State 4-H Shoot Set Aug. 11-12

The State 4-H trap and skeet shoot will be held August 11 and 12 at the National Gun Club in San Antonio for all 4-Hers between the ages of 12 and 19.

This is the second year for the shooting sports to be included in 4-H activities.

4-H members from Haskell participating in the program are: Barry Tidrow, Gary Bill Womack, Lee Roberts, Scott Alves, Rickey Moeller, all juniors, and James Cloud and Joe Wilfong, both seniors.

Another trap shooting class will begin at the Haskell Trap Club Thursday, July 20, at 6 p.m. for others interested in participating in the 4-H program. The classes will begin with a gun safety program. All youth between the ages of 12 and 19 are invited to attend and participate in the program. They will be eligible to attend the state shoot but will not be required to.

The Haskell Trap Club is located behind the home of W.E. Wooten, just north of the Haskell City limits on U.S. 277.

The state program will consist of 50 trap and 50 skeet targets for juniors, aged 14 and under and 75 trap and 75 skeet targets for senior division.

Teenage Tournament Set Here

Haskell will host the regional senior league teenage baseball tournament beginning July 24, at which time three teams will compete for the regional title in the double elimination tournament.

David Frierson will serve as tournament director. Admission for all games will be \$1 for adults and 50c for students. All games will begin at 7:30 p.m.

The Haskell Indians and Clyde have already secured places in the tournament and will be faced by the winner of a three way tie between Cisco, Eastland and Breckenridge.

The first game of the tournament will be between Haskell and Clyde on July 24. The winner of that game will meet the winner of the Cisco, Eastland, and Breckenridge playoff.

The tournament will continue each night until a winner is declared.

A Haskell team has won the regional title for 16 of the past 18 years and will try to extend the record this year. The Haskell team is coached by Frank Jircek who is assisted by Kyle Markey and Johnny Menchaca.

The Haskell Warriors will meet Snyder in the Junior regional tournament July 24 in Colorado City. They will also play each night until a winner is decided in the double elimination tournament. The Warriors are coached by Fidencio Escobedo who is assisted by James Davis and Truman Therwhanger.

Fund Drive Nearing \$5,000.00

Haskell County Jaycees, Jaycee-ettes and Chamber of Commerce project leaders "see the light" as the fund drive for new Christmas lights and decorations enters its fourth week, with total contributions and pledges to date totaling \$4,851.63.

Although approximately \$3,500.00 short of the goal of \$8,300.00 the project leaders felt confident that the total would be reached in short-order, with the great co-operation shown by merchants, individuals, and organizations in Haskell and the surrounding area.

Special thanks are due to those who have contributed thus far. Donations and pledges not previously acknowledged are: Dean Butane, 25; Dairy Queen, \$50; Medford Buick-Pontiac, \$50; Jetty V. Clare, \$5; Letz Builders, \$50; Double A Drive In, \$25; W.H. Pittman, \$25; C&B Store, \$50; Haskell National Bank, \$250; Nine Point Grain, \$50; Biggon Drinnon Mobil Oil, \$50; Whites Auto Store, \$50; City of Haskell, \$1,000. Project leaders urge those who have not given to "put a light in your life, give for new Christmas lights".

PAPER DRIVE

The Senior Class at Paint Creek is collecting paper for recycling. All area persons who will save paper are asked to call 864-2736 or 864-3029 between 5 and 10 p.m. The seniors will work out a schedule for location and time to pick-up the paper.

Antonio at its annual state convention. Among the many highlights of the convention was the presentation of the Lone Star Farmers degrees to Jeff and Nathan Frierson, Frankie Moeller and Dwain Weise. This is the highest honor the Texas Association can bestow on its members.

Jeff & Nathan Frierson, sons of Mr. and Mrs. David Frierson followed in their dad's footsteps who received his degree in 1956. Jeff & Nathan raised swine for their supervise farming projects, and were active in leadership and judging teams. Nathan was chapter vice-president, Star Chapter Farmer of the Haskell Chapter 1976-1977 and was forth high individual wool judging at Texas Tech in 1976. Nathan plans on entering Ranger Jr. College this fall on a full baseball scholarship. Jeff has received a Haskell FFA Merit Award all three years he has been in Vocational Agriculture and will be a senior in Haskell High School this fall.

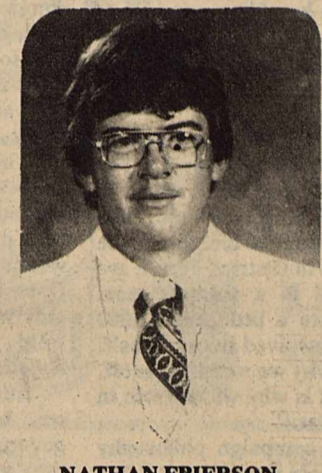

Frankie Moeller, son of Mr. and Mrs. Ernest Moeller raised chicken and lambs for his supervise farming projects and was active on leadership and judging teams. Among many honors Frankie received were the following, 2nd Area Sr. skills, Top Individual Texas Tech Dairy Products, member of State Qualifying Dairy Products Team, 3rd place Public Speaking in District, Star Chapter Farmers 1977-1978, Grand Champion Chicken 1977. Frankie has received a Haskell FFA Merit Award all three years in vocational agriculture. Frankie will be a senior at Haskell High School this fall.

