

Give Blood Today 1-6 First Baptist Church

pipe
smoke
by don comedy

This may be our last chance. It's time for you to get involved and forget "letting the other guy do it", because that other guy has been a terrible failure.

Today marks the regular visit of the Red River Red Cross Bloodmobile in Haskell.

During the past several visits of the Bloodmobile, Haskell has fallen short of the goal of 80 units per visit.

Red Cross Blood Program officials are reluctant to say they will discontinue service to this area if the goal is not reached, but their concern is easy to understand.

A typical mobile in Haskell consists of about six Red Cross people and a large truck of equipment. To spend over four hours driving time and another six hours at the Bloodmobile and have a total of 15 or 20 units of blood donated is not cost effective to say the least.

Three visits of the Bloodmobile per year and a total of 80 or 90 units results in the same cost problem.

While the total number of units used locally varies, the biggest advantage of being included in the Red Cross system is the guarantee to provide for our blood needs.

The guarantee does not consider the number of units donated in Haskell, only the number needed. Our donor quota is based on a historical use but the Red Cross will provide for blood needs in excess of the quota.

To lose the services of the Red Cross Bloodmobile would require that blood be made available from another source and the only obvious source is from local people.

The problem with returning to a local, walking blood bank is that donors with the correct type blood may not be available when the need arises.

With either program, local people must be willing to donate the blood.

The Red Cross program offers many advantages and few disadvantages.

Please give blood and contact a friend and ask him to do the same.

44 Attend Local Fly-In

Forty-four members and guests from St. Vrain and Clovis, N.M.; Mountain View, Oklahoma; Taft, Sinton, Floresville, Kress, Lubbock, Plainview, Idalou, Hale Center and Haskell attended a Fly-in Saturday at the Country Club, hosted by Archie and Virginia Jones. Purpose of the Fly-in was to honor the Texas Queen, Evelyn Lockmiller. After a barbecue lunch, the group was welcomed to Haskell by Mayor Franciene Johnson. Queen Evelyn was presented a gift from the Texas Chapter and a number of gifts from individuals. After a short program, the group toured the Jones' home prior to fly-out time.

Flying Farmers is an International Organization made up of approximately 9,000 members in the United States, Canada and Mexico, with isolated members scattered throughout many other parts of the world. There are currently 39 active chapters, 34 of which are in the continental United States, four in Canada and one in Mexico.

Men's Partnership Set This Weekend

The Haskell Country Club is hosting a Men's Partnership "Best Ball" golf tournament April 30, May 1 and 2. Pro-am to be played Friday, April 30. Entry fee for the tournament is \$80.00 per team. Tee off time is no later than 2 p.m. Saturday, May 1.

A free steak supper will be served Saturday night at 7 p.m. to all entrants and one guest of their choice.

The public is invited to the steak supper. The price is \$7.00 per person. Please call for reservations before Saturday, May 1, 864-3400, Haskell Country Club or 864-3423 Jodie Kennedy.

Four Qualify For Regional Track Meet

Four Haskell Track Team members qualified for Regional at the District Track Meet last week in Quah.

The four are: Randy Campbell, Shot Put; Todd Harris, Pole Vault; Andy Rodriguez, 800 meter and 1600 meter run; and James Davis, 300 meter intermediate hurdles.

The four will represent Haskell at the Regional Meet May 7-8 in Odessa.

Results of the District Meet include:

VARSITY

Discus: Lonnie Hise, 3rd, 127'3"; Randy Campbell, 4th, 118'9 3/4".

Pole Vault: Todd Harris, 1st, 12'0".

Shot Put: Randy Campbell, 1st, 45'5"; Keith Reed, 43'3 1/4".

High Jump: David Wheatley, 5th, 5'10".

3200 Meter Run: Will Pace, 3rd, 10:57.97; Carlos Rodriguez, 5th, 11:24.54.

110 Meter Hurdles: James Davis, 3rd, 15.84.

400 Meter Relay: Haskell, 5th, 47.31.

800 Meter Dash: Andy Rodriguez, 1st, 2:07.38.

400 Meter Dash: Carl Dever, 4th, 55.27; Fred Barnett, 5th, 56.34.

300 Meter Intermediate Hurdles: James Davis, 2nd, 40.99.

1600 Meter Run: Andy Rodriguez, 2nd, 4:56.90; Will Pace, 6th, 5:04.13.

1600 Meter Relay: 3rd, Haskell, 3:37.80.

JUNIOR VARSITY

Discus: 2nd, Perez, 117'1 1/2"; 6th, Tate, 82'7 1/2".

FLOAT PLANE?

Francis Leonard Connolly, of Lubbock, had problems last Saturday at Lake Stamford. Following what he described to local officers as a forced landing, he attempted to take-off and didn't quite get airborne before the plane hit water. He was uninjured and little damage occurred to the plane. The plane was removed from the Lake Monday. He was charged with public intoxication and witnesses to the incident are being sought. Anyone with information concerning the event is asked to contact Alton Chapman at 864-3027.

ON TO STATE

Emily Cox, right, and Shannon Lane will represent Haskell in the State Track Meet in Austin May 5-8. Cox finished in first place in the 100 Meter Hurdles in the Regional Meet with a time of 15.01. Lane won second place in the 1600 Meter Run with a time of 5:44.61, fifteen seconds faster than her previous best time. Both will compete in a State Qualifiers Meet this Friday in Sweetwater.

First Democratic Primary Scheduled This Sat.

Haskell County voters will have an opportunity to vote Saturday in the first Democratic Primary.

Polls will be open from 7 a.m. to 7 p.m. throughout the County.

Only two local races on the ballot are contested.

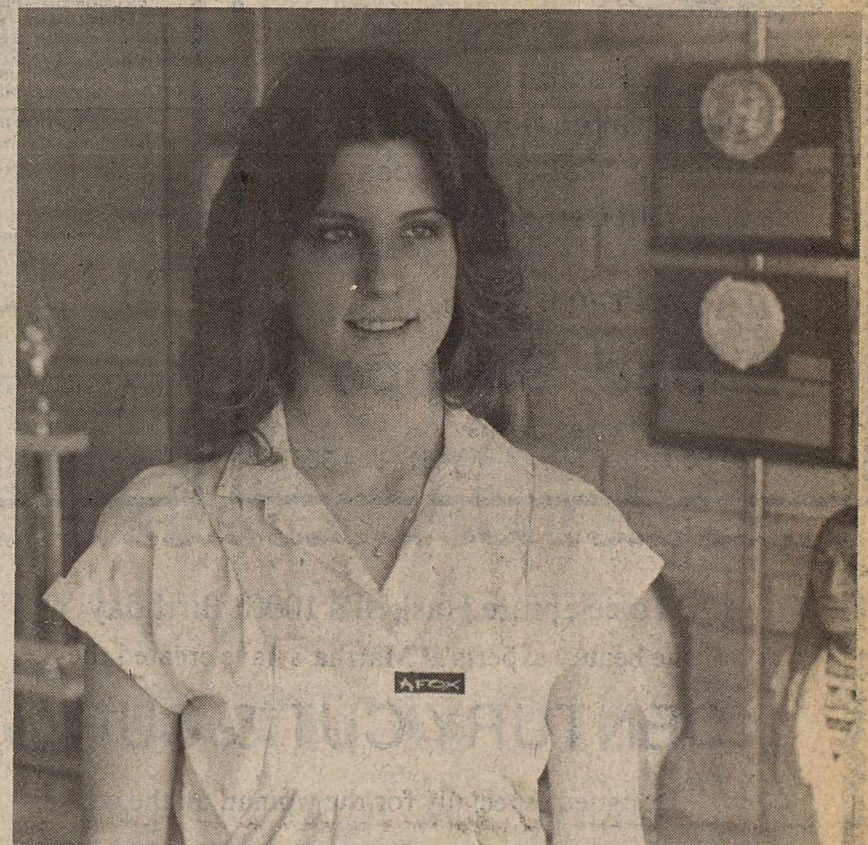

Three candidates have filed for the County Commissioner Precinct Two slot. They are: Thelma Edwards, Lester Hutchinson, and Ronnie Chapman.

Bud Turnbow and Martin Coleman have filed for County Commissioner Precinct Four.

Several state races are contested

with a total of five candidates in the Governor's race, four in the Attorney General's race, four in the Treasurer's and four in the Land Commissioner's races.

In addition, several Judge's races are contested and members of the Haskell County Bar Association have endorsed two candidates in those races. The local attorneys ask that consideration be given to Charles Barrow in the Supreme Court Place Three race and to Carl Daly in the Court of Criminal Appeals Place One race.

Staff Photo by Don Comedy

STATE QUALIFIER

Sharla Drinnon will compete at State UIL Shorthand Competition after winning first place in the Regional Meet. At Regional she took dictation at 90 words per minute with 95% accuracy. She is a senior student at HHS.

Candlelight Ceremony Unites Couple

Lorie Johnson of Haskell and Dwayne Johnson of Knox City were united in marriage at the Haskell Church of Christ on Saturday, April 24, at 7:00 p.m. Officiating the double ring candlelight ceremony was Mr. Payne Hattox of De Leon.

Parents of the couple are Mr. and Mrs. Loraine Johnson of Haskell and Mr. and Mrs. Donald Johnson of Knox City. Mr. and Mrs. Allen Hester and Mrs. C.E. Johnson of Knox City are the grandparents of the groom.

Wedding music was provided by the Haskell Church of Christ singers with soloist being Sammy Wade of Coleman. He sang "Endless Love" and "We've Only Just Begun."

Escorted down the aisle by her father and given in marriage by her parents. The vows were exchanged before palm leaf greenery that accented the unity candle. Tree candles and spirals

decorated either side. The pews were marked with brass hurricane lamps with white bows and yellow and blue daisies.

