**KIWANIS CLUB** President Bailey Toliver and club members presented County Judge B.O. Roberson with a check in the amount of \$500.00 to be placed in a fund to build a new Mental Health Mental Retardation Building. The check was the result of the recent fish fry and political rally sponsored by the Club. The MH-MR Clinic is a full service facility and donations to the building fund may be given to Judge Roberson, County Auditor Bill Reeves, or Raja Hasen, president of the MH-MR Board. (Staff Photo)

## Successful Year At HHS Ends

Haskell High School has just completed its most successful year ever in terms of extracurricular and UIL competition.

The year started off with the Indian football team which enjoyed a 10-2 season and advanced to the Regional playoffs before losing to eventual state finalist Seagraves. The Junior Varsity team also had a fine season finishing up with a 7-1 record while the Freshmen were 5-4.

The varsity basketball teams did not have quite as good a year as the football teams but they showed improvement during the year. They also won several trophies in invitational tournaments. The Junior Varsity boys enjoyed a 14-2 season and competed in two tournaments. They won consolation in Aspermont's Varsity Tournament and finished first in the Haskell J.V. Tournament. The J.V. girls compiled a 13-4 season.

In the Spring Meet UIL Competition the Indians continued to enjoy success. The first group to win here was the One Act play which won at district, then at area, then at

regional before going to Austin where it finished third in the state. The next group to win was the Literary entrants who tied Knox City for first place in the Literary Meet. The golf team was the next group to capture a first place. They finished first in district by a margin of twenty six strokes over runner-up Hamlin. The girls track team finished second in the District Meet while the boys were third in theirs. The boys were first in an invitational meet at De Leon and the girls won first at the Anson Invitational. This combination of points earned by the athletics and the literary contestant captured another first place trophy for the Indians. This trophy, the 7A overall Trophy, was the result of the combined efforts of over 130 Haskell students.

The Indian Band picked up where it left off last year. In the fall it obtained a number one rating at marching contest held in Abilene then came back to win ones in concert playing and sight reading in the spring. This combination of number one ratings earned the Indian Band its third sweepstakes trophy in a row.

The Haskell Vocational Agriculture students have been just as successful as their classmates. In judging and skills contests they have placed first six times, second three times, and third six times at the district level. They have had one first, one

second, and one third in area competition. They exhibited the Grand Champion lamb, Grand Champion rabbit, and Reserve Champion heifer at the Haskell County Fair. At the Haskell County Junior Livestock Show, the Haskell FFA had the Grand Champion lamb, heifer, and pen of rabbits. They have been awarded the Superior Chapter Rating, Chapter Safety Award and building Our American

Community Award at the state level. A total of seven candidates have completed work for the Lone Star Farmer Degree.

Almost all the time spent in preparation for these contests was before and after school. Teachers, coaches and students have given up many hours of their time, and this year at least all the work paid off.

## Emergency Loans Now Available

Emergency loans for farmers, ranchers, or aquaculture operators are available through county offices of the Farmers Home Administration (FmHA), Dale R. Burris, FmHA county supervisor, said today.

Burris asked that those who need farm credit as a result of Drought make their needs known at the Farmers Home Administration office at Haskell.

Applications for assistance in the disaster stricken counties will be accepted by Farmers Home until 10-25-78 for physical losses and 4-30-78 for production losses.

FmHA loans covering actual physical and production losses

may be used to replace installations, equipment, or buildings, (including homes) lost through this disaster. Funds may be used to buy feed, seed, fertilizer, livestock or to meet interest and depreciation payments on current real estate and chattel debts. Other loans, beyond actual losses, can be made for annual operating expenses or to make major adjustments in a farming (or ranching or aquaculture) operation.

"Funds can be used for essential operating and living costs," Burris said.

Loans covering actual losses are made at an interest rate of three and five percent and are scheduled for repayment as rapidly as feasible consistent with the applicant's reasonable ability to pay. Loans beyond actual losses have various maturities, depending upon the purpose of the loan.

The interest rate for short-term loans for farm operating purposes is 3 percent. Long-term loans are being made at an interest rate of 5 percent.

To be eligible for an emergency loan, an applicant must have suffered losses from the disaster and be unable to get credit from other sources.

Emergency loans can be used to help the farmer restore damaged farm operations and additional loans based upon the emergency designation can be used to reorganize the farm for greater efficiency and better production.

## Rehab Coffee Project Set

Officials of the West Texas Rehabilitation Center announced today that the seventh annual Memorial Day Coffee Project is currently being set up in communities within a 150-mile radius of Abilene.

Last year almost 100 restaurants participated in the project which raised about \$5,000 for the Center's summer program.

This year waitresses in an anticipated 150 restaurants throughout West Texas will once again be selling plastic American flag lapel pins for \$1.00. On Memorial Day, May 29, anyone wearing the pin can drink a free cup of coffee in any of the participating restaurants.

The seventh annual Memorial Day Coffee Project will differ from past projects in that separate projects will be conducted for Abilene and San Angelo. The top four waitresses in the Abilene area will

## County 4-Hers Advance

Nine Haskell County 4-H members participated in the District III 4-H Elimination Contest, Saturday, May 6th at Midwestern University at Wichita Falls. In the Junior Public Speaking Contest Miss Mikeana Wilcox of the Rule 4-H Club took the top honor for the second consecutive year. Mikeana is the daughter of Mr. and Mrs. Mike Wilcox.

A group of eight senior 4-H members placed second in the Share The Fun Contest and qualified for the State Contest at A&M University, June 5th-8th. Members of the group are: Russ Lewis and Kraig Kupatt of the Rule 4-H Club; Cary Hannsz, Sonja Tidrow, Carl Hopkins, Lynn Weatherly, Kay Campbell and Kathy Campbell of the Haskell 4-H Club. Coach and Adult Leader for the group is Mrs. Ronnie Chapman.

be vying for gift certificates from Luskey's Western Wear of Abilene valued at \$100, \$75, \$50, and \$25. The top San Angelo waitresses will receive similar prizes. In addition, the overall top waitress will receive an expense paid weekend for two as the grand prize.

