GRAND CHAMPION...J.L. Beasley, III, of Hawley exhibited the grand champion steer and heifer of the Haskell County Fair to take top honors in both cattle divisions.

The heifer was a Polled Hereford and the steer was a Simmental-Hereford cross. He is the son of Mr. and Mrs. J.L. Beasley, Jr. (Staff Photo) of Hawley.

City Council To Accept Bids

The Haskell City Council met in regular session Tuesday night and agreed to advertise for bids on repairs to City property resulting from recent flooding.

The Council members will open the bids in a special meeting, October 17, at 7:30 p.m. Specifications for the five contracts are available at the Haskell City Hall.

Representatives of the Teenage Baseball organization in Haskell met with the council and announced that they had met with representatives of the newly formed softball organization and the two groups had agreed to cooperate and assist each other. The Teenage group comprised of coaches and parents of the players, requested the assistance of the council in locating a practice field for their teams.

Another group of citizens met with the Council to request the construction of five additional hangers at the airport. Council members discussed estimated costs and agreed to study the proposals.

Mayor Royce Williams reported to the Council mem-

Council members agreed to set the tax distribution for 1978 at 100% to the general

amount of \$16,275.52.

Booster Club Plans Project

The Indian Dooster Club met Monday night at 7 o'clock at the Haskell High School Cafeteria. A film was shown on Friday nights ball game with Seymour. Coach Flippin gave comments on this game and also the game coming up this Friday night with Stamford Bulldogs.

Plans were discussed on the salad luncheon.

The Booster Club would like to remind all Indian fans, relatives and friends to support athletics by remembering the Salad luncheon Oct. 4 from 11:00 to 1:00 at the Corral Building. Tickets may be purchased from any booster member, Kennedy Lumber Co., Heidenheimer's, Johnson Pharmacy, The Drug Store, Farm Bureau and McGee & Tidrow Builders. Tickets are \$2.50.

KAY CAMPBELL, daughter of Mr. and Mrs. Duward Campbell of Haskell, was named Haskell County Fair Queen last Thursday night. This was the first year of the queen contest. Judging was held Sept. 18, and the crowning ceremony was scheduled for the Fair grounds but was moved to the Elementary school cafeteria due to bad

Farmers Union Plans Convention

The Haskell County Farmers Union will hold its annual County Convention Sept. 28 at 8:00 p.m. in the Elementary School Cafeteria.

Jnon Thomas from the state office will be on hand to bring local farmers up to date on what the state organization is

All area farmers regardless of farm group affiliation are invited to come.

> coaches and fans. The officials signaled illegal procedure and players, coaches and fans assumed that a player had moved too soon. (Once or twice anyway.) About the third time the call was made and nobody

moved too soon, the officials announced the procedure call was that the Tribe had only five men on the line of scrimmage.

When they finally learned what the problem was the Tribe easily corrected and covered almost the entire length of the field in 14 plays for the TD. The drive was boosted with runs of 10 yards by Vonnie and 18 yards by Mark Wallace and a 23 yard pass to Jackie Steadham. Vonnie scored from the five with 5:18 left in the half. The

drive consumed almost twothirds of the second quarter. The Panthers managed only 2 yards on their next three plays and punted to Joseph Browning who returned the ball to the 21. Vonnie carried twice to move the ball to the 9. before Jim Harris carried in

for the score. Three plays later. Browning intercepted a Seymour pass and the Tribe attempted a field goal from the 21 as the first half ended. The field goal failed and the score at halftime was 27-0.

The halftime break cooled the Indian attack and Mark Wallace was thrown for a seven yard loss attempting to punt on the Tribe first offensive series.

The Panthers scored their first TD three plays later to score the only tally of the third period.

Haskell Teams Split Four

The Haskell Warriors continued their winning ways by defeating the Seymour 7 & 8th graders last Thursday at their home opener in Indian Stadium. The 7th graders captured their 2nd victory of the season by a score of 14 to 8. The 8th graders again were impressive as they defeated the Seymour Kittens by a score of 20-12.

In other action, the Freshmen and Junior Varsity traveled to Seymour where they tasted the bitter salts of defeat for the first time. The Frosh lost by a tally of 12-6 while the Jayvees went down in defeat by the score of 12-0.

A change in the schedule will place all four teams in Anson this Thursday. The 7th grade will begin at 3:30; the 8th grade at 4:30; the 9th grade at 6 and the Jayvees at

Maintain Perfect Recor

BY DON COMEDY

The Haskell Indians added another scalp to their belts last Friday by defeating the Seymour Panthers, 34-21.

