## Fair To Begin Today

BY REX FELKER

Variety is the spice of life and that is what is in store for all comers to the annual Haskell county fair which kicks off today for a three day and night run. Several innovations have been made which will facilitate the staging of all phases of the fair, plus making it much easier for the patrons. The featured change this year is the moving of the main entrance to the South end of the grounds instead of the North which has been used for many years. A new fence has been installed at the south end of the carnival area, running from east to west, which will make it possible for visitors to drive in much closer to all activities. This will leave a large amount of space for parking and make it adjacent to the grounds proper. There will be absolutely no vehicles of any kind admitted at the North entrance and everyone

is encouraged to come in from the south to park and purchase tickets at the main gate.

A recent tonsorial job has been done to the tall grass and high weeds which the recent flood caused to grow rampant all over the Fair grounds. The grounds are neat and clean, fresh gravel on the roads, and the stalls are in readiness for the livestock to be placed under cover.

A complete change in entertainment has been made for each night with the crowning of the Haskell county fair queen and the introduction of her court to take place on the stage on Thursday night. Visitors on Friday night will be entertained by a popular magician who comes to the fair from Lubbock. Country and western music will be the feature attraction for the Saturday night crowds provided by Melton and his band of Munday.

The exhibit halls will be full to capacity with exciting displays of handiwork, antiques, flower show, crop produce and out of town and local firms showing their wares to the visiting public.

Excellent food booths featuring both American and Mexican dishes will be available for those who wish to enjoy an old time "Country Fair."

An always popular feature of fun and excitement on the midway will be the Jaycees dunking bath which will be in operation for the entire run of the fair.

People purchasing tickets to get into the grounds may hold on to their ticket stubs and have a chance to win the \$100 in cash which will be awarded each night at 10 p.m.

All of this plus thrilling and exciting carnival rides and side shows will be on the agenda and everyone is invited to be present for the 13th annual Haskell county fair.

Recognized as the outstanding old time country fair in Texas, you have a special invitation to join us for a look into the past with nostalgic memories and to peek into the future of the agricultural and livestock industries.

So as Dad used to tell us

kids many years ago, if you will work hard this week, we will knock off at quartering time Saturday and all go to see the sights at the fair. Quartering time, for those who don't know, was about 4 p.m. Saturday and that meant taking a quick bath in a wash tub or rinsing off down at the "Crick", donning a clean shirt and your only pair of pants and heading for town.

We will see you at the fair.

## Spaghetti Supper Set Friday

The annual Rotary Club Spaghetti Supper will be held Friday, Sept. 22, from 5:30 until 7:30 at the Haskell High School Cafeteria. Tickets are available from any Rotary Club member and may be purchased at the door for a price of \$2.50. Proceeds from the supper will go to the Rotary Scholarship fund, an annual \$300 award given to a senior student at Haskell High School. The Rotary Club invites everyone in Haskell to come and enjoy this meal of Spaghetti, Green Beans, Green Salad, Bread, Tea or Coffee and Cake.

## Indians Down Pied Pipers, 27-12

The Haskell Indians got off to a slow start last Friday, but finally got things rolling and downed the Hamlin Pied Pipers 27-12.

Both the defense and offense had problems during the first half. The two units were met by a fired-up Hamlin team. Hamlin lost their season opener, 7-2 to Stamford and showed every intention of evening their record during the first few minutes of the Indians game.

Indian Monnie Hise led the ground game with 91 yards. Vonnie Hise carried for 29 yards, Jim Harris for 15 and Mark Wallace for 7. Richard Amaro recovered the only Hamlin fumble and Indians, Vonnie Hise, Robert Rodriguez, Mark Wallace and Jim

Harris each intercepted one Hamlin pass.

### FIRST QUARTER

Following an exchange of punts, the Tribe mounted their first scoring drive. The drive covered 51 yards in seven plays for the first score of the game. A 16 yard run by Harris placed the ball on the 28 yard line. Three plays later, Rodriguez captured an 18 yard scoring pass.

Hamlin retaliated with a 13 play scoring drive which covered 57 yards. The PAT failed leaving Haskell a 7-6 first quarter leader.

### SECOND QUARTER

A 51 yard pass at the end of the first period set-up the second Hamlin score. Two plays into the second quarter Hamlin scored on a one yard

pitch-out around left end. The run failed and Hamlin had a 12-7 lead.

Robert Rodriguez returned the kick-off back 50 yards to give the Tribe the ball on the 20. It took three plays before Monnie Hise carried in from the 9. The PAT failed and Haskell regained the lead, 13-12.

Hamlin sustained a drive to the seven yard line on their next possession and moved the ball to the seven yard line. From that point, Robert Rodriguez intercepted a pass to stop their drive.

### THIRD QUARTER

Until near the end of the third period, all action was defensive with Haskell gaining only two first downs and Hamlin one.

Richard Amaro recovered a Hamlin fumble and gave the Tribe offense the ball on their own 43 yard line. By the end of the third period, the Tribe had carried the ball to the 21.

A Monnie Hise to Rodriguez pass connected on the second play of the fourth quarter for the 21 yards and another Tribe score. PAT was good and the Tribe lead, 20-12.

### FOURTH QUARTER

Hamlin failed to convert a 4th and 4 early in the final period and the Tribe took over. Four plays later, Hamlin collected a loose football from the Indians only to have their drive halted when Mark Wallace intercepted a pass.

The Tribe moved the ball to mid-field and failed to convert a fourth down. Two plays later, Jim Harris intercepted a pass and returned it to the Hamlin 18. After a 13 yard run

