

## Californian Attempts Record

# Coast-To-Coast On Roller Skates

BY DON COMEDY

During the past few years, we have had an opportunity to see many strange and varied things in the course of reporting happenings in and around Haskell, but one of the most unusual

occurred last Thursday.

The report of the incident came from local game warden Alton Chapman who called the Free Press and left word of someone on roller skates approaching Haskell from the west.

With camera and notepad in hand, the publisher and editor of the Free Press started westward, not knowing exactly what we were looking for.

What we found was a 21 year old girl skating down the middle of U.S. Highway 380. When we stopped, Jackie Jacobs rolled up to the van and said "Hi", just like it was normal to meet a person on roller skates between Rule and Haskell.

As she began to explain her mission, we became more and more interested. It seems she is planning to skate from San Diego, California, to Savannah, Georgia. The trip is two-fold in purpose; one to raise funds for a building fund for mentally retarded children in southern California and the other is to set a new world record for the coast to coast trip on skates.

The current world record is 77 days and Jackie is optimistic that she can finish the trip in about 50 days.

She left San Diego March 18 and since that time has been averaging about 60 miles per day. She skates about eight to ten hours per day, seven days per week.

Accompanying her on the trip is her brother, Mark, who drives a mobile home along the route.

A typical day on the trip (if there can be such a thing skating down the highway) starts with breakfast in the mobile home and skating by seven or eight a.m., various breaks during the day for snacks and drinks and about a one hour lunch break and stopping for

the night about dark.

Mark will sometimes drive the mobile home several miles ahead of Jackie and ride a bicycle back to meet her and travel together.

During almost all of the trip to this point, Jackie has stayed off interstate highways. She explained that every state, with the exception of Texas, has laws prohibiting skating on interstate highways.

She has made the entire trip to this point on the same set of skates only changing wheels once, shortly after leaving. The skates are shoe skates with

urathane wheels.

She reports no close calls with traffic and only one fall during the trip. She wears knee pads for protection against falls and said that when traffic is coming from both directions, she usually gets completely off the roadway and lets them pass before continuing.

While visiting with Jackie and Mark last week, we invited them to attend the regular meeting of the Haskell Rotary Club. They accepted the invitation but added that it would be about 12:30 before they arrived in Haskell because she had to skate all the way for the

record to be valid. Since it was almost noon, we all agreed to place a marker near the road, drive into town and return to the stopping place after the meeting.

Jackie spoke briefly to the Rotarians and answered questions before continuing her journey.

She told the Rotary Club members that she could probably do better than 60 miles per day, but that she enjoyed visiting with motorists who stopped to see what she was doing.

Several members of the club signed her witness sheet and all wished her luck in the remaining portion of the trip.

Attempting Record

## Haskell Athletes Honored At Annual All-Sports Banquet

Indian Spirit was in abundant display Saturday night, April 7 as the Haskell athletes were honored at their All-Sports Banquet held by the Indian Booster Club in the Elementary School.

The theme "Indian Spirit Is All Around" was selected to honor all high school girls and boys participating in all school sports. The stage was decorated with a stretched skin design portraying the many people who display "Indian Spirit"; the athletes, coaches, managers, cheerleaders, twirlers, band, fans, and parents.

Totem poles and teepees graced the tables giving the look of a miniature Indian reservation. Continuing this theme were six foot totems placed to accent large posters of senior athletes in various action shots in their sports.

Coach Flippin introduced his coaching staff and their wives; Coy and Anita Payne, Stick and Jean Raughton, David and Linda Burson, and Jimmy and Linda Lisle and Sheila Flippin.

Each team member was introduced by the coaches. New officers for next year were introduced by past president,

Jimmy Browning, New officers for 1979-80 were Tommy McAdams, president; Jerry Hannsz, vice president; Geraldine Hise, secretary-treasurer; and Ann Young, reporter.

Highlighting the evening was the awards presentation.

Gil Richardson was the recipient of

### Aid Sent To North Texas

Following a request for aid Tuesday afternoon, Jerry Sorrells and Gene Long, Haskell Emergency Medical Technicians, left for Vernon in one Haskell Ambulance.

It was reported that shortly after arriving in Vernon they transported several patients who were injured in the Vernon tornado to Wichita Falls.

Wednesday morning they had not heard from the Haskell ambulance.

Haskell County Sheriff G.T. Garrett left Wednesday morning to check on relatives of several Haskell families.

## Donations Continue For Fire Station

Donations to the Building Fund for the Haskell Volunteer Fire Department continue to come in.

The total pledged and received to date is near \$9,000.

Department members are optimistic that the building for the new fire station can be ordered within the next week if donations continue at the present rate.

While department members will contact as many persons as possible, it will not be possible to contact everyone. All persons who would like to donate to the building fund may do so at the Haskell Fire Station or make their deposit with any teller at Haskell National Bank.

It is hoped that the building can be ordered within the next week due to a waiting period of about two months before delivery. As soon as the building is ordered, preparation will begin on the site, located east of the City Hall. The gas station will be removed and after necessary dirt work, the foundation will be poured.

The new facility will be a 50x100 foot building with storage for apparatus and trainings and office space.

Estimated cost for the new facility with members doing much of the work

is approximately \$60,000. This total is about \$12.00 per square foot.

Donations received during the past week include:

Mr. and Mrs. Desmond	
Dulaney	\$100.00
Sam Herren	100.00
Double A Drive In	25.00
E.B. Love	25.00

Dean Butane	100.00
Lydia Stocks	10.00
Hassen's	100.00
Joe Alves	25.00
Haskell Stone	100.00
WTU Power Plant Employees	100.00
Elonor Blohm	50.00
Lynn Pace	100.00
Royce Williams	100.00
JRB Supermarket	500.00
Total This Week	1,884.00
TOTAL TO DATE	\$8,849.00

the Dick Gaines Award recognizing citizenship, leadership, scholarship, and athletic ability.

The Jaycee awards were presented by John McDermett to Richard Amaro for the Jaycee Football Award; Greg Gideon, Jaycee Basketball; and Sarah Cox, Jaycee Basketball.

Vonnie Hise received the Booster Club Most Sincere Football Player Award for the second year.

Mark Wallace introduced the Football Sweetheart, Renee McBroom who in turn awarded Mark Wallace Football Hero.

Lorie Johnson was awarded Basketball Sweetheart and Thomas McAdams was Basketball Hero.

## Jaycees To Sponsor Superkids

The Haskell Jaycees will sponsor Superkids for Haskell County April 21 at 9 a.m. at Haskell Indian Stadium.

Who can be a Superkid? Anyone between the ages of 5 and 14 can be a Superkid in Haskell. The participants in Superkids will find it takes hard work to be in this program but, the work is rewarding. Superkids is a program sponsored by the Jaycees to help raise community funds for the American Lung Association of Texas to assist in the prevention and control of lung disease.

Superkids is a series of sporting events in which Haskell youth will participate. The field of events will allow the participants to show their athletic activities. All participants will not only be doing their best to score high in each event but, will be doing their best to fight crippling lung diseases such as emphysema, chronic bronchitis, and asthma.

You can help as a parent or sponsor to encourage participation in this program. Help by being a sponsor of a Superkid participant. Come to the Superkids events and support Haskell County youth. Make Superkids a family event. Come out to the events and get involved with your youth and your community.

## Housing Fair Set Next Thursday

The Haskell County Housing Fair will be held Thursday, April 19, in the Corral Building located at the Haskell County fairgrounds.

Everyone is invited to learn how to make your home a more comfortable

and beautiful place to live. Also register for door prizes that will be given by area businesses. Some of these prizes include a garbage disposal, a food cutter and salad maker, and dollars-off services performed by businesses. All activities are free and open to the public.

Programs will be given by people through the state relating to landscaping, building, remodeling, interior decorating, and conserving home energy. Following is a schedule of the thirty minute programs:

10:00 a.m.—"Landscaping the Home", Dr. Robert E. Moon, Area Landscape Horticulturist out of Dallas with the Texas Agricultural Extension Service.

10:45 a.m.—"New Homes-Construction, Weatherization, and Site Planning", Dr. Billy R. Stewart, Agricultural Engineering Specialist out of College Station also with the Extension Service.

11:30 a.m.—"Personalizing Your Home Through Interior Decorating", Mr. Andrew J. Hogue of Hogue's Incorporated out of Abilene. Mr. Hogue is a graduate of New York School of

Interior Design and has traveled abroad studying the influence of architecture and color in the past in Europe.

1:00 p.m.—"The Energy Efficient Home", Miss Carolyn Schur and Mr. Don Haynes, representatives of West Texas Utilities out of Stamford.

1:45 p.m.—"Remodeling Your Old Cabinets", Mrs. Norma Cobb with Facelifters of Abilene.

