Tribe Drops Dist. Opener

BY DON COMEDY

The Haskell Indians and the Knox City Greyhounds fought to within three minutes of the final gun without scoring and in less than thirty seconds decided the outcome of the game.

With 2:59 left in the game Robert Rodriguez put the Tribe ahead with a 24 yard field goal only to watch Knox City complete a 63 yard scoring pass on their first play following the kickoff. The Greyhound PAT failed and the gun sounded a 6-3 defeat for the Tribe five plays later.

Guard Bill Flanary had recovered a loose football to give the Tribe possession on their own 44 yard line. The Tribe moved the ball fifty yards to a first and goal on the six, were held for no gain, lost two yards and three incomplete, before trying the field goal.

On the next play from scrimmage, Knox City scored a TD on a 63 yard pass to Oscar Gutierrez.

The Indian offense moved the ball to within the

twenty-five a total of five times during the game and each time were stopped before they could manage a six pointer. Two of the drives were halted when the pigskin got loose from Indian runners and was recovered by Knox City and one drive was stopped when Knox City intercepted a pass.

Knox City moved the ball to the 10 yard line early in the second quarter and lost their first chance to score when Joseph Browning recovered a

fumble.

Other than the touchdown pass, the Tribe defense never allowed the Greyhounds closer than the 40 yard line.

Vonnie Hise led the Indian attack on the ground with 63 yards rushing and Steve Escobedo carried for 55 yards. In addition to the fumble recoveries by Browning and Flanary, Robert Rodriguez intercepted a pass.

The Tribe will venture to Crowell this Friday and seek their first district win. The

Wildcats were open last Friday and have a season record of 1 win and three losses. Crowell defeated Chillicothe, 40-6 and lost to three good teams in Memphis, Seymour, and Electra.

The Wildcats have good size, good running backs, and a sound quarterback.

Two Indians will be sidelined this week with injuries, Robert Browning with a hurt knee and David Gonzales with a ruptured blood vessel in his leg.

TOUGH DEFENSE...Four Haskell defenders upend Knox City quarterback Dwayne Johnson last Friday night. The Greyhounds won the contest 6-3 on a 63 yard scoring

pass with 2:37 left in the game. The Tribe will meet Crowell this Friday at 7:30 p.m. in Wildcat Stadium and will attempt to even their season record at 1-1.

Jury Convicts Alvarez

A ten woman, two man jury found Alberto Alvarez guilty of rape last Thursday in the 39th District Court in Haskell.

Alvarez was convicted with the July 3 rape of Linda Alcaez. Her body was found July 4, at the Haskell City Park. She was pronounced dead at the scene by Justice of the Peace H.M. Bledsoe.

The jury was selected Tuesday morning and begin hearing testimony Tuesday afternoon.

Several legal points arose during the trial and at one point the jury was excluded from the courtroom for almost five hours while attorneys for Alvarez and District Attorney Joseph Thigpen argued a point of law.

Testimony in the case was completed Thursday afternoon and the jury deliberated about eighty minutes before returning with the guilty verdict.

Just prior to the sentencing

portion of the trial, attorneys for Alvarez objected to the enhancement portion of the indictment. The enhancement portion entered a prior conviction in 1966 into the Court record and set the possibility of sentencing at between five and ninety-nine years.

Alvarez was on probation and the probation was revoked during 1966. The attorneys

PAPER DRIVE

The Luther League of Trinity Lutheran Church is having a paper drive through the month of October. There will be a trailer parked at a designated area later in the month for the convenience of those wishing to donate their paper, or you can call 864-2134 after 5:30 p.m. for someone to pick them up if you can't get them to the trailer. The Luther League will appreciate your help and cooperation.

during last week's trial objected on the grounds that Alvarez did not have effective counsel during the revocation hearing and that the final conviction could not be entered. Alvarez was represented at the hearing by A.C. Foster of Haskell.

District Judge William P. Ratliff sustained the objection and removed the enhancement portion from the indictment. The action reduced the possibility of sentence from five to ninety-nine years to a possibility of two to twenty years.

The jury deliberated slightly over two hours before agreeing on the sentence of three years in the Texas Department of Corrections.

Serving on the jury were: James Lanier, foreman, Blanche Harrell, Dorothy Haliburton, Caroline Mitchell, Elaine Glover, Annette Hester, Betty Helweg, Verdia Ashley, Chester Hodgins, Sallie Grimes, Joyce Hager, and Anna Lees Davis.

Chamber Begins Banquet Plans

The board of directors of the Chamber of Commerce met at 6 p.m., Tuesday, October 3rd, with president John Rike, III, presiding.

Minutes of the last meeting were read by the manager and approved by the officers and directors as well as the financial statement for the month of September.

Approximately twenty cards on prospective chamber members were taken by the directors to contact relative to becoming an active member of the civic organization.

Preliminary plans were discussed for the annual chamber banquet held in Feb. each year unless otherwise changed by the board of directors. A date of Friday night, February 23rd was selected as the primary choice with an alternate date of February 16th. Several noted after dinner speakers were discussed to give the main address at the banquet. Outgoing directors

and their spouses will have the responsibility of staging the annual banquet. They are: John Rike, III, Wayne Lehrer,

Junior High Teams Still Undefeated

The Haskell Jr. High Warriors continued their undefeated ways by defeating Anson, the 7th Graders by a score of 22-6 and 8th Graders 14-8. Both Warrior teams now have a season record of 4 wins and 0 losses.

The Jayvee teams was defeated by Knox City to the tune of 14-8.

The Junior High teams will play Olney at home in Indian Stadium on Thursday. 7th Grade plays at 6:00 p.m., 8th Grade at 7:30 p.m. Freshmen and Jayvees travel to Olney for games at 6:00 and 7:30 p.m. on Thursday.

Joseph Thigpen and Larry Gilliam. The committee will meet soon to further discuss plans for the annual event as well as select names from the membership roster for the election of four new directors to serve for three years on the board.

Charles Thornhill, chairman of the Retail Trade and Christmas program committee, reported that the new decorations had arrived and were paid for and are stored in the Morales Building until time for erection.

Sandy Horton was welcomed by the president as a new member of the board of directors, replacing Bob Beauchamp, who resigned upon retirement from the position of local manager of the West Texas Utility Company.

Present for the meeting were: John Rike, III, J.A. Carroll, Franceine Johnson,

Edith Wheatley, Genelle Overton, Sandy Horton, Charles Thornhill, Wayne Lehrer, Mike Jordan, J.B. Gipson, Larry Gilliam, John Wayne McDermott and manager Rex Felker.

Bank Open House Set Sunday, 3-6

THE OLD AND THE NEW...The first home of Haskell National Bank as it looked in 1899 or 1900. Shown in the photo are: Emmett Couch, Sr. in buggy, G.R. Couch, Sr., Lee Pierson and M.S. Pierson. The bank was chartered in 1890 and was located on the corner where Sherman's is now located. The newly remodeled facility will be shown this Sunday from 3 to 6 p.m. in an open house. The new building was recently enlarged. The addition included widening the building forty feet along the west side. An additional 2,400 square feet was added upstairs but will not be completed until the additional space is required. The building currently occupied by the Bank was built in 1958. At that time there were about three officers and eight employees. The bank currently has eight officers and 18 employees.

A native of Haskell, Dr. Spencer received his bachelor of science degree from NTSU in 1944 and his doctor of medicine degree from Vanderbilt in 1947.

He received his residency training at Johns Hopkins and Wadsworth Hospital in Los Angeles and taught surgery at Johns Hopkins Hospital from 1954 to 1961, when he became professor of surgery at the University of Kentucky Medical School.

Since 1966, he has been the George David Stewart professor of surgery and chairman of the Department of Surgery at the New York University School of Medicine.

He has been president of the International Cardiovascular Society and chairman of the Forum Committee of the American College of Surgeons.

Dr. Spencer was the Albert Lecturer of the American College of Chest Physicians in London in 1974, was a guest speaker at the Southern Africa Cardiac Society in Johannesburg, South Africa, in 1974, was the Stikeman Visiting Professor of Cardiovascular and Thoracic Surgery in Montreal in 1975 and delivered the William L. MacDonald Lectureship at Queen's University in Kingston, Canada in 1976.

He received the Great Teacher Award from the Alumni Federation of NYU in 1977. He is a member of 17 professional organizations.

The honors to Holly Harp and W.C. Orr Jr. were announced previously. Miss Harp's Los Angeles Sunset Strip boutique, Holly's Harp, has such clients as Dinah Shore, Jane Fonda, Faye Dunaway and Barbara Walters.

Orr was elected vice president of the Denton Bank in 1948 and served as its president from 1961 to 1972, when he became board chairman. He received the Otis Fowler Award in 1965, the highest award in Denton for community service.

Hill Supports Tax Relief Amendment

Attorney General John Hill is urging Texas voters to cast their ballots Nov. 7 for the proposed tax relief constitutional amendment.

"Adoption of the tax relief amendment is an essential first step toward reform of our tax system and tax relief in Texas," Hill said.

"I have consulted with Lt. Gov. Bill Hobby and House Speaker Bill Clayton about expediting the tax relief implementing legislation during the 1979 legislative session, and they have agreed to my plans for giving this matter and the companion school finance legislation 'emergency' status.

