75 Die In Libya Anti-Jew Outbreak

Tripoli Police Told To Shoot All Looters

CAIRO—(P)—The British Ministry of Information announced Wednesday that 74 Jews and one Arab had been killed in anti-Jewish outbreaks in Tripolitania, Italian North African colony.

Troops and police in Tripoli, metropolitan center of the Italian colony in North Africa, were ordered to "shoot all looters and fire if necessary to disperse groups of more than five persons."

(An Exchange Telegraph dispatch from Cairo said the British had imposed a curfew throughout Tripolitania following the outbreak of violence, rioting and arson by Arabs against the Jews. Jewish quarters at Souk El Juma and Tebrat were declared looted and burned. Two Italians were among the wounded, the agency said. Disturbances were reported at Cussabat and Zloten in Eastern Tripolitania.)

Seek Independence With support of the Arab league, Libians are seeking independence from Italy. The colony is made up of Tripolitania, the western section, and Cirenaica, the eastern.

Russia openly expressed interest in some form of control over Tripolitania during the conference of five foreign ministers in London, indicating she might ask a share in administering that colony and Eritrea.

Foreign Commissar Vyacheslav M. Molotov told newsmen at the conference "there was a grain of truth" in reports that Russia wanted sole trusteeship over Tripolitania, in a discussion on disposition of Italy's colonies in North Africa.

Humble 1 Parker Flowed 19 BOPH On 19-Hour Test

By JAMES C. WATSON, Oil Editor

Tuesday was a feature day for Humble Oil & Refining Company's exploration program in West Texas. The concern officially completed its Midland County wildcat for a discovery and definitely proved flowing commercial production from a South Andrews County development from a new pay stratum for that county.

Humble's No. 1 Parker, 660 feet from north and 1,980 feet from east lines of section 24, block A-41, psi survey, in South Andrews County, flowed 390 barrels of 41.7 gravity oil, natural in 19 hours, from the McKee-Simpson zone at 8,700-50 feet, through four perforations to the foot in 7-inch casing. The well was continuing to flow Wednesday morning.

Kick Off And Flowed It kicked off Tuesday while swabbing and flowed to pits two hours and was then turned to tanks. No. 1 Parker flowed first two hours through a 3/4-inch tubing choke and last two hours through a 6/16-inch tubing choke.

Tubing pressure was 150 pounds and casing pressure was 300 pounds. Gas-oil ratio registered 680-1. During the two hours of producing through the 3/4-inch choke the well made 75 barrels of pipe line oil and in last hour of testing on the 6/16-inch choke it made 15 barrels of oil. Last shakeout was two-tenths of one per cent basic sediment and drilling water.

Humble No. 1 Parker is the first well north of the McKee field in Southwest Crane County to test commercial production from the McKee section of the Simpson, which is the middle section of the Ordovician.

Around 11.5 BOPH Humble No. 1 Buchanan, Midland County discovery, in Baldridge survey No. 32-692, ten miles southeast of Midland, was officially completed Tuesday, after it flowed 270 barrels net oil on a full 24-hour flowing test on the Strawn-Pennsylvanian horizon at 10,370-390 feet.

Total flow during the time was 302 barrels of fluid. Of that 10.3 per cent was water. The test was taken on an 11/32-inch tubing choke.

Gravity of the oil is 45.7 degrees. Gas flow during the test was at an average of 1,172,000 cubic feet per day. Tubing pressure varied from 2,250 pounds to 350 pounds, and casing pressure ranged from 2,950 pounds to 1,700 pounds. The well is now on production and the oil will be trucked out to nearest pipe line.

Humble had not announced any other developments for the Buchanan.

John L. Lewis Wins Fight To Get Union On Committee

WASHINGTON—(P)—Bushy-browed, ponderous John L. Lewis kicked up a storm in the labor-management conference Tuesday with a bid to get representation for his United Mine Workers on the important executive committee—and he won his battle.

While management delegates looked on in silence, labor's top leaders wrangled heatedly for more than an hour over the composition of the committee which will sit all conference business and have the power to include new subject matter in the agenda.

As originally planned, the committee was to have eight members equally divided between labor and management. Labor's half was to

be divided equally between the AFL and CIO. But Lewis wasn't satisfied with this setup and as a result of his objections the conference finally voted unanimously to increase the committee membership to 16 to make room for Lewis' United Mine Workers and the Railway Brotherhoods. Under the new division, management will have eight seats, the AFL and CIO will have three each and the mine workers and Brotherhoods one each.

Green Supports Lewis Lewis had the support of William Green, president of the American Federation of Labor, who told the conference he "could not conceive of a fairer or broader proposition" than including the mine workers

and the Brotherhoods on the committee. Lewis' victory gives him a voice in shaping the course of the conference. For the committee, as outlined in the agenda, will "coordinate the work of the conference; be responsible for the integration of reports of all other committees (except that on rules); if requested it will also consider and may report to the conference on any subject on the agenda not otherwise assigned; it may also deal with such other matters of a general nature as may come before it."

There were no objections from management delegates to the change in the committee composition as long as the votes remained equal between labor and management.

Democratic Foresee Dewey Decline In O'Dwyer Victory

By The Associated Press

Democrat William O'Dwyer swamped two major opponents and won election as mayor of New York City Tuesday.

