

Drive Underway To Build New Fire Station

Members of the Haskell Volunteer Fire Department have started contacting area residents for donations to build a new fire station.

The fund drive is underway at this time, but department members expect the drive to be in full swing early next week.

Members hope to raise approximately \$60,000 for the new facility. The new station will be located east of the existing City Hall and will be housed in a 50x100 foot building.

Complete plans and drawings of the building will be published as soon as they are available.

Department members agreed to build the building with donated funds after a series of committee meetings. During the meetings, it was decided that if City tax money was used, a bond issue would probably be necessary. Also, by using

tax money, engineers, architects, attorneys and others would have to be hired adding to the expense. Department members also intend to contact residents and businesses outside the City Limits of Haskell for donations because they benefit from the local department. By using tax money, these people would not be helping pay for the facility.

Members of the Haskell County Jaycees have agreed to donate funds from their cleanup of Spring Branch Creek to the department. Jaycees are hopeful that the project can be completed this weekend and the funds presented in the immediate future.

Fire Department members are hopeful that the cost of the building, concrete, and erection can be received soon. Estimated cost of the building, erection, insulation, doors, and concrete

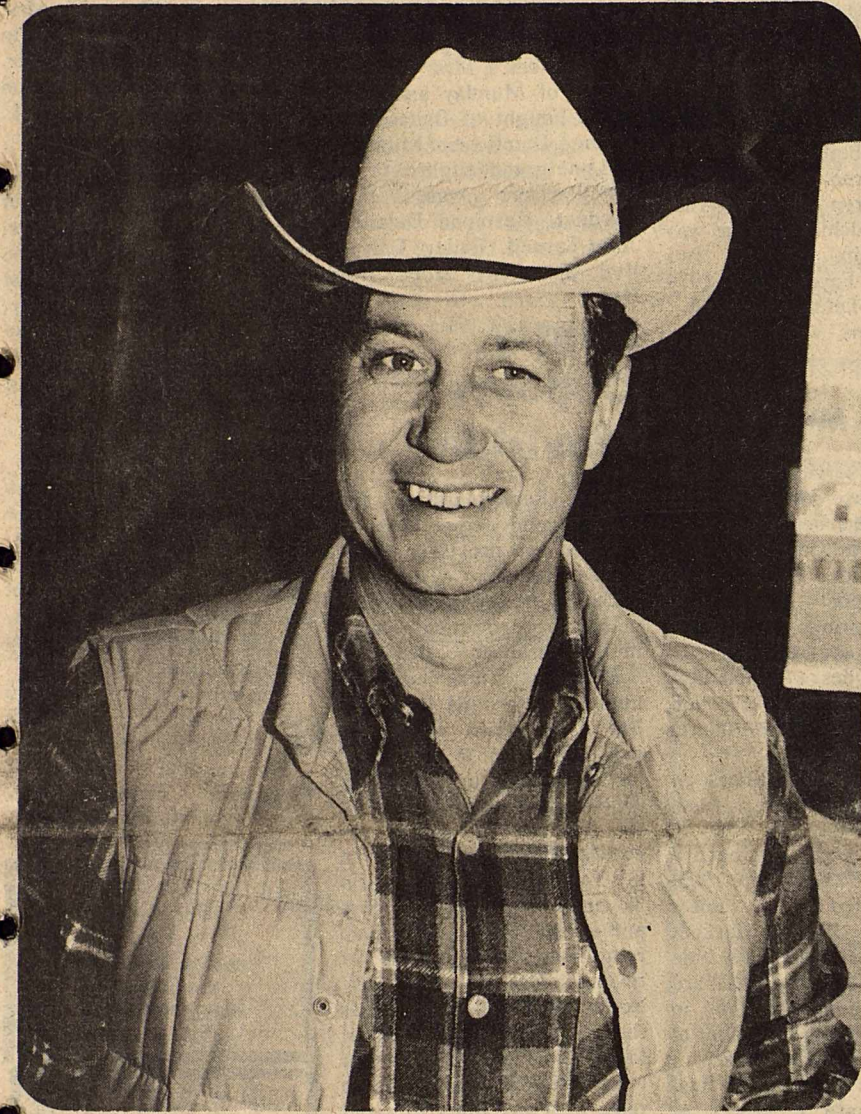

is approximately \$38,000.

When this amount is received, the building will be ordered and work will begin on ground preparation. The building will be received eight to ten weeks after it is ordered and by that time, the foundation should be completed.

Department members hope to drastically cut costs in the completion of the inside of the building by doing most the work themselves. This work will include office space, training rooms, workshop area for vehicle maintenance, and plumbing and electrical work.

The need for the new station is caused from overcrowding in the current station and the fact that a new fire truck will need to be purchased in the next year to maintain current insurance credits. When the new truck is received, there will be no place to park it because it will not fit in the existing station. Currently, the department has two cab-over trucks which are parked in the north end of the station. There is room for two more vehicles behind them, but the lowered ceiling limits the height of the vehicles.

Department members realize that this is a large undertaking and request the support of everyone in making it a success.

LARRY BEAUCHAMP resigned his position as Investigator for the District Attorney's office. Beauchamp has assumed duties as assistant manager of Rochester Tractor Company. Beauchamp

was honored last Friday with a farewell party by officers and employees in the Haskell County Courthouse and was presented with the new straw hat shown in the above photo. (Staff Photo)

Conservation Loans Available At ASCS

Haskell County will accept applications under the Agricultural Conservation Program for long term agreements (LTA) during the week of April 2 through April 6, 1979. These agreements are similar to the Great Plains Programs and combine certain aspects of that program with the ongoing ACP annual agreement programs funded by the Agricultural Stabilization and Conservation Service (ASCS). Producers concerned with solving conservation problems on a farm may come by the ASCS Office in Haskell and discuss provisions of this new program which may be available in Haskell County if producers or landowners show sufficient interest in developing the program. Should such a program be developed it will be a Mini-LTA program for Haskell County, since Haskell County has been involved in the Great Plains Program for many years.

Under the terms of LTA, a producer would solve conservation problems over a period of 3 to 5 years. Major emphasis would be on the conservation of soil and water resources with the increasing

concern for rural clean water and the need to protect our resources from pollution.

An LTA agreement would indicate practices to be completed and the year scheduled for completion. The Soil Conservation Service (SCS) has technical authority but funds are retained at the State level so that the amount for which Haskell County will be approved, if funds get approved, is unknown. The ASCS Office would approve the funding of practices as is the case with yearly ACP funds.

Anyone interested in this type program should contact the Haskell County ASCS Office for more details.

City Government Reorganized

Members of the Haskell City Council voted Tuesday night to completely reorganize management of the city government.

Council members adopted a resolution naming Desmond Dulaney City

Secretary and Chief Administration officer of the City. With the new title, Dulaney will have complete authority to hire and fire all city employees and to organize city work operations. Mayor Royce Williams emphasized

that the new organization was not intended to reflect any note of criticism toward any member of the council or to any city employee. Williams added that the city has many fine employees and the new operation will enable each to perform more efficiently.

According to Mayor Williams and members of the council, the purpose of the reorganization is to streamline operations by coordination of all aspects of city government.

In the new organization, the mayor and council members will deal directly with Dulaney who will coordinate all work projects.

All members of the council expressed opinions that the new organization would be more responsive to the residents of the city.

Council members also expressed a desire for Dulaney to immediately begin seeking a qualified individual to fill the position of Chief of Police.

In routine matters, members of the council heard reports on the collection of franchise taxes from Lone Star Gas Co. and West Texas Utilities and a report on the cotton crop at the City airport.

County Accepted Into Flood Program

The U.S. Department of Housing and Urban Development announced today that effective March 26, 1979, Haskell County, has been accepted into the National Flood Insurance Program.

This means, said Federal Insurance Administrator, Gloria M. Jimenez, that property owners here are eligible to buy flood insurance protection at affordable rates subsidized by the Federal Government.

