### FOREIGN VISITOR

Gayle Thomas, of Barbados, third from right, visits with several members of the Haskell Lions Club. Pictured with Gayle are (l to r) Lions Wallace Cox Jr., John Sam Rike and Dr. Ed Harris and Stephanie and Janice Browning. Gayle is visiting in Haskell as part of an exchange program and is staying in the Browning home. A reception will be held next Monday night at 7 p.m. in the Haskell National Bank Community Building when Gayle will present a short slide program on Barbados.

Congratulations this week to the Administration and Board of Trustees of the Haskell Independent School District.

In a report just issued by the Texas Research League on Bench Marks for 1982-83 School District Budgets in Texas, Haskell came through with flying colors.

A prepared news release (see related story this page) indicates that many Texas School Districts have been raising taxes more than necessary.

The data in the report shows that Haskell ISD has raised taxes 4.1% as compared to an average of 15.4% in the state. Haskell's increase is one of the lowest in the report which lists every school district in the state.

Throughout the report, the statistical data continues to graphically illustrate the outstanding job being done locally to hold cost.

State wide, School Districts averaged \$2,175 per student for

current operations. Haskell ISD spent \$1,701, almost \$500.00 less per student than the state average.

The other side of the coin, is that in a report issued recently which compared academic standings of students in selected grades, Haskell ranked among the top in the state.

Together, the two reports illustrate good management which is working toward providing the best possible education for the best possible price.

While almost everyone has ideas about how to improve our school system and most are quick to criticize when things don't go just as we would like, the time has come to say thanks to some folks for doing a good job.

So, to Superintendent James Lanier and his staff, and Board Members, Jerry Hannsz, Pat Henry, David Frierson, Sammy Larned, Billy Mitchell, David Davis and Max McMeans—Thank you.

### Barbados Student Visits With Haskell Family

Gayle Thomas, a 4-H Exchange Student from Barbados, is visiting this week in the home of the Jimmy Brownings as part of an International Fellowship Youth Exchange.

She was the guest of the Haskell Lions Club Tuesday and presented a program on the history of Barbados and the 4-H program in Barbados.

Barbados is the most easterly island in the Carribean and is 21 miles long by 14 miles wide. It has an area of 166 square miles which was compared to the 960 square miles in Haskell County and a population of about 250,000.

Gayle presented a slide program to the club and also discussed lifestyles and the 4-H program.

In comparing Barbados to Haskell, she said Haskell was dryer and not as picturesque.

She will be in the U.S. for about four months and will visit in Texas, Nebraska, Minnesota, and Washington, D.C.

## Most School Districts Raising Property Taxes

Many Texas school districts have been raising property taxes more than necessary, a Texas Research League report says. Last fall school trustees adopted budgets increasing operating expenses by \$718 million. The legislature provided \$483 million of additional state aid and the budgets proposed to use \$125 million of fund balances leaving \$110 million to be paid from increased local property taxes.

But school districts boosted taxes by \$325 million for operating purposes plus another \$58 million increase for debt service.

The figures come from the latest issue of Bench Marks for School District Budgets in Texas, an annual publication of the League. The Texas Research League is a private, nonprofit, Austin-based

corporation engaged in governmental research.

Locally, the Haskell ISD's tax levy was increased by 4.1 percent for 1981-82 as compared to a 15.4 percent increase for the average school district in Texas.

School budgets adopted for 1981-82 called for spending \$2,175.65 per student for current operations. Haskell ISD's budget provided for \$1701 per student based on the 694 students in average daily attendance in 1980-81.

The average salary for classroom teachers paid by Haskell ISD in 1980-81 was \$13,915 which was 3.7 percent above the minimum salary prescribed by the state. The average among all school districts in Texas was \$15,690 per classroom teacher,

or 18.7 percent over the minimum. The legislature has increased the state minimum by \$80 a month for 1981-82 and by another \$88 a month for 1982-83.

There was an average of one teacher for 15.3 students in Haskell ISD compared to a statewide pupil-teacher ratio of 1 to 16.4. The pupil-teacher ratio is not the same thing as the average class size because teachers and students are not necessarily in class the same number of hours each day.

The report noted that the share of the total school payroll paid to classroom teachers has dropped from 73.4 percent of the total in 1969-70 to 60.9 cents of each payroll dollar last year as many more nonteaching personnel have been hired. Locally, classroom teachers were paid 71.2 percent of the school payroll in 1980-81.

School districts are permitted to levy property taxes above the amount needed to pay the local share of the Foundation Program cost. In 1981-82 the average school district levied property taxes five times the \$159 per student needed for the Foundation Program, leaving \$728 per student for enrichment. The Haskell ISD needed \$153.00 for the local share, leaving \$523.00 per student for spending beyond the Foundation Program level.

For next year, the 67th Legislature provided an additional \$297 million of state aid to schools. The minimum salary has been increased by \$88 a month and the operating allowance was upped by \$17 per student. Local school trustees must adopt a school budget and set a tax rate before the new school year starts on September 1.

Beginning this year, if the school board increases property taxes by more than eight percent, voters may exercise a limited form of initiative and referendum to roll back the increase the following year.

## School Board Hires Two, Adopts New Policies

Members of the Haskell School Board accepted the resignations of High School Principal Frank Pulattie and Vocational Agriculture Teacher Calvin Powers during regular session Tuesday night.

Board members agreed to hire James Bevel as Ag Teacher and to hire Clayton Neal as High School Principal. Bevel is currently teaching Ag in La Pryor and Neal has served several years as Junior High Principal.

Board members also agreed to solicit applications for Junior High Principal and also discussed hiring an Assistant Principal instead of a Junior High Principal.

In other action, Board members unanimously rejected the proposed budget of the County Appraisal District.

According to an official with the State Property Tax Board in Austin, the rejection is an indication to the County Appraisal Board that the budget needs to be looked at. The Austin official said that after the County Board approves the budget, it will be submitted to each taxing entity in the County for final approval and a majority must approve the budget before it goes into effect.

In discussing the proposed budget, School Board members voiced concern that the School budget had been cut and that programs and frills had been cut in a sincere attempt to operate next year without a tax increase. School Board members voiced concern that

possibly the County Appraisal Board had not been as conservative as they could have in their proposed budget.

Haskell ISD pays about 20% of the total operating cost of the County Appraisal Office which amounts to almost \$40,000.00 per year.

In other action, Board members raised the passing grade from 60 to 70 and adopted several policy changes for the Student Handbook. They also scheduled their budget workshop for July 20 at 7:30 p.m.

