NUMBER THIRTY-NINE

Indians Defeat Panthers 42-0

The Haskell Indians skinned a Seymour Panther last Friday night by a score of 42 to 0. The Indians coming off an open date performed much better than in the opening victory against Anson. The senior laden Indians starting with the first play of the game and going to the last whistle gained a solid measure of revenge from last year's loss to Seymour. All the Indian backs were able to tear off good chunks of yardage behind the crisp blocking of the Haskell line. They were equally devastating on defense as they consistently tackled Panther runners for losses or short gains.

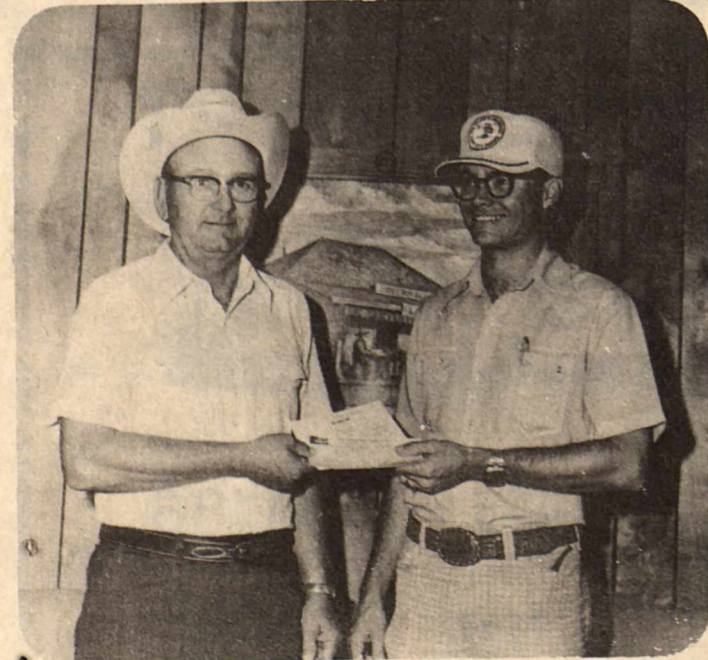

The Indians will be looking for another measure of revenge this week as they journey to Stamford to take on the fine Bulldog team. The Bulldogs are a good wide losing team this season. However, they have a much better team than their record shows. Also, Don Earles, their fine tailback, will

Fireman Sponsored By Farm Bureau

Haskell County Farm Bureau and the Texas Farm Bureau Insurance Companies jointly sponsored Don Comedy of Haskell to the 47th annual Texas Firemen's Training School July 25-30.

Don Comedy, who is a volunteer fireman with the Haskell Volunteer Fire Department, studied such subjects as firefighting, fire prevention, officer training, pump maintenance, specialized fire protection and disaster rescue operations at the school which was held on the Texas A&M University campus.

"The Farm Bureau Insurance Companies believe volunteer fire departments have been very effective in reducing the amount of loss involved by fire in rural areas," said Chaloupka, TFB president. "It is our hope in sponsoring this program that Comedy will help the Haskell Volunteer Fire Department to better serve the residents of Haskell County."

PICTURED IS J. W. Aycock, President of Haskell County Farm Bureau presenting Don Comedy with Fireman's check. To receive this check, Don had to attend all meetings of the Fireman's School and pass his exams.

be in action for the first time this season coming off a knee injury.

Against the Panthers, the Indians got off to a rapid start with Vonnie Hise going 68 yards for a touchdown; however, this was called back by a clipping penalty. Then Archie Crim made a 19 yard run but lost the ball on a fumble.

The second time the Indians got the ball they stormed downfield for their first touchdown. Jimmy Browning Jr. halfback dashed 49 yards to the one yard line. Gary McAdams powered over for the touchdown. Then McAdams kicked the PAT.

The Haskell defense then made an outstanding defensive play against the Seymour triple option in which all three ball carriers were put on the turf as well as a fumble. On the first offensive play following the fumble, McAdams unleashed a forty yard pass to split-end Frank Jordan who made a fine catch for another touchdown. McAdams again kicked PAT which made the score 14 to 0 at the 1st quarter.

In the second quarter, the Indians sustained a 72 yard drive with Archie Crim going the last 15 yards for the touchdown. Gary McAdams kicked the PAT.

After a fine Crim punt to the 1 yard line, the Haskell defense rose up and dropped the Seymour quarterback back in his own end zone for a safety. After the free kick, Haskell marched for still another TD with Kelvin Marshall sweeping end led by a Johnny Larned block for 15 yards and a touchdown. PAT failed.

The Haskell defense also set up the 5th touchdown with a fumble recovery inside Seymour's 10 yard line. Crim scored his 2nd TD on a 5 yard run. McAdams kicked the PAT.

Early in the 4th quarter, McAdams again unloaded a bomb to his tight end Rex Pittman for a 48 yard TD. Pittman made a good over the shoulder catch, broke a tackle, and ripped into the end zone. PAT failed. This ended the scoring at 42 to 0. All the Indian backs had a good night.

Hise made 72 yards in 16 carries plus the long run that was called back. Crim made 86 yards in 10 carries. McAdams 21 yards in 3 carries. Browning 87 yards in 5 carries and Marshall 115 yards in 17 carries. All the offense line looked sharp with Johnny Larned, Kyle Markey, and Mike New grading especially high.

On the defense, David Tidwell, Gary McAdams, Vonnie Hise, Johnny Larned, Archie Crim, Jesse Billington, and Dewayne Weise were particularly outstanding. Outstanding hits were by Larned, McAdams, and Lynn Brueggeman.

The Indians are making good progress and showing much promise for a successful season.

PROCLAMATION
HUNTING AND FISHING DAY

Because of the outstanding contributions that America's hunters and fishermen have made to conservation, recreation and the economy, they are deserving of special recognition.

Since the turn of the century, hunters and anglers have been the leaders in nearly all major conservation programs. These sportsmen-conservationists are responsible for the founding of state fish and game departments in all 50 states. They asked that they, themselves, be required to buy licenses and that the money collected be used to support state conservation agencies. In the last 50 years alone, these sportsmen have provided \$2.5 billion for conservation programs.

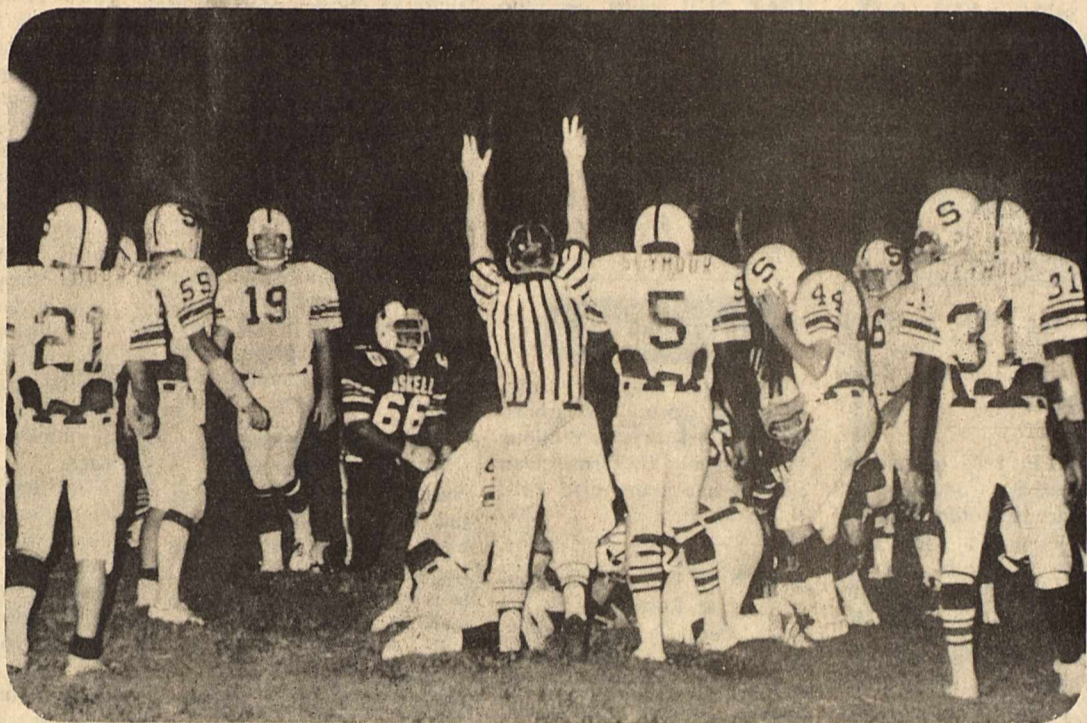

Hunters and fishermen asked for the establishment of regulated seasons and bag limits so that sportsmen could harvest the annual crop of game and fish without damage to the basic breeding population. The result has been that there are now more deer, elk, antelope and wild turkey in the United States than there were 50 years ago. Further, sportsmen's programs have benefited numerous species of non-game fish and wildlife through habitat development.

Hunters and fishermen, unique in all America, asked that their fishing and hunting equipment be taxed and that the money be used for land acquisition, research and habitat management for fish and wildlife for the enjoyment of all Americans.

Through their publications and organizations—such as the National Wildlife Federation, Ducks Unlimited, Izaak Walton League of America and many others—hunters and fishermen have led the nation in the battle for a better environment and the wise use of our natural resources.

Therefore, I, J. Belton Duncan, Mayor of the City of Haskell, do hereby proclaim Saturday, September 25, 1976, as Texas Hunting and Fishing Day and that this day be an annual observance the fourth Saturday of each September. I urge all of our citizens to join with sportsmen-conservationists in a rededication to the wise use of our natural resources and their proper management for the benefit of future generations. Further, I urge all citizens to take part in Hunting and Fishing Day activities on September 25 to learn more about conservation and outdoor skills.

J. Belton Duncan

ONE OF SIX TD'S—If you look hard you can find an Indian underneath all of the Seymour Panthers. This is McAdams carrying the ball over from the one yard line in Friday night's game against Seymour. The Indians won the game 42-0. (Photo by Don Comedy)

Lewis Thomas' Brangus Wins Grand Champion

Lewis Thomas captured top honors last week at the West Texas Fair in the Brangus Cattle show. He showed the Grand Champion female of the show. He showed for the Thomas Brangus Farms of Haskell, exhibiting a 17 month old heifer for the win.

The heifer's registered name is "Miss Lewis Ford 17-5" but is called "Sugar". She has been consigned to sell at the Yellow Rose Brangus Sale at the Registry Hotel in Dallas, October 8.

Thomas runs mostly Hereford and Brangus cattle on the Thomas ranch near Weinert and added "that makes a fine cross."

Fair Opens Today

The 1976 edition of the Haskell County Fair will get underway today (Thursday) with the parade beginning at 6 p.m.

Everybody loves a parade and nobody will be disappointed with the parade that will kick-off this annual Haskell County Fair.

At least 100 Haskell County Citizens have been busy for days working to assure the success of the three-day run fair and provide entertainment and educational opportunity for those who will attend this gala event.

Livestock entries are coming in and promise to be good, both in number and quality. Exhibit barns are expected to be overflowing with livestock, rabbit and fowl entries. Cecil Lewis, chairman of the crops division, promises nice exhibits from area farmers. More entries are expected this year in the women's division, according to Mrs. Barbara Elliott, Haskell County Extension Agent.

Judging of the various entries will be going on throughout the fair and results will be posted as soon as judging is finalized.

The carnival attractions will provide many thrills for children and adults alike, and the midway will be open throughout the three day run. Free entertainment will be provided each night.

An attraction of the Haskell Fair will be the drawing at approximately 10 p.m. each night for the awarding of \$100 in cash to some lucky Fair visitor again this year.

Whether your fancy runs to the excitement of the midway or to the numerous exhibits, or just visiting with friends and neighbors, you will find much entertainment at the Haskell County Fair.

The tractor pull under the supervision of Joe Pat Hale promises to be one of the largest ever in this part of the Big Country and is scheduled for Saturday evening at 6 p.m. and Sunday afternoon at 2:00 p.m.

Ample food booths will be located on the grounds to round out your needs for complete entertainment.

See you there! Don't miss it.

Duncan Gin Changes Hands After 53 Years

It was announced this week that the Duncan family has sold the Duncan Gin to Jerry Don Klose and Smoky Greenhaw.

The gin will operate under the name of K & G Gin Co. with Jerry Don Klose as manager.