Policies are effective immediately during the first 30 days the insurance becomes available. After the first 30 days, there is a 15-day waiting period.

The policies can be purchased from any property insurance agent or broker licensed to do business in the area in which the property to be insured is located. Agents and brokers may obtain policy forms, rates, flood insurance manuals, and any other necessary information on the insurance aspects of the program from the servicing agent for the National Flood Insurance Program, at the following address: National Flood Insurance Program, P.O. Box 34294, Bethesda, Maryland 20814.

"Since flood insurance is now available," Mrs. Jimenez said, "owners of property in areas shown on maps by HUD as being flood-prone must, according to the law, buy flood insurance when seeking any form of

Federal or federally-related financial assistance for the acquisition or construction of buildings in those areas."

"This would include grants from Federal agencies, FHA, VA, and FMHA mortgage loans, loans from the Small Business Administration, and conventional mortgage loans from any

Local Anglers Fare Well In Tournament

Local anglers fared very well this past weekend in the Haskell Jaycee Invitational Bass Tournament, taking 3 of the top 4 places. First place of \$150 was won by Bill Mullen of Haskell with a weight of 9 lbs 2 3/4 oz for his 3 fish stringer. Cleo Merchant of Haskell took second place of \$100 with a total weight of 8 lbs 15 3/4 oz., and also took the big bass of the day with a fish weighing 4 lbs 4 oz. Third place winner of \$50 was Paul Clayton of Knox City at 7 lbs 10 oz., and fourth place was Bobby Weaver of Haskell at 7 lbs 8 3/4 oz. Bill Mullen was the winner of the big bass prize Saturday with a fish weighing 3 lbs 14 oz.

High winds and chilly air cooled the weather but not the enthusiasm as 36 fishermen entered Saturday and 40 for Sunday. Entrants were treated to a fish fry Saturday night, prepared by the Jaycees and Jaycee-ettes.

The Jaycees are currently making plans for another tournament to be held later in the year, at a date to be announced later.

The Jaycees wish to thank all who donated prizes for the tournament, to Twain and Shirley Mickler at Veda's Camp and to all who helped make this a great Bass Tournament.

federally-regulated or supervised banks and savings and loan associations."

While flood insurance is available to all residents of the community, Mrs. Jimenez emphasized that the Federal requirements to purchase flood insurance as a condition for receipt of federally related financial assistance do not apply to property outside the danger zones.

Under the program, coverage can be obtained for all buildings and their contents. The available limit of insurance for single-family homes is now \$35,000, and \$100,000 for other

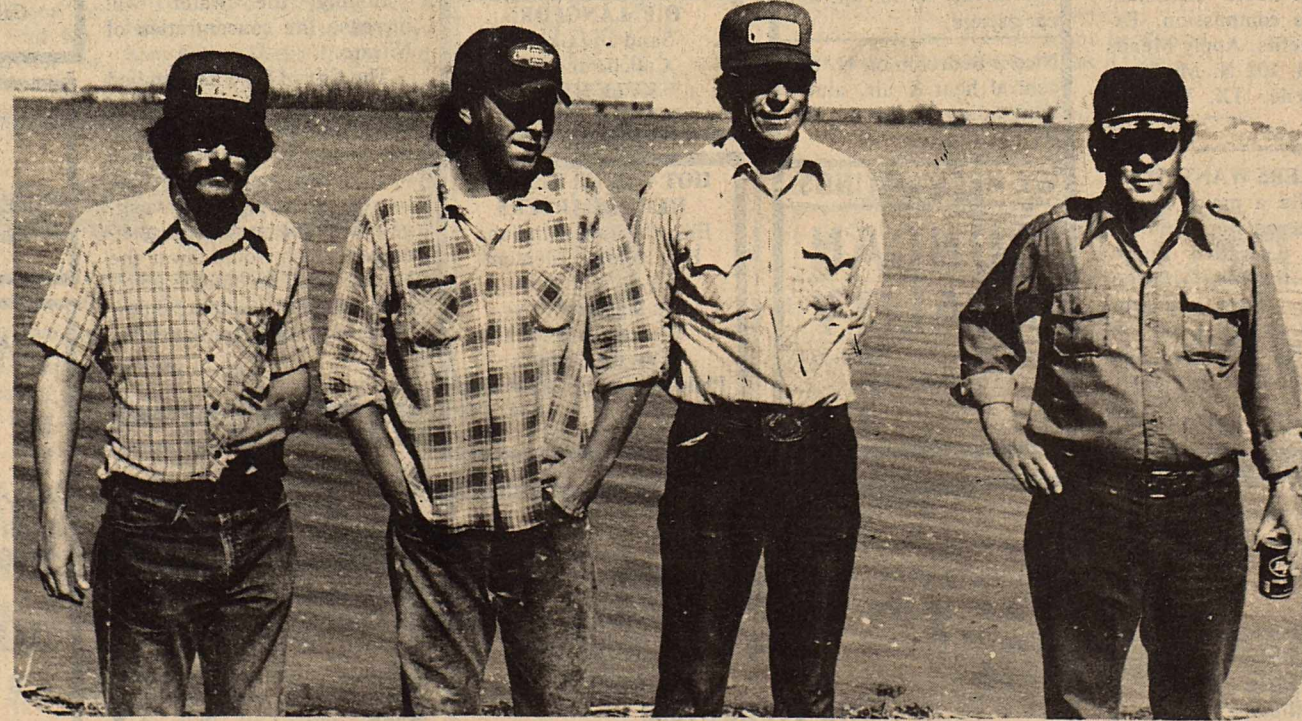

residential buildings, at the subsidized rate of 25 cents per \$100 of coverage. The rate goes to 40 cents per \$100 for nonresidential buildings.

The contents of all residential buildings can be insured up to \$10,000 per unit at 35 cents per \$100 of coverage, and the rate goes to 75 cents per \$100 for contents of all nonresidential structures up to a maximum of \$100,000 in coverage per unit.

The Federal Insurance Administration, Mrs. Jimenez explained, will also prepare additional maps showing the elevation of the base flood (i.e., the

flood having a one percent chance of being equaled or exceeded in any given year) in approximately 20,000 communities across the Country. When this Flood Insurance Rate Map is published for the community, an additional increase in the present limits of coverage will be made available under actuarial rates.

The program is designed to stimulate individual participation in it as protection against flood disasters, and to help promote sound flood plain management on the part of local governing authorities.

BASS TOURNAMENT WINNERS in the Jaycees tournament last weekend are shown with tournament chairman, Charles Andress, left. Winners were: Bill

Mullen, first place, Cleo Merchant, second place and big fish, and Paul Clayton, third place.

Rites Held For County Auditor Bill Reeves

Funeral services for W.W. (Bill) Reeves, 60, were held Wednesday, March 28, at 4 p.m. in the Haskell First Baptist Church with the Rev. Dudley Bragg, pastor, and the Rev. Lavoid Robertson, Baptist Minister of Clearfork, Utah, officiating. Interment was in

Willow Cemetery directed by Holden-McCauley Funeral Home.

Born August 31, 1918 in Woodson, he was currently serving as County Auditor for Haskell County. He came to Haskell County at the age of two, in 1920, with his parents, the late Mr. and Mrs. Robert E. Reeves. He farmed in the Matson Community in his early adult

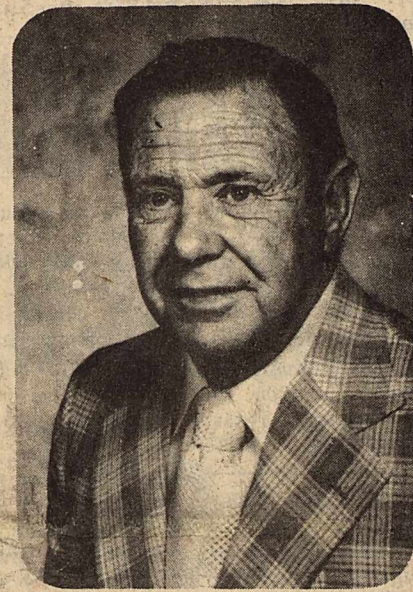

life and became livestock supervisor for the Texas Department of Corrections at the Darrington and Ramsey Units from 1952 to 1959. He served as County Clerk of Haskell County from 1961 to 1971 when he was named Auditor.