2:30 p.m.—"Remodeling the Home to Conserve Energy", Dr. Billy R. Stewart, Agricultural Engineering Specialist.

Exhibits of various businesses related to housing will be on display from 9:00 a.m.—4:00 p.m. Some of the exhibits will include home applications, home accessories, financing a home, among others.

In the exhibit room participants will be able to view video tapes on home maintenance. The tapes will demonstrate home repairs that can be done by home owners. Free publications ex-

plaining these repairs will also be available. The home maintenance areas to be covered and the times each will be shown is as follows:

9:00 a.m.—"Wise Up, Tighten Up", weatherizing the home.

9:30 a.m.—"Toilet Tune-Ups", simple toilet repairs.

12:00 p.m.—"Faucet Fix-Its", simple faucet repairs.

12:30 p.m.—"Shock of Your Life", home electrical repairs.

3:00 p.m.—"The Great Cover-Up", repairing walls in the home.

3:30 p.m.—"Space Stretching and Storage Ideas", creating extra home storage.

The public is invited and encouraged to attend these activities to learn more about housing. The Haskell County Housing Fair is being sponsored by the Haskell County Family Living Committee and the Texas Agricultural Extension Service.

## Committees Named

At a meeting of the officers and directors of the Chamber of Commerce, held at 6 p.m., Tuesday, April 3rd, President J.A. Carroll presented the following list of Chairmen and Committees selected to carry out the program of work for the ensuing year.

Executive Committee

J.A. Carroll, chairman; Jim Bynum, Vice President; Mike Jordan, 2nd Vice President; Brian Burgess, Treasurer; Rex Felker, Manager.

Retail Trade & Christmas Program  
Von Marr, Charles Thornhill, Jimmy Bynum, Raja Hassen, Joe Cortez, Suzanne Starr, Opal Adkins, Lois Richardson, Sandra Horton, Jerry Jetton, Jim Sampson, Wallace Cox, Jr., Bill Comedy, W.E. Wooten.

Farm & Ranch  
Larry Gilliam, Jim Trammel, Brooks Middleton, Woody Woodard, Pat Hale, A.C. Richardson, Tom Hairgrove.

Aviation  
Wilda Medford, Roy Pitman, Frank Markey, Terry Diggs, Joe Thigpen, Belton Duncan.

Industrial  
John Rike, Chairman, Royce Williams, Hess Hartsfield, Bob Herren, R.C. Couch, J.B. Gipson, Jim Bynum, Lee Bahney.

Recreation and Education  
Wayne Lehrer, Joseph Thigpen, Larry Gilliam, Jerry Hadaway, Odell Bynum.

### Lions Club

### Mop & Broom

### Sale Today

Members of the Haskell Lions Club will hold their annual mop and broom sale today, Thursday, on the southwest corner of the square. The products will be available for purchase during the day and Lions Club members will go door-to-door on most streets Thursday afternoon.

Membership  
Mike Jordan, Chairman, J.B. Gipson, Mattie M. Felker, Ramia Lee Frazier, Sandra Horton.

Publicity & Public Relations  
Jim Bynum, Chairman, Charles Thornhill, John Wayne McDermett, John Rike III, Franceine Johnson, Don Comedy, Rex Felker.

Budget Committee  
Franceine Johnson, Brian Burgess, Rex Felker.

Jaycee Rodeo Committee  
Mike Jordan, Suzanne Starr, Don Comedy, Rex Felker.  
Outstanding Citizen Award Committee  
Sue Pate, Wallace Cox, Jr., Raja Hassen, Rex Felker.

## Little League Tryouts Set

Little League tryouts for boys 9-12 years old will be held April 16, at 5:30 p.m. at the Little League field.

Opening ceremonies and the first game of the season will be held April 30.

A special meeting will be held Wednesday, April 18, at 8 p.m. in the City Hall for all coaches, managers, parents, and umpires. Purpose of the meeting will be to discuss the rules of the Little League program.

Little League officials have also scheduled a cleanup this Saturday beginning at 1 p.m. at the field.

Officers of the local Little League organization this year are: Charles Reed, president; Kenny Watson, vice president; Lois Steadham, treasurer; Pawnee Grupe, reporter and secretary; Bill Lane, player agent; Leona Hanson, Beth Guess and Mrs. Benny Harvey, concession stand; and Bobby Hanson, equipment.

The organization is looking for a head umpire and anyone interested in the position is asked to contact Charles Reed.

Fund raising project for the organization this year will be selling candy.

Bynum Mr. and Mrs. Bobby Gibson, Laura and Sharyn Mr. and Mrs. Jimmy Bynum and Michelle 15c

**Public Notice**  
**LEGAL NOTICE**  
The City of Weinert has been notified by the Texas Department of Health that the water being supplied by our system exceeds the maximum constituent level for Nitrate specified by the Department's "Drinking Water Standards" which were promulgated as required by the "Safe Drinking Water Act"; Public Law 93-523 (U.S.). The limit is set at 10 milligrams of Nitrate (as nitrogen) per liter of water. The amount of Nitrate (as nitrogen) in the water we supply was reported to be 10.7 milligrams per liter. Adults and children over the age of 6 months need not be concerned about drinking water from the tap. An excess Nitrate intake by an infant under the age of 6 months may reduce its available oxygen supply and possibly produce "blue baby" symptoms. Parents are advised to find other sources of drinking water, such as bottled water, for their infants under 6 months of age. All doctors and hospitals in the area have been notified of this situation. CAUTION: DO NOT BOIL YOUR WATER Boiling the water will increase the concentration of Nitrate. The City of Weinert has applied to the Texas Department of Health for an exemption from the Nitrate requirement while we search for alternate sources of supply and investigate available treatment techniques which would lower the Nitrate to an acceptable level. In the meantime, please follow the precautions mentioned. 15-17c

(Staff Photo)

## Inhibit Heat Loss With Good Window

The need to conserve the energy that heats and cools your home doesn't change with the seasons. One of the most efficient ways to avoid wasted energy is to adequately insulate your home. Even with a well-insulated house, however, you may be overlooking other areas of heat loss caused by conduction and air infiltration. Nowhere is this heat loss as substantial as in ordinary windows with frame and sash that lack a specific thermal barrier. To insulate, windows should have non-conducting frame and sash, be properly weatherstripped and have either separate storm sash or insulating glass. Wood, a natural insulator, is used in the frame and sash of quality windows. When combined with either insulating glass, or separate storm sash, and factory-applied weatherstripping, wood windows provide an excellent barrier to excessive heat loss and air infiltration. For maximum protection against heat loss in extremely cold areas, triple glazing is recommended. This can usually be achieved with special storm panels designed for use over insulating glass. Well-built, properly sized wood windows located in the right places also serve energy conservation. The largest glass areas should face south; the smallest north. South facing windows can take advantage of the solar heat gain from the low-lying winter sun. Roof overhangs, awnings or deciduous trees can shade the windows from excessive heat gain in summer when the sun is high. Daylight, no matter what the season, reduces the need for artificial lighting and in the spring and fall, operable windows can let in cooling breezes to reduce air conditioning loads. Many precision-engineered wood windows also come with a low-maintenance exterior cladding that all but eliminates the need for periodic painting. They are available in a range of styles and sizes at local window distributors and building supply stores.

**W.O.O.'s Journey  
To Seymour  
To See Slides**

Members of the W.O.O. (Senior Adults) of the local First Baptist Church were guests Thursday evening of the Golden Agers of the First Baptist Church of Seymour with Jerry Lemon, Pastor.

The group of thirty-two made the trip by bus and upon arrival in Seymour were greeted by the hostess group and taken on a tour of their activity building.

Following this, they assembled for the program. Mrs. Brad Golden was introduced and showed slides of her trip to the Holy Land, giving her testimony and description of the land where our Lord lived. Each guest was presented a book marker with a cross of olive wood and flowers from Jerusalem.

A reception followed the program. The serving table was covered with cutwork cloth and centered with an arrangement of Easter lilies around an open Bible. Mrs. Jerry Lemon ladled punch from the silver punch bowl and was assisted in serving an assortment of cookies and nuts.

After visiting and with an invitation to "come again" the group boarded the bus for the return trip. Accompanying the group were Leatrice and Charlie Swinson and David and Minette Bradshaw.

**CMS Meets  
In Holt Home  
April 2**

Twelve members were present for the Christian Missionary Society meeting Monday evening, April 2, when it met with Meralin Sue Holt as hostess in her home.

Rosalie Jones gave a most interesting and informative devotion from Proverbs. Judy Lanier gave some very important thoughts to think on and substantiated them with scriptures from I Peter, Romans, Corinthians and others, when she directed the study lesson on "God Never Makes a Mistake" and "The Space Dimensions of Prayer—Where We Pray".

The hostess served refreshments.