"I am optimistic that this early agreement by the presiding officers of the two houses of our legislature will provide the clear signal we need to our legislators that tax relief and school finance will go hand-in-hand during the next legislative session, and that they will be at the head of the line when we begin taking action on bills.

"But our attention first must be directed toward the Nov. 7 election. Unless the voters approve the tax relief amendment, we will not be able to make any meaningful progress toward tax relief.

"That is why I am campaigning for adoption of the amendment, and that is why I will devote part of my campaign resources to getting out a big vote for the tax relief amendment."

Men In Service

Navy Sergeant Willie J. Bagley, son of Benson and Lillian Bagley of P.O. Box 524, whose wife, Mary, is the daughter of Cornelius and Mae H. Dessivia of P.O. Box 264, all of Rule, completed the Basic Aviation Machinist's Mate Jet Engine Course with honors.

During the five-week course at the Naval Air Technical Training Center, Millington, Tenn., students received introductory instruction on the characteristics and operating principles of jet engines. Their studies included engine lubrication, ignition and fuel systems. Additionally, they studied the procedures for refueling and defueling aircraft; for removal and installation of aircraft engines and for the operation of aircraft ground handling equipment.

A 1973 graduate of Rule High School, he joined the Navy in March 1974.

WASHINGTON As It Looks

From Here" Omar Burleson Congressman—17th District

THE ACTION OF THE CONGRESS in sending the proposal to grant the District of Columbia right to have two U.S. Senators and at least one Representative, should be the beginning of a battle rather than the end of it.

DURING THE CONSIDERATION OF THIS AMENDMENT to the Constitution, there was a zealous lobby working in its behalf and almost no developed opposition to it. It is hoped that a more persistent effort will be made before three-fourths of the State Legislatures ratify the Amendment.

DURING THE DEBATE IN THE HOUSE OF REPRESENTATIVES AND SENATE, principles involved were not the ruling consideration. It was a contest for political advantage and the liberal-left picked up the marbles.

THE STATES CALLED UPON TO RATIFY THIS AMENDMENT will face a very real principle when it is recognized that Washington will be the only City in the Nation with Federal voting representatives in Congress. This will mean that those representatives will be serving a strictly urban interest and will have no balancing rural or agricultural concerns. Before the various fifty State Legislatures act, they will recognize that unless membership of the House of Representatives is increased, any Congressman from the City of Washington would reduce Representatives from the States.

IF THE REAL OBJECTIVE OF THE AMENDMENT was simply to grant rights to inhabitants of the Nation's Capital, it could be accomplished by ceding the residential portion of the City to the State of Maryland as Alexandria in the 19th Century. This approach would confer on the residents of the District of Columbia the same voting rights as a State. It would void giving two U.S. Senators to a less than 70 square mile enclave whose population is smaller than that of eleven other American Cities. Those two U.S. Senators, however, are exactly the point. If the District of Columbia can have Federal Legislators as though they were a State, the "big-government" faction would have added votes for every conceivable spending

program to be dreamed up. THE LIBERALISM IN WASHINGTON IS NOT AT ALL SURPRISING because Washington is a "company town" where virtually everyone works or is otherwise dependent on the Federal Government. In 1976, there were approximately 224,000 employees in the district who worked directly for the Government while another estimated 150,000 worked for industries servicing the Government. Only about 16,000 Washingtonians were employed in manufacturing. The Amendment to give what amounts to Statehood to the City of Washington would produce Representatives in the Congress to vote on matters contributing directly to its own wellbeing and could be in conflict with the interests of the Nation as a whole.

Already Federal funds going to the District of Columbia have made it the most affluent metropolitan area in the Nation. For its population the City has become the most extravagant. With two U.S. Senators and two Congressmen to plead the case for still more Federal spending, this situation would certainly expand.

IT IS HARDLY A MYSTERY WHY THIS AMENDMENT GOT THE VOTES of many Conservative Congressmen and Senators. It was about as political as anything could get. The City of Washington is approximately 75% black and those with a heavy black constituency in their State or District were well aware of this fact.

New CB Rules Available

Maybe there are times when you're listening to the radio that you long to take to the airwaves yourself. And maybe there are times when you are driving alone that you'd enjoy having a conversation with someone. Well, millions of people have discovered the way to do both with a CB radio. CB radios can bring a lot of pleasure. And, by allowing you to report emergencies, they can be an important safety aid.

Whether you are a new CBER or your "handle" is an old one, you should have a copy of the new Citizens Band Radio Service Rules published by the Federal Communications Commission. These rules are written in plain English, in a question and answer style. And the booklet has a lot more. It explains how to get a license and what you need to do to get on the air. It even has a CB problem checklist to help you decide how to make

OSHA Halted By Senate Action

Senate action prohibiting the Occupational Safety and Health Administration (OSHA) from spending funds before May, 1979, to enforce the cotton dust standards was halted today by national Cotton Council President Lon Mann.

Action came on passage of an amendment offered by Sen. Bennett Johnston (D-La.) to the Labor-HEW Appropriations bill.

"We are encouraged by passage of the amendment. The Council had applied for a stay of the standards pending judicial review, but was turned down by the Labor Department," Mann stated.

"If the amendment can be retained in the House-Senate conference on the bill, enforcement of the costly and highly inflationary standards will be delayed until the Congress has the opportunity to examine their impact and feasibility," Mann said.

Among co-sponsors of the amendment were Long (D-La.), Tower (R-Tex.), Bentsen (D-Tex.), Bumpers (D-Ark.), Hodges (D-Ark.), Eastland (D-Miss.), Bartlett (R-Okla.), Danforth (R-Mo.), Baker (R-Tenn.), Sasser (D-Tenn.), and Ford (D-Ky.).

repairs to your set. For you copy of the Citizens Band Radio Service Rules, send \$1.25 to the Consumer Information Center, Dept. 109F, Pueblo, Colorado 81009.

Once you've decided to take the plunge and get a CB, before you buy, ask yourself these questions about the radio and the accessories you plan to use:

•How will I use my CB? In my Home? In my car or boat? On the job?

•If my CB is a used set, should I get it tested before I use it?

•What kind of antenna do I need?

•Am I qualified to install the radio and antenna myself?

•What hazards should I be aware of?

•How do I know if my CB is working properly?

The Citizens Band Radio Service Rules book will help you answer these questions. You can also get answers by talking with CB dealers, looking through CB books and magazines, and from other CBERs.

If you are planning to install a CB transmitter at home (a base station), be careful. If either the transmitter or the antenna is not installed correctly, you may damage your transmitter or suffer a serious or possible fatal shock. Follow the manufacturer's instructions very carefully, or seek help from someone who is technically qualified to do the job.

Okay, you have your CB. Now how do you get on the air?

First, apply for a CB

license. The booklet tells you how, and includes a copy of the application form. It also includes a temporary license you can use while your license application is being processed.

And there is one major rule to remember. Channel 9 is to be used only for emergency communications or traveler assistance. So use any other channel you want for regular transmission. Just remember you are sharing.

For more information, get a copy of the Citizens Band Radio Service Rules (\$1.25). At the same time you will get a copy of the Consumer Information Catalog that lists more than 200 other free or low-cost federal publications of consumer interest. The free Catalog is published quarterly by the Consumer Information Center of the General Services Administration.

Fish Deadline Approaching

Texas pond and lake owners have until Nov. 1 to submit applications for bass, catfish or sunfish from the Texas Parks and Wildlife Department.

Largemouth bass fingerlings ordered by the deadline will be delivered in spring, 1979 and sunfish and catfish by August of that year, according to Hatchery Coordinator Bill Rutledge.

Bass are priced at \$2 per surface acre, catfish \$4 and sunfish \$5. Fish are stocked at 50 per acre.

The fish will be delivered to 37 locations across the state, and purchasers must pick up their fish at these points. For an application form write to hatchery Coordinator, Texas Parks and Wildlife Department, 4200 Smith School Road, Austin, TX 78744.

For pond owners who want to stock larger than fingerling-sized fish, or for those who don't wish to wait so long for delivery, the department will provide a list of licensed commercial fish dealers.

Old Recipes Available From TP&W

Old-fashioned recipes from the kitchen of a German-American farmstead are a joy to read as well as mouth-watering. The Texas Parks and Wildlife Department now has a collection of them in booklet form available from Lyndon B. Johnson State Historical Park.

The Sauer-Beckmann farm within the park is a "living history" exhibit, where park employees demonstrate the lifestyle of a typical German-American family of 1915-18. They carry out such chores as sausage making, milking, churning, gardening, lye-soap making, and cooking on a wood stove.

The booklet evolved from the interest shown by visitors in the cooking and canning demonstrations. Some of the 22 recipes included are adapted from a 1975 edition and a reprint of the 1916 edition of the Fredericksburg Home Kitchen Cook Book, published by the Fredericksburg Parent-Teacher Associations.

A copy of the illustrated P&WD booklet, "Selected Recipes," may be obtained for 25 cents from LBJ State Historical Park, Box 201, Stonewall, Texas 78671.

HOW TO HELP YOUR CHILD WITH HOMEWORK

Homework helps children learn.

It lets your child go over today's lessons—and get ready for tomorrow's. At home, your child can concentrate on the things that need to be studied.

Most teachers agree that you—the parent—should do little of the actual work because the way you learned to do things may be different from the way your child is being taught.