His vote far exceeded the aggregate of his opposition. It prompted Democratic leaders to see good things ahead for the party in the state and nationally. They saw in it a decline in the political fortunes of Gov. Thomas E. Dewey.

Republicans withheld comment for the time being. In the second municipal scrap that captured more than local attention in the first postwar voting, Mayor Edward J. Jeffries was elected to a fourth term in Detroit's hot non-partisan mayoralty race against Richard T. Frankensteen, CIO union leader.

Frankenstein had the backing of the CIO's Political Action Committee. Other Democratic Victories Democrats elected these mayors elsewhere: David L. Lawrence, national committeeman for Pennsylvania, in Pittsburgh; incumbent Thomas A. Burke at Cleveland, and Rep. James M. Curley for a fourth term, not consecutive, at Boston. The Curley victory was in a non-partisan race involving six registered Democrats.

Republicans won the mayoralties of Syracuse and Buffalo with Frank J. Costello and Bernard J. Dowd, respectively, but Democrats scored considerable strength in other upstate New York cities. In the only Congressional contest of the day—the 4th New Jersey—Republicans apparently were retaining control of the seat vacated by Rep. D. Lane Powers. Frank A. Mathews Jr., organization GOP candidate, was running well ahead in a three-man race.

The 24th Illinois District also elected a Republican to Congress—Roy Clippinger—but he had no major opposition. Clippinger succeeds the late Rep. James D. Heidinger, Republican.

A Mathews victory in New Jersey would make the House line-up: Democrats 241, Republicans 191, American Labor 1, Progressive 1, vacancy (in New Mexico) 1.

Truman To Open Atomic Energy Talks Saturday

WASHINGTON—(P)—President Truman will begin his atomic energy discussions with the British and Canadian prime ministers on Saturday.

The White House, disclosing this Wednesday, said the three-power talks will start at the White House and continue on the Presidential yacht, Potomac, on Sunday.

Truman is trimming his White House calling list to give himself more time to prepare for the atomic energy talks and grapple with other grave home front and diplomatic problems.

Cloudy Weather Forecast, Cooler Late Thursday

Midland citizens can expect little change in temperature Wednesday afternoon and night with increased cloudiness forecast for Thursday. Slightly cooler weather is predicted for late Thursday. Southwesterly winds will blow Wednesday afternoon.

The temperature in Midland ranged from 58 to 68 degrees and was fairly constant at 68 by noon Wednesday.

Missing Boy's Parents

Mr. and Mrs. Joseph Tum Suden, wealthy parents of 3-year-old Dickie Tum Suden, who has been lost for more than three days in the mountains near Downsville, Calif., comfort the boy's dog, Heidi. Boy disappeared with the dog on Thursday morning, and the dog returned home alone. Search continues.

INDICTED FOR SLAYING BROTHER, SISTER-IN-LAW BONHAM—(P)—Two indictments charging murder have been returned by the Sixth District Grand Jury here against Clint Smith of Leonard, Texas. The indictments were in connection with the butcher knife slayings of Smith's brother and sister-in-law, Curtis and Jean Hazel Smith, at Leonard, September 30.

British Test Pilot Sets Speed Record

HERNE BAY, ENGLAND—(P)—Test Pilot Eric Greenwood raced a jet-powered Gloster Meteor over an official 1.86-mile course four times Wednesday at an average speed of 686 miles per hour to establish an unofficial world air speed record.

His best time was 612 miles per hour. Greenwood built up momentum in a 60-mile flight from inland before roaring down the official course, which was marked by ground lights and barrage balloons moored at 250 feet altitude. High speed cameras and radar devices timed his flight.

The previous official record was 481.84 miles per hour, set in 1939 by Capt. Fritz Wendel of the German Luftwaffe. Wilson's flight also topped the unofficial 570 miles per hour record claimed for the Lockheed Shooting Star, U. S. Army Air Forces jet-powered fighter.

Greyhound Traffic Depends On Meeting

Greyhound bus representatives here believe the strike affecting seven Southwest states will be broken at a meeting Thursday at Fort Worth between union and company officials.

No traffic moved here Tuesday or Wednesday. Regular traffic will be resumed immediately upon receipt of orders from higher headquarters, the Midland terminal announced.

TEXAN KILLED IN JAP LAND MINE EXPLOSION

WASHINGTON—(P)—Three soldiers killed when souvenir hunters exploded an old Japanese land mine near Nahaon, Okinawa, included Pfc. Samuel B. Abria, Chillicothe, Texas, the War Department announced.

Occupants Not Hurt In Highway Collision

Occupants of two automobiles figuring in a collision on Highway 80 near Midland Tuesday night escaped serious injury.

In passing a truck going east on the highway, a car driven by Flight Officer Lawrence A. Whitehead collided with a vehicle driven by A. T. Alderson, who was traveling west.

Whitehead is stationed at Midland Army Air Field. Alderson lives in Midland. Midland County officers investigated.

Lewis Wins Bout At Labor Conference

John L. Lewis, president of the United Mine Workers, is forced to pass through a picket line in order to attend the Labor-Management conference opening at the Labor Department in Washington. The pickets are members of independent unions who charge that they were given the "brush off" in their attempt to be allowed to participate in the conference. But once Lewis got on the floor he won a hot hour long wrangle with labor's top leaders to get representation for his United Mine Workers on the important executive committee. Previous plans called for four CIO and four AFL labor representatives and none from Lewis' union.