Center officials pointed out the importance of this project in the Spring financial picture for the multi-faceted treatment and diagnostic facilities. A sharply increased patient load and the subsequent budgetary increase was cited as reason for even more emphasis on the project than in previous years.

## City Council Holds Meeting

The regular meeting of the Haskell City Council was held May 9, with all members present.

Mayor Royce Williams called the meeting to order and Councilman Guy Kennedy gave the invocation. Following the approval of the minutes, a public hearing on the proposed use of Revenue Sharing funds were held. There were no citizens present who wished to discuss the use of the funds.

Wallace Cox, Sr., Jim Sampson, Barney Frazier, Bailey Toliver, Jimmy Bynum and B.C. Chapman all met with the council to discuss the paving of the alley on the west side of the square. Members of the council agreed to re-pave all alleys around the square.

Members of the council appointed Dr. J.F. Cadenhead City Health Officer and also appointed Vergil Smith, John Kimbrough, and R.A. Lane to serve on the Board of Equalization.

Council members also passed an ordinance which would deed the old south ward school property to the Housing Authority. The Authority began work Wednesday on the lot for construction of 28 units of rental housing.

It was also reported that light bills and minor repairs at the teenage baseball field had been paid and that the city had received a room occupancy tax in the amount of \$428.56.

## Kris Kupatt Selected For Tour

**KRIS KUPATT**  
Kris Kupatt, daughter of Mr. and Mrs. Fred Kupatt of Sagerton has been selected as one of the state delegates to the National 4-H Citizenship Short Course and Heritage Tour June 13 through 27th.

Kris has been a 4-H member for seven years. She has carried 4-H projects in Foods, Clothing, Swine and Leadership. She has participated in County and District 4-H Leadership Activities. She is presently serving as Secretary-Treasurer and Council Delegate for the Rule 4-H Club.

Kris is a sophomore at Rule High School and is active in FHA, Basketball, Track and will be a twirler this fall. She is very active in Community affairs at Sagerton and is a member of the Faith Lutheran Church.

The Citizenship Shortcourse will be conducted at the National 4-H Center and at the Nation's Capitol, she will view the many branches of government. She will also tour many historical memorials and buildings.

The Texas Delegation will also visit points of historical interest between Texas and Washington, D.C.

Kris is being sponsored by: Rule Co-op Gin, Haskell Lions Club, Stamford Electric, Rule Rotary Club, Rule Chamber of Commerce, First Federal Savings and Loan Assn., Haskell National Bank, Bill Wilson Motor Co., Haskell Rotary Club, and Haskell Co. Home Demonstration Council.

Kris is the granddaughter of Mr. and Mrs. H.L. Hewett of Stamford and Mrs. Bruno Kupatt of the Rice Springs Care Home in Haskell.

## Laurie Reynolds Receives Certificate

Laurie Reynolds, an eighth-grade student in Haskell Junior High, recently received a rare honor. Her spelling paper, having been judged perfect in district UIL competition, was then mailed to UIL headquarters in Austin and was again judged a perfect paper. Laurie received a certificate for excellence in Spelling and Plain Writing.

No one from Haskell has received this honor. Mrs. Mary H. Martin, Laurie's instructor, reported that Laurie misspelled or misformed only a few words or letters in almost two thousand very difficult words. This covered about four months of intense drill and self-discipline. Laurie's parents are Mr. and Mrs. Sonny Reynolds.

**BAKE SALE**  
Members of the Ladies Auxiliary of the Haskell Volunteer Fire Department will hold a bake sale Saturday, May 20, in front of Ben Franklins. All proceeds from the sale will be used to purchase equipment for the Fire Department.

## City Receives Sales Tax Check

State Comptroller Bob Bullock said Monday that his office has mailed checks totaling \$13.8 million to 898 Texas cities as their May share of the one percent city sales tax.

The City of Haskell received a check in the amount of \$4,231.86.

The May allocation brings collections for the year to \$135.5 million, a 6.1 percent increase over the same period last year.

The City of Houston received the largest check—\$3 million. City sales tax collections there are running 8 percent ahead of last year.

Dallas—where city sales tax collections for the year are up 1 percent—will get a check for \$1.5 million.

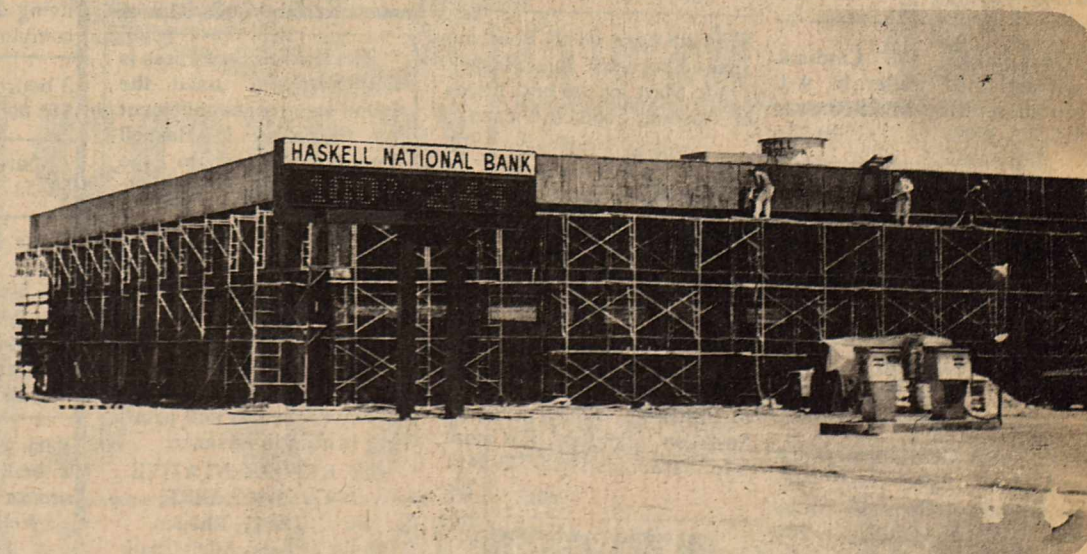

San Antonio will get a check for \$731,267, Austin will get \$458,667 and Fort Worth \$451,380.

