

INDEPENDENCE DAY

WAITING ON WATER...E. J. Stewart, employee of North Central Texas Municipal Water Authority, observes gauges after starting pumps Monday morning. The pumps were stopped early Saturday when two large leaks were discovered in the water line from Miller Creek Lake to Haskell. Repairs were

conducted on the leaks all weekend and the City of Haskell resorted to well water for local usage. The lake pumps were returned to operation Monday and another small leak was located. Water Authority officials in Munday were confident that the leak could be repaired with no interruption to service to Haskell. (Staff Photo)

Country Club To Celebrate July 4

A full schedule of events has been planned for July 4 activities at the Haskell Country Club.

The activities will begin at 1 p.m. with a golf tournament. The tournament will be an individual tournament and entrants will be handicapped following 18 holes.

A bridge tournament will begin at 2 p.m. and a bathing beauty contest for girls 10 and under will also be held at 2.

Throughout the afternoon adults will compete in games for horseshoe pitching and volleyball. Childrens games will consist of potato race, three legged race, water balloon toss, balloon burst, apple race, inch worm race, sack race and swimming races.

Approximately 250 pounds of sirloin steak will be cooked Wednesday afternoon and served free to Country

Club members beginning at 7 p.m. Out-of-town guests of club members will be charged \$5.00 for the steak supper.

Bingo will begin at 8:30 and a special fireworks display will be presented at dark.

All activities of the day are open only to members of the Country Club and their out-of-town guests and all members are urged to attend.

VOLUME NINETY-THREE HASKELL, TEXAS, 79521, THURSDAY, JULY 5, 1979 NUMBER TWENTY-SEVEN

Bloodmobile To Visit

80 Units Is Goal

The Red River Red Cross Regional Bloodmobile will be in Haskell Thursday, July 5, from 1 to 6 p.m. in the Community Building of the Haskell

National Bank.

Goal for this visit of the Bloodmobile is 80 units and blood is needed urgently at this time according to Red Cross officials in Wichita Falls.

During the July 4, holiday week, only two bloodmobiles were scheduled. The Haskell mobile and a mobile in Hobart Okla.

Increased travel during the holiday will cause a decrease in donors and an increase in demand for accident victims.

Members of the Haskell County Home Demonstration Council are sponsoring the drive and all prospective donors who would like to make appointments are urged to contact Mrs. Hazel Thomas, chairman.

A donor may give blood every 56 days. Donors must be between the ages of 18 and 65 and weigh at least 110 pounds. 17 year-old donors can give blood with written parental consent.

The blood received by the Bloodmobile is distributed to 40 regional hospitals surrounding the Wichita Falls area. Regular deliveries are made to these hospitals, and in addition, special deliveries are made when the need arises.

Because blood can only be stored for 21 days, donors are always needed to replace the supply.

The actual process of giving blood only takes from seven to ten minutes but with time for registration, the medical history and refreshments, the donor should expect to spend about an hour at the bloodmobile. A brief medical examination including blood pressure, temperature, pulse and a hemoglobin blood test is given to every potential donor. These are some of the factors that determine if it is safe for the individual to be a blood donor and if the blood being donated is safe for a patient to receive.

Caution Urged With Fireworks

State Fire Marshal Ernest Emerson is again urging consumers celebrating Independence Day with fireworks to purchase only "Class C" fireworks and to exercise extreme caution in their use.

The reminder that fireworks and firecrackers can injure and even kill consumers comes from the State Board of Insurance. The State Fire Marshal's Office, a division of the State Board of Insurance, is responsible for the licensing of the more than 4,000 locations where fireworks are sold at retail in Texas.

"Our lack of manpower and the short selling season really work a hardship on us from an enforcement standpoint," Emerson said, "but that certainly doesn't mean we won't be out doing our best to see that all of the licensing requirements are being met."

"There were more than 6,100 injuries from fireworks use in the United States last year," said Emerson, "and data indicates that the principle cause of fireworks accidents is their improper use, rather than defects or malfunctions."

Agreeing that even the smallest accident could have an effect on fire, health and even life insurance rates, William P. Daves, Jr., Chairman of the State Board of Insurance, and Board Members Durwood Manford and Lyndon Olson, Jr., are reminding

everyone to include safety in their Fourth of July plans.

"While fireworks are traditional with Americans at this time of year, people must be made aware of the hazards of using them in an unsafe manner," Daves cautioned.

Fire Marshal Emerson specifically advises following a few simple rules for a safer holiday.

* Make sure that there is a manufacturer's label on all fireworks, as well as instructions for proper use.

* Provide adult supervision for children and do not allow very young children to handle fireworks.

* Light fireworks only outdoors in a clear area away from houses, dry brush or anything which might catch fire, and keep water available.

* Light only one device at a time.

* Dispose of fireworks properly, and soak malfunctioning devices with water to end their possible usage.