### SEYMOUR NEXT

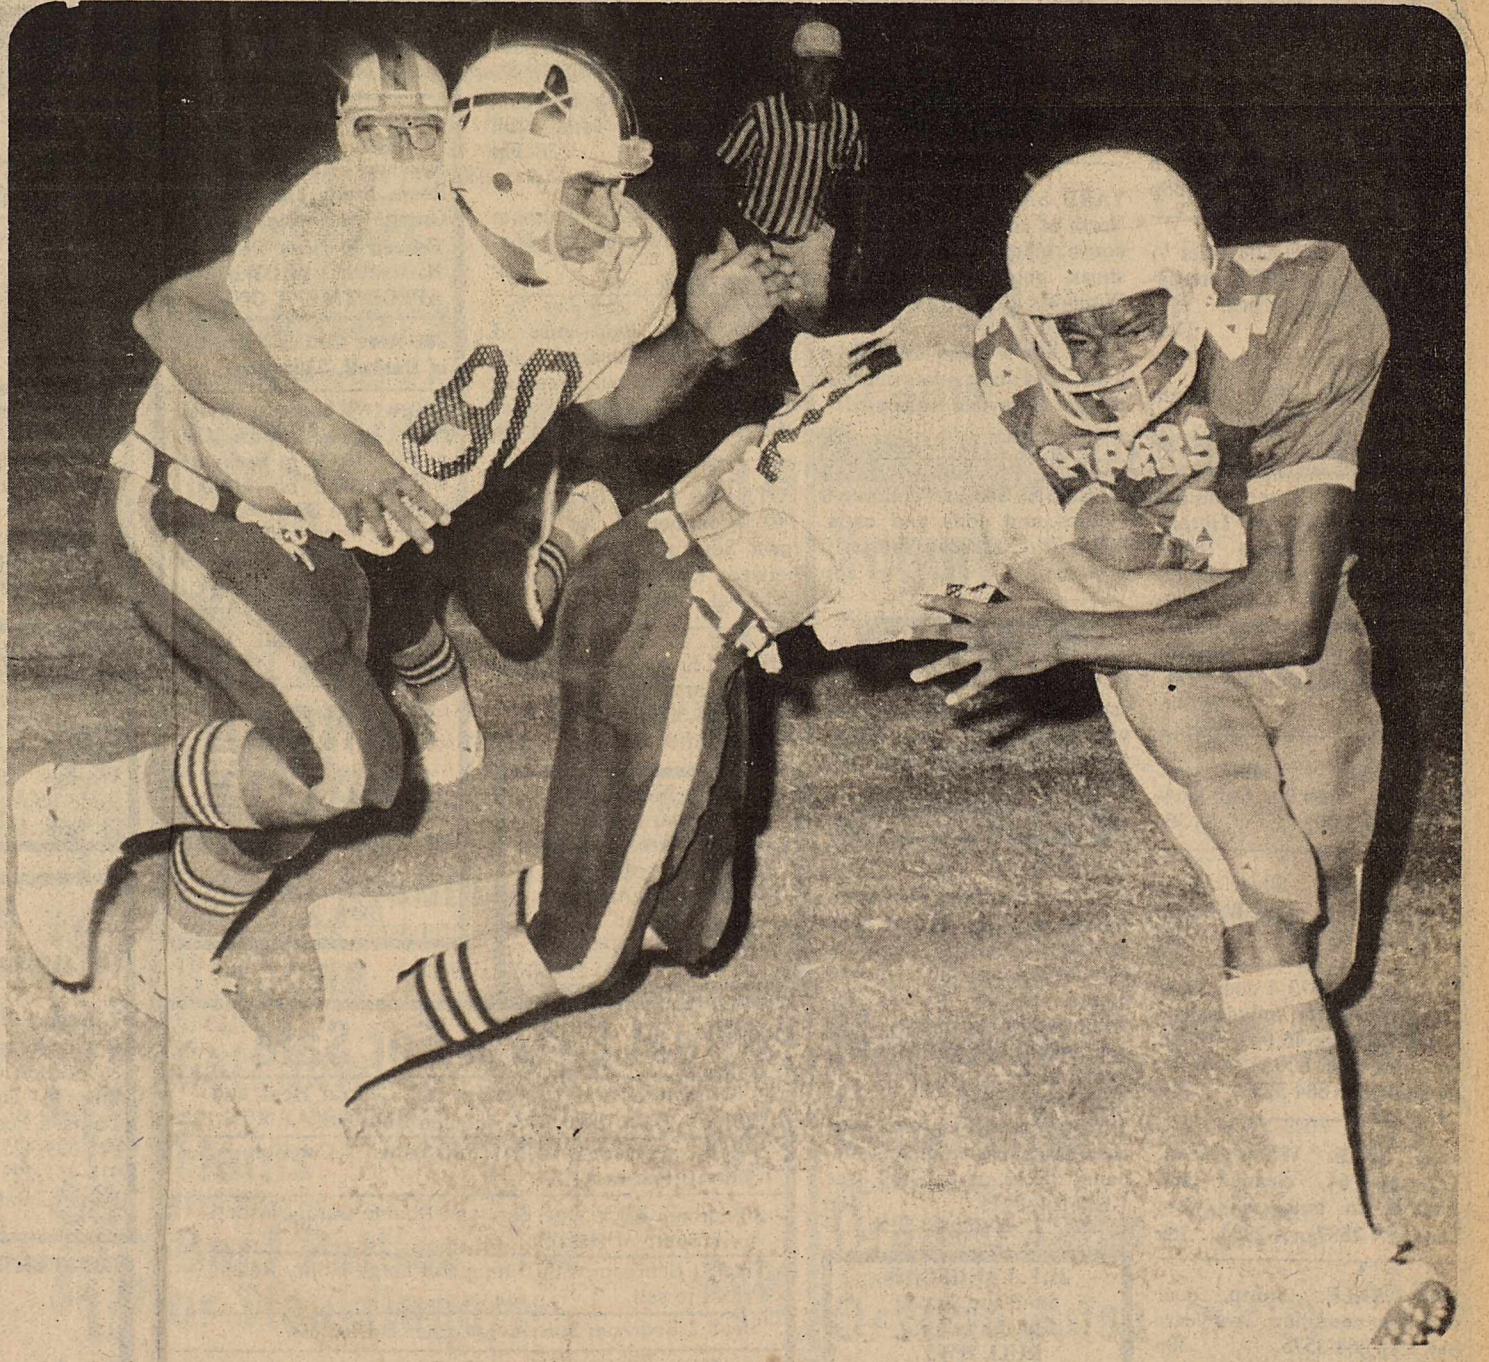

The Tribe will face the Seymour Panthers this Friday at Indian Field. Game time is 8

p.m. Seymour is 2-0 this year and according to Indian scouting reports, the Panthers will be formidable opponents.

All members of the Indian team were healthy Monday and barring any injuries during the practice sessions this week, the team should be at full strength on Friday.

SIX POINTS...Indian Mark Wallace crosses the goal line for the final score. Wallace took a pitch-out and carried five yards for the score. The PAT was good and completed the scoring at 27-12 for the Indians second win of the season.

DEFENSE...Two members of the Tribe defense converge on a Piper runner during last Friday's contest. An unidentified

Indian makes contact and Indian Richard Amaro follows to assist in the tackle. The Tribe won the contest 27-12.

# Sorrells, Turnbow Repeat Vows

Twyla Renee Turnbow of Weinert and Thomas Derrell Sorrells of Rule were united in marriage September 1, in the chapel of First Christian Church in Haskell. Rev. Tom Jones, pastor officiated.

The bride is the daughter of Mr. and Mrs. Woody Wayne Turnbow of Weinert. The groom is the son of Mr. and Mrs. Derrell Wayne Sorrells of Rule.

Organist Marjorie Pace played traditional bridal chords and march. Soloist and pianist Judy Hicks, aunt of the bride, sang "More" and "The Twelfth of Never".

Given in marriage by her father, the bride wore a gown

of white silk organza and Alencon lace. The scooped neckline was overlaid with a row of Alencon lace and embroidered with seed pearls. The sleeves were full, puffed, capped and cuffed with Alencon lace and seed pearls. The skirt was full-accented with Alencon lace appliques and fell to a chapel train with a lace bordered self-ruffle. Her headpiece was Juliet-etched with seed pearls. It held a chapel length tier overlaid with an elbow length tier of illusion bordered with Alencon lace. Her bouquet was tear-drop shaped of small white carnations and six white roses.

Maid of Honor Cora Scheets

of Haskell wore a formal yellow dress with a ruffle around the neck. She carried a bouquet of yellow daisies.

Best Man was Dwayne Landreth of Rule. He escorted the Maid of Honor to "You Light Up My Life."

Ushers were brothers of the bride, Greg and Eric Turnbow and brothers of the groom, Jeffrey and Clayton Sorrells.

A reception was held in the fellowship hall of the church. Diane Gray, aunt of the bride, registered guests. Cynthia Sorrells, sister of the groom, served cake. Kelly Clement of Albany served punch.

After a wedding trip to Abilene the couple will reside in Rule.

The bride attended Weinert High School and the groom is a spring graduate of Rule High School. He is employed by Langford Oil Lease Service in Rule.

Mrs. Rike at the door and introduced to Mrs. Woody Turnbow, mother of the bride, the honoree, Miss Turnbow. Mrs. Derrell Sorrells, mother of groom, and to the grandmothers of the couple, Mrs. George Gray, Mrs. Earl Sorrells, Mrs. W.W. Turnbow and Mrs. R.C. Cook.

Mrs. James Pollard registered guests at an antique desk.

The serving table was laid with a blue cloth with white lace overlay to carry out the bride's chosen colors of blue and yellow. The centerpiece was blue and yellow carnations with Baby's breath and greenery. Guests were served finger foods. Punch was served by Miss Cora Scheets. Coffee was poured by Miss Gayle Holder. Serving appointments were crystal and silver.