Here's how you can help: locate or suggest books, pamphlets and magazine articles for research. Help select topics to write about.

And most important of all, assure your child that homework is important.

If you don't agree with the kind—or amount—of homework, discuss your feelings with the teacher, principal or guidance counselor.

Teachers care about kids. Help them. Get involved in your school.

CMS Holds Meeting

The Christian Missionary Society met Monday evening, October 3, with Madalin Hunt as hostess.

A business meeting was conducted in which many items were discussed and passed upon.

Helen Mabel Fouts gave the devotion which she titled "Pray Ye". She stressed the fact that Jesus often went off alone to pray, and that we also often need to be alone when we talk to God.

Merilan Sue Holt taught the first lesson from our study course "What Happens When Women Pray" by Evelyn Christenson. She told of many times that the author tells of great things happening for the Lord when a group of women got together and prayed.

The meeting closed with all holding hands and offering prayer.

The hostess served refreshments.

Plastic food has come one step closer with the successful marketing of a new human food protein called "Torutein." This latest step away from natural protein is a derivative of petroleum grown as a yeast from a culture of ethyl alcohol. Most of the buyers will be food processors trying to enhance the flavor of simulated foods now on the market and running into consumer resistance because of taste. Another major market will be bakery products where the oily invader has the extra advantage of a nutritive complement in addition to protein (its only high amino acid, lysine, is desirable in most bakery products). If nothing else, the time and money which went into the research and marketing of an oil-derived protein should illustrate to everyone the critical importance of research to develop and enhance all food-protein sources.

Steeped in tradition, deeply imbedded in Haskell County History, and with a vested interest in the future, on November 13th, 1890, "The Haskell National Bank" put down tentative roots that would grow and multiply many times, until "The Old Reliable" burst forth in full bloom to the present spacious, modern, beautiful, and functional edifice.

Five men with extra visionary powers, applied to the Comptroller of Currency for an Organizational Certificate to establish a bank in Haskell, Texas. Those five men who signed this petition were: M.S. Pierson, Arthur C. Foster, H.G. McConnell, W.E. Johnson, and S.H. Johnson. The bank was started with \$50,000 in Capital Stock, divided into 500 shares of \$100 each. In the very first Stockholders Meeting of the bank, on January 13, 1891, M.S. Pierson was selected as the first President, and a Director. Other Directors were: J.L. Jones, A.C. Foster, S.H. Johnson, W.E. Johnson, H.G. McConnell, and R.B. Miller. Mr. Foster and Miller were requested to supervise the building of a banking facility for the fledgling financial institution. Lee Pierson was elected Asst. Cashier, with the handsome salary of forty dollars per month. First Report of Condition was published June 3, 1891, (in the Haskell Free Press), showing a sound foundation had been built for the infant bank. Loans of \$44,384.62 were reported, along with Banking House—\$5,619.37, Cash-in-Vault \$2,207.61, Current Expenses \$1,258.30—Total Assets: \$86,614.32. Net Earnings were listed as \$1,709.85.

A perusal of the Minute Book, dated from the original organization of the bank, states at the Stockholders Meeting on May 18, 1893, cash was \$4,863.78, and Directors "found that all accounts were correctly kept and that the bank was in sound and solvent condition". Some new Directors names appeared on the Ledger: W.B. Anthony, Lee Pierson, J.F. Pierson, P.D. Sanders, and N.S. Walton.

By January, 1896, profits had soared to \$3,059.81, and the salary of Cashier J.L. Jones was increased to the astronomical sum of \$100.00 per month. However, at the Directors Meeting August 3, 1896, a little bit of a downward trend can be detected: "Owing to dull times, and the business of the bank being so light, the Cashier, J.L. Jones requested that his salary be lowered from \$100.00 to \$85.00 per month, and Asst. Cashier, Lee Pierson requested that his salary be lowered from \$65.00 to \$60.00 per month".

The Minute Book shows that things appeared to be accelerating a bit by July 1898, as it was noted that the FIRST DIVIDEND to Shareholders was paid, based on 5% of Capital Stock. \$2,500.00 was divided among them according to their equity.

The Haskell National Bank entered the Twentieth Century on an upward spiral, as recorded from Directors Meeting, February 5, 1900. Loans had reached \$94,411.34, (interest rates were 10%), and a new employee, Sam Pierson was added, to assist in keeping the books at a salary of \$25.00 per month.

In 1901, G.R. Couch became a Director, and Cashier, at a salary of \$100.00 per month. He later became acting Chief Executive Officer, and served in that capacity until 1922. By 1902, Individual Deposits had reached \$104,575.03, and Capital Stock was increased from \$50,000 to \$60,000, and The Haskell National Bank continued its upward trend. As an example of how things change, but still remain the same, all through the records runs the theme "great problems with people abusing the privilege of over drawing their accounts"—and some loans not "any too well secured, mainly because of depreciation of collateral".

August 1907, the Directors decided to purchase a new Safe, and to acquire Burglar Insurance, to have a leak in the roof repaired, again, and decided to "raise rents upstairs of the bank building to \$5.00 per month, except Dr. Smith's"—it was to be \$7.50 per month.

At the death of President, M.S. Pierson in 1909, his wife, Maggie Pierson was elevated to the position of President, and also became a Director. She held this position from 1909 to 1947—a total of thirty eight years.

The bank continued to grow, and increasingly became a vital influence on the financial structure of this area. It can be noted all through the bank's history, that it was among the first to donate funds for the betterment of the community, or to help any worthy cause. One little historical footnote to an era passed, might be garnered from a directive issued in 1910—stating that the Directors "had ordered that two wooden closets be erected on the alley behind the bank building, and connected with the sewer." Also noted that the "bookkeeper be required to get balances on books by noon each day."

Moving on to more recent History—The Haskell National Bank, along with all the other banks over the nation, during the Great Depression of the late 1920's and early 1930's—fell on hard times. It was a desperate struggle just to keep the

doors open. In 1933, President Franklin D. Roosevelt ordered all banks closed for what was known as the "Bank Holiday". An intensive reorganization of the whole banking system was undertaken, and when they were allowed to re-open, many, many more rules and regulations had been instigated—mainly for the protection of the customers. (One such customer aid was insurance coverage by the Federal Deposit Insurance Corporation-FDIC). It also became much harder to get a Charter to establish a bank, requiring more capital structure. The Haskell National Bank was re-organized in 1933-1934, with O.E. Patterson becoming Vice-President.

R.W. HERREN
CHAIRMAN OF BOARD

R.W. (Bob) Herren began his association with Haskell National Bank when he became a Stockholder in 1947, and was elected to the Board of Directors in 1954, becoming Chairman in January of 1972, and has served in that capacity since.

Bob was born, raised, and educated in Haskell, being the grandson, and son, of early day county pioneers. He was reared on the Herren Ranch, and has remained active in varied farming and ranching activities throughout the years. He was also in the cotton ginning business here for twenty-five years, operating the Harrison-Herren Gin. He served as Haskell County Chairman of Office of Price Administration during World War II.

Bob has achieved outstanding recognition among the various National and State Banking organizations. He has attended work conferences and seminars around the nation, serving on both the Agricultural and Investment Commissions of I.B.A.A., and is a charter member of Independent Bankers of Texas (I.B.A.T.).

He is married to the former Anita Collier. They have three daughters—Bobbie Ann Corzine of Fort Worth, Betty Jo Howard of Tulsa, Oklahoma, and Jan Gannaway of El Paso, and seven grandchildren.

R.C. COUCH, JR.
DIRECTOR & SENIOR TRUST OFFICER

R.C. Couch, Jr. became a Director of Haskell National Bank in January 1967, and is presently Vice-Chairman of Board, and Senior Trust Officer of Haskell National Bank. He helps people with Estate planning and taxes, and with farm and ranch management services. R.C. and R.W. Herren purchased controlling interest of Haskell National Bank in 1971, and since that time the assets have risen from ten million to more than twenty seven million in January, 1978.

R.C. is the only son of the late Mr. & Mrs. R.C. Couch, Sr.—Haskell County pioneers in banking, farming, and ranching. He is a Haskell High School graduate, and also Texas A&M graduate of 1941, with a commission as a 2nd Lt. in the U.S. Army. He served with distinction in European theater of Operations in World War II, participating in D-Day landing in Normandy area on June 6, 1944. He served actively with A.U.S. and U.S.A.R. until retirement as a Colonel in 1969.

He was associated with Haskell County A.S.C.S. for 22 years prior to beginning his banking career. He is married to the former Jerrene Verner of Rule. They have two children, Jerre Sue Moore, and Riley III, and two grandchildren.

ABE TURNER
DIRECTOR & PRESIDENT

Abe Turner came to Haskell National Bank in February, 1958, as a teller. He has worked there continuously, since that time, with the exception of six months with Texas Bank & Trust-Sweetwater, in 1967. He returned to Haskell National Bank, and on September 1, 1969, became President, and a Director.

Abe is the son of the late Mr. and Mrs. A.M. Turner, Sr. The late Mr. Turner served as President of Farmers and Merchants National Bank in Haskell for many years, and became a Director of H.N.B. after the two banks merged in 1947.

