SHERRIE EVERETT was crowned Homecoming Queen during halftime ceremonies last Friday night. She was crowned by Buck Everett, incoming president of the Homecoming Association. Sherrie is the daughter of Mr. and Mrs. Felton Everett of Haskell. She was escorted by Chris Colbert. (Staff Photo)

## 500 Attend Homecoming

Approximately 500 persons attended homecoming activities last weekend in Haskell.

Many persons attending the activities did not register and it was not possible to determine exactly how many attended.

Registration was held Friday afternoon and Saturday

morning in the ag building which was decorated with pictures donated to the school by Woody Frazier.

During the business meeting Saturday, Buck Everett was elected Homecoming President and Sam Smith was elected vice president. Anita Medford was elected sec-

treas. and Carolyn Pippin was elected Historian. Bud Herren was named director.

Dr. Ben Brock was the guest speaker at the general assembly. A graduate of Haskell High School, Dr. Brock is currently vice president of Western Texas College in Snyder.

There were approximately 400 tickets sold for the noon luncheon, and all activities of the homecoming were well attended.

Special recognition was given to many who attended the activities including the oldest student, teacher, largest family, largest class, longest distance traveled, and ex-teachers.

The fourteenth biennial homecoming will be held here in 1979.

## Food & Nutrition Meeting Held

A 4-H Foods and Nutrition Leader Training Meeting was held on Wednesday, Oct. 5th at 4:00 p.m. in the meeting room of the Haskell County Extension Office.

Thirteen adult and junior leaders attended the meeting. The meeting opened with each one introducing themselves followed by an explanation on What Makes Food and Nutrition Tick by the County Extension Agent.

The objective of the Food and Nutrition Project was discussed and the role of the Foods and Nutrition Project Leader. Teaching methods that can be used by leaders was illustrated to the group.

Each leader selected a project guide for their group. Each leader will conduct four or five project meetings for their project groups. Each project meeting will consist of a short business meeting,

nutrition lesson and a food preparation activity.

The next Adult Leaders Meeting will be on Tuesday, November 9th at 4:00 p.m. in the County Extension Office.

The date for the 4-H Mother-Daughter Dinner will be Friday, November 18th in the meeting room of the Haskell National Bank.

The dates being considered for the Haskell County Food Show are Dec. 3rd, 10th and 17th.

Approximately 90 4-H members in Haskell County have signed up for a Food and Nutrition Project.

Those attending the meeting were: Mrs. Wayne Wells, Mrs. Gene Fischer, Mrs. Lowell McGuire, Mrs. Chet Forehand, Mrs. Betty Rowe, Mrs. Mitzi Lehrer, Kris Kupatt, Gena Fischer, Tauniya White, Kay Campbell, Kim Campbell, Kerry Kemp and Joanne Cloud.

## Indians Down Rotan 41-0

The Haskell Indians downed the Rotan Yellowhammers, 41-0 last Friday night before a packed Homecoming crowd.

Jimmy Browning led the Tribe offense with 239 yards rushing and scored three touchdowns. Browning also scored one TD which was called back. The nullified score covered 79 yards and after the penalty was marked off, the Indians gained a net of 25 yards.

Indian Vonnie Hise also had a good night with 174 yards and two TD's. Browning carried 32 times for an average of 7.5 and Hise carried 15 times for a 11.6 average.

The Tribe defense also scored a TD when Chris Colbert intercepted a Rotan pass on the two yard line and carried the ball across.

Defensively the Tribe seemed a little sluggish last week and allowed Rotan a total of 225 yards total offense. Generally the defense stopped Rotan but allowed a total of 132 offense of the 225 total on only six plays.

The Indians scored first with 5:53 left in the first quarter on a 63 yard run by Vonnie Hise. Browning ran for the extra two points.

Midway in the second quarter, the Tribe scored three TD's in one minute and fifty-eight seconds. The first score came on a 45 yard run by Hise, the second on a one yard plunge by Browning, and the third was Colbert's interception. Two of the three PAT's were good making the half-time score 28-0 Haskell.

With 8:10 left in the third quarter, Browning broke loose for an 88 yard score. Hise added the PAT to make the score 35-0. Later in the third period Browning made the 79 yard TD which was called back because of a penalty and four plays later Robert Rodriguez caught a 26 yard TD pass

### Jill Druesedow To Head Committee

Serving on the committee will be Willie Ruth Foerster of Elsa, Tex., Violet Sone of Barksdale, Tex., Bobbye Harper of Amarillo, Tex., and Donna Hunt of Denison, Tex.

The committee will report at the state convention to be held April 13-16, in Amarillo.

### Services For Wreck Victim Held

Services for Ignacio Carrion Ortiz, 32, of Rochester, were at 3 p.m. Tuesday at the First Baptist Church in Rochester.

The Rev. Don Jeffreys, pastor, officiated. Burial was in the Rochester Cemetery, directed by Smith Funeral Home.

Born Jan. 28, 1945, in Richmond, he was reared by an aunt and uncle, Felix and Stella DeLeon of Rochester, where he lived most of his life. He married Isabel Chavez Feb. 4, 1965, in Haskell. He was a pipefitter for Hartloff Construction Co., of Odessa.

Survivors include his wife; four sons, Ignacio Jr., Felix, Paul and Robert; two daughters, Jessica and Michelle, all of the home; his mother, Petra Ortiz of Haskell; five brothers, Simon and Gilbert, both of Abilene; Gavino of Rule, Nicholas of Amarillo and Rudy; two sisters, Lupe Serna of Haskell and Ampero Flores of North Carolina; and a half sister, Ernesta Trevino of Indiana.

which was also nullified by a penalty.

The final score of the game came on a five yard run by Browning. PAT failed.

Defensively the Tribe collected the ball nine times on turnovers. Colbert intercepted a pass and recovered a fumble, Vonnie Hise recovered a fumble, Monnie Hise intercepted a pass, Rodriguez recovered a fumble, Richard Amaro and Nati Escobedo

each recovered a fumble and Bruce Enriquez intercepted a pass.

The Tribe will meet winless Aspermont this Friday at 7:30 p.m. Aspermont is 0-5, having lost to Rule, 21-0; Jayton, 23-20; Spur, 27-0; Knox City, 21-0; and Paducah, 25-0.

The Junior Varsity game with Hamlin has been cancelled and the 7th, 8th and 9th grade teams will all travel to

Munday, Thursday with games beginning about 5:00, 6:30, and 8 p.m.

### Proclamation

For National Business Women's Week

WHEREAS, working women constitute 26 million of the Nation's working force, and are constantly striving to serve their communities, their states and their nation in civic and cultural programs, and