### Singing School Now Underway

The 17th annual Haskell Singing School, sponsored by the local congregation of the Church of Christ, got underway Monday with an enrollment of 95 students. Local as well as out-of-town young people are enrolled in the one week school. The purpose of the nationally-known singing school is to provide young people Christian fellowship and activity as well as the basics of acappella singing.

The student body and faculty will sing for the closing program Saturday evening at 7:00 p.m. at the Church of Christ. Everyone is cordially invited to come and listen to this group of young people. You are also invited to drop by the school any time for a first-hand look.

## Resolution Honors Late Grady Roberts

During a special session of the State Legislature this spring, members of the House and Senate adopted a resolution in memory of Grady Roberts.

Roberts served as a state representative beginning in 1938 representing Knox, King, Foard and Hardeman Counties.

According to the resolution, he was a World War I veteran serving in the U.S. Navy and was highly successful business entrepreneur involved in farming, ranching, oil,

and real estate and newspaper publishing.

During his service in the Texas House of Representatives he had the distinction of never having missed a record vote or record roll call. He served as chairman of the Conservation-Reclamation Committee and as vice-chairman of an Appropriations Subcommittee.

The resolution was adopted May 26, 1982 and is signed by W.P. Hobby, President of the Senate and Bill Clayton, Speaker of the House.

## Swimmers Net \$682 For Cancer Fund

Eleven Haskell students raised \$682.28 for the American Cancer Society recently, by swimming a total of 1203 laps around the city swimming pool. The "Splash Day," sponsored by the local unit of ACS, was organized by Mrs. Robert Bartley; Randy Stone and Bob Busby lent the pool for the special event.

Theresa Unger was the top money winner; she received a \$25 savings account with the Haskell National Bank. Christi and Misti Bartley collected \$222 between them, and Scott Burris swam a record 144 laps. Other swimmers were Dana Hale, Robyn Struve, Denise Burris, Kim Lanier, Mindy Smith, Loutina Hadaway, and Jan McKeever. All of them received a prize. They were donated by The Hayloft, Sport-A-Bout, The Drug Store, Music Box, The Free Press, Ben Franklin's, Kid's Duds, Perry Brothers, Sweet Shop, Sonic Drive-In, and City Pool.

Local ACS unit president Charles Thornhill said that he is pleased with the young people's effort, and he congratulates them on a job well done on behalf of the fight against cancer.

## Brush and Palette

It is hard to believe that a year ago on July 9, I entered the pages of the **Haskell Free Press**. This has been a rewarding year and your acceptance of this column has been gratifying. Thank you! I promise a continuance of information on phases of art to the best interest of artists and craftsmen in this Big Country area. To celebrate this first anniversary I am bringing the outstanding San Antonio still life and portrait artist, Harold Gore, to my studio for a three day workshop. I have had a number of comments lately from subscribers who tell me

that they have complete files of "Brush and Palette". I wish each subscriber, reader and advertiser a most pleasant summer - full of health, full of sunshine and full of art!

Q. Why do you think people want to study art? Why can't they learn on their own?

A. The fundamental reason for studying visual arts is apparent - to broaden one's horizon - to expand one's comprehension. Any new discipline like this increases mental growth and adds to a person's pleasure. You learn the value of creative experi-

ence. When you are in a studio class, a student, even though lacking in talent or technical skill, is learning a new language for self expression. A student learns from experience and emotions which cannot be told in the language of words, but must be communicated in terms of shapes, lines and colors. He becomes aware of new visual experience and he opens unexplored regions of the imagination. When he paints a picture, he learns to organize his full facilities in a way which no other discipline can teach him. We can read and study all of the books available on art but the visual education is most effective.

Q. How should I size a wall for oil or tempera painting, considering the effects of a damp, humid climate?

A. Depending on the degree of absorbency of the wall surface, use a commercial shellac diluted with wood alcohol, 1:3 to 1:6.

Q. Is it a good idea to make a thumb-nail sketch before starting a picture?

A. It certainly is! This can allow you to arrange the composition, determine the lights and darks. This will stimulate your desire to start the painting and solve any problems you have with the lights, shapes and forms. Use scratch paper, an envelope in your purse or pocket - just sketch, it is rewarding.

HINT: "What a piece of work is man!" says the poet. "Yes, but what a blunder." - George B. Shaw.

## Naomi Class Holds Installation Service

The Naomi Sunday School Class of the First Baptist Church met Tuesday, June 29th, in the home of Mrs. Jerry Cox for their installation service. Jerry Cox, outreach leader presided over the business Nettie McCollum gave a financial report to the class and what we had done

the past year. Earmal Bevel led in prayer. Nettie McCollum introduced our guest, Sue Yearly, who installed the officers.

Mrs. Yearly used as her subject, lamps. She emphasized the many kinds of lamps, which give light. These lamps must have the proper fuel in

them in order to shed light. The fuel for these lamps must be Prayer, Love and Service. She quoted her scripture from Psalms 119, "Thy Word is a Lamp Unto My Feet, and a Light Unto My Path." As she installed each officer, she gave the example of the light that they must carry. Faye

Woodson, assistant teacher, must have an adjustable lamp, so she can meet the needs of her members and her lamp must always have fuel in it. Earmal Bevel, Outreach Leader, and Nettie McCollum, Asst. Outreach Leader, carry the hurricane lamp, because they are the leaders and must

be ready to go out on the highways without danger to see about the members.

Helen Oates, secretary, carries the beacon lamp so that she can guide to safety. She has the responsibility of keeping all the records of the class. Vivian Roberson, reporter, must carry the Pilgrim lamp, which guides the members where they go. Lorene Adams, card and flower chairman, has the signal light, which tells her when to go and when to stop. Group captains installed were Iola Henshaw, Lois Sherman, Faye Gray and Claudia Mae Bland. They carry the torch and keep in touch with all the members through the year.

Lois Sherman closed the meeting with prayer. Each officer for the past year expressed their appreciation for the class and the cooperation the class had given them the past year and they were looking forward to working with the new officers. Sue Yearly was presented with a gift from the class.

Refreshments were served to the following members: Iola Henshaw, Earmal Bevel, Leola McCollum, Claudie Mae Bland, Faye Gray, Clara Biard, Faye Woodson, Gerry Cox, Vivian Roberson, Lorene Adams, Pearl Walker, Lois Sherman, Helen Oates, Mildred Mancill, Nettie McCollum, Virginia Henshaw, Thelma Williamson, Freddie Ballard, Ethel Lou Shelton, and one guest Sue Yearly.

