"HASKELL—A GOOD PLACE TO VISIT: A BETTER PLACE TO LIVE"

VOLUME NINETY-THREE HASKELL, TEXAS, 79521, THURSDAY, JUNE 7, 1979 NUMBER TWENTY-THREE

Policies, Legislation Are School Board Topics

The major portion of the regular meeting of the Haskell Independent School District board meeting Tuesday was consumed with discussions on the

current policy of exemptions, allowing 60 to qualify as a passing grade, and the effects of the recent legislative session on the local school district.

School Supt. Kenneth Sams explained the current policy of exemptions which allows students with averages of 70 or over to be exempt from semester and final examinations if they maintain prescribed attendance levels. (For Example: A student with a grade of 90 or over is exempt from semester tests if the student has three or less excused absences.)

School Board member Pat Henry invited the father of a high school boy, the mother of a high school girl and a recent graduate to express their opinions on the exemption program. All

three told the board members that they were opposed to the policy. The main reason cited was that under the policy it was possible for a student to complete junior high and high school and never prepare for and take a semester or final exam.

Sams explained that the main purpose of the policy had been to attempt to increase attendance and that during the last year attendance in junior high and high school had increased over 14%.

Included in the discussion was the change which allows a grade of 60 to qualify as passing.

Both parents attending the meeting objected to the lowering of the passing grade from 70 to 60.

In a split vote the board voted to keep both the exemption policy and 60 as a passing grade. Pat Henry and Jerry Hannz voted to stop the exemptions and raise the passing grade to 70. Joe Kimbrough, Bill Perry, Wayne Lehrer and Raymond Andrada voted to continue the policy and Johnny Wheatley abstained.

A discussion was held on the effects of legislation passed in the recent session of the Legislature and although many of the bills passed will have a direct effect on the local school, interpretations of the new laws are not available and the effects are not known at this time.

In other action the board agreed: to exempt family automobiles from the tax schedule and use ag use values on rural property; to raise substitute teacher pay to \$35.00 per day with a degree and \$30.00 per day without a degree. The rates were \$20.00 and \$25.00.

Board members accepted the resignation of Steve McGuire as vocational agriculture teacher and agreed to hire Bobby Busby for Girls coach, Jimmy Little as vocational agriculture, and Ellen Rieger as high school math teacher.

Board members also discussed the vandalism problem at the school and agreed to revise the current school policy which deals with school students who vandalise school property.

Building Fund Receives Boost With Flood Money

The Building Fund of the Haskell Fire Department received a big boost this week with the receipt of \$13,746.49 from the Haskell County Jaycees.

The funds were received by the Jaycees for work in cleaning flood debris from Spring Branch Creek following the August 3 and 4, 1978 flood.

These funds were pledged to the Fire Department several months ago when the Jaycees agree to undertake the project. Representatives of the Jaycees met with the Fire Department and agreed to accept the project and pledge the funds toward a new fire station.

From that beginning in mid-February, the Building Fund has now grown to \$43,137.49.

A 50x100 foot building has been ordered and should be ready for erection in mid July. Department members have agreed to complete the inside of the building which will include an office, meeting room, training facilities, restrooms, storage, wash area, work area, and adequate parking for fire apparatus.

Preparation on the site has been slowed by recent rains but will continue as soon as possible.

The building committee is currently

HISD Honor Roll Named

Third Grade: Matt Lane, Sharalie Jones, Sheree Dumus, Patrick Perez, Sandra Thornhill, Sharla Jetton, Tommy Hairgrove.

Wayne Geilhausen, Connie Anguiano, Veronica Hirsch, Tamra Burnett, Kirk High, Kelliann Jennings, Steven Klose.

Property Owners To Receive Tax Letters

Letters to all property owners in the Haskell Independent School District will be mailed June 8, concerning the re-evaluation of all property in the district.

The letters will contain the value of property in 1978 and the new value as set by McMorries and Co. of Hereford during their recent re-evaluation program.

The values set by McMorries are 100% market values based on their examination of every property in the district.

Also included in the letters will be the tax paid by the individual on the property in 1978 with a tax rate of \$1.50 per \$100.00 of value. The value of all property was assessed at 65% of the 1978 value.

Although the tax rate can not be set until after the board of equalization meeting, June 28, Supt. Kenneth Sams is currently estimating that the school can be operated on a tax rate of .60 per \$100.00 valuation.

Based on this estimated tax rate the letters also show the amount of taxes an individual will pay in 1979.

State law also requires that the letters contain the tax an individual would pay if the rate were not changed and this information is also included but officials are confident that the rate will be reduced from \$1.50 to .60 or less.

All property owners who have questions concerning their value of their property are asked to meet with representatives of McMorries and Co. on June 25, 26 and 27 between 9 a.m. and 4 p.m. in the Haskell High School Building.

Representatives of the company will be happy to explain how they arrived at all values and show values of other property in the district for comparison. If it is evident or if a property owner requests, they will re-inspect the property and make every attempt to satisfy the property owner concerning the value.

All taxpayers are welcome at the meeting but are reminded that McMorries and Co. are only concerned with the market value of property in the district and can not answer questions regarding the tax rate or other similar items.

The board of equalization will meet June 28, from 9 a.m. to 4 p.m. in Haskell High School building and

property owners who have questions or problems with the assessed value of their property are invited to this meeting.

When data for the letters was being prepared, information was not available concerning exemptions which the State Legislature was considering. The Legislature is now in recess and the Governor has signed several bills which

affect the exemptions. All exemptions which property owners are entitled will be granted if applications for the exemptions are submitted to the School Tax Office.

The exemptions which include residential homestead and homestead exemptions for disabled persons and persons over 65 should be completed as soon as possible at the Tax Office.

Rabies Vaccinations

Dr. Tom Hairgrove, DVM, will be at the Fair Grounds from 8 a.m. to 2 p.m. June 8 to administer rabies vaccinations to pets. In order to receive rabies vaccinations, dogs must be at least six months old.

RAINFALL BENEFICIARIES...Youngsters of the area have enjoyed recent rains more than most other residents. Rainfall of 2.13 inches has been received this week by Sam Herren in Haskell and reports of 3 to 9 inches have been received in the southeast part of the County. Vernay Howard received 9 inches and Billy Middlebrook, 8.25, in the Paint Creek area and reports of

seven to eight inches around Lake Stamford are common. The lake was almost full before the Monday downpour and persons with property around the lake are still concerned with weather forecasts calling for more rain. The rains have almost completely halted farming in the area with only the northwest part of the County staying dry enough to get in the fields.