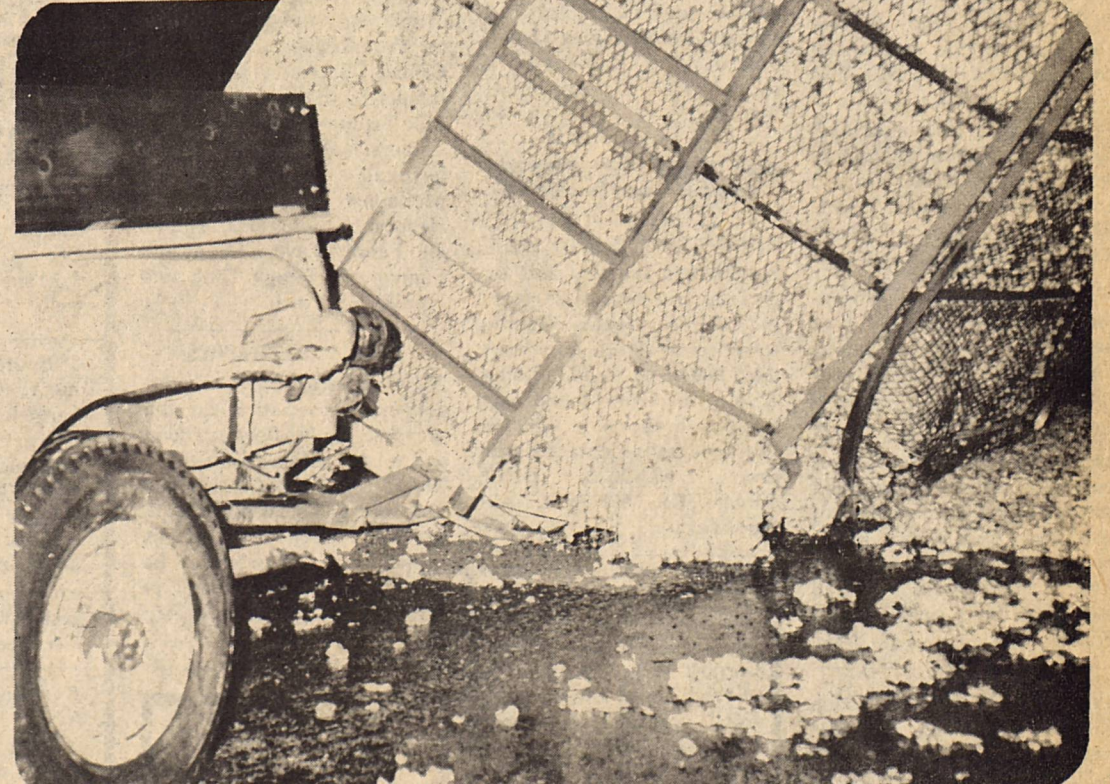

WHEREAS, major goals of business and professional women are to help create better conditions for business women through the study of social, educational, economic and political problems; to help them be of greater service to their community; to further friendship with women throughout the world, and

WHEREAS, all of us are proud of their leadership in these many fields of endeavor; Now, therefore, I, B.O. Roberson, County Judge of Haskell County, by the authority vested in me, do hereby proclaim October 16 through October 22 as NATIONAL BUSINESS WOMEN'S WEEK, sponsored by the National Federation of Business and Professional Women's Clubs, Inc., and urge all citizens in Haskell County, all civic and fraternal groups, all educational associations, all news media and other community organizations, to join in this salute to working women by encouraging and promoting the celebration of the achievements of all business and professional women as they contribute daily to our economic and cultural purposes.

## PSAT/NMSQT Tests Set For October 18

Mrs. Betty Davis, guidance director at Haskell High School, has announced that sophomores, junior, and some seniors will be able to join over one million other students around the world in taking the Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT) this fall. The test, cosponsored by the College Board and National Merit Scholarship Corporation is an important step in making college plans.

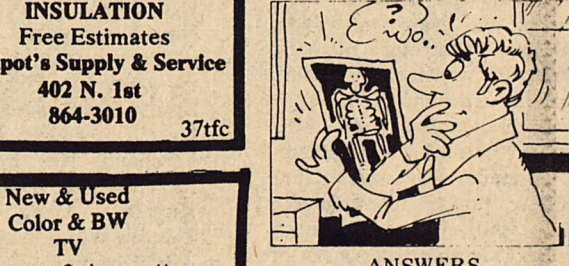

Scheduled for October 18, at Haskell High School, the PSAT/NMSQT measures verbal and mathematical aptitude two abilities important in doing college work. The test can also lead to other opportunities for high school students. For example, students can ask to participate in the College Board's Student Search Service which provides their names to colleges interested in students like them.

By taking the PSAT/NMSQT, they can enter the competition for scholarships administered by the National Merit Scholarship Corporation and can get a good idea of what the Scholastic Aptitude Test (SAT) is like. Advice on using scores—and other information. Along with their score reports, students will receive a copy of ABOUT YOUR PSAT/NMSQT SCORES, a booklet that contains valuable how-to information about: estimating SAT scores; finding out where to get and how to use more detailed information about colleges and financial aid; planning for financing a college education. Also, by using the 1977 edition of the College Board's College Handbook, students can compare their scores with those of enrolled students at more than 2,800 colleges and universities listed.

## QUICK HEALTH QUIZ

By C. H. Tracy, M.D.  
Is there a lot in your head about your body? This quiz can help you tell.

1. What's the largest organ of your body?
2. What can be done about insect bites, minor cuts and bruises while camping out?
3. What are the bones of the spine called?

**ANSWERS**  
1. Your skin is your body's largest organ. It acts as a sense organ, helps regulate body temperature and is the first line of defense against germ invasion. 2. A number of effective antiseptic preparations are available for healing and soothing insect bites, minor cuts and burns. Some of them, such as Camphor Phenique, can also be used on poison ivy and poison oak. 3. The bones of the spine are called vertebrae.

## ECONOSTOR. The Grain Profits Reaper.

Econostor lets you sell your grain crop when prices are highest. Not at harvest time when you're at the mercy of the market. And higher prices mean higher profits to you. Econostor is available in three sizes: 29' x 32', 32' x 32', and 32' x 32' with special grain storage bins that allow storage of up to 25,000 bushels of wheat or other small grain crops. And it will store from 3,000 to 5,000 bushels more with the addition of an extra 2' bin. Add as many bins as you need.

When you're not using your Econostor for grain storage, it can be used for a variety of other farm uses—like machinery and implement storage. Food and hay storage. Or use it as a work-hop.

So let's gamble on your own grain storage facilities. Econostor qualifies for any of several low interest financing programs presently available. Let us show you how. Start reaping bigger grain profits with Econostor.

## B&PW Club Holds Regular Meeting

The Business and Professional Women's Club of Haskell, met in the Community Room of The Haskell National Bank, October 4, 1977, at seven o'clock.

Members of the Legislation and World Affairs Committee acted as hostess for the meeting. Members of the Committee are: Nettie

McCollum, Opal Adkins, Edna Mae Lyles, and Madalin Hunt. In the absence of Nettie McCollum, Ozella Frierson worked with the committee.

The Fall theme, and beautiful fall colors were carried out in the invitations and table decorations. The invitations were in tones of brown, and had a bright colored bird on the folder.

Members and guests were greeted by members of the committee. They were seated at tables beautifully decorated. White lace mats over green were at each place. Plate flavors were beautiful hand-painted birds, made by Ozelle Frierson. The favors were done in the bright fall colors. The speakers table was centered with an arrangement of yellow mums, near the flowers was a birds nest with two beautiful china birds guarding the nest.

Novella Rastetter, president, greeted the members and guests and presided for the meeting.

Edna Mae Lyles introduced Gerene Couch, speaker for the meeting. Mrs. Couch gave a most interesting and informative review of "Parliamentary Procedure According to Robert's Rules of Order."

After the talk Mrs. Couch gave a test to the members. Those present enjoyed taking the test, grading their own papers, and then discussing the questions.

During the social hour delicious cake and coffee were served.

## Weinert HD Club Holds Meeting

The Weinert HD Club met Oct. 4, in the community center for a regular meeting with our president presiding. Opening exercise was a reading "Serving by Teaching" and also our THDA prayer.

Roll call was announced by 6 members and 2 visitors. Miss Thelma Wirges and Mrs. Barbara Elliott. Mrs. Elliott brought us a very informative program on energy conservation in the home. Heat follows cool air so insulation is necessary. It will save as much as 30%. Saving energy also saves money. Hostess for the evening was Mrs. Bailey Guess.

Novella Rastetter, president, greeted the members and guests and presided for the meeting.