Churchill Tells Commons U.S. Should Guard Atomic Secrets

LONDON—(P)—Former Prime Minister Winston Churchill advised Britain's Labor government Wednesday against putting "pressure" upon the United States to disclose methods for the production of atomic bombs.

Churchill's statement came a day after Soviet Foreign Commissar V. M. Molotov told the Russians in a Moscow address that the atomic bomb could not be kept secret and that the Soviet Union would have "atomic energy and many other things."

Churchill told Britain's lawmakers that what the United States did not wish to disclose was the practical production methods of the bombs "developed at enormous expense and on a gigantic scale."

To be effective for Russia, he said, the disclosure would have to take the form of a visit by Soviet specialists, engineers and scientists to United States arsenals. "I am sure," he added, "that were the circumstances reversed and we or the Americans asked for similar access to Russian arsenals, it would not be granted."

(C. D. Howe, Canadian munitions minister, said in Ottawa two months ago that the United States was the only nation which knew all the details of the atomic bomb, but that the information would be made available to Britain and Canada.)

GERMAN FILES SHOW—France Wanted To Halt Nazi March Into Austria But England Refused

By DANIEL DE LUCE Copyright, 1945, by The Associated Press

BERLIN—(P)—Records of secret telephone conversations which took place between Nazi leaders while German troops were marching into Austria in 1938 indicate they believed that war was averted at that time only because Britain failed to support France in a threat to fight.

On Sunday, March, 1938, the occupation already was well under way and Adolf Hitler was in Linz, preparing for a triumphal entry into Vienna.

Reichsmarshal Hermann Goering, excited by receipt of what he believed authentic information that France had backed down in her threat to fight for Austria's integrity, hastily telephoned his chief lieutenant in Vienna, Maj. Gen. Karl Bodenschatz.

Repeatedly emphasizing that Britain had rejected a French proposal for action, he admonished Bodenschatz to be certain Hitler read the "brown papers" being sent him at Linz.

U.S. Army Blackout All News

SHANGHAI—(P)—The reported seizure by Chinese Communists of several American crewmen from a Liberty ship in the Chingwangtao area Wednesday brought a prompt news blackout in U. S. Army Headquarters in Shanghai.

Newsmen, dependent on British sources, were told some seamen were seized by the Chinese Communists but some were released with apologies.

American Army spokesmen refused to discuss the matter and the United States Consul General's office here said only that "vague" reports had been received. Inquiries were referred to the Tientsin Consulate, from which replies were unavailable.

The known facts are the presence in North China of American Marines and the operation of several Liberty ships, arousing considerable resentment among the Communists.

This has produced an anti-American propaganda campaign and at least two minor shooting incidents in which there were no casualties.

Communists Claim Important Victory Over Chiang Army

CHUNGKING—(P)—Chinese Communists declared Wednesday their forces had decisively defeated 70,000 government troops in fighting along the Peiping-Hankow Railway during which they recaptured the rail junction of Tzeshien on Oct. 25.

The Communists said the government forces consisted of eight divisions, including three "equipped with American arms and noted for their combat powers."

The Communist claims, if true, meant that the movement of Generalissimo Chiang Kai-Shek's armies along the Peiping-Hankow Railroad toward North China and Manchuria had been smashed.

Senator Urges Draft Halt Immediately

WASHINGTON—(P)—Senator Revercomb (D-WVa) said Wednesday that unless the Army and Navy quit drafting men "this week" Congress should proceed immediately to end Selective Service itself.

Revercomb, a member of the Senate Military Committee, told a reporter figures show that the draft—which took millions of men into service—can now roll to a dead stop without impairing occupation forces.

Neighborly Help Still Needed

We Americans pride ourselves on being good neighbors, and with considerable reason. If the family next door were cold or hungry, if illness or fire or some other disaster had visited them, most of us would instinctively want to help—and do it.

Most of us have instinctively wanted to help the people of Europe and Asia who still live in the presence of disaster, though war has passed. Those are the people whose houses are burned or destroyed, whose fields are starved and unfertilized, whose whole system of transportation and distribution and labor is disrupted.

We Americans had a chance to do something for them earlier this year. We responded generously. UNRRA and other relief agencies collected enough clothing to help 25,000,000 people. But that contribution will aid only a small percentage of the world's ragged and needy millions. It is estimated in today's China of inflation, scarcity and ruin, there are 200,000,000 people in need of clothes.

Henry J. Kaiser, who headed last year's clothing drive, is again directing a nationwide organization which will attempt to collect 100,000,000 pieces of clothing and bedding. So take a look in your closets and attics. Anything practical and serviceable, from lightweight clothes for Filipinos to blankets and galoshes for Europeans, will be welcome.

Reducing often is necessary because the line of least resistance is the waistline.

When you're willing to argue with a fool, that evens it.

Movie Sponsored By Civic Music Club Will Show Two Days

"A Song to Remember" showing Wednesday and Thursday at the Yucca Theater is sponsored by the Civic Music Club through the courtesy of J. Howard Hodge, theater manager.

Paul Muni is starred as Prof. Joseph Elmsner, the music master, Merle Oberon as Madame George Sand, and Cornel Wilde plays his first major role as the composer, Frederick Chopin.

