Meet Seagraves For Regional

Indians Win Bi-District Title

The Haskell Indians won the bi-district title last Friday by defeating the Albany Lions, 40-15, at Shotwell Stadium in Abilene.

With the win, the Indians also earn the right to advance to the regional playoffs.

The regional game will be held this Friday at 7:30 p.m. in Snyder. The game will pit the Tribe against the Seagraves Eagles. The Eagles have been rated number one in the state since before the season. Last Friday, they defeated Marfa.

21-15. Marfa had been ranked number two in the state all year.

Haskell will be home team this week against Seagraves and will sit in the west stands. Tickets will be \$3.00 for adults and \$1.50 for students.

The pep rally will be held Friday afternoon at 2:30 p.m. in the High School Gym and all Indians supporters are urged to attend.

The Team will leave Haskell at 3:30 p.m. in a charter bus.

The scouting report for Seagraves shows that the team is composed of 14 seniors on the 24 man traveling squad. The team is not excessively big but they try to control the ball. Throughout the year, they have been scored on but their offense has always managed to outscore their opponents. Their season record in 11-0.

All four players in the backfield have been starting since their sophomore year and all four are now seniors. They have an outstanding quarterback and an outstanding open field runner in Clarence Davis, 32, their starting tailback. Their fullback is also a very strong runner.

The team is primarily a running team but they can pass. Offensively they run from a wing T or straight T and run the reverse and wing back traps frequently. They have two backs who have gained over 1,000 yards rushing this year.

The Indians surprised a lot of folks last Friday night when they amassed a 27-0 lead at halftime. The Tribe scored two TD's in each of the first two periods. In the first quarter, Quarterback Rex Pittman passed six yards to Robert Rodriguez for their first score of the game and Rodriguez's kick was good for the extra point. Monnie Hise intercepted an Albany pass on their

next possession and set up a 9 yard scoring run by Pittman. Rodriguez again kicked the extra point.

Midway through the second quarter, Monnie Hise passed 14 yards to Rodriguez and Rodriguez added the extra point. Two plays later Monnie Hise, intercepted another Albany pass. Three plays later, Jimmy Browning scampered 46 yards for another Tribe TD. The PAT failed.

Albany received their first score in the form of a safety when the ball sailed over Pittman's head as he was back to punt. The ball went out of the end zone.

Albany scored again early in the final period to make the score 27-9.

Monnie Hise intercepted his third pass of the game and returned it 31 yards to set up a 10 yd. Jim Browning TD. PAT was good. On the kickoff following the TD, the Indians were attempting to kick the ball low into a strong headwind, but the ball was not hit squarely and was recovered on the 43 yard line by Monnie Hise. Four plays later, Vonnie Hise caught the snap on a fake punt and dashed 37 yards, for the Tribes final TD. Albany ended the scoring on a 30 yard TD pass with 30 seconds left to play.