He was a veteran of the U.S. National Guard and the U.S. Army. He was a member of the First Baptist Church in Haskell and Haskell Masonic Lodge #682 AF&AM.

He married Doris Gaylen Toliver on September 14, 1941 in Haskell.

Survivors include: his wife, Doris, one daughter, Mrs. Doug (Pam) Armstrong of Canyon; one son, William Wayne Reeves, Jr. of Grand Prairie; three brothers, Cecil of Eastland, Charles of Sweetwater, and Truett of Casper, Wyoming; one sister, Mrs. Mary Gannaway of Stamford; and two grandchildren, Allison and Ashley Reeves of Grand Prairie.

Pallbearers were R.M. Cousins, L.G. Cook, Wallace Cox, Jr., Albert Barnett, Belton Duncan, Leslie Jones, and Thurman Bynum. Honorary pallbearers were District Judges Ben Charlie Chapman, W.P. Ratliff and Joe Williams; District Attorneys Royce Adkins, and Joseph Thigpen, and all elected officials and employees of Haskell County.

Little League Workday Set

A special work detail has been scheduled for this afternoon, March 29, at 5:30 p.m. at the Little League field to set forms for a new concession stand.

Charles Reed, chairman of the project, said, "If we don't start getting some interest from players' parents and other individuals, the Little League program in Haskell will die."

This is the second work day scheduled and work must be completed soon to have the new facility ready for the opening of the season.

In addition to the concession stand, various other odd jobs need to be completed around the field.

LEGAL NOTICE The City of Rule has been notified by the Texas Department of Health that the water being supplied by our system exceeds the maximum constituent level for Nitrate specified by the Department's "Drinking Water Standards" which were promulgated as required by the "Safe Drinking Water Act"; Public Law 93-523 (U.S.). The limit is set at 10 milligrams of Nitrate (as nitrogen) per liter of water. The amount of Nitrate (as nitrogen) in the water we supply was reported to be 14.7 milligrams per liter. Adults and children over the age of 6 months need not be concerned about drinking water from the tap. An excess Nitrate intake by an infant under the age of 6 months may reduce its available oxygen supply and possibly produce "blue baby" symptoms. Parents are advised to find other sources of drinking water, such as bottled water, for their infants under 6 months of age. All doctors and hospitals in the area have been notified of this situation. **CAUTION: DO NOT BOIL YOUR WATER.** Boiling the water will increase the concentration of Nitrate. The City of Rule has applied to the Texas Department of Health for an exemption from the Nitrate requirement while we search for alternate sources of supply and investigate available treatment techniques which would lower the Nitrate to an acceptable level. In the meantime, please follow the precautions mentioned. 13-15c

Mr. Booe died March 20 at 1:40 p.m. in Abilene. Born September 19, 1913 in Goree, he was a long time resident of Haskell before moving to Abilene a few years ago. He served in the Army WWII and was a retired carpenter. He married Jewel Juanita Fullerton June 5, 1941 in Haskell. She preceded him in death October 17, 1975.

Survivors include one son, Rodney Wayne Booe of Albuquerque, New Mexico; two sisters, Mrs. Fannie Patton of Munday and Mrs. Stella Fought of Dallas; one brother, Dan Booe of Munday; and one granddaughter.

Pallbearers were John Gardner, Desmond Dulaney, John Larned, Bailey Toliver, Bud Turnbow, and Clyde Hunt.

Heatly Opposes Provision

State Representative, Bill Heatly, said today that he opposed one provision of the House-passed Tax-Relief package because it would mean increased property taxes in most rural school districts.

Heatly said that the reimbursement formula in House Bill 1060, which the House passed and sent to the Senate on Monday, would lead to school tax increases instead of the decreases taxpayers are anticipating. By adoption of the Tax Relief Amendment in November, Texas voters authorized the Legislature to reimburse school districts for revenues lost due to the new exemptions. Anything less than full reimbursement of lost revenues would mean that local districts would have to raise their tax rates to avoid overall losses. The formula included in H.B. 1060 would guarantee 100% reimbursement in 1979, but the guarantee for homestead exemptions would drop to 90% in 1980. According to Heatly, rural schools would have to make up the 10% loss with higher local taxes.

The bill would provide that school districts which reappraise property at a higher level could get more than the 90% guarantee, but, said Heatly, forcing school districts to reappraise property is not tax relief but a tax increase, instead. Heatly continued, "It is my desire and intent to represent each of my 36 school districts in order to assist them with their local taxes as much as possible. I trust that all of you agree."

Kemp's To Celebrate 58th Anniversary

Mr. and Mrs. Giles Kemp, Route 1, Box 85, Haskell, will be honored with a special dinner and presentation of jewelry by the Haskell Dairy Queen.

The ceremony is in honor of the Kemps' 58th wedding anniversary, March 28.

Of all the couples with wedding anniversaries in March who have registered for the free anniversary dinner program at the Haskell Dairy Queen, the Kemps have married the longest.

Every couple registering at the Haskell Dairy Queen receives a free wedding

anniversary dinner at the restaurant as a gift of Dairy Queen, whether they are celebrating their first, 50th or even longer anniversary during the next 12 months.

Those married 50 or more years are being presented with specially designed jewelry—gold-filled pins for the women and tie tacks for the men.

The wedding anniversary dinner program encompasses almost 50 DQs in Central and West Texas that are a part of the Chapman Fast Foods organization.

Woody Frazier is manager of the Haskell Dairy Queen.

Rule Chamber Honors Outstanding Citizens

A full house was on hand last Friday night in Rule at the Annual Chamber of Commerce Banquet to see Maxine Herttenberger and A. D. May receive honors as Outstanding Woman and Man of the Year. Incoming Chamber president, Gene Rhoads, made the presentations.

Retiring president, Weldon Norman, introduced approximately 50 guests from Haskell, Abilene, Lubbock, Sager-ton, Hamlin, Stamford, Houston, Wichita Falls, Old Glory, Oklahoma City, Oklahoma, and Davenport, Iowa. Norman also gave the annual report and introduced new officers.

Introduced as officers were: Rhoads, Wallace Allison, vice-president, Faye Dunnam,

secretary, and Nona Norwood, treasurer. New directors are: Morris Neal, Nona Norwood, N.S. Ousley, Maxine Herttenberger, and A.D. May.

A special gift was presented to Bonnie Woods for her assistance to the Chamber in providing music and other special endeavors.

Frank Campbell introduced Madison "Mad" Crawford of Bettendorf, Iowa who was the featured speaker for the banquet.

Crawford entertained those present with a light, humorous presentation. His talk was especially enjoyed by the Rule residents because Crawford told several amusing tales about his grandparents who for many years resided in Haskell and Rule.

Claire Jones Honored With Gadget Party

The Women of the Presbyterian Church hosted a "Heloise Hint and Gadget Party" for Claire Jones who will be married to Lee Pippin, son of Carolyn W. and the late Jack Pippin, and the grandson of Carrie Sherrill Williams. The party was held in the home of Mrs. B.C. Chapman on March 17, 1979.

Each guest brought a helpful household hint for money, time or energy saving and they ranged from making window cleaners to plant food to removing spots from almost anything. The guests also brought household gadgets to help Claire as a new bride in her new adopted country. The hostesses presented Claire and Lee with a self-cleaning toaster oven complete with helpful hints on how to use it.