The Duncan Gin has been in the Duncan family for the past 53 years. Mr. Leo Duncan has been running the gin since 1950. His father the late W. A. Duncan started the gin July 1, 1922. It has been in the same location all this time.

Others in the Duncan family include Mrs. Etna C. Duncan, J. Belton Duncan and Leo.

Mr. Klose is the son of Mr. and Mrs. Felix Klose of Haskell. He is married to Phyllis Cooper, and they have two children, Sheila 10 and Steven 6. He is a graduate of Mattson High School and she graduated from Haskell High School. Mr. Klose worked in the gin here in 1961-62-63. They will reside at 700 North Avenue A.

We welcome the Kloses back to Haskell.

First Bale Of Cotton

The Farmers Compress of Rule received their first bale of cotton on Thursday, Sept. 16th. The cotton was brought into the Rule Coop by Nolan Lees and ginned free of charge for being the first bale ginned.

The bale was then taken to the Farmers Compress by the Rule Coop. For having the first bale of cotton brought to the Farmers Compress, Mr. Lees will receive a premium of \$50 from the compress and also \$50 from the Rule Chamber of Commerce.

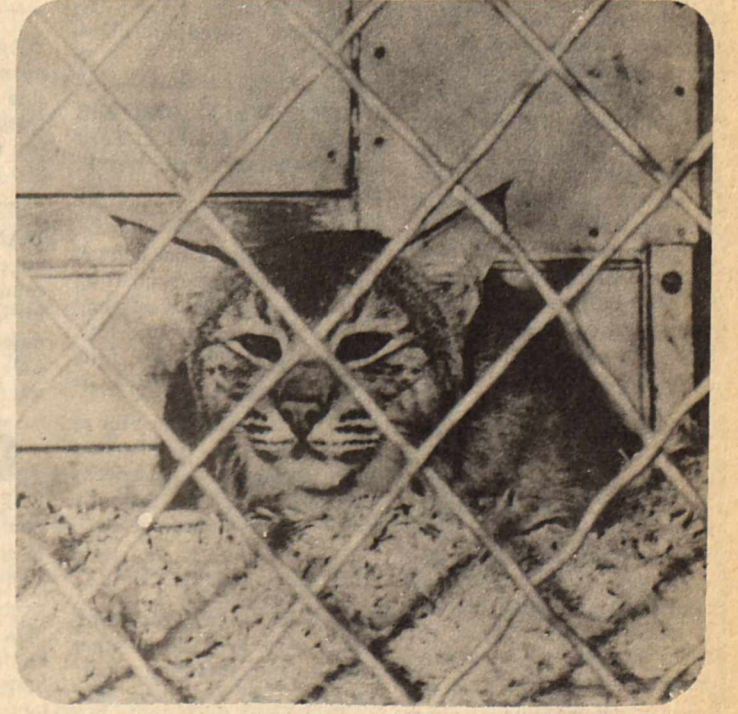

1760 pounds of seed cotton were in the bale which weighed 435 pounds and it was machine stripped off of one and a half acres.

Weinert Homecoming To Be Held

The Weinert Homecoming will be held on Saturday October 2, 1976 with registration beginning at 9:00 a.m. and continuing until 5:00 p.m.

A business meeting and program will begin at 2:00 p.m. followed by the election of the Homecoming Queen. All women exes are eligible to become Queen.

The evening meal will be served at 5:00 p.m. and at 6:30 a pep rally will be held. At 7:30 Weinert will play Guthrie. During half time, the Homecoming Queen will be presented.

AN ADDED ATTRACTION to the Haskell County Fair this year is the Texas Parks and Wildlife Animal exhibit. It is the world's best display of small animals. The admission is free after you get into the fair grounds. Area schools have been invited to attend the display free at 10 a.m. Wednesday, Thursday, and Friday. You are invited to visit the Parks & Wildlife display while you are at the fair. (Photo by Bill Comedy)

REV. AND MRS. FINIS JEFFREY

**Rev. Jeffrey
To Be Here
Sunday Sept. 25**

Rev. Jeffrey will be preaching at the Sunday morning service Sept. 25 at the United Methodist Church, Haskell.

The Rev. Finis B. Jeffrey, who has been a United

Methodist missionary to Korea since 1953, returned to the United States in August, 1976, for a six month furlough. Mr. Jeffrey is the missionary consultant for the South Mission Conference, a new area of Methodist work in South Korea. Since 1972, 38 Methodist churches have been established and strengthened in this industrial region. In

1953 and 1954, he was instrumental in establishing a nationwide Wesley Bible Club program. Through this program local churches were able to establish primary schools offering local children a free education. Also during this period, Wesleyan Class meetings were revived in Korea, and now there are over 6,000 class meetings in the 1,620 churches in Korea.

A native of Tolar, Texas, Mr. Jeffrey attended the University of Texas, where he earned a bachelor of business administration degree. He received his bachelor of divinity and master of sacred theology degrees from Perkins School of Theology. Immediately prior to entering the missionary field, he was an officer in the U. S. Air Force. Mr. Jeffrey and his wife, Shirley, are parents of four children.

Gray Reunion

On the first Sunday in September the descendants of the late Mr. and Mrs. A. M. Gray met at the Community Center in Munday for their first annual family reunion.

All of the surviving daughters and sons of Mr. and Mrs. Gray were present. They were: Vivian Hudson, Mary Foshee, George, Connie, Eva, and Orvetta. One son, Eli, is deceased, also one son-in-law Doc Foshee, is deceased.

Before the day was over, 35 direct descendants of Mr. and Mrs. Gray and 15 husbands and wives, of the direct descendants had gathered together for a dinner and fellowship. There was one visitor, Dianne Carroll, guest of Lee Gray, making a total of

51 present. There were cousins which had not seen each other since they were small children, and other cousins who had never met each other. A Sunday morning devotional was given by Bill Muse, husband of Orvetta. Gospel Hymns were sung by some of the ladies. Then the talented musicians of the family provided music all afternoon, guitars, fiddles, banjo, mandolin, bass and piano. This is the first time the brothers had been together since 1954. Many pictures were taken of the family and of their families. One picture had 7 people in it, all of whom were

named "Bill". As each family left they expressed what a joyous time they had and plans are already in the making for the reunion next year with each one hoping those who weren't able to attend would be able to come next year. The total number of direct descendants is 52, with 2 more expected in the near future. The Gray's lived in both Knox and Haskell counties, and when he retired they moved to Weinert. Relatives came from Tulsa, Okla., Lubbock, Ft. Worth, Crowley, Garland, Morton, Amarillo, Knox City, Hico, Munday, Dimmitt, Goree, and Weinert.

Around Town

by Lois and Lisa

Visitors in the home of Larry and Suzie Gilliam last week were: Mrs. Mildred Perkins of Lubbock, Mrs. Ann Montgomery of Littlefield, Richard Hasten of Abilene, Bill Barker of Lubbock, Rusty Harris of Houston and Jim Harris of Cedar Hill.

Mr. and Mrs. Vernon Bowen and Mr. and Mrs. Mabry Brown all of Lubbock and Mrs. Ruth McKennon of Munday were guests Sunday September 12 with their sister and mother Mrs. Bob Brock of Haskell.

Visiting in the home of Mr. and Mrs. W. L. Holt Jr. over the weekend were Mrs. Bobbie Armstrong of Dickinson, Mrs. Broosky Stamper of Houston, Mrs. Banna Jo Davis of Graham, Mrs. Barbara Medford of Stamford and Gary Stamper of Haskell.

Mr. and Mrs. M. O. Brinlee recently spent a weekend in Cibola with their son Curtis Cross and his wife. They all enjoyed a day at the Seguin County Fair.

Mr. and Mrs. Bill Comedy spent the weekend in Coleman visiting with Mr. Comedy's mother, Mrs. J. M. Comedy.

Mrs. Leone Pearsey, Haskell and her daughter, son-in-law and grandson, Mr. and Mrs. Bill Earles and Jay of Redondo Beach, Ca. have returned from an extended tour of the Hawaiian Islands. They toured the Islands of Oahu, Hawaii, Maui and Kauai by bus, attended the Kodiak Show, which is a complete history of the Islands saw Pearl Harbor and many other interesting and historical sites. Mrs. Pearsey also

visited with Mr. and Mrs. Jeff Robertson and daughter in Torrance, Ca.

Mr. and Mrs. Billy Bob Shaw and Druann of Abilene were weekend visitors in Haskell.

Mr. and Mrs. Danny Stocks of Abilene were weekend visitors in Haskell.

Mr. and Mrs. Jerry Stocks, Rusty and Cody of Snyder were in Haskell last weekend.

Mr. and Mrs. Cecil Bowers, Mr. and Mrs. Bill Marr, Haskell and Mr. and Mrs. J. A. Nichols of Hurst visited the Marr's son, Billy Marr and his family in Shreveport, La. last weekend.

HERE'S TO YOUR HEALTH
from Kenneth Jones

Now that the home heating season begins, parents should instruct the children on emergency action in case of fire. How to escape from various rooms if the hallways are blocked is important. Some parents install a knotted rope which can be hung out a second story window for escape. Even small children should be taught to dial "0" for help in any emergency, and to give their correct address.

**FHA Elects
New Officers**

On Monday night, September 13, the Haskell Chapter of Future Homemakers held their first meeting.

Debbie Stubblefield, Vice President, conducted the beginning of the meeting as the members presided to elect a new president. After the election, Floradean Hawkins, the new president, opened the meeting for discussion of the club dues. The dues were set for \$3.00 for the year.

The members suggested different program ideas to be carried throughout this year's meetings. A few of the program topics being discussed were a trip to Abilene to a Dinner Theatre, a Style Show, a Christmas Party and an Installation Banquet. The club meets every second Monday of every month.

Money making projects were discussed but a final decision was not made. A Smorgasbord was a favorite of the group but was not settled.

A contest was held among the old members of FHA. Each old member tried to bring as many new members as she could. Cindy Thomas was the winner of the prize, which was a \$5.00 gift certificate at Johnson's Pharmacy.

The members worked on a word scramble game at the end of the meeting. Refreshments of cold watermelon was served outside.

The 1976-77 officers for the Haskell Chapter are: President Floradean Hawkins; V. President Debbie Stubblefield; 2v. President Jackie Mayfield; 3 V. President Gayle Holder; Treasurer Cindy Thomas; Secretary-Reporter Kim Drinnon; Parliamentarian Robin Wheatley; Pianist Tamara Sorrells.

Public Notices

CARD OF THANKS
Once again, we want to thank our many friends for your cards, letters and flowers in the loss of our loved one, wife and mother, Frankie Banks. Thank you Shermans and Darnells for coming. May the Lord bless you, Rufus Banks and S. L. Vann, Midland, Texas. 39p

CARD OF THANKS
Alice Acosta daughter of Mr. and Mrs. Ray Acosta was crowned queen in the Jamaica. Therefore the Rodriguez and Acosta families would like to express their sincere appreciation to all people who supported the candidates in the Queen Contest and in the Jamaica. We would especially like to thank Elda Garcia and her family for doing a good job in the Queen Contest. 39p

CARD OF THANKS
We would like to express our sincere thanks for the prayers, cards, flowers, food and kind words to us during the loss of our loved one. These were such helpful ways to express sympathy. We shall remember each of you in our hearts and in our prayers. The Charlie Childress family. 39p

CARD OF THANKS
Words are inadequate to express the deep appreciation that Jane and I feel for your many acts of kindness during the past several weeks since I have been hospitalized from a heart attack.

So many of you have remembered us in your prayers, and with meaningful messages, cards, flowers, candy, telephone calls, visits, books, and other expressions of thoughtfulness and concern.

These days have truly been a time of becoming more aware of the true meaning of friendship, family devotion and faith. We have also been impressed with the efficiency and effective ministering of the Medical Profession and its facilities, and we feel fortunate to have had this care.

Please continue to remember us in your prayers as we recuperate and return to our "normal way of life." Gratefully yours, Ferrell and Jane Coston. 39c

VA News

The Veterans Administration is launching a renewed effort to advise World War II veterans of the high, and increasing cost of holding GI term life insurance instead of converting it to one of the so-called "permanent" plans.

In announcing a new National Service Life Insurance information booklet, VA Administrator Richard L. Roubush said, "I am greatly concerned that large numbers of World War II veterans have not yet heeded our warnings about the heavy premium increases they must pay unless they convert their policies."

