boom for an overtime week.

The UAW computes the straight-time average hourly pay for the industry as \$1.17 an hour, which is \$46.80 for a 40-hour week. Add the 30 percent raise that is demanded and a basic week's pay would average \$60.84. This is \$1.34 more than the UAW says the average auto worker took home at the peak of the war boom, including overtime and making no allowance for income tax and War Bond deductions.

The automobile workers constitute only one of many industry groups, generally represented by CIO unions, that are demanding a wage raise sufficient so that, for a shorter work week, their "take home" pay will be as great as during the war. More often than not, the same 30 percent figure is used.

The Akron rubber workers have announced that they want such a raise. So have the Pittsburgh steel workers and the CIO oil refinery workers and many others.

Industry conditions differ. It is by no means probable that other workers would get exactly the same arrangement that the UAW eventually exacts from the automobile makers, whether that proves to be all or nothing or a compromise.

But the UAW, powerful, skilled in strike techniques, with a big war chest, undoubtedly will prove to be the bell-wether in the fight of workers to keep that weekly pay from decreasing now that the war is over and overtime has become rare, instead of being routine. The automobile workers have announced a strategy that adds new wrinkles to traditional methods. They say that they are going to take the Big Three one at a time. First, unless General Motors gives the 30 percent raise, the UAW says it will call out GM's 350,000 employees, proclaim a boycott on GM products, permit Chrysler and Ford to continue production, and let General Motors watch its rivals skim the cream off the big, eager automobile market created by almost four productionless years.

"Divide And Conquer"
Then—presumably assuming that General Motors will capitulate to protect its consumer good will—a second company will be struck in the same manner. Apparently Chrysler has been chosen to lie idle while General Motors and Ford sell automobiles and make friends. When Ford's turn comes, the union would not expect him to hold out long.

Because of the overwhelming ascendancy of the Big Three in the automotive field, and their bitter competition for sales, the UAW is working in the one industry would appear to have greatest possibility of success.

If one or more of the big companies is shut down very long, the economic ripples thus started would spread far and wide, curtailing or sometimes destroying employment by supplies and raw material producers. The steel industry would be hit hard. The speedy reconversion that is necessary to prevent a postwar slump from becoming a postwar depression, might prove impossible.

If the UAW wins all or much of its demands increase, that would be a signal for every strongly organized industry, where overtime has given way to normal work weeks, to go all out for a similar raise.

The companies, thus far, have said little about the union's de-

mands. If history repeats, they will say, as many others do say, that such a raise would necessitate price increases that would set off the wildest inflation. The union denies this, in advance.

Say Profits Fantastic
A spokesman for the UAW told me that the union contends the 30 percent increase could be absorbed by the major companies without change in 1942 prices and without menace to legitimate profits.

"Certain of the companies make fantastically large profits," he said "in many years those profits are equal to the companies' payroll. A 30 percent addition to the payroll would still leave very large profits. "Also, the automobile industry now is entering a market where, for some time to come, there will be no selling problem. The manufacturer has only to make the car, and let some eager buyer get a chance at it. In the past, cars have been sold under highly competitive conditions, so that selling costs have become as great as, and perhaps greater than manufacturing costs.

"This is a mass production industry, so set up that it can make enormous profits just as long as it can operate at capacity. Well, for two or three years it will be able to operate at capacity and dispose of its product without selling effort or expense."

Secretary Schwellenbach has sent 19 conciliators here to try to find some way of reconciling these union claims with the companies' as yet unclarified counter contentions—some way of reconciling the natural human aversion to a "take home" pay cut with the fact that there is a manpower surplus in sight—some way of keeping the entire national reconversion from being disastrously delayed by a prolonger shutdown in the key automobile industry.

The Postal Savings System was instituted in 1910.

ROETTGER'S JEWELRY

R. VOSATKO, Successor

Spode-Wedgewood Royal Worcester China

Midland Junior Chamber Of Commerce

P. O. Box 1606

Midland, Texas

Dear Fellow Citizens:

War has been declared on rats and mice in the City and County of Midland and we need your whole hearted support in a lightning campaign to begin October 1 and end October 15.