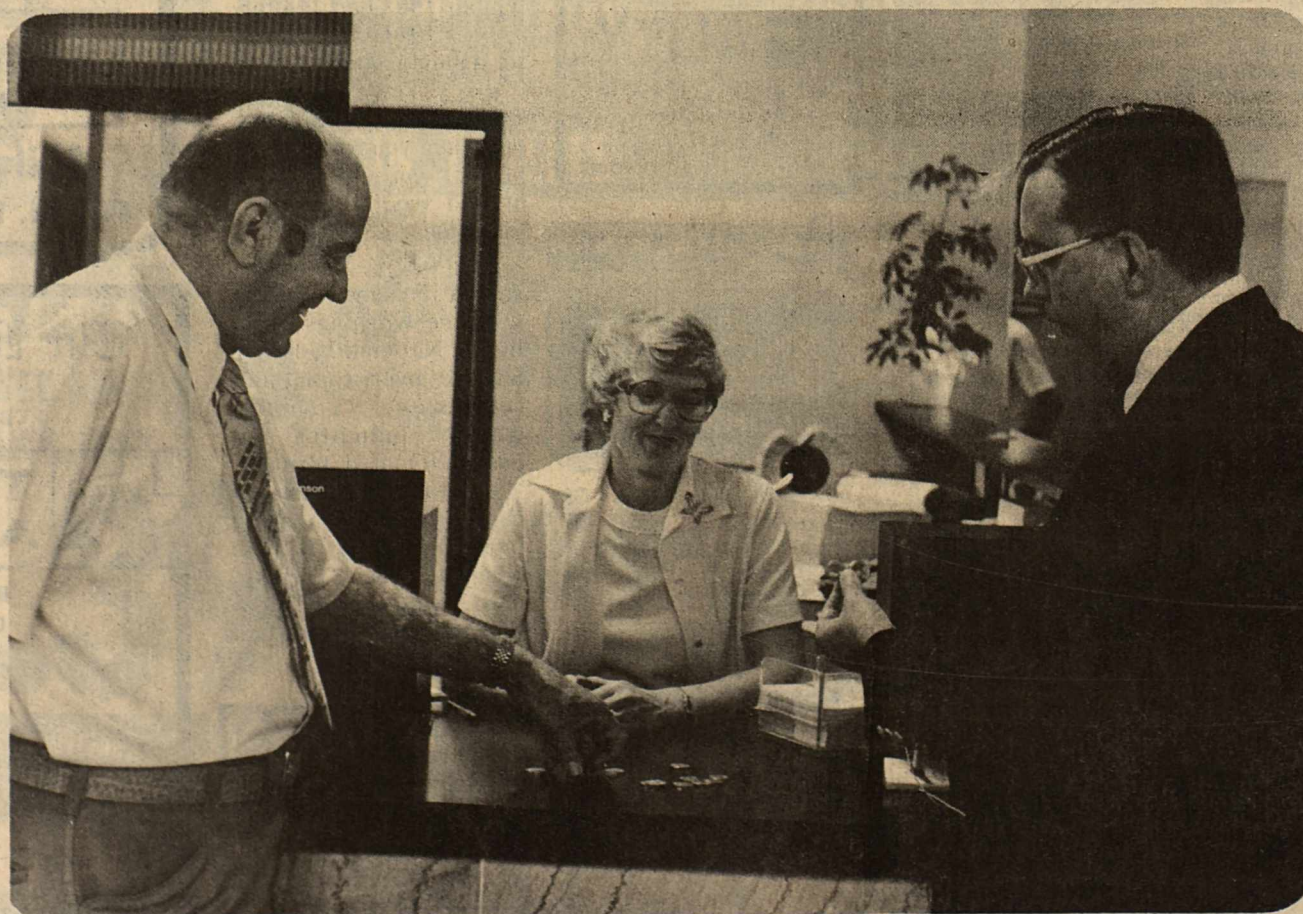

"There are no such things as 'safe' fireworks," Emerson emphasized. "Only when everyone knows this fact and takes it seriously will there be an end to Independence Day tragedies from these items."

Taxpayers Schedule Meeting

The Haskell County Taxpayers Association will meet July 12, at 8 p.m. at Haskell Livestock Auction.

James Powell urges all members to attend and bring several guests.

Topic of the meeting will be to discuss ways to handle the new tax that has been placed on all taxpayers and bills that were passed by the 66th Legislature. Members will also discuss the future welfare of rural Texas.

OBSERVING NEW DOLLAR...R. C. Couch, Lucy Denson, and Royce Williams, all of Haskell National Bank, observe new Susan B. Anthony dollar coins. The coins were released Monday throughout the country and many Haskell merchants expressed concern about the American people ever using the coin to great extent. According to government news releases, the

coin will save approximately \$4.5 million per year because it is cheaper to mint than the larger one dollar coins and last much longer than dollar bills. The coin is only slightly larger than a quarter and bears the profile of Susan B. Anthony, early day crusader for equal rights for women.

(Staff Photo)

In America, 3% of the people give 100% of all the blood that's freely donated. Which means that if only 1% more people—maybe you—became donors, it would add over thirty percent more blood to America's voluntary bloodstream. Think of it! But forget arithmetic. Just concentrate on one word.

The word is *Easy*. Giving blood is easy. You hardly feel it (in fact, some people say they feel better physically after a blood donation).

And, of course, everybody feels better *emotionally*. Because it's a great feeling knowing your one easy blood donation has helped up to five other people to live.

So how about it, 1% of America? Are you going to lie down and be counted?

Call your local Red Cross Chapter, or your community's volunteer blood bank. We need you now.

IT'S YOUR HEALTH
answers to your questions from the Texas Department of Health

What can you do to help your survival during a tornado?

Although you can't plan where a funnel will strike, you can plan what to do should one touch down near you. These questions and answers may help your chances in the event of disasters such as the ones which struck Wichita Falls and Vernon recently.

QUESTION: When are tornadoes likely to occur?

ANSWER: They may occur anytime, but usually occur with greatest frequency during the late spring or early summer. In the 25-year period from 1951 through 1975, nearly three-fifths of all Texas tornadoes occurred within the three-month period of April, May and June.

