Safety Urged During Thanksgiving

The Thanksgiving Holiday has always been a day when we give thanks for the lifestyles we enjoy here in the United States—some things a lot of us take for granted such as our freedom, good jobs, vacation and our automobile. Everyone agrees the automobile and all it has brought to this nation is marvelous, but it could be an instrument of suffering and even death.

Major C. W. Bell, Regional Commander of the Texas Department of Public Safety in Lubbock, stated that this Thanksgiving Holiday weekend, thousands of more drivers will be on the streets and highways. Some drivers will only be going across town—others will be crossing several states.

Major Bell also said that the Department of Public Safety wants you to have a safe and pleasant holiday, so if you are planning a trip out of town check your car, the road conditions, the weather conditions and your driving habits, and remember that the early darkness and heavy traffic call for more caution and less speed. If we think safety first and drive defensively then a safe and pleasant Thanksgiving is almost certain.

James Ross Mickler died last week and with his passing is left a vacancy in the hearts of many people across Texas.

Mick was well known in several circles having competed and judged rodeos, coached, worked with handicapped and served as advisor to scores of youth.

Looking back, Mick had several undecipherable characteristics which are all unique.

He received the respect of youth during a time when young people were rebelling from all types of

authority. Not only did they respect his opinions but many times sought advice from him.

An active supporter of the West Texas Rehabilitation Center, he spent many hours coordinating fund raising drives for the center and in a way only he could get by with, put pressure on select friends for donations.

As a long-time judge at the Texas Cowboy Reunion, his scores were never questioned by the contestants because each knew Mick had been there and was being as fair as was possible.

As a friend he was the guy who never offered advice until it was requested and you knew before asking that his opinion would be well thought out and totally honest.

He believed that a man's word was his bond and lived the saying to the fullest.

Mick was one of a kind. He was a good 'un.

Thanksgiving Service Set November 23

The Haskell Ministerial Alliance will conduct a worship service of thanksgiving on November 23, beginning at 7 p.m., at the Assembly of God Church, located on the northern edge of Haskell on Hwy. 277.

The entire community is invited to attend and participate in this service of giving thanks. We give thanks individually and as the community of fellowship we have been called to as Christians.

The thanksgiving offering taken at the service will be placed in the Ministerial Alliance Fund. The fund serves to meet the needs of people within our community, specifically those who are transient.

Place Designated For Broken Limbs

Persons who have broken tree limbs and wish to remove them are asked to place them in the vacant lot south of the Haskell Railroad Museum.

Roads in the city dump are muddy making it impossible to place limbs where they belong.

All limbs placed south of the Railroad Museum will be disposed of by the city.

One Act Plays Scheduled December 13

Two one act Christmas plays and a "special" fashion show will be presented at 7:30 p.m. December 13 in the High School auditorium.

"Toys Take Over Christmas" and "The Little Angel Who Was Late" will be presented by the Speech and Drama Club. Mrs. Glenda Drinnon will direct the one acts.

Tickets will be on sale December 1 and can be purchased from the speech and drama students or Mrs. Drinnon. Adult tickets are \$3.50 and student tickets are \$2.50.

"The plays will not only be a way of raising money for the Speech and Drama Department, but will also help the students when we have a one act play for UIL," said Mrs. Drinnon.

"The Smorgasbord held by the Speech and Drama Club recently was a big success. About 200 people were served and about \$650 was made," said Mrs. Drinnon.

The money will help with the purchase of UIL materials.

Indians Fall To Quanah, 44-0

The Haskell Indians fell 44-0 to Quanah in their last game of the season last Friday.

With the defeat, Quanah won the right to represent the District in the Bi-district game against Rotan.

The Bi-district contest will be played in Haskell this Friday at 7:30 p.m.

The Tribe was plagued by injuries and illness last week and almost one third of the team was sidelined.