For example, Roubush pointed out that a World War II "V" policyholder pays \$12.70 a month at age 50 for a \$10,000 NSLI term insurance policy. At age 60 that monthly premium jumps to \$26 a month and at age 65 it has increased to \$39.70 monthly. At age 70 it would jump to a whopping \$61.80 per month.

A veteran who lived to age 90 would be paying \$554 a month for his \$10,000 term policy.

Roubush explained that GI term insurance policies were designed to be used only for a few years, affording veterans a maximum of protection at a minimum cost during the readjustment period after separation from service and while raising a family.

By converting his term insurance to one of the VA's permanent plans, Roubush pointed out, the veteran pays premiums which, while slightly higher initially, do not increase as the years go by. Roubush cited the Modified Life-70 plan as an example. It is available to veterans having policies with numbers prefixed by the letters V, H, W, RH, J, JR or JS.

AVISO PUBLICO

RESUMEN DE LAS ENMIENDAS PROPUESTAS A LA CONSTITUCION ELECCION GENERAL DEL 2 DE NOVIEMBRE DE 1976

NUMERO UNO EN LA BOLETA (S.J.R. 49)
Revocando Secciones 49-d and 49-d-1 del Artículo III de la Constitución de Tejas, S.J.R. 49 enmienda Sección 49-c del Artículo III de la Constitución de Tejas para disponer y autorizar \$400 millones adicionales de bonos para el desarrollo de agua en Tejas que se puede emitir a la aprobación de dos terceras partes de los miembros de cada cámara de la Legislatura para tales fines de desarrollo del agua que la Legislatura pueda prescribir.

La enmienda contiene prohibición específica contra el uso de fondos del estado para el desarrollo de recursos acuáticos del Rio Mississippi y también requiere que antes de que pueda encargarse de cualquier proyecto particular para el desarrollo de agua que requiere un gasto de mas de \$35 millones de producto de los bonos, debe de ser aprobado por resolución de la Legislatura.

La enmienda remueve el requerimiento constitucional que ciertas rentas deben de ser usadas para retirar bonos para el desarrollo de agua y el encaucamiento de la calidad de agua y remueve el limite constitucional de la tasa de interés en tales bonos.

La fraseología de la enmienda propuesta tal como aparecerá en la boleta es lo siguiente:

"La enmienda constitucional autorizando un incremento de \$400 millones de la cantidad de Bonos del Desarrollo de Agua en Tejas que podrán emitirse al ser aprobada por dos terceras partes de la legislatura; emendando y consolidando disposiciones de Secciones 49-c, 49-d, y 49-d-1 del Artículo III de la Constitución de Tejas; y revocando Secciones 49-d y 49-d-1 del Artículo III de la Constitución de Tejas."

NUMERO DOS EN LA BOLETA (H.J.R. 99)
H.J.R. 99 propone una enmienda a la Constitución de Tejas para aumentar de \$100 millones hasta \$200 millones la cantidad principal agregada de bonos para el desarrollo de agua en Tejas que se puede emitir y que están en circulación por el Texas Water Development Board para proveer donaciones y préstamos para la mejoría de la calidad de agua como establecido por la Legislatura.

La fraseología de la enmienda propuesta como aparecerá en la boleta es lo siguiente: "Una enmienda constitucional para incrementar desde \$100 millones hasta \$200 millones la cantidad de Bonos de Desarrollo de Agua en Tejas que podrán ser emitidos con el propósito de mejorar la calidad del agua."

Cattlemen's Round-Up Sept. 27

To date three registered Brangus have been donated to the West Texas Rehabilitation Center.

An 18 month old Brangus heifer has been donated by W. C. Holt of Lawn, Texas. Other Brangus donated include a heifer from the renowned herd of Justin Pueschel of Haskell and a six year old registered Brangus bull donated by Hudson Smart of Abilene. The bull is the son of Cajan Paul's Pride, a much respected blood line.

These animals will be sold at the Cattlemen's Round-Up for Crippled Children sale at the Ranchers and Farmers Livestock Auction, Abilene, at 1:00 p.m., Monday, Sept. 27.

Anyone in the Haskell area wishing to contribute livestock to this great cause are asked to contact James Powell at 864-3427 or Ted Elliott at 864-3027 or 864-3536 and they will take care of it. Anyone wishing to bring livestock in can bring them to the Haskell Livestock Auction anytime Saturday morning and Mr. Powell and Mr. Elliott will see that they get to the auction in Abilene in your name.

Help this cause by supporting the annual Cattlemen's Round-Up For Cripple Children.

TMA Honors Sen. Farabee

Sen. Ray Farabee of Wichita Falls (Dist. 30) has been honored by the Texas Medical Association (TMA) "for his dedicated and unselfish service to the citizens of Texas."

Farabee was the Senate sponsor of S.B. 635, the Patients' Insurance Compensation Act. The TMA proposed this bill as a long range solution to the malpractice insurance crisis. The association's president said Texas would have made great progress toward resolving the current crisis if the bill had passed.

TMA President L. S. Thompson, Jr., M.D. made the plaque presentation in Austin Saturday (Sept. 17) at a special TMA conference.

Increasing numbers of automobiles, trucks and motorcycles in conjunction with more and more noisy labor saving power tools and appliances have combined to make noise pollution one of the most significant health hazards in the second half of the 20th Century, officials of the Beltone Crusade for Hearing Conservation observe.

The Veterans Administration has guaranteed more than nine million home loans since World War II.

Museum And Hall Of Fame Is Started

The State Firemen's and Fire Marshals' Association of Texas has purchased the Sports World building in Grand Prairie, according to an announcement made by association president Bob O'Burke of Duncanville.

The 24,000 sq. ft. structure, located in the heart of the metroplex entertainment area, was purchased from Gulf Western, parent organization of Paramount Pictures.

Assisting the firemen's association in negotiating the purchase was Grand Prairie City Manager, Cliff Johnson and Dallas County Commissioner, Roy Orr.

The property is in the area of Six Flags, Texas Stadium, Arlington Stadium, the Wax Museum, Lion Country Safari, and Hawaii Kai. Money to pay for the building will be raised by the 700 member fire departments of the statewide organization, through donations from insurance companies, oil companies, industry, etc.

Spokesmen for the association said the building will be used for a museum of antique fire-fighting apparatus and will probably include a Firemen's Hall of Fame. Officials plan to have the building remodeled and open by January.

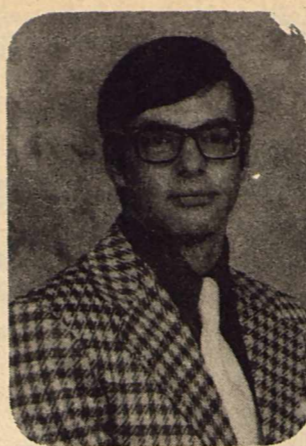

"We have been looking for a building to house a museum for over five years", O'Burke said, and added, "This building is ideal for our purpose and we feel it was a tremendous purchase."

The association will seek assistance from the Texas Historical Committee in formulating plans for the museum.

The members of the Executive Board of the State Firemen's and Fire Marshals' Association of Texas are indeed grateful to City Manager Johnson and Commissioner Orr for their assistance in helping us negotiate a settlement with Paramount Pictures", O'Burke concluded. Other members of the Executive Board are: 1st Vice President, Ed Smith of Chanlevue; 2nd Vice President, Bill Barrett of Spur; 3rd Vice President, Tinker Taylor of McKinney; 4th Vice President, Jack King of Huntsville; Secretary, John Bement of Dallas County; Assistant Secretary, Ben Norman of Killen, Chaplin Haskin V. Little of Houston; Past President Odis Chappell of Deer Park; and Executive Manager Elsworth Greer of Austin.

Once completed, the museum and hall of fame is expected to become a major tourist attraction for the area.

About 750 men who served during the Spanish-American War are America's oldest living veterans.

ROY DON KLOSE, son of Mr. and Mrs. Elton G. Klose, has been selected to appear for the second year in Who's Who Among American High School Students. Along with being Highest Ranking Boy at Haskell High School, he was President of the National Honor Society, attended Texas Boy's State and lettered in basketball and track. He is presently attending Rice University and majoring in engineering.

Taiwan Meat Imports Possible

AUSTIN—The Independent Cattlemen's Association has called on the U. S. Department of Agriculture to show that American meat producers already crippled by foreign meat imports won't be further hurt by USDA's proposal to let the Republic of China, Taiwan, ship meat into the United States.

ICA President T.A. Cunningham of Goliad said that any imports permitted from Taiwan should be restricted within overall limits set by the existing Meat Importation Act.

"If Taiwan simply got a chunk of existing import trade, then we wouldn't be hurt any worse than we are already," Cunningham said. "But if these are new and additional imports, then for every pound an American stockman suffers."

The USDA has said its proposal to let Taiwan export meat to the U.S. is based on findings that Taiwan meat processing standards are at least equal to the U. S. meat inspection program.

"Assuming this is correct, it

represents some protection American consumers don't now have with the millions of pounds of imported meat coming here," Cunningham said, referring to ICA's efforts to pass federal legislation requiring better inspection of foreign packing plants which ship meat to the United States.

Cunningham said also that ICA would like to see the Agriculture Department "show us that this is truly a proposal of the USDA instead of another example of the State Department using agriculture as a pawn in foreign policy."

Luther League Meet For Fellowship

Trinity Luther Leaguers met for fellowship and their meeting turned out to be a soul-searching experience. It was discovered and discussed that no one person has all the answers and that together the answers can be found. As each took their stand along a line, ideas and priorities were established.

Mini-sermons were given by each member. These sermons began with an everyday object and established their relationship to our relationship with God. This was similar teaching as Jesus used when he taught in parables.

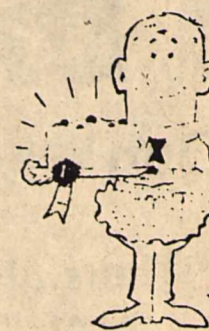

A deep appreciation to our community was expressed for supporting us by purchasing our German Heritage Cook Books.

Games and hot dogs ended a very fruitful event.

With the return of the school year parents of school-aged children should see to it that their youngsters have their hearing ability tested, officials of the Beltone Crusade for Hearing Conservation advise. All too often a child who appears inattentive, pre-occupied, disobedient, withdrawn and even stupid is suffering from an undetected hearing loss, they add.

HASKELL

Science has known for years that nutrition has a great influence on an individual's health. For the past two years, the Texas Department of Health Resources has operated a special project, funded by the U.S. Department of Agriculture, that does more than just encourage people to buy more nutritious foods—foods they sometimes can't afford to buy.

The program is called the Supplemental Feeding Program for Women, Infants, and Children, or simply "WIC."

The WIC Program serves a limited clientele. Eligible recipients may include pregnant or lactating women, infants under one year old, and children up to five years of age. Anyone within these categories who applies for WIC services receives a thorough medical examination to determine whether the individual is "at nutritional risk".

According to Judy Stevens, a Texas Department of Health Resources nutritionist for the WIC Program, "nutritional risk" doesn't necessarily mean simply the lack of adequate food. She explains that many people eat enough to keep from being hungry, but because of poor selection of foods the individual remains malnourished. Typical nutritional problems that may result are anemia and various

vitamin deficiencies.

Those who are eligible for the WIC Program and who are found to suffer from nutritional problems are given not just advice and counselling, but five specific food items. The foods can be picked up at cooperating retail grocery stores, or, in some areas, they can be delivered directly to the recipient's home; in either case, the recipient pays nothing for these specific foods.

Stevens says, "The food items have been selected according to the nutrients available in these foods which will improve the health of the participants through better nutritional status."

The Texas WIC Program has an authorized caseload of 75,000 recipients, although some data suggest that many more Texans could benefit from the program. Services are provided through 29 local projects serving recipients in 62 counties.

The program is administered by the Division of Maternal and Child Health Services, Texas Department of Health Resources.

According to Stevens, the 29 local projects cover approximately 55 percent of the state's population. "This indicates to us that we are meeting the needs of more than the majority of our population," she says. "As

we are able, we expand into other areas of the state to improve our delivery of nutrition services."

The WIC Program staff recognizes that the food supplements are only the first step in correcting the recipient's total nutrition. Stevens says, "Providing food is a short-term solution. The long-term solution really is education, and we now have the responsibility to provide nutritional education to our participants."

The educational effort will begin this Fall in each of the 29 local projects. Stevens explains that a variety of educational activities are included. Audiovisual materials, such as 16 mm films, 35 mm slides, and filmstrips will be used both for group instruction and for individual counselling.