**REUNION SET**

The Josselet Family Reunion is scheduled for Saturday afternoon, April 14, at 4 o'clock at the Pavilion at Rice Springs Park. Then Sunday morning, April 15, beginning at 10 o'clock at the Haskell Country Club.

MR. AND MRS. KENNETH TOOLEY of Austin announce the engagement and approaching marriage of their daughter, Andrea Kay, to William Russell Harty of Austin, son of Mrs. R.K. Harty and the late Mr. Harty of Southland. Wedding vows will be exchanged June 9 at the Brentwood Church of Christ in Austin. Miss Tooley is the granddaughter of O.W. Tooley of Haskell and Mrs. Allie M. Anderson of Rule.

**Dairy Queen Honors 62nd  
Anniversary Of Landesses'**

Mr. and Mrs. J.A. Landess, 503 North Avenue D, Haskell, have been honored with a special dinner and presentation of jewelry by the Haskell Dairy Queen.

The ceremony was in honor of the Landesses' 62nd wedding anniversary on April 8. The couple was wed in 1917.

Of all the couples with wedding anniversaries in April who have registered for the free anniversary dinner program at the Haskell Dairy Queen, the Landesses have been married the longest.

Every couple registering at the Haskell Dairy Queen receives a free wedding anniversary dinner at the restaurant as a gift of Dairy Queen, whether they are celebrating their first, 50th or even longer anniversary during the next 12 months.

Those married 50 or more years are being presented with specially designed jewelry—gold-filled pins for the women and tie tacks for

the men. The wedding anniversary dinner program encompasses almost 50 DQs in Central and West Texas that are a part of the Chapman Fast Foods organization. Woody Frazier is manager of the Haskell Dairy Queen.

**B&PW Holds Easter Breakfast**

On Wednesday morning at seven o'clock in the Haskell Steak House dining room, members of the Business and Professional Women's Club and their guests enjoyed the annual Easter breakfast.

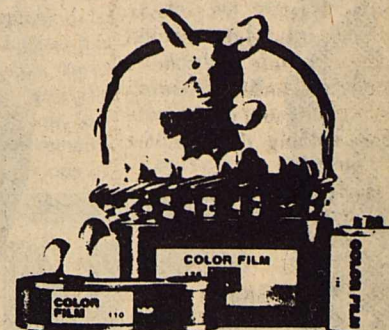

The head table held an arrangement of pastel lilies with single lilies on ribbons extending in either direction from the center arrangement. Other tables held small baskets of assorted spring

flowers. Places were marked for each individual with a small booklet complete with purple ribbon marker and miniature flowers entitled, "He Is Risen".

Ramla Lee Frazier, club president, extended greetings to members and guests. Nettie McCollum gave the Club Collect. Mrs. Frazier also read an invitation to the Colorado City's Club, celebrating their fiftieth anniversary.

Tom Jones, minister of the First Christian Church and guest speaker, was introduced by Madalin Hunt. Reverend Jones spoke briefly on Easter before going into the main theme of his address, "He Lives". The address was closed with prayer. Easter eggs were brought by each attending the breakfast for the Abilene State School, one of the club's projects.

MRS. ROBERT LEE PIPPIN

# Pippin-Jones Wed Jaycees To Elect Officers And Directors

Claire Mary Elizabeth Jones of Fort Worth, formerly of Hayling Island, Hampshire, England and Robert Lee Pippin were united in marriage April 7 at 2:00 p.m. in St. Rita's Catholic Church in Fort Worth. Father Winaski, St. Rita's Catholic Church, officiated.

The bride is the daughter of Mr. and Mrs. A.E.E. Jones of Hayling Island, England. The bridegroom is the son of Mrs. Jack Pippin and the late G.M. Jack Pippin of Haskell.

Organist was Mary Pastusek. Soloist was Karin Sherrill Pippin, sister of the groom, of Austin.

Given in marriage by her father, the bride wore a dress of white silk organza with an empire waistline and stand up collar reembroidered in hand applied Belgian lace. The illusion sleeves and chapel length train were bordered with Belgian lace. Her fingertip length illusion veil was held with a Belgian lace pillbox and was bordered and reembroidered with Belgian lace. She carried a white prayer book topped with white orchid bouquet with white roses and bridal wreath.

Matron of Honor was Helen Jones Pendlebury, sister of

the bride, of Hayling Island, Hampshire, England. Bridesmaids were Jacqueline Teasdale of Fort Worth, formerly of Hayling Island, Hampshire, England and Jacqueline Jones, sister of the bride, of Hayling Island, Hampshire, England. They wore periwinkle blue polished cotton dresses with darker blue daisies and matching headresses. They carried periwinkle blue and white silk roses and daisy nosegays.

Best Man was James C. (Jim) Pippin, brother of the groom, of Austin. Groomsmen were Phil T. Schultz of Dallas and Wayne Davis of Haskell. Ushers were Corky Collins of San Antonio, Mike Miles of Plano, and Ron Wilson of Snohomish, Washington.

A reception hosted by the bride's parents was held in the Auditorium of St. Rita's Catholic Church. Members of the houseparty were Mrs. B.C. Chapman, Mrs. Charles Chapman, Mrs. Betty Davis, Mrs. J.C. O'Neil, all of Haskell; Mrs. Wm. P. Schultz of Richardson, Mrs. Ron Hagadone of Ft. Worth, Miss Sue Mahoney of Dublin,

Ireland and Miss Christene Law of Hayling Island, England.

After a wedding trip to the Hawaiian Islands, the couple will reside at 4312 Curzon Street in Fort Worth.

The bride attended Purbrook Schools, Hayling Island, England; Portsmouth Group School of Nursing, England and Harris Hospital School of Registered Nursing.

The groom attended Haskell High School, McMurray College, The University of Texas at Austin and Harris Hospital School for Hospital Pharmacy. He is employed as Assistant Director of Pharmacy, Osteopathic Hospital in Fort Worth.

A rehearsal dinner was held at Rivercrest Country Club and was hosted by Mrs. Jack Pippin, mother of the groom, and his grandmother, Carrie Sherrill Williams on Friday evening at 8:00 p.m. Guests were from Haskell, Dallas, San Antonio, Plano, Austin, Snohomish, Washington and Hayling Island, Hampshire, England.

The Haskell County Jaycees will elect officers and directors this Thursday night, April 12, during their regular weekly meeting. These elected officers will serve a one year term beginning May 1 and will be responsible for the direction and administration of the chapter's activities. Five officers and eight directors, as well as the state director will be elected by the members, and every office with the exception of two are opposed.

Those candidates for office are:  
President: Charles Andress and Eddie Hester.

Internal Vice President: Ricky Lee Andress and Mike Jordan.

External Vice President: Gwynn Butler and Bo Owens. Secretary: Jake Dusak, Jr. and Thurman Howeth, Jr.

Treasurer: Ronnie Reynolds.

State Director: James Davis.

Directors: Gene Butler, Jack Martin, Jr., Robert Slayton, Mike St. John, Irvin Unger, Jack Rueffer, Mike Cook, Larry Walton.

All Jaycee members are

urged to be at this meeting and have a part in deciding those who will serve them for the coming year. Thursday night, April 12, at 8:00 p.m. in Haskell City Hall.

## Darrell Feemster Is New Pastor At East Side

Darrell Feemster has accepted the call to pastor at East Side Baptist Church, Haskell. Bro. Darrell, his wife Connie, and their two daughters, Stacy, 3 and Shelly, 1, moved here from Samnorwood where he was the pastor of the First Baptist Church, Samnorwood.

Bro. Darrell has pastored since 1974. He was ordained to the gospel ministry by Quail Baptist Church where he pastored for three years. He then moved to First Baptist Church, Samnorwood and pastored there two years.

Bro. Darrell first went to Clarendon Jr. College on a basketball scholarship and later graduated from Wayland Baptist College where he received the Outstanding In Religion Award and his B.A. degree in religion.

"We are proud to be in Haskell. This seems to be a very warm and friendly community. I know we will enjoy our ministry here."

## Weinert Matrons Hear Book Review

The Weinert Matrons Club met Thursday, April 5 in the First Baptist Church in Weinert.

Rule and Rochester club members were invited to meet with Weinert members, but Rule members did not attend.

Mrs. Lena McGee, Mesquite District President, was a special guest. Another special guest was Mrs. Elizabeth London of Throckmorton.

Mrs. Paris Barton and Mrs. D.L. Moody registered guests at the door. Mrs. Jerry King played organ music as members and guests assembled.

The president, Mrs. R.C. Liles, presided and called upon Mrs. W.A. King to introduce the speaker. Mrs. King introduced Mrs. London who gave an interesting review of *The Horse and Buggy Doctor*, by Arthur E. Hertzler, an early-day physician.

Mrs. London said that Dr. Hertzler told of his visits by horse and buggy to many of his patients. Then later he used a Model T Ford as a means of conveyance. He told of operations on kitchen tables and of low pay for many of his visits. The book contains both humor and sadness and was nostalgic for most of the club members.

