

Two years ago this time Haskell County was in the process of being declared a drought disaster area. At that time, Sam Herren, local weather observer had gauged a total of 6.05 inches of rain for the year. To date we have received 8.43 inches.

The main difference in the two years is the temperature.

Thursday will mark the 25th consecutive day of temperatures above 100 degrees. That is assuming that the temperature reaches 100 on Wednesday, which is a pretty good assumption.

Most residents seem to be adjusting to the heat and crops look surprisingly good.

Word is already circulating around town that the drought of 1978 ended with a flood.

A flood certainly isn't high on anyone's list of things needed at the present time, but most everyone would sure like to see a good rain.

If the rain isn't possible at this time, a good solid cloud cover would at least cool things off.

And, in connection with the flood of 1978, we recently received a report on the American Red Cross in Haskell County concerning flood assistance.

The ARC provided total assistance in the amount of \$15,250.00 to local flood victims.

The ARC provided assistance to 200 families locally and spent over one half million dollars in Texas in financial assistance relating to the flood.

It's difficult to understand why the public EXPECTS assistance from the Red Cross when it's needed, but the same public is so reluctant to support the Red Cross. Two attempts have been made recently to reorganize a local Red Cross Chapter and community interest was almost non-existent.

Along the same lines is the local

support of the regional blood program.

Many local volunteers call and assist the program and the bloodmobile visit is always well organized. The only thing lacking is donors.

The bloodmobile will be in Haskell next Thursday, July 24, from 1 to 6 p.m. in the Community Building of Haskell National Bank.

Cash Taken In Rochester Burglary

A burglary at Byrd's Lumber & Hardware in Rochester was discovered July 6.

Burglars gained entrance into the lumber yard building through a large back door.

The burglary occurred sometime during the July 4 holiday and was discovered Sunday afternoon when owner Alton Byrd went to the office.

According to Byrd, damage to the building was minor and the only thing taken in the burglary was a considerable amount of cash from the office safe.

Haskell County Sheriff G. T. Garrett and Milton Stapp are investigating.

Bob Hope To Be Honored In Abilene

Bob Hope will be honored at an appreciation ceremony at 4 p.m. Friday on the north steps of the Abilene Civic Center.

"This appearance will give the public an opportunity to thank Hope for his support of the West Texas Rehabilitation Center and the Joint Venture for Crippled Children," said Joint Venture chairman Dick Bowen.

The Joint Venture is a partnership between the oil industry and the West Texas Rehabilitation Center, benefiting WTRC programs for the handicapped.

Hope will be in Abilene to perform at the Bob Hope and

Friends Benefit Dinner on Friday night, the kickoff event for the Joint Venture. The show was a sellout immediately after being announced and more than 1500 people will attend.

Featured with Hope, both at the afternoon appearance and at the evening performance, will be singer Johnny Desmond and The Modernaires.

Chamber of Commerce and civic leaders will make presentations to Hope and he is expected to respond with his usual repartee of wisecracks.

The public is invited and the appearance is free of charge.

Census Takers Making Final Check

Census takers are making their rounds in this area, calling at households which have not mailed back their 1980 census questionnaires. They are making telephone calls at most households which have mailed back incompletely filled out questionnaires.

Billy Yarbrough, Manager of the district office, says the round-up should be completed in the next few weeks.

"You can easily tell if someone who knocks on your door is a census taker," the manager advises. "We all wear red, white, and blue identification cards with the U. S. Department of Commerce seal and 'Census Enumerator, Official Credential' printed on them, and each bears the wearer's signature. Census takers also carry large portfolios boldly lettered 'U.S. Census - 1980' against a red, white and blue background. The portfolios contain maps, questionnaires, and other supplies."

Householders should promptly report to the police anyone who claims to be a census taker but cannot produce this identification.

Sheriff's Office Investigation Still Underway

District Attorney Joseph Thigpen announced Tuesday that the investigation of the Haskell County Sheriff's Office was still underway.

Thigpen emphasized that the District Attorney's office was not conducting the investigation, but was cooperating with investigators.

The District Attorney also said that all information resulting from the investigation would be presented to a local grand jury.

ACCIDENT

Five persons received injuries in a one car accident July 14 at 11:15 a.m. The accident occurred about four miles east of Haskell on U.S. 380. The 1977 AMC Gremlin was traveling west when Janet Walls, 37, of Fort Worth, apparently lost control. The vehicle slid sideways into a concrete bridge abutment and overturned. The driver received fractures and lacerations and all other passengers received only lacerations and bruises. Passengers were: Peggy Mathis, Dedra Mathis, and Troy Mathis all of Sagerton; and Debbie Walls of Fort Worth. Shown in the photograph is the passenger door of the car wrapped around the bridge abutment. The accident was investigated by DPS Trooper II James Davis.

School To Hold Hearing On 1980-81 Tax Rate

The Haskell Independent School District Board of Trustees and Administration will hold an open hearing on the proposed tax rate for this coming school year in compliance with the Truth in Taxation Laws.

The tax rate will not be set at this meeting. It is simply an opportunity

for the public to express their interest concerning the proposed tax rate.

The rising costs of education plus the shrinking income because of the drop in A.D.A. has caused the Board and Administration to propose a tax rate increase of 20 cents. In studying the long range

population trends and trends in school finances, the Board and Administration feel that this rate will provide education for the youth of Haskell for a period of at least three or four years, barring unforeseen happenings such as a heating system going completely out or the state legislature passing a bill which will further divert funds from the local schools.

Commissioners Amend Lake Speed Limits

County Commissioners amended speed limits on roads around Lake Stamford during their regular meeting Monday.

The limits had been set at an earlier meeting, but were changed this week. The new limits are 40 mph on roads leading to camps and 20 mph in camping areas.

Commissioner C. A. Turnbow requested authorization from the court to advertise for bids for a new mower for Precinct 4 and court members agreed. The bids will be

opened August 11.

Members of the Court also scheduled a public hearing at the same August 11 meeting to receive comment on changing the Community Action Program funding from Taylor County to a local agency.

The commissioners also heard presentations on including the Rule Volunteer Fire Department in the 1981 budget and improvements at the Haskell County Library.

The Board and Administration stress the idea of community participation in this open hearing and welcome all comments and discussion presented by anyone who desires to express their views.

The Board and Administration would also like to remind those who applied for the 65 year old homestead exemption in 1979 that the 20 cent increase will not affect them. Anyone who applied for this particular exemption in 1979 will have a frozen tax rate of 65 cents as long as they renew their exemption each year.

OPENING

Haskell Chamber of Commerce officials officially opened the S&H Redemption Center in Haskell Tuesday with ribbon cutting ceremonies. Chamber officials present for the ceremony were: John McDermott, president; Von Marr, 1st Vice President; Sandy Horton, Sec.-Treas.; Sue Pate, 2nd Vice President; and directors Gene Long, Charles Thornhill and Joe Cortez. Larry West, district operations manager, and Barbara Mauro, local manager, also participated in the ribbon cutting.

LARGE CROWD

Within ten minutes of the opening of an S&H Green Stamp redemption center in Haskell, there were over fifty customers in the store. The new facility opened Tuesday on the northwest corner of the square and will be open Tuesday through Saturday from 10 a.m. to 5:30 p.m.

Researchers Recommend Leaving Oak In Sand-Shinery Areas

West Texas ranchers who have sand shinary oak would do well to leave some of it on their land, "as one measure to

cope with the dry weather." A Texas Tech University range management professor,

Dr. Russell D. Pettit, said leaving 40 percent of the sand shinary oak may provide an insurance against a potential drought.

"The drought is not upon us yet as in Montana or some of the northern Great Plains states, but we need to have some green matter for the animals in case the situation does not improve," Pettit said.

Forage grasses on Texas Tech's research plots have already gone dormant and some are "pretty dry." The soil is also dry, "but the lack of strong winds fortunately has helped us keep the dust down," Pettit added.

The Texas Tech range scientist does not feel that ranchers have to sell their stock at this time.

"But several old-timers have told us, and our experience also indicates, that this is

not the time to try to remove the oak completely," Pettit said.

Leave some oak and keep hoping for some rain in the near future is Pettit's best advice.

Headache Treatment Under Research

COLLEGE STATION — A Texas A&M University graduate student is refining a treatment for the common headache that's more effective than aspirin and costs nothing.

Doctoral candidate Fred Drummond says he can teach people who have recurring headaches to control them by using biofeedback, a technique

which helps people recognize how the body is reacting to stress situations and control its responses.

