By  
Bill Ellis

THE PERSIAN GULF is the focus of attention world-wide, and we had a letter this week from a native of that area, Karim Moshrefi of Friona. Moshrefi is a native of Iran. We're excerpting from his letter as space permits:

"Let's pray that people like Saddam realize that human life is not cheap. I wish somehow that Saddam had been stopped more than a decade ago before he destroyed the lives of one million innocent human beings.

"If Saddam never existed, the people of Iraq would not have to see Baghdad's Martyrs Monument, which symbolizes more than 1/2 million lives lost for nothing.

"Unfortunately, the Gulf crisis might end up being another disaster in the history of mankind. Let's pray that people who live at this particular time in the ugly shadow of war will be lucky enough to stay alive and kiss the face of peace and security.

"Saddam's predictable belligerence, along with his well-documented syndrome of 'malignant narcissism' has been demonstrated by the decade of his overacting ambition, arrogance and illogical approach to the invasion of Iran.

"Unfortunately, the world closed its eyes while people from both sides, especially Iranians, were shredded into pieces. The world observed how Arabs, including Kuwaitis, invested millions of dollars to kill Moslem brothers and sisters, trying to bring the country down.

"Knowing Saddam and his esoteric mind and regime, he is not simply going to leave Kuwait.

"Saddam, with his evil deeds, is a mixture of Adolf Hitler and Genghis Khan. Let's not close our eyes, but open them vividly and pray that we don't see the ugly, bitter scream of war. Let's pray that if we see that a man is in chains on the other side of the world, people on the opposite side will ask for justice, freedom, political and social immunity for his fellow man regardless of color. Let's pray that we never see the evaporation and melting of man.

"For peace to become a reality without bloodshed, there are three possibilities. The first and most idealistic outcome is for Saddam to withdraw his army from Kuwait with the condition that the leader of Kuwait be changed.

"Saddam, as a Moslem, should believe that all who believe in God, especially Moslems, are brothers and sisters. Therefore, Saddam should allow all those who left Kuwait to return to their homes. Let God judge him for all those lives he killed without compassion during the last two invasions.

"For the first option to occur, there are two problems. First, it contradicts with the U.S. policy that Kuwait be free without any conditions. Accepting any conditions might leave the door open for further invasion in the future.