The bride wore an original gown by Michelle for Alfred Angelo in white chiffon and lace. The fitted bodice with Queen Anne neckline was accented with lace that was enhanced with fine seed pearls and piattes. A full Bishop sleeve with deep lace cuffs with lace ruffle was accented with satin bows. Her full skirt with rows of chantilly and Alencon was edged in a crystal ruffle and fell into a cathedral train.

She wore a Cathedral length veil of imported English illusion outlined and appliqued with reembroidered Alencon lace, pearls were repeated on the lace pattern and silk Lillies of the Valley caught her headpiece in center back.

She carried a silk cascade of yellow roses, daisies, anemone, stephanotis and gypsophila showered with white ribbon.

For something old, the bride wore her maternal grandmother's diamond heart necklace, something new was the wedding dress, a diamond watch belonging to her mother was something borrowed and something blue was the

traditional garter given by Mrs. Francis Lane.

The bride wore a six-pence in her shoe for luck which was a gift from Mrs. W.A. Lyles.

Miss Pam Hale of Haskell was the Maid of Honor. The brides maids were Carol Dean, Kim Lane, Shelly Long, Janet Wallace all of Haskell and Mrs. Joe Huff of Winnsboro. Kim Bateman was junior bridesmaid and candle lighter.

The bridesmaids long dresses were by Phyllis of Bianchi in daffodil yellow voile. The fitted bodice with tiny spaghetti straps had a full skirt and short jackets edged in self ruffles.

The attendants carried white lace fans accented with silk yellow and white roses, yellow and blue daisies and gypsophila.

The groom wore a white tail one-button single breasted self-faced plak lapels satin top collar, angle flap pockets. His white shirt was ruffled, and

Library To Close For Election

The Haskell County Library will be closed Saturday May 1st, for the election in precinct 2.

his boutonniere was a yellow rose.

The best man was Tommy Mangis of Knox City. The groomsmen were David Counts of Knox City, Keith Mullins of Hale Center, Tim Roberson of Abilene, Steve Rumley of Ozona and Jimmy Rushing of Houston. Tim Johnson, brother of the bride, was the junior groomsman and also a candle lighter.

Ushers were Ricky Gonzales of Big Springs and Scott Lynn of Knox City.

Their tuxedos were like the grooms except they were baby blue.

Mother of the bride wore a Miss Ellette in blue. The fitted bodice had a deep berth of crystal pleating and the long skirt was sun burst pleats. She wore a corsage of yellow roses.

The mother of the groom wore a formal length Mike Benet Original of pink polyester shirtnk chiffon. The fitted bodice fashioned with a low neckline was designed with a softly draped capelet that flows over the shoulders and makes a fluttery sleeve. The beaded empire waistline holds the full flowy skirt.

A reception honoring the couple was held in the church annex following the wedding ceremony. It was hosted by the parents of the bride.

The bride's table was covered with a white satin cloth with a net overlay. The four-tiered wedding cake was decorated with yellow roses and blue for-get-me-nots topped with bells and doves. A fountain was centered between layers, and smaller fountains adorned each side of the cake.

Serving the bride's table were Julie Coleman and Becky Medford.

The grooms table was covered with a blue-checked cloth with a blue overlay. Chocolate cake was topped with pick-up truck and watermelon decoration.

All appointments were silver belonging to the groom's grandparents.

Serving at the groom's table was Ruth Simpson and Kristi Hutchinson.

Mr. and Mrs. Donald Johnson parents of the groom hosted the rehearsal dinner at Mitchell's Porthole on April 23.

For going away, the bride chose a red and white sailor knicker suit with red sandals. She wore a white corsage.

Following a trip to Galveston, the couple will reside in Knox City where the groom is engaged in farming. The bride will be employed at the Fash-N-Aire in Haskell.

MR. AND MRS. CLEATUS W. DRINNON announce the engagement of their daughter, Sharla Jean, to David Wayne Carver, son of Mr. and Mrs. Jerry Carver of Rochester. Miss Drinnon will be a May graduate of Haskell High School and plans to attend Hardin Simmons University in the fall. Carver, a 1980 graduate of Rochester High School, is owner and operator of Carver Fina Station in Knox City. The couple plans a July 10 wedding in the First Baptist Church in Haskell.

Spring Piano Recital Set May 2

The piano students of Beverly SoRelle will be presented in a spring recital on Sunday, May 2nd, at 3:00, in the Chapel of the First Baptist Church. Students will be playing solos, duets, and hymns.

Students participating will be Emily SoRelle, Robin Harrell, Micki Struve, Aaron Bahney, Shelia Unger, Billy Dale Bennett, Missy Phemister, Corie Brzozowski, Sherry Mueller, Mindy McGee, Kim Gilly, Kirk High, Robyn Struve, Julie Nanny, Stacey Martin, and Nicole Anderson.

The public is cordially invited to attend.

Brush and Palette

I find constant inspiration in the activities in the area. There is a new art and craft gallery in Stamford and the competition show in Snyder are the recent ones. Now, Faye's Art Center is opening a new gallery in Haskell where classes are available. An artist from out of town will be the guest each month, which will be one of the main attractions as well as guest teachers. Viewing the paintings in the Snyder show, I find they were more than just impressions of changing light and color in this Big Western Country. The artists combined a fascinating and revealing view of cultural, economic and current life

style. Included were paintings of town-scapes, fields with promenading wildlife, engrossing the detail of each. It is a gratifying to see the enthusiasm reflected both in competition and in displays. It will be a treat for you to visit a gallery as it will stimulate your interest in art of various degrees.

Q. Are you a one brush painter?

A. No, I use several. Brushes are designed for particular jobs and a student should get to know them, let them work for you. Using brushes properly will save wear and tear, save you money as they last longer and

with proper care they give better results. In an earlier column we discussed how to keep the brushes clean and store them. If you missed this, please write and I will send you a copy.

Q. What is a "blender" brush?

A. Any good soft brush can be used for blending. A good red sable is the best, of course. If you want a smooth area, don't try to paint it and smooth it at the time. Instead, try it with a "painting" brush (perhaps a bristle or sableine) and then use a blender to soften the patterns. Blenders are never dipped into paint. Use them dry, and make sure you keep them immaculately clean. Many soft brushes serve as blenders and are expensive. But if you care them, they'll last a lifetime.

Q. How are brushes made?

A. This process is much too detailed for this column. If you would like complete information, write to M. Grumbacher, Inc. 460 West 34th St., New York, N.Y. 10001 and ask for "How Brushes are Made".

HINT: "Making lines run into each other is not composition. There must be a motive for the connection." - Robert Henri

Write your questions and hints to me, Faye Schnuriger, P.O. Box 134, Haskell, Texas 79521. I will not use your name but do want you to sign your letters.

Gardening Tips Topic Of Course

Stating tips for home gardeners on what to do about your plants if you are having problems and showing that growing healthy plants is not "green thumb" but knowledge. Jim Dillon of Knox City conducted a horticulture short course in the Family Activity Center of the First Baptist Church Thursday evening. Mr. Dillon, agriculture instructor owns and operates a green house in Knox City.

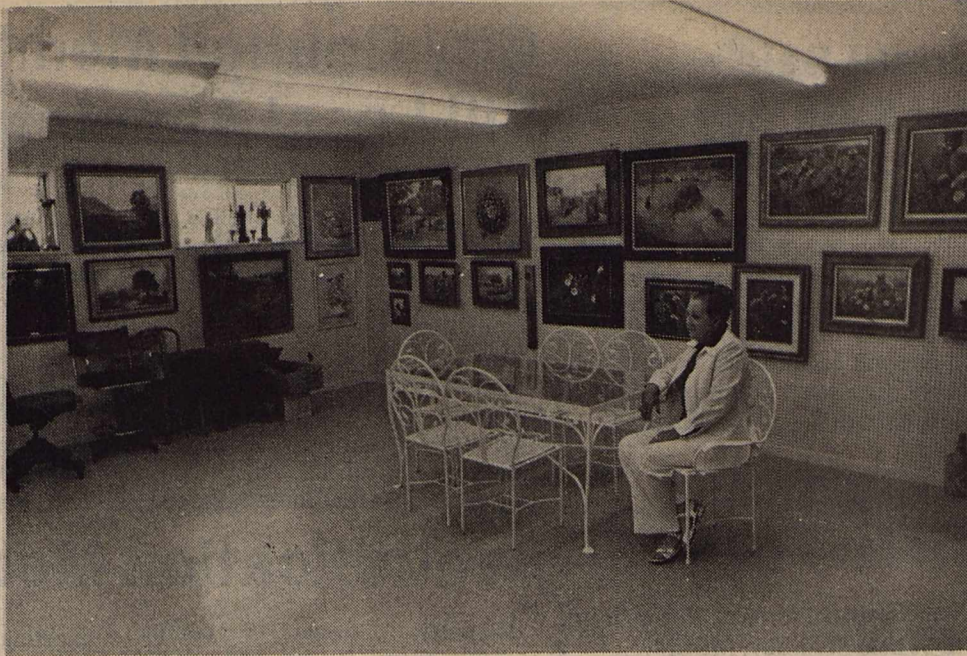

The first and most important factor in growing plants or trees successfully is to start with quality seeds or plants. He cautioned that when instructions state full or direct is required that it does not mean direct West Texas sun as that is a bit too strong for most plants.

Numerous pamphlets and brochures were distributed all on growing plants. Mixing soil, lawn, green house building - all adaptable to our area.

During the break between sessions the Center Committee served coffee and cookies.

Other courses to be held include: Auto Mechanics, Defensive Driving and First Aid - beginning May 3 with Auto Mechanics.

