## Indians Rip Crowell, 59-0

The Haskell Indians either got their act together one week late or got their act together because of the week before last Friday.

The Indians lost the district opener to Knox City 6-3 on Oct. 6, and returned the next week to rout the Crowell Wildcats 59-0.

The score could have easily been much more as the Tribe moved the ball a total of 363 yards during the first half and scored 39 points. During most of the second half, the few experienced players who did see action, were on the field in positions which they had never played before.

The Tribe scored one TD in the first quarter, five in the second, two in the third and one in the fourth.

During the first half a super defense allowed Crowell only 22 offensive plays (not counting punts) for a total of 31 yards total offense.

The Tribe scored on their first possession, driving the ball 58 yards in six plays. Mark Wallace scored his first of three TD's on a 31 yard run.

On Crowell's second play, Bill Flanary recovered a fumble. The Tribe drove the ball to the 20 and a field goal attempt failed. Crowell was aged on nine yards in the next

three plays and was forced to punt.

The Tribe began a drive that lasted the remainder of the first period and four plays in the second quarter. An eleven yard pass to Jackie Steadham was four yards short of the first down and Crowell took over on the eleven. Three plays and five yards later, Crowell punted again.

On the second play, Wallace received the call and carried 36 yards for the score.

Six plays later Vonnie Hise carried in from the 18 and seven plays later, Kirk Flippin caught an eleven yard scoring pass. The next Tribe score took only four plays before Wallace scored his third TD from the 45.

Crowell's longest drive of the first half followed that score and covered eighteen yards in six plays. The Indians tried four times, beginning 51 yards from the end zone, before scoring when Steve Escobedo carried in from the seven as the half ended.

During the second half, the Tribe offense slowed but the defense got tighter. The offense placed 20 points on the board and the defense allowed only 43 yards on the ground and 17 yards passing during the entire half.

Jim Harris opened the second half scoring with a 30 yard run for the score capping an eight play drive which covered 58 yards.

Crowell ran one play and attempted a pass on the second attempt of the half and Monnie Hise gathered in the ball for the Tribe. The Indians scored seven plays later when Thomas McAdams carried in from the one.

The Wildcats managed their first of three first downs in the second half on their next drive. Four plays later the Tribe forced them to punt. To add to their bad luck, a bad snap got away from the punter and the Tribe took over only 26 yards from their final score. The Drive took ten plays and McAdams carried from all but three of the necessary 26 yards. Flippin carried in from the one just as the final period began.

During the final quarter, the Wildcats attempted ten passes and were only allowed two completions by the Tribe defense. The two passes were good for 17 yards. During the entire game, the Tribe

defense never allowed Crowell across the mid-field strip.

Mark Wallace lead the offensive attack with 216 yards rushing, of which 204 was in the first half. The offense was aided by two interceptions by Monnie Hise and one each by Jim Harris and Thomas McAdams and the fumble recovery by Bill Flanary.

The Tribe will be open this Friday and will meet Aspermont at Indian Field, October 27.

### Jr. High Teams Down Olney

The Haskell Junior High school Warriors remained undefeated for the season by destroying the Olney Cubs last Thursday night. The 7th grade version of the Warriors defeated Olney by a score of 22-6. In addition, the Warriors had 5 touchdowns called back by penalties. The 8th graders had a harder struggle but achieved victory by the score of 14-7.

The Jayvees defeated Olney by a score of 18-14.

This Thursday, the Warriors will travel to Seymour for 6 and 7:30 p.m. games. Both teams have narrowly defeated Seymour earlier in the season at Indian Stadium, so a good contest is anticipated at Seymour.

The Jayvees and Freshmen will play their counterparts from Seymour Thursday night at Indian Stadium at 6:00 and 7:30 p.m.

## County Commissioners Discuss Flood Program

Haskell County Commissioners met twice last week in special meetings for the purpose of discussing entering Haskell County into the National Flood Insurance Program.

Members of the Court met Wednesday with Roy Sedwick with Texas Department of Water Resources, to discuss the National Flood Insurance Act of 1968.

Members of the court were told that they would not have

### Palacios Charged With Murder

Martin Deleon Palacios, 32, formerly of Haskell was arrested at 2:37 a.m. October 13, approximately seven miles east of Haskell on U.S. 380.