For the business districts—the battleground during the first week—we have secured a new Army-developed secret poison which will be used by men specially trained and supervised by the U. S. Fish and Wildlife Service. This poison is to a rat what the atomic bomb was to the Japanese.

Two things are needed to make the first phase of the campaign a success:

FIRST — Each business house must make a special effort to clean all alleys and food storage places and then dispose of garbage, rubbish and waste so rats and mice can not reach them.

SECOND—Allow the trained specialists to place the poison in each business house.

This war on rats and mice is another step in our campaign to make Midland as free of the causes and carriers of polio, typhus and other diseases as may be possible.

The JayCees are spending \$500 for this poison for the business district and another poison suitable for residences, farms and ranches. If you would like to help us pay this bill, you may mail us your contribution or leave it at the Chamber of Commerce office.

Yours truly,
THE MIDLAND JAYCEES.

Grand Jury Will Have Large Number Of Cases Monday

When the grand jury convenes at 10 a. m. Monday in the district courtroom it will have the largest number of cases to investigate of any grand jury for a number of months.

Fifteen cases have been bound over for action of the grand jury by Justice of the Peace B. C. Girdley.

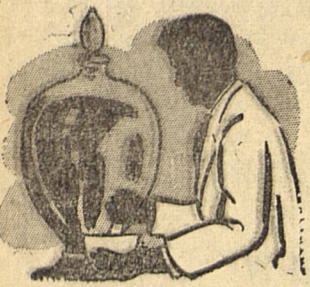

Officers have other cases which they will recommend the grand jury investigate.

One of the cases to be acted upon by the grand jury is that of V. W. Hall, negro from Odessa, who was involved in the affray at the Labor Day calf roping which resulted in another negro from Odessa being killed. Hall has been in jail since the afternoon of the shooting.