Mrs. Liles presented gifts of appreciation to Mrs. London and to Mrs. Jerry King.

Hostesses for the day were Mrs. J.A. Mayfield and Mrs. W.C. Winchester. They used fresh carnations on the lace covered table and served colorful refreshments of sandwiches, cookies, mints, salted nuts, and punch.

The next club meeting will be an all day meeting May 3 in the home of Mrs. W.C. Winchester.

## Cora Proctor Is Artist Of The Month

The Brazos West Art Association will sponsor Cora Proctor of Haskell as the Artist of the Month for the month of May and her paintings will be on display at Iva Lee's Fabric Shop.

The public is encouraged to drop by and enjoy the work of this talented young artist.

# HOW TO BUY A LAWN MOWER.

**VACUUM ACTION.** Check to see if it has powerful vacuum action that cleans your lawn as it mows, an optional mulchizer that mulches grass clippings and an optional Snapperizer that pulverizes leaves.

**LARGE GRASS BAG.** Look for a bag that needs emptying less often. One that's between the handles for easy maneuvering in tight spots.

**TRACTION DRIVE.** Be certain the self-propelled mower has rear-wheel drive for greater traction.

**SIX SPEED.** Check to see that it has a 6-speed transmission for easy handling.

**CHECK LIST.** Now, if it has everything we've mentioned, buy it. It's a Snapper.

All Snapper mowers meet A.N.S.I. safety specifications.

# SNAPPER

**Vergil Smith likes LX571**

"We were pleased with yield, fiber quality, micronaire and growth in every way. Our LX571 was produced with very little rain... until we had the flood in early August. LX571 made cotton through it all. We will plant certified LX571 again in 1979."

# About the House

Sylvia K. Lowe, a member of the National Home Fashions League, is Floor Fashion Specialist, GAF Corporation.

## Invite The Sun To Your Kitchen

Here is a "unifying" decorating scheme that will lend a "sunbelt" ambience to any kitchen-dining area. The trick is to use a common decorative scheme in colors, furnishing and flooring. The bright "southwest-influenced" kitchen and dining room shown here features the natural glow of warm woods in cabinets and furniture against the soft coolness of stucco walls, rich in architectural detailing. And—providing character and focus for the setting—is the handsome GAFSTAR floor of "Mexican Agate," a modern version of the classic pattern.

The intriguing design features varicolored "marble" pieces set in a sea of tiny textured chips in a deeply em-

bossed pattern of sheet vinyl. The result—the look of agate at a fraction of the cost. Important elements in this sunbelt scheme are the massive leather-covered chairs and the hand-hewn table which literally demand the structural support suggested by the agate pattern floor. Adding to the entire effect are the colors which are kept to the desert hues and are highlighted in the natural textures of the straw basketry, place mats, pottery and plants. A little imagination can bring the sunny, rustic charm of the Southwest into your kitchen-dining room—just remember to select natural colors and textures in furnishings, underscored by a natural-looking vinyl floor. Ole!

# Solar Energy Helping Students Learn To Fly

STILLWATER, OKLA. — Cloud gazing will be part of the homework for some Oklahoma State University students this Spring.

The intense study of the white wisps of early Spring skies will become important to those in one of the more exciting and unusual courses offered at OSU—Soaring.

Soaring is the sport of keeping a heavier-than-air motorless aircraft aloft for long periods of time.

Sailplanes and gliders are

designed to make use of solar energy (in the form of rising hot air or wind) to enable a pilot to gain altitude and fly without the aid of an engine.

Clouds are important to sailplane pilots because they "mark" rising columns of warm air called thermals. The trick is to be able to pick out clouds that are beginning to form, signifying a new thermal, from those clouds that are decaying and mark a dying thermal.

Although sailplanes, and to a lesser degree gliders, are designed to make use of these air currents, the pilot is still the primary contributing factor in

whether or not a ship will stay up or come down.

"Soaring, like aerobatics, is another avenue open to pilots who want to become better pilots, and at the same time offers an opportunity for non-pilots to enjoy flight at a reduced cost over power flying lessons," said Randy Roberts.

Roberts, OSU's glider instructor, noted that the university's college of education, through its aviation education department, is offering training that can lead to a glider rating.

Future glider pilots need not have previous flying experience. The average "from

scratch" beginner can solo in about 20 flights. A license can be obtained with an additional 20 to 30 flights for a total of at least 10 hours of flying time.

A "from scratch" glider rating is quite a bit less expensive than a power rating (regular pilot's license), and youngsters can begin as soon as they can reach the controls.

The safety record of soaring is so good that the government allows 14-year-olds to solo and 16-year-olds to obtain their licenses.

Private pilots, and those with additional ratings, can "transition" into gliders very easily. It can be done in a weekend. All that is needed are

10 solo flights. Five dual flights, on the average, are needed to solo.

There is no written exam for private pilots who are transitioning. Beginners take a simplified test and no physical exam is needed by either.

"Glider" and "sailplane" are almost interchangeable terms.

In many countries, such as England, the term glider is used almost exclusively. In America, however, a glider has come to be known as a lower performance aircraft and the sailplane as a high performance ship capable of remaining aloft for longer periods of

time in equal weather conditions.

Training at Oklahoma State University is in an American built Schweizer 2-33. The trainer is towed into the air by a Piper Super Cub.

University students are not the only persons taking advantage of the soaring training available. OSU faculty and staff members are also taking lessons and obtaining their glider licenses as are several area residents.

Further information can be obtained about soaring by contacting the Soaring Society of America, P.O. Box 66071S, Los Angeles, CA 90066.

# Easter—A Time for Families

By Genevieve Millet Landau  
Director, Hasbro Center for Child Development and Education

The celebrations of Easter and Passover, like those of Christmas and Hanukkah, are among the few remaining traditions in our society which has so largely abandoned rituals and symbols. So it is more important than ever that this season be made a family time, a time when parents and children do things together, a time to share in a variety of ways—the joys and the deeper meanings—of the season.

Springtime is the true beginning of the year. Nature is reborn in the spring. For children especially, the lengthening days, the warming spring sunshine, heralds a welcome new world of active outdoor play. Youngsters can get out of the house to do all the active things they have been missing while winter weather limited their activities, and often kept them indoors. Bicycles, tricycles, wagons, roller skates come out of storage sheds, basements and garages. New games are learned. New territories explored.

Some of these new interests can be beneficially—and painlessly—channeled into programs of regular physical activity. In fact, this is a good time for the whole family to join in a fitness program. Grownups

can get into shape by brisk walking and hiking, jogging, playing tennis, exercising. Youngsters seeing their parents shaping up for spring and summer will be encouraged to follow suit, doing things geared to their own ages and interests. According to the President's Council on Physical Fitness and Sports, children should get at least one hour of vigorous physical activity every day. And research shows that children who see their parents exercising are more likely to want to be physically fit themselves.

Now is the time to start. Most of the outdoor games that kids like increase their coordination and strengthen their muscles without making a pressured, organized thing of it.

Easter marks more, of course, than the beginning of a new season of sports and outdoor play. The religious celebrations of Easter and Passover symbolize and reaffirm the values of community life and growth. This is why we give presents, dress in new and cheerful clothing, prepare festive meals to share with friends and family. Of equal importance are the tasks and responsibilities we share with our children at this time. For children learn their parents' values by doing, as well as by watching. By doing such simple chores as helping to rake the lawn, planting seeds, taking part in traditional spring cleaning chores, children develop a sense of responsibility and obligation towards property and the natural world. Taking part in such tasks not only

teaches values but it's great fun if everyone pitches in.

There are also lots of lovely, special things for parents and children to share during the Easter season. Simple things such as dyeing eggs, searching for new leaves and flowers, spying bird nests all take on new meaning when parents and children do them together.

To young children, Easter means presents, new clothes, chocolate bunnies, Easter eggs and baskets. But the season can be given its deepest meaning by teaching our children and reminding ourselves of the joys of helping others.

You might wish, for example, to have a collection party so your children and perhaps some of the neighbors' kids can donate to others, toys or clothing which are no longer needed. Clothes can be gathered and given to agencies which refurbish and distribute them to families who are less fortunate; toys and other possessions can be freshened up and repaired for other youngsters to enjoy. The Easter season is a time for new beginnings—in physical and emotional fitness and, above all, in caring and sharing.