Dwain Weise, son of Mr. and Mrs. Curtis Weise, raised cotton and cattle for his supervise farming projects. Dwain was 8th high individual at Texas Tech Ag Mechanics contest, and high individual of the district champion Ag Mechanics team, which also place 2nd in area, 3rd at Texas Tech and

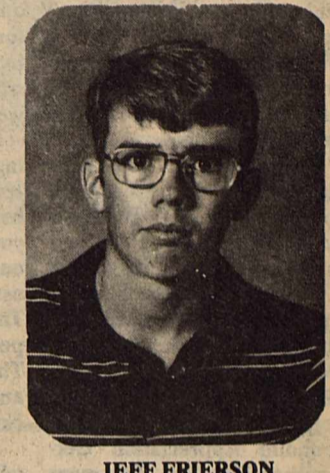

10th at the state contest at Texas A&M Dwain plans on entering San Angelo University this fall.

The Texas Association of Future Farmers of American consist of 60,000 members and 1,000 chapters. Only 3 percent

of the total FFA membership receive their Lone Star Degree. Therefore, the Haskell FFA Chapters is very proud of having four Lone Star Farmers during the 50th Anniversary of Texas Future Farmer of America.

Water Program To Continue

Haskell Mayor Royce Williams said Tuesday that the water rationing program in Haskell appears to be working fine since the division of precinct one into two parts.

Williams added that the problem is not over. He said that the situation is well in hand only as long as the residents of Haskell will continue their cooperation with the program.

At the present time several of the city wells are being checked regularly in an effort to compile some data on the underground water table. Thus far not enough information is available for any understanding of the water table.

Following is the rationing schedule for the remainder of July:

AN APPRECIATION Get-Together/Fish Fry was held in Mineral Wells in honor of Democratic Nominee for Congress: CHARLES STENHOLM (left), shown here with Marguerite Snyder of Baird and retiring veteran Congressman Omar Burleson (right). Burleson publicly endorsed Stenholm as his successor at this Saturday afternoon affair.

Burleson Endorsement Received

Charles Stenholm received a public endorsement from retiring, veteran Cong. Omar Burleson recently in Mineral Wells. The endorsement came after the two had appeared together several times during Stenholm's recent campaigning.

Stenholm is the Democratic nominee to "fill the shoes" of Burleson as the 17th District's new Congressman.

"I am so glad you have selected as my successor Charles Stenholm," Burleson opened his remarks. He closed his introduction of Stenholm by stating, "I take great pride in presenting for you and with you Charles Stenholm, our next Congressman."

Burleson was on hand for his public endorsement at a Stenholm Appreciation Get-Together/Fish Fry. The more than 300 persons braving the 106 degree temperature, to attend the gathering gave both Burleson and Stenholm standing ovations as they each approached the platform. Stenholm was interrupted seven times with applause from his supporters.

Burleson, who is retiring after 32 years of representing the 17th District in Congress, noted that Stenholm would be going to Congress at about the same age as he did. "But I think he is better qualified. He is one of the finest young men I have known, and I have known him about all of his life. He's (Stenholm) well qualified and equipped to go. Better than I. I think you are going to have better representation. I think he is a man who can meet the challenges of the time."

Further praising Stenholm, Burleson said, "Charlie will go to Washington and know which way the citizens of this great country are going and if they are going in the right direction. He will be there leading. I have the confidence in him. You'll make no mistake by wholeheartedly sup-

porting this man. That is one way we can know that our country is in the best hands possible," Burleson concluded.

Stenholm opened his remarks by noting that "It's quite a humbling experience for a man of 39 to be introduced by a man (Burleson) who has served this country so well for 32 years."

Stenholm continued by telling his supporters, "The reason I am here today is because of the people, like yourselves here tonight, in the entire 17th District. People are essential in a political race. There are a little over 1,000 people involved in our behalf. That's why we won the runoff, and that is why we will win in November."

"Our campaign philosophy will remain the same as it has from the beginning, Stenholm continued. "We still plan to run hard, talk about the issues, be sincere, and meet as many people as possible."

"Come next January, we will attempt to fill Omar's shoes, but we'll have to wear out another pair doing it," Stenholm said as he praised Burleson.

"Convincing 217 of my fellow Congressmen to vote the way we think in the 17th Dist. will be one of my toughest jobs. The way you feel we ought to vote on the issues that come before Congress is the way I will have to convince the other 217."

Proposition 13 in California was a great step forward in getting the rest of the country to understand what we understand in the 17th District. This is the way things should have been going a long time ago. "Stenholm explained about taxes. This is the way a nation should go."

"Certainly I am in favor of cutting taxes. We are all in favor of cutting taxes. But the first step in cutting taxes is by reducing the expenditures of

Sen. Farabee Is Man Of The Year

State Senator Ray Farabee of Wichita Falls, who had been a leading advocate of Texas agriculture, has been named a "Man of the Year in Texas Agriculture" for 1978 by the Texas County Agricultural Agents Association.

One of seven Texans selected for the honor, Farabee was nominated by county agents in District 3 (Rolling Plains) of the Texas Agricultural Extension Service.

Other recipients are Hemphill County farmer and rancher Carl R. Jahnel, Gregg County farmer and businessman, Jerry Lucy, Eldorado rancher Jimmy Powell, Lufkin forestry executive E.R. Waggoner, Liberty County farmer and rice industry leader F.E. "Gene" Guthrie, and San Antonio rancher and animal health leader T.A. Kincaid, Jr.

The awards are presented annually to outstanding leaders in agriculture and related industries, said Calhoun County Extension Agent Gilbert Heideman, president of the state county agents association. The awards also recognize the contributions made by these leaders to improving levels of living and economic growth in their communities, counties, state and nation.

Farabee will receive his award during the state association annual meeting, Aug. 6-9, in Lufkin.

Farabee represents the 30th senatorial district which is made up of 29 predominately rural counties in North Central and Northwest Texas. He has been a staunch supporter of Extension Service programs in the Texas Legislature and has frequently appeared on Extension programs in the Rolling Plains area.