Edna Mae Lyles introduced Gerene Couch, speaker for the meeting. Mrs. Couch gave a most interesting and informative review of "Parliamentary Procedure According to Robert's Rules of Order."

## Weinert Matrons Hold Meeting

The Weinert Matrons Club held the first meeting of the new club year Thursday, October 6 in the home of the president, Mrs. V.C. Derr. The president called the meeting to order. The secretary, Mrs. D.L. Moody, read the minutes of the meeting for April 21. Mrs. M.W. Phemister, treasurer, gave a summary of the expenditures for the past club year.

Mrs. Derr read a letter from an official of Girlstown.

Mrs. Phemister moved that the club pay Mrs. Ricky Harlan for typing done on the yearbooks. The motion was seconded and carried.

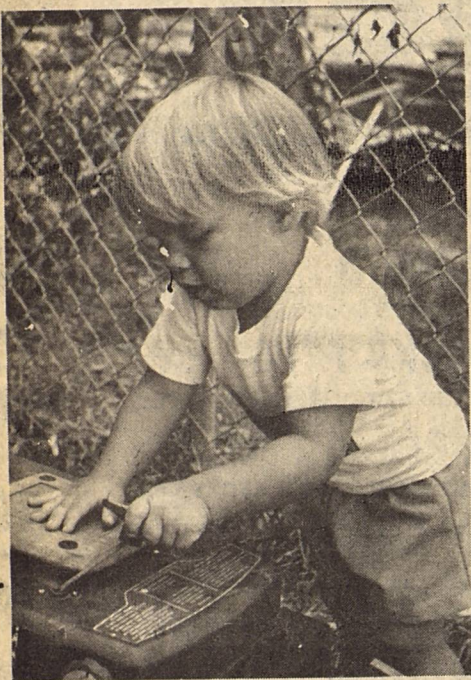

Members then discuss the programs for the year and assembled them in folders. Programs deal with Americanism, conservation, education, home life, international affairs Texas heritage, and the arts.

Club projects include contributions to the Vernon Health and Retardation Center and to Girlstown U.S.A. besides a drive for the Rehabilitation Center in Abilene.

The hostess served frosted drinks to the group.

# Proposals May Close Small Hospitals

Hospital beds and services will be rationed if Department of Health, Education and Welfare (DHEW) proposed "standards" are adopted.

So said O. Ray Hurst, President, Texas Hospital Association (THA), Austin, as he described the DHEW proposals published in the Federal Register on September 23, 1977.

Hurst went to point out that these proposed regulations mean that within five years Texas will be required to reduce the number of hospital beds by approximately 17,500.

Hurst stated that "such loss of beds coupled with previously announced ceilings on allowable patient days means that one in every four patients

that need to be admitted to a hospital will be turned away."

He pointed out that this will be accomplished by forcing the closure of entire hospitals or portions of hospitals.

The proposed guidelines as published will require hospitals to have an occupancy rate of at least 80 percent over all. Also a hospital must have, in order to maintain obstetrics services, a minimum of 500 deliveries per year (2,000 in or near cities over 100,000). Hospitals will be required to comply with special restrictions on open heart surgery, cancer therapy, renal dialysis and cardiac diagnostic procedures. In addition, there are geographic restrictions on services that are available to a community with 45 minutes

travel time.

Hurst pointed out that "a part of the stated purpose of these proposed guidelines is to reduce health care cost while improving the care of patients, yet no consideration is given to the medical needs of the community. The THA Statewide Hospital Productivity Center that has been in operation for two (2) years has saved Texas patients over \$100 million dollars. This type of voluntary system could be used as an example of efficiency by the private sector without Federal mandates for limiting and rationing of quality health care."

DHEW is giving the public, hospitals and physicians until November 22, 1977, to comment on these proposals.

Comments will be received by Health Resources Administration, Room 10-22, 3700 East-West Highway, Hyattsville, Maryland 20782.

Hurst said "THA is encouraging all persons interested in the continued availability in Texas of quality health care to respond to these proposed limitations. Although these proposals are from the bureaucrats, no doubt U.S. Senators and Congressmen will be interested in the public's views on these limitations and the rationing of health care."

THA is the Austin based trade association of hospitals in Texas with over 700 institutional members.

# What Is A HOSPITAL?

**According To The Dept. of Health, Education and Welfare, A Hospital Should be a Facility in a City Over 100,000 Population or Within 45 Minutes Traveling Time.**

## Sagerton News

Both gins have been going day and night, and the cotton fields are beginning to look bare in our community. Some farmers have already finished, but others have yet to begin their cotton harvest. If the weather stays dry all week, probably one-half the cotton will be out of the fields.

Mr. and Mrs. Joe Clark, accompanied by Mrs. Emma Haphelt of Stamford, visited at McAllen the latter part of last week with Dave and Peggy Adler and little daughter. They also visited Harlingen and Old Mexico.

Mr. and Mrs. Charles Clark were in Harlingen last weekend for a short vacation.

Mr. and Mrs. Keith Whitaker and children of Vega visited with the F.A. Ulmers over the weekend.

Mrs. Larry Cornelison of Lewisville was here visiting with her parents, Mr. and Mrs. August Balzer last weekend.

Visiting with Mrs. M.Y. Benton last weekend were: her granddaughter, Sharon and her husband from San Angelo. Mrs. Benton recently returned home from visiting with another granddaughter near Fort Worth.

Mr. and Mrs. Larry Jordan and Lacy and Ryan of New Braunfels, Texas spent several days here with Mr. and Mrs. Harvie Jordan.

Mr. and Mrs. Roy McEwen and son of Afton visited with Mr. and Mrs. Sam Neinast last weekend.

Thirteen members of the L.O.C. Home Demonstration Club learned more about home insulation from Mrs. Barbara Elliott, Haskell County Extension Agent, at their monthly meeting in the home of Mrs. Clarence Teichelman, Thursday, October 6. She showed samples of different types of insulation and gave their good and bad points.

During the business meeting, which was presided over by Mrs. Jimmy New, president, the ladies discussed their Christmas party, the meal which they catered on October 1 at the Community Center for the Extension leaders in the Texas Community Improvement Program and West Texas Utility representative, Curly Hays, and Mrs. New announced the following dates they should keep in mind: October 19, T.H.D.A. coffee at Haskell, November 10, Lone Star Gas Christmas Program at Haskell Bank Bldg., and November 28, a Blood Pressure clinic here in Sagerton, sponsored

by the club.

Forty-three County Extension Agents and Specialists from the northern half of Texas and Curly Hays, West Texas Utilities representative, met at the Sagerton Community Center Monday, October 10, with Bill Benson, Community Development Specialist, in charge. They discussed the Texas Community Improvement contest for the coming year and representatives of the different areas who had won places in previous contests shared their views. Mr. Benson told them that this coming year the State of Texas will be divided, with our area and the Lubbock, Amarillo and El Paso area in one region and the East Texas area in another region and there will be no State judging. Mrs. Fred Kupatt and Mrs. Delbert LeFevre told what the contest has meant to the Sagerton community.

## Study Club Holds Business Meeting

The Progressive Study Club met Thursday, October 6, 1977, at 7:30 p.m. in the community room of the Haskell National Bank. The president, Mrs. Elbert Johnson, called the business meeting to order. Mrs. Garvin Foote guided the members in the reading of the constitution.

Mrs. Virgil Cobb, finance chairman, suggested several fund-raising ideas for members' consideration. Preferences are to be indicated at a later date.

Mrs. Bailey Toliver gave a report on the restoration work to be done on the John Labriere Home, Haskell's oldest home. Old siding, which hides the original wood covering, is to be removed shortly. Serving on the "Home Committee" with Mrs. Toliver are Mesdms. Marvin Letz, Larry Gilliam, and T.W. Williams.