Obituaries
Mrs. Oman

Funeral services for Mrs. Frank Oman, 70, longtime Haskell County Resident, were held at 4 p.m. June 6, in the First Baptist Church in Haskell with the Rev. Temple Lewis, retired Baptist Minister of Tye, and David Bradshaw, Youth Educational Director, Haskell First Baptist Church, officiating. Interment was in Willow Cemetery directed by Holden-McCauley Funeral Home.

Mrs. Oman died June 5, in Haskell Memorial Hospital. Born, March 12, 1909, in Denton County, she married Frank Oman, December 19, 1925 in Weinert. She had lived in Haskell County since early childhood, moving to the city of Haskell in 1973. She was a member of the First Baptist Church in Haskell.

Survivors include: her husband Frank Oman; two daughters, Mrs. Thelma Pearl Dutton of Weinert and Mrs. Etta Jean Searey of Munday; three sons, Billy Franklin Oman of El Paso, Charles Wilton Oman of Wichita Falls, and Scotty Dean Oman of Lubbock; one brother Glenn Caddell of Haskell and one sister Mrs. Gussie Stone of Haskell; 17 grandchildren and 10 great-grandchildren. Pallbearers were: Myron Biard, Don Nanny, Cotton Mayfield, T.J. Poer, Cecil Paul Hudson, and Twain Mickler.

DRIVELINE
Trivial History Department: We bet you've always wanted to know the size of the biggest tricycle ever made, so... the King Kong of tricycles was built in 1897 for a hose and rubber company in Boston. It weighed 2,000 pounds, carried eight riders and had wheels eleven feet in diameter.

What's a *Mama Bear*? That's CB lingo for a female police person. *Tijuana Taxi*? A marked police car. *Green stamps* are the money you pay if the *Smokey Bears* catch you with their *X-Ray Machine* (radar) while you've got the *Hammer Down* (speeding.)

"Dear DriveLine: I've been in 40 of the 50 states and Texas seems to be the only one where a motorist is expected to pull over on the shoulder and let someone pass. Is this some kind of law or official policy?" — D.P., McAllen

Nope, there is no Texas law requiring you to pull over. It's basically done as a courtesy by many people. If you do pull over, it is your responsibility to reenter the traffic lane safely. Use your own judgement depending on traffic, width of roadway, driving conditions, etc.

CATTLE FREEWAY? The world's longest (and maybe the only) controlled access freeway for cattle was built from Sonora, Texas to Brady in 1919. It ran 100 miles to a rail depot, was 250 feet wide, and included water tanks and holding pens along the way.

Does an automatic transmission use extra gas? Yes, according to the experts, your automatic transmission may reduce your car's gas mileage by as much as 20 percent, which isn't insignificant these days.

SOME MORE GOOD REASONS TO TIGHTEN YOUR BELT... A recent study shows as few as 15 percent of drivers and passengers use seat-belts. You'd better buckle up, though. *If you are in a car crash while wearing a lap-shoulder type seat belt, you are 57 percent less likely to be injured or killed.* Even with just a lap belt alone, you are 31 percent less likely to be hurt. So buckle up, buddy.

Galveston Drama Set

GALVESTON—The Lone Star Historical Drama Association will present two outstanding musicals this summer in the Mary Moody Northern Amphitheatre in Galveston Island State Park. The spirit of Texas' independence is captured once again in "The Lone Star" as cannon fire, cavalry charges and heroic battle scenes combine with jubilant song and dance. Penned by Pulitzer playwright Paul Green and endorsed by the Daughters of the Republic of Texas, this live portrayal of Texas history recently opened a third season.

"Annie Get Your Gun," Irving Berlin's hit musical comedy based on the life story of Annie Oakley, will play on alternate nights with "The Lone Star" July 4 through Sept. 2. Guns, romance, the lure of the Wild West and the spangles of show business fill this tale about a backwoods maiden who becomes a sharpshooting legend in the 1890's.

"The Lone Star" will again be under the direction of David Davis who teaches theatre at Fordham University's Lincoln Center in New York City. James Clouser, artistic director of Houston's Space/Dance/Theater and a former director of the Houston Ballet, is the production choreographer.

Larry Stanley, chairman of the division of arts and humanities at College of the Mainland in Texas City and "The Lone Star" music director since the premiere season, has rearranged a number of the production's songs and written new musical scores. "Paloma Blanca," one of his melodies introduced this season, is a love duet sung in both Spanish and English by a beautiful seniorita and her favorite Texas Army soldier.

"Annie Get Your Gun" will be directed and choreographed by James Stoker, a dancer-choreographer who has had numerous Las Vegas engagements. Mark Janas, associate conductor for the Texas Opera Theatre and conductor of the Houston Repertory Orchestra, will be music director.

The 85 actors, dancers, singers and musicians who come from across the country to join this Galveston theatre company, have roles in both "The Lone Star" and "Annie Get Your Gun." Although the productions are keeping them busy now, they plan to produce several shows themselves in the backstage theatre and work with James Clouser in special dance classes before the summer is over.

Lights go up for the Galveston outdoor dramas at 8:30 nightly except Mondays in the Mary Moody Northern Amphitheatre in Galveston Island State Park. A traditional Texas barbecue dinner is served in the amphitheatre restaurant from 5:30 until 8:00 p.m. For further information write P.O. Box 5253, Galveston, TX, 77551 or call 713-737-3442.

The third season of "The Lone Star" outdoor musical is now underway on Galveston Island. In this scene, the Texas Army is besieged in the famous Battle of the Alamo.

Little League

BY PAUNEE GRUPE

This was another one of those short weeks in Little League. It seems as though we can only play three days a week this year. Guess that means that we will play all

summer, hurray.

This week Raul Baiza and Cayce Reed of the Cats hit triples, Barbara Benton turned a double into a triple on errors, Shane Stout hit a double and Patrick Perez had a homerun on errors. Shane plays on the Bears, Barbara on the Cats and Patrick on the Crows. James Rike, pitcher on the Bears, did some fine pitching in Tuesday night's game against the Crows.

Games that were rained out this week were: Red Horses & Crows; Cubs & Tigers; Eagles & Rams; Hawks & Lions.