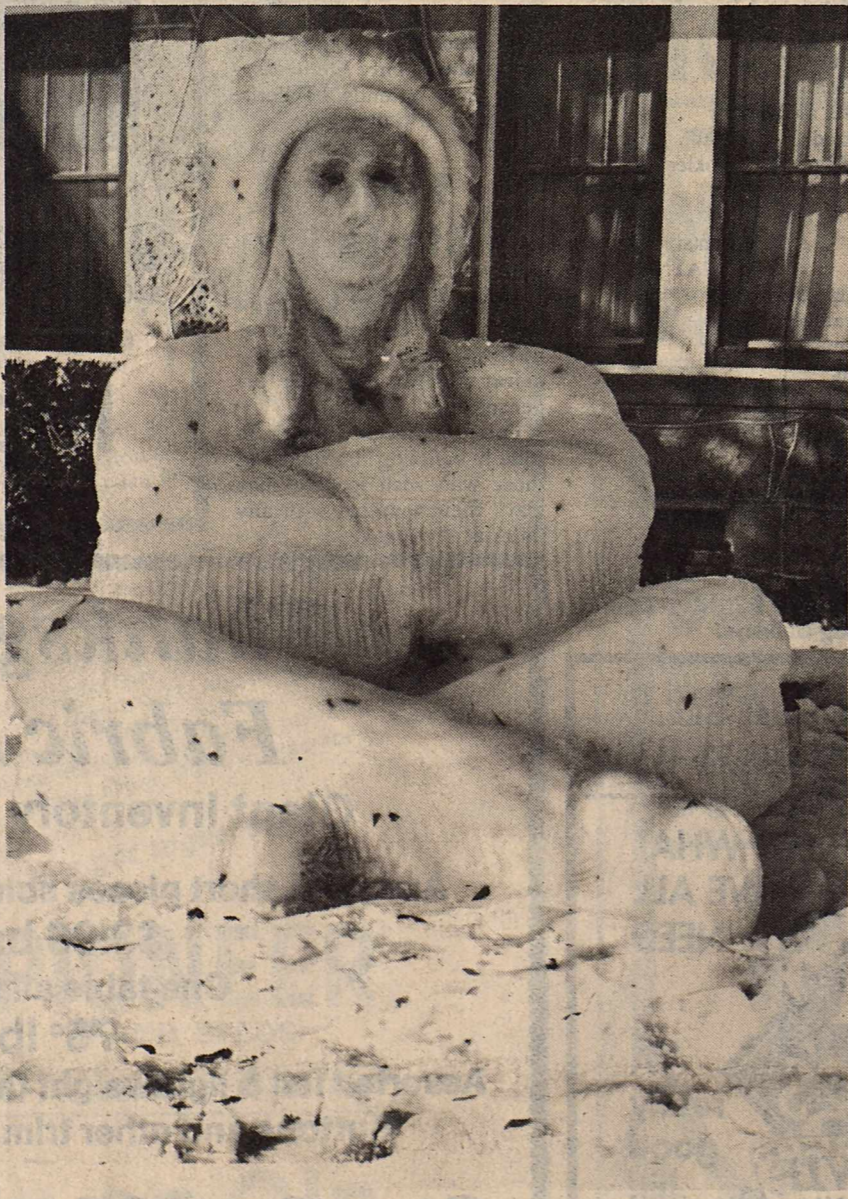

The Quanah defensive unit held the Tribe to 41 yards rushing and 31 yards passing and a total of five first downs.

Quanah rolled up 304 yards rushing, 79 yards passing and a total of 23 first downs.

During the game the Indians moved the ball across midfield only twice. The first attempt in Quanah Territory came late in the second

quarter and Haskell moved the ball to the 27 before the drive stalled.

CHIEF GERONISNOW?

Snowmen of every size and shape were abundant in Haskell Monday, but the prize winner of them all had to be a giant Indian Chief made by David Lane. The larger-than-life Indian was sculptured and colored.

DAMAGE

Major damage from 10 inches of snow in Haskell over the weekend was to trees, but other reports of damage included vehicles and small structures. Shown above is a large limb that fell on a parked auto. Carports and small storage buildings also received some damage.

Haskell Receives Sales Tax Rebate

State Comptroller Bob Bullock Thursday said rebates to Texas cities of the optional one-percent city sales tax climbed to more than a half-billion dollars this year.

Bullock said payments of \$80.1 million for November brings the yearly total to \$526.9 million—nearly \$60 million more than cities received during 1979.

Haskell will receive \$21,810.12, bringing this year's total to \$119,635.05. This represents an increase of 13% over the same period last year.

Dallas' check this month will be \$8.9 million, bringing the city's year-to-date total to more than \$61 million in sales tax rebates.

Fort Worth will receive a check for \$2.9 million this month, boosting the city's payments for the last 11 months to \$20.4 million.

Houston's \$15.1 million payment for November will push that city's 1980 payments to \$108.2 million for the year.

San Antonio will receive \$4.3 million, bringing total payments for the year to \$29.3 million.

The city sales tax is collected along with the state sales tax by merchants and businesses and rebated monthly by the Comptroller's office to the cities where it is levied.

City Wells Turned On

The City of Haskell returned to temporary use of city water wells Tuesday when water from Miller Creek Lake was stopped to repair a leak in the line.

Wells were started Tuesday morning and it was not known at that time how long they would be required.

The break in the Miller Creek line was located north of Weinert and Water Authority officials expected the repairs to be completed late Tuesday afternoon.

The center is open each weekday from 9 a.m. to 3 p.m. Meals are served each Monday, Wednesday and Friday beginning at noon.

Meals are free to anyone over 60 and their spouse and donations are accepted. Persons under 60 may eat for \$2.00.

The new facility provides space for 200 persons to eat and additional space for arts, crafts and games.

Donations to a special fund to equip the new facility now total \$4,326.00.

Donations received this week amounted to \$110.00 and were received from: Hoie Harrell, Mr.

and Mrs. W. D. Payne, Ora Stovall, Mrs. M. L. (Elaine) Blohm, Tolbert and Lorene Beason, Sammy Aldridge and Mr. and Mrs. Hill Oates.

Individuals donating labor and materials for the new center included: Pete Kittley, Strickland Bridge, Dobber Dodson, Melvin Hill, Nanny Plumbing, George Klose, Haskell County Commissioners and road hands, Mrs. Marsha Whittemore, ECC volunteers, Joe Holder, Slover Bledsoe, Bill Steele, Monte Frierson, Mrs. Bill Comedy, Rev. Randy Hatfield, Clyde Williams, and John Bartley.

Lone Star Gas Co. Files For Increase

Lone Star Gas Co. Manager, Steve Roper, today filed an application for a rate increase Nov. 17 which would raise the average residential customer's monthly bill in Haskell about \$2.24 in the winter and 24¢ in the summer.

Based on Lone Star's rate application, a residential customer who uses an average of eight thousand cubic feet of gas a month paid \$24.30 for gas service in the winter. Under the requested rate, that same customer would pay \$26.54.

Commercial gas customers' rates would also increase under the requested rate schedule.

"Our customers are accustomed to dependable natural gas service," says Roper. "This rate increase is necessary to continue a high performance level and for other necessary expenses, such as maintaining and improving the local pipeline distribution system, which are vital to dependable service."

Lone Star's last rate increase in Haskell became effective February, 1977.

"Since that time, every business, including Lone Star, has experienced increased operating expenses," says Roper. "And, of course, unlike other businesses that can raise their prices as expenses go up, we must apply to the city council for a rate increase. No one likes rising prices, but any business must earn enough money to meet

operating expenses and still achieve a reasonable profit. Even though our expenses have gone up, Lone Star still has one of the lowest average operating costs per customer when compared to any of the other major gas utilities in Texas."

School Board Holds Special Meeting

A special called meeting of the Haskell School Board was held last week with representatives of the Haskell County Tax Appraisal Board.

Purpose of the meeting was to discuss use of the tax record of the school by the county board.

Pat Hale, chairman of the county board, told school board members that the county body needed all available records and information to make the new system work as efficiently and economically as possible.

Hale also told school board members that current plans did not call for the hiring of an outside company to completely reappraise the county, but to use existing records and local personnel to implement the new system.

Following the discussion, school board members agreed to furnish all records to the county board.

Bi-District Game Set In Haskell

Haskell will host the Bi-district play-off game between Quanah and Rotan Friday at 7:30 p.m.

The two teams will meet in Indian Stadium to decide who will meet either Plains or McCamey next week.