QUESTION: How many tornadoes touched down in Texas last year and how many tornadoes does the state average each year?

ANSWER: Last year, 127 tornadoes were confirmed in the state. Luckily, however, only one death resulted. An average of 105 tornadoes strike Texas soil each year. The annual total varies considerably, and certain areas are struck more often than others. For example, tornadoes occur with greatest frequency in the Red River Valley.

QUESTION: When did the greatest outbreak of tornadoes occur in Texas?

ANSWER: The greatest outbreak of tornadoes on record in Texas was associated with Hurricane Beulah in September 1967. Within a five-day period, September 19-23, 115 tornadoes were reported. Sixty-seven occurred on September 20, a Texas record for a single day. Because of Hurricane Beulah, September 1967 had 124 tornadoes, a Texas record for a single month.

QUESTION: Is there anything you can do to protect yourself in times of bad weather against tornadoes?

ANSWER: Yes. You should become familiar with the warnings given by the National Weather Service over radio and television. "Tornado watch" indicates the possibility of a tornado. "Tornado warning" means that a tornado has been reported in the general area. "Tornado alert" means to act fast—that a tornado is known to be in the vicinity.

Around Town

Patrick and Shannon Riley of Jal. New Mexico have returned home after spending two weeks with their grandparents, Mr. and Mrs. W. B. Hill, 306 S. Ave. O and Mr. and Mrs. Richard Riley 901 N. 6th.

Mr. and Mrs. Everett Berryhill visited their son and family, Mr. and Mrs. Lynn Berryhill in Bridgeport. Their granddaughter, Valarie, returned home with them to spend a few days in Haskell.

Mr. and Mrs. John Conn & boys of Odessa spent Sunday in the home of her parents, Mr. and Mrs. J. W. Hawkins. They are on their way to New Jersey where he will be attending school.

Tom Thornton has returned to his home in Plano after spending ten days with his grandmother, Mrs. Kenneth Thornton. He was accompanied by a former school friend, Kevin Tayler of Abilene.

The land of Wales is so-called from the Anglo-Saxon word walas meaning "foreign."

Fireworks Can Cause Wildfire

With many persons looking forward to the July 4 holiday, most volunteer fire departments and the Texas Forest Service fire fighting units are apprehensive.

During the one-day holiday, many families will be heading for the outdoors for picnics, cookouts, camping and fireworks. With many cities prohibiting fireworks in corporate boundaries, many travel to nearby woods or open fields to discharge fireworks. Traditionally, fireworks often climax a family picnic.

"The wet spring weather has not eliminated wildfire danger, although the fields and woods look green and fire proof," said a Texas Forest Service spokesman. "We are rating the fire danger as low to moderate."

The Texas Forest Service and rural fire departments hope all persons enjoy this national holiday, but urges extreme caution with outdoor fires and fireworks.

Jenkins, Stewart Repeat Vows

Lisa Kellie Stewart and Darrell Wayne Jenkins were united in marriage on Friday, June 15th, in the First Baptist

Church in Gordon. Officiating ministers for the double ring ceremony were Robert Bailey, brother of the bride, and Bill

Wright. Parents of the bride are Mrs. Anita Franklin of Ranger and Monty Stewart of Rockport. The groom's parents are Mr. and Mrs. Bobby Jenkins of Gordon.

Guests attending were registered by Debbie Dixon. Candlelighters were Glenn Boyd of Gordon and Russell Ellison of La Grange.

Organist was Reba Bailey, sister-in-law of the bride, and soloist, Tim Roper, accompanied himself with the guitar.

The bride, given in marriage by her father, wore a formal polyester gown. The cotton netting bodice insert featuring a keyhole opening was accented with hand beaded lace appliques which also trimmed the empire waist and long bishop sleeves. The full skirt extended to a chapel length train. Her headpiece was made of layers of veiling trimmed with lace and pearls. She carried a bouquet of daisies, carnations and baby's breath. She wore the traditional blue garter.

Maid of Honor was Jan Elkins of Gordon. Bridesmaids were Carla Fulfer of Stephenville, Sandra Church of Minus and Karen Franklin of Ranger, sister of the bride, who also served as flower girl. They wore yellow crepe long gowns with sheer apricot and yellow ruffles around the necklines. Their yellow hats were trimmed with ribbons and flowers. They carried apricot carnations.

Glenn Jenkins of Gordon, brother of the groom served as best man. Groomsmen were Mike Mathis of Jacksboro, Clinton Lowrey of Stephenville, and Woody McClendon of Gordon. Seating guests were Terry Bailey of Brownfield, brother of the bride, and Rob Lackey of Lubbock, cousin of the groom.

A reception in the American Legion Hall followed the ceremony. The Bride's table was covered with white lace tied up with yellow roses exposing the yellow satin tablecloth. Her cake was pale yellow trimmed with daisies

and topped with white doves. Fruit punch and mints were served. Appointments were of crystal. Serving were Paula Threadgill and Judy James.

The groom's table was covered with yellow satin. Centerpiece was a treasure chest filled with sea shells and pearls laid upon fishnet. Chocolate cake, roasted pecans, and coffee was served by Gail Stoner and Debbie Dixon. Serving appointments were silver.

The rehearsal dinner was hosted by the groom's parents in the fellowship hall of the church.

The couple will reside at Rockport, where the groom is employed, following a wedding trip to Austin.

The groom is the grandson of the late Mr. and Mrs. Homer Jenkins of Weinert and Mr. and Mrs. Cecil Lackey of Haskell.