Scores for the games played were:

Cubs	MAJOR	6
Eagles		10
Hawks		11
Tigers		16
Lions		7
Rams		13

Red Horses	MINOR	17
Cats		6
Crows		7
Bears		3
Cats		15
Bears		2

League Standings are:

MAJOR			
Rams	W	L	T
Tigers	7	2	0
Hawks	5	3	0
Cubs	4	4	0
Eagles	3	4	0
Lions	0	7	0

MINOR			
Crows	W	L	T
Red Horses	7	0	0
Cats	4	3	1
Bears	3	4	0
Bears	0	7	1

GOODYEAR WINNERS CIRCLE

Be A Winner... Go Goodyear! Here's quality for much less than you might expect to pay.

There are a lot of low priced tires you could buy. But we don't think you can buy a better one than the Goodyear Power Sreak. It's Goodyear's most expensive tire. And for many people it's our best value.

The Power Sreak has a special six rib tread, designed specifically for good all-around traction and cornering ability. Its durable diagonal ply body is built with individual cross-pieces of polyester cord. You get dependable strength as well as flexibility. Instead of buying a cheap tire, get a good tire at a very good price. Check out the Power Sreak tire.

Wily, Indigestible Armadillo Prospering Where Other Wildlife Species Fade Away

While wildlife all over the earth is diminishing, the strange-looking armadillo is not only surviving, but flourishing. What has the armadillo got that other animals don't? A good suit of armor, for

one thing. According to the current issue of Ranger Rick's Nature Magazine, the armadillo, whose name comes from a Spanish word meaning "little armored one," is encased in a suit of hard, bony

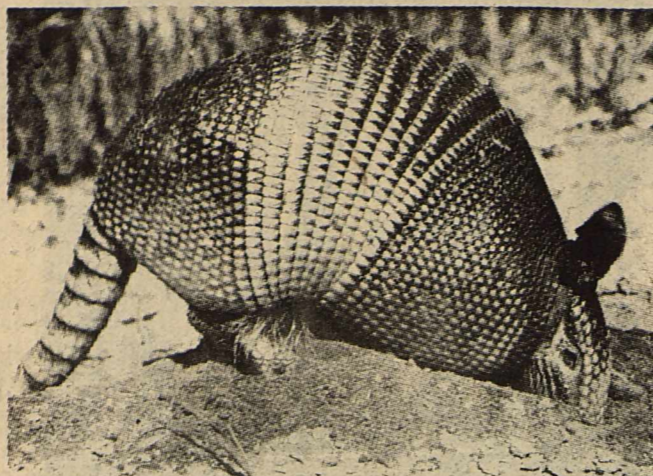

Photo: Leonard Lee Rue III

shells. One shell covers its head, and two shells connected by movable bands cover its body. The animal's tail is covered with hard rings which are locked together.

When taken by surprise, the armadillo curls up in a tight ball to protect its soft belly, explains the National Wildlife Federation's monthly publication for children. Faced with such a jaw-breaking prospect, most would-be predators are willing to look elsewhere for their dinner.

Usually, the armadillo's

keen sense of smell alerts it to any danger. Then, in a flash, the animal digs itself completely out of sight. Once hidden in a burrow, the armadillo arches its back and wedges itself in tightly, says Ranger Rick. In this position, it becomes impossible for anything to pull the mammal loose, even though the end of its tail might be sticking above ground.

If an armadillo is near a river or other body of water when danger approaches, it jumps in, fills its stomach and intestine with gulp after gulp of air, and thus inflated, floats serenely to safety. "Stranger yet," reports Rang-

er Rick, "the animal sometimes just drops to the bottom and walks across."

These natural defenses help explain some of the armadillo's staying power, but other mammals have evolved equally effective survival techniques and still their range and numbers decline. The armadillo's secret, scientists agree, is that it is one animal which has been helped, not hindered, by civilization's encroachment on the wilderness.

As the lowlands are cleared and the forests cut to make way for people, an ideal environment is inadvertently created for the armadillo, which is happiest in cut-over and second-growth areas. The farmer's crops also lure the armadillo into new regions, for the armored animal is very fond of peanuts, cantaloupes, watermelons, and tomatoes.

But the virtual elimination of its enemies in recent years has benefited the armadillo most. It was only after the retreat of the wildcats, wolves, bears, and coyotes that the great armadillo advance could begin. Now, says Ranger Rick, the armadillo's only major enemies are an occasional raccoon or stray dog, the farmer's shotgun or freezing weather.

With so much in its favor, it's taken less than a century for the armadillo to march far from its traditional home in Central and South America, into Texas, across the wide Mississippi, east all the way to Georgia, and as far north as Kansas where only the threat of cold weather prevents it from invading farther.

Class Of '29 Holds 13th Reunion

The 13th Reunion of the Haskell High School class of 1929 was held on May 19, 1979 at the Colonial Cafeteria in Fort Worth.

The first reunion was started 26 years ago by Elyse Bradley and John English. Out of the class of 47 who graduated 50 years ago, 40 are still living.

This year's reunion was sponsored by Raymond Morgan, Raul English and Naomi Poteet. Raymond Morgan was master of ceremonies and guest speaker was Crockett English of Austin.

Twenty two members and their spouses and other invited guests attended the one day meeting, making a total of 69.

Letters of regrets were read from: Mary Ellen Alvis Johnson, James Mullino, O.B. Ratliff, Thelma Therwanger Stroman, Henry Ballard, Mina Seelbach Helpinstill, Gussie Lobo, and Christine Griffin Clark. George and Ellen Wimbish could not attend due to George's recent heart attack.

A meeting date for sometime in 1981 was suggested, and after the benediction by Elaine Mills, the meeting was adjourned.

Highest Price Ever Paid For Pistol

Eighty thousand dollars, the highest price ever paid for a newly manufactured handgun, has been donated to the U.S. Olympic Committee.

The record proceeds of the auction of a special, decoratively engraved first edition Smith and Wesson, stainless steel .44 caliber Magnum revolver, have been earmarked for sports development and team preparation for shooting events at the 1980 Olympics in Moscow by Smith & Wesson's parent Bangor Punta Corporation.

James L. Oberg, president of Smith & Wesson, said it is the first time a corporation contribution was earmarked for specifically the sports development and team preparation of the seven different Olympics shooting events.

The \$80,000 bid for the ornamentally engraved first edition of the Model 629 .44 Magnum was made by Marvin S. Hoffman, a Newington, Conn. gun dealer. (PWS)

Bass Club Sets Monthly Tourney

The Haskell Bass Club had their monthly meeting Monday night, June 4, at the City Hall and set Bass Tournament for the remainder of the year.

The next tournament will be June 23 at Lake Stamford. The Bass Club will have a fish fry before the tournament. The fish fry will begin at 12:30 and the tournament will follow at 2:00 p.m. until about 9:00 p.m. Saturday. All club members and their families are invited to the fish fry and to fish in the tournament. The fish fry and tournament headquarters will be at the Anchor.