Both teams have a 9-1 record to represent their respective districts.

The play-off game represents the first such event in Haskell in several years and local fans are invited to the contest.

Brueggeman, Frierson United In Marriage

Connie Frierson and Danny Brueggeman exchanged wedding vows October 25, 1980, in a candlelight ceremony in the First Baptist Church. The double ring ceremony was performed by the Rev. David Bradshaw.

Music was provided by Mrs. Carl Bailey.

The bride is the daughter of Mr. and Mrs. Ervin E. Frierson. The groom is the son of Mr. and Mrs. Lewis F. Brueggeman.

Given in marriage by her father, the bride wore a formal length gown of white silk organza over taffeta. The V-neckline was fashioned with a lace ruffle that was repeated on the sleeves. The empire bodice, covered with matching lace, held the full skirt fashioned with a deep flounced ruffle that flowed into a chapel train. Her finger-tip veil of silk illusion was circled with Venice lace edging. She carried a colonial bouquet of fresh white butterfly roses.

Sisters of the bride, Mrs. Forest Naylor and Deanna Frierson, were matron of honor and maid of honor, respectively. They wore matching beige floor length dresses and carried colonial

bouquets of Limoges Ivory roses.

The groom's best man was Dennis Grand. Groomsman was Lynn Brueggeman, brother of the groom. Ushers were Randy Grand and Clayton Pannell.

The reception was hosted by the bride's parents in the Church Chapel. Serving in the house party were Mrs. Scotty Langford, Mrs. Darrell Smith, Mrs. Tony Haynes, Cynthia Jones, Laura Cox, Mrs. John Wayne McDermott, Mrs. Oris Gibson, Mrs. James E. Crawford, Mrs. James Moore, Mrs. Bill Reeves, Mrs. Gene Campbell, Mrs. Retha Hammon and Mrs. Henrietta Ray. Guests were registered by Mrs. James R. Crawford.

The rehearsal dinner, hosted by the groom's parents, was held at the Steak House.

The bride, a graduate of Haskell High School, attended Texas A&M University and Midwestern State University. She is employed by Haskell National Bank.

The groom, a graduate of Paint Creek High School, is employed by Brister & SoRelle Construction.

Parties & Showers

A kitchen and paper shower

honoring Connie Frierson was held in the home of Mrs. J.M. Glass. Games were directed by Kim Crawford with each prize being awarded to the honoree. Hostesses were Kim Crawford, Kay Smith, Gwen Campbell and Eula Faye Crawford.

A lingerie shower was given in the SoRelle home for Connie Frierson. Hostesses were Beverly SoRelle and Judy Brister. Gifts were presented to the honoree by Sarah SoRelle.

The brides maid's luncheon for Connie Frierson was hosted by Doris Reeves in her home. Each one attending was presented with a hand-painted glass that served as a place marker. The honoree was also presented by the hostess with a hand-painted plate and the centerpiece used at the luncheon.

Haskell County 4-H Food Show Winners Announced

The Haskell County 4-H Food Show was held at 2:00 p.m. November 8 in the Weinert School gym. The judges who judged the exhibits and exhibitors were Mrs. Pattie Dennis, Weinert Homemaking Teacher; Renee Dundersing of Sagerton, former County Extension Agent; and Kay Smith and Kim Crawford both of Haskell, former 4-H members. After the judging a program was held for the public.

The program was conducted by the Haskell County 4-H Council officers. Carl Hopkins, Council Chairman, served as Master of Ceremonies. Kay Fischer, Council Treasurer, led the audience in the 4-H Motto and Pledge. Jill Jennings, Council Secretary, introduced the special guests. An explanation of the scoring for the Food Show was given by Lou Gilly, County Extension Agent-Home Economics. The foods project leaders were recognized by Janette Holmes, Council Vice-Chairman, and Debbie Quade, Rochester 4-H club member.

The following leaders were recognized with a small gift in appreciation for the time they devoted to preparing 4-H's for the Food Show: From Haskell, Joetta Burnett, Kim Crawford, Mary Jennings, Sue Carol Mullen, Muriel Nanny, Janis Payne, and

Elaine Reed. From Paint Creek, Jo Fischer and Jackie McPhail. From Rochester, Linda Oustad, Pat Quade, Teresa Scoggins, Jo Speck, and Earlene Townsend. And from Weinert, Pattie Dennis, Erlinda Mayfield, and Nancy McGuire.

The next item on the program was what everyone had been waiting for—the presentation of the awards. County Judge John Wayne McDermott and Erlinda Mayfield, Weinert 4-H Organizational Leader, presented the awards.

Winners earned first-place awards in two divisions, senior and junior, which each included four classes. These first-place winners will represent Haskell County in the District Food Show in Wichita Falls on November 22.

FIRST-PLACE WINNERS-SENIOR DIVISION are Janette Holmes of Rochester, main dish; Kim Jones of Rochester, breads and desserts; and Debbie Quade of Rochester, snacks and beverages.

FIRST-PLACE WINNERS-JUNIOR DIVISION are Hollie High of Haskell, main dish; Stephanie Browning of Has-

kell, side dish; Traci Fry of Rochester, breads and desserts; and Dalyn Gilly of Haskell, snacks and beverages.

The first-place winners in each division were presented a bread tray by the Haskell County Extension Homemakers.

Other winners are: JUNIOR DIVISION-SECOND-PLACE: Tina Brisco of Weinert, Rebecca Holt and Jill Jennings, both of Haskell, and Melody Speck of Rochester.

Additional winners are: BLUE RIBBONS-Kristi Brister, Tamra Burnett, Kristen Campbell, Missy Davis, Sharla Jetton, Tammi Miller, Penny Peden, and Missy Phemister, all of Haskell. Kay Fischer, Keith Medford, and Sondra Patterson, all of Paint Creek. Faye Mullino, Leann Oustad, Michelle Scoggins, and Jennifer Shaver, all of Rochester. Laurie Hester, Karen

Hints For Buying Winter Coats

From County Extension Agent Lou Gilly

Buying knowhow for today's winter coat can make yours one of those "fabulous winter coats" you've always wanted to own.