The Tribe now has a season record of 3-0 and will meet the stiffest challenge of the season to date this Friday in the Stamford Bulldogs.

Both the offensive and defensive units exhibited sparkling play during the first half. The offense scored four TD's and the defense allowed the Panthers only 40 yards total offense. The defense also captured two fumbles and intercepted one pass during the first two periods.

Giles Kemp gave the Tribe their first scoring opportunity when he recovered a fumble on the Panthers second offensive play of the game.

Indian Vonnie Hise carried on the first play and powered for four yards. Brother Monnie carried the next four plays and aided by a five yard penalty, scored on the fourth play from the three yard line.

The Panthers managed only three plays on their next possession before David Drinnon scooped-up a loose ball for the Tribe.

The first of two 15 yard marks against the Tribe stopped their next drive but the defense again held and forced a Seymour punt.

Vonnie scampered for 26 yards on the first play of the Tribes next drive and after good gains by Monnie and Jim Harris and a seven yard pass to Steve Escobedo, Vonnie carried in on a one yard dive. The drive covered 61 yards in 12 plays.

The Panthers got their only first down of the first half on the last play of the first quarter but were forced to punt three plays later.

The Tribe covered almost 100 yards on their next possession and scored sixteen plays later. The drive began on the 26 yard line and four penalties of five vards each on the next plays moved the ball backwards faster than the Tribe could carry it forward. The penalties resulted in some

The next three possessions of the two teams were halted by pass interceptions.

The Panthers drove to within five yards of a score on their last possession of the third period only to be stopped on a fourth down.

The Tribe failed to move the ball and the next Seymour score came on a 55 yard punt return with 9:59 left in the

The Tribe moved the ball to

the drive was stopped by a fumble. Seven plays and only seven yards downfield, Seymour fumbled the ball back to the Tribe. Two plays later Steve Escobedo scored on a seven vard run.

the 16 on their next series and

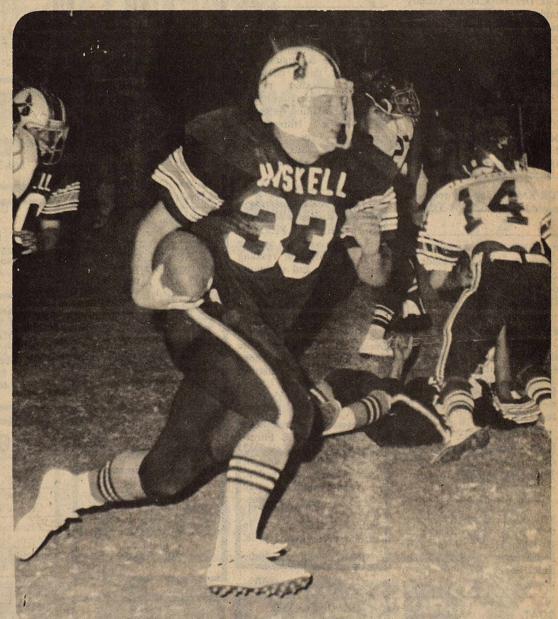

The final score of the game came with 2:58 left to play when the Panthers scored on a 30 yard run completing the scoring at 34-21.

The Tribe will travel to

Stamford this Friday and meet the undefeated Bulldogs. Stamford defeated Hamlin, 7-2 in their season opener. rested for a week during their open date, and downed 3-A Sweetwater, 22-0 last week.

The Bulldogs are basically throwing team, going to the air about 60% of the time. They have small backs that are quick and run from the Houston Veer.

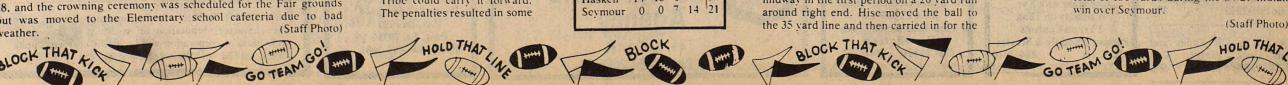

Game time is 8 p.m.

LONGEST RUN...Vonnie Hise broke loose midway in the first period on a 26 yard run around right end. Hise moved the ball to

score eleven plays later. He rushed for a total of 130 yards during the 34-21 Indian win over Seymour.

Commissioners To Discuss Flood Ins. Commissioners agreed to

Haskell County Commissioners spent the largest portion of their regular meetting Tuesday discussing Jail Standards and Flood Insurance for the rural areas of Haskell County.

