

Arrest 600 Relief Workers In Germany

Americans, British Accused Of Diverting Aid To Black Market

By CHARLES CHAMBERLAIN
 HERFORD, GERMANY—(AP)—The United Nations Relief and Rehabilitation Administration has dismissed, suspended or arrested more than 600 of its workers accused of diverting relief supplies into the black market, it was announced Thursday.

Leo J. Margolin of New York, chief of the UNRRA Information Bureau in Europe, said a majority of the workers involved were Americans and Britons employed in the French, American and British occupation zones in Germany. The action followed a two months investigation.

Without specifying how many of the accused workers were from each zone, Margolin explained that the accused workers would be replaced by demobilized American and British soldiers.

"Investigations will continue," Margolin said, "and before the first of the year, Lt. Gen. Sir Frederick A. Morgan (chief of UNRRA operations in Germany and formerly assistant chief of staff for Gen. Eisenhower) hopes to have UNRRA a spotless organization."

Make Joint Statement
 In a joint statement Gen. Morgan and Sir Raphael Cilento Brisbane, Australian director of UNRRA in the British zone, said:

"There is nothing more low and despicable than stealing from these luckless people, and UNRRA intends to see that the personnel of the organization keeps faith with the 47 nations supporting UNRRA, with the armies which sponsor its work, with displaced persons in Germany, and with other displaced persons who are our charges."

Margolin said that in the last five weeks 13 UNRRA workers had been arrested and another had been sentenced to 12 months imprisonment during investigations in the British zone by military police and UNRRA officials.

Bridges Ignores Plea To Cancel Demonstration

SAN FRANCISCO—(AP)—Harry Bridges, leader of the International Longshoremen's and Warehousemen's Union, has rejected the request of Rear Admiral Emory S. Land, war shipping administrator, that the ILWU cancel its scheduled protest demonstration against de-lays in the redeployment program.

Land made his plea to Bridges Nov. 2, contending that the union was acting on "erroneous information" concerning troop transportation.

Bridges telegraphed Land that the 24-hour demonstration will start at 8 a. m. Dec. 3. Four other unions have announced they intend to participate in the work stoppage.

Stevenson Proclaims Dec. 28 E Bond Week

By The Associated Press
 In an effort to boost lagging Texas E-bond sales, Gov. Coke R. Stevenson has proclaimed Dec. 28 as "Victory Loan E Bond Week."

Nathan Adams, state chairman of the campaign said that only 35 per cent of \$31,495,182.50 of the 90 million dollar E bond quota has been met in Texas. He said Texas trails the nation in E bond sales.

Meanwhile a few Texas cities prepared for special events to help put Texas into the win column.

Galveston, Freeport and Corpus Christi citizens will witness the technique used by rocket-firing landing craft and ships in covering beachheads while troops go ashore.

Gen. Jonathan Wainwright plans to visit Fort Worth Dec. 17, while at Orange, plans were underway for Victory Bond rallies Dec. 17 at Consolidated Steel and Livingston Shipbuilding Companies.

National Park To Honor Bataan Heroes

MANILA—(AP)—President Sergio Osmena Thursday signed an order creating a national park on Bataan Peninsula, honoring the Filipino and American defenders.

\$40,000 Grant Assures Pavement Linkup For Midland - Rankin

A paved highway connecting Midland and Rankin was assured Thursday when the Texas Highway Commission appropriated \$40,000 for six and one half miles of grade and drainage structures north of the Upton County town.

The commission's grant helps clear the last problem in connection with the 50-mile important linkup which already is underway and almost completed on the north end to the Midland County line.

The grant was a supplement to the project. It will be used in work covering a stubway and rough terrain near Rankin.

"Excellent cooperation between Midland and Upton Counties has resulted in the project going ahead and the new grant by the highway commission assists us in completing our aim of a fine highway joining Midland and Rankin," County Judge E. H. Barron said.

County Judge W. R. Edwards of

Upton has been instrumental in helping the project.

From the point of the rough terrain in Upton County to the Midland County line the project will be carried forward with both counties cooperating. The counties furnish caliche, machinery and operators, with the state supplying the balance of needed work.

Completion of the 50-mile stretch is expected not later than Feb. 1. Twelve miles virtually are completed out of Midland toward the county line. Present work is laying out caliche on the last five miles in Midland County. When this is rolled and topped, Midland County's section will be finished.

The announcement of the aid from the state cheered Midland and Upton Counties, which steadfastly have held to the project as an important link for citizens of both counties and is an asset to Midland as a West Texas trade center.

Divers Secure Drowned School Children

(NEA Telephoto)
 A Grand Ootlee dam diver prepares to descend into the icy waters of Lake Chelan to make contact with school bus which plunged from the road into the lake. Sixteen school children and the driver were drowned in this tragedy.

Truman Says Russia Will Work For Peace

WASHINGTON—(AP)—President Truman said Thursday he saw no need for any more Big Three conferences if the United Nations Organization works as it should.

Asked at a news conference whether revisions in Allied control policy and machinery for Germany might require a meeting of himself, Generalissimo Stalin and Prime Minister Attlee, Truman said he was not in favor of special conferences.

He wants the United Nations to do its job, he added, asserting he remembers that the League of Nations was ruined by special conferences.

Big Spring Navy Pilot Is Rescued Nine Days After Forced Landing

SAN DIEGO, CALIF.—(AP)—Stranded in an uninhabited portion of the eastern shore of the Gulf of California in Sonora, Mexico, Ensign John R. Gensert, of Big Spring, Texas, Navy fighter pilot, has been rescued after he was missing nine days, the 11th Naval District announced here.

The flier took off November 18 from Albuquerque, N. M., for his base at Holtville, Calif., but lost his course and made a forced landing on a beach 100 miles south of the Colorado River.

Leaving a note in his plane, Gensert began hiking north with emergency rations, a signaling mirror and hunting knife, eating half rations and crabs, and digging holes off water. After the fifth day, he met two Mexicans at a small pumping station, and they shared their hardback with him.

Signals With Mirror

An unidentified person meanwhile had discovered the beached plane and notified the mayor of Caborca, Sonora, who relayed the news to 11th Naval District Headquarters. A Coast Guard plane piloted by Cmdr. Donald B. MacDermid located Gensert, who signaled with his mirror. When he was picked up, his first request was for plenty of Navy chow.

"This more than makes up for the Thanksgiving dinner I missed," he said as he was brought to his original destination.

May Reverse German Policy

A drastic revision of American policy on Germany is expected by diplomatic officials to result from Byron Price's report to President Truman of the potential failure of present German administration.

One result of any such move may be to eliminate to a great extent the remaining influence of Henry Morgenthau Jr. over German control policy.

With his "Morgenthau plan"—a so-called hard-peace plan—the former secretary of the treasury had great influence in the writing of the basic German policy directive. This is the directive under which the American military government in Germany functioned originally and from which it still draws considerable authority.

Aid Small Businessmen

As part of his program for bringing orders into line with experience, Price proposed that there should be some provision for slowing down the process of denazification where men of small position in industry are concerned.

Truman's special emissary also laid emphasis on the need to increase German production to a point at which it would help to make Germany self-sustaining by providing exports to match needed imports.

Steel Employees Gain Authority To Strike

PITTSBURGH—(AP)—Officials of the United Steel Workers held in their hands Thursday authority to call a nationwide strike to enforce their demand for a \$2 a day pay raise.

The power was given by members of their union who voted in a National Labor Relations Board election Wednesday, favoring a strike nearly 5 to 1.

Texaco 1 Thomas Flows At Rate Of 88 BOPH Natural

By JAMES C. WATSON
 Oil Editor
 The Texas Company No. 1 Thomas, in northwest quarter of east half of section 8, block 45, TP survey, T-1-S, one location east of the initial producer from the Ellenburger in the TXL area of West Ector County, flowed 44 barrels of 42-gravity oil in 30 minutes, in a drillstem test at 9,466-9,600 feet, in the Ellenburger, and gauged a gas volume of 2,900,000 cubic feet per day.

The oil was cut an average of four-tenths of one per cent basic sediment. The well was making hole Thursday below 9,616 feet. This is farthest northeast show for commercial production from the lower Cretaceous in the TXL field.

Atlantic To Test 1-G
 The Atlantic Refining Company No. 1-G University, East Crane County exploration for pay in the Devonian and in the Ellenburger, in the "Block 31" field recently opened by Atlantic's No. 1-A University, was bottomed at 8,090 feet in Devonian and conditioning hole to run a drillstem test. There had been some oil signs in drilling samples.

Gen. Marshall To Testify Before He Departs For China

WASHINGTON—(AP)—General George C. Marshall will testify at a Congressional investigation of the Pearl Harbor attack before leaving for China as President Truman's special envoy.

This was announced Thursday by Chairman Barkley (D-Ky.) of the Senate-House group, Barkley read the following statement:

"The committee has been officially advised that General Marshall will be able to testify before the committee prior to his departure for China. As soon as his schedule in this respect is definite, he will advise the committee in ample time to arrange for his testimony before he leaves the country."

Nine Are Killed As Plane Hits Mountain

AUBURN, CALIF.—(AP)—Nine men are dead and 16 hospitalized with serious injuries as the result of a C-47 Army transport plane crash near here Wednesday night, DeWitt General Army Hospital authorities said Thursday.

The big craft, en route to McChellan Field, Sacramento, from Palm Springs, Calif., plunged into a mountainside in rain-swept darkness about 7:30 p. m. PST and immediately caught fire.

All of the 22 passengers aboard are believed to have been Japanese-Americans who fought with the Ninth Air Corps in Italy and were on their way to Camp Beale, Calif., separation center for discharge before being sent to their homes in Hawaii.

Infant Daughter Dies

Funeral services for the infant daughter of Mr. and Mrs. Ivan White of Midland, who died Wednesday afternoon, were scheduled at the First Baptist Church in Stanton Thursday afternoon.

Survivors of the four-day-old daughter include the parents and E. L. Swain, Midland, a grandparent.

Interment will be in Stanton Cemetery with Ellis Funeral Home of Midland in charge.