Gift Tea Honors Bride-Elect

A gift tea was held June 9, in the home of Mary Rike, honoring Jo Ann Weise, bride elect of Sam Watson.

In the receiving line were: the honoree, her mother, Mrs. Wilton Weise Sr., and the prospective groom's mother, Mrs. Tom Watson.

Hostesses were: Mary Rike, Carolyn Everett, Melba Howard, Ruby Medford, Thula Perry, Jo Ann Dulaney, Carolyn Reynolds and Pat Byford.

Engagement Announced

Mr. and Mrs. Jefferson C. Lewis of Rule announce the engagement and approaching marriage of their daughter, Mary Sue Lewis, to Ronnie Lewis Mize of Lubbock. Ronnie is the son of Mr. and Mrs. Lewis Mize of Lubbock.

The couple plans an August 18 wedding at the First United Methodist Church in Lubbock.

The bride-elect is a graduate of Rule High School, McMurry College and Texas Tech University. She is employed by Lubbock Public Schools.

The prospective bridegroom is a graduate of Lubbock High School and Texas Tech University. He is a buyer for Hemphill Wells in Lubbock.

Engagement Announced

Mr. and Mrs. George E. Gray of Stamford announce the engagement and approaching marriage of their daughter, Georgia Sue Gray, to Mark Jackson of Haskell. Mark is the son of Mr. and Mrs. Bennie T. Jackson of Haskell.

The couple plans an August 25 wedding in the First Baptist Church in Haskell.

The bride-elect attended Stamford High School and is attending Glen & Lotties School of Beauty. She is employed by Stamford Memorial Hospital in Stamford.

The prospective bridegroom is a graduate of Haskell High School. He is employed by Bill Wilson Motor Co. in Haskell.

Mrs. Welsh Celebrates 85th Birthday

Mana Maude Welsh of Haskell will celebrate her 85th birthday on July 7.

She was born Nana Maude Yancy in Holland, Tx., in 1894. Her family moved to the Galveston area and she is a survivor of the Galveston Flood of 1900.

She married E. E. Welsh in Heidenheimer and they moved to Haskell County in 1923 where they farmed until retirement in 1959.

She has seven children, 13 grandchildren and 14 great grandchildren. All will be gathered at her home along with friends to commemorate her birthday.

She summarizes her 85 years by saying, "I've had a heck of a life!"

Hospital Notes

ADMISSIONS
MEDICAL: Tom Kevil Jr., Rule; F. A. Stegemoeller, Sagerton; Blanche Harrell, Haskell; Lillie Bradley, Haskell; Albert Allen, Haskell; Roberta Perez, Haskell; Willie Hostas, Seymour; Letha Jones, Rochester; Harold Brian, Weinert; Edith Hudspeth, Haskell.
SURGICAL: M. L. Cook, Haskell.

DISMISSED
Ramona Abila, Sam Wright, William Curtis, Lula Smith, Olan Bogard, Alicia Wallace, Pauline Carmack, Vernay Teague, Mary Lusk, Donna Roberts, Carroll Miller, Brenda Jones, Cathy Casey.

Local Artists Should Plan Fair Entries

All area adult amateur and professional artists are urged to begin planning their entries in the Haskell County Fair, Sept. 20-22.

All paintings entered must have been painted since October 1, 1978, and paintings completed in an art class will not be accepted.

STAMP CUBES and other desk accessories in matching vivid colors. Haskell Free Press.

Jo Ann Weise Honored With Bridal Shower

Jo Ann Weise, bride elect of Sam Watson, was honored with a bridal shower, June 30, in the fellowship hall of Trinity Lutheran Church.

In the receiving line were: the honoree, her mother, Mrs. Wilton Weise Sr. and the mother of the prospective groom, Mrs. Tom Watson.

Miss Karen Koehler registered guests. Appointments were in the brides chosen colors of beige and blue.

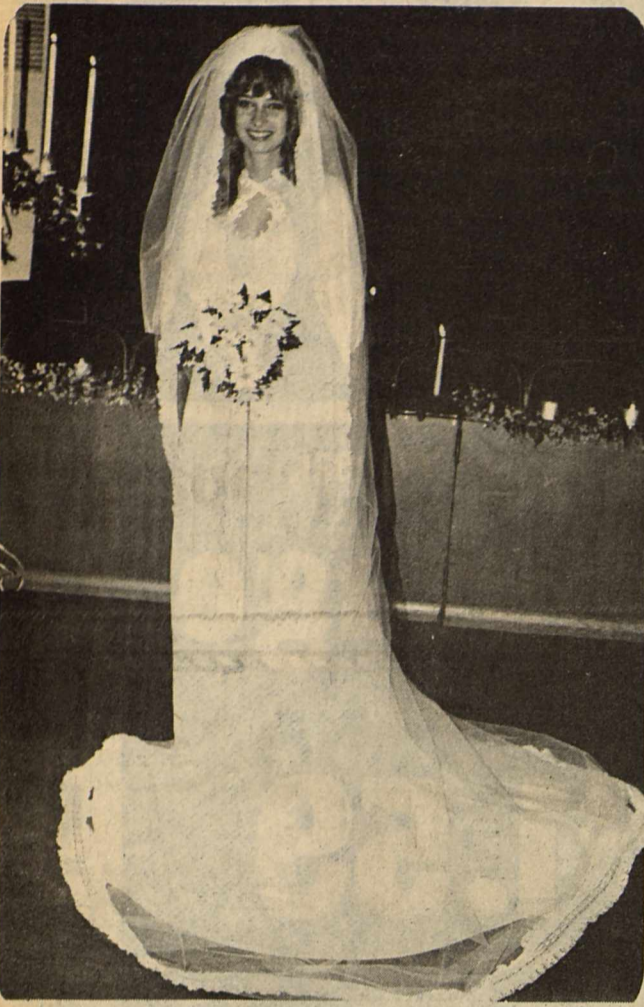

Betty Weise and Lois Howard served cake squares, punch, nuts and mints from a

table of blue overlaid with a white lace cloth.