Tension headaches are caused by holding forehead muscles taut over a long period of time, he said. The idea is to learn to recognize when a headache is coming and learn to stop it by relaxing tensed muscles.

Local Taxing Bodies Required To Give Notice Of Increases

During the next two months a number of local governments throughout Texas will be publishing newspaper advertisements titled "Notice of Tax Increase."

The notices, which include the percentage or proposed tax increase, are required under the state's "Truth in Taxation" statute. They are intended to insure that taxpayers have notice that a jurisdiction's tax revenue is likely to increase, and that they have a right to appear at a public hearing to speak either for or against the increase.

According to Kenneth E. Graeber, executive director of the State Property Tax Board, the notice is required whenever a jurisdiction proposes to adopt a tax rate which is three percent or more above a maximum tax rate calculated by the jurisdiction's assessor. This maximum tax rate is a rate which would provide sufficient revenue for the current year's debt service and provide operating revenues equal to those of the prior year.

Graeber pointed out that some confusion exists due to the calculation and wording of the "Notice of Tax Increase." For this reason, many jurisdictions have chosen to run explanatory advertisements adjacent to the notice required by law.

"It is important that taxpayers be aware that the percentage of increase shown in the notice relates to the jurisdiction as a whole. A specific individual's taxes may increase at a greater rate, may remain the same, or may decrease," Graeber noted.

"The tax bill on an individual piece of property will depend upon the value of the property less any exemptions, multiplied by the jurisdiction's assessment ratio and tax rate," the SPTB official added.

In jurisdictions throughout Texas, compliance with truth in taxation will follow this

sequence:

-After the board of equalization certifies the jurisdiction's total assessed valuation, the tax assessor will calculate the maximum tax rate and publicize it by publication in a newspaper of general circulation in the jurisdiction.

-If the governing body chooses to adopt a tax rate which does not exceed the calculated rate, it may do so at any meeting. Other items of business may be on the agenda but the tax rate should be adopted as a separate item for the jurisdiction's budget.

-If the governing body determines that a rate which exceeds the three percent limit must be adopted, the members must give notice of a public hearing on the intent to adopt a higher rate. The jurisdiction must publish a notice no smaller than one-quarter page of a standard size or tabloid newspaper, and must set the date of the public hearing at least seven days from the date the notice is

published.

The date, time and location of the public hearing must be stated in the notice. The date must be on a weekday and not a public holiday. The hearing must begin after 5 p.m. and before 9 p.m. The location must be in a public building in the jurisdiction's boundaries.

Names of all members of the governing body, showing how each voted on the proposal to raise the tax rate and indicating those absent, must appear in the notice.

As an option, the jurisdiction may mail the notice by first-class mail to each registered voter. If published in a newspaper, it cannot be in the section with legal notices and classified ads.

-At the public hearing, the discussion of the tax rate should be the only item on the agenda. Taxpayers should be given ample opportunity to express their opinions and discuss the issue with members of the governing body.

At the conclusion of the hearing, another record vote

must be taken for the purpose of a second public notice. In addition, the officials must orally give the date, time and place of the meeting to adopt the tax rate. The second notice will be identical in form to the first except it will include a statement that "a public meeting to vote on the proposed increase will be held on (date), (time) at (meeting place)."

The second notice must specify a date which is not sooner than the 3rd day after the public hearing and not later than the 14th day. If the meeting to adopt the higher tax rate is not held within 14 days after the public hearing, then a new public hearing must be held and notice properly given.

-At the final meeting, at which the vote to actually adopt the tax rate is taken, other items of business may be on the agenda. Again, however, the vote on the tax rate must be separate from the vote on the jurisdiction's budget.

Use Summer Weather To Solar Dry Foods

Utilize that solar energy from those hot summer days to dry foods, advises Mary K. Sweeten, a foods and nutrition specialist.

Most fruits or vegetables can be sun-dried, air-dried or dehydrated in a home dehydrator or oven, she points out.

Mrs. Sweeten is with the Texas Agricultural Extension Service, the Texas A&M University System.

Peppers are an easy vegetable to dry. Use the finished product, crumbled or powdered in a blender, as a spice in favorite foods.

Or, rehydrate diced, dried

peppers to use in casseroles or soups, the specialist says.

When drying peppers in the sun, daytime temperatures must fall in the range of 85-90 degrees F. or higher.

If nighttime temperatures drop to the point where dew forms, bring them indoors, Mrs. Sweeten instructs.

Large peppers are better if cut in half to dry--remove seeds, stems and membranes, or slice and cut into cubes.

Dry small peppers whole, but hasten the drying process

by slicing the pepper with a knife, if you wish.

To dry, place the peppers on shallow wooden trays with slotted, perforated or woven bottoms which allow air circulation.

To prevent insects from contaminating the peppers, cover trays with cheese cloth.

Peppers are dry when they are brittle.

Store dried peppers in moisture/vapor-proof packaging in a cool, dry, dark place.

For more information on drying foods, contact Mrs. Lou Gilly, Haskell County Extension Agent, at 864-2546, or write to her at Box 693, Haskell, Texas 79521.

Rice Springs News

Another week of very warm weather has come and gone and people are kindly getting accustomed to the heat. At least most have learned to stay in while it is so hot. Our residents enjoy sitting out on the porches in the morning while it is still a little cool. We are all still hoping that it will come a good rain very soon.

Mrs. Ethel Edwards has returned to the home after spending a couple of weeks in the Haskell hospital. We are glad to have her back and hope she will be well enough to be up and about very soon. The home was saddened by the death of Luther Hines last week and we all wish to extend our sympathy to his wife,

Mattie, who is also a resident here and to all the rest of his family. He will really be missed by all who knew him. Our residents reported to me that they really enjoyed the Sunday morning service last Sunday which was provided by the Haskell Church of God. They are looking forward to their coming the entire

month of July. We were also glad to have Rev. J.R. Williams and the WMU Ladies from the Rule First Baptist Church come again this month to present us a good musical program. We also wish to thank all our other volunteer people for the week. We didn't have a whole lot of visitors again this week, but we were glad to have the ones who did come even for a few short minutes. Our Out-of-county visitors were:

Visiting Belle Kuenstler were her granddaughter, Beverly Conroy, and great granddaughters, Karla and Kay Lynn Conroy, all of Longview. Also visiting Belle and Beatrice Livengood was Alta Gibson of Ft. Worth. Jay, Betty, John, and Jeff Pumphrey of Fort Worth visited Jay's mother, Jonnye Pumphrey. David and Evelyn Smith of Lubbock visited June Smith. Visiting Mamie Angley

were Mr. and Mrs. Roy Angley of Odessa, Bonnie Kingery of Abilene, Nettie Pearl Tonchey and her daughter, Hazel, and grandson, all of Sterling, Colorado. Richard Whiteley of Victoria visited Mae Bell Turnbow. Gene and Gerrie Baccus of Lake Jackson visited A.C. Boggs and Joe Teague. Also visiting Mr. Boggs was Art Merchant of Fort Worth.

Visiting Ida Pheister were Mr. and Mrs. Roy Pheister of Ackerly, Doyle, Rita, Michael, and Tom Boykin of Texas City, and the Raymond Boykin Family of Vernon. Visiting John Earp were his brother, Joe and Opal Earp of Knox City, and Mr. and Mrs. Elbert Owens of Lubbock. John was taken over to Rochester last week-end to attend the Smith Reunion for a few hours.