Hostesses were Marjorie Pace, Kim Crawford, Rosalie Jones, Judy Lanier, Betty Dodson, Sula Mae West, Mary Rike, Eula Mae Crawford, Merilan Holt, Linda Burson, Helen Fouts, Patsy Cobb, Ruby Holt, and Twyla Pace.

### PARTIES

Miss Twyla Renee Turnbow was honored with a gift coffee on Saturday, August 26 in the home of Mrs. John Sam Rike III of Haskell.

Guests were greeted by

MR. AND MRS. THOMAS DERRELL SORRELLS

### Around Town

Mrs. Bill Ratliff and her daughter, Mrs. Bob Whantlay of Picayune, Mississippi, are touring Jerusalem, Israel, Rome, Italy, Paris, France and London, England. In Jerusalem they are visiting another Ratliff daughter, Mrs. Gloria Khamashta and her family.

Mr. and Mrs. Clayton Hawkins and son Terry of Abilene visited in the home of Mr. and Mrs. J.W. Hawkins over the weekend.

Visitors in the W.B. Guess home last weekend were their granddaughter Cynthia Alderman from Panama, Lucretia Ball from Houston and Marcia Stephenson from Victoria. They are all sophomores from Hardin-Simmons University.

Mrs. Parsley has recently returned from a visit in New Orleans with her daughter, Mr. and Mrs. C.F. Hunter.

### Homemakers Decorate Cakes During Meeting

Young Homemakers gathered for their monthly meeting Monday night, Sept. 18, at the cottage. The program, presented by Evelyn Herring from Monday, was on cake decorating.

Each member was asked to bring an undecorated cake and colored icing in order to try her "skill and talent" (?) at cake decorating. Everyone who attended had an enjoyable time, and a proud smile of accomplishment could be seen on each girl's face as her lovely confection was viewed by the rest of the group. It was agreed that the two "most original" decorated cakes were those by Jinx Shaver and Shirley Sloan.

During the business meeting, the club voted to donate \$200 to help support the Christmas "Light Up You Life" program sponsored by the Jaycees. Also, it was decided to help raise the money by having a club auction. Members are asked to donate craft items that will be auctioned off at the October meeting.

Previous to this meeting, on September 12, Young Homemakers were treated to an ice cream party in the home of Elizabeth Hairgrove. Each person was served ice cream in a clay pot topped with a stemmed flower. Members enjoyed visiting and getting acquainted with the guests who were invited to join Young Homemakers. Any other young women not older than 35 years of age that is interested in joining the club may do so.

### Engagement Announced

Mr. and Mrs. Fidencio Escobedo announce the engagement and approaching marriage of their daughter, Louisa Leanora to Hollis Wayne Howard, son of Mr. and Mrs. J.W. Howard. The couple plans an afternoon wedding on October 21 at St. George Catholic Church in Haskell. Father Stephen White will officiate.

She also visited in the George and Verna Hauser home, former residents of Haskell. George and Verna send greetings to all their friends in Haskell.

Mrs. Ronald DeLo of Mexia was a guest last week in the home of her sister and brother-in-law, Mr. and Mrs. Richard Riley.

Those gathering for a four day outing at Veda's Camp on September 15, 16, 17, and 18th were: Ruth Tidwell and Aleene Brown of El Cajon Calif., Mr. and Mrs. Pete Nichols of Hurst, Mr. and Mrs. Hugh D. Preston of Kileen, Mr. and Mrs. Mason Riley and family of Abilene, Mr. and Mrs. James D. Tidwell of Seminole, Mr. and Mrs. Travis Burson of Lubbock, Mr. and Mrs. Jerry Harrall of Rule, Minnie Holt, Mr. and Mrs. C.E. Tidwell, Mr. and Mrs. Bill Marr, Mr. and Mrs. Cecil Bowers, Mr. and Mrs. Pluto Pruitt of Haskell, Mrs. Annie Mae Nask of Throckmorton and Mrs. Imogene Freshour of Seymour. A lot of picture taking, fishing, boat riding and domino playing was done.

Mr. and Mrs. Randy Shaw were in Abilene last Friday to attend the West Texas Fair with Mr. and Mrs. Danny Stocks.

### Engagement Announced

DONNA KLINKERMAN

Mr. and Mrs. Don Roy Klinkerman of Iowa Park announce the engagement and approaching marriage of their daughter, Donna, to Randy Davis, son of Mr. and Mrs. Jerry Davis of Wichita Falls.

The couple plan an October 28 wedding in the Trinity Lutheran Church at Clara.

Miss Klinkerman is a graduate of Iowa Park High School where she was a Double A honor roll student. She was a four-year member of the volleyball team and a three-year member of the basketball team. She was treasurer of the Rodeo Club and president of the VOE Junior Lab. She is presently employed by Panto Cellar in Wichita Falls.

Davis is a graduate of Iowa Park High School where he was a member of FFA and was named outstanding vocational co-op student his senior year. He is a member of Young Farmers and works for Fred Daume of Holliday.

Davis is the grandson of Mr. and Mrs. A.H. Becker and Mr. and Mrs. J.R. Davis of Haskell.

### FHA Elects Officers

On September 11 the first FHA meeting was held in the Homemaking Cottage.

Out of the fifty-two people that attended, nine officers were chosen: President, Jackie Mayfield; Vice-President of Programs, Patricia Arredondo; Vice-President of Encounter, Mary Lou Gonzales; Vice-President of Projects, Dora Arredondo; Secretary-Reporter, Katie Wooten; Treasurer, Janet Wallace; Vice-President of Recreation, Terri Therwhanger; Historian, Alice Acosta; and Parliamentarian, Greg Gideon.

The dues were set at \$4.50 for this year. After watching a film during the refreshment period, Terri Therwhanger's name was drawn and she received the door prize.

### Ragsdale's Celebrate

#### 63rd Wedding Anniversary

Mr. and Mrs. Elmer Ragsdale celebrated their 63rd wedding anniversary Tuesday Sept. 12.

Sandwiches, cake and punch were served to friends and neighbors who came by to congratulate them.

They live at 507 S. Ave. F. The couple was married Sept. 12, 1915, in Dickens. They were issued marriage license number 394.

### FBC Class Holds Dinner

The Adult 1 Sunday School Department of the First Baptist Church met Saturday night for a Progressive Dinner. Thirty-nine members met at the church and loaded onto the bus. Charles Gibson drove them to each home.

The first stop was the Ervin Unger home where each person was given Bubble Yum and asked to do exercises. It was quickly discovered that many of the members could not chew gum and do exercises at the same time. They were then invited inside for appetizers.

The next stop was the Trey Burson home where many delicious salads were served. The group was then driven to the Brian Burgess home for casseroles and dessert. After much good fellowship, the overstuffed members loaded back onto the bus for the long trip back to the church so that they could hurry by the store for Roloids.

Those attending were Mr. and Mrs. Charles Gibson, Joe Fincher, Tim Burson, Dan Griffith, Dave Miller, David Bradshaw, Ervin Unger, Trey Burson, Brian Burgess, Phil Burnaman, Don Skiles, Dick Jones, Frankie SoRelle, Mike Newberry, Steve Guess, and Rodney Amonett. Also Mrs. Carolyn Jeter, Mrs. Susan Pope, Mrs. Linda Chapman, Mrs. Pat Grand, and Mrs. Beth Guess.

Some \$200,000 worth of cowboy and western art will be on exhibit and sale in the OS ranchhouse with many of the 32 participating artists attending in person.

Last year the "OS weekend" raised a record \$41,000 for the West Texas Boys Ranch of San Angelo.