The program for the meeting was a film on Bass and the Pro's. The film explained

some of the equipment used by the pro fisherman and how to find the fish. The film told how most big tournaments were run, boat safety, and rules of the tournaments.

All members should be

receiving a newsletter through the mail in the next couple of weeks. The tournament schedule will be in this letter with dates, places and times. The next meeting of the club will be July 2 at the City Hall.

Use Dimmer To Save Electricity

Using a dimmer on a light will save on electricity, unless you have a very old style dimmer. It's true that dimmers once saved little or no energy because they worked on a resistance principle, but the new solid-state dimmers commonly sold to homeowners

are close to 100 percent efficient. Technically known as silicon control rectifiers, the solid-state dimmers work by knocking down the voltage so that little, if any, electricity is drawn beyond that needed for the fixture.

IT'LL NEVER SIT IDLE. . .AND IT'S AN IDEAL MATCH FOR THE FARMER

Equipped With Johnson Grass SPRAY RIGS

THE 3-WHEELER FOR ALL SEASONS

In the **SPRING** it's excellent for repairing fence, moving livestock and checking field conditions. **SUMMER** uses include checking crop progress, maintaining irrigation systems and duty as a chuckwagon. For **FALL**, use it to run harvesttime errands, roundup cattle and for hunting and hauling game. And in the **WINTER**, it'll save a thousand tiring steps. Ride through the slush and snow in comfort doing chores and farm errands.

The **COMMUTER 3-wheeler** is built to stay useful. It has a chainless drive transaxle and a cast-iron Kohler engine with electric or recoil start.

Now you can see why it will never stand idle. . .AND IT'S THE VEHICLE THAT YOU ARE LOOKING FOR. . .as the farmer is faithful to his farm the 3-wheeler will be faithful to the farmer.

Commuter's T-380 series of bikes are designed to withstand hundreds of hours of trouble free use. The transaxle drive, which is an enclosed gear reduction case, eliminates all daily maintenance normally needed. Stop in today and experience a modern means of farm and ranch transportation at:

Regency Radio Specials

We offer the full spectrum of **2-Way Business & Marine Radio**

High Band
The Regency BTM and micro-com lines cover the 150-174 MHz range and offer 20 watts of power output which can legally be amplified to 75 watts.

UHF
You can use these units in either a typical base to mobile system, or a range-extending repeater system. Regency micro-com UHF can also be licensed as either business radio, or Class "A" CB.

Low Band
Like the BTM series, the Regency BTL line is designed for use in suburban and rural areas. The BTL covers 30-50 MHz and with 30 watts output, offers a lot of range.

Marine
Regency Electronic Life Preservers from 10 to 25 watts, six to 55 channels.

Amonett & Amonett TV is happy to welcome KTAB Channel 32 to our viewing area. KTAB is scheduled to be on the air in September.

We have a complete selection of UHF, UHF-VHF Combination Antennas, Boosters & Towers in stock.

Sagerton News

It rained again. Wednesday nite guests in the home of Mr. and Mrs. E. J. Neinast included Elnora Scott from Hammond, Indiana; Mr. and Mrs. Roy McEwen, Daryl and Doug of Tuscola, and Lillian Neinast. The group celebrated Mrs. McEwen's birthday which was on the 29th of May.

Mr. and Mrs. Tullie Herring of Amarillo, Scott Crabtree of Glen Rose, Dick Gibson of Martindale, Emil Kainer of Warren, Arizona; and Mr. and Mrs. J. C. Kainer of Stamford were dinner guests in the home of Mr. and Mrs. Alvin Bredthauer last Thursday.

Mr. and Mrs. Alvin Bredthauer, Mr. and Mrs. Emil Kainer, and Mr. and Mrs. J. C. Kainer visited with friends in Paducah and Crowell last Tuesday.

Several Sagerton students graduated at the 8th grade graduation exercises in Rule last week. They included Dewayne Monse, Rhonda Stremmel, Kathy Soto, Joanne Swofford, Charles New, and Clifford Stegemoeller.

Graduating Seniors included Debra Soto, Mary

Macias, Mike Hertel, and Carl Stegemoeller. Special congratulations to Carl for being awarded the Dennis and Wanda Briles Memorial Scholarship.

We want to welcome another new couple into our community. Mr. and Mrs. Jimmy Macias are making their home here at the moment.

Alfred Hertel was a patient in the Haskell Memorial Hospital last week, but is now home and doing fine.

Little League Camps Set

Enrollment is now being accepted for the three two-week summer baseball camps at the Texas State Headquarters of Little League Baseball. Camps are open to all youth baseball groups.

This year marks the seventh summer for the camps to be held on the campus of Baylor University. Dates for this summer's camps include June 17-29, July 1-13 and July 15-27.

Youngsters attending the camp learn and play organized baseball as it should be played. The approach taken by the camp staff places emphasis on fundamentals, sportsmanship and fun.

Covered during the two-week comprehensive program

are such areas as improving individual skills, exposure to other game positions, batting improvement and actual game experience as part of a camp session team.

In conjunction with the camp schedule, the Texas State Center for Little League will offer seven, one-week sessions of umpire schools.

These schools deal with the rules and regulations, rule changes, proper positioning and knotty problems as well as providing practical on the field experience.

Additional information on either the camps or umpiring schools is available from the state headquarters of Little League Baseball, 1612 S. University-Parks Drive, Waco 76706.