Visiting Beulah Persons were her daughter, Mrs. C.F. Hunter of New Orleans, La., and Dorothea and Suzie Monroe of Irving. George and Mary Morgan of Alvin came to see Ora McCollough. Turner and Adele Grogan of Duncanville visited Emma Puschel. Visiting Ethel Rose, L.C. Williams, and Charity Bradley were Jack Sessions of Elk City, Oklahoma, Mr. and Mrs. Roland Rose of Abilene, and Mr. and Mrs. Aubrey Spalding of Hamlin. The Spaldings also visited with Trudie Bush. Nannie McCaul was visited by her daughter, Mr. and Mrs. E.E. Simpson, of Leveled and her great granddaughter, Darla Dean, of Odessa. Visiting Beatrice Livengood were Vera Baker of Hamlin, Jack and Pauline Jones of Abilene, and Floreine and H.R. Cates of Kaufman. Melvin and Dottie Bruce of Smiley visited Elmer and Vena

Ragsdale. Eva Hisey attended the wedding of her grandson, Don Hisey, in Rule last week. Visiting Maggie Martin, Trudie Bush, and Charity Bradley were Ada Snyder and Agnes Bowman of Seymour. Also visiting Maggie were Opal and Ellen Howe of Clyde. Clancey and Helen Lehmann of Old Glory came to see his aunt, Alvena Holle. Eunice Stewart was visited by her children, Jerry and Alta Stewart of Midland, Floyd Stewart of Seymour, and Melba Stowe of Olney. Visiting Edna Collins were Ophus, Frankie, and Nita Posey of Knox City. Mr. and Mrs. Claude Bevil of Stamford came to see her mother, Dovie Gregory. Ruth Barton of Harlingen and Jane Barrett of Santa Anna, California visited with their mother, Alma Cole, and also Charity Bradley. Also visiting Mrs. Cole were her

great grandson, Kyle Clark, and her sister, Lois, and E.G. Post, all of Abilene. Visiting Emma Lammert was her grandson, Mr. and Mrs. Dale Herring of Amarillo. Agnes and Jeanean Hawkins of Plainview visited their grandmother, Trudie Bush. Hazel Letz of Old Glory visited Sam and Ethel Bradford and also many of her other friends here in the home. Mattie Hines couldn't remember all who came to see her during the past week, but did say that she appreciated all who came during her time of sorrow and they really helped her to make it through some difficult days. Again we appreciate all who take the time to stop by and visit the residents. That's the news for another week and until next time, let's all think rain!

BVRA Horse Show Set Saturday In Knox City

Horse show fans and exhibitors are looking forward to the Second Annual All-Breed Open Horse Show sponsored by the Brazos Valley Recreation Association, to be held in Knox City this Saturday, July 18, beginning at 9:00 a.m.

One of the highlights of the day will be the homemade pit barbecue and country style beans sold at the concession stand, served by Ed Daniels and Bobby Roberson of Benjamin, who served the meals enjoyed by many area residents at the recent Knox City-O'Brien Homecoming, BVRA Junior Rodeo, and Mother's Day Dinner sponsored by the 4-H in Benjamin. Everyone is invited to come out to the arena, located one mile south of Knox City on State Highway Six, and enjoy a delicious lunch under the shade of large tents and watch the horse show. There is no gate or admission charge to spectators, and all are welcome, a spokesman said.

Morning activities include halter classes for stallions, mares and geldings, with a Show Champion and Reserve Champion being chosen from the winners of the open halter classes. A halter class for color breeds follows, for Palomino, Appaloosa, Paint, Pinto and Buckskin horses and Ponies of the Americas, along with showmanship at halter for exhibitors 12 and under, 13 through 18, and open (all ages). The first undersaddle class is the appealing Walk-Trot class for riders aged five

and under (lead line optional), followed by an open reining class and an open English pleasure class.

A stallion parade will be held during the noon break, in which area breeders may exhibit their stallions individually in hand or under saddle. This non-competitive event is being held to introduce top area stallions to local mare owners for their consideration of them for next year's breeding programs.

The afternoon show program begins with an open trail class, in which riders and their mounts negotiate a series of obstacles designed to simulate those found on the trail. Western pleasure and horsemanship are next for exhibitors aged 12 and under, 13 through 18, and open; followed by barrel racing, pole bending and flag racing in the same three age categories. The final event of the day is a ride-a-buck class, in which exhibitors try to keep their dollar bill beneath them (no hands, please!) on their bare-backed mounts.

Large trophies will be given to class winners, with ribbons to second through sixth placings. High point awards will be given in each of the three age categories. Judging the show will be

Cathy Wheeler of Abilene. Bill Oden of Knox City will act as show photographer, on an individual request basis. Entry fees for all events except the halter championship, stallion parade and ride-a-buck will be \$4.00. There will be no entry fee for the halter championship, open only to winners of the previous five halter classes, and the only fee for the ride-a-buck will be the entrant's dollar bill. Exhibitors may call (817) 658-3639 for further information.

Leftover barbecue and beans will be sold at the close of the show, dependant upon availability.

BVRA officials expressed special thanks to Smith Funeral Home, M-System of Knox City, Counts Insurance and Real Estate Agency, Norma's Leather Express, City Hardware, Jones Drug Store, Bridges Oil Company, Clonts Hardware and Furniture, and the Mini-Mall, Lowrey's Department Store, Ed Daniels Welding Service, Tackitt's Arabian Horse Farm, Boyd's Welding Service, Larson's Pharmacy, Penman Conoco, Skiles Brothers Exxon, Arnold Insurance and Real Estate, Speedy's Oil Field Service, Tackitt Enterprises, Distributor of DRIVE for Horses, for the assistance and support.

Haskell County Cancer Center Report

The Haskell County Cancer Center workers meet each Thursday afternoon from 3:00 to 4:00 in the Southwest room, on the third floor of the Courthouse.

The Center is in need of sheets, towels, and blankets. If anyone would like to contribute some of these and are unable to bring them to the Center, they should

contact one of the workers. Those working in the month of June are Ethel Thomas, Dora Klose, Grace Montgomery, Laura Overton, Era Davis, Lucile McCurley, Billy England and Christine DuBois.

The workers will be taking off for the summer months and will start again the first Thursday in September.

Kilowatts Are Getting More Precious All The Time

This insulator and rack is used to bring your electric service from the utility pole to your home.

	1972 Cost	1979 Cost
Secondary Rack	70¢ each	\$1.55 each
Spool Insulator	33¢ each	70¢ each
5/8 x 10" Machine Bolt	30¢ each	85¢ each

These essential parts are just an example of how rising prices are affecting the cost of producing electric energy. Of course everything else has gone up, too. Materials, equipment, labor — nothing has escaped the effects of inflation.

Which means that we at WTU are striving harder than ever to operate efficiently and economically as we meet the daily needs of our customers.

As always, WTU's goal is to provide a dependable supply of electric energy at the lowest practical cost. We hope you'll use it wisely.

Taylor, Barnett Repeat Vows

Doye Faith Barnett became the bride of Gary Glen Taylor on July 12 at 2 p.m. in San Antonio. The bride is the daughter of Chaplain & Mrs. James Robert Barnett of San Antonio. She is the granddaughter of Mary Barnett of Haskell and is the niece of T.P. Barnett of Haskell. The groom is the son of Dr. and Mrs. Glen L. Taylor of Denton.

Chaplain Barnett performed the ceremony. All of the bride's sisters took part in the wedding. Mrs. Bobbye Langford, of Colorado Springs, Colorado, sang two solos. Dr. Marguerite Barnett, of Aiea, Hawaii, and Mrs. Lee Barnett, of Haskell, both

served as reception hostesses.

Friends of the bride serving as honor attendants were Susan Lasus of San Antonio, Karen Shillingburg of Temple, and Cindy Cornelius of Lubbock. Friends of the groom serving as groomsmen were Doug Sturm of Dallas, Fred Potter of Weatherford, and Eddie Thornton of Fort Worth.

Friends of the couple serving as ushers were John Cornelius of Lubbock, Steve Griffin of Lewisville and Mike Harrison of San Antonio. Piano music was provided by David Winkler of San Antonio.

Bridal Shower Honors Mrs. Parrott

Mrs. Stacey Parrot, formerly Cindy Walker of Weinert, was honored with a bridal shower July 8 in the home of Mrs. Bobby Raines in Weinert. Deena Walker registered guests. Tammy Herricks and Michelle Raines served.

Hostesses were: Mrs. Bobby Raines, Mrs. Tiffan Mayfield, Mrs. Jerry Hester, Mrs. Johnny Earp, Mrs. Rex Herricks, Mrs. Bill Pannell, Mrs. Lindo Guess, Mrs. Tom Yates, Mrs. Junior Stewart, Mrs. Glendon Hawkins, Mrs. Donald Griffin, Mrs. Billy Joe Roberson, Mrs. Jerry King, Mrs. Kevin Swanner, Mrs. Bobby Howard, Miss Tammy Herricks, Mrs. Deater Hutchinson, Mrs. Lester Hutchinson, Mrs. Floyd Patton, Mrs. W.R. Hager, Mrs. Elmor Adams, Mrs. J.W. Wallace, Jr.

MR. AND MRS. KERRY DON HISEY

Hisey, Miller Vows Read

Carol Ann Miller and Kerry Don Hisey were united in marriage July 3rd in a lawn ceremony at the home of the groom's parents.

The bride was given in marriage by her father and mother in a ceremony per-

formed by Rev. David Hester. Attending the couple were Mrs. Joel Bevel of Rochester, an aunt of the bride, as matron of honor and Danny Hisey of Rule, a brother of the groom, as Best Man.