'FUNERAL' IS A ROARING SUCCESS

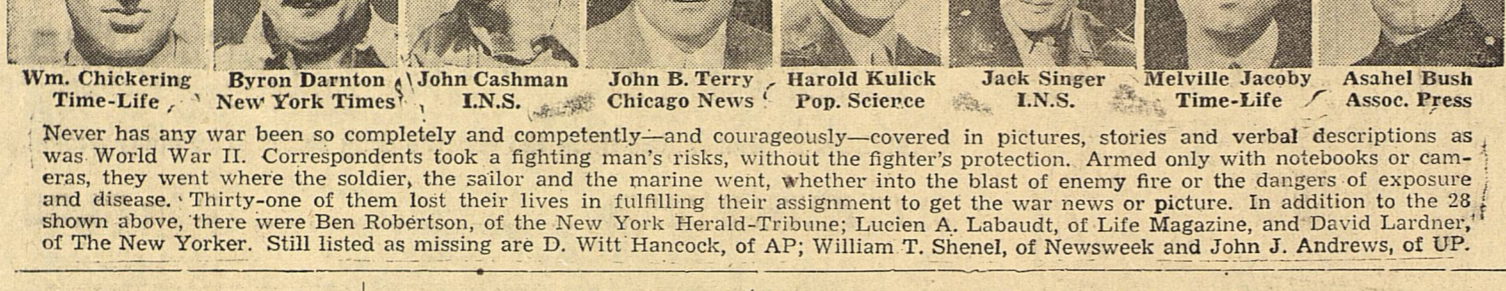

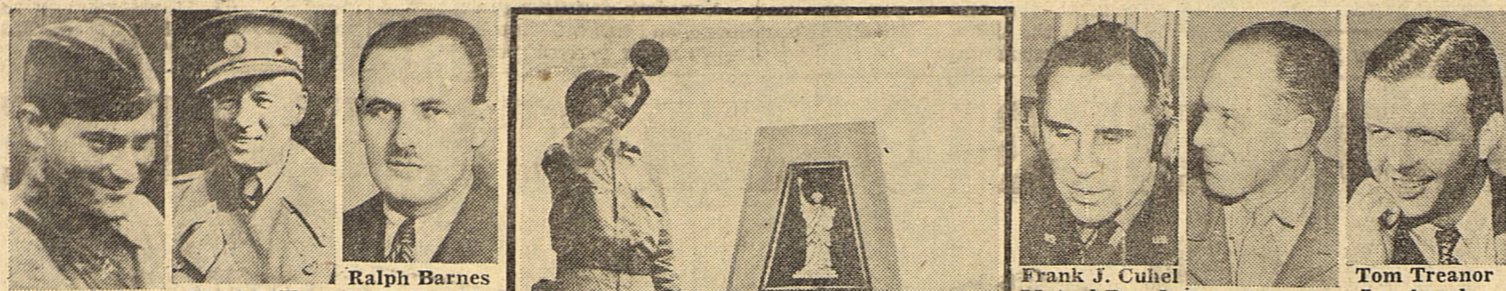

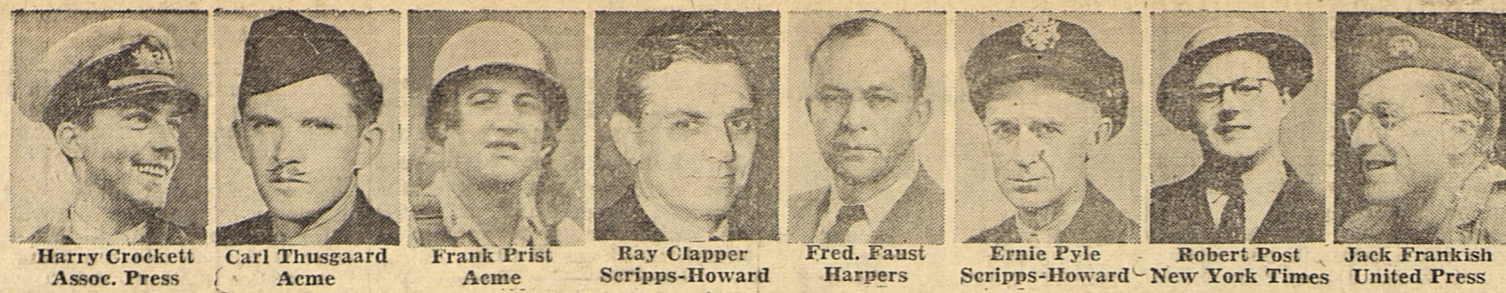

BALTIMORE—(AP)—When a Baltimore Ration Board received notice to close up, the employees decorated the window of the office with a small satin-lined casket filled with gas and fuel oil rationing stamps.

Beside the casket were sympathy cards, sent by merchants. "But nobody wept—everybody just laughed."

Trustworthy HANDS

You place a great deal of trust in the hands of the pharmacist, and we make certain that our hands are trustworthy of the confidence you place in them. Only the finest quality ingredients are used, and they are weighed, measured and dispensed with the painstaking care that alone can assure absolute accuracy. Bring your next prescription to CAMERON'S for letter-perfect compounding.

Never has any war been so completely and competently—and courageously—covered in pictures, stories and verbal descriptions as was World War II. Correspondents took a fighting man's risks, without the fighter's protection. Armed only with notebooks or cameras, they went where the soldier, the sailor and the marine went, whether into the blast of enemy fire or the dangers of exposure and disease. Thirty-one of them lost their lives in fulfilling their assignment to get the war news or picture. In addition to the 28 shown above, there were Ben Robertson, of the New York Herald-Tribune; Lucien A. Labaudt, of Life Magazine, and David Lardner, of The New Yorker. Still listed as missing are D. Witt Hancock, of AP; William T. Shenel, of Newsweek and John J. Andrews, of UP.