Mrs. Bob Herren gave the Federation report. The club voted to send \$25.00 for repair and maintenance of the Texas Federation of Women's Clubs building located in Austin.

In other club business, Mesdms. Joseph Thigpen, Jim Hudson, and Bob Herren, were elected to judge the Fire Prevention Poster Contest in the Haskell Public Schools.

The club voted unanimously to elect Mesdms. Charles Graff, Robert Free, and J.W. Wallace to membership of Haskell Progressive Study Club.

In the way of old business, it was decided to assemble left-over sheets from last year's cookbook project into books to be offered for sale. Members will have an "assembly" session at the next club meeting, October 20. Anyone interested in purchasing a "home cooking"

book may place orders with Mrs. Elbert Johnson, Mrs. Wayne Lehrer, or any club member.

The program for the evening was brought by Brian Burgess of Haskell's newest insurance business. Mr. Burgess sang a number of delightful tunes, accompanied by Jennifer Burgess and Nelda Lane.

Refreshments were served by the hostesses, Mesdms. Cliff Dunning, Buck Everett, and T.P. Barnett.

## Frazier's Tour Spain

On September 25, Mr. and Mrs. Barney Frazier of Haskell, departed from the Dallas-Ft. Worth airport with 112 other Whirlpool dealers enroute to Malaga, Spain. The first stop was Charlotte, N.C. to pick up 114 more dealers for the trip. Another stop was made in New York at the John F. Kennedy airport for refueling.

The itinerary in Spain included bus tours of the costal Del Sol, and the southern coastline, including Malaya, Marbellia, Granudee, Mejas, Randa and a number of smaller towns.

A trip to Tangier, Morocco in Northern Africa was cancelled due to a severe storm in the Mediterranean Sea. But a trip through the Serranian Mountains and to the City of Ronda was a beautiful journey.

Several hours were spent just resting or shopping in the villages. Signs of inflation were evident in the Spanish towns.

They returned to the States on Oct. 2. This was their second trip to Spain.

**KIM CAMPBELL**, 17 year old daughter of Mr. and Mrs. Duward Campbell will serve as the 1977-78 drum major for the Haskell High School Band. Kim is a senior and this is her third year to lead the Indian Band.

## Appetizers Are 4-H Food Project Topic

Haskell Senior 4-H Food Project members attended their first project meeting at the home of Mrs. Coy Payne on Monday, Oct. 10th.  
 Mrs. Payne explained to the girls why appetizers are served and examples of foods that can be served as appetizers. She also gave suggested ways that appetizers can be served along with ways to save money when preparing them.  
 The 4-H members enjoyed tasting appetizers prepared by Mrs. Payne and members of the group.  
 The members who attended were: Kim Lane, Sonja Tidrow, Kay Campbell, Kerry Kemp, Tami Rea, and Lynn Weatherly of the Haskell Club, and from the Rule 4-H Club were: Kris Kupatt, Tainiya White, and Joanne Cloud.

The next meeting will be held on Tuesday, Oct. 25th at the home of Mrs. Ken Lane. She will be teaching the group about vegetables for family meals and special occasions.  
 Below are two of Mrs. Payne's recipes the girls enjoyed.

**Snack Kabobs**

## LEADERSHIP FOR CONFERENCE

Mrs. Sharon Ballenger of Council Bluffs, Iowa, and daughter of Mr. and Mrs. Willard Cox of Rule, has recently provided leadership for a national youth conference in San Diego, California. This conference was held in conjunction with the American Baptist Convention and brought together 800 youth and adult leaders from all over the country.

In addition to this, Mrs. Ballenger has written articles and curriculum specifically for youth, parents, and other adults concerned with enabling young people to grow in healthy, life-affirming, Christian ways. She is currently working as a guidance counselor in Roncalli High School in Omaha, Nebraska. In October, she will present a workshop for the Nebraska Personnel and Guidance Association conference in Lincoln, Nebraska on College-Oriented-Career Planning for high school students.

Mrs. Ballenger, who resides with her husband Bill and two children, Carrie age 16 and Jeff age 12, in Council Bluffs, Iowa, has been involved in youth ministry for the American Baptist Churches (USA) for the past ten years. A graduate of Rule High School and a 1960 graduate of Hardin Simmons University in Abilene, she received her Master of Science in Guidance-Counseling from the University of Nebraska in Omaha this year.

She is a member of NPGA and APGA.

Great grandparents are Mr. and Mrs. D.C. Hagar of Eastland and Mr. and Mrs. R.H. Saffel of Rule. A great-great grandmother is Mrs. S.H. West of Eastland.

## FHA NEWS

The Rule FHA Chapter held a box supper for the FFA on Thursday night, September 29th, in the school cafeteria. Johnny Pond, agricultural teacher, auctioned off the boxes which were decorated in various ways. Everyone enjoyed sharing the meal.

A decorated cake was presented to Mr. and Mrs. Pond as a welcome to Rule. The cake was prepared by the girls in home and family living class.

Following the meal, Marla Lehrmann and Bonnie Woods, chapter president, led the group in games and relays.

Chapter sponsor of the FHA is Mrs. Becky Baker.

## SINGING SERVICE

On Sunday night, October 16th, at 6 p.m. the First United Methodist Church of Rule will be having a Sing-Song service. Anyone in the community who would care to attend is cordially invited to do so.

## VISITS HOME

Several ladies of the Rule First United Methodist Church visited with the residents of the Rice Springs Care Home on Thursday, October 6th, and led the group in singing of their favorite hymns.

Following the singing, Rev. Sammie Ellis presented a Bible Study on the practice of the rich man and Lazarus from the book of Luke, chapter 16, verses 19 thru 31. Following the reading of the parable, Rev. Ellis discussed it with the group and answered questions pertaining to it. The meeting was concluded with prayer.

## U.M.W.

The United Methodist Women met in the Fellowship Hall of the church on Tuesday, October 4th, for a Bible Study of the book of Acts.

Mrs. Ollis Macon, president, called the meeting to order and Mrs. C.E. Franklin led in the opening prayer. Mrs. O.G. Lewis, secretary, read the minutes of the last meeting and reminded members of the Day Apart to be held Sunday, October 23, at 2:30 p.m. in Quannah.

After the business meeting, Mrs. J.N. Cornelius introduced the book of Romans with a few remarks on the background of the book and about the author Paul, telling of a few events in his life.

Members then read from the first chapter of the book of Romans thru the seventeenth chapter.

At the conclusion of the Bible Study, Rev. Sammie Ellis assisted the group with the planning of the worship service for Laity Day to be observed Sunday, October 9th. Mrs. Cornelius led the closing prayer to conclude the program.

## TROJANS CONTAIN BOBCATS

The Windthorst Trojans played the Rule Bobcats in Bobcat Stadium Friday night and went home with all the marbles, winning by the score of 45-0.

In the first quarter of play it looked like it was going to be a defensive game but, the Trojans passing offensive and strong backfield overcame the Bobcats to take control of the game.

Rule took the opening kickoff and drove to the 40 yard line of Windthorst before the first turn over. Windthorst then drove down the field and scored with a play thru the middle with 1:15 left on the clock in the first quarter. The PAT was good. 7-0.

A fumble by Rule on a second down and recovery by the Trojans set up another touchdown for Windthorst with 25 seconds left in the first quarter. The PAT was not good to make the score 13-0.