The centerpiece of blue flowers, cattails and greenery was presented to the honoree.

Displaying gifts were the honoree's sister, Cheryl Weise and a cousin, Peggy Weise.

Hostesses were: Allene Bredthauer, Pauline Dick, Selma Follstaedt, Henrietta Fischer, Lois Howard, Lydia Klose, Eunice Koehler, Ladele Opitz, Janice Payne, Ella Peiser, Erna Peiser, Lil Peiser, Betty Weise, and Gertie Wittenborn.

Public Notice

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas effective August 3, 1979.

It is expected that the requested rate schedule will furnish a 6.09 percent increase in the company's intrastate revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality, and is available for inspection in each of the company's public business offices in Texas.

College News

Three residents of Haskell have been named academic honors lists at Hardin-Simmons University for the Spring, 1979 semester. Randy G. Darden made the Dean's List while Gene K. Lancaster and Glenda J. Drinnon were listed on the Honorable Mention (the top list of part-time students).

There were 68 students who qualified for the Dean's List by compiling a 4.0 grade point average (all A's) while carrying at least 12 hours while 34 students were named Honorable Mention for compiling at least a 3.7 grade point average while carrying six to eleven hours. A college course is normally worth three or four hours credit.

Judge Bean's memory lives on in Langtry, Tx.

By Gordon M. Quarnstrom
Texas Travel News

LANGTRY—It's simply amazing what you find along the highways and byways of the Lone Star State. Here in the small Texas town on the Rio Grande you find a museum dedicated to a saloon keeper and reprobate who became a justice of the peace and famed as "The Law West of the Pecos."

There isn't much more to see in this town of 50 residents, some 60 miles from the desert town of Del Rio, an oasis of sorts because of the San Felipe Springs.

Langtry has no hotel, and unless you have a special interest in the eccentric Judge Roy Bean, you probably will go speeding past if you happen to be traveling in this part of Southwest Texas.

A recent New York Times article has revived interest in Bean, who came here in 1882 and set up a saloon in a tent. He was rough and ready, and a bit unscrupu-

lous, and he prospered from the drinking habits of construction workers.

The Texas Rangers set him up as a judge, and he opened the Jersey Lilly Saloon, which served both as a bar and a courtroom. He named it for the English actress, Lillie Langtry, "The Jersey Lilly."

Bean's famous decisions included the fine he levied on a corpse. In conducting the inquest, he found \$10 and a pistol, so he promptly found the body \$40 for concealing the weapon!

Bean invited the promoters of the Bob Fitzsimmons-Pete Maher prizefight here in 1896 after the Texas governor had banned the fight in El Paso.

Bean built a rickety pontoon bridge across the Rio Grande and the bout took place on the Mexican side. Fitzsimmons won by a second round knockout, and the crowd came back across the river with nothing more to do than drink at Bean's saloon until the train left.

Bean tried to get Miss Langtry to visit the town. She finally came in 1901, a year after Bean's death.

A number of Bean mementoes are on display in the Visitors Center, open daily from 8 a.m. to 5 p.m., with no charge. The Jersey Lilly Saloon is now preserved by the state.

Del Rio has a museum, open from 9 a.m. to 5 p.m. daily. It has relics of early Texas and a replica of the Jersey Lilly. There also are several motels in the town.

Big attraction nearby (12 miles away) is the Amistad Recreation Area. A dam on the Rio Grande forms a lake of some 50,000 acres famed for its fishing, water skiing and swimming. In Seminole Canyon a few miles away are Indian pictographs dating back 10,000 years and now carefully preserved.

Full information on travel in the Lone Star State is available if you drop a note or card to Dept. GW, TEXAS, Box 5064, Austin, TX 78763.

USDA Soil Conservation Service

PLANNED GRAZING SYSTEMS
This message is directed to the livestock producers of the Haskell Soil and Water Conservation District, so all you crop farmers can relax.

When buffalo roamed the rangelands of Texas, they would graze an area, then move on, say to greener pastures. Several weeks later, they would come back and graze the same land again.

So the grasslands of Texas evolved while being grazed occasionally by buffalo, then rested.

If you are interested in improving your rangeland, remember the way buffalo would graze it a while, then rest it a while.

And a good way to do it is to use what range scientists called a planned grazing system. With such a scheme, pastures are alternately grazed, then rested in a carefully designed sequence.

Planned grazing systems are not easy to plan, but once you get them going, they work for the betterment of native rangelands, and increased production.

Your Soil Conservation Service Technician can be of valuable assistance to you in planning and implementing a sound planned grazing system.

SOLAR ENERGY

Did you know that one of the great miracles of solar energy is the way grass uses the sun's rays to produce livestock forage?

It's a complicated process called photosynthesis. But what it boils down to is the fact that grass produces food in its leaves with the help of sunlight.

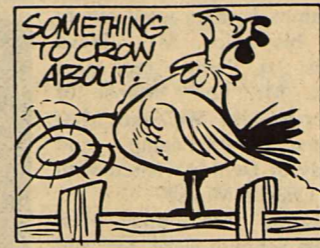

And, generally, the more leaves a plant has, the more grass it can grow if the season and moisture conditions are favorable.