# New SS Regulations

Everyone regardless of age or place of birth, must now submit evidence of age, identity, and U.S. citizenship or lawful alien status when applying for a social security number for the first time, Glyn Hammons social security district manager in Abilene said today.

These procedures are intended to help protect the integrity of social security records, assure that they are complete and accurate, and to prevent anyone else from misusing or abusing another person's social security number.

In addition, a person age 18 or over who is applying for a number for the first time, must apply in person. Since most people in this age category already have a social security number, each applicant is interviewed to make certain that he or she has never before been issued a number.

The best evidence of a person's age and U.S. citizenship is a birth or baptismal certificate, Hammons said. This should be submitted if possible, but if it is not available, other documentary evidence can be used.

Evidence of identity should include documentation which shows the person's picture, signature, date of birth or age, or other identifying information.

Applicants not born in the U.S. must submit evidence of their U.S. citizenship or their immigration documents showing they are lawfully admitted to the U.S.

Since evidence of age, identity and U.S. citizenship or lawful status is required from all applicants for original social security numbers, it is generally necessary for an individual to submit two documents to meet the evidence requirements. An applicant for a duplicate social

security number card will generally need just evidence of his/her identity. All documents submitted as evidence are subject to verification with the agency which issued them.

Persons applying for a social security card for the first time should apply as soon as possible because it takes about 6 weeks to issue the number and deliver the card after the required evidence has been submitted. Any application which is not accompanied with the required evidence will be returned to the applicant because a social security card cannot be issued until the required evidence is presented.

## PROTECTING FREEDOM

**Freedom Not To Join**  
Just as the Constitution guarantees all Americans the right of association—the right of persons to act together for some common purpose without public grant or charter—most Americans agree we all have an equal right not to join private organizations.

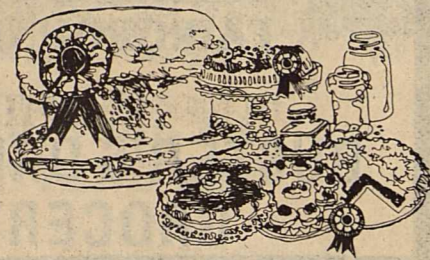

A NUMBER OF WORKERS are helping protect our freedom.

Some of the people fighting for that right are the workers at J. P. Stevens and company. These workers are combatting the Amalgamated Clothing and Textile Workers Union, which is trying to force them to join up.

For the past 15 years, the workers have repeatedly rejected the union in secret and in open ballots.

These workers, by their persistence, are helping to protect the freedoms of us all.

### CMS Holds Salad Supper

The first meeting of the fiscal year of the Christian Missionary Society was held Sept. 11, with Judy Lanier as hostess in her home. The meeting opened with prayer by Roselie Jones, then all enjoyed a delicious salad supper.

Merilan Sue Holt called a business session in which old business was concluded and new business considered. Roselie Jones told about the book, "What Happens When Women Pray" by Evelyn Christenson which will be the study course for the coming year. Names of secret prayer partners were drawn. Each one is to pray secretly for the welfare and special needs for her secret prayer partner. Partners will be revealed at the last meeting of the fiscal year.

The meeting closed with prayer by Roselie Jones.

### Jaycee & Jaycee-ettes Happenings

Haskell County Jaycees and Jaycee-ettes enjoyed Ladies night with a seafood supper at Buffalo Gap, Thursday, 14th. Eddie and Cindy Hester were hosts for this event.

Dunking board set up for the fair this weekend needs all of you "Ducks" to come by and have a "Dunk". Gwynn Bulter and Earl Proctor Co-chairmen.

A District 135 meeting was held at Lake Stamford Sunday, Sept. 17th, with some 80 to 90 Jaycees, Jaycee-ettes and children in attendance from Haskell, Knox City, Munday, Seymour and Snyder, with District Director Bo Owens hosting this meeting with help from the Haskell and Knox City Jaycees.

Haskell Jaycees and Jaycee-

ettes will go to Knox City Sunday, Sept. 24, for the 10th anniversary of the opening of the Knox City Airport, hosted by the Chamber of Commerce and Knox City Jaycees.

New member orientation set for Thursday, Sept. 28, at City Hall. Ladies and guests are invited to come and hear the real Jaycee Story.

Halloween Carnival coming soon. Earl Proctor and Cora Proctor will Co-Chair this joint project to be held prior to Halloween.

Jaycee-ettes will go to Abilene Saturday morning to take a Personal Dynamic and Leadership Dynamics course hosted by Abilene Jaycee-ettes.

Haskell County Jaycee-ettes are # 1 in Population Division, 1 in the State and # 3 overall in the state, behind only Irving and Athens.

With the beginning of school comes another football season. The football boys do the best they can each Thursday and Friday nights. Of course sometimes an individual or maybe even the whole team will have a bad night, but then doesn't every-

### Hartsfield Agency Has Completed Relocation

Hess and Dorothy Hartsfield have announced that the Hartsfield Agency Insurance Store has moved to 417 South First Street. The relocation has been completed. In addition to Phone No. 864-2665, another number has been added for you convenience, it is 864-3855.

The Insurance Store features one-stop, comparison shopping for name brands of insurance. A professional staff is available to help customers shop for all types of coverage.

The Store's new business hours are Monday thru Friday from 8:00 to 5:00. The public is invited to celebrate the opening with a visit to The Insurance Store for Free Coke and Coffee September 28 and 29.

Major insurance companies represented at The Insurance Store include The Continental Insurance Companies, Aetna Life and Casualty, Reliance Insurance Group, The Trinity Companies, Republic Vanguard Insurance Companies, Plains Insurance, American General, Allstate and several specialty companies and leading life insurance and hospitalization groups.

one sometime have a bad day? It makes the game miserable for all persons around when a person repeatedly bad mouths a certain football player, (or basketball, baseball, track or any sport), the whole team or the coaches. They are doing the best they can! You know, it is easier for the fans to see what is going wrong sometimes, but then that is what the coach in the crowd's nest is for. He is there to help point out the things that go wrong time and again.

With as much sports as there is on the television today, I have a feeling many people are comparing our Junior High players and High School players with the pros on the major teams.

Lets get behind our teams and back them with praise. If you do not like something that has gone on during the game, at least wait until you get home to complain or run that play down. Lets show other towns that we stand united in our support of our teams and coaches. And, when you see one of the boys or the coaches tell them how much you are enjoying the games and thank them for playing or coaching for Haskell.

Reindeer rations is not a subject usually found here, however, it seems the proper time to make our readers aware of modern reindeer feeding procedures... some of which are mighty strange. For instance, primary ration for the past 11 months has been hybrid 1975 variety Spirit of Christmas. Beginning about now, some special supplements are being added. Rations of Children's Laughter combined with a high percentage of Joy of Giving have been observed to give reindeer a tendency to fly around and land on rooftops. If that isn't unusual enough, one member of a special nine reindeer herd is fed an entire sack of Happiness... inevitably resulting in a downright bright, glowing nose. With this kind of high energy ration, the herd can cover the whole world in one night... since they'll be in your neighborhood why not sprinkle a little Merry Christmas around the area... it's their favorite snack.

### Naomi Class Holds Business Meeting

The Naomi Sunday School Class of the First Baptist Church met Monday night in the home of Mrs. R.A. Lane for their social and business meeting. Mrs. Mattie Muriel Felker, president of the class, presided over the business. The class discussed a project for the new year and agreed to visit more in both rest homes and keep someone in mind to help during the year.

Also, the class honored our teacher, Billie Cadenhead, on her birthday, which was Monday night the 18th. Three poems were read, which described Billie's life that she has lived. The poems were read by Mattie M. Felker, Jewell Seets, and Della Medford, then the class presented their teacher with love gifts.