This technicolor film is the love story of the great composer of romantic melodies, Chopin, and the great novelist, feminist, and heart breaker, Madame Sand. The bitter struggle between Madame Sand and Elmsner for supremacy over the will and genius of the great composer is told.

Fifteen all-time hits are in the picture. Chopin's music, though loved for the aristocrats of his time, the early 19th century, was drawn from the peasant music of Poland, Chopin's birthplace.

MAAF Ladies Club Luncheon At Officers Club

The Thanksgiving motif was carried out in the decorations at the luncheon Tuesday at the Midland Army Air Field Officers' Club for wives of officers stationed at the field. Hostesses were members of Spotters Group Four under the sponsorship of Mrs. C. C. Kennedy and Mrs. J. C. Minchew.

Decorating the buffet was an attractive arrangement of fruit with blue tapers in crystal candelabra on either side. The quartet tables were covered with cloths carrying out the Thanksgiving theme. Vases of yellow mums were used as centerpieces.

After the luncheon a short business session was conducted by Mrs. Chester P. Gilger, president of the Ladies Club, and various card games were played.

Do you feel headachy and upset due to poorly digested food? To feel cheerful and happy again your food must be digested properly.

Each day, Nature must produce about two pints of a vital digestive juice to help digest your food. If Nature fails, your food may remain undigested—leaving you headachy and irritable.

Therefore, you must increase the flow of this digestive juice. Carter's Little Liver Pills increase this flow quickly—often in as little as 30 minutes. And, you're on the road to feeling better.

Don't depend on artificial aids to counteract indigestion—when Carter's Little Liver Pills aid digestion after Nature's own order. Take Carter's Little Liver Pills as directed. Get them at any drugstore. Only 25¢.

FT. WORTH MINISTER GIVES DEVOTIONAL AT WOMAN'S COUNCIL

The Rev. Paul Campbell of Fort Worth presented a devotional on the subject, "Their Suffering—Our Hope" at a meeting of the Woman's Council of the First Christian Church Monday at the church. He used as his scripture Corinthians 2.

Mrs. L. B. Pemberton was program leader and talked on "Uprooting and the Economic Life" and "Rural People on the Move."

During the business period directed by Mrs. D. D. Downing, announcement was made that the Rijnhart Circle would have charge of the table setting and serving of the annual church dinner at 7 p. m. Thursday. Members of the Henderson Circle will serve at the banquet for the Young People's Conference Nov. 23.

Mrs. Downing stated that the study course "Cross Over Africa," to be directed by Miss Dora Armstrong, will be held Nov. 12-15 at the First Methodist Church under the sponsorship of the United Council of Church Women.

A review of the book "The Robe" by Lynd Douglas will be given by the Rev. Clyde Lindsley at the meeting of the council the third Monday in November.

The Henderson Circle served refreshments to the following: Mmes. R. J. Auld, Clayborne, A. E. Barnes, Frank Curtis, Downing, Woody Elkin, Kate Hunter, Holt McWorkman, E. W. Statton, Charlie Steinberg, R. H. Frizzell, S. P. Hall, G. H. Butler, W. H. Dunnam, Frank Ingham, L. B. Pemberton, B. W. Reecer, W. E. Price and Miss Josephine Guley.

Foreign Missionary Study Is Presented At First Baptist WMS

"God at Work on Foreign Missionary Fields," in keeping with the year's missionary theme "Facing Tomorrow With God," was presented at the First Baptist WMS Monday afternoon at the church.

The stage setting was in keeping with the program subject, and artistic decorations provided an appropriate background for the speakers who wore costumes representative of their chosen topics.

After the group sang "Lead On, Oh King Eternal," a short devotional was presented by Mrs. J. M. White, WMS president.

Mrs. Raymond C. Hall was program leader. Those having parts were: Mmes. S. L. Alexander, Frank Monroe, Earnest Nell, Thurman Pylant, E. F. Comer, Clint Dunagan, Ben Black and Misses Marilyn Dunagan and Jane Rae Nell. Guest speakers were Mrs. S. Lara, wife of the Mexican Baptist pastor, and Mrs. H. F. Doyle, wife of the pastor of the negro church.

During the business session, new standing chairmen were presented and their duties were outlined. Members were reminded to contribute clothing for the Buckner Orphans' Home.

**Court Rules Padre
Island Not State's**
AUSTIN—(P)—The Texas Supreme Court Wednesday finally closed the door on the state's claim for title to Padre Island in long drawn out litigation involving validity of a land patent issued by the King of Spain about 1800.

The court by a vote of 6 to 3 overruled the state's motion to reconsider the case. This left in effect a decision with a written opinion by Judge C. S. Slatton about a year ago, confirming validity of the title which the state had attacked in a suit brought against Alberto Balli and 248 other persons in Nueces County.

Padre Island, originally known as the Island of Santiago, is the 110-mile long, low-lying strip of land lying offshore in the Gulf of Mexico between Corpus Christi and Brownsville.

The Supreme Court's original decision had upheld lower court decisions adverse to the state's claim, and Wednesday's action confirmed this original decision.

Chief Justice James P. Alexander and Associate Justices John H. Sharp and Gordon Simpson each wrote opinions dissenting from the majority's refusal to reconsider the case.