But if livestock grazes off

most of the leaves, the plant has a hard time using solar energy to grow grass.

That is why most ranchers in the Haskell SWCD try to leave half the leaves on their better grasses year-round. It is called grazing half and leaving half, or you can have your cake, and eat it too.

J. C. Yeary Jr.
District Conservationist

An old remedy for corns was to rub a kernel of corn on the toe corn, then feed the kernel to a rooster.

Leisure Lodge News

We surely enjoyed the monthly Birthday Party hosted by the women of the Adult IV Sunday School Dept. of the First Baptist Church, with Lorene Adams as chairman. After cookies & punch was served in the dining room a nice devotional was brought after the singing. Having birthdays in June were, Nolberta Flores, A. C. Jeter, Easter King, Burt Butler, Bessie Piland, and Agnes Schmidt. Thank you ladies for remembering us with a party. The Christian Church had Sunday services, also the Church of Christ and we thank you and welcome you back. During the month of July the First Baptist will be bringing the morning services at 10:00 a.m. and the Church of Christ at 4:00 p.m.

We are anxiously awaiting the time that "The Great Wizo" will be coming out to see us, we hope that it will be in the near future.

We are happy to have Sam Parks back with us after being in the local hospital for a few days. Mrs. Beulah Mae Lynch of Lawton, Okla. visited her mother, Mrs. Minnie Brady.

Jo Evelyn Patterson, and her daughter, Mrs. Karen Byrd and Jenna Lea of Rochester came over and took Miss Myrtle Russell out to the Drive-In to eat. Betty Ruth Basden of Rochester also visited Miss Russell.

Mr. and Mrs. Don Ray of Odessa visited his mother, Mrs. Mary Ray this week. Mrs. Ray went to Abilene this week for surgery but was postponed until another date.

Mrs. Dora Long spent a few days with her son, Mr. and

Mrs. Richard Long & family in Merkel, and attended the wedding of her granddaughter, Denise Long and stated that it was a very pretty wedding.

Mrs. Janice Nowlin of Dallas visited her grandmother, Mrs. Ruby Moon.

Visiting Alpha Dyches were, Mr. and Mrs. Travis Smith of Stamford, Pat Martin of Rochester, Mrs. Warren Doyle and Mrs. Roy Hunt of Rule.

Gaines Latham went out to visit his niece, Mrs. Treva Wells, at Paint Creek this week. Mr. Leo Monse of Sagerton and Mr. and Mrs. August Vahlencamp and family of Denton visited with Mr. Charlie Monse.

Visiting Mr. and Mrs. Albert Schmidt were, Mr. and Mrs. Walton Schmidt, Edgar Lee Schmidt of Stamford and Mrs. Willard Cox of Rule.

Mrs. Bill Hunt of Rule and Mrs. Dempsey Nail of Aspermont visited their mother, Mrs. Bessie Hoket.

Mr. W. O. Lewis attended the 50th wedding anniversary party for Mr. and Mrs. Elvin Sorrells on Sunday in Rule. Mr. and Mrs. G. C. Brockett of Weintert visited Mr. Lewis and Mr. and Mrs. Jeff Smith.

Mr. and Mrs. Leroy Medford of Seagraves, and Bill Earles of Calif. have been visiting with Mrs. Ophelia Medford.

Mrs. Elsie Noraman spent a few days with her daughter, Mrs. Oleta Baird in Rule. Anita Camacho and son, Eddie of Abilene visited with Mrs. Nolberta Flores.

Ione Sheid of Rule visited with Tom Rogers and Mrs. Lummie Westmoreland. Mrs. and Mrs. Newton Westmoreland also visited with Mrs. Westmoreland.

Visiting with Arthur Lee was Eugene Bittick, Pat Martin of Rochester and Mrs. Alvin Norman of Rule. Mrs. Norman visited with her husband, Alvin Norman.

Gussie Stone's guests were, Mrs. Joan Hurst of Abilene, Mrs. Etta Jean Sercy of Munday, Thelma Pearl Dutton of Weintert and Mrs. Larry Caddell and children of Springtown.

Edna Adkins and Johnnie Love of Rochester visited Mr. Sam Parks, Mr. and Mrs. Travis Smith of Stamford visited Irene Yarbrough.

GLEN D. CHURCHILL began his duties as president and chief executive officer of West Texas Utilities Co. on July 1, succeeding Durwood Chalker, who became chairman and chief executive officer of Central Power and Light Co. in Corpus Christi. Churchill, former vice president and chief financial officer of WTU, moved back to Abilene after three years in Corpus Christi as executive vice president of CPL. At Corpus, Chalker replaces Roff W. Hardy, also a former WTU president, who has retired after heading CPL four and a half years and is returning to Abilene. Churchill, a graduate of Texas A&M University, joined WTU in 1964 after seven years with a Houston accounting firm.

VA News

Veterans who used GI loan entitlement to purchase mobile homes prior to October 1, 1978, have additional entitlement available and may not know about it according to Jack Coker, Director of the Waco Veterans Administration Regional Office. Prior to enactment of this legislation veterans who obtained a GI mobile home loan used their full entitlement and their Certificate of Eligibility was marked "NO ENTITLEMENT AVAILABLE FOR USE."