Asks Rural Electric Co-Ops To Back Bill

AUSTIN—(AP)—Warning of a "crisis in rural electrification," Clyde T. Ellis, executive manager for the National Rural Electric Cooperative Association, has called upon all local co-ops to join with national for a "united front."

"We are fighting for our very existence against the private utilities," Ellis told representatives from Texas, New Mexico and Arizona here Wednesday for the annual convention of the 10th Region, NRECA.

He said "this is the first time the power companies have come out in the open in an organized campaign against proposed REA legislation, and their lobby at this very minute is before Congress with \$1,000,000 ready to defeat the Poage Bill or hamstringing it with restrictive amendments."

Delegates joined with the Texas Power Reserve Electric Cooperative which met prior to the regional conference, in petitioning members of Congress from the 10th Region to back HR 1742 by Rep. W. R. Poage (D-Texas) and refuse to accept any restrictive amendments to it.

Frankfurt, Germany—(AP)—Gen. Eisenhower in a report released here Thursday, criticized the French government for hampering the Allied control council and urged early establishment of central German administrative machinery.

Tehran, Iran—(AP)—Azerbaijan Insurgent forces, swerving suddenly in their push down the main railroad toward Tehran, apparently had abandoned Thursday any attempt to march upon the Iranian capital itself, but Iranian government troops maintained a vigilant watch in the capital.

Atomic Calf!

(NEA Telephoto)
 Alfred (Ab) Hunter, inspector for the New Mexico Cattle Sanitary Board, and his "atomic calf" on display in Alamogordo, N. M. According to Hunter the calf's hair was changed from red to grey along the back and left side by radio-activity from the world's first atomic explosion on the Alamogordo Air Base. This calf was about 25 miles away at the time of the blast. Hunter claims that around 25 to 30 other cows in the vicinity have also undergone a color change.

Truman Says Reconversion Program Ahead Of Schedule

WASHINGTON—(AP)—President Truman said Thursday the Administration has not been asleep on the job of reconversion, in fact, that its program is far ahead of schedule.

The President made this comment at a news conference, in releasing a formal statement dealing with the first hundred days of reconversion progress.

Marshall's Alert Note Laid Before Inquiry Board

WASHINGTON—(AP)—Gen. George C. Marshall's last minute warning to the Army commander in Hawaii to "be on the alert"—a message delivered at the attack on Pearl Harbor—was laid before Congressional investigators Thursday.

A previous investigation by an Army inquiry board showed that while Marshall called Gen. Douglas MacArthur in the Philippines by telephone to warn him on Dec. 7, 1941, he dispatched a message to Lt. Gen. Walter C. Short, in command at Honolulu. The message was by commercial cable because the Army's radio facilities weren't working properly and showed it was dispatched from Washington at 12:18 p. m. EST. Army investigators learned it was received in Hawaii about 45 minutes later, less than an hour before the attack began at 7:50 a. m. Hawaiian time.

Because of the attack it was not delivered to Short until about three hours later.

LATE NEWS FLASHES

LONDON—(AP)—An Iranian embassy spokesman said in a statement Thursday the Soviet government had threatened to reinforce Red Army garrisons in Northern Iran if Iranian reinforcements were moved into that troubled region.

FRANKFURT, GERMANY—(AP)—Gen. Eisenhower in a report released here Thursday, criticized the French government for hampering the Allied control council and urged early establishment of central German administrative machinery.

TEHRAN, IRAN—(AP)—Azerbaijan Insurgent forces, swerving suddenly in their push down the main railroad toward Tehran, apparently had abandoned Thursday any attempt to march upon the Iranian capital itself, but Iranian government troops maintained a vigilant watch in the capital.

Labor Unions As Big Business

A first, raw statistical picture of U. S. labor union finances on a national scale has been released by the Bureau of Internal Revenue in a compilation of returns on the 1943 income of tax-exempt organizations.

This matter of big union finances has become increasingly controversial over the last few years. There has been agitation to force unions to incorporate, like business, and to pay taxes on their incomes, also like business corporations. Some anti-labor Congressmen have toyed with the idea of making unions suable and financially responsible for contract violations and for strike damages to property or persons.

Labor leaders have naturally resisted being put in either of these strait jackets. They haven't wanted to reveal how much money they had because that would be telling where unions were weakest and where they could be broken the easiest by management.

Aside from these objections, Congressmen haven't been able to move toward financial control over the unions because there was no place to go to find out the condition of the union treasuries. So in the revenue act of 1943 it was provided that all tax-exempt organizations should file returns on their income, even though they were not compelled to pay the actual taxes. This new provision in the law was broad enough to take in farmers' co-ops, educational and charitable institutions, luncheon clubs, mutual banks and insurance companies. But it was the labor organizations which were particularly aimed at.

In the compilation of returns from over 28,000 labor organizations reporting in 1943, the gross labor union income is shown to be over \$390,000,000. Of this amount, union dues contributed \$218,000,000, with an additional \$70,000,000 raised by fees, fines and assessments. Sixty-four million dollars more were assessed as taxes for the support of national headquarters and affiliated organizations, so the total dues payments were in the neighborhood of \$252,000,000.

The Treasury report gives no figures on union membership, but estimating it at the frequently claimed figure of 15,000,000, the average per capita contribution would be about \$17 a year.

In the Treasury's breakdown of union income, seven reported gross for the year of over \$5,000,000 each. Thirty-four unions were reported in the one-to-five million income class. Four hundred reported incomes of from \$100,000 to a million dollars a year. But the vast majority of the unions—the locals—were revealed as little organizations which would be tax-exempt in any law that might be written by a hostile Congress. Over 10,000 of these locals had incomes of less than \$1,000 a year and another 13,000 received less than \$10,000 for the year.

Some of the big unions are frankly in business. Out of the total of 28,000 unions reporting for the Treasury's compilation, 1341 reported they were in business on the side—operating banks, office buildings and other properties which in 1943 brought them income of over \$13,000,000 total. The total for 59 of these unions filing balance sheets of assets and liabilities showed cash on hand of over \$9,000,000, loans and investments of over 20,000,000, real estate owned worth over 5,000,000.

Miss Dora Armstrong Will Give Talks On Her Work With Lepers

Miss Dora Armstrong, secretary of the Southeastern American Missions to Lepers, will give a series of talks in Midland over the weekend.

Opening engagement will be an address at 11:15 at the high school auditorium. She will speak to the young people of the First Methodist Church from 10 to 10:45 a. m., and preceding that will be a radio program from 9:30 to 9:45 a. m.

Miss Armstrong will be featured on a special woman's day program at the First Christian Church at 7:30 p. m. Sunday.

The remainder of her program will include a talk at the Negro Methodist Church at 8:30 p. m. Sunday; and at 7 p. m. Monday she will take part in a district convention of Methodist women at the First Methodist Church.

Missionary For 17 Years
Miss Armstrong was born and educated in Virginia. She has done missionary work for 17 years in the Belgian Congo. Graduated with honors from the Johns Hopkins School of Nursing, she was a pioneer in the training of African nurses in public health nursing, and in experimental work with African foods.

She assisted a Johns Hopkins pediatrician to work out a formula for peanut milk which has been successfully used and in which the Belgian colonial government became actively interested.

In the field of leprosy work she assisted Dr. Charles M. P. Sheffey, also a Virginian, to establish the first care of people with leprosy in the Congo.

Has Traveled Extensively
In these several phases of missionary work she has traveled hundreds of miles by foot, bicycle, motorcycle and car, ministering to the needs of the African people.

The American Mission to Lepers is an auxiliary of all churches. Missionaries volunteer their services to this work supported by the A.M.L. Assistance in the leper work has been one of the projects of the local

Mrs. W. C. Kimball Hostess To Members Of Progressive Club

Mrs. W. C. Kimball entertained with a bridge party at her home Wednesday afternoon honoring members of the Progressive Study Club.

Mrs. Lindley Latham won high score prize in the games of bridge. Second high was presented to Mrs. J. E. Phelan and Mrs. John L. Hart won the bingo prize.

During the short business session conducted by Mrs. E. A. McCullough, announcement was made that two Chinese officers stationed at Midland Army Air Field will be guest speakers at the next meeting of the club. Mrs. R. J. Hickman will be hostess for the occasion at her home, 402 West Storey.

Present were Meses. W. E. Cox, John L. Hart, R. J. Hickman, John J. Hill, A. A. Jones, Lindley Latham, E. A. McCullough, Holt McWorkman, W. C. Mitchell, J. E. Phelan, Cecil Waldrep and W. C. Kimball.

One of the first captured German aircraft flown to the United States was a JU-290 four-motored bomber. Comparable to a B-29, it does 240 miles an hour and carries 90 men.

group of the United Council of Church Women. Mrs. John Richards is council chairman; Mrs. Charles Klapproth is state chairman of leper work for the Texas Council of Church Women, and Mrs. Bill Wyche Jr. was in charge of arrangements for Miss Armstrong's programs.

Timely Topic Studied At Fine Arts Meeting

A program on "Woman's Place in the Present Day World" was presented at a meeting of the Fine Arts Club Wednesday at the Scharbauer Hotel. Mrs. Tom C. Bobo was hostess.

Opening part on the program was a topic on "Mrs. Virginia Gildersleeve," by Mrs. Fred H. Fuhrman. Other talks were as follows: "Mrs. John L. Whitehurst," Mrs. Foy Proctor; "Opera Singer," Mrs. Harvey Sloan, and "Actress," Mrs. L. G. Byerley.

During the business period, the group voted to buy a \$50 bond for a trust to be used for a cultural project. Members were asked to bring gifts for the Goodfellow Baskets at the next meeting. Announcement was made that the club will contribute pickles for the Red Cross snack bar at MAAF Hospital.

Mrs. B. R. Scharbarum will be presented in a review of the book "Argentina Republic" by John Weddell at the next club session. Present were Meses. Tom C. Bobo, L. G. Byerley, Fred H. Fuhrman, H. Howard Hodge, O. J. Hubbard, Foy Proctor, Fred Wemple, Harvey Sloan, B. R. Scharbarum, Miss Lydie G. Watson and one guest, Mrs. Florence Gray of San Diego.