He currently serves on the Legislative Budget Board and is vice chairman of the Texas Coordinating Commission for State Health and Welfare Services. He is also a member of the Texas Coastal and Marine Council, the Study Committee on Faculty Workload, and the Committee on Juvenile Crime.

In addition, Farabee serves on the Senate Finance Committee, the Natural Resources Committee, and the Jurisprudence Committee, of which he is vice chairman of the Subcommittee on Civil Matters.

The state senator has authored 37 bills that became law during the past two sessions of the Texas Legislature. Laws relating specifically to agriculture included the Texas Certified Seed Law during the 64th Legislature and the Grain Warehouse Storage Act during the 65th session.

Farabee was presented the Senate Member Outstanding Legislative Service Award by the Texas Farmers Union in

1975. The same year he received the Texas Distinguished Legislator Award from the Vocational Agriculture Teachers Association.

Senator Farabee was named the "top Senate newcomer" in the July, 1975 issue of Texas Monthly magazine. The July, 1977 issue of that same magazine named him one of three senators among the "10 best Texas legislators."

Farabee attended Midwestern University of Texas.

Farabee attended Midwestern University and received degrees in law and business administration from the University of Texas. He is active in a number of professional and civic organizations.

Questionnaire Mailed

Cattlemen in a 36-county West Texas area are being asked to assist Texas A&M University's Remote Sensing Center in assembling information ranchers can use from satellites.

Approximately 4,000 questionnaires were mailed July 3 from College Station to ranch operators and managers along a 110-mile wide band from Childress to Sanderson and Wichita Falls to Del Rio.

Responses will be used to design ways of making new range information available from National Aeronautics and Space Administration satellite data.

Harold Chilton, principal investigator, said three NASA satellites will be used in the study, called the Landsat Range Resource Information System Project. Each can process different information on range forage and other data useful to ranchers in daily range management.

Chilton said responses from the cattlemen are very important to the success of the project. The cover letter is signed by Bobby J. Ragsdale, range specialist with the Texas Agricultural Extension Service, and W.E. Boyd of Remote Sensing Center.

Chilton reported other studies co-sponsored by the space agency will be implemented at a later date.

Fulfilling Society

FROM AUBREY HEADSTREAM DIRECTOR MENTAL

All men of all times always believed they were standing before the dawn of what was to be the greatest transformation in human history. We are no different, but we have been privileged to witness great cultural and economic change. These have happened in such magnitude and so fast that being able to read the effect that it is to have on future man it has challenged great thinkers of our time.

In such short years we have witnessed information processing develop from mechanical calculators to vast computer systems. We have watched communication networks encircle the globe with means of instantaneous audio and video exchanges. We stood amazed at our transformation from earth bound to space travelers. I truly believe we are the first generation ever to witness the dawn of a new era in one life time.

Now however, the most significant change is not taking outwardly but inwardly. Through a rapidly quickening a growing number of individuals are becoming sensitive to a new set of values, and a new quality of awareness, a new way of being.

More and more I agree with Henry Kissinger when he said, "Individuals as they discover and grow—that every problem does not have a solution—and that good intentions do not always guarantee good results."

As man discovers himself we uncover interminable source of unanswered problems. Individuals today have found nothing when they only discover the familiar problems of society such as dishonesty, manipulation, fear, anger, frustration, prejudice and hatred, however those problems have not received satisfactory solutions, but deeper when we have discovered unanticipated reservoirs of energy, intelligence, and endurance. We can't keep trotting down the road all of generations to use the energy; or hand out PHD's to satisfy intelligence; or preach patience to show endurance. The visionaries say now that there is a great social transformation in progress. What institutions did furnish

society which was energy, intelligence and endurance is now returning to individuals desiring to run off unused energy; or receive PHD's to satisfy intelligence; or patience to show endurance; that creative improvement of community is now returning to individual hands. This, individuals find, promotes full physical and mental health, enriches human relationships, and unfolds full creative intelligence. This will also

change how stress, anxiety, and hostility will be used because it diminishes tension and defensiveness and brings forth optimism, acceptance and love.

We will witness this change. Quickly it happened in California. Quickly it will happen in Texas. For better, yes, for individuals who live in a social structure should have the right to make the rules on how they are going to live together.

MRS. JACKIE RAY BROCK
...formerly Derinda Kay Amonett

Brock, Amonett Repeat Vows

Derinda Kay Amonett and Jackie Ray Brock were united in marriage July 14 at 7:00 p.m. in the home of the brides parents.

Rev. Dudley Bragg, pastor of The First Baptist Church of Haskell read the wedding vows for the double ring ceremony.

The bride is the daughter of Mr. & Mrs. Roy Amonett of Haskell and the groom is the son of Mr. and Mrs. Brock of Haskell.

Given in marriage by her father, the bride wore a gown of Candle-light white with french lace over silk organza with a scoop neckline and fitted empire bodice with bridal pearls on the front. The bride chose a finger tip veil of Candle-light illusion edged in matching silk french lace. The bridal headpiece was a cluster of Candle-light silk flowers lavished with seed pearls. The bridal bouquet was white carnations entwined with pink carnations, greenery, baby's breath and satin ribbon streamers. Something old was a gold bracelet, something new was the brides dress, something borrowed was a diamond ring belonging to her mother and something blue was her garter.

Maid of Honor was Tami Rea of Haskell. She wore a

floor length gown of pale pink with lace shoulder straps and matching lace trim. Her corsage was white carnations and baby's breath matching the corsage in the bridal bouquet.

Best man was Jeff Brock, brother of the groom.