The rehearsal dinner was hosted by the groom and his parents in the home of Mr. and Mrs. Van Sedberry, sister of the groom. The reception was held on the lawn of the groom's parents and was hosted by the bride and her parents.

Parents of the bride are Raynelle Miller of Levelland and Genell Miller of Jayton. The groom's parents are Mr. and Mrs. John Hisey of Rule. Both the bride and groom graduated from Rule High School.

After a short trip, the couple will make their home in Rule where they will engage in farming.

Couple Celebrates 50th Anniversary

A reception honoring Mr. and Mrs. Cecil Payne of Haskell on their 50th wedding anniversary will be hosted by the couple's children from 2 to 4 p.m. Sunday, July 20, 1980 at the Haskell National Bank Community Room.

Their children are Orville Payne, Dublin; Juanita Sammons, San Angelo; Wanda Walton, Slaton; Billy Payne, Haskell; Jerrel Payne, Midland; Curtis Payne, Graham; Danny Payne, Haskell; Claude Payne, Haskell; Delorice Brothers, Graham, Robert Payne and Brenda Parker, Haskell. The couple also has thirty-five grandchildren and seventeen great grandchildren.

Mrs. Payne is the former Rosie Lee Hurt, daughter of

the late Mr. and Mrs. Carol Hurt of Haskell. Cecil's parents were the late Mr. and Mrs. Charlie Payne of Dublin.

The couple was married on July 21, 1930 in Haskell by the

late Rev. Ben F. Roberts. The couple has lived in Haskell for the past fifty years.

All relatives and friends of the family are cordially invited to attend.

Flanary-Melton Reunion Held

The descendants of the late John and Sallie Flanary and the late Bill and Martha Melton combined their family reunions this year in honor of Starling and Betty (formerly Betty Flanary) Melton and J.B. and Lila Flanary of Rialto, Calif. at the Haskell City Park. 110 registered and there

were many that didn't. A nice covered dish luncheon was enjoyed by all.

The last combined reunion was held in 1971.

Those present were from Seymour, Lubbock, Odessa, Cross Plains, Rising Star, Abilene, Sweetwater, Austin, Stephenville, Rochester, Hamlin, Snyder, Lamesa, Cooper, Sagerton, Hermleigh, Andrews, Beaverton, Oregon, Kaneohe Bay, Hawaii, Brigham City, Utah, Rialto, California, and Fayetteville, N.C.

Around Town

Mr. and Mrs. Don Walker from Christ Church, New Zealand, are visiting from July 15-21 with Mr. and Mrs. Charles Swinson. This is their second visit.

David Conn of Odessa is spending a few days with his grandparents, Mr. and Mrs. J.W. Hawkins.

Master Sgt. and Mrs. Sammy Kelso and children, Linda, Matthew and Patrick have returned to Frankfurt, Germany after visiting his parents, Mr. and Mrs. D.N. Foil. They also visited his granddad, Mr. S.W. Kelso and Mildred Kelso. Kelso is in the U.S.A.F. stationed in Frankfurt, Germany.

Dwayne Collins of Brownfield has been visiting his grandparents, Mr. and Mrs. Marvin Collins.

Bob Hope Returns To Kickoff Rehab Joint Venture on Friday

Leaders of the petroleum industry will welcome Bob Hope, world's foremost entertainer, on Friday when Hope returns to Abilene to kickoff the Joint Venture for Crippled Children.

The Joint Venture is a fund-raising program by members of the petroleum industry to benefit the West Texas Rehabilitation Center, a non-profit treatment facility for handicapped children and adults. The Bob Hope & Friends Benefit Dinner will begin the Joint Venture which

culminates with an oilfield equipment sale on Sept. 5.

Hope, with Western star Rex Allen and singer Johnny Desmond and the Modernaires, will perform before a sell out crowd of more than 1500 people. Tickets for the event cost \$125, \$150 and \$200 apiece.

The public will have an opportunity to welcome Hope back to Abilene at an appreciation ceremony to be on the steps at the north entrance to the Abilene Civic Center foyer at 4 p.m. Friday.

Hope will also tour the Rehab Center on Friday afternoon.

The gala evening will begin with a reception at the Kiva Inn for all ticketholders, hosted by Kendavis Industries International, Inc., Wayne Moore Pipe and Supply Co., and Wes-Tex Drilling Company.

Guests will attend the dinner and show at the Civic Center and return to the Kiva for an afterglow.

Dick Bowen, president of DB Drilling, is chairman of the Joint Venture steering committee. Other oilmen on the

committee include Tony Andress, William B. Blakemore of Midland, John Chalmers, Jack Cox, Gus Edwards, Myrle Greathouse, C.N. (Smokey) Griggs, Fred Henry, Ben Hood, Guy McCarty, R.W. McDonnell, Wayne Moore, Jimmy Morris, Randy Nicholson, Robert Patton, Phillip M. Pitzer of Breckenridge, Jim M. Polk, and Richard Salmon, Wade Simpson, Frank Stringer Jr. and Larry Tucker, all of San Angelo.

Hope was the star attraction at the 1979 Joint Venture kickoff and has supported the Rehab Center in other ways, including television commercials promoting the Joint Venture and Rehab '80, WTRC's annual telethon.

The 1979 Joint Venture raised \$400,000 to help the handicapped.

Founded in 1953, the West Texas Rehabilitation Center is a private non-profit treatment and diagnostic facility, which does not charge patients for its services. In 1979, more than 7,000 children and adults received treatment at WTRC's three campuses at Abilene, San Angelo and Snyder.

The bulk of the Rehab Center's \$2.6 million budget must come from donations, including memorial gifts, general contributions and gifts to special programs such as the Joint Venture for Crippled Children.

ALL-STARS

Haskell's Little League All-Star Team began tournament play in Rochester Monday night. Although the team lost the first battle with Stamford by a score of 6-5, play continued on Wednesday at 8 p.m. with a rematch between the teams. The winner of Wednesday's game is slated to play again at 8 Thursday evening. All-Stars pictured are left to right: (front row) Scott Schaake, Sammy Hawkins, Kendall Larned, Ricky Meier, Ponciano Lopez, Felipe Arredondo, Chris Lopez; (back row) Tim Johnson, Sammy Baker, Lance Hanson, Jim Baum, Joel Torres, Joe Martinez and Doug Starr. Also pictured are Bobby Hanson, Manager of the team and Leonard Howard, assistant manager.

New Food Stamp Program To Take Effect Sept. 1

An estimated 200,000 people, including 150,000 college students, will be dropped from the food stamp program, and food stamp costs will be cut by \$80 million a year under rules published today by the U.S. Department of Agriculture.

Assistant Secretary Carol Tucker Foreman said the new rules, required by 1980 amendments to the Food Stamp Act, will cause most of the 200,000 adult students (over 18 and under 60 years of age) who now receive food stamps to lose their eligibility on September 1. The only exceptions will be low-income students with disabilities, or those who: (1) work more than 20 hours a week, (2) head households with dependents, (3) participate in a federal work-study program, or (4) are enrolled in a work incentive program.

In addition to eliminating most college students from the program, the new rules will cause 50,000 more food stamp recipients to lose their eligibility when a new asset limit takes effect on Oct. 1.

Under the present food stamp law, most food stamp households must have assets worth less than \$1,750. The new law and regulations lower this limit to \$1,500. Households of two or more people, in which at least one person is elderly, will not be affected by the change. The assets limit for these elderly households will remain at \$3,000.

"The rules issued today carry out 1980 amendments to the food stamp law aimed at cutting program costs and

tightening management," Foreman said. "Earlier this month, the semi-annual cost-of-food increase was cancelled, and new procedures lowering food stamp income limits took effect."

"Together these changes are expected to save \$448 million in the upcoming fiscal year," Foreman said. "With the publication of today's rules, we have implemented all of the savings provisions of

the new law that will affect eligibility for food stamps and benefit levels."

The interim final rules published in today's Federal Register also exclude the counting of federal, state and local energy assistance payments as income or resources in determining a household's eligibility for food stamps. Vehicles used by handicapped people also will not be counted as a household resource. These latter two provisions become effective Oct. 1, 1980.

Sherry Rhoads Is WTSU President's Honor Scholar

President's Honor Scholars at West Texas State University have been named from 160 schools in a five-state region for the 1980-81 academic year.

The 350 students from Texas, New Mexico, Colorado, Kansas, Oklahoma and one student from Bloomington, Ind., have been chosen to receive \$100 scholarships.