Coming Events

FRIDAY
The Belmont Bible Class will meet at 3 p. m. in the Scharbauer Educational Building of the First Methodist Church.

Mrs. G. E. Driver will be hostess for a meeting of the Star Club at 9 a. m. at her home north of the Country Club.

SATURDAY
The Moment Musical Club will meet at the Watson School of Music Studio at 11 a. m.

A luncheon will be held at 1 p. m. in the Crystal Ballroom of the Scharbauer Hotel for members of the AAUW.

More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome loose plate discomfort. FASTEETH, an improved powder, sprinkled on upper and lower plates holds them firmer so that they feel more comfortable. No gummy, sticky, messy taste or feeling. It's alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at any drug store.

Miss Helen Campbell Of Midland And R. H. McAshan Jr. Are Wed In Kermit

Mrs. Raymond H. McAshan, Jr.

Miss Helen Campbell of Midland, daughter of Mr. and Mrs. Seth Campbell of Kermit, became the bride of Raymond H. McAshan Jr., son of Mrs. Catherine L. McAshan and R. H. McAshan Sr., of Houston, in a ceremony performed Nov. 17 at the First Baptist Church in Kermit.

The Rev. Fulton Moore directed the vows for the wedding rites as the couple stood before an altar banked with mums and greenery.

Mrs. Moore played the wedding music and accompanied Miss Betty Fitzpatrick who sang "Because" and "O Promise Me."

The bride was given in marriage by her father. She was lovely in a gown of white slipper satin, designed with a high round neckline

and long fitted sleeves ending in petal points over the wrists. Hand-run Irish lace outlined the sheer yoke and the full skirt, gathered to the low waistline and extending into a graceful train. Her fingertip veil was fastened with a coronet of orange blossoms. She carried a bridal bouquet of white carnations centered by an orchid.

Miss Floy McWilliams of Midland was maid of honor. She wore a pink dress with full skirt of net and draped bodice of lace. Her bouquet fashioned of shades of pink and orchid chrysanthemums was bordered by heather. Pale green satin streamers extended from the bouquet.

Robert Pinion of Midland was best man. Ushers were A. B. Kelly and K. E. McFarland, all of Midland.

Reception Held
A reception was held at the home of Mr. and Mrs. Clyde Barton with Mrs. W. H. Wilson assisting. A miniature bridal couple topped the tiered wedding cake. A centerpiece of white carnations and gladioli flanked with white tapers completed the table setting.

Out-of-town wedding guests were: Mrs. Elmer C. Watson, Mr. and Mrs. R. A. Estes, C. J. Scheffler, Mr. and Mrs. Leo Gallagher and daughter, Lorraine; Mr. and Mrs. R. L. Pinion Jr., Mr. and Mrs. J. P. Ruckman, Mrs. B. F. Haag, Mrs. C. C. Thomas and son, Ronald; Miss Myra Neilson, Mr. and Mrs. A. Boring and daughter, Ann; Mr. and Mrs. Kenneth McFarland, Mr. and Mrs. S. P. Hall, A. B. Kelly, Miss Floy McWilliams, Capt. H. E. Harrington, W. G. Ross, W. W. Wilson, Mrs. Ed Watts, Miss Willie Mae Ferguson, all of Midland; Mrs. Paul Slaton, Odessa; Mrs. R. A. Leck, Mrs. Brad Leck, Mr. and Mrs. Charles Brown, Miss Eleanor Brown, Wink; Mr. and Mrs. J. W. White, Monahan; Mr. and Mrs. W. E. Baird, Ochoa, N. M.; Ura Embry, Mrs. Catherine McAshan and R. H. McAshan Sr., Houston.

The bride is a graduate of Kermit High School. She attended the University of Texas where she was a Bluebonnet Belle nominee two years.

Mr. McAshan is with the Seaboard Oil Company in Midland, where the couple will make their home.

Mrs. Elaine Leger And A. L. Bronstad Wed In Clifton Rites

The marriage of Mrs. Elaine Leger, daughter of Mr. and Mrs. R. H. Sweatmon of Waco and formerly of Midland, and Arthur Lee Bronstad of Clifton was solemnized at the Lutheran Church in Clifton Nov. 24.

Rites for the single ring ceremony were read by the Rev. Walter Gigstad in the presence of relatives and close friends.

Traditional wedding music was played by the church organist. The bride was attired in a black and royal blue dress designed with black sequin trim. Her accessories were black and she wore a corsage of white carnations.

Mrs. M. J. Rodgers of Midland attended her sister as matron of honor. She chose a gray suit with which she wore black accessories and a corsage of pink carnations. Best man was Pat Peterson of Clifton.

Mr. Rodgers and Miss Faye Frachiseur of Midland were present for the ceremony.

Mr. Bronstad recently received his discharge after serving overseas with the 36th Infantry Division. He is now football coach for the Clifton High School team.

Following a wedding trip, the couple will return to Clifton where they will make their home until January at which time Mr. Bronstad will enroll at North Texas State College in Denton.

Seventeen days are required for pigeon eggs to hatch, and the hen goes to laying again two weeks later.

C. C. McClintic has returned to Midland after a trip to Austin.

Mrs. Robert Stone and daughter, Jo Ann, have returned to their home in San Angelo after visiting Mrs. Stone's parents, Mr. and Mrs. M. S. Hines, and other relatives.

Functions Of Courts Explained

Functions of the judicial department of government were explained by Richard S. Brooks, attorney, in an address at the regular meeting of the Rotary Club Thursday noon in the Scharbauer Hotel.

The attorney, who is chairman of the club's vocational committee, outlined the three branches of the American government and then explained in detail the functions of judges, attorneys, jurors, and spectators at trials.

He praised the system of open courts and asserted "audiences regulate the conduct of the courts" in the nation.

A sing-song, led by R. H. (Rusty) Gifford opened the meeting. Wallace Winberry, who recently returned from service with the armed forces was at the piano. Bill Martin was program chairman.

Guy Brenneman, president, announced Henry Murphey, Robert Hewgley and Roy McKee will serve on the program committee for December.

Texaco | Thomas-

(Continued from Page One) sible Strawn-Pennsylvanian discovery, in northwest corner of section 50, block 21, TP survey, ran a drillstem test Thursday.

According to unofficial, but informed sources, 7-inch casing had been perforated with 35 shots at 5,672-77 feet. A packer was set at 5,642 feet. The hole had been drilled out to 5,729 feet.

A blow of air came to surface immediately after tool was opened. Gas came to surface in 45 minutes and gas volume increased during the test.

Flowed By Jerks

The first fluid showed at surface in one hour and 45 minutes. It was heavy drilling mud and emulsion. The tool started flowing oil, cut with salt water, in about two hours and 30 minutes. The fluid came in "slugs"—there would be a head of clean 42-gravity oil and then a quantity of salt water.

The operator ran the fluid to pits, a clean out, for two hours and 30 minutes and then flowed it to tanks for five hours. In first 60 minutes flowing to tanks, the well made about 10 barrels of fluid—partly oil and partly water. The flow decreased to between one-half barrel and one barrel of fluid per hour, and at end of five hours flow to tanks stopped altogether.

According to reports from the project, operator thinks it is possible that the water is from up the hole from a Canyon sand, and coming down back of the casing.

It was reported that efforts would be made to squeeze cement in back of the pipe through the perforations at 5,672-77 feet, in sufficient quantity to shut off the water—if it is from up the hole.

Will Test Further

If, and when, that is done, it was planned to re-perforate in the same interval, and test further. It is likely that no more testing will be possible before the end of the week.

There have been other reports circulated regarding this test. Only differences are in details and it is thought that the foregoing is a reliable statement of the condition of the exploration up to Thursday morning.

Cotton

NEW YORK—(AP)—Cotton prices at noon Thursday were 25 cents to 70 cents a bale lower. Dec. 24-22, March 24-16, May 24-01.

Season Finale: Midland-Odessa

It's Broncho busting time in West Texas Thursday. Scheduled out of the chute at Fly Field in Odessa at 2:30 p. m. comes the Midland High Bulldogs bent for leather.

The game is THE game of 3-AA and one of the Lone Star State's top attractions.

The one-sided balance tips toward Odessa which has run rampage over the ranges of high school football this year.

Midland is injured and weakened for the affair. Two first-string backs are out and several linemen are just out of the bed with flu and colds.

At top strength Midland hoped to give the Bronchos a tussle. Weakened, they will be in there scrapping.

A roaring pep rally at 11 a. m. sent the Midlands off to Ector County.

A large crowd of fans followed in the afternoon for the final game of the season for Midland.

Tyler Oil Man Is Released From Jail

DALLAS —(AP)— District Judge John A. Rawlings Wednesday suspended a 30-day sentence and released A. S. Genecov, Tyler oil man, from the Dallas County Fair. He was being held for contempt of court.

Judge Rawlings also reduced Genecov's fine to \$3,000.

B. C. Girdley Jr. Has Returned To America

Chief Warrant Officer B. C. Girdley Jr., of Midland, has just returned to the States from foreign service with the Army Air Forces in the China-Burma-India Theater.

The Midlander was assistant adjutant of a Wing setup in the CBI and was overseas 27 months.

He has been assigned to Headquarters of the Army Airways Communication System at Asheville, N.C.

Girdley was one of the first Midland County men to enter service and worked up through the ranks to his position.

W. J. Trott of Detroit has invented a device that "screams" a warning to the pilot of a plane when a stall is impending at take-off.

Midland Wins Two

Pups Mangle 13-6 Win Over Lamesa Junior Tornado

The bull-like bruising runs of Arnold Baker, left halfback, and the racehorse canters of speedy Tom Friday, right halfback, gave the Midland Bullpups from Cowden Junior High a 13-6 victory over Lamesa's little Tornadoes Wednesday in the high school stadium.

It was sweet revenge for Coach Jack McCoy's boys, who dropped a game to Lamesa earlier in the season.