*If you would like to have a free booklet on the importance of play, send for "The Wonderful World of Play" by Maria W. Piers and Genevieve Millet Landau. Write to Mrs. Genevieve Millet Landau 1027 Newport Avenue Pawtucket, R. I. 02861*

# Leisure Lodge News

Visiting Mrs. Lummie Westmoreland was her son, Mr. and Mrs. Lloyd Bradley Westmoreland, Ella Franklin, Nora Macon, Mrs. A.B. Arnett, Mrs. Ione Sheid, Minnie Dickey, Willie Geer, Mrs. Warren Doyle, Mrs. Ray Carter and Mrs. Buford Westmoreland all from Rule. Mrs. Ione Sheid also visited her brother, Tom Rogers. Mrs. Ray Carter and Mrs. Buford Westmoreland also visited with Mrs. Dona Westmoreland. Visiting Mrs. Nolberta Flores were her grandson, Mr. and Mrs. Paul Flores and daughter, Bredgette of Rule, Mrs.

Anselmo Camacho and son Eddie of Abilene. Mr. and Mrs. Lloyd Bradley of Goree visited his mother, Mrs. Lillie Bradley. Sunday services were conducted at 3 p.m. by the folks from the Church of God and at 4:00 by the Church of Christ. On Tuesday, the ladies and men from the Assembly of God Church brought the devotion and singing. On Wednesday night at 7, the Sweethome singers from Rule were over. On Thursday night, Mr. Juel Mitchell's granddaughter and niece of Kathryn Mitchell, Mrs. Don Bates and children, Sandy and Melissa and Linda Neate from Corsicana visited and sang. All expressed how much they enjoyed them as well as all the services.

Mr. and Mrs. G.C. Brockett, Mrs. J.T. Alexander of Weinert visited Mr. and Mrs. Jeff Smith and W.O. Lewis. Mr. Lewis attended the funeral of Cowboy Yates in Goree on Monday, and visited friends in Munday Leisure Lodge. Mr. Ernest McGuire and Mr. Raymond Mathison of Weinert visited Mr. Cy Crawford and Mr. Lewis. Mr. and Mrs. Monroe Murphy of Grandbury and Mrs. Vada Smith and Mrs. Betty Jo Watkins of Ft. Worth visited Mr. and Mrs. Jeff Smith and

Mr. Lewis. Mr. Lewis attended the funeral of Otis Simpson in Munday on Thursday and visited in the G.C. Brockett home. Mr. and Mrs. Billy Bob Shaw and daughters, Duann and Shawna, from Abilene visited his grandmother, Mrs. Mollie Jarred. We want to thank Mrs. Laura Overton and Mildred Green for coming out on Friday afternoon and presenting piano selections and singing.

Rita Barber and Ola White of Abilene visited Mrs. Maude Jones. Jerry Larned of Monahans, Eunice Sessions and Mrs. Jeff Tidwell of Bedford visited Mr. Joe Larned. Hazel Nolan of Abilene visited Mrs. Elsie Mitchell.

Mrs. Ivy Massie received telephone calls from both her

### Aerial Application For Brush And Shrub Control

The old mesquites are out. The first leaves were observed on April 7. Allowing forty to forty-five days of vigorous growth, the target tentative spraying date has been set for May 17th. There will be a

sign-up period at the Haskell County ASCS Office starting May 3 and lasting through May 9.

Check with your ASCS Office for information on the types of control that are available for use. Make your application for cost-share assistance with that office.

### Haskell SWCD Board of Directors Meet

The regular monthly meeting of the Haskell Soil and Water Conservation District Board of Directors will be held on May 18, 9:00 a.m. in the Haskell Chamber of Commerce Conference Room. Any and all producers with conservation problems that would like to discuss these problems with the Board of Directors will be welcome to attend. Anyone wishing to meet with the Board of Directors, problems or no problems, will be welcomed to attend Board Meetings.

All Board meetings are open to the public. The regular meeting date is the third Wednesday, monthly, at 9:00 a.m. in the Haskell Chamber of Commerce.

J.C. Yearly, Jr.  
District Conservationist

Pat Hale

**If LACIE is the answer, then what is the question? Well... it might end up as the answer to "How can the government spend a lot of money?", or it could be the answer to "How can we accurately predict crop results without on-sight inspection?".** Scientists are hoping it answers the second question since, if so, planning for U.S. farmers could be greatly simplified. LACIE is the fast way of saying Large Area Crop Inventory Experiment. Purpose of the experiment is to determine better ways of obtaining information on growing crops by satellite surveillance. Specifically, the tests involve a special kind of "photography"... using instruments which measure the amounts and intensities of heat or light reflected from the land. Researchers say there is a good chance the new devices can become sophisticated enough to accurately report crop conditions not only in the United States, but from any place in the world.

# Certified Seed Pays

In side-by-side field tests, cotton researchers have proven that certified seed produces higher yields than farmer-saved or select seed of the same varieties. And the extra production — as high as 18% more lint — is more than enough to pay for the cost of planting the certified varieties.†

Before you plant another row of non-certified seed, consider the advantages you get from Pioneer® brand certified cotton planting seed:

- Certified cotton planting seed from Pioneer has not undergone genetic deterioration in the field. Volunteer plants and undesirable cross-pollinations have been eliminated.
- Certified cotton planting seed from Pioneer is free from pests and weeds which often accompany non-certified varieties. You can be sure of the purity and uniformity in the seed and the crop it produces.
- Certified cotton planting seed from Pioneer is carefully handled and stored to avoid contamination by other varieties. Then, if it doesn't meet high standards for germination and purity, it's not used.

Certified LX571\*

Your hedge against drought. Produces top yields of high quality cotton even under tough, dry conditions.

Certified Lankart 57

Long-time favorite on dryland. Consistently good yielder with excellent fiber qualities.

Certified Lankart 611

Early-maturity favorite. Vigorous plants produce large bolls of high quality lint. Good stripper.

Pioneer Hi-Bred International, Inc.  
Southwestern Division  
Plainview, Texas

PIONEER SEEDS

†For research details contact the Agronomy Service Department, Pioneer Hi-Bred International, Inc., Southwestern Division, P.O. Box 788, Plainview, Texas 79072.

\*LX571 is a U.S. protected variety (Plant Variety Protection Certificate No. 7200018). Unauthorized propagation and unauthorized seed multiplication prohibited by law. This variety of cotton planting seed can be sold by variety name only as a class of certified seed. It is unlawful to sell non-certified seed of this variety.

The limitation of warranty and remedy attached to each bag of Pioneer brand seed is part of the terms and conditions of the sale thereof.

Registered trademark of Pioneer Hi-Bred International, Inc. Pioneer is a brand name; numbers identify varieties.

# Sagerton News

We were able to raise almost \$600 dollars for the McCauley school district at the Hee-Haw in Hamlin Friday night. A nice crowd turned out to help us with this charitable benefit. We want to thank them and the local papers, radio, and television stations who generously helped us with publicity.

The Friday night performance marked the end of the Sagerton Hee-Haw for another year. Next year we will have our 10th anniversary show and plans are already underway for a really spectacular production.

Sunday was a big day at Faith Lutheran Church. Donny Barbee, his daughter, Mitzi, and Lou Corzine were baptized, then following the baptisms, Debbie Manske, Dewayne Monse, Joann Swofford, Donny Barbee, Lou Corzine, and Jacky and Gail Ray were confirmed. It was good to see the church so full.

Tonight will be Maundy Thursday services with Holy Communion at 7:30 p.m. Anyone is welcomed to attend. Good Friday services will be held at the First United Methodist Church in Stamford at 7:00 p.m.

Saturday there will be a workday at the church and all members are urged to attend. Then Sunday morning the Brotherhood will cook and serve breakfast in the Parish Hall from 8:30-10:00 a.m. prior to Easter Sunday worship.

Mr. and Mrs. Jack Monse Jr. honored their son, Dewayne, their son-in-law, Donny Barbee, and their granddaughter, Mitzi Barbee, with a dinner in their home Sunday. Donny and Mitzi were baptized and Dewayne and Donny were confirmed at

Faith Lutheran Church. Guests included Mr. and Mrs. Donny Barbee, Eric and Mitzi, Dewayne Monse, Mr. and Mrs. Leo Monse, Sr., Mr. and Mrs. J.R. Barbee of Rule, Mr. and Mrs. Norvell Lehrmann and Marla of Rule, Mr. and Mrs. Franklin Mrazek, Bubba and Dana of Aspermont, Pastor and Mrs. Steve Ritter, Jeff and Sarah, Mrs. Otto Schaake, Mr. and Mrs. Bobby Don Smith of Rule, Mrs. Wallace Dudensing, Lyn Dale Dudensing, Carol Dudensing of Lubbock, Mr. and Mrs. Ricky Lehrmann of Lubbock, Tony Carter of Rule, and Larry Hobratchk of Littlefield.

Mr. and Mrs. Fred Baitz and Kacy were Sunday guests in the home of Mr. and Mrs. Roy Letz of Rule.

## Boggs & Johnson

### Is New Gibson

### Appliance Dealer

Boggs and Johnson announces that they have been chosen to be the new Gibson Appliance Dealer in Haskell. Many factors went into this mutual relationship. Boggs and Johnson is noted for offering service on what they sell. The extended warranty of 10 years on Gibson refrigerators makes this appointment an even better deal for the dealer's customers.