Mrs. Chapman's guest table was centered with a clever arrangement made by Bettye McBroom—a styrofoam base hollowed out to hold a nest of straw and an "arrangement" of gadgets—rolling pin, pastry blender, pancake turners and other items so necessary in house-keeping and cooking. A blue and white checked gingham band around the base complimented the blue and white checked gingham runner on the table. Coffee and punch were served from silver and crystal services. An assort-

ment of cookies, finger sandwiches and salted Texas pecans was served to the guests and members of WOC.

Claire wore a corsage of cascading "blue and white handi-wipe roses" set off by a pastry brush "steeped" with the church bell made from a funnel and it's clapper from an assortment of measuring spoons. Carolyn and Carrie wore blue nylon net "carnations" which can later be used by Claire as pot scrubbers. The nylon net scrubbers were one of the first and most widely used of the ideas for household help in the column written by "Heloise" and carried in so many daily and Sunday newspapers.

There were so many practical and simple ideas that Claire remarked, "Although you were 'colonists', American women, and Texans, particularly, are the most ingenious women I've ever known." This covers a lot of ground since Claire has lived or been a part of nurse's training in England, Spain, Ireland and Scotland.

Visiting Mrs. C.W. Marion on March 20 and 21 in the Oris Gibson home were her children, grandchildren, and great-grandchildren. Family members enjoying the picture-taking and delicious meals were: Mrs. Marion, Mrs. Essie Long, Childress; Mr. and Mrs. Ernest Marion, Goodwell, Oklahoma; Mr. and Mrs. Jim Marion, Walsh, Colorado; Mrs. Carl Marion, Oceanside, California; Mr. and Mrs. Raymond L. Long, Lubbock; Mrs. Lois Packiard, Walsh, Colorado; Mr. and Mrs. Jess Kreger, Mr. and Mrs. Oris Gibson, Mr. and Mrs. Bob Howard, Mr. and Mrs. David Frierson, Nathan, Jeff, Gary and Randal; Mr. and Mrs. Charles Gibson, Chad and Paul, all of Haskell. The family group enjoyed looking at pictures of the Golden Anniversary celebration of three of Mrs. Marion's children: Mr. and Mrs. Ernest Marion, Mr. and Mrs. Jim Marion, and Mr. and Mrs. Jess Kreger. All six of Mrs. Marion's children were present for the happy reunion.

Out of town visitors in the home of Mr. and Mrs. J.W. Hawkins over the weekend were Mr. and Mrs. John Conn and sons of Odessa and Mr. and Mrs. Clayton Hawkins and sons of Abilene.

Mr. and Mrs. A.D. Cox of Old Glory were Haskell visitors Tuesday of this week in the home of Mr. and Mrs. Alvis Bird.

Center Uses

Easter Seal

Donations Locally

Easter Seal contributions sent to the West Texas Rehabilitation Center will be used locally to help crippled children and adults at WTRC.

This reminder comes from Homer Scott, treasurer of the Easter Seal Society of West Texas for many years.

Scott, also a former president of the board of WTRC, urges West Texans to support the work of the Center. "The patients at the Rehab Center are also our friends and neighbors, helped by your contributions," Scott said.

Easter Seal appeal letters have been mailed to more than 45,000 households in 11 counties: Callahan, Fisher, Haskell, Jones, King, Knox, Nolan, Rannels, Shackelford, Stonewall, and Taylor.

More than 6,000 patients received treatment at WTRC in 1978. The Center does not charge its patients, depending on donations as its primary means of support.

Mail contributions to the West Texas Rehabilitation Center, 4601 Hartford, Abilene 79605.

CAP News

A luncheon was held at the CAP Center March 26, noon with about 27 adults and 6 children present. After lunch, a meeting was held and Rev. J.D. Polk was elected chairman of the CAP Fellowship luncheon which will be held every fourth Monday of each month to have fellowship with one another and discuss needs and problems. Special programs will also be given at these meetings from time to time. Abby Salinas was elected vice chairman, Joyce Kilgore was elected secretary.

At 1:30 p.m., a group of ladies from Josselit H.D. Club gave a program on food buying and budgets. Then they later put on a short skit for entertainment for the group.

To end the program, Mrs. Dominga Ozuna and Mrs. Cleo Harris (Juanita Lewis' sister) were honored with a surprise birthday party hosted by the CAP staff.

Hudson-Wall Repeat Vows In Haskell

Hester Wall of Fort Worth and Cecil Paul Hudson of Haskell were united in marriage March 24 in the Study of the First United Methodist Church in Haskell.

The Rev. James Putnam officiated.

Mrs. Putnam and Mr. and Mrs. Myron Biard were present at the ceremony.

The couple will reside in Haskell.

Coffee Honors Bride Elect

Miss Claire Jones, bride-elect of Lee Pippin, was honored with Recipe/Ingredient Coffee on March 17, 1979, in the home of Mrs. Buford Cox. Helping host the party were Mrs. Wm. J. Kemp, Mrs. R.E. Colbert, and Mrs. Brooks Middleton.

Claire, a native of Hayling Island, Hampshire, England, has been a "Texan" for almost two years. She is one of a group of 8 nurses chosen to do special training at Harris Hospital School of Nursing in Fort Worth. She met Lee while he was completing a residency in Hospital Pharmacy and their engagement was announced by the Haskell Free Press in December, 1978. The wedding ceremony will be celebrated in Fort Worth on April 7, 1979.

The hostesses introduced Claire to Texas fare and Texas cooks of which Haskell has more than its share. Each guest brought a favorite Texas recipe and one of the ingredients for its preparation. A "double-deck" recipe card file was presented to Claire by the hostesses and it was filled with some mouth-watering recipes.

Claire wore a corsage of white net accented by a miniature Corning Ware coffee pot with accompanying cups and saucers.

Brunch was served from a beautifully appointed table set with white iron stone and

silver services, centered by an antique white ironstone soup tureen filled with blue, white and yellow daisies accented with green and white variegated leaves. Blue and white daisies (the bride-to-be's flower and color) graced other tables throughout Mrs. Cox's lovely home.

Chicken a la king in puff pastries, fresh fruit compote, assorted Texas-(Haskell) inspired cookies and Texas pecans were served to each guest as they visited in an informal atmosphere with true Texas hospitality.

Lee's grandmother, Carrie Sherrill Williams and his mother, Carolyn Williams Pippin, helped introduce Claire to the guests as they arrived and were greeted by Mrs. Bill Cox. Mrs. Sammy Larned assisted the hostesses by helping to relate some incident or fact about the guests to Claire so that later she might be able to put faces with names as she prepares the recipes.

ARCHIE AND VIRGINIA JONES receive Texas Flying Farmer Man and Woman of the Year Awards. Presentation was made by Leo Foster of Kress, past International Man of the Year.

Former Residents Receive Awards

Archie and Virginia Jones of Houston (formerly of Haskell) were presented Texas Flying Farmer Man and Woman of the Year awards at the Flying Farmers State Convention held recently in Corpus Christi. Representatives from 17 states and 2 Canadian provinces attended the convention. An International Man and Woman of the Year will be selected in Oklahoma City in August at their International Convention.

Flying Farmers is an International Organization with over 10,000 members in the United States, Canada and Mexico with agricultural and flying interests.

Flying Farmer members are conscientious citizens who take pride in utilizing the soil to its best advantage for raising crops as well as livestock and promote the practical use of the airplane in the agricultural industry.

Archie is a District Director and Virginia serves as International Magazine correspondent.

The Sagerton Homecoming has been set for Saturday, May 26 and Sunday, May 27 at the Sagerton School. This is the sixth homecoming every five years and also marks the Fiftieth Anniversary of the School at the present sight.

Reece Clark is Chairman of the Homecoming Committee and some twenty people have been appointed to help him.

The Sagerton Homecoming event is unique in that no tickets are sold for the Sunday dinner; only donations are given. Reservations are requested.

Please contact Mrs. Charles Clark if you know of an address change of a person who attends the homecoming. Sagerton, with a population of about one hundred, swells to five hundred on Homecoming Weekend.