"The local projects are being encouraged to hire nutritionists for supervision and monitoring of the education program so that we can be more confident of the quality of the education," Stevens says. The objectives of the program are "for increased knowledge of nutrition on the part of the participant, a change in attitude about nutrition and health, and finally a change in behavior as indicated by dietary changes." Instruction will be given in both English and Spanish where appropriate, she says.

Preliminary evaluations of the WIC Program have been promising. Apparently, the food supplement program is having a substantial impact on the dietary habits, and thus on the health, of participants. When this is coupled with the educational program now being introduced, even greater benefits are anticipated.

Hard Water Film From Dishwasher

Spotting or cloudy appearance of dishwasher-washed glassware often is caused by a combination of hardwater and too little detergent that may leave hard water minerals to dry on the surface, Mrs. Barbara Elliott County Extension Agent, says.

She said that the film can be removed by several methods.

—Soak the glassware approximately 15 minutes in undiluted white vinegar.

—Wash glass in a basin of water using a generous amount of an automatic dishwasher detergent—and rubber gloves to protect your hands.

—Use a commercially designed product according to instructions.

—A vinegar rinse in the dishwasher is another method. Run a load of glassware through its normal cycle using detergent. Remove metal items from the dishwasher. Start dishwasher again, but do not use detergent. When the dishwasher comes to the main wash portion of its cycle, open dishwasher and pour one quart of white vinegar into the bottom of the dishwasher. Close the door and let it complete its cycle.

Also, the film will gradually disappear when detergent is increased to compensate for hard water minerals. Using twice the recommended amount of dishwasher detergent for the initial film-removing wash should strip the film readily.

It may be necessary to use more detergent than the dispensing cups will hold. Add more detergent by opening the dishwasher at the time of the main wash and placing a tablespoon on the door or in the bottom of the machine.

But the best cure may be to soften the water supply mechanically in the home so hard water is not used in the dishwasher.

A rinse agent available in both solid or liquid form can prevent spotting. The rinse agents reduce surface tension of water, causing the water to sheet off items in the dishwasher, reducing possibility of droplets forming to cause water spotting.

Liquid rinse additives are for dishwashers with automatic dispensing equipment. Also, solid form for use in dishwashers without the dispenser are available. This is usually attached to the top rack.

Baldree, Kittley Are Wed

MRS. JAMES RAY KITTLEY
...nee Melissa Susan Baldree

Melissa Susan Baldree and James Ray Kittley were married Saturday in the Faith Lutheran Church in Sagerton with the Rev. Gary Kleypas officiating.

The parents of the bride are Mr. and Mrs. Oren Baldree of Old Glory. The bridegroom's parents are Mr. and Mrs. Pete Kittley of Rule.

The bride was given in marriage by her father.

Marcene Baldree, sister of the bride, was maid of honor. Mrs. Rita Surratt of Clyde, sister of the bride, was matron of honor. Bridesmaids were Miss Beverly Neumann of Texas Tech and Mrs. Patty Kittley of Silver City, New Mexico.

Flower girls were Nikki Surratt of Clyde, niece of the bride and Tre'ann Kittley of Silver City, New Mexico, niece of the groom.

Ringbearer was Chris Baldree of Abilene, nephew of the bride.

The best man was Max Saunderman of Floydada. The groomsmen were Don Hisey, Monte Martin, and Gary Miller all of Rule.

Soloist was Wes Kittley of Rule and organist was Mrs. Verlene Stegemoeller of O'Brien.

Ushers were Mike Baldree of Abilene, brother of the bride and Dave Kittley from Silver City, New Mexico, brother of the groom.

Candlelighters were Vernon Surratt Jr. of Clyde and Rob Kittley of Rule. Mrs. Mike Baldree of Abilene registered guests.

Reception was hosted by the bride's parents in the Church Fellowship Hall. Mrs. Lewis Corzine, Mrs. Betty Weise, Mrs. Gladys Vahlenkamp, Mrs. Geneva Vahlenkamp and Mrs. Eugene Vahlenkamp, all aunts of the bride, served in the houseparty.

The bride is a graduate of Old Glory High School and Hendricks Vocational School of Nursing in Abilene.

The groom is a graduate of Rule High School and has a degree in Industrial Technology from West Texas State University.

After a wedding trip to Louisiana the couple will make their home in Rule where the bridegroom is engaged in farming.

The rehearsal dinner was hosted by the groom's parents at Casey's Kountry Kitchen in Rule.

THDA Will Celebrate 50th Anniversary

About 1,000 Texas homemakers will celebrate the 50th anniversary of the Texas Home Demonstration Association (THDA) with an annual statewide meeting here Sept. 21-23 on the Texas A&M University campus. Home Demonstration Club members that will be attending from Haskell County are: Mrs. J. P. Perrin, Haskell Co. THDA Chairman; Mrs. Gus Rueffer, Mrs. Paul Fischer, and Mrs. Lorene Huggins, Delegates; and Mrs. Virgil Wall and Barbara Elliott, visitors.

Designating the week of Sept. 20 "Texas Home Demonstration Association Week," Texas Gov. Dolph Briscoe noted that the association was created "to serve as

a cooperative and coordinating organization for the statewide activities of home demonstration clubs.

Membership of the organization is comprised of women who belong to home demonstration clubs throughout Texas. Over 24,000 women currently belong to home demonstration clubs in Texas.

Recounting THDA's 50 years in Texas, Dr. Daniel C. Pfannstiel, director of the Texas Agricultural Extension Service, The Texas A&M University, noted that Texas women had begun to form home demonstration clubs in the early 1920's.

A group of women who were attending the 1926 Farmer's Short Course at Texas A&M College formally organized THDA, he said.

"The women wanted to help a deserving 4-H Club girl by providing financial assistance for her college education."

"Home demonstration clubs of the state contributed 50 cents each and established a scholarship that was awarded to Golden Evans of Maple Springs, Texas," Pfannstiel added.

Today the association awards six scholarships annually to outstanding 4-H club members.

"THDA has provided effective leadership for family-centered programs and support for 4-H and youth development activities in Texas for 50 years," Pfannstiel said.

Extension Service personnel serve as advisors to the Texas Home Demonstration Association at the county, district and state level.

Commenting on THDA work across the state, Mrs. Clinton Wright of Breckenridge, Texas, current THDA president, said the association promotes educational activities for its members to help strengthen the quality of home and family life.

"The association continues to support 4-H Club work as an investment in the future," Mrs. Wright said.

A two-hour historical review of the organization will highlight the three-day statewide meeting, which will also include general sessions, workshops, district meetings, installation of new officers and an annual banquet.

Officers Installed

The Fidelis Sunday School Class of the First Baptist Church met on Monday night, Sept. 20, 1976 at 7 p.m. in the Educational Building for their Social and Installation of officers for the ensuing year.

Ora Childress the Outreach leader introduced Mrs. Bobbie Bragg who was to be the Installing Officer.

Mrs. Mamie Wheatley offered a prayer before the evening meal. A salad supper was served.

The tables were made lovely, with vases of small yellow flowers. Large pots of yellow mums were used throughout the room for other decorations. Ozelle Frierson made programs for each member, with each officers name and place of service, hand printed on each program.

Mrs. Bragg used as her installing theme, "Like a Tree Planted by the Waters", Psalms, 1-3. She admonished each officer to stand tall, be steadfast, and bear fruit for the Lord as they fill their places of duty to the class, and to their church next year.

Those installed were: Opal Nanny, assistant teacher. Mrs. Nanny also stood for Maybelle Taylor, the teacher, who was absent and out of town. Outreach leader, Mamie Wheatley; Assistant Outreach leader, Opal Nanny; Treasurer Veta Furrh; Asst. Treas. Cora Pierson; Secretary Ozelle Frierson; Asst. Secretary Mae Bledsoe; food chairman, Juanita Rhea; asst. food chairman, Ruby Matthews; Social Chairman Ora Childress; assistants, Cora Pierson, Edna Mae Lyles, and Ruby Matthews.

Group Capt. #1 Faye Hallmark; Asst. Capt. Audie Livingood; Group Captain #2 Callie Robison; asst. Capt. Kathryn Schwartz; reporter Delia Ashley.

After the installation Mrs. Bragg dismissed with prayer. Then each member drew a name for their Sunday School pal. Nineteen members and one guest attended.

Try the new "Sharpie" pen. Permanent on most surfaces. Ideal for labeling frozen food packages. In 8 Colors. Only 49c. Haskell Free Press.

Kim Campbell In State 4-H Dress Revue

KIM CAMPBELL

Kim Campbell, daughter of Mr. and Mrs. Deward Campbell of Haskell was a contestant in the State 4-H Dress Revue held in San Antonio on Sept. 17th and 18th in the Mansion Hotel.

Kim was one of the twelve finalists among the 49 4-H members who were each representing the 14 Extension Districts in the State of Texas.

Each of the girls were judged on their overall appearance, sewing construction, and 4-H record. The participants served as judges for the revue along with three adult judges.

Kim is an active 4-H member who has represented the County and District in the State Dress Revue twice, the State Food Show and the State Method Demonstration Contest. She is a Junior at Haskell High School where she is an A student, a member of the Basketball team and is the Drum Major for the Indian Band. She is also an active member of the First Baptist Church in Haskell.

education, literature, science and the arts.

During the business session new yearbooks were presented by Mrs. C. W. Drinnon, Program Chairman. The theme for the year, "Putting Dreams Into Actions", is of particular interest as the club begins restoration of the oldest home in Haskell, the Labriere House. Other programs were previewed.

Mrs. Wayne Lehrer, Finance Chairman, discussed the cookbook project. Members are contributing favorite recipes in several categories, with the book to be ready for purchasing by Thanksgiving.

Heirloom china and silver appointments were used to serve refreshments by the Social Committee. Alternately serving at the table were Mrs. Viars Felker, Mrs. T. W. Williams, Mrs. Buck Everett, and Mrs. Virgil Cobb, chairman.

Guests for the evening included Mrs. V. Marie Smith of Anson, Mrs. Elbon Naylor and Mrs. John Jones of Clarendon, Mrs. D. C. McCoy of Albany, Mrs. Jerry Sorrells, Mrs. Aubrey Carroll, Mrs. Durwood Miller, Mrs. C. O. Holt, Mrs. H. K. Thornton, Mrs. Bill Cullins, Mrs. Sandy Horton, Mrs. Charlyn Hudson, Mrs. Jill Druessedow, Mrs. Dudley Bragg, and Mrs. Harvey Friedel.

Study Club Holds First Meeting

Progressive Study Club met Thursday night, September 16 in the Haskell National Bank Community Building to begin the 1976-77 club year.

Enthusiasm and determination were expressed by the president, Mrs. Elbert Johnson, and the members, as they anticipated projects and programs planned for the months ahead.

Mrs. Bob Herren introduced the guest speaker, Mrs. Charles Boyd, who is president of the Mesquite District of Texas Federation of Women's Clubs. Using a timely theme, Mrs. Boyd placed the name of General Federation of Women's Clubs in nomination for "The Betterment of Mankind".

Highlighting the history of the organization which began in 1890, she stated there are 621,000 dues paying members in over 13,000 clubs in the United States, plus clubs in 36 foreign countries.

She stressed that power of speech and power at the polls have been effective in bringing about legislation affecting such issues as child labor and the environment, and such monumental tasks as saving the Big Thicket in Texas.

She urged each individual to use her skills and talents to both serve her family and improve her community. Her closing remarks enjoined the club to dream, join hands and achieve in the realm of

Haskell HYH Holds Meeting

The HYH held their monthly meeting Monday evening Sept. 20 at the Homemaking Cottage with an attendance of about 50 members and guests.

The meeting was called to order by President Debbie Earles and then all members read the creed. Marijane Cunningham gave the inspirational.

The president introduced Linda Sicore owner of the City Floral who presented the program. She talked about plants and how to care for them. Plants are very similar to babies and need a lot of tender loving care. Most plants enjoy a bath in mild livery water and love to take showers.

At the conclusion of the program a short business meeting was conducted. The HYH decided to donate \$250.00 to the Haskell Elementary School System for playground equipment. Secret pals were discussed. The members also discussed the area convention that will be held Sept. 25 at Tarleton University in Stephenville. The voting delegates are Marijane Cunningham and Cecilia Davis. All members

are urged to attend the convention.

Plans will be made next month to host the Haskell TSTA Association to be held in February.