Gibson appliances are quality products with eye-appeal and energy savings in every appliance. They offer a wide range of options to the customer. Boggs and Johnson will back up these products with their own personal guarantee of satisfaction.

## DRIVELINE

**PORTRAIT OF A TRAGEDY:** What's the leading cause of death for teenagers 15-19? Motor vehicle accidents, the majority of them related to alcohol. A typical fatal teenage accident occurs on a Friday or Saturday night between 10 p.m. and 1 a.m., within 10 miles of the driver's home. There are three or more youngsters in the car, and they are usually "cruising" rather than headed for a specific destination. The accident occurs within an hour after the victim has engaged in moderate to heavy drinking.

**HISTORY LESSON:** Who got the first traffic ticket? Probably Elwood Haynes, an early auto engineer and designer. A bicycle riding policeman ordered him off the streets of Chicago in 1895. . . . No one knows for sure, but a strong contender for the world's "first" bicycle is a pair of crude wooden wheels joined together by a bar and dating back 3,000 years to Babylonia. If it isn't the first bicycle, how about world's first skateboard?

**FIRST PEDALS?** One thing is known for sure. A canny Scotsman named Kirkpatrick MacMillan was the first inventor to fit the bicycle with pedals. He did it in 1839.

**WHY IS THE ROAD SLICKEST WHEN IT FIRST STARTS RAINING?** Simple. The rain, when it begins to fall, mixes with road dust and oil — that's about as slippery as ice. Before a hard rain washes this film away, streets and highways are most dangerous.

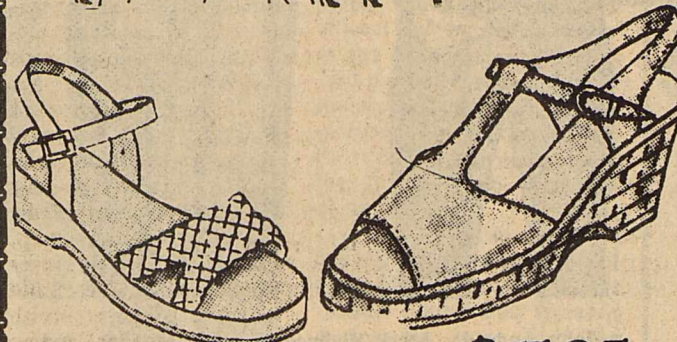

**COMMUTER DIVIDENDS:** Commuting ten miles every work day costs the standard size car owner about \$750 a year, says DOT. If you car-pool with one person, you save \$375. With three others, you save \$562.

**RIGHT OR WRONG?** With 900,000 acres of right-of-way, is the Texas Department of Highways and Public Transportation the world's largest landscape gardener?

Share your questions, anecdotes and observations with us. Write to: Texas Office of Traffic Safety P.O. Box 1165 Austin, Texas 78767

## Boat Registration Required

Many Texas boat owners are still not familiar with the boat and motor titling rules administered by the Texas Parks and Wildlife Department.

Even though the Texas certificate of title law became effective over three years ago, Texas game wardens are still finding unregistered boats on public lakes in Texas.

All new/unregistered motorboats in excess of 14 feet in length, and new outboard motors of 12 or more horsepower are required to be titled when bought, transferred or sold.

Title applications and manufacturers statement of origin must accompany a request for boat titling for new boats and outboard motors.

All boat hulls (new and/or old) less than 14 feet in length and outboard motors (new

and/or old) less than 12 horsepower are not required to be titled, but may title if the owner so desires.

There is a procedure for the Seller and Buyer to follow.

The Seller must: (1) execute bills of sale if titles for boat and outboard motor have not been issued; (2) properly assign titles to purchaser if titles have been issued.

Licensed marine dealers must use dealer assignments and show current dealer number. All must notify the P&WD within 15 days from date of sale.

The Buyer must obtain and fill-out applications for title (boat and motor) and mail or bring to the P&WD office applications, assigned titles or notarized bill of sale with the required fees (title fee \$3.50 for each boat or outboard motor in addition to a transfer

fee of \$1). Application forms may be obtained from the P&WD offices or the marine dealers.

In addition to obtaining certificate of title for boats over 14 feet in length and outboard motors over 12 horsepower, all motorboats operating on public waters must be issued a certificate of number. This number regulation has been required for 11 years in Texas.

Boaters cannot operate their motorboats without this certificate of number on board, therefore, boaters should ex-

ercise care so as not to lose this certificate.

If you lose or accidentally destroy this certificate, a new "Duplicate" can be obtained by filling out form PWD-309 and mailing the form together with a statutory fee of \$1 to the P&WD, 4200 Smith School Road, Austin, TX 78744.

All boats are required to display the assigned number on both sides of the bow. Only this assigned number can be displayed along with the validation decal.

Additional information about the lawful operation of your motorboat is included in the Digest of the Texas Water Safety Act available at all P&WD offices or Texas game wardens.

More information can be obtained by calling toll-free 800-292-9327.

### Screening

### Clinic Set

April 19

A free Screening Clinic will be conducted at the Community Action Center, 706 North Avenue DE on Thursday, April 19, 1979 from 10:00 a.m. to 12:00 noon.

The Texas Department of Health will conduct these clinics monthly on the third Thursday of each month.

This program includes screening of Blood Pressure, Diabetes, Anemia, Skin Disorders, Height and Weight.

If an abnormality is found, the person will be notified and referred to their physician.

The regular Immunization Clinic will be held the same day from 1:00 p.m. to 4:00 p.m. This will include DPT, Polio, DT, Measles, Mumps, and Rubella. This clinic is free to residents of Haskell County and the surrounding area.

If anyone needs a ride to either or both of these clinics, please call 864-3053 the day before so that we might pickup several at the same time and save trips and time for the staff.

### Special Services

### Announced

Special services have been scheduled at St. George's Catholic Church in Haskell.

The services are: Thursday at 8 p.m., Mass of the Holy Eucharist and Adoration; Good Friday, noon, city wide services at First Christian Church, 7 p.m. celebration of the Lord's Passion. Veneration of the Holy Cross and Holy Communion; Sabado de Gloria, 11 p.m., Blessing of Fire, Blessing of Water and Midnight Mass; Easter Sunday, Mass at 9 a.m.

### BAKE SALE

Haskell Girl Scouts will hold a bake sale this Saturday for their annual fund drive. The sale will be held in front of Bill's Dollar Store and The Hayloft and will begin about 9 a.m.

### Winds Win

### Again At

### Bass Tourney

The Haskell Bass Club held their second monthly Bass Tournament last weekend. The gusty winds that we were supposed to have in March have seemed to wait until April for the fishermen.

There were only seven men that braved the winds to fish on Saturday. Bill Letterman was the only one that managed to catch a bass large enough to weigh in. With one fish, he managed to capture the big bass and big stringer prize.

Sunday's fishing proved to be as bad as Saturday's. The wind was not blowing out of the South Sunday but had changed to the North. Only five fishermen were brave enough to face the wind. There was about the same results Sunday as Saturday with only Bill Mullen able to catch two fish large enough to weigh in.

All fishermen in the bass club are just waiting for the weather to settle down for the fishing to pick up. There are rumors of a few big bass being caught once in awhile but nothing steady.

The next meeting of the Haskell Bass Club will be Monday, May 7 at the Haskell City Hall.

### Around Town

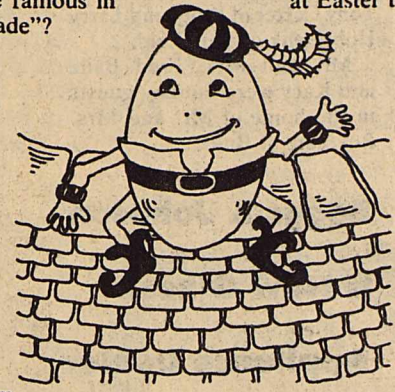

Visiting Mr. and Mrs. C.E. Tidwell Friday were Ruby Tidwell and Dub Tidwell of Potter, California. They all went to Denton and visited Mr. and Mrs. J.W. Romine. Joining them were Dan Burson of Arlington and Mr. and Mrs. Travis Burson of Lubbock. They all spend Saturday night in the Dan Burson home in Arlington.

Christine Green, Julie Wallace and Doris Walker of Potpourri Hair Fashions went to Wichita Falls Sunday, April 8 to a Hair Dressing Seminar. Mr. Ray of Alabama was the guest speaker.