## Parties Honor Sharla Drinnon

Sharla Drinnon, bride-elect of David Carver of Rochester, has been honored with two gift teas and a bed and bath brunch.

The gift tea in the home of Mrs. Alice Larned was given June 11. Receiving the 60 guests were Mrs. Sandra Wallace, Miss Drinnon, Mrs. Jean Carver, mother of the groom, and Mrs. Glenda Drinnon, mother of the bride. The serving table held an arrangement of burgandy and pink silk roses surrounding hurricane lamps.

Pink lemonade was served from a burgandy cut glass punch bowl.

Banana nut bread, strawberry bread, seasoned pecans, a shrimp mold, pecan tassies, a cheese ball, a cheese log, olive cheese balls, assorted

pickles and crackers and coffee were served from brass, copper and crystal appointments.

Gifts were displayed in several rooms. Hostesses were Mmes. Violet Allen, Gwen Campbell, Blanch Harrell, Thelma King, Nelda Lane, Peggy Lane, Alice Larned, Bettye McBroom, Winona Mullino, Jenelle Nanny, Olphelia Newson, Susan Pope, Linda St. John, LaRue Teague and Nancy Toliver.

A bed and bath brunch was held in the home of Mrs. Doris Reeves June 23.

The polished board held mints, sausage balls, cheese olive balls, cranberry muffins, toasted pecans, cranberry bread, fresh fruit in a footed compote, coffee, pink lemon-

ade and hot cranberry punch. Silver and crystal appointments were used.

Using the bride's chosen colors of burgandy and dusty rose, Mrs. Julia Harrell, aunt of the bride, made a "bed and bath" centerpiece using a woven basket with dried and silk flowers, sponges and wash clothes rolled as flowers. The basket was centered on a small dusty rose bath mat.

More than 25 guests attended.

Hostesses were Mmes. Mary Drinnon, Julia Harrell, Doris Reeves and Geneva Robertson of Utah.

A gift tea was held at the home of Mrs. Jinx Shaver in Rochester July 2.

After registering, the guests were received by Mrs. Shaver, the honoree, the groom's mother and the bride's mother.

The refreshment board featured a pink and white lace trimmed gingham runner centered with a brass candelabra which held burgundy tapers and pink votive cups surrounded by silk flowers.

Banana slush punch was served from and hand painted punch bowl. China painted cups, plates and trays completed the appointments.

## Joshua To Present Concert July 9

Joshua, a talented male quartet from Dallas Christian College will be in concert this Friday night at the First Christian Church, here in Haskell. The concert will begin at 7:30.

According to Dusty Garison, minister of the church, Joshua's concerts feature a pleasing mixture of old hymns and contemporary gospel music. "There's really something for everyone," he said. "I've heard them on several

occasions, and they are a real crowd pleaser."

Garison also said that this will be Joshua's final performance of this tour, which has included stops in four states. They have also performed at a number of Christian service camps, singing for the young people there.

"I know everyone will enjoy them," Garison added. "You won't want to miss this." The church building is at 107 N. Avenue F.

## Rueffer Reunion Held Recently

The third Rueffer reunion, which is held every two years, was enjoyed by approximately 175 friends and relatives on Saturday, July 3, 1982 at the Irby Sons of Hermann Lodge Hall.

Relatives present were from New Mexico, Oklahoma and

several areas of Texas.

There are four surviving children of the Henry and Beate Rueffer family, who settled in Haskell County in 1907. Three of the children were present, Martin Rueffer and Alma Blair of Haskell and Mita Neimtschk of Thorndale. Emma Puschel of Haskell was unable to attend.

A bountiful lunch and dinner was enjoyed by all, along with visiting and picture taking.

## Hot Weather Precautions

As we emerge from one of the coldest winters on record, we may tend to forget that the hot months of summer also present potential dangers.

During periods of very high temperature, anyone—especially the elderly and those with medical problems—may build up enough body heat to incur heat stroke, heat syncope or heat exhaustion.

We can't control the weather, of course. But I'd like to alert everyone to some precautions we can take to control the way extreme heat affects us.

1. Drink plenty of fluids, even if you don't feel thirsty. Your body needs considerably more fluid than your thirst will indicate. When the outside temperature is above 95 degrees, you may easily need to drink more than a gallon of fluids a day. (Before increasing your fluid intake, however, consult your doctor if you have epilepsy; heart, kidney or liver disease; or fluid retention problems—or if you have been placed on a restricted-fluid diet.)
2. Don't drink alcoholic beverages.

3. Avoid direct sunlight.
4. Stay in the coolest place possible. If you don't have an air conditioner, try to spend some time each day in an air-conditioned place. Other good ways to cool off are taking frequent showers or placing icebags or wet towels on your body.
5. Wear lightweight, loose-fitting clothes.
6. Avoid unnecessary physical exertion.
7. Don't use salt tablets without consulting your doctor, because salt can compound existing medical problems such as high blood pressure.

The three most serious conditions hot weather can trigger are heat stroke, heat syncope and heat exhaustion. Heat Stroke, a failure of all body cooling mechanisms, is a medical emergency that demands immediate attention and treatment by a doctor. Symptoms include faintness; dizziness; staggering; headache; nausea; loss of consciousness; high body temperature (104 degrees F/40 degrees C or higher); strong,

rapid pulse; and flushed skin. In severe cases, blood pressure drops as circulation fails.

Heat syncope results from exercising in the heat or from a failure to adapt to the hot weather. This condition is marked by dizziness, fatigue and sudden faintness. Other symptoms are cool, sweaty, pale skin; weak pulse; and falling blood pressure.

Unlike the victim of heat stroke, the person with heat syncope recovers when removed from direct exposure to the heat. Treatment involves resting (lying down or sitting down with the head lowered), cooling off and drinking extra fluids.

Heat exhaustion is the most common form of illness caused by hot weather. This condition takes longer to develop and results from a loss of body fluids and salt. Symptoms include thirst; fatigue; giddiness; elevated body temperatures; and, in severe instances, delirium. Muscle cramps may also occur.

Heat exhaustion is treated by having the patient rest in bed, away from the heat; giving cool liquids to restore body fluids; and, on the advice of a physician, giving alcohol sponge baths or applying wet towels to the body.

With advancing age, many people become less able to resist and recover from stresses such as exposure to heat. For this reason, the elderly are particularly vulnerable to extreme and prolonged hot weather. (Reasons may be that older people sweat less than younger ones and are more likely to have underlying diseases or to take medicines that decrease their resistance to heat stress.)