County Sheriff G.T. Garett told commissioners that he had been notified by a approximately 5 miles of representative of the Texas Commission on Jail Standards that Haskell County had until January 1, 1979, to comply with the jail standards act.

> Sheriff Garrett said that the jail did not comply in six areas: Lighted exit signs; lockup for guns and medicine; separate cells for juveniles and women where other prisoners could not be heard; expanded metal on bars in hallways; 24 hour-per-day surveillance of prisoners: and certification of all jailers.

Members of the court and to award the bid consider- authorized the sheriff to pured most advantageous to the chase the lighted exit signs 39c and lockup for the guns and medicine. The lockup for guns will be used when law enforcement officers enter the prisoner area. Their guns must be locked in a secure area. The lockup for medicine will store any prescription drugs for prisoners who are under the care of a doctor.

Commissioners requested that the sheriff schedule a meeting of the court with a member from the jail standards to discuss what procedures would be required to meet the standards.

Commissioners discussed the Federal Flood Insurance program at length and generally agreed that the disadvantages of the program far outweighed any benefits.

American Ag News

BY BETTYE McBROOM

chief economist, told a House the farmer be the cause of a 50 subcommittee that an average percent or more increase in four-person family might see the grocery bill when the the grocery bill rise as much American farmer was receiving as \$3.40 a week next year "if farm prices are stable," and that "steady farm prices" would mean an increase of products? Sure the farmer is only 4 percent or 5 percent in retail food prices in 1979. He his crops this year than last, also stated that smaller meat but then the cost of his and dairy supplies could force producing that product has that bill up by \$6.15 a week. He gave the reason for the rise in the grocery bill in 1978 as being mainly the cause of smaller beef supplies and year. The American rancher is weather damage to fruits and

vegetables. His report said that an increase in farm prices of about 15 percent this year accounts for more than half the 1978 boost. The costs and profits of food industry middlemen have risen by about 7 account for about 40 percent of rebuilding at least. The

Mr. Hjort is putting the In a September 20 news consumer against the farmer release, Howard Hjort, the again, as has been done in the Agriculture Department's past several years. How can 66 percent of parity in January 1978 and today he is receiving 62 percent of parity for his receiving a "little more" for gone up much more than he has received.

There are two reasons for the smaller beef supplies this tired of building his herd and then having the bottom fall out of the price for beef. If the government would set a decent price paid to the American rancher and leave it stable, then we would be willing to rebuild our herds if we knew that we would get percent or 8 percent and back what we put into the

second reason is that the foreign countries do not have the beef to ship to the United States. Their herds are down too, but the government and news media do not bother to tell you this. Mr. Carter does not want you to know this.

In January 1978, we did a grocery list of items. On September 18, we checked the list again. These prices are based on retail prices in local stores in Haskell. Listed below is what we found:

If you will notice, your grocery bill has risen \$2.34 in nine months while the parity price the farmer receives has dropped 4%. Also, did you notice that round steak costs 50c a pound more now than in January? Didn't President Carter say that the reason for opening the import beef market was so the cost of meat would be cheaper? With the rancher receiving less now than in the spring for his money? It is time we ask these questions and demand some truthful answers to them!

Five Named To Outstanding Young

1978 edition of OUTSTAND- Women's Clubs. ING YOUNG WOMEN OF AMERICAN

The Outstanding Young Women of America Program is designed to honor and encourage exceptional young women between the ages of 21 and 36 who have distinguished themselves in their homes, in their professions and in their communities. Accomplishments such as these are the result of dedication, service and leadership-qualities which deserve to be recognized and remembered.

This is the goal of the many leading women's organizations, college alumni associcattle, who is making the extra ates and public officials who

The Board of Advisors for nominate deserving young the Outstanding Young women to participate in the Women of America Awards program. Serving as chairman Program announced today of the program's Advisory that the women named on the Board is Mrs. Dexter Otis attached listing have been Arnold, honorary president of selected for inclusion in the the General Federation of

The women listed, along

with approximately 12,000 fellow Outstanding Young Women of America from across the United States, will be presented in the prestigious annual awards volume. In addition, they are now being considered for one of the fifty-one state awards to be presented to those women who have made the most noteworthy contributions in their individual states. From these fifty-one state winners, the Ten Outstanding young Women of America will be chosen. The ten national winnes will then be honored at the annual awards luncheon to be held this fall in Washington, D.C.