Vonnice Hise led the Indian rushing attack with 171 yards

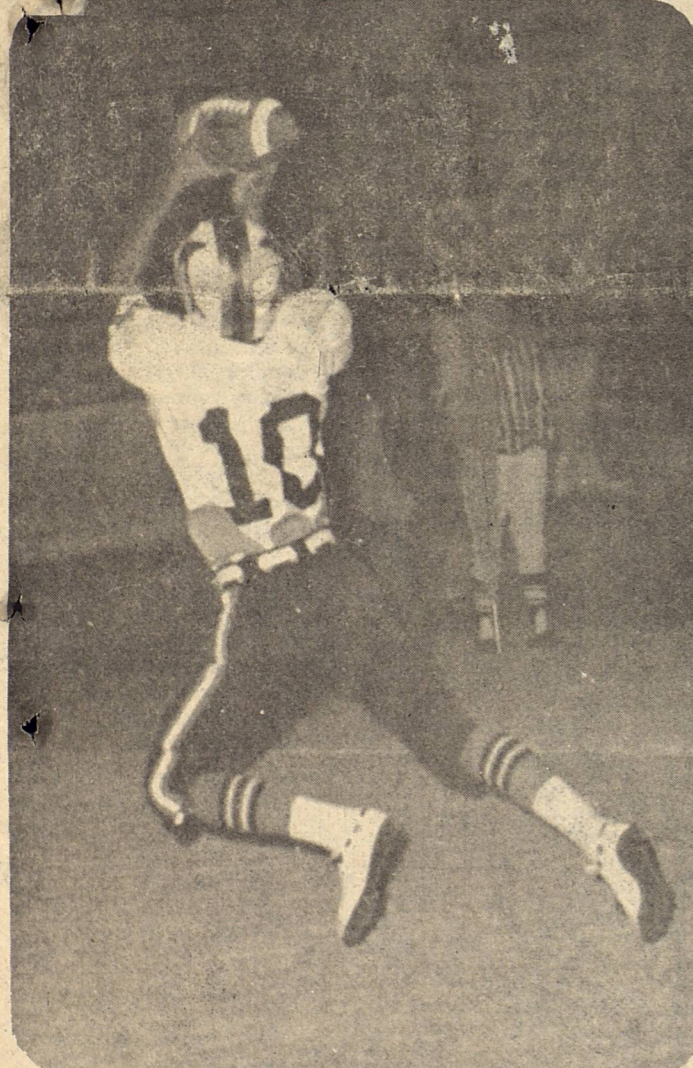

and Browning stepped off 147 yards. They carried the ball 21 times each.

In addition to the outstanding blocking of the offensive linemen, Indian backs made some exceptional downfield blocks for each other.

Defensively, the Tribe was very consistent except for a letdown in the third quarter. The letdown was the obvious result of not being prepared to have a 27-0 lead at halftime.

The Indians, which were picked by the pollsters, to

finish near the bottom of district about three months ago now will meet the team which the same people picked to win the State Class A title. Let's go to Snyder Friday and show them what we think of their predictions!

SHOWER

The Women of the Weinert Methodist Church will host a shower November 30, for Mr. and Mrs. R. M. Walker of Weinert. Everything the family owned was destroyed recently when their home burned. The shower will be held from 2:30 to 5:30 in the Weinert Community Center and everyone is invited.

2 Sentenced In Dist. Court

Two Rochester residents were sentenced Tuesday in the 39th District Court after they entered guilty pleas to felony criminal mischief charges.

The two were: Kevin Jones and W. H. Patterson, both 17, of Rochester.

They were charged with the Nov. 4 damage to a 1977 Toyota pickup in Rochester, owned by Rochester Coach Fred Edwards. Damage to the vehicle totaled \$652.28.

The two were given two-year probated sentences and ordered to pay court costs and pay for damages to the vehicle. They were represented by Joe Williams.

Prosecuting for the State was District Attorney Joseph Thigpen. District Judge W. P. Ratliff presided.

110 Attend Third Annual Workshop

Tools for problem solving was the topic for the third annual clinic held by the Haskell Schools and the Tri County Mental Health Clinic.

The clinic was held in the Community Building of the Haskell National Bank building and 110 people attended. Among the guests were the superintendents from the Haskell and Rochester Schools, a number of teachers and many interested citizens. Special guests were Jim Smith, Coordinator of the Vernon Center Rose Eaton, Volunteer Coordinator; Chris Hazard, psychologist of the Vernon Center and Mike Malone, Case worker for the Vernon Center.

The introduction of Dr. Frankie E. Williams was given by Dr. T.W. Williams who is the Medical Director of the Tri County-Clinic. Dr. Frankie E. Williams has been the Administrator of the Vernon Center for the past 7 years. She was born in Avoca and graduated

from Haskell High School. She also worked for the Hospital in Haskell. She is a graduate of the University of Texas Medical School and worked in Big Spring for 12 years before coming to the Vernon Center. She talked on the value of the outreach program and praised the Vernon Center for the good work that their outreach program is doing (The Tri County Clinic is part of the Vernon Center). She said that they had the lowest number of people readmitted to the hospital after receiving help from the outreach clinics.

When Dr. Frankie E. Williams took over the outreach program in 1969 it provided treatment for patients in 14 counties. Now they provide treatment for people in 43 counties. This is due to the success of the outreach programs like the Tri County Clinic.