The local-option city sales tax is collected by merchants along with the state sales tax and rebated monthly to the cities by the Comptroller's Office.

**DENNIS YOUNG**, DPS Trooper II, was honored with a reception Monday morning by Courthouse employees. He will also be honored with a retirement dinner May 19, at the Haskell Elementary School Cafeteria. Young will retire May 31, completing 27 years with the DPS. He is the Drivers License Officer in Haskell, Knox, Baylor, Stonewall, and Kent Counties. Shown with Officer Young is his wife, Mildred. (Staff Photo)

**COMPLETE FACELIFTING**...In approximately four months a complete remodeling job of the Haskell National Bank should be completed. The project includes the remodeling of all existing facilities and the addition of 5,200 sq. feet of new space downstairs and 2,400 sq. feet upstairs. Bank officials say the project will cost in excess of \$300,000.00, and ask that customers excuse any inconvenience during the project. (Staff Photo)

## Around Town

By Lisa and Mary

**Mr. and Mrs. Richard Riley** have returned home after spending the weekend in Austin with their daughter and son-in-law, Mr. and Mrs. Dudy Knight.

**Mr. and Mrs. Eldon Anderson** returned last Tuesday from a five day vacation in Hamilton, Bermuda. They enjoyed two boat tours around the island and enjoyed seeing all the beautiful flowers, and scenic views along the high-ways.

**Mr. and Mrs. E.L. Hilliard** spent Saturday in Brownfield visiting Mr. and Mrs. Kenneth Hilliard. Mrs. E.L. Hilliard attended a Pink & Blue shower given for her daughter-in-law Cinda. Then Sunday they all went to Buffalo Springs Lake and spent the day visiting with Cinda's folks.

Visiting in the home of Mr. and Mrs. Clinton H. Herren over the Mother's Day weekend were sons and families: Clinton H. Herren, Jr. of Ft. Worth and daughters, Angela and Holly of Arlington; Dr. and Mrs. Robert W. Herren and Hunter of Dallas; and Mr. and Mrs. Ray Herren and Kevin of Tyler. All attended Mrs. Angie Herren Mullino's Mother's Day luncheon at the

Community Room of the Haskell National Bank.

**Vicki Sue and Duane Josselot** of Denton, daughter and grandson of Lee and Ola McClure were here over the Mother's Day weekend visiting. Their son, Jimmy McClure, of McCamey was unable to come to be with his mother on Mother's Day, but they had a nice visit by long distance.

**Mr. and Mrs. Fred D. Brown** were visitors in the home of their son, Fred D. Brown, Jr., on May 13th & 14th. Their granddaughter, Jill, age 10, was one of twelve girls selected this year from the Dallas-Ft. Worth area to join the 100 member Dallas Girls' Chorus. Her mother, Bette, has been chosen as one of 14 chaperones to accompany the girls on their up-coming Southwestern United States tour. The Dallas Girls' Chorus will make scheduled performances in major cities across the southwest including, Phoenix, Las Vegas and Los Angeles.

**Mr. and Mrs. Walter Fischer** were in Dallas last weekend to attend the graduation of their son-in-law, Rev. Robert Stuart, from Southwestern Baptist Theological Seminary in Fort Worth. He received his Master of Divinity degree. He received his B.A. from Dallas Baptist College in 1975, and pastors the Renner Baptist Church in Dallas. The Fischer's visited with Rev. and Mrs. Stuart and family while there.

Visiting Mrs. Grace Montgomery last week were S.L. Silbech of Pacifica, Calif., Mrs. Marvin Woodring from Noble, Okla., and Novalee Franks from Norman, Okla.

Mr. and Mrs. H.B. Mont-

gomery were here last week visiting Mrs. Grace Montgomery, Eleanor and Clara Blohm.

Visiting in the home of Mr. and Mrs. Robert W. Herren over the weekend were their daughters and families: Mr. and Mrs. Edward Corzine of Ft. Worth; Mr. and Mrs. Edward Corzine, Jr., also of Ft. Worth; Mr. and Mrs. Dan C. Howard, Danna and Kim of Tulsa, Okla., and Dr. and Mrs. John R. Gannaway, Julie and Jim Bob of El Paso. They all attended the special Mother's Day celebration for their grandmother and great-grandmother, Mrs. Angie Mullino.

**Mrs. Carl Denson** of Hobbs, N.M. visited his aunt, Mrs. Angie Herren Mullino for Mother's Day over the week-end.

Visitors in the home of Mr. and Mrs. Bill Carter and Deann this week were: Mr. and Mrs. Ronny Medford, Craig and Mark from Odessa; Mr. and Mrs. Billy Jack Carter and Michael of Snyder; Mr. and Mrs. James Howard and Brandon of Abilene; Mr. and Mrs. Jerry Sorrells and Tammy of Haskell; and Tim Lacy of Haskell.

Relatives and friends from out of town attending the funeral of Reggie and Joseph Blackburn were from the following places: Mesquite, Milam, Irving, Arlington, Dallas, Houston, Wichita Falls, Grand Prairie, Odessa, Abilene, Rule, Stamford, Colorado City, Graham and Fort Worth, and from Downey California, Alexandria La., and Hobbs, New Mexico.

### Bride Elect Honored With Parties

A gift brunch honoring Miss Kim Campbell, bride elect of James Robert Crawford was held Sat. April 29 in the home of Mrs. Don Nanny.

Hostesses for the occasion were Mrs. Jackie Young, Mrs. Don Nanny, Mrs. Drey Lowe, Mrs. Ervin Frierson, Mrs. Myron Biard, Mrs. Lynn Pace, Jr., Mrs. Lynn Pace III, and Mrs. Ken Lane.

The brunch table was covered with a beige lace cloth and decorated with a candle and apple centerpiece along with roffia dolls. Table appointments were green depression glass accented with touches of pink.

A surprise kitchen party was held May 8 in the Co. Extension Office honoring Kim Campbell. Guests were members of the Haskell 4-H Club and gifts were paper items and small kitchen gadgets.

Hostesses were Mrs. Andy Wilfong, Mrs. Max Stapleton and Mrs. Ted Elliott. Refreshments were served.