A graduate of H.H.S. and Texas Tech University. Abe served with a U.S. Army Guided Missile Unit in Seattle, Washington, and in El Paso, Texas. His military duties, over-he returned to Haskell, and helped with his father's farming operation, before moving to Canyon, Texas. There, he married the former Ruby Mann of Clarendon, Texas. They have three children—Mike of Lubbock, and Sharon and April, both students in Haskell High School.

Abe is a staunch supporter of Haskell County, and is much involved in all Civic affairs, and Community development programs. He was awarded the Silver Beaver in 1973—for the fine and continuous support of the Boy Scouts program.

ROYCE L. WILLIAMS
DIRECTOR & SENIOR VICE PRESIDENT

Royce L. Williams came to Haskell National Bank as Vice President in January, 1971, and was elected to the Board of Directors in May of that year. He was promoted to Sr. Vice-President in January, 1973—and is in charge of the Agri-Loan Dept. Prior to beginning his service with Haskell National Bank, he was employed with Rolling Plains Production Credit Association for a period of 22 years, as a loan officer. He was President of Central Texas P.C.A. at the time he came to Haskell National Bank.

He was graduated from Stamford High School, and was caught up in World War II, shortly thereafter. Royce served with Hdq. 8th Army and spent much time in Tokyo, Japan.

His wife, Bobbie, is employed by Texas Dept. of Public Welfare Medical Assistance Unit, as R.N. Consultant.

They have one son—Paul—a Sophomore in Haskell High School.

Royce has been involved in all Civic affairs in Haskell—having served as President of the Chamber of Commerce, and is presently Major of the City of Haskell, spending much time alleviating some of the distress caused by the recent disastrous flood in Haskell County.

JOHN S. RIKE, III
DIRECTOR & VICE PRESIDENT

John S. Rike, III began his employment with Haskell National Bank in October, 1975, as Vice President and Security Officer. He became a Director in January, 1976. John Sam is a Haskell High School graduate, and also of Texas Tech University, with a degree in finance. While at Tech, he participated in R.O.T.C. program, and was commissioned a Lt. upon graduation. He served with the U.S. Army Artillery from 1964-1966, beginning with an assignment to Fort Sill, Oklahoma—then on to Korea, ending his Tour of Duty with the military at Fort Hood, Texas.

Prior to working at Haskell National Bank, John was employed two years at First National Bank in Marshall, Texas. Following that, he became a national Bank Examiner for U.S. Comptroller of Currency for five and one half years, residing in Lubbock, Texas during that time. He then became Vice President of First National Bank of Brownwood for two years, before returning to Haskell, and Haskell National Bank.

He is the son of Mrs. John S. Rike of Haskell, and the late Mr. Rike. He is still associated with his mother in farming and ranching operations. John is married to the former Mary Metcalf of Elysian Fields, Texas and they have two sons, Fred and James—both Elementary School students in Haskell.

ROYCE ADKINS
DIRECTOR & BANK ATTORNEY

Royce Adkins began his illustrious association with the Haskell National Bank in 1955, as the Bank's attorney in cooperation with the late Tom Davis, and became sole attorney in 1964. He became a Director of H.N.B. in April of 1971, and has remained in that capacity, and also as Attorney.

Royce is the son of Mrs. Opal Adkins, and the late Bon Adkins, long time Haskell merchants. He was born in Haskell, graduated from Haskell High School, studied Pre-Law at Texas A&M University, then graduated from University of Texas Law School in 1949. He returned to Haskell, and opened a private practice, then soon became City Attorney too. He was elected Haskell County Attorney in 1951-1952, and then became District Attorney of the 39th Judicial District—an office he held from 1953 through 1976. He is presently Senior partner of the Law Firm of Adkins and Chapman, and has a beautiful suite of offices located at 410 North First in Haskell.

Royce is a veteran of World War II—having served with U.S. Coast Guard in the South Pacific area. He has also served as President of County and District Attorneys Association of State of Texas.

He is married to the former Jimmie Lou Free, and they have two daughters, Bonnie of Lubbock, and Jill a student at the University of Texas.

and acting Chief Executive Officer. He came to the bank, originally, about 1921, and remained until 1946. New Directors names began to appear along in this period: Hardy Grissom, G.W. Waldrop, J.U. Fields, A.C. Pierson, J.W. Gholson, L.F. Taylor, and Ruth Cunningham. (In the present day of "Women's Lib", it is interesting to note that Haskell National Bank had a woman President and Director as early as 1909, and the second woman Director in the 1930's and Bobbie Herren Corzine is presently on the Board of Directors). Also, in 1923, a young girl whose name has become synonymous with Haskell National Bank, began a

long career that was to last until her retirement in December of 1969—a span of forty six years. Nettie McCollum served twenty five of those years as an officer, being the first woman to attain that rank as an employee. Nettie still resides in Haskell, and is very active in church, civic, and social affairs, and her employment length of time still stands as a record at Haskell National Bank. One of the first steps in the reorganization was a slight name change, that had to be done through the Regulatory Authorities—"The Haskell National Bank" became just "Haskell National Bank"—as it has remained since. It was a hard re-building process, but "The Old Reliable" hung on, and began to make steady progress—emerging into the "forties" with an encouraging increase in Assets. The biggest leap forward, during this period, came in July of 1947. At a called Stockholders Meeting on July 5, all agreed to the purchase of the Assets of Farmers and Merchants Bank of Haskell. The majority stockholders in that bank were A.M. Turner, Sr., (who was President), and T.C. Cahill. The purchase price was \$1,641,395.08. Directors at the time of the consolidation of the two banks were: A.C. Pierson, (also President), Oliver Cunningham, J.W. Gholson, G.W. Waldrop, William H. Wilson, Jr., Dr. L.F. Taylor, A.M. Turner, Sr. became a Director at that time, also. July 8, 1947 assets were listed as \$3,715,961.55.

The "fifties" brought another drouth, and another recession, but "The Old Reliable", like "Ole Man River" just kept rolling along. Several more employees were added to the staff, and newer models of machines were beginning to replace all the older, slower models. New concepts were beginning to be introduced, along with better and safer banking practices in the actual processing of items—such as the proof machine, the automatic filing machine, copiers, improved posting machines, and printed checks. It soon became apparent that much more working, filing, and storage space was needed, along with a more attractive and modern facility for the benefit of customers. The original sandstone building on the corner of Avenue E and North First, had served its purpose well, and proudly, but the time had come to expand. A Building site was purchased one block west of the original location, and the new building program began in July, 1958, lasting eight months, at a cost in excess of \$160,000.00. It was all completed and ready for occupancy, when a gala "Grand Opening" party was held on March 19, 1959. The new steel, concrete, and brick structure was 60 x

130 feet, containing upstairs storage rooms and Directors Room. Downstairs area included Night Deposit vault, spacious lobby where offices and tellers' area were located, large bookkeeping area, kitchen, vaults, and Community Room back of teller area. There was also a Drive In Window, which was a first in this immediate area. The staff had increased to eleven, and more new, and improved, machines were added. Assets at that time had reached \$5,341,027.77. Directors were: A.C. Pierson, G.W. Waldrop, Oliver Cunningham, W.R. Johnson, William H. Wilson, Jr., Buford Cox, R.W. Herren, Fred Monke, and A.M. Turner, Sr. Charles Swinson was Cashier, then.

The late "sixties" and early "seventies" ushered in a whole new life style for much of the nation and the world. An era of protest, social upheaval, racial strife, "generation gaps", and the COMPUTER. The banking industry was no exception—the Electronic Age burst forth, with all industry attendant by products, and everyone was learning that computers would become a part of their life. During this period, in 1971, R.W. Herren and R.C. Couch, Jr., purchased controlling interest in the bank. W.R. Johnson replaced A.C. Pierson as President from September 1967 to September 1969, before Abe Turner became President. Assets at the time of the purchase were in excess of five million. The decision had to be made whether to remain a "good ole Country bank", or go with the future. Haskell National Bank decided on the later. The new management determined that its customers, and all the people of this area, demanded, and deserved the best. They made their commitment to the future by launching the most extensive expansion program in the bank's long history, at a cost in excess of four hundred and fifty thousand dollars. In addition to the complete remodeling of the original structure—forty feet of additional floor space was added the entire length of the west side of the building, (including upstairs space of half that area), plus three Drive-In lanes, and Night Depository, at the rear of the building. The latest, and safest, equipment available for every department installed, and highly qualified people trained to operate it. Employees now number twenty six, and Assets exceeded twenty seven million in January of this year. All the people connected with Haskell National Bank, hope everyone will attend their "Grand Opening", Sunday, Oct. 15, from 3-6 p.m. to see, and judge for yourself, the great things, "The Old Reliable" has in store for your present and future banking needs.

RILEY C. COUCH, III
DIRECTOR

Riley C. Couch, III became a Director of Haskell National Bank in January of 1975, and could be classified as a second generation Director. Riley is the son of Mr. and Mrs. R.C. Couch, Jr. of Haskell, and is carrying on the tradition of banking started by his grandfather and father.

Riley was born and raised in Haskell and is a Haskell High School graduate. Upon completion of High School, he entered Texas A&M University, and graduated with a Degree in Business and Finance. He also did some Post Graduate work at Texas Tech University, before becoming associated with North Park National Bank in Dallas, as a Credit Manager. He later transferred to Capital Bank of Dallas, as a Loan Officer. For the past three years, he has been a Vice President with the Bank of Dallas, where he is in a supervisory capacity with the commercial loans.