CFTC Stops Commodity Trading Twice
The Commodity Futures Trading Commission has halted trading in agricultural commodities twice in a 10 day period to keep the price from going up. In both cases, there was not enough supply to meet contract demands.

Our number one job is to prevent market manipulations that result in artificial prices," said Gary Seever, acting chairman of CFTC by way of explanation.

The Commodity Futures Trading Commission, the intended regulatory agency over the Chicago Board of Trade, met late Wednesday night, March 14, declared an emergency in the market and halted trading in wheat for March delivery. Trading resumed for an hour March 16 in all but March contracts.

The CFTC then on March 16 froze the price of wheat for March delivery at \$3.76 1/4 a bushel, the price on Thursday. The CFTC said that contracts were held for delivery of

11.8 million bushels of wheat, but only 2 million bushels were available.

Although the CFTC admitted there was a shortage of wheat, still Seever said the CFTC took the action "to prevent artificial prices."

Four professional speculators controlled almost 90 percent of the contracts for March wheat delivery, the CFTC said.

Alan L. Freeman, a partner in the commodities firm of Rosenthal and Company, owned contracts for delivery of more than 2.5 million bushels, which was more than the 2 million bushels available. (Total contracts held were for 11 million bushels).

Curiously enough, Freeman's partner, Leslie Rosenthal, is vice chairman of the Chicago Board of Trade and a member of the board of directors. CFTC refused to comment on this relationship, according to the Washington Star, March 17.

CFTC called the situation a "threatened manipulation or corner" of the market.

According to the Washington Post, March 17, Freeman sued the exchange and obtained an injunction blocking

it from action, but the temporary order was dismissed March 16 and the CFTC halted trading.

CFTC sources admitted their solution, because of the shortage of wheat-long contracts-to come out with a healthy profit. "Our concern is that with the shortage of deliverable wheat and the concentration of positions on the long side, the cash and futures price for wheat would diverge further," a CFTC spokesman said.

The CFTC overruled the Chicago Board of Trade, which did not want to halt trading.

March wheat futures were at their highest price ever.

Most commodity futures contracts are not settled by delivery of the goods as the contract calls for, but by cash. Only 3 percent of all contracts are delivered.

The person who sold the futures contracts-called the short-pays the person who bought the contract-called the long-the difference between the price of the contract and the current price of wheat. But in this case the longs, who held 90 percent of the March wheat contracts, refused to accept cash settlement and demanded delivery of the wheat. This is legal, but not usual. By demanding delivery, the speculators forced up the price of wheat. The shorts who had contracted to deliver wheat to the four speculators had only one place to buy wheat-from the same four speculators. With contracts out for delivery of five times as

much wheat as was available, there was not enough wheat at any price.

In a similar action recently, the New York Mercantile Exchange stopped trading the spring potato futures. The exchange said there were not enough high-quality Maine potatoes available to satisfy futures contracts that called for delivery of nearly 11,000 boxcars of potatoes in the next three months.

Industry sources said if trading had not been stopped potato prices on the NY Exchange might have soared to \$20 a hundred pounds, causing many sellers to default on their contracts.

Earlier the CFTC accused a coffee company owned by the government of El Salvador and a group of American coffee brokers of illegally inflating the price of coffee in July of 1977 by buying 18 million pounds of coffee in New York, shipping it to Brazil, thus creating a temporary shortage of coffee in New York and increasing prices by as much as 20 cents a pound.

The CFTC is still investigating efforts by coffee-producing nations to force up prices by manipulating coffee futures trading on the New York Coffee and Sugar Exchange.

The CFTC is a small body, with barely two dozen lawyers, that usually is powerless against gross abuses of the commodities business. Its legal authority is so limited and its staff so small that commodities con-men, after being caught, just move to

another room and start over again, according to Jerry Knight in the Washington Post.

Senator Frank Church (D-Idaho) has revived efforts to outlaw trading in potato futures.

Rep. Neal Smith (D-Iowa), chairman of the House Small Business Committee, is heading a drive to ban trading in cattle futures. Smith says the cattle futures market is used by meat processors to jack up the price of beef.

Several states have bills pending to establish a multi-state grain compact, which would have subpoena powers to investigate the grain trade. Hearings on the grain compact were held March 21 in Topeka. The laws are in various stages in several state legislatures.

Secretary of Agriculture, Bob Bergland, said of the wheat trading suspension, "On the basis of what I know, I believe the CFTC quite properly intervened in the matter."

The American Agriculture

office in Springfield, Colorado, called the move a government ploy to control wheat markets.

The Johnson, Kansas office of American Agriculture suggested farmers keep their wheat off the market for another 9 months by taking advantage of a clause in the CCC loan program that allows loans to be repledged until December 31, 1979.

The Loan and Purchase Handbook, ASCS, CCC, USDA states "All CCC loans on wheat can be redeemed and repledged for an additional 9 months, or until December 31, 1979, regardless of what date the loan was made. This must be done in March, or until March 31, 1979." The ASCS is supposed to immediately reissue a new loan that will not become due until December 31, 1979, the Johnson office said.

Meanwhile, Parity Incorporated continues to organize. For more information on the wheat marketing corporation, call Oakley, Kansas at 913-672-3286.

Letters To The Editor

(EDITORS NOTE: The Haskell Free Press will publish letters to the Editor dealing with any subject. All letters must be signed but names will be withheld by request. All letters are subject to editing for length and liability.)

Dear Editor:

Many of your Rule readers will remember the "History of Rule" as edited by Mr. Ed Cloud, printed in serial in the old Rule Review. The work was important to the Rule people and deserves to be preserved and perpetuated.

We plan to attempt this in the memory of Mr. Cloud; and with Mrs. Cloud's approval will try to expand it to include revised family entries for those who wish to improve on them, new family and historical entries, and additional pictures.

Request is being made for such information and pictures for publication. All material will be returned with no damage to photos. I will provide additional information on request.

Thank you for allowing us

JRB MANAGER...Joe Holland has been named manager of JRB Supermarket in Haskell. Holland has about 12 years experience in the supermarket business. He and his wife, Debbie, have two children, Jeremy 9, and Josette, 6. They are members of the First Baptist Church. (Staff Photo)

NEW CONSTRUCTION...JRB is building a new building next to their existing facility. The building will be occupied by another business when completed. The

new facility should be completed in the next few weeks and is one of several new construction or remodeling projects currently underway by Haskell businesses. (Staff Photo)

MARKET MANAGER...Dwain Wardwell has been named market manager at JRB. Wardwell has approximately 18 years experience in market work, most of which was in Stamford. He and his wife, Cynthia, have two children, Barry, 3 and Tammy, 14. They are members of Calvary Baptist Church. Dwain was active in the little league program in Stamford and he and Tammy are members of the Stamford Jr. Sheriff's Possee. (Staff Photo)

Jaycee & Jaycee-ettes Happenings

Jaycee orientation Thursday night, 7:30 at City Hall for all new members who have not attended an orientation. Please try to attend the meeting and bring a prospect.

Jaycee-ette Regional Visitation this Saturday at the Presbyterian Church from 10 till 4. Good program scheduled for all, try to attend.

Creek Cleanup is on again this weekend with still much work to be done. Will begin Saturday at 9 a.m. till 5 p.m. and Sunday from 1 till 5 p.m. Need a bunch of Jaycees out there working.

Area II Convention this weekend in Irving. Some folks are going down Saturday night and coming back Sunday morning in time to hit the creek.

Great Bass Tournament this weekend at Lake Stamford. Didn't make much money but had a great time, good food, and some kind of fun. Wonder which Jaycee had a weight of 0 lbs and 0 ozs? Thanks to the Jaycee-ettes for helping and to Bill Trammell, Bill Perry, Bo Owens, Ronnie Reynolds and Charles Address and all the others for a successful project, and planning another soon.