Group No. 1 was hostess and served refreshments of cake, ice cream, olives, and

nuts were served to four guests Lucille Sherill, Marguerite Jordan, Maybell Taylor, and Cora Pierson, and the following members: Sadie Payne, Lora Mae Mullins, Nettie McCollum, Stella Trice, Mildred Mancill, Freddie Ballard, Bamah Ivey, Lois Sherman, Lorene Adams, Faye Woodson, Ruby Smith, Jewell Seets, Pearl Walker, Ardith Reynolds, Ella Andrews, Eleanor Wheeler, Helen Oates, Iola Henshaw, Frances Lane, Frances Bird, Mattie Muriel Felker, Pauline Derr, Della Medford, Billie Cadenhead, and Ethel Lou Shelton.

JOE ZINSER

Officially, I'm a "General Telephone Communications Consultant, specializing in increasing customer profits by maximizing communications efficiency."

Whew! We consultants would rather say we're people who know a lot about how to solve your phone system problems so you make more money.

So, you'll find us in offices, plants and stores. Analyzing phone bills and equipment needs and . . .

Looking for ways to help our business customers do their business better.

For example: How much do you lose if your phones are busy and a prospect hangs

up? Or if you can't answer letters fast enough because you can't find a typist?

If these have a sadly familiar ring (or remind you of other problems) . . .

You need us! Even if you think your system is pretty good right now, we bet we can make it even better.

There's no additional charge for our help, by the way. And it's very easy to get. Simply call our business office.

# Round-up Short Of Goal

Cattle drives from all over the Southwest in years past had Abilene, Kansas as their destination. Each fall since 1960, Southwest stockmen have also rounded up cattle to go to Abilene -- but in this instance, Abilene, Texas.

The 19th annual Cattle-men's Round-Up for Crippled Children is in full swing with proceeds benefitting the handicapped of the Southwest through the West Texas Rehabilitation Center and its campuses in San Angelo, Abilene and Snyder.

This unique fund-raising event for this private non-profit treatment and diagnostic complex each year provides the necessary monies to operate a diverse complex of services to the handicapped regardless of age, race, creed, color, place of residence or ability to pay.

# SoRelle Named To Directors Post

Frankie SoRelle, of Haskell, has begun serving a three year term as a newly-elected director of the West Texas Polled Hereford Association. Announcement of the unanimous election by its members, was made in Abilene last week at the annual meeting held for the members of the West Texas Polled Hereford Association at the Royal Inn in conjunction with the West Texas Fair. New Officers and directors and their wives were presented at that time which included Frankie and Beverly SoRelle. The SoRelles are also members of the Texas and National Polled Hereford

Associations. Frankie maintains a sixty cow herd of predominantly Numode and Lamplighter bloodlines on 1500 acres in Kent County. Herd bulls include T Mellow Numode 83 and T Mellow K5 11. Through his range conservation management, he was the recipient of the Grazing and Rangeland Management Award from the Society for Range Management in 1977. Presentation of the award was made at the annual meeting in Ft. Worth.

Besides farming and ranching interest, Frankie is a partner in Brister & SoRelle Construction Company of Haskell.

# WASHINGTON As It Looks

## From Here" Omar Burleson Congressman — 17th District

SINCE TIME IMMEMORIAL, EUROPEAN NATIONS have lived in fear of the horrors of war. Well they should, since they are the crossroads of the world and the center of ambitions of conquest since ancient times.

IN MORE MODERN TIMES THOSE FEARS HAVE LESSEMED because Europeans have been able to rely on America for critical support when threatened by aggressive forces. Japan has come under that protective umbrella since her defeat in World War II.

TODAY, THEY SEE RUSSIAN BASES LITERALLY ENCIRCLING THIS PLANET. North of the Black Sea, for example, is an enormous military complex to supply Arab terrorists and revolutionaries in the Middle East and it takes little imagination to figure out why Russia moves in that area. Should the Soviets ultimately take over Arab oil it could and would mean blackmail to all of Europe, Japan and the United States.

WHAT TO DO? Of course, for the immediate is to increase the development of our own source of energy in order to be less dependent on foreign oil imports.

Glick, professor of political science at Temple University, a recognized authority on Middle Eastern affairs, which goes somewhat beyond the more immediate concerns.

DR. GLICK SEEKS TO LINK THE TRIPLE SECURITY NEEDS of the United States, Israel and the Arab Nations to a U.S. military presence in a neutral area in the Middle East. He suggests, in essence, the establishment of U.S. military air, naval and electronic facilities in a base in Israel as a deterrent to Soviet expansion, and as a preventive to Arab and Israeli conflict.

THE PRESENCE OF AN AMERICAN BASE ON ISRAEL SOIL, Dr. Glick maintains, would make the Arabs, Israelis and Russians think seriously before they would fire on each other. He suggests that we have a lease-free access to an absolute neutral enclave, with defined purpose of only maintaining peace and no influence or authority otherwise.

IT IS AN INTERESTING CONCEPT and one deserving study for the longer-range implications, regardless of more immediate solutions for peace in the volatile Middle East.

# Queen Contest Set Tonight

BY REX FELKER

Apparently the male population of the country has been rather lenient for some time now relative to the women's lib movement. In fact you might say lax because they have seemingly been content to let the little woman have her way, making a few concessions here and there for the sake of harmony. After all who cares if a teenage girl in pigtails wants to compete with the opposite sex in such manly sports as football, little league baseball and basket ball if she stays in her place? However, the movement keeps growing with leaps and bounds and it makes a fellow shudder to think what the end results might be if proper counter action is not taken.

Perhaps this action was begun just a few days ago when a Haskell merchant approached the writer with a complaint and peculiar request which is certainly a first to date. Namely: he said that he thought he was being discriminated against because he couldn't enter the queens' pageant as a bona fide contestant to see who would be crowned queen of the 1978 Haskell county fair. Now when you are faced with a complicated situation like that all you can do is to get them off your back as quickly as possible. I did this by advising him to call Amelia Perry (collect) as she was in charge of the pageant and see if she would let him fill out the entry form and consequently parade for the benefit of the judges. Now whether he followed through or not and whether she accepted his entry is merely a matter of

conjecture at this time. But, just suppose that he does show up, dressed in his best "Sunday go to meeting clothes", what fair and honest judge would have the nerve and audacity to disqualify him simply because he is a member of the opposite sex?

Now as mentioned previously, it is not known whether he will be there or not but perhaps a word of advise to the female entries is in order at this time. It might be wise for you girls to take a little bit of extra precaution in applying the make up, dash on an ample amount of cologne just in case. After all it could be embarrassing to have an old boy crowned queen of the fair with so many beautiful girls competing for the honor.

Anyway, it is certainly in order to solicit the backing and support of the male population to be present in his behalf as a cheering section if he does show. It just takes a dedicated leader to get things done as

## Jaycees To Have Booth At Co. Fair

The Haskell County Jaycees and Jaycee-ettes will have their "Dunking Booth" open during the Haskell County Fair. This booth will give you a chance to dump someone in the drink, and test your skills at throwing. The proceeds from the booth will go to the various community projects of the Jaycees and Jaycee-ettes through the coming year. If you have a favorite "friend" who needs a good dunking (or bath) bring them along for a bang up good time at the Jaycee Dunking Booth Thursday, Friday and Saturday nights.

you will remember from history, if you paid any attention to the teacher, what Carrie Nation did in leading the women in her dedicated campaign long years ago.

So, we say Bravo, Senor, and want you to know that we fellows are behind you all the way....In fact a way behind you if you cause trouble with the fair sex.