At the conclusion of the business meeting a drawing was held for a door prize. Wanda Hester won two hand painted plaques donated by Paula Everett.

The meeting was then adjourned and refreshments were served by Debbie Earles, Laura Alsbrook, Paula Everett, Diana Owens, Cecilia Davis, and Marijane Cunningham to all members and their guests.

The table was laid with a green and yellow calico print tablecloth centered with a chocolate cake decorated in yellow. Lime sherbert punch served in yellow and green cups.

The next club meeting will be held Oct. 18 at 7:30 in the Homemaking Cottage. A warm welcome is extended to everyone to attend our monthly meetings.

FOR "BACK TO Schoolers", Dictionaries, notebooks, high intensity lamps, digital clocks, pens, pencils and much more. Come in and let us help you. Haskell Free Press.

CIRCLE 7 GRAIN

A WINNING TEAM fighting to conquer CF for children like National Poster Child Rodney Brown. is made up of (from left) CF National Sports Chairman and Orioles ace pitcher Jim Palmer; the Association of Tennis Professional's Charles Pasarell; Pittsburg Steelers' star Franco Harris and Tom Van Arsdale of the Atlanta Hawks.

Mental Retardation

Editor—This is one of a series of articles about Mental Retardation prepared by Mrs. Eugene Cochran and the Public Education Committee of the Texas Association for Retarded Citizens.

How To Provide For Their Future

Every parent of a retarded child is confronted daily by the questions, "What will happen to our child when we are not here? Who will give the financial support, care, guidance and love he requires?" These questions and solutions loom larger with the passing years—how to provide for the future of a child who will not be able to provide for himself after his parents are gone.

Is it possible to provide for your child's future? Yes, indeed it is possible. You can assure the child's lifetime protection, comfort and happiness.

There is no easy or complete answer to this question but a working protection plan can be developed that will make the best use of available funds and government benefits—and go far towards providing the future you would like to assure your child. Careful planning, with close attention to the particular needs of the particular child, is essential. With it, you will avoid unnecessary waste and grief and make certain that both your retarded child and his "normal" brothers and sisters receive maximum benefit.

What Size Estate? The idea that an estate must be a large one to warrant detailed planning is a falsehood, especially in situations involving a retarded child. Wills, trusts and guardianship plans should be considered, together with insurance programs and governmental benefits, even when the financial picture is a limited one.

Life insurance and health and hospitalization insurance are uppermost in parent's minds, judging from the many inquiries received by the Texas and National Associations for Retarded Citizens. The factors that affect the ability to obtain such insurance as well as the future disposition of insurance benefits are not widely realized or known. These benefits may determine whether the protection program you set up for your retarded child accomplishes its purpose.

With this introduction, the next segments of the Mental Retardation Column will be addressed to "Diagnostic Evaluation—the base for planning, Legal Guardianship the advantages of guardianship-guardianship responsibilities vary-collective guardianship, Sould Retarded Persons Own Property; Why A Will-if there

is no will, Professional Council needed-review your will periodically; The Advantages of A Trust-what is a trust-varied trust arrangement-choosing the trustee-life insurance in trust; Life Insurance Is Essential-planning an insurance program; One Protection Plan; Insure Your Retarded Child; Health and Hospitalization Insurance-family and employer group plans; Governmental Benefits-general rationale-planning ahead-the inter-relationship of Government Benefits and Private Income Assets; Eligibility for Generic Benefits; Definition of Disability-Ability to work-disability determination and review; Social Security Benefits for Retarded Adults-disabled workers benefits-adult disabled child benefits under Social Security; Medicare; Supplemental Security Income; Payments of SSI and Social Security Benefits Medicaid and Medicare-representative payees; Benefits for Survivors of Veterans; Combining Benefits; Social Services; Summarize-Where to go for more information-References of informational bulletins and technical references.

The many important changes in the government benefits which are available for the financial support of retarded persons and the development of new and varied programs and services in the community has enabled more and more retarded persons to live in the parent's homes or elsewhere in the community. Changes in the current and present information on guardianship and estates, life and health insurance, and government benefits are happening daily. We will strive to present the most current changes for your information and benefit. One seldom knows when such information could benefit a citizen of your community-be it family or interested citizen.

NEXT WEEK: Diagnostic Evaluation-The Base for Planning.

VA News

Additional inscriptions such as "Husband", "Wife", "Mother", "Father", and "Son," are permissible on U. S. Government headstones and markers according to C. H. Herren, Service Officer for Haskell County.

The Veterans Administration will furnish a headstone or marker for the unmarked grave of a veteran who was

separated from active duty under conditions other than dishonorable or for the grave of a person who died on active duty.

The approved inscription for these Government furnished headstones and markers is the veteran's name, branch of service, year of birth and year of death. In addition, the Veterans Administration will provide the inscription of optional items on the marker, if so desired. These include grade, rate of rank, wartime service, day and month in dates of birth and death, and a religious emblem.

The VA has no objection to the addition of an inscription after delivery. However, this additional inscription must be done at private expense. Also, the additional inscription must be within the bounds of good taste and the work accomplished in such a manner as not to mar the appearance of the monument. However, should damage occur as result of this additional inscription the Government will not assume liability for replacing the monument.

Requests to inscribe additional words or phrases on a headstone or marker must be made on an individual basis to the VA National Cemetery System or survivors of veterans may contact their local Veterans Service Officer for assistance.

Accident Report

The Texas Highway Patrol investigated five accidents on rural highways in Haskell County during the month of August, 1976 according to Sergeant Frank Jircik, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed and two persons injured.

The rural traffic accident summary for this county during the first eight months of 1976 shows a total of 49 accidents resulting in one person killed and 23 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for August 1976, shows a total of 556 accidents resulting in 16 persons killed and 319 injured, as compared to August 1975, with 596 accidents resulting in 16 persons killed and 292 persons injured, and 27 more injured in 1976 at the same period of time.

The 16 traffic deaths for the month of August, 1976, occurred in the following counties: three each in Parker, Hansford; two each in Donley, Motley; one each in Deaf Smith, Foard, Lubbock, Lynn, Montague, Palo Pinto.

Mrs. Helweg Named CF Co. Chairman

Mrs. Odell Helweg is County Chairman of Haskell and is leading the fight against crippling lung diseases in children. The job can't be left to dedicated parents of C F and lung-damaged children alone. Mrs. Helweg is organizing the Cystic Fibrosis "Kiss A Baby Campaign" now. Everyone can help. She will give you information on turning concern for these youngsters into active help to change the odds against them.

A little more than 20 years ago, parents whose children were diagnosed with cystic fibrosis (C/F) were sadly advised to go home and enjoy their children while they were still alive. Then, few children with C/F survived even to the first grade.

Even today no cure for this baffling and complex genetic disease has been found. Yet parents now have a great deal more hope that their children with C/F can be expected to live to be adults.

The outlook for this generation of C/F adults is brighter than ever before, for research is leading to a better understanding of this complex genetic disease and more hope for a control or cure.

But there is still a long way to go to really beat the odds against lung-damaged youngsters. There is still the cure or control for cystic fibrosis to be found. And, for the children living with C/F today, the need for a cure is right now.

Karen Burgess' New Album Released

Karen Knight Burgess, wife of Ted Burgess, former Minister of Music of the First Baptist Church here in Haskell has recently had a new gospel album released on the Crescendo label.

Ted served the First Baptist Church of Haskell for three years, and Ted and Karen have recently moved to Bakersfield, California.

Karen has an evangelistic concert ministry, and has been singing and sharing in churches throughout the United States, including Texas, Ohio, Virginia, Indiana, New Mexico and California, as well as touring Baptist churches in Germany. She is a graduate of Hardin-Simmons University in Abilene, Texas, where she received her vocal training, a degree in applied voice, and a variety of singing experiences.

The new album includes many of the songs in her concert schedule, including your favorite gospel songs, spirituals, hymns, and several newer songs by Bill Gaither, and the album's title song written by Karen herself. The record shares Karen's testimony of how the Lord is blessing in this ministry.

The record album, and also 8-track tapes, will be available to order through Mrs. Martha Toliver at Martha's Beauty Shop here in Haskell, The Personality Shop here in Haskell, or from Mrs. Louise Thornhill, or from Karen herself, at 700 Terrace Way, Bakersfield, California 93304.

The album entitled "No Sweeter Blessing"-Karen K. Burgess, sells for \$6.00 each, plus \$.50 postage and handling.

WHITE BIBLES, imitation leather, red letter, with dictionary, concordance, colored pictures, time chart of Bible history. Excellent for gifts. Haskell Free Press.

Public Notice

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas effective October 7, 1976.

It is expected that the requested rate schedule will furnish an 18 percent increase in the company's intra-state gross revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality, and is available for inspection in each of the company's public business offices in Texas.

IMPORTANT NOTICE

TO ALL PERSONS IN THE 101ST LEGISLATIVE DISTRICT

If you have not registered to vote in this District, it should be done before October 1, in order to vote in the General Election.

If you are 18 years of age and have never registered, or have changed your residence since registration, you need to see your Tax Collector-Assessor prior to October 1 to be enrolled on the list of Official Voters.

Jo Simpson was with us again Wed. morning and gave a wonderful devotional and Bro. Friedel taught the Bible Class Wed. night teaching the 42nd Psalm. These two people are so faithful to give of their time each week for us.

Mr. and Mrs. Elva Hines from Hamlin visited Mr. and Mrs. L. E. Hines.

Hazel, Betty, Jana, Gale and Phyllis Letz from Old Glory, Robert Duding from Old Glory, Terry Jason and Carmella Letz from Stamford and Mrs. Cliff LeFevre from Sagerton visited Mr. and Mrs. Herbert Klump.

Anna Johnson from O'Brien

visited Mrs. Emma Banner.

Mr. and Mrs. D. M. Abbott visited Mrs. Blanche Yancey.

Mrs. Mattie Peavey has returned from the Haskell Hospital. Welcome back Mrs. Peavey.

Mary and Delores Lipham from Abilene visited Mr. Arthur Lassetter.

Mrs. Leatha Flippo from Rule, Mrs. Elsie Bradley and Jan and Mrs. Delia Rose from Stamford visited Mrs. Charity Bradley.

A chair was presented to the Activity Dept. in memory of Mrs. Eva McMillan by Mrs. Faye Jetton, and our thanks to the following who made it possible for us to purchase the Chair Caddy so that our chairs could be properly stored when not in use: The W.M.U. of the Haskell First Baptist Church, Mrs. Jean Bell, Rule Grain Co., Desmond Allison, and Joe Harold Cloud of Rule.

HD Clubs Membership World's Largest

Home demonstration clubs have the largest membership of any other women's club in the world. Mrs. Barbara Elliott, County Extension Agent says.

What do these women have in common that interests young and old, rural and urban, and highly educated to average educational level women all over the world?

The Agent pointed out that the Homemaker Creed gives an insight. "We believe in the present and its opportunities, in the future and its promises improving, enlarging and endearing the greatest institution in the world—the Home."

Over 29,000 women belong to the Texas Home Demonstration Clubs and EHE Study Groups. They are interested in their home, their family, their community and their country, also in self-growth. Each home demonstration club meeting offers its members an opportunity to receive an educational program that is planned around the family, home, community or county

need request, she said.

Education is an important part of the organization, but there are many other opportunities offered besides education and the immeasurable social aspect. It is also hard to measure self-growth. Leadership growth and self-confidence often happen without realizing when or where it was happening.

Because of the desire to satisfy the needs and interests of all members, home demonstration clubs and family living committees in each

county sponsor many varied programs, where all women have an opportunity to enjoy and improve themselves, she said.

Home Demonstration Clubs and EHE Study Groups have open membership. Anyone interested in joining an active club or organizing a new club of eight to ten persons should contact the county Extension agent who will see that individual interests are met. Mrs. Elliott said.

Plastic food has come one step closer with the successful marketing of a new human food protein called "Torutein." This latest step away from natural protein is a derivative of petroleum grown as a yeast from a culture of ethyl alcohol. Most of the buyers will be food processors trying to enhance the flavor of simulated foods now on the market and running into consumer resistance because of taste. Another major market will be bakery products where the oily invader has the extra advantage of a nutritive complement in addition to protein (its only high amino acid, lysine, is desirable in most bakery products). If nothing else, the time and money which went into the research and marketing of an oil-derived protein should illustrate to everyone the critical importance of research to develop and enhance all food-protein sources.