A lingerie party was held May 1 in the home of Mrs. Jim Rea, honoring Kim Campbell. Hostesses were Connie Frierson and Tami Rea.

The refreshment table was covered in white. A white tree filled with pearl hearts, pink bows and miniature lingerie centered the table. Refreshments were served from pink depression glass dishes. Guests at the party helped tie rice bags.

# Mrs. Mullino Honored With Celebration

On Saturday, May 13, Mrs. Angie Herren Mullino was honored with a luncheon by her family at the Haskell National Bank Community Room.

Mrs. Mullino, 87, the third oldest living native in Haskell County, was born and has lived all of her life here.

Her father, Sam Vernon gave the first land for what became the first school in the Vernon Community of Haskell County. Mrs. Mullino's uncle, John Pinkerton, also gave land for the Pinkerton Community School in the County. She can recall her father picking her up at school with the horse and buggy when the rains came and the creek was swollen. She has entertained all of her grandchildren all their lives by playing their favorite song on the piano and singing "I'm Glad I'm Keeping House for You," also playing her french harp. They always used to call on her at all of the Singing Conventions for special numbers on her harp.

Angie and her first husband Robert White Herren, III had five children two of whom died in infancy and three of whom live in Haskell now; they are Robert W. Herren, IV, Clinton H. Herren and Dorothy (Mrs. Fred D. Brown). She has eleven grandchildren and fifteen great grandchildren.

The family's reminiscences were aided by photographs collected throughout the years. Angela Herren of Arlington, the daughter of Clinton H. Herren Jr., and Donna Howard of Tulsa, the daughter of Mr. and Mrs. Dan C. Howard, both greatdaughters sang several songs, accompanied by Bobbie Herren (Mrs. Edward D.) Corzine, the oldest granddaughter. The entire family joined in singing "Memories" a favorite of Mrs. Mullino's.

The old player piano was played through out the day, and proved quiet interesting to many of the younger ones who had never seen one before.

Gannaway read a poem "Our Grandmother," written for Mrs. Mullino by Mrs. Bobbie

Herren Corzine. Mrs. Mullino said a few words, then the family formed a circle and with joined hands, sang "Bless Be The Tie," and closed with a prayer offered by Clinton H. Herren.

Attended the celebration were: Mr. and Mrs. Robert W.

Herren (son); Mr. and Mrs. Edward Corzine, Fort Worth; Mr. and Mrs. Edward Corzine Jr., Fort Worth; Mr. and Mrs. Dan C. Howard, Tulsa, Okla. and daughters Danna and Kim; Dr. and Mrs. John R. Gannaway, El Paso with Julie and Jim Bob; Mr. and Mrs.

Clinton H. Herren (son); Mr. Clinton H. Herren, Jr. Fort Worth daughters Angela and Holly, Arlington; Dr. and Mrs. Robert W. Herren, Dallas, son Robert Hunter (youngest great grandson); Mr. and Mrs. Charles Ray Herren, Tyler, and son Kevin.

### THANK YOU FOR THE SUBSTANTIAL LEAD IN THE 1ST PRIMARY

- ★ Work and Experience constitute the record of Judge J. Neil Daniel. He refused to neglect his court while campaigning for promotion.
- ★ In the 1st Primary—the people, where the candidates live and work, gave Judge Daniel a majority of the votes cast. Judge Daniel's run-off opponent ran third.
- ★ Qualification is the only issue, and it covers many factors: Background - Integrity - Diligence - Ability for hard work - Education - Training and Experience.
- ★ Judge Daniel had extensive trial experience prior to becoming District Judge and as District Judge has heard and disposed of more than 4356 cases.
- ★ Judge J. Neil Daniel is the only candidate with Judicial experience. He knows the law and he knows the courts.
- ★ The record speaks — there is absolutely no substitute for Judicial experience.
- ★ Promote Judge J. Neil Daniel to the Court of Civil Appeals.

### Jaycees Discuss Projects

The Haskell Co. Jaycees held their regular weekly meeting May 11, at the Haskell City Hall.

Jim Pace called the meeting to order.

Bo Owens led in the J.C. Creed, and gave a report on the trip to Ballinger that several Jaycees made for a picnic with area chapters.

Gwynn Butler gave a financial report on the rodeo and dance.

Owens also gave a report on the upcoming State Convention in Corpus Christi.

The club voted on new members to join the club. They are Glenn Pogue and Wayne Dornier.

13 members and 1 guest were present.

## Hints For Mailing Packages

Postmaster Joe Alves today issued a reminder to postal customers in Haskell that if the Postal Service's new packaging guidelines are followed they can virtually eliminate damage to their parcels.

Postmaster Alves said that checks at bulk mail plants show that more than 80 per cent of all articles damaged in the mails were improperly packaged.

### TP&W Warns Against Handling Wildlife

Many people are enjoying the springtime on picnics, while fishing, or just hiking in Texas, but young wildlife can be harmed if picked-up or handled by the well-meaning individual.

The best reason to leave wildlife alone is state laws governing the possession, sale or barter, and confinement of both game and non-game animals, birds, and endangered species such as the Horned toad.

Capturing young wildlife in the wild results in problems for both the person possessing the wildlife and the Texas Parks and Wildlife Department.

Many times, serious, unexpected problems arise from unqualified attempts to domesticate creatures which nature intended to be wild and free. Most people attempting to pen or confine these young of the wild do so with a sense of compassion for the apparent "lost" animal or bird. In reality, the parent or parents are most likely near by watching as you handle or even injure their young. Some wild parents will not accept their offspring back if human scent is left on the young.

Opportunities for the wildlife young to learn to survive in the out-of-doors is lost if not taught by their natural parents. These birds and animals fail to learn who their natural enemies are and how to defend themselves against attack.

Both "well-meaning" adults and children are often bitten by wild "pets" in captivity and usually it is the children receiving the worst of the deal. Some wild animals and birds carry harmful or deadly diseases such as virus, ticks, tetanus, or tularemia which can be transferred to humans or domestic pets.

addresses that may have been printed on it along with extraneous numbers that could be confused with the ZIP Codes.