# Sagerton Community News

Well it has been almost two weeks since our last rain so for a change this writer does not have any precipitation totals to report. However, that may change within the next few minutes because a pretty heavy storm appears to be moving toward us right now. This year is destined to be one of the oddest years, weather-wise, ever. We started the year with six consecutive weeks in which it snowed at least one time in each of those weeks. A drought that lasted into the month of August followed and now just a month later we have had unbelievably heavy and repeated rainfall. Who knows what will happen next.

Mr. and Mrs. Jack Tabot,

Bill and Jim of Austin, Bill Tabor and daughters Paige and Kara Lisa of Dallas and Larry and Vanessa Griffin of Elm City were recent visitors in the home of Mrs. John L. Brooks.

Mr. and Mrs. Morris Rodgers of Arlington visited F.A. and Henrietta Stegemoeller two Sundays ago. Mrs. Rodgers was known formerly as Miss Dianne Stegemoeller, the daughter of Mr. and Mrs. Kenneth Stegemoeller of DeSoto.

Kent LeFevre of Abilene and Jill LeFevre of McMurray College in Abilene were dinner guests in the home of Mr. and Mrs. Delbert LeFevre on Sunday, September 10.

On that same day Steve and

Donna Clark of Big Spring visited Steve's parents, Mr. and Mrs. Charles Clack.

Mr. and Mrs. Fred Baitz and son Kacy were in Kerrville over the weekend to visit Mr. and Mrs. Delvin Boyd. Mrs. Boyd is the former Joni Letz, Mrs. Baitz's sister.

Mr. Willie Frank Hertel visited briefly at the Melvin Baitz home on Sunday afternoon. The Baitz's also had their son, Johnny as a dinner guest that day.

Mr. Clyde Stegemoeller visited Mr. and Mrs. Leon Stegemoeller thru the weekend. He is a sophomore at Texas Tech University in Lubbock.

Visiting in the home of Mr. and Mrs. J.A. Hertel on

Thursday were Mr. and Mrs. Jimmy Muelstein of Stamford, Mr. and Mrs. Carl Back, and Gail Hertel of Hamlin.

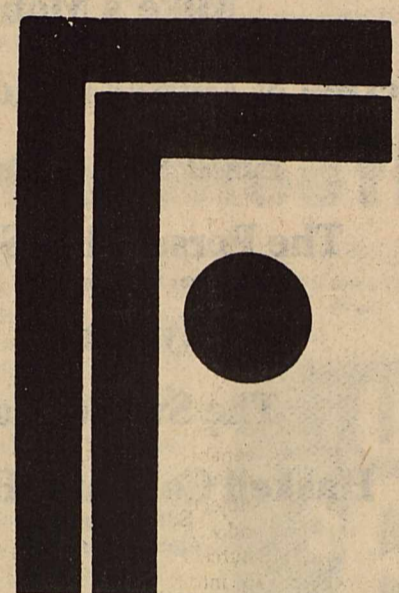

Mrs. Hertel and Mrs. Delbert LeFevre attended the Home Demonstration Club council meeting in Haskell last week.

Mrs. Hertel has been recently contacted about the possibility of some Sagerton and Old Glory ladies putting a German food booth at a cultural celebration to be sponsored by the Stamford Chamber of Commerce. Anyone interested in such a possibility should get in touch with her.

Mrs. Fred Schonestead honored her husband with a

birthday party in their home recently. Among the crowd attending were Mr. and Mrs. Elmer Boedecker, Mr. and Mrs. Jimmy Muelstein of Stamford, Mr. and Mrs. John Letz, and Mr. and Mrs. Herbert Lammert of Old Glory, Mr. and Mrs. Arthur Knippling, Mr. and Mrs. Leonard Kieke, Mr. and Mrs. Antone Teichmann, Mr. and Mrs. Eugene Rhoads and son, Mike of Rule and Miss Linda Rhoads of McMurray College in Abilene.

That storm is almost here and the dust is really flying thru the air so I guess I better put the old typewriter away before we both blow away. The dust is really thick, choke...

# American Ag News

BY BETTYE McBROOM

On September 8 members of the House Agriculture Committee released a three year long study known as the GAO (or the General Accounting Office) audit investigation of the wide farm-retail price spread and the impact of related food industry cost and profit. The report, entitled "What Causes Food Prices to Rise and What Can Be Done About It," is a study of the food process from the seed to the supermarket.

The GAO recommends that the Departments of Agriculture and Labor improve food price-data collection. They call for Congress to enlist legislation to monitor food production, processing, marketing, pricing and evaluate regulations governing the transportation of food in the United States. This study will be a basis of work for the next two years to attempt a halt in spiraling food prices.

The report makes it clear that it is unjust to suggest that the higher farm market prices and higher farm support prices automatically cause higher consumer prices. The report states practically all the rise in the consumer expenditure for food in 1977 resulted from the cost incurred by food marketing firms in assembling, processing, transporting, wholesaling and retailing food products. The food processors, wholesalers and retailers have continued to make substantial profits of \$8 million in 1977. As a result 1977 was the first year that the value of the marketing process of food produced in America has exceeded the farm value of food.

The cheap food policy being presented for agriculture by our government cannot and will not benefit consumers because the cost in the supermarket is far more than the end product of the farm policy in prices. Food costs are the end product of unchecked inflation, lack of rural transportation, and the higher cost of commodity shipping. It is a failure of the government to tell us how our food pricing

system really works, and it is an end product of the rivalry between the farmers and consumers that has lasted far too long.

Richard Nolan, Chairman of the subcommittee, said, "It is clear the farmers and farm prices are not to blame for the prices that consumers are paying for food at the supermarket." He stated that the food price quandary is a vicious circle, far too often the farmer is used as a scapegoat but it appears that the problem occurs somewhere between the farm and the local grocery store.

When we began to tell our story back in January about the farmers not getting their share of the money spent in the grocery stores, people would ask us, "Well, if the grocery store says they are not getting a fair share and the farmers say they are not getting a fair share of the money spent, then who is making the money?" they would want to know who the

"middleman" was. We could not answer that question for them then. Now it seems we are beginning to point out that "middleman".

Richard Nolan has been a friend and helper of the farmers since the first American Agriculture Movement people went to Washington, DC. We are indeed grateful for all he has done to help the American farmer and rancher.

### BLOOD PRESSURE CLINIC

The Haskell County Division of the American Heart Association held a board meeting September 13. Mrs. John Rike, program director, announced that the Heart Association would have a Blood Pressure Clinic during the Haskell County Fair Sept. 21-22-23. Qualified personnel will be on duty at the Fairgrounds each day from 6 to 8:30 p.m.