Big Baker telegraphed his plays, just standing back there and getting ready to run, but run he did and letting the opponents know who had the ball didn't make any difference, as he carried half the Lamesa team with him each time he toted the mails. Tacklers fell off him like East Texas raindrops off a duck.

Lamesa scored first. But the Pups came right back and went out in front.

The little Tornadoes managed a tally early in the first quarter. The drive was good for 45 yards and came the first time Lamesa had the ball. Using some snazzy triple and quadruple reverses, the Lamesans got to the 13-yard line with Larry Lattimore, half, clicking off a goodly gallop. Jerry Phillips, another half, ripped to the 10-yard marker. Lattimore stepped to the three. Then Pat Patterson, fullback, butted over for the six points. Midland stopped the attempted buck for extra point.

Pups Bounce Back

In a huff, Midland came right back and scored. The drive totaled 65 yards. Friday burst into the open to his own left and fairly flew 35 yards to a touch. He outran the entire Lamesa corps. Cecil Wells, Pup end, ran over the extra point. And it was 7-6 Midland.

The Pups scored again in the second quarter, early. The drive got underway squarely on the 50-yard line. Baker, Baker, and Baker and the ball was on the 25. A penalty set the Pups back to the 30. Baker bruised right on through on a reverse and drednaughted over for a touchdown. The pass for extra point was incomplete. The scoreboard read: Midland 13-Lamesa 6.

That was the scoring but not all the ball game. Late in fourth quarter Midland drove to the Lamesa 18-yard line only to get set back with a penalty.

Cecil Stevens, quarterback, played a bangup ball game for Midland.

The lineups:

MIDLAND	Pos.	LAMESA
Wells	LE	Beck
Hays	LT	Gehring
Jackson	LG	Kee
Brown	C	Hart

13 DROWN IN INDIA AS TIDAL WAVE STRIKES

BOMBAY —(AP)— Thirteen persons were drowned Thursday by a tidal wave which swept the beaches at Bombay.

The tidal wave was believed to be the result of the earthquake reported Wednesday somewhere at sea. The experts said the shock was one of the worst recorded here in 96 years.

No earthquake damage was reported to any American installations.

Aggies And Texas To Tangle In 51st Meeting Thursday

By HAROLD V. RATLIFF

COLLEGE STATION—(AP)—Texas and Texas A&M battle Thursday for some pretty high stakes, among them being Southwest Conference glory and a spot in the Cotton Bowl, but that's no more important than the deep-seated rivalry that has put this annual game at the top of the gridiron hit parade.

Texas will be seeking its third conference championship in four years; A&M will be fighting for a piece of that title and to wreck the Longhorns' football dreams. Game time is 2:30.

The Cotton Bowl will be watching the game from a calculating angle; what to do if A&M wins and throws the conference race into a three or four-way tie. The champion, you know, is host team in the Dallas gridiron classic but just what team would be picked under that circumstance is what's causing Cotton Bowl officials sleepless nights.

40,000 At Kyle Stadium

A crowd of 40,000 will be jammed into Kyle Stadium. All the color and the spirit of the 51 games before it will be here. Texas is a heavy favorite to win from the standpoint of football records and manpower. But this isn't like other games. The team picked on statistics and season performance many times hasn't come through when Aggies meet Longhorns.

Bonfires leaped high Wednesday night on the campuses of Texas and Aggie land. All the pre-war features of this annual game were brought back.

A&M admittedly enters the contest in a crippled state with its quarterback and passer, Tom Daniel, out with an injury and with Bob Butchofsky, fine blocking back, through for the season for the same reason. Texas is at full strength.

Livestock

FORT WORTH—(AP)— Cattle 3-300, calves 2,700; fairly active, fully steady; general market strong to mostly 25 higher for the week to date; three loads good fed steers 15.00; eight head choice 1,061 lb. heaves 16.50; most medium steers and yearlings 12.50-14.00; good beef cows 12.00-50; medium 9.50-11.50; common 8.00-9.00; few beef bulls 10.00-11.00; good and choice fat calves 12.25-13.50; odd head higher, common and medium calves 8.50-12.00; good and choice stockers and feeders 12.25-13.50; about 50 per cent of receipts cows.

Hogs 50; butcher hogs and sows steady, pigs scarce; good and choice 150 lbs. up 14.65; sows 13.90.

Sheep 5,000; killing classes steady to strong; feeder lambs steady to weak; good and choice fat lambs 13.00-14.10; latter price for 107 lb. lambs, few medium grade lambs 12.00-50; good and choice ewes and aged wethers 6.00-50; medium and good aged sheep 5.25-75; medium to good feeder lambs 12.00-13.50.

Allen Wemple Visits Parents In Midland

S/C Allen Wemple, son of Mr. and Mrs. Fred Wemple of Midland, is spending a 30-day leave with his parents in the city.

Wemple has just returned to the States from duty in the Pacific.

B Bulldogs Eke 2-0 Win Over Lamesa Seconds

A slender two points on a safety earned when Dee Bivens, sub back, blocked a Lamesa punt behind the goal line in the second quarter, gave the Bulldog B team of Midland High a 2-0 victory over the Lamesa B team Wednesday afternoon on Midland's home grass.

The two points were worth a million to Midland before the sun sank out west.

Coach Jack Mashburn's laddies deserved to win because they had one touchdown called back. Bill Little, fullback, had belted over from two yards out in the second quarter. He helped Dewie Kirby, halfback, get up there with a 34-yard run. Put back five paces from the two to the seven because of backfield in motion, Midland on the next play sent Kirby ripped to the two again but the ball went over to Lamesa on downs.

Bivens Gets Safety

Midland threatened again in the third quarter and got to the 10-yard line. But was thrown back.

Lamesa got as close as eight yards to paydirt and even completed one pass out of bounds over the end zone in the fourth quarter.

Bivens scored the safety by flailing into the ball as Lamesa tried to punt from the seven-yard line. The ball zoomed back over the end zone and this was good for the only two points of the ball game.

The lineups:

MIDLAND	Pos.	LAMESA
Vince	LE	Hoffman
King	LT	Anthony
Rotan	LG	Brannen
Cox	C	Hart
Pritchard	RG	Lee
Dunn	RT	Nix
Goode	RE	Smithson
Shoemaker	QB	Rose
Kirby	LHB	Rowbotham
Rountree	RHB	McCullum
Little	FB	Corbett

Midland substitutions: Bivens, back; Barber, back; Roripaugh, guard; Morrow, guard; Hamblett, end.

HOLIDAY GREETINGS 1945

Shown above are typical holiday greetings for this first peacetime Christmas in four years. Peace is the central theme this year, but there is plenty of humor to be found, too.

By KATHARINE SHERWOOD
NEA Staff Correspondent
NEW YORK—Peace on earth. This Christmas message, ringing out after five dark war years, is the joyous theme of 1945 Christmas cards.

The shadow of wartime economy persists, however. Greeting card production restrictions were lifted too late in the year to assure unlimited supplies for this holiday season, but those available are exceptionally well designed and printed.

Early selection and mailing are urged by Army and Navy postal services for those thousands of servicemen and women who still

will be overseas at Christmas. To insure pre-Christmas delivery, send the cards by first-class mail in sealed envelopes. All domestic Christmas cards, packages, and letters should be mailed by Dec. 10.

Sentiments and verses on Christmas cards, the greeting card industry reports, are shorter and more to the point than in the past, allowing plenty of space for a personal holiday message from the sender.

Clever Art Work
No faint of the hackneyed mares the freshness of the designs which are the work of some of the leading American artists and designers. Everywhere the return of peace is

heralded. Angels look down over a broad and peaceful land. Soldiers gratefully lay down their weapons before the cradle of the Prince of Peace.

The heart-warming welcome home, reuniting families separated during the war, is reflected in familiar scenes. Horse-drawn sleighs stop in front of snow-covered homes whose windows are cheerfully ablaze with light. Other cards depict families gathered around the Christmas turkey, or happily distributing gifts around the tree. A benevolent minister shovels the snow from his church door, inviting parishioners to a prayerful observance of their holiday reunion. Silhouetted against a window, Scotties watch expectantly for their master's arrival home.

Funny Ones, Too
Old Saint Nick, appearing in a variety of predicaments, replaces last year's emphasis on wartime shortages and inconveniences in the humorous category. Santa is shown as a gentle little man looking suspiciously like Father with whiskers, an urbane playboy, a jolly kibitzer, a winning prize-fighter and a street photographer.

For the first time a group of fashion artists has turned its sure sense of color and line to the creation of Christmas cards. One artist uses clear peasant costume colors in a stylized treatment of the Christmas story. Others treat traditional Christmas skating and fire-side scenes with sophisticated finesse.

Modern and imaginative, this year's cards picture the national desire for a truly old-fashioned Merry Christmas.

DRUGS GEM-SCARCE IN RAVAGED ITALY

ROME—(AP)—"Talking of penicillin to Italy's physicians is like talking to them of diamonds," said Dr. Charles Muzzicato of New York, national chairman of American Medical Relief for Italy (AMRI), summing up the acute need of this country's war-stripped hospitals for medical supplies.

The roentgenologist, attached to the staffs of the Goldwater Memorial and St. Luke's Hospitals in New York, has surveyed hospitals and clinics in Naples, Rome, Milan, Florence and Bologna, and expects to tour Southern Italy and Sicily before returning home next month. "Almost literally, doctors have nothing," he said. "I am surprised that they are able to do anything at all."

Running An Animal Hospital Has Its Humorous Side, Says Dr. Shannon

By HARRELL HOLMES
Dr. J. O. Shannon, of the Midland Veterinary Hospital, picked up the telephone receiver.

"Did you vaccinate my dog for rabies?" asked a Midland dowager. "Yes, I did," answered the doctor. "Well, he isn't cured," replied the lady. "He still snaps at the postman."

"Yes, being an animal doctor, sometimes makes you lead a dog's life," he chuckled. "But humorous things happen all the time."

"The other day a Midland citizen brought in his pup to have its tail cut off.

"The tail was duly removed, all

except the usual two or three inches, and the pup was returned to its owner.