A final suggestion: Enclose a return address card in the package so that it can be returned if the mailing label is damaged or lost.

Postmaster Alves said customers should contact the Haskell Post Office for more information.

When marking a package "Do Not Bend," it is required that the container have stiffeners which will protect it from being bent.

In using a second-hand box, it is important to mark out

catch on processing machinery. Instead, parcel post customers are urged to use the pressure-sensitive, reinforced tapes. They are almost unbreakable.

First, select a strong carton. Use a fiberboard box with the "burst-test" number printed on it.

If the box says, for instance, 125 lbs. it can be used for mailing many types of merchandise weighing up to 20 lbs.

When a person is shipping dense or heavy materials, such as books, stronger boxes are required. For 10 lbs. of books the Postal Service recommends a box with a 175-lb. burst test. The Postal Service suggests that wrapping paper not be used on cartons. If a wrapper is torn or lost in transit, the mailing address can disappear. Further, the paper adds nothing to the package's strength.

The use of masking and cellophane tapes for closing or sealing is prohibited. In transit they tend to peel off, and they have little strength. String is not recommended. If twine loosens, it can readily

### Barrel Racing School Set

The Fourth Annual Barrel Racing School will be held at Cisco Jr. College June 11-16.

Among the outstanding instructors will be Frances Hanson, well known barrel racer and director of the Barrel Racing School in Gardendale, Janet Hanson, award-winning barrel racer, N.I.R.A.; and Donna Saul, National all-around Cowgirl in 1962, National G.R.A. Finalist in 1977.

Enrollment is limited to the first 30 girls sending their applications, so a deposit of \$50 should be sent to insure a place in the school. The cost of the school is \$150, which pays for the school, and room and board in one of the air-conditioned college dormitories.

Further information may be obtained by writing to Dean Madison, Dean of Students, Cisco Junior College, Cisco, Texas 76437, or calling him at the college at 817-442-2567.

### CowBelles Hold Meeting

Haskell CowBelles held their regular monthly meeting, Monday night May 15 at 7:30 at the Bank Building.

The meeting was called to order by the Vice President Nancy Morales. With 11 members and 1 visitor present.

Bebe Middleton had the program on Mothers. Ella Peiser was honored as CowBelle Mother of the Year. She received a beautiful bouquet of red roses and a plaque.

Business meeting was held after which delicious refreshments were served by Nancy Morales hostess.

The next meeting will be held June 19 at 8:00 in the Bank Building, with a covered dish supper at which time the CowBelle Man of the Year will be honored.

Most hearing losses develop gradually, according to the Beltone Crusade for Hearing Conservation. As a result many hearing impaired persons do not realize their problem until the loss has become serious and even handicapping.

The growing problem of excessive noise in urban areas was underlined by a report that approximately half of Americans believe their neighborhood is too noisy, say officials of the Beltone Crusade for Hearing Conservation.

**Lone Star Gas has already laid the groundwork for your energy future.**

The jobs of more than 100,000 Texans employed in plants served by Lone Star depend on gas for heat processing or as a product ingredient. Long-term gas supplies are needed to preserve existing jobs, create new ones, and meet the requirements of our residential customers. Fortunately, Lone Star is in an excellent position to continue energizing our area's economy.

Lone Star has an 11,400-mile gas gathering and transmission pipeline system that connects with basins estimated to contain 50% of the remaining onshore gas reserves in the United States.

This same network also enables Lone Star to accept gas deliveries from growing offshore production in the Gulf of Mexico.

No other gas company in Texas has a pipeline network as extensive or versatile as the one we've put together and constantly modernized during the 69 years Lone Star has been in business.

No other gas company in Texas has the built-in opportunity to buy gas as selectively, to bargain as well for the best prices on new gas, as Lone Star.

Our pipelines can have an important effect on your energy future, because it's here where Lone Star is strongest that gas companies from across America will be shopping hard for new gas reserves.

**Here's your key to the energy storehouse.**

We fully understand the efforts of other gas utilities and transmission companies to get new gas supplies. Their areas also want this most economical of fuels for industrial use.

Nevertheless, Lone Star's obligation is to the million-plus residential, commercial and industrial customers who depend on us to meet their energy needs in the decades ahead.

We're determined to meet our obligation in full by getting our area's fair share of new gas reserves as they enter the market in volumes large enough to be handled economically.

It can be done because of Lone Star's pipeline system.

Our gathering system goes into areas where other gas companies haven't begun to build. Our far-reaching transmission network gives us excellent capabilities. Our underground storage system often lets us take deliveries when many companies cannot.

All we need to buy the gas you'll need in the decades ahead is your understanding that we must recover the actual cost of the new gas we buy.

Give us that, and we'll deliver you the best gas bargains that money can buy. But the longer we wait, the more expensive the bargains will be. And we're eager to get on with the job.

**Lone Star Gas Company**  
We're working energetically for your area's future.

## Stenholm Advocates Quality Education

Charles Stenholm, leader in the 17th Congressional District's May 6 Democratic primary, is a strong advocate of quality education. Both Stenholm and his wife Cindy have education degrees and experience as teachers.

"I believe in quality education with local control and a strong foundation of the basic 'Readin', Ritin' and 'Rithmetic' skills to insure that students graduating from public schools have the necessary tools for competing in our contemporary society," Stenholm stated.

"My personal experience as a teacher convinced me that the most critical ingredient in providing a good education is a devoted teacher. A supporting structure of closely knit parents and teachers at the local level is the second most

important factor. Frustration and discouragement felt by parents and teachers are often in direct proportion to the distance we feel from the sources of intrusion by requirements and programs from the federal government that are not tailored to our local needs," said Stenholm.

Stenholm also believes that "much attention and research must be devoted to making the financial foundation of public education more equitable for students and all others concerned."

Recent figures provided by the Texas Education Agency say that eight percent of the money required to operate the local school districts in Texas for the 1976-77 school year came from the federal government. "Red tape pressing down from Washington, even

to the classroom level, was far out of proportion to this contribution," noted Stenholm.

"I believe that when federal funds are wanted and needed they should flow directly as possible to the local school district with a maximum amount of local control and a minimum amount of federal control," stresses Stenholm.