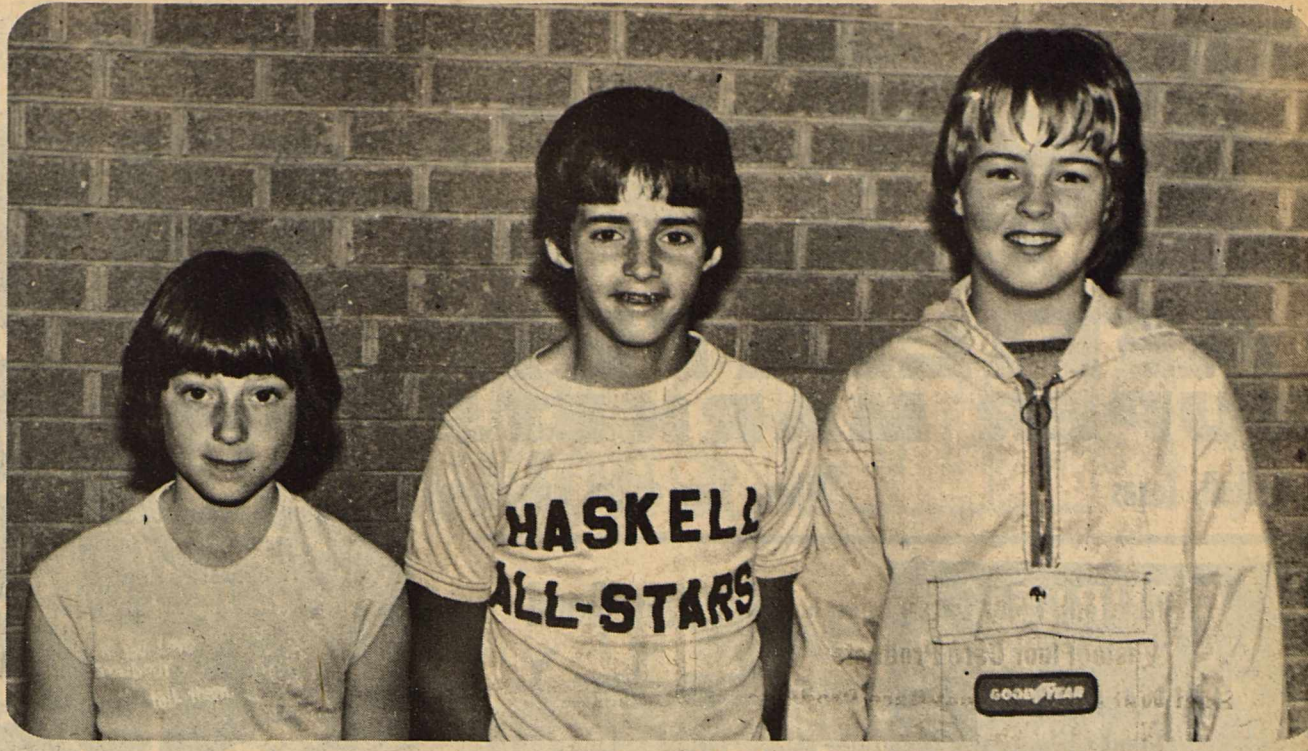

Who Do You Know?

PLAY THE NAME GAME

How's your knowledge of popular cartoon, TV, and movie characters? These Questions and Answers are based on entertaining 3-D packets (underlined below) now available to schools and individuals, to enjoy through their GAF View-Master stereo viewers.

ATTENTION Dog Owners

A City Ordinance provided that all dogs in the City must have a rabies vaccination.

If your dog has not been vaccinated in the past 12 months and does not carry a city registration tag, please bring it to the-

Fair Grounds

Between the Hours of **8 A.M. to 2 P.M.**

Friday, June 8

Dr. Tom Hairgrove, D.V.M.

Of Haskell

will be here at that time to give the rabies vaccination...Please bring your dog on leash and keep him under control at all times.

Cost of the Vaccination is \$3.50. A City Tag will also be available for \$1.00. The City Tags are not required but in the event your dog is picked up, ownership will be traced to you and you will be contacted.

All dogs five months old and older are required to have the vaccination.

All dogs running at large will be picked up, regardless if tagged or not.

Give your dog proper protection by supplying the proper tags. Other pets may be brought for vaccination.

Your Cooperation Will Be Greatly Appreciated!

Naomi Class Installs Officers

The Naomi Sunday School Class of the First Baptist Church met Monday night, June 4th, in the home of Miss Nettie McCollum for their regular business meeting and installation of new officers.

Study Club To Host Workshop

The Progressive Study Club will host a summer workshop for the Mesquite District of Texas Federation of Women's Clubs at 9:30 a.m. June 9th in the Community Room of the Haskell National Bank.

Wichita Falls tornado and the class voted to send \$50.00 for this family. The class will continue their same project at the rest home for some lonely person.

Stella Trice, the Program Chairman, introduced Bobbie Bragg who brought a very inspiring installation service. She used a space ship that was named Naomi Sunday School Class and we were getting ready to launch of in orbit. Teachers, Billie Cadenhead, and assistant Faye Woodson were installed. She brought out that the teachers were the two astronauts that were going to be in orbit; using as her scripture 1 Cor. 13:11 where Christ is the foundation of the ship. The teachers are to be the leaders in spiritual growth, Bible reading, prayer and visitation. They are to guide the satellite high in

orbit. Lois Sherman, president, is to set the space for the ship so the ship may achieve its good goal. Vice President, Nettie McCollum is to add strength to the president and help her in her operation. Secretary, Helen Oates, is to keep all the records of the ship and let them know what is going on and report to the class. Stella Trice, card chairman, is to keep in touch with their physical needs and also spiritual needs, while in orbit and take care of the love gifts and report to the class. The four group captains, Frances Bird, Jewell Seets, Pauline Derr, and Lelia Mae Atchison are to do the ground work keeping in touch with each one on the ship and to know where they are at all times. Ethel Lou Shelton, reporter, is to let the people know what is going on and to publicize the activities of the

ship. Cora Pierson, pianist, and Freddie Ballard song leader are to spread joy by their music for the ship. Her challenge to each one was, if we are faithful in small matters, we will be faithful in large ones. In closing Mrs. Bragg led in a dedication prayer for the new officers. The class then presented Mrs. Bragg with a love gift.

A delicious plate of sandwiches, cookies, nuts, mints and punch was served to the following members: Stella Trice, Helen Oates, Mattie Muriel Felker, Della Medford, Elsie Roberts, Mildred Mancill, Freddie Ballard, Iola Henshaw, Cora Pierson, Sadie Payne, Eleanor Wheeler, Faye Woodson, Grace McKelvain, Jewell Seets, Lois Sherman, Billie Cadenhead, Frances Bird, Frances Lane, Ethel Lou Shelton, guests, Lee Barnett and Bobbie Bragg and the hostess Nettie McCollum.

Savings Bond Report

March sales of Series E & H United States Savings Bonds in Haskell County were reported today by County Bond Chairman R. W. Herren to be \$4,966. Sales for the three month period totaled \$25,216 for 19% of the 1979 sales goal of \$135,000.

Texas sales during the month amounted to \$22,972,794, while sales for the first three months of 1979 totaled \$68,903,444 with 23% of the yearly sales goal of 297.2 million achieved.

Around Town

Mrs. W. A. Fowler with her granddaughter Lori Strickland of Hawley attended the Commencement Program of Mrs. Fowler's grandson, Gregory Lee Fowler from North Garland High School in Moody Coliseum Saturday, June 2 at 2:30 p.m. There were 543 graduating.