He makes a trip to Haskell, every month to attend the monthly Directors' meetings, and to keep abreast of all activities of Haskell National Bank.

Riley and his wife, Linda, reside at 9622 Ferndale, Dallas.

BOBBIE HERREN CORZINE
DIRECTOR

Bobbie Herren Corzine is also a second generation Director of Haskell National Bank. She is the daughter of Mr. and Mrs. R.W. Herren of Haskell, and became the first female Director, since Mrs. Ruth Cunningham resigned in 1946, and has added a new dimension to the management of the bank's functions.

Bobbie Ann was born and raised in Haskell. She was an honor graduate of Haskell High School, and attended the University of Colorado, at Boulder, for two years, then transferred to Hardin-Simmons University at Abilene, and later attended Texas Christian University in Fort Worth, studying Financial Management. She worked for a time with North American Rocketdyne Division, and Standard Oil Company of Texas before beginning her banking career with Lubbock National Bank in Lubbock. Bobbie has been with Texas American Bancshares, Inc. (formerly Fort Worth National Bank) since 1961, and is Executive Secretary to the Chairman and Chief Executive Officer.

Bobbie Ann is married to Edward Corzine, also from Haskell, and they reside at 3825 Glenwood Drive, Fort Worth.

They have two children, son, Ed, Jr. and daughter, Amy. Bobbie makes the drive to Haskell for the monthly Directors' Meetings.

PAULINE COUCH
ASSISTANT CASHIER

Pauline Couch began her long career with Haskell National Bank on October 3, 1949, progressing from bookkeeping department through the many other departments of the bank. She became an Asst. Vice in January of 1959, then Asst. Vice President in January of 1975 with additional duties and title of Cashier also in 1976. She is mainly in charge of savings-issuing and maintaining the Certificates of Deposit, and preparing the many reports that must be filed with the proper authorities, continually.

Pauline is the daughter of the late Mr. and Mrs. Will Hines, early day pioneers of Rule. She was graduated from Rule High School, attended McMurry College in Abilene, and began her banking career with Farmers National Bank of Rule.

In her continuing process of becoming better qualified for her job, she has taken many American Institute of Banking courses, and has earned the Standard Certificate.

She is married to Raymond Couch, and is the mother of two daughters, Pamela Norton of Glendale, Arizona, and Andrea Whorton of San Saba, Texas, and has four grandchildren.

CAROLYN EVERETT
ASSISTANT VICE PRESIDENT

Carolyn Everett began work at Haskell National Bank in August of 1956, starting in bookkeeping, and working her way through the various jobs on the way to becoming an Asst. Vice President. She is primarily concerned with supervising personnel in bookkeeping department—seeing that machines and employees keep the work load moving. She is also a Trust Dept. officer, and spends many hours keeping those transactions in order, as well as assisting customers with I.R.A. and Keogh accounts, and direct deposits for Social Security checks.

Carolyn is the daughter of the late Mr. and Mrs. Elmer Turner, and was born in Rule. She attended grade school there before moving with her family to Haskell. She was graduated from Haskell High School, and attended H.S.U. in Abilene, and has completed work for a Standard Certificate from American Institute of Banking.

She is married to Buck Everett, and they have two sons, Tim of Haskell, and Keith of Weatherford, Oklahoma, and one grandson.

BETTIE WAINSCOTT
ASSISTANT CASHIER

Bettie Wainscott has had seven-teen years experience with Haskell National Bank, working in all departments. She became Assistant Cashier in May, 1975. Her present duties include posting the General Ledger, helping in Savings Department, keeping the Payroll records and reports, and is in charge of cash vault.

Bettie is the daughter of Mr. and Mrs. L.E. Hines, formerly of Hamlin, and now residing in Haskell. She was graduated from Hamlin High School, and has taken several A.I.B. banking courses. She and her husband, Wayne Wainscott moved to Haskell from Hamlin about twenty-seven years ago, and have made their home here, since. They have two children, Susan Pope of Haskell, and Danny of Tulia, Texas and one grandchild.

Before starting her career with the Haskell National Bank, Bettie was employed by Haskell County Abstract Company in 1951 and later that year worked for Horace O'Neal in the County Clerks office.

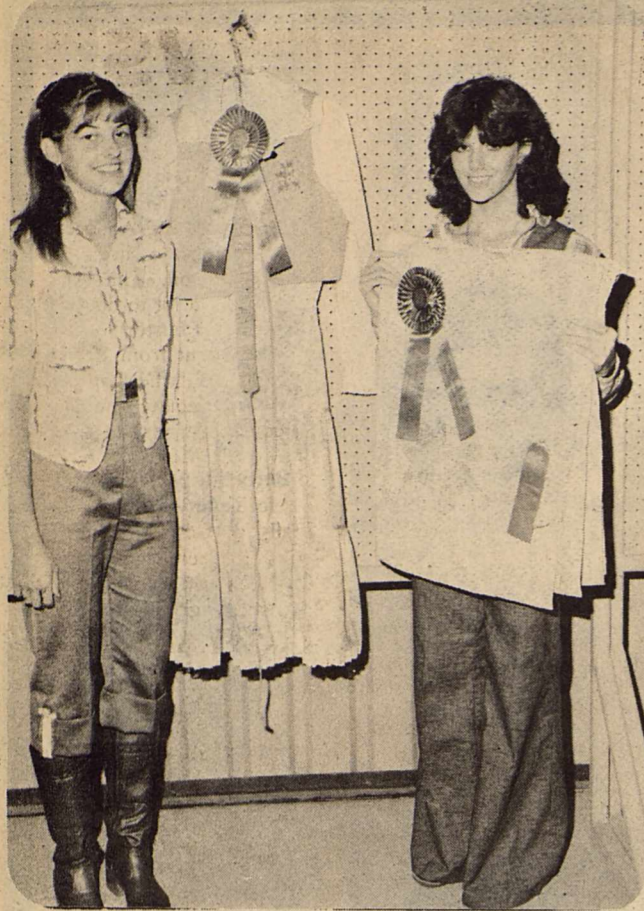

SAM HUGH SMITH
AUDITOR

Sam Hugh Smith is Haskell National Bank's newest officer, as of September 1, 1978. He became the bank's full time Auditor. Haskell National Bank has now surpassed the twenty five million mark, and must have a full time auditor. Sam began work with H.N.B. in November 1976, in the bookkeeping department, after a career with the U.S. Air Force, where he resigned as a Major. He then worked for several years as a Safety Engineer for Lockheed Air Craft Corporation.

Sam was born in Haskell—the son of Mr. and Mrs. Clay Smith, and graduated from Haskell High School, and West Point Military Academy, where he received his Commission as an Air Force Officer.

He is married to the former Charlotte Frost of Weinert, and they have two children, a son, Clay of Marietta, Georgia, and a daughter, Samee Ellerbee of Thomaston, Georgia.

GENA FISCHER (L) of Paint Creek was presented a gift certificate from Iva Lee's for the Best of Show in the Youth Clothing Division. Diane Conrad (R) of Rule had the Reserve Best of Show.

Jaycee & Jaycee-ettes Happenings

Eight Jaycees and Jaycee-ettes attended the Region I B Convention in Lubbock Oct. 7 & 8. Those attending were: Charles Thornhill, Bud Howeth, Mike St. John, Jake Dusak, Jr., Eddie and Cindy Hester, and Charles and Laura Andress.

Haskell County Jaycees & Jaycee-ettes make your plans now to attend the Region I-C Convention in Abilene October 21 and 22. We are in good shape to go and win ALL the Awards!

The Jaycee-Jaycee-ette Halloween Carnival is really shaping up. It will be held at the Corral Building Tuesday night-October 31. We need much more help on this. For work assignments see Earl or Cora Proctor, Chairmen of the project.

We will begin our work on the city park very shortly, in order to get it back in shape after all the flood damage in August. Mike Potet and Allen Moeller are chairmen of

these projects.

The Christmas Light project is so very near completion as far as funding but we have much work to be done before the lights are turned on November 24th.

The first course in Jaycee development has been completed, with 11 Jaycees & Jaycee-ettes completing "Personal Dynamics". Those completing the course were Jake Dusak, Jr., Charles Thornhill, Gwynn and Carla Bulter, Eddie and Cindy Hester, Ronnie Reynolds, Doris and Gene Butler, Thurman Howeth, Jr. and Chairman Mike St. John. The next course beginning Tues. Oct. 17 will be "Leadership Dynamics". Please contact Eddie Hester to take this course. It will run 4 nights (2 hours, 2 nights a week for 2 weeks) and is a great training tool for Jaycee and Jaycee-ettes.

Jaycees & Jaycee-ettes-We need you-for help on projects, participation at meetings, for your influence in the course our club is to take in the future days, months and years. Come and get involved.

Young men and women of Haskell County, we need you to join the Haskell County Jaycees & Jaycee-ettes to become involved in what goes on in our communities, to take an active part, and learn for yourself to go and grow as leaders of Haskell County through knowledge and experience gained through your involvement.

The Haskell Jaycees meet each Thursday night at 8 p.m. at Haskell City Hall. The Jaycee-ettes meet every other Tuesday night in the home of a Jaycee-ette member. Won't you come today and get involved in the greatest organization for young men and women in the world?

Whew!

We consultants would rather say we're people who know a lot about how to solve your phone system problems so you make more money.