As an example, Stenholm expressed his concern for the importance and the continuation of Bill 874, impacted aid to school districts serving military and federal employee dependents.

Pointing out the fact that there are schools in the 17th District which fall under Bill 874, such as Abilene, Mineral Wells and Big Spring; Stenholm noted the impact of such legislation.

"Impacted aid to such schools is crucial, because the schools do not receive property taxes from parents living in base housing," stated Stenholm. "It is essential that these school districts continue to receive this aid. Impacted aid to schools is a perfect example of federal funds with no strings attached," Stenholm commented.

"Our country's commitment to education has always played a vital role in our history. Schools have done much in creating opportunity for the removal of barriers that frequently separate our people," he added.

"Yet it has not been enough," Stenholm continued. "The fiscal pressures of today seriously threaten and undermine educational advantages we have produced."

Realizing that education has always played a vital role in our nation's history, Stenholm said, "I will back legislation that will continue to support education and seek to find ways to strengthen our educational system."

Stenholm born and raised in the 17th District, is a native of Stamford. A working farmer, he has taught vocational agriculture for two and one half years. "Having lived and worked in the District all of my life, and due to the fact that I have experience as a teacher, I feel that I can relate to and understand the problems facing education today," commented Stenholm.

Stenholm received his M.S. in agricultural education from Texas Tech University. Since his graduation, he has been involved in numerous civic, church and political activities

which have led him to local, state and national leadership recognition.

The father of three, Stenholm received the nod of the voters of the 17th Congressional District in the May 6 primary by receiving the highest number of votes cast in the election. He will face his opponent in the June 3 runoff election.

## Burleson Accepting Nominations

Congressman Omar Burleson reminds young persons who are interested in competing for nominations to the service academies, for the class entering July 1979, he uses a competitive method of selection so that all young persons who meet the necessary requirements may be considered.

The service academies are the Naval Academy at Annapolis, Maryland; the Military Academy at West Point, New York; the Air Force Academy near Colorado Springs, Colorado; and the Merchant Marine Academy at Kings Point, New York. These institutions offer a fine education and a great opportunity for service to their country by young persons who wish to follow a military career.

In order for Congressman Burleson to consider applicants, a candidate must meet these requirements: (1) Must be a U.S. citizen; (2) Must be over 17 and a legal resident of the 17th Congressional District; (3) Must be under 22 years of age on July 1, 1979; (4) Must never have been married; (5) Must be physically fit, including excellent eyesight; (6) Must have a good school record.

Burleson stresses that political influence is not a factor in his nominations to the Academies. The important thing is not who you know but what you are.

Interested young persons who meet the above requirements should write Congressman Omar Burleson, House of Representatives, Washington, D.C. 20515, no later than July 16. Examinations will then be scheduled as a rating device to set up slates for nomination. The competition is keen but Congressman Burleson wants to assure that all young persons who are interested in a military career may have an opportunity to compete for nomination.

# PLANT CERTIFIED

For Higher Cotton Yields

Yields from certified cotton planting seed were up to 18 percent higher than yields from caught or non-certified seed according to research by Dr. L. L. Ray at the South Plains Research and Extension Center in Lubbock, Texas. Certified seed has not undergone genetic deterioration in the field. Volunteer plants and undesirable cross-pollination are eliminated. And certified seed from Pioneer is free from pests and weeds which often accompany non-certified varieties. See your ginner or Pioneer brand seed dealer for these certified varieties.

### Dependable even in dry country!

Certified LX571\*

You can't control the weather. So, you need a hedge against drought. . . . and that's where the Lankart variety LX571 fits in. It consistently produces top yields of high quality cotton . . . even under tough, dry conditions. And you don't have to give up anything to get this outstanding drought tolerance, either.

LX571 produces fairly long, strong fiber . . . with micronaire normally in the premium range. And storm resistant bolls strip well in one pass through the field. Add up all the good things about LX571 . . . then it's easy to see why this is one of the most planted cotton varieties in the Rolling Plains, Central Texas and Southwestern Oklahoma.

\*LX571 is a U.S. protected variety (Plant Variety Protection Certificate No. 7200018). Unauthorized propagation and unauthorized seed multiplication prohibited by law. LX571 cotton planting seed can be sold by variety name only as a class of certified seed. It is unlawful to sell non-certified seed of this variety.

### Long-time favorite.

Cotton growers in Texas, Oklahoma and Eastern New Mexico have relied on certified Lankart 57 for consistently high yields for years. This variety has vigorous plants with short main stems and short fruiting branches. Leaves are large and dense. And this medium-early maturity cotton has storm-proof bolls. Lankart 57 is a good stripper cotton, too. . . . well-adapted to Texas and Oklahoma dryland production.

Certified LANKART 57

Certified LANKART 611

### High yielding, early variety.

This cotton variety was developed for the early maturity needs of dryland farming . . . especially in the Blackland and Rolling Plains of Texas and Southwestern Oklahoma. Vigorous plants with short main stems and close fruiting branches produce large bolls of high quality lint. A good stripper cotton for the Southern High Plains on wilt-free soil.

Certified LANKART® and LOCKETT® brand cotton planting seed is available from your ginner or Pioneer® brand seed dealer.

# Little League News

This has been a busy week for the Haskell Little League. Monday May 1 brought defeat to the Rams with a score of 10 to 11 for the Cubs. K. Reed was the Losing Pitcher. J. Griffith was the winning pitcher.

Tuesday the rain defeated the Eagles and Lions. Thursday the Tigers suffered a loss at the hands of the Hawks 14-4. C. Martin was the winning pitcher, T. Rodriguez was the losing pitcher. Friday the Rams defeated the Lions 11-3. J. Griffith was the winning pitcher, T. Jennings the losing pitcher.

Saturday was a double header with the threat of rain. The dark clouds hung over the 9 to 9 tie between the Hawks and the Eagles. The threat became an actuality in the 5th inning of the Cubs - Tiger game and the game had to be called because of rain with the score Cubs 16 Tigers 7. J. Griffith is credited as the winning pitcher with T. Rodriguez the losing pitcher.