The program was begun with contributions to the President's Development Fund. Scholarships since have been awarded through interest on the fund, \$200,000 from the Harrington Foundation and \$1,000 from Dr. Charles Townsend WTSU professor of history.

The first group of President's Honor Scholars numbered 216 and 322 were awarded scholarships last year, said Keith Winter, director of development,

whose office awards the scholarships.

Students must be members of National Honor Society chapters in high school or a similar honor organization or graduate with honors.

Winter's office receives a list of eligible students from NHS sponsors and high school principals in the Texas Panhandle and South Plains area, eastern New Mexico and other areas. The program also is

discussed when admissions advisers visit schools to recruit students.

President's Honor Scholars will be honored at a reception at WTSU on Sept. 9 and parents will be invited to a reception on Sept. 27.

The President's Honor Scholar from the Haskell area is Sherry Rhoads of Old Glory High School. She is the daughter of Mr. and Mrs. George Rhoads of Old Glory.

Funny or Unfunny

Below is from a letter from National Taxpayers Union, 325 Pennsylvania Ave, S.E. Washington, D.C.

Unless you take action now, you may be squeezed for the rest of your life to pay the costs of government spending. No matter how hard you work you may never reap the benefits you're entitled to. Politicians have seen to that. They've spent every cent of yours they could lay their hands on.

What's worse, much of your money has been wasted:

*\$3 billion stolen annually from health programs—yet the federal government has fewer people investigating than it has manuring the White House lawn.

*\$250 billion for foreign aid, including 10 million dollars to Uganda's mad dictator, Idi Amin, and money for the U.S. to finance both sides in 14 wars during the last 20 years.

*Billions wasted annually on 900,000 "totally ineligible" welfare recipients.

*\$200 million annually to perform useless research and shower favored professors with grants. There are 23 biographies of Isaac Newton in the Library of Congress, yet the federal government wants to spend \$10,000 for another one.

*\$85,000 per minute to pay interest on the "national debt."

Congressman

Charles W. Stenholm

Congressional Comment

WASHINGTON, D.C. — The House recently passed legislation that takes a major step toward energy independence for the United States, when my colleagues and I approved the Energy Security Act of 1980 by a margin of 317 to 93.

Commonly referred to as the "synfuels" bill, this act promotes research and development of numerous forms of alternate energy sources, aiding the United States in our effort to lessen dependence on foreign oil imports. The United States Synthetic Fuels Corporation (SFC), created by the legislation, will assist in the production of alcohol fuels, gasohol, solar energy, geothermal energy, and various other types of badly needed synthetic fuels.

I have been working especially hard to secure government backing for alcohol fuels production, and this bill provides for \$1.45 billion in subsidies, through the departments of Agriculture and Energy, for fuels produced from agricultural crops or crop residue as well as from various types of waste. The Congress has directed the SFC to work toward a 1982 production level of at least 60,000 barrels a day of alcohol. The goal for 1990 is for alcohol fuels to supply at least 10 percent of our nation's domestic gasoline consumption.

The total energy output goal for the synfuels program is the equivalent of no less than 500,000 barrels of crude oil a day by 1987. By 1992, the SFC

should have aided development of alternate fuel sources to the point that they account for over 2 million barrels a day. Currently, the United States uses about 18 million barrels of oil per day, and of this approximately 7.5 million barrels are imported.

The federal government will be distributing loans, loan guarantees, price guarantees and purchase agreements to facilities that produce synfuels. Facilities that use agriculture and forestry resources to manufacture less than 15 million barrels of alcohol annually will be under the jurisdiction of the USDA, while most larger facilities will be overseen by DOE.

This far-reaching energy plan also provides government-subsidized loans to help cover the costs of installing solar heating equipment and making conservation improvements in residential or commercial buildings. In this way the government will be able to reward those who seek to make their homes more energy efficient as well as those who choose to use solar-powered electricity to heat and cool their structures.

With this energy bill, the Congress has finally begun to come to grips with the serious energy problems facing our country. By developing a wide range of alternate energy sources, we will lessen our dependence on the OPEC nations and others. As a result the United States can begin once again to control our own energy future.

CHEERLEADERS

Haskell High School cheerleaders attended the 2nd Annual Big Country Cheerleaders Camp at Hardin-Simmons University June 16-20. The five-day camp, conducted by Southwest Camps of Cisco, included approximately 250 participants who were taught new cheers, chants, stunts, and spirit ideas by a six-member NCA staff headed up by Joel Ferrell, head cheerleader of the University of Texas at Austin. Pictured left to right are: (top) Terri Welsh and Janet Wallace; (standing) Lorie Johnson, Cindy Everett and D'Anne Burris; (bottom) Kim Lane, head cheerleader.

Summer Means Lawn Problems For Homeowners

BY MAX STAPLETON
County Extension Agent

Summer means hot weather in Texas along with outdoor sports and long lazy days. It also means lawn problems—drought, weeds, insects and diseases.

Lawn problems can cause headaches for homeowners unless the problems are accurately diagnosed and properly treated before they become severe, points out Max Stapleton, county agent for the Texas Agricultural Extension Service, Texas A&M University System.

Dry spots, thin turf and weeds can result from improper watering, fertilizing and mowing practices. Before applying a chemical to correct lawn problems, be sure that recommended cultural practices are followed.

Drought stress most often occurs in mid-summer and shows up as wilted, discolored turf. Watering schedules should be adjusted to wet the soil to a depth of four to six inches, and only when the grass shows symptoms of moisture stress. Mowing heights might also be raised one-half inch to improve drought tolerance in mid-summer.

Lack of nitrogen or iron often creates a lawn problem. Grass with a nitrogen deficiency may have a pale color and be heavily infested with weeds, explains Stapleton. Abundant seedheads are another symptom of nitrogen deficiency. A light application of a nitrogen fertilizer will improve the lawn's appearance.

Grass leaves that have yellow stripes parallel to the leaf margins may be deficient in iron. An application of iron sulfate or iron chelate at four-to-six-week intervals will usually correct this deficiency.

If a St. Augustine lawn has symptoms similar to nitrogen or iron deficiency but does not respond to applications of either material, St. Augustine Decline (S.A.D.) should be suspected. Close examination of turf infected with S.A.D.

shows small green and yellow blotches on the leaves. Good maintenance practices should be continued where S.A.D. is a problem. Also, Floratam, a new St. Augustine grass variety which is resistant to S.A.D., may be sprigged into the infested area.

Lean spot diseases are generally a problem when lawns are under stress and increase with high temperatures, drought, heavy shade and close mowing, points out Stapleton. Proper mowing and water will reduce these problems, but fungicides may be required to prevent serious damage.

Chinch bugs and white grubs feed heavily on lawns during mid-summer and their damage resembles drought injury, notes the specialist. If the turf does not respond to irrigation, inspect the lawn for these insect pests. Both in-

sects damage St. Augustine grass, but only the white grub damages bermudagrass lawns.

Chinch bugs and white grubs can be effectively controlled with applications of insecticides. Water the lawn thoroughly prior to applying the insecticide for chinch bug control. A light watering after the insecticide application also increases its effectiveness. Stapleton advises drenching the lawn after the insecticide is applied for grub control since the grubs feed in the soil.

The best way to keep a healthy, attractive lawn, advises Stapleton, is through proper mowing, watering and fertilization. These regular maintenance practices allow you to keep a check on lawn conditions so that you'll be able to detect a problem early should one develop.

Heat Ailments Explained

BY LOU GILLY

County Extension Agent
Don't become a heat stroke victim during Texas' scorching heat wave.

Know the warning signs—and take action!

Most likely affected are older persons, the obese, the very young, alcoholics and people suffering from chronic diseases.

Warning signs

When it's too hot, people

Assassin bug can be fatal

COLLEGE STATION — The blood-sucking assassin bug in Texas is infected with a sometime fatal parasitic disease that is passed on to its human victims, and vacationers this summer should take measures to avoid the night-feeding insect, say Texas A&M University researchers.

The infection, known as Chagas' disease, or American trypanosomiasis, is often fatal to infants and young animals. The disease causes enlargement of the esophagus, colon and heart, hinders digestion and results in the thinning of the walls of the heart.

can suffer heat exhaustion or heat stroke.

Heat stroke will kill, if you don't take immediate action.

Heat exhaustion, on the other hand, usually is not life threatening.

• HEAT STROKE—Warning signs are reddened skin, fiery hot to the touch and DRY.