Cactus Cafe To Be Closed Two Days

The Cactus Cafe will be closed Monday and Tuesday while repairs are being made. J. H. Wallace, manager, announced. Wallace expressed regret it is necessary to close for the two days.

Many-Purpose Creams Help College Girls Save Space And Allowance

the cosmetics a girl would l-o-v-e to pack off to school.

Even if there were enough dollar bills to lay down for one cream for the complexion, another for body skin that chaps, and yet another for hands that also like softeners, think of the travel difficulties that require you to keep luggage thinned out to a minimum. Think, too, of the dormitory space that is going to be shared by other girls.

So, to make your lot easier all the way from pocket book to the community cabinet in the college dorm, see that several needs are served from one cosmetic jar.

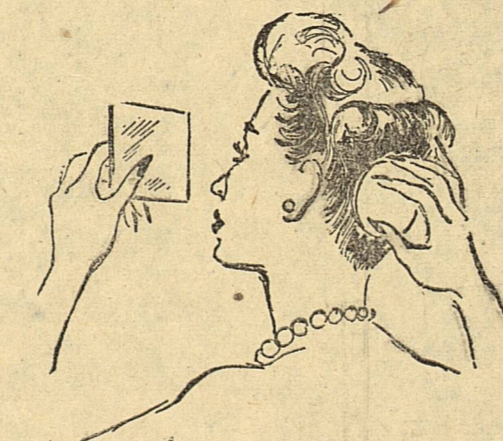

Take, for instance, a complexion milk. It will do double duty night and morning as a skin softener and powder base. If winter-roughened hands need softening, dip into it for that. And if legskin scuffs, out with your bottle and off with the cap.

Serves several needs. NEA Staff Writer By ALICIA HART. Most teen-age budgets would break if they had to cover ALL.

CLEANUP CAMPAIGN

PONTIAC, ILL.—(AP)—Gambling ended in a cleanup here when seven youths were caught playing blackjack on the court house lawn. Under the direction of the police, they were put to work sweeping and scrubbing at city hall.

Dutch Would 'Adopt' 18,000 Yank Graves

NEW YORK—(AP)—Grateful Dutch have asked their government for permission to "adopt" the graves of 18,000 American soldiers in a cemetery at Margarten, Limburg province, says the Netherlands Information Bureau.

In the nearby city of Maastricht the residents of entire city blocks are joining together to tend for a number of graves. Plans have also been prepared to erect a memorial to the Americans who gave up their lives when the Allies drove the Germans from the province in 1944.

In addition to taking care of the graves, the Dutch living near the cemetery would keep relatives in the United States informed of scheduled memorial services.

One-Hander Becomes A Good Hand At Sea

EXMOUTH, ENGLAND—(AP)—Bill Salter wanted to go to war—and did, despite the fact that he was born without a right hand.

Rejected by the RAF, he volunteered and was accepted by the Royal Observer Corps and was posted as an aircraft identify expert aboard the liner Empire Broadword which took troops to Normandy and brought wounded men back.

Salter has been listed as missing since the Empire Broadword struck a mine and sank.

WAR CRIMES LIST MADE

LONDON—(AP)—The United Nations War Crimes Commission has sent a secret list of more than 1,000 Nazi war criminals to the Allied governments with a recommendation for their immediate arrest.

Proud Pat

Envy of his playmates is Paddy Devereux, above, 11-year-old son of Marine hero Lt.-Col. James Devereux, Wake Island commander recently freed from Jap prison camp. The lad arrived in Washington to greet his father wearing Marine Corps insignia and a Chinese officer's cap, given him by his grandfather, Col. John P. Welch, Army quartermaster in the CBI theater of war.

1,800 AAF Officers To Get Discharge By Nov.

RANDOLPH FIELD—Nearly 1,800 bombardier and navigator officers will be released from the AAF Central Flying Training Command by Nov. 1, according to a new directive received from Headquarters, Army Air Forces Training Command, Fort Worth, Texas.