We pack SELLING POWER in our CLASSIFIED ADS.

Staff Photo by Don Comedy

NEW STUDIO

Faye Schnuriger is shown seated in her new art studio. The grand opening of the studio will be held this Sunday from 2 to 5 p.m. at 304 S. Av H. She will offer a wide range of classes.

Baby's Grasp Improves By Age Five Months

By five months old, a baby's reach and grasp have improved.

He has learned to grasp an object by holding it against the palm of his hand with his fingers and thumb. He may have already begun to grasp objects between his thumb and fingers. Certainly he is

moving toward that skill. With repeated efforts he somehow manages to get what he wants.

Growing Child, the monthly child development newsletter, reports that although a 5-month-old still frequently corrals an object by gathering it in with both arms and hands, he is now beginning to reach for it with one hand. Once he has grasped it, he will usually bring his prize to his mouth for further exploration of its qualities. Before long he will be transferring the object from hand to hand.

A baby learns to grasp and hold an object quite some time before he learns to release it on purpose. At first he releases the object because his grasp on the object will relax gradually, or because his interest was attracted to something else. He first learns to release his grasp on purpose by throwing the object—something to look for-

ward to!

While he is learning and perfecting the skills of reach and grasp-release, Baby will use either hand equally well. He will need lots of practice with either hand before he is ready to establish a preferred hand. You can help give him this practice by always presenting him with a toy or object from a point directly in front of him, so that he can reach for it easily with either hand.

This early use of both hands equally is necessary if Baby is to establish a complete body image of himself as a person with two equal sides to his body.

For more information on the physical and social development of children up to the age of six, write to Growing Child, PO Box 620N, Lafayette, IN 47902. When writing, include child's birthdate. A year's subscription to the Growing Child newsletter is \$11.95.

Gene Hester Wins Award During Exhibit

In the Texas State wide competition of the 26th Annual Membership Designer Craftsmen Exhibit, held in A&M recently, Gene Hester of Houston won an award of Excellence in Craftsmanship in Glass. He was awarded a crate of glass.

The Houston Glass Artist Association held an exhibit last week in Houston, and Gene won the citation for design concept from the Bienefeld Industries. He has been asked to display some panels in the Marshall Fields Art Show coming up next

month in Houston.

For the past several years Gene has had a booth at The Texas Renaissance Festival near Plantersville. However, he has recently sold his booth and will not be exhibiting there anymore.

Gene, son of Mrs. J.C. Dunnam, has his own glass studio, The Genesis Art Glass Studio in Houston, where he does commission work as well as repair work.

1982-83 Texas Almanac—"The Best Little Reference Book in Texas"—available in hardback and paperback editions at the Haskell Free Press

Around Town

The Iris's are beginning to look pretty at the Cliff Dunnam's home and they invite everyone to come by, stop and look.

Studio To Offer Art Classes

Faye Schnuriger, a Haskell native will hold open house for Faye's Art Center, 304 S. Ave. H, in Haskell this Sunday from 2 to 5 p.m.

A graduate of Haskell High School, she has attended the University of Texas at San Antonio, San Antonio College, and has studied Art in Mexico, New Mexico, and New York City.

Classes will be offered in oil and acrylics, water color, and drawing. The classes will be offered to beginners, advanced artists, and junior classes.

In addition to classes, Mrs.

Schnuriger will offer paintings for sale and consignment paintings.

She has taught art throughout the country and maintains active membership in several state and regional art groups.

She was recently elected president of the Brazos/West Art Association and will assume duties in the near future.

The public is invited to attend the open house.

WMU Pray Retreat Set May 4

The Area WMU Pray Retreat will be held Tues. May the 4th at Big Country Baptist Assembly at Lueders and guest speaker will be Jim Hooten, pastor at First Baptist at Eastland. He and his wife were missionaries in Uganda East Africa for 14 yrs. and Kenya for 4 yrs. Registration begins at 9:00 a.m. and the cost is \$5.50. Program is from 10:00 a.m.-3:00 p.m. Mr. and Mrs. Bill Owens from Abilene will lead the music.

Uniform Planting Date

A special herbicide control committee appointed by the Commissioners Court and the County Administration Committee has set May 20 as the uniform cotton planting date in Haskell County.

Haskell County is now a controlled herbicide county and all persons are asked to observe the date.

Amendment No. 1 to the Texas Herbicide Regulation 11.1 through 11.10, dated January 1, 1980.

WHEREAS, the Commissioner of Agriculture of the State of Texas has been directed by the Agriculture Code, Chapter 75, Section 75.018, to promulgate the regulations governing the sale and use of hormone-type herbicides; and

WHEREAS, the Commissioners Court of Haskell County did hold a hearing on November 24, 1981 in said county as provided for in the Agriculture Code, Chapter 75, Section 75.023; and

WHEREAS, it was ordered by the Commissioners Court that Haskell County, in its entirety, be regulated under the provisions of the Agriculture Code, Chapter 75; and

WHEREAS, the Commissioners Court of Haskell County requested certain special provisions;

NOW, THEREFORE, I, Reagan V. Brown, Commissioner of Agriculture, State of Texas, by virtue of the authority vested in me by the Agriculture Code, Chapter 75, do hereby amend Herbicide Regulation No. 11.1 through 11.10 (dated January 1, 1980), to read as follows: Persons in Haskell County using hormone-type herbicides are required to comply with the provisions of the Texas Herbicide Law, Agriculture Code, Chapter 75, and regulations promulgated thereunder except that between the period November 1 and May 20, the year following, no permits or other requirement will be in effect; and further, that during the period May 20 through November 1, permits are required for use of hormone-type herbicides; and further, aerial application is prohibited June 2 through November 1 each year.

Promulgated in the City of Austin this 30th day of December, 1981. Effective January 1, 1982, to continue until changed by proper hearing in the Commissioners Court of Haskell County.

Donut Sale Set Saturday For Boys Track

The Boys Track Team will have a donut sale May 1 to raise money for a trip to the Boys State Meet in Austin May 14-15.

Boys will be stationed around the square. The team would appreciate your support.

Bike-A-Thon Set May 15

The Cystic Fibrosis Bike-a-thon will be held Saturday, May 15.

Prizes including a bicycle, a jogging suit and jogging shoes will be awarded.

Entry forms may be picked up at M System, Haskell or KVRP's studios.

Riders will meet at Herman Marcus at 9 a.m. and will be riding west.

For more information contact Rev. J. C. Amburn, 864-2189.

City Council Members Fill Local Appointments

Members of the Haskell City Council made several appointments during their regular meeting Tuesday night.

Tom Watson was reappointed to a two year term on the North Central Texas Municipal Water Authority Board and was also appointed City Disaster Chairman.

Wayne Cadenhead, M.D. was appointed City Health Officer and

Royce Williams was appointed to the Housing Authority Board.

In other action, Council members agreed to advertise for bids for the purchase of a new back hoe and a second hand one ton flat bed truck.

The following revenues were reported: sales tax, \$4,552.27; revenue sharing, \$6,538.00; fines, \$1,491.00; Lone Star Gas franchise, \$9,205.85; and General Telephone franchise, \$5,051.25.

Beautification Meeting Set

Property owners, county commissioners, Jaycees and private contractors will meet with the Beautify Haskell Council (BHC) at 7 p.m. May 4 at City Hall.

In an effort to clean up an area along the creek, Carrie Headstream has contacted owners of creek property from North 2nd to Avenue E.

Anyone interested in volunteering their labor or equipment for this project is asked to come to the

meeting, said Mrs. Franciene Johnson, mayor.

At the April meeting Clayton Neal, junior high school principal, met with BHC and made plans to begin a beautification program for the campus next year.

Mrs. Johnson presented Neal with an autographed copy of "Ironized Cody" which will be framed and hung in the junior high school.

ATTENTION FARM AND RANCH LANDOWNERS

Land Designated for Agricultural Use
DEADLINE April 30th, 1982

If you have not signed-up for this, you can do so at the:

Haskell County Central Appraisal Dist. Office
604 N. 1st
across from Buster's Drive-In Grocery

Eligibility:

(a) An individual is entitled to have land he owns designated for agricultural use if, on January 1:

(1) the land has been devoted exclusively to or developed continuously for agriculture for the three years preceding the current year.

(2) he is using and intends to use the land for agriculture as an occupation or a business venture for profit during the current year; and

(3) agriculture is his primary occupation and primary source of income.

College News

Thula Perry, a student at the Haskell extension center of Western Texas College, was cited as the Outstanding Government at WTC in the annual recognition program held Thursday.

Mrs. Perry was unable to attend the program, held in the Fine Arts Theatre at WTC, but her instructor, Robert Adams, made the announcement of her selection during the ceremonies.

Randall Gray of Hermleigh and Jill Linam of Loraine were named Outstanding Male and Outstanding Female students for 1982 at WTC.

The awards day is sponsored by the WTC Faculty Association.

Bigger Profits Begin In The Cascot Lab.

You already know that Cascot cottonseed can increase your yield by as much as 25%. What you may not know is why Cascot varieties are so much better.

Well, it didn't happen overnight. The people at Custom Ag Service used the latest scientific methods in selecting and breeding until they came up with disease resistant, early maturing varieties. They selected quality seed perfect for farming in all conditions. Characteristics like premium mike and storm resistance were developed in all the Cascot varieties.

And finally they eliminated contamination by using a separate gin for new seed development.

If you're not planting Cascot this year, try 100 acres and compare its yield to your seed. We're betting next year you'll be knee deep in Cascot.

To reserve your seed or get more information call:

West Texas Opry Set In Knox City

Ticket sales have been brisk for the upcoming West Texas Opry slated in Knox City, Friday, May 7, in the new school auditorium. The proceeds will benefit the Knox County Hospital Auxiliary.