Next on the program was Be Bo Keys who is a native of Austin and a graduate of

Southwestern University in Georgetown with degrees in English, Drama, and Elementary Education.

She is the Assistant Chief of Volunteer Services State Dept. Mental Health-Mental Retardation in Austin Texas.

In talking about her program she said, "We are looking at different ways of looking at our problems. We look at the different things and realize that there were many stances that we can choose from for our problems. We do not use all our resources, we usually tend to leave out humor and friends. We tend to try to solve our problems by ourselves."

The audience participated in a brainstorming activity where there is no judgement to stop creative thought. (The top group got over 100 items in 10 minutes). The audience created a typical Haskell family and their problems which were portrayed by a drafted volunteer group:

Aubrey Headstream was the father. Chris Hazard was the teenage daughter, Grace Bishop was the mother-in-law, Mike Malone was the Banker and Jeanie Friedel, played the wife. The typical family put on a moving and funny performance with poor old Dad getting it from all angles and his only comment was HELP!! The program ended on the note that we all try to find remedies for our problems and we need to be aware that "some will work, some won't work and some may even kill us."

NOTICE

The Haskell Free Press will be closed Thursday and Friday, in observance of Thanksgiving. The annual Christmas Shoppers Edition of the Free Press will be published next week.

WE'RE NUMBER ONE! was the cry at the end of the game last Friday night. Haskell Indians and fans held the game ball and the Bi-District trophy high after their 40-15 victory over the Albany Lions. The Tribe will meet Seagraves this Friday night in Snyder for Regional. (Staff Photo)

B&PW Club Thanksgiving Meeting

The Members of The Haskell Business and Professional Women's Club, of Haskell, received a beautiful Thanksgiving Invitation which read: "The Best Times Are Together Times." Date-November 15, 1977. Time-Seven O'clock; Place-Haskell Steak House.

The Membership and Personal Development Committee acted as hostess for the festive occasion. Members of the Committee are: Dora Montgomery, Pauline Norman Ozella Frierson, Veta Furrh. Ozella Frierson was responsible for the beautiful art work done on the place-cards, and the table decorations.

When the members and their guests arrived, they found the message on the

invitations to be true.

The tables were decorated in the Thanksgiving theme. A cornucopia on each table was overflowing with beautiful fruit. Pilgrim dolls were also seen on the tables. The place-cards carried a picture of Pilgrims and Indians enjoying the first feast. On the back was this verse: "In everything give Thanks, for this is the will of God in Christ Jesus concerning you."

Novella Rastetter, president greeted members and their guests. She asked each member to introduce their guests. After the introductions a most delicious traditional Thanksgiving Dinner was enjoyed.

After the meal, the president presided for a brief business meeting. She asked Ramia Lee Frazier to introduce the speaker for the evening.

Mrs. Frazier introduced Brother Larry Suttle, Minister of the Church of Christ, and his wife.

The speaker brought a most beautiful and inspirational message on "Expressing Our Gratitude." Brother Suttle suggested that during this season we "Develop The Attitude Of Gratitude."

He noted that it is wonderful to be able at this season to enjoy with our family and friends good food, and the games. He exhorted the audience not to forget to "Turn Our Eyes To Heaven And Thank God For Our Many Blessings, Remembering That God Is The Source Of All We Have And Enjoy."

The Speaker feels that we have too much ingratitude in the world today. He urged those present to "Learn The Art Of Expressing Our Gratitude to God, And To Those About Us."

Brother Suttle closed his message by reading a beautiful Prayer of Thanksgiving, prayed by the late Peter Marshall.

Each member took a toy to be sent to the Abilene State School. There was a large box of gifts which will be taken to the school to help the children enjoy Christmas.

Members are looking forward to their Christmas Dinner, December 6th, Mrs. J.C. Amburn will be guest speaker.

Around Town

By Lisa and Mary

Mrs. Vera Harris of Rice Springs Care Home is recovering nicely at Hendricks Medical Center where she had surgery November 11.

Mr. and Mrs. Vernon Bowen, Mr. and Mrs. Steve Burrow and son, Grant, of Lubbock visited with Mrs. Ruth McKennon of Munday.