Out-of-town guests in the

home of Mr. and Mrs. J.W. Hawkins this weekend were Mr. and Mrs. Clayton Hawkins and sons of Abilene, Cathy Hawkins of Lubbock, and Curtis Hawkins and children of Evant.

Mr. and Mrs. Lee Cockerell and Luann spent Sunday visiting their son and family, Mr. and Mrs. Lee Roy Cockerell in Breckenridge. Their granddaughter, Melissa, returned home with them.

Mrs. John Rike has just returned home after a visit with the Winstead family of Hopewell Junction, New York. Mrs. Winstead is the former Ann Katharine Rike.

Dr. and Mrs. J.G. Vaughter of Haskell recently visited their son, Mr. and Mrs. James G. Vaughter of Washington, D.C. While there they visited several points of interest in Washington, D.C.

College News

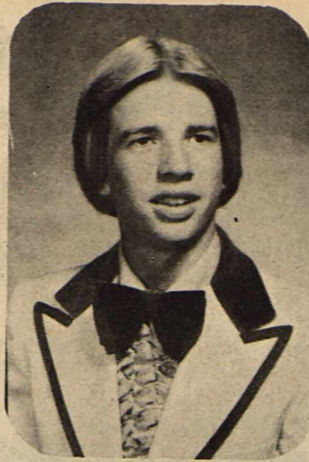

Marsie D. Mickler, daughter of Mr. and Mrs. James Ross Mickler, has been designated a "Distinguished Student" at Texas A&M University recognizing her scholastic achievement during the past semester.

She received the honor for posting a 3.6 grade point average.

She will return to A&M this fall as a Senior P.E. Major.

Marriage Licenses

Marriage license issued during the month of May by County Clerk, Sue Fincher included: Jessie E. Billington, Haskell and Edith Alphaia Jordan, Haskell; James M. Norred, Stamford and La Fawn Bergan, Stamford; Jackie Wayne Stedham, Haskell and Dana Dalene Carroll, Haskell; Jimmy Macias, Sagerton and Cynthia Ann Thompson, Rule; Walter Loyd Hargrove, Eddy, and Elna Griffin Freeman, Haskell; Donald Wayne Jones, Haskell and Pamela Denise Crosson, Haskell; Thurman Marvin Howeth Jr., Haskell and Janice Elaine Clark, Knox City; Mario Balerio Gonzalez, Rotan and Maria Teresa Valdez, Rule; Bobby Mercado Gil, Amarillo and Doris Maria Vela, Munday; Dale Robert Hollingsworth, Rochester and Debra Lynn Robertson, Weinert; James Marcus Crosson, Haskell and Tammy Kay Shipman, Haskell; Darrell Gene Smith, Abilene and Jennifer Kay Campbell, Haskell; Steven Lin Guess, Haskell and Marsha Marvana Guess, Haskell; Walter Buck Meinzer, Rochester and Caroline Gill Mongrain, Rochester; and Robert Ace Turner, Rule and Brenda Lou Stegemoeller, Rochester.

BARRY ALVIS

Barry Alvis Receives Scholarship

Barry S. Alvis, son of Dr. and Mrs. Tom Alvis, and grandson of Mr. and Mrs. J.H. Franklin and Ethel Alvis Tidwell, was the recipient of the first Hermon Dobbs Memorial Scholarship.

The Scholarship is paid to the college of the recipients choice.

Alvis was chosen for his academic achievement (93.00 average), leadership in the National Honor Society and athletic participation in football, basketball and tennis.

The award was presented by a former Southland High School graduate, Dr. Gerald Dobbs of New York City.

RULE CEMETERY WORKDAY

A workday has been scheduled June 9, at the Rule Cemetery starting at 8:30 a.m. Purpose of the Workday is to clean lots not in care and workers are asked to bring hoes, rakes, and mowers.

Exploring Backyard Urged For West Texas Residents

West Texans are invited to find out what's in their own backyard as they explore the variety of scenery and things to do in the region, according to the West Texas Chamber of Commerce.

Ray McLaughlin of Alpine, Chairman of the WTCC Tourist and Travel Development Committee, is urging all

West Texans to obtain a free copy of the chamber's "Wonderful West Texas" Fun and Adventure Map, that they might discover new leisure-time destinations within easy driving distance.

The publication contains a road map showing lakes and National parks, along with information on 79 attractions and areas of interest in the Western 60 percent of Texas. Included in the publication are camping and fishing areas, pageants and festivals, museums and colleges, and things to see and do in cities both large and small throughout the region.

Now in its sixth edition, the Fun and Adventure Map is more popular than ever, according to McLaughlin. Demand for the publication reached a new high last year both for out-of-state requests, and the regional chamber anticipates even more interest

this year. To obtain free copies of the Fun and Adventure Map and any other literature on West Texas, contact the West Texas Chamber of Commerce, P.O. Box 1561, Abilene, Texas, 79604.

What Causes Floods?

What's causing all these floods? For some of the answers, you might go to a source many people do not consider - the local district conservationist of the USDA's Soil Conservation Service.

The first cause of floods is too much rain. 8 1/4 inches of rain in 24 hours is considered to be a once-in-100-years storm in our area. In the tragic 1978 August flood of Haskell County, Texas, up to 20 inches fell on portions of the Haskell Soil and Water Conservation District in about 12 hours. When it rains like this, all predictions are off. Flooding is going to occur.

The second important reason for flooding is that

many homes and other improvements are located on flood-prone land - where they should never have been built in the first place. Some floodplains are protected by flood control projects of one kind or another, but the long-term answer is to use floodplains for grassland, parks, or greenbelts - uses that will not be seriously damaged by overflow. It is true folly to ignore the laws of nature and build on floodplains.

If you already have a home on a floodplain, about all you can do is take out flood insurance, and have a plan for moving valuables quickly in case of high water. If you are considering buying or building, check a soil survey report or engineer's study to see if your development will be subject to overflow. It is a sad fact that many builders, mortgage lenders, and buyers have shown a distressing lack of concern of the long-term consequences of building in areas that may someday flood.

Floodplain delineations have been developed for most of the Haskell SWCD, and soils data for construction sites are available for any

landowner in Haskell County. All you need to do is come by the SCS office located at 102 North Ave. E. in Haskell, and we will supply you with any and all data available.

A third cause of urban flooding is the covering of soil with non-permeable material. In the natural state, soil is covered with grass or trees. It is porous, and unless it is saturated by previous rains, the soil soaks up water like a towel.