Following the wedding a reception was held in the brides home by her parents. The four tiered white cake trimmed in pink roses and topped with white love birds was decorated by the brides mother. Serving appointments were crystal and silver.

Following a wedding trip the couple will make their home in Haskell.

The bride is a graduate of Haskell High School and was a business major at McMurry College and is now attending Western Texas College extension classes. She is employed as educational secretary by First Baptist Church.

The groom is a graduate of Louisiana High School and attended the University of Southwestern Louisiana at Lafayette. He is employed by Sweetwater Pump and Supply in Knox City.

Local Residents Attend Convention

The North American Christian Convention met in Oklahoma City, July 11-14, at the Convention Center. Those attending from Haskell were: Marjorie Pace, Patsy Cobb, Ruby Holt, Helen Mabel Fouts, and Anna Roberts. The Christian Minister, Tom Jones, and his family were in Oklahoma, and he also attended the Convention.

There were about 12,000 registered visitors and about 3,000 young people in one youth meeting.

The theme of the Convention was "God has Spoken". Ben Merold, the president of the convention, spoke at the first session. He titled his message "God has Spoken Through Scripture". He gave many Bible quotations to support his most inspiring message. There was an able speaker for each session, each bringing a great message from the Bible.

The Haskell people attending reported that being there, seeing all the smiling, happy faces, making new friends, seeing friends whom they had not seen in years, hearing all the wonderful inspired messages from the Bible, and listening to and taking part in the singing of the great Gospel Songs that made the walls of that big convention center ring made them all so thankful for the privilege of attending and they thanked God for it.

Weinert HD Club Holds Meeting

The Weinert HD Club met July 11 at 7 p.m. in the Weinert Community Center for an ice cream supper. Six members and eight visitors were present.

Mrs. Joan James brought an informative program entitled "Making the Most of Space in Your Home."

Engagement Announced

MRS. FRANK SPENCER of Haskell announces the engagement and approaching marriage of her granddaughter, Lura Tyler to Mr. Billie Green of Paint Creek.

Letters To The Editor

(EDITORS NOTE: The Haskell Free Press will publish letters to the Editor dealing with any subject. All letters must be signed but names will be withheld by request. All letters are subject to editing for length and liability.)

My fellow tax payers, things have really started to rolling for our new organization, Haskell County Taxpayers Assoc. In our last meeting we had several new members join and we have a place to meet at the local American Strike Office. We now have a telephone and we hope to have someone help us take calls and receive new members. Mr. Bill Baker from Knox City met with us and it was very informative. We plan another community wide meeting of all interested taxpayers at the Livestock Auction with a special guest from Austin to be the speaker. We really appreciate all the local interest and donations we have received thus far. Here is just a little food for your thought. From Ann Landers Column I find there are four kind of bones, the wishbone...ones who spend their time wishing someone else would do the work; the jawbones...the ones who do all the talking but very little else; the knuckle bones...the ones who knock everything everyone tries to do; the backbone...the ones who get under the load and do the work. The average American family paid a back breaking \$7,737 in Federal, State and Local taxes in 1977, according to the Tax Foundation Inc. and that figure will go higher in 1978 unless something is done to stop some of the bureaucrats we have in Washington who plan to spend \$177 billion more than they will collect in taxes in the period of 1976 through 1978, this will amount to more money than it took to run our country from 1789 to 1941. If this has got you to studying, think about it this way. The Federal tax burden for 1978 will amount to \$1784 for every man, woman and child in America and that adds up to 215 million people?

According to the Tax Foundation Inc. every cent the average man earns between January 1 and May 6 each year goes back to pay Federal, State and local taxes. To put it another way 34 cents out of every dollar you earn goes to the Federal, State and local government. Or look at it this way. For every eight hours you work two hours and forty five minutes are spent earning money to pay taxes. Now here is the big rip off. If you live in an agri-community all the people in the big cities think the farmer has it so good and everyone knows the American farmer is feeding the world. But you only have to work for two hours and forty five minutes to pay for food and housing combined. Between the years

of 1967 and 1977 state and local income taxes in the state that have income taxes rose 392 percent. Thank goodness Texas doesn't have a state income tax. State and local nonproperty taxes including sales taxes jumped 222 percent and property taxes shot up 139 percent. Wasteful spending is partly to blame for the colossal tax increases but another reason is the tax ever increasing number of government burueacises and employees the Tax Foundation Inc. says that the number of Federal and State and local government employees climbed from 13.1 million in 1966 to 15.4 million in 1976. While their salaries shot up from \$78 billion to 187 billion during the same period.

Dear Editor:

I would like to take this opportunity to say thank you to everyone who helped me in anyway during this Little League season. Thank you to the ones who collected money for the signs. To the women who took a week, the women and girls who worked in the concession stand, and to the women who helped during the play-outs. A special thank you. If the Little League is to succeed, it takes all the parents working together. I thank all of you, who gave so generously of your time. You made a big job easier. A special thanks to my mother who was always there when I needed her. Last but not least, thanks to my family who stood behind me with their love and support.

Love and Thank You all again.

Reunion Held

The Crosson and Dugan Reunion was held July 15 and 16 in the Sagerton Community Center for the family and friends of the late Mr. and Mrs. H.C. Crosson, with approximately 100 persons attending.

Hosting the reunion were Mr. and Mrs. G.A. Bristow and family of Rule and Mr. and Mrs. Cecil Box and family of Dallas. Two other children were also present, Mrs. Frank Wilson of Ballinger and James Crosson of Odessa.

Special guests recognized were: Mr. and Mrs. Cliff Gossett and Mr. and Mrs. Garland Gossett all of Clovis, New Mexico and Mr. and Mrs. Jim Priddy of Rosenberg.