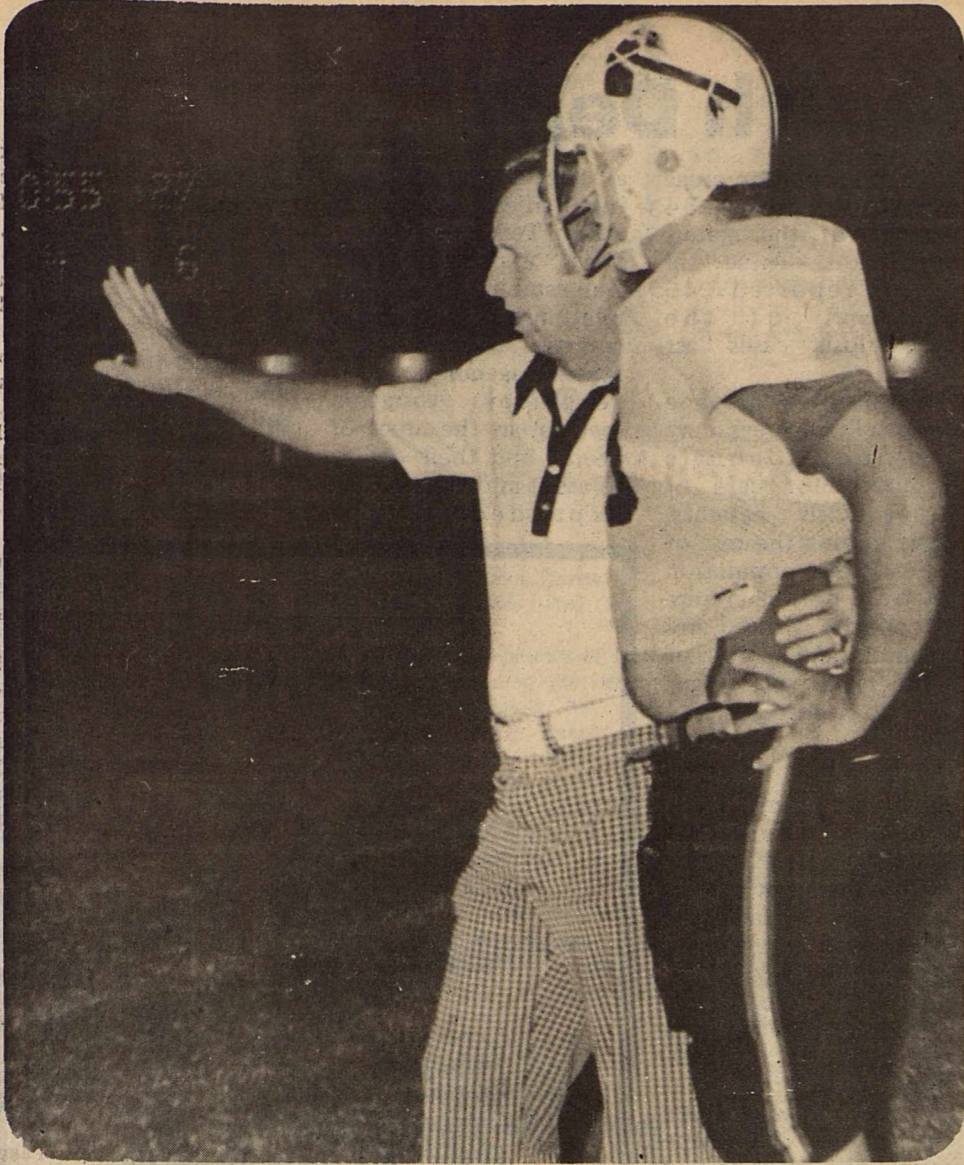

The Board voted to have a Turkey Walk November 11 and to hold the annual Cyclathon in the spring.

Light colored or reflective outer clothing should be worn at night by pedestrians and bicyclists. Visibility by an auto driver is more limited than most pedestrians realize. The headlight beam is aimed low - its range is short, especially in a fast moving car. At night an auto driver is often upon a dark-clothed pedestrian before he can swerve or stop. The auto lights may seem very bright to the pedestrian, yet he is unseen by the driver. Bicycles should have reflective tape and also be well lighted.

**Accent On Health**

**Tuberculosis Control Is Goal Of State Health Dept.**

Tuberculosis today, and for the foreseeable future, continues to be a major health problem in Texas.

The 2,326 new cases last year were the third highest total in the nation and emphasize the need for diligence in a strong, statewide effort aimed at casefinding, treatment and prevention of the life-threatening disease.

Texas is fortunate to have two state chest hospitals—at Harlingen and San Antonio—to serve as pillars of the Texas Department of Health's tuberculosis activities. The field program is the core of the TB Control Program.

While many successes have been accomplished, eradication of the disease remains a distant goal. Closer at hand are the realities of a stubborn, often drug-resistant disease, and a constant reservoir

of infection from instate and imported sources.

The critical problem in the control and hoped-for eradication of tuberculosis in Texas was recognized in the early 1960's. Legislation permitted the implementation of a completely integrated program under the Department of Health, which has made great strides toward the objective of tuberculosis control and is dealing effectively with this disease.

It was in 1965 that the Texas Legislature enacted a statute which unified and consolidated with the Department of Health all responsibility, authority and operations for finding, treating and curing cases of tuberculosis and for controlling, preventing, and eradicating the disease in Texas.

Central control rests

with the Bureau of Tuberculosis Services, now headed by Dr. Charles E. Alexander, which functions under Dr. Jerome H. Greenberg, Deputy Commissioner for Preventable Diseases. Dr. Charles C. Eaves is Director of the Hospital Care Division, and George A. Palmer heads the Tuberculosis Field Services Division. Superintendent of the Harlingen Chest Hospital is Dr. Richard F. Allison, while Dr. Robert T. Jensen is superintendent of San Antonio Chest Hospital.

The Bureau of Tuberculosis Services has provided personnel, resources, and assistance to the public health regional organizations for finding cases of infection and disease in the community, operating clinics for outpatient care, providing referral sources for hospital care, and establishing a system for follow-up treatment and monitoring after release from hospitalization.

Close coordination has been effected between the chest hospitals and the regional centers to assure unbroken and high quality care of the patient from case discovery to cure and to develop a team relationship for the best control of tuberculosis in Texas. This coordinated effort is being reinforced by hospital staff participation in regional clinics and management.

Statistics point to the great advances the program has attained. In the past 10 years the number of new cases reported has been reduced from 3,216 in 1968 (the peak year) to 2,326 in 1977 in spite of a significant population growth.

Deaths have fallen sharply from 319 in 1968 to 142 in 1977.

This unified program, plus advances in the clinical management of tuberculosis with new drugs, has permitted more patients to be treated with shorter periods of hospitalization or without hospitalization.

The daily census of tuberculosis cases in state chest hospitals has fallen from 1,692 in fiscal year 1966 to 253 in fiscal year 1977. Over the same period, the average length of stay of tuberculosis patients has fallen from seven months to two months.

In the last five years (1973-1977), the number of new tuberculosis cases has remained fairly steady for the state as a whole, pointing up the tenacity of the disease. A variety of factors such as improved case finding, more complete reporting, natural growth of the population, and immigration from Mexico and Vietnam also contribute to this situation.

In addition, older persons with tuberculosis infections that have not yet caused disease, and who are not on preventive therapy with isoniazid (INH) because of risks related to age, will continue to represent a source of tuberculosis for younger generations.

The state chest hospital continues as a necessary part of the team which transfers newly-found cases from

a regional program to the hospital for necessary treatment and back again to the region for completion of therapy and follow-up—all without interruption of treatment or administrative loss of the patient.

Any statewide system of multiple private and community-operated hospitals that aspires to duplicate the present system would be less effective because significant control could not be gained or retained over the reporting, management, and follow-up of patients to assure complete patient care.

Where tuberculous patients live at considerable distances from state chest hospitals, the Department of Health has in operation a program for in-patient care at qualified hospital district facilities. These hospitals are reimbursed for their services to TB indigent patients.

These programs, such as those in Houston and El Paso, work well because they exist in large, well-defined metropolitan areas with dense concentrations of people close to urban clinics and large teaching hospitals with pulmonary disease services and with organized health departments providing the full spectrum of tuberculosis control and treatment services and support.

Texas has six very

large metropolitan areas which contain 34 percent of the state's population. These six areas reported 46 percent of the tuberculosis cases last year.

While the metropolitan areas may provide adequate resources for care of tuberculosis patients, areas serving the rest of the state's population often do not. There are 36 counties without any hospital, and 2,454 of 2,784 cities and towns have no licensed general hospital. In approximately 2,680 of these cities and towns, there are no physicians residing or practicing within their boundaries who are practicing members of the Texas Thoracic Society.

Unfortunately, tuberculosis is found in virtually every part of the state. Highest numbers, however, are found in the large metropolitan areas and in counties bordering on Mexico and the Gulf of Mexico. The Rio Grande Valley had the highest case rate—30 cases per 100,000 population—in 1977.