Mr. and Mrs. Emmett Russell of Haskell celebrated their 50th anniversary Nov-

ember 13th. To help make this a happy occasion, 74 friends and relatives registered. This totaled nearly 100 guests with the children and grandchildren. Friends and relatives called throughout the evening from Plainview, Kress, Knox City, Munday, Altus, Okla., Olden, Rochester and Haskell.

Mr. and Mrs. Cleve Warren and Mr. and Mrs. Elmer Hester of Round Rock spent several days last week visiting Mr. and Mrs. Bobbie Hester, Mr. and Mrs. Lewis Hester, Mr. and Mrs. E.A. Russell and other relatives in this area. While here they helped celebrate Stacy Hester's 10th birthday. He is the son of Mr. and Mrs. Jerry Floyd Hester.

Mrs. J.M. Glass treated herself and daughters Mrs. Jimmy Crawford, Mrs. James Carroll, and daughter-in-law, Mrs. Moreland Glass to a vacation trip to Hawaii. Others making the trip were Mrs. Vernay Burson of Haskell and Mrs. W.B. Shaddock of Wichita Falls. They flew from Dallas to Honolulu and were there four days; then their trip took them to the island of Maui and on to the big island Hawaii. They toured each island and all enjoyed seeing the various points of interest. The group returned to their homes last Tuesday.

9 Delegates To Represent Farm Bureau

Haskell County Farm Bureau has qualified to send 9 voting delegates to the 44th annual meeting of the Texas Farm Bureau Nov. 27-30 at the Shamrock Hilton Hotel in Houston, according to J.W. Aycock of Haskell, president of the 891 member organization.

County Delegate strength is based on number of members in the county.

Attending as voting delegates from this county will be Mr. and Mrs. J.W. Aycock, Mr. and Mrs. Ronnie Chapman, Mr. and Mrs. Burnell Gilleland, Tim Burson Dan Griffith, and Coyt Hix.

Also attending from here will be Mr. and Mrs. Jimmy Owens.

More than 1,000 voting delegates from the 210 organized county Farm Bureaus in Texas will gather in Houston to adopt state policies and approve recommendations for national policies.

The latter will be forwarded to the annual meeting of the AMERICAN Farm Bureau Federation which will be Jan. 8-12, 1978 also in Houston.

Texas Senators Lloyd Bentsen and John Tower will address the TFB meeting. Tower will speak on Monday morning, Nov. 28. Bentsen will address the Tuesday morning session.

Other Monday morning speakers will be TFB President Carrol Chaloupka of Dalhart and TFB Secretary-Treasurer Reed Lang of Rio Honda. TFB Executive Director Warren Newberry of Waco will give his administrative report on Tuesday morning.

Mrs. Brenda Baumgardner Drees of Houston, will speak at a ladies' luncheon Nov. 28. She is an instructor for Total Woman, Inc.

First day activities include vesper services, and state finals of the Discussion Meet and Talent Find competition.

Eleven district finalists will compete for the title of TFB Queen on the evening of Nov. 28.

Twelve special conferences are scheduled for the afternoon of Nov. 28. These are Animal Health, Energy, Cotton, Wheat and Feed Grains, Rice, Farm Bureau Services, Livestock, Peanuts and Oilseeds, Research and Education, Farm Labor, Water and Dairy.

The business session will begin Tuesday morning and continue until all proposed resolutions have been voted on. The last order of business will be election of directors (from odd-numbered districts this year) and the state president.

Following adjournment, the TFB Board of Directors will meet and elect a secretary-treasurer and a vice president.

HERE'S TO YOUR HEALTH from DOYLE HIGH

Just as an engine can't run without fuel, your body can't work efficiently without a good breakfast. This is especially true for rapidly growing youngsters. Over five week periods, late morning tests at Iowa University showed that in every instance when students ate no breakfast, they took longer to make decisions, were less steady, and able to do less work. Earlier tests with adults showed that when they ate adequate breakfasts they had quicker reactions, did better work, and felt "more alive."

Cotton Classing

Cotton prices ranged from 42.25 to 43.50 cents per pound for mixed lots of mainly grade 42 and higher, according to Sidney Ferrell, in charge of the Munday Classing Office. Demand is light but is better than the previous week. Light Spotted grades continued to increase. Seventy-nine percent of the cotton classed last week was in this category, as compared to 75 percent the week before. Grade 32 continued as the predominant grade with 61 percent. Grade 42 accounted for 17 percent while grade 41 was 13 percent.