"The next day the dog was back. "Cut it off all the way," demanded the dog's best friend. "I don't want this dog to show one bit of friendliness to my mother-in-law."

Scientific Treatment
The Midland Veterinary Hospital, 319 E. Texas, is like its human counterpart insofar as modern scientific treatment is concerned. "Our aim is to help the suffering animal as well as to please the owner," is the motto above the door, and a quiet, patient dog having its hind legs taped without a whimper, is proof that the doctors

love their work and the animals they cure.

Next to the brightly-lighted operating room is the laboratory in which blood tests and other analyses are made. Shelves are lined with all the medicines and instruments used in getting Rover back on his paws. Various wards are lined with steel wire kennels where springers, cocker spaniels and pekings exercise their vocal chords, and squat bulldogs and naughty collies remain aloof to the uproar.

Separate Sick Wards
There is a separate ward for contagious diseases, and the feline family finds recuperating the cat's

meow in a section of its own.

Assisting Dr. Shannon since June is his son, Dr. Steven Shannon, a 1938 graduate of Kansas State College at Manhattan, Kansas, his father's alma mater in 1910. Mrs. Roberta Shannon, wife of the younger Dr. Shannon, will assist in the laboratory. She worked in the Kansas State College laboratory four years.

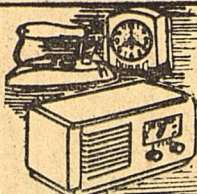

Mrs. J. O. Shannon is the receptionist. Her pet is Ratties III, better known around Midland as "Jitterbug," who has sired \$2,000 worth of globe-trotting pups, some being in nearly every country in the world, she said.

CALCUTTA AIRSTRIP AGAIN IS SILENT
CALCUTTA—(AP)—A strong link in the wartime defense network of Calcutta—a fighter plane strip located in the heart of the city's downtown section—has been returned to public use.

Sixty-foot wide Red road served as an RAF landing field during the dark days of the war.

Calcutta residents became accustomed to speedy fighter planes coming in at tree top level over Old Court House street and skimming the tops of the Great Eastern hotel and the governor's mansion.

When the Japanese threat to Calcutta subsided, the road was used as a storage area for military vehicles and supplies.

Social Situations

THE SITUATION: Someone rings your telephone by mistake and says "I'm sorry, I have the wrong number."
WRONG WAY: Hang up your receiver without a word.
RIGHT WAY: Say, pleasantly, "That's quite all right."

HEAD MAN

NEW YORK—(AP)—When the chaplain at a Long Island Coast Guard base is away on brief leaves, he hangs this sign on his office door: "Chaplain's gone ashore. Take your troubles to God."

Texas Music Can Be Strong And Colorful

AUSTIN—(AP)—The native music materials of Texas should be utilized by some major composer to "weave them into a great symphony," says Dr. Archie Jones, professor of music education at the University of Texas.
 An effective music education program should dig out the indigenous culture of a community and express it in its musical forms and activities, Dr. Jones believes.
 "Texas is distinctive because of its Latin and Western touches," Dr. Jones said. "Its music can be strong, highly individualistic, and colorful."

Mother's Oats (PREMIUM PACKAGE)

Here is a truly Cinderella garbage pail. Made of spun aluminum in a streamlined modern design, it comes with a supply of wax paper linings. Holds over five quarts.

By ROSELLEN CALLAHAN NEA Staff Writer

NEW YORK—You won't have to fret and fume as much this year about what to buy for that friend who seems to have just about everything. Store buyers have been stocking their shelves with many unusual gadgets, certain to win loud applause from the most hard-to-please people.

Newest beauty aid, which any woman might even prefer to nylon, is an electric manicurist. The compact enamel machine is equipped with interchangeable parts which work electrically to file nails.

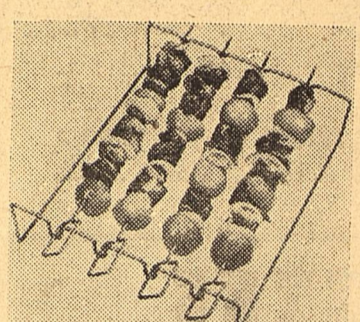

Gifts For Hard-To-Please People Many New Practical Gadgets Found On Christmas Shelves This Year

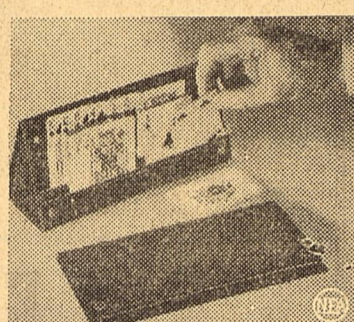

Newest novelty is the Beautiator, an electrical manicurist which has interchangeable parts that file and buff nails, roll up cuticle and massage fingertips.

(Hammacher-Schlemmer) This bright leather stamp case, which folds to one and one-half inches, is a useful budget gift which anyone would welcome.

The Shish Kebab skewer broiler, shown above, can be used for wieners and hamburgers. It's sure to please any hostess, and especially brides.

This leather Kard-Ade will make a hit with those who like to take their ease while playing cards. It folds flat to four and one-half by eight and one-half inches.

roll up cuticle, whisk away particles, buff base of nail to give it strength, and then put on a high polish. It's also excellent for pedicures, which most people find too hard to do themselves.

Or if you know of a hostess who likes to entertain informally with buffet suppers, there's a new skewer broiler on the market that will win her a reputation for giving amusing parties. Each rack holds four skewers which are especially good for Shish Kebab—alternate cubes of lamb and slices of onion and tomato halves—which can be served right from the broiler, picnic fashion.

Another novel newcomer to gift shelves is the Kard-Ade. Originally designed for one-armed card players, the flat leather case sets up as a triangular support for two rows of cards. It's especially popular with women who like to knit while they play.

Inexpensive as it is practical is the bright leather stamp case which has four compartments to prevent postage from sticking together or curling up. It comes in red, green, blue, brown and black, and folds to a compact one and one-half inch size.

If price is no object, there is a mechanical massage machine in the shape of a low stool about three feet long and 18 inches wide, which would make a hit with those who want to reduce without effort. Equipped with rollers under the seat, it gently massages off excess fat while you sit, and is said to relax taut muscles.

Laughing Children Only Happy Germans In Shanghai Camp

SHANGHAI—(AP)—Laughing children, busily at play, are the only happy Germans in the Kiangwan segregation center.
 The few hard-bitten Nazi leaders interned in the large white former Japanese high school are grumpy, scowling, untalkative.
 Germans with less violent party ideals don't have time for much revelry. They're too hard at work in the large, partitioned schoolrooms assigned to them.
 The German wives, most of whom had Chinese amahs jump at their every command, aren't happy either. They spend long hours cooking, peeling potatoes, sweeping floors, hanging curtains, arranging furniture and other household chores hard on finger nails and German tempers.
 But the children play blissfully, as they would in a Berlin kindergarten made of gingerbread.
 Mild-mannered Tinan W. Lee, who put in 20 years as registrar of St. John's University, runs the Kiangwan center with a hand not too heavy. There is little need for stern discipline, for the Germans are adapting themselves to the restricted life with no show of rebellion and little complaint, not that a complainant would gain them anything.
 Tall and handsome Elgar von Randow, 41-year-old German career diplomat, is the appointed head of the internees. Years ago he was German consul at Peiping.
 "Our main worry is that there's nothing decided about what's going to happen to us," is his chief plaint.
 "Here we are. We received our notices to pack up and come. Now we're here and nobody has the slightest idea what for, or how long, or anything. It's just the feeling of uncertainty. The whole purpose of internment isn't clear."

MILK SHARECROPPING PROVES SUCCESSFUL

CHARLESTON, S. C. — (AP) — Sharecropping in milk production has proved a success in Fairfield County, S. C., says the state Extension Service.

The farmer owns the cows, the cropper feeds and milks them, and grows feed. Cost of supplemental feed is deducted before profits are divided on a 50-50 basis.

The plan supplements rather than replaces cotton sharecropping.

"Pin-Worms Can't Get MY Child!"

Better learn the Truth, Mother!

Recent medical reports reveal that an amazing number of children (and grown-ups too) may be victims of Pin-Worms—often without suspecting what is wrong. And these pests, living and growing inside the human body, can cause real distress.

So watch out for the warning signs that may mean Pin-Worms—especially the aggravating rectal itch. If you suspect this ugly infection, get JAYNE'S P-W right away and follow the directions.

P-W is the name of the Pin-Worm Tablets developed by the laboratories of Dr. D. Jayne & Son, after years of patient research.

The small, easy-to-take P-W tablets act in a special way to remove Pin-Worms. Satisfaction guaranteed or your money back. Ask your druggist: P-W for Pin-Worms!

Eating Will Prove Armenian Pudding

By GAYNOR MADDOX NEA Staff Writer

The man responsible for feeding most of the delegates to the United Nations Conference in San Francisco, George Mardikian, suggests a rich but delicate pudding made of assorted nuts. Mardikian is a fabulous citizen and chef, and his recipe will win for you the reputation of being a fabulous cook.

Royal Armenian Pudding One-quarter pound blanched almonds, 1/4 pound pine nuts, 1/4

pound blanched hazelnuts, 1/4 pound blanched walnuts, 1/8 pound butter, 1 quart milk, 2 tablespoons cornstarch, 1 cup sugar.

Put blanched, mixed nuts through a food chopper. Then shake them through a coarse sieve. Retain one-fourth of the nuts, the coarsely chopped ones, for the top of the pudding. Bring milk to a boil, and pour in rest of nuts. Let simmer for 1/2 hour, then add sugar and butter and cook for 10 minutes. Take off the fire. Dilute cornstarch in half cup of water and pour into mixture. Stir quickly to keep it from lumping. Return to fire and cook for 10 minutes very slowly. Pour into glasses for individual servings with the following sauce:

One-half cup sugar, 1 tablespoon butter, 1 egg white, 1 cup crushed, fresh or quick-frozen strawberries. Beat one-half the sugar with the butter, and one-half with the white of egg. When egg is stiff, beat in butter mixture, and fold in the crushed strawberries. Keep in the refrigerator. When serving pudding, put a dab of the sauce on top of each glass, and sprinkle the top with the remaining chopped nuts.