A winter coat is the most expensive single clothing purchase for most people.

Although a coat may not be purchased each year, it's important to choose one that meets your needs—to get the most for your money.

Get Maximum Warmth
For maximum warmth, look for these design features:

HOOD that fits closely around the head.

NECKLINE that fastens securely under the chin—perhaps with a turn-up or stand-up collar that closes with a tab.

Remember, a fur collar that stands away from the neck may look warm, but unless it can be buttoned or secured closely, it won't be warm.

SLEEVES that are long and

narrow and cover the wrists. Inside cuffs add even more warmth.

FRONT CLOSURES that are secure—such as buttons or zippers with protective flaps—and that extend all the way down the front.

FULL LENGTH coats are the warmest. At least, make sure they cover the torso.

EXTRA CAPES, scarves or shawls that provide insulation around the shoulders and head also add extra warmth.

DEEP POCKETS that are big enough to hold your whole hand are a "must."

BELTS at the waist will keep the wind out. Big, unfitted coats allow cold air to circulate.

DOUBLE-BREADED styling or a wide front overlap on lapels will make the coat less likely to flip open.

FLARED SKIRT on a woman's full-length coat will provide extra insulation while she's standing and full cover when she's sitting.

EASY FIT will allow the coat to go over heavy sweaters or suits.

Finally, you may not be able to find any coat that includes all the above features, but a warm coat will have many of them.

Layers Ensure Warmth
Also, in looking for a coat, think about the layers you'll have for ensuring warmth.

There are three key layers: a protective outer layer, an insulative middle layer and a breathing layer underneath.

Breathing Layer
Regular daytime clothing worn under coats serves as the breathing layer usually.

This provides comfort and allows perspiration to move away from the body, especially if the clothing is made of absorbent fibers, such as cotton or rayon.

In the coat itself, the main concerns are the protective outer layer and the insulative layer.

Protective Layer

A coat's outer protective layer acts as a wind barrier, and it can shield against rain or snow. Also, it must be an attractive, fashionable fabric.

This layer doesn't have to be thick, but it must block the wind.

It has a "bonus" feature if it's water repellent, too (not waterproof).

Materials with protective characteristics are:

- tightly woven nylon taffeta, ripstop or sharkskin fabrics.

- polyester and cotton blends or 100 percent textured polyester twills and poplins.

- tightly woven and napped wool fabrics.

Leathers, on the other hand, such as calfskin, pigskin and sheepskin, are good wind barriers, but they may be damaged if exposed to rain.

Manmade films, such as vinyl and polyurethane, are made to imitate real leathers, and they are wind and water repellent, but they may stiffen

and crack in cold weather.

Water Repellent

Water-repellent finishes are often added to polyester/cotton blend coat fabrics.

These finishes help fabrics resist stains and moisture, and they allow them to "breathe" or transfer air and moisture to the outside.

On the contrary, waterproof finishes seal the spaces between yarns in fabrics and make garments more uncomfortable as a result.

Insulative Middle Layer

The insulative quality of a coat holds "still" air close to the body.

Again, most coats are more comfortable if they're made of lightweight fabrics, and this is just as true for the insulative middle layer as it is for the protective outer layer.

Good insulative fabrics are wool and wool blends in flannels, tweeds, gabardines, herringbones or houndstooth.

SNAKES

The E. H. Burnett family has been busy recently killing rattlesnakes on their land about 4 miles east of Haskell. During the past several days the group has killed about 20 of the reptiles. Shown with a portion of the kill are: l to r, Ray Burnett, Steve Foster, E. H. Burnett, Charles Burnett, Edna Burnett and Tamra Burnett.

Team Roping Scheduled Nov. 29-30 To Benefit West Texas Rehab Center

Saturday and Sunday, November 29th and 30th, a Team Roping will be held at the Taylor County Coliseum in Abilene. Sponsored by John Stokes of Sonora, the event will benefit the West Texas Rehabilitation Center.

Included in the Team Roping will be three different events: Century Roping (must be 40 years old to enter and the team must total 100 years or more); 80 Year Old Roping

(team must total 80 years or more); and Open Roping (no one who has won over \$8,000 in last two years will be eligible). Anyone over 45 years of age can tie on hard and fast.

Contestants may enter six times. The roping will be three for \$30 progressive after one. There is a \$7.00 cattle fee. Visitors are invited to attend at no charge. Proceeds will help the 8,000 patients who receive treatment at no charge at the West Texas Rehabilitation Center's three campuses in San Angelo, Abilene, and Snyder. For further information regarding the roping, contact the main office of WTRC or the Coliseum.

These Pioneer® brand cotton varieties do well in our area. Certified LX571* — To be sure you're getting genetically pure seed, buy only certified LX571 from Pioneer. Cotton growers in our area have come to know this variety for its dependability and excellent yield record. It produces fairly long, very uniform fiber with good strength and very good micronaire. And since it's a certified variety from a well-respected source like Pioneer, you can be sure the seed is pure and true-to-variety. No cocklebur problems. No worrying about low germination or other problems associated with select or caught seed. Certified PR75* — This outstanding newcomer will be in short supply, so don't wait and expect to get some later. PR75 is slightly less determinant and earlier maturing than LX571. And its performance record tells us it'll out-yield the old stand-by varieties in our area. It showed good seedling disease resistance and drought tolerance with outstanding resistance to bacterial blight. We're excited about this one!

DETOUR

Broken limbs in many areas of Haskell created problems for drivers. Some broken limbs completely blocked streets and alleys and others were so heavy with snow that they drooped and touched the tops of vehicles.

5 Times To Contact Social Security Office

It is important that everyone in the area know the proper times to contact social security, Glyn Hammons social security district manager in Abilene said recently.

Knowing the five times action is needed is too important to take for granted, Hammons said. It can mean greater security for local residents and members of their families. A person should contact social security:

- Before he or she gets a first job, because a social security number is needed to get proper credit for earnings.
- After a death in the family, to learn if survivor benefits or a lump-sum death payment are payable.
- When somebody is disabled, to find out if disability benefits are payable.
- At retirement age; 65 for full cash benefits or as early as 62 for reduced payments. Sign

up for Medicare 2 or 3 months before 65, even if the person has no plans to stop working.