We in SCS are interested in flooding for two basic reasons. First, we think building homes and other improvements on flood-prone land is a misuse of that land. It simply is not wise to build on areas that we know will flood. The financial loss resulting from floods in residences, businesses, or industries is staggering.

We are also interested in flooding because our entire philosophy is based on keeping soil and water in place on upstream areas where it can be effectively used to grow food, fiber, and trees.

Grassland improvement, terracing, reduced tillage, contouring, and other conservation practices that SCS employees help plan and install holds soil and water on the upstream areas.

We have recently sent requests to those Haskell County producers who made application for repair work on their conservation practices, especially to those who we have not had an opportunity to contact. We asked for some time when you expect to accomplish this work. Please send your cards back to us as soon as possible.

J. C. Yeary, Jr.
District Conservationist

AN EXTENSIVE TWO-DAY service training school on International Harvester's new Series 88, "2+2" four-wheel drive tractors (pictured), was recently completed by A. C. Richardson, Julio Acosta and Polo Gonzales of Richardson Truck & Tractor, Haskell, local International Harvester Agricultural Equipment dealer. The Series 88 Tractors have been termed a "breakthrough" in row-crop tractor design, offering farmers the versatility, adaptability and maneuverability of two-wheel drive, plus the stability, performance and traction of four-wheel drive tractors. Held at IH's Southwest Agricultural Equipment Dallas Regional Headquarters, the comprehensive course covered the new tractor's servicing and maintenance requirements.

Federal Land Bank Increases Interest

Joe Harper, Manager of The Federal Land Bank Association of Haskell, announced today that The Federal Land Bank of Houston's billing rate on farm and ranch loans rural residence loans will be increased from 8 1/2% to 9% effective June 1, 1979.

In making this announcement, Mr. Harper stated that

the increase in the billing rate became necessary because of the continued high cost of funds to finance the Bank's lending operation and no substantial decline is anticipated in the near future.

He further stated that in today's economic climate the 9% rate is very competitive.

The Land Bank in Houston introduced a variable rate plan in 1969 which allows the billing rate to increase or decrease with variations in the money market. This increase in billing rate will affect 503 loans in the total amount of \$16,000,000.00 for the association in Haskell.

The Federal Land Bank Association of Haskell makes long-term real estate loans on farm and ranch land and rural residences throughout this area.

Ag Magazine To Begin In August

A new magazine is scheduled to be introduced to West Texas in early August. The magazine, South Plains Agriculture, will be devoted exclusively to the agricultural industry on the South Plains.

The magazine will be headquartered in Wolforth and published by West Texas Ag Publishers. Texas Tech graduate, Bill Huckaby will serve as the magazine's editor.

Texas Commissioner of Agriculture Reagen Brown and Congressman Kent Hance will write monthly columns as well as occasional feature articles on area issues. Certified public accountant, Leroy Richardson will also write a monthly financial column for area farmers.

A special advisory board will be formed at a later date to lend the magazine editorial guidance. The board will be

composed of prominent area agribusinessmen.

According to Huckaby, with the problems facing the farmer today, he needs a periodical which can specifically address itself to area needs.

"We hope our magazine will keep the farmer informed on what's happening in Washington and Austin which could affect him," Huckaby said. "The magazine will also carry regular features on such problems as energy, markets and government bureaucracy."

J. P. Report

Judge Geraldine Hise, Justice Court, Precinct 1, Haskell County, reports a total of 172 convictions for the month of May, 1979. Traffic and Criminal cases were filed by the following law enforcement agencies: Highway Patrol, 150; Game Warden, 21; Sheriff's Dept., 1; Resulting in a total of \$4,321.50 in fines.

agri-facts

Pat Hale
Reindeer rations is not a subject usually found here, however, it seems the proper time to make our readers aware of modern reindeer feeding procedures... some of which are mighty strange. For instance, primary ration for the past 11 months has been hybrid 1975 variety Spirit of Christmas. Beginning about now, some special supplements are being added. Rations of Children's Laughter combined with a high percentage of Joy of Giving have been observed to give reindeer a tendency to fly around and land on roof tops. If that isn't unusual enough, one member of a special nine reindeer herd is fed an entire sack of Happiness... inevitably resulting in a downright bright, glowing nose. With this kind of high energy ration, the herd can cover the whole world in one night... since they'll be in your neighborhood why not sprinkle a little Merry Christmas around the area... it's their favorite snack.

Livestock & Grain Bodies
Bigger Than Ever, Better Than Ever

Precision engineered roll formed 52" high steel sides provide greater capacity at less cost.

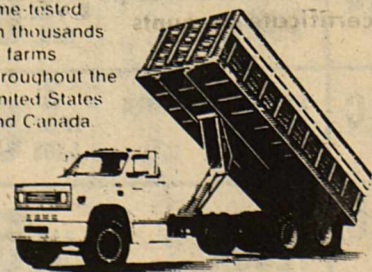

We've built rugged truck bodies for over 50 years and today we're continuing that tradition. That's the reason you can't make a better investment than an Omaha Standard steel or hardwood farm body.

Omaha Standard Hoists

Seven hoist models from 4 to 34 ton for bodies from 8' to 24'. All models are power-up, power-down (double acting) and come with inside cab controls.

Omaha Standard bodies and hoists, time tested on thousands of farms throughout the United States and Canada.

- One-piece roll formed steel sides with built in tarp rail. Available in 28", 40" and 52" extra-capacity heights... all with maximum corrugation for maximum strength.
- 40" and 48" hardwood sides also available... the truck body Omaha Standard built its reputation on.
- The toughest platform in the business—laminated wood, smooth steel or tread plate.
- Easy-conversion hardwood upper racks—greater flex and life than steel fold-down racks.
- A full line of rugged gates—all engineered to make your job easier.

Look to Omaha Standard for the best. Our equipment takes all the punishment you can dish out... and comes back for more year after year. We stake our reputation on it.

We've been a part of successful farming and ranching for over 50 years

Rice Springs News

American Agriculture News

We would like to thank the Independent Baptist Church for bringing our Sunday Devotionals for the month of May and also the Church of Christ for bringing the Sunday evening services. We sure do enjoy these services and want to thank all those who give of their time for us.

The Sweet Home Singers were out Wednesday evening and brought us some real fine singing. Everyone certainly enjoyed it and said it was one of the best we had had.