The West Texas Opry, known in Lubbock as West Texas' most famous and successful country music show, has presented twenty outstanding shows in Lubbock and has contributed much to charities in that area from the profits.

A highly professional show presented in a manner to entertain the entire family for an evening is guaranteed to please and will include local and area talent.

The Maines Brothers are very talented young men who provide a memorable performance each time they appear. They have opened both the "Alabama" concert and Ronnie Milsap show in Lubbock and are slated to again front the Ronnie Milsap show in Bryan this month.

The Angle Sisters, who

perform on the West Texas Opry in Lubbock, will appear before the hometown folk, and Anson gospel singer Buddie Lytle also will be among the other entertainers scheduled to appear.

Tickets are now on sale at The Knox County News and The Pink Ladies Thrift Shop. The reserved seats are \$8.00.

McDermett Issues Voter Statement

To The Citizens of Haskell County:

I would like to take this opportunity to say THANK YOU for the support you have shown me since I have been your County Judge. Although, I am un-opposed in the upcoming May 1, 1982 Democratic Primary I would like to ask for your continued support, influence, and vote for re-election as your County Judge.

I know I have made mistakes in the office of County Judge but, with the experience that I have gained as County Judge I will to the best of my ability continue to be honest, fair, and more effective as your County Judge.

Again, I would like to ask for your continued support and your vote for County Judge of Haskell County.

A SUBSCRIPTION to The Haskell Free Press is an ideal gift for any occasion. We do all the work. Just come by and give us the name and address and we'll send a gift certificate in your name. *Haskell Free Press*

NEW FIELD

Approximately 40 residents of the Sagerton area are enjoying playing softball on a new field. Pictured with one of the Sagerton teams is Joe Clark, left, who donated pipe for the fence and Bud Turnbow, second from right, who assisted with work on the field.

Sunday Is Last Chance For Spring Gobblers

Many Texas hunters are finding out that using a call to trick a spring turkey gobbler is not nearly as difficult as much of the traditional woods lore would suggest.

Turkey calling as a hunting technique is indeed steeped in tradition. Its practitioners were tricking spring gobblers in the east before Texas was a state.

Hunters in Texas can try their skill at turkey calling in 121 counties April 17-May 2, and one official of the Texas Parks and Wildlife Department believes the harvest will be an all-time high, partly a result of increased calling skills of the hunters.

"Turkeys can be difficult to call at times," said Don Wilson, the department's turkey program leader, "but there are times when a gobbler is going to come to your call no matter what."

Wilson said calling a spring gobbler can be easy if a few basic rules are followed. "I think the difficulty of operating a turkey call has been overrated in the past," Wilson commented. "Anyone can operate a call adequately with just a little instruction and practice."

For beginners, Wilson recommends using a simple,

inexpensive slate call, although a variety of hand-held and mouth-operated calls are effective.

He also contends that only one calling technique is necessary. "A simple hen cluck or yelp is all you need," Wilson advised. "You should hit three to four yelps, and allow two to three minutes between series of yelps."

Movement is the other key to successful calling, Wilson believes. The hunter should remain motionless while calling and utilize blinds and/or camouflaged clothing whenever possible.

Scouting the area to be hunted in advanced can give the hunter clues as to where turkeys might be found. "Walk or drive through the area early in the morning and stop to listen for turkeys gobbling. If you hear no response in a few minutes, move to another area and listen again," Wilson said.

Wilson advised that once a gobbler is heard, the hunter should find a place of concealment nearby without approaching too close to the gobbler's location. "It's also a good idea to avoid trying to call a gobbler across a net-wire fence or running creek, because the birds often

refuse to fly to answer a call," he said.

Once a gobbler appears the hunter should avoid any movement while the bird is within the line of sight. "This is especially true if you're hunting with a shotgun, because the turkey has to come fairly close," said Wilson.

Turkey calls can be purchased at sporting goods stores, and demonstration records are available if advice cannot be obtained from an experienced caller.

Investing in small firms brings greater stock returns

COLLEGE STATION—Investing in small firms whose outstanding shares seldom change hands could bring greater stock market returns than investing in the so-called "blue chips," says a Texas A&M University finance professor.

"There's some evidence that this might be the case, although when you invest in the smaller firm you're usually taking more risk," said Dr. S. Kerry Cooper of Texas A&M's College of Business Administration.

Area Screening Services Set

The Texas Department of Health Region 4 will hold screening services for area towns. The public is invited to attend, and there will be no charge for these services. Any abnormal findings will be referred to the client's private physician.

Services offered will be for diabetes, high blood pressure, anemia, vision, hearing, weight and urinalysis. Immunizations will also be given.

Anson, at the Assembly of God Church, 401 N. Commerce from 10:00 a.m. to 12:00 noon on May 12th. Immunizations will be given from 1:00 p.m. to 3:00 p.m.

Aspermont, Senior Citizens Bldg., on May 5th from 10:00 a.m. to 3:00 p.m.

Haskell, Experienced Citizens Center, N. Ave. N on May 6th, and May 26th from 10:00 a.m. to 3:00 p.m. Immunization clinic will also be held at the Experienced Citizens Center on May 20th from 1:00 p.m. to 3:00 p.m.

Hawley, Lions Building, May 24th, from 10:00 a.m. to 12:00 noon; and immuniza-

tions will be given from 1:00 p.m. to 3:00 p.m. Stamford, Stamford Library Building, 600 E. McHarg on May 19th from 10:00 a.m. to 12:00 noon, and immunizations from 1:00 p.m. to 3:00 p.m.

Joe Williams Issues Statement

I am now completing my first term of office as Judge of the 39th Judicial District of Texas, and am a candidate for re-election.

Although I do not have an opponent at this time, I still cherish the vote and support of my constituents in this district.

The cooperation and kindness shown me by the people of this area has been very gratifying and I solicit your continued help and support in the future.

Let me urge all of you to come out and vote on May 1st, 1982.

Sincerely,
Joe Williams

The Hamburgers Texans told us they wanted!

Introducing Dairy Queen's all-new quarter-pound Hungr-buster® & half-pound Beltbuster®

At Dairy Queen we're out to treat you like a Texan. With the bigger, better hamburgers Texans told us they wanted.

Our all-new Hungr-buster and Beltbuster start with a full quarter-pound or half-pound of 100% pure, lean beef. Then we top them with plenty of your freshest favorites. Like crisp lettuce, red, ripe tomato, juicy pickles, onions, mustard or mayonnaise, all on a toasted bun. And, of course, your hamburger is made to your order — hot, fresh and just the way you like it.

Come taste our all-new Hungr-buster and Beltbuster at any of more than 750 Dairy Queen locations all across Texas. They're the hamburgers Texans told us they wanted.

And that's why they're the best.

We treat you like a Texan.

W. H. Williams Chamber Sets Summer Work Program Is PCA Head

Stockholders, friends and employees of Rolling Plains Production Credit Association met Friday, April 23, in Childress and Saturday, April 24, in Stamford for their 48th Annual Stockholders Meeting. During the business session of the meeting, W.H. Williams of Spur was re-elected to serve a three-year term. Other PCA directors are W.J. Boykin of Northfield, B.H. DeBusk of Anson, Dan Henard, Jr. of Wellington, and Garon B. Tidwell of Munday.

Willard H. (Snooks) Williams, Director from Spur, gave the Report from the Board. He reported that the Board had given much consideration to credit policies and procedures to be followed in the current lending season. He said the most difficult financial problem facing some operators is the principal and interest required to service debts created through one or both of the following broad categories: (1) capital purchases beyond the capacity of the operation to repay; (2) carryover debt from operating losses. On behalf of the Board and Association Staff, he expressed appreciation to each stockholder for doing everything possible to keep his business acceptable during this time which is trying for all of us.

R.C. (Clif) Cobb, President of the Association, reported to the stockholders that even with the extremely unfavorable economy that exists, this

Association has continued to finance 98% of the operators we financed last year. He stressed that current weather conditions and economics imply that credit problems will increase this year; therefore, Association loan officers and borrowers, working together, must do everything within their power to prevent losses.

To present the brighter side of the picture were the Otwell Twins, David and Roger, of the famed Lawrence Welk Show. Some 800 stockholders, guests and employees were entertained by these two personable and talented young men who sang at both sections of the meeting.

The five stockholders elected to serve on the 1983 Nominating Committee are Charlie R. Long, Matador Office; Edwin T. Meyer, Childress Office; Darl Walker, Spur Office; Joe Tidwell, Munday Office; and Delbert LeFevre, Stamford Office.

Present Association officers are R.C. Cobb, President; Bill L. Glenn, First Vice President and Secretary; Lloyd M. Blackwell, Vice President; S.C. Ferguson, Vice President; Joe A. Hanson, Treasurer and Assistant Secretary; Eddie Mitchell, Vice President and Childress Office Manager; Randy Arnold, Vice President and Spur Office Manager; Alan R. Bingham, Assistant Vice President and Matador Office Manager; and Mike Sloan, Assistant Vice President and Munday Office Manger.

**BY WANDA DULANEY
Manager, Haskell
Chamber of Commerce**

Young people have time on their hands in the summer months; adults have more chores and projects than at any other time of the year. LET'S GET THE YOUTH AND THE ADULTS TOGETHER IN A PROGRAM THAT WILL BE BENEFICIAL TO BOTH.

This is a project formerly handled by the Haskell Free Press and one which has been greatly appreciated by all participants. The newspaper continues its backing of the program by its generosity in allowing the Chamber of Commerce the space in this edition to present it in detail to the public. We are grateful to its owners, Bill and Don Comedy, for their support of Chamber activities.

A Haskell businessman, Armando Galindo, owner of Galindo's Mexican Cuisine, has volunteered to be the chairman of such a work program.