Other people at high risk during very hot weather include the chronically ill or bedfast, alcoholics, the mentally ill and those taking major tranquilizers or certain drugs used to treat Parkinson's disease, peptic ulcers and gastrointestinal spasm. Persons taking such drugs should consult their doctor about dosages or special precautions to take during hot weather.

THE BELL TWINS

## Bell Twins To Present Concert July 11

The Bell Twins, Jane Dement and June Park, well known in the Big Country for their musical performances will be presented in concert Sunday, July 11, 4:00 p.m., by the First United Methodist Church of Haskell.

They specialize in Contemporary Christian Music, doing arrangements by B.J. Thomas, Dallas Holm, Evie, Amy Grant, the Imperials and

others. Their program is designed to please all age groups and is especially appealing to youth groups.

Singing several numbers will be three young people from Clyde. The two young men are Josh Dement, son of Jane, and Eric Park, son of June.

Miss Becky Longbotham of Clyde will also sing. The girls grew up in

Haskell, graduating from High School in 1961. They are the daughters of Mr. and Mrs. Hubert Bell, ex-teachers and Music directors in the Haskell Public Schools. They both teach sixth grade in the Clyde Schools. Jane is married to Ted Dement, also formerly of Haskell and June is married to Ernie Park who was reared in Abilene.

## Yard Of The Month

The beautiful yard of Charles and Nedra McCauley 1803 N. Ave. F has been selected as the yard of the month.

It has everything, well kept grass lawn, three live oak trees (Virginia creeper vine at base) which emphasize the entrance. Wisteria vine softens the fence and defines the yard. Mimosa and weeping willow trees give shade and balance to design, white daisies add a touch of color. The back yard is inviting with stockade fence, bird bath, apple tree and 3 large pecan trees that shade the brick patio with its white wrought iron furniture that seems to say "stay and sit awhile."

The Larry Gilliam yard 904 NE 3rd is a lovely new yard

came in a close 2nd. It has such beautiful design done by Mrs. Gilliam. The unique rock garden with its crushed white marble and bright yellow cushion mums. The wisteria vine that shades the front entrance and gives a bit of privacy. The two weeping mulberry trees trained to Cascade adds a modern, new trend touch.

The Larry Cunningham 906 NE 3rd is a lovely new yard with much distinction. It has dwarf boxwood across the front with red geraniums for color.

The Elmer D. Hagins 409 N Ave. D yard was also selected as honorable mention because of its blaze of blooming color. Big gorgeous, ruffled glads and cannas in a riot of color.

### The Consumer Alert

by Mark White  
Attorney General

AUSTIN—Dogs can be a wonderful addition to a family and can provide years of pleasure for everyone if they are properly cared for.

The care you give to a dog once you get it is certainly important but the care a dog gets before it comes to your home is also important.

Unfortunately, there are some individuals who only see dogs for their profit potential and are not concerned with the dogs' health.

The SPCA warns of individuals who search ads in the papers for free puppies. When such persons come across puppies that could pass for purebreds, they take them home where they keep the dogs together in unsanitary conditions. Some of the other dogs may be sick or even dying. Adequate care such as fresh food and water, shots to protect puppies from diseases to which they are susceptible, proper shelter, and play area are not provided.

These "individuals" then place ads in the paper advertising purebreds. Prospective purchasers are told that these puppies, even though they are purebreds, are being sold at a discount because they don't have their papers. The cost averages about \$40-\$50 which appears to the prospective dog owner to be a good price.

All too often these puppies become sick from the kind of conditions they have lived in. Many times the signs of dis-

eases such as parvo, distemper and kennel cough are not immediately recognizable, however. Proud dog owners get home with their new puppy, get attached to it, and then discover a few days later that their puppy is very sick or even dying.

This tragic story for both the dog and the owner can be avoided by carefully selecting a puppy for the right reasons—health considerations first and monetary considerations second. Here are some tips for helping to assure you are getting a healthy puppy:

1. Check the living conditions where the puppy has been. Is the house and yard sanitary? Does it appear that there is enough food and water? Are there too many dogs crowded together in a small space? Do any of the other dogs look sick or listless?

2. Check to see what type of precautions have been taken to protect your dog from various diseases to which he could be susceptible. Has he had the shots that he needs?

3. Have the puppy examined by your own veterinarian prior to purchase. If the kennel or individual is reputable, they will not mind you taking this precaution.

If you should find anyone you suspect of this type of practice, please contact your local SPCA or the nearest Consumer Protection Division office for assistance in filing a complaint.

# 82-83 Hunting Seasons Set By TP&W

The Texas Parks and Wildlife Commission has approved 1982-83 hunting season date and bag limits for doves, teal ducks and other "early season" game birds.

However, the mourning dove hunting season dates may be altered later if the U.S.

Fish & Wildlife Service (USFWS) authorizes a 70-day rather than a 60-day season, officials said.

The North Zone mourning dove season will be Sept. 1 - Oct. 30, 1982. If the USFWS authorizes the extra days, a 10-day winter season would be

set for Jan. 1-10, 1983.

In the South Zone, the adopted split season dates are Sept. 20 - Nov. 2, 1982, and Jan. 1-16, 1983. In South Zone counties which have a four-day white-winged dove hunting season, the fall season for mourning doves would end on Oct. 29, 1982. If the extra days are authorized in the federal framework, the 10 days will be tacked onto the end of the regular fall season, establishing a first segment closing date of Nov. 12, 1982.

Shooting hours in both zones will be one-half hour before sunrise to sunset, except in counties having days with concurrent white-winged and mourning dove hunting. Shooting hours will be noon to sunset in those counties during the white-winged season.

The white-winged dove season authorized only for Brewster, Cameron, Culberson, El Paso, Hidalgo, Hudspeth, Jeff Davis, Kinney, Maverick, Presidio, Starr, Terrill, Val Verde, Webb,

Willacy and Zapata Counties will be Sept. 4-5 and 11-12, 1982.

Bag limit for mourning doves will be 12 per day, possession limit 24. The whitewing daily bag limit is 10, possession limit 20.

The 1982 early season for all teal duck species was set for Sept. 11-19, 1982. Bag limit is four per day in the aggregate, possession limit eight in the aggregate.

Other game bird seasons and bag limits established were: gallinules, Sept. 1-Nov. 9, 1982, bag limit 15 per day, possession 30; rails, Sept. 1-Nov. 9, 1982, large rails (king and clapper) bag limit 15 in the aggregate per day, possession limit 30 in the aggregate; small rails (sora and Virginia) bag limit 25 in the aggregate per day, possession limit 25 in the aggregate. Shooting hours for gallinules and rails are one half hour before sunrise to sunset.