Staple 32 accounted for 60 percent of the cotton classed. Staple 31 was 28 percent and staple 33 was 12 percent. Micronaire readings in the 3.5 to 4.9 range accounted for 96 percent of the cotton tested.

About 10,800 samples were classed by this office during the week ending November 18. The season total is now 87,600 samples as compared to 12,700 at the same time last year.

Tami Letz Honored With Shower

The home of Mrs. Joe Clark in Sagerton was the scene of a bridal shower in honor of Tami Letz, bride-elect of Fred Baitz, last Saturday afternoon, November 19, at 2 o'clock.

Mrs. Clark greeted the guests and presented the bride-elect, her mother, Mrs. Roy Letz of Rule; the groom's mother, Mrs. Melvin Baitz of Sagerton, and his grandmother, Mrs. J.A. Hertel of Sagerton and Mrs. Emma Raphael of Stamford. Mrs. Buster Tredemeyer registered approximately 30 guests.

Mrs. Fred Kupatt and Mrs. Hilda Neuman served cookies punch and coffee from the refreshment table which was covered with a pale yellow lace-trimmed cloth. The white candelabra held yellow tapers surrounded with yellow baby mums.

The party rooms were decorated in white and yellow and the living room coffee table held a miniature bridal procession.

Other hostesses were: Mrs. David Letz, Mrs. Joe Swofford Mrs. Leon Stegemoeiler, Mrs. J.B. Toney.

New conservation plans have been approved for Joe Kimbrough and Mrs. Vennie Lytle, 198 acres; Joe Kimbrough and W.W. Young Estate, 349 acres; and Duward Campbell and Martin Rueffer 388 acres.

These new plans were approved by the Board of Directors of the Haskell Soil and Water Conservation District at their regular monthly meeting on November 16.

Joe Kimbrough also revised his plan on his mother's farm, 157 acres; Leon Jones, 706 acres; Larry Blackwell, 660 acres; M.C. Josselet, 1560 acres; and Duward Campbell and Mrs. H.R. Spain, 446 acres.

Great Plains Conservation Program contracts have been certified for funds for A.C. Pierson and James A. Isbell, 473 acres and Tiffen R. Mayfield, 750 acres.

During October and November, Soil Conservation Service technicians assisted the following producers in Haskell

SWCD apply the following needed conservation measures on their farms:

Waterways: A.C. Knipping-13 acres, David Burson-4 acres, Milton Christian-3 acres, and Johnny Wheatley-3 acres.

Level Terraces: Kenneth Lane, 7950 feet and Abe Turner, 5519 feet.

Parallel terraces: Pierson-Isbell, 38,270 feet; Mrs. M.E. and Waller Overton, 24,595 feet; M.C. Josselet, 3165 feet; Johnny Wheatley, 35,565 feet; and Duward Campbell, 2520 feet.

Diversion terraces: Dale Middlebrook-1323 feet.

Parallel terracing work is currently underway on the Willard Mullins and T.R. Mayfield farms.

The Haskell County Development Group met last week and formulated the 1978 Agricultural Conservation Program. The new program will furnish cost-share assistance to Haskell County producers for:

- (1). Establishing permanent vegetative cover on cropland being converted to grassland-60%.
 - (2). Improving vegetative cover on existing grasslands-50%.
 - (3). Constructing terraces-61%.
 - (4). Constructing diversions-61%.
 - (5). Constructing water wells for livestock water-50%.
 - (6). Installing pipelines for livestock water-50%.

Cardboard chewing cattle may become more common during the next few years. Researchers say cellulose in cardboard provides a much better diet for cattle than newsprint materials which were experimented with for several years. Giving the new product the title, "Rumose", promoters are pushing for acceptance of treated corrugated boxes as a viable feed supplement in the feedlot for commercial feeders. Developers advocate grinding or pelleting of the boxes, then mixing with whey (waste material from cheese making) or other materials to make the boxes more palatable. One of the key researchers for this project is Dr. John Campbell of the University of Missouri. Dr. Campbell says the process of manufacturing the boxes may increase their digestibility which "approaches or even exceeds the digestibility of common forages". For cattle, "box" lunch may take on a whole new meaning.