- Whenever a person has a question about social security or needs to report a change that will affect monthly benefits.

The people at any social security office can tell a person how much work he or she needs to be insured, who can qualify for benefits, how to replace a lost social security or Medicare card, how to get a free statement of his or her earnings record, or what documents are needed when a person applies for benefits.

These and other questions can be answered at the Abilene social security office, located at 142 S. Pioneer. The telephone number for those in Abilene is 698-1360 and for those outside Abilene the toll free number is 1-800-392-1603.

Superintendent's Views

BY JAMES LANIER
Superintendent, Haskell ISD

The holiday season is upon us. Haskell I.S.D. will be dismissed at 2:15 p.m. on Wednesday, November 26 for the Thanksgiving holidays. Classes will resume at their regular time on Monday, December 1.

The holiday season is always a period of excitement and celebration. Certainly not the least cause of this gaiety-for most students at least-is the fact that school is dismissed for a holiday. School will have been in session for 12½ weeks without a break at the time of Thanksgiving, the students and teachers will welcome this change of pace.

However, in the midst of the visiting, overeating, football, hunting, etc., we should take

time out to give thanks for the many things our bountiful Father has bestowed upon us.

One of these gifts is a free country which allows us the opportunity to receive an education comparative to our ability and desires.

The early colonists realized the values of education and learning. They knew that the principles that had caused them to brave untold dangers to face a fate in a new world would be lost without learning. A school was one of the first institutions in almost all new settlements. Because of the dedication to the principles that had brought them to this new world, schools had to be a different type than existed in the old world.

Out of this new type of school came the concept that is so envied by students and scholars throughout the most of the rest of the world. That is, that a system of free public schools should be available to all students and that these schools should allow the student to develop his learning ability to his maximum level. So, in the midst of the coming celebrations, try to remember to give thanks for the creativity and devotion of our forefathers in the area of education and pray that the American system will continue without changing the basic principle of free public education to all.

Have a pleasant and safe holiday!

Carol Of Lights Set December 5

A symbol of the Christmas season on the South Plains, Texas Tech University's 19th annual Carol of Lights will celebrate "A Light Seen Around the World" as its theme Dec. 5.

Signaling the beginning of the yuletide at Texas Tech, the annual program of music and light attracts hundreds of South Plains residents. Following a 35-minute program of Christmas carols, 12,000 red, yellow and white lights, outlining seven buildings around Memorial Circle, will be switched on.

A torchlight procession from Texas Tech's Broadway and University entrance to the Science Quadrangle at 6:55 p.m. will follow the summons of carillon music by Professor Judson D. Maynard.

Led by the Saddle Tramps, men's service organization, the procession will pass 1,500 luminarios lining Memorial Circle along the path to the Science Quadrangle where the musical program will begin at 7 p.m. Luminarios will be provided by service fraternity Alpha Phi Omega, Womens Service Organization and Catholic service fraternity Chi Rho.

The musical program will feature the Texas Tech and residence hall choirs.

After the 30-40 minute program, decorative lights on the Administration Building, Holden Hall, Home Economics Building, Mass Communications Building and the buildings around the Science Quadrangle will be turned on. The lights will shine 6-11 p.m. through Dec. 28.

The gala of song and lights originated in 1959 when Harold Hinn, former member of the Texas Tech Board of Directors and the Tech Foundation Board, financed illumination of three buildings with 5,000 lights during the Christmas break. The following year, students gathered about the Science Quadrangle and sang carols, a tradition still practiced today.

The ceremony became known as Carol of Lights in 1961.

These Pioneer® brand grain sorghum hybrids do well in our area.

8680 — We saw this hybrid stand up to conditions when lesser hybrids failed in 1980. Yields were impressive as 8680 demonstrated its genetic tolerance to drought. Supplies will be tight so get your name on the line right away.

8501 — We recommend this excellent performer as a companion to 8680, as you go for the big yields with insurance against drought. On-farm tests have shown 8501 to average 200 lbs./A. more than popular competitive hybrids in our area over the last four years.

846 — We still get many requests for this hybrid. And it still sets the standard in many operations. Dependable year after year with exceptional drought tolerance.

Let's get together soon.

SWCD Board Meets

The Board of Directors of the Haskell Soil & Water Conservation District will meet at 9:00 a.m., Friday morning, November 21, 1980. The meeting will be held at the Soil Conservation Service Office, 510 So. 2nd St. in Haskell.

Items of business presently scheduled are the approval of new plans for cooperators and the condition of the district's grass-seed drill.

The board consists of R.V. Earles, Paint Creek, Chairman; M.W. Plemister, Weinert, Vice-Chairman; F.A. Ulmer, Sagerton, Secretary-Treasurer; Dan Wadzeck, Rochester; and Johnny Wheatley, Haskell.

If you have a conservation problem contact any member of your Board or any staff member of the SCS.

Equal consideration will be given to all requesting technical assistance without regard to race, color, sex, creed or national origin.

Conservation Application in Full Swing

Parallel terrace systems have been constructed on farms of Billy Middlebrook and R.V. Earles under the Great Plains Conservation Program. Emil Mueller has completed a cross-fence under GPCP. Parallel terrace systems have also been completed on Flora Josselet-Roger Moeller farm, ACP-LTA; and Bill Pannel, ACP. Standard level terraces were constructed on the Herbert Williams-Joe Z. Miller farm,

ACP-LTA. Standard terraces systems have been reconstructed under the Emergency Conservation Program on Elmer and Russell Penick, Dennis Grand-Haley Brothers, Joe Kimbrough-Robin Wheatley, and Gentry Middlebrook. ACP ponds have been completed on W.O. Ratliff and Jerry Dunnam farms.

Parallel terrace systems have been staked and are under construction on the Harry Haynes and Willie Buerger farms, GPCP. A system of level standard terraces has been laid out of the Jerry Hannsz farm.

Rebuilding of standard level terraces is underway on the Alvin Norman farm-L.B. Cox operator, Weldon Turnbow farm, and the Paul Fischer farm.

Conservation Practice Sign-Up
Producers wishing to file a request for cost-sharing under the 1981 ACP program for practices on which they are ready to start work may do so through tomorrow, Friday, November 21.