Our bingo winners this last week were Lydia Green, Alvena Holle, Cleo Mondy, and Angie Mullino. We all look forward to our bingo games every week although some of us say we will never win a game. Our motto is to TRY-TRY and TRY again.

Our exercises are coming right along. Some of us are even getting to touch our

elbows and toes a little better. Although it is a struggle for all of us.

All those having birthdays for the month of May were: Minnie Stewart, Beatrice Barnett, Cleo Monday, Elizabeth Yakey, Claudia Blakenship, Maude Bowman, Sam Wright, Lillie Spitzer, and Luther Hines. Happy Birthday to all and hope you have many more.

Visiting with Jonny Pumphrey were Clara Hines, Lucy Williams, and Mary Sue Henry all of Rule, also Vera Mercer of Amarillo, and Joe L. McCams of Ft. Worth. Also Linda Simpson Harris, daughter and baby son of Roscoe.

Visiting with Angeline Threet were Ruth Williams, Cinda Flanary, Jina Flanary, all of Sagerton and Mr. and Mrs. H.S. Nugent of Austin. Lena Stiewert's visitors

were Mr. and Mrs. Alvin Stiewert of Lubbock.

Ida Plemister and Mary Liles were visited by Mr. and Mrs. Marvin Plemister and Marcus, and Greg also Mrs. A. J. Sanders, all of Weinert. Mr. and Mrs. Jack Sessions of Elk City, Oklahoma visited with Ethel Rose.

Mrs. Maurice Howard of Waco and Mr. and Mrs. Ben Howard and Stacy of Abilene all visited with Annie Howard. Mr. and Mrs. Joe Kingery of Abilene visited with Mammie Angeley.

Maggie Martin visited with Alva LeFevre of Sagerton; Karen, Jennifer and Jason Smart of Rochester; and Julie Lee of Rule. Ada Williamson visited with her great-granddaughters Lori and Sharon Gibson of Houston. Ada and Cleo Mondy also visited with Mary Sue Henry, Clara Hines, and Lucy Williams, all of Rule, also Vera Mercer of Amarillo. Emma Lammert visited with her daughter Alcie Bredthauer of Sagerton.

Visiting with Edna Collins were Estell Hollingsworth from Rochester and her grandchildren, Lina and Steve Wilson from Tyler.

Alma Cole visited with Ruth Eaton, Hazel Lewis, Clara Hines, Lucy Williams, Mary Sue Henry, Nell and John Estes, Mrs. Audie Verner, Mr. J.C. Lewis, Sue Lewis all of Rule. Also Mrs. Jeff Lewis and son of Abilene. Alva LeFevre of Sagerton, Ladain L. Anderson of Houston, Vera Mercer of Amarillo, and Mrs. Bob Harris, Elizabeth, and John David of Roscoe also visited with Alma Cole.

Ora McCollough's visitors were Zina Bills, Lucy Hunt, Tomi May, Clara Hines, Lucy Williams, Mary Sue Henry, Hallie Morgan, Nell and John Estes and Mrs. Audie Verner all of Rule; also Easter May of Knox City and Alva LeFevre of Sagerton.

Trudie Bush visited with her grandchildren Kelly and Kyle Bush of Plainview, Mr. and Mrs. Hollis Rucker of Rule, Horace and Ada Snyder and Mrs. Agnes Bowman all of Seymour.

Charity Bradley visited with Easter May of Knox City, Lucy Hunt, Tomi May, Clara Hines, Lucy Williams all of Rule; LeRoy Leflar of Munday, Mr. and Mrs. Bill Leflar and children of Midland, and Mr. and Mrs. Jack Sessions from Elk City, Oklahoma.

Men once needed a special permit to grow a beard in Rumania.

BY BETTYE McBROOM

The American Agriculture voted at a national meeting to organize a national wide. We have been told that we will have no major voice until we get organized and work as a unit. It will be interesting to watch the next year and see how much influence the AAM will have.

With the AAM not being organized over the past year and a half many interesting

College News

West Texas State University has announced the students on the President's and the Dean's Honor Rolls for the spring semester, 1979.

Students named to the President's Honor Roll have earned a semester grade point average of 3.85 (4.0=A) or higher for a completed minimum semester load in residence of 12 semester hours.

The Dean's List represents students who have a semester grade point average of 3.25 to 3.84 for a completed semester load of 12 semester hours or more.

The student from Haskell included on the Dean's Honor Roll is Mona Bledsoe who is a junior performance major.

things have already been changed, some of which are: getting the imported beef in the school lunch programs stopped (or at least it is not labeled as imported any more). AAM has begun to make Americans more aware of the importance of agriculture as the largest single sector of our economy and the role it can play in bringing on a national economic depression when farm income becomes depressed, exposed the fact that chemically contaminated produce was being imported into the U.S. with misleading labeling, indication that it could have been grown domestically, uncovered the fact that foreigners are buying our land and there was no record of how much was being bought by them, changes in the set asides, target prices have increased some, and exposed USDA manipulation and distortion of farm income and production cost figures.

Through some of these ways the consumer is beginning to realize that the farmers are not to blame for the high rising costs of the foods. Some people realize now that not all the things bought at the grocery stores are edible groceries. Some of the things are toothpaste and shampoo for 20c and ounce, vitamins are 4c each, razor blades are 30c each, deodorant is 35c an ounce, furniture polish is 15c an ounce, trashbags are 15c each, toilet paper is 20c a roll. Compare this to sirloin steak for 12c an ounce, milk at 3c an ounce, pork steak at 9c an ounce, ice milk on sale at less than 1c an ounce. The most expensive thing on this list is the deodorant and yet I have never heard of a deodorant boycott.

The farmers are making waves with the gasohol idea

and the government and the oil people are right behind trying to knock the facts down. Too many of them are saying that we should not use the food products to make the gasohol, that too many people

in the foreign countries will go hungry. I suggest as many others do that we trade a bushel of wheat or corn for a barrel of oil. If those people in the other countries want their people to eat then they will be

willing to trade fairly. However, I think the people in the other countries would be willing to trade fairly, but our people here do not want a fair swap. And, it is time we demand a fair swap!

"Funny" or "Unfunny"

Over the past 10 years a special Small Business Administration program has advanced \$137 million for staff or equipment to some 3,400 minority small businesses to help them survive, and only 30 of these firms are still in business, less than one percent.

"They just dished out contracts willy-nilly to any firm they thought could handle the contract," said William Cherkasky, staff director of the Senate Select Committee on Small Business, which has been investigating problems with the SBA. "They never worried about whether the business would be viable at the end of that contract."

(Harold B. Johnson)