This quota of officers to be separated from the service is in addition to those who qualify under existing separation directives. The Adjusted Service Rating Score, computed on May 12, will be used to determine the eligibility point score of the rated officers, and those qualified under the new directive will be separated regardless of demobilization category, provided such officers have expressed a desire to be separated from the service.

Approximately 680 navigators will be separated by Nov. 1. To qualify, the navigator must have a minimum of 25 points.

Some 1,087 bombardiers will be separated. To qualify for separation, bombardiers must have a minimum of 13 points.

A quota of 22 bombardier-navigators who have a minimum score of 27 points will be separated.

The coconut palm trees fringing Palm Beach (and from which the resort island derives its name) are the result of the wrecking of a Spanish cargo of coconuts off the Atlantic coast in 1879.

Missouri Senator Asserts His Rights

WASHINGTON — (AP) — Senator Donnell (R-Mo) contended Friday there is no basis for President Truman to say the Senate let him down in not approving the administration's jobless pay bill.

Donnell shouted that the Senate ought not to force for one minute that "it is not a body subordinate to the President."

Advertise or Be Forgotten

Social Situations

THE SITUATION: You take your dog on a leash for a walk and a person who meets you on the sidewalk seems afraid of him.

WRONG WAY: Laugh and say, "Why, he won't hurt you."

RIGHT WAY: Pull the dog in close to you and if you can, get him off the sidewalk and out of the other person's way.

Freetag Will Erect Business Building

A building permit has been taken out by J. R. Freetag for erection of a 30 by 52 tile building at 318 West Indiana Avenue to be used as a carpenter shop. Cost of the structure is estimated at \$2,500 and construction is expected to be completed within 60 days.

A modern destroyer can steam 37 knots, and has a 6,000-mile cruising range under normal speed.

The Beer Board, Lady, That's Who Said So

KNOXVILLE, TENN. — (AP) — Although a local cafe owner had an eloquent plea, the Knoxville Beer Board refused to reverse an order that the cafe could sell beer to men only.

The owner had placed a sign in his window—"No minors, drunks or ladies will be served" — but "it didn't work," he told the board.

"A woman came in and wanted beer," he said. "I refused and she wanted to fight. She yelled, 'Who said I was a lady?'"