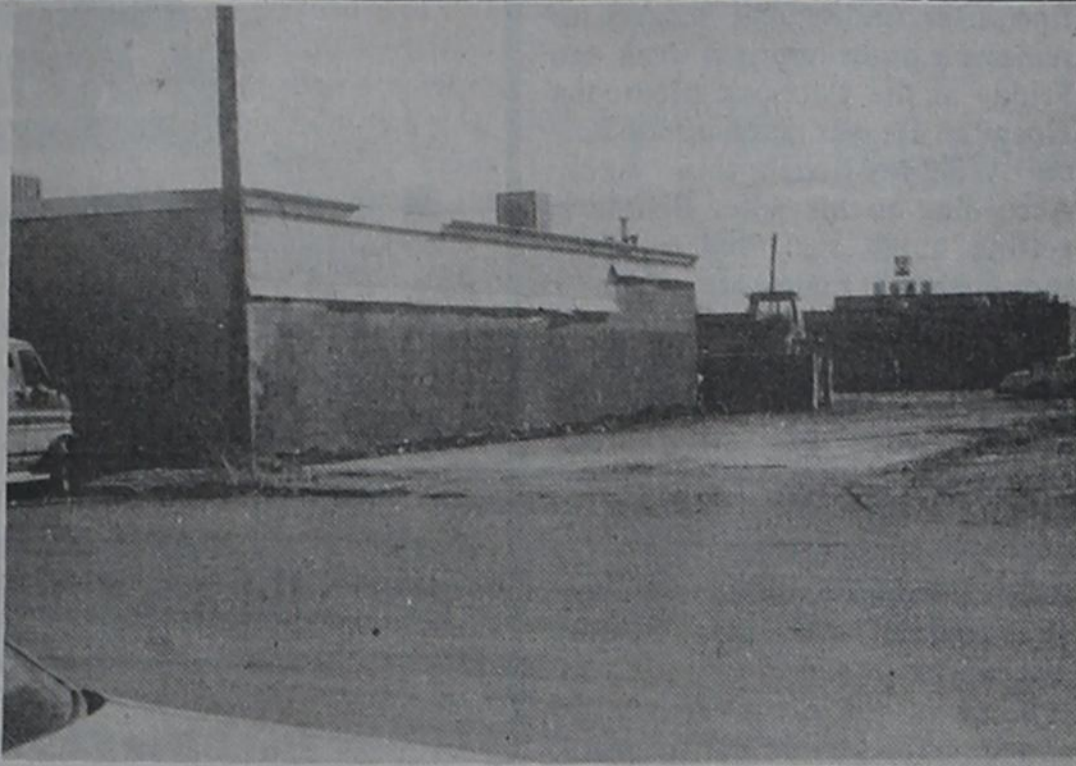

"On the other hand, according to Middle East culture, if Saddam leaves Kuwait, he will lose the respect of his supporters and he will degrade himself. He has tried so hard to become the Alexander the Great of the Middle East, but he has failed.

"In the last bloody war in Iran, he was very naive, and if it was not for the help of several countries, he would not have been victorious. Now he is alone, against all who helped him in the war with Iran. Saddam should realize that he has the lives of thousands of people in his hands.

"The second option is for Saddam to be eliminated from either outside or inside, to stop the killing of people who are involved.

"The third option is to extend the sanctions, to show that lots of effort was involved to preserve life, to prevent the firestorm and melting away of life. If none of these options occur, then war is inevitable.

"War--what an ugly word!"

ANOTHER ONE DOWN....Another building that was torn down in recent days was the building behind the Bovina Blade. This was once Vernon Ward's Welding Shop and later Chester Rogers' Shop.

## Cotton Yield Will Challenge Record

According to the final survey of gins in Parmer County on Thursday of this week, the number of bales of cotton produced in the county in 1990 came to 79,067.

This would make the 1990 cotton crop second in all-time rank according to bales produced, to the 1981 crop. But the yield per acre for the current crop should challenge the all-time record.

(It should be pointed out that the actual number of bales produced in the county may vary somewhat from the stated figure, but it should be a pretty good "barometer" of the 1990 crop. Final official figures will not be known until later in the year.)

The most bales of cotton ever produced in Parmer County, according to figures supplied by Plains Cotton Growers, was 87,600 bales in 1981.

However, the 1981 total was produced on 83,300 harvested acres of cotton, while the 1990 production came from 48,895 harvestable acres, according to the

## Beet Growers Set Annual Banquet

"Know Your Partner" is the theme for the 1991 Texas Sugar Beet Growers Association Annual Meeting and Banquet to be held January 18-19 in Hereford.

The close "partnership" between Imperial Holly Corp. and regional beet growers helped bring about a record crop of more than one million tons in 1990.

Imperial Holly officials and growers will discuss how the better-than-bumper crop came about and how production can be improved even more during the annual meeting at 9:30 a.m. Friday, January 18 at the Hereford Community Center. They will also celebrate the banner year further at the annual banquet at 7 p.m. Saturday, January 19 at the Bull Barn exposition center.

"Never before has the relationship between growers and our processing partner Imperial Holly been as important--or as strong--as it is now," said Bill Cleavinger of Wildorado, TSBGA president. "The meeting and banquet will give all of us an

opportunity to get to know our 'partners' even better."

Denny Kempner, chairman of the board for Imperial Holly in Sugar Land, will be the banquet keynote speaker. He is expected to address the expansion program at the Hereford Holly plant in which a \$12 million ion exclusion facility is being built. The facility, expected to be operational for this year's crop, will enable the plant to extract ten per cent more sugar from beets produced in the region.