## EASTER QUIZ FOR PARENTS AND CHILDREN

By Genevieve Millet Landau  
Director, Hasbro Center for Child Development and Education

1. What is the name of the nursery rhyme character who is really an egg?
2. Name Peter Rabbit's brothers and sisters.
3. What is the dish commonly called "Welsh Rabbit" made of?
4. What is another spelling of this dish?
5. Where does the parade take place that songwriter Irving Berlin made famous in "Easter Parade"?
6. What festival is celebrated the day before Lent begins?
7. What flower is especially associated with Easter?
8. Where is Easter Island and for what is it famous?
9. What is the traditional Easter game played each year by children on the lawn of the White House in Washington?
10. Is Egg and Dart a game played at Easter time?

- Answers:**
1. Humpty Dumpty.
  2. Flopsy, Mopsy and Cottontail.
  3. Malted cheese.
  4. Rabbit.
  5. Fifth Avenue in New York City.
  6. Mardi Gras or Fat Tuesday. Celebrated by carnivals in New Orleans, Rio de Janeiro and other cities throughout the world. Officially it is called Shrove Tuesday.
  7. Easter Lily.
  8. Located in the South Pacific. It is famous for its ancient stone heads whose origins are unknown.
  9. Egg Rolling.
  10. No. It is a form of decorative molding used in architecture. a score of 8-10 is excellent. 5-8 is good. Under 5 Better luck next time.

If you would like to have a free booklet on the importance of play, send for "The Wonderful World Of Play" by Maria W. Piers and Genevieve Millet Landau. Write to

## Rice Springs News

The Church of God has been bringing the Sunday morning services for the month of April. These services are being enjoyed by all.

Zina Bills and Hallie Morgan of Rule visited with Ora McCollough.

Mr. and Mrs. O.O. Posey and Neta of Knox City visited with Edna Collins.

Alice Bredthauer of Sager-ton and Bertha Vasek of Amarillo visited with their mother, Emma Lammert.

The Tom Watson Gospel singers entertained the residents Tuesday night with some very beautiful Gospel singing.

Trudie Bush welcomed visits from Flora Smith, Mrs. Raymond Smith, Mrs. Hollis Rucker, and Neda Threat all of Rule.

Mr. and Mrs. Allen Davis of Old Glory visited with Mr. and Mrs. Luther Hines.

Visitors of Alma Cole included: J.C. Lewis, Rev. Waylon Dowden, Mr. and Mrs. Ed Verner, Odessa Rucker, Earlene Smith, Mary Sue Henry, Ruth Eaton, Mildred Chambers, Nell Estes all of Rule, Lynn Williamson of Oklahoma City, Oklahoma and Mr. and Mrs. Allen Davis of Old Glory.

Mr. and Mrs. Lynn Williamson of Oklahoma City, Oklahoma and Sena Mae Murray of Rule visited with Ada Williamson.

All the residents would like to welcome Angie Mullino.

Alvena Holle enjoyed visits with Mr. and Mrs. John Bednarz of Denver City, Mr. and Mrs. Clyde Isbell of El Paso, Lillie Lehrmann, Mrs. Steve Lehrmann, and Mrs. Alvin Bredthauer all of Sager-ton.

Emmie Conner, Peggy Kittley, Mary Place, Mrs. John Estes, and Mildred Chambers of Rule visited with Charity Bradley.

Milton Reeves of Knox City visited with Joe Teague.

Mr. and Mrs. Bill Slater and girls of Ft. Worth and Doris Slater of Hutchinson, Kansas, visited with Bill Harrell.

Mr. and Mrs. Sam West of Lubbock visited with Jim and Dutch Cross.

Visitors of Maggie Martin included Nora Macon, Ella Franklin, Mr. and Mrs. Grady Bristow, Clara Hines, Lucy Williams, Lavern Lee and Julie, and Earlene Smith of Rule, Beulah Hosea of Munday, Karen Smart and Children of Rochester, Ada Snyder of Seymour, and Terry Sellers of Lubbock.

**SALAD LUNCHEON**  
The First United Methodist Church will hold its annual salad luncheon Saturday, April 28, from 11:00-1:00. Tickets will go on sale this week.

PEARCE FAMILY

## Pearce Family To Present Program Easter Sunday

Coming soon are "The Wesley and Dorothy Pearce Family" with a unique ministry presenting God's Word and singing of the Gospel. Their ministry will lift your spirit in praises to the Lord. Services are planned for 2:30 p.m. Easter Sunday, April 15, 1979 at the Haskell Four-square Church.

Wesley Pearce was born and educated in Sask., Canada. He became a Christian while serving as a photographer in The Royal Canadian Air Force. He received the baptism in the Holy Ghost which has given him greater power in his Christian experience.

After leaving the Air Force in 1964, he met and married Dorothy Wilbourn in Coolidge, Arizona. She was born in Texas and was converted at the age of 9, then at age 15 was filled with the Holy Spirit.

The Pearce's have been singing and testifying of the many miracles of Jesus throughout Canada and the United States.

The Pearce's are honored to present their five children, ranging in ages 4 through 11, singing with enthusiasm and spirit, with their parents. Wesley and Dorothy feel it is important the children partici-

pate as a family working together in the ministry God has chosen for them. They minister to people of many denominations, and have a fervent love for the service of the Lord. They have appeared on television and radio, and have long play albums, 8 tracks and cassettes available.

"Serve the Lord with gladness: come before his presence with singing." Psalms 100:2—Come be with us and be encouraged!

## Lorene Raines Presents Art Program

The Brazos West Art Association met April 9th in the Haskell National Bank's Community Room to elect officers for the September through May year of '79-'80. Officers elected are: President, Ora Childress; Vice President, Pam Thigpen; Secretary, Peggy Middlebrook; Treasurer, Juanita Rhea; Reporter, Fern Livengood. These officers will be duly installed at the May 14th meeting at 7:30 p.m. in conjunction with the annual salad supper. All members are urged to bring the recipe along with the salad they furnish for an "exchange of recipes".

The Association will be hosting their annual art show May 23, 24, and 25 at the Haskell County Fair Grounds during the same time the Haskell Jaycees are sponsoring the Frontier Days. This art show will be for members to display or sell their work.

The guest artist was Lorene Raines of Childress. She is a well known artist and art instructor who delights her audience and students with her enthusiasm with color and composition and her "special vocabulary" describing her brush strokes. Mrs. Raines demonstrated how to paint yellow roses in oil and completed a beautiful oval canvas of three open roses and two buds. She had on display many of her floral paintings for the members to view. Mrs. Raines is conducting a three day workshop in Haskell to be concluded April 12.

Hostesses for the evening were: Fern Livengood, Louise Holt, and Rene Baliff all of Stamford. They served refreshments from a table decorated with hand made sugar Easter eggs depicting tiny Easter scenes inside each egg.

## Carolyn Dance To Present Study Club Book Review

MRS. TOM DANCE

Tickets are now on sale for Progressive Study Club's annual book review by Carolyn Dance, to be presented at 7:30 p.m. April 26 in the Haskell National Bank Community Building.

Mrs. Dance has reviewed for hundreds of women's clubs, church organizations and library clubs across Texas and Oklahoma for the past 10 years. She wrote and narrated the 1976 musical Christmas program for the Woman's Club of Dallas and also wrote and narrated "The Living Christmas Tree", performed by the First Baptist Church of Dallas before 15,000 in 1975.

1976 and 1977. The videotaped program was shown on channel 39 and affiliated stations across the country and was also shown in China and Africa.

She will be reviewing "A Woman of Independent Means" by Dallas author Elizabeth Forsythe Haley. Material for the book was taken from letters written over a period of approximately 50 years by the author's grandmother, a Dallas pioneer woman.

Tickets at \$2.50 each may be purchased from any member of Progressive Study Club.

## Pageant Set For Easter Sunday

The Kendrick Religious Pageant, The Life Of Christ, will open its 15th year of productions with the annual Easter Pageant at 3:30 a.m. on Easter Sunday.

The entire Life Of Christ from birth through the resurrection will be portrayed in sixty scenes, be a cast of people from all walks of life and religious denominations who devote many hours of their valuable time for rehearsals and presentations.

Included with the cast is a grey donkey for the Mother Mary, a white donkey for the Triumphant Entry of Jesus, and a camel for the Wisemen.

The script is taken word for word from the King James version of the Holy Bible with nothing added or taken from.

This production is one that no person can sit through and leave the grounds afterwards with the same feeling in his heart he came with.

Admission is a free will offering. Restrooms, free parking, and a concession stand are on the grounds for your convenience. Free overnight camping on the grounds is allowed.

Summer productions of the Life Of Christ will be each Thursday and Friday night at 9 o'clock beginning June 14 through August 17, 1979.

Also, Texas' only All Religious Diorama and Museum, located on the pageant grounds, is open seven days of the week, year round from 10 a.m. til 5 p.m.

This Diorama is 16 scenes from the New Testament set with over 100 life sized figures, narration, and background organ music for each scene. As you view the scenes, you are actually standing right in the midst of the figures, giving you the feeling of being right there with Jesus and His followers. Admission is children 6 to 12 \$1.00; Adults \$1.50.