GOP's Can Examine FDR Files—With Democrats
WASHINGTON—(P)—A Democrat promised Republicans Wednesday a look at any of the late President Roosevelt's files that has a direct bearing on Pearl Harbor—if a Democrat goes along.

Senator Lucas (D-Ill.) stood committed to this procedure. Senators Brewster (R-Me.) and Ferguson (R-Mich.) indicated they will take advantage of the opportunity. All three are members of the 10-man Pearl Harbor Investigating Committee.

Shallow Wildcat In Pecos
Helmerich & Payne, Inc., No. 1-A O. L. Barnes, is to be a 1,750-foot wildcat in North-Central Pecos County. It is 660 feet from north-west and northeast lines of section 149, block 10, H&GN survey.

It is 690 feet southeast of Bryce McCandless No. 131 Iowa Realty Trust, in section 131, block 10, H&GN survey, which was bottomed at 1,555 feet in lime, at last report, and preparing to shot a possible producing formation, with nitro.

The Helmerich & Payne exploration will drill with cable tools, starting at once.
Holt Zone Extended
Amon Carter and The Pure Oil Company No. 13-E Walton, at center of southeast quarter of north-east quarter of section 5, block B-2, survey, on east side of the Keystone-Ellenburger pool, in North Winkler County, was making hole past 4,808 feet, in Holt-Permian lime, after a drillstem test in that formation at 4,724-51 feet.

The tool was open two hours. There was a good blow of air throughout the period and recovery was 90 feet of drilling mud, 3,000 feet of oil cut drilling mud, and 60 feet of water.

The test was to determine value of the Holt from a producing standpoint and it indicated that the zone will make oil. The project is contracted to the Ellenburger and is going ahead. It is expected that a twin well to go to the Holt will be started soon. This location is one quarter of a mile south and same distance east of nearest exploration which has shown for production from the middle Permian.

Union Runs Pipe
County Oil Company of California No. 1-C Post, Northeast Garza County wildcat, in section 29, block 4, K. Aycock survey, five miles northeast of Post, was bottomed at 3,348 feet, in lime, and was running 7-inch casing preparatory to drill ahead.

Ray Allbaugh No. 1 Reed, Northwest Sterling County exploration, in section 207, block 29, W&NW survey, had reached 2,250 feet in lime and was going ahead.
Neal Acidized
Lion Oil Company No. 1 Neal, Crockett County wildcat, in section 66, block BB, EL survey, was swabbing to cleanout and test, after treating with 5,000 gallons of acid, through casing perforations at 2,305-65 feet, in lime.

Farnsall Oil Company No. 1 Williams, Wilbarger County prospect, in section 2, block 8, EL survey, reached contracted depth of 7,500 feet, without encountering possibilities of production in the lower sections.

It plugged back to 4,565 feet, to run a drillstem test on a horizon which had some indications of petroleum.

Giles Blasts Revised U.S.-British Oil Pact

AUSTIN—(P)—The revised Anglo-American oil treaty was severely criticized by Texas' Land Commissioner Bascom Giles who said in a formal statement the treaty could abolish state regulation of oil exploration, production and marketing.

Giles added that the treaty, if ratified by the U. S. Senate, could lead also to "development of a gigantic international cartel, which will not only amend the constitution through substitute but will deal a death blow to the rights of a sovereign state to regulate production of one of its greatest sources of wealth."

"There is no doubt," he added, "that recognition of this pact would cost Texas millions of dollars in school land revenues annually."

Car Industry Assails Wallace Wage Report
DETROIT—(P)—A Commerce Department report asserting that the automobile industry could increase wages by 25 per cent over the next two years and still make "high profits" stood challenged Wednesday by both the industry and the workers' representatives.

The Automobile Manufacturers' Association disclosed it had addressed a letter to Secretary Henry Wallace challenging the soundness of all conclusions contained in the Commerce Department's wage-price-profit statement of Nov. 2.

The conclusions upheld the contention that the industry could grant a 15 per cent wage increase in 1946 and an additional 10 per cent in 1947 without raising prices. Last week R. J. Thomas, president of the United Automobile Workers (CIO) assailed the report, asserting the government had withheld figures which showed the industry could "give at least as much as the 30 per cent increase demanded by the union and still make high profits."

Stalin Doesn't Attend Red Square Parade

MOSCOW—(P)—Generalissimo Stalin, for the first time since he became the leader of Soviet Russia, failed to attend the massive parade of soldiers and civilians celebrating the Socialist revolution in Red Square.

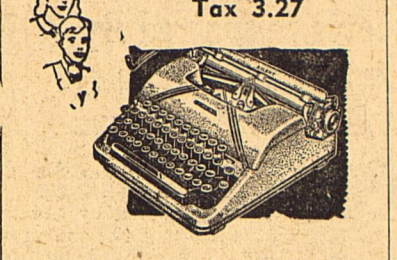

The premier broke a precedent earlier by allowing Foreign Commissar V. M. Molotov to deliver the "state of the nation" address at St. Andrew Hall in the Kremlin Tuesday night. Stalin did not attend. Foreign diplomats suggested that perhaps he remained away to take none of the attention from Molotov.

600 Methodists To Attend Conference

ABILENE—(P)—An attendance of 300 laymen and ministers is expected here Wednesday night for the formal opening of the 36th annual session of the Northwest Texas Methodist Conference.