Monday May 8 was the Tigers - Rams game on a nice green field. There were 39 runs scored in all with 22 to the Rams and 17 for the Tigers. J. Griffith is credited

as the winning pitcher with T. Rodriguez as the losing pitcher. The boys are out selling their Dairy Queen savings coupon books. These will save you \$5.50 in purchases at the Dairy Queen with only a \$1.00 investment in the Little League. You can't lose and the boys win in many ways. They appreciate your support.

# Third Term For Speaker Clayton

Texas House Speaker Bill Clayton Monday declared victory and made public the names of candidates in 110 House districts who have authorized the release of their names in support of his candidacy for a third term speakership.

The release of the names comes after Saturday's primaries in which many of those on the list secured seats as members-elect.

Clayton said the list, which included 93 incumbents, assures him the needed support to make Texas history by winning a third consecutive two-year speaker term. A total of 76 votes of House members are needed to take the top leadership position in the House.

"Those names being released today have been contacted in the past few days and have re-affirmed their solid and firm support and commitment of continued help throughout the interim and upcoming legislative session," Clayton said.

He said the total would rise even higher with the release of a second list of supporters in the near future.

Clayton said the 121 name list, which in some cases contains names of all candidates in races still to be decided, indicates that he continues to enjoy broad based support from all political persuasions and from all minority groups within the House. He said it was also well-balanced from the standpoint of urban, suburban and rural.

He said it is his continuing drive to improve the legisla-

tive process and modernize the system so the legislative body will gain in respect and stature in the eyes of the public.

During the 41 months he has been in office he has endeavored to improve information gathering and accessibility to information which in turn has given each member a greater opportunity to better serve his or her constituency.

"I intend no changes in my policy of providing a fair opportunity for all and a forum for each member to present ideas and legislation on the floor of the House. The House will continue to be a true representative government," Clayton said, adding, "I believe that the men and women on this list support the principles of honesty, fairness and legislative ability that have been my goals to provide as Speaker."

Clayton said a low turnover in membership indicates an increasing approval by the public of the Legislature. The makeup of the House in the 66th Legislature under his direction will be sprinkled throughout with seasoned veterans with many years of legislative experience as well as several promising new members.

Clayton said of the ann-

ounced support he has received from more than two-thirds of the tentative House membership. "I have been on the political scene in Texas for the last two decades and I sincerely appreciate the resounding endorsement for a third term. I have learned from this experience and I believe the House as a whole has benefited as we have labored together.

"Not all has been accomplished that I would like, but the progress made in improving the legislative process has been significant in the last three years and I intend to strive for continuing advancement."

"It humbles me to realize that a great majority of incoming members to the Texas House of Representatives would so honor and support my candidacy to a third term as Speaker."

Clayton called on his opponent Rep. Buddy Temple of Diboll, to bring a halt to campaigning in the Speaker race.

"Mr. Temple ran a clean, positive campaign and I appreciate the courtesies he and his staff have shown. I would now ask that he join with us in trying to assess and meet the needs for the next legislative session," Clayton concluded.

Reindeer rations is not a subject usually found here, however, it seems the proper time to make our readers aware of modern reindeer feeding procedures... some of which are mighty strange. For instance, primary ration for the past 11 months has been hybrid 1975 variety Spirit of Christmas. Beginning about now, some special supplements are being added. Rations of Children's Laughter combined with a high percentage of Joy of Giving have been observed to give reindeer a tendency to fly around and land on rooftops. If that isn't unusual enough, one member of a special nine reindeer herd is fed an entire sack of Happiness... inevitably resulting in a downright bright, glowing nose. With this kind of high energy ration, the herd can cover the whole world in one night... since they'll be in your neighborhood why not sprinkle a little Merry Christmas around the area... it's their favorite snack.

# American Ag News

**By Betty McBroom**  
Little did we realize on December 14, 1977, during the first tractorcade in these parts of Texas there would be as much "dirt plowed up" as has been about our government by the American Agriculture Movement. Our main objective when we started was to get 100% parity for our products in the market place. Now five months later in Texas (8 months in some other states) we have two main objectives. One of them still being the 100% parity in the market place and the other is fighting for the freedom of every American.

1900's through the organization Council on Foreign Relations (CFR). The C.F.R. has had a membership of 1500 people. Yet how many of you have ever heard of it? The main objective is the One World Government to be controlled by the super rich. In 1973, David Rockefeller and others decided the C.F.R. was not moving fast enough, so they formed the Trilateral Commission. This group's plans were to speed up the control of the world. Also, in 1973, Mr. Rockefeller called one Jimmy Carter into his office and talked to him about running for President of the United States. Mr. Carter accepted. Maybe this will help you to realize why Mr. Carter does some of the things he is doing. He is controlled. The CFR, when organized was a front for J.P. Morgan and Company. In addition to

Morgan other founders were Paul Warburg, Jacob Schiff, Averell Harriman, Frank Vanderlip, Nelson Aldrich, Bernard Baruch, and John D. Rockefeller. These men did not create the C.F.R. because they had nothing better to do with their time and money. They created it as a tool to further their ambitions. The C.F.R. has come to be known as "The Establishment" and "the Rockefeller foreign office." This semi-secret organization unquestionably has become the most influential group in America. Look in the **WORLD BOOK ENCYCLOPEDIA** and see if you can find it listed! While you are looking also look for Trilateral Commission and see if you find it. I did not find either in my books. Before you condemn Mr. Carter for having been a member of the Trilateral Commission, look at the other Presidents. All of the presidential nominees since WWII with the possible exception of Johnson and Goldwater, were members of the C.F.R. So you can see that Mr. Carter is not the only one that has been controlled.

## WASHINGTON

As It Looks

From Here"

Omar Burleson  
Congressman — 17th District

WASHINGTON, D.C.—**THE PRESIDENT'S TAX PROPOSAL** has now been before the Ways and Means Committee since January 21, 1978. Since that time, long and tedious hearings have been conducted with literally hundreds of witnesses testifying pro and con. We are now out of the hearings stage and attempting to write a bill and there are about as many ideas as there are Members of the Committee.