Sagerton News

Our community received around three inches, more or less, over the weekend, and it was very welcome to those who would like to sow wheat soon. The milo harvest is nearly complete, and the cotton is opening and probably will be defoliated as soon as the weather permits.

Johnny Spitzer was a patient at the Hendricks Memorial Hospital in Abilene last week, where he had eye surgery. He is doing fine, we wish him a speedy recovery so that he can be ready for the cotton gin season which should begin soon. His new gin is still under construction, but they are working toward being ready when the cotton

is. Having two gins in our community will be a great asset to the cotton farmers.

Dates on our community schedule are:

Sept. 23-The Haskell County Fair starts. The L.O.C. Home Demonstration Club ladies will take part in a county-wide bake sale at Haskell on parade day. The girls in the drill teams in Rule High School and Rule Junior High will march in the parade at 6 p.m.

Sept. 25-the wedding of Norva Jane Lehrmann and Bobby Don Smith at Faith Lutheran Church.

Sept. 27-the Golden Age group will meet at the Sagerton Community Center

ALICE ACOSTA daughter of Mr. and Mrs. Ray Acosta was crowned Jamaica Queen last week in Haskell.

Brush Control Field Day At Texas Ranches

GUTHRIE, Sept. 10 (Special) Two famous Texas ranches and the Texas Agricultural Experiment Station will show the public next month some results of eight years in extensive brush control studies.

The annual Statewide Brush Control and Range Improvement Field Day is Oct. 7 this year at the Four Sixes Ranch near Guthrie in King County and at the Pitchfork Ranch 13 miles to the west in Dickens County.

The morning part of the Oct. 7 program is one of tours in air-conditioned buses that will depart the Pitchfork headquarters from 8:30 until 11:30. A Dutch-treat lunch at the Pitchfork Hay Barn will precede the afternoon program that ends at 3 o'clock.

"Those persons touring the ranches," said Harold T. Wiedemann, "can see and hear about the latest developments in the Experiment Station's eight-year program of expanded research into chemical and mechanical means of brush control. They can also inspect what the Four Sixes and the Pitchfork have done in 25 years of extensive brush control."

Wiedemann, of the Texas A&M University Agricultural Research and Extension Center between Chillicothe and Vernon, is coordinating the field day for the numerous sponsors, among them the Texas Agricultural Extension Service and the Rolling Plains Economic Program (R-PEP).

Speakers after lunch will discuss, among other topics, the Experiment Station's brush research plan for the future, the effects of broomweed on livestock, and some current accomplishments in brush control research. Other sponsors are the Texas Section of the Society for Range Management, the Texas A&M University Department of Range Science, the Brush Control and Range Improvement Association, private industry and the U. S. Soil Conservation Service.

Mr. and Mrs. Larry Cornelison of Lewisville visited with Mr. and Mrs. August Balzer over the weekend.

One of the reasons hearing loss problems have become so widespread in recent years is because so few Americans actively seek to safeguard their hearing ability, officials of the Beltone Crusade for Hearing Conservation point out. Avoid prolonged or continuous exposure to harmful noise and protect your hearing, they urge.

Season Tickets Available October 13

LUBBOCK—Season tickets will be available through Oct. 13 for the Texas Tech University Theatre's 1976-77 productions.

The agenda includes "Seascape" by Edward Albee, "The Royal Hunt of the Sun" by Peter Shaffer, "A Funny Thing Happened on the Way to the Forum" by Stephen Sondheim and "Oedipus Rex" by Sophocles.

Faculty and staff of the university and their immediate families may purchase season tickets at \$7.50. The general public price is \$8. A season ticket entitles the holder to a reserved seat for the performance of his choice for each of the four productions.

Tech students may buy tickets at \$1 each with an I.D. Tickets may be purchased at the University Theatre in person or by sending a check.

Prior to each production, specific date arrangements for season tickets may be reserved by calling the box office. Tickets will be held in the purchaser's name and later picked up at the performance.

PLASTIC SHEET PROTECTORS, 11x8½, punched 3 holes, wide reinforcing flap. Comes with black mounting sheet. Haskell Free Press

Toward Topless Matches

A new type of match will be on the market this fall. A match that snuffs itself out.

Nearly 25 billion books of paper matches are distributed free every year. Most of them are used to set ablaze the nearly 600 billion cigarettes—not counting cigars and pipes—that are smoked in this country every year.

The design of paper matches hasn't changed much since 1911, when safer chemicals replaced the poisonous white phosphorous which had been used previously. But now one company has produced a match that is coated with fire-resistant chemicals just below the tip. The match burns for 12 to 15 seconds. Then it flickers out without being blown on or shaken.

The manufacturer hopes to reduce the thousands of match-related accidents that happen every year. Almost 7,000 people die annually in fires, many of them caused by still-lit cigarettes or burning matches.

The new design is clearly a step in a safer direction. Of course, an even more inspired project would be a tobacco-resistant match. One that only lights up the candles on birthday cakes, for instance.

According to the American

Lung Association, one company did produce books of topless matches as a public service. The message printed on the inside cover said that 300,000 Americans die every year from cigarette-caused diseases, that smoking was the major cause of severe

heart and lung disease.

Your North Texas Lung Association has a great deal of information about the hazards of cigarette smoking and how to snuff out the habit altogether. Contact them. It's a Matter of Life and Breath.

DAD 'N LAD SHOP

Remember Reddy Supplies the energy—but only YOU can use it wisely!

Helpful Tips For your Dishwasher

- A dishwasher will usually hold a whole day's dishes. It takes as much hot water and energy to wash one dish as it does a full load. Stack your dishes out of sight in your dishwasher and wait until you have a full load to turn it on.
- Use only detergents manufactured specifically for dishwashers. A wetting agent helps prevent water spots on glasses and silverware.
- Clean the filter screen often. A clogged filter can reduce the efficiency of your dishwasher.

Water Heater Tips

- To assure long life and efficiency, the water heater tank should have a small amount of water drained periodically. Once a month should be adequate. The purpose of draining water from the tank is to prevent sediment build-up in the tank bottom.
- A water heater that's old, or too small for your family needs, can be wasteful, because it's working too hard and using too much energy to keep up with your hot water demands.

SWEET HOME MISSION PROGRAM

The ladies of the Sweet Home Baptist Church presented a program on State Missions at the church Sunday night, Sept. 19th. Mrs. Dick Andrews was chairman of the program. Other ladies assisting on the program were Mrs. Jack Key, Mrs. Lee Landreth, Mrs. Sonny Pittcock and Mrs. Carlton Pierce.

The Sweet Home Junior Choir presented the music for the program. The choir was led by Mr. H. L. Boles and was accompanied by Mrs. Betty Sorrells on the piano. Rev. Jack Key dismissed the program with a prayer.

After the program, pie and coffee were served in the Fellowship Hall of the church. Visitors for the Sunday morning services were Rev. and Mrs. Babbs of Sylvester, Mr. Eugene Wheeler of Brownwood and James Jones of Abilene.

PAPER SHOWER

Roy Don Smith and Norva Lehrmann were treated to a paper shower by the Young People of the First Baptist Church on Sunday night, Sept. 19th, in the Fellowship Hall of the church following the evening services. Assisting them were Bobbi Brass and Ann Wilson.

Refreshments of hot dogs, chips, pickles, onions, brownies and tea were served to the group followed by the playing of various games.

Roy Don and Norva will be married Sat. Sept. 25th in Faith Lutheran Church at Sagerton.

LOCALS

Mr. and Mrs. Bobby Anders and Andy of Abilene, visited last Friday evening with Mr. and Mrs. Norris Anders and Mr. and Mrs. Rayberne Oliver and family.

Dr. and Mrs. Joe Cannon and Amanda of Oklahoma City, Okla. visited over the weekend with Mr. and Mrs. Floyd Cannon of Old Glory and Mr. and Mrs. Carl Hertel and Steve of Rule.

Mrs. Ola Mae Norman is a patient in Hendricks Hospital in Abilene. Mrs. Norman entered the hospital last Friday morning and had surgery at 4 p.m.

Worth Green of Levelland, visited last Saturday with Mr. and Mrs. Malcolm Hertenburger and other friends in Rule.

Visiting in the home of Mr. and Mrs. Dick Andrews was his sister, Mrs. M. C. Landolt of Cross Plains.

Mrs. Bruce Kirkland and Kevin of Lamesa visited last week with Rev. and Mrs. J. R. Williams and Wynette.

Mr. and Mrs. Bill Dunnam attended a family reunion recently in Gainesville. Accompanying them was their granddaughter, Heather Young.

Mrs. Scott White and Kimberly of Lufkin, visited with Mr. and Mrs. Alton Ross and Mrs. June White last

week and picked up Mrs. Whites daughter Brandy who had been visiting with her grandparents.

Mr. and Mrs. Kenny Young of Grand Prairie, visited over the weekend with Mr. and Mrs. Bill Dunnam, and picked up daughter Heather, who had been visiting with her grandparents.

Mr. and Mrs. C. B. McQuinn of Colorado City, visited last week with Mr. and Mrs. John McQuinn.

Billy Wayne Denison has returned home after being in Hendricks Hospital last week.

Mr. John McQuinn has returned home after having tests run at Scott and White at Temple.

Mr. and Mrs. L. B. Pike have returned home after visiting with her brother, Mr. and Mrs. Jim Squires of Buffalo, Missouri for a week.

Mrs. Tom Stryker was in Saint Mary's Hospital in Lubbock for surgery last week.

Mrs. James A. Lisle, Jr. and Mrs. Jimmy Lisle of Hamlin, visited with Mr. and Mrs. Ronnie Atkins of Garland over the weekend.

Mrs. Ima Lee Smith and her grandson, Joey celebrated their birthdays together last Sunday, Sept. 19th, which was Joey's birthday with his grandmothers being the following Monday, Sept. 20th.

Helping them to celebrate was Mr. and Mrs. Robert R. Smith of Midland, Mr. and Mrs. Butch Malaise of Odessa and Mr. and Mrs. Tutor Parker and Myra of Big Springs.

Mr. and Mrs. A. D. May accompanied Mrs. Easther May of Knox City to Wichita Falls this week where she entered Wichita General for tests.

Lorraine Vernon and Pearl Burleson have returned home from Carlsbad, N.M. where they visited with Lorraine's niece, Mrs. Jerry Snodgrass.

Mr. and Mrs. J. R. Barbee visited Densil Barbee last Sunday where he is a patient in the Veterans Hospital in Dallas.

Rev. and Mrs. Jack Key visited Mrs. C. B. Tribbey in the Leisure Lodge Rest Home at Haskell last Sunday.

Mrs. Bert Cornelius of Velma, Okla. and Mrs. Jimmy Ballard and Michella of Hobbs, N.M. were Sunday guests in the home of Mr. and Mrs. J. N. Cornelius and Tommy last Sunday.

Visiting over the weekend with Mr. and Mrs. Arlis Brothers and girls was his brother, Mr. and Mrs. Odell Brothers of Lubbock.

BOOSTER CLUB NEWS
Nineteen members of the Rule Booster Club met Monday night, Sept. 12 at 7:30 p.m. in the Rule School Cafeteria.

Discussion was held on several fund raising projects. Several of these were tabled until the next meeting, giving some of the members time to find out more information on some of the items involved. The meeting was turned over

to Coach Wilson.

Film of the Knox City game was shown and discussed.

Wilson then introduced freshmen boys playing this year and they were: Hector Pueblo, Rock Petty, Rodney Threet and James Cloud. Boys coming out for the first time were introduced and they were: Robert and Ramiero Baiza, Mem Hall and Tommy Sorrells. Offensive players for the Knox City game were Paul Flores and Terry Lee and the headhunter was Ronnie Oliver.

Following the meeting refreshments were served to the group. Hostesses were Verna Mae Barbee and Paula Oliver.

HOMECOMING

Homecoming of ex-students, faculty members, patrons and families of Rule

Independent School will be held Sat. Oct. 30, 1976. Registration will be held at 9 a.m. in the high school building with general assembly at 10:30 a.m. in the auditorium. Lunch will be catered at noon by the members of the Rule Junior Class and the Rule Senior Class will cater the supper meal.

The Rule Bobcats will play the Goree Wildcats at 6 p.m. in Bobcat Stadium.

President of the 1976 Homecoming Committee is Joe B. Cloud. Other activities are being planned but are incomplete at this time.