So, you'll find us in offices, plants and stores. Analyzing phone bills and equipment needs and . . .

Looking for ways to help our business customers do their business better.

For example: How much do you lose if your phones are busy and a prospect hangs

up? Or if you can't answer letters fast enough because you can't find a typist?

If these have a sadly familiar ring (or remind you of other problems) . . .

You need us!

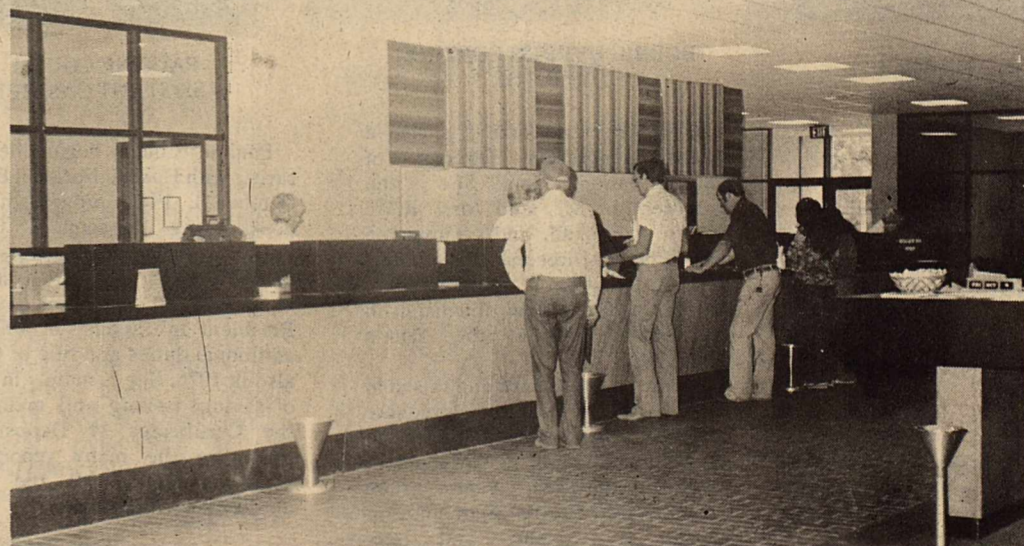

Even if you think your system is pretty good right now, we bet we can make it even better.

There's no additional charge for our help, by the way. And it's very easy to get. Simply call our business office.

TEXAS UNITES BEHIND KRUEGER—U.S. Congressman waves to an enthusiastic crowd greeting him at the State Democratic Convention in Ft. Worth. Krueger, who will face long-time incumbent John Tower in the November 7th General Election, has gained increased momentum in the last several months in his bid for the U.S. Senate. Considered by many to be a darkhorse in the race, the New Braunfels Democrat is exhibiting substantial strength in recent statewide polls that show both candidates with 41% of the vote.

Finnell Supports Increased Penalties For Arson

State Representative Charles Finnell, in Austin on Tuesday, October 3, for a meeting of the Fire Prevention and Fire Control Subcommittee of the House Committee on Business and Industry, said that he would support increased penalties for arson during the next legislative session.

Finnell said that the testimony of State Fire Marshall Ernest A. Emerson before the subcommittee reinforced his (Finnell's) belief that arson is on the increase, and that the penalty for arson is too weak to act as a real deterrent to the crime.

Emerson told the subcommittee members that arson is epidemic throughout the country, and that the "Texas record is not good" in dealing with the problem.

Indicating that arson control is basically a law enforcement problem, Finnell said that the costs of arson to a community go far beyond what the insurance company has to pay: "The community suffers from

increased insurance premiums, loss of jobs, and loss of income to merchants in addition to a loss to the tax base."

The cost in death and suffering is staggering, Finnell said, and pointed to the testimony of Charles Lohr of the Texas Advisory Council on Arson. Lohr told the subcommittee members that arson is the "costliest act of violence except war, causing 1,000 deaths and 10,000 injuries in 1975 alone."

"The purpose of the subcommittee sessions is to gather information from fire specialists throughout the state so that the Business and Industry Committee can report to the House and suggest changes in both the law and the State Fire Marshall's Office that will help us prevent arsonists from having a pretty free run at destroying so much of our property in Texas," Finnell said.

American Ag News

BY BETTYE McBROOM

The Future of the Dollar May Be Down on the Farm. The following is an advertisement which appeared in The WASHINGTON POST on Sunday, February 19, 1978, and it is being used by written permission from the Massey-Ferguson Inc. In the interest of better understanding about the American farmer and his impact on our lives and our economic future, as individuals and as a nation, this message is brought to you by Massey-Ferguson Inc.

The American dollar has been under tremendous pressure for some time, and recently has been losing ground to strong foreign currencies at an alarming rate.

The reason, of course, is simple: a ever-increasing balance of payments deficit, which can be blamed on an ever-increasing need for oil. There are only two ways to ease the problem - either reduce imports, which we

probably can't, or increase exports, which we absolutely must.

And that's where the farm comes in.

FACT: In 1976, \$23 billion in farm products was exported against agricultural imports of \$10.5 billion. So agriculture contributed a surplus of over \$12 billion to our balance of trade. In the early 1950's, the U.S. exported less than 5 percent of our feed grains, and now we're exporting 20 to 25 percent. In fact, the U.S. ships about half of the world's grain exports.

FACT: We are the world's largest users of petroleum, and we're running out of it. We are also the world's largest producer of food, and the rest of the world is running short. We have to find better ways to market what we have, to pay for what we need, and get a fair price for it in the process.

FACT: In 1978, U.S. expenditures will amount to \$23.5

million to promote a hoped-for \$24 billion in farm exports. That's only one tenth of one percent. Australia, on the other hand, will invest about \$50 million - twice as much as the U.S. - to sell one-fifth as much as we do.

FACT: Farm income rose 50 percent from 1972 to 1977, but production expenses rose 65 percent during the same period. So, despite world markets for our farm products being at an all-time high, the farmer-producer is experiencing great difficulty realizing a profit on his production.

FACT: No business, including a family farm, can continue to produce and sell at a loss, or at best a break-even point. And a continued high rate of investment in such a business cannot be expected.

If the farmer is to continue to invest in higher productivity to assure our domestic food supply and alleviate our all-important balance of trade situation, ways must be found

to give the farmer a reasonable return on his risk capital and his considerable labor. Otherwise, the American dollar will drown in a river of imported oil. The American farmer has a lot to do with your bread and butter.

Comment from Bettye: We people in American Agriculture appreciate the fact that Massey-Ferguson is helping to get the plight of the American farmer and rancher before the consumers, especially in Washington, D.C. We thank them for the time, effort, and money spent in helping agriculture.

The city with the highest population is Shanghai, China with nearly 11 million inhabitants.

Nay, Dickens Co., Precinct 3, Place 1.

Sagerton Community News

Autumn is showing its face once again, and everyone is welcoming the cool, brisk weather we have been having lately. The farmers are all in the fields sowing grain and their wives are right beside them helping out. The kids are back in school and things are finally slowing down a bit.

We did receive a couple of rain showers this past week but only a trace could be recorded. Not too many were upset over our lack of rainfall.

School is in full force, but this week wasn't as busy as a normal week. The football team had a week off before preparing to open district against tough Windthorst next week. So that meant several of our boys had a chance to catch their breath. Carl Stegemoeller, Mark Thane, Mike Hertel, Wayne Stremmel, and Angel Macias are all members of the Bobcat football team.

Helping to cheer them on are cheerleaders Mary Macias, Rene Toney, and Karla Kupatt, all from Sagerton. Kris Kupatt and Debra Soto are also out front at the games. They are twirlers.

The L.O.C. Home Demon-

stration Club met last week in the home of Mrs. Janet Thene. Joyce LeFevre opened the meeting with a reading of "The Twelve Days of Harvesting". The reading was a humorous look at the role of the farm wife and her expected duties that often go unnoticed. After the opening, Agent Joanne James presented a program on carpeting. She showed some samples and pointed out which carpet would be best in what part of the house.

The American Lutheran Church Women held their monthly meeting on the 5th in the Parish Hall of Faith Lutheran Church. Chairman, Lillian Neinast opened the meeting by reading 1st Corinthians 1-10. The ladies then elected officers for the new year. Mrs. Alvin Bredthauer was elected Chairman; Mrs. Leonard Kieke, Vice President; Miss Lillian Neinast, Secretary; Mrs. Arthur Knippling, Secretary of Education; Mrs. Herbert Nierdick, Secretary of Stewardship; and Mrs. August Balzer, Treasurer.

Refreshments were served to the Pastor and the ladies by Mrs. Louise Stegemoeller.

The ALCW is very active and welcomes any new members.

The Altar Guild of Faith Lutheran met in the Parish Hall on the 3rd and with 8 members present. Chairman Ella Druesedow called the meeting to order and gave the lesson. The group plans to elect new officers on the first Tuesday in November.

The American Lutheran Church Men recently elected officers for the new year. Charles Diers is the new president of the group and Steven Lehmann is secretary-treasurer.

Mr. and Mrs. Arthur Knippling took Miss Heidrun Nobbe of the Federal Republic of Germany (West Germany) to Brenham last week. Miss Nobbe had been visiting relatives in the Sagerton area.