Here's another new dessert using prepared vanilla pudding.

Vanilla Cranberry Parfait (Serves 4-6)

One package prepared vanilla pudding, 1 cup cranberry sauce or jelly.

Prepare pudding as directed on package. Cool, stirring occasionally. Fill parfait glasses with alternate layers of pudding and sauce. Chill. If cranberry jelly is used, break up with fork to spreading consistency before layering.

More Tires Will Go To Public As Result Of Automobile Strike

WASHINGTON—(AP)—Car owners who need new tires get a bit of a break from strikes and bottlenecks in new car plants.

And it seems likely tire rationing will end early in 1946. It will help. It's been mounting month by month.

The government is not going to wait, to end rationing, until there are enough tires to meet all demands.

New car makers—under rules of the government's Civilian Production Administration—can't build stocks of new tires larger than will be needed within 15 days.

Since strikes and bottlenecks cut down new car production, the auto makers' need for new tires is less. Thus—more new tires for old cars. Work in Reverse

Eventually, this works in reverse. When new car output picks up, they will gobble up new tires. Then—less for old cars.

Even so, those owners of old cars—on government figures, hopes and forecasts—won't fare too badly.

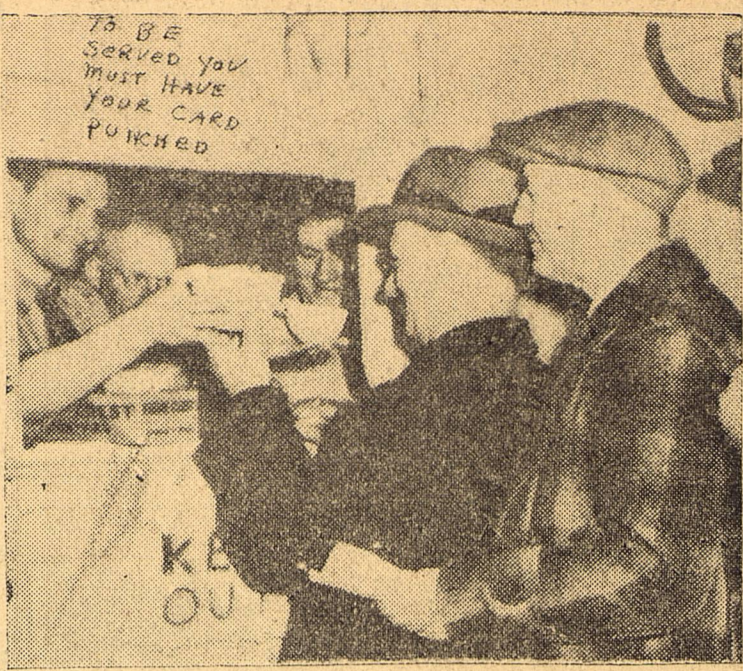

End of rationing early in 1946 depends not only upon continued tire production but increased production.

The government schedule calls in the first quarter of 1946 for 13,000,000 tires; about 16,000,000 in the second quarter; 18,000,000 in the third quarter and 19,000,000 in the final three months.

By the end of 1945 the government hopes the supply in the hands of dealers and manufacturers will have been built up 6,000,000 tires. The government wants a good supply on hand before ending rationing.

Blackout of eyesight in aviators during long dives or sharp turns is caused by temporary anemia in eyeballs—lack of blood. This physical deficiency is now being treated by suction applied to the eyeballs by special goggles.

Get Your Card Punched

At a soup kitchen set up at UAW-CIO local's hall at the Chevrolet Forge plant in Detroit, Mich., union men off the picket line get a hot snack between their tours of duty.

USE FACIAL TONIC TO THIN PANCAKE

By ALICIA HART NEA Staff Writer

Any girl who ponders the use of pancake makeup knows that it takes a mite of skill to avoid a caked or streaked effect.

The suave smoothness of color we seek may be achieved with the help of a few simple tricks. For instance, instead of dipping the applicator in water, try using facial tonic instead. The facial lotion acts as a better blending agent, and the film will spread more evenly.

Some women are apt to thin the makeup too much, and this causes it to streak. That caked look comes from not thinning it enough. It may take a bit of doing to get it just right, but the results are worth the effort.

AND SO GENERAL MARKS WRITES HIMSELF LETTERS

DALLAS—(AP)—No web-spinning spiders are given any house in Brig. Gen. Edwin H. Marks' mail box. The commanding general of the Southwest Division Engineers and also of the Eighth Service Command, writes letters to himself.

He carries on a formal sort of correspondence—General Marks, as head of one group writes to General Marks of the other. When he gets a letter from himself he expresses no surprise—just files it away or calls in a stenographer to dictate a reply.

NAVY PEDALS WAY TO NEW VICTORY

WASHINGTON—(AP)—During the capital transit strike which left some 500,000 Washingtonians with no rides to work, people were trying everything from roller skates to horseback, but Lt. E. C. Gulick found the prize solution. On his way to the Navy Department on a bicycle with a basket attached to the handlebars, he offered a lift to Mrs. John R. McCaully, en route to the Pentagon. She climbed right into the basket.

Stevens New Manager Of Midland Feed Store

A. L. Stevens, resident of Midland since 1927, took over the management of the Midland Feed Store and Planter's Gin Monday. The concern is located at E. Wall and Terrell streets.

Before taking the position, Stevens was assistant cashier of the Midland National Bank.

"There will be no revolutionary changes," Stevens said. "We will continue to give the same good service to the farmers and ranchers of this community."

The Midland Feed Store and Planter's Gin carry a complete line of dairy feed and stock mineral salts.

\$130,000,000 In Loans Made To War Veterans

WASHINGTON—(AP)—War veterans have received 32,856 loans totaling more than \$130,000,000 to buy homes, farms and small businesses under the G.I. Bill of Rights.

The Veterans Administration said in a statement that nearly 30,000 of the loans were for homes. It guarantees repayment of \$50,000,000 of the \$130,000,000 total.

The agency said it had saved veterans about \$385,000 through re-negotiation of sale prices on homes. In those cases original propositions were turned down on the ground that properties were priced above "reasonable normal value."

First live load ever to be sent aloft by balloon was at Versailles, France, Sept. 19, 1783. "Passengers" were a chicken, a duck, and a sheep. Flight was of eight minutes duration.

Ample Storage At Co-Op Grain Elevator

Midland Studio Photo. A familiar sight to farmers and ranchers of the Midland area is the Farmers Co-Operative grain elevator near the Co-op's gin, in Midland. It also is a welcome sight to producers who have sorghums and other grains to store. The ample-spaced elevator is a distinct asset to an agricultural section. Perry Collins is manager of the Farmers Co-Operative Gin and Elevator. The business is user-owned and a cooperative service.

The new Martin transport 202, a twin-engined, low-wing passenger cargo plane, is designed to carry 30 passengers. A whirligig microscope, used by scientists to compare different groups of bacteria, permits one to look two ways at once.

Yellow Cab Stresses Promptness, Courtesy, Service And Cleanliness

Good service and prompt action are the criterions of the Midland Yellow Cab Co., according to H. C. Watson, owner.

"Important, too, are courteous drivers and clean automobiles," he said.

The Yellow Cab Co., 107 N. Colorado Street, offers them all: service, promptness, courtesy, and cleanliness.

"It is impossible to obtain new cars at present," Watson said, "and hard to get parts for the five cabs we have, but we have managed to keep our cars in good condition. We take better care of business with a few good cars than we could with twice as many wrecked ones," he said.

"We will eventually get several new cabs, but it is impossible to foresee when," he said.

The Yellow Cab Co. is open all night, and gives good service at reasonable rates. The fare is 25 cents from any point in downtown Midland to another, and 10 cents for each additional passenger. For a ride of 20 blocks or more the fare is 35 cents, and there is a small charge for waiting, he said.

The Yellow Cab Co. receives few complaints, Watson said, "but if anything should go wrong, please notify the office immediately," he added.

The company has six regular drivers, each taking personal interest in giving prompt, courteous service. The drivers are Al Tilman, Earl Britton, R. G. Sheehan, Jack Parker, Wayne Meriman and Mrs. Alberta Roberts.

During the shortage of equipment, Watson asks that customers please be patient. A Yellow Cab will pick you up as soon as possible.

Drake's Garage Uses Mechanical Know-How Acquired Over 18 Years

Frank Drake knows automobiles. He should for he's been repairing them 18 years. In 1927 cars weren't much to look at by today's standards, and repairs were considered almost wizardry for understanding such intricate machines as automobiles.

Drake has learned a great deal about mechanics since going into the repair business in 1927, and today does the good job on autos his background makes possible.

Three Mechanics
Drake's Garage, 403 East Florida Street, is busy repairing Midland's war-worn automobiles with all the skill and the best materials which can be had. Mechanics Joe Heidelberg, Cecil Carpenter, and Pat Carasco know their jobs, too, and work as fast as a good job will allow on the many cars which drive in at Drake's every day.

"Be patient," says Drake. "We are rushed at present, but will get your car to you as soon as possible." It's better to do a good job than a rush job, he says.

Drake's Garage is also the Midland agency for Case tractors. Two new tractors are available without priority at present.

Handmade Gifts Balance Christmas Budgets

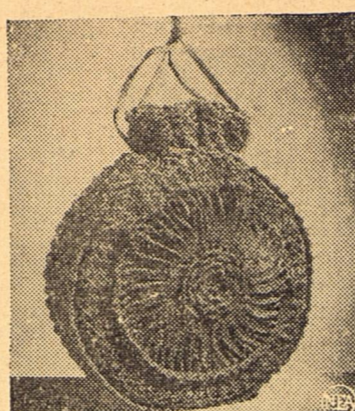

With a little fabric and an hour or two of sewing, you can run up this gay red and white cottage tea cozy.