Bishop Charles C. Seaman of Dallas, who will preside at the conference, met here Tuesday with his cabinet of nine district superintendents to consider 300 ministerial assignments which will be announced at the meeting's closing session Sunday.

Carriers HELP SPEED LONG DISTANCE

A big help in our job of providing urgently needed long distance circuits is a device called a "carrier."

Resembling somewhat the equipment inside your radio, carriers send or "carry" several long distance calls over one pair of wires at the same time. Some carriers handle 3 calls, some 12, others many more.

By installing carriers as fast as they're available, we're trying to provide as many new circuits as we can, as quickly as we can, to handle today's heavy load of long distance calls. Meanwhile, if any of your calls are delayed, we know you'll understand why.

Lions Speaker Tells About Atomic Energy
"There is not another nation which can manufacture an atomic bomb," C. C. Mozena, guest speaker, told the Midland Lions Club at its weekly luncheon meeting in Hotel Scharbauer Wednesday.
"Other nations are not after the secret of atomic energy. They are after the materials and the vast manufacturing power we can employ," he explained.
"When one considers that it costs more than a million dollars to make one tube used in manufacturing an atomic bomb and that one-seventh of all TVA power was required in manufacturing one phase of the bomb, then one realizes the vastness of atomic energy," the speaker stated.
Mozena is a former University of California official and worked in the production of the famous atomic bomb.
Midland Lions accepted new memberships of Dr. Homer Johnson and N. G. Oates.
Board of directors of the club will meet at the high school Monday night, November 12.

test, Lt. Gov. William M. Tuck was elected governor of Virginia by better than two to one over two opponents. He carried his ticket with him, including Lewis Preston Collins for lieutenant governor, and A. P. Staples, reelected as attorney general.
Commenting on Former Brig. Gen. O'Dwyer's victory over Dewey-backed Judge Jonah J. Goldstein, Republican - Liberal fusion, and Newbold Morris, "No Deal" candidate supported by retiring Mayor LaGuardia, Chairman Robert E. Hannegan of the Democratic National Committee said in a statement:
"The landslide for General O'Dwyer—and Tuesday's vote was truly a landslide—has a direct and important bearing on both the 1946 and 1948 election prospects."
"It not only attests to the growing strength of the Democratic Party, but proves the popular will for a government pledged to carry on, under President Harry S. Truman, the policies and program of the late Franklin D. Roosevelt."
Paul E. Fitzpatrick, New York Democratic state chairman, said the O'Dwyer's victory "marks the beginning of the end of Gov. Dewey's influence as a political figure in New York State."
Dewey is expected to run again for governor next year. Democratic chiefs of state Goldstein's crushing defeat might hurt Dewey's chances and strengthen the Democratic ticket in the state for the Congressional and Presidential campaigns ahead.

Churchill -
(Continued from Page One)
ada if they should ask for it. He said both Britain and Canada had decided for reasons of security not to seek complete details.
In his role as minority leader Churchill expressed the hope that "we shall adhere to the policy declared by President Truman to keep the knowledge and processes (of the atomic bomb) as a sacred trust, as a deterrent to aggressive war."
Britain's wartime prime minister told Commons that Generalissimo Stalin "is still strongly holding the helm and steering his tremendous ship," the Soviet Union.
Churchill referred to the Russian leader as that "great man, Marshal Stalin."

Expand Mutual Friendship
"It is the profound desire of the House that those feelings of comradeship and friendship which have been developed between the British and Russian peoples should not only be preserved but should be rapidly expanded," Churchill said.
Churchill declared Laborites and Conservatives were "still united" in matters of foreign policy although divided domestically.
He declared that the world outlook in several respects, less promising than after the German capitulation of 1918, and added:
"It is our duty to supply the solid grounds on which the hope (for the end of all wars) may rise again and live."
Termining President Truman's 12-point foreign policy program, proclaimed in a Navy Day speech Oct. 27, a "dominant factor in the present world situation," Churchill said:
"Such a declaration at any time between the two wars would have prevented the second."
"It would have made the League of Nations a world league strong enough to prevent the rearmament of Germany which has led us all through so much tribulation and danger and Germany herself to punishment and ruin."

ESME OF PARIS

CIRCUS IN AMERICA

RESTLESS desire to leave France now haunted me, and I decided to try my luck in the United States. As yet America was an unknown field for me in aerial work. But first, I contracted to play that Mecca of summer circuses, Hollanda. This enabled me to embark at Rotterdam for the States, thus escaping the wretch of leaving Paris.

I arrived in August, and the heat, after Europe, was the first thing to attract my attention. I moved into the nearest hotel I could find to Central Park, the Hotel Wellington on Seventh Avenue, and began my acquaintance with New York.

I wanted to see the city for myself, in my own way, so did not look up any of father's relatives or go in touch with performers. Friends, I visited, together with other tourists, the famous Chinatown, Harlem and the Bowery, then took a taxi to Poe's cottage with its bitter-sweet fragrance of yegone days, which I loved, and after that, I inspected Grant's Tomb from the outside. From these "sacred" precincts I transferred my curiosity to the theatrical agents of Broadway and met many strange and rare creatures among them.