The J.B. Toney's were in College Station Saturday to watch the Texas A&M-Tech game. J.B. is an avid Texas Tech fan.

Mrs. Leon Stegemoeller, Mrs. Emma Raphael, and Clifford Stegemoeller were in Lubbock Saturday and were dinner guests in the Clayton Stegemoeller home. The ladies attended a pink and blue shower honoring Paula Stegemoeller, in the home of Mrs. L.H. Stevens of Lubbock.

Clyde Stegemoeller was home from Texas Tech University visiting his parents, Mr. and Mrs. Leon Stegemoeller.

Get well wishes are extended to Delbert LeFevre and Ernest Bredthauer who have recently undergone surgery. We wish them a speedy recovery.

Clarence Stegemoeller enjoyed Sunday dinner in the home of his son and family, Mr. and Mrs. Leon Stegemoeller of Moorewood Trail.

Velma Lou Hertel pulled a tick from her dog's ear on Tuesday last week. We wish it a speedy recovery.

Mr. and Mrs. Joe Clark had as Sunday dinner guests, Mr. and Mrs. Don Bivins, Coleman, Tom and Emmalee.

Guests in the home of Mr. and Mrs. Reece Clark, on Saturday night were Mr. and Mrs. Charles Clark, Mr. and Mrs. Don Bivins, Mr. and Mrs. Joe Clark, Mr. and Mrs.

Roy Weeks of Stamford, Mr. and Mrs. Antone Teichelmann, Mrs. John Clark, and Mrs. Leslie Cobb of Midland.

Mrs. Cobb has been here visiting Mrs. John Clark.

Weekend guests in the home of Mr. and Mrs. Cato Macias, Frances, and Mary were Mr. and Mrs. Raymond Ruiz and son Arthur of Austin, Mr. and Mrs. Miquel Ruiz of Sequin.

Mrs. Dolores Longoria and son, Ricky of Dallas, Mrs. Dora Torres and son Joey of Rule, and Mr. and Mrs. Cato Macias, Jr. and family. The guests were honoring Mrs. Cato Macias, Sr. on her 50th birthday.

President Kenneth Hertel called the quarterly meeting of Faith Lutheran Church to order on Sunday. The congregation agreed to order 125 copies of the new Lutheran Book of Worship. Anyone wishing to give a hymnal should see Marvin Vahlenkamp.

The congregation also decided to purchase a new storage building for the church and parsonage. It will be erected in the near future and will probably be placed somewhere near the parsonage.

Also, effective next year, Faith Lutheran will become a regular contributor to Texas Lutheran College in Sequin. Other items in the meeting were the election of Alvin Bredthauer as Vice President of the congregation, and Fred Kupatt as the new elder. Lyn

Dale Dudensing was chosen as delegate to the Lutheran general convention next spring. Herbert Nierdick will be his alternate.

Mr. and Mrs. Fred Baitz, and son Kacy visited with their sister and brother-in-law, Mr. and Mrs. Delvin Boyd of Kerrville in the home of Mr. and Mrs. Roy Letz of Rule, Saturday evening.

Mr. and Mrs. Joe Clark had several carefree weeks in their field this last week. Earlier Johnson grass had visited them. We sincerely hope the Weeds and the Grasses have a most unpleasant stay in our area.

Mr. and Mrs. Kenneth Hertel and Gail were Sunday dinner guests in the home of Mr. and Mrs. J.A. Hertel.

Left off as Sunday visitors in the home of Mr. and Mrs. Bill Hertel last week, were Mr. and Mrs. Jeff Yarbrough of Aspermont.

Anyone interested in taking tote, china and or oil painting classes should contact Mrs. J.A. Hertel. She reports that she has a teacher lined up to teach either day or night classes in the Sagerton Community Center.

Enjoying Sunday dinner with the Melvin Baitz's was their son Johnny. Any day would apply to the above situation cause I hate to cook!

Mr. and Mrs. Leon Stegemoeller had Clyde Stegemoeller for Sunday dinner. I bet fried chicken would have tasted a heck of a lot better!

Leisure Lodge News

The first Leisure Lodge Mini-fair was conducted Wednesday afternoon. Many of the residents and employees entered their hand-work, novelties, antiques, and baked goods and won various ribbons for their efforts.

White ribbon winners were: Alpha Dyches and Ivy Massie. Mrs. Laura Overton received the Golden Deeds Award for presenting a piano recital and singing each Friday afternoon.

All of the residents, employees, and guests enjoyed the activities and also the refreshments following, provided by the entered bake

goods. Mr. and Mrs. Rinehart, Mrs. C.E. Jackson, Mr. Bert Cox, and Mrs. Darrel Sorrels, all of Rule, visited with Mrs. Lummie Westmoreland, also visiting with her was Mrs. Ted Hines of Judd and Mr. and Mrs. Jake Edwards of Matador.

Mr. and Mrs. Harold Crist of Pampa visited with Mrs. Bessie Hokett, Dorothy Glover from Rochester visited with Mrs. Cecil Whitt, her mother, Marie Bartley of Haskell visited with Mrs. Bessie Piland.

Myrtle Russel's visitors were Mr. and Mrs. Horace Hatfield of Aolene, Mrs. Bertha Qualls of Knox City, and Ruth Dozier.

Mr. and Mrs. Bob Shaw of Abilene visited with their grandmother, Mrs. Mollie Jarred, Edgar and Velton Schmidt visited with their parents, Mr. and Mrs. Albert Schmidt. Also visiting them was Allene Carlton from Stamford.

Ollie Tibets of Haskell, Orie Ball, and Mrs. Darrel Sorrels, both of Rule, visited with Alpha Dyches. Visiting with Gussie Stone was Mattie Lou Baird from California.

All of the staff and residents would like to wish Mrs. Beulah Lackey a speedy recovery and get well Quick!

USDA Soil Conservation Service

Assisting

Haskell Soil and Water Conservation District

R.V. Earles, Chairman; W.L. Ballard, Vice-Chairman; F.A. Ulmer, Secretary-Treasurer; and M.W. Phemister, Member, directors from the Haskell Soil and Water Conservation District will be in Corpus Christi October 17-19 to attend the Thirty-Eighth Annual State Meeting of Texas Soil and Water Conservation District Directors.

Others attending from the Haskell SWCD are Mrs. Earles, Mrs. Ballard, Mrs. Ulmer, Mrs. Phemister, and J.C. Yeary, District Conservationist.

The theme of this year's meeting is "Strong Directors - Strong Districts". Approximately 800 are expected to attend.

The purpose of the meeting is to review developments effecting conservation programs and to plan future conservation district programs and activities.

Dignitaries to address the group include: Dr. Jarvis Miller, president, Texas A&M University; Lyle Bauer, president, National Association of Conservation Districts; John Hill, Attorney General of Texas and Congressman Jack Hightower.

Other speakers include Kenneth Kuykendall, president, Association of Texas Soil and Water Conservation Districts and Bill Clements, former Deputy Secretary of Defense and Chairman of the Board of Southern Drilling Company.

Bill Clayton, Speaker, Texas House of Representatives is also expected to participate in a portion of the meeting.

Prior to assuming the presidency of Texas A&M University, Dr. Miller served in Argentina and the Dominican Republic as part of Texas A&M's assistance contracts with the U.S. Agency for International Development. Later he became assistant

director of the Texas Agricultural Experiment Station, named associate director in 1971 and promoted to director in 1972.

Dr. Miller serves the Joint Research Committee of the Board for International Food and Agricultural Development. This committee advises the Agency for International Development on its agricultural and nutrition research programs and seeks more effective involvement of land grant universities in international agricultural development programs.

Bauer, of Harper, Kansas, is a wheat farmer and rancher engaged in a commercial feeding operation.

As president of NACD, Bauer speaks for a national organization of 3,000 conservation districts. The primary purpose of NACD is to promote the conservation, orderly development and judicious use of natural resources through the maximum use of local initiative, decision making and self-government.

Featured speaker at the Wednesday evening's banquet is Congressman Hightower. Congressman Hightower is currently serving on the Agricultural Committee and the Committee on Government Operations. In the Agricultural Committee he serves on the Subcommittee on Livestock and Grains, the Subcommittee on Cotton, and the Subcommittee on Department Operations, Investigations and Oversight.

The Association of Texas SWCDs will elect two state directors and alternates during area discussion sessions on Wednesday, October 18. The Association president and vice-president will be elected at the business session on Thursday.

RELEASING PHEASANTS...Local Warden Alton Chapman is shown releasing pheasants last week in Northern Haskell County on Lake Creek. A total of 400 birds were released in the experimental stocking project. The birds will be protected for several years and additional releases will be made attempting to start a huntable population. JP Hubert Bledsoe warns that persons found guilty of shooting or trapping the birds will be subject to a \$200.00 fine.

Burleson Receives Guardian Award From NFIB

Rep. Omar Burleson, (D), 17th Dist., Texas, has earned the "Guardian of Small Business Award" presented by the National Federation of Independent Business (NFIB).

Rep. Burleson qualified for the NFIB "Guardian" award by voting in favor of small business 92% of the time during the 95th Congress.

NFIB President Wilson S. Johnson, in conferring the award on Rep. Burleson noted:

"We initiated our rating system to give special recognition to those legislators who support small business and to make sure that small business owners know how their legislators represented them in Congress."