As a reminder-Emergency Conservation Program producers who have not completed their practices damaged by the flood of 1978 have until February 28, 1981 to finish up. As soon as you complete your work, report completion to the County ASCS Office, and also to the SCS Office.

Repayment Of Farm And Ranch Loans Below Normal

An unusually large number of farmers and ranchers in the Rolling Plains region of Texas are not meeting loan payments on schedule, according to an October survey of area agribankers by Federal Reserve Bank of Dallas economists. Over three-fourths of the bankers surveyed reported that the rate of farm loan repayment was less than usual, while none of the respondents indicated this problem in a similar survey taken a year ago.

Seventy-five percent of the bankers report a significant weakening in the financial condition of area farmers and ranchers over the past year. Drought conditions have cut crop yields far below normal and pushed irrigated land values up by as much as 26 percent from a year ago. Although interest rates remain relatively high in historical perspective, fund availability does not appear to be a problem at area banks. Renewals and extensions on current farm loans are reported to be greater than usual by more than 70 percent of the bankers surveyed. The bankers also expect non-real-estate loan volume to be larger than normal in the next few months.

Among the survey results reported by Jennifer Miles and Don A. Riffe, agricultural economists for the Dallas Bank, were:

- The percent of bankers reporting a slowing in the rate of loan repayment increased to 76 percent this October from 0 a year ago.

- The percent of respondents reporting greater than usual renewals and extensions of farm loans increased sharply to 71 percent in October from 7 percent a year ago.

- 35 percent of the banks indicated that they are actively seeking new farm loan accounts compared to 46 percent in October 1979.

Bankers estimate that the

value of "good" dryland farmland has risen 13 percent, irrigated farmland 26 percent, and ranchland 16 percent since October 1979. About 70

percent of the bankers expect land values to stabilize in the next few months.

Reported interest rates averaged 13.0 percent for

feeder cattle loans, 12.9 percent for farm operating loans, and 12.8 percent for intermediate-term farm loans (1 to 7 years.).

These Pioneer® brand cotton varieties do well in our area.

Certified LX571* — To be sure you're getting genetically pure seed, buy only certified LX571 from Pioneer. Cotton growers in our area have come to know this variety for its dependability and excellent yield record. It produces fairly long, very uniform fiber with good strength and very good micronaire. And since it's a certified variety from a well-respected source like Pioneer, you can be sure the seed is pure and true-to-variety. No cocklebur problems. No worrying about low germination or other problems associated with select or caught seed. So don't wait and expect to get some later. PR75 is slightly less determinant and earlier maturing than LX571. And its performance record tells us it'll out-yield the old stand-by varieties in our area. It showed good seedling disease resistance and drought tolerance with outstanding resistance to bacterial blight. We're excited about this one!

Stenholm Sees Election As A Fresh Start

Congressman Charles W. Stenholm, re-elected without opposition to the 17th Congressional seat, said Wednesday that the national Democratic leadership "has to awaken to the need for re-directing our priorities to fit the needs of a changing country," in light of Tuesday's election results.

Stenholm, a Stamford Democrat who will be serving his second term in Congress, said the sweep of conservative victories across the country "underlines what I have been saying through my voting record for the past two years. The American people want to see this country returned to a sound fiscally responsible economic policy, returned to a strong defensive posture, returned to the dreams and promises held out to them in our Constitution and returned

to the Free Enterprise System. Commenting on the Texas Congressional races, Stenholm said, "of course in a couple of the races, we will have to wait until the dust settles, but at this point the delegation seems to be holding its own. At the same time, the closeness of many of those races cannot be ignored."

Stenholm, taking a "wait and see" but positive attitude about working with the Reagan Administration, said on general issues such as defense and the economy "we are not that far apart philosophically. Where we may differ is in how to best answer those needs, but the seriousness of the problems facing our country dictates the necessity for putting aside political differences and putting forth a united effort. Any partisan interests must be

left behind with yesterday's newspapers."

Stenholm applauded the record voter turnout nationwide, saying "no one can cry about voter apathy. The system worked the way the system was designed to work. Now it's time for those of us elected to do our part."

Well I guess the most exciting thing that has happened around the home since I last reported the news was our Halloween carnival and tacky contest which took place on Halloween night. We really had a good turnout of residents, staff, and residents' families.

I noticed that everyone seemed to have a good time and I didn't see an unhappy face anywhere in the good crowd that gathered here.

We had a fortune telling booth, fishing pond, apple bobbing, shooting gallery, a cake walk, and a live country and western band that provided music during the entire party. There was quite a bit of dancing going on to the good music.

We had a good response to our tacky contest, with many of the residents dressing tacky and also most of the staff that attended dressed tacky and participated in our contest.

Winning the tackiest dressed lady resident was Nannie McCaul and Hazel Branch was runner-up. Then it was decided that Joe Teague and J.C. Hargrove tied for tackiest male resident. It was then decided that Elvera Schmidt and Florence Larned tied for tackiest lady staff and guest combination.

Since Mr. Greer, our administrator, was the only male staff member to attend dressed tacky, there was no contest for that.

All our winners received gifts, and provided all the rest a good laugh. There were all kinds of prizes won in our booths and we wish to thank everyone who helped provide those prizes.

We also want to thank Bills Dollar Store for providing the gift for our tackiest male and female resident. There were also all kinds of sandwiches, chips, dips, cookies, and punch which were provided by members of the staff and we thank them very much for doing this. At this time I would like to thank each and every staff member who helped in any way to make the Halloween carnival the success that it was.

November here at the home seems to be a big month for birthdays. Those celebrating their birthdays so far this month are Mae Bell Turnbow who celebrated hers on the 4th, Charity Bradley and Sam Crume on the 11th, and Lois Gray on the 12th. We hope all these had good healthy, happy days.

The residents have enjoyed the East Side Baptist coming out this month to provide our Sunday morning service and are looking forward to their coming the entire month of November. We thank them for coming as well as the Haskell Church of Christ, Rule First Baptist WMU, William Hodge, Martin Jacobsen, Jo Simpson, Haskell and Paint Creek First United Methodist UMW, Sweet Home Singers, Haskell Church of Christ Young People, Eleanor Blohm, Grace Montgomery, Mona Gibson, and Laura Overton. Without these people and a lot more like them, I'm afraid we would see a lot of unhappy faces here at the home each day.