VA News

Recent legislation granting a 6.6 percent increase in Veterans Administration compensation benefits to disabled veterans also included a boost in the VA clothing allowance for the nearly 58,000 disabled veterans whose prosthetic or orthopedic devices cause undue wear and tear on clothing. Jack Coker, Director of the Waco VA Regional Office, said today.

The increase, however, applies to the 1978 allowance.

The 1977 payments had already been made before the increase went into effect last month, Coker explained. Clothing allowance checks are normally mailed by September 1 each year.

The payments go to veterans whose service-connected disabilities require the use of special prosthetic or orthopedic devices, including artificial limbs, braces and wheelchairs which VA determines cause damage to their clothing.

Veterans on VA compensation rolls receive the allowance automatically after initial application.

Military retirees not receiving VA compensation must apply for the allowance each

year. They are not required to waive any portion of their retirement pay to receive the allowance, however.

4-H CLUB

The Weinert 4-H club leaders met Monday, November 14 at 8:30 a.m. at the Weinert school with Mrs. Barbara Elliott to plan the clubs' activities for 1977-78.

The group decided the meeting time would be on the second Monday of each month, at the school lunchroom. One of the programs planned is "The Christmas Story" to be presented by Mrs. Bobby Raynes, on December 12.

Community project selected by the club was a Playground Park. Also, plans are being made for the 4-H yearbook.

The organizational leader for Weinert is Mrs. M.W. Pheinstér and assistant leader is Mrs. Lowell McGuire.

On November 8 the Kitchen Wizards met. They made an Omelet and Scones which is a sweet roll. After that they had a business meeting.

On November 15, the Kitchen Wizards also met and made a Surprise Pizza, followed by the business meeting. Everyone enjoyed making the Omelet, Scones, and Surprise Pizza.

Texas Department of Health
Fratris L. Duff, M.D., Commissioner

Volunteerism in Texas is taking on a deeper meaning to the Texas Department of Health, and the nursing homes across the state will provide a fertile field for enlargement of these activities.

I was privileged early in October to speak at a meeting of the State Volunteer Council in Lubbock and came away warmed by the experience after meeting with the dedicated volunteers from towns and cities throughout the state. The people reflect the warmth and the fundamental humanity which motivates the volunteer movement.

There's not a community in Texas which doesn't have some volunteer activity. And when you speak of volunteerism, you address all these kind-hearted individuals who give of themselves for others.

The State Volunteer Council was organized in September, 1949, and since that time literally millions of hours have been given to brighten the lives of Texans in many diverse ways.

The four purposes of the State Council set the tone for the ensuing years and are very significant today—28 years later. These purposes are: 1. To function as a force to educate the public as to the roles and goals of volunteers and the needs in the state facilities; 2. To assist in promoting public understanding and support of the goals, treatment objectives and financial needs necessary to carry out the agencies' programs; 3. To relate recommendations of the facility councils to all governmental bodies dealing with volunteer services programs; and, 4. To serve as a clearinghouse to exchange information and ideas among all facility councils.

Early in the organization's

life, volunteers became active in the Department's tuberculosis hospitals, and volunteers are a source of inspiration today to patients as well as hospital personnel.

Just recently, the Department has worked with volunteers of the Texas Pharmaceutical Association Auxiliary in developing an award-winning poison prevention program for first and second grade school children. In another program of volunteerism, the auxiliary to the Texas Veterinary Medical Association goes into elementary schools with an audio-visual program entitled, "A Pet Is a Special Friend."

The First Lady's Volunteer Program, operating within the Governor's office, has provided invaluable service statewide in immunization campaigns using local volunteers.

These are but examples of the Department's closeness to volunteerism.

The transfer of more nursing home authority to the Department has vastly accelerated our interest in volunteerism and the formation of volunteer advisory councils to serve nursing homes. The needs in these institutions are great.

In the Midland-Odessa area for example, two volunteers assist the nursing home with medical reviews.