The victim is obviously feverish but NO LONGER PERSPIRING.

The victim might be disoriented—or possibly unconscious.

Most heat stroke victims collapse.

Heat stroke victims can be suffering body temperatures up to and over 108 degrees F., because in cases of heat stroke, the body's normal cooling mechanisms have quit functioning.

• HEAT EXHAUSTION—Warning signs are pale skin that is cool and moist to the touch, and the body temperature is about normal.

The victim might be disoriented. A few heat-exhaustion victims do become unconscious and collapse.

Act Fast For Heat Stroke
Minutes count in cases of heat stroke.

Reduce the body tempera-

tures at once.

Call for an ambulance or medical help, then start cooling the victim with whatever means you can find.

Bath him with cold water if possible.

But be careful if he's unconscious, so you don't accidentally get water into the nose or mouth.

Another warning: watch for respiratory distress, and assist his breathing if necessary. Due to the necessary rapid cooling of the body, the victim may go into shock, and that can affect breathing.

Heat-stroke victims should be hospitalized and observed for several days—in case there might be kidney or nerve damage.

Actions For Heat Exhaustion
Early treatment of heat exhaustion involves moving the victim to a cool spot and trying to get him to drink cool fluids, such as water or lemonade.

Also, loosen or remove clothing, and cool him off by bathing with cool water.

Usually the person will feel better promptly, but if he seems tired, or if he is elderly or has a chronic disease, make sure he sees a doctor.

How to Prevent

Preventing heat exhaustion and heat stroke usually can be achieved by following some simple, common-sense precautions.

During hot weather:

-Don't expose yourself to the heat when you don't have to.

-Wear loose-fitting, light colored clothing that reflects the sun's rays and allows for better sweat evaporation.

-Don't go out in the hot sunshine without a wide-brimmed hat.

-Drink water often, even when you don't feel the urge.

-Stick to cool drinks and food—and salt your food liberally.

If you are on a low-salt or salt-free diet or suffer from heart disease, hypertension, diabetes, lung disease or other chronic disorders, consult your doctor before increasing salt intake or appreciably altering your diet.

-Don't overeat or over-indulge in alcoholic drinks.

-Don't exercise just before or after meals.

-Avoid sudden changes in temperature. For example, don't dash from an air-condi-

tioned building to a hot car. Open the car up for a few minutes before getting into it.

-Don't exercise strenuously in the sun or heat.

NOTICE OF TAX INCREASE

The Paint Creek Independent School District proposes to increase your property taxes by eight and one half (8.5) percent.

A public hearing on the increase will be held on July 22, 1980 at 8:00 p.m., in the Board Room of the Paint Creek Independent School District.

The Paint Creek ISD Board of Trustees has considered the proposal and voted in a meeting of the school board as follows:

FOR the proposal:

- Eugene Fisher, Board President
- Martin Coleman, Board Member
- Ronnie Reel, Board Member
- D. Patty, Board Member
- Billy Middlebrook, Board Member
- Waller Overton, Board Member
- Burl Medford, Board Member

AGAINST the proposal to increase taxes:

None

ABSENT and not voting:

None

The group will meet in the Family Recreation Center of First Baptist Church at 9:45 a.m. Dismissal will be shortly before 11:00 a.m. in order that you may attend worship services of your choice.

Come and bring a friend and find a friend.

Heat Wave Takes Toll On Farms and Ranches

Crops, animals and people all wilted in one of the longest recorded heat waves in Texas' history.

But it's no reason for farmers and ranchers to reach for the panic button, agree two Texas Tech University professors and a meteorologist at the National Weather Service office in Lubbock.

"The quality of the rangeland is going down, but there's nothing critical yet," Dr. Donald F. Burzlaff, chairman of the Department of Range and Wildlife Management, said Monday as temperatures again soared to the century mark.

Most rangeland "got a reasonably good start" this year and matured early, he said. But continued dry weather created low-quality forage. This caused declining weight gains for cattle, down from a normal 1 1/2 pounds per day to about three-quarters of a pound, he said.

If the heat wave were to continue for a couple more weeks, Burzlaff said, cattle

would require supplemental feed or would be marketed early. An early break in the heat wave would produce "no noticeable loss" in weight gain, he said.

Crops held their own, although cotton is better able to withstand a continued heat wave than either corn or sorghum, said Dr. Dwane G. Miller, chairman of the Department of Plant and Soil Science.

"So far, crops are not hurting too much," he said. Irrigated crops would fare better than dry-land crops during a prolonged dry spell, he said. But "the dry spell is definitely going to have an effect on yields."

Corn, with its broad leaf area, would be first to be hurt during a prolonged heat wave, Miller said. Next to be hurt would be sorghum.

Cotton, with its small leaf surface now, was in better shape to withstand June's dry spell, he said. "With a prolonged dry spell, cotton's

deeper rooting system will help it better survive dry stress than corn or sorghum."

When the mercury zipped past 100 degrees Monday for the eighth straight day, Lubbock tied the record for the second longest heat wave on record. The record was in 1924, when the temperature reached 100 degrees 10 days in a row. In 1928, the mercury also reached three figures for eight straight days.

Last month was either the hottest June on record or one of the hottest across the state, said Ken Wigner, special programs meteorologist for agriculture at the National Weather Service. High daily records were recorded throughout West Texas and in North Central Texas. Dallas-Fort Worth recorded the all-time high—113 degrees—days in a row. Wichita Falls set an all-time record of 117 degrees. El Paso had more than 20 days of 100 degree or higher temperatures—a new record of consecutive 100 degree days.

Lubbock missed its all-time record during the heat spell by only one degree—the record high is 109 degrees. But nearby towns did set new daily records: the temperature peaked at 111 degrees in Matador, Spur and Paducah, Wigner said.

Although many farmers and ranchers claim Texas and a large adjacent area of the Southwest are suffering another cyclical drought, similar to those of the 1930's and 1950's, Wigner is hesitant to call the present dry spell a major drought. The weather service only has data going back 70 years, he said, not a long enough time to indicate whether drought cycles exist.

Reason for the heat wave, Wigner said, was a high pressure system "in all levels of the atmosphere except for the surface." This high pressure forces air toward the surface and the air warms as it descends, he said.

The high pressure settled over Texas because the jet stream shifted to the upper Midwest. "As a result, we can't get any moving systems" such as a cold front or an upper level impulse that could bring rain.

Wigner said he does not expect any widespread rain for at least two weeks. This is reflected by the National Weather Service's extended July forecast, which calls for below normal rainfall and higher than normal temperatures.

Through June Lubbock recorded 7.48 inches of rain for the year, compared to a normal 8.97 inches.

Those looking for relief from the hot, dry spell can take comfort from the fact that, on the average, the last two weeks of June and the first two weeks of July are the warmest of the year.

Many people believe August is the hottest month, but Wigner said that is not so. The greater average humidity during August just makes the month seem hotter.

Staff Photo by Don Comedy

OUTSTANDING SERVICE

Mayme Hunter, District Manager of H&R Block, left, presented C. H. (Bud) Herren with an outstanding service award from H&R Block. Herren and Evelyn Cobb, in the local office, ranked number one in competition with fifty other offices in this area by recording the largest increases in five major areas of income tax work for H&R Block.

Brownie/Dad Day Held Recently

One hundred five persons helped celebrate a Brownie/Dad-July 4-5 holiday at Camp Boothe Oaks, south of Sweetwater. This was the second of three Brownie/Dad Special Overnights provided at the resident campsite this summer. Brownies were eligible who sold seven cases during the 1980 Cookie Sale of the West Texas Girl Scout Council.

The dads acted as Buddies

to the Brownies and did everything the girls did—swimming, canoeing, hiking, playing games, shooting arrows, stargazing, designing head scarfs, learning songs and practicing dining hall procedures.

Among special consultants assisting the resident camp staff were Brenda Crawford, Abilene; Ed Deaton, Roby; Teresa and Gary Scarber, Snyder; Stefanie Ausmus and Jill Willbanks, Big Spring; Deanne Pare, Midland; Jackie Hancock, Big Spring Field Executive; and Peggy Sturrock, Executive Director of the West Texas Council.

A third Brownie/Dad Day will be held Saturday, July 19-Sunday, July 20.

The West Texas Girl Scout Council is a participating agency of the United Way.

Do Christmas This Summer

BY LOU GILLY

County Extension Agent Christmas is coming, so get ready, set, and go NOW—and "do some Christmas things" this summer.

If you don't read on, you'll have only yourself to blame when Christmas catches you unprepared this year.