Two minutes into the second quarter Windthorst Frank Wolf scored on an eight yard run around right end for six more points. The PAT was not good. Score 19-0. After Rule received the ball, Greg Wolf recovered a Rule fumble for Windthorst on Rules 25 yard line. Turnovers gave the ball back to Rule when they fumbled again and a Trojan recovered to set up another touchdown for the Trojans when they ran thru the middle to score again in the second quarter with 4:27 on the clock. The PAT was not to leave the score Windthorst 25-Rule 0 at the half.

Coming back for the second half, Windthorst, scored in the third quarter with 8:49 on the clock. The PAT was good to make it 32-0. Still in the third quarter with two minutes left, they scored again with the PAT being not good. 38-0. The final touchdown came just minutes into the fourth quarter with the PAT good to make the final score 45-0.

Windthorst is now 2-0 in district and 6-0 overall, while Rule is 0-1 and 1-4. Rule will be traveling to Chillicothe Saturday night, October 15th, to play at 7:30 p.m. at Chillicothe Homecoming and another district game.

Other District 5-B games played last Friday night were: Chillicothe 9-Throckmorton 0 and Newcastle 33-Rochester 0.

## KITTENS SCORE OVER PUPS

The Rule Kittens scored over the Throckmorton Pups by the score of 26-0, on Tuesday night, October 4th, playing in Bobcat Stadium. The Kittens scored in the last few minutes of the first quarter with a run by Leon Greeson. The PAT was not good. In the closing seconds of the second quarter, Benavides intercepted a pass and then Greeson passed to Kittley, moving the ball downfield

with Greeson scoring later, but a penalty nullified the play and time ran out at the half with the score Rule 6-Throckmorton 0.

In the second half the Kittens received the ball, but lost it on a fumble. Then Kittley intercepted a pass on Throckmorton's own 20 yard line and ran it over for six more points. The PAT was not good. After a change of turnovers, Benavides scored from the 20 yard line with 27 seconds left on the clock in the third quarter. The PAT was not good.

In the fourth quarter Benavides intercepted a pass but, Rule was unable to move the ball. Later in the quarter, Kittley tipped a pass which was then caught by Greeson on the cats own 20 yard line with 3:35 on the clock. On the next play, a pass from Greeson to Cloud, who ran 70 yards for a touchdown but, was nullified by an illegal receiver downfield. In another play Rhoads scored but, was nullified for illegal motion. After the third attempt, Otis Lockhart ran 98 yards for a touchdown with 1:22 on the clock. Cloud carried thru the middle for the extra two points to make the final score 26-0.

The Kittens will be playing their last home game next Tuesday, October 11th, at 7 p.m. when they host the Goree Kittens in Bobcat Stadium.

### Carroll Is Associate Minister

Donnie Carroll, an August graduate of Abilene Christian University, has been named associate minister of the Haskell Church of Christ. His principle duties will involve working with the youth of the congregation and the community. In regard to the adding of Carroll as a full-time associate minister of the congregation, Larry Suttle, minister, stated, "Our congregation believes that in these rather perilous times nothing short of our best is needed if we are to send our young people into the world with a strong faith in God. Donnie Carroll is the type individual that can speak the language of young people and win their confidence. He will be a real asset to the work of the church."

Carroll was born in Whitney Texas in 1955 and attended the public schools of that

community and played football on the high school team. He attended Abilene Christian University first with a major in business and finance but later changed it to Bible and youth ministry, the fields in which he received his degree. His interests include all kinds of sports, especially tennis, golf and football. Young people of the community are invited to get acquainted with Donnie by stopping by his office at the church building, 510 N. Ave. E. His home address is 1107 N. 5th. "To the young people of Haskell, if I can help in any way or if you just need someone to talk to come see me," stated Carroll.

### 4-H Foods Project Scheduled

Haskell and Rule Senior 4-H members have selected an interesting 4-H Foods and Nutrition Project for 1977-78.

On Sept. 12th the members met and selected foods they would like to learn more about and adults who they would like to present each lesson.

The first meeting will be on Appetizers and it will be taught by Mrs. Coy Payne of Haskell. Mrs. Payne will be teaching the members why appetizers are served, foods that can be served as appetizers as well as sharing recipes. Mrs. Max Stapleton will be conducting a lesson for the members on Authentic Mexican Foods.

Quick Breads will be the topic of Mrs. Duward Campbell's meeting with the members.

Mrs. Ken Lane will present a program on Vegetables for Family Meals or Special Occasions.

The members of the group are: Lynn Weatherly, Kim Lane, Tami Rea, Kay Campbell, Kim Campbell, Kerri Kemp, Sonja Tidrow, Karon Gray, Ember Miller, Joanne Cloud, Kris Kupatt, Tauniya White and Laurie Reynolds.

A SPECIAL WELCOME was given to those attending the Homecoming game last Friday night in the form of a welcome home sign. The giant sign is a trademark of Haskell Indian football and Friday's sign was a favorite of the Homecoming Crowd. (Staff Photo)

### SCHOOL NEWS

Principal Ward Cooksey, announced that Senior Tim Griffin has achieved commended student status in the twenty-third annual (1977) National Merit Scholarship Program. This honor is the result of his outstanding performance on the Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT) which was administered nationwide to high school Juniors in 1976.

Students in this group represent less than two percent of the total of graduating U.S. secondary school Seniors.

Griffin is the grandson of Mr. and Mrs. Shelby Harris and the son of Mr. and Mrs. T.C. Griffin of Seymour. The Griffins are former residents of Haskell.

# Accent ON HEALTH

Texas Department of Health  
Fratris L. Duff, M.D., Commissioner

This is Accent on Health, a presentation of your Texas Department of Health.

At a "nutrition Throughout the Life Cycle" conference held in Austin recently, thoughts, impressions and observations of some of the nation's leading authorities on nutrition were heard. The nutrition conference was sponsored by the Texas Department of Health, the Texas Public Health Association and the Department of Health, Education and Welfare, Region VI.

The 400 delegates who attended heard internationally known authorities speak on the nutritional needs at the different stages of life. They also heard Dr. Raymond T. Moore, deputy director of the Texas Department of Health outline the purpose of the conference. Dr. Moore said recommendations made at the

meeting are expected to be turned into an integrated nutritional program to benefit Texans of all ages.

Nutrition professor Dr. Betty Alford said that most elderly persons run into nutrition problems not because their needs change, but because they eat too much.

"The elderly need about the same amount of proteins, vitamins, minerals, and water as young people do, but the elderly need reduced amounts of energy or calories," said Dr. Alford. "Therefore, the elderly are more likely to develop obesity because they eat at the same levels that they had eaten before," she said.

Dr. Alford said factors related to nutrition problems of the elderly include established food attitudes, diminished ability to obtain food,

decreased energy requirements with continued needs for other nutrients, and the more frequent need for therapeutic diets.

The biological age of a pregnant teenager should be given more consideration than her chronological age in making a nutritional assessment, Dr. C.E. Gibbs told the audience.

Dr. Gibbs, professor in the Department of Obstetrics and Gynecology at The University of Texas Health Science Center in San Antonio, said the linear growth of a female typically stops about two years after the start of her menstrual cycle.

He said the relationship between growth and nutrition hinges on how close pregnancy occurs to the start of the menstrual cycle. The increase of caloric intake may be all that is necessary, generally speaking, after two years, said Dr. Gibbs. He said some of the main deficiencies found in adolescent pregnancy are iron, calcium and vitamin A.

A noted pediatrician told the delegates to the conference that he deplored the feeding of skim milk to babies as a weight reduction tool.

Dr. Samuel J. Foman, professor of pediatrics at the University of Iowa College of

Medicine, said many physicians and parents feel that skim milk will prevent obesity or trim down the babies.

"But, the trouble is, a baby just can't drink enough skim milk to meet the calorie needs," he said. "It's equivalent to a crash reducing diet in an adult and an unsatisfactory method of nutritional management in a baby," he said.