Mary Bradley was a patient in an Abilene hospital for a few days, but has gotten to return to the home.

We've had quite a few visitors the past couple of weeks and we thank all of them for coming. Our out-of-county visitors were:

Visiting Mae Bell Turnbow was her son and his wife, W.J. and Ida Turnbow of Waynesville, Missouri.

Mrs. Norman Stewart of Baird visited her parents, Manley and Hazel Branch.

Mr. and Mrs. Roy Phemister of Ackerly took his mother, Ma Phemister, out to supper and over to Weinert to visit.

Visiting Jonnye Pumphrey were Betty Letz of Fort Worth, Hazel Letz and Mona Gibson, both of Old Glory.

Visitors of Alma Cole were Raleigh Brock, Pearl Foster, Linnie Yarbrough, all of Fort Worth, Mary Hunt Jackson of Richardson, Hilland Weaver and Mr. and Mrs. J.J. Williamson, all of Plainview, Mildred and Earl Strube of Port Neches, Barry and Cynthia Barton of Arlington, Roger and Ruth Barton of Harlingen, Bob, Tommye Jo,

Evangelyn, Kyle, and Judson Clark, all of Abilene, Margaret Glover of Rocky Mount, North Carolina, Inell Mason Vogel of Missouri, and Grace West of Lubbock.

Marie Hobbs and Mrs. Gary Startzell of Stamford visited Dovie Gregory.

That's all the news for another time and until next time, let's all remember the many things that each of us have to be thankful for during the year of 1980. The staff and residents of the home will be doing this by having an "Evening of Thanksgiving"

on Monday night, Nov. 24, at 6:30 p.m.

At this time we send out a special invitation to anyone who would like to come out and join in with our residents, staff, and their families on this special night to do so, and if you have a talent that you would like to share with us, please contact me, Janice Marquis, the activity director, or any other staff member and let us know what you will do and we will include you in our program.

Refreshments will also be served.

These Pioneer® brand cotton varieties do well in our area.

Certified LX571* — To be sure you're getting genetically pure seed, buy only certified LX571 from Pioneer. Cotton growers in our area have come to know this variety for its dependability and excellent yield record. It produces fairly long, very uniform fiber with good strength and very good micronaire. And since it's a certified variety from a well-respected source like Pioneer, you can be sure the seed is pure and true-to-variety. No cocklebur problems. No worrying about low germination or other problems associated with select or caught seed.

Certified PR75* — This outstanding newcomer will be in short supply so don't wait and expect to get some later. PR75 is slightly less determinant and earlier maturing than LX571. And its performance record tells us it'll out-yield the old stand-by varieties in our area. It showed good seedling disease resistance and drought tolerance with outstanding resistance to bacterial blight. We're excited about this one!

*U.S. protected varieties.

SNOWHEDGE

Hedges covered with snow were frequent sights in Haskell Monday. The first winter snow fell as most trees still had their leaves and created extensive damage throughout the area.

These Pioneer® brand grain sorghum hybrids do well in our area.

8680 — We saw this hybrid stand up to conditions when lesser hybrids failed in 1980. Yields were impressive as 8680 demonstrated its genetic tolerance to drought. Supplies will be tight so get your name on the line right away.

8501 — We recommend this excellent performer as a companion to 8680, as you go for the big yields with insurance against drought. On-farm tests have shown 8501 to average 200 lbs./A. more than popular competitive hybrids in our area over the last four years.

846 — We still get many requests for this hybrid. And it still sets the standard in many operations. Dependable year after year with exceptional drought tolerance.

Let's get together soon.

We really had a big snow here. Lots of the trees are broken down. Some said we had about 10 inches of snow.

College News

Randy Darden of Haskell was one of 22 students recently inducted into the Texas Rho chapter of Alpha Chi national honor society at Hardin-Simmons University in Abilene.

Darden is a senior accounting major at HSU. He is the son of Mr. and Mrs. Glenn Darden of 918 North Sixth St.

Alpha Chi is a national organization which is established to recognize juniors and seniors in high academic standing at colleges and universities.

Dr. Larry G. Brunner, chairman of the department of English at HSU, and Celeste Rainey, president of Alpha Chi, presided over the induction ceremonies which were held Oct. 13 at HSU.

Logo Contest Started For 150th Birthday Of Texas

The Texas Sesquicentennial of 1986, Texas' 150th birthday celebration, is on the way, and all Texans are invited to the party. Preparations for the birthday are being kicked off with a statewide contest to devise an official logo -- a simple and readily-identifiable symbol, or trademark, of the Texas Sesquicentennial.

The logo contest is one of the first activities of the

Texas Sesquicentennial Commission. Created by the 66th legislature in 1979, the Commission is charged to "coordinate celebrations of the 150th anniversary of Texas' independence as a Republic and progress as a state." These celebrations will highlight the "historic, economic, cultural, environmental and social aspects of Texas."

During the planning stages of the Sesquicentennial, the Commission functions as a clearinghouse of information between state and local levels. The Commission will also work to encourage state, national, and international participation, to develop standards for sanctioning

local groups, and to plan for the creation of commemorative products, such as stamps and medallions.

The Commission publishes a special newsletter of the Sesquicentennial, the *Texas National Dispatch*. The *Dispatch* is a revival of a newspaper published in the early days of the Texas Republic at Washington-on-the-Brazos, and will be available free of charge.

The contest to develop a visual symbol, trademark, or logo, of the Sesquicentennial is open to all Texans. Contest rules are as follows: (1) Only one entry per person; (2) All are eligible except Commission members, staff, and their

immediate families; (3) Designs must be submitted on one side of a plain, white 8 1/2" x 11 paper; (4) Entrants' names, addresses, phone numbers, and school affiliations (if any) are to be printed on the back; (5) All entries must be postmarked no later than San Jacinto Day, April 21, 1981 and the winner and runners-up will be announced on May 5, 1981 in Austin.