"The Veterans' Housing Benefits Act of 1978 (Public Law 95-476) effective October 1, 1978, liberalized mobile home loan entitlement and the restricted use notation on eligibility certificates no longer applies," Coker said. Veterans are now entitled to the difference between the amount of entitlement they

actually used and the statutory limit of \$17,500. Some may even qualify for restoration of previously used entitlement if the mobile home loan has been repaid in full and the unit securing the loan has been disposed of.

Veterans who wish to have their "NO ENTITLEMENT AVAILABLE FOR USE" certificates updated should obtain VA Form 26-1880, Request for Determination of Eligibility, from any mortgage company, VA field office or regional office. The completed form with the certificate should be mailed to the VA Regional Office, 1400 North Valley Mills Drive, Waco, Texas 76710. "Restoration of previously used entitlement will also be considered automatically in connection with updating of certificates," Coker said.

Benefits To Increase

A cost of living increase in Social Security benefits went into effect June 1, 1979. According to C. H. Herren, Service Officer for Haskell County, this increase was 9.9%, and is the first such raise since the Veterans Administration pension reform bill went into effect January 1, 1979. Included in this pension was a provision for VA benefits to be increased at the same percentage that Social Security was raised.

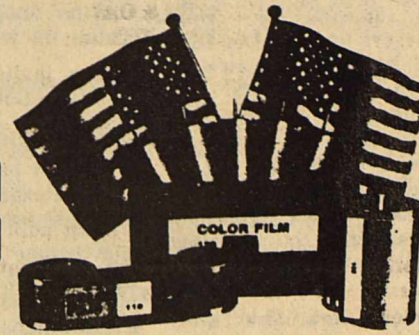

Public Law 95-588, which went into effect January 1, 1979, provides a new pension

program for wartime veterans and their dependent and surviving spouses and minor children. Persons who were receiving pension under a previous VA law were given the choice of remaining as they are or changing to the new law, whichever is to their advantage. Once an election has been made to receive under the new pension law, a person cannot revert back to an earlier law. Also, any such pensioner who makes the election prior to October 1, 1979, will be eligible for retroactive benefits back to January 1, 1979. Any election

made after that date will be effective only from the date it is received by the Veterans Administration.

Since there will be a possibility of an annual increase in new law pensions because of the link with Social Security, it will be to the advantage of many VA claimants to change. Many persons, however, will have to remain under their older law in order to maintain the level of benefits they now have. All persons considering a change should seek counseling from their local Veterans Service Officer before making a final determination.

Feel Like You're Trying to Air Condition the Entire Neighborhood?

It's not a pleasant feeling, is it? Using energy and money so fast it's like the walls weren't even there.

Did you know that a 1/16" crack around your door lets out as much cool air as a 4" x 4" hole bored right through the middle of it?

The Governor's Office of Energy Resources can help. We've got a free home-energy quiz. Just jot down some basic information about your house. We'll send you a computer analysis that tells you (1) how to make your house more energy-efficient; (2) how much it'll cost; (3) how much energy you can save; and (4) how much money you can save. You decide which of the suggested modifications make sense. In terms of increased comfort. In terms of a utility bill you can live with.

Call us toll-free at 1-800-252-9361. We'll tell you where you can pick up a quiz form in your area. And we'll answer any questions you might have. So you can begin to get your own house in order. And let the rest of the neighborhood fend for itself.

Sun Tan May Cause Problems Later

While we may seek a tan this summer to make us look young and vibrant, the sun actually will make us look old — and perhaps give us some health problems as well. With enough time, the sun can weaken the skin's elasticity, and also

cause dark patches and scaly gray growths called keratoses, which often are pre-cancerous, says the Texas Department of Health.

Children and teenagers who bask in the sun today without preventative methods may have to pay the price later on with wrinkles and a tough, leathery look. They may also have to suffer from skin cancer.

Almost all of the 300,000 cases of skin cancer developed by Americans annually are considered to be sun-related. According to the American Cancer Society, there is proportionately more skin cancer in the southern and southwestern states than elsewhere. Fortunately, if treated in time, skin cancer is very curable.

There are visible, early warnings: 1. A sore that does not heal. 2.

Change in size or color of a wart or mole. 3. Development of any unusual pigmented area.

Perhaps the best protection against the sun is proper clothing. Cool, loose-fitting beach robes, long sleeved shirts and wide-brimmed hats effectively cut down on exposure to the sun's rays.

The best chemical cover-up is any one of the popular brand sunscreens that contain PABA (para-aminobenzoic acid). These preparations absorb ultraviolet rays and allow gradual tanning. They should be applied about 45 minutes before exposure, and reapplied after swimming or perspiring.

Be sure to check the labels for PABA before buying sun lotions. Manufacturers of commercial sunscreens will probably soon be required to specify the Sun Protection Factor (SPF) of their products on the label, and some already provide this information. The techniques used to measure the SPF have not been fully standardized, so the SPF values for a given sunscreen may vary from one laboratory to another. The SPF usually ranges from two for minimal protection to

15 for super protection.

Another type of chemical protection, the sunblock, allows no tanning at all. It deflects the ultraviolet rays totally, and is most useful in shielding lips, nose and other extra-sensitive areas. A well-known sun blocking agent is zinc oxide, an opaque white ointment often used by life-guards and others whose jobs require constant exposure to the sun.

Besides using chemicals and clothes, you can help yourself by knowing all you can about sunning. Here are some tips:

Sun before 10 a.m. after 3 p.m., when violet rays are weakest. If you can't avoid these hours, try limiting your exposure to a maximum of 15 minutes during the danger hours.

Avoid sun reflectors. They expose the most delicate facial areas, under the chin, eyelids, earlobes.

You're better off bicycling or playing golf than lying immobile on a surfboard or on the riverbank.