Dr. Foman said there is a tendency to introduce foods other than milk products or prescribed formulas too early in life. Over feeding, he said, is a big problem in babies.

Parents have a tendency to get the last drop out of the bottle or feed a baby the last bite out of the bowl of food without regard to a baby's desire to feed. Dr. Foman, who advocates breast feeding, said that in breast feeding the baby normally determines when he has had enough.

The eating habits of pregnant women have long been shrouded in myths and half-truths and superstitions, according to Dr. John Duhring, University of Kentucky Medical Center.

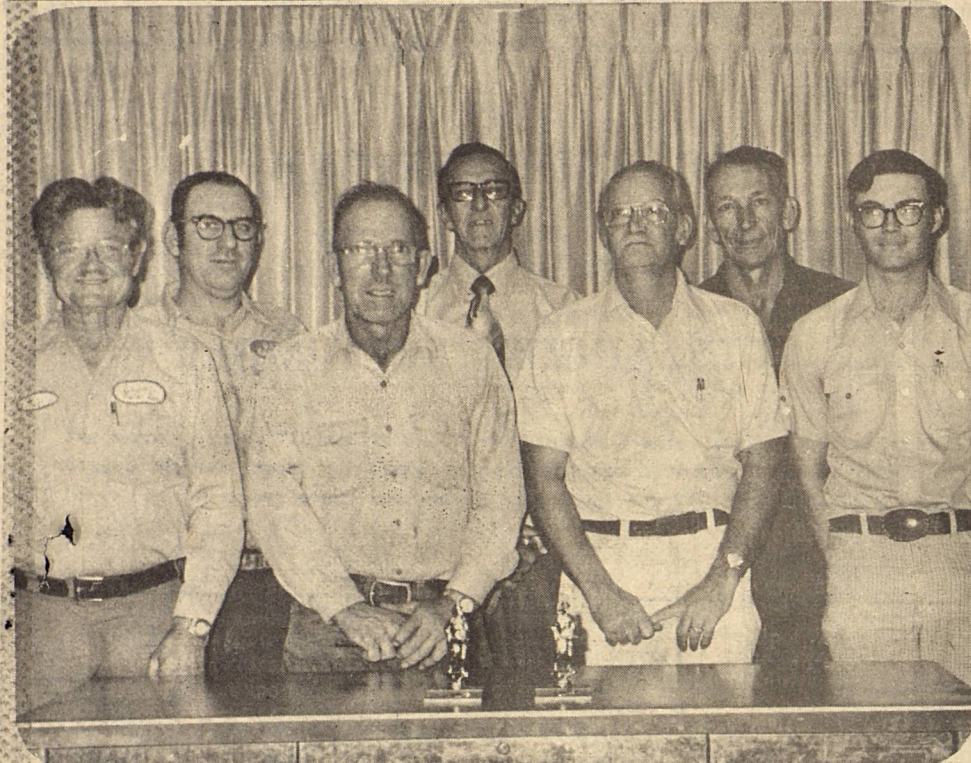

"Research indicates the things a pregnant woman needs is a good balanced diet and probably iron," he said. "The necessity for other supplements such as vitamins is very much in doubt at the present. In fact, it may actually be that some vitamins especially in high doses, may actually be harmful to the growing fetus and may produce birth defects," he said.

Dr. Willard Krehl of the Thomas Jefferson University Medical College stated that not enough was being done to improve the nutritional needs of patients in hospitals.

The Philadelphia physician called on Texas hospitals to make nutrition a primary concern. Dr. Krehl said hospitals should have interdisciplinary teams of professionals to deal with nutritional problems.

Harvard medical professor Dr. Ronald Arky informed the delegates that there are nine million people in the United States with a kind of diabetes brought on just by being overweight. "What seems to be a very common genetic tendency, maturity-onset diabetes, is brought forth by just milk obesity," he said. "It's essential for those with a family history of diabetes to start early to prevent overweightness," Dr. Arky said.

This has been Accent on Health, a public service presentation of your Texas Department of Health.

HASKELL VOLUNTEER FIREMEN won two trophies last Saturday at the Mid-West Texas District Fire Convention. The racing team members attending the convention were: 1 to r, E.J. Stewart, Raymond Andrada, Sonny Reynolds, Tom Watson, Bill Comedy, Cleo Merchant, and Don Comedy. The team won first place in the 6 man hose race, and the two man race and second place in the 6 man pumper race.

## Employee of the Month

Beverly Philpot, Insurance Clerk at Haskell Memorial Hospital was honored by being chosen "Employee of the Month" for the month of October by a popular vote of her fellow employees.

When entering the hospital as a patient, Beverly is the first person with whom they are in contact.

Beverly admits and dismisses patients and handles all their insurance for them. She is very efficient in her work and when there is a problem to solve with their insurance, she knows how to handle it and does.

Her warm friendly smile and calm efficient manner makes the people feel more relaxed and feel assured their insurance will be handled properly.

Quotes from the ballots, "Friendly, kind to everyone, always neat, and dependable."

She graduated from Greenville High School, and married Bob Philpot. They have one daughter, Mrs. Lynn Puschel, of Tuscola and two sons, Bob and Steven of Haskell. She is the proud grandmother of two grandchildren.

Beverly is a member of the First Baptist Church.

Mrs. Philpot has been employed by Haskell Memorial Hospital since April, 1969. Congratulations on being chosen "Employee of the Month."

### So you see fat?

AUSTIN, Texas (Spl.) — It may not be scientific, but a University of Texas nutritionist suggests the old mirror test to determine if one is overweight:

"Take off all your clothes," says Dr. RoseAnn Shorey, "stand in front of the mirror, and if you see fat, you see fat."

She says obesity generally is not the result of gluttony but of small daily intakes — "only 100 calories a day, a glass of wine, a bottle of beer, five crackers...."

Among her tips for weight reduction are changing eating habits, making sure diets are nutritionally adequate and increasing the level of exercise.

Branding with confetti is making things rougher for grain thieves. Grain producers are picking up the old practice of marking small slips of paper with identifying numbers and mixing the confetti with their stored grain crop. According to producers who have been using the confetti method for some time, it takes only about seven pounds of the paper to adequately mark and identify 50,000 bushels of grain. Although the small slips of paper are virtually impossible for thieves to separate from the grain, mill operators report they have no problem in removing the confetti during their washing process. Agricultural authorities in areas where the grain identification program is used extensively report a remarkable decline in the number of grain thefts.

## Letters To The Editor

Dear Editor:

Enclosed is my check for another years subscription. I always am ready to read the news of all kinds in the paper. Especially to keep up with the sick, the rest homes and deaths.

I was raised in Haskell Co., one mile South and across the highway from where the Midway School used to be. I represent the class of '29.

I'm sorry I'm not make the homemaking as I had plans otherwise before I knew of Homecoming date. Hello, Everybody Hello—Hurrah for Haskell—and the Class of '29. I am Christine Griffin Clark

Dear Editor:

We say "thank you" to the football boys, band, cheerleaders, teachers, coaches, band director and all the school personnel who helped to make our Haskell-Mattson Homecoming such a success.

### Problem students

AUSTIN, Texas (Spl.) — Two University of Texas educational psychologists are trying to uncover what factors lead to rowdy classroom behavior or dropouts from Texas secondary schools.

Drs. Melvin Sikes and Philip Powell hope to find out how problem students perceive the educational process and what experiences — from school, family and peers — tend to hold or not hold students in school.

Part of the study will use high school students to conduct interviews with other high schoolers to gain information adolescents might not reveal to adults.