Adult Education

Haskell Adult Education classes are scheduled to begin with registration Tuesday, October 5, in the Haskell Junior High School library, according to Betty Davis, ABE Program Supervisor. Registration will begin at 6:00 p.m. with classes every Tuesday from 6:00 to 9:00 p.m. Instructors for the classes are Mrs. Christy Stapleton, Mrs. Cathy Bartley and aide, Belia Abila.

Three levels of learning are offered in the school. Level I teaches reading, speaking, writing of English and some math. The adult performance level, Level II, offers a general program including more advanced reading and writing of English, as well as mathematics that is needed for day to day living. The third level allows the student to train in language, mathe-matics, science, and social studies in preparation for the GED (General Educational Development high school equivalency test.)

The program is open to anyone age 18 or older who has not been enrolled in school for a period of one year. All materials are furnished free to those attending.

Notice To B-K Electric Cooperative, Inc. Members

As you are aware, the recent Special Session of the Texas Legislature repealed the 4% State Sales Tax on gas and electric sales for residential use.

The date for this repeal is the billing period that commences after October 1, 1978.

Therefore, the first billing that the tax will not appear on your bills will be the bills mailed November 30, 1978, as this billing period begins after October 1, 1978.

Remember, you must pay the tax until the billing of November 30,

B-K Electric Cooperative, Inc.

Will Lone Star Gas still be saving your family money in 2028?

help your children's children control their energy costs exactly the way we're helping you - with economical gas service. Economical? Absolutely, because even at current prices natural gas is providing an energy bargain in home heating, water heating, clothes drying and

You can be sure we're planning to

The reason, of course, is that gas is a natural energy that you use in its original form. Gas flame provides heat with remarkable efficiency. And these big household jobs require heat.

Your direct use of gas in appliances actually conserves energy. But, even with the wisest use of gas, can you really expect our area's natural gas supplies to last until 2028? You can.

Some people believe we'll run out of gas in a few years.

We don't. Because we've been in the gas business for 69 years, and our experience convinces us enough gas will be available to last our service area for at least another 50 years.

In fact, the groundwork for your energy future has already been laid — Lone Star's 11,400-mile pipeline network. This gathering and transmission system: -reaches into, or connects with, basins that are estimated to contain 50% of this nation's remaining onshore gas reserves. lets us take deliveries from offshore gas fields in the Gulf of Mexico, and areas where other companies have no pipelines. —gives us a distinct advantage when it comes to buying gas at the best prices, but this is an advantage we'll lose in time. The race is on.

Some areas of the country have delayed the development of their own resources for ecological reasons, but they learned the real value of adequate gas supplies during the winter of 1976-1977.

The race for long-term gas contracts is on, and it's happening in our own back yard. We can't afford to miss sound opportunities to buy new reserves in economical

The groundwork has been laid for us to buy our area's fair share of the new reserves. All we need to do it is your understanding that we must recover the prices we actually pay for gas.

If you'll give us that, Lone Star will have no problem financing the energy that will save you money for decades to come.

Lone Star Gas Company We're working energetically for your area's future.

USDA Soil Conservation Service Assisting

Haskell Soil and Water **Conservation District**

'Aztec' Maximilian sunflower, a native forb relished by livestock and wildlife, has been released by the U.S. Soil Conservation Service. A forb is a herbaceous plant that is not a grass, sedge, or rush.

The new variety was select-

ed for use in range seeding. A lot of livestock producers in Texas would like to include seed of a native plant used by livestock and wildlife especially deer and game

birds - in range seeding mixtures. But seed for such plants simply are not avail-But 'Aztec' Maximilian

sunflower will change that. We anticipate a heavy demand for the seed as soon as it is available. Commercial seed growers

will be planting 'Aztec' in 1979. A small amount of seed should be available for use in range seeding mixtures in 1979 and 1980. Maximilian sunflower is

native to most of the grasslands of the southwest, but the plant is so relished by livestock and wildlife that it has been killed out on most rangeland. Seed for the plant has never been grown commercially.

'Aztec' has undergone extensive field testing since 1969: plantings have been made at 55 locations in Texas, 17 in Oklahoma, and at 11 locations in Kansas. The plant has proven to be adapted to most soil types for range

seeding mixtures where average annual rainfall is 18 inches or more. The plant, however, does not appear to be adapted to wet or saline

The high protein content of Maximilian sunflower makes it especially attractive to deer. cattle, sheep, horses, and goats. The plant is so palatable that several test plantings have been killed by overgrazing from cattle and deer. Birds eat the seeds readily and the tall, dense growth provides cover for several species of wildlife.