There is no open season on white-fronted doves, red-

billed pigeons and band-tailed pigeons.

As was the case last year, hunters in some counties are required to leave one fully-feathered wing attached to the carcass of each dove taken, until the bird reaches the hunter's abode or a commercial preservation facility. This

requirement applies to the following counties and all counties lying to the south and west of the line formed by those counties. They are Culberson, Jeff Davis, Brewster, Terrell, Val Verde, Kinney, Uvalde, Medina, Bexar, Wilson, Karnes, Bee, San Patricio and Nueces.

## Old Settlers Reunion Set In Seymour

# Rice Springs News

Friday was a special day for us. The ladies from the Lutheran Church brought homemade ice cream for our July 4th party and presented the program. A special thanks goes to Pauline Dick, Erna Pieser, Henrietta Fischer, Dora Klose, Henrietta Rueffer, Frances Fischer and Lillie Pieser for bringing the ice cream and helping serve. The people in Haskell have been so kind and gracious to help make the Residents days a brighter one.

We welcome the new Residents, Mr. and Mrs. Charles Dunlap of Wortham, and Ned West of Haskell. The monthly birthday party given by the ladies from the Church of Christ was certainly enjoyed. Those having birthdays in June was Mrs. Agnes Schmidt. She was the only one having a birthday so she got all the attention.

We extend our sympathy to the families of Allie Kendrick and Ethel Adkins. We will all miss them.

We are glad to have Mr. John McMillion back from the hospital and feeling better. A special thanks goes to our volunteers: The Independent Baptist, the Church of Christ, the Haskell and Rule Methodist UMW, the First Baptist WMU, the Sweet Home Singers, Mrs. Sanders, Peggy and Lori Darden, Maxine Grand, William Hodge, Mattie Bell, Laura Overton, W.J. Patton, Jo Simpson, Barbara Kile, the Country Band, the East Side Baptist luncheon, Jeannie Ward and a host of individuals who visit on a one-to-one basis.

Visiting Nannie McCaul were her daughters, Opal Simpson of Levelland, Clara Belle Fortune of Pecos and Eunice Hunt.

Mr. and Mrs. Henry King went out to the First Christian Church to hear Mr. King's son-in-law preach, the Rev. Bertis White of Abilene.

Mr. and Mrs. Joe Earp of Knox City visited Mr. John Earp.

Margaret and Milton Templeton of Sweetwater visited Florence Henderson.

Gertrude Rice of Woodson and Mrs. Bryan of Throckmorton visited Ada Williamson.

Helping Mrs. Agnes Schmidt celebrate her birthday were her children, Mr. and Mrs. Lynn Carlton, Mr. and Mrs. Valton Schmidt, Mr. and Mrs. Bobby Schmidt of Stamford, and Mr. and Mrs. Rufus Schmidt. Friends,

Mrs. Louella Johnson and Lena Boedecker also of Stamford.

Shawn Dale Leggett of Abilene and Eldon Sanderson of Brownwood visited Mrs. May Belle Turnbow.

Mr. and Mrs. Claude Bland of San Angelo visited Mrs. Ethel Bird.

Visiting Mrs. Nannie Winter were Joe and Jewel Winter of Arlington, Jim and Connie Winter, Lance and Sheila Winter of Bowie.

Mrs. Blake Foster of Weatherford visited Mrs. Olive Quattlebaum.

Visiting Mr. and Mrs. Herman Letz were Adeline Letz, Bernice White, and Mr. and Mrs. Clancy Lehrmann of Old Glory, and Bernard Letz also of Old Glory.

Mr. and Mrs. Truett Rose and son of Hawley visited Mrs. Ethel Rose.

Ione Sellers, Peggy Kittley, Gerlene Pool, and Mary Place visited Charity Bradley.

Mr. and Mrs. Raymond Smith, Mr. and Mrs. Cleo Bush visited with Trudie Bush.

Faye and Charles Cox of Peacock, and Ronnie Cox of Clovis, N.M. visited Mr. and Mrs. Sam Bradford.

Linda Harris, Elizabeth and John of Midland visited Mrs. Alma Cole.

Audrey Daniel of Knox City visited with Mattie Hines.

Visiting Lois Gray were

Jeannie Ward of Munday, Julie Huges, Jay Don and Laura Nell of Odessa.

Visiting Texie Perdue and Ellie Cartwright were Peggy Kittley, Gladys Dyches, and Ruby Hunt of Rule and Mona Gibson of Old Glory.

Alvena Holle attended the Schwartz reunion July 4th at the Bank building.

Fred and Lula McMillion, Mr. and Mrs. Rickie Green and boys of Lake Dallas visited Mr. John McMillion.

Doris Ann Harrell of Abilene visited Mr. and Mrs. Shelby Harris.

Visiting Emma Pueschel were Mr. and Mrs. Delma Kiesling of Throldale, Meta Neimtsch, Mrs. Elyne Lehrmann also of Throldale and Adele Grogan of Duncanville.

Mr. and Mrs. C.F. Hunter of New Orleans visited her mother, Mrs. Beulah Persons.

Mr. and Mrs. John W. Neeley and children of Ft. Worth visited Mr. W.H. Harrell.

Karen Strickland and boys of Ranger visited Mrs. Edna Collins.

Visiting Joe Teague were

Clara Hodges of O'Brien, Maude Newberry and Ona Mae Reeves of Knox City, also Nan Teague of Knox City.

Marie and Donnie Solomon of Monahans visited Thomas Bird.

Mr. and Mrs. Jay Pumphrey of Ft. Worth visited his mother, Mrs. Johnne Pumphrey.

## Kendrick Pageant Begins 18th Year of Production

The Kendrick Religious Pageant "The Life of Christ" termed by the July 1980 edition of the "Texas Monthly Magazine" as being the best outdoor drama in the State of Texas, will begin its 18th year of summer productions Thursday night, June 17 at 9 p.m. DST and will be presented each Thursday and Friday night there after through August 13, 1982. Each production lasts 2 hours.

This production is the complete "Life of Christ" from the birth through the resurrection, portrayed in sixty scenes by a cast of dedicated Christian people of all walks of life and religious denominations. The production is non-denominational, with the script being taken word for word from the King James version of the Holy Bible with nothing added or taken from.

Admission is \$3.00 per person 6 years and above. Free parking and over night camping is allowed on the grounds. Electric and water hook ups are available on the grounds for a minimal fee.