For further information about the logo contest, the *Texas National Dispatch*, and the Texas Sesquicentennial in general, Texans may write: Texas Sesquicentennial Commission, P.O. Box 19860, Southeast Station, Austin, Texas 78760.

Foreign danger: U.S. overreacts?

AUSTIN, Texas (Spl.)—A diplomatic historian at The University of Texas says America has a "love-hate relationship with the rest of the world."

Dr. Robert Divine says that instead of having a steady, consistent foreign policy, America has a long record of overreacting to foreign danger.

"We tend to ignore the world year after year, and then suddenly go into a panic over events abroad," he notes.

"Until we begin to give foreign policy the steady and constant attention it deserves, until we learn to control our restless tendency to alternately embrace and reject the world, we will continue to be victims of our own malady, riding a never-ending pendulum of our own making," Dr. Divine says.

Card of Thanks

CARD OF THANKS
We want to take this opportunity to thank the doctors and nurses at the Haskell Hospital for their kindnesses shown while I was there with a broken hip. We want to thank all our friends, relatives, neighbors and our church friends for the flowers, food and cards that we received when we came home from Hendricks Hospital. Mrs. Ethel Bird and Children.

CARD OF THANKS
We would like to thank our many friends for the food, cards and flowers. Also thanks to Bro. Amburn and Bro. Blair for their messages and Holden-McCauley for their services. Your thoughtfulness at a time like this is greatly appreciated. The Family of Pauline Cormack. 47c

CARD OF THANKS
We would like to thank each of our friends for the cards, phone calls, flowers and most of all the prayers while James Ross was so ill. Our special thanks go to the Holden-McCauley Funeral Home and all the wonderfully considerate people at the First Baptist Church in Haskell. The James Mickler Family, The Jess Mickler Family. 47p

Obituaries

John E. Robison

Funeral services for John E. Robison, 71, of Haskell were held November 17 at First Baptist Church with Rev. Mike McKinney and Rev. David Bradshaw officiating. Burial was in Willow Cemetery under the direction of Holden-McCauley Funeral Home.

Mr. Robison died Saturday, Nov. 15, at Haskell Memorial Hospital.

Born April 4, 1909 in Haskell County, he married Callie Nichols May 6, 1930 here. The couple lived in Haskell until 1963, moving to Throckmorton until 1965. They resided in Munday until 1975 where they owned and operated the Mogul laundry. They returned to Haskell in 1975.

A retired farmer, he was a member of the Odd Fellows Lodge and the First Baptist Church.

Survivors include: his wife; two daughters, Grace Womack of Haskell and Anita Hosea of Munday; a son, Mr. Robison died Saturday, Nov. 8, in Valley Baptist Hospital in Harlingen following a long illness.

Mrs. Bevel was born Nov. 17, 1888, in Wiley to Polly (Bates) and Daniel King. A resident of Donna for the past 20 years, she resided in Bee County in the 1950's. She was a housewife and a member of the Baptist Church in Rio Hondo.

Her husband, James H. Bevel, preceded her in death in 1959.

Survivors include: two daughters, Mrs. Clyde McWhorter Sr. of Donna and Mrs. Pauline Hulsey Grayer of Harlingen; one stepdaughter, Cora Saunders of Knox City; one stepson, N.L. Bevel of Haskell; a daughter-in-law, Mrs. Earmel Bevel of Haskell; one half brother; one stepbrother; one stepsister; eight grandchildren; nine step grandchildren; 26 great grandchildren; five step great grandchildren; and four great-great grandchildren.

Ramon Bernal

Funeral services for Ramon Bernal, 51, of Haskell are pending with Holden-McCauley Funeral Home. Mr. Bernal died Monday, Nov. 17, at M.D. Anderson Hospital in Houston.

Born August 31, 1929 in Corpus Christi, he married Janie Martinez Sept. 21, 1970 there. He moved to Haskell in 1971 and has operated the LaEscondida Cafe since 1970.

Survivors include: his wife; five sons, Santos, and Raymon of Haskell, Ramon Jr., David and Richard of Corpus Christi; four daughters, Sulima Bernal of Houston, and Maria Elima Bernal, Anita Sansz and Irma Bernal, all of Corpus Christi; his mother, Eufenia Carpio and step father Sixto Carpio of Corpus Christi; two brothers, Gregoria Carpio and Antonio Gonzales, both of Corpus Christi; three sisters, Maria Castanedo and Carmen Rivers, both of Corpus Christi, and Gloria Breshar of Virginia Beach, Virginia; and several grandchildren.

Funeral services for Mrs. Stella Bevel, 91, of Donna were held Nov. 10 at Stotler Mortuary in Donna with Rev. Gene Horton of Rio Hondo officiating. Burial was in Glenwood Cemetery in Beeville with Rev. L.C. Johnston officiating the graveside services.

Mrs. Bevel was born Nov. 8, 1889, in Wiley to Polly (Bates) and Daniel King. A resident of Donna for the past 20 years, she resided in Bee County in the 1950's. She was a housewife and a member of the Baptist Church in Rio Hondo.

Survivors include: two daughters, Mrs. Clyde McWhorter Sr. of Donna and Mrs. Pauline Hulsey Grayer of Harlingen; one stepdaughter, Cora Saunders of Knox City; one stepson, N.L. Bevel of Haskell; a daughter-in-law, Mrs. Earmel Bevel of Haskell; one half brother; one stepbrother; one stepsister; eight grandchildren; nine step grandchildren; 26 great grandchildren; five step great grandchildren; and four great-great grandchildren.

Arbor Day Kits Now Available

To help teachers and organizations conduct more meaningful Arbor Day programs, the Texas Forest Service is offering free program kits.

Each kit includes a jolly pine seed packet with planting instructions, program aids for a local Arbor Day observance, suggested classroom activities for teachers, and a copy of Governor Clements' proclamation.

Quantity is limited. Only one kit per teacher or organization will be distributed.

Arbor Day, to be observed January 16 in Texas, has been an annual celebration in Texas since 1889 to promote a greater appreciation of the beauty and value of trees, the forest and related natural resources.

Program chairpersons and teachers should address requests for Arbor Day kits to the Texas Forest Service, College Station, Texas 77843.