Dennis Printz, Hereford Holly agricultural manager, will review the exceptional crop, which saw yields average 24.7 tons per acre from more than 40,000 acres.

Noted humorist Robert Gadberry of Wichita, Kansas, will join Kempner as a banquet speaker.

Companies or organizations with an interest in the area sugar industry are invited to display exhibits at the meeting. Contact the TSBGA office at 140 E. Third in Hereford, or call (806) 426-3385 for more information.

RECEIVES HONORS....Jan Thieman (second from left), home economics teacher at Bovina High School, was honored this week by the Parent-Teacher Association. She and her husband, Bill, live in Clovis and have two sons. She has taught in Bovina Schools seven years.

## AT 3-WAY

## BHS Cagers Win Pair New Years

Bovina High School's varsity basketball teams won a pair of games played New Year's Day at Three Way.

The Fillies won their game, 62-45, and the Mustangs followed with a 74-48 win.

The wins were the fourth of the season for both teams. The Mustangs have lost eight times and the Fillies nine.

The hometown Eagles grabbed the early lead in the girls' game, holding a 10-8 advantage at the end of the first quarter.

Donna Griggs had a good second quarter, hitting four field goals, and Teresa Stone scored six points for the Fillies as they went to intermission with a 24-17 lead.

Bovina's scoring slacked off in the third quarter, and Three Way pulled to within six points, 33-27 at the end of three periods.

The Eagles, with just five players suited up due to the holiday, began to wear out in the fourth quarter, and before it was over, their top scorer fouled out.

Miss Stone had a great final quarter, with two field goals and six of eight from the line. She took scoring honors for the Fillies with 22 points, Miss Griggs scored 17 and Keri Mitchell 13.

In the boys' game, Cain Neal started with three baskets for the Mustangs plus a pair of free throws and Bovina was clinging to an 18-15 first-quarter lead.

Corey Kirkpatrick and Kory Mitchell each had a pair of first-quarter baskets.

Juan Reyna scored a pair of baskets for Bovina in the second quarter, but Three Way outscored Bovina, 17-12 in the quarter to take a 32-30 halftime lead.

Neal and Kirkpatrick had hot hands for the Mustangs in the second half.

Kirkpatrick scored nine points and Neal eight, as Bovina regained the lead, 53-41.

Then Kirkpatrick finished off with a flurry of baskets (five) in the final quarter as Bovina outscored their hosts, 46-16 in the second half.

Kirkpatrick scored 23 points and Neal 21 to pace the Bovina point-makers.

## Bovina Area Gets Nice Snowfall

The Bovina area received the best snowfall in a number of years Wednesday, when six to seven inches of the white stuff fell in the local area.

"It looked like a picture book. It was the kind of snow we don't get very often in Bovina. We were real dry, and this should help the wheat considerably," said Harry Johnson of Sherley Grain.

Johnson said it appeared that the snowfall was somewhat lighter to the south. A report from Lazbuddie said five inches was received.

But at Rhea, Joe Allen of the

## City's Landfill Sets Closing Date

On or about the 30th of January, the city landfill will no longer exist. "Due to impending rules and regulations, we cannot keep the landfill in operation," says Mayor Keith Knight.

The city is proposing using a private trash contractor to handle its trash. Knight said if you were planning on cleaning out the back room, garage or storage room, do it this month while the landfill is still open.

In the future, trash will have to be handled differently than it is now and more information will be printed next week.

## Dare Program Is Needing Funds

The D.A.R.E. program in Parmer County, which is being implemented through the Parmer County Sheriff's Department, has used up its grant money and is in serious need of funds in order to complete its year, it was announced this week.

Karen Britten, Deputy Sheriff, who has been in charge of the D.A.R.E. program in Parmer County, said that the program badly needs \$1,000 specifically to provide T-shirts, graduation certificates and programs for the fifth graders in the county.

"These are requirements upon graduation from the D.A.R.E. program in the fifth grade," Ms. Britten said.