"LET'S GIVE THE KIDS SOMETHING TO DO", Galindo urges adults, and he agrees to devote as much time as will be needed to make the plan work.

Converting GI Insurance Recommended

Many veterans are finding it progressively harder to pay premiums on their GI life insurance because they have not converted it to a permanent insurance plan, according to the Director, Waco Veterans Administration Regional Office.

Term insurance goes up in price every five years. Unless it is converted to a permanent plan, the premiums for many veterans eventually become too high to pay.

A veteran may apply at any time to convert term insurance to permanent insurance without a physical examination. There may be a higher initial premium for the permanent insurance, but the premium does not increase in price.

For veterans who cannot afford that initial hike in premium when converting to a permanent insurance plan, there are more affordable modified life plans that may give somewhat less coverage.

For more information on GI life insurance, telephone the Waco VA Regional Office's toll-free number, listed in your telephone directory.

LIQUID PAPER Correction Fluid in ledger colors including pink, greens, buff, blue and yellows. Perfect for stationery, too! Haskell Free Press

He suggests that young people who want to work fill out the form included in this article, indicating the type of work they can do, their name, age and address, telephone number, and then mail or deliver it to him at Galindo's Restaurant 5 N. Ave E., Haskell, Texas 79521. He will maintain a card file on each person who wants to participate.

Adults who are in need of regular, repeated help with yard work, housework, repairs, babysitting, etc. are also asked to complete the form that is included for them. Others who have one-time jobs may call Mr. Galindo at 864-2322. He will put the adults and youth in touch with each other so they can work out their own time and pay schedules.

More and more young people are learning how to seek a job and are willing to accept the responsibility that

the job until it is finished. Youth who sign up for this program will be expected to live up to its standards. Adults will be expected to pay the kids what they deserve and give them proper instructions and supervision.

In turn, the employer will pay them an agreed price, will want them to work for him again and will give references to other employers, thus helping them get other jobs.

(Mail or take to Galindo's Restaurant, 5 N. Ave E to: Mr. Armando Galindo, Chairman of the Youth Program)

THE BEST IN MEAT, CUT THE WAY YOU WANT IT

Superintendent's Views

BY JAMES LANIER
Superintendent, Haskell ISD

This week, I would like to feature another group or team of our students, the tennis team. This group of student-athletes have really worked hard this year. They often times have turned on the lights and continued working. I have observed them working in cold weather, high winds, and dust storms; conditions not really conducive to tennis. All the hard work paid off for them as they won district in tennis.

Robert Geilhausen won district in boys singles. He is a Junior. Robert is very dedicated to the game of tennis and plays year round. Don Kretschmer was second in singles. Don is a Senior and another who plays tennis the year around. Ricky Rojas, a Freshman and Lonnie Hise, a Junior, placed second as a doubles team. Both these boys participate in other sports activities. Lonnie is very unique in that he plays with both hands switching his racket. All these boys qualified for regional as reward for their hard work.

Others who worked hard

and helped Haskell win district who did not qualify for further competition include Monty Moeller and Aaron Weaver, both Seniors. They placed 4th in district. They also both played football for the Indians last fall. Cam Klose and Mynea Jones were the only girls playing. They are both Seniors. They placed 3rd in district despite a late start and a series of foot injury to Cam during basketball. Both of these young ladies showed a lot of determination and played well.

Fred Rike won the Junior Varsity division in singles. Fred is a Freshman. Tim Johnson is an 8th grader and is showing good prospects in tennis. As you will note we are losing some good tennis players through graduation. However, we have a good nucleus returning. Our tennis program seems to be definitely on the upswing.

Mr. Pulattie started this group playing last fall. However, because of the time involved with his role as principal and an illness in his wife's family, he was forced to relinquish this duty to Greg Melton. Both Mr. Pulattie and Mr. Melton have really done well with this group. Mr. Melton will be taking our regional qualifiers to Odessa. They just might surprise some folks there.

ERASERMATE Pen by Papermate. Erasable ink that can be erased with any standard eraser and is refillable. Available in a variety of colors. Ideal for students. Haskell Free Press

NEW CHEERLEADERS

Selected as cheerleaders for the 1982-83 school year at Haskell High School recently were: front row, l to r, Marla Gonzales, Shannon Lane, Head Cheerleader; and Holly McBroom; back row, Tina Morris, April Turner and Shella Klose.

Grain Producers Must Evaluate Marketing Program

With a new crop year dawning, Texas farmers face low grain prices because of a record U.S. crop last year and good crops throughout the world.

"High interest rates, strengthening of the dollar and the worldwide economic situation also have had negative effects on grain prices," says Dr. Roland Smith, economist in agribusiness and marketing with the Texas Agricultural Extension Service, Texas A&M University System.

"The market concern now is on how fast corn and sorghum supplies can be used before the '82 harvest season," Smith explains.

How much grain is fed to livestock will be important this year, he says, especially since corn exports are off to a slower start than in the last two years even though sorghum exports are running ahead of last year. Corn exports are down 26 percent from a year ago while sorghum shipments are up 22 percent.

Add to this the fact that forward sales are considerably behind last year and the picture for feedgrains in 1982 looks bleak, says the economist.

"Of course, there is concern among livestock producers about the profitability of livestock feeding—even at lower grain prices," says Smith. "But it appears grain price levels early this year will be low enough to encourage more use."

However, Smith does not expect major increases in grain use until April-September.

ber because of the time it likely will take to increase the grain feeding base and grain consumption.

"Carryover levels of corn and sorghum probably will expand sharply in 1982," says Smith. "However, we could see some seasonal price increases this spring provided demand follows projected patterns."

But the economist cautions producers to evaluate increased holding costs against potential seasonal price increases.

Wheat producers also must deal with a large world and domestic crop from last year. However, early export projections for the current year are up 18 percent at 1.8 billion bushels. Nevertheless, wheat carryover still will rise some this year due to the record large 1981 crop.

Wheat prospects will depend greatly on the size of the '82 crop in Texas and elsewhere in the U.S., says Smith. Texas' wheat crop was estimated at 178 million bushels in a special April survey, down 3 percent from 1981. The rest of the U.S. winter wheat crop will be surveyed in May.

Regarding the export situa-

tion, Smith notes that the British blockage of the Falkland Islands may impact on Argentina's grain exports and could result in increased shipment from other exporters.

"Grain producers must evaluate their marketing potential throughout 1982 and be prepared to take advantage of short-term upward price moves," Smith advises. "But they also need to be aware of how market prices compare to projected production costs."

Cong. Stenholm Names Four Summer Interns

Congressman Charles W. Stenholm has announced the selections for the Omar Burleson and Lyndon Baines Johnson Congressional Internships have been made. Four persons from the 17th Congressional District have been chosen by a committee, chaired by former Congressman Omar Burleson.

Selected for the positions were 21-year-old Karri Waddell of Roscoe, Mark Robertson, 19, of Snyder, Marjori Maddox, 19, of Colorado City, and Paula S. Kelly, 33, of Graham.

The interns for the month of June will be Miss Maddox and Mrs. Kelly. Miss Maddox is currently enrolled at the University of Oklahoma in Norman, Oklahoma. She is majoring in Communication and Public Administration. Miss Maddox is the daughter of Mr. and Mrs. Joe Maddox

of Colorado City. Mrs. Kelly is a business and history teacher at Newcastle High School. She received a Masters Degree in Business Education from the University of Mississippi and her undergraduate degree is a B.S.E. from Memphis State University. She is married to Mr. Douglas L. Kelly of Graham.

The two positions in July will be filled by Miss Waddell and Mr. Robertson. Miss Waddell will graduate in May 1983 with a major in Math and a minor in Computer Science from Angelo State University in San Angelo. She is the daughter of Mr. and Mrs. Mike Gruben of Roscoe and Mr. Don Waddell of Memphis, Tennessee.

Mr. Robertson is a freshman Political Science major at Southern Methodist University in Dallas. He plans to attend law school after his

undergraduate studies. His parents are Rev. and Mrs. David Robertson of Snyder.

The winners were selected after meeting with the selection committee in Abilene. Members of the selection committee were Burleson, chairman, Judge Robert Work of Crosbyton, Mr. Ned Underwood of Snyder, Mr. John McGuire of Cisco, Mrs. John B. Collier, IV of Stephenville, Mr. Steven Monk of Graham, and Mrs. William Powell of Gainesville.

Mr. Burleson said, "It was a difficult decision. All of the applicants are outstanding young people and a credit to the 17th District." Congressman Stenholm said after being informed of the selections that he "was pleased to have them coming on board and look forward to working with them this summer."

Cut Cables Halt GTE Service

Long distance service in and out of approximately 17 cities served by General Telephone Company was interrupted for approximately 5½ hours on Wednesday, April 7, due to long distance cable cuts.

At approximately 10:30 a.m., construction crews working for one of the local power companies cut the long distance cable between Seymour and Megargel, which interrupted service to Megargel, Olney, New Castle, Jermyn, Loving and Orth. Service on this cable was restored at approximately 3:00 p.m.