In Nacogdoches, an 82-year-old nursing home resident is a one woman speakers bureau. At Laredo, honor students are given time off to perform volunteer work in a nursing home.

And, in Houston, a pilot project pairs foster children

with nursing home residents for two hours each week.

Volunteerism in nursing homes has already been accelerated to a phenomenal degree. Some 18 months ago, there were about 3,000 volunteers working in nursing homes. Today, this number has grown to more than 20,000 volunteers. And, a recent survey showed that in one month nearly 60,000 hours were donated to nursing home patients—a very significant achievement in bettering the lives of the patients. Areas of service are endless.

People today are looking for ways to serve their communities and to gain some inner fulfillment from their activities. They are looking to volunteerism as a way of social involvement. The movement is alive and well in Texas, and it is a near-indispensable component of institutional life.

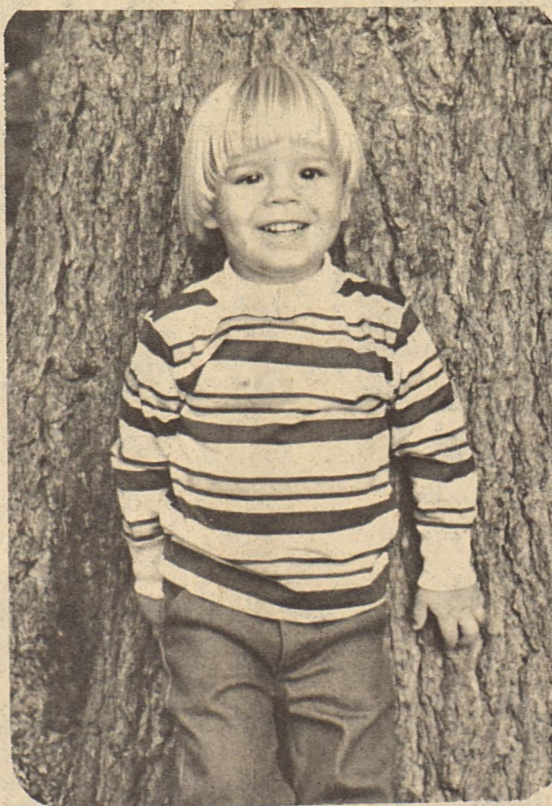

The Department of Health is looking forward to further departmental involvement in volunteer activities at the local level in an effort to bolster the services which we give to all Texans—particularly those in our institutions.

Savings Bond Report

September sales of Series E and H United States Savings Bonds in Haskell county were reported today by County Bond Chairman R.W. Herren. Sales for the nine-month period totaled \$65,723 for 40% of the 1977 sales goal of \$165,000.

Texas sales during the month amounted to \$25,683,912, while sales for the first nine months of 1977 totaled \$209,908,231 with 76% of the yearly sales goal of 276.9 million achieved.

WASHINGTON

As It Looks

From Here

Omar Burleson

Congressman — 17th District

WASHINGTON, D.C.—IN THIS SPACE, MAY 27, 1976, we described proposed legislation with the title of "Balanced Growth and Economic Planning" commonly known as the Humphrey-Hawkins bill.

AS PROPOSED AT THAT TIME THE LEGISLATION WOULD SET UP an "Economic Planning Board," a "Division of Economic Information," a "Council on Economic Planning" and an "Advisory Committee on Balanced Growth and Productivity." All these newly created bureaucratic entities would tackle the problem of joblessness by mandating that full employment be guaranteed by the Government.

THE IDEA IN THIS LEGISLATION IS THAT FULL EMPLOYMENT can be attained by hiring all surplus labor. The bill as it was written in early 1976 was designed to guarantee satisfaction to everyone. It orders "job satisfaction for workers," "consumer satisfaction for customers" and "help for the small businessman." If any problems are involved in carrying out all these purposes they are to be taken care of by hiring specialists to make studies for whatever remedies might be found necessary.

THE PROPOSAL DID NOT GET OFF THE GROUND IN 1976 because evidently it was too radical even for the liberals. Now it is back with us in another form to be presented to the Congress in the second session in 1978.