Vincent Named To WTU Board

Dr. Lloyd D. Vincent, president of Angelo State University, has been named to the Board of Directors of West Texas Utilities Company.

His election was announced Friday morning in Abilene at a regular WTU board meeting, which was attended by Dr. Vincent.

He was presented by Durwood Chalker, president and chief executive officer of WTU, who said he was "immensely pleased" at having Dr. Vincent become a director.

Chalker told the board that Dr. Vincent has been "much more than just a college president" since he moved to San Angelo in 1967. He mentioned Dr. Vincent being chosen by the San Angelo Chamber of Commerce and Board of City Development as Citizen of the Year in 1975 for "outstanding leadership and abilities so generously given to his community during the year."

"This means," Chalker said, "that WTU must share him with other good and worthy extracurricular affairs."

"The fact that most of Angelo State's student body comes from West Texas Utilities service area and that its campus is in one of the company's principal cities appeals to us," Chalker said, "but we were attracted to Dr. Vincent because of his own accomplishments."

Dr. Vincent holds three degrees, including the Ph.D. in nuclear physics, from the University of Texas at Austin. He taught physics at the University of Southwestern Louisiana, at Texas A&M University, and at Sam Houston State University before becoming president of Angelo State.

He also participated in numerous professional activities, and has held leading positions in educational organizations.

Dr. Vincent takes the place on the board formerly held by W.K. (Bill) Ramsey, who was WTU's district manager at San Angelo before retiring July 1.

Alexander Reunion

Some sixty-four descendants of the late George and Harriet Alexander family, long time residents of Weinert met July 15 and 16 in Seymour City Park for the annual family reunion.

Present from Haskell County were: Mr. and Mrs. J.T. Alexander and Mrs. Sally Sanders of Weinert, Mrs. Dudley Phelps, Mrs. Scarlett Brazell, Edwin and Teresa all of Haskell.

Texas Among Lowest In Personal Tax

Comptroller Bob Bullock reported Monday that Texas ranks 46th lowest among the states when comparing state taxes as a percent of personal income.

The all-important measure of tax burden for fiscal year 1977 showed Texas state tax collections were 5.82 percent of personal income, compared to a national average of 7 percent.

California's state taxes were 7.75 percent of personal income and New York's 8.04 percent, Bullock noted.

He added that Texas' neighbor states stacked up as follows: Oklahoma, 6.91 percent; Louisiana, 7.89; Arkansas, 7.16; and New Mexico, 9.34.

The analysis was part of Fiscal Notes, the monthly financial statement published by the Comptroller's Office.

The current issue also contains reports on federal grants to Texas state and local governments and portions of President Carter's tax program that are of special interest to state and local governments.

Bullock noted that revenues of \$732.5 million in February and \$580.1 million in March brought fiscal 1978 receipts to \$4.3 billion, a 12 percent increase over the previous year.

Meanwhile, he added, February expenditures of \$641.7 million and March outlays of \$660.9 million brought fiscal 1978 spending to a total \$4.64 billion, an 18 percent hike over fiscal 1977.

The state closed its fiscal books at the end of March with a cash balance of \$1.4 billion, he said.

Mrs. Bishop Is C/F Chairman

Mrs. Buddy Bishop has accepted the chairmanship of the Annual Fall Campaign on behalf of the Cystic Fibrosis Foundation.

She will be recruiting volunteers within the Community to plan a "Kiss Your Baby-Breath of Life Campaign" to take place this Fall. The purpose of this Fall Campaign will be to provide the Community with information about Cystic Fibrosis and to raise funds to support research, education and care programs for children afflicted by cystic fibrosis, and other lung-damaging diseases like severe asthma, chronic bronchitis, and bronchiectasis.

Cystic Fibrosis is the number one genetic killer of children. Approximately one in every twenty Americans is a symptomless carrier of the recessive CF gene. Cystic Fibrosis is inherited when both parents carry the recessive gene. At the present time, no cure for Cystic Fibrosis is known.

American Ag News

by Betty McBroom

When we were in Washington, D.C., in February we checked out a rumor that the FHA was lending money to foreigners. The rumor happened to be true.

You also are being told through the newsmedia that the American Agriculture Movement only went to Washington, spent money and then went back home to plant and accept what is given to them.

The following is an excerpt from the July 11, 1978, AMERICAN AGRICULTURE NEWS:

SUPPLEMENTARY INFORMATION: The Farmers Home Administration (FmHA) is revising paragraph 1980.403 of Subpart E of Part 1980, Chapter XVIII Title 7, Code of Federal Regulations (42 FR 12145). The revision will

permit all US citizens or aliens to be eligible for business and industrial loans. However, if the applicant is 51 percent foreign owned, 85 percent of the employees will have to be rural residents who are US citizens or those legally admitted for permanent residency who are US citizens or those legally admitted for permanent residency. Under previous regulations, FmHA only permitted loans to be made or guaranteed to individuals who were US citizens or resided in the United States after being legally admitted for permanent residency. It was required that 51 percent of the outstanding interest in any corporation or organization type applicant be owned by either US Citizens or those who reside in the United States after being legally admitted for permanent residency. Since the major

objective of the business and industrial loan program is to provide economic development and employment in rural America, the FmHA believes that the fact that the foreign business located in this country has received numerous requests for financial assistance from foreign owned companies which are willing to locate in eligible rural areas and provide employment opportunities otherwise unavailable. Lenders have expressed a desire to lend to foreign businesses and have received numerous requests from foreign businesses located adjacent to US borders. The agency has conducted a survey of its field offices to determine if such inquiries were valid. Of those polled, 25 percent of the States indicated foreign inquiries has been received. Approximately 76 foreign applicants requested assistance for \$124 million. The FmHA was concerned, however, that if it eliminated all restrictions on foreign companies, such companies would locate in rural areas and might bring their own employees into the country. Therefore, the proposed amendments requires such foreign owned companies to hire at least 85 percent US citizens or those who reside in the United States after being legally admitted for permanent residence. This requirement will assure the use of available unemployed persons in rural areas.