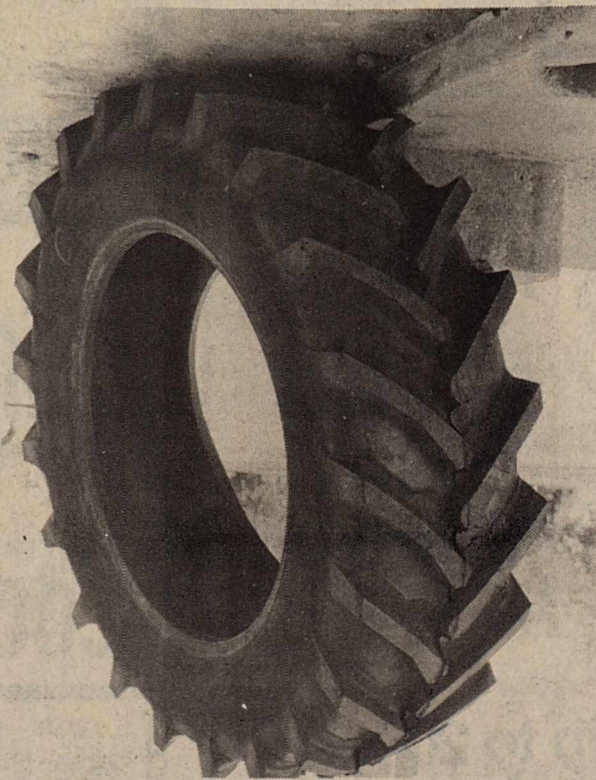

Around noon on the same day, the cable between Holliday and Wichita Falls was cut by construction crews digging in the right-of-way. This cable cut interrupted service to all GTE towns served through the Seymour switching office. Service to this cable was restored at approximately 3:00 p.m. also.

Bill Drennan, Division Manager for General Telephone Company in Brownwood, said that cable cuts do occur, but having two of them on the same day in the same area is somewhat rare. Although the company marks the cable routes with signs, these cables still get cut, due to construction activity in and around the area.

The Company appreciates the patience of its customers and apologizes for inconveniences caused when this happens. Service is always restored as soon as possible when this occurs.

Conservation Viewpoints

USDA Soil Conservation Service

Haskell County classroom teachers have the opportunity to gain sound, factual information in the field of conservation education thru Environmental Conservation Workshops held each summer at Universities throughout the state. The Haskell Soil and Water Conservation District is again urging teachers in the county that are interested in developing their environmental education teaching abilities, to participate in these workshops.

Six universities in Texas have workshops scheduled this summer, offering three hours of graduate level credit to teachers. Some of the subjects to be offered include: Environmental and Outdoor Education and Learning areas, Oil and Gas Resources, Soil and Water Conservation, Animal Science and Range Management, Nuclear Energy, and Elementary Education.

These workshops are supported by the Association of Texas Soil and Water Conservation Districts and financial assistance can often be furnished to teachers interested in furthering their abilities in these fields.

Universities that will hold these summer workshops in 1982 are: Abilene Christian University, East Texas State University, Stephen F. Austin State University, Sul Ross State University, Tarleton State University and West Texas State University.

Courses begin in early June and the Haskell SWCD Board of Directors will meet on May 21 to review applications of teachers desiring financial assistance at this time.

If you are planning to attend summer school and are interested in these subjects, contact the Director representing your zone of the Haskell SWCD or the Soil Conservation Service. Directors are: Zone 1, Rochester - Dan Wadzeck; Zone 2, Weinert - M.W. Phemister; Zone 3, Paint Creek - R.V. Earles; Zone 4, Rule - F.A. Ulmer and Zone 5, Haskell - Johnny Wheatley.

Sir Arthur Conan Doyle, the author of the famous Sherlock Holmes sagas, supposedly modelled Holmes' assistant and friend, Dr. Watson, after himself.

They've Got It In Grapevine

By Elmer C. Whiddon Jr.
Where is the world's largest airport hotel? Where is the only airport resort? Where is the largest hotel in Texas? Where is Grapevine, Texas?

The answers to these four questions are very much related. The answer to the first three is "Grapevine, Texas." And where is Grapevine? Well, it is a city of 14,400 located between Dallas and Fort Worth. The much better known Dallas/Fort Worth Airport just happens to be in Grapevine.

And, the world's largest airport hotel, only airport resort and largest hotel in Texas is the Amfac Hotel and Resort at the DFW Airport.

Travelers discovering this unique bit of Grapevine real estate are well rewarded. The 1,450-room Amfac is not only quantity — it is quality. Sporting the American Automobile Association's (AAA) four diamond rating, the hotel pampers guests with luxurious rooms, superior service, seven restaurants, a couple of pubs and Whispers for dancing and cocktails.

Folks in the local area are coming "to the airport" for dinner too. The seafood buffet on Friday, Saturday and Sunday nights in Papayas in Amfac's West Tower draws a hungry crowd. Hungry is the only way to go to the feast. Fresh seafood is flown in on various flights — shrimp, Gulf trout

and crab on Braniff from Corpus Christi, oysters on Texas International from New Orleans, stone crab claws on Delta from Miami, halibut and haddock on American from Boston, and king crab on Braniff from Anchorage.

It is an all-you-can-eat affair where the waiters and waitresses continuously clear away the oyster, crab and shrimp shells. Only a very observant individual can keep track of another's intake. But, being observant, I did watch in amazement a little lady at the next table put away over three dozen oysters on the half shell before continuing with the rest of her meal!

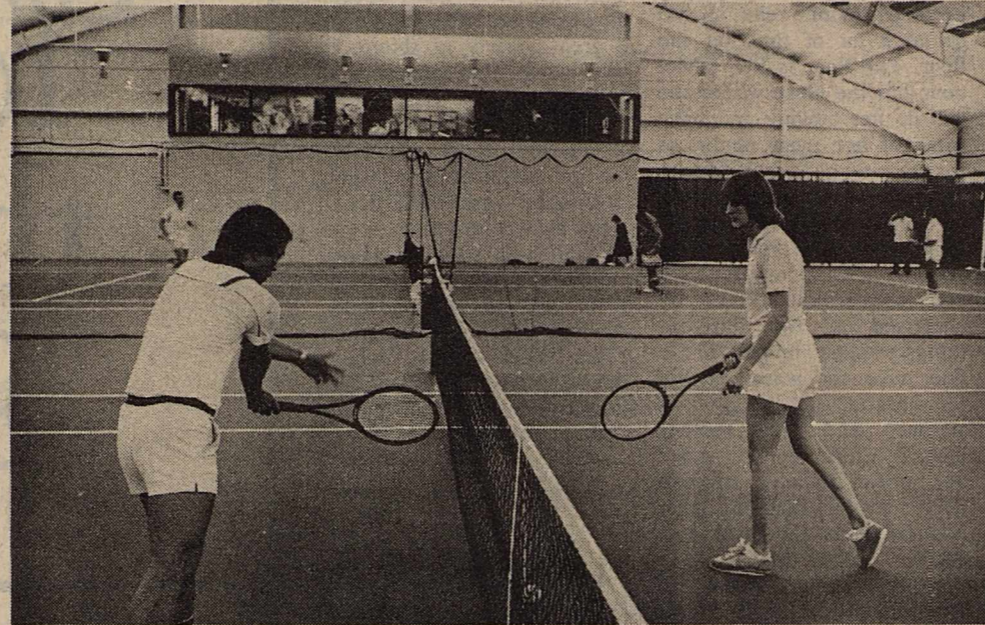

Price for the seafood buffet is \$15.95 for adults and \$7.50 for children under 10. Be prepared to wait 30 minutes or so for seating on Saturday night. It is well worth the wait.

The seafood buffet is just one of the Amfac's dining highlights. Others include il Nonno's with its northern Italian specialties and singing waiters and waitresses, Le Cassoulet with country French cuisine and Sunday brunch at the Branding Iron.

The resort part of the Amfac, Bear Creek Golf and Racquet Center, is located five minutes away from the hotel (transportation provided) on the southern part of the airport property. Two manicured 18-hole golf courses, seven Laykold tennis courts

(three indoor) and ten indoor racquetball courts provide a choice of activities. The first 18-hole course opened in July 1980 and was immediately rated among the top 50 in the U.S. by Golf Digest. The second course opened in May 1981 and is equally impressive. Resident golf, tennis and racquetball pros are available to instruct in each of the three sports, and the center is open to the public as well as to Amfac guests. Greens fees are \$13.50 per day with a \$7.50 twilight rate and \$8 senior and junior fee. Tennis courts are \$2.50 per hour outside and \$5 indoors. Racquetball courts are \$5 per hour per person. Rental clubs and racquets are available.

Rates at the Amfac are normally \$90-\$140 double, but there is now a special rate available for those families who want to stay at the Amfac while enjoying Six Flags Over Texas theme park, the new WhiteWater park, International Wildlife Park, the Grapevine Opry and other surrounding attractions. Called "Family Adventure Rate" this special promotion allows a family of four to enjoy the Amfac for only \$42 per night plus tax. To get this rate, reservations must be made in advance and the "Family Adventure Rate" must be requested by name. Reservations may be made through your travel agent or by contacting the Amfac, Box 610257, Dallas/Fort Worth, Tx. 75261 (800-227-4700 or 214-453-8400).

Bear Creek tennis pro Steve Lee (left) gives instruction on the indoor courts at the Amfac Resort at the Dallas/Fort Worth Airport.

Rehab Center To Host Benefit Preview Of Martin Film

The West Texas Rehabilitation Center put in the mail today 2,000 invitations to a special benefit preview showing of Steve Martin's newest film "Dead Men Don't Wear Plaid." On Thursday, April 29, Martin, known as that wild and crazy guy, will be here in person for the showing.

A reception will be held on the West Texas Utilities parking lot across from the Paramount Theater from 6:30 to 7:30 p.m., with the movie scheduled for 8:00 p.m. The reception will be sponsored by Polk and Patton, and Abilene based oil production firm.

Jim M. Polk, president of the WTRC board of directors, announced that tickets will be available for \$25 each at the West Texas Rehabilitation Center, 4601 Hartford Street in Abilene. Ticket sales will be limited to 1300, to be sold on a first come, first serve basis.

Polk pointed out that WTRC is very delighted to have Steve Martin in person for this benefit. He added that Martin's appearance is

through the courtesy of Tony Andress, a prominent Abilene and Rehab benefactor.