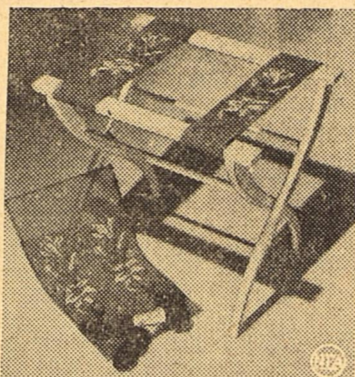

Friends will find these pin cushion and sewing box chairs as useful as they are novel.

In an evening at the sewing machine you can turn out just as attractive gifts as the plaid lamb, doll, picture frame and luncheon cloth which the smart gift giver above has made for Christmas.

It takes but five spools of paragon cord to crochet this handsome floral pattern drawing bag, which is a year-round favorite.

(Alice Maynard) Luggage rack above comes in ivory, red or black lacquer finish or walnut and mahogany stain, with painted canvas all ready to needlework.

NOW SHE SHOPS "CASH AND CARRY" Without Painful Backache

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatism, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off ungainly weight and help bring back alluring curves and graceful slenderness. Just get from any druggist, four ounces of liquid Barcol Concentrate. Add enough grapefruit juice to make a pint. Then just take two tablespoonsful twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

By KATHARINE SHERWOOD NEA Staff Correspondent

NEW YORK — Handmade gifts will solve that familiar preholiday predicament of a long Christmas gift list and a short budget. Besides being easy on the purse, gifts you make yourself carry a much more intimate holiday greeting. Women who learned to knit and sew during the war are now using that talent to whittle down gift lists. Sewing centers, which have been catering to capacity classes, have started special afterschool instructions for teen-age seamstresses who want to send hand-made novelties to friends this year. Especially popular with the not too experienced seamstresses are

such items as doll-sized wing chair sewing boxes, slip-covered with fabric scraps and fatly padded for pins; a polka-dot sash, decorated with buttons; handkerchiefs with ruffled checked gingham edges, daintily stitched luncheon cloths and picture frames made of ruffly white cotton. An amusing gift for the tea-drinking friends is a cheerful tea cozy that looks like a cot-Needlepoint enthusiasts will be thrilled with the gift of an interesting sampler, pillow cover, or luggage rack set which includes the wooden rack frame. Cross stitched blocks in floral designs can be put together to make smart looking small rugs for boudoir or living room.

A HUSBAND'S WISHES OFTEN GIVE

Double Satisfaction!

Don't write off your husband as a dunderhead when it comes to the matter of foods. He's a shopper too, less active perhaps, but in there searching for better brands. Men are usually very good judges of coffee. Thus when he tells you about Admiration, sit up and listen. The man's talking sense. The full-strength flavor of Admiration Coffee is just right for the male. Its aroma and richness a joy you shouldn't miss. Pick up a pound the next time you're at the store. There's double satisfaction in gratifying a husband's wishes — and serving a wonderful coffee.

Flavor!

Richness!

Aroma!

Report On the War

Biennial Report of the Chief of Staff of the U. S. Army 1943 to 1945, to the Secretary of War
Published by NEA Service, Inc. in co-operation with the War Department

This is the 16th of 42 installments of material selected from General Marshall's report on the winning of World War II.

XVI THE BREAKOUT

THE second phase of the invasion had two objectives: first, the capture of the port of Cherbourg; and, second, the build-up of sufficient forces and material to enable the forces to break out from the beachhead and strike toward Germany. Now the fighting grew fiercer. After a bitter and costly struggle, Cherbourg fell on 27 June to the 4th, 9th, and 7th Divisions of General Collins' VII Corps. Damage in the harbor was so extensive and difficult of repairs that until the late fall thousands of tons of material were still pouring over the beaches. Other Allied forces had, by 1 July, deepened the beachhead by advances up to 20 miles in the area between Caen and St. Lo against increasingly stubborn resistance in the aggressively defended hedgerows of the Cotentin Peninsula.

General Eisenhower wrote on 5 July:

"The going is extremely tough, with three main causes responsible. The first of these, as always, is the fighting quality of the German soldier. The second is the nature of the country. Our whole attack has to fight its way out of very narrow bottlenecks flanked by marshes and against an enemy who has a double hedgerow and an intervening ditch almost every 50 yards as ready-made strong points. The third cause is the weather. Our air has been unable to operate at maximum efficiency and on top of this the rain and mud were so bad during my visit that I was reminded of Tunisian wintertime. It was almost impossible to locate artillery targets although we have plenty of guns available. Even with clear weather it is extraordinarily difficult to point out a target that is an appropriate one for either air or artillery."

In spite of the lack of a major port, the build-up in the beachhead was completed late in July. On 1 August the 12th U. S. Army group, later designated the Central Group of Armies, became operational under the command of General Bradley. Its two armies—the First, under Lt. Gen. Courtney H. Hodges, and the Third, under Lt. Gen. George S. Patton,

Jr., totaling 13 infantry and 5 armored divisions, had been assembled in the beachhead area. The Canadian First Army under General Crerar and the British Second Army under General Dempsey composed the 21st Army Group, later designated the Northern Group of Armies, commanded by Field Marshal Montgomery.

Unprecedented Achievements

These armies were still dependent on beachhead supply for their sustenance. Even with unseasonable bad weather which severely damaged and almost destroyed one of the two artificial port installations and halted unloading operations many times, an average of some 30,000 tons of supplies and 30,000 troops were handled every day. These achievements, without precedent in history, were not anticipated by the German defenders and, consequently, their plans for the defense of the French coast had not taken them into account.

General Bradley was able, on 25 July, to mount the offensive which broke out of the beachhead at St. Lo and Avranches and carried the lines swiftly forward to the Meuse River. Preceding the ground attack 1,500 heavy bombers and hundreds of other combat aircraft dropped more than 3,300 tons of bombs on enemy positions on a narrow front. The crushing power of the air attack and its paralyzing effect on the enemy's movement blasted the way for rapid penetration of German lines. While observing preparations for the attack, one of the Army's outstanding soldiers, Lt. Gen. Lesley J. McNair, was killed by misdirected bombs of our own air force. Though his loss was a tremendous shock to our divisions, which he had organized and trained, he undoubtedly died in the way he preferred—in battle. General McNair was utterly fearless.

The break-out gave General Eisenhower an opportunity to deliver mighty blows at the shaken enemy. At the height of this action he wrote:

"My entire preoccupation these days is to secure the destruction of a substantial portion of the enemy forces facing us. Patton's Third Army, on the marching wing of our forces, is closing in as rapidly as possible. His deployment through the bottleneck near Avranches was exceedingly difficult but we have now got the strength on that wing to proceed definitely about our business. We

have detached only one corps for the conquest of the Brittany Peninsula so as to have the maximum forces for the main battle. Within a week there should be real developments on the present front."

Speedy Campaign Successful

He seized his opportunity, directing a vigorous pursuit of the shattered German forces. There followed a campaign which for speed and boldness has few parallels. Following the First Army's break-through, the Third Army, under General Patton, utilizing a heavy preponderance of armor, thrust forward from the Avranches beach on 2 August and cut off the Brittany Peninsula by 6 August, isolating the bulk of the 2d Parachute and 265th, 266th and 343d German Infantry Divisions. The next move was to establish a southern flank along the Loire to protect our main effort heading eastward against attack from the south. These were preparatory moves. While they were in progress, General Hodges' First Army and the British Second Army were repulsing and crushing heavy attacks which the enemy launched in the desperate hope of driving a wedge to the sea through Avranches to cut off General Patton's forces.

On 13 August the Third Army swept north from Le Mans around the southern flank of the German Normandy position in the direction of Argentan. Simultaneously, Canadian forces of the British Second Army drove south from Caen toward Falaise. This pincer movement created the "Falaise pocket," in which 100,000 enemy troops were captured, thousands more were killed or wounded, and thousands more thrown into disorder as they escaped toward the Seine through the "Falaise-Argentan corridor" held open by desperate German resistance. The Germans realized that the battle for Normandy was lost and they began withdrawing beyond the Seine under heavy pressure from both the ground and the air. The Seine crossings were raked by fighter patrols. Turning eastward from Le Mans and Argentan, the Third Army raced for the river with such speed that supply by air was often necessary to maintain its momentum. By the capture of Mantes on 18 August the German escape route was confined to crossings of the lower Seine northwest of Elbeuf.

(NEXT: Continental Envelopment)

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY
America's Card Authority

Here is the type of hand that wins championships. The national tournament at the Hotel Chelsea in Atlantic City next week will in all likelihood produce several har-3s of this sort.

Take a quick glance at the hand. If you were told to play it at six-cold, would you prefer spades or diamonds?

The average bridge player would too often play this hand at spades.

which would be held to five, while six diamonds is cold. That was the contract arrived at by Waldemar von Zeitwitz and Samuel Katz in the recent Metropolitan Tournament in New York.

After East cashed the king of hearts, he shifted to a club. Von Zeitwitz went up with the ace, took three rounds of trumps, and discarded his three clubs on dummy's good spades. The nine of clubs was ruffed with his last trump.

War Over, Comedian Joe E. Brown Returns To His Own Career

By BOB THOMAS
HOLLYWOOD —(AP)— Now that the war is over, Joe E. Brown is again looking after his own career, and his plans for the future involve a six-foot rabbit.

During the war years, Joe made only one picture and devoted the rest of his time to entertaining American troops in all parts of the world. His war record exceeds even that of the indefatigable Hope. But now Joe has to look after himself, too.

"I think there is a definite place in the world for the fool—the guy who makes people laugh," he told me. "Some people have gotten the idea that I have become serious. I am serious about anything concerning the welfare of our servicemen. But I'm still in the business of being funny."

Joe is going to resume that business in "Harvey," the Mary Chase play of the drunk and the imaginary six-foot rabbit, which began a new career for Frank Fay. Joe opens in Columbus Dec. 21 and then plays Cincinnati, St. Louis, Kansas City, San Francisco and Los Angeles. Before opening in Chicago next September, he'll have time to do a picture. His services should be in demand because of the ready-made G.I. audience he commands.