After a lot of hunting around, I found a little gym tucked away on West 47th Street, between Ninth and 10th Avenues, where I could just manage to hang my rigging and practice. The proprietor was an old German who ran a bar in the front of the establishment with the universal circus atmosphere that reminded me of the Gymnase Pons on Montmartre. The first time I worked

with the Frank Wirth and Shrine circuses in which I used high rigging, I finally employed a Russian named Stepan, who appeared to be excellent during rehearsals, was a hard worker and very enthusiastic about making good. When we finally started working, however, I discovered that after 6 in the evenings he developed a thirst that simply could not be controlled, and he would go through the entire act with a drunken dignity and glassy stare that terrified me.

THE climax came when I worked a date near New York and had the stupidity to call on my cousins and a sister of my father's. They were, I could see, curious but dismayed when I extended an invitation to them to run down by car and see me work. Evidently a cousin in the circus was not a very acceptable addition to the family, and I never should have asked them to visit this skeleton in the cupboard in its natural surroundings. I had almost forgotten about it until one Saturday matinee, when they arrived in an enormous limousine.

There were two dignified old maid cousins and my aunt, her nostrils quivering at the smells encountered on the way to my dressing room. Mercifully, Stepan, the rigger, headed them off with a sautoir-faire unusual in rigging men and did his best to deter them from penetrating the area around the dressing rooms, where the parade was just lining up for the "spee." Stumbling over ropes and tackle on the ground, despite Stepan's guidance, they managed to get inextricably mixed up with the elephants and some performing seals.

My relatives were nearly hysterical by the time I had thrown on a robe and steered them out of the melee, sending Stepan with them to obtain seats. When I entered for my act I didn't see them anywhere, and later on I received a little prim note thanking me for the tickets but saying they would return to see me again when I "played Radio City."

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY
America's Card Authority

John Whitney Richmond of the War Finance Committee of New York gave me today's hand. He said he had expected to go down one, but that was not the way it worked out.

Opening lead was won with the queen of diamonds. Then Richmond thought he would knock out the ace of hearts and get over to dum-

my to finesse the spade. He made the mistake, however, of leading to dummy's deuce of spades, whereupon East said, "You have led from the wrong hand."

Now declarer was forced to lead the same suit from the correct hand, and Richmond had to lay down his ace of spades. Of course, he caught West's singleton king, then knocked out the ace of hearts and was able to finesse East out of his jack of spades. Thus, instead of going down one, he made five-odd.

20 Bulls Bring \$9,245 At Hereford Auction

BEERVILLE (AP)—Twenty bulls brought \$9,245, an average of \$462 per head, at the South Texas Hereford Breeder-Feeder Association auction here Tuesday. Ten females grossed \$3,695 to average \$369 each.

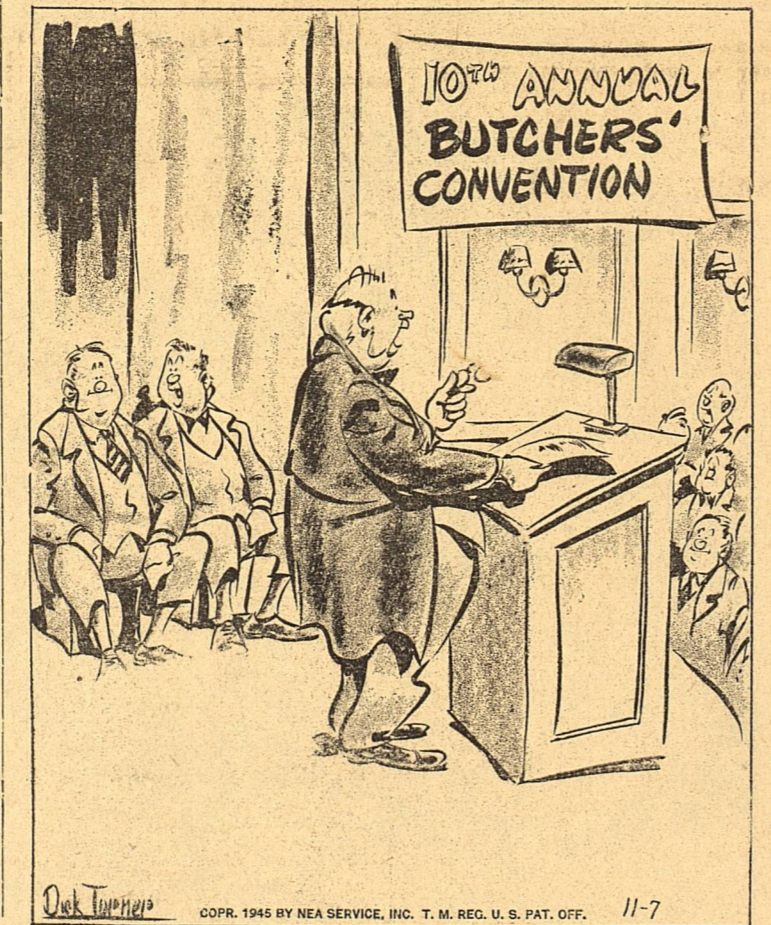

Top animal was Mixer Domino 13th, a bull bred and consigned by Bennie H. Zilson of Beaverville, Texas, which sold for \$1,050 to the J. W. Welder heirs of Victoria, Texas.

FUNNY BUSINESS

It's easy to tell them apart - this one takes after his father!