'Aztec' is being released by SCS in cooperation with the Texas Agricultural Experiment Station and the Texas Parks and Wildlife Depart-

XX Adults Only

No One Under 18

"The Psychiatrist"

purchased by commercial seed growers from the Foundation Seed Service, Texas A&M University, College Station, Texas 77843.

For seed production purposes, about one pound of pure live seed per acre should be planted. For range seeding mixtures, 0.25 to 0.5 pounds should be planted.

J.C. Yeary, Jr. District Conservationist

Tricycles, bicycles and motorcycles are all a lot easier to ride than a cattle cycle. Most times a lot safer too. Nearly anybody in the beef business will tell you their business depends on the cattle cycle. Stated most simply, the cycle works on the principle that there will continue to be more cattle as the price goes up and when there are too many cattle the price will come down. Simple enough, right? Wrong. The number of cattle is only one part of the cycle.

Rates of slaughter . . . spread between feeder and fat cattle . . . supply of money . . intangibles such as optimism or pessimism . . . influence of outside investors . . . prices of feed grains . . . all these operate on cycles of their own operate on cycles of their own. All are a part of the total cattle cycle. This is the sort of action and interaction that makes the cattle market one of the world's most unpredictable.

Letters To The Editor

(EDITORS NOTE: The Haskell Free Press will publish letters to the Editor dealing with any subject. All letters must be signed but names will be withheld by request. All letters are subject to editing for length and liability.)

As a parent and as a member of the Indian Athletic Booster Club I want to say thank you to the Haskell Free Press and Free Press readers for the excellent support you have been giving the youth of Haskell County. The papers coverage of student eventsband, football, 4-H, FFA and others has certainly been pleasing to the participants, their families and friends. It's so good to read about the positive things our youth are doing. It encourages them to continue and to endeavor to do

Thank you fans for your continuing support. Yes, we know you are asked to dig into your pockets often to buy things you may have little need for. But the proceeds are turned back into useful things. for the students.

The Indian Booster Salad luncheon proceeds are going toward the purchase of a neck strengthening machine, a wet-dry vacuum and a new mower for the football field. The Booster Club also uses the program sales and advertising to help on these projects and the All-Sports Banquet held in the Spring.

Thanks for your support. Sincerely, Janice Browning

To Whom It May Concern: The Stamford Rotary Club will be sponsoring a spaghetti suppe prior to the Haskell-Stamford football game on Friday, September 29 from 5:30 p.m. to 7:30 p.m. in the High School Cafeteria. The menu includes: spaghetti and meat, vegetable, salad, pie, and ice tea. Price is \$2.00 for adults and \$1.25 for students

Proceeds from this supper will go toward different Rotary activities.

> Sincerely, Dan Howard Rotary President

Bond Burning Service Set September 30

There will be a bond burning and dedication service at Central Baptist Church on Saturday, September 30th from 11:00 a.m. until 3:00 p.m. A covered dish luncheon will be served at 12:00.

Rev. W.C. Rea will preach the 11:00 message, and Rev. R.T Guthrie will preach the 2:00 message. Both of these men are former pastors of Central Baptist Church. Rev. James Wood of Asperment will be coordinator of the program and will have charge of the bond burning service at 1:40 p.m.

AUSTIN, Texas (Spl.) - As the elderly become a bigger segment of the population (about 10 per cent of the U.S. population is over 65), the need increases for more persons to be familiar with the aging process.

The University of Texas is offering a group of coordinated courses on aging that encompass broad subject areas in the humanities. behavioral sciences. biological and medical studies as well as in policy planning and delivery of services.

Courses in UT Austin's coordinated gerontology program range from nutrition and aging to exercise physiology.

Your Hairstylist. You've Trusted Her With Everything Else. Now Trust Her With Your Face.

The woman who knows you down to the roots of your hair can tell you a lot about your face. Your hairstylist is a licensed cosmetologist. And if she works in a salon that uses Redken products, congratulations! You're one step ahead. You already know the great things Redken can do for your hair. Now let your stylist tell you what Redken can do for the rest of you. She'll tell you about Redken's pH Plus Conditioning Cosmetics.

pH Plus Cosmetics do more than color, cover and camouflage. Unlike ordinary make-ups, ours condition. pH Plus Cosmetics are acid-balanced because that's good for your skin. They're made with protein because that's good for your skin. And they bring out the natural good looks instead of burying them because that's

At Redken, beautiful promises are based in scientific fact. We spend nearly two million dollars a year on research and development. And when we say our cosmetics condition, we have 17 years of experience analyzing the chemistry of skin

When you've got products this good, you want to show people how to use them right. So you may have to go a little out of your way to find us. We're in the hands of professionals. Not at your favorite drug or department store. Come to Martha's who sells Redken for a professional make-up analysis and pH Plus Cosmetics.