The real prize at the Bass Tournament was 6 new members signing up in the Jaycees. Welcome to each of you to a great organization—the Haskell County Jaycees.

State Convention is nearly here, May 10-11-12. Those of you who are going need to get your registration and room deposits in now. See Charles Thornhill for forms. We will stay at the Holiday Inn downtown in El Paso. We also have chartered a bus and just have 44 seats left. The bus will leave Thursday, May 10 at 10 a.m. and will leave El Paso May 13 at 10 a.m. Cost is

\$34.00 per person round trip and with the fuel situation looking rather grim, we hope you will consider this and go on the bus. See Bo Owens or Charles Thornhill. Need deposits by May 1.

Election time is growing ever nearer, May 12, and two more Jaycees have announced for office, Gene Butler for Director, and Bud Howeth for Secretary. There are still some offices that need filling, and we need you there to run for these offices.

The extension of the Anson Jaycees should be a reality by the time you read this. Some great enthusiasm was shown this past week by a bunch of young men in Anson who really want a Jaycee Chapter. Three more extensions remain to be done by April 20 and we can and will do it!

Family night this past week was a great success, thanks to Ronnie and Liz Reynolds, the young people of the Church of Christ really entertained everybody with a great puppet show and we certainly thank them.

Thanks to Stanley Furrh, we have got a building to work on record books. It is the back part of his office on the south side of the square. Bring the midnight oil and let's get these record books done!

As this Jaycee year winds down and plans are being made for next year, remember that this should only have been the beginning of what the Jaycees can and will accomplish in Haskell County. We have the membership now to do anything we want to do, if we will only make the commitment to the Jaycees to help other people, our neighbors, our community, and ourselves. "Young Men Can Change the World" and its up to you to do it.

Membership Drive Underway

The annual membership drive of the Fort Griffin Fandangle Association has been kicked off by the association office for the 1979

Fandangle season. "Our memberships are very important to us," said Mrs. Marge Bray, director of the Fandangle. "It's through do-

nations from our members that the association is able to produce the annual dramatic endeavor.

"We hope Fandangle makes you think of good times, singing and dancing and generally showing off western style. That's what it stands for in Albany!" Mrs. Bray continued.

Membership in the non-profit organization is tax deductible and also does not expose the member to liability for acts of the association. Regular memberships in the amount of \$25.00 or associate memberships in the amount of \$10.00 can be mailed to the Fort Griffin Fandangle Association Inc., Box 185, Albany, 76430.

Membership privileges include preferred seating at the summer show, an invitation to the annual membership picnic at Reynolds Bend, and a vote in the association's yearly meeting in September.

The organization's Membership Picnic and Sampler

will be held April 28, 1979 at Reynolds Bend on the Matthews Ranch. The "sampler" is a preview of the summer show offered only to 1979 members.

The Texas Trails Chuckwagon, owned and operated by Clifford Teinert and Bob Echols, both of Albany, will serve barbecue at the picnic for \$4.00 or you may bring your own picnic basket and eat on the grounds. The gates will open at 6:00 p.m., with performance beginning at dusk.

The Fandangle summer show performances are scheduled June 21, 22, 23, 28, 29, and 30, with the Fandangle parade slated Thursday, June 28 at 6:00 p.m. along Main Street in downtown Albany.

For further information concerning membership or ticket sales, contact the Fandangle office at 915/762-2525 or by writing the Fort Griffin Fandangle Association Inc., Box 185, Albany, 76430.

Volunteers Needed For Bike-a-thon

Tom Jones, chairman for the St. Jude Children's Research Hospital Wheels for Life Bike-a-thon, today asked residents of Haskell to volunteer their time and energy for the April 7th ride.

Volunteers are needed to help conduct the Wheels for Life Bike-a-thon on Saturday, April 7th to raise funds to support the world-famous research center in its battle against catastrophic diseases such as leukemia and Hodgkin's Disease.

We need some people to donate a little time to help us help children live. "Our biggest need is for riders," Jones said "as they are the ones who will make this event a success."

"Those who want to ride should pick up their registration/sponsor forms at either the Haskell Elementary School office or the Haskell Jr. High School office, this week start getting sponsors." "Everyone who raises \$25.00 will get a St. Jude Children's Research Hospital T-shirt, and those who raise \$75.00 or more will get a special biker's back pack", Jones said.

At St. Jude's, doctors and scientists are studying leukemia, Hodgkin's Disease and other forms of childhood cancer as well as other deadly diseases that strike the young. The results of research conducted there are freely shared with doctors and scientists all over the world, enabling stricken children to have a better chance to live.

Founded by entertainer

Danny Thomas, St. Jude's is the leader in the battle against these diseases.

"But as long as children are still dying," Jones said, "St. Jude Children's Hospital must keep fighting. We need your help."

Volunteers can contact Tom Jones, 607 N. 9th, 4-2445 or Mrs. W.L. Holt, Haskell, 4-2937.

Scout Show To Honor Burleson

Besides portraying the history of the "Big Country" and paying tribute to Omar Burleson for 33 years in Congress, another special feature of Super Scout Show 79—set for Saturday, April 7 at the Taylor County Coliseum—will be the Re'Generation Singing Group from Nashville, Tennessee.

Conceived and developed by renowned composer and arranger, Derric Johnson, the Re'Generation program is always a unique experience of sight and sound. This company of multi-talented musicians comes from all across the nation, they are directed by Gale Field who formerly directed Disney World's "Kids of the Kingdom."

Credits? Consider these! Traveled over half a million miles in the past nine years...more than 2,000 concerts in auditoriums, churches, colleges, fairs, theme parks, and military installations...over 1,300 shows for high schools, service clubs, retirement homes, and shopping malls...over 300 headline shows at Walt Disney World...Fairs from California to North Carolina...Keynote entertainment for over 150 national and international conventions...featured performances for the legislatures of California, Tennessee, West Virginia, Indiana, and Florida. In nine years the Re'Generation has amassed an amazing 4,500 performances.

This is a must for you and your family. Make your plans now to experience the Re'Generation, appearing at the Taylor County Coliseum, April 7 at 7:30 p.m.

Federal Land Bank Represented At Meet

Mr. Ralph Howe of Seymour has just returned from Houston where he represented The Federal Land Bank Association of Haskell at the 34th Annual Stockholders Meeting of The Federal Land Bank of Houston. The meeting, held at the Houston Oaks Hotel, was attended by members of 64 Federal Land Bank Associations in Texas. There were about 650 persons in attendance.

Thomas H. Benson, President, in his report to the stockholders, stated that there was an increasing demand for new loans in 1978. This was the second largest year in the Bank's history with \$245.5 million in loans and it appears the demand for loans will continue.

"In this time of historic highs in interest rates the advantages of the variable rate loans is apparent to the farmers and ranchers of Texas."

"87% of our loans are on the variable rate, and our borrowers have 8 1/2% interest rate as compared with the 11 3/4% prime rate," Benson said.

Speakers for the meeting included Dr. Gary Schwendiman, Dean, College of Business Administration, University of Nebraska at Lincoln; Joe Griffith, a humorist from Dallas; Jeannette Clift George of Houston and David Alders, 1978 National

Future Farmers of America public speaking winner from Nacogdoches.

The Federal Land Bank of Houston makes long-term loans on farms and ranches and currently has 35,020 loans for approximately \$1.5 billion outstanding.

The Federal Land Bank Association of Haskell makes and services loans in this area. Members of the Board of Directors are Mr. Howe, O.G. Lewis, E.H. Burnett, J.E. Nix, Weldon Walker, and Ernest Beck, Jr.

Others attending the meeting from this area were Ernest Beck, Jr. and Rex Conner, Assistant Manager of the Association.

CowBelles Install Officers

The Haskell CowBelles met in the country home of Mrs. Robert Free on March 26 for their monthly meeting.

The president called the meeting to order and each member then offered silent prayer.