MacKENZIE'S COLUMN

There is much encouragement for peace and international cooperation to be found in Russian Foreign Minister Molotov's speech marking the 28th anniversary of the Red revolution. The average person probably will find the high-light in his call for international collaboration. He likes to look on this as the key-note of his address, especially in view of the sharp differences which have arisen among the Big Three in recent weeks.

The important point about collaboration is that it isn't a one-man thing. Here is what Molotov says about it: "Only by the joint efforts of the three powers (Russia, Britain and America) who carried the burden of the war can we secure the victories of the democratic countries over Fascism."

Then Molotov offers this pledge: "The Soviet Union has been and will continue to be a reliable bulwark in the defense of peace and the security of the peoples, and is ready to prove this, not in words but in deeds."

The atomic bomb is, of course, a bone of very considerable contention and Moscow is insisting on knowing all the facts. Undoubtedly the atomic bomb presents a problem which will have to be ironed out in the interest of international relations.

Presumably they will consider the international policy with respect to the bomb, and after they have agreed there will be a conference with other nations. Molotov is the first high Soviet official to suggest that America and Britain share their practical knowledge of atomic energy as a means of warfare.

One of Molotov's high peace notes came when he said that the failure of the recent London Conference of Foreign Ministers was a warning of pitfalls ahead, and then added: "But difficulties arose before, too. The coalition, however, always found a solution in the interests of all."

Bulldog Boosters Adopt Plan To Encourage High School Athletics

A long-range program with immediate results hoped for in support of Midland High School athletics and allied activities was proposed and chartered at a meeting of the Midland Bulldog Booster Club in the gymnasium Tuesday night.

Organized to foster and encourage enthusiastic support of the school's athletic endeavors while boosting any competitive activity of an academic nature, the club adopted its constitution and bylaws and went immediately into the business of boosting the Bulldogs.

John M. Scrogin is president. He presided at the Tuesday night session which more than 17 interested persons attended. J. M. Cox was elected secretary.

Coach Outlines Plan

Coach Gene McCollum asked the club for its support and suggested several means by which this could be done. He outlined a plan whereby Midland schools are to enter into an extensive program of athletics with competitive sports encouraged from the grade schools up. McCollum related plans for both junior and senior high schools to have snappy ball clubs. Cowden Junior High will have two teams and senior graders will play on the "B" or varsity elevens.

Texas Eddie Dyer Becomes Manager Of St. Louis Cards

ST. LOUIS—(AP)—The appointment of Eddie Dyer as manager of the St. Louis Cardinals to succeed Billy Southworth was announced Wednesday by Sam Breadon, president of the Cardinals. Dyer was given a two-year contract.

A former top-ranking executive in the vast Cardinal farm system, Dyer resigned a year ago to enter the oil business with his three brothers in Texas. However, he kept his finger in baseball by representing the Red Birds at meetings of the suspended Texas League.

Both Owner Sam Breadon and Dyer refuse to comment on the possibilities, but sporting circles here freely predict that the deal was closed prior to Tuesday's announcement that Southworth was going to the Boston Braves.

The Boston offer was made during the World Series a month ago and it was believed here that Breadon asked that announcement be delayed until he had filled Southworth's job.

Dyer, now in his middle forties, once performed as pitcher for the Cards in the early 1920's, but found his greatest success as a minor league manager.

Developed Howie Pollet

In 1941 while Houston was coasting to the Texas League pennant by a ridiculously large margin, Dyer furnished the parent Red Birds with Howie Pollet, one of the best left-handers ever to don the Cardinal uniform. Pollet, now civilian bound from the Army, was personally discovered and developed by Dyer.

When the Texas circuit folded up for the duration, Dyer moved to Columbus and guided the Red Birds to the Little World Series championship.

Dyer took over an executive post early in 1943 as director of the Cardinals' double A farm clubs, a job he held until his retirement. When the genial Texan left, Breadon said it was with regret that he let him leave baseball and that if he ever wanted to come back, there would be a job open in the Cardinal system.

Consensus here is that Dyer will now fill that job.

Nelson May Play Golf Series In South Africa

TEXARKANA—(AP)—Byron Nelson, in Texarkana on a vacation, says he is considering an offer of \$10,000 plus expenses made by Norbert Ereleigh, wealthy mining executive, for a series of matches in Capetown, South Africa.

The nation's No. 1 golfer said he could Ereleigh that he would not go without his wife. He added that he would not be able to make the trip until spring.

Nelson will leave the home of his wife's parents here this week for Denton, where he has a large farm.

Elizondo Wins Texas Middleweight Title

SAN ANTONIO—(AP)—Texas had a new middleweight champion Wednesday—Tony Elizondo of Corpus Christi, who knocked out Paul Altman of Houston in the first round of a 10-round fight here Tuesday night.

Elizondo weighed 160 and Altman 150. Elizondo, with less than a dozen professional fights to his record, slugged it out with Altman from the start. The final punch was a right to the chin.

Sweetwater-Odessa Game Re-Scheduled

SWEETWATER—Spotlight game of District 3-AA, the Sweetwater Mustangs versus Odessa's Bronchos, scheduled for Friday night, has been re-scheduled for Monday afternoon at 2:30 p. m. in Mustang Bowl.

Since both elevens are undefeated in district warfare, officials of the school opined a larger crowd might attend the Monday game.