"NFIB and its more than 540,000 member firms nationwide regard a 70 percent or higher rating on key small business issues as worthy of the 'Guardian' award,"

Johnson said. "Too many legislators go back home claiming to support small business simply because they voted for an appropriations bill for the Small Business Administration (SBA). We feel our membership deserves to know how their Congressman voted on each of the issues which are of direct importance to small business."

"I hope that all citizens interested in preserving small business will take note of Rep. Burleson's voting record and realize they have someone in Washington who is aware of the problems facing small business," Johnson said. "The small and independent business person can't survive today without this type of fair representation."

NFIB, the nation's largest small business organization, is nonprofit and nonpartisan.

10 YARD COMPLETION...Indian Quarterback Mark Wallace connected with Joseph Browning midway in the final period with this ten yard toss. The pass moved the ball to the 18 yard line. Seven plays later, Robert Rodriguez kicked a 24 yard field goal to give the Tribe the lead 3-0. On their first play from scrimmage following the field goal, the Greyhounds passed 63 yards for the winning score. (Staff Photo)

Archery Season Now Underway

Drought and flood have had their affect on wildlife this summer and archery hunters will have to utilize all their hunting skills as the bow and arrow deer season opens statewide Oct. 1.

The archery season will continue through Oct. 16 in the Panhandle and Oct. 31 for most of the remainder of Texas except for mule deer hunters in a few counties. A nine-day season will be held in the Trans-Pecos district of far West Texas from Oct. 1-9.

Several West Texas counties have been closed to deer hunting including archery and sportsmen should check the new 1978-79 TEXAS HUNTING & SPORT FISHING GUIDE for detailed county information.

Bow hunters will again be required to use equipment that meet the state regulations. The bow must be capable of shooting a hunting arrow equipped with a broadhead hunting point for a distance of 130 yards while taking game animals and game birds.

The broadhead hunting point must be at least seven-eighths inches (7/8") in width and not more than one and one-half inches (1 1/2") in width. Arrows must be marked with the name and address of the user in some non-water-soluble medium. The arrows cannot be poisoned, drugged or explosive.

Crossbows are not legal for taking game animals and game birds at any time in regulatory counties or during archery-only seasons in non-

regulatory counties. All persons who hunt wild deer, bear, turkey, or javelina during any open archery season in which long bows and arrows may be used are required to purchase a \$3.25 Texas archery stamp in addition to other hunting license requirements.

The archery stamp must be signed by the person using the stamp. Part of the money from the sales of archery stamps is designated for wildlife management and research as bow hunters help pay their way.

There's good news for lovers of fish

AUSTIN, Texas (Spl.) — The University of Texas has good news for fish lovers.

Researchers at UT's Marine Science Institute laboratory at Port Aransas have been able to spawn red snapper in captivity for the first time.

If the spawning continues to be successful, it would make it possible to raise thousands of red snapper fingerlings for release along the Texas Gulf Coast, where the species has been severely overfished in recent years.

BILL CLEMENTS WILL CUT TAXES AND GOVERNMENT SPENDING

Texas was built by men with the vision to look ahead and the grit to get things done. Bill Clements is the man to keep this tradition alive for the future of Texas.

Bill Clements will bring a strong, fresh and tough approach to our government in Austin. He is a businessman, not a politician.

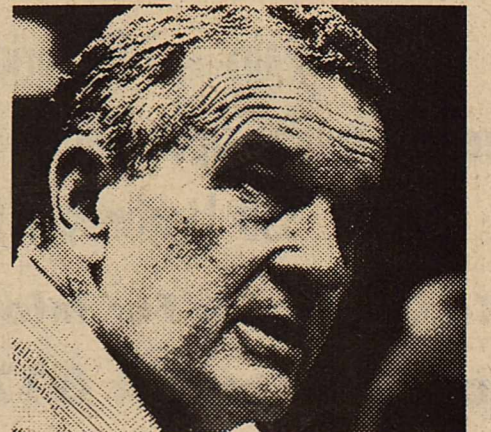

Bill Clements started with nothing and built a successful, worldwide company with hard work and the skill to manage men and money. And now Bill Clements wants to preserve the future of our state and he wants the working people of Texas to have the same opportunities he had.

With his proposed "Taxpayers' Bill of Rights," Bill Clements is committed to protecting Texans from excessive taxation and runaway government spending. He is pledged to cutting taxes and returning that money directly to the taxpayers.

As former Chairman of the Southern Methodist University Board of Governors, Bill Clements knows how to make education in Texas the best in the Nation. He's for discipline in the classroom and "back to basics" quality education.

As the son and grandson of farmers, Bill Clements knows the frustrations that an indifferent government can cause people who make their living off the land. He will use the strength of the State Government to fight burdensome Federal restrictions.

"I believe that Texas has always had more promise than problems,

but the balance is more delicate each year. We need to get to work now."

BILL CLEMENTS A GREAT GOVERNOR FOR TEXAS

Griffin Returns From Tour

A 23-member delegation of United States irrigation leaders - including Scotty Griffin of Fresno, California, has just returned from a three week People-To-People tour to France, the Soviet Union, Yugoslavia, Hungary and Holland.

During the diplomatic travel program, delegation members met with American Embassy officials and local irrigation representatives in Paris, Belgrade and Leningrad. Counterpart meetings also were held in Bordeaux and Nimes, France; Kiev, Russia; Heviz, Yugoslavia; and Amsterdam, Holland.

Purpose of the tour was to give delegation members an opportunity to carry messages of friendship to their counterparts in Europe and the U.S.S.R. It also allowed them to visit typical agricultural operations and to compare methods and procedures. The mission was an official program of People-To-People International, a nonprofit private sector organization founded in 1956 by President Dwight D. Eisenhower to promote world peace through international understanding.

People-to-People's activities include arranging homestays for international visitors, a letter exchange referral service, an international magazine exchange, and the sponsoring of adult and high school student diplomatic travel programs. Headquartered in Kansas City, Mo., the organization has national committees in 24 countries.

Highlights of the tour included visits to the Pont du Gard Roman aqueduct in Marseilles, France; the Irrigation Association du Rhone et du Languedoc in Nimes; irrigation - related projects along the Dnieper River in Kiev; St. Isaac's Cathedral and Petrodvoretz, former summer place of the Czars in Leningrad; a sightseeing tour of Budapest; a ride on Amsterdam's canals and a dinner cruise on the River Seine in Paris.

Scotty Griffin is district sales manager for The Toro Company in California, specializing in agricultural equipment. He is Southwest region president of the American Society of Agricultural Engineer's student branches. Scotty is the son of Mr. and Mrs. T.C. Griffin of Seymour and the grandson of Mr. and Mrs. Shelby Harris of Haskell. Scotty left Wednesday for a trip to Hawaii, and will be attending a Sales Meeting there for five or six days.

As one of five individuals serving on the district board of directors, Wheatley will be responsible for district policies and procedures for carrying out the district program within the framework of the Texas soil conservation district law. In other areas of leadership, Wheatley is active in Farm Bureau & School Board. Wheatley is married to the former Helen Grand. They have 4 children, Lynn, Joel, John and David.

In Texas there are 198 soil and water conservation districts. Each is a legal subdivision of state government organized by local agricultural landowners with the assistance of the Texas State Soil and Water Conservation Board. Unlike most other legal subdivisions of state government, SWCD's do not have the powers of taxation or eminent domain. All conservation programs managed by the districts are of a voluntary nature to the landowner or operator.

Organized in September 1977, the Haskell SWCD was formed from parts of the California Creek and Wichita-Brazos SWCD and of your district and area as it affects conservation.

White House Fellowships Available

The President's Commission on White House Fellowships is seeking highly qualified candidates for its 1979-80 competition. Fourteen to nineteen positions are open for this extraordinary but highly competitive opportunity.

President Lyndon B. Johnson established the program in 1964 to give outstanding younger Americans firsthand experience in the process of governing of the nation. The White House Fellowship program is a nonpartisan effort to draw in a few of the brightest and most promising people from all over the country to work at a unique level in the Federal government for a year.

Presidents Nixon, Ford, and Carter have continued the Fellowship program with a high level of support. President Carter has removed the specific age limitations. The program is now open to all those who are early in their careers. Fellows have been

chosen from a wide variety of careers and professions including law, medicine, teaching, state and local government and the arts.

The Fellows serve for one year, usually as a special assistant to the Vice President, a member of the President's Cabinet, or to a presidential assistant. The Fellows may be involved in the development of special programs, or do other tasks assigned by their principals. The knowledge that each Fellow gains in his work assignment is shared with the other Fellows during the year-long educational program which is conducted in addition to the work assignments and provides the Fellows an opportunity to meet with government leaders, journalists, and others related to government.

The Commission is looking for persons who will be the future leaders of their chosen career or profession and of

their community. Applicants should possess enough credentials of accomplishments to show their potential for their leadership and of community or professional contributions.

The competition for the Fellowships is open to all United States citizens. There are no occupational, age, sex, racial, or religious restrictions. However, current employees of the Federal government are not eligible with the exception of career military personnel.

For additional information or an application send a postcard with name and address to the President's Commission on White House Fellowships, 1900 E. Street NW, Room 1308, Washington, D.C. 20415 or call (202) 653-6263. Requests for applications must be postmarked no later than November 15, 1978. The deadline for receipt of completed applications is December 1, 1978.