Also, opening this season will be sleeping facilities for approximately 100 people adjacent the pageant grounds. Write or phone for prices and reservations, ask about our package deal for groups.

Also located on the pageant grounds is Texas' only all Religious Diorama and Museum which is open every day of the year from 10 a.m. til 5 p.m.

This Diorama and Museum

is scenes from both the Old and New Testaments set with 140 life sized figures as realistic as is possible, with Narration, also from the King James Bible, and soft organ background music for each scene. As you view the scenes, you are actually standing right in the midst of the figures, giving you the feeling of being right there with the biblical characters. Admission is chil-

## Connie Scheets To Receive Scholarship

Miss Connie Sue Scheets of Rochester has been named to receive a Presidential Scholarship at McMurry College for the coming school year, according to Dr. Thomas Kim, McMurry President.

McMurry is a fully accredited four-year liberal arts

dren 6 through 11 \$2.00 adults \$2.50. Each tour lasts 1 1/2 hours.

So now, plan a spirit filled trip and come to the "Life of Christ Pageant" located halfway between Cisco and Eastland on U.S. Highway 80.

# Texas Ranches To Tussle Over Braggin' Rights

Ranch hands from 12 of Texas' largest spreads will tussle once again over braggin' rights as "the best ranch in Texas" during the second Texas Ranch Roundup to be held in Wichita Falls August 19-21.

Plans for the peaceable competition were announced today at a press conference at the North Texas Rehabilitation Center, which is co-sponsoring the event with Budweiser.

Swenson Ranches, Tongue River Ranch, U Lazy S Ranch, UU Hereford Ranch and W.T. Waggoner Estate.

In combination, these ranches sprawl over nearly two million acres of cattle country, nearly triple the area of Rhode Island.

Tom Moorhouse of the Moorhouse Ranch is expected to try to hold his Best All-Round Hand title for a

The Lewis Ranches, headquartered in Clarendon, will return to defend the title their ranch hands won last year, but the cowboys will face stiff competition from the other participating ranches, which include the R.A. Brown Ranch, the Cowan & Son Circle Bar Ranch, Pitchfork Land & Cattle Company, Scharbauer Cattle Co., Rendorbrook-Spade Ranch,

second year.

Texas grit and gumption will be the mainstay of the rodeo-style competition which spotlights working ranch skills in such events as wild cow milking and team branding.

However, the "best ranch in Texas" battle isn't fought in the rodeo arena alone. A ranch queen contest, a talent contest, and this year, a ranch cookoff, all mean additional points for ranches winning these events and additional colorful Texana for spectators.

In addition, the best hitch in the horse world, the Anheuser-Busch Clydesdales, will make special appearances during the grand entry preceding each evening's roundup performance.

Dances both evenings cap off the Texas Ranch Roundup. Festivities begin Thursday, August 19, with an invitation-only auction of work by more than 20 outstanding western

artists.

The roundup opens Friday evening, August 20, with the first rodeo performance at 7:30 p.m. Teams of cowboys from each ranch will compete in team roping, saddle bronc riding, team penning, team branding and wild cow milking. A wild horse race will be a bonus event. The dance at 9 p.m. features Mountain Smoke.

On Saturday morning, the ranches will compete in an 8 a.m. jackpot roping event and a women's barrel racing event at noon. A ranch food cookoff, the talent contest where anything goes, and the ranch queen contest are featured Saturday afternoon before the final rodeo events that evening at 7:30 p.m. The Mountain Smoke band will perform at a dance that evening at 9 p.m.

Points will be awarded to ranch teams and individual cowboys in each event to

determine the best ranch and the top all-around cowboy. The winning ranch will take home a traveling trophy, a bronze sculpture by Lex Graham, and the winning cowboy will receive a hand-tooled saddle. First through third-place winners of the ranch food cookoff will receive prizes.

Budweiser Rodeo Six Pack members Jack Ward, T.J. Walter, Bobby Brown and Monty Henson will judge the rodeo events.

Rodeo tickets are: reserved seats \$5, general admission, \$3. Tickets to the dances are \$5 per person each evening, and tickets to the Saturday afternoon contest are \$1 general admission. Tickets will be available at the gate or at Wichita Western World, Wichita Falls; The Cow Lot, Wichita Falls; Holts Sporting Goods, Wichita Falls; Cruse Western Wear, Wichita Falls;

Cuttys, Wichita Falls; Huges Western Wear, Vernon; and Frontier Western Wear, Bowie. Tickets can also be obtained by writing Falls Distributing Co., 3811 Tarry, Wichita Falls, Texas 76308.

Proceeds from the Budweiser Texas Ranch Roundup will benefit the North Texas Rehabilitation Center, Abilene; and the West Texas Boys Ranch, San Angelo.

## Most Hunting And Fishing Requires License Or Exemption

When major hunting and fishing regulations, bag limits, means and methods and licensing requirements are announced, some outdoor sports get lost in the shuffle.

Regulations governing such pursuits as frog catching, sport crabbing, freshwater clamming and coon hunting are sometimes overlooked, according to Texas Parks and Wildlife Department officials.

Frog gigging is definitely not in the "top 10" outdoor hunting experiences; in fact, it's probably down in the "bottom 10." Ask any frog gigging enthusiast what license is needed and he probably would guess "fish-

ing license."

Wrong. The Law Enforcement Division of the department says persons taking bullfrogs or any other terrestrial vertebrate need a valid hunting license or an exemption under the hunting license provisions if they pursue their sport outside their county of residence. However, there are no closed seasons or bag limits.

Sports crabbing along the Texas coast requires a valid fishing license unless otherwise exempted by the fishing license requirements.

Taking the lowly crawfish, crayfish or crawdad in public waters of the state also requires a valid fishing license or an exempt license.

Persons exempted from having to purchase a fishing license are: a person under 17 years old or 65 years old or older if the person is a Texas resident or, if a nonresident and the person's state of residence grants a similar exemption to Texas residents; those who fish on property they or members of their immediate family own or reside on, fishing in the county of residence with trotline or ordinary pole and line having no reel or winding device attached; certain disabled veterans; and legally blind persons.

A resident under 17 years old or 65 years of age or older who hunts deer or turkey is required to have a \$1.25 exempt hunting license. There are no nonresident hunting license exemptions.

Anyone going after the main ingredient in baked

'coon or 'possum and sweet 'taters needs to have a trappers license, but such furbearers may be possessed only in the open season during December and January. Although they may be hunted by holders of a trapper's license during the rest of the year, their pelts and carcasses may not be possessed.