In order to be assured delivery of the supplies for the scheduled May graduation, they must be ordered in January, Britten said.

The D.A.R.E. program is a joint effort between all of the communities in the county and the Parmer County Sheriff's Department.

"Without donations, our D.A.R.E. program will be incomplete, and will be jeopardized," Britten said.

The sheriff's deputy stated that

## 'Stocking' Drive Termed Huge Success

The third annual Empty Stocking Drive, conducted for the Parmer County Foster Children by the Parmer County Child Welfare Board and Mission Cable Company has been termed a "wonderful success."

According to Jo Blackwell, spokeswoman for the board, approximately 30 children were helped with the generous donations.

Mission Cable Co. offered installation of any pay channel for a \$5 donation, but most of the donations were made just because there was a need.

A total of \$690 was raised for the children.

"We would like to thank everyone who gave so selflessly at this time of year," Mrs. Blackwell concluded.

had a great time.

We extend our sympathies to Brother Richard Grisham, whose dad passed away. He was Jay C. "Jim" Grisham of Plainview. Funeral services were held Tuesday.

Mrs. Odom Smith, Billy Smith's mother, underwent surgery in Lubbock Monday morning. She suffered a broken hip at her home. She was taken to the hospital by Bovina Ambulance Sunday morning. We understand she came through the surgery fine.

Joe and Sue Fowler drove to Floydada and had Christmas with Sue's mother, Eula Gross, and several members of her family. Among the twenty family members present were Sue's sister and two brothers and several nieces and nephews. The next day after Christmas, the Fowlers celebrated again with son, Robert, and his family of Farwell.

Sue and Robert Fowler are closing the Plants Plus Floral and we express appreciation to them for having done a wonderful job for Bovina residents. They always went out of their way to please their customers.

Congratulations to Johnny and Virginia Martinez on the birth of the New Year's baby. We understand the whole family is "on cloud nine" having their new baby girl with them! She has been named Megan Jade.

Jim and I had a good week. We went trucking to California for a few days and took grandson, Jason, with us. He came back to Bovina and stayed three more days. Monday night, our family went to Clovis for supper and saw the movie, "Home Alone." Had a lot of fun being with him.

Henry and Nellie Spicer spent Christmas with their daughter, Kay Stanton, and her family in Farwell. Their other daughter, Nena, and family of Hereford was also with them. On Wednesday of this week, Nellie went to Hereford and spent the day with Nena and the ladies celebrated Nena's birthday.

Karen and Royce Grissom from Grand Junction, Colorado, spent the past week in Bovina with Karen's parents, Durward and Fern Bell.

Christmas Eve, the family enjoyed being together with the Greg Bells, Maurine Bell from Clovis Retirement Ranch and Fern's mother, Ann Cooper of Gruver.

Christmas Day, this group, with the exception of the Greg Bells, spent the day in Tulia with Fern's sister and family, Jim and Betty Owens.

It was great being together,

Every Saturday, they meet for a covered dish supper at 6 p.m., followed with games and fellowship until 9 p.m. Everyone is asked to come and join the fun.

Officers elected at the meeting were: Edna Scott, president; Minnie Kelso, vice president; Bessie Trimble, secretary-treasurer; Jerry Ware, reporter; Julia Leake, responsible for supplies; and Sid Lloyd for the cards.

eating, visiting and playing games.

Bennie Shelby is getting along fine after undergoing surgery to remove a brain tumor a week ago Friday at the Lubbock Methodist Hospital. He was taken out of ICU on Tuesday of this week. According to his wife, Bennie is getting along real well and the tumor was not malignant.

Houston Bartlett escaped what could have been very serious injuries when his cattle truck overturned near Farwell. He was hauling a load of cattle when he lost the steering arm off the steering box and subsequently lost all control of the steering mechanism.

Some of the cattle were killed and some had to be put to death. Anyway, he said, "somebody was watching over him" that day. We understand he didn't have his seat belt buckled but said he hung onto the steering wheel.