**IT IS CERTAIN THAT THE PRESIDENT'S PROPOSAL HAS LITTLE CHANCE** of approval in the form submitted. If the measure were approved as the Administration proposes, we would end up with a \$67 to \$70 billion deficit. The bill provides for cuts of \$22.5 billion for individuals and about \$6

billion for business for the year 1979. It further provides that certain tax cuts of 1977, which expire at the end of this year, be partially extended, bringing the total to about \$34 billion.

**TAX REFORMS, WHICH MEANS CLOSING WHAT SOME WANT TO DESCRIBE AS "LOOPHOLES,"** recover \$9 billion in tax revenues, leaving a net reduction of approximately \$25 billion.

**FOR AN AVERAGE AMERICAN FAMILY OF FOUR** with a \$15,000 income, the proposal would cut their tax by \$258. In the meantime, the family would lose the \$35 tax credit per person now provided. This is not nearly the whole story. The net tax cut to such a family would be offset two to three times over, by the increased rate of inflation to which the increased deficit would contribute. In short, it amounts to giving with one hand and taking it away with the other.

**THERE IS A PROPOSAL BEFORE THE COMMITTEE** to extend the tax cuts enacted in 1977, including the \$35 credit per person, the small business surtax exemption, earned income credit and a few other provisions for reduced taxes. It would reduce the deficit of approximately \$60 billion now projected to about \$35 billion. The reduction of this approximately \$25 billion from the deficit would result in the Federal Government not having to borrow this sum, making it available to the private sector for industrial expansion at lower interest rates. It would result in an attack on inflation and make possible more employment in the industrial sector and, in the longer term, reduce pressures on material and labor costs, contribute to American exports and a healthier economy generally.

**IT IS NOT SO MUCH THE DOLLAR WHICH REMAINS** after the taxes to the individual and businesses; it is the value, the quality of the dollar and the measurement of what it can buy. Dollars developed through tax cuts resulting in higher deficits, are certainly less useful than the dollars that remain after a tax policy which reduces the deficit to around \$35 billion.

**IF THERE IS THE WISDOM TO MOVE IN THIS DIRECTION**, in time it will create economic conditions which can turn this Country around in its problems with inflation, depreciation of the dollar world-wide and reduced imbalance of payments.

**SOME ARGUE THAT THIS IS A CASE FOR HIGH TAXES.** It isn't. Rather it's a case for responsibility against continually rising costs of everything, instability in our economy—the integrity of our dollar. With this must go a drastic reduction in Government spending if we are to bring sanity to our fiscal affairs.

Unlike people who wear eyeglasses to compensate for needed sight correction, hearing impaired individuals often refuse to seek the help available to improve their hearing ability, according to officials of the Beltone Crusade for Hearing Conservation. They point out that as a result, only one of six Americans who could be helped by wearing a hearing aid has an aid.

Each week we've been introducing one of our employee's. This week we would like you to know Nurses Aide Virginia Lampe. She was born October 19, 1950 in Haskell, and attended school in Rochester. Virginia married Cecil Lee Lampe in 1966. They have two sons, Cecil Jr. and Charles who are 10 and 9 years old. Virginia has lived in Rochester almost all of her life and her sons are the fifth generation in her family to live and go to school in Rochester. She enjoys working as an Aide. It sort of runs in the family since both mother and mother-in-laws occupation was nursing. She also enjoys church activities, reading and cooking. She is a member of the First Baptist Church.

## Horse Show Set In Knox County

Ken Cook of Lubbock will be judging the second annual Knox County Open Youth All Trophy Horse Show this year. It has been set for June 3 at the Benjamin arena. Books will open at 9 a.m. with events beginning at 10 a.m.

There will be two age divisions. Junior divisions will be for youth 13 years old and under. The senior classes will be open to youth 14-19. Ages of June 3 will determine in which division contestants will compete.

Trophies will be awarded through fourth place in each event in both age divisions. A belt buckle will be awarded to the high point individual in each age division.

Contestants may enter more than one horse but must name the horse on which points are to be counted for all-around when registering. To qualify for all-around contestants must enter three events.

4-H horse show rules will be used.

Classes will include registered mare, grade mare, registered gelding, grade gelding, showmanship, western pleasure, western horsemanship, reining, pole bending, barrel race and flag race.

For further information contact Tommy Antilley or Mrs. Fred Carver in Benjamin or Mrs. Joe Boone in Knox City.

# A True Fish Story

A fisherman, it is said, will sometimes stretch the truth. Not intentionally, mind you, but just enough to add an extra inch or two or pound or so that whopper he almost caught last week.

Sometimes a fisherman also will pass along misinformation about a particular fish species. Recently, in certain sectors of the state, catfishermen have circulated theories that there are two varieties of channel catfish—the pure, "native" channel cats which come from running streams and "government" catfish which live only in lakes.

The implication is that the native fish are inherently superior to the government variety whose ancestors found their way into lakes via fish hatcheries.

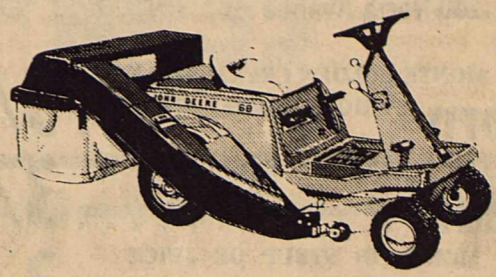

But according to the Texas Parks and Wildlife Department, the two fish are one. "There is only one strain of channel catfish in Texas," said Neal Carter, director of inland fisheries research. "In fact, most of the channel catfish stocked in lakes come from brood fish taken from streams."

Carter said there are some understandable reasons for the theories about differences in channel catfish. "A stream

fish is going to be somewhat slimmer than a lake fish because of having to cope with a constant current, but it's the same fish, nevertheless."

"Channel cats from lakes will usually be slightly heavier for their length than those from streams, and the coloration can always vary in differing water conditions,"

Carter added. Channel catfish are easily distinguished from other catfish except blue cats. Blues are usually darker in the dorsal area and don't have the characteristic channel cat spots. Positive identification can be made by the blue's 30 or more soft rays in the anal fin—channels have only 24 to 29.