No age or county residence exemption is listed for a trappers license which costs \$10 for Texans and \$200.75 for nonresidents.

Hunting bobcats, rabbits and coyotes may be done year 'round but the hunter needs a valid hunting license if hunting in a county other than his county of residence. Pelts and carcasses may be possessed any time, but bobcat pelts may not be sold with out a special tag from the department, and pelts may be tagged only during a designated tagging period.

Taking freshwater mussels or clams for any purpose requires a special \$10 license. No age or residence exemptions are listed for this activity.

Hunters and fishermen are urged to study the hunting and fishing regulations thoroughly before going afield. The new digests for the 1982-83 year will be available from license dealers, department offices and sporting goods stores around the state during the latter part of August. Additional information may be obtained by calling your local game warden or by calling the toll-free information line, 1-800-792-1112.

To Help People Stay in Love w/ Life by Marsha Whittemore

Every generation must know where its' been in order to know where it's going. . . . One hundred and six years ago this July 4th the Declaration of Independence was signed.

In June 1776 a committee was named to write the declaration for the Continental Congress. It's members were Thomas Jefferson, Benjamin Franklin, John Adams, Robert Sherman and Roger Livingston.

Jefferson actually wrote the Declaration with suggestions from other men.

The Right of Life, Liberty and the pursuit of Happiness has been the promise for the American people.

LELA MAE ATCHISON  
...Volunteer of the Month

There are many times we are so caught up in daily living until we are unaware of this right. Just how much life one can reach out to at any age.

Benjamin Franklin of Pennsylvania was seventy years old when he signed the Declaration. He was a writer, scientist, statesman. He lived and worked fourteen more years until his death in 1790.

Two of these men became president. John Adams of Massachusetts, a lawyer signed at the age of forty, later in 1797 became 2nd president until 1801. Died July 4, 1826.

Thomas Jefferson, a lawyer, planter, and writer at the age of thirty-three, wrote the Declaration and was one of the men to sign it. He was just skilled in designing buildings, became the third president in 1801.

Roger Sherman of Connecticut was a merchant and a judge. Signed at the age of fifty-five. Robert Livingston was in his sixties.

At the signing July 4, 1776 of the Declaration of Independence freed the thirteen colonies. They were no longer Great Britains but the United States of America.

Through years of determination, planning, fighting the territorial growth of the United States spread across the nation until 1853 and the last was taken into the United

States. Families begin to move in from the East making their way westward, settling in new places.

These folks have been a great part of keeping our nation growing and moving ahead. A corner stone must be laid before the building ever begins.

Have you ever traced history back to see what was happening in this great nation of ours at the time of your parents birth or yours?

In 1882 Chester Alan Arthur was our 21st president. He became president on Garfield's assassination.

Queen Victoria ruled England 1837-1901. Oklahoma was Indian Territory. It was just sixty-seven years after Napoleon's empire collapsed at Waterloo in 1815.

In Anderson, Missouri in 1882 E.O. Chapman, the son of the Ellis Chapmans' and father of Lela Mae Chapman Atchison was born and a year later her mother Beula Frances Silvers, daughter of the W.M. Silvers was born July 1, 1883. It has been 99 years ago. . . seven years after our country became a nation.

Beula Silvers was a native of Bell County and at the age of seventeen married E.O. Chapman at Reids Lake, Bell County on August 22, 1901. He was eighteen. They moved to Haskell County in 1907 from Bell County and settled near the community of Vontress now known as Mateson. They moved into Haskell for nine years then back to their farm home in 1928.

The Chapmans were one of the first farm families in that area. At times he was heard to say that in 1907 there was only one other farm in the entire section.

A farmer and stockman, Lela Mae's father worked 2,200 acres. Spent his adult life raising cattle.

The parents of six children, five sons the late Hallie Chapman, Clifton Orchard, Bill of Talco, Alvie of California, and Jack Chapman of Haskell. Lila Faye, twin sister of Lela Mae died after birth.

Lela Mae Chapman married Clarence William "Jake" Atchison, son of the Walter Atchison, August 2, 1935 in Throckmorton County.

They had met in Mateson Community where both lived. Jake Atchison came to Haskell County in 1909 from Martin County where he was born in August 7, 1907. His family settled in Mateson where they engaged in farming and ranching.

Jake had five sisters, Beulah Merchant Gilleland, Hallie Chapman, and Mrs. Pete (Viola) Mercer of Haskell, Eula Mapes of Modesto, California, Slestie Pace of Gorce.

"I'm a Christian and a member of the First Baptist Church. Jake was too, he died December 23, 1972. We never had any children so I loved to take care of the little ones at church," said Mrs. Atchison. "I've enjoyed life. . . we had a happy life together. Where you've seen one you've seen the other.

The center has been a great blessing to me. I've always been shy. It helps me to meet people and get to know them. If anyone needs me I'm there, but I don't want to get into anyone's way. I love helping people.

## Haskell County AHA Officers Attend Meeting

Clayton Neal, president; Abe Turner, vice president; Virginia Jones, treasurer; and Archie Jones, director, of the Haskell County Heart Association attended the Region 4 Annual "Get Together" in Wichita Falls on July 1, 1982. This was a time for new officers to find out about their new jobs, meet other people from North Texas doing the same thing, learn new and creative ideas and recognize outstanding accomplishments.

## Men In Service

Larry Jackson has just returned from Fort Hood where he participated in 2 weeks gunnery training, June 19-July 3.

The first week was spent firing Tank Tables.

All the next week they were on Bivouac cleaning tanks and weapons.

He is a member of Company A, 3rd Bt. 112th Army Division.

They also won the Gunnery Division Award.

He visited his parents, Mr. and Mrs. Bennie Jackson and with Mr. and Mrs. Mark Jackson and Joshua over the July 4th weekend.

## CRIME STOPPERS

One vehicle is stolen every six minutes in Texas. The motives for these thefts vary from joyriding, stripping and reselling the vehicles, to a means of committing additional crimes.

Auto theft rings steal over 80,000 cars annually in our state. Last year alone, 350 million dollars worth of vehicles were reported stolen. Car thieves, like home burglars, generally have an easy time of it. Their thievery is made simple by car owners who obligingly leave doors unlocked, which occurs in four out of five cases of auto theft, or who leave keys in the ignition, which occurs in one out of five cases.

Vehicle theft is a serious crime that affects the entire community and results in higher insurance rates, property damage, injuries and loss of life from accidents. This crime has reached such serious proportions that it can no longer be controlled by law enforcement alone. Every citizen must exercise greater care over their property, thus preventing unnecessary crimes caused by carelessness.