SUPPORTERS ROLLED THEIR TROJAN HORSE INTO THE WHITE HOUSE last week and sold the President on a watered-down version from the original, but the President endorsed the full employment concept to establish a National goal of 4% unemployment within five years. It does not require specific steps to reach that goal and this is the trojan horse. It is a big foot in the door toward setting up another huge bureaucracy and no one has the slightest notion as to what it would ultimately cost.

IN REPLY TO A REPORTER'S QUESTION, ONE CABINET SECRETARY said that the bill, as now drafted, "doesn't in itself do anything." In "itself" it does not mandate programs to achieve lowering unemployment from the present 7% rate to 4% in five years but, as sure as anything, if the legislation is approved by the Congress a hue and cry will arise to enact programs

necessary to achieve the set goal. In other words, piece by piece, the original Bill would eventually find its way into that huge bureaucratic monster proposed last year.

GOVERNMENT TINKERING BY BITS AND PIECES has already brought limited freedom to our econo-

mic processes. Let something like this loose on our system and there will be less and less.

THIS IS A PATTERN FOLLOWED TO ENACT THIS TYPE of far-out legislation and in this case the trojan horse will continue to gallop, if given the reins as provided in this watered-down version of the Humphrey-Hawkins bill endorsed by the President. As the old saying goes, this new version is the same old con with another ring around his tail.

Stenholm States Views

Charles Stenholm, candidate for Congress from the 17th Congressional District, announced today his concern for having enough hospital beds in the rural areas of Texas if proposed rules and guidelines coming from the

Department of Health, Education, and Welfare (HEW) are implemented.

The new guidelines, Stenholm said, would have the effect of decreasing health care facilities even more in rural areas by setting arbitrary beds to population ratios. "What HEW is proposing is to set a maximum of four beds per 1,000 population," Stenholm said, "which would reduce the beds available in Texas by approximately 11,000. Texas currently has an average ratio of 4.73 beds per 1,000 population."

Citing this situation as just further evidence of the evils of arbitrary federal guidelines, Stenholm said that "we have a local system for determining hospital bed needs. In Texas there are 12 Health Systems Agencies and a State Health Coordinating Council given the responsibility of determining the hospital bed needs of each region. Their decisions are supposed to be based on

need with no consideration of specific ratios. The proposed guidelines would completely bypass this system of local decision making, imposing instead these arbitrary ratios."

Stenholm said that he has written HEW asking the agency to reconsider its proposal.

The HEW guidelines, Stenholm said, will concentrate hospitals in urban areas, since the thrust of HEW is to reduce the cost of medical services by making equipment available to doctors only in regional hospitals. "And this will encourage doctors to locate in cities," he added, "making it more difficult for the elderly and those with emergency needs to get to a doctor or hospital. Longer trips to a hospital will result because applications for new hospitals or additional beds in rural areas will have been turned down by HEW since, according to the proposed guidelines, rural areas will not have a sufficiently high concentration of people to justify more hospital beds.

HOME LAUNDRY

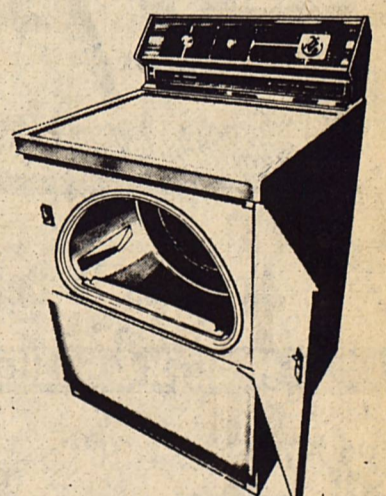

Wash and dry a full load, but never overload... it is essential for each item to move freely for proper cleaning and drying.

Choose the correct cycle for washing modern materials. Perhaps hot water isn't needed, and only a gentle drying temperature.

Too much detergent can clog machine and drains... always measure, don't guess!

Follow the manufacturer's recommendations for your type equipment.

Mixing brands of detergents can cause graying of clothes.

Many manufacturers of permanent press garments recommend machine washing and machine drying for best results. Following instructions on the garment tag can help preserve the life of your clothing, and give you wrinkle-free clothes without need for ironing. A big savings!