The movie is Martin's first comedy since the tremendous success "The Jerk."

Steve Martin stars as Rigby Reardon in "Dead Men Don't Wear Plaid." The fans of detective stories can be assured that detectives will never be the same with Martin playing the lead role of Detective Reardon.

Rachel Ward, Reni Santoni, and Carl Reiner also star with Martin in this Universal Studio release. The production is an Aspen Film Society William E. McEuen/David V. Picker production.

It is written by Carl Reiner, George Gipe, and Steve Martin, and directed by Carl Reiner.

Medical Information Card Now Available From TSA

If you're in an accident or suddenly taken ill, what do you have in your possession to guide police, paramedics or doctors to the fastest and safest way to help you?

The National Safety Council has produced an answer to this problem — the new "National Safety Council Medical Information Card." This wallet-sized card carries vital medical data on a strip of microfilm and has a built-in lens system which allows the card to be read anywhere. In an emergency, a rescuer need only bend the plastic card to bring the lens and microfilm together to read the accident victim's medical history on the spot. The Texas Safety Association (TSA) will distribute and market the card in Texas.

TSA President Dean Ward said a typical card contains identification information, medical data (including any complication conditions), and a signed authorization from the card bearer allowing for treatment and surgery in case he or she is in an accident and is unconscious or unable to sign a release form at the hospital. It also contains the organ donor release.

Carriers of the medical information card are provided with a set of self-adhesive stickers that can be placed on a wallet or a driver's license. In an emergency, the stickers will alert rescuers that the accident is carrying a card with vital medical information. A similar sticker may be applied to the windshield of the card bearer's motor vehicle.

Dean emphasized that the

first few minutes of an accident are crucial for an accident victim suffering serious injuries. The information included on the Council's card, he said, can aid an on-site rescuer and, soon thereafter, the hospital emergency team and doctors in the quickest and safest treatment

of an accident victim. For more information on the "National Safety Council Medical Information Card" send a stamped self-addressed business size envelope to the Texas Safety Association, 5014 Bull Creek Road, P.O. Box 9345, Austin, Texas 78766.

OPEN LETTER

I have been reading all the letters to the paper from the people who are concerned about John Wayne McDermott not having received the \$100.00 per month "road overseer allowance."

I feel that these people do not understand the issue. I will try to explain.

First of all this \$100.00 isn't a part of his salary. This is voted on each year by the Commissioners Court. His salary has not been cut. He received a 10% raise this year along with everyone else. His salary is \$1,012.00 a month. The Commissioners salary is \$836.00.

A tape is used each and every time the court meets and there's proof that I was in favor of the Judge receiving the "road overseer allowance," until the County Auditor informed the court that in her opinion it wasn't legal. She stated that she would not pay it until she gets an Attorney

General ruling, in writing, that it is legal to do so.

Until this came up I wasn't aware that it wasn't legal. So I did some research in Austin with Attorney General's office, and the information I received was that they had never heard of a County Judge being "road overseer."

If the Judge will show me a ruling that states it's legal for him to receive this allowance as "road overseer," then I'll vote. But until I see this in writing I can not, because when I was sworn into office I took an oath to do my duty to the best of my ability and as long as I'm Commissioner I will stay with that oath.

If all this causes me to lose the election, I will go out with my conscious clear.

Consumer Education Emphasized During Special Week

QUESTION: What does everyone in the U.S. have in common with everyone else? **ANSWER:** We are ALL consumers -- every man, woman and child, regardless of where we live or what we do. We are all involved in the process of choosing and using a vast array of goods and services available in the marketplace.

CONSUMERS ROLE 'KEY'
In order to focus on the important role played by consumers in our economy,

the week of April 25-May 1 has been proclaimed National Consumers Week by Pres. Ronald Reagan.

This proclamation says, in part: "An informed and educated consumer is vital to the long-term healthy growth of our economic system.

"Consumer education can help us make decisions that are right for ourselves and right for our economy.

"It helps motivate young people to formulate more

realistic, attainable standards for a higher quality of life.

"It helps adults solve problems and make decisions in our increasingly complex financial world.

"And because consumer education promotes responsible consumer behavior and customer satisfaction, it is beneficial for consumers, business, and government."

Virginia H. Knauer, special assistant to the president and director of the U.S. Office of Consumer Affairs has said, "These days we hear a great

deal about the magic of the marketplace and its vast array of goods and services available to consumers. But it is this very reason that we need sound consumer education and information on which to base our economic decisions."

CONSUMER SKILLS VITAL

Because we live in a rapidly changing society, we need to continuously update our consumer knowledge and skills. Consumer education is a vital lifetime subject.

A recent study of consumer education pinpointed specific

knowledge and skills as "essential" for effective consumer-citizenry:

- 1) evaluating choices before making a purchase and coping with the emotional aspects of the marketplace.
- 2) understanding basic economics and individual decisions in a societal context.
- 3) questioning, analyzing and asking for redress (to consumer problems).
- 4) conserving resources.
- 5) participating in governmental and business decisions.

6) influencing improvements in the private and public sectors by developing alternative production and delivery systems.

EXTENSION SERVICE CONSUMER PROGRAMS
For nearly 70 years, the Texas Agricultural Extension Service has been engaged in providing Texas consumers with information useful to their daily lives through work of County Extension Agents.

In 1914, the Smith-Lever Act established the Extension Service and laid the groundwork for a cooperative partnership between county, state and federal governments that provides informal educational programs to the public.

Over the years, the Texas Agricultural Extension Service

has enhanced consumer education in many ways.

In Haskell County, Family Resource Management is the major topic for the 1982 educational programs. On April 26 a small appliance demonstration was conducted to advise consumers on how to buy portable electric appliances.

Other activities planned include a news series on being a smart shopper, an information letter on appliance energy, a clutter clinic and an exhibit concerning the new appliance labeling.

The County Extension Office also provides free pamphlets and information on many consumer topics, such as how to grow your own garden, how to conserve home energy and how to choose a microwave

oven. Other subjects include how to make a household budget, and how to resolve consumer problems.

A special 4-H project, Consumer Life Skills, focuses on helping youth develop consumer decision-making skills and consumer-citizenry skills.

County Extension Agents serving Haskell County are Lou Gilly and Max Stapleton.

The County Extension Office is located on South Avenue D., west of the Haskell Free Press.

To find out more about educational programs scheduled for Haskell County consumers, contact the County Extension Office.

Start your own consumer education today!

Early Child Mobility Aids In Learning

As soon as a baby begins to move, she becomes highly mobile.

Not only will she be moving, she will be exploring—and her movements and her explorations at this point are extremely important to her future learning and development, according to Growing Child, the monthly child development newsletter. The

place where you live is where nearly all this moving, exploring & learning will occur.

Your house is, in one sense, a laboratory of child development where one very special baby—your Baby—is going to get acquainted with the world while she gets acquainted with herself as one person in that world. It is the place where your baby will conduct thou-

sands of experiments of discovery.

We urge you, right now, to take a careful look at your house. Try to see it as a learning laboratory for your child—and then try to make it the best possible laboratory you can.

A picture-perfect house straight out of a magazine may be gratifying to its adult

occupants, but such precise and rigid arrangements (which put restrictions on Baby's movements and explorations) are seldom best for her. Make your house livable. From your child's point of view, perhaps the best place to start is at the bottom—on the floor.

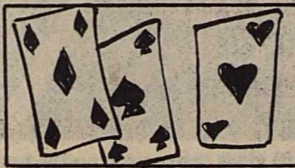

The floor is one of the most important parts of where you live—most important for Baby, that is. As soon as she becomes mobile she should spend a lot of time on the floor. The floor is her school now; it's the place where she will do her moving and have some of her most important early learning. Try this experiment: lie down on the floor yourself and see how your rooms look from your baby's point of view. Lie on your back and look around. You'll be surprised at the different things you see and feel. Is the floor nice and warm, or are there drafts? Roll over on your stomach and take another look. Is there room to move and crawl without tripping over wires and furniture legs, and are there things to look at?

Raise your head, from this lying-down position, and look at the objects within reach. Everything down there is fair game for an exploring baby—and any object that you do not want her to grab, taste, bang, drop, throw, or otherwise explore is best put away—or at least up high—for now. This is called "baby-proofing", and it's as necessary for her own safety as for the

safety of your prize china doll collection.

After you have taken away all breakable, dangerous or non-touchable items from Baby's reach, turn your thoughts to the kind of common household items you do want her to be able to touch and explore. Early exploration of common objects is extremely important for future learning. Provide many different opportunities for Baby to see, handle, taste, smell, and hear a great variety of things in your house. Don't hem her in by keeping her in the playpen too long. Let her move about on the floor as she will. Help her get acquainted with the fascinating world about her.

For more information on the physical and social development of children up to the age of six, write to Growing Child, PO Box 620N, Lafayette, IN 47902. When writing, include child's birthdate. A year's subscription to the Growing Child newsletter is \$11.95.

Playing cards were used as money by early Canadian colonists. The back of each card was signed by the French colonial governor.

To the People of Haskell County and Voters of Precinct 2

I, Thelma Edwards, would like to ask for your vote and support for re-election in the upcoming Democratic Primary Election Saturday, May 1st, as your Commissioner in Precinct 2.

My desire is to serve you, the taxpayers of Haskell County, in the most beneficial and efficient manner possible through our County Government.

With the experience and cooperation of the road employees in Precinct 2, Britt Moon, Edwin Moeller, James Benton, and Don Stephens, we have tried with sincere effort to be helpful and maintain the roads to best serve the people.

Your continued influence and support is appreciated.