SMILE: A woman called the utility company and complained that her electricity was out. "What should I do?" she asked.

The voice at the other end advised, "Open the freezer and eat all the ice cream."

Have a great week and thanks for helping with the news and Scoops...Scooter.

Squaws Top 'Winds; Chieftains Falter

The Friona High School Squaws won their district opener against Floydada here Tuesday, 50-34, but the Chieftains continued suffering their close-game dolefuls, losing to the Whirlwinds, 54-52.

The girls' game was close for awhile, but the Squaws pulled away in the second half for a comfortable win, their 18th of the season against only three losses.

High-scoring Jenny Procter found herself in early foul trouble, and spent considerable time on the Squaws' bench.

Friona was nursing only a 10-9 lead at the end of the opening quarter, with only Kendra Gordon having as many as four points for the Squaws.

A late second-quarter rally which saw Mendi Milner sink a basket and Miss Gordon convert two of two at the line gave the Squaws their longest lead to that point at 27-17, but the visitors got two goals in the final 30 seconds of the period to trim Friona's lead to 27-21 at the half.

Alicia Widner converted a three-point play to open the third quarter for Friona, for a 30-21 lead, and when Miss Gordon scored on a follow shot with 1:30 gone in the quarter, the Squaws had a 34-23 lead.

Holly Grimsley's basket gave Friona a 38-25 lead with 4:22 left in the third quarter, and Miss Procter's fourth foul soon followed and it was back to the bench.

Miss Milner, who had a good game for the Squaws, scored to open the final quarter for a 42-29 Friona lead, and Renee' Downey's three-pointer 1:20 into the quarter gave the Squaws a safe 45-29 edge.

Miss Gordon scored 12 points and Miss Milner 10 to pace the scoring.

Warren Duke's layup 29 seconds into the boys' game gave Friona a 2-0 lead. Unfortunately for the Chieftains, it was to be their only lead of the evening.

Floydada ran up an 8-2 lead before Koby Rogers' goal made it 8-4. But Friona couldn't buy a

basket, missing numerous shots, even lay-up attempts that would just roll off the rim.

The 'Winds outscored the Chiefs, 9-4 in the final four minutes of the opening quarter, for a 17-8 lead.

Scoring was just about even in the second quarter, as the visitors went to intermission with a 32-24 lead.

Floydada was nursing a 41-29 lead when the Chieftains rallied. Chad Hamilton worked free for a layup, Charlie Sneed scored a pair of goals, one on a fast break lay-up, and Warren Duke's pair of free throws with 12 seconds left pulled Friona to within three at 43-40 as the third quarter ended.

The Whirlwinds answered Friona's challenge and led 50-44 with 4:14 left to play. Sneed's jump shot and Duke's free throw made it a 50-46 game but Floydada scored for a 52-47 lead.

Steven Dickson came off the bench to score a free throw and a timely jump shot over the pressing Floydada defense, to tie the score at 52-all with 1:20 left on the clock.

The Whirlwinds worked the ball for over a minute, waiting for a good shot, but with 11 seconds left, their playmaker, Kenneth Collins, was fouled. Collins was the wrong Whirlwind to foul, as he calmly sank both ends of the 1-1 following a Friona time out.

The Chieftains threw the ball in with a chance to at least tie the score, but Brian Herring's desperation shot bounced off the rim as the buzzer sounded.

Sneed scored 14 and Duke 13 for the Chieftains. Collins' 5 were almost half his team's points, as he was the visitors' only double-figure scorer.

It was the Chieftains' seventh loss by two points or less for the season.

Some Questions To Help Determine The Safety Of Your Money-Market Fund

As money-market funds gain popularity, more of them become available. And as their numbers increase so, too, does their competition for your investment dollar.

The following interview addresses some questions on the overall safety of money-market funds:

Q: More than 40 percent of money-market fund assets are invested in commercial paper. How does this affect safety?

A: Some funds limit their holdings of commercial paper, concentrating instead on short-term government securities or CDs. Although the yield on these more conservative investments is lower than on commercial paper, their added safety may be just what individual investors are looking for.