Redken® Cosmetic Specials Sept. 21-Nov. 18

We are having a special on our cream blusher \$1.00 off and Lipstick \$.50 off. The colors are pure fashion. 18 fashion shades condition, pamper and protect your lips from dryness and five fashion colors in our cream blushers.

Thank You!

Let me take this means of expressing my appreciation to all who helped make the 1978 Haskell County Fair a success. As the President of your Fair Association I want to thank each person who had a part in helping with the fair. The tentative financial report is good and it appears the fair was financially successful.

We had one of the most successful and competative livestock shows I have ever seen. I am so glad our young people have taken an active interest in the fair. It did me a lot of good to see them competing and learning to be good losers as well as good winners. Since the Fair Queen contest is a "first" this year, I want you to know it too was most successful. Out of forty-six lovely ladies Miss Kay Campbell was selected to reign during 1978-79.

I am interested in seeing our fair expand, enlarge, and become even more successful than it already is. Each citizen of Haskell County can help me by putting your ideas into the fair. This can be accomplished by writing your idea, suggestion or gripe in the form of a letter and mailing it to me, c/o Dale R. Burris, Fair Assoication, Haskell, Texas 79521. I can assure you that your idea or gripe will be taken to the Board of Directors at the next meeting.

THURSDAY - SEPTEMBER 28, 1978 FRIDAY - SEPTEMBER 29, 1978 9 TO 4 O'CLOCK

Burleson To Be Honored

The Stamford Chamber of Commerce will honor retiring Congressman Omar Burleson at its annual Membership and Awards Banquet on September 28. The banquet is slated for 7:00 p.m. at St. Ann's Parish Hall.

Tickets are available for \$7 each by calling or coming by the Chamber office, 915-773-2411; or writing the Chamber, Box 1206, Stamford 79553.

Entertainment will be provided by Jim DeLoach, a magician from Dallas. DeLoach is married to the former Diane Anderson, a graduate of Stamford High

Awards will be presented to the Outstanding Woman of the Year and the Outstanding Man of the Year.

Remarks will be made by outgoing president Jim Hokanson and incoming president, Bill Longley. The Board of Directors felt

it appropriate to honor Conthis year since Burleson is U.S. House of Representatives 32 years.

Additional information concerning the banquet may be obtained by contacting the Chamber office.

Kenneth Sams Named To Committee (Editors Note: the following is a letter received recently by

Haskell School Superintendent Kenneth Sams for John Hill, Democratic nominee for Governor.)

Dear Kenneth:

Some of the most important issues that will be confronting gressman and Mrs. Burleson the 66th Texas Legislature will revolve around public educaretiring after this present tion. To assist me in identifyterm. He has served in the ing and resolving these issues,

> STAMP CUBES and other desk accessories in mathcing vivid colors. Haskell Free

am creating a Blue Ribbon public hearings in your area Committee on Education.

I would be honored if you could assist me in this effort by serving on the South Plains Regional Committee, one of 18 regional committees that I have designated across the state. Composed of representatives from all segments of the educational community --

including teachers, school administrators, school board members, and parents -- the regional committees will hold public hearings to solicit citizens' views on specific educational issues.

Your regional committee will be responsible for holding

and for preparing a regional committee report. A final my staff coordinator, Ernie consensus report based on the Stromberger, as soon as 18 regional committee reports possible will be prepared by the Statewide Steering Committee

regional committee chairmen. The Steering Committee will be meeting in Austin in early September for a briefing on the issues your committee will address, and you will be contacted soon by your

which is composed of the

regional committee chairman. I am very interested in your service and assistance in this endeavor and hope that you can serve on this Blue Ribbon

With Warmest Personal Regards John L. Hill

north of Hamlin.

JEFF FRIERSON stops a Panther runner during first half action last Friday night. The Tribe defense held the Panthers to one first down and 40 yards total offense during the first half. The defensive unit also managed two fumble recoveries and one pass interception during the first half. The Tribe won their third game of the season in as many outings, 34-21, and will face undefeated Stamford this Friday at Bulldog Stadium.