Accordingly, paragraph 1980.403, is revised to read as follows:

It is proposed to revised paragraph 1980.403 to read as follows:

1980.403 CITIZENSHIP OF APPLICANTS.

Loans may be made or guaranteed to applicants who are either US citizens or aliens. However, no loan(s) will be made or guaranteed to an applicant when 51 percent or more of its ownership (if a corporation, its common stock and stock which is convertible to common stock) is foreign owned, unless 85 percent of such applicants staff and employees will, on a continuing basis, consist of rural residents who are citizens of the United States or reside in the United States after being legally admitted for permanent residence. This continuing requirement will be made part of the loan agreement and the applicant will certify at time of loan closing that this requirement has been met to the lender if a guaranteed loan of FmHA if an insured loan. Lender and FmHA may verify

the particulars of any certifications made by the applicants. (7 USC 1989; order of Secretary of Agriculture, 7 CFR 2.23; order of Assistant Secretary of Agriculture for Rural development, 7 CFR 2.70)

Dated June 21, 1978.

Gordon Cavanaugh, Administrator, Farmers Home Administration

IN SUMMARY: The Farmers Home Administration (FmHA) proposes to amend its regulations pertaining to the citizenship requirements. The change would permit foreign businesses where the work force is predominately American to qualify for the business and industrial loan program. The effect of the change would be to expand the program to include foreign owned businesses.

DATE: Comments must be received on or before July 31, 1978.

ADDRESS: Submit written comments to the Office of the Chief, Directives Management Branch, Farmers Home Administration, US Depart-

ment of Agriculture, room 6316, Washington, D.C. 20250.

My question is, why do we have to fund foreign companies to build on American soil? Why cannot our government deny the foreign countries the right to come into America and put up plants and companies? Why can't our government through lower interest rates encourage Americans to build these companies and use the rural employment? One of these days America is going to wake up and find out we are foreign owned altogether.

From the changes being made, do you think the American Agriculture Movement has given up and will take what is given to them? No we are still working hard and fast to help ourselves and you as Americans.

Harry Kochler, Soil Conservation Technician, recently received recognition for completion of 20 years of service with the Soil Conservation Service. He received a pin and plaque from J.C. Yeary, District Conservationist, as appreciation for his efforts and service. Harry has been in Haskell County throughout this 20 years and has played a major role in getting good sound conservation practices applied.

When he first came here, standard terraces, waterways and ponds made up the bulk of conservation work. Today, ponds are still being constructed along with diver-

sions, waterways and irrigation pipelines but the major type terraces being built are parallels. For the last 12 years, parallel terraces have largely replaced standard terraces because of: more adequate soil erosion control, water holding and spreading ability, and the conservation of both time and fuel in farming operations.

Harry has been responsible for the engineering field work on the 8.7 million feet of parallels along with other conservation work in Haskell County. If you have need for conservation practices on your farm or ranch, call or come by the SCS office in Haskell.

JOSEPH BROWNING AND CARL MAYFIELD of the Haskell Chapter of Future Farmers of America, attended the 50th Anniversary FFA State Convention in San Antonio July 11-14. Browning is the son of Mr. and Mrs. Jimmy Browning and Mayfield is the son of Mr. and Mrs. Vernay Teague.

Members Attend FFA Convention

Local FFA chapter members attended the 50th Anniversary Convention of the Texas Association of Future Farmers of America, July 11-14, at the San Antonio Convention Center. Attending the convention were Joseph Browning and Carl Mayfield.

More than 6,000 persons attended the four day convention, the highlight of the year's activities in FFA. Some 1,600 voting delegates representing 828 chapters in the state were on hand to elect officers for the coming year and to honor outstanding members of the organization.

Texas is the state with the largest membership in FFA. There are more than 60,000 members and the national organization has drawn many of its national officers from the ranks of the Texas membership. The current national FFA president is J. Ken Johnson from Nacodoches.

The convention, which celebrated the 50th anniversary of FFA, had as its theme "FFA at 50: A Golden Past and A Brighter Future." Created in 1928, the Future Farmers of America has had a almost a million members since its inception. In its first half century, the organization has been noted for its distinguished contributions to youth, leadership, agriculture and vocational education. Current FFA programs encompass every phase of agriculture from livestock production to development of leadership to agricultural economics.

At the convention, outstanding FFA members were recognized for significant achievement in FFA programs including supervised farming, agribusiness and leadership. Also, more than \$300,000 in college scholarships was presented to 70 FFA members by nine organizations that are long time supporters of FFA.

Taking a punch at public opinion, Nobel prize winner Dr. Norman Borlaug speaking recently in Houston, said the basic attitude toward farmers has been a hindrance to greater food production. Borlaug, now associated with the Rockefeller Foundation in Mexico City, said the public does not understand the necessity of the profit motive to increase production. The Houston Chronicle quoted the scientist as saying, "If a farmer can't improve his standard of living, he will not adopt the new technologies". He said the hope of feeding a growing world depends on technological advances. Pointing to last year's uproar over foreign grain sales, Borlaug said the public talked about "our grain" as though it was public property. This in effect was making a decision which affected the income of the producer without consulting the producer himself.