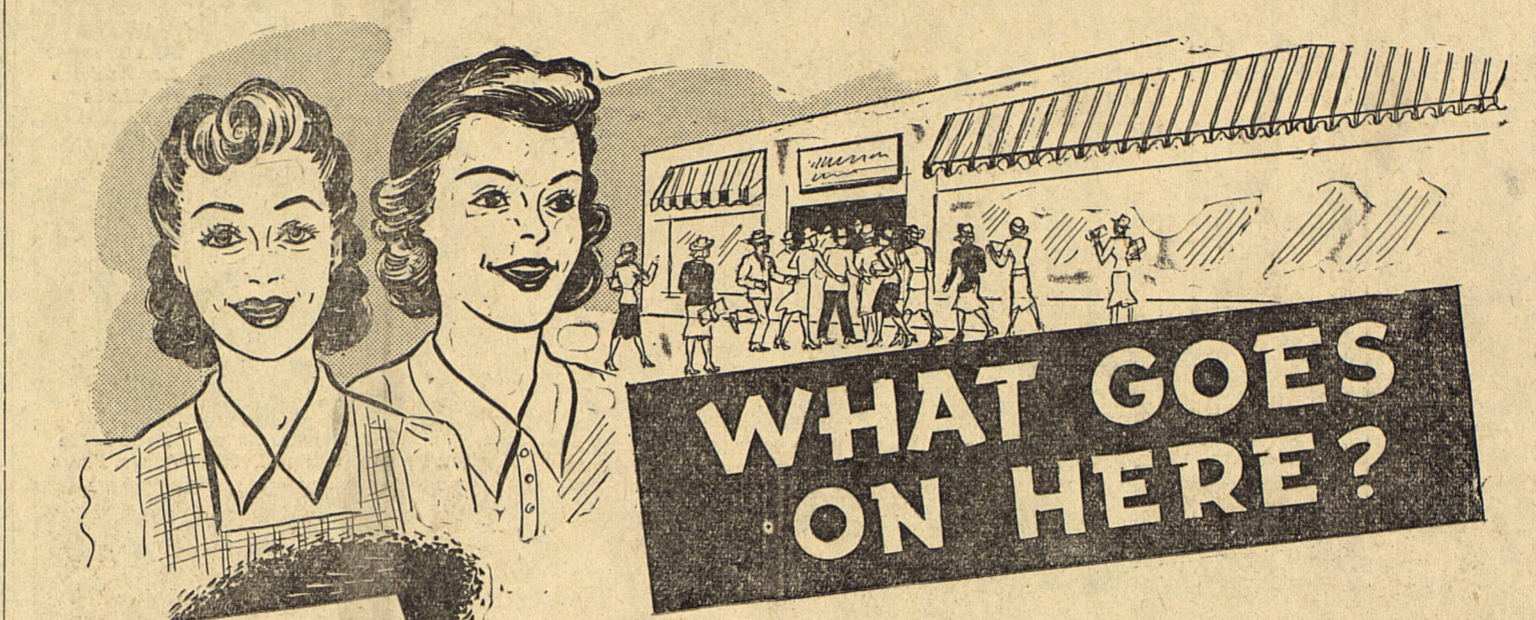

PEACE WITH A BANG

CLIFFE, ENGLAND — (AP) — The villagers here feel that peace has passed them by as great explosions come from nearby marshes where old bombs, mines and ammunition are being detonated.

Phillip D. Branch Gets Bronze Star

WITH THE 96TH DIVISION IN THE PHILIPPINES—Pfc. Phillip D. Branch of Midland has been awarded the Bronze Star and Purple Heart for action on Okinawa.

A member of the Battalion Intelligence, Scouting and Patrolling of the 383rd Infantry Regiment, Pfc. Branch also saw service with Major General J. L. Bradley's 96th "Deadeye" Division in the liberation of Leyte. Pfc. Branch also wears the Combat Infantry Badge.

In awarding the Bronze Star to Pfc. Branch, General Bradley cited him as follows: "Pfc. Branch voluntarily assisted in the evacuation of casualties suffered by his battalion when the high rate of casualties among the Medical section had threatened to halt all evacuations. The action of Pfc. Branch in volunteering for an extremely hazardous duty while under constant enemy observation and deadly fire from enemy machine guns, mortars and artillery was directly responsible for the saving of several lives. His devotion to duty and courage under fire reflect great credit upon himself and the military service."

Pfc. Branch, who received his Purple Heart for wounds suffered on Okinawa, is the son of Mr. and Mrs. W. J. Branch, R. No. 1, Saltillo, Texas. Before the war, he attended the Lake Forrest University, Lake Forrest, Ill. He was employed as a sheet metal worker by Branch & Shepard Roofing and Sheet Metal Co., Midland.

THEY USED TO CALL HER FATTY

Almost unbelievable loss of weight is possible for most overweight people through a pleasant, absolutely harmless, reducing method. While eating plenty, it is possible to take off as much as three to five unsightly pounds a week. No exercise, no starvation diet, no reducing drugs or cathartics are necessary for those who seek to regain a graceful, youthful figure. In fact, the Tremett Way is so confidently recommended that you may try Tremett without risking a penny. You and your friends must marvel at the exciting improvement in your appearance; you must get the results you seek in 30 days, or your money will be refunded in full. Easy-to-follow directions with every package. Ask for Tremett at Midland Drugs and druggists everywhere.

C-pr. 1945, Oxford Products, Inc.

Arnett Serves In Northern Japan

Russell Garrett Arnett, fireman first class, of Midland got his first sight of Japan September 7 when he sailed into the Ominato area aboard the United States destroyer, Hudson. The destroyer is part of the force charged with the occupation of Northern Japan.