Palacios had lived in Abilene for about the last two weeks.

He was arrested at a road block by Texas Ranger Marshall Brown, Special Investigator Larry Beauchamp, Haskell Police Chief Wayne Merchant, and City Patrolman Robert Wright.

Palacios was taken before J.P. H.M. Bledsoe and then transported to the Abilene Police Department where he was charged with murder.

to comply with parts of the flood program and the implementation of the program should not create any problems for the county.

Commissioners met again last Thursday and again discussed the program and expressed concern about adopting the regulations which would implement the program. Their concern was that the regulations state the necessity of establishing and developing a permit system and adopting regulations requiring the permit for any type of construction in floodplain areas. The regulations also require the County Judge

or someone to be hired by the Court and called the County Floodplain Administrator to establish three separate forms and establish fees for completing the forms and inspecting construction. The regulations also require annual reports on the development and implementation of flood plain management measures.

Commissioner J.R. Perry, Prec. 3, made a motion to enter the program, and Commissioner R.L. Edwards, Prec. 2, seconded the motion. Commissioners C.A. Turnbow and C.E. Tidwell both voted against the motion.

After further discussion, County Judge B.O. Roberson said that he would not cast the deciding vote until he could obtain further information about exactly how the program would effect the County and exactly what portions of the regulations would be enforced and which would not.

### Booster Club To View 7, 8 & 9 Films

The Indian Booster Club met Oct. 16 at 7 p.m. in the High School Cafeteria to view and discuss the film of Friday night's game.

Booster club members would like to extend a special invitation to 7th, 8th, and 9th grade parents and friends to attend next week's meeting on Oct. 23 at 7 p.m. A film of the 7th and 8th grade game against Olney and the 9th grade game against Seymour will be presented.

### Childhood Clinic Set

A free childhood immunization clinic sponsored by the Texas Department of Health will be held on Thursday, October 19, at the Haskell CAP Center, 706 N. Ave. DE. Time of the clinic will be from 1:00-4:00 p.m.

Immunizations against DPT, Polio, Measles, Mumps, and Rubella will be offered. Parents of children needing immunizations are urged to bring their children to this free clinic. Also bring their immunization records to the clinic.

This clinic will be held at the same place and time each third Thursday of every month.

### Charges Filed In Steak House Burglary

Burglary charges were filed against Billy Arthur Boeche Tuesday night before J.P. H.M. Bledsoe.

Boeche was arrested Tuesday night by City Patrolman Rodney Goss about 7 p.m., shortly after Officer Goss had been notified of a burglary at the Haskell Steak House.

Boeche was placed in Haskell County Jail Tuesday night in lieu of \$5,000.00 bond.

### Change Of Venue Rescheduled

District Judge William P. Ratliff, Tuesday, set aside an earlier decision to change the trial of Roy Glenn Swink, of Aspermont, to Haskell.

The change of venue hearing was held October 9, in Aspermont. At that time, Swink was in the psychiatric ward of Methodist Hospital in Lubbock. He was not present for the change of venue hearing.

Since that time, a point of law has been discovered which requires the defendant to be present.

The change of venue has been re-scheduled for next Monday in Aspermont.

Judge Ratliff told the Free Press Tuesday that unless new motions are introduced, he expects the case to be transferred to Haskell again. Judge Ratliff also said that he expects the case to be set for trial as soon as possible, probably early in November.

Swink was indicted by a Stonewall County Grand Jury with the Jan. 24 shooting deaths of his father, brother, and step-mother.

# Letters To The Editor

(EDITORS NOTE: The Haskell Free Press will publish letters to the Editor dealing with any subject. All letters must be signed but names will be withheld by request. All letters are subject to editing for length and liability.)

Dear Editor:

In the next elections, having a good name beyond riches may prove important. Permanence may be "sided" for a better, qualified leadership.

The Carter Administration has led in this direction and higher standing has been decided upon by the Ethics Committees of Congress.