Don't kid yourself into believing you're protected in the shade of a beach umbrella. Ultraviolet rays are only partially deflected by the umbrella and they are also bouncing toward you from all directions off sand, water, and patio floor. For the same reason, wearing a hat only offers partial protection for the face.

Don't figure on being safe on a cloudy day or even under water. A wet T-shirt can also deceive you. Water droplets funnel at least half the ultraviolet power to your skin.

Altitude plays a role. There is less atmosphere on mountain tops to filter out ultraviolet rays.

Women In Service

LORIE HANKE

Hanke To Open New Business

Loretta (Lorie) Hanke will open the Mud Puddle, a ceramic shop, at 201 N. Ave. H, in Haskell, as soon as all equipment arrives.

Following the opening, she will teach afternoon and evening classes and will sell greenware and supplies. She recently received her discharge from the U.S. Navy after nine years as a Photographers Mate 2nd Class.

She is the daughter of Mr. and Mrs. G. L. Hanke who are Lake Stamford residents at Earle's Camp. She was born in Haskell and graduated from Aspermont High School.

During her stay in the Navy, she served in Florida, Guam and Kingsville, Texas.

Dr. (Capt.) Marguerite Barnett has been assigned to the surgical department of the Tripler Army Hospital in Hawaii.

Her parents attended her graduation activities at Harvard Medical School in Boston, Mass. where she graduated in June.

During her four years at medical school she was a reserve officer in the US Army and took her basic training at Fort Benning, Georgia where she also completed four Airborne jumps.

One summer she spent six weeks in Israel training and working in a Hospital and became conversant in the Hebrew language. Last summer she spent six weeks at the Tripler Hospital, where she was accepted for her internship.

Marguerite is the daughter of Chaplain and Mrs. Robert Barnett of San Antonio and the grand-daughter of Mrs. Mary Barnett of Haskell.

LION JOHN McDERMETT was asked to assist in a magic show during the recent Lions Club installation of officers and ladies night banquet. Lion McDermott chose a card from a complete deck and after looking at the card, placed the egg beater to his forehead and turned the crank. He was instructed in how to turn the crank and to think only of the card selected. On signal from Lonnie Chevre, the performing magician, the entire audience announced the card selected to the amazement of Lion McDermott. (Staff Photo)

LION JOE ALVES was presented with a special pair of glasses after attempting to cut a rope into two equal parts several times. The glasses did not help because after several more tries one piece of the rope was always several inches longer than the other. Magician Lonnie Chevre is shown holding the rope as Lion Alves attempts the cut. The show was entertainment for the members of the Haskell Lions Club and their wives during the annual installation banquet. (Staff Photo)

Haskell Livestock Auction Market Report

The market at Haskell Livestock Auction was active on a run of 535 head of cattle, 126 hogs, and no sheep and goats at its sale Sat. June 30 according to James Powell reporter.

American Ag News

BY BETTYE McBROOM

Did you know there are several organizations promoting a world food reserve? There are people working toward this goal. And, along with this world food reserve they are working for a one world government. The big push for this world food reserve began in 1974 after the famine year of 1973.

You say that idea would be a good idea, but who would benefit, not the American people. This is one reason the food prices are going up. Not because of the farmer, but because the people advocating the one world government are trying to bring our, the American public, standard down to the living standard of the foreign nations.

Why the higher prices for oil and gasoline now, well this is just one more way of controlling the American people. I still say let the foreign nations swap their oil for our food. We can cut down on our going, our heating, our cooling, and our gas consumption, but these foreign countries cannot cut down much more on their food consumption. They are at the starving level now. Our administration says these countries will buy food elsewhere. Where will they get as cheap food as we are giving them now?

Did you know that when these foreign countries do receive our wheat that foreign matter such as rocks and dirt has been added to it so it will weigh more? Now is this a Christian attitude in selling grain to other countries?

In 1973 the Trilateral Commission was formed with David Rockefeller as chairman, but Mr. Brzezinski, who is now National Security Advisor, did the leg work for Mr. Rockefeller. Mr. Brzezinski is foreign born.

In the coming weeks and months watch for the following four names and note that there is usually one of these men with Mr. Carter when he makes a trip anywhere. The first name is Mr. Brzezinski, who I understand was in the meeting with Mr. Carter and David Rockefeller in 1973 when Mr. Carter was asked to run for the President of the United States. The second name is Michael Blumenthal, Secretary of the Treasury, a **Unhelmeted riders more likely to die**

COLLEGE STATION — Deaths and injuries resulting from motorcycle accidents have increased drastically in Texas since repeal of the rider helmet law, concludes a statewide study by Texas A&M University traffic safety engineers.

One of every four motorcycle accident fatalities can be prevented simply by requiring drivers and passengers to wear helmets, according to the report, jointly released by Texas A&M and the Texas Office of Traffic Safety in Austin.

In addition, it states an unhelmeted rider is 2.5 times more likely to die and 2.67 times more likely to sustain a head injury that is incapacitating or fatal.

Trilateral Commission member and also foreign born. The third name is Harold Brown, Secretary of Defense, and also a member of the Trilateral Commission, and the fourth name is James Schlesinger, Secretary of Energy, who is not an official member of the T.C. These four men want control from the top and heavy government regulations of everything.

When the past year our money has devalued, the loan rates have gone up and the talk of changing the money system has come about, talk has been circulating about starting the draft again, and the oil prices have gone up with the talk of an energy shortage. Look at the preceding paragraph and see who is the head of all these departments.