If you are having a class reunion or assisting with other activities and wish to have publicity on this activity, please contact this reporter for the listing of your activity.

VISIT TO CARE HOME

The ladies of the United Methodist Women of the First United Church visited in the Rice Springs Care Home, Tuesday, Sept. 14th, and brought a devotional and led the group in singing.

Mrs. Allen Forbis presented a musical interlude, followed by Mrs. Lelia Rose who entertained the group on the harmonica. Mrs. Oleta Cornelius sang a solo and Mrs. Hazel Lewis presented a devotional, followed by group singing. Leading the group in prayer was Mrs. Ella Franklin.

KITTENS VS KITTENS

The Rule Kittens hosted the Goree Wildcat Kittens Tuesday night, Sept. 14th, in Bobcat Stadium.

Goree received the opening kickoff but, was forced to turn the ball over to Rule on downs and the ball was passed back and forth on downs for the first quarter. In the second quarter Rule received the ball on downs and moved the ball to the five yard line of Goree but, the Goree Kittens held and took the ball back on downs, only to fumble on the three, with the Rule Kittens recovering. Leon Greeson carried around the left side to score with 3:24 left in the second quarter. David Lisle took the ball and carried it over for the extra two points to make the score Rule 8-Goree 0 which stayed at that for the half.

The third quarter was a see-saw battle with the ball again being exchanged on downs. In the fourth quarter with 5:15 on the clock, David Lisle carried over the middle to score. The point after attempt, an around end play by Victor Ortiz was foiled by the Goree Kittens to leave the score at Rule 14-Goree 0 at the end of the game.

The three running backs for Rule, David Lisle, Leon Greeson and Cary Hannsz, did a good job of running. Cary Hannsz played a good defensive game, breaking up

several pass attempts from his defensive halfback spot. Dennis Cloud also did a good job as he picked off a Goree pass for an interception.

Rule was able to make some good drives on some good offensive line blocking by Wes Jones, Fred Benavides and Rod Petty. Victor Ortiz, Mike White and Terry Threet did a good job on defense.

After hosting Roby the 21st, the Bobcat Kittens will journey to Rochester Tuesday, Sept. 28th for their game at 7 p.m.

MOGULS CLIP CATS

The Munday Moguls, starring Robert Spells with co-stars Haynie, Kuehler and Esquivel proved too much for the Rule Bobcats last Friday night, the 17th, when they defeated the Bobcats 33-7 in Bobcat Stadium. In a game with lots of penalties for Munday (130 yards) and missed passes for Rule and at other times confusion on the officials calls, few spectators left the game before the final seconds even with the top sided score. The scrappy Bobcats never gave up and tried to make a comeback until the final whistle was blown.

Rule took the opening kickoff and was forced to turn the ball over to Munday on downs. When Munday relinquished the ball to Rule on downs, a pass from Tumlinson to Lee put the ball on Munday's 45. Tumlinson then carried to the 29 of Munday.

On the next play, Rule carried almost to the goal line when they fumbled and Munday recovered. Munday then fumbled on the first play and Rule recovered behind the goal line for six points. The PAT was no good but, with Munday offside, Rule got another try and this time the PAT was good to make Rule 7 with 4:15 on the clock in the first quarter.

Munday took the ball and after two first downs, a 35 yard pass from Andy Haynie to David Kuehler, scored. Their PAT was no good and the score was 7 to 6 with 1:40 remaining in the first quarter.

In the opening second of the second quarter, Munday received the ball on downs and Spells carried to Rule's 10 yard line. A 7 yard pass from Haynie to Mike Urbanczyk was good for 6 points. Kuehler made the PAT good but a penalty nullified it and on the second attempt, it was blocked by Paul Flores. Just 11:51 in the second quarter, Munday was 12 and Rule 7. The next touchdown for Munday was by Andy Haynie who went around right end, back to the left and then over for 6 more points. Kuehler's toe made the PAT good, leaving it Munday 19-Rule 7.

Rule carried to Munday's 36

before giving the ball up on downs. Munday took it and carried to Rule's 32 where they fumbled but, recovered it. The next play they fumbled again and Rule's Nickie Hunt recovered but, relinquished it on downs. Spells carried to Rule's 10 yard line and Rudy Esquivel scored for Munday around right end. Kuehler again makes the PAT good to give Munday 26 points. Rule received the ball and carried to Munday's 45 when time ran out for the half with the score Munday 26-Rule 7.

Munday received the second half kickoff and carried to their 20 yard line where they fumbled and Rule recovered. Thrown for a loss, the Bobcats tried a 4th down pass from the 25 yard line but, Munday intercepted on the 9 yard line. Spells carried to Rule's 35 but, penalty brings it back to the 55. Next play Spells juggles the ball and goes into the line but, Flores for the Bobcats comes around right end with the ball. On the first play Rule fumbles and Munday recovers and carries to Rule's 30. Kuehler tried a field goal but, no good. Rule received the ball but, relinquished it on downs on the 39. Spells takes the ball to the 36 of Rule. A pass puts it on the 15 yard line and next play, Spells carries through the center for 6 points. Kuehler's toe makes the PAT good, 33-7.

Rule takes the ball and tries a pass which Munday intercepts. Munday then fumbles but, recovers it. But, on the next play, fumbles again with Rule recovering on their own 20. Rule again forced to relinquish the ball on downs and Munday carries to Rule's 5 yard line. A penalty puts the ball on the 20 yard line where Munday tried a field goal but, no good. The rest of the quarter was a series of turn overs and the final score was 33-7.

The Bobcats travel to Roby Friday night, the 24th and next week, will have an open date before the beginning of district play at Windhorst the 8th of October. Due to the time change, the Windhorst game will begin at 7:30 p.m. and the rest of the games for the year also.

In other District 5-B games some scores were: Goree 15-Abilene Christian High School 24; Throckmorton 0-Gorman 58; Newcastle 33-Blanket 18; Chillicothe 0-Wichita Falls Notre Dame 14; Rochester 41-Rotan 0; and Windhorst 32-Saint Jo 6.

Leonard Menchaca was the leading ball carrier for Rule with 19 carries for 85 yards. Terry Lee had 2 receptions for 21 yards. Leading tacklers were Ronnie Oliver with eleven followed by freshman Hector Pueblo with nine tackles.

Munday now has a 2-0-1 record with Rule standing at 0-3.

STATISTICS

Munday	Rule	
17	First Downs	10
294	Rushing Yardage	81
36	Passing Yardage	29
4-7	Passes Completed	2-13
0	Passes Intercepted	3
2-30	Punts, Avg.	5-38
15-130	Penalties	5-35
4	Fumbles Lost	2

REMINDER

The Cystic Fibrosis door to door campaign will begin in Rule Sept. 26. Volunteers will be calling on you. Please aid in this worthy cause.

CUB SCOUTS MEET

The Rule Cub Scouts met for their weekly meeting, Thursday, Sept. 16 at the Cub Scout Den.

The roll was called by Randy Andrews and the dues were collected by Kevin Meiers. Clayton Sorrells led the pack in the pledge of allegiance to the flag. The promise, law and motto was repeated by the pack and was led by Lester Walker. The Denner for the meeting was Paul Sorrells.

The cubs divided into teams and did the kangaroo hop, crab relay, gorilla relay and 30 yard dash. They then chose partners and had several dual contests. These are required to achieve the physical fitness achievement toward getting their Bear Badge.

During the summer two of the scouts earned arrow points. Paul Sorrells earned one gold and two silver arrow points. Randy Andrews earned one gold and one silver arrow point. They will be presented the arrow points at the next pack meeting.

Those present for the meeting were Randy Andrews, Paul Sorrells, Kevin Meiers, Clayton Sorrells, Lester Walker, Larson Wampler, Stephen Lusk and Mrs. Betty

Sorteils.

Refreshments were served to the group by Larson Wampler.

SQUARE DANCE

A square dance will be held at the Rule Recreation Clubhouse on Thursday, Sept. 23, beginning at 8 p.m. Admission is \$1 per person. All square dance groups are invited to attend.

CLASS OFFICERS

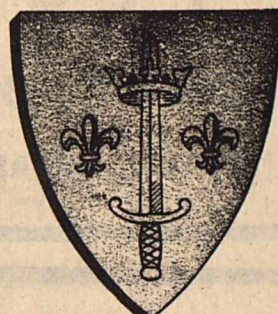

The high school classes of Rule High School have elected their officers for the 1976-77 school year.

Elected officers of the senior class were: president-Clyde Stegemoller, vice president-Colleen Townsend, secretary-Cynthia Sorrells, treasurer-Larry Denson, reporter-Wynette Williams and sentinel-Robert Turner. Sponsors are Dennis Briles and Mrs. Dorothy Toney.

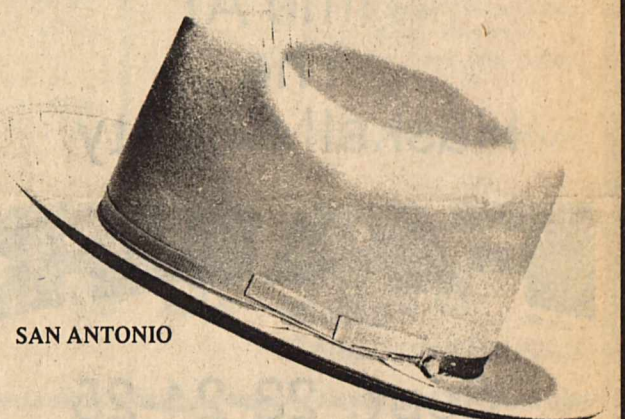

President of the junior class is Gavino Ortiz, vice president-Kraig Kupatt, secretary and treasurer-Joanne Cloud, reporter-Linda Rhoads and watchdog-Ronnie Oliver. Class sponsors are Mr. and Mrs. Bobby Robinson and Lavin Beakley.

Sophomore class president is Tami Letz, vice president is Tony Carter, secretary and treasurer-Bonnie Woods, reporter-Mary Macias and watchdog-Lisa Smith. Class sponsor (Rule News continued on Back Page this section)

Right Around Home

By BEN MOFFETT

THERE'S HISTORIC GRAFFITI AT EL MORRO NATIONAL MONUMENT
There is a guest register at El Morro National Monument that is a little out of the ordinary.

It stands in front of the visitor center, a slab of sandstone placed there so that you might record your name.

It provides a kind of living history lesson, because people have been recording their names on the big sandstone bluff behind the visitor center for centuries.

The big bluff—known as

Inscription Rock—is closed to further graffiti today, so the historic messages recorded on it will not be destroyed.

Prehistoric Americans were the first to carve on Inscription Rock, which is located on NM-53, just south of Interstate 40 between Grants and Gallup, N.M.

The 200-foot high bluff, called by some the world's largest autograph album, played an important part in the movement of Spaniards across the Southwest—it served as a landmark and the small pool at its base supplied

water for weary travelers.

If you take the self-guiding trail along the base of the cliff, you'll see where Don Juan de Onate recorded his presence.

"Paso por aqui," begins the Onate inscription. "There passed by here the governor Don Juan de Onate on his return from the discovery of the sea of the south, April 16 of the year 1605."

Starting with Onate's inscription, there is an almost continuous record of 160 years of exploration and conquest.

You'll also see the marking of soldiers, gold seekers, cattlemen and other early western explorers.

In 1849, Major Simpson rested his United States troops in the shade of El Morro. His name and the name of R. H. Kern, an artist who accompanied him and recorded the carvings on the Rock, appear there.

One early traveler of interest was Lt. Edward F. Beale, who in 1857 led a camel caravan past El Morro en route to Zuni and the West Coast. The camels had been imported for use in the Southwest.

Above the pool, you can see the nests of swallows attached to the cliff. Part of the fun of a visit to El Morro is studying the plant and animal life and the geology of the area.

A second trail will take you to the top of the cliff and on the way up you will pass out of the Upper Sonoran life zone, dominated by pinon and juniper and into the Transition Zone, where Ponderosa pine and oak grow.

At the top of the bluff the ruins of two pueblos are preserved. There Indians left carvings of men, goats, winged serpents and birds on the face of the cliff.

There is a small campground and picnic area at El Morro and camping supplies and meals are available at the small town of Ramah, 13 miles from the monument. Overnight accommodations can be found at Gallup, 58 miles away, and at Grants, 43 miles away.

If altitude concerns you, remember that the visitor center is at 7,218 feet.