Awards Program To Recognize Conservation Leaders

Thirty-six soil and water conservation districts in the Central to North Central region of the state which covers a 51 county area will hold their fourth annual Region V Texas Conservation Awards Program in Stephenville on April 29. The purpose of the awards program which begins at 7 p.m. in the Stephenville High School is to acknowledge, recognize and honor individuals who have dedicated

themselves to the conservation and wise use of renewable natural resources on their private lands or who have contributed time and talent to promoting sound soil and water conservation in their communities. Receiving the award of "Outstanding Conservation District" for the most progressive conservation program during the past year is the Upper Leon SWCD headquartered in Comanche. Members

of the board of directors of the honored district are: Norman Moore of Sidney, chairman; Edwin E. Jones of Dublin; J.W. Sadberry of DeLeon; George Steel of Rising Star and W.D. Brown of Gorman. The Upper Leon SWCD which is a political subdivision of state government was established to assist farmers, ranchers, and local communities within the boundaries of the district solve soil, water and related resource conserva-

tion problems through local initiative and voluntary assistance programs. Morris Vann of Lampasas, Texas will receive the "Resident Conservation Farmer/Rancher" award for superior land management and conservation systems applied to his agricultural enterprise. To be eligible for this award the recipient must be a resident of the district and carry out his farming or ranching activities within the SWCD from which

the entry was submitted. Vann was nominated by the Hill Country SWCD headquartered at Burnet and Lampasas. An "Absentee Conservation Farmer/Rancher" award will be presented to Joe Best, Jr. of Wichita Falls for outstanding land management and conservation systems applied on his land. The award is presented to individuals who do not actually reside on their land or within the SWCD submitting the nominee nor

who depend fully upon their land for their livelihood. The Palo Pinto SWCD headquartered in Mineral Wells sponsored Best. Two educational categories, an essay contest and poster contest, have enabled students to demonstrate creative artistic and writing skills relative to the conservation of soil, water and related resources. In the essay contest individuals 18 years and under demonstrated research and writing skills on the subject "Soil and Water Conservation." First, second and third place winners in respective order are: Kim Wilson of Weatherford, Tammy Bates of Truscott and Shirley Swindell of Seymour. The poster contest which was open to students 12 years and under enabled students to present impressions on the subject, "Resource Conservation." First, second and third

place winners in respective order are Brad Burnett of Eliasville, Trey Evans of Mineral Wells and Cory Warmink of Georgetown. Other award categories for services rendered to advance conservation included "Business/Professional Man or Woman," "Conservation Teacher," "Wildlife Conservationist," "Public Media Award," and "Conservation Homemaker." Leon Schrank of Georgetown who was sponsored by the Little River-San Gabriel SWCD headquartered at Bartlett will receive the Business/Professional Award. The Area V "Conservation Teacher" award will be presented to O. Gail Christian, an instructor at Stephenville High School, Stephenville. He was nominated by the Bosque SWCD, headquartered at Stephenville. F. Collins Gaines, Jr. of

Bowie is Area V's Wildlife Conservationist. He was sponsored by the Upper Elm-Red SWCD headquartered in Gainesville. The "Public Media Award" which is presented to an individual in the print or broadcast media for efforts to promote soil and water conservation will be presented to Ken Atkins, Farm Editor, "Waco Tribune-Herald." Atkins was nominated by the McLennan County SWCD headquartered in Waco. Ms. Zana Alldredge of Alvarado sponsored by the Johnson County SWCD headquartered in Cleburne, will receive the Conservation Homemaker award. Sponsors of the regional awards program are the Texas State Soil and Water Conservation Board, the Association of Texas Soil and Water Conservation Districts and the 201 local SWCDs in Texas.

Frazier's Appliance
Haskell, Texas

Haskell Nursing Center News

Monday, April 19 was "Tacky Day" at the Haskell Nursing Center. The employees came dressed accordingly and the residents were soon dressed "Tacky". There was lots of fun and laughter as everyone saw the others tacky costumes. In the afternoon, there was a "Tacky Party" complete with games and tacky refreshments. The main attraction was a beautiful chocolate cake, which turned out to be a cardboard box with a generous amount of chocolate icing. Cookies and punch were served to approximately 60 residents and guests. The tacky party was video taped and there were hoots of laughter when it was replayed on television. The residents enjoyed seeing again just how "tacky" they all were. We did

hear one family member remark that it looked more like "Turkey" Day, another was heard saying This is not "April Fools" day. Wonder what they meant by that? We had a member of the "Military Police" visit us with full uniform and she helped serve punch. Thanks to Jenny Brazell for the surprise visit. We also thank Mr. Avants for filming the party for us. Jennie Floy, granddaughter, of Snyder, and Mr. and Mrs. Bill Nail of Aspermont visited Bessie Hokett. Estelle Norman and Adelle Bogard of Rule and Willie John Viny of Lubbock visited Mrs. Mary Ray. Wanda (Corky) Jeter of Graham visited Lector Thomason. Wednesday she took her mother out for lunch.

Wednesday noon Betty Hearne of Rochester visited Lector. Mrs. W.O. Wright of Knox City visited her mother Mrs. Lottie Hodges Wednesday. A group of our ladies from the Homes with Chris Collins and Marlene Avants went to the Eastside Baptist Church for lunch Thursday. The Eastside Baptist Church Van came for them. Mrs. Avants took the walkers and wheelchairs in her pickup. Special music and prayer was given in the program they presented. A delicious meal was served. Each reported a great time. Last Sunday afternoon Hettie Underwood went to Munday to visit. She visited her granddaughter Pansy and Leo Koenig and the great moment was seeing her new great granddaughter. June Hamilton of Amarillo visited her mother, Mrs. Ollie Stockton, Thursday. Mr. and Mrs. G.C. Brockett of Weinert visited Pearl Lackey and Ola Samth, Thurs. Frieda Fly of Rochester and Juanita Grimes of Weinert visited Pearl and Ola Mae. Mattie White of O'Brien, Sammy White of Knox City, Tommie Verner, Bro. J.R. Williams and grandson, Mr. and Mrs. Wayland Baugh of Rule visited Eva White and Carl Baugh. Dick Toberson of Rochester visited his mother, Gertrude

Roberson. Dorothy Glover of Rochester visited her mother, Cecil White Saturday afternoon. Bro. Herricks of Weinert visited Creed Flanary. Mrs. Sam Basden of Rochester and Rev. Herricks of Weinert visited Myrtle Russell. Mrs. Derrell Sorrells of Rule visited Florene Sorrells. Derrell and Cynthia Sorrells visited Florene Sunday. We again want the Haskell folks to know we surely appreciate their taking time from their busy schedules to visit our residents in our Home from time to time. We love all of them. I want to name some who visited this week. Ermal Bevlis, Ola Mae Sanders, Arvelle Holland, Nettie Henry, Felix Mullino, May Bell Taylor, Mrs. McCurdy, Mrs. Reynolds, Laura Overton, Mrs. Tommie Ballard, Mrs. and Mrs. Russell Grand, Audra Holsapple, Mr. and Mrs. R.C. Cook, and Alta Faye Davis, Evalynn Marr, Mr. and Mrs. Tidwell, Willie Andress. If I missed naming you I'm sorry. We so appreciate all who visit us. Paul and Delores Flores of Abilene visited Nolberta Flores.

Obituaries

Kate Bennett

Haskell from Eastland in 1924 lived here until 1958 moving to Albuquerque, N.M. later moved to Lewisville in 1976 had been in Nursing Home for the past year. Cold start driving gets bad mileage even in small cars

COLLEGE STATION — Consumers who buy small cars primarily for fuel economy but only drive a few miles to and from work each day might have made their purchase for the wrong reasons, says an automotive engineer.
 "If a person only drives a mile or two to work and back each day, he or she won't even get near the estimated mileage," said Rick Tonda of the Texas Transportation Institute, explaining that the vehicle is operating under "cold start" conditions.
 "No matter what kind of car this person drives, he or she will get terrible mileage. They might have been more comfortable in a bigger car and come up with very similar gasoline usage on these short trips. That's just a fact of life," Tonda said.

Dear Editor:
 We write today to honor Twyla Hipp Pace, a 1961 graduate of Haskell High School, who on May 2, 1982 will graduate from Abilene Christian University with a 4.0 grade point ratio. There were many in the 1961 graduating class, probably even a majority, who received college diplomas, but none to our memory can boast a 4.0 grade point.
 For Twyla's perseverance, tenacity, intelligence and diligence through the past 20 years, we praise her. She has worked outside her home, reared two children: Will and Seth, and been a constant help meet to her husband, Sam, while patiently adhering to her goal of a college education.

THE HONOR ROLL

The Honor Roll at the Mercantile is our answer to a graduate's gift registry to make sure your graduate really gets what he or she wants. These are the 1982 Haskell grads that are on our Honor Roll:

Card of Thanks

The family of Beatrice Livengood wishes to express their thanks to all the many friends and relatives who showed their kindness and love during the illness and death of our mother. Especially do we want to thank the members of the First Baptist Church for the lovely food. The Rice Springs Care Home for their tender and loving care. Rev. Mike McKinney for the wonderful sermon. The florists for the beautiful floral arrangements. McCauley Funeral Home for the words of comfort and the consideration. Your kindness will always be remembered. The family of Beatrice Livengood. 17c

CARD OF THANKS
I want to take this opportunity to thank our friends, neighbors and relatives for all the many acts of kindness shown us since I returned home from Hendricks Hospital after surgery. The delicious foods, flowers and gifts that were brought to our home, also the many cards that were sent. The calls and the visits were appreciated so very much and a special thanks to our pastor, Bro. Mike McKinney for his visits and prayers in my behalf. May God's richest blessings come to each of you. Sincerely, Frances Bird. 17c