Q: How is commercial paper rated?

A: Commercial paper has three basic rating grades from Moody's and Standard & Poor's: A-1 and P-1 (Prime); A-2 and P-2 (Non-Prime); and Not-Rated. If your fund invests in commercial paper and safety over yield is your primary concern, most of the holding should be rated A-1 and P-1.

Q: To what extent is a money-market fund limited to exposure to any one issuer?

A: Right now the SEC permits money-market funds to concentrate up to 25 percent of their assets in the securities of a single issuer. A new proposal would drop that limit to 5 percent. The more conservative funds, however, voluntarily limit exposure to 5 percent and will not

invest more than 5 percent in the securities of any issuer with less than three consecutive years of operation.

Q: How does the maturity of a fund's portfolio relate to risk?

A: The longer the maturity, the greater the risk. Although most funds are permitted to hold paper with maturities as long as 120 days, this limit would drop to 75 days under a new SEC proposal. The more conservative funds voluntarily limit maturities to under 50 days.

Q: How do a fund's expenses figure into the yield?

A: The typical money-market fund deducts around .0075 of assets each year to cover the cost of running the fund. This expense ratio goes against the yield of the fund. If a fund boasts a high yield and also has high expenses, the only way it can maintain its competitive yield is by incurring a higher degree of risk.

Q: Other than yield, what else should an investor look for when considering a money-market fund?

A: An above-average yield can mean that the manager is temporarily waiving the management fees or that he is taking additional risk. For example, the fund may be stretching its average maturity beyond 60 to 70 days, which could cause its yield to lag if interest rates suddenly rise. Worse yet, the fund could be buying commercial paper with a lower rating or may simply have a large percentage of commercial paper in the portfolio. You should also check the services and other features the fund offers. For example, one well known money market fund keeps its management expense low by charging for each check written.

Positive answers to these questions may not guarantee total safety from your money market fund, but they are an excellent starting point. Don't assume your money market fund is a mecca of safety. Ask questions and understand the answers.

## Facts About The BIBLE BY JOHN LEHTI

**DID JESUS REALLY CURSE THE FIG TREE ?**

IT IS RECORDED THAT JESUS, ON HIS WAY FROM BETHANY TO JERUSALEM, AND BEING HUNGRY, STOPPED TO PICK FRUIT FROM A FIG TREE (MARK 11:12-14). BUT, ALTHOUGH THE TREE WAS IN LEAF, THERE WERE NO FIGS AND JESUS SAID, HEREAFTER, NO MAN WOULD EVER EAT FRUIT FROM THAT TREE!

SOME AUTHORITIES SAY JESUS, FOLLOWING THE ORIENTAL CUSTOM OF HOLY MEN, PUT A CURSE ON THE TREE, FROM DISAPPOINTMENT AT NOT FINDING FRUIT. OTHER AUTHORITIES STATE THAT, BECAUSE THE TREE WAS IN LEAF AND THEREFORE SHOULD HAVE HAD FIGS, JESUS WAS POINTING OUT THAT, WHEN ONE OUTWARDLY SHOWS A GOOD CHARACTER WITHOUT THE FRUITS THEREOF, HE IS A HYPOCRITE, OF NO VALUE TO THE KINGDOM OF GOD, BUT....

...STILL FURTHER AUTHORITIES MAINTAIN THAT, FOR JESUS TO CONDEMN A TREE, FOR NOT GIVING FRUIT, DOES NOT SEEM COMPATIBLE WITH HIS GENTLE LOVING NATURE AND, SINCE JESUS WAS AT JERUSALEM FOR THE PASSOVER, THIS PLACES THE TIME OF YEAR AT EARLY APRIL WHEN THE FIG TREE HAS JUST BEGUN TO LEAF AND GROW FIGS, WHICH THEN MATURE IN LATE JUNE... THUS, ALL JESUS MERELY DID, WAS REMARK THAT, BECAUSE THE TREE HAD ALREADY BEGUN GROWING LEAVES, BUT NO FRUIT, IT WAS BARREN, AND NO ONE WOULD HARVEST FIGS FROM IT WHEN THE FRUIT SEASON ARRIVED!