By Mrs. Dan Gerber

There are so many working mothers today who are raising their babies extremely well. Some of them have given me pointers about that very important helper, the sitter.

• When selecting a sitter, see that she or he is capable, level-headed and dependable, or you may not be able to concentrate at work—you'll be worrying.

• If sitters are older, make sure hearing is adequate and that they are alert to handle emergencies capably.

• If the sitter's young, satisfy yourself that he or she is experienced and mature. High school students who've had baby care instruction in home economics classes usually are well-qualified sitters.

• You can make things easier for everyone concerned with convenient baby care products. Gerber, for instance, helps to make feeding a baby almost as easy as opening a jar and dressing a baby a snap.

## Thank You!

We wish to express a sincere "Thank You" to our many friends from Weinert, Munday, Haskell, and Rochester for overseeing, harvesting, and hauling our cotton crop, and to others who wanted to help.

Also, to thank the County Judge, Commissioners, and the men who work with me in Precinct #2 for staying in contact, by phone, in order to carry on the work of County and Precinct efficiently.

Words are inadequate in expressing the deep feeling we have for our friends.

INDIAN JIMMY BROWNING scores another TD against the Rotan Yellowhammers last Friday night. Browning rushed for 239 yards in the 41-0 Indian victory. The Tribe will travel to Aspermont this Friday with game time set for 7:30 p.m. (Staff Photo)

the time between the union's request for an election and the actual balloting. Employees would have much less time to consider the issues involved and their free choice would suffer accordingly.

**THERE IS MUCH DISCUSSION IN WASHINGTON** as to people's "rights". This measure diminishes rights in numerous respects. For instance, under the "reform" package, an employer must allow representatives of the union to come into his place of business and campaign with workers to organize them into a union. The employer must suspend operations to allow the union representative to meet with employees and he must bear the expense for lost time.

**ON THE OTHER HAND,** there is no provision in the bill that requires a union to grant an employer access to its union hall in order that the employer may similarly talk to employees.

**ANOTHER PROVISION COMPELS A COMPANY TO REHIRE** an employee and pay him double wages if the Labor

Board "has reasonable cause to believe" a person has been discharged due to an unfair labor practice, despite the fact that the matter has not even been heard. The requirement applies when a union is seeking to organize a firm but no contract has even been agreed to.

**ANOTHER SELECTION OF THE BILL** provides that if the Labor Board is of the opinion that an employer is not organizing in good faith, it can compel the employer to increase wages for as long as he failed to bargain in "good faith." The Board, of course, decides what constitutes good faith.

**THE BASIC LEGAL RIGHT OF "DUE PROCESS"** is violated all through this measure. An appointed Board bypasses remedies to be found only in a court of law.

**THIS BILL, IF APPROVED BY THE SENATE AND SIGNED BY THE PRESIDENT,** would go a long way to deny freedom of choice to working Americans. It makes both employees and employers subject to unequal protection under law.

## Hints On Cotton Harvester Safety

Cotton harvester overturns, fires and contact with electrical power lines are primary hazards encountered during field operations of large overhead basket cotton harvesters, points out Dr. Gary S. Nelson, a safety engineer with the Texas Agricultural Extension Service.

Nelson advises harvester operators to be sure their machines will clear electrical wires before raising or dumping the baskets. A raised basket may reach a height of 25 feet and can easily reach nearby overhead power lines.

To reduce the probability of upset, always fully lower the basket before driving away from an unloading station, cautions the engineer. A raised basket causes the harvester to become more top-heavy and more easily upset. Also, operators should remain seated when raising or lowering the basket on a tractor-mounted stripper as a sudden drop of the basket could result in a serious head injury.

To prevent upsets during field operations, Nelson recommends keeping harvesters a reasonable distance away from ditches, creeks and other steep or sloping ground. Also,

keep end rows smooth and firm. Quick stops or turns with high-profile cotton pickers are also hazardous. Reduce engine speed before braking or turning. Also, reduce travel speed when moving over rough or uneven ground.

The engineer also points out that harvester operators should be sure that other workers and family members stay clear of moving machinery. In addition, operators need to comply with state regulations regarding the display of slow moving vehicle (SMV) emblems on trailers before transporting cotton on public roads.

Harvest fires usually involve highly flammable leaf trash and dead plant debris as well as cotton lint which is ignited by a hot engine, the exhaust system, or by careless use of smoking materials.

Fires can be prevented by keeping engines clean and free of debris, exhaust systems free of leaks, and electrical contacts, including the battery, clean and tight, suggests Nelson. Furthermore keep the doffer area free of lint and trash to avoid fires caused by friction between the spindles and other. Nelson also advises opera-

tors to dump the basket downwind into trailers to prevent cotton from blowing back onto the engine and to mount an all-purpose fire extinguisher where it will be readily available in case of fire.

## Minority students

AUSTIN, Texas (Spl.) — Students from minority groups are doing well in engineering studies at The University of Texas, says the director of the Equal Opportunity in Engineering program in UT's College of Engineering.

John S. Robottom reports that 87 per cent of the minority students who have entered UT engineering programs "have either graduate or are still in school, a much higher percentage than the student body as a whole."

He notes that since engineering is demanding and has one of the highest dropout rates at the college level, "retention is the acid test." He estimates about 14 per cent of UT's freshman engineers this fall will be from minority groups.

## Washington

"As It Looks"

From Here"  
**OMAR BURLESON**  
Congressman — 17th District

WASHINGTON, D.C. — JOHN RANDOLPH OF VIRGINIA ONCE REMARKED in debate when he was a Member of Congress that "change is not reform."

IF THAT STATEMENT WAS TRUE IN RANDOLPH'S DAY, it is more so now. One of the most over-worked words in Washington today is "reform." Once this word becomes a part of a bill's title, it is assumed that what comes out is going to be for the better.

ON MARCH 24TH, WE MADE REFERENCE TO LEGISLATION later introduced with the title, "Labor Reform Act of 1977." The title of the measure is a clear case of deceptive labeling.

THIS BILL WAS PASSED IN THE HOUSE OF REPRESENTATIVES last week by a vote of 257 to 163. It illustrated the all-out lobbying efforts of the labor unions to exert pressure on those Members of Congress they had aided in their elections.

THE MEASURE IS NOT REFORM AT ALL. Contrarily, if it finally becomes law, it threatens the rights of both employees and employers. UNDER EXISTING LAW, HEARINGS ARE REQUIRED prior to the holding of labor union elections. These hearings are for the benefit of those who would be affected by the results of such an election. This "reform" bill would eliminate requirements for such hearings. Instead, it reduces from 50 to 150 days

## The Consumer Alert

by John L. Hill  
Attorney General

AUSTIN—"Sale," "Cut Rate Prices," "Discount," "Reduced from List Price"—ads like these are featured daily in newspapers, on radio and television, and in store windows. Most consumers have wondered from time to time if these phrases have a special meaning or if they are just advertising gimmicks.

Lawyers in our Consumer Protection Division say such ads could indicate savings for bargain-minded consumers. But they caution, too, that there is a small minority of businessmen who may attract customers with deceptively advertised or misleading sales.

A few merchants advertise "sale" almost continuously and such "sales" may not offer prices any lower than usual. And have you ever questioned the "list price" on a sale item? What about the purported savings from the manufacturer's suggested retail price?

Often, such savings claims have no real relation to any actual savings. What a catalog shows as the "suggested retail price" may be meaningless if no merchant in the area is selling at that price.

A "manufacturer's suggested price" is just what it says—a suggested price. Consumers should be wary of such price comparisons unless they check several stores and can confirm that an item is being sold at that price. Personal checks by telephone or in person are really the only way to determine the price range of an item in your area.