Since the little cotton that came up in our area is disappearing daily due to the hot dry weather, some of our farmers are looking for work. Some of them are going down in South Texas with their cotton strippers, some are working as carpenter, and everyone is praying for rain.

The weeds and grass have been cut on our vacant lots and the rubbish has been hauled off. It has made our town look better and since everything is so dry, there will be less chance for a grassfire to start.

Mrs. Cecil Crowe of Hillsboro was here last weekend visiting her brother and wife, Mr. and Mrs. E.J. Nienast, and she also visited old friends.

Mr. and Mrs. Delbert LeFevre and their children, Jill, Mr. and Mrs. Larry LeFevre, Larressa and Shane of Sagerton and Kent LeFevre of Abilene, and Mr. and Mrs. Mike Bailey and Rob, Rus, Brian and Brad of Terrell, spent three days at Possum Kingdom Lake last week. Mr. and Mrs. Ed Fouts and Lyn, Laurel and Mike and Mr. and Mrs. Cecil Lewis and sons, Mark and Rus and Gena Peel and Nicki Hunt of Rule and Mr. and Mrs. Jan Fouts and daughters of Lubbock also enjoyed the week at Possum Kingdom Lake.

Delbert LeFevre and F.A. Ulmer were in Raleigh, North Carolina this week to attend a meeting of the National Cotton Council, representing farmers of this area.

Mr. and Mrs. Larry Cornelison and daughter, Kathy of Lewisville visited with Mr. and Mrs. August Balzer last weekend.

Congratulations to three of our community boys who made the All-Star Little Team in the Twin Cities League of four team from Rule and Rochester. They are Kevin Meier, son of Mr. and Mrs. Allen Meier, Phillip DeBusk, son of Mr. and Mrs. Butch DeBusk, and Coleman Bivins, son of Mr. and Mrs. Don Bivins. Their play-off games are this week with the Stamford and Haskell All-Stars and the winning team will get to go to Crowell to play.

At the close of their season, the group enjoyed an ice cream supper and swimming at the Knox City Pool. Tom Bivins and Joe Macias also played with them, but they were not old enough to be considered for the All-Star team.

The Golden Age group will meet at the Community Center on next Monday at 3:00 p.m. for their monthly meeting. Hostesses will be Mrs. David Letz and Mrs. Charles Clark. Everyone is welcome to come and enjoy visiting, games and refreshments. If you have been working on something you would like to show, please bring it and share with the group.

Mr. and Mrs. Willard Threest are vacationing in Colorado.

Mr. and Mrs. Alvin Bredthauer have returned from a vacation in Arizona, Utah and New Mexico.

Mr. and Mrs. Reece Clark and Mrs. John Clark visited with Mr. and Mrs. Whit Clark in Rotan Sunday. Whit has been ill recently, but is feeling better.

The family of the late Mr. and Mrs. A.C. Tielchmann held their reunion at the Sons of Hermann Hall near Old Glory on the weekend of July 8 & 9. Seventy-nine persons registered. This year's president was Mrs. Vicki Wilhite; vice-president, Lavada Rhodes; and secretary-treasurer, Shirley Rhoades. The entertainment committee was Dean Letz, Judy Hale, Doris Tielchmann, and Ronnie Tielchmann. They meet every two years and the president for next time will be Steve Tielchmann, vice-president, Diane Corzine, secretary-treasurer, Helen Diers, and the entertainment committee, Verlene Corzine, Brenda Vahlenkamp, Corine Lowack, and Gladys Vahlenkamp.

Mrs. Dean Quade was honored with a "pink and blue" shower at the Faith Lutheran Fellowship Hall Saturday afternoon. The serving table was covered with a yellow cloth overlaid with off-yellow flowers in a ceramic shoe were used on the registry table. Punch and cookies were served by the hostesses, the Mmes. J.A. Hert, Kenneth Hertel, Bill Hertel, Melvin Baitz, J.B. Toney and Carl Hertel.

Mrs. John Clark was honored with a surprise birthday party at the home of Mr. and Mrs. Joe Clark on her 85th birthday Wednesday, July 12. A delicious supper was served and birthday cake. Afterwards they enjoyed musical numbers.

Those attending were: Mr. and Mrs. Leo McKeever and Mr. and Mrs. Doc Raughton, Mr. and Mrs. Davis Jones, Mrs. Maude Kittley, all of Stamford, Mr. and Mrs. Bob Clark and family of Abilene, Mr. and Mrs. Steve Clark of Big Spring, Mr. and Mrs. Pete Kittley, Mrs. Fisher, Mrs. lone Sheid of Rule, Mr. and Mrs. Eldon Cook of San Antonio, and Mr. and Mrs. A.H. Tielchmann, Mr. and Mrs. Reece Clark, Mrs. Cliff LeFevre, Mrs. Will Stegemoeller, Mrs. M.Y. Benton, Mr. and Mrs. Don Bivins and family, Mr. and Mrs. Charles Clark, the host and hostess and the honorees, Mrs. John Clark.

On Tuesday afternoon, Mrs. Larry Stremmel and Rhonda and Mrs. Luther Meier and Melissa, and Bro. and Mrs. Dowden of Rule surprised

Mrs. Clark with a birthday cake and punch and a gift from them and the Sagerton Methodist Church. When asked is she minded telling her age, she replied, "No, everyone knows how old I am. I was born here in Sagerton".

Who's laughing?

AUSTIN, Texas (Spl.) — Nobody laughs when three certain University of Texas music students sit down at the piano.

The students have captured two important piano prizes. William Cory of Wichita, Kan., won the grand prize of \$2,000 in the 1978 International Piano Recording Competition, sponsored by the National Guild of Piano Teachers.