EACH OF THESE THEORIES SEEM TO HAVE VALID POINTS, SO IT REMAINS FOR THE STUDENT TO MAKE HIS OWN CHOICE — WHICH DO YOU THINK ?

## Eric Vaughan Cited For SWCS Honor

The Parmer County Soil and Water Conservation District is proud to announce the selection of Eric Vaughan as the 1990 Conservation Farmer of the Year.

Vaughan lives at Lazbuddie and farms near Lariat. Eric started farming in 1977 and has learned much about producing high yields, while protecting the soil and improving his farm.

He protects his soil from erosion by using many conservation methods. First, he practices a crop rotation which utilizes high residue crops, such as corn, wheat and haygrazer.

In conjunction with these high residue crops, he uses chisel plows which disturb the residue very little and leaves most of it on the soil surface.

Preserving the residue has

advantages other than erosion protection. The residue on his cropland also helps hold moisture, reduce compaction and puts nutrients back into the soil.

The high residue crops and residue management provide adequate erosion control on all but 160 acres of Vaughan's farm. On this 160 acres, Eric has had more erosion problems due to steep slopes and a large drainage area.

To correct the problems on this part of the farm, Vaughan has built a basin terrace, the first terrace in a system of parallel terraces to be completed in 1991, and a grassed waterway. He has constructed these structures with the assistance of the Soil Conservation Service through the Great Plains Conservation Program.

In addition to his soil erosion control efforts, he also manages his water wisely. He has low pressure center pivot irrigation systems on all his irrigated cropland. These pivots have long crop nozzles which allow for very little water to be lost to evaporation. This also allows the water to be applied in a uniform pattern.

Vaughan plants his crops on flat plowed ground under his sprinklers. He then uses a furrow diker in May or June. The furrow diker makes pockets in the soil. These pockets help hold both irrigation and rain water until it can be absorbed.

**MR. and MRS. TODD SCHILLING.... Lisa Osborn, daughter of Mr. and Mrs. Wendell Osborn of Clovis and Todd Schilling, son of Mr. and Mrs. Leon Schilling of Bovina, exchanged wedding vows December 21 at 2 p.m. in St. Ann's Catholic Church in Bovina. Father Timothy Dran performed the ceremony. She is teaching in the Farwell school system and Schilling is a farmer. The couple now resides in Bovina.**

## J. Grisham's Rites Held In Edmonson

Funeral services for James C. Grisham, 89, of Plainview, were held Monday, January 7, in First Baptist Church of Edmonson with the Rev. Eddie Riley, pastor, officiating.

The Rev. Don Robertson, pastor of College Heights Baptist Church of Plainview, assisted, and burial was in Plainview Memorial Park under the direction of Lemons Funeral Home.

Grisham died at 5 p.m. Sunday in Central Plains Regional Hospital in Plainview after a brief illness.

He was born in Blue Ridge and moved from Edmonson to Plainview in 1985. He married Reva Lou Goar on September 7,

1941 in Cranfills Gap. He had farmed in Blue Ridge and Petersburg and had lived in the Lakeview community. He was a member of the Edmonson Coop, Edmonson Wheat Growers and First Baptist Church.

Survivors include his wife; two daughters, Lana Watson of Plainview and Joanne Orajev of Shorewood, Minnesota; two sons, M.D. of Edmonson and Richard of Bovina; and twelve grandchildren.

The family suggests memorials to the building improvement fund of First Baptist Church, Edmonson, or to a favorite charity.

## Letter To The Editor

Dear Editor:

I have retired from the office of Parmer County Judge having completed eleven years of service to the county. It has been a good eleven years for me and I feel that the county has benefitted, also. There have been lots of changes, some for the good and some for the not so good. Whether we, here in Parmer County, like these changes doesn't really matter, most of them are law and there is nothing we can do but abide by them.