Mrs. Robert Free chose astrology for her theme of installing new officers for 1979. Each officer was presented a plaque and charm in their individual sign of the zodiac and was read clever sun-sign keys of success, health, happiness and fulfillment in keeping with their duties for the coming year. New officers installed were:

Mrs. Buddy Brazell, President; Mrs. Max Stapleton, Vice-President; Mrs. Brooks Middleton, 2nd Vice-President; Mrs. Gentry Middleton, Secretary; Mrs. Bobby Howard, Treasurer; Mrs. Lewis Thomas, Reporter; Mrs. W.R. Hager, Historian; Mrs. Giles Kemp, Sr., Parliamentarian.

Mrs. Buddy Brazell, incoming president, was presented a CowBelle President Pin by the local group. After the business meeting and fellowship, refreshments were served from an elegant table of a number of delicious desserts, fresh fruit bowl, nuts, spiced tea and coffee to sixteen members.

WTU Names Personnel Changes

Durwood Chalker, president of West Texas Utilities Co., Tuesday was elected chairman and chief executive officer of Central Power and Light Co. in Corpus Christi, and has submitted his resignation at WTU, effective July 1.

Chalker will be succeeded at WTU by Glen D. Churchill, former WTU vice president who since July 1976 has been executive vice president of Central Power and Light Company.

The changes were announced after being approved by the boards of directors of both companies in meetings Tuesday morning.

At Corpus Christi, Chalker will succeed Roff W. Hardy, also a former Abilenian, who will retire on July 1. Hardy has been chairman and chief executive officer of Central Power and Light since resigning as WTU president on January 1, 1975.

WTU and CPL are sister companies within the Central and South West Corporation, an electric utility holding company with central offices in Dallas. Other CSW operating companies are Southwestern Electric Power Co., Shreveport; and Public Service Co. of Oklahoma, Tulsa.

Central Power and Light currently is the largest operating company in the Central and South West System in terms of annual revenue, number of customers and number of employees. It serves more than 200 towns in a 44-county area in South Texas extending from Bay City to the Lower Rio Grande Valley, and including the cities of Laredo, Del Rio, Uvalde and Victoria.

Also announced following the WTU Board meeting was the resignation of Glenn Rosilier, corporate treasurer and director of accounting and finance. Rosilier has been elected controller for the

Central and South West Corp. effective July 1. At Dallas, he will succeed Robert L. Range, who is moving to Corpus Christi to become executive vice president of Central Power and Light.

Promoted by WTU as result of Rosilier's resignation were Don Shahan, to secretary-treasurer, and Larry Connors, to controller. Shahan has been corporate secretary and assistant treasurer and manager of federal taxes and financial analyses. Connors has been assistant controller and manager of accounting.

Chalker, a native of Stephens County, joined WTU as a junior engineer in the Transmission Department in June, 1950, after earning a degree in electrical engineering at Texas A&M University. He has spent his entire professional career at WTU, all of his service in Abilene except from 1954-60 when he was district distribution superintendent at San Angelo.

Chalker was elected vice president in 1968 and to the WTU Board of Directors in 1969. He was elected president and chief administrative officer in 1975 and was named president and chief executive officer in 1976.

He is a member of the Board of Directors of the First National Bank of Abilene, a director and member of the Executive Committee of the Abilene Chamber of Commerce, currently serving as chairman of the Chamber's Industrial Manufacturing Committee. He also is on boards of the Abilene YMCA, Hendrick Medical Center Foundation, Boy Scouts of America Council, West Texas Rehabilitation Center and the United Way of Abilene. He is past-president of local chapter of the Texas Society of Professional Engineers and the Institute of Electrical and Electronic Engineers, and a

recipient of the TSPE Engineer of the Year award.

Chalker and his wife, Vada, have three sons: Daniel, a student at Texas A&M; David, a junior at Cooper High School; and Jason, in Austin Elementary School. They live at 777 Elmwood and attend the First Baptist Church.

Churchill will return to Abilene to head the Company he joined as an assistant to the controller in August, 1964. He is a graduate of Texas A&M with a degree in accounting and is a Certified Public Accountant.

He was promoted to assistant controller at WTU in 1965 and to controller in 1966. He was elected vice president and treasurer and to the Board of Directors in 1972. In March, 1976, he was designated vice president with overall responsibility for employee affairs, accounting and financial functions of WTU, and served in this capacity until he joined CPL.

During his 12 years in Abilene, Churchill was active in United Fund, the Abilene Chamber of Commerce and served as a director and secretary of the West Texas Rehabilitation Center. He also was a member of Abilene Exchange Club and the Abilene A&M Club. At Corpus Christi, he has been a member of the Chamber of Commerce Board of Directors and a member of the Executive Committee.

He is a past-president of the Abilene Chapter of Certified Public Accountants, and is a member of the Corpus Christi Chapter of CPA's and the Texas Society of CPA's, in which he has served as a director and member of the executive committee. He also is a member of the American Institute of CPA's and has served on the Editorial Advisory Board of the Journal of Accountancy.

Churchill and his wife, Joy, have three children: Mrs. Susan Cook, Sheryl and David.

Shahan will become secretary-treasurer of WTU just 11 years after graduating from Cooper High School. He earned a degree in electrical engineering at the University of Texas at Austin in 1972 and a Master of Business Administration Degree in accounting and finance in 1975. He joined WTU in April, 1975, as a management assistant in San Angelo, and moved to Abilene a few months later. He was promoted to administrative assistant to the controller in 1977 and to corporate secretary in October, 1978.

Connors is a graduate of St. Edwards University and was an accountant with Arthur Andersen & Co. in Houston for three years before joining WTU as assistant to the controller in October, 1976. He was promoted to assistant controller in February, 1977.

LADDER RESCUE, extrication, and patient handling was taught to about 30 area persons last Saturday. The class was part of a 120 hour class for Emergency Medical Technicians now underway in Munday. Removal of patients from a wrecked vehicle was also

taught during the day. Instructors Don Comedy and Earl Proctor wish to express their thanks to the Haskell Volunteer Fire Department for the use of equipment and to Ervin Unger of City Auto Salvage who provided the wrecked auto. (Staff Photo)

Stenholm Comments On Gun Control

Charles W. Stenholm, M.C.
17th District of Texas

Currently there are a multitude of bills pending in Congress on the subject of gun control. These bills have various purposes, ranging from the repeal of the Gun Control Act of 1968 to prohibiting of private possession of virtually all handguns. The key fight in the 95th Congress was against the Bureau of Alcohol, Tobacco, and Firearm's attempt to create a computerized system of national firearms registration by means of the bureaucratic rule-making process. Congress cut off funding for the implementation of these regulations by a vote of 314 to 80 in the House and 61 to 31 in the Senate. Finally the BATF dropped their plans to implement these regulations. Protecting the right of citizens to keep and bear arms has now become a constant struggle.

Regulatory and prohibitory provisions proposed by gun control advocates fail to take into account the fundamental role that the private ownership of arms plays in the constitutional system of checks and balances. The second amendment to the Constitution allows a "well-regulated militia" and the "right of the people to keep and bear arms." Underlying this amendment are the twin goals of individual and collective defense from violence and aggression, goals which have been recognized by the Congress. Citizens have the

right to protect their lives and property from danger; also, Americans have the responsibility to protect our way of life from the threat of government oppression should the basic freedoms enjoyed in this Country be subverted. Guns play a key role in defending the populace from both individual acts of violence and the potential aggression of government.

The main point used by gun control advocates is that restrictions on the use of firearms will reduce crime. This argument is completely ridiculous for in states with stiff gun control laws there has been no decrease in violent crime, but there has been a reduction in individual freedom. In New York City, where there are strict gun control laws, the handgun robbery rate is three times the national average. In 1973, 20% of all murders in the nation were committed in just four cities—Chicago, New York, Detroit, and Washington, D.C.—all of which have stringent firearms laws. Clearly there is no evidence to support the assumption that gun control laws reduce crime.