'RESTING' PATIENT AWAKES WHEN AUTOPSY MENTIONED

BRIGHAM, UTAH —(AP)— "Are they going to have an autopsy right away?" Eushell, General Army Hospital Attache Fred Arnold asked the ward boy who was pushing a sheet-covered figure on a litter. The shrouded figure suddenly came to life, shouting "Let me out of here." The patient then explained he had covered his head "to keep warm."

HOME SAVER
BRIDGEPORT, CONN. —(AP)— Now, thanks to thoughtful General Electric engineers, a husband and wife can share a double bed without quarreling over warmth of the bedclothes. GE has developed a two-control automatic electric blanket. Each half can be kept at a different temperature.

FOOD FOR THOUGHT
OCALA, FLA. —(AP)— Summoned to put out an oven blaze, Fire Chief Tom Sexton was worried about the edibility of a flaming meatloaf if he doused it with water. He extinguished the fire with a can of condensed milk.

JUST LIKE WASHINGTON

MONTEVIDEO—(P)—The executor of Mrs. Teresa Engelbrecht Gadea's estate has asked the newspapers to help him persuade the government to take \$70,000. In a letter to the papers, he said Mrs. Gadea left the sum to the government to be used for hospitals but "for four months all efforts to get the government to accept the money have been fruitless."

CIRCUMSTANTIAL EVIDENCE

MILTON, FLA.—(P)—Members of the town council were weighing the pros and cons of a rodent eradication program here when a large rat circled the table at which the discussion was taking place. The measure passed without further debate.

Servicewomen Started New Vogue For Naturalness, Says Make-Up Man

DOROTHY MCGUIRE: Sweet.

By ALICIA HART, NEA Staff Writer
Layer by layer, Hollywood gals are peeling off their masklike make-up. The rubber stamp glamour of

the grotesquely painted mouths and heavy artificiality is being abandoned in favor of the clear, fresh coloring that enhances individual beauty.

Although some of the top Hollywood stars never succumbed to the painted look, and continued to capitalize on naturalness, it was the women in uniform who popularized the recent trend back to natural make-up, says Maurice Seideman, head of the RKO Radio Studios make-up department.

Through exercise and regularity of their lives, servicewomen developed the glowing skins and naturally rosy cheeks that bespeak fine health and good circulation. As a result, they need less make-up, and freshness and cleanliness key-noted their appearance.

In the beauty boxes this year, Seideman foresees thinner and more transparent foundations that will match the skin. Fads like that of the deep pink which was used this summer will vanish. The thick, smeary mouths affected in the past

IT'S ALL RIGHT, DEAR, THEY KNOW ME THERE

WATFORD CITY, N.D.—(P)—Two years ago, Donald Erickson's hip was crushed when a tractor rolled over him. Last year, he was seriously hurt in a plane crash. His leg was fractured this month in a mine accident, and Erickson made his third trip to the hospital in as many years. This time it was a gentle trip. Mrs. Erickson went with him—and, shortly after their arrival, gave birth to a daughter.

BRIGHTEN YOUR CORNER

ST. JOHN, KAS.—(P)—Gillmore Osborne, chief of the volunteer fire department, notified all members to be on hand at the next regular meeting. "Something special," he said. When they showed up, he handed them cans of wax and lard and put them to work brightening up the fire truck.

ANSWERS TOO?

BOGOTA —(P)—This price tag was seen at a local shop-window: "Puzzles (Columbian Politics) 25¢ Each."

TESTS ARE READY FOR SCIENCE SEARCH

WASHINGTON—(P)—More than 15,000 American high school seniors with a flair for science soon will be priming themselves for a three-hour test in competition for \$11,000 in scholarships, awarded annually to finalists in the Science Talent Search.

Examinations have been mailed to more than 3,000 high school principals and teachers, who will administer the tests December 3-27, at which time they must be returned to Science Clubs of America in Washington. Watson Davis says. The examinations are designed to reveal the student's ability to think and reason rather than measure his fund of scientific knowledge. The Search is sponsored by the Westinghouse Electric Corp.

USE **666** COLD PREPARATIONS LIQUID, TABLETS, SALVE, NOSE DROPS. Caution use only as directed.

ROBBER STOPPER

WARSAW—(P)—The government ordered the "old city" of Warsaw, destroyed by the Nazis, to be walled up to prevent pilfering and thefts among the ruins. There are many walls still standing within the old city bearing signs "this is a historical spot. Do not remove any documents or objects that may be found here."

PLUGGING FOR BEER

TAMPA, FLA.—(P)—Youngsters hired by a brewery here range the streets hunting cars which have overstayed their time by parking meters. They drop a nickel in each slot and leave tags on the automobiles explaining the tardy motorists have been saved fines through courtesy of the company.

FAIR WARNING!
The jewelry and gift shows, at which retail jewelers usually buy their Christmas merchandise, were not held this Fall because manufacturers and wholesalers did not have sufficient merchandise to sell that would justify the expense of holding a show.
Anticipating just such a condition, we have been buying heavily in all markets during the summer months and now have one of the most complete stocks of precious metal jewelry in West Texas.
This merchandise will not be here or elsewhere at Christmas time. Therefore we urge you to take advantage of our convenient lay-away plan to supply your Christmas needs now.
Be sure to see our complete line of ladies' diamond watches, the ideal gift for her.

Ingrid Bergman: Herself

year by women out of uniform will give way to the lighthanded artistic use of lipstick following normal mouth contours. Eyebrows will lose their aspirations to meet the hairline, and climb back down to their rightful position—natural but lovely frames for the orbs.

Lighter make-up will take less time to apply, and those frantic hours spent at the dressing table to achieve an unnatural facade will become just a painful memory. Lighter make-up, too, will eliminate the endless retouching necessary to the heavy coating.

In Seideman's opinion make-up is taking its proper place as a device for enhancing beauty instead of matching gowns, automobiles and accessories. He looks for naturalness to hold its own for a long time.

BRING THE FAMILY

DELAWARE, O.—(P)—Ohio Wesleyan University is planning a new phase of co-education to help married veterans complete their schooling. Murphy Hall, a former cooperative house for Wesleyan's men students, will be converted into apartment for ex-GI's and their wives.

A 100,000,000-volt electron accelerator, or betatron, in use during the war by General Electric, which recently revealed its secrets, will penetrate a thickness of metal many times greater than that probed by former industrial X-ray units in use.

TEXAS EXPEDITIONARY FORCES REPORT —

Shooting Bull Detachment Ordered To Discontinue Spurs Outside Area

AUSTIN —(P)— All personnel of the Shooting Bull Detachment, Texas Expeditionary Forces in the heart of the Philippines, have been directed to discontinue wearing spurs while outside the detachment area, and to stop "the slovenly practice of tucking both trousers legs in their boots."

The governor included special orders Nos. 1 to 8 inclusive, through Oct. 21. Order No. 7 made one thing very clear: "In order to keep trouble at a minimum, it will be the duty of all personnel of this detachment, after having been slapped on one cheek, to turn the other. When the other cheek is slapped, any member of this command is then free to knock the offender out of the office."

QUICK RELIEF FROM Symptoms of Distress Arising from STOMACH ULCERS DUE TO EXCESS ACID

MRS. TRUMAN AND DAUGHTER ATTENDED — Amid Glitter Of Diamonds, Ermine, N. Y. Met Opens 61st Opera Season

By JEAN SMALL NEW YORK —(P)— As Mrs. Truman and Mary Margaret smiled and applauded, the Metropolitan Opera Company opened its 61st season the other night (Tuesday) —with the most dazzling display of diamonds and ermine in years.

HORMONE INJECTIONS TO BE GIVEN PLANTS SYDNEY, AUSTRALIA —(P)— During the next 12 months hormone injections will be given to 90,000 apricot trees, in the irrigated area of Leeton, New South Wales, to delay flowering for three or four weeks and prevent damage by frost.

No scrubbing or scouring

MARVENE SOAPLESS SUDS FLOATS THE GREASE AWAY!

Grease-caked broilers and pans need not give you the jitters. Use MARVENE Soapless Suds. It dissolves clinging grease — floats it out and away. Even your dishcloth is free from grease after a rinse or two.

Press Ship Dreamed Of By Ernie Pyle, Richard Harding Davis Built Too Late

By HAL BOYLE ABOARD ARMY TRANSPORT 'PINDLE EYE, SHANGHAI —(P)— This is the ship that came too late.

It is the correspondent's idea of a "dream press ship"—the kind that writers like Richard Harding Davis earlier in the century and Ernie Pyle in this war never lived to see.

It is the answer to every newsman's prayer in a war theater—for perfect communications to send his story back home to his readers. If the little brown men of Nippon hadn't folded up when they did, it would have provided the American newspaper public with first-breaking of the "Battle For Japan" on a scale never before known in the Pacific.

ONE WORLD BUENOS AIRES —(P)— Talk about the melting pot—Argentina, which has had a flood of immigration in the last two generations, is it. A streetcar, whose passengers are a fair cross-section of the population, collided with a beer truck and injured nine persons. They included an Austrian, an Italian, an Arab, a Frenchwoman and three Spaniards. Oh, yes—and two Argentinians.

in 10 weeks in a row. In the island hopping days of the Pacific campaign, communications were difficult and many stories that correspondents risked their lives to get arrived in America so late they were all but useless.

From this grew the idea of building a press communications ship designed solely to get war news home to the relatives of the fighting men—and get it there while it was still hot.

"The Spindle Eye is the outgrowth of all the experience in the Pacific in covering amphibious operations," said Lt. Col. Jack Harris.

former Nashville, Tenn., radio executive. Converted at Seattle

The Spindle Eye is a new 5,000-ton freighter converted into a press ship at Seattle.

The vessel is manned by Army transport service personnel and its equipment is operated by trained Signal Corps personnel who can send up to 800 words of news copy per minute direct to San Francisco. It can also handle direct on the scene radio news broadcasts and radio photographs.

The vessel is completing a round trip voyage from Tokyo to Korea to Shanghai and back to Japan.

"This ship can be a real contribution to the freedom of the press, which depends on free access to communications," said Harris.