"We need to concentrate our knowledge, experience, support, and effort needed to manage the control program, at reasonable cost, in areas of the state posing the greatest disease problems," said Dr. Eaves.

"Our state-operated chest hospitals have long played a vital role in the control program. Now they have become

a key factor in the intensified effort in South Texas because of their expertise; their well-established working relationship with city, county, regional, and state agencies; their geographic location (central in the areas of need); and their ability to assist and augment an expanded clinical

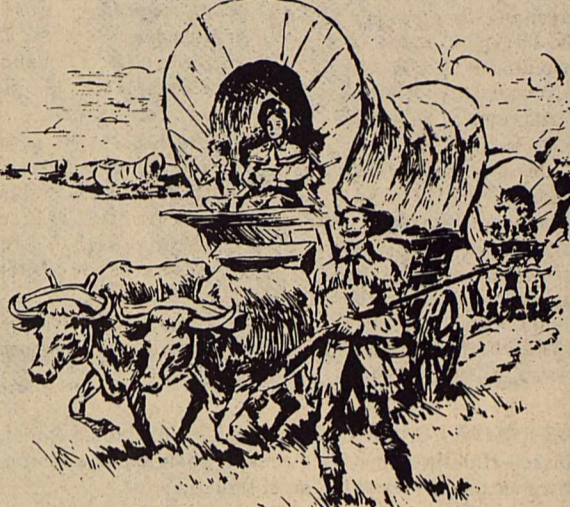

coverage of South Texas," said Dr. Eaves.

"Any effort to discontinue, fragment, or decentralize our current effective program which has been so successful in the past, and whose design shows such promise for the future, should be resisted," he said.

Close coordination has been effected between the chest hospitals and the regional centers to assure unbroken and high quality care of the patient from case discovery to cure and to develop a team relationship for the best control of tuberculosis in Texas. This coordinated effort is being reinforced by hospital staff participation in regional clinics and management. Statistics point to the great advances the program has attained. In the past 10 years the number of new cases reported has been reduced from 3,216 in 1968 (the peak year) to 2,326 in 1977 in spite of a significant population growth.

## Conservation Viewpoints

USDA Soil Conservation Service  
Assisting  
Haskell Soil and Water  
Conservation District

A field day will be held at the Soil Conservation Plant Materials Center at Knox City, September 27, 1978.

The public is being invited to the event. The center serves both Texas and Oklahoma.

A.C. Spencer, executive director of the Texas State Soil and Water Conservation Board, will be the principal speaker. Spencer will speak at 12:30 p.m.

Guided tours will be conducted through the 90-acre center from 8:30 a.m. to 3:00 p.m. The center is located on FM 1292, 2 miles north and 2 1/2 miles west of Knox City.

A barbecue lunch will be available on a prepaid basis at \$3.00 per plate. Payment should be sent to Mrs. Doris Crowner, Chamber of Commerce, Box 91, Knox City, Texas 79529.

Seed or rootstock from native plants that show potential for solving specific soil and water conservation problems are collected, then grown and evaluated at the Knox City Center. The more

promising ones are then tested under field conditions on farms of soil and water conservation district cooperators under a wide variety of conditions. Selections which prove superior to commercial varieties are then released to seed growers. These producers then grow seed and sell it to the public.

More than 1100 strains of grasses, legumes, forbs, and woody plants are being tested at Knox City.

About 9,000 pounds of seed were produced at the center last year, mostly for trial plantings across Texas and Oklahoma. Some 5,000 woody plant seedlings were also produced as well as 250,000 rhizomes of plants that have to be propagated by planting underground shoots.

Two new plant varieties - 'Alamo' switchgrass and 'Aztec' Maximilian sunflower - were certified and released earlier this year as a result of work done at the center.

# State Sales Tax To Stop On Utilities

The state's four percent sales tax on utility bills for residential customers will be dropped after Oct. 1, but an overlap for billing periods beginning during the month of September will cause the tax to appear on all bills received during October and on some

received in November. Fred Foy, supervisor of statistics and state taxes for West Texas Utilities Co., said that instructions issued by the State Comptroller are specific on how the recently approved tax exemptions are to be applied.

"A lot of people apparently think that October billings will not include the tax," Foy said, "but this is not the case."

"The law states that the exemptions shall apply to each regular monthly billing period beginning on or after Oct. 1. This means that if we bill a customer for service from any time prior to Oct., the four percent sales tax will be applied to the total bill."

Citing an example, Foy said that if a meter is read on Sept.

29, that particular customer will be taxed on the bill he received in October and also on the bill he receives in November, since his November bill is for service from Sept. 30-Oct. 29.

The tax exemption was enacted during the special session of the Legislature this summer and applies to residential use of electricity and natural gas. Residential use is defined as "a family dwelling, a multi-family apartment, a housing complex, or building or portions of a building occupied as home or residence."

The Legislature provided a local option on the one percent sales tax on utilities, but most of the towns in the West Texas Utilities service area have

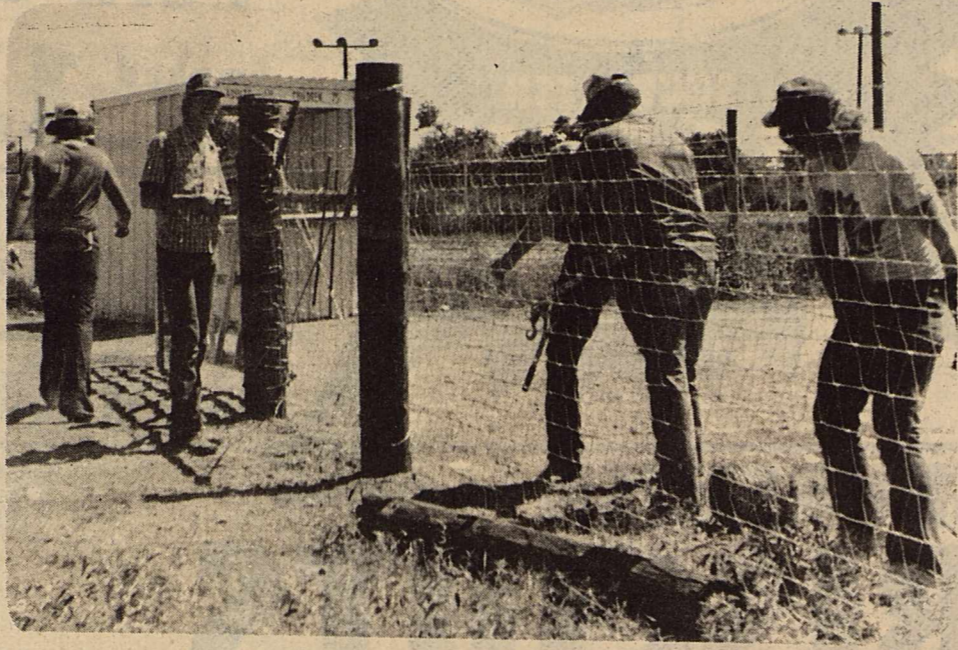

indicated they will continue the tax. Foy said that so far, Junction is the only WTU town

which has announced it would abolish the tax. "Our company will continue

to collect the tax for the cities that wish to keep it," Foy said.

### AAM Fair Booth

The American Agriculture Movement will have a booth at the Haskell County Fair this weekend. We would like to extend an invitation to you to come by and visit with us. We will have informative materials, newspapers and lots of talk to help you understand our problem in agriculture. We hope you will take the time to come by.

HASKELL FFA STUDENTS built a fence recently at the Haskell fair grounds to fence a parking area for fair goers. The Annual County Fair will be held Thursday, Friday and Saturday with special activities each day. (Staff Photo)