For the month of July, 1982, the Crime Stoppers Advisory Council is focusing its statewide "Crime of the Month" on auto theft. Any

citizen having information about auto theft rings is encouraged to call the anti-crime hotline at 1-800-252-TIPS. Cash rewards are available for information leading to the arrest and indictment of these criminals.

Help meet this problem head on by locking your car and pocketing the key. This can greatly reduce your chances of losing your vehicle to these thieves. Call 1-800-252-TIPS today and put an end to this activity in Texas.

## Public Notice

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas, effective July 27, 1982, unless otherwise determined by the Commission.

It is expected that the requested rate schedule will furnish a 13.4 percent increase in the company's intrastate revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality served by Southwestern Bell, and is available for inspection in each of the company's public business offices in Texas. The Commission staff has contended in the past that all rates are subject to change as a result of Southwestern Bell's rate application.

### Notice to El Paso Area Customers

Effective January 1, 1982, Southwestern Bell adopted the Mountain States tariffs in effect for El Paso County. Southwestern Bell proposes to merge the separate El Paso tariffs with its tariffs applicable to the rest of Texas. The resulting new rate schedule is on file with the PUC and the El Paso area municipalities served by Southwestern Bell, and is available for inspection at our El Paso business office.

### Notice to Customers of Other Telephone Companies

The filing includes, but is not limited to, proposals to increase rates for interexchange private line and foreign exchange (FX) service. Changes in such rates would also affect customers of other telephone companies because such companies provide interexchange private line and foreign exchange service in accordance with rates specified in Southwestern Bell's tariffs. While Southwestern Bell has proposed no increase in long distance rates, any change in those rates would also affect customers of other telephone companies.

## Aviso Público

Southwestern Bell, en conformidad a las reglas del Public Utility Commission (Comisión de Servicios Públicos) de Texas, por la presente hace saber su intención de establecer un nuevo arancel para servicio de teléfono en Texas con vigencia a partir del 27 de julio, 1982, a menos que la Comisión haga otra determinación.

Se espera que el nuevo arancel que se ha solicitado rendirá un aumento de 13.4 por ciento en los ingresos intraestatales de la compañía.

Una copia completa del nuevo arancel se ha archivado en las oficinas del Public Utility Commission en Austin, Texas, al igual que en cada municipalidad afectada y servida por Southwestern Bell, y cada una de las oficinas de la compañía para negocios con el público en Texas tiene una copia para lectura pública. En el pasado, la Comisión ha sostenido que toda tarifa está sujeta a cambios que resulten de la manera en la cual Southwestern Bell aplique sus tarifas.

### Aviso a Clientes en la Región de El Paso

Con vigencia a partir del 1o de enero de 1982, Southwestern Bell ha adoptado las tarifas de Mountain States efectivas en el condado de El Paso. Southwestern Bell propone unir las tarifas de El Paso con sus otras tarifas que se aplican al resto de Texas. El nuevo arancel que resulta de esta unión se ha archivado en la Comisión de Servicios Públicos (Public Utility Commission), al igual que en las municipalidades de la región de El Paso servidas por Southwestern Bell, y está disponible para inspección pública en nuestras oficinas de El Paso.

### Aviso a los Clientes de Otras Compañías de Teléfono

El registro incluye, pero no se limita a, propuestas para aumentar las tarifas para servicio de línea privada entre centrales telefónicas (interexchange private line) y servicio de central telefónica extranjera (foreign exchange FX). Cambios en dichas tarifas de servicio también afectarían a clientes de otras compañías de teléfono porque dichas compañías proveen los servicios ya mencionados en conformidad a tarifas especificadas por Southwestern Bell. Aunque Southwestern Bell no ha propuesto un aumento en las tarifas para larga distancia, cualquier cambio en las mismas también afectaría a los clientes de otras compañías de teléfono.

**Chicken Cook-Off Winner Named**  
AUSTIN—Ruby Cubley of Clear Lake City captured first prize in the annual Texas Chicken Cooking Contest held May 21 at the Mary E. Gearing Home Economics Department at the University of Texas.  
Mrs. Cubley, who describes herself as a mother, homemaker and political activist, will represent Texas in the National Chicken Cooking Contest scheduled for Aug. 17-19 in Dallas. She will be competing against contestants from several other states for a \$10,000 first place prize.  
The state contest is sponsored by Texas Department of Agriculture and the Texas Broiler Council.  
A mother of two sons, Scott, 15, and Brian, 11 1/2, Mrs. Cubley prepared Summer Garden Chicken, a combination of chicken pieces with fresh vegetables and a sour cream sauce.  
"I enjoy combination dishes like this one. They are easy and fast and combine everything into one dish," she explained.  
With the busy schedule she keeps, fast and easy are important factors in meal preparation at the Cubley house. "I enjoy doing community work. I was a registered lobbyist in Austin during the last legislative session. I spent a lot of time here in Austin during the last legislative session. I spent a lot of time here in Austin so I had to find quick easy dishes for my family. I do cook a few casseroles but I like the combination dishes better," she said.  
Second place winner in this year's Texas Chicken Cooking Contest was Joel Allard of San Marcos. Allard, a repeater in the Texas

contest, entered his original recipe for Texican Fried Chicken, a broiler-fryer with a spicy coating.  
Judges for the contest were Bill McReynolds, agribusiness director, WOAI Radio, San Antonio; Kitty Crider, food editor, Austin American-Statesman and Kate Kelly, anchor reporter, KVUE-TV, Austin.  
**Family boot tradition in final year at A&M**  
COLLEGE STATION—By the time Cadet Pat Perryman completes his education at Texas A&M University next year, he and his four brothers will have been true "sole mates."  
Each of the Perryman brothers, except Gerald Jr. who had the privilege of wearing them first, will have walked more than a mile in his brother's shoes—make that senior boots—when Perryman and the 14-year old boots hit the campus sidewalks in the fall.  
The knee-high brown riding boots are a badge of distinction worn only by seniors in the Texas A&M Corps of Cadets.  
Perryman, 21, a mechanized agriculture major, says he and his brothers take pride in their own Aggie tradition. "My buddies really give me a lot of trouble, but that's OK," Perryman said. "I just laugh because I didn't have to go out and spend \$425 on a pair of boots. My brother bought ours for \$125 in 1968."  
In addition to the expense, Perryman said he will also miss out on certain other senior experiences like blisters caused by breaking in a pair of new boots and two or three months of polishing required to develop the shine expected in the cadet corps.