Lillian Chenoweth, a family resource management specialist, says spending some time and money on Christmas now will actually avoid most of the frantic, "short-money", rushy things about Christmas later.

Mrs. Chenoweth, on the home economics staff of the Texas Agricultural Extension Service, The Texas A&M University System, says early planning and action makes almost everything about Christmas easy.

Here are her suggestions:

MAKE A LIST

Make a list—now—of all the people you'll give gifts to.

This list probably won't change much by Christmas.

Singing School Students Present Kiwanis Program

Several participants in the Haskell Church of Christ Singing School were special guests of the Kiwanis Club during its meeting on Tuesday morning. Club members were treated to four or five songs by the group.

Included in the group were Ruth Simpson, DeAnn Burson, Kim Ekdahl, Sammy Wade, Steve Norell, John Connel, Susan Stafford, Scott Hooper and Lonnie Greenfield. The young people were accompanied by directors Bobby Simpson, Bill Cox, Holland Boring Sr., Bob Connel and pastor of the Haskell Church of Christ Larry Suttle.

Always friendly, professional service.

When I insured my house, I was Mr. Howe. When I had a claim, I was Mr. 203-92176.

Not when you deal with an Independent Insurance Agent. There are two types of insurance agents you can deal with. A one-company agent who works directly for one insurance company. Or an Independent Insurance Agent who represents several insurance companies. If you deal with a one-company agent, he's probably not the person you talk to when you have a claim. Most one-company agents have nothing to do with the claims process. So if you have a claim, it's between you and the adjuster. Your Independent Insurance Agent doesn't do business that way. He's right there ready to serve you when you have a claim... helping you reach a fair settlement as quickly as possible. And since your Independent Insurance Agent can offer you policies from several different companies, he can choose the policy that's just right for you. At the right price. Whether you need homeowners, auto, life or business insurance. We treat you like a person. Not a number.

Obituaries

Mrs. Major Lewis

Funeral services for Mrs. Major Lewis Sr., 96, of Haskell will be held Thursday, July 17, at Independent Baptist Church. Officiating the services will be Rev. Earnest Flanders, pastor; Rev. O. T. Jackson, pastor, Pilgrim Rest Baptist Church; and Rev. Elder Hodges, a Baptist minister of Haskell. Burial will be in Willow Cemetery under the direction of Holden-McCauley Funeral Home.

Mrs. Lewis died Monday, July 14, 1980 at her home. Born in Bremond, Nov. 24, 1884, she married Major Lewis Sr. in Calvert. The family moved from Marlin to Haskell in 1940. She was a member of the Independent Baptist Church.

Survivors include: her husband; four daughters, Susie Mae Sellers, Birdie Lee Benford, Alice Johnson and Mae Lou Yeldell, all of Haskell; five sons, Ollie, Ben and Robert, of Haskell, Armistice of Phoenix and Manuel of Aspermont; 31 grandchildren; 75 great grandchildren; and 2 great great grandchildren.

She was preceded in death by two sons, Chester and Major Jr., and one daughter, Josephine Scott.

Pallbearers will be Louis Wayne, Leroy Duffey, John

Earl Billington, Albert Sharp, Warner Collins and Lonnie Hill. Grandsons will be honorary pallbearers.

Clyde Bartley

Funeral services for Clyde E. Bartley, 47, of Haskell were held Saturday, July 12, at East Side Baptist Church with Rev. Kenneth Blair, pastor of the Trinity Baptist Church, officiating. Burial was in Willow Cemetery under the direction of Holden-McCauley Funeral Home.

Mr. Bartley died Thursday, July 10, 1980 at Haskell Memorial Hospital.

Born Jan. 25, 1933 in Haskell, he married Helen Ola Johnston June 3, 1956 in Abilene. A veteran of the Korean War, he lived most of his life in Haskell and was a member of the East Side Baptist Church. He was employed as a Toolpusher with Sojourner Drilling Company. Survivors include: his wife; two sons, Michael Eugene and Terry Dean, of Haskell; one daughter, Sheila Renee McAdams of Haskell; a granddaughter, Tiffany Laura McAdams of Haskell; his mother, Mrs. Stella Bartley of Haskell; and a brother, James A. Bartley of Stephenville.

Pallbearers were James Putnam, Junior Parker, David Speck, Edd Black, Joe Stewart and Jess Templeton.

INTERMEDIATE DIVISION

Participants in the Intermediate Division of the Haskell County Fashion Revue included (front row l to r): Jill Jennings, Haskell; Donna Griffiths, Weinert. Back row: Kim Jones, Rochester; Holli High, Haskell; Marva Holmes, Rochester and Debbie Quade, Rochester. Jill Jennings will represent Haskell County in the District Fashion Revue in Abilene on July 29.

Mrs. Etta Leach, Mrs. M.Y. Benton, Mrs. Louise Stegemoeller and Mrs. Alvin Bredthauer went to Haskell to do some shopping and visited at the Rice Springs Care Home with Mrs. Emma Lammert and some other people.

Mrs. Leon Stegemoeller has been in the Stamford Hospital but is at home now.

Mrs. Etta Leach and Mrs. Alva LeFevre took Mrs. M.Y. Benton to Stamford to catch the bus to go to Abilene to see her doctor. Then Mrs. Leach and Mrs. LeFevre visited with Mrs. Dorothy Laughlin.

The W.O.C. of Faith Lutheran Church had their monthly meeting with six women present and the Pastor, Lillian Neinast gave the topic.

Dr. Harvey Stegemoeller and wife, Marion, of Columbus, Ohio, have been visiting with his mother, Mrs. Henrietta Stegemoeller for about a week. Harvey preach-

ed in the Faith Lutheran Church Sunday and after church had a pot luck dinner.

Erna and Walter Schaake of Stamford visited in the home of Mr. and Mrs. Arthur Knippling Thursday.

Mrs. Lena Schaake, Clarence Stegemoeller, Mr. and Mrs. Alvin Bredthauer visited in the home of Erna and Walter Schaake Wednesday and enjoyed 84.

Mr. and Mrs. Fred Kupatt, Kris Kraig were in Stamford last Tuesday night to help Mrs. Shortie Hewett celebrate her birthday. Mrs. Hewett has recently moved into town and she received a gift shower from her new neighbors as a welcome gesture.

Mr. and Mrs. Kenneth Neinast and daughter spent last week visiting in the home of Mr. and Mrs. Sam Neinast.

Mr. and Mrs. Ernest Bredthauer of Rule were guests in the home of Mr. and

Mrs. Glenn Noton of Caldwell Sunday, Monday and Tuesday.

Mr. and Mrs. Ernest Bredthauer visited with Mr. and Mrs. Eddy Heldman in the Leisure Lodge Nursing Home. They also visited with Mary Bredthauer while they were in Caldwell.

Mr. and Mrs. Ernest Bredthauer of Rule were supper guests in the home of Otto and Eliena Heldman of Caldwell Tuesday night.

Kay Terrell of Lubbock visited with her grandparents, Reece Clark, during the holidays.

Mr. and Mrs. Joe Clark visited in Seguin with Mr. and Mrs. Ray Clark and Phillip during the 4th of July weekend. While there they attended the Fiesta Day Celebration and parade and the South Texas Beauty Pageant.

Mr. and Mrs. Delbert LeFevre and their family, Mr.

and Mrs. Mike Bailey, Rob Russ, Brad and Brian, of Terrell, Mr. and Mrs. Kent LeFevre of Abilene, Mr. and Mrs. Larry Larressa and Shane of Sagerton and Jill did spend nearly a week at Brownwood Park.

Mr. and Mrs. Ernest Bredthauer of Rule were dinner guests in the home of Mr. and Mrs. Herbert Heldman Tuesday at Caldwell.

Mr. and Mrs. Ernest Bredthauer of Rule visited Charlie Tutor and son Bobby of Cade Lake Monday night.

Mr. and Mrs. Ernest Bredthauer visited in the home of Mr. and Mrs. Joe Macek of Temple Wednesday.

Mr. Monse was honored with a hamburger supper and ice cream on his birthday July 10th. Guests were Mr. and Mrs. Franklin Mrazek and Bubba from Aspermont, Mr. and Mrs. Jack Monse and Dwayne, Mr. and Mrs. Rudolph Monse from Sagerton, Mr. and Mrs. Novelle Lehrmann and Marla from Rule, Mr. and Mrs. Bobby Don Smith and Hollie from Rule.