Elizabeth Cox of Nashville, Tenn., and Stephen Marinaro of New City, N.Y., playing at two pianos, won the \$1,500 first prize in the Third National Piano Ensemble Competition, sponsored by the University of Southern Colorado.

Pat Hale

Taking a punch at public opinion, Nobel prize winner Dr. Norman Borlaug speaking recently in Houston, said the basic attitude toward farmers has been a hindrance to greater food production. Borlaug, now associated with the Rockefeller Foundation in Mexico City, said the public does not understand the necessity of the profit motive to increase production. The Houston Chronicle quoted the scientist as saying, "If a farmer can't improve his standard of living, he will not adopt the new technologies". He said the hope of feeding a growing world depends on technological advances. Pointing to last year's uproar over foreign grain sales, Borlaug said the public talked about "our grain" as though it was public property. This in effect was making a decision which affected the income of the producer without consulting the producer himself.

FARM SAFETY WEEK

★★★ JULY 25-31 ★★★

PREVENT FARM ACCIDENTS

**DON'T BE A STATISTIC,
CHECK YOUR FARM
FOR SAFETY HAZARDS
TODAY!...**

Most farm accidents can be avoided if a little time is taken to remove obstructions, fill hazardous field depressions and check machinery for unsafe operating conditions. Safe farming conditions are as much a part of farming as cultivating or planting. Don't gamble with chance, remove the cause of an accident promptly!

1979 Wheat Program Information

Proposed Determinations regarding national program Acreage, Voluntary Reduction Set-Aside, Diversion Payments, Limitation on Planted Acreage and Special Grazing and Hay Program have been outlined by the Secretary of Agriculture, Bob Bergland. The Secretary of Agriculture proposes to make the following determinations with respect to the 1979 crop of wheat: (a) Determine preliminary 1979 national program acreage level, (b) determine recommended reduction from previous year's harvested acreage to guarantee target price protection on total 1979 planted acreage, (c) determine whether there should be a set-aside requirement and, if so, the extent of such requirement, (d) determine whether there should be a land diversion program and, if so, the extent of such diversion and level for payment, (e) if a set-aside is required whether a limitation should be placed on planted acreage, and (f) whether the special grazing and hay program should be implemented.

Most of the above determinations are required to be made by the Secretary on or before August 15, 1978, in accordance with provisions in Sections 107A and 109 of the Agricultural Act of 1949, as amended.

This notice invites written comments on the proposed determinations. Comments must be received on or before July 27, 1978.

Chamber Directors Hold Meeting

The Board of Directors of the Chamber of Commerce met at 6 p.m., Thursday, July 6th, in the chamber office with president John Rike, III presiding.

The meeting was opened with the Invocation by director Bob Beauchamp.

Minutes of the last meeting were read by manager Rex Felker who also presented the financial statement for the month of June. Motion was made by J.A. Carroll and seconded by Larry Gilliam that they be approved as read and presented. Motion carried.

President Rike called on Director Charles Thornhill to give a report on the current drive to raise the necessary funds to purchase new Christmas decorations for Haskell. Thornhill stressed the need for new lights as the old ones have been in use for approximately 16 years and are in a bad state of repair. The ambitious project is being spear headed by the Jaycees and Jayce-ettes and he announced that the funds were coming in very good and about \$2450 had been raised to date. Merchants, individuals and clubs & organizations are co-operating by making contributions to defray the expense of approximately \$8300.00. A much larger area of the business district will be decorated to last at least ten years. Donors will be listed each week in the Haskell Free Press with the total funds raised to date. Thornhill expressed his personal thanks and those of the Jaycees and Jayce-ettes for the fine participation being shown.

Director Jim Bynum reported on the current drive for new members for the Chamber of Commerce and announced that a follow up meeting of his committee would be held in the next few days. A discussion was held by directors on the changes in the Chamber Constitution and By-Laws which limits a business membership to \$5.00 monthly and an individual to \$2.00 monthly. The chamber has been operating for about fifteen years on an approximate annual budget of \$10,500 and due to the present inflated

prices, this was deemed necessary to meet expenditures. A discussion was held relative to the appointment of a Haskell County Historical Preservation Committee. No action was taken to give director John Wayne McDermott ample time to check to determine if such a committee had already been appointed by the County Judge and Commissioners' court.

The next regular monthly meeting of the board will be held on Tuesday, August 1st at 6 p.m. in the chamber office and a standing invitation is extended to members who desire to attend.

Present for the meeting: John Rike, III, J.A. Carroll, Francine Johnson, Jim Bynum, Edith Wheatley, Larry Gilliam, John Wayne McDermott, Wayne Lehrer, Charles Thornhill, Bob Beauchamp, Mike Jordan and manager Rex Felker.

Jaycees...

Continued From Page 1
by the Jaycees and Jayce-ettes in the coming weeks including: attendance at the State Jaycee Summer Board meeting in Fort Worth, July 29 and 30; participation in the Haskell Area Wide Crusade, July 30 thru August 2; a donkey baseball game, August 17; an auction, August 24; a campaign blitz to re-activate the Stamford Jaycees, August 3, with State Jaycee President Elvis Wilson in Attendance; and much more.

The Haskell Jaycees, now 38 members strong and growing, are currently #4 in the State rankings in membership retention and #8 in membership recruitment, and plan to be #1 at the end of the year with a total of 100 members or more. The Jaycees meet each Thursday night at 8 p.m. at the Haskell City Hall.

Seven Jaycees attended a record book workshop in Abilene last Saturday. Attending were: Jake Dusak, Thurman Howeth, Jr., Ricky Address, Charles Address, Bo Owens, Mike St. John, Jack Rueffer, and Charles Thornhill.