So, now, plan a spirit filled weekend and come to the Life of Christ Pageant halfway between Cisco and Eastland on U.S. Highway 80.

## Letters To The Editor

Dear Citizens of Haskell,

My husband and I want to thank you for your hospitality at the City Park. It was nice and quiet, peaceful there and we were able to rest up from our ride from Why, Arizona.

We winter this way every year because of my husband's open-heart surgery and Parkinson's.

We want you to know that all the merchants made us very welcome and we enjoyed shopping for our necessary items and more. We got gas, butane, clothing, drug items, hardware, and cosmetics. As we're not in any hurry to get back to the snow, we spent time and money in your town square the leisurely way and will not have to shop at home. So we overstayed our visit!

Thank you again and do not come up to our part of the country until summertime! Mr. and Mrs. Floyd Nein Fargo, North Dakota

## Kissing Has Problems Also

Kissing has very few drawbacks. But everything has its problems and kissing is no exception. Mononucleosis, which is transmitted mainly by kissing, can make your pucker power go limp for weeks.

But lovers need not worry too much. The disease is not serious enough to make people want to avoid kissing entirely—except for maybe a couple of weeks when fever, sore throat and other major symptoms are apparent. Malaise (a medical term for generally feeling rotten), fatigue, headache, swollen glands, and rash are a few other symptoms, according to an article in the December issue of Texas Medicine, the Texas Medical Association's monthly journal.

Aside from the interesting way it usually is transmitted, the disease has very little

going for it. In its most serious form it can cause ruptured spleen, inflamed brain tissues, liver problems and death. Luckily these very serious problems occur in only about 1 percent of "mono" cases. But even less serious cases may need medical attention.

Since many of its symptoms are similar to those of other diseases, it often takes a physician and laboratory tests to determine that a problem really is mononucleosis. Once other diseases are ruled out, treatment often is simple. Bed rest, aspirin or similar pain relievers, and salt water gargles for sore throat are the main treatments in many cases, the article said.

A few people have to undergo all the misery of mono without the pleasure of getting it by kissing. Shared beverage bottles have been

blamed in a few cases. Children as young as 1 year have gotten it and since they don't engage in heavy-duty kissing, obviously the disease can spread other ways. But these ways are rare compared to kissing. One researcher described the main transmission method as "kissing of more than filial affection." In concrete terms, that's the kiss from a steady sweetheart after the prom compared to a peck on the cheek from grandma at

Christmas. There is more support for blaming kissing as the main culprit when you consider that the main group of mono victims are between ages 15-25, a group that tends to do more than share beverage bottles on dates. But a 78-year-old victim also has been recorded. If someone that age has to be sick, hopefully he or she got it from something besides a beverage bottle.

## CB'ers Plan Jamboree June 30

Rehab CB'ers, a volunteer group of citizen's band radio operators, has announced plans for a two-day Rehab CB'ers Jamboree June 30 and July 1, 1979, with all proceeds benefitting the West Texas Rehabilitation Center.

The two-day "coffee break" is expected to attract several thousand CB'ers from throughout the nation. A spokesman for the group stated that groups from as far away as Arizona and Pennsylvania are planning to be on hand.

The Jamboree will feature "Waco Tomcat" as the master of ceremonies, and will include entertainment, display booths, food booths, and numerous door prizes.

Businesses wanting booth space for the Jamboree should contact Jack Johnson (915) 692-0800 or James McKinnon (915) 698-1959.

Rehab CB'ers was organized one year ago for the expressed purpose of assisting the West Texas Rehabilitation Center in its program of services to its patients.

### Congressional Comment

## Federal Paperwork Creating Problems

Charles W. Stenholm, M.C.  
17th District of Texas

Federal paperwork generates almost seven million cubic feet of paper annually and contributes to an economic burden of more than \$40 billion a year. This massive wasted effort stifles innovation, inhibits productivity, and accelerates inflation. This information glut is a reflection of a society that is beginning to mistrust itself. Paperwork intensive programs are brought about because society begins to doubt the integrity of a certain sector of the economy. In the last several years mistrust and hostility have given us the Occupational Safety and Health Administration to regulate the health and safety in our businesses; ERISA recently extended massive regulation over many of our pension plans; the Equal Employment Opportunity Commission often tells employers who they can hire and fire; and the IRS, the biggest paperwork transgressor of them all, continually gives us conflicting and inaccurate information and then threatens reprisals for ignorance of the law. What government is saying is that I do not trust the way you run your affairs, therefore I am going to regulate them and make you disclose every detail no matter how trivial. This situation breeds hostility as people become resentful of having someone constantly looking over their shoulder and interfering in their affairs. No comprehensive legislation has ever been enacted to alleviate this problem and

concerned citizens are beginning to ask why. The answer is that bureaucracies are formed to respond to a particular need and once they perform their function, they are not disbanded but continue in existence. In an effort to justify their existence, they issue needless reports and require unnecessary paperwork. Also, it is extremely difficult to form a consensus on how to approach this problem. Everyone wants to lessen the burden but no one wants his fiefdoms to be touched. Environmentalists resist attempts to limit the authority of the EPA. OSHA is supported by labor organizations, and other regulatory agencies are often supported by the very industries they regulate.

Certainly I believe in such goals as maintaining a quality environment and protecting the health and safety of our citizens, but these results cannot be attained efficiently by bureaucrats who promulgate uniform regulations for all sections of the Country. Certainly our problems in West Texas are much different from those of the people in New York City. We must remember that we live in a good society, not a perfect society, and that we will never cure all the evils of the world no matter how many laws we pass or regulations we promulgate. Regulating every aspect of our daily lives in order to correct a few isolated abuses is like killing a fly with a sledge hammer; it may sometimes be effective, but it is certainly not efficient. During my service here in

Congress I intend to do something about the problem of federal paperwork and regulation. I have joined a committee called the Forum on Regulation which is made up of a bipartisan panel of 160 members of Congress. This organization will try to form a consensus on what needs to be done to alleviate this problem. Also I serve on the Investigations Subcommittee of the Post Office and Civil Service Committee. This Subcommittee will shortly begin hearings on the paperwork issue. Your assistance in this effort will be helpful. I would welcome receiving your views about specific instances of federal paperwork that you consider excessive and unnecessary. With your help we can together seek a solution to this problem.

## 1978 Crop Almost In

The 1978 cotton crop is ginned, with the exception of a few thousand bales in Haskell, Knox, Baylor, and Kent Counties, reports B.B. Manly of the USDA's Abilene Marketing Services Office.

The cotton crop brought two surprises—one good, the other not so good. The good was production that should reach 528,000 running bales, but prices have been on a steady decline since December.

Early season cotton brought growers around 12 1/2 cents per pound over CCC loan prices, compared to recent sales of 6 to 7 1/2 cents per pound over the loan. Last week mixed quality lots sold for 49 to 50 cents per pound. Grade 42, Staple 32, Mike 35 to 49, brought around 49 to 50 cents per pound. Cottonseed prices were very strong, bringing growers 125 dollars per ton, compared with 61 dollars the year before.

The Munday sub-office area, consisting of Haskell, Knox, Baylor, Throckmorton, Young, and Jack counties, may produce 120,000 bales of cotton. Sixty thousand bales were classed at Munday, and another 53,000 classed at Abilene after the Munday office closed February 8. They may gin another 7,000. In July it appeared the Munday area would do well to make 20,000, but the August rains turned the crop into an average or

better one. Abilene counties produced about 405,000 running bales, at least double the amount expected in July. The 10 year average for Abilene and Munday Offices from 1967 through 1977 is 500,000 bales per year. The 1977 crop was 849,000 running bales.

The total value of the 1978 cotton crop was around 157 million dollars. The 157 million dollars is based on 450 pound bales and cottonseed at 125 dollars per ton.

# Faith Imparts the Joyful Messages of Easter

**T**hroughout the history of the world, there has never been a more dramatic episode than that memorable spring-time weekend of long ago, marked by the Crucifixion and the Resurrection. The terrible ordeal and ultimate triumph of that lonely Figure, unjustly condemned by His enemies and deserted by His friends, was an event to be remembered all through the ages; along with its lesson of forgiveness, proof of immortality and demonstration of God's love for mankind; evidenced by the sacrifice of His only Son to atone for our sins. Celebrate the joyful victory of life over death by attending the Church of your choice on Easter and every Sunday; and resolve to live your own life in a manner worthy of that most monumental sacrifice in all history.

## THE FOLLOWING MERCHANTS URGE YOU TO GO TO CHURCH

"For God so loved the world,  
that he gave his only  
begotten Son, that  
whosoever believeth in him  
should not perish, but have  
everlasting life."  
—John 3:16