Mrs. Otto Lehrman, Mr. and Mrs. Clancy Lehrman, Mr. and Mrs. Steve Lehrman and Jennifer visited with Mr. and Mrs. Carl Opitz in Abilene Saturday.

Mrs. Otto Lehrmann visited Mrs. Emma Lammert, Mrs. Mamie Schonerstedt and Mrs. Katie Hemphill at the Rice Springs Care Home in Haskell Wednesday. Mr. and Mrs. Alvin Bredthauer, Erna and Walter Schaake, Mrs. Emma Rappelt of Stamford visited in the home of Mrs. Lena Schaake Sunday night and enjoyed playing 84 games.

Mr. and Mrs. Alvin Ulmer, Mr. and Mrs. Reece Clark and Mrs. Alva LeFevre visited in the Stamford hospital with G.W. LeFevre Sunday afternoon.

Three Selected To Outstanding Young Men

The Board of Advisors for the Outstanding Young Men of America Awards Program announced today that Darrell Feemster, Leslie Wootan and Hal Spain Jr. have been selected for inclusion in the 1980 edition of Outstanding Young Men of America.

These men were selected from nominations received from Senators, Congressmen, Governors, Mayors, State Legislators, University and College Presidents and Deans as well as various civic groups including the United States Jaycees which also endorses the Outstanding Young Men of America program.

In every community there are young men working diligently to make their cities, as well as their country, better places in which to live. These men, having distinguished themselves in one or more fields of endeavor, are outstanding and deserve to be recognized for their achievements. The criteria for selection include a man's voluntary

service to community, professional leadership, academic achievement, business advancement, cultural accomplishments and civic and political participation.

The men listed, along with fellow Outstanding Young Men throughout North America will be featured in this

prestigious annual awards publication.

Our Board of Advisors and Editors salute all chosen as Outstanding Young Men of America. We take great pride in bringing their accomplishments to the attention of the American public.

6 Local Students Attend Band Camp

Six junior high students from Haskell are attending the 10th annual Abilene Christian University band camp this week on the ACU campus.

The students are: Diana Jarred of 1105 N. Ave. L., Lori McGee of Box 64, Lorry Kay Geilhausen of Route 2, Holli High of 1307 N. Ave. F, Mitchell Stout of 706 N. 14th St., and Kim Lanier of 1507 N. Ave. F.

Approximately 200 students participating in the camp are receiving individual instrument instruction as well as instruction in several classes of their choice, including twirling, drum majoring, flags, ensemble, marching, conducting and rhythm.

More than two dozen instructors from throughout Texas, including professors

from the ACU and Baylor University music departments, are conducting the classes and giving private lessons.

The band will present a concert on the last day of camp. The concerts which are scheduled for 6:30 p.m. in ACU's Cullen Auditorium, will be free to the public.

The junior high camp, for band students in grades six through eight, began July 14 and will conclude July 18. The high school camp for students who will be in grades nine through 12 this fall, was conducted last week.

Big Country Savings Celebrates Name Change

Big Country Savings, an 80+ million dollar savings and loan, recently celebrated its change of name from First Federal of Stamford.

Hundreds of guests attended, according to John W. Harrell, president of Big Country Savings, even though the temperature was over 100°.

The celebration was held on Friday, July 11, and was free to all attending. Events included a country western band, bouncing in a Bubble Bounce (a 17'X15' high enclosed air-inflated play structure), clown-face painting, helium-filled balloons and refreshments. Special guests included Joe Montana, the mink-clad gunslinger from Dallas, Snuffy the Clown, and the Lady-in-Red.

"It was an exciting day and lots of fun in spite of the heat," stated Harrell. "We were delighted to see so many old friends and to have the opportunity to just visit with everyone."

First Federal Savings of Stamford recently changed its name to Big Country Savings in conjunction with official conversion to a state-chartered mutual savings and loan. This change gives First Federal a much broader base of lending power allowing for expansion of current services to offer a wider range of loans, including better and more flexible home loans.

"The only changes at First Federal will be the name and the ability to serve the customer better than before," Harrell concluded.

Big Country Savings has offices in Stamford, Haskell, Quanah and Abilene.

Weinert Athletes Participate In All Star Games

Stanley Hager, Perry Paton, and Brian Adams of Weinert are among 63 athletes participating in the third annual Texas Six-Man Coaches Association Clinic and All-Star Games at Tarleton State University, July 13-19.

Hager will be playing in the All-Star basketball game at 4 p.m. on July 19 in Tarleton's Wisdom Gym. Patton and Adams, both all district players, will be in the All-Star football game at 8 p.m. on July 19 in Tarleton's Memorial Stadium.

The All-Star games and coaches clinic are being sponsored by the Stephenville Chamber of Commerce.

Public Notice

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas effective August 12, 1980, unless otherwise determined by the Commission.

It is expected that the requested rate schedule will furnish an 11.65 percent increase in the company's intrastate revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality, and is available for inspection in each of the company's public business offices in Texas.

WHY GAS IS PLENTIFUL, EFFICIENT AND RIGHT FOR THE TIMES.

It's time to kiss rumors goodbye and settle down with reassuring facts, one of which is that gas is plentiful for the residential and commercial customers of Lone Star Gas Company. Rumors are usually more exciting than fact, but the fact is that approximately 2,500 drilling rigs were at work in the United States in December 1979. This was the highest active rig count since 1956.

Despite persistent rumors that America is running out of natural gas, industry statistics reveal an increase in the ratio of successes to failures in gas-well completions in 1979.

As a result, the United States has about 14,700* new gas wells it didn't have a year ago. And exploration is expected to increase — not decrease — as higher gas prices offset the increasing cost of drilling.

Another reassuring fact is this: 50% of this nation's estimated remaining onshore gas reserves are in nine major basins in Texas and Oklahoma. Lone Star's pipelines connect with eight of these basins, so we'll have plenty of opportunities to buy new gas.

The new gas appliances can help you hold down your utility bills.

Gas is the naturally efficient energy that works in its original form, free of energy conversion costs. Direct use of it in your appliances actually conserves energy and saves you money.

Now, with the new energy-efficient appliances that use up to 30% less gas to do the same jobs your old appliances do so reliably, economical natural gas becomes even more economical.

The new gas appliances can help you hold down your utility bills without cutting back on the comforts and conveniences energy can provide. It's why natural gas and the new gas appliances are so right for the times!

*Source: American Gas Association and The American Petroleum Institute.

Extension Homemakers To Receive Three Awards

BY LOU GILLY
County Extension Agent

STOCK MARKET

The market at Haskell Livestock Auction was steady on all classes on a run of 2689 cattle, 325 hogs, and 60 sheep and goats at its sale July 12, according to Tommy Clay, market reporter. "We had a record breaking sale for this Auction as the total head count for this sale topped 3,000," commented Clay.

Butcher calves: choice, 70-75; good, 65-70; standard, 60-65; rannies, 55-60.

Cows: fat, 35-40; cutters, 37-42; canners, 30-37; stockers, 40-50.

Bulls: bologna, 45-55; stockers, 55-65; utility, 40-45.

Stocker Steer Calves: choice, 95-1.05; good 90-95; medium, 85-90; common, 80-85.

Stocker Heifer Calves: choice, 75-85; good, 70-75; medium, 65-70; common, 60-65.

Feeder Steer Yearlings: choice, 70-75; good, 65-70; medium, 60-65; common, 55-60.

Feeder Heifer Yearlings: choice, 62-67; good, 57-62; medium, 52-55; common, 47-52.

Cows & Calves: good, 550-650; plain, 400-500.

September at Biloxi, Miss. "Texas Extension Homemakers have been working hard, and they have enjoyed significant success recruiting new members during the past three years," June Cline, organization specialist with the Texas Agricultural Extension Service, noted.

"Texas has won first place in the nation each year for the past two years for the largest increase in membership among all the states," she said.

Among the national awards Texas will receive this year is a certificate for fulfilling 100 percent of the 1979 pledge card, according to Mrs. Billie McCraw of Raymondville, TEHA vice president and membership chairman.

In addition, Texas will be awarded national first place for a public-awareness project, a presentation entitled "Success of Extension Homemakers," entered by the Kerr County Extension Homemakers.

Kerr County members attribute their membership increases to three things: practical educational programs that suit the needs of members, leadership development and successful community projects that also led to close relationships and friendships between club members.

Texas' third award this year is a second-place win for the state membership notebook. It chronicled the story of Texas' increased enrollment in Texas Extension Homemakers Clubs throughout the state in pictures and narratives.