But already the Democrats are leaning toward compromise in order to win the election with popular Kennedy or Brown. Setting the example as Carter and Mondale have done may not be easy in a world of political temptations. The present Age of Peace does not require a leadership capable of winning a war, but a leadership capable of deciding on social and economic issues. Some Congressmen desire a higher fellowship, but their hands may be tied, because in a democracy, the people vote their convictions as to who their fellowship will be.

Wait 'til 1980? It will be interesting to see just what leadership the American people will choose. The World waits to see!

On the local, state and national level, some leaders are waiting on the voters with higher standards and convictions. The people must decide what is socially acceptable in American Institutional Leadership.

If Democratic leaders compromise far enough for Kennedy or Brown, many Southern Democrats and Democrats of the Great Plains may want to go a different direction than the Massachusetts and California compromises and vote for "On The Main Road" Republican John Connally of Texas, if he runs. Frankly, I still like the Carter-Mondale leadership where these real issues have not been compromised.

Sincere Personal Opinion,  
Lloyd O. Scott

Dear Editor:

I would like to take this opportunity to thank the Haskell County Fair Association and the people of Haskell County for the honor of having the 1978 Fair Catalog dedicated to me. I feel very humble and I appreciate your thoughtfulness very much. This was a wonderful experience for me and my family.

Haskell County will always be very dear to me and I never shall forget all the wonderful people who supported Max and I in the County Extension Program.

I encourage everyone to continue this fine support of the County Extension Program, and JoAnn James and Max Stapleton so that they too may have a rewarding career in Haskell Co. as you gave me. Best wishes for continued growth.

Sincerely,  
Barbara Elliott

Ever see a 15-million dollar cattle truck? It looks as though that's where things are headed with the announcement by major air carriers that 747's are going to be converted to livestock haulers for international markets. Officials say live cattle transportation to countries outside North America is already 80 percent by air with both the volume and the percentage expected to increase during the coming years. For the animals themselves it's all first class. Interiors are redesigned and structured to resemble a barn with separate pens or stalls. Special temperature control and ventilation systems are being designed and separate studies are underway to determine other ways to increase animal comfort. No one has yet decided whether to include in-flight movies but it sounds as if they may not be far away.

BRIDGETT PLATZ, (back row, center) is shown here in her "orphan" outfit and wig along with seven other children. She will be appearing in the October 29 segment of NBC's television mini-series "CENTENNIAL." Bridgett is the great granddaughter of Ophelia Medford of Haskell.

## Great Granddaughter Of Local Woman To Appear In 'Centennial'

"CENTENNIAL," billed as the movie industry's "biggest undertaking for television," is being aired this month by NBC. The 25 hour movie is based on James A. Michener's best selling novel of the same title.

In the segment to be aired October 29, a relative of local residents will appear. Bridgett Platz, 8, daughter of Mr. and Mrs. Chip Platz, will play the role of an orphan. This segment is based on Chapter 6 of Michener's novel. The chapter deals with the sage of Levi Zandt, a 24 year old Mennonite who is shunned for alleged misconduct in the Lancaster County, Pa. settle-

ment and his westward migration in the 1840's.

Actor Greg Harrison, last seen in "Logan's Run," was selected to portray Levi Zandt. Stephanie Zimbalist, daughter of actor Efram Zimbalist, Jr., will portray his wife, Elly, whom he takes from an orphanage in Pennsylvania.

Bridgett was selected from among approximately 2500 other children who applied for the roles. She was selected

along with 8 other children. Bridgett is the granddaughter of Mr. and Mrs. Buster Medford of Dover, Ohio. Ophelia Medford, of Haskell, is her great grandmother. She is the grand niece of Mr. and Mrs. Jack Medford.

Budgeted at more than \$30 million, "CENTENNIAL" will surpass television's longest running mini-series to date, "Roots," which ran for 12 hours.

HERE'S TO YOUR HEALTH  
from DOYLE HIGH

A study at Harvard U. School of Public Health showed that among women with good-to-excellent prenatal diets, 95% of their babies were born without complications in good-to-excellent condition. Among women with poor prenatal diets, the results were reversed. Disorders, such as miscarriage, premature birth, and stillbirth were found related to faulty maternal diet. For prospective mothers, proper nutrition has a pre-eminent role in childbearing. It is the quality of the food - vitamins, protein and minerals - not the quantity that is important.