4-H News

The Haskell County 4-H Council met Monday, Sept. 13th to organize and elect officers for the next year. All 4-H clubs in the County were represented. The new Council Officers elected are: Chairman Rod Townsend, Rochester 4-H; Vice Chairman Kim Campbell, Haskell 4-H; Sec-Treasurer Gena Fischer, Paint Creek 4-H; Reporter Joanne Cloud, Rule 4-H; District Council Alternates: Deborah Wells, Paint Creek 4-H and Joe Wilfong, Haskell 4-H.

The Council decided to hold a Bake Sale in Haskell. Rule and Rochester to raise money for the Awards Banquet to be held in Haskell at the Haskell National Bank Community Building.

Jossetel HD News

The Jossetel Home Demonstration Club met Sept. 14, 1976 in the home of Mrs. Hazel Thomas with Mrs. Thomas and Mrs. Edna Anderson as hostesses.

Mrs. Carl Bailey presided and 12 members and 2 visitors answered the roll call as to "Why I strive to make quality bread."

Mrs. Anderson and Mrs. Thomas gave a demonstration on making quick breads. A salad luncheon was served with the breads.

The next meeting will be at 2:00 p.m., Oct. 12, 1976 in the home of Mrs. Clyde Bland.

The Jossetel Club will have a bake sale on the square, Thurs. Sept. 23 and Fri. Sept. 24 during the Haskell County Fair.

Add Zest To Meals

Tired of bland, tasteless foods, pickles and relishes stimulate the appetite and add tartness and color to meals.

Made from fruits and vegetables, pickles and relishes are sources of minerals and vitamins—especially A and C. They retain most of the vitamins because of the high acid content and short heating time in a water bath canner.

Dilled okra adds variety of shapes to a relish tray. Seasoned with pepper, garlic and dill, the spicy flavor will add a distinctive touch to a buffet supper or backyard picnic.

Pepper-onion relish made from end-of-season garden vegetables gives flavor sparkle to cooked dried pinto beans.

For more information and recipes for pickles and relishes, send 25 cents, and your request for B-188, "Pickles and Relishes" to the Department of Agricultural Communications, College Station, Texas or contact your local County Extension Agent.

Here is a recipe from this publication:

Crystal Tomato Pickles

7 pounds tomatoes
2 gallons water
1 quart slaked lime
9 cups sugar
2 quarts vinegar
2 tablespoons salt
6 strips cinnamon bark,
1 1/2 inches long
1 teaspoon grated nutmeg
1 teaspoon ground ginger

Slice green tomatoes 1/4 inch thick; place in procelain-lined container. Covered with 2 gallons water in which the quart of lime has been dissolved. Let stand 24 hours.

Remove from lime water and rinse well through several cold water baths to remove all lime sediment. Dissolve sugar in vinegar; add cinnamon stick and cloth bag containing nutmeg and ginger. Heat the vinegar and spices to boiling and allow to stand for 1 hour.

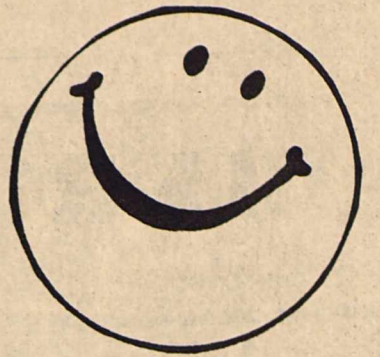

Add slices of green tomato and cook rapidly until slices are glazed and syrup clings to the spoon. Fill hot jars with the slices, arranging cinamon sticks attractively with the slices in the jar. Discard the spice bag. Heat spiced vinegar to boiling; pour over tomatoes. Close. Process in boiling water bath 5 minutes. Start to count processing time as soon as water returns to boil.

As a sign of the times, over 30 cities and communities throughout the United States have established ordinances to combat hazardous environmental noise, officials of the Beltone Crusade for Hearing Conservation observe. Other communities wishing to control the deluge of environmental noise are urged to contact the Environmental Protection Agency for recommended regulatory guidelines they add.

Leisure Lodge News

Those visiting and taking Bessie Piland on a picnic Sunday were her daughters, Mrs. Ed melton, Mrs. Sue Mallard and Jennifer Keller all of Abilene.

Mr. and Mrs. Bill Yates of Goree visited Mr. and Mrs. Oakley Roberts on Sunday.

Mrs. Erwin King and Mrs. Ervalene Beason from Knox City visited Mr. Erwin King on Wed.

Walter Merchant from Austin visited his aunt, Elsie Mitchell this past week.

Dorothy Spann from Monday visited her aunt, Mrs. Tommye Hawkins.

Mr. and Mrs. Clifton Cobb from Stamford visited Mrs. Norma Baker and Mrs. Nannie Cobb.

Mr. and Mrs. Bosse Long and children from Odessa visited Mrs. Clara Hendrix.

Mrs. Tannie Squyres and Myrtle Trussell has been on the sick list this week.

Mrs. Nellie Stanfield and Nelda Sue from Rochester, visited with Haney Stanfield.

Mrs. Trudie Bush spent the day in Rule, Thursday with her daughter, Mrs. Raymond Smith and Mr. Smith.

Rev. and Mrs. Jack Key from Abilene, Helen Pierce from Rule visited with Mrs. Olga Tribbey.

Everyone enjoyed the singing brought by the ladies from the Assembly of God Church, on Thursday night.

Tuesday devotion was brought by the ladies from the Methodist ladies and on Wed. the ladies from the Baptist Church along with Rev. Copeland brought the devotion. We always enjoy and appreciate their concern for us. Thank you.

We welcome Mrs. Mary Bowman from Rochester to our home. Her daughter, Olga Alvis from Rochester visited her.

We are sorry that we haven't welcomed Mrs. Olga Tribbey to our home. We are happy to have her. Her sister Mrs. Veda Day from Stamford visited her this week.

Mr. and Mrs. Ammon Petty

of Clyde, and grandson Mike Taylor visited W. O. Lewis Friday. Cynthia Sorrells and Amanda Hunt of Rule visited Monday with Mr. Lewis and brought him a basket of fruit and a card for his birthday.

Tuesday afternoon, Mrs. Susie Brockett and Mrs. Juanita Grimes of Weinert gave W. O. Lewis a surprise birthday party, serving cake and punch and inviting Leisure Lodge employees and guests.

Mrs. Florene Sorrells of Rule served Mr. Lewis a dinner on his 86th birthday, Wednesday.

New System On Sales Taxes Help Cities

AUSTIN—Comptroller Bob Bullock said Wednesday that an analysis shows that his procedure of rebating city sales taxes monthly rather than quarterly has turned out to be a real help to Texas city governments.

Since the monthly rebates began in April, 1975, the Comptroller's Office has turned back to the cities 19 percent of their allocation 60 days sooner and 41 percent 30 days sooner than they would have gotten it under a quarterly system, Bullock said.

"This means these cities can put their money to work faster, earning interest or providing services," the Comptroller said. "The city sales tax money belongs to the cities in the first place and never should have been held in Austin until the end of a quarter."

Bullock mailed checks totaling \$56.6 million Wednesday to the 855 cities and towns collecting the one-cent tax as their September rebate.

He noted that city sales tax rebates have totaled \$230 million so far this year, nearly 18 percent ahead of the \$195 million rebated during the same period in 1975.

School Bus Loading Laws

"This school year, as in the past, the School Bus Loading Laws confuse many drivers," states Major C. W. Bell, Regional Commander of the Texas Department of Public Safety.

The Uniform Vehicle Code in Texas states that the driver of a vehicle, meeting or overtaking from either direction a school bus displaying red flashing warning lights that is in the process of loading or unloading passengers, shall stop until the school bus starts moving, the red lights are no longer flashing, or the bus driver directs motorists to proceed.

"Freeways and divided highways add to the driver's confusion," Major Bell added. "If a bus is on an access road, only the traffic on the access road must stop. However, if the bus is on a divided highway and pedestrian traffic does not normally cross the median or barrier then only the traffic on the portion of the roadway occupied by the bus must stop."

It is most important that drivers observe the School Bus Loading Laws for the protection of our school children.

Fish Applications From P&WD

AUSTIN—Channel catfish and sunfish now are being delivered to private pond-owners who applied for such species of fish prior to Jan. 1 of this year.

Officials at the Texas Parks and Wildlife Department's Inland Fisheries Division say they now are taking requests for channel catfish, sunfish and largemouth bass to be delivered in 1977.

According to P&WD hatchery coordinator Ted Lowman, deadline for receiving application is Jan. 1, 1977, but Lowman encouraged land-owners with ponds to apply early.

"The department will provide the three species of fish free of charge," said Lowman. "To qualify for the service, a pond either must never have been stocked with the requested species, have completely dried and refilled since the last request or have had all fish chemically removed since the last request."

Lowman said the P&WD keeps computer records of all stockings in private waters and will not stock fish in ponds that presently contain the three species of native fish.

Six Flags Begins Fall Season

Six Flags Over Texas has begun weekend only operation for the fall months on the heels of the most successful spring and summer seasons in the theme park's sixteen-year history.

Through Labor Day more than 2,217,000 persons had visited the Arlington entertainment center, topping the old record by more than 200,000 visitors.

General Manager Dan Howells credited the attendance spurt to the introduction this year of the Texas Chute Out, a 1.5 million dollar parachute drop.

"The parachute ride is the most spectacular addition to the park in several years," Howells said, "and there's not a doubt in our minds that it has been the key to the unprecedented attendance we've enjoyed so far this year."

Six Flags Over Texas will be open Saturdays and Sundays only through the last weekend in November. Hours on Saturdays will be 10 a.m. until midnight in September; 10 a.m. until 10 p.m. in October, and 10 a.m. until 8 p.m. in November. Hours on Sundays, September through November, will be 10 a.m. until 8 p.m.

Haskell Football Roundup

It was a full football weekend for all the Haskell football teams as all five were in action. The weekend provided three Haskell victories, one defeat and one tie.

The 7th grade, 8th grade and junior varsity journeyed to Seymour. The 7th grade opened the evening's activities by losing to a fine Seymour team 16-0. It was the first game action for the 7th graders this season. They had some problems getting their offense moving. One promising looking drive was stopped by a pass interception. The 7th graders also fumbled the ball away twice. However, the 7th graders looked fairly good on

defense and also showed much promise as a hard-hitting bunch of boys. They are looking forward to more game action and improving their game.

The 8th graders continued their winning ways garnering their 2nd shut-out of the season as they defeated Seymour, 14-0. So far this season the aggressiveness and hitting of this unit has been awesome. Perhaps blessed with more speed than any other Haskell team this year, their offense is also showing occasional brilliant flashes. The record is now 2-0.

The Junior Varsity finished the evening by annihilating the Seymour Jayvees 36-6. The young Indians led by the passing of Robert Rodriguez, the catching of Johnny Andrada, the running of Monnie Hise and Jeff Hatfield, and an

always tough, sometimes almost vicious defense, made a shambles of this game. Their record also is 2-0.

The Freshmen played Anson at Indian Stadium Saturday morning and battled to an 8 to 8 deadlock. The freshmen Indians were forced to hold Anson inside their own 10 twice in the 4th quarter in order to preserve the win. Their record is now 1 defeat and one tie. Several of the Freshmen boys are playing on the junior varsity team, so these boys are gaining valuable experience which should help them on the varsity level.

The 8th grade and Junior Varsity will be home for the first time this Thursday, playing their counterparts from Stamford. The first game will start at 6 o'clock. Everyone will be provided a fine evening of exciting football if

Buffalo Gap Train To Be In Fair Parade

One of the unique features of this year's Haskell County Fair Parade will be the highly publicized old time railroad train from Buffalo Gap, Texas. Built over a period of years by the owner, the Rev. John Eckels of Buffalo Gap, the train with its attached chair car which accomodates 26 people, will wind its way around the parade route downtown at 6 p.m., Thursday of this week.

they will turn out to support these fine young student athletes in their struggle to become varsity Indians. Admission price is \$1.00 for adults and 50c for students.

The Rev. Eckels has advised Fair officials that he plans to remain in Haskell for at least part of the three day run of the fair and will take children and adults on train rides. Present plans are that he will have the train in the south end of the Fair grounds where for a small passenger fee, an exciting ride like the days when the Wichita Valley made its daily stops at the old depot in Haskell will be possible. Incidentally, the location of the train will be just southeast of the old depot which is now Haskell's railroad museum.

All interested persons in a train ride should report to that area to book "passage" on this re-run of the old time passenger train through Haskell.