A lowering of the crime rate can be accomplished by more effective enforcement of the laws already on the books and giving stiffer sentences for violent crimes, not restricting a citizen's right to "keep and bear arms." During my service here in Congress I will work to protect this important and fundamental American liberty.

You get more than phones when you order a phone system from us.

You get us.

Any shrewd business person—you, for example—knows that value is measured by what you get for your money.

That being the case, the service you get from General Telephone is one of the best values around.

For instance, we don't vanish the minute your phone system is installed. Our communications service advisors help to train you to operate your equipment. And they don't leave until you're as good at it as they are.

We provide maintenance and repair technicians who really know their stuff. And we make

sure we have enough of them to give you fast, efficient service.

If your system is ever damaged by circumstances beyond your control, we get it working again faster than you'd think possible.

And, of course, our Communications Consultants are always available to analyze and meet your changing communications needs.

You don't pay a penny extra for any of this. When you think about it, you get a lot more than just phones from the phone company. That's value.

Cotton competition continues to develop new markets as evidenced by two recent happenings. One has been the successful development of flame-retardant cottons as highlighted last year when New York City Fire Commissioner John T. O'Hagan announced that all New York firemen will start wearing "Fire Stop" uniforms (100% cotton). That decision came after nearly a year of testing the cotton material against synthetic products. Second development involves current research at the Southern Regional Research Lab in New Orleans where scientists have produced glass from cotton. Cotton glass has a good chance for extensive use since it has the unique ability to bond together other glasses of different composition. Although product possibilities include nearly everything made from glass, most immediate use will probably be scientific glassware.

Sagerton News

Spring hit in full force this week. We have had hail, high wind, and up to three inches of rain. If this was not enough, we even had a large dust storm.

Of course, everyone knows by now that this is Hee Haw weekend so the community will grow, temporarily at least, as fans from across the area and even the state converge on the Sagerton Community Center. The luncheon will open at 6:00 p.m. each evening and the auditorium doors will open at 7:30. The Hee Haw is scheduled to start at 8:00. Many of you got to see some of the cast on the Harry Holt On the Farm show Saturday.

This will be the ninth year that the Hee Haw has been with our community and all indications point to capacity crowds each night. We want to invite everyone to come out and have a good time.

Mrs. H.C. Raphael of Stamford was a guest in the home of Mr. and Mrs. Melvin Baitz on Monday of last week. Mr. and Mrs. J.A. Hertel, Mr.

and Mrs. Fred Baitz and Kacy, and Johnny Baitz joined them for a bar-b-que Monday evening.

August Balzer and Henrietta Stegemoeller celebrated their birthdays in the August Balzer home Saturday night. Games of dominoes were enjoyed and refreshments served to the honorees and their spouses, Betty Balzer and Fritz Stegemoeller, and to Clarence Stegemoeller, Ladain Anderson of Houston, Louise Stegemoeller, Mr. and Mrs. Alvin Bredthauer, Lillian Neinast, Mr. and Mrs. Gus Balzer of Schulenburg and Mr. and Mrs. Larry Cornelison of Lewisville. Earlier, Lena Boedecker and Alice Newton of Stamford stopped by to wish them Happy Birthday.

Mrs. Melvin Baitz served Sunday dinner to her family. Survivors included her husband, Mr. and Mrs. Fred Baitz and Kacy, and Johnny Baitz.

Mr. and Mrs. Fred Schonertstead were accompanied by Mr. and Mrs. Eugene Rhoads and family of Rule to San Antonio to visit Mr. and Mrs. Eddie Briles and Brandy. Brandy celebrated her second birthday. While there, the group visited Brackenridge Park, went shopping in the big mall, and visited the Air Force base where Eddie is stationed. Mrs. Briles is the daughter of the Rhoad's and the granddaughter of the Schonertstead's.

Mr. and Mrs. Kenneth Hertel and Gail of Hamlin were Sunday dinner guests in the home of Mr. and Mrs. J.A. Hertel.

Today is rally day for the district home demonstration clubs. Registration will start at the Haskell Bank Community Room at 9:00 a.m. Mrs. J. A. Hertel will present a ceramic program at 11:00. Other programs will be held throughout the day. The district includes Baylor, Knox, and Haskell counties.

A special thanks to Commissioner Bud Turnbow for all the work he did inside the Sagerton Community Center recently and for working on the fire truck. We certainly appreciate the time and effort he puts in on our behalf.

The Hee Haw production will be presented as a benefit for the McCauley Schools next Friday evening in the Hamlin High School Auditorium. Everyone should certainly turn out for this charitable cause. The McCauley School district was hard-hit last fall with a tragic bus wreck that

killed and injured much of the High School student body. Hopefully, this production will help defray some of the financial loss that has resulted because of the accident.

Lenten services will be held again this Wednesday night in the Faith Lutheran Church at 7:30 p.m. On Easter Sunday, the Lutheran Brotherhood will serve breakfast in the parish hall. The meal will be one dollar for adults and 50 cents for children.

JOE KITCHENS

Kitchens Earns Certificate

Joe Kitchens, a Dumas Junior High School ninth grader, formerly of Haskell, earned a \$275.00 Calf Purchase Certificate at the Houston Livestock Show and Rodeo.

The vocational agriculture student claimed the certificate in a calf scramble at the Houston Show. He was the

first boy to drag his calf across the finish line.

The Dumas youth, son of Lawrence Kitchens, Jr., will be supervised in raising his calf by Bruce Smith and Ike Trimbe, instructors at Dumas High School.

Joe is the grandson of Mr. and Mrs. Bud Kitchens of Haskell.

Wheat Program Changes Announced

Farmers who planted wheat for 1979 harvest now have another option to consider; they may graze or cut hay on their wheat acreage. Secretary of Agriculture Bob Bergland said. Wheat grazed, or cut for hay, under the special acreage Grazing and Hay program, will qualify for the same deficiency payment rate as wheat harvested for grain.

Wheat Program participants will be allowed to graze cattle or cut hay on wheat acreage equal to the higher of (a) 50 acres or (b) 40 percent of their total intended plantings of wheat, feed grains (corn, grain sorghum and barley) and Upland cotton.

"We are taking this action to encourage the production of more beef later on this year," Bergland said, "calves now on wheat pasture ordinarily would have to come off and be sold about March 15 to permit the wheat to mature for harvest, while the action we are taking would permit them to remain an additional 60 days or so. This should result in slightly higher rates of gain and therefore more beef later on this year. It should also encourage the movement of a few more calves onto wheat pasture and more beef from those calves as well."

"While the impacts of this action will be slight, it should slow the expected increase in beef prices," he said. Producers participating in the special Wheat Acreage Grazing and Hay Program must also comply with Normal Crop Acreage (NCA) requirements and with set-aside requirements for Wheat harvested for grain and Feed Grain crops planted on their farm(s). There will be no advance payment or minimum payment guarantee this year as was provided to 1978 Special Wheat Acreage Grazing and Hay Program Participants. The deficiency payment rate for 1978-crop wheat was 52 cents per bushel.

The 1979 wheat deficiency payment rate will be determined in December and will be the difference between the established Target Price (\$3.40 per bushel) and the higher of either the National Average Market Price during

the first five months (June through October) of the marketing year, or the National Loan Rates (\$2.35).

Producers wishing to use this option may indicate their intentions at their local Agricultural Stabilization and Conservation Service (ASCS) County Office during the 1979 Wheat and Feed Grains Program signup period currently underway. The signup period ends April 30, 1979.

LITTLE DRIBBLERS ALL-STARS

The Little Dribblers All-Star boys will have a practice game here Saturday, March 31 at 4:00 p.m. against Seymour. Both age groups will play.

Mrs. Glenice Holt and Mrs. Bebe Maddox of Henrietta visited in the home of Mr. and Mrs. Alvis Bird. Mrs. Maddox and Mrs. Bird are step-sisters.