It has been a pleasure working with the different Commissioners Courts. We all agreed to disagree without being disagreeable and I believe we pretty well achieved that goal. There are times I would have taken great pleasure in wringing their necks and I am sure they felt the same at numerous times. This is only natural in my way of thinking. I can honestly say that as of now I consider each of these men as a very good personal friend and will for years to come.

There are too many people to name each one and give a special "thank you" to, but I think I would be remiss if I did not give

special recognition to some who put extra effort into helping me learn and do my job. I guess the one with whom I worked the closest who helped me out and straightened me out most would be Bonnie Warren, County Clerk, followed by Charles Aycock, County Attorney, and Anne Norton, County Treasurer, and to Lena Cole who kept the office going while I was in the hospital for so long in 1984. Also, I appreciate the Sheriff's Department for their cooperation and help.

Most of all I want to say "thank you" to the citizens of Parmer County for allowing me to serve you as County Judge. As in any job, I know I made some folks mad and some happy while doing what I thought was right in my job. I hope the mad and the glad maybe balanced out. Again, I say to the citizens of Parmer County, thank you for a good eleven years and may God bless each and all of you.

Porter Roberts  
Retired County Judge

## E. Gage Is Buried Thursday

Graveside services for Ealen Gage, 90, were conducted Thursday at the Littlefield Cemetery.

Mrs. Gage passed away January 8, 1991 at Prairie Acres Nursing Home.

Officiating were Bertram Jack and Elton Wyly of the Park Avenue Church of Christ, Hereford.

Mrs. Gage, a retired elementary school teacher, was born December 31, 1900 in Hagerman, N.M. She moved to Friona from Chico, California in 1986.

Survivors include one brother, Edgar Walters of Bovina; one sister, Bernice West of Dallas; two nieces and one nephew.

SARAH OWEN

## School Nurse Is Spotlighted Here

Sarah Owen, Bovina's school nurse, plays a very important role in the educational process. As well as being dedicated to the prevention of illness in students, Sarah must focus on early detection and correction of health problems.

She must be especially prepared and qualified in order to practice preventive health measures, assess health and handle referral procedures. The contribution of the school nurse to the educational system is outstanding because of the improvements made in the health status of the children of our town and state.

## Shower To Honor Baby

There will be a baby shower honoring Megan Whitten, daughter of Sherri and Bret Whitten on Saturday, January 19 from 10-11:30 a.m. at the home of Mrs. Leon Ware, 909 Avenue H in Bovina.

Megan is the granddaughter of Earl and Norma Whitten of Bovina and Erma Brownd of Friona.

Hostesses are Mrs. Oakley Stevenson, Mrs. Mike Ware and Mrs. Leon Ware.

### Prairie Acres Party Line

By CAROL DELEON

It has been a very quiet week around here. I think it has been too cold to do much. We did get to enjoy one warm and sunny day this week and you really could see a difference in the residents. They seemed so much livelier and enjoyed sitting around visiting with each other.

There are several staff members getting ready to go back to school for another semester. The ones going that I am aware of are: Dawn Widner, Carol Jackson, Deb Hendley and Terry McMasters. We wish them the best of luck!

We want to welcome Cecil Hutton back. He was a resident here and left for awhile to live in Hereford, then he spent a short while in the VA Hospital, and now he is back.

Just to let you know we have been having a "Cost Report

Audit" for the last several days, and everything went well.

We want to thank Patti Haile for coming up and evaluating some of the residents for physical therapy and also for bringing her children with her to visit. If you want to see some eyes light up, just bring (especially) small children in the building, and you will see what I'm talking about.

We want to express our sympathies to the family of Ealen Gage. She had been here since September of 1986 and she will be missed.

We want to thank the men who are employed by the City of Friona for coming up to help clean out, re-arrange, and haul off what could not be used any longer. We sure do appreciate their time and effort. It was not an easy job.