Another possible deception our Consumer Protection

Division attorneys point out involves merchants who tag their merchandise with a label having "Regular Price \$\$\$" crossed out and "Our Sale Price \$\$\$" (always much lower) written below.

Sometimes, that "regular" price cited is fictitious and the "sale price" is the usual one. In such instances, price comparisons can be not only meaningless, but deceptive.

The term "sale" should be used only to advertise significant reductions from the merchant's usual and customary price for that merchandise, and should be continued for a reasonable period of time, not continuously.

Special "limited time" sales should be carefully observed by merchants. For example, a "One Day Only" sale should be just that. Goods should go back to regular price immediately after expiration of the stated time.

"Emergency," "fire," or other "distress" sales, or "going out of business" or "liquidation," sales should not be advertised unless the stated or implied condition is accurate. And these sales should continue for only a specified time. Our attorneys have won court judgments against a few merchants who have been "going out of business" for several years.

If you have a consumer complaint about misleading or deceptive advertising, contact the Attorney General's Consumer Protection Division in Austin, Houston, Dallas, San Antonio, El Paso, Lubbock, or McAllen. Or call this toll-free number: 1-800-252-9236.

## Hunting Success Depends On Where And When

Hunting success this year, and so far it has been mostly good, has hinged on where you went and when you were there.

This seems to be the pattern for the upcoming season, but preseason outlooks seem to favor the hunter who shoots game with feathers. A mid-September check with Texas Parks and Wildlife Department field personnel indicated big game production has been spotty; ground nesting bird production has been excellent.

Deer: Buck deer will have good antlers in most sections of the state. During the early spring when antlers were being formed conditions were good. From now until the season opens (November 12 in most counties), deer will be in good body condition only in areas that get rain.

Reports from the Panhandle and the Permian Basin indicate good production and range conditions. In the Hill Country where rain has been spotty deer conditions vary from pasture to pasture. In the northeastern third of the state deer conditions are reported as very good. On the Engling Wildlife Management Area, 48 percent of the does had fawns, representing excellent production. Southeast Texas needs rain and while herbs are increasing, body conditions may be poor in some areas.

South Texas deer ranges also need rain. In the Trans-Pecos, P&WD biologist Jack Kilpatrick says while the mule deer range is dry, there has been a good fawn crop, and conditions appear to be at least as good as last year.

Antelope: Herd conditions are fair to good in the Panhandle, Permian Basin and Trans-Pecos. Hunting is by permit issued by the department to landowners.

The season opens on October 1. Chambers of Commerce nearest desired hunting areas are the best sources of finding a place to hunt.

Aoudad Sheep: Population is increasing, range conditions are good this year and there now is a two-week season beginning October 5 in several Panhandle counties. Hunting also is by permit and information is best obtained through Lubbock Chamber of Commerce or local game wardens.

Turkey: Texas has always had more wild turkeys than any other state and Horace Gore, P&WD statewide turkey project leader, reports that this may be one of the best turkey years on record. All sections of the state report excellent production.

Quail: As with turkey, biologists say we have had the best statewide quail production in years. Both the scaled quail range of West Texas and the bobwhite range of the eastern half of the state have many young quail on the ground.

Pheasants: Texas now has pheasant populations on the coast as well as in the Panhandle. In both areas nesting success has been good. Hailstorms have damaged some flocks in the Plainview area, but the overall hunting outlook is good.

Waterfowl: One biologist commented that anything said this year about waterfowl conditions would be true somewhere in Texas. Hunting success will depend upon both local conditions and what is going on farther up the flyway.

Blue-winged teal conditions do not look good on the upper coast but are better west of Houston. Teal conditions are reported excellent in the

Panhandle with green-winged teal being most abundant. Teal populations are reported skimpy in East Texas. General waterfowl conditions are good in the Panhandle with most plays lakes containing water. Many coastal areas need rain.

Squirrel: Reports from southeast Texas indicate an off year for squirrel. Spotty rainfall and mast crops, plus a hot summer have resulted in a poor squirrel crop.

### B&PW Club Week Set

The Business and Professional Women's Club of Haskell will observe National Business Women's Week, October 16-22, 1977. All Clubs in America will be observing this week. The Club's theme for the year will be remembered in all meetings "CHANGE: CHALLENGE AND RESPONSE."

On October 17, the Haskell Club will enjoy a luncheon at noon at the City Cafe. The Program Committee will act as hostess for the luncheon. Members are urged to bring guests. Mrs. Margarette Jordan, of San Antonio, Texas will be guest speaker for the luncheon.

On October 18th, the Finance and Benevolence Committee will act as hostess for the meeting to be held in the Community Room of the Haskell National Bank, at seven o'clock.

Mrs. Shirley Delaney, District Director, will be guest speaker. Members are urged to attend and bring guests.

Go classified for the Action you want.

### SCOUTING NEWS

629 NEW SCOUT MEMBERS IN SEPTEMBER

There were 153 new adult leaders and 476 new youth members registered in the Scouting units of the Chisholm Trial Council during the month of September.

According to Don Knecht, Council Scout Executive, this brought the membership at the end of September to 2867 youth members and 1116 registered leaders.

By far, the largest number were Cub Scouts, with a total of 435. There were 33 new Scout Troop members and 8 new Explorers. Five new units were organized in September bringing the total to 124 units. This includes 58 Cub Packs, 50 Scout Troops, and 16 Explorer Posts.

Approximately half of the new members are from Abilene, with most of the communities of the 9 1/2 county council being represented in the other half. This includes the counties of Haskell, Stonewall, Fisher, Jones, Shackelford, Nolan, Taylor, Coleman, and the north part of Runtels County including Winters.

TIMBER TAG SCOUT LEADER TRAINING BEGINS OCTOBER 13th

Scoutmasters, Assistants, Webelos Leaders, and Troop Committeemen will be attending Timber Tag Training Course No. 47, put on by volunteer Woodbadge Scouters of the chisholm Trial Council.

The kickoff session for the course is Thursday, October 13th, starting at 7:00 p.m., at the Council Service Center, 3233 So. Willis.

Fun, fellowship, and learning the basic skills used in Troop operation will be emphasized. From the beginning the group will be organized into Patrols of approximately 8 trainees in each Patrol. Each will design its own Patrol flag and originate its own Patrol song and yell. Later, during the outdoor portion of the course, each Patrol will camp together and engage in skill competition against each other.

The Course Director is known as the Timber Tag Scoutmaster. This will be Maurice Hufstelder. Nelson Wilson will serve as the Senior Patrol Leader. Other Woodbadge graduates will be assisting in the specialized instruction given during the course, which will consist of four indoor sessions at the Service Center, and two weekend outdoor sessions at Camp Tonkawa. It is important that trainees get in on this first session on October 13th.

### COTTON CLASSING

MUNDAY

The Munday office opened October 3, 1977. According to Sidney Ferrell, in charge, this is the earliest opening date since 1964 when the office opened on September 14.

Cotton prices are ranging from 43 to 45 cents per pound with micronaire readings ranging mostly in the 3.5 to 4.9 range. Market activity was slow. Grade quality was mostly high grade with 85 percent of the cotton classed this week being grade 31. Grades 40 and 32 each accounted for 5 percent and grade 41 was 3 percent. The predominant staple length was staple 31 with 64 percent followed by staple 30 with 26 percent. Staple 32 accounted for 9 percent of the weeks classing. Micronaire readings were 97 percent in the premium 3.5 to 4.9 range.

About 6,000 samples were classes during the week ending October 7. With the large increase in acreage and expected good yields this area could produce the largest number of bales in the history of the Munday office, which opened in 1958. In 1961 this office classed 115,000 samples and this could be the year that we beat that record.
